Chapter 458-16 WAC
PROPERTY TAX—EXEMPTIONS

WAC
458-16-115  Personal property exemptions for household goods, furnishings, and personal effects, and for the head of a family.

WAC 458-16-115 Personal property exemptions for household goods, furnishings, and personal effects, and for the head of a family. (1) Introduction. This section explains the personal property tax exemption for household goods, furnishings, and personal effects. It also explains the exemption available to the head of a family for otherwise taxable personal property up to a value of fifteen thousand dollars. These exemptions are provided by RCW 84.36.110. (For sections dealing with exemptions of intangible personal property under RCW 84.36.070, see WAC 458-50-150 through 458-50-190.)

(2) Exemption for household goods, furnishings, and personal effects. All household goods and furnishings actually being used to equip and outfit the owner's residence or place of abode and all personal effects held by any person for his or her exclusive use and benefit are exempt from property taxation. Any household goods and furnishings or personal effects held for sale or commercial use do not qualify for this exemption. RCW 84.36.110(1).

(a) What are household goods and furnishings? "Household goods and furnishings" are all items of tangible personal property regularly located in or about a residence and used or held to enhance the value or enjoyment of the residence, including its premises. The phrase includes, but is not limited to, movable items of necessity, convenience, or decoration, such as furniture, appliances, food, pictures, and tools and equipment used to maintain the residence. Personal property qualifying for this exemption retains its exempt status while temporarily in storage or while being used temporarily at locations other than the owner's residence.

"Household goods and furnishings" do not include items of personal property constructed primarily for use independent of and separate from a residence such as boats, motor vehicles, campers, and travel trailers. However, certain motor vehicles, campers, and travel trailers may be entitled to an exemption from property taxation under RCW 84.36.595.

Also, some boats may be wholly or partially exempt from property taxation under RCW 84.36.080 and 84.36.090.

(b) What are personal effects? "Personal effects" are items of tangible property of a personal or intimate nature that usually and ordinarily accompany a person such as wearing apparel, jewelry, and articles of a similar nature. RCW 84.36.120.

(c) When are household goods, furnishings, and personal effects not exempt? Personal property held for sale or used for any business or commercial purpose does not qualify for the household goods exemption. Thus, property used to equip and outfit a motel, hotel, apartment, sorority, fraternity, boarding house, rented home, duplex, or any other premises not used by the owner for his or her own personal residence or place of abode does not qualify for this exemption. Likewise, a hairdresser who uses any portion of his or her home as a beauty salon cannot claim a household goods exemption for personal property held for sale or otherwise used in the business. Business inventories, however, are exempt from property taxation under RCW 84.36.477.

Following is a nonexclusive list of items that are exempt as household goods or furnishings if they are used in a residence or place of abode but are fully taxable if they are used for business or commercial purposes.

(i) Desks are exempt as household goods if they are used in a residence but are taxable if they are used in a business office, including an office located in the owner's residence.

(ii) Silverware and china are exempt if they are used in a residence but are taxable if they are used in a restaurant.

(iii) Art or other collections are exempt if they are located in a residence but are taxable if they are located in a public display or used for commercial purposes.

(iv) Power equipment such as lawnmowers used exclusively to enhance the value or enjoyment of a residence, including its premises, are exempt, but they are taxable when used to maintain a golf course or for any other business or commercial purpose.

(3) Exemption for the head of a family. Each head of a family is entitled to an exemption from his or her taxable personal property in an amount up to fifteen thousand dollars of actual value. RCW 84.36.110(2). For purposes of this exemption, "actual value" has the same meaning as "true and fair value" as defined in WAC 458-07-030. The taxpayer must qualify for the head of a family exemption on January 1st of the assessment year (the assessment date) or the exemption is lost for taxes payable the following year. As noted above, household goods, furnishings, and personal effects not used for business or commercial purposes are exempt from property taxation; therefore, the exemption for the head of a family does not apply to such property.

(a) Who qualifies as the head of a family? The exemption for the head of a family applies only to individuals (i.e., natural persons); it does not apply to artificial entities such as corporations, limited liability companies, or partnerships. The "head of a family" includes the following residents of the state of Washington:
(i) Any person receiving an old age pension under the laws of this state;
(ii) Any citizen of the United States, over the age of sixty-five years, who has resided in the state of Washington continuously for ten years;
(iii) The husband or wife, when the claimant is a married person, or a surviving spouse not remarried; and
(iv) Any person who resides with, and has under his or her care and maintenance, any of the following:
   (A) His or her minor child or grandchild, or the minor child or grandchild of his or her deceased spouse;
   (B) His or her minor brother or sister or the minor child of a deceased brother or sister;
   (C) His or her father, mother, grandmother, or grandfather, or the father, mother, grandmother, or grandfather of a deceased spouse; or
   (D) Any of the other relatives mentioned in this subsection who have attained the age of majority and are unable to take care of or support themselves.

(b) **What property is not exempt?** The personal property exemption for the head of a family does not apply to the following:

(i) Private motor vehicles. A "private motor vehicle" is any motor vehicle used for the convenience or pleasure of the owner, which carries a licensing classification other than motor vehicle for hire, auto stage, auto stage trailer, motor truck, motor truck trailer, or dealer's license. RCW 84.36.120;
(ii) Mobile homes. A "mobile home" is a trailer designed for human habitation, which is capable of being moved upon the public streets and highways and is either more than thirty-five feet in length or more than eight feet in width. RCW 84.36.120;
(iii) Floating homes. A "floating home" is a building on a float, used in whole or in part for human habitation as a single-family dwelling and is on the property tax rolls of the county in which it is located. A floating home is not designed for self-propulsion by mechanical means or by means of wind. RCW 82.45.032; or
(iv) Houses, cabins, boathouses, boat docks, or other similar improvements that are located on publicly owned land.

(c) **Examples.** The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The status of each situation must be determined after a review of all of the facts and circumstances.

(i) A husband and wife operate a catering business as a limited liability company (LLC). The wife also operates a consulting business as a sole proprietor out of the family home. Husband and wife are not entitled to the head of family exemption for property held by the LLC. However, the wife is entitled to the head of family exemption for the personal property used by her in her consulting business.

(ii) Jane Doe is a citizen of the United States, over the age of sixty-five, and has resided in the state of Washington continuously for over ten years. Jane owns a farm. She has transferred title to the farm property, both real and personal, into a trust. An attorney is the trustee, and Jane is the sole beneficiary. Since Jane Doe has beneficial ownership of the trust property and she qualifies as the head of a family, Jane may claim the head of a family exemption for the taxable personal property held in the trust.

(4) **How do the exemptions included in this section affect listing?** If the county assessor is satisfied that all of the personal property of any person is exempt from taxation, no listing is required by the owner or taxpayer. If the value of taxable personal property exceeds fifteen thousand dollars, then the taxpayer must make a complete listing, and the assessor will deduct fifteen thousand dollars from the total amount of the assessment and assess the remainder. RCW 84.36.110(2).

[Statutory Authority: RCW 84.08.010, 84.08.070, and 84.36.865. 07-11-124, § 458-16-115, filed 5/21/07, effective 6/21/07; 06-24-043, § 458-16-115, filed 11/30/06, effective 12/31/06. Statutory Authority: RCW 84.36.865 and 84.08.070. 02-19-004, § 458-16-115, filed 9/4/02, effective 10/5/02. Statutory Authority: RCW 84.36.110, 84.08.010(2) and 84.36.865. 89-12-013 (Order 89-7), § 458-16-115, filed 5/26/89.]

---

**Chapter 458-18 WAC**

**PROPERTY TAX—ABATEMENTS, CREDITS, DEFERRALS AND REFUNDS**

**WAC 458-18-060** Deferral of special assessments and/or property taxes—Limitations of deferral—Interest.

**458-18-220** Refunds—Rate of interest.

**WAC 458-18-060** Deferral of special assessments and/or property taxes—Limitations of deferral—Interest. No deferral shall be granted if the liens created by the deferrals of special assessments and/or real property taxes equal or exceed eighty percent of the claimant's equity value in said property. Equity value will be determined as of January 1 in the year the taxes are to be deferred. The liens shall include:

(1) The total amount of special assessments and/or real property taxes deferred, plus

(2) Interest on the amount deferred. For deferrals granted before June 7, 2006, the interest accrues at the rate of eight percent per year, from the time it could have been paid before delinquency until the lien is paid. For deferrals granted after June 7, 2006, involving special assessments or taxes due prior to January 1, 2007, the interest accrues at the rate of eight percent per year, from the time it could have been paid before delinquency until the lien is paid. For deferrals granted after June 7, 2006, involving special assessments or taxes to be collected in 2007 and thereafter, the interest accrues at the rate of five percent per year, from the time it could have been paid before delinquency until the lien is paid. When a declaration is filed as a result of the requirement under RCW 84.64.050 related to a treasurer's foreclosure action, the interest accrues from the date the declaration is filed and continues until the obligation is paid, at the appropriate rate as set forth above.

**WAC 458-18-220** Refunds—Rate of interest. The following rates of interest shall apply on refunds of taxes made pursuant to RCW 84.69.010 through 84.69.090 in accordance

[2008 WAC Supp—page 2]
with RCW 84.69.100. The following rates shall also apply to judgments entered in favor of the plaintiff pursuant to RCW 84.68.030. The interest rate is derived from the equivalent coupon issue yield of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted after June 30th of the calendar year preceding the date the taxes were paid. The rate thus determined shall be applied to the amount of the judgment or the amount of the refund, until paid:

EXCISE TAX RULES

WAC

458-20-101 Tax registration and tax reporting.
458-20-163 Insurance companies, including surety companies, fraternal benefit societies, fraternal fire insurance associations, beneficiary corporations or societies and Washington state health insurance pool.
458-20-167 Educational institutions, school districts, student organizations, and private schools.
458-20-17902 Broketed natural gas—Use tax.
458-20-185 Tax on tobacco products.
458-20-186 Tax on cigarettes.
458-20-197 When tax liability arises.
458-20-228 Returns, payments, penalties, extensions, interest, stay of collection.
458-20-229 Refunds.
458-20-244 Food and food ingredients.
458-20-254 Recordkeeping.
458-20-270 Telephone program excise tax rates.
458-20-274 Staffing services.
458-20-277 Certified service providers—Compensation.

WAC 458-20-101 Tax registration and tax reporting.

(1) Introduction. This section explains tax registration and tax reporting requirements for the Washington state department of revenue as established in RCW 82.32.030 and 82.32.045. This section discusses who is required to be registered, and who must file excise tax returns. This section also discusses changes in ownership requiring a new registration, the administrative closure of taxpayer accounts, and the revaluation and reinstatement of a tax reporting account with the department of revenue. Persons required to file tax returns should also refer to WAC 458-20-104 (Small business tax relief based on volume of business).

(2) Persons required to obtain tax registration endorsements. Except as provided in (a) of this subsection, every person who is engaged in any business activity for which the department of revenue is responsible for administering and/or collecting a tax or fee, shall apply for and obtain a tax registration endorsement with the department of revenue. (See RCW 82.32.030.) This endorsement shall be reflected on the face of the business person's registrations and licenses document. The tax registration endorsement is non-transferable, and valid for as long as that person continues in business.

(a) Registration under this section is not required if all of the following conditions are met:

(i) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW (business and occupation tax), is less than twelve thousand dollars per year;

(ii) A person's gross income from all business activities taxable under chapter 82.16 RCW (public utility tax), is less than twelve thousand dollars per year;

(iii) The person is not required to collect or pay to the department of revenue retail sales tax or any other tax or fee which the department is authorized to administer and/or collect; and

(iv) The person is not otherwise required to obtain a license or registration subject to the master application procedure provided in chapter 19.02 RCW. For the purposes of this section, the term "license or registration" means any agency permit, license, certificate, approval, registration, charter, or any form or permission required by law, including agency rule, to engage in any activity.

(b) The term "tax registration endorsement," as used in this section, has the same meaning as the term "tax registration" or "certificate of registration" used in Title 82 RCW and other sections in chapter 458-20 WAC.
(c) The term "person" has the meaning given in RCW 82.04.030.

(d) The term "tax reporting account number" as used in this section, is the number used to identify persons registered with the department of revenue.

(3) **Requirement to file tax returns.** Persons registered with the department must file tax returns and remit the appropriate taxes to the department, unless they are placed on an "active nonreporting" status by the department.

(a) The department may relieve any person of the requirement to file returns by placing the person in an active nonreporting status if all of the following conditions are met:

(i) The person's value of products (RCW 82.04.450), gross proceeds of sales (RCW 82.04.070), or gross income of the business (RCW 82.04.080), from all business activities taxable under chapter 82.04 RCW (business and occupation tax), is:

   (A) Beginning July 1, 1999, less than twenty-eight thousand dollars per year (chapter 357, Laws of 1999); or

   (B) Prior to July 1, 1999, less than twenty-four thousand dollars per year;

(ii) The person's gross income (RCW 82.16.010) from all business activities taxable under chapter 82.16 RCW (public utility tax) is less than twenty-four thousand dollars per year; and

(iii) The person is not required to collect or pay to the department retail sales tax or any other tax or fee the department is authorized to collect.

