The administrative location of the council and that of its staff is at the Department of Archaeology and Historic Preservation, P.O. Box 48343, Olympia, Washington 98504-8343. The council meets on the last Friday of every fourth month unless otherwise agreed by a majority of the members of the council.

Inclusion on the list shall be limited to those individuals who have demonstrated an ability to prepare nominations consistent with WAC 25-12-060(3) and 36 CFR Part 60.

(3) Any nomination developed under this section shall be treated as outlined in WAC 25-12-060.

WAC 25-12-060 Nomination—Process. The following is a statement of the general course and method followed in the nomination and designation of historic properties to the state or National Register.

(1) The SHPO shall not schedule any nomination for review by the council if the nomination is poorly prepared,
incomplete in any manner, or for a property that does not appear to be eligible for the state or national registers of historic places. The agenda shall be established by the SHPO in cooperation and consultation with the chairperson of the council.

(2) The SHPO may return any nomination to the originator for correction, or for additional information of any kind required for completion and accuracy.

(3) The SHPO shall prepare and distribute standards of acceptability for nominations, for both the state and National Register programs.

(4) The SHPO will notify the owner of the property and the most appropriate local jurisdiction or government of the date, time, and location of the review of the nomination by the council, such notification to occur not more than 75 days nor less than 30 days prior to the scheduled meeting date.

(5) In the nomination of an historic district to the state or National Register where more than 50 property owners are involved, notification shall occur through a notice in a local newspaper of general circulation. The general notice shall be published at least 30 days, but no more than 75 days before the scheduled meeting date. In addition to formal legal notice, proponents of historic districts shall follow an additional notification process to be outlined by the council. For districts of less than 50 property owners, individual notification of the pending nomination will be sent.

(6) Following council review, the council will transmit its recommendations to the SHPO. When the council has reviewed and approved a procedurally correct nomination and has forwarded it to the SHPO, the SHPO will submit the nomination to the National Register, unless, in his opinion, the SHPO considers the property one which does not meet the National Register criteria. A decision to submit a nomination to the National Register is within the discretion of the SHPO. All council determinations regarding nominations are advisory only. In each instance that the SHPO determines a nomination to be ineligible for inclusion in the National Register, he/she shall notify the council of this action at its next regularly scheduled meeting.

(7) The SHPO shall act upon all nominations reviewed by the council prior to its next regularly scheduled meeting, and shall report those actions to the council at that meeting.

(8) The council alone will determine if properties are eligible for listing on the state register at its regularly scheduled meetings.

The department fully endorses the intent and purpose of SEPA and will make every effort to implement and fulfill the intent and requirements of SEPA and the SEPA rules. The capacity of the department to provide full service to the public and other agencies is limited by funds and staffing. WAC 25-42-030 Purpose. (1) The purpose of this chapter is to implement chapter 197-11 WAC, SEPA rules, as applicable to the department.

(2) These policies and procedures are developed to implement SEPA in a manner which reduces duplication, establishes effective and uniform guidelines, encourages public involvement, and promotes certainty with respect to the requirements of the act.

(3) These policies and procedures are not intended to cover compliance by the department with respect to the National Environmental Policy Act of 1969 (NEPA). In those situations where the department is required by federal law or regulations to perform some element of compliance with NEPA, compliance will be governed by the applicable federal statute and regulations.

[Title 25 WAC—p. 3]
WAC 25-42-040 Scope and coverage of this chapter.
(1) It is the intent of the department that compliance with this chapter shall constitute complete procedural compliance with SEPA for all actions as defined in WAC 197-11-704.

(2) This chapter applies to all actions as defined in WAC 197-11-704 and applies to all activities of the department. Furthermore, although these guidelines normally do not apply to actions of the department exempted under WAC 197-11-800, the department accepts the responsibility of attempting to follow the intent of SEPA and its decision making process for exempt actions.

(3) To the fullest extent possible, the department shall integrate procedures required by this chapter with existing planning and permitting procedures. These procedures should be initiated early, and undertaken in conjunction with other governmental operations to avoid lengthy time delays and unnecessary duplication of effort.

WAC 25-42-050 Agency policy—Substantive authority and mitigation. (1) It is the policy of the department to avoid or mitigate adverse environmental impacts which may result from its decisions.

(2) If an action is subject to SEPA, including an activity or activities requiring a permit from the department, and is reasonably likely to have an adverse environmental impact as identified in an environmental document, the department will:

(a) Require reasonable alternatives to the action and/or proven measures which will mitigate or eliminate the identified potential adverse impact, and make such alternatives and/or proven mitigation measures conditions of the department's approval; or

(b) Deny the proposal if significant adverse impacts as identified in a final or supplemental environmental impact statement prepared under chapter 197-11 WAC are not satisfactorily avoided or mitigated by proven techniques.

