Where appropriate, the term "commission" also refers to the staff and employees of the commission. In order to carry out the assigned duties and responsibilities, the legislature designated the commission as a law enforcement agency with the powers to investigate all gambling and associated activities and enforce the provisions of chapter 9.46 RCW.

(b) Ex officio members - Two members each from the senate and the house of representatives, one each from the majority and minority political parties. Members are appointed for two year terms by the president of the senate and speaker of the house of representatives, respectively. Ex officio members do not vote on matters before the commission for review.

(c) Staff - The commission staff is organized under a director, a deputy director, and three assistant directors pursuant to RCW 9.46.080. The director, the deputy director, the assistant directors, and all staff required to perform undercover duties are exempt from the provisions of chapter 41.06 RCW. Staff duties and responsibilities are as follows:

(i) Bingo;

(2) Each such license shall be valid for the period of time or the level of gross gambling receipts set forth on the license.

In no case shall the time period exceed one year from the date that such license is issued: Provided, That license expiration dates may be adjusted by commission staff to schedule workload. Organizations licensed for more than one activity may have all expiration dates adjusted to end on the same day.

Whenever license expiration dates are adjusted under this provision, the required fee shall be prorated by the commission. The prorated rates shall be computed on a monthly basis (i.e., one-twelfth of the annual payment per month) and subtracted from the regular annual fee. A prorated fee will be based on the number of whole months remaining upon approval of a license. For purposes of computing fees under this section, any part of a month in which the activity is authorized to be operated shall be deemed to be a whole month. Any difference between the required fee which exceeds twenty dollars, shall be refunded to the applicant. Specific expiration dates are as follows:

(a) Licenses issued to conduct any authorized activity in connection with and upon the site of a qualified agricultural fair, qualified community-wide civic festival, qualified world's fair, or qualified civic center shall be valid only for the duration of the fair or festival, or, in the case of an activity at a civic center, for the seasons during which the civic center is operating and open to the public. In no event shall such license exceed one calendar year.

(b) A license issued to conduct a raffle in connection with a qualified agricultural fair, qualified community-wide civic festival or qualified world's fair shall be in effect from the date the license was issued through the conclusion of the fair or festival;

License expiration.
(c) A license issued to conduct a card tournament shall be valid only for the duration of the tournament, but in no event shall exceed ten consecutive days;

(d) A license issued to conduct a fund raising event shall be valid only for the place and time set forth in the application or otherwise approved by the commission. The number of events permitted under the license in any calendar year is subject to the limitations set out in RCW 9.46.0233 defining a fund raising event: Provided, That a fund raising event license shall allow an organization to have possession of gambling equipment authorized for use at a fund raising event for a period of one year beginning on the day of the event and to rent such for up to four occasions per year to other organizations licensed to operate fund raising events;

(e) A license issued to an individual shall be valid for a period not to exceed one year from the date the individual was assigned duties requiring a license, the date the license was actually issued, or as set forth elsewhere in this title, whichever occurs first: Provided, That a charitable or non-profit gambling manager or distributor representative license shall become void upon a change of employer; and

(f) A bingo license that has been limited under the restrictions of WAC 230-20-062 shall expire when the level of authorized gross gambling receipts is reached. A license that expires under this subsection shall not be granted an increase in license class for the current license period until all requirements of WAC 230-04-260 have been met or the commission grants an increase in license class under procedures set forth in WAC 230-20-062.

Reinstating expired licenses.

(3) If any licensee fails to submit a properly completed application and all applicable fees prior to the normal expiration date, the license shall expire and the operation of the applicable activity must immediately cease. When a license expires, a new application must then be submitted and a preliminary evaluation/investigation to the extent deemed necessary by the director will be completed prior to granting a license: Provided, That if a properly completed renewal application and fees are received at the commission headquarters office within the fourteen-day period following the expiration date, the commission may reinstate the license using normal renewal procedures. Reinstating a license under this provision does not, in any case, grant authority to operate the activity during the period between the normal expiration date and the date of reinstatement.

Two-part payment plan for license fees.

(4) The commission may allow an applicant renewing an annual license or applying for an additional license to pay the license fee in two payments under the following conditions:

(a) The license fee is at least eight hundred dollars;

(b) The applicant pays an administrative processing fee as set forth in WAC 230-04-202 or 230-04-203, plus one-half of the annual license fee at the time of application or renewal;

(c) Licenses issued under the two-payment plan shall be issued with an expiration date as determined by subsection (2) of this section and a second-half payment due date. If the second-half payment is received on or before the due date, the license will remain in effect until the expiration date. If the licensee fails to submit the second-half payment prior to the due date, the license shall expire and all operations of the activity must stop; and

(d) Gross gambling receipts during the first-half payment period must not exceed fifty percent of the authorized class limitation for annual gross gambling receipts. Licensees whose gross gambling receipts exceed fifty percent of the authorized level shall be required to apply for a license at the appropriate license class as required by WAC 230-04-260 and pay the full upgrade fee, plus an administrative processing fee, as set forth in WAC 230-04-202 and 230-04-203.

Conditions of license issuance.

(5) All activities so licensed are licensed subject to compliance with all of the applicable provisions of chapter 9.46 RCW, including any amendments thereto, all applicable rules and regulations passed by the commission, all other applicable laws of the United States, the state of Washington and all political subdivisions of the state of Washington which include but are not limited to the following:

(a) Business licenses or permits;

(b) Health certificates;

(c) Fire inspections;

(d) Use and occupancy permit; and

(e) Liquor license or permit.

WAC 230-04-191 Permits required for persons conducting bingo at agricultural fairs. Before bingo is conducted at an agricultural fair, by a person or persons other than members of the licensee, or employees or volunteers working solely for the licensee, the licensee shall obtain, in addition to its own license, the approval of the commission of, and a permit from the commission for, each such person to operate said games.

Permits shall be applied for by the licensee by fully completing and returning to the commission its application form entitled "application for permit to conduct activity at agricultural fair," together with the fee required for each permit. The licensee is responsible for the operation of each activity conducted under the authority of its license and any violation by any one of the operators of the licensed activities within the fair or any of the provisions of chapter 9.46 RCW, or any

[Title 230 WAC—p. 44]
amendments thereto, or of the rules of this commission, shall be
grounds for the suspension or revocation of both the
license and any permits issued thereunder.

No activity for which a license is required shall be con-
ducted other than by the licensee, its members or employees
or volunteers working solely for the licensee without the
required permit having been first obtained and being promi-
nently displayed as required elsewhere in these rules.

Permits issued by the commission under this rule shall be
for the duration of the fair but in no event shall exceed one
calendar year.

9/23/74.]

**WAC 230-04-193 Persons may obtain an annual per-
mit to conduct bingo at agricultural fairs only. (1) An
operator of bingo games may apply to the commission for a
permit approving that operator to conduct bingo games at
licensed agricultural fairs only. Such a permit shall be valid
only when such games are conducted under an agreement
with a fair holding a bingo license from the commission.

(2) It shall not be necessary for a licensed fair to obtain a
permit on behalf of an operator under WAC 230-04-191
when the operator possesses a permit including the applicable
event and location which has been obtained under this rule.
However, the management of each agricultural fair licensee
shall not be relieved from full and concurrent responsibility
for the fair and lawful operation of bingo conducted under the
authority of its license and any violation by any one of the
permittees of any of the provisions of chapter 9.46 RCW, or
any amendments thereto, or of the rules of the commission,
shall be grounds for the suspension or revocation of the
license.