(b) The department will notify those persons it places on an active nonreporting status. (A person may request to be placed on an active nonreporting status if the conditions of (a) of this subsection are met.)

(c) Persons placed on an active nonreporting status by the department are required to timely notify the department if their business activities do not meet any of the conditions explained in (a) of this subsection. These persons will be removed from an active nonreporting status, and must file tax returns and remit appropriate taxes to the department, beginning with the first period in which they do not qualify for an active nonreporting status.

(d) Persons that have not been placed on an active nonreporting status by the department must continue to file tax returns and remit the appropriate taxes.

(4) **Examples.** The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The status of each situation must be determined after a review of all facts and circumstances.

(a) Bob Brown is starting a bookkeeping service. The gross income of the business is expected to be less than twelve thousand dollars per year. Due to the nature of the business activities, Bob is not required to pay or collect any other tax which the department is authorized to collect.

Bob Brown is not required to apply for and obtain a tax registration endorsement with the department of revenue. The conditions under which a business person may engage in business activities without obtaining the tax registration endorsement have been met. However, if Bob Brown in some future period has gross income exceeding twelve thousand dollars per year, he will be required to obtain a tax registration endorsement. If Bob's gross income exceeds twenty-eight thousand dollars per year, he will be required to file tax returns and remit the appropriate taxes.

(b) Cindy Smith is opening a business to sell books written for children to local customers at retail. The gross proceeds of sales are expected to be less than twelve thousand dollars per year.

Cindy Smith must apply for and obtain a tax registration endorsement with the department of revenue. While gross income is expected to be less than twelve thousand dollars per year, Cindy Smith is required to collect and remit retail sales tax.

(c) Alice Smith operates a taxicab service with an average gross income of eighteen thousand dollars per year. She also owns a management consulting service with an average gross income of fifteen thousand dollars per year. Assume that Alice is not required to collect or pay to the department any other tax or fee the department is authorized to collect.

Alice qualifies for an active nonreporting status because her taxicab income is less than the twenty-four thousand dollar threshold for the public utility tax, and her consulting income is less than the twenty-four thousand dollar threshold for the business and occupation (B&O) tax. If the department of revenue does not first place her on an active nonreporting status, she may request the department to do so.

(5) **Out-of-state businesses.** The B&O and public utility taxes are imposed on the act or privilege of engaging in business activity within Washington. RCW 82.04.220 and 82.16.020. Out-of-state persons who have established sufficient nexus in Washington to be subject to Washington's B&O or public utility taxes must obtain a tax registration endorsement with this department if they do not satisfy the conditions expressed in subsection (2)(a) of this section. Out-of-state persons required to collect Washington's retail sales or use tax, or who have elected to collect Washington's use tax, even though not statutorily required to do so, must obtain a tax registration endorsement.

(a) Persons with out-of-state business locations should not include income that is disassociated from their in-state activities in their computations for determining whether the gross income thresholds provided in subsection (2)(a)(i) and (ii) are satisfied.

(b) Out-of-state persons making sales into or doing business within Washington should also refer to the following rules in chapter 458-20 WAC for a discussion of their tax reporting responsibilities:

(i) WAC 458-20-103 (Time and place of sale);

(ii) WAC 458-20-193 (Inbound and outbound interstate sales of tangible personal property);

(iii) WAC 458-20-193D (Transportation, communication, public utility activities, or other services in interstate or foreign commerce);

(iv) WAC 458-20-194 (Doing business inside and outside the state); and

(v) WAC 458-20-221 (Collection of use tax by retailers and selling agents).

(6) **Registration procedure.** The state of Washington initiated the unified business identifier (UBI) program to simplify the registration and licensing requirements imposed on the state's business community. Completion of the master application enables a person to register or license with several state agencies, including the department of revenue,
using a single form. The person will be assigned one unified business identifier number, which will be used for all state agencies participating in the UBI program. The department may assign the unified business identifier number as the taxpayer’s revenue tax reporting account number, or it may assign a different or additional number as the revenue tax reporting account number.

(a) Persons completing the master application will be issued a registrations and licenses document. The face of this document will list the registrations and licenses (endorsements) which have been obtained.
(b) The department of revenue does not charge a registration fee for issuing a tax registration endorsement. Persons required to complete a master application may, however, be subject to other fees.

(c) While the UBI program is administered by the department of licensing, master applications are available at any participating UBI service provider location. The following agencies of the state of Washington participate in the UBI program (see RCW 19.02.050 for a more complete listing of participating agencies):
(i) The office of the secretary of state;
(ii) The department of licensing;
(iii) The department of employment security;
(iv) The department of labor and industries;
(v) The department of revenue.

(7) Temporary revenue registration certificate. A temporary revenue registration certificate may be issued to any person who operates a business of a temporary nature.

(a) Temporary businesses, for the purposes of registration, are those with:
(i) Definite, predetermined dates of operation for no more than two events each year with each event lasting no longer than one month; or
(ii) Seasonal dates of operation lasting no longer than three months. However, persons engaging in business activities on a seasonal basis every year should refer to subsection (8) of this section.

(b) Each temporary registration certificate is valid for a single event. Persons that subsequently make sales into Washington may incur additional tax liability. Refer to WAC 458-20-193 (Inbound and outbound interstate sales of tangible personal property) for additional information on tax reporting requirements. It may be required that a tax registration endorsement be obtained, in lieu of a temporary registration certificate. See subsection (2) of this section.

(c) Temporary revenue registration certificates may be obtained by making application at any participating UBI agency office, or by completing a seasonal registration form.

(8) Seasonal revenue tax reporting accounts. Persons engaging in seasonal business activities which do not exceed two quarterly reporting periods each calendar year may be eligible for a tax reporting account with a seasonal reporting status. This is a permanent account until closed by the taxpayer. The taxpayer must specify in which quarterly reporting periods he or she will be engaging in taxable business activities. The quarterly reporting periods in which the taxpayer is engaging in taxable business activities may or may not be consecutive, but the same quarterly period or periods must apply each year. The taxpayer is not required to be engaging in taxable business activities during the entire period.

The department will provide and the taxpayer will be required to file tax returns only for the quarterly reporting periods specified by the taxpayer. Examples of persons which may be eligible for the seasonal reporting status include persons operating Christmas tree and/or fireworks stands. Persons engaging in taxable business activities in more than two quarterly reporting periods in a calendar year will not qualify for the seasonal reporting status.

(9) Display of registrations and licenses document. The taxpayer is required to display the registrations and licenses document in a conspicuous place at the business location for which it is issued.

(10) Multiple locations. A registrations and licenses document is required for each place of business at which a taxpayer engages in business activities for which the department of revenue is responsible for administering and/or collecting a tax or fee, and any main office or principal place of business from which excise tax returns are to be filed. This requirement applies to locations both within and without the state of Washington.

(a) For the purposes of this subsection, the term "place of business" means:
(i) Any separate establishment, office, stand, cigarette vending machine, or other fixed location; or
(ii) Any vessel, train, or the like, at any of which the taxpayer solicits or makes sales of tangible personal property, or contracts for or renders services in this state or otherwise transacts business with customers.

(b) A taxpayer wishing to report all tax liability on a single excise tax return may request a separate registrations and licenses document for each location. The original registrations and licenses document shall be retained for the main office or principal place of business from which the returns are to be filed, with additional documents obtained for all branch locations. All registrations and licenses documents will reflect the same tax reporting account number.

(c) A taxpayer desiring to file a separate excise tax return covering a branch location, or a specific construction contract, may apply for and receive a separate revenue tax reporting account number. A registrations and licenses document will be issued for each tax reporting account number and will represent a separate account.

(d) A master application must be completed to obtain a separate registrations and licenses document, or revenue tax reporting account number, for a new location.

(11) Change in ownership. When a change in ownership of a business occurs, the new owner must apply for and obtain a new registrations and licenses document. The original document must be destroyed, and any further use of the tax reporting account number for tax purposes is prohibited.

(a) A "change in ownership," for purposes of registration, occurs upon but is not limited to:
(i) The sale of a business by one individual, firm or corporation to another individual, firm or corporation;
(ii) The dissolution of a partnership;
(iii) The withdrawal, substitution, or addition of one or more partners where the general partnership continues as a business organization and the change in the composition of the partners is equal to or greater than fifty percent;
(iv) Incorporation of a business previously operated as a partnership or sole proprietorship;

(v) Changing from a corporation to a partnership or sole proprietorship; or

(vi) Changing from a corporation, partnership or sole proprietorship to a limited liability company or a limited liability partnership.

(b) For the purposes of registration, a "change in ownership" does not occur upon:

(i) The sale of all or part of the common stock of a corporation;

(ii) The transfer of assets to an assignee for the benefit of creditors or upon the appointment of a receiver or trustee in bankruptcy;

(iii) The death of a sole proprietor where there will be a continuous operation of the business by the executor, administrator, or trustee of the estate or, where the business was owned by a marital community, by the surviving spouse of the deceased owner;

(iv) The withdrawal, substitution, or addition of one or more partners where the general partnership continues as a business organization and the change in the composition of the partners is less than fifty percent; or

(v) A change in the trade name under which the business is conducted.

(c) While changes in a business entity may not result in a "change in ownership," the completion of a new master application may be required to reflect the changes in the registered account.

(12) Change in location. Whenever the place of business is moved to a new location, the taxpayer must notify the department of the change. A new registrations and licenses document will be issued to reflect the change in location.

(13) Lost registrations and licenses documents. If any registrations and licenses document is lost, destroyed or defaced as a result of accident or of natural wear and tear, a new document will be issued upon request.

(14) Administrative closure of taxpayer accounts. The department may, upon written notification to the taxpayer, close the taxpayer's tax reporting account and rescind its tax registration endorsement whenever the taxpayer has reported no gross income and there is no indication of taxable activity for two consecutive years.

The taxpayer may request, within thirty days of notification of closure, that the account remain open. A taxpayer may also request that the account remain open on an "active non-reporting" status if the requirements of subsection (3)(a) of this section are met. The request shall be reviewed by the department and if found to be warranted, the department will immediately reopen the account. The following are acceptable reasons for continuing as an active account:

(a) The taxpayer is engaging in business activities in Washington which may result in tax liability.

(b) The taxpayer is required to collect or pay to the department of revenue a tax or fee which the department is authorized to administer and/or collect.

(c) The taxpayer has in fact been liable for excise taxes during the previous two years.

(15) Reopening of taxpayer accounts. A business person choosing to resume business activities for which the department of revenue is responsible for administering and/or collecting a tax or fee, may request a previously closed account be reopened. The business person must complete a new master application. When an account is reopened a new registrations and licenses document, reflecting a current tax registration endorsement, shall be issued. Persons requesting the reopening of an account which had previously been closed due to a revocation action should refer to subsection (16) of this section.

(16) Revocation and reinstatement of tax registration endorsements. Actions to revoke tax registration endorsements must be conducted by the department pursuant to the provisions of chapter 34.05 RCW, the Administrative Procedure Act, and the taxpayers bill of rights of chapter 82.32A RCW. Persons should refer to WAC 458-20-1001, Adjudicative proceedings—Brief adjudicative proceedings—Wholesale and retail cigarette license revocation/suspension—Certificate of registration (tax registration endorsement) revocation, for an explanation of the procedures and processes pertaining to the revocation of tax registration endorsements.

(a) The department of revenue may, by order, revoke a tax registration endorsement if any tax warrant issued under the provisions of RCW 82.32.210 is not paid within thirty days after it has been filed with the clerk of the superior court, or for any other reason expressly provided by law.

(b) The revocation order will be posted in a conspicuous place at the main entrance to the taxpayer's place of business and must remain posted until the tax registration endorsement has been reinstated. A revoked endorsement will not be reinstated until:

(i) The amount due on the warrant has been paid, or satisfactory arrangements for payment have been approved by the department; and

(ii) The taxpayer has posted with the department a bond or other security in an amount not exceeding one-half the estimated average annual liability of the taxpayer.

(c) It is unlawful for any taxpayer to engage in business after its tax registration endorsement has been revoked.

(17) Penalties for noncompliance. The law provides that any person engaging in any business activity, for which registration with the department of revenue is required, shall obtain a tax registration endorsement.

(a) The failure to obtain a tax registration endorsement prior to engaging in any taxable business activity constitutes a gross misdemeanor.

(b) Engaging in business after a tax registration endorsement has been revoked by the department constitutes a Class C felony.

(c) Any tax found to have been due, but delinquent, and any tax unreported as a result of fraud or misrepresentation, may be subject to penalty as provided in chapter 82.32 RCW, WAC 458-20-228 and 458-20-230.