WAC 25-42-060 Timing of the SEPA process. (1) The environmental review process will normally begin upon receipt of a determination of nonsignificance (DNS), determination of significance (DS), scoping notice, or draft environmental impact statement (DEIS) when another agency is the lead agency. When the department is the lead agency for nonagency actions, review will begin upon receipt of a complete permit application and a complete environmental checklist. The department typically requests plans, a location map, and a project description, pursuant to WAC 197-11-100, but may request additional information of the applicant as needed to make a threshold determination. The applicant should submit this information with the checklist so that review may proceed expeditiously. For agency actions, environmental review will normally begin when the proposed action is sufficiently developed to allow preliminary decisions.

(2) Upon written request of an applicant, preliminary environmental review will be conducted prior to receipt of detailed project plans and specifications. In such instances, the applicant shall submit information judged by the department to be sufficient to make a preliminary review.

(3) The preliminary review will be advisory only and not binding upon the department. Final review and determination will be made only upon receipt of detailed project plans and specifications.

WAC 25-42-070 Summary of information which may be required of an applicant. (1) The applicant for each project for which the department is the lead agency shall submit a complete environmental checklist along with a complete application for the required approval.

(2) After review of the environmental checklist, the department may require the applicant to submit additional information necessary to properly evaluate the potential environmental impacts of the project. Field investigation or research may be required of the applicant or conducted by the department at the applicant's cost.

(3) A draft and final EIS is required for each project for which a determination is made that the proposal will have a probable significant adverse impact on the environment. Preparation of the EIS is the responsibility of the department, by or under the direction of its responsible official, as specified by department procedures. No matter who participates in the preparation of the EIS, it is the EIS of the department. The responsible official, prior to distributing an EIS, shall be satisfied that it complies with this chapter and chapter 197-11 WAC.

(4) The department may have an EIS prepared by department staff, an applicant or its agent, or by an outside consultant retained by either an applicant or the department. The department shall assure that the EIS is prepared in a professional manner and with appropriate interdisciplinary methodology. The responsible official shall direct the areas of research and examination to be undertaken as a result of the scoping process, as well as the organization of the resulting document.

(5) If a person other than the department is preparing the EIS, the department shall:

(a) Coordinate any scoping procedures so that the individual preparing the EIS receives all substantive information submitted by any agency and the public;

(b) Assist in obtaining any information on file with other agencies that is needed by the person preparing the EIS;

(c) Allow any party preparing an EIS access to all public records of the department that relate to the subject of the EIS, under RCW 42.17.250 through 42.17.340.

(6) Normally, the department will prepare an EIS for its own proposals.

(7) For applicant proposals, the department normally will require the applicant to prepare or help prepare the EIS at the applicant's expense, under provisions of this chapter and chapter 197-11 WAC. Expenses shall include fees of any consultants, if required, the department's consultation time.
and cost of any required materials. A performance bond in an amount specified by the department may be required of the applicant to ensure payment of the department's expenses.

(8) The department may require an applicant to provide information that the department does not possess, including specific investigations.

(9) A supplemental EIS shall be prepared as an addition to either the draft or final EIS if the department determines that:

(a) There are substantial changes to a proposal which will have a probable significant adverse environmental impact; or

(b) There is significant new information relative to the probable significant environmental impact of a proposal; or

(c) Written comments on the DEIS warrant additional environmental review.

The provisions of subsections (3), (4), (5), (6), (7), and (8) of this section except for the first sentence of subsection (3) of this section, also pertain to a supplemental EIS or addendum.

(10) Upon the written request of an applicant for a project for which the department is the lead agency, the department will consider initiating environmental review and preparation of an EIS at the conceptual stage as opposed to the final detailed design state.

[Statutory Authority: RCW 27.34.220, 43.21C.120. 06-06-001, § 25-42-070, filed 2/15/06, effective 3/18/06. Statutory Authority: RCW 27.34.220 and 43.21C.120. 86-13-002 (Order 10).]

WAC 25-42-080 Assumption of lead agency status.

(1) Whenever the department determines that a DNS issued by another lead agency is inappropriate and that the proposal in question could cause significant harm to the resources under the department's jurisdiction, the department will assume lead agency status per WAC 197-11-948.

(2) Within ten days of assuming lead agency status, the department will notify the proponent of the proposal in writing as to the reasons for its assumption of lead agency status.

(3) Prior to preparation of an EIS for the proposal, the department will consult with the proponent and give the proponent an opportunity to modify or change the proposal in such a way that an EIS may not be necessary as outlined in WAC 197-11-360(4).

[Statutory Authority: RCW 27.34.220, 43.21C.120. 06-06-001, § 25-42-080, filed 2/15/06, effective 3/18/06. Statutory Authority: RCW 27.34.220 and 43.21C.120. 86-13-002 (Order 10).]

WAC 25-42-090 Designation of responsible official.