(3) Applications for these annual permits shall be sub-
mitted by the operator upon the application forms provided
by the commission, and accompanied by the required fee. All
information required by the commission or its staff shall be
submitted in accordance with the procedures and subject to
the same conditions as an application for a license under
these rules. A change in the information furnished to the
commission shall be made known to the commission in writ-
ing by the owner or chief executive officer of the operator
within ten days of the change.

(4) Persons holding these permits who have contracted
with a licensee to operate bingo shall notify, in writing, the
county sheriff of each county, or the chief of police of each
city, in which he will operate these games, of the times and
locations at which they will be operated not later than ten
days prior to operating any such games in that jurisdiction.
The employment records of the permittee shall be made
available to such local law enforcement officers upon
demand.

**WAC 230-04-194 Denial or revocation of annual
operator permit for special locations—Grounds and
effect.** Permits granting approval obtained under WAC 230-
04-191 or 230-04-193 may be denied or revoked by the com-
mission for the same reasons as set forth under WAC 230-04-
400. However, denial or revocation of such an annual permit
shall not bar an application being submitted to the commis-
sion by a licensee on behalf of that operator for the commis-
sion's approval of, and permit for, the operator to conduct
bingo at a particular event under WAC 230-04-191. The
commission will again consider its reasons for denying or
revoking the annual permit at the time it considers a sub-
sequent application on behalf of that operator to conduct bingo
games at a particular agricultural fair or other location.

If this method is used to account for actual cash, all series in each dispensing device shall be played out at least once each calendar quarter and the combined cash over or short calculated for all series played from each dispensing device during the period by reconciling the total cash removed from the dispensing device to the total tabs sold from that dispensing device. The combined cash over or short shall be recorded as required by (k) of this subsection;

**Waivers.**

(6) An organization that is unable to demonstrate it has made significant progress by complying with the financial standards and procedures set forth elsewhere in this section may request the director to waive all or portions of the requirements. DRAWING TICKETS

WAC 230-11-040 Place ticket stubs in receptacle for drawing. Each person who sells a raffle ticket must give the organization all ticket stubs or other detachable sections of all tickets sold. The organization must place each stub or other detachable section of each ticket sold into a receptacle from which the organization will draw the winning tickets unless they use one of the authorized alternative drawing formats.

[Statutory Authority: RCW 9.46.070. 06-20-040 (Order 602), § 230-11-040, filed 9/26/06, effective 1/1/08.]

WAC 230-11-045 Draw winning tickets randomly. A "drawing" means a random selection process for determining winners in a raffle. To be random, each ticket in the drawing must have an equal and fair chance of being drawn as a winner. Organizations must design the ticket drawing receptacle so that each ticket has an equal opportunity to be drawn.

[Statutory Authority: RCW 9.46.070. 06-20-040 (Order 602), § 230-11-045, filed 9/26/06, effective 1/1/08.]

(2007 Ed.)
WAC 230-11-050 Using alternative drawing formats. Licensees may use alternative drawing formats that randomly determine winners if licensees:

1. Fully disclose to each player the random selection process used in the alternative drawing format before selling tickets; and
2. Maintain a copy of the disclosure with the permanent raffle records; and
3. Use controls and accounting procedures that:
   a. Provide the ability to audit gross gambling receipts from ticket sales; and
   b. Have sufficient controls to prevent manipulation of the random selection process; and
   c. Document the random selection process.

[Statutory Authority: RCW 9.46.070. 06-20-040 (Order 602), § 230-11-050, filed 9/26/06, effective 1/1/08.]

WAC 230-11-055 Authorized alternative drawing formats. Licensees may use the following types of alternative drawing formats or similar random selection processes:

Mock races.
1. The licensee sells participants consecutively numbered tickets that identify a specific corresponding numbered mock animal(s), ball(s), or other similar object(s) that can use natural elements to move the objects (water, gravity, wind) in a race. All objects must be identical in weight, size, and shape, to have an equal opportunity to win. The licensee must release all objects simultaneously at a start line. The first numbered object to cross the finish line wins.

Poker runs.
2. The licensee sells participants consecutively numbered tickets or poker tally sheets to participants. Participants travel a predetermined course with predetermined drawing stations (typically five drawing stations). At each drawing station, participants draw one playing card for each ticket purchased. Station attendants must verify the card drawn and record the card value on the poker ticket tally sheet. After all participants have completed the course, the participant with the best recorded poker hand wins.

Ball drops.
3. The licensee sells participants consecutively numbered tickets that identify a specific corresponding numbered ball. All balls must be equal in size, weight, and shape, to have an equal opportunity to win. The licensee suspends all purchased numbered balls in the air and simultaneously releases them over a target zone. The ball, closest or first, to hit the predetermined target wins.

Animal plops.
4. The licensee sells participants consecutively numbered tickets that identify a specific corresponding square on a numbered grid. The licensee releases the animal into the grid area until the animal has completed its plop. The numbered square containing the plop wins.

Multiple stage drawings.
5. The licensee sells participants consecutively numbered tickets. The licensee uses multiple drawing phases to eliminate participants until the licensee declares the remaining ticket holder(s) the winner(s). The licensee may use second element of chance plans as long as the plans meet the criteria set out in WAC 230-11-060.

Bucket raffles.
6. The licensee sells participants consecutively numbered tickets. Participants place their tickets into any number of separate buckets or other receptacles for separate prizes. We consider the multiple drawings one single raffle. If licensees use different tickets for each receptacle, we consider each drawing an individual raffle.

Calendar raffles.
7. The licensee sells participants consecutively numbered calendars with removable stubs. The licensee places all sold calendar stubs into the drawing receptacle. On predetermined dates identified on the calendar, the licensee conducts drawings. The licensee places all winning stubs back into the drawing receptacle for future drawings.

[Statutory Authority: RCW 9.46.070. 06-20-040 (Order 602), § 230-11-055, filed 9/26/06, effective 1/1/08.]

WAC 230-11-060 Using a second element of chance in alternative drawing format raffles. Licensees may use second elements of chance in alternative drawing format raffles to:

1. Determine the final prize winner. For example: Ten finalists are drawn and each finalist chooses a key. The final- ist with the key that starts the vehicle wins; or
2. Determine which prize is awarded among a group of prizes. For example: Each winner selects one of three keys and each wins the contents of the safe which the key unlocks; or
3. Increase the prize award. For example: The winning ticket matches a predetermined sequence of numbers and wins an additional prize.

[Statutory Authority: RCW 9.46.070. 06-20-040 (Order 602), § 230-11-060, filed 9/26/06, effective 1/1/08.]

PRIZES

WAC 230-11-065 Own prizes for raffles before drawing date. (1) Organizations must own the prizes offered to winners before the date of the drawing. However, if the winner has an option to receive a cash prize instead of the merchandise, the organization may enter into a contract to purchase the merchandise prize after the winner chooses his or her option. The organization must have the funds to make the purchase on account before the date of the drawing.

(2) At the time and date of any raffle drawing, the organization must have on deposit an unencumbered amount of money that is equal to or greater than all cash prizes being offered in the raffle. The organization must have these funds deposited in the gambling receipts account, if required, or in a recognized Washington state depository authorized to receive funds. The organization must not reduce the balance of funds available from this account below the required amount before awarding the prize(s).

(3) Raffle prizes must:
   a. Be available at the time and place of the drawing; and
   b. If cash, be United States currency or an equivalent amount of negotiable instruments; and
   c. For licensees, not exceed forty thousand dollars per prize or eighty thousand dollars in total raffle prizes in a license year. The commissioners may vote to permit licensees to exceed these limits on specific occasions if the licensees show good cause in writing.
CONDUCTING A MEMBERS-ONLY RAFFLE

WAC 230-11-070 Defining "members-only" raffles. A "members-only raffle" means a raffle where the organization sells tickets only to full and regular members and a limited number of guests. All aspects of the raffle must take place during the same event at the same location. Winners must be determined from among those members and guests that have purchased tickets.