[2008 WAC Supp—page 6]
WAC 458-20-163 Insurance companies, including surety companies, fraternal benefit societies, fraternal fire insurance associations, beneficiary corporations or societies and Washington state health insurance pool. (1) Introduction. Income earned by insurance companies, including surety companies, fraternal benefit societies, fraternal fire insurance associations, beneficiary corporations or societies, and the Washington state health insurance pool is generally subject to the service and other activities business and occupation (B&O) tax, unless the law provides an exemption or deduction. This section identifies exemptions and deductions available to these businesses. It also explains the reporting responsibilities for retail sales and use taxes for retail purchases and retail services.

(2) Exemptions. The law provides the following B&O tax exemptions. These amounts do not need to be reported on the excise tax returns filed with the department of revenue.

(a) RCW 82.04.320 provides an exemption to any person with respect to insurance business upon which a tax based on gross premiums is paid to the state of Washington. It should be noted, however, that the law provides expressly that this exemption does not extend to "any person engaging in the business of representing any insurance company, whether as general or local agent, or acting as broker for such companies" or to "any bonding company...with respect to gross income derived from the completion of any contract as to which it is a surety, or as to any liability as successor to the liability of the defaulting contractor." The exemption also does not apply to any business engaged in by an insurance company other than its insurance business. Thus an insurance company is subject to the retailing or wholesaling B&O tax on sales of salvaged property unless the sales are casual or isolated sales as described in WAC 458-20-106 (Casual or isolated sales—Business reorganizations). Also see WAC 458-20-102 (Resale certificates) for resale certificate requirements for wholesale sales.

(b) RCW 82.04.322 provides an exemption to any health maintenance organization, health care service contractor, or certified health plan in respect to premiums or prepayments that are taxable under RCW 48.14.0201.

(c) RCW 82.04.370 provides an exemption to fraternal benefit societies or fraternal fire insurance associations organized or licensed pursuant to Title 48 RCW and as defined in RCW 48.36A.010.

The statute also exempts beneficiary corporations or societies organized under and existing by virtue of Title 24 RCW, if such beneficiary corporations or societies provide in their bylaws for the payment of death benefits.

The exemption provided by RCW 82.04.370, however, is limited to gross income from premiums, fees, assessments, dues or other charges directly attributable to the insurance or death benefits provided by such persons. It is not intended that all the varied, regular business activities (e.g., sales of food, liquor, admissions, and amusement devices receipts) of these societies or organizations be exempt from B&O tax.

Only that portion of income which can be demonstrated as directly attributable to charges made for insurance or providing death benefits is exempt.

(3) Deductions. For periods prior to July 1, 2006, a B&O tax deduction was provided by RCW 82.04.4329 to a member of the Washington state health insurance pool for assessments paid by that member to the pool. This deduction did not apply to a member who had deducted such assessments from the insurance premiums tax, RCW 48.14.020.

(4) Retail sales and use tax responsibilities. Insurance companies are subject to the retail sales tax or use tax upon retail purchases, certain retail services, or articles acquired for their own use.

When insurance companies make sales to consumers of salvaged property (e.g., from automobile collisions, fire loss, burglary, or theft recoveries) or any other tangible personal property, they must collect and report retail sales tax on those sales.

[Statutory Authority: RCW 82.32.300 and 82.01.060(2), 07-17-109, § 458-20-163, filed 8/17/07, effective 9/17/07. Statutory Authority: RCW 82.32-300, 91-05-040, § 458-20-163, filed 2/13/91, effective 3/16/91; 87-19-007 (Order ET 87-5), § 458-20-163, filed 9/8/87; 83-07-033 (Order ET 83-16), § 458-20-163, filed 3/15/83; Order ET 70-3, § 458-20-163 (Rule 163), filed 5/29/70, effective 7/1/70.]

WAC 458-20-167 Educational institutions, school districts, student organizations, and private schools. (1) Introduction. This section explains the application of Washington's business and occupation (B&O), retail sales, and use taxes to educational institutions, school districts, student organizations, and private schools. It also gives tax reporting information to persons operating nursery schools, preschools, or providing child care. Educational institutions which are institutions of the state of Washington should also refer to WAC 458-20-189 (Sales to and by the state of Washington, etc.). Nonprofit organizations should also refer to WAC 458-20-169 (Religious, charitable, benevolent, nonprofit service organizations, and sheltered workshops).

(2) Definitions. For the purposes of this section, the following definitions apply:

(a) The term "tuition fees" includes fees for instruction, library, laboratory, and health services. The term also includes special fees and amounts charged for room and board when the property or service for which such charges are made is furnished exclusively to the students, teachers, or other staff of the institution. RCW 82.04.170.

(b) "Educational institutions" means the following:

(i) Institutions which are established, operated, and governed by this state or its political subdivisions under Title 28A (Common school provisions), 28B (Higher education), or 28C (Vocational education) RCW.

(ii) Nonpublic schools, including parochial or independent schools or school districts, carrying out a program for any or all of the grades one through twelve, which have been approved by the Washington state board of education. (See also chapter 180-90 WAC.)

(iii) Degree-granting institutions offering educational credentials, instruction, or services prerequisite to or indicative of an academic or professional degree or certificate beyond the secondary level, provided the institution is accredited by an accrediting association recognized by the United States Secretary of Education and offers to students an educational program of a general academic nature. Degree-granting institutions should refer to chapter 28B.85 RCW for information about the requirement for authorization by the Washington higher education coordinating board.
(iv) Institutions which are not operated for profit, and which are privately endowed under a deed of trust to offer instruction in trade, industry, and agriculture.

(v) Programs that an educational institution cosponsors with a nonprofit organization, as defined by the Internal Revenue Code Sec. 501 (c)(3), provided that educational institution grants college credit for course work successfully completed through the educational program.

(vi) Certain branch campuses of foreign degree-granting institutions, provided the following requirements, among others, are satisfied:

(A) The branch campus must be owned and operated directly by a foreign degree-granting institution or indirectly through a Washington profit or nonprofit corporation in which the foreign degree-granting institution is the sole or controlling shareholder or member;

(B) Courses must be provided solely and exclusively to students enrolled in a degree-granting program offered by the institution;

(C) The branch campus must be approved by the Washington higher education coordinating board to operate in this state; and

(D) The branch campus must be recognized to be exempt from income taxes pursuant to 26 U.S.C. Sec. 501(c).

(vii) "Educational institutions" does not include any entity defined as a "private vocational school" under RCW 28C.10.020 and/or any entity defined as a "degree-granting private vocational school" under chapters 28C.10 and 28B.85 RCW (other than those described in (b)(iv) of this subsection).

(c) "Private schools" means all schools and institutions which are excluded from the above definition of "educational institutions." For example, an elementary school operated by a church organization is a "private school" if the school is not approved. It will be given the tax treatment of an "educational institution" for purposes of this section only if it has obtained approval from the Washington state board of education.

(3) Business and occupation tax. Departments and institutions of the state of Washington are subject to the B&O tax. (See WAC 458-20-189.) School districts are also not subject to the B&O tax, except as to income derived from a public utility or enterprise activity. RCW 82.04.419. Private schools, student organizations, school districts engaging in utility or enterprise activities, and educational institutions which are not departments or institutions of the state of Washington are subject to the B&O tax as follows:

(a) Service and other business activities. The service B&O tax applies to the following nonexclusive list of activities or sources of income:

(i) Tuition fees received by private schools. However, educational institutions, as defined above, may deduct amounts derived from tuition fees. RCW 82.04.4282.

(ii) Rental of conference facilities to various organizations or groups.

(iii) Rental by private schools of dormitories or other student lodging facilities which are not generally available to the public and where the student does not have an absolute right of control and occupancy. (See WAC 458-20-118.) However, educational institutions may deduct the income from charges for lodging made to students. These amounts are defined by law as being tuition.

(iv) Amounts received by private schools for providing meals to students where the meals are provided exclusively for students, teachers, staff, and their guests. However, refer to the comments under retailing for the taxability of meals sold to guests of students. Income from providing meals to students by educational institutions is deductible.

(v) Amounts received from owners of coin operated vending machines or amusement devices for allowing the placement of those machines on the premises of the school. (Refer also to WAC 458-20-187.)

(b) Retailing. Activities and sources of income subject to the retailing B&O tax include, but are not limited to, the following:

(i) Sales of tangible personal property or services classified as retail sales. This includes sales of books and supplies to students where these materials are not supplied as part of the tuition charge. Sales of academic transcripts are exempt from tax. RCW 82.04.399.

(ii) Sales of meals to guests of students.

(iii) Sales of meals or prepared foods in facilities which are generally open to the public, including those sold to students. (See also WAC 458-20-119.)

(4) Retail sales tax. The retail sales tax applies to all retail sales including, but not limited to, those identified in subsection (3) of this section, unless a specific statutory exemption applies.

(a) Educational institutions, school districts, student organizations, and private schools, including departments or institutions of the state of Washington, are required to collect the retail sales tax on sales of tangible personal property and retail services to consumers, even though such sales may be exempt from the retailing B&O tax. Retail sales tax exemptions are provided for sales of academic transcripts (RCW 82.08.02537 and certain food products (RCW 82.08.0293 and 82.08.0297, and WAC 458-20-244).

(b) Amounts derived from charges between departments or institutions of the state of Washington, or between departments of the same entity, constitute interdepartmental charges and are not subject to the retailing or retail sales tax. (See WAC 458-20-201 and 458-20-189.)

(c) Persons selling merchandise through vending machines should refer to WAC 458-20-187.

(5) Deferred sales or use tax. Educational institutions, school districts, student organizations, and private schools are required to report the deferred sales or use tax upon the use of all tangible personal property purchased or acquired under conditions whereby the Washington retail sales tax has not been paid, unless a specific statutory exemption applies. If items are purchased for dual purposes (i.e., for both consumption and resale), a tax paid at source deduction may be claimed for the cost of the articles resold upon which retail sales tax was previously paid. (See WAC 458-20-102.)

(a) These organizations are the consumers of food or beverage products which are ingredients of meals that are furnished to students and faculty. However, certain food products are exempt from the retail sales and/or use tax. RCW 82.12.0293 and 82.12.0297, and WAC 458-20-244.

(b) Use tax exemptions are also provided for the following:

(i) Academic transcripts. RCW 82.12.0347.
(ii) Computers, computer components, computer accessories, or computer software irrevocably donated to any public or private nonprofit school or college in this state, as defined by chapter 84.36 RCW. For the purposes of this exemption, RCW 82.04.215 defines "computer" as an electronic device that accepts information in digital or similar form and manipulates it for a result based on a sequence of instructions. RCW 82.12.0284. This exemption is available to both the donor and the private nonprofit school or college receiving the donation.

(iii) Tangible personal property donated to a nonprofit charitable organization or state or local governmental entity including the subsequent use of the property by a person to whom the property is donated or bailed by the nonprofit charitable organization, or state or local governmental entity, if used to further the purpose of that organization.

(iv) The donation of tangible personal property without intervening use to a nonprofit charitable organization, or the incorporation of tangible personal property without intervening use into real or personal property of or for a nonprofit charitable organization in the course of installing, repairing, cleaning, altering, imprinting, improving, constructing, or decorating the real or personal property for no charge. RCW 82.12.02595.

(v) Motor vehicles equipped with dual controls loaned to and exclusively used by a school in connection with the school’s driver training program. This exemption is available to both the donor and the school receiving the donation. For the purposes of this exemption, RCW 82.12.0264 limits the term "school" to:

(A) The University of Washington, Washington State University, the regional universities, The Evergreen State College, and the state community colleges;

(B) Any public, private, or parochial school accredited by either the state board of education or by the University of Washington (the state accrediting station); or

(C) Any public vocational school meeting the standards, courses, and requirements established and prescribed or approved in accordance with the Community College Act of 1967.

(6) Nursery schools, preschools, child care providers, privately operated kindergartens, and persons monitoring home child care facilities. Income received by nursery schools, preschools, child care providers, and privately operated kindergartens for the care or education of children who are under eight years of age and not enrolled in or above the first grade is exempt from the B&O tax. RCW 82.04.4282. Such persons are, however, subject to B&O tax upon the gross proceeds derived from providing child care to children who are eight years of age or older or enrolled in or above the first grade.

Persons providing child care for periods of less than twenty-four hours are subject to tax under the child care B&O classification. RCW 82.04.2905. The service and other activities B&O tax classification applies to child care services provided for periods in excess of twenty-four hours. Nursery schools, preschools, and child care providers receiving both taxable and exempt income must properly segregate such income in their books of account.

(a) The B&O tax does not apply to income derived by a church for the care of children of any age for periods of less than twenty-four hours, provided the church is exempt from property tax under RCW 84.36.020. RCW 82.04.339.