Under normal circumstances, the responsible official is the director or the director's designee. The responsible official shall carry out duties and functions for the purpose of assuring the department's compliance with SEPA and SEPA guidelines. The responsible official may delegate duties and functions assigned under this chapter and chapter 197-11 WAC; the responsible official alone, however, is wholly responsible for proper accomplishment of such duties and functions.

[Statutory Authority: RCW 27.34.220, 43.21C.120. 06-06-001, § 25-42-090, filed 2/15/06, effective 3/18/06. Statutory Authority: RCW 27.34.220 and 43.21C.120. 86-13-002 (Order 10).]

WAC 25-42-100 Mitigated DNS. (1) An applicant may ask the department whether issuance of a DNS is likely for a proposal. This request for early notice must:

(a) Be written;

(b) Follow submission of a permit application and environmental checklist for a nonexempt proposal for which the department is lead agency; and

(c) Precede the department's actual threshold determination for the proposal.

(2) The responsible official shall respond in writing to the request within ten working days of receipt of the letter. The response shall:

(a) State whether the department is considering issuance of a DS; and, if so, indicate the general or specific area(s) of concern that led the department to consider a DS; and

(b) State that the applicant may change or clarify the proposal to mitigate the impacts indicated in the letter, revising the environmental checklist as necessary to reflect the changes or clarifications.

(3) The department shall not continue with the threshold determination until receiving a written response from the applicant changing or clarifying the proposal or asking that the threshold determination be based on the original proposal.

(4) If the applicant submits a changed or clarified proposal, along with a revised environmental checklist, the department will make its threshold determination based on the changed or clarified proposal.

(a) If the department's response to the request for early notice indicated specific mitigation measures that would remove all probable significant adverse environmental impacts, and the applicant changes or clarifies the proposal to include all of those specific mitigation measures, the department will issue a DNS and circulate the DNS for review and comments per WAC 197-11-340(2).

(b) If the department indicated general or specific areas of concern but did not indicate specific mitigation measures that would allow it to issue a DNS, the department shall determine if the changed or clarified proposal may have a probable significant environmental impact, issuing a DNS or DS as appropriate.

(5) The department may specify mitigation measures that would allow it to issue a DNS without a request for early notice from an applicant. If it does so, and the applicant changes or clarifies the proposal to include those measures, the department shall issue a DNS and circulate it for review and comment under WAC 197-11-340(2).

(6) When an applicant changes or clarifies the proposal, the clarification or changes may be included in written attachments to the documents already submitted. If the environmental checklist and supporting documents would be difficult to read and/or understand because of the need to read them in conjunction with the attachment(s) the department may require the applicant to submit a new checklist.

(7) The department may change or clarify features of its own proposals before making the threshold determination.

(8) The department's written response under subsection (2) of this section shall not be constructed as a determination of significance. In addition, preliminary discussion of clarifi-
cation of or changes to a proposal, as opposed to a written request for early notice, shall not bind the department to consider the clarification or changes in the threshold determination.

(9) When an applicant submits a changed or clarified proposal pursuant to this section, it shall be considered part of the applicant’s application for a permit or other approval for all purposes. Unless the department’s decision expressly states otherwise, when a mitigated DNS is issued for a proposal, any decision approving the proposal shall be based on the proposal as changed or clarified pursuant to this section.

WAC 25-46-040 Registration forms. (1) Any person or entity who discovers a previously unreported historic archaeological resource abandoned for thirty years or more on, in, or under state-owned aquatic lands may register it with the department.

(2) Each registration of a previously unreported historic archaeological resource shall be submitted on the Submerged Historic Archaeological Resource Registration Form approved by the director. These registration forms may be obtained from the Department of Archaeology and Historic Preservation, P.O. Box 48343, Olympia, Washington 98504-8343; telephone 360-586-3065.

WAC 25-46-060 Summary of information required for registration. (1) In order to be considered complete, each registration form shall include:
(a) A description of the historic archaeological resource sufficient to identify its historic association, identity, and integrity of its physical remains. Any historic information you have on the resource and the circumstances of its loss.
(b) Locational information including latitude, longitude, and depth, township, range, section and quarter section, and UTM.
(c) A copy of the relevant United States Coast and Geodetic Survey chart indicating the resource's location. The location of the resource plotted on a USGS topography map.
(d) A copy of a photograph or videotape documenting the existence of identifiable physical remains of the resource sufficient to establish its historic identity and integrity. If a photograph or videotape will not establish the existence of identifiable physical remains of the resource sufficient to establish its historic identity and integrity, the applicant may apply to the department for permission to obtain a sample artifact for this purpose. In the event the applicant wishes to apply for such permission, the applicant shall be subject to some portions of WAC 25-48-030.
(2) Failure to supply this information to the satisfaction of the department may result in the application being deemed incomplete or inadequate under WAC 25-46-100 and 25-46-120.