WAC 230-11-075 Limit number of guests for members-only raffles. The total number of guests participating in a raffle must not exceed twenty-five percent of the total attendance of the meeting. The organization must maintain records to show compliance with this requirement.

WAC 230-11-080 Post rules of play for members-only raffles. Organizations must post a sign at each point where they sell tickets to provide participants with all rules of play or print the required disclosures on the raffle ticket.

WAC 230-11-085 Modified and discounted pricing plans for tickets for members-only raffles. (1) Licensees may use modified ticket pricing plans at members-only raffles when gross revenues do not exceed five thousand and five dollars. One type of modified pricing plan is a penny raffle. A penny raffle is a raffle where licensees sell five hundred consecutively numbered tickets. Participants randomly choose tickets and pay the consecutive number of the ticket multiplied by a predetermined cost, for instance, one penny. Licensees may sell tickets for a discounted price based on the total amount of the package to the purchaser.

(2) In modified pricing plans, licensees may sell tickets to enter a raffle for different values, not to exceed ten dollars for a single ticket, if the licensee:

(a) Tells the players the pricing plan before selling them a ticket to participate. The licensee must tell the player the total number of tickets in the population available and the number of tickets at each price level; and

(b) Allows participants to randomly select their ticket from the population of remaining tickets and pay the amount printed on the ticket they select; and

(c) Establishes records for an adequate audit trail to determine gross gambling receipts; and

(d) Holds no more than two such drawings during a meeting or event; and

(e) Sells multiple tickets to enter one or more drawings as a package and the total price of the package must not exceed twenty-five dollars.

WAC 230-11-086 Discounted pricing plans for tickets to members-only raffles. In discounted pricing plans, licensees may sell tickets for a discounted price based on the number of tickets a player purchases if:

(1) The amount of the discount is set before any raffle tickets are sold; and

(2) Participants are allowed to purchase a single ticket; and

(3) There is only one discount plan for each raffle; and

(4) The cost of a single ticket, without a discount, does not exceed ten dollars; and

(5) The total cost of a discount package does not exceed twenty-five dollars; and

(6) The cost of a single ticket is printed on each ticket (for example, one dollar each); and

(7) The discounted tickets are identified by a unique ticket audit numbering system; and

(8) The licensee establishes an audit system that includes internal controls and procedures to determine gross gambling receipts from the sale of tickets using a discounted pricing plan.

WAC 230-11-087 Other pricing plans for members-only raffles. (1) Licensees may sell multiple tickets to enter one or more drawings as a package if the total price of the package does not exceed twenty-five dollars.

(2) Licensees may include tickets to enter a raffle as a part of a package that includes dues, entertainment, or other fund-raising activities if:

(a) The package discloses the value of each component of the package to the purchaser; and

(b) The value of each individual raffle ticket does not exceed twenty-five dollars.

WAC 230-11-090 Authorized alternative drawing formats for members-only raffles. Licensees may use alternative drawing formats set forth in WAC 230-11-055 for members-only raffles as long as the licensee meets all requirements set out in that rule. Licensees also may use the following alternative drawing formats or similar random selection processes for members-only raffles:

Mock animal races.

(1) The licensee sells participants consecutively numbered tickets to wager on a specific mock animal in a field of mock animal racers, typically five to ten racers. The mock animals race in individual lanes divided into equal spaces or squares; for example, bingo boards are sometimes used as race lanes. Animals move forward based on the numbers rolled on dice or balls drawn from a set of bingo balls. The first mock animal to cross the finish line is the winner. All winning ticket holders split the prize pool or the licensee may hold a drawing of winning tickets to determine a single winner.

Video races.

(2) The licensee sells participants consecutively numbered tickets/race forms to wager on the outcome of an unknown videotaped race, typically horse races. The previously taped races must be obtained from an outside source and participants must have no knowledge of the specific race.
outcome before conducting the video race drawing. Participants wager on the specific racers, identified by numbers, or a specific race lane. All participants holding a winning race number ticket or winning lane number ticket are the winners. All winning ticket holders split the prize pool or the licensee may hold a drawing of winning tickets to determine a single winner.

Paddle wheel raffles.
(3) The licensee sells participants numbered paddles or numbered tickets that correspond to numbered spaces on a balanced, spinning wheel. The licensee spins the wheel at least one full revolution. The ticket that matches the number that the wheel stops on is the winning ticket.

Card deck raffle.
(4) The licensee sells participants a single playing card or similar object. The card is then torn or cut in half and one half is placed in the drawing receptacle. The participant holds the other half until the drawing takes place. The holder of the matching half to that drawn is the winner.

RECORDKEEPING FOR RAFFLES

WAC 230-11-095 Recordkeeping requirements for Class A through D licensees and unlicensed raffles. Class A through D licensed raffles and unlicensed raffles under the authority of RCW 9.46.0315 or 9.46.0321 must keep a record by month of the following:
(1) Gross receipts; and
(2) Prizes paid; and
(3) Net income; and
(4) Documentation of expenses; and
(5) Documentation of how the proceeds were used.

WAC 230-11-100 Recordkeeping requirements for Class E and F licensees and raffles using alternative drawing formats. Licensees conducting Class E or Class F raffles or conducting raffles using alternative drawing formats must prepare a detailed record for each raffle they conduct. Licensees must:
(1) Record all data required in the standard format we provide; and
(2) Maintain the following:
   (a) Validated deposit receipts for each deposit of raffle proceeds; and

   (f) Invoices and other documentation recording the purchase or receipt of prizes; and
   (g) Invoices and other documentation recording the purchase of tickets and other expenses of the raffle; and

   (3) Complete all records no later than thirty days following the drawing.

WAC 230-11-105 Retain and store raffle records. (1) Records for unlicensed raffles must be kept for one year following the date of the raffle drawing.
(2) Records for licensed raffles must be kept for three years from the end of the licensees’ fiscal year in which the raffle was completed.
(3) Organizations must keep all records at the main administrative or business office of all organizations that are located in Washington and have the records available for our review or audit.
(4) Organizations that do not have an administrative or business office must have and designate a records custodian that resides in Washington.

If this method is used, any
player can request to see the actual winning card and must be given the opportunity to do so;

(c) Games played as "instant winners" and awarding fifty dollars or less do not need to be verified by a neutral player if an audit trail is maintained including a method which identifies the winning combination of numbers, symbols, or patterns and the numbers, symbols, or patterns called.

(14) Organizations must design the ticket collection receptacle so that each ticket has an equal opportunity to be drawn unless the organization is using an authorized alternative drawing format.

Using alternative drawing formats.

(15) Organizations may use an alternative drawing format that randomly determines winners when the organization:

(a) Has a current raffle license;
(b) Maintains records sufficient to meet all requirements of WAC 230-08-070 regardless of license class;
(c) Meets the definition of a drawing as defined by WAC 230-02-500 with the alternate drawing format;

(g) Uses raffle tickets that are prenumbered and sequential.

(16) Alternative formats involving an element of skill are prohibited.

(17) Internal controls and accounting procedures must:

(a) Provide the ability to audit gross gambling receipts from ticket sales;
(b) Have sufficient controls to prevent manipulation of the random selection process; and
(c) Document the random selection process.

Alternative drawing formats.