(b) Persons who monitor home child care facilities under one or more federal nutrition programs are required to register with the department and are taxable on their gross income under the service and other classification of the B&O tax. These monitors contract with, and are accountable to the superintendent of public instruction which receives funds from the United States Department of Agriculture and disburses funds to each monitor. Commonly, a portion of the funds received by the monitor is required by law to be passed directly to the home child care facilities for the provision of qualifying meals. That portion of the funds received by the monitor may be taken as a "reimbursement" deduction on the monitor's excise tax return, so that the monitor is subject to B&O tax only on the portion of funds retained for the rendering of services.

(7) Examples. The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all of the facts and circumstances.

(a) MN University is an educational institution created by the state of Washington. MN University operates a book store at which it sells text books, school supplies, and apparel to students and nonstudents. As an institution of the state of Washington, MN University is exempt from the B&O tax with respect to all sales, irrespective that sales are made to nonstudents. However, MN is required to collect and remit retail sales tax on its gross proceeds of sales made through its book store.

(b) DMG College is a degree-granting institution accredited by an accrediting association recognized by the United States Secretary of Education. DMG College is an educational institution operated by a church. DMG makes charges to its students for tuition, meals, and lodging. It also receives income for occasionally providing lodging and meals to guests of its students during the year. DMG also rents its conference and dormitory facilities to various groups during the summer, providing cafeteria services when needed. The income from tuition, meals, and lodging received from the students is exempt of B&O and retail sales tax because this entity comes within the definition of an educational institution. DMG must report the retailing B&O tax and collect and remit retail sales tax upon the gross proceeds derived from the sales of meals and prepared foods to the conference attendees and guests. The income derived from the rental of the conference and dormitory facilities to various groups and student guests is subject to the service B&O tax. The college is not considered as holding itself out for the sale of lodging to the general public.

(c) JB College is an educational institution which is not a department or institution of the state of Washington. JB College has converted five housing units from student use for use by nonstudents. Guests of the administration use these units for stays of two or three days, and are charged a specific amount per night. The college provides linen, towels, etc., to the users. These units are always rented for periods under thirty days. JB College must report this rental income under the retailing B&O tax and collect and remit retail sales tax. This income is not derived from the occasional rental of stu-
dent lodging facilities, but is derived from the rental of accommodations specifically maintained for public use.

(d) Jane Doe operates a private preschool and kindergarten, providing care and elementary education for children. She also provides after hours child care. Jane Doe may claim a deduction for the income received for the care and education of children under eight years old and not enrolled in or above the first grade, provided this income is properly segregated in her books of account. The income attributable to the care of children at or above the first grade level, i.e., eight years old or enrolled in or above the first grade, is subject to the child care B&O tax. Jane Doe may be able to reduce or eliminate any child care B&O tax liability if she qualifies for the small business B&O tax credit. RCW 82.04.4451 and WAC 458-20-104.

WAC 458-20-17902 Brokered natural gas—Use tax.

(1) Introduction. RCW 82.12.022 and 82.14.230 impose state and local use taxes on the use of natural gas or manufactured gas by a consumer, if the person who sold the gas to the consumer has not paid public use tax on that sale. This use tax is imposed only for natural gas delivered to a consumer through a pipeline. The use tax is applied at the same rate as the state and city public utility taxes. This section explains how this use tax applies and how it is reported to the department.

(2) Definitions. For the purpose of this section:

(a) "Brokered natural gas" means natural gas purchased by a consumer from a source out of the state and delivered to the consumer in this state.

(b) "Value of gas consumed or used" means the purchasing price of the gas to the consumer and generally must include all or part of the transportation charges as explained later.

(3) Applicability of use tax. The distribution and sale of natural gas in this state is generally taxed under the state and city public utility taxes. With changing conditions and federal regulations, it is now possible to have natural gas brokered from out of the state and sold directly to the consumer. If this occurs and the public utility taxes have not been paid, RCW 82.12.022 (state) and RCW 82.14.230 (city) impose a use tax on the brokered natural gas at the same rate as the state and city public utility taxes.

(4) State tax. When the use tax applies, the rate of tax imposed is equal to the public utility tax on gas distribution business under RCW 82.16.020 (1)(c). The rate of tax applies to the value of the gas consumed or used and is imposed upon the consumer.

(5) City tax. Cities are given the authority to impose a use tax on brokered natural gas. When imposed and applicable, the rate of tax is equal to the tax on natural gas business under RCW 35.21.870 on the value of gas consumed or used and is imposed on the consumer.

[Statutory Authority: RCW 82.32.300 and 82.01.060(2), 07-10-056, § 458-20-167, filed 4/27/07, effective 5/28/07. Statutory Authority: RCW 82.32-300, 99-03-005, § 458-20-167, filed 1/7/99, effective 2/7/99; 94-07-047, § 458-20-167, filed 3/10/94, effective 4/10/94; 83-07-032 (Order ET 83-15), § 458-20-167, filed 3/15/83; Statutory Authority: RCW 82.01.060(2) and 82.32.300, 78-07-045 (Order ET 78-4), § 458-20-167, filed 6/27/78; Order ET 70-3, § 458-20-167 (Rule 167), filed 5/29/70, effective 7/1/70.]
(c) Service address of consumer if different from mailing address.

(9) Collection and administration. Use tax on brokered natural gas must be filed with the department by the consumer on forms and records prescribed by the department. Such forms and records must be accompanied by the remittance of the tax. The department's authority to collect this tax is found in RCW 82.12.020 and 82.14.050.

[Statutory Authority: RCW 82.32.300, 82.01.060(2), 82.12.022 and 82.14.230, 07-24-055, § 458-20-17902, filed 12/3/07, effective 1/3/08. Statutory Authority: RCW 82.32.300. 90-17-068, § 458-20-17902, filed 8/16/90, effective 9/16/90.]

WAC 458-20-185 Tax on tobacco products. (1) Introduction. This rule explains the tax liabilities of persons engaged in business as retailers or distributors of tobacco products other than cigarettes. The tax on tobacco products (also called "other tobacco products tax," "tobacco tax," or "OTP tax") is in addition to all other taxes owed, such as retailing or wholesaling business and occupation tax, sales tax, and litter tax. See WAC 458-20-186 for tax liabilities associated with taxes that apply exclusively to cigarettes.

(2) Organization of rule. The information provided in this rule is divided into five parts:

(a) Part I provides definitions and explains the tax liabilities of persons engaged in the business of selling or distributing tobacco products (excluding cigarettes) in this state.

(b) Part II explains the licensing requirements and responsibilities for persons making wholesale or retail sales of tobacco products in this state.

(c) Part III explains the requirements and responsibilities for persons transporting tobacco products in Washington.

(d) Part IV explains the recordkeeping requirements and enforcement of the tobacco tax.

(e) Part V describes the credits for tax paid and the procedures that must be followed to qualify for credit.

Part I - Tax on Tobacco Products (excluding Cigarettes)

(101) In general. The Washington state tobacco products tax is due and payable by the first distributor who possesses tobacco products in this state. The measure of the tax in most instances is based on the actual price paid by the distributor for the tobacco product, unless the distributor is affiliated with the seller.

(102) Definitions. For the purposes of this rule, the following definitions apply:

(a) "Actual price" means the total amount of consideration for which tobacco products are sold, valued in money, whether received in money or otherwise, including any charges by the seller necessary to complete the sale such as charges for delivery, freight, transportation, or handling.

(b) "Affiliated" means related in any way by virtue of any form or amount of common ownership, control, operation, or management.

(c) "Board" means the liquor control board.

(d) "Business" means any trade, occupation, activity, or enterprise engaged in for the purpose of selling or distributing tobacco products in this state.

(e) "Cigar" means a roll for smoking that is of any size or shape and that is made wholly or in part of tobacco, irrespective of whether the tobacco is pure or flavored, adulterated or mixed with any other ingredient, if the roll has a wrapper made wholly or in greater part of tobacco. "Cigar" does not include a cigarette.

(f) "Cigarette" has the same meaning as in RCW 82.24.010.

(g) "Department" means the department of revenue.

(h) "Distributor" means:

(i) Any person engaged in the business of selling tobacco products in this state who brings, or causes to be brought, into this state from without the state any tobacco products for sale;

(ii) Any person who makes, manufactures, fabricates, or stores tobacco products in this state for sale in this state;

(iii) Any person engaged in the business of selling tobacco products from outside this state who ships or transports tobacco products to retailers in this state, to be sold by those retailers;

(iv) Any person engaged in the business of selling tobacco products in this state who handles for sale any tobacco products that are within this state but upon which tax has not been imposed. RCW 82.26.010 (3)(a) through (d). (For example, Sunshine Tobacco Shop ("Sunshine") buys cigars from an out-of-state manufacturer for resale to consumers in this state. The cigars are shipped to Sunshine via common carrier. In this instance, Sunshine is a distributor, must have both a retailer's and a distributor's license, and must pay the tobacco products tax on the products it brings into the state. However, if Sunshine bought its merchandise exclusively from in-state distributors that have paid the tobacco products tax on that merchandise, Sunshine would not be considered a distributor, and would need only a retailer's license.)

(i) "Indian," "Indian country," and "Indian tribe" have the same meaning as defined in chapter 82.24 RCW and WAC 458-20-192.

(j) "Manufacture" means the production, assembly, or creation of new tobacco products. For the purposes of this rule, "manufacture" does not necessarily have the same meaning as provided in RCW 82.04.120.

(k) "Manufacturer" means a person who manufactures and sells tobacco products.

(l) "Manufacturer's representative" means a person hired by a manufacturer to sell or distribute the manufacturer's tobacco products, and includes employees and independent contractors.

(m) "Person" means any individual, receiver, administrator, executor, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, municipal corporation, the state and its departments and institutions, political subdivision of the state of Washington, corporation, limited liability company, association, society, any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise. The term excludes any person immune from state taxation, including the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country.

(n) "Place of business" means any place where tobacco products are sold or where tobacco products are manufactured, stored, or kept for the purpose of sale, including any vessel, vehicle, airplane, train, or vending machine.

[2008 WAC Supp—page 11]
(o) "Retailer" means any person engaged in the business of selling tobacco products to ultimate consumers.

(p) "Retail outlet" means each place of business from which tobacco products are sold to consumers.

(q) "Sale" means:

(i) Any transfer, exchange, or barter, in any manner or by any means whatsoever, for a consideration, and includes and means all sales made by any person.

(ii) The term "sale" includes a gift by a person engaged in the business of selling tobacco products, for advertising, promoting, or as a means of evading the provisions of this chapter.

(r) "Sample" and "sampling" have the same meaning as in RCW 70.155.010.

(s) "Store," "stores," or "storing" means the holding of tobacco products for later sale or delivery inside or outside this state. For example:

(i) Wilderness Enterprises ships products from out-of-state to its Kent warehouse. All products are intended for future sale to Alaska. Wilderness Enterprises is a distributor that stores tobacco products in this state. Wilderness Enterprises is liable for tobacco products tax on the products stored in this state. (However, see subsection (501) of this section for credits that may be available to Wilderness Enterprises for out-of-state sales.)

(ii) Cooper Enterprises brings tobacco products into this state for sale. It rents storage space from a third party, Easy Storage. Cooper Enterprises (the distributor), not Easy Storage, is responsible for the tax and reporting requirements on the stored tobacco products.

(t) "Taxable sales price" means:

(i) In the case of a taxpayer that is not affiliated with the manufacturer, distributor, or other person from whom the taxpayer purchased tobacco products, the actual price for which the taxpayer purchased the tobacco products. For purposes of this subsection, "person" includes both persons as defined in (m) of this subsection and any person immune from state taxation, including the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country;

(ii) In the case of a taxpayer that purchases tobacco products from an affiliated manufacturer, affiliated distributor, or other affiliated person, and that sells those tobacco products to unaffiliated distributors, unaffiliated retailers, or ultimate consumers, the actual price for which that taxpayer sells those tobacco products to unaffiliated distributors, unaffiliated retailers, or ultimate consumers.

For purposes of this subsection, "person" includes both persons as defined in (m) of this subsection and any person immune from state taxation, including the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country;

(iii) In the case of a taxpayer that sells tobacco products only to affiliated distributors or affiliated retailers, the price, determined as nearly as possible according to the actual price for which other distributors sell similar tobacco products of like quality and character to unaffiliated distributors, unaffiliated retailers, or ultimate consumers;

(iv) In the case of a taxpayer that is a manufacturer selling tobacco products directly to ultimate consumers, the actual price for which the taxpayer sells those tobacco products to ultimate consumers;

(v) In the case of a taxpayer that has acquired tobacco products under a sale as defined in (q)(ii) of this subsection, the price, determined as nearly as possible according to the actual price for which the taxpayer or other distributors sell the same tobacco products or similar tobacco products of like quality and character to unaffiliated distributors, unaffiliated retailers, or ultimate consumers; or

(vi) In any case where (t)(i) through (v) of this subsection do not apply, the price, determined as nearly as possible according to the actual price for which the taxpayer or other distributors sell the same tobacco products or similar tobacco products of like quality and character to unaffiliated distributors, unaffiliated retailers, or ultimate consumers.