WAC 25-46-080 Competing applications for the same resource. (1) When registration forms are submitted for the same resource by two or more entities, the applications shall be evaluated, accepted, or denied in sequence based upon the unique log number assigned by the department. The registration forms must be submitted via FedEx or other delivery service which records time and date of delivery.
(2) Notice will be sent by the department to each of the entities submitting the registration application for the same resource notifying them of the competing application and the sequence in which they will be evaluated. No competing application will be evaluated until such time as the first pending application has been denied and all appeal rights of that applicant have been exhausted.
(3) When an historic archaeological resource has been registered with the department all subsequent registration applications for that resource within the five-year time period for right of first refusal will be issued a notice that the resource has already been registered and the applications are denied.

WAC 25-46-100 Issuance of registration acceptance. (1) Each registration form shall be assigned a unique sequential log number upon date and time of receipt by the department and shall be evaluated in sequence.
(2) Upon receipt of the registration form, the office shall inform the applicant by registered mail within fourteen calendar days of any incomplete or inadequate information and afford the applicant twenty-one calendar days from the receipt of the notice to provide the missing or inadequate information, plus such time as may be authorized by the department for a sample artifact permit granted under WAC 25-46-060 (1)(d) and chapter 25-48 WAC.
(3) If the applicant does not supply the missing or inadequate information within the specified time period the application shall be considered void and a notice of denial sent to the applicant.
(4) The department will act upon a complete registration application within thirty-five calendar days of receipt and shall so notify the applicant. In all notifications of registration acceptance, the department shall specify:
(a) The name, address, and telephone number of the entity submitting the registration application;
(b) A description of the historic archaeological resource sufficient to identify its historic association and identity;
(c) The location of the resource including its latitude and longitude and depth;
(d) A statement of the director's opinion on the resource's eligibility to the Washington state register of historic places or the National Register of Historic Places;
(e) The date of the acceptance of the registration;
(f) The date of the expiration of the right for first refusal; and
(g) That excavation or removal of any artifacts from the historic archaeological resource will require an archaeological excavation and removal permit and that granting of such a permit is not guaranteed.

WAC 25-46-120 Registration denial. (1) If a registration application is denied, a written statement of the reasons for the denial will accompany the notice of registration denial to the applicant.
(2) Registration may be denied for the following reasons:
(a) The application is incomplete or inadequate and has not been completed or corrected pursuant to WAC 25-46-100;
(b) The resource does not qualify as an historic archaeological resource under WAC 25-46-020(1);
(c) The resource has already been registered;
(d) The resource and its location are already known to the department or are part of the public record.

WAC 25-46-140 Appeals relating to registration. (1) Any affected person may request a hearing to appeal a denial of registration or extinguishment of a right of first refusal.
under WAC 25-46-160 to the director. A request for a hearing shall be made by filing a written application for adjudicative proceeding with the department at the following address: Department of Archaeology and Historic Preservation, P.O. Box 48343, Olympia, WA 98504-8343. The application must be received by the department within twenty-one calendar days of the date of service of the notice of the denial or extinguishing. The application shall specify the issue or issues to be decided and indicate whether the requester desires a full adjudicative proceeding, a brief adjudicative proceeding, or an emergency adjudicative proceeding.

(2) When the department receives an application for adjudicative proceeding, it will immediately notify the director of its receipt and provide the director and the state archaeologist or the assistant state archaeologist with a copy of the application and the notice or document being appealed. The director thereupon will designate a presiding officer as follows:

(a) Where an application requests a full adjudicative proceeding, or where the director determines a full adjudicative proceeding is required, the director will designate as presiding officer an administrative law judge assigned by the office of administrative hearings under chapter 34.12 RCW.

(b) Where an application requests a brief adjudicative proceeding or emergency adjudicative proceeding, or where the director determines a brief adjudicative proceeding or emergency adjudicative proceeding is appropriate, the director will designate a senior staff person in the department as presiding officer. The person designated shall not have participated in the matter and shall not be subject to the authority or direction of any person who has participated in the matter.

(3) Upon being designated, the presiding officer shall notify the requester, the state archaeologist, and the assistant state archaeologist of his or her name and business address and provide any other information required by chapter 34.05 RCW or 10-08 WAC, or this chapter.

(4) Upon receiving the notice required in subsection (3) of this section, the state archaeologist or the assistant state archaeologist shall immediately transmit to the presiding officer the application, together with any accompanying documents provided by the requester, and a copy of the notice or other document being appealed.

**WAC 25-46-142 Brief adjudicative proceedings.** (1) Pursuant to RCW 34.05.482, the department will use brief adjudicative proceedings where permitted by law and where protection of the public interest does not require the department to give notice and an opportunity to participate to persons other than the parties. A brief adjudicative proceeding is intended to serve as an inexpensive and efficient alternative where the issues can be decided by reference to writings and other documents without a full, formal hearing.