(18) Organizations can only conduct alternative drawings for raffles that meet the criteria outlined in subsections (15), (16) and (17) of this section. The following are examples of alternative drawing formats that meet this criteria.

Mock raffle races.

(a) Sequentially numbered and issued tickets/adopter papers are numbered to identify a specific corresponding numbered mock animal(s), ball(s), or other similar objects that can be raced using natural elements to move the objects (water, gravity, wind). Objects must be released simultaneously at a start line. The winner will be the numbered object to first cross the finish line. All objects must be identical in weight, size, and shape, to have an equal opportunity to win.

Poker runs.

(b) Sequentially numbered and issued tickets/poker tally sheets are sold to participants. Participants will travel a predetermined course with predetermined drawing stations (typically five drawing stations). At each drawing station, the participant will draw one playing card for each ticket purchased. Station attendants will verify the card drawn and will record the card value on the poker ticket tally sheet. After all participants have completed the course, the best recorded poker hand will be declared the winner.

Ball drops.

(c) Sequentially numbered and issued tickets are numbered to identify a specific corresponding numbered ball. All purchased numbered balls will be suspended in air and simultaneously released over a target zone. The ball, closest or first, to hit the predetermined target will be declared the winner. All balls must be equal in size, weight, and shape, to have an equal opportunity to win.

Animal plops.

(d) Sequentially numbered and issued tickets are numbered to identify a specific corresponding numbered object to hit the predetermined target will be declared the winner. All objects must be identical in weight, size, and shape, to have an equal opportunity to win.

Multiple stage drawings.

(e) Tickets or objects are sequentially numbered and issued. Winners will be determined using multiple drawing phases to eliminate participants until the remaining ticket holder(s) are declared the winner. Second element chance plans are allowed as long as they meet the criteria set out in this rule.

Bucket raffles.

(f) Tickets are sequentially numbered and issued. Participants are allowed to place their tickets into any number of separate drawings for separate prizes. The multiple drawings are considered one single raffle unless the organization uses different numbered tickets for each drawing.

Calendar raffles.

(g) Calendars are sequentially numbered and issued. All sold calendar numbers are entered into the drawing receptacle. On predetermined dates, identified on the calendar, drawings will be conducted. All winning tickets must be replaced into the drawing receptacle for future drawings.

[Title 230 WAC—p. 124]

(2007 Ed.)
Using a second element of chance.

(19) Organizations may use second elements of chance to:

(a) Determine the final prize winner (for example: Ten finalists are drawn and each finalist will choose a key. The finalist with the key that unlocks the safe wins);

(b) Determine which prize is awarded among a group of prizes (for example: The winner selects one of three keys and wins the vehicle the key starts);

(c) Increase the prize (for example: The winning ticket matches a predetermined sequence of numbers and wins an additional prize).

(20) All aspects of the alternate drawing format must be closely controlled by the licensee.

Joint raffles.

(21) Organizations holding a raffle license may join together with another raffle licensee to conduct a raffle when the provisions set forth in WAC 230-20-350 are followed.

Members-only raffles.

(22) Organizations may conduct members-only raffles under simplified procedures set forth in WAC 230-20-335.

Raffle to begin and end during membership meeting.

(2) All phases of the raffle must be completed during a meeting of the members or special event, and the meeting or event must be completed on the same day and at the same location without interruption.

Limit on number of guests.

(3) If organizations allow guests to participate, the total number of guests, as a percentage of the total attendance of the meeting, must not exceed twenty-five percent. The organization must maintain records to show compliance with this requirement.

Providing rules of play.

(4) Organizations must post a sign at each ticket sales point to provide participants with all rules of play or the required disclosures must be imprinted on the raffle ticket or chance.

Tickets in packages.

(5) Organizations may include chances to enter a raffle as a part of a package that includes dues, entertainment, or other fundraising activities if the value of each component of the package is disclosed to the purchaser and the value of each individual raffle chance does not exceed twenty-five dollars. However, initial applications for membership and any fees paid for such must not include chances to enter raffles or to participate in any gambling activities.

Modified pricing plans for tickets.

(6) Organizations may use modified ticket pricing plans at members-only raffles as long as gross revenue does not exceed five thousand five dollars. Chances to enter a raffle may be sold for different values not to exceed ten dollars for a single chance if:

(a) The plan for assigning the cost of the ticket is disclosed to the players before selling them a chance to participate. The information must include the total number of tickets in the population and the number of tickets at each price level;

(b) Participants are allowed to randomly select their ticket from the population of remaining tickets and pay the amount imprinted on the ticket they select;

(c) There is an adequate audit trail to determine gross gambling receipts;

(d) No more than two such drawings are held during a meeting or event.

Discount based on number of tickets purchased.

(7) Chances may be sold for a discounted price that is based on the number of tickets a player purchases if:

(a) The amount of the discount is set before any raffle tickets are sold;

(b) Participants are allowed to purchase a single ticket;

(g) The discounted tickets are identified by a unique ticket audit numbering system; and
(h) An audit system is established that includes controls and procedures to determine gross gambling receipts from the sale of tickets utilizing a modified pricing plan.

Other pricing plan.

(8) Multiple tickets to enter one or more drawings may be sold to participants as long as the total price of the package does not exceed twenty-five dollars.

Alternative drawing formats.

(9) Organizations may use alternative drawing formats set forth in WAC 230-20-325 for members-only raffles. Organizations may substitute prenumbered raffle tickets with similar objects that can be used to randomly determine winners if the organization:
   (a) Has a current raffle license; and
   (b) Establishes internal controls and accounting procedures that will:
       (i) Provide permanent records with enough information to verify gross gambling receipts;
       (ii) Prevent the manipulation of the random selection process; and
       (iii) Document, in detail, the random selection process used.

Members-only alternative drawing formats.

(10) Organizations can only conduct alternative drawings for raffles that meet the criteria outlined in subsection (9) of this section. In addition to the alternative drawing formats listed in WAC 230-20-325, the following are also examples of alternative drawing formats that can be used for members-only raffles.

Mock raffle races (horse race raffles).

(a) Sequentially numbered and issued tickets/race forms are sold to participants to wager on a specific mock animal in a field of mock animal racers (typically five to ten racers). The mock animals will race in individual lanes divided into equal spaces or squares (for example, bingo boards are sometimes used as race lanes). Animals will move forward based on the numbers rolled on dice or balls drawn from a set of bingo balls. The first mock animal to cross the finish line will be declared the winner. **WAC 230-30-050 Punch board and pull-tab operating restrictions and dispensing limitations.** The following operating restrictions and dispensing limitations apply to punch boards and pull-tabs:

1. No person under the age of eighteen years and no person visibly intoxicated or visibly under the influence of any narcotic, shall be allowed to play or sell any punch board or pull-tab series. It shall be the responsibility of both the licensee and the person physically operating the punch board or pull-tab series to determine and ensure that no unauthorized person is allowed to play or sell.

2. No operator shall permit the display or operation of any punch board or pull-tab which may have in any manner been marked, defaced, tampered with or otherwise placed in a condition, or operated in a manner, which may deceive the public or which affects the chances of winning or losing upon the taking of any chance thereon.

3. No punch board or pull-tab series shall be placed out for play unless it meets the requirements of WAC 230-30-080.

4. Once placed out for play, a punch board or pull-tab series flare may not be modified or otherwise changed, except for the deletion of prizes as required by WAC 230-30-070.

5. All records, reports and receipts relating to a punch board or pull-tab series in play must be retained on the licensed premises so long as the series or punch board is in play and be made available on demand to law enforcement officers and representatives of the commission.