(u) "Taxpayer" means a person liable for the tax imposed by chapter 82.26 RCW.

(v) "Tobacco products" means cigars, cheroots, stories, periques, granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco, snuff, snuff flour, cavendish, plug and twist tobacco, fine-cut and other chewing tobaccos, shorts, refuse scraps, clippings, cuttings and sweepings of tobacco, and other kinds and forms of tobacco, including wrapping papers or tubes that contain any amount of tobacco (such as "blunts"), prepared in such manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking, but shall not include cigarettes as defined in RCW 82.24.010.

(w) "Unaffiliated distributor" means a distributor that is not affiliated with the manufacturer, distributor, or other person from whom the distributor has purchased tobacco products.

(x) "Unaffiliated retailer" means a retailer that is not affiliated with the manufacturer, distributor, or other person from whom the retailer has purchased tobacco products.

(103) Imposition of tax. RCW 82.26.030 as amended effective July 1, 2005, states: "It is the further intent and purpose of this chapter that the distributor who first possesses the tobacco product in this state shall be the distributor liable for the tax and that in most instances the tax will be based on the actual price that the distributor paid for the tobacco product, unless the distributor is affiliated with the seller." The tax is imposed at the time the first distributor possesses the product in this state for sale. RCW 82.26.020(2).

Examples. The following examples, while not exhaustive, illustrate some of the circumstances in which the tax is imposed. These examples should be used only as a general guide. The status of each situation must be determined after a review of all of the facts and circumstances.

(a) BET Wholesalers sells and ships tobacco products from Kentucky via common carrier to Surprise Enterprises in Washington. The tax is due from Surprise Enterprises a licensed distributor, because it is the first possessor in Washington that holds the product for sale. However, BET Distributors must give the liquor control board (LCB) notice of its intent to ship tobacco products into this state.

(b) BET Wholesalers sells and ships tobacco products in its own trucks from Kentucky to Jamie's Enterprises, a licensed distributor in Washington. The tax is due from BET
Wholesalers, because it is the first possessor in Washington that holds the product for sale.

(c) Garden State Cigars is located in New Jersey. It ships its products to Washington retailers via National Common Carrier. The retailers must be licensed as distributors and are liable for the tax. However, Garden State Cigars must give the liquor control board (LCB) notice of its intent to ship tobacco products into this state.

(104) Rates. The Washington state tobacco tax is an excise tax levied on the taxable sales price as defined in RCW 82.26.010. The rate is a combination of statutory rates found in RCW 82.26.020.

(105) Promotions.

(a) Tobacco products sold, provided at a reduced cost, or given away for advertising or any other purpose are taxed in the same manner as if they were sold, used, consumed, handled, possessed, or distributed in this state. RCW 82.26.010 (5)(b). The taxable sales price for the tobacco products is the actual price for which the taxpayer or other distributors sell the same tobacco products, or a maximum of 67 cents each for cigars. RCW 82.26.010(18).

For example, Etta's (an out-of-state manufacturer) gives Joe's Distributing 500 cigars and 200 cans of snuff as a promotion. Etta's and Joe's Distributing are unaffiliated. Joe's Distributing normally sells this brand of cigars for $1.00 each and the snuff for $2.50 each to unaffiliated distributors and/or retailers. Joe's Distributing owes tobacco products tax on this merchandise. Because Joe's Distributing normally sells each cigar for more than 67 cents, the tobacco products tax is calculated on the cigars at 50 cents each (500 x 0.50 = $250). The tobacco products tax on the snuff is calculated at 75% of Joe's normal selling price to unaffiliated buyers (200 x $2.50 = $500 x 75% = $375) for a total tobacco products tax of $625.

(b) If a product is purchased or sold at a discount in a promotion characterized as a "2 for 1" or similar sale, the tax is calculated on the actual prorated consideration the buyer paid to the unaffiliated distributor, or a maximum of 67 cents a cigar.

For example:

(i) Duke Distributing (an out-of-state wholesaler) ships tobacco products via common carrier to Lem's Tobacco Shop (an unaffiliated Washington retailer). Duke invoices Lem's for $1,500. The sale includes 200 cigars priced "buy one for $2 and get one free"; the balance of the sale is chewing tobacco priced at $1,300. Lem's Tobacco Shop is liable for the tax. The tax on the chewing tobacco is $975 ($1,300 x 75%). Each cigar costs Lem's Tobacco Shop $1 ($200/200 cigars = $1 per cigar). Because each cigar costs more than 67 cents, the tax on the cigars is capped at $0.50 each. The tax on the cigars is $100 (200 cigars x $0.50 = $100). Total tobacco products tax due on the invoice is $1,075.

(ii) Shasta Distributing (an out-of-state wholesaler) ships OTP in its own trucks to Lem's Tobacco Shop (an unaffiliated Washington retailer). Shasta invoices Lem's for $1,500. The sale includes 200 cigars priced "buy one for $2 and get one free"; the balance of the sale is chewing tobacco priced at $1,300. Shasta Distributing owes the tax. Shasta originally purchased the products from an unaffiliated manufacturer for $300 ($100 for the cigars and $200 for the chewing tobacco). The tax on the chewing tobacco is $150 ($200 x 75%). The tax due on the invoice is $1,075. The tax on the cigars is $75 ($100 x 75% = $75), because the cigars cost less than 67 cents each ($100/200 cigars = 50 cents per cigar). Total tobacco tax due on the invoice is $225.

(iii) Wind Blown Distributing (an out-of-state wholesaler) ships tobacco products in its own trucks to Lem's Tobacco Shop (an unaffiliated retailer located in this state). Wind Blown invoices Lem's for $1,500. The sale includes 200 cigars priced "buy one for $2 and get one free"; the balance of the sale is chewing tobacco priced at $1,300. Wind Blown Distributing owes the tax. Wind Blown originally purchased the products from an affiliated manufacturer for $100 ($25 for the cigars and $75 for the chewing tobacco). The measure of the tax is the actual price for which Wind Blown sells these products to unaffiliated buyers, i.e., Lem's. The tax due on the chewing tobacco is $975 ($1,300 x 75%). The tax on the cigars is $100 (200 cigars x 50 cents). The tax on the cigars is capped at $0.50 each, because each cigar costs more than 67 cents ($200/200 cigars = $1 per cigar). Total tobacco tax due on the invoice is $1,075.

Part II - Wholesale and Retail Tobacco Products Vendor Licensing Requirements and Responsibilities

(201) License required. No person may engage in the retail or wholesale distribution of tobacco products in this state without a license.

(202) Distributor's license. Prior to selling or distributing tobacco products from a stock of goods in Washington or to retailers in Washington, each distributor must first obtain a tobacco distributor's license from the department of licensing.

(a) Background check. Each distributor must undergo a criminal background check before a license will be issued. Chapter 82.26 RCW. The background check must be completed to the satisfaction of the liquor control board and the department. Failure to provide information sufficient to complete the background check may result in denial of the license. A background check will not be required if the applicant has had a background check for a license issued under chapter 66.24 or 82.24 RCW.

(b) Application. Application for license or renewal of license is made on forms supplied by the department of licensing and must be accompanied by the annual license fee as provided in chapter 82.26 RCW. A distributor's license is valid for one year from the date it is issued. The annual fees will not apply if the licensee pays the corresponding annual distributor cigarette fees under RCW 82.24.510.

(c) Multiple locations. If the distributor sells, intends to sell, or stores tobacco products at more than one place of business, whether temporary or permanent, a separate license with a license fee as provided in chapter 82.26 RCW is required for each additional place of business. Each license must be exhibited in the place of business for which it is issued.

(203) Duties and responsibilities of licensed distributors.

(a) Sales restricted. Wholesalers selling tobacco products in this state may sell tobacco products only to Washington retailers or wholesalers who have a current tobacco license, to other licensed wholesalers, the federal government or its instrumentalities, or to Indian tribal entities authorized to possess untaxed tobacco products.
(b) **Manufacturer's representatives.** Manufacturers selling tobacco products through manufacturer's representatives must provide the department a current list of the names, addresses and telephone numbers of all such representatives. The list is mailed to: Washington State Department of Revenue, P.O. Box 47477, Olympia, WA 98504. The manufacturer must have a distributor's license and its representatives must carry a copy of the manufacturer's distributor license at all times when selling or distributing the manufacturer's tobacco products.

(204) **Retail license.** Prior to the retail sale or distribution of tobacco products, each retailer must first be issued a retail tobacco license from the department of licensing. A license is required for each location at which tobacco products are sold at retail. Each license must be exhibited at the place of business for which it is issued.

**Application.** Applications for license or renewals of license are made on forms supplied by the department of licensing and must be accompanied by the annual license fee as provided in chapter 82.26 RCW. A retail tobacco license is valid for one year from the date it is issued. The annual fees will not apply if the licensee pays the corresponding annual retailer cigarette fees under RCW 82.24.510.

(205) **Duties and responsibilities of retailers.** A retailer that obtains tobacco products from an unlicensed distributor or any other person that is not licensed under this chapter must be licensed both as a retailer and a distributor and is liable for the tax imposed under RCW 82.26.020 with respect to the tobacco products acquired from the unlicensed person that are held for sale, handling, or distribution in this state. For example, if a retailer buys tobacco products from an Indian smoke shop or an out-of-state wholesaler who does not have a tobacco distributor license, the retailer must obtain a distributor license and pay the tobacco tax due.

(206) **Suspension or revocation of wholesale or retail tobacco licenses.**

(a) The department has full power and authority to suspend or revoke the license of any wholesale or retail tobacco dealer in the state upon sufficient showing that the license holder has violated the provisions of chapter 82.26 RCW or this rule. See RCW 82.26.220 and WAC 458-20-10001 for information on the procedures pertaining to suspension or revocation of cigarette licenses.

(b) Any person possessing both a tobacco products license and a cigarette license is subject to suspension and revocation of both licenses for violation of either chapter 82.24 or 82.26 RCW. For example, if a person has both a cigarette license and a tobacco license, revocation of the tobacco license will also result in revocation of the cigarette license.

(c) A person whose license has been suspended or revoked must not sell or permit the sale of tobacco products or cigarettes on premises occupied or controlled by that person during the period of the suspension or revocation.

(d) Any person whose license has been revoked must wait one year following the date of revocation before requesting a hearing for reinstatement. Reinstatement hearings are held pursuant to WAC 458-20-10001.

### Part III - Transporting Tobacco Products in Washington

(301) **Transportation of tobacco products restricted.**

(a) Only licensed distributors or retailers in their own vehicles, or manufacturer's representatives authorized to sell or distribute tobacco products in this state, can transport tobacco products in this state. Individuals transporting the product must have a copy of a valid retailer's or distributor's license in their possession and evidence that they are representatives of the licensees. Individuals transporting tobacco products for sale must also have in their possession invoices or delivery tickets for the tobacco products that show the name and address of the consignor or seller, the name and address of the consignee or purchaser, and the quantity and brands of the tobacco products being transported. It is the duty of the distributor, retailer, or manufacturer responsible for the delivery or transportation of the tobacco products to ensure that all drivers, agents, representatives, or employees have the delivery tickets or invoices in their possession for all such shipments.

(b) All other persons must give notice to the board in advance of transporting or causing tobacco products to be transported in this state for sale. This includes those transporting tobacco products in this state via common carrier. For example: Peg's Primo Cigars (PPC), a small out-of-state distributor, sells tobacco products to retailers in Washington. PPC ships the products via National Common Carrier. Before placing the product in shipment to Washington, PPC must give notice to the board of the pending shipment. The notice must include the name and address of the consignor or seller, the name and address of the consignee or purchaser, the quantity and brands of the tobacco products being transported, and the shipment date.

### Part IV - Recordkeeping and Enforcement

(401) **Books and records.** An accurate set of records showing all transactions related to the purchase, sale, or distribution of tobacco products must be retained. RCW 82.26.060, 82.26.070 and 82.26.080. All records must be preserved for five years from the date of the transaction.

(a) **Distributors.** Distributors must keep at each place of business complete and accurate records for that place of business. The records to be kept by distributors include itemized invoices of tobacco products held, purchased, manufactured, brought in or caused to be brought in from without the state or shipped to retailers in this state, and of all sales of tobacco products. The itemized invoice for each purchase or sale must be legible and must show the seller's name and address, the purchaser's name and address, the date of sale, and all prices and discounts. Itemized invoices must be preserved for five years from the date of sale.

(b) **Retailers.** Retailers must secure itemized invoices of all tobacco products purchased. The itemized invoice for each purchase must be legible and must show the seller's name and address, the purchaser's name and address, the date of sale, and all prices and discounts. Itemized invoices must be preserved for five years from the date of sale. Retailers are responsible for the tax on any tobacco products for which they do not have invoices.