(2) A brief adjudicative proceeding may be used to review the following actions taken under this chapter:

(a) Denying an application for registration under WAC 25-46-120;

(b) Extinguishing a right of first refusal under WAC 25-46-160.

(3) An application for brief adjudicative proceeding shall include a written explanation of the applicant's view of the matter and a copy of any other documents the applicant wishes to have the presiding officer consider. Any response by the department shall be filed with the presiding officer and served on the applicant within fourteen days of receiving an application for a brief adjudicative proceeding.

(4) If the applicant desires an opportunity to make an oral statement to the presiding officer, a request to make an oral statement must be included in the application for a brief adjudicative proceeding. The presiding officer may grant a request to make an oral statement if the presiding officer believes the statement would benefit him or her in reaching a decision. The presiding officer shall notify the parties within a reasonable time of his or her decision to grant or deny a request to make an oral statement. If the presiding officer grants any request to make an oral statement, all parties shall be entitled to make oral statements, and the presiding officer shall notify all parties of the time and place for hearing oral statements.

(5) At the time any unfavorable action is taken, the presiding officer shall serve upon each party a brief statement of the reasons for the decision. Within ten days of the decision, the presiding officer shall serve upon each party a brief written statement of the reasons for the decision and information about any internal administrative review available.

(6) The presiding officer's brief written statement is an initial order. The initial order shall be the final order without precedence.

[Title 25 WAC—p. 8] (2007 Ed.)
further action unless within twenty-one days of the date of service a party requests administrative review of the initial order or the director initiates review of the initial order.

(7) If the presiding officer determines a more comprehensive hearing is warranted, or on the motion of any party, he or she may convert the proceeding to a full adjudicative proceeding by requesting in writing, with findings supporting the request, that the proceeding be so converted and that the director designate as presiding officer an administrative law judge assigned by the office of administrative hearings under chapter 34.12 RCW. The director will act as soon as possible on the request.

(8)(a) A party may request review of the initial order by filing a written request with the director at the following address: Director, Department of Archaeology and Historic Preservation, P.O. Box 48343, Olympia, WA 98504-8343. A request for review of an initial order shall contain an explanation of the requester's view of the matter and a statement of reasons why the initial order is incorrect. The request must be received by the director and served on all other parties within twenty-one days of the date the initial order was served on the parties. A copy of the request must be served on the state archaeologist or the assistant state archaeologist.

(b) Any response to the request for review of an initial order shall be filed with the director and served on the requester within ten days after receiving the request.

(c) In response to a request for review of an initial order, the director shall immediately obtain the record compiled by the presiding officer. The director, at his or her sole discretion, may act as the reviewing officer or designate a reviewing officer who is authorized to grant appropriate relief upon review.

(d) The reviewing officer may issue an order on review, which shall include a brief statement of the reasons for the decision and include a notice that judicial review may be available.

(e) A request for review of an initial order is deemed to have been denied if the reviewing officer does not issue an order on review within twenty days of the date the request for review of the initial order was filed with the director.

(9)(a) The director may initiate review of the initial order on his or her own motion, without notifying the parties. The director, at his or her sole discretion, may act as the reviewing officer or designate a reviewing officer who is authorized to grant appropriate relief upon review.

(b) The reviewing officer shall obtain and review the record compiled by the presiding officer before taking action.

(c) The reviewing officer may not take any action on review less favorable to any party than in the initial order without giving that party notice and an opportunity to provide a written explanation of its view of the matter. The notice shall specify the deadline for that party to submit its written explanation.

(d) Any order on review shall be issued and served on the parties within twenty days of the date the initial order was served on the parties or within twenty days of the date a request for review of the initial order was filed with the director, whichever occurs later. If an order on review is not issued and served by the applicable deadline in this paragraph, the initial order becomes the final order.

[Statutory Authority: RCW 27.34.220, 27.53.140, 43.21C.120. 06-06-001, § 25-46-144, filed 2/15/06, effective 3/18/06.]

WAC 25-46-146 Emergency adjudicative proceedings. (1) A respondent who receives a notice of registration denial under WAC 25-46-120 may request an emergency hearing under WAC 34.05.422 and 34.05.479 to contest the findings included in the notice of registration denial by filing an application for emergency adjudicative proceeding. A respondent who does not file an application for emergency adjudicative proceeding may contest the findings included in the notice of registration denial in a regularly scheduled adjudicative hearing.

(2) An application for emergency adjudicative proceeding must be received by the department within seven calendar days of the date of service of the notice of summary suspension. An application for emergency adjudicative proceeding received by the department more than seven calendar days after the date of service of the notice of registration denial shall be deemed an application for full adjudicative proceeding and will be scheduled accordingly.