6. Pull-tab dispensing limitations:

(a) No pull-tab shall be added to a series of pull-tabs after that series has been shipped from its place of manufacture;

(b) All pull-tabs must be sold from a commission approved dispensing device or a transparent container. If sold from a transparent container, the pull-tabs must be visible to the players so that the players are able to estimate the number of chances remaining in the series;

(c) All pull-tabs in a series must be thoroughly mixed prior to being placed in a dispensing device or clear container and being offered for sale. Failure to mix may result in a minimum five-day suspension of license for each series not mixed;

(d) Licensees may assemble pull-tabs into bundles with a sales price of up to twenty dollars: Provided, That the bundles must be thoroughly mixed prior to sale to the public;

(e) No person shall put out any pull-tab series for play unless the series of pull-tabs is wholly contained within the device or container used for dispensing that series. In cases where a spindle is used, the series of pull-tabs may sit upon the device or container used for dispensing that series: Provided, That progressive jackpot pull-tab games, as authorized by WAC 230-30-025, may utilize more than one machine for a series;

(f) No pull-tab series, or any portion thereof, shall be placed in any pull-tab dispensing device or container until any other series of pull-tabs previously in the device or container has been played out or permanently removed from play: Provided, That in the use of a multiple series dispensing device, each series shall be played independently and in accordance with this provision;

(g) Once placed out for play, no pull-tab shall be removed from the dispensing device or container until it is sold or the series is permanently removed from play, except only:

(i) Those pull-tabs removed by commission representatives or other law enforcement agency inspecting the device; or

(ii) Those tabs temporarily removed during necessary repair or maintenance of the dispensing device or container; or

(iii) Those pull-tab series that are being permanently held for a player. A series may be permanently held for a specific player who leaves the premises, but intends to return and play the series at a later date, under the following conditions:

(B) The series is wholly contained in a secure manner, clearly identified as a permanently held series, and stored in the immediate vicinity of the pull-tab area on the premises;

(C) Adequate accounting records shall be maintained showing the status of all held series;

(D) The series is not placed out for further public play once the specific player is finished playing it;

(E) The maximum time a player may permanently hold a series is seven days without play, not to exceed a total held time of fourteen days; and

(F) Operators may not have more than twenty-five series permanently held for players at one time.

7. Any punch board or pull-tab series that is permanently removed from play shall not be placed out for further
play under any circumstances: Provided, That boards or series may be temporarily removed from play for any of the following reasons and returned to normal play at a later time:

(a) Pull-tab series removed under authority of subsection (6)(g);

(b) To reserve a game for a specific player when:

WAC 230-30-055 Standards for construction of punch boards. All punch boards sold for use in the state of Washington must comply with the following standards:

(1) Patterns: The punch board shall be designed and manufactured with special care so as to eliminate any patterns between punch boards, or portions of punch boards, from which the location or approximate location of winning punches may be determined. Winning punches shall be randomly distributed and mixed among all other punches in the punch board. Manufacturers shall employ at least the following steps to insure that no pattern exists.

(a) The form or permanent number sheets shall be mixed prior to cutting;

(b) After the strips (straws) have been crimped, all strips shall be thoroughly mixed prior to insertion in punch boards;

(c) When filling punch boards, workers shall alter the procedures for filling each separate set, so as to prevent any pattern between sets of punch boards; and

(d) No more than eight punch boards from any one set of boards shall be included in any case of punch boards for shipment to Washington.

(2) Serial numbers: Serial numbers set forth on the form or permanent number sheets shall be nonsequential so as to ensure that no pattern is created which would permit the tracking of boards through the serial number.

(3) Guaranteed numbers: All numbers or symbols designated as winners on the flare must be guaranteed by the manufacturer as being present in the board. The manufacturer may at their option place a sticker or equivalent on the back of each punch board setting forth additional numbers or symbols that are guaranteed to be in the board. The additional numbers or symbols on the back of the board shall not exceed 5% of the total punches in the board without the written permission of the commission.

(4) Security: All punch boards must be sealed so it is impossible to determine the number or symbol of any punch prior to being punched out of the board by any method or device including but not limited to the use of markings or light. Punch boards which have taped sides, corners, or edges are prohibited.

(5) Step-up boards:

(a) All cards, straws, or punches that contain the winners in the step-up portion of any punch board shall be completely sealed so as to prevent premature winner identification and such items shall be thoroughly mixed so as to ensure that no pattern of winners exists.

(b) Step-up boards that contain winners covered by seals must have at least twenty-five different face sheets for use on that specific step-up board. Face sheets shall be utilized in such a manner so as to ensure random distribution during the manufacturing process.

WAC 230-30-070 Control of prizes—Restrictions—Bonus prizes—Displaying—Procedures for awarding. Punch board and pull-tab prizes shall be closely controlled to ensure players are not defrauded.

(1) All prizes from the operation of punch boards and pull-tabs shall be awarded in cash or in merchandise. No licensee shall offer to pay cash in lieu of merchandise prizes which may be won.

(2) Additional chances on a punch board or pull-tab game may not be awarded as a prize. Provided, That prizes may involve the opportunity to advance and win a larger prize on the same punch board or pull-tab game as set forth in subsection (4) of this section.

(3) A bonus prize is a prize offered in a bonus pull-tab game, defined in WAC 230-30-040(1). A step-up prize is a prize offered on a punch board. The awarding of these prizes
involves an immediate, additional opportunity to advance to a section of the game to determine the prize.

(4) On games where players advance, the bonus or step-up prizes may not be less than the highest prize available, which might otherwise have been won by the punch or pull-tab for which the opportunity was awarded. Each punch board or pull-tab game offering bonus or step-up prizes must clearly indicate on its flare the terms and conditions under which the bonus or step-up prize may be won, including the amount of the bonus or step-up prize.

(5) The licensee shall display prizes so that a customer can easily determine which prizes are available from any particular punch board or pull-tab series or device operated or located upon the premises. In addition, the following requirements apply.

(a) Merchandise prizes shall be displayed as follows:

(i) In the immediate vicinity of the punch board or pull-tab series and in plain view: Provided, That games that offer merchandise prizes that are "surprises" may be wrapped in some way so players are unable to identify what the prize is until opened;

(ii) If size or space constraints do not allow the prize to be displayed as provided in (a)(i) of this subsection, the merchandise prize may be displayed elsewhere on the premises provided that a specific reference to that actual prize is noted on the flare; or

(iii) If the merchandise prize cannot be displayed on the premises, an accurate description and/or photograph of the prize must be displayed in plain view on or immediately adjacent to the flare.

(b) Cash prizes shall be clearly represented on the prize flare;

(c) Combination cash and merchandise prizes must meet the requirements of both (a) and (b) of this subsection;

(d) The following procedures apply to the removal of prizes from the game flare and the presentation of prizes to winning players:

(a) Upon determination of a winner of a merchandise prize, the licensee shall immediately remove that prize from the flare and present the prize to the winner upon demand;

(b) Upon determination of a winner of any cash prize over twenty dollars, or of any merchandise prize with a retail value over twenty dollars, the licensee shall permanently and conspicuously delete all references to that prize from any flare, punch board, or pull-tab dispensing device upon which such reference may appear, and from any other list, sign, or notice which may be posted, in such a manner that all future customers will know the prize is no longer available. On step-up punch boards and bonus pull-tab games, once all opportunities in a section of the flare have been won, all references to prizes no longer available to be won must be deleted from the flare. Operators may correct an inadvertently deleted prize by noting on the flare that such prize is still available. Such reference shall be permanently and conspicuously deleted when the prize is actually awarded. Failure to permanently and conspicuously delete a prize from the flare may result in the director initiating actions to revoke a license for violation of RCW 9.46.190 (defrauding a participant). The prize shall be paid or delivered to the winner only after all reference to such prize has been deleted from the flare.