(402) **Reports and returns.** The department may require any person dealing in tobacco products in this state to
(a) **Tax returns.** The tax is reported on the combined excise tax return that must be filed according to the reporting frequency assigned by the department. Detailed instructions for preparation of these returns may be obtained from the department.

(b) **Reports.** Retailers and distributors may be required to file a report with the department in compliance with the provisions of the National Uniform Tobacco Settlement when purchasing tobacco products (e.g., "roll your own tobacco") from certain manufacturers. Please see WAC 458-20-264 and chapter 70.157 RCW.

(403) **Criminal provisions.** Chapter 82.26 RCW prohibits certain activities with respect to tobacco products. Persons handling tobacco within this state must refer to these statutes.

(404) **Search, seizure, and forfeiture.** Any tobacco products in the possession of a person selling tobacco in this state without a license or transporting tobacco products without the proper invoices or delivery tickets may be seized without a warrant by any agent of the department, agent of the board, or law enforcement officer of this state. In addition, all conveyances, including aircraft, vehicles, or vessels used to transport the illegal tobacco product may be seized and forfeited.

(405) **Enforcement.** Pursuant to RCW 82.26.121 and 66.44.010, enforcement officers of the liquor control board may enforce all provisions of the law with respect to the tax on tobacco products. Retailers and distributors must allow department personnel and enforcement officers of the liquor control board free access to their premises to inspect the tobacco products on the premises and to examine the books and records of the business. If a retailer fails to allow free access, or hinders, or interferes with department personnel and/or enforcement officers of the liquor control board, that retailer's registration certificate issued under RCW 82.32.030 is subject to revocation. Additionally, any licenses issued under chapter 82.26 or 82.24 RCW are subject to suspension or revocation by the department.

(406) **Penalties.** Penalties and interest may be assessed in accordance with chapter 82.32 RCW for nonpayment of tobacco tax.

### Part V - Credits

(501) **Credits.**

(a) **Interstate and foreign sales.** A credit is available to distributors for tobacco products sold to retailers and wholesalers outside the state for resale. This credit may be taken only for the amount of tobacco products tax reported and previously paid on such products. RCW 82.26.110. No credit may be taken for a sale of tobacco products from a stock of goods in this state to a consumer outside the state.

(b) **Returned or destroyed goods.** A credit may be taken for tax previously paid when tobacco products are destroyed or returned to the manufacturer. Credits claimed against tax owed or as a refund of tax paid, must be supported by documentation.

(c) **Documentation.** Credits claimed against tax owed or as a refund of tax paid, must be supported by documentation. Affidavits or certificates are required, and must substantially conform to those illustrated below. The affidavits or certificates must be completed by the taxpayer prior to claiming the credit, and must be retained with the taxpayer's records as set forth in Part VI of this rule.

### Claim for Credit on Tobacco Products Sold for Resale Outside Washington

The undersigned distributor under penalty of perjury under the laws of the state of Washington certifies that the following is true and correct to the best of his/her knowledge:

- **(Business name), (tax reporting number),** purchased the tobacco products specified below for resale outside this state. Tobacco products tax has been paid on such tobacco products as set forth below.

The undersigned certifies under penalty of perjury under the laws of the state of Washington that the following is true and correct to the best of his/her knowledge:
requirements associated with tobacco products other than cigarettes. The tax on cigarettes is in addition to all other taxes owed. For example, retailers and wholesalers are liable for business and occupation tax on their retailing or wholesaling activities, and must collect and remit sales tax on retail sales of cigarettes. Consumers pay the cigarette tax in addition to sales or use tax on purchases of cigarettes for consumption within this state. (Wholesalers not licensed in the state of Washington who are making sales of cigarettes to Indians in accordance with a cigarette tax contract authorized by RCW 43.06.455 must comply with the specific terms of their individual contracts. See also WAC 458-20-192 regarding sales in Indian country.)

(2) Organization of rule. The information provided in this rule is divided into seven parts:

(a) Part I explains the tax liabilities of persons who sell, use, consume, handle, possess, or distribute cigarettes in this state.

(b) Part II explains the licensing requirements and responsibilities for persons making wholesale or retail sales of cigarettes in this state.

(c) Part III explains the stamping requirements and how the cigarette tax rates are calculated.

(d) Part IV describes the exemptions from the tax and the procedures that must be followed to qualify for exemption.

(e) Part V explains the requirements and responsibilities for persons transporting cigarettes in Washington.

(f) Part VI explains the requirements and responsibilities for persons engaged in making delivery sales of cigarettes into this state.

(g) Part VII explains the enforcement and administration of the cigarette tax.

Part I - Tax on Cigarettes

(a) Possession. For the purpose of this rule, a "possessor" of cigarettes is anyone who personally or through an agent, employee, or designee, has possession of cigarettes in this state.

(b) Payment. Payment of the cigarette tax is made through the purchase of stamps from banks authorized by the department of revenue (department) to sell the stamps. Only licensed wholesalers may purchase or obtain cigarette stamps. Except as specifically provided in Part IV of this rule, it is unlawful for any person other than a licensed wholesaler to possess unstamped cigarettes in this state. Consumers pay the cigarette tax in addition to sales or use tax on purchases of cigarettes for consumption within this state. (Wholesalers not licensed in the state of Washington who are making sales of cigarettes to Indians in accordance with a cigarette tax contract authorized by RCW 43.06.455 must comply with the specific terms of their individual contracts. See also WAC 458-20-192 regarding sales in Indian country.)

(c) Imposition of tax. Ordinarily, the tax obligation is imposed on and collected from the first possessor of unstamped cigarettes. However, failure of an exempt entity with an obligation to collect and remit the tax does not relieve a subsequent nonexempt possessor of unstamped cigarettes from liability for the tax.

(d) Promotions. Cigarettes given away for advertising or any other purpose are taxed in the same manner as if they were sold, used, consumed, handled, possessed, or distrib-
uted in this state, but are not required to have the stamp affixed. Instead, the manufacturer of the cigarettes must pay the tax on a monthly return filed with the department. See subsection (702) of this rule.

(102) Possession of cigarettes in Washington state.

(a) Every person who is (i) in possession of unstamped cigarettes in this state, and (ii) is not specifically exempt by law, is liable for payment of the cigarette tax as provided in chapter 82.24 RCW and this rule.

(b) Consumers who buy unstamped cigarettes or who purchase cigarettes from sources other than licensed retailers in this state must pay the cigarette tax as provided in subsection (702) of this rule when they first bring the cigarettes into this state or first possess them in this state. This requirement includes, but is not limited to, delivery sales as described in Part VI of this rule.

(c) Cigarettes purchased from Indian retailers. Special rules apply to cigarettes purchased from Indian retailers.

(i) Indians purchasing cigarettes in Indian country are exempt from the state cigarette tax; however, these sales must comply with WAC 458-20-192. Other consumers may purchase cigarettes for their personal consumption from "qualified Indian retailers" without incurring liability for state cigarette tax. A "qualified Indian retailer" is one who is subject to the terms of a valid cigarette tax contract with the state pursuant to RCW 43.06.455.

(ii) Consumers who purchase cigarettes from Indian retailers who are not subject to a cigarette tax contract with the state must comply with the reporting requirements and remit the cigarette tax as explained in subsection (702) of this rule. These consumers are also liable for the use tax on their purchases. See WAC 458-20-178.

(iii) It is the duty of the consumer in each instance to ascertain his or her responsibilities with respect to such purchases.

(d) Cigarettes purchased on military reservations. Active duty or retired military personnel, and their dependants, may purchase cigarettes for their own consumption on military reservations without paying the state tax (see Part IV). However, such persons are not permitted to give or resell those cigarettes to others.

(e) Counterfeit cigarettes. It is unlawful for any person to manufacture, sell, or possess counterfeit cigarettes. A cigarette is counterfeit if (i) it or its packaging bears any logo or marking used by a manufacturer to identify its own cigarettes, and (ii) the cigarette was not manufactured by the owner of that logo or trademark or by any authorized licensee of the manufacturer. RCW 82.24.570.

(f) Possession of unstamped and untaxed cigarettes, and possession of counterfeit cigarettes, are criminal offenses in this state. See Part VII.

Part II - Wholesale and Retail Cigarette Vendor Licensing Requirements and Responsibilities

(201) License required. No person, other than a government instrumentality or an Indian retailer as set forth in Part IV of this rule, may engage in the retail or wholesale distribution of cigarettes in this state without a license. No person may engage in the business of sampling within this state unless that person has first obtained a sampler's license. Failure to obtain the required license prior to sampling or selling cigarettes at wholesale or retail is a criminal act. RCW 70.155.050.

(202) Definitions. For the purposes of this rule, the following definitions apply:

(a) "Place of business" means any location where business is transacted with, or sales are made to, customers. The term includes, but is not limited to, any vehicle, truck, vessel, or the like at which sales are made.

(b) "Retailer" means every person, other than a wholesaler, who purchases, sells, offers for sale, or distributes cigarettes, regardless of quantity or amount, or the number of sales, and all persons operating under a retailer's registration certificate.

(c) "Retail selling price" means the ordinary, customary, or usual price paid by the consumer for each package of cigarettes, less the tax levied by the state.

(d) "Sample" and "sampling" have the same meaning as in RCW 70.155.010.

(e) "Wholesaler" means every person who purchases, sells, or distributes cigarettes, as defined in chapter 82.24 RCW, to retailers for the purpose of resale only.

(203) Wholesale license. Prior to the sale or distribution of cigarettes at wholesale, each wholesaler must first obtain a wholesale cigarette license from the department of licensing.

(a) Background check. Each wholesaler must undergo a criminal background check before a license will be issued. RCW 82.24.510. The background check must be completed to the satisfaction of the liquor control board and the department. Failure to provide information sufficient to complete the background check may, in the department's discretion, result in denial of the license.

(b) Application. Application for license or renewal of license is made on forms supplied by the department of licensing and must be accompanied by the annual license fee as provided in chapter 82.24 RCW. A wholesale cigarette license is valid for one year from the date it is issued.

(c) Multiple locations. If the wholesaler sells, or intends to sell, cigarettes at more than one place of business, whether temporary or permanent, a separate license with a license fee as provided in chapter 82.24 RCW is required for each additional place of business. Each license must be exhibited in the place of business for which it is issued.

(d) Bond required. Each licensed wholesaler must file a bond with the department in an amount determined by the department, but not less than $5,000.00. The bond must be executed by the wholesaler as principal, and by a corporation approved by the department of licensing and authorized to engage in business as a surety company in this state, as surety. The bond must run concurrently with the wholesaler's license.

(204) Duties and responsibilities of licensed wholesalers.

(a) Stamps. Only licensed wholesalers may purchase or obtain cigarette stamps. Wholesalers are prohibited by law from selling or providing stamps to any other wholesaler or person.

(b) Numbering. Each roll of stamps, or group of sheets, has a separate serial number. The department keeps records of which wholesaler purchases each roll or group of sheets. Wholesalers are prohibited from possessing stamps other than those specifically issued to them.
(c) Sales restricted. Wholesalers selling cigarettes in this state may sell cigarettes only to Washington retailers who have a current retail cigarette license, to other licensed wholesalers, or to Indian tribal entities authorized to possess cigarettes that are not taxed by the state.

(d) Unstamped cigarettes. Except as explained in Part IV of this rule, no person other than a licensed wholesaler may possess unstamped cigarettes in this state. (For the purpose of this rule, the term "unstamped cigarette" means any cigarette that does not bear a Washington state cigarette stamp as described in Part III of this rule.) Licensed wholesalers may possess unstamped cigarettes in this state only in the following circumstances:

(i) Licensed wholesalers may possess unstamped cigarettes for up to 72 hours after receipt; however, the cigarettes must be stamped on or before sale or transfer to any other party other than another licensed wholesaler. Licensed wholesalers may possess unstamped cigarettes for more than 72 hours after receipt if they receive prior written permission from the department to do so.

(ii) Licensed wholesalers who have furnished a surety bond in an amount determined by the department may set aside, without stamping, that portion of their stock reasonably necessary for conducting sales to persons outside this state or to instrumentalities of the federal government. All unstamped stock must be kept separate and apart from stamped stock.

(e) Transfers. Wholesalers in possession of unstamped cigarettes under subsection (204)(d) of this rule that are transferred by the wholesaler to another facility within this state must be transferred in compliance with RCW 82.24.250.

205 Retail license. Prior to the retail sale or distribution of cigarettes, each retailer must first be issued a retail cigarette license from the department of licensing. A license is required for each location at which cigarettes are sold at retail. Each license must be exhibited at the place of business for which it is issued.

(a) Application. Applications for license or renewal of license are made on forms supplied by the department of licensing and must be accompanied by the annual license fee as provided in chapter 82.24 RCW. A retail cigarette license is valid for one year from the date it is issued.