(3) An application for emergency adjudicative proceeding shall include a written explanation of the applicant's view of registration denial and a copy of any other documents the applicant wishes to have the presiding officer consider.

(4) The presiding officer, in his or her discretion, may provide for telefacsimile or electronic service and filing of documents, using means that are similarly available to all parties, in the notice required in WAC 25-46-140(3).

(5) Upon receiving the notice required in WAC 25-46-140(3), the state archaeologist or the assistant state archaeologist shall immediately transmit to the presiding officer copies of any documents that were considered or relied upon in issuing the notice of summary suspension, in addition to the documents listed in WAC 25-46-140(4).

(6) Within seven business days after receiving an application for emergency adjudicative proceeding, the presiding officer shall issue an order that either:

(a) Affirms that the registration denial is necessary to prevent or avoid immediate danger to the public health, safety or welfare including property; or

(b) Sets aside the summary suspension as unnecessary to prevent or avoid immediate danger to the public health, safety or welfare including property.

No other issue shall be decided in the emergency adjudicative proceeding. The order shall include a brief statement of findings of fact, conclusions of law, and policy reasons for the decision.

(7) The order is effective when signed by the presiding officer. The presiding officer shall promptly notify each party of the decision and serve each party with a copy of the order.

(8) If other issues remain to be decided, or if the respondent requests review of the order, the presiding officer may request that a full adjudicative proceeding be scheduled and that the director designate as presiding officer an administrative law judge assigned by the office of administrative hearings under chapter 34.12 RCW. The request shall summarize the issues that remain to be decided. The director will act as soon as possible on the request. The order issued under this section becomes final unless within seven days of the date of issuance a full adjudicative proceeding is scheduled.
WAC 25-46-160 Right of first refusal to permit upon registration. (1) Any person, firm, corporation, institution, or agency that discovers and registers a previously unreported historic archaeological resource abandoned on, in, or under state-owned aquatic lands with the department shall have a right of first refusal to future excavation and recovery permits granted for the recovery of that resource subject to the provisions of chapter 27.53 RCW and chapter 25-48 WAC.

(2) Such right of first refusal shall exist for five years from the date of registration by the department. Such rights may be assigned, but it is the responsibility of the parties to the assignment to provide written evidence of the assignment to the department, including the correct name and mailing address of the assignee.

(3) Should another person, firm, corporation, institution, or agency apply for a permit to excavate or remove that resource or portions thereof, the person, firm, corporation, institution, or agency that registered the resource shall have sixty days from the receipt of notice to submit its own permit application and thereby exercise its first refusal right, or the right shall be extinguished.

(4) If the person, firm, corporation, institution, or agency that registered the resource does not exercise its first refusal right within sixty days of the receipt of notice, the department shall send to that entity a notice by certified mail, return receipt requested, that that entity’s right of first refusal has been extinguished.

(5) If the entity that registered the historic archaeological resource does not exercise its right of first refusal within five years of the issuance of the registration acceptance the right lapses.

WAC 25-46-180 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of this chapter, or the application of the provision to other persons or circumstances shall not be affected.

WAC 25-48-030 Scope and coverage of this chapter.

(1) This chapter applies to any person, as defined in WAC 25-48-020.

(2) This chapter applies to the alteration, digging, excavating, or removal of archaeological objects or sites or historic archaeological resources which have been abandoned thirty years or more, and to the removal of glyptic or painted...
records or archaeological resources from native Indian cairns or graves.

(3) This chapter does not apply to the removal of artifacts found exposed on the surface of the ground which are not historic archaeological resources or sites except when there will be removal of glyptic or painted records, or archaeological resources from native Indian cairns or graves.

(4) The following sections of this chapter apply to the removal of sample artifacts as provided under WAC 25-46-060 (1)(d):

WAC 25-48-010.
WAC 25-48-020.
WAC 25-48-030.
WAC 25-48-050.
WAC 25-48-060 (1)(a) except for the requirements of a completed inventory form, (1)(d), (f), (g), (h), (m), (n), and (5).
WAC 25-48-090.
WAC 25-48-100.
WAC 25-48-105.
WAC 25-48-120.

WAC 25-48-035 Delegation to state archaeologist and assistant state archaeologist. (1) The director's authority to determine violations of chapter 27.53 RCW and to impose civil penalties under RCW 27.53.095 and this chapter is delegated to the state archaeologist and the assistant state archaeologist, subject to review by the director as provided in WAC 25-48-120. This delegation of authority to the state archaeologist and the assistant state archaeologist is in addition to any other delegation granted in statute, by rule, or otherwise in writing by the director.

(2) The director retains authority to review determinations made by the state archaeologist or the assistant state archaeologist under this chapter and to hear appeals of those determinations.

(3) The state historic preservation officer may delegate to subordinate staff in the office the functions and duties assigned in this chapter to the state historic preservation officer.

