(a) The information provided during registration may be used by local authorized officials to conduct criminal history and driving record background checks.

(b) Failure to truthfully respond to statements set forth on the registration form may result in the denial of registration, revocation of registration as an emergency worker, or denial of compensation for claims or damage.

These individuals will be afforded the same protection as all other emergency workers.

(vii) A statement certifying, verbatim, that: "This activity does not involve the search for, apprehension of, detention, or arrest of suspects or persons in the act of committing or who have committed a crime."

(3) After the hard copy is sent via facsimile, ACCESS, or other suitable means, the local authorized official shall call the emergency management division duty officer and coordinate the details of the mission.

Such requests shall be considered by the emergency management division on a case-by-case basis.

(3) All training shall conform to local comprehensive emergency management plans. The request for training event number shall cite those portions of the plans, annexes, appendices, and tabs which specifically address the activities for which emergency workers are being trained. Training activities planned for an area outside the jurisdiction of the requesting agency should be coordinated with the local emergency management agency in the jurisdiction where the training will take place.

(4) A training course curriculum, plan of instruction, or course outline shall accompany the training event approval request. If that particular curriculum, plan of instruction, or course outline will be used as a standard, recurring course of instruction, then the requesting local emergency management agency may number and title that curriculum, plan of instruc-

tion, or outline, keep it on file with the state, and refer to that number and title when requesting a training event approval for the same training in the future. Training event number requests for a series of training activities also shall include a schedule with proposed subjects, dates, times and locations.

(5) Upon approval of the training event, the emergency management division shall issue a training event number. The training event number assigned shall provide a reference for the local, state, or federal organization taking part in the training activity. The local authorized official may approve reasonable changes to the proposed schedule.

(7) If additional organizations other than those originally listed on Form EMD-079 request to participate in the training event and are approved by the sponsoring emergency management agency director, they shall provide appropriate information (the organization's name and address, names of participating personnel and emergency worker registration numbers) to the sponsoring local emergency management agency director for inclusion in the training event report prior to submittal to the emergency management division.

(8) Upon notification that the emergency management division has issued a training event number for a training event at a specific date, time, and place, emergency workers will be eligible for benefits and compensation under the provisions of chapter 38.52 RCW when acting in compliance with the notification and these rules.

(9) Compensation will be limited to medical services, property loss or damage, and liability under chapter 38.52 RCW during the time necessary to travel to the training site, performance of the training activity, and reasonable time to return to the point of origin.

(12) Emergency worker daily activity report, Form EMD-078 or equivalent, shall be used as a part of the administrative record for each training event. When a series of training activities is covered by a single training event number, separate emergency worker daily activity reports, Form EMD-078, or equivalent, shall be used for each activity.

(13) Training event numbers shall not be assigned for any activities which involve the search for, apprehension of, detention, or arrest of suspects or persons in the act of committing or having committed a crime.

WAC 118-40-010 Introduction. On October 17, 1986, the Superfund Amendments and Reauthorization Act of 1986 (SARA) was signed into law (P.L. 99-499). One part of the SARA provisions is Title III: "The Emergency Planning and Community Right-to-Know Act of 1986" hereafter referred to as "EPCRA." EPCRA establishes requirements for federal, state, and local governments, and industry regarding emergency response planning and community right-to-know on hazardous chemicals.

The emergency planning provisions of EPCRA (Sections 301-305) are designed to develop state and local government hazardous chemical emergency preparedness and response capabilities through better coordination and planning, especially at the local level.

Other community right-to-know provisions of EPCRA require the owners and/or operators of facilities to provide information about the nature, quantity, and location of reportable chemicals manufactured, processed, stored, or used at their facility sites. The purpose of these provisions is to increase public knowledge of the presence of hazardous chemicals in communities and to better prepare for potential emergencies.

[Statutory Authority: Chapter 38.52 RCW and Public Law 99-499. 98-07-028, § 118-40-010, filed 3/11/98, effective 4/11/98. Statutory Authority: RCW 38.52.030(2), 38.52.050 (1), (3) and 43.63A.060. 88-19-025 (Order 88-05), § 118-40-010, filed 9/12/88.]

WAC 118-40-020 Purpose and scope. It is the purpose of this chapter to implement the provisions of EPCRA in the state of Washington to establish a mechanism for compliance by state and local governmental agencies and industry.