(7) Payment of prizes. The licensee must pay or award to the customer or player playing the punch board or pull-tab series all such prizes that are required to be, but have not been, deleted from the flare when the punch board or pull-tab series is completely played out.

(8) Record of winners. When any person wins a cash prize of over twenty dollars or wins a merchandise prize with a retail value of more than twenty dollars from the play of any punch board or pull-tab series, the licensee or licensee's representative shall make a record of the win. The record of the win shall be made in the following manner:

(a) The winners shall be required to print their name and date of birth, in ink, upon the side of the winning punch or tab opposite the winning symbol(s);

(b) The licensee or their representative shall then verify the winner's identity and record the date and initial the winning punch or tab; and

(c) If the pull-tab or punch is constructed or printed in such a manner as to preclude recording the information required in (a) and (b) of this subsection in a legible manner, the licensee may record the required information on a sheet of paper not less than three inches by five inches and staple the winning tab or punch thereto.

(9) Defacing winning punch tabs or tabs. The licensee shall, within twenty-four hours after a winning pull-tab or punch worth more than twenty dollars has been presented for payment, mark or perforate the winning symbols in such a manner that the pull-tab or punch cannot be presented again for payment.

(10) Spindle, banded, or "jar" type pull-tabs played in a manner which awards merchandise prizes only. Pull-tab series which award only merchandise prizes valued at no more than twenty dollars, are hereby permitted to employ schemes whereby certain predesignated pull-tabs are free or the player is otherwise reimbursed the actual cost of said pull-tabs. Flares for spindle-type pull-tabs operated in this manner shall designate the total number of pull-tabs in the series and the total number of pull-tabs designated as free or reimbursable. Free or reimbursable pull-tabs in these types of pull-tab series shall not constitute a prize or prizes nor shall moneys collected and later reimbursed constitute revenue for the purposes of determining gross gambling receipts.

WAC 230-30-072 Inventory control for punch boards and pull-tabs—Retention requirements—Audit adjustments. Each punch board and pull-tab series purchased or otherwise obtained by an operator shall be controlled and accounted for. Each operator shall closely monitor punch board and pull-tab series purchased to assure that Washington state identification and inspection service stamp numbers are correctly entered in all records and each device purchased is properly recorded. The following control procedures apply:

Delivery of new games.

(1) The delivery/receipt of punch boards and pull-tab series shall be recorded as follows:

Invoice record.

(a) All purchases of punch boards or pull-tab series shall be recorded on a standard distributor's invoice, which will be used by the operator as a record to account for the punch board or pull-tab series between the time it is purchased and removed from play. Each invoice shall include space for the operator to attach the records entry label from the device and the date the device was placed out for play: Provided, That in lieu of the distributor's invoice recording system, licensees utilizing a computerized recordkeeping system may use a separate inventory record to account for purchases and uses of punch boards and pull-tabs as long as all necessary information is recorded. For these records, a computer generated facsimile of the stamp number may be imprinted on the inventory record in lieu of a records entry label.

Operator to review data and check ID stamps.

(b) At the time a punch board or pull-tab series is delivered, each operator will assure that all required data is correctly recorded by the distributor by comparing the actual Washington state identification and inspection services stamp number attached to each punch board and pull-tab series to the number recorded on the purchase invoice.

Invoice/inventory record - placing new games into play.

(2) At the time a punch board or pull-tab series is placed into play, each operator shall record in the allotted space on the distributor's invoice or the inventory record the following:

(a) Date placed into play; and
(b) Washington state identification and inspection services stamp number by attaching a records entry label.

Retention requirements.

(3) Each punch board or pull-tab series which is removed from play, together with the prize flare, all unplayed tabs, and all winning punches or pull-tabs, shall be retained by the operator and made available for inspection, on the licensed premises, by commission agents and/or local law enforcement and taxing agencies. If devices are stored off premises, they must be produced for inspection upon demand. The minimum retention time for devices removed from play shall be:

Charitable.

(a) Charitable or nonprofit licensees - at least four months following the last day of the month in which the device was removed from play;

Commercial.

(b) Commercial stimulant licensees - at least two months following the last day of the month in which the device was removed from play: Provided, That the flare and all winning punches or pull-tabs in excess of twenty dollars shall be retained for at least ninety days following the day the device was removed from play: Provided further, That any commercial stimulant licensee who fails to comply with all recordkeeping requirements of this title or who misstates gross gambling receipts by more than one percent during any calendar quarter shall be required, after written notification by the director, to retain all devices for at least four months following the last day of the month in which it was removed from play. Any licensee so restricted may petition the director to remove the increased retention requirement imposed after a minimum of one year. Any such petition shall include documentation of the steps taken to correct recordkeeping deficiencies. For purposes of computing gross gambling receipts for determining compliance with the recording accuracy requirement, the procedures in subsection (6) of this section apply; and

Specially authorized games.

(c) Specially authorized pull-tab series may have retention requirements in addition to those set forth in subsections (a) and (b) of this section.

Storage requirements.

(4) Each punch board or pull-tab series which is not placed out for play must be retained on the licensed premises and made available for inspection by the commission and/or local law enforcement and taxing agencies: Provided, That devices may be stored off premises if they are produced for inspection upon demand;

Returning a game to the distributor or manufacturer.

(5) Each punch board or pull-tab series which has been placed out for play and is subsequently returned to a distributor or manufacturer is exempt from the retention requirements in subsection (3) of this section. The operator must retain a copy of the quality control report for the retention period normally applicable and must record each game on its monthly record required by WAC 230-08-010. If a device is returned to a distributor for any reason, including commission required recall, the operator shall record the date, invoice or credit memo number, and "returned" on the original purchase invoice or inventory record on the corresponding entry for the device;

[Title 230 WAC—p. 150]
Adjusting gross gambling receipts.

(6) For purposes of compliance with the requirements of this section and license class compliance, gross gambling receipts from the operation of punch boards and pull-tabs shall be adjusted for commission staff audit findings by using the following procedures:

(a) Unrecorded devices - gross gambling receipts shall be increased to account for any unrecorded devices purchased by an operator by adding the maximum amount that could be generated from the device, as determined by multiplying the total number of chances available by the price of a single chance. The adjustment shall be made to the records for the month in which the device was purchased; and

(b) Recording errors - gross gambling receipts shall be increased or decreased by an adjustment factor that is based upon the results of an audit of a sample of at least five devices randomly selected by the commission staff. The adjustment factor shall be determined by dividing the audited amount for the sample group of devices by the recorded amount for the same devices. The resulting product of this equation shall be applied to the total recorded gross gambling receipts for the calendar quarter from which the sample was taken and to the immediately preceding three quarters.

[WAC 230-30-080 Punch board and pull-tab series restrictions—Prizes, size of game, and location of winners.    a. All boxes are shrink wrapped and sealed with a sticker or seal of the manufacturer;
   b. Each individual box must be identically labeled with a manufacturer designed referencing system to include:
      - Individual box reference and total boxes per series;
      - Series number; and
      - Identification and inspection services stamp number;
   c. Each case must be labeled to include:
      - Case reference and total cases per set; and
      - Series number; and
   d. Each box and/or case must be packaged and shipped together. Cases must be specially marked to easily identify the contents during shipping.

   (2) Winning pull-tabs shall be randomly distributed and mixed among all other pull-tabs in a series so as to eliminate any pattern as between series, or portions of series, from which the location or approximate location of any of the winning tabs may be determined. The pull-tab series must be assembled so that no placement of winners or losers exist that allows the possibility of prize manipulation or "pick out."