WAC 25-48-040 Agency policy. The overriding policy of the department is to assure the protection of the archaeological resources of the state. This policy results from:

(1) The legislated duty of the department to preserve and protect the heritage of the state in a manner that does not impair the resources (RCW 27.34.220); and

(2) The public interest in the conservation, preservation, and protection of the state's archaeological resources, and the knowledge to be derived and gained from the scientific study of these resources (RCW 27.53.010).

WAC 25-48-041 Notice of violation—Penalties. (1)(a) It is unlawful for any person to knowingly and willfully remove, alter, dig into, excavate or remove an archeological object or site or archeological resource without a permit required by RCW 27.53.060.

(3) The notice of violation shall impose a monetary penalty of five thousand dollars; provided, however, that the state archaeologist or the assistant state archaeologist may decrease the penalty for the first or second violation upon a determination, supported by specific findings, that the circumstances of the violation warrant a lesser penalty than the statutory maximum. This determination shall be based on the factors set out in WAC 25-48-044. The monetary penalty for any subsequent violation will be five thousand dollars.

(4) In addition to any civil penalty imposed under this section, the notice of violation also shall require the respondent to pay the following costs, as determined under WAC 25-48-043:

(a) Reasonable investigative costs incurred by a mutually agreed upon independent professional archaeologist investigating the alleged violation; and

(b) Reasonable site restoration costs.

(5) The notice of violation shall set forth the conduct determined to violate RCW 27.53.060 or a permit issued thereunder, the damage for which restoration is required, the amount of civil penalty assessed, and, if appropriate, the findings warranting a lesser penalty than the statutory maximum. WAC 25-48-108 Right of first refusal—Discovery of new technology. (1) Any person that has been denied a permit because the historic archaeological resource would be destroyed beyond mitigation by its method of salvage shall have the right of first refusal for a permit at a future date should technology be found which would make salvage possible without destroying the historic archaeological resource.

(2) Such rights may be assigned, but it is the responsibility of the parties to the assignment to provide written evidence of the assignment to the department, including the correct name and mailing address of the assignee.

(3) Upon receipt of a complete permit application and determination that a new technology can salvage the resource, the department shall notify by certified mail, return receipt requested, the holder of the right of first refusal of a permit application that a new technology exists and the department's determination to submit its own permit application and thereby exercise its first refusal right, or the right shall be extinguished.

(4) If the person that possesses the first refusal right for a permit does not exercise its first refusal right within the sixty-day time period, the department shall send to that person a notice by certified mail, return receipt requested, that the person's right of first refusal has been extinguished.

WAC 25-48-110 Suspension and revocation of permits. (1) The state archaeologist or the assistant state archaeologist may suspend or revoke a permit issued pursuant to this chapter upon determining that the permittee has failed to meet any of the terms and conditions of the permit and upon at least twenty days written notice. In the case of emergencies which imminently threaten health, safety, or welfare including property, the state archaeologist or the assistant state archaeologist may summarily suspend a permit by immediately issuing a written order which incorporates a finding to that effect.

(2) The state archaeologist or the assistant state archaeologist shall provide the permittee with written notice of the suspension or revocation, the cause thereof, and in the case of a suspension, the length of the suspension and the requirements which must be met before the suspension will be removed. The notice shall inform the respondent of its right to request a hearing to contest the revocation or suspension. In addition, a notice of summary suspension shall inform the respondent of its right to request an emergency adjudicative proceeding.

(2) "Service" and "filing" of documents in adjudicative proceedings, brief adjudicative proceedings, and emergency adjudicative proceedings are defined as in RCW 34.05.010 and WAC 10-08-110.

(3) In the case of a conflict between the model rules of procedure and this chapter, the rules in this chapter shall take precedence.

(a) In all proceedings contesting the denial of a permit application under WAC 25-48-108, the burden shall be on the applicant to establish that the application meets all applicable requirements and standards.

(b) In all proceedings contesting the extinguishing of a right of first refusal under WAC 25-48-108, the burden shall be on the person challenging the extinguishing to establish the timely exercise of its right of first refusal.

WAC 25-48-122 Brief adjudicative proceedings. (1) Pursuant to RCW 34.05.482, the department will use brief adjudicative proceedings where permitted by law and where protection of the public interest does not require the department to give notice and an opportunity to participate to persons other than the parties. A brief adjudicative proceeding is intended to serve as an inexpensive and efficient alternative where the issues can be decided by reference to writings and other documents without a full, formal hearing.

(2) A brief adjudicative proceeding may be used to review the following actions taken under this chapter:

(a) A notice of violation of the terms and conditions of a permit under WAC 25-48-041 (1)(b);

(b) A denial of a permit application under WAC 25-48-105;

(c) Extinguishing a right of first refusal under WAC 25-48-108.