(b) Vending machines. Retailers operating cigarette vending machines are required to pay an additional annual fee as set forth in chapter 82.24 RCW for each vending machine.

206 Duties and responsibilities of retailers.

(a) No retailer in this state may possess unstamped cigarettes unless he or she is also a licensed wholesaler.

(b) Retailers may obtain cigarettes only from cigarette wholesalers licensed by this state.

207 Additional requirements for manufacturers, wholesalers, retailers, and samplers. Persons making wholesale or retail sales or engaged in the business of sampling of cigarettes in this state must comply with all the provisions of chapters 70.155 and 70.158 RCW. All cigarettes sold, delivered, or attempted to be delivered, in violation of RCW 70.155.105 are subject to seizure and forfeiture. RCW 82.24.130.

208 Suspension or revocation of wholesale or retail cigarette licenses.

(a) The department has full power and authority to revoke or suspend the license of any wholesale or retail cigarette dealer in the state upon sufficient showing that the license holder has violated the provisions of chapter 82.24 RCW or this rule. See RCW 82.24.550 and WAC 458-20-10001 for information on the procedures pertaining to suspension or revocation of cigarette licenses.

(b) Any person possessing both a cigarette license and a tobacco products license is subject to suspension and revocation of both licenses for violation of either chapter 82.24 or 82.26 RCW. For example, if a person has both a cigarette license and a tobacco license, revocation of the cigarette license will also result in revocation of the tobacco license.

(c) A person whose license has been suspended or revoked must not sell or permit the sale of cigarettes or tobacco products on premises occupied or controlled by that person during the period of the suspension or revocation.

(d) For the purposes of this rule, "tobacco products" has the same meaning as in RCW 82.26.010.

(e) Any person whose license has been revoked must wait one year following the date of revocation before requesting a hearing for reinstatement. Reinstatement hearings are held pursuant to WAC 458-20-10001.

Part III - Stamping and Rates

301 Cigarette stamps.

(a) Stamps indicating payment of the cigarette tax must be affixed prior to any sale, use, consumption, handling, possession, or distribution of all cigarettes other than those specifically exempted as explained in Part IV of this rule. The stamp must be applied to the smallest container or package, unless the department, in its sole discretion, determines that it is impractical to do so. Stamps must be of the type authorized by the department and affixed in such a manner that they cannot be removed from the package or container without being mutilated or destroyed.

(b) Licensed wholesalers may purchase state-approved cigarette stamps from authorized banks. Payment for stamps must be made at the time of purchase unless the wholesaler has prior approval of the department to defer payment and furnishes a surety bond equal to the proposed monthly credit limit. Payments under a deferred plan are due within thirty days following purchase. Licensed wholesalers are compensated for affixing the stamps at the rate of $6.00 per thousand stamps affixed ("stamping allowance"). (The stamping allowance is subject to business and occupation tax under the service and other business activities classification.)

302 Rates.

(a) The Washington state cigarette tax is imposed on a per cigarette basis. The rate of the tax is a combination of statutory rates found in RCW 82.24.020, 82.24.027, and 82.24.028.

(b) When the rate of tax increases, the first person who sells, uses, consumes, handles, possesses, or distributes previously taxed cigarettes after the rate increase is liable for the additional tax.

303 Refunds. Any person may request a refund of the face value of the stamps when the tax is not applicable and the stamps are returned to the department. Documentation supporting the claim must be provided at the time the claim for refund is made.
(a) Refunds for stamped untaxed cigarettes sold to Indian tribal members or tribal entities in the full value of the stamps affixed will be approved by an agent of the department.

(b) Refunds for stamped cigarettes will not include the stamping allowance if the stamps are:
   (i) Damaged, or unfit for sale, and as a result are destroyed or returned to the manufacturer or distributor; or
   (ii) Improperly or partially affixed through burns, jams, double stamps, stamped on carton flaps, or improperly removed from the stamp roll.

(c) The claim for refund must be filed on a form provided by the department. An affidavit or a certificate from the manufacturer for stamped cigarettes returned to the manufacturer for destruction or by an agent of the department verifying the voiding of stamps and authorizing the refund must accompany the claim for refund.

**Part IV - Exemptions**

(401) **In general.** There are limited exemptions from the cigarette tax provided by law. This part discusses exemptions and the procedures that must be followed to qualify for an exemption.

(402) **Government sales.** The cigarette tax does not apply to the sale of cigarettes to:
   (a) The United States Army, Navy, Air Force, Marine Corps, or Coast Guard exchanges and commissaries and Navy or Coast Guard ships' stores;
   (b) The United States Veteran's Administration; or
   (c) Any person authorized to purchase from the federal instrumentalities named in (a) or (b) above, if the cigarettes are purchased from the instrumentality for personal consumption.

(403) **Sales in Indian country.**
   (a) The definitions of "Indian," "Indian country," and "Indian tribe," in WAC 458-20-192 apply to this rule. "Cigarette contract" means an agreement under RCW 43.06.450 through 43.06.460.
   (b) The cigarette tax does not apply to cigarettes taxed by an Indian tribe in accordance with a cigarette contract under RCW 43.06.450 through 43.06.460.
   (c) The cigarette tax does not apply to cigarettes sold to an Indian in Indian country for personal consumption; however, those sales must comply with the allocation provisions of WAC 458-20-192. Sales made by an Indian cigarette outlet to nontribal members are subject to the tax, except as provided in (b) above.
   (d) See WAC 458-20-192 for information on making wholesale sales of cigarettes to Indians and Indian tribes.

(404) **Interstate commerce.** The cigarette tax does not apply to cigarettes sold to persons licensed as cigarette distributors in other states when, as a condition of the sale, the seller either delivers the cigarettes to the buyer at a point outside this state, or delivers the same to a common carrier with the shipment consigned by the seller to the buyer at a location outside this state. Any person engaged in making sales to licensed distributors in other states or making export sales or in making sales to the federal government must furnish a surety bond in a sum equal to twice the amount of tax that would be affixed to the cigarettes that are set aside for the conduct of such business without affixing cigarette stamps.

The unstamped stock must be kept separate and apart from any stamped stock.

**Part V - Transporting Cigarettes in Washington**

(501) **Transportation of cigarettes restricted.** No person other than a licensed wholesaler may transport unstamped cigarettes in this state except as specifically set forth in RCW 82.24.250 and this rule, or as may be allowed under a cigarette tax contract subject to the provisions of RCW 43.06.455. Licensed wholesalers transporting unstamped cigarettes in this state must do so only in their own vehicles unless they have given prior notice to the liquor control board of their intent to transport unstamped cigarettes in a vehicle belonging to another person.

(502) **Notice required.** Persons other than licensed wholesalers intending to transport unstamped cigarettes in this state must first give notice to the liquor control board of their intent to do so.

(503) **Transportation of unstamped cigarettes.** All persons transporting unstamped cigarettes must have in their actual possession invoices or delivery tickets for such cigarettes. The invoices or delivery tickets must show the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the cigarettes transported. It is the duty of the person responsible for the delivery or transport of the cigarettes to ensure that all drivers, agents, or employees have the delivery tickets or invoices in their actual possession for all such shipments.

(504) **Consignment.** If the cigarettes transported pursuant to subsection (501), (502), or (503) of this rule are consigned to or purchased by any person in this state, that purchaser or consignee must be a person who is authorized by chapter 82.24 RCW to possess unstamped cigarettes in this state.

(505) **Out-of-state shipments.** Licensed wholesalers shipping cigarettes to a point outside Washington or to a federal instrumentality must, at the time of shipping or delivery, report the transaction to the department. The report must show both (a) complete details of the sale or delivery, and (b) whether stamps have been affixed to the cigarettes.

The report may be made either by submitting a duplicate invoice or by completing a form provided by the department, and must be filed with the department as set forth in subsection (702) of this rule.

(506) **Compliance required.** No person may possess or transport cigarettes in this state unless the cigarettes have been properly stamped or that person has fully complied with the requirements of RCW 82.24.250 and this rule. Failure to comply with the requirements of RCW 82.24.250 is a criminal act. Cigarettes in the possession of persons who have failed to comply are deemed contraband and are subject to seizure and forfeiture under RCW 82.24.130.

**Part VI - Delivery Sales of Cigarettes**

(601) **Definitions.** The definitions in this subsection apply throughout this rule.

(a) "Delivery sale" means any sale of cigarettes to a consumer in the state where either: (i) The purchaser submits an order for a sale by means of a telephonic or other method of voice transmission, mail delivery, any other delivery ser-
vice, or the internet or other online service; or (ii) the cigarettes are delivered by use of mail delivery or any other delivery service. A sale of cigarettes made in this manner is a delivery sale regardless of whether the seller is located within or outside the state. (For example, "Royal Tax-free Smokes," located in the state of Vermont, offers sales via the internet and a toll-free telephone number, and ships its products to consumers in this state. These transactions are delivery sales.) A sale of cigarettes not for personal consumption to a person who is a wholesaler licensed under chapter 82.24 RCW or a retailer licensed under chapter 82.24 RCW is not a delivery sale.

(b) "Delivery service" means any private carrier engaged in the commercial delivery of letters, packages, or other containers, that requires the recipient of that letter, package, or container to sign to accept delivery.

(602) **Tax liability.** Cigarettes delivered in this state pursuant to a delivery sale are subject to tax as provided in Part I of this rule. Persons making delivery sales in this state are required to provide prospective consumers with notice that the sales are subject to tax pursuant to chapters 82.24 and 82.12 RCW, with an explanation of how the tax has been or is to be paid with respect to such sales.

(603) **Additional requirements.** Persons making delivery sales of cigarettes in this state must comply with all the provisions of chapter 70.155 RCW. All cigarettes sold, delivered, or attempted to be delivered, in violation of RCW 70.155.105 are subject to seizure and forfeiture. RCW 82.24.130.

**Part VII - Enforcement and Administration**

(701) **Books and records.** An accurate set of records showing all transactions related to the purchase, sale, or distribution of cigarettes must be retained. RCW 82.24.090. These records may be combined with those required in connection with the tobacco products tax (see WAC 458-20-185), if there is a segregation therein of the amounts involved. All records must be preserved for five years from the date of the transaction.

(702) **Reports and returns.** The department may require any person dealing with cigarettes in this state to complete and return forms, as furnished by the department, setting forth sales, inventory, and other data required by the department to maintain control over trade in cigarettes.

(a) Manufacturers and wholesalers selling stamped, unstamped, or untaxed cigarettes must submit a complete record of sales of cigarettes in this state monthly. This report is due no later than the fifteenth day of the calendar month and must include all transactions occurring in the previous month.

(b) Persons making sales of tax-exempt cigarettes to Indian tribes or Indian retailers pursuant to WAC 458-20-192 (9)(a) must transmit a copy of the invoice for each such sale to the special programs division of the department prior to shipment.

(c) Wholesalers selling stamped cigarettes manufactured by nonparticipating manufacturers as defined in WAC 458-20-264 must report all such sales to the special programs division no later than the twenty-fifth day of the calendar month and must include all transactions occurring in the previous month.

(d) Persons making sales of cigarettes into this state to other than a licensed wholesaler or retailer must file a report as required under Title 15, Chapter 10A, section 376 of the U.S. Code (commonly referred to as the "Jenkins Act" report). This report is due no later than the 10th day of each calendar month and must include all transactions occurring in the previous month.

(e) Persons shipping or delivering any cigarettes to a point outside of this state must submit a report showing full and complete details of the interstate sale or delivery as set forth in Part V of this rule. This report is due no later than the fifteenth day of the calendar month immediately following the shipment or delivery.

(f) Persons giving away unstamped cigarettes for advertising, promotional, or any other purpose, must report and pay the tax on the number of cigarettes distributed in this state.

(g) Consumers who buy unstamped cigarettes or who purchase cigarettes from sources other than licensed retailers in this state must pay the tax when they first bring the cigarettes into this state or first possess them in this state. The tax is paid with a "Tax Declaration for Cigarettes," which may be obtained from the department.

(703) **Criminal provisions.** Chapter 82.24 RCW prohibits certain activities with respect to cigarettes. Persons handling cigarettes within this state must refer to these statutes. The prohibited activities include, but are not limited to, the following:

(a) **Transportation or possession of 60,000 or fewer cigarettes.** Transportation or possession of 60,000 or fewer unstamped cigarettes is prohibited unless the notice requirements set forth in RCW 82.24.250 have been met; failure to meet those notice requirements is a gross misdemeanor. RCW 82.24.110 (1)(m).

(b) **Transportation or possession of more than 60,000 cigarettes.** Transportation or possession of more than 60,000 unstamped cigarettes is prohibited unless the notice requirements set forth in RCW 82.24.250 have been met; failure to meet those notice requirements is a felony. RCW 82.24.110 (2).