   (3) Manufacturers will mix pull-tabs prior to placing them in their final packing container. The mix shall insure that pull-tabs are separated from the original collated row position and dispersed amongst all rows in the final packing container.

   (4) Each series of pull-tabs shall contain a packing slip placed inside the package containing the name of manufacturer, series number, date the series was packaged, and the name or identification of the person who packaged the series. Provided, That this information may be printed on the flare or the outside of the package, box or container in which the pull-tabs are packed. **WAC 230-30-103 Standards for construction of pull-tabs.**

**Determination of winners prohibited.**

(1) Pull-tabs shall be constructed and glued, sealed, or banded so that it is impossible to determine the covered or concealed numbers, symbol, set of symbols, or game protection on the pull-tab until it has been dispensed to and opened by the player, by any method or device, including but not limited to, markings, variance in size, variance in paper fiber, color or printing variations or light; and

(2) All pull-tabs will be constructed to insure that, when offered for sale to the public, the pull-tab is virtually opaque
and free of security defects wherein winning pull-tabs cannot be determined prior to being opened through the use of high intensity lights, peeking, or any other method.

Construction of pull-tabs.

(3) All pull-tabs, except banded and latex covered pull-tabs, will be constructed using a two or three ply paper stock construction. Winning and losing sheets for each game must be manufactured using the same paper stock and must be manufactured at the same time for all progressive pull-tab series, as authorized in WAC 230-30-025.

(4) The manufacturer shall conspicuously print on the pull-tab the series number and the name of the manufacturer or label or trademark identifying the manufacturer so both are readily visible prior to opening the pull-tab. The label or trademark must be filed with the commission prior to the printing of the pull-tab.

(5) The cover sheet will contain perforated and/or clean-cut openings centered over the symbols or numbers on the back of the face sheet in such a manner as to allow easy opening by the consumer after purchase of the pull-tabs, while at the same time, not permitting pull-tabs to be opened prematurely in normal handling. Perforation should exist on both horizontal lines of the opening with either perforated or clean-cut on the vertical or elliptical line where the tab must be grasped for opening after bending the edge of ticket down. The tab may contain information to show the consumer how to open the pull-tab or remove the latex to determine the symbols or numbers.

(6) No series numbers used on a series shall be repeated on that same manufacturer's form number within a three-year period.

Winner protection and verification codes.

(7) Each manufacturer shall establish methods of winner protection for each punch board and pull-tab series. Such protection shall afford operators, the commission, and other law enforcement personnel the ability to distinguish winning pull-tabs after they have been purchased and opened, from those that are nonwinning, altered, forged, or from another series. Such protection shall be completely hidden from view and undetectable by any means prior to a pull-tab being opened.

(a) Each manufacturer shall establish its own primary game protection for each pull-tab series. This game protection shall be a method of identifying winning pull-tabs, after they have been purchased and opened, so as to distinguish them from non-winning pull-tabs. The manufacturer may use special numbers, colors, designs, ink, or any combination thereof to establish the primary game protection. Manufacturers shall provide a written explanation of each protection scheme to the commission. Such notification shall be detailed and include pictures, diagrams, and/or samples necessary to thoroughly explain the scheme. The commission shall be notified in writing of any changes to protection schemes.

(b) All pull-tabs manufactured for use in the state of Washington after January 1, 1992, shall utilize a secondary verification code to prevent counterfeiting on tabs that award prizes greater than twenty dollars. Such codes shall be approved by the director prior to use within the state. Punch boards are exempt from the secondary verification code requirements.

(c) Spindle-type pull-tab series when played in the manner set out in WAC 230-30-070(10) are exempt from this requirement.

WAC 230-30-104 Possession or sale of pull-tab series in which winners or location of winners may be determined in advance—Prohibited.

(1) No operator, distributor, or manufacturer, or representative thereof, with knowledge or in circumstances under which he or she reasonably should have known, shall possess, display, put out for play, sell, or otherwise furnish to any person any pull-tab series or pull-tab from any series:

(a) In which the winning tabs have not been distributed and mixed among all other tabs in the series; or

(b) In which the location, or approximate location, of any of the winning tabs can be determined in advance of opening the tabs in any manner or by any device, including but not limited to, any pattern in the manufacture, assembly, or packaging of the tabs by the manufacturer, by any markings on the tabs or container, or by the use of a light; or

(c) Which does not conform in any other respect to the requirements of these rules as to manufacture, assembly, or packaging of pull-tabs.

WAC 230-30-106 Punch board and pull-tab flares restrictions—Standards—Substitute flares. The following restrictions, standards, and procedures apply to the use of flares and substitute flares:

Only manufacturers to produce flares—exception.

(1) Except as set forth in subsection (6) of this section, the flare advertising prizes available from the operation of any punch board, or any series of pull-tabs, shall be made by the manufacturer only and shall not be altered by any operator or distributor;

One flare per game.

(2) No person shall place or have out in public view more than one flare advertising the prizes available from the operation of any punch board, or from any series of pull-tabs;
Displaying flares.

(3) Flares shall be placed as follows:
   (a) Only upon the upper face, or on the top of any punch
       board; or
   (b) In plain view and in the vicinity of any pull-tab dis-
       pensing device or container. If the flare is not attached to
       the dispensing device or container, a numerical or alpha-
       betical reference shall be included directly on the flare and dis-
       pensing device or container clearly indicating which flare corre-
       sponds to which series.

Standards for flares.

(4) Flares shall meet the following standards:
   (a) Flares must clearly set out each of the prizes available
       and the numbers or symbols which win each prize. For pro-
       gressive jackpot series, the progressive jackpot meter board
       shall be considered a supplement to the flare. Reference to
       such shall be made on the flare;
   (b) Flares must set out the winning numbers or symbols
       for prizes of over twenty dollars in cash, or merchandise
       worth more than twenty dollars at retail, in such a manner that
       each may be easily and clearly deleted or marked off as each
       prize is won and awarded. For the purposes of this subsection
       the retail value of a merchandise prize shall be the amount
       actually paid by the licensed operator plus fifty percent of
       that actual cost;
   (c) The cost to the player for each punch or pull-tab shall
       be clearly posted on the flare;
   (d) The manufacturer shall clearly set out on the flare the
       series number assigned to that punch board or pull-tab series
       by the manufacturer. For pull-tab series, this number shall be
       clearly displayed on the face of the flare. This series number
       shall not be altered by the distributor or operator;
   (e) The flare shall contain the Washington state identifi-
       cation and inspection services stamp number assigned to the
       board or series, as required by WAC 230-08-017;
   (f) For pull-tab series, the total number of pull-tabs orig-
       inally in the series shall be clearly disclosed on the face of the
       flare. The following flares shall prominently display the
       ticket count in one-half inch size lettering on the flare;
       (i) Any newly designed flare;
       (ii) Any previously designed flare for pull-tab series with
           a ticket count over six thousand, which has not yet been pack-
           aged;
   (g) Flares must contain the manufacturer of the board or
       series. A stamp, seal, or label which identifies the manufac-
       turer may be substituted if the commission has been informed
       of such prior to its use.

Bonus pull-tab flares.