(3) An application for brief adjudicative proceeding shall include a written explanation of the applicant's view of the matter and a copy of any other documents the applicant wishes to have the presiding officer consider. Any response by the department shall be filed with the presiding officer and served on the applicant within fourteen days of receiving an application for a brief adjudicative proceeding.

(4) If the applicant desires an opportunity to make an oral statement to the presiding officer, a request to make an oral statement must be included in the application for a brief adjudicative proceeding. The presiding officer may grant a request to make an oral statement if the presiding officer believes the statement would benefit him or her in reaching a decision. The presiding officer shall notify the parties within a reasonable time of his or her decision to grant or deny a request to make an oral statement. If the presiding officer grants any request to make an oral statement, all parties shall be entitled to make oral statements, and the presiding officer shall notify all parties of the time and place for hearing oral statements.

(5) At the time any unfavorable action is taken, the presiding officer shall serve upon each party a brief statement of the reasons for the decision. Within ten days of the decision, the presiding officer shall serve upon each party a brief written statement of the reasons for the decision and information about any internal administrative review available.

(6) The presiding officer's brief written statement is an initial order. The initial order shall be the final order without further action unless within twenty-one days of the date of service a party requests administrative review of the initial order or the director initiates review of the initial order.

(7) If the presiding officer determines a more comprehensive hearing is warranted, or on the motion of any party, he or she may convert the proceeding to a full adjudicative proceeding by requesting in writing, with findings supporting the request, that the proceeding be so converted and that the director designate as presiding officer an administrative law judge assigned by the office of administrative hearings under chapter 34.12 RCW. The director will act as soon as possible on the request.

(8)(a) A party may request review of the initial order by filing a written request with the director at the following address: Director, Department of Archaeology and Historic Preservation, P.O. Box 48343, Olympia, WA 98504-8343. A request for review of an initial order shall contain an explanation of the requester's view of the matter and a statement of reasons why the initial order is incorrect. The request must be received by the director and served on all other parties within twenty-one days of the date the initial order was served on the parties. A copy of the request must be served on the state archaeologist or the assistant state archaeologist.

(b) Any response to the request for review of an initial order shall be filed with the director and served on the requester within ten days after receiving the request.

(c) In response to a request for review of an initial order, the director shall immediately obtain the record compiled by the presiding officer. The director, at his or her sole discretion, may act as the reviewing officer or designate a reviewing officer who is authorized to grant appropriate relief upon review.
WAC 25-48-123  Emergency adjudicative proceedings. (1) A respondent who receives a notice of summary suspension of a permit under WAC 25-48-110 may request an emergency hearing under RCW 34.05.422 and 34.05.479 to contest the findings included in the notice of summary suspension by filing an application for emergency adjudicative proceeding. A respondent who does not file an application for emergency adjudicative proceeding may contest the findings included in the notice of summary suspension in a regularly scheduled adjudicative hearing.

(2) An application for emergency adjudicative proceeding must be received by the department within seven calendar days of the date of service of the notice of summary suspension. An application for emergency adjudicative proceeding received by the department more than seven calendar days after the date of service of the notice of summary suspension shall be deemed an application for full adjudicative proceeding and will be scheduled accordingly.

(3) An application for emergency adjudicative proceeding shall include a written explanation of the applicant's view of the summary suspension and a copy of any other documents the applicant wishes to have the presiding officer consider.

(4) The presiding officer, in his or her discretion, may provide for telefacsimile or electronic service and filing of documents, using means that are similarly available to all parties, in the notice required in WAC 25-48-120(4).

(5) Upon receiving the notice required in WAC 25-48-120(4), the state archaeologist or the assistant state archaeologist shall immediately transmit to the presiding officer copies of any documents that were considered or relied upon in issuing the notice of summary suspension, in addition to the documents listed in WAC 25-48-120(5).

(6) Within seven business days after receiving an application for emergency adjudicative proceeding, the presiding officer shall issue an order that either:

(a) Affirms that the summary suspension is necessary to prevent or avoid immediate danger to the public health, safety or welfare including property; or

(b) Sets aside the summary suspension as unnecessary to prevent or avoid immediate danger to the public health, safety or welfare including property.

No other issue shall be decided in the emergency adjudicative proceeding. The order shall include a brief statement of findings of fact, conclusions of law, and policy reasons for the decision.

(7) The order is effective when signed by the presiding officer. The presiding officer shall promptly notify each party of the decision and serve each party with a copy of the order.

(8) If other issues remain to be decided, or if the respondent requests review of the order, the presiding officer may request that a full adjudicative proceeding be scheduled and that the director designate as presiding officer an administrative law judge assigned by the office of administrative hearings under chapter 34.12 RCW. The request shall summarize the issues that remain to be decided. The director will act as soon as possible on the request. The order issued under this section becomes final unless within seven days of the date of issuance a full adjudicative proceeding is scheduled.