(5) Additional standards for bonus pull-tab flares:
   (a) The manufacturer shall develop and use at least
       twenty-five different versions of flares (face sheets) for each
       form number of a bonus series. Flares which contain prizes
       that are determined after the player receives the correspond-
       ing winning chance shall be constructed so that it is impossi-
       ble to determine the prizes prior to removing the prize cover-
       ing, in any manner or by any device. Face sheets shall be uti-
       lized in such a manner so as to ensure random distribution
       during the manufacturing and packing process;
   (b) The middle or advance level shall be labeled with the
       term "ADVANCE SECTION" with a minimum one-quarter inch
       size lettering;
   (c) The top tier level shall be labeled with the term
       "BONUS SECTION" with a minimum one-quarter inch size let-
       tering;
   (d) The number of winners which could be awarded in
       the top tier level shall be clearly noted on the flare with a min-
       imum three-eighths inch size lettering. In addition, the num-
       ber of winners and the number of advances in each advance
       level shall be clearly displayed;
   (e) All prizes for each advance and bonus level shall be
       clearly displayed so that only the winners within the possible
       combinations are shown. Where applicable, the word "OR"
       shall be used to illustrate the possible combinations in which
       the bonus prizes can be won. Duplicate references to prizes
       shall not be shown on the flare.

Substitute flares.

(6) A substitute flare may be utilized on punch boards or
pull-tabs, unless otherwise restricted by commission rules,
provided all the requirements of this subsection are met:
   (a) Distributors may apply manufacturer-produced sub-
       stitute flares to punch boards and pull-tab series;
   (b) Licensed operators or distributors may make and use
       substitute flares on punch boards and pull-tab series which
       offer merchandise or combination merchandise-cash prizes.
   (c) The responsibility for ensuring the substitute flare
       meets the requirements set forth in this section shall rest with
       the manufacturer, distributor, or operator who changes the
       original flare and attaches the substitute flare;
   (d) All substitute flares must comply with the require-
       ments of subsections (4) and (5) of this section;
   (e) All substitute flares shall have the Washington state
       identification and inspection services stamp number and
       series number assigned to the punch board or pull-tab series
       permanently recorded in ink on the face of the substitute
       flare;
   (f) The original manufacturer's flare shall be perma-
       nently defaced so it is unusable and the substitute flare shall
       be attached to the original manufacturer's flare so that the
       original Washington state identification and inspection ser-
       vices stamp and series number can be accessed for inspec-
       tion;
   (g) For flares converted from cash prizes to combination
       merchandise-cash prizes, at least fifty percent of the total
       value of prizes offered shall be merchandise; and
   (h) Substitute flares which offer merchandise, or combi-
       nation merchandise-cash, must utilize numbers, not symbols,
       to denote winners. The substitute flare shall be constructed as
       follows:
       (i) Winning numbers shall be selected from the flare
           made by the manufacturer, or from the manufacturer's design-
           ated winning numbers on the punch board;
       (ii) The highest valued prize(s) shall be assigned to the
           lowest available winning number(s); and
       (iii) The second highest valued prize(s) shall be assigned
           to the next lowest available winning number(s) and shall be
           repeated until all prizes are consecutively assigned winning
           numbers, based on their value. Provided, That if the substi-
           tute flare is made by a licensed distributor, the winning num-
bers may be selected sequentially from the original flare made by the manufacturer.

**Happy hour pull-tab games.**

(7) In addition to prizes established by manufacturers, pull-tab licensees may increase prizes or add additional prizes to punch boards or pull-tab series under the following conditions:

(a) Such prizes shall be cash or merchandise;

(b) The manufacturer's flare shall not be changed;

(c) Full details of the prizes, including requirements to qualify, shall be disclosed to players by means of an additional sign or notice that is permanently attached to the manufacturer's flare;

(d) The increase or additional prizes must be added to every prize that is within a tier or section of the flare;

(e) Documentation regarding all additional prizes shall be stapled or otherwise permanently attached to the winning punch or pull-tab for which such a prize is awarded. Minimum documentation shall include a description of the prize awarded and the name of the winner; and

(f) Bona fide charitable or nonprofit organizations shall limit games authorized in subsection (7) of this section to only one game in play at any point in time.

**WAC 230-30-210 Sales restrictions.** (1) No manufacturer, distributor or distributor's representative, shall sell or otherwise make available to any person any punch boards, pull-tabs, pull-tab dispensing devices or related equipment in this state unless it has first determined that such person has a valid license issued by the commission to sell or otherwise distribute such equipment within this state, or to operate such activity on a particular premise within this state.

(4) No manufacturer or distributor or representative thereof shall use as a sales promotion any statement, demonstration, or implication that any certain portion of a series of pull-tabs contains more winners than other portions of the series or that any series of pull-tabs may be sold by the operator in a particular manner that would give the operator any advantage in selling more of the pull-tabs before having to pay out winners.

(5) Manufacturers shall not offer for sale in Washington any punch board or pull-tab series in which the winning punches or pull-tabs are not randomly distributed and mixed among all other punches or pull-tabs in that board or series.

(6) This rule shall not prohibit licensed distributors from selling to Indian tribes operating Class II activities which are legal under federal law.

WAC 230-50-850 Declaratory order. (1) Any person may petition the commission for a declaratory order with respect to the applicability to specified circumstances of a rule, order, or statute enforceable by the agency. The petition shall set forth facts and reasons on which the petitioner relies to show:

(a) That uncertainty necessitating resolution exists;

(b) That there is actual controversy arising from the uncertainty such that a declaratory order will not be merely an advisory option;

(c) That the uncertainty adversely affects the petitioner;

(d) That the adverse effect of uncertainty on the petitioner outweighs any adverse effects on others or on the general public that may likely arise from the order requested.

(2) Within fifteen days after receipt of a petition for a declaratory order, the commission shall give notice of the petition to all persons to whom notice is required by law, and may give notice to any other person it deems desirable.

(3) Within thirty days after receipt of a petition for a declaratory order the commission, in writing, shall do one of the following:

(a) Enter an order declaring the applicability of the statute, rule, or order in question to the specified circumstances;

(b) Set the matter for specified proceedings to be held no more than ninety days after receipt of the petition and give reasonable notification to the person(s) of the time and place for such hearing and of the issues involved;

(c) Set a specified time no more than ninety days after receipt of the petition by which it will enter a declaratory order; or

(d) Decline to enter a declaratory order, stating the reasons for its action.

(4) The time limits of subsection (3)(b) and (c) of this section may be extended by the commission for good cause.

(5) The commission may not enter a declaratory order that would substantially prejudice the rights of a person who would be a necessary party and who does not consent in writing to the determination of the matter by a declaratory order proceeding.

(6) A declaratory order has the same status as any other order entered by the commission in an adjudicative proceeding. Each declaratory order shall contain the names of all parties to the proceeding on which it is based, the particular facts on which it is based, and the reasons for its conclusions.

(7) Any person petitioning the commission for a declaratory order pursuant to RCW 34.05.240, shall generally adhere to the following form for such purpose.

(a) At the top of the page shall appear the wording "before the Washington state gambling commission." On the left side of the page below the foregoing caption shall be set out: "In the matter of the petition of (name of petitioning party) for a declaratory order." Opposite the foregoing caption shall appear the word "petition."

(b) The body of the petition shall be set out in numbered paragraphs. The first paragraph shall state the name and address of the petitioning party. The second paragraph shall state all rules or statutes that may be brought into issue by the petition. Succeeding paragraphs shall set out the state of facts relied upon in form similar to that applicable to complaints in civil actions before the superior courts of this state. The concluding paragraphs shall contain the prayer of the petitioner. The petition shall be subscribed and verified in the manner prescribed for verification of complaints in the superior courts of this state.

(c) The original and two legible copies shall be filed with the commission. Petitions shall be on white paper, either 8-1/2" x 11" or 8-1/2" x 13" in size.