(c) **Forgery or counterfeiting of stamps.** Alteration, fabrication, forgery, and counterfeiting of stamps are felonies. RCW 82.24.100.

(d) **Counterfeit cigarettes.** The manufacture, sale, or possession of counterfeit cigarettes in this state is a felony. RCW 82.24.570.

(704) **Search, seizure, and forfeiture.** The department or the liquor control board may search for, seize, and subsequently dispose of unstamped cigarette packages and containers, counterfeit cigarettes, conveyances of all kinds (including aircraft, vehicles, and vessels) used for the transportation of unstamped and/or counterfeit cigarettes, and vending machines used for the sale of unstamped and/or counterfeit cigarettes. See RCW 82.24.130, et seq., for provisions relating to search, seizure, and forfeiture of property, possible redemption of property, and for treatment of such property in the absence of redemption.

(705) **Penalties.** RCW 82.24.120 provides a penalty for failure to affix the cigarette stamps or to cause the stamps to be affixed as required, or to pay any tax due under chapter 82.24 RCW. In addition to the tax deemed due, a penalty
equal to the greater of $10.00 per package of unstamped cigarettes or $250.00 will be assessed. Interest is also assessed on the amount of the tax at the rate as computed under RCW 82.32.050(2) from the date the tax became due until the date of payment. The department may, in its sole discretion, cancel all or part of the penalty for good cause.

[Statutory Authority: RCW 82.32.300 and 82.01.060(2). 07-04-119, § 458-20-186, filed 5/29/70, effective 7/1/70; Order ET 70-3, § 458-20-186, filed 3/15/83; Order ET 71-15, § 458-20-186, filed 7/22/71; Order ET 73-2, § 458-20-186, filed 11/9/73; Order ET 75-1, § 458-20-186, filed 5/27/75; Order ET 73-2, § 458-20-186, filed 11/9/73; Order ET 71-1, § 458-20-186, filed 7/22/71; Order ET 70-5, § 458-20-186 (Rule 186), filed 5/29/70, effective 7/1/70.]

Excise Tax Rules 458-20-197

When tax liability arises. (1) Gross proceeds of sales and gross income shall be included in the excise tax return for the period in which the value proceeds or accrues to the taxpayer. For the purpose of determining tax liability of persons making sales of tangible personal property, a sale takes place when the goods sold are delivered to the buyer in this state. With respect to leases or rentals of tangible personal property, liability for retail sales tax arises as of the time the rental payments fall due (see WAC 458-20-211).

(2) Accrual basis.

(a) When excise tax returns are made upon the accrual basis, value accrues to a taxpayer at the time:

(i) The taxpayer becomes legally entitled to receive the consideration, or,

(ii) In accord with the system of accounting regularly employed, enters as a charge against the purchaser, customer, or client the amount of the consideration agreed upon, whether payable immediately or at a definitely determined future time.

(b) Amounts actually received do not constitute value accruing to the taxpayer in the period in which received if the value accrues to the taxpayer during another period. It is immaterial if the act or service for which the consideration accrues is performed or rendered, in whole or in part, during a period other than the one for which excise tax return is made. The controlling factor is the time when the taxpayer is entitled to receive, or takes credit for, the consideration.

(3) Cash receipts basis.

(a) When returns are made upon cash receipts and disbursements basis, value proceeds to a taxpayer at the time the taxpayer receives the payment, either actually or constructively. It is immaterial that the contract is performed, in whole or in part, during a period other than the one in which payment is received.

(b) See: WAC 458-20-199 for limitation as to persons who may report on the cash receipts basis.

(4) Special application, contractors.

Value accrues for a building or construction contractor who maintains his accounting records on the accrual basis, as of the time the contractor becomes entitled to compensation under the contract.

(a) If by the terms of the contract the taxpayer becomes entitled to compensation upon estimates as the work progresses, value, to the extent of such estimates, accrues as of the time that each estimate is made and the balance at the time of the completion of the work or of the final estimate.

(b) If by the terms of the contract the taxpayer becomes entitled to compensation only upon the completion of the work, value accrues as of the earlier of the completion of the work, or, any use of the facilities being constructed, or, 60 days after the facility is substantially complete.

(i) Example: A contractor agrees to build two buildings for a buyer. Under the terms of the contract, payment is to be made only upon completion of both buildings. One building is substantially completed and occupied on April 15, 1991, the other building is substantially completed on May 15, 1991 and occupied on July 1, 1991. The work on both buildings is completed under the contract on June 15, 1991. Value accrues for the first building on April 15, 1991, the date it was used. Value accrues for the remainder of the contract on June 15, 1991, the date the work was completed.

(ii) Example: A contractor agrees to build a building for a buyer. Under the terms of the contract, the buyer is to make payment for the building only upon completion of the building. The building is completed, except for minor alterations, and available for planned occupancy on August 15, 1990. However, because of a contract dispute between the buyer and his tenant for the building, the buyer is unable to pay the contractor until February 25, 1991 when the building is finally occupied. The building is completed under the contract on November 15, 1990. Value accrues on the building for sales tax and B&O tax purposes on October 14, 1990, 60 days after August 15, 1990, the date the building was substantially complete.

(5) Warehouse operators. In the case of warehouse operators value proceeds or accrues to the taxpayer as follows:

(a) When the taxpayer is reporting upon the accrual basis, value accrues at the time the charge is entered against the owner of the goods stored in accordance with the terms of the contract between the parties and the regular system of accounting employed by the taxpayer.

(b) Value accrues when the charge is entered whether the consideration for storage is at a fixed rate per unit per month or other period, or, at a flat charge regardless of the length of time, or, whether payable periodically or at the time of withdrawal.

(ii) Thus, where a warehouse operator, keeping books on accrual basis, customarily enters as a charge to the owner of the goods and a credit to storage income the full amount of a flat storage charge as of the time the goods are received, even though the time for payment is deferred until withdrawal of the goods, value accrues as of the time the goods are received. However, if the warehouse operator customarily does not enter such charge until the time of withdrawal, value accrues as of such later date.

(b) When the taxpayer is reporting upon a cash receipts basis, value proceeds at the time the payment for storage is received.

(c) Exception for grain warehouse operators. Persons operating grain warehouses, licensed under chapter 22.09 RCW, may report the value proceeding or accruing from their grain warehouse operations on either a cash receipts or accrual basis. RCW 82.04.090.
For effect of rate changes, see WAC 458-20-235 (Effect of rate changes on prior contracts and sales agreements).

[Statutory Authority: RCW 82.32.300 and 82.01.060(2). 07-17-111, § 458-20-197, filed 8/17/07, effective 9/17/07. Statutory Authority: RCW 82.32.300. 90-10-082, § 458-20-197, filed 5/2/90, effective 6/2/90; Order ET 70-3, § 458-20-197 [Rule 197], filed 05/29/70, effective 7/1/70.]

WAC 458-20-228 Returns, payments, penalties, extensions, interest, stay of collection. (1) Introduction. This section discusses the responsibility of taxpayers to pay their tax by the appropriate due date, and the acceptable methods of payment. It discusses the interest and penalties that are imposed by law when a taxpayer fails to pay the correct amount of tax by the due date. It also discusses the circumstances under which the law allows the department of revenue (department) to waive interest or penalties.

(a) Where can I get my questions answered, or learn more about what I owe and how to report it? Washington's tax system is based largely on voluntary compliance. Taxpayers have a legal responsibility to become informed about applicable tax laws, to register with the department, to seek instruction from the department, to file accurate returns, and to pay their tax liability in a timely manner (chapter 82.32A RCW, Taxpayer rights and responsibilities). The department has a taxpayer services program to provide taxpayers with accurate tax-reporting assistance and instructions. The department staffs local district offices, maintains a toll-free question and information phone line (1-800-647-7706), provides information and forms on the internet (http:// dor.wa.gov), and conducts free public workshops on tax reporting. The department also publishes notices, interpretative statements, and sections discussing important tax issues and changes. It's all friendly, free, and easy to access.

(b) What is electronic filing (or e-file), and how can it help me? Many common reporting errors are preventable when taxpayers take advantage of the department's electronic filing (e-file) system. E-file is an internet-based application that provides a secure and encrypted way for taxpayers to file returns and pay many of Washington state's business related excise taxes online. The e-file system helps taxpayers by performing all the math calculations and checking for other types of reporting errors. Using e-file to file electronically will help taxpayers avoid penalties and interest related to unintentional underpayments and delinquencies. Persons who wish to use e-file should access the department's internet site (http:// dor.wa.gov) and open the page for electronic filing, which has additional links to pages answering frequently asked questions, and explaining the registration process for e-file. Taxpayers may also call the department's toll-free electronic filing help desk for more information, during regular business hours.

(2) Do I need to file a return? A "return" is defined as any paper or electronic document a person is required to file by the state of Washington in order to satisfy or establish a tax or fee obligation which is administered or collected by the department, and that has a statutorily defined due date. RCW 82.32.090(8).

(a) Returns and payments are to be filed with the department by every person liable for any tax which the department administers and/or collects, except for the taxes imposed under chapter 82.24 RCW (Tax on cigarettes), which are collected through sales of revenue stamps. Returns must be made upon forms, through the electronic filing (e-file) system (see subsection (1)(b) of this section), or by other means, provided or accepted by the department. The department pro-
vides tax returns upon request or when a taxpayer opens an active tax reporting account. Tax returns are generally mailed to all registered taxpayers prior to the due date of the tax. However, it remains the responsibility of taxpayers to timely request a return if one is not received, or to otherwise insure that their return is filed in a timely manner. E-file taxpayers do not receive paper returns. However, if an e-file taxpayer specifically requests it, the department will send an electronic reminder for each upcoming return as the time to file approaches.

(b) Taxpayers whose accounts are placed on an "active nonreporting" status do not automatically receive a tax return and must request a return, or register to file by e-file, if they no longer qualify for this reporting status. (See WAC 458-20-101, Tax registration, for an explanation of the active nonreporting status.)

(c) Some consumers may not be required to register with the department and obtain a tax registration endorsement. (Refer to WAC 458-20-101 for detailed information about tax registration and when it is required.) But even if they do not have to be registered, consumers may be required to pay use tax directly to the department if they have purchased items without paying Washington's sales tax. An unregistered consumer must report and pay their use tax liability directly to the department on a "Consumer Use Tax Return." Consumer use tax returns are available from the department at any of the local district offices. A consumer may also call the department's toll free number 1-800-647-7706 to request a consumer use tax return by fax or mail. Finally, the consumer use tax return is available for download from the department's internet site at http:// dor.wa.gov, along with a number of other returns and forms which are available there.

The interest and penalty provisions of this rule may apply if use tax is not paid on time. Unregistered consumers should refer to WAC 458-20-178 (Use tax) for an explanation of their tax reporting responsibilities.

(3) What methods of payment can I use? Payment may be made by cash, check, cashier's check, money order, and in certain cases by electronic funds transfers, or other electronic means approved by the department.

(a) Payment by cash should only be made at an office of the department to ensure that the payment is safely received and properly credited.

(b) Payment may be made by uncertified bank check, but if the check is not honored by the financial institution on which it is drawn, the taxpayer remains liable for the payment of the tax, as well as any applicable interest and penalties. RCW 82.32.080. The department may refuse to accept any check which, in its opinion, would not be honored by the financial institution on which that check is drawn. If the department refuses a check for this reason the taxpayer remains liable for the tax due, as well as any applicable interest and penalties.

(c) The law requires that certain taxpayers pay their taxes through electronic funds transfers. The department notifies taxpayers who are required to pay their taxes in this manner, and can explain how to set up the electronic funds transfer process. (See WAC 458-20-22802 on electronic funds transfers.)

(4) When is my tax payment due? RCW 82.32.045 provides that payment of the taxes due with the excise tax return must be made monthly and within twenty-five days after the end of the month in which taxable activities occur, unless the department assigns the taxpayer a longer reporting frequency. Payment of taxes due with returns covering a longer reporting frequency are due on or before the last day of the month following the period covered by the return. (For example, payment of the tax liability for a first quarter tax return is due on April 30th.) WAC 458-20-22801 (Tax reporting frequency—Forms) explains the department's procedure for assigning a quarterly or annual reporting frequency.

(a) If the date for payment of the tax due on a tax return falls upon a Saturday, Sunday, or legal holiday, the filing shall be considered timely if performed on the next business day. RCW 1.12.070 and 1.16.050.

(b) The postmark date as shown by the post office cancellation mark stamped on the envelope will be considered conclusive evidence by the department in determining if a tax return or payment was timely filed or received. RCW 82.32-.080. It is the responsibility of the taxpayer to mail the tax return or payment sufficiently in advance of the due date to assure that the postmark date is timely.

Refer to WAC 458-20-22802 (Electronic funds transfer) for more information regarding the electronic funds transfer process, due dates, and requirements.

(c) If a taxpayer suspects that it will not be able to file and pay by the coming due date, it may be able to obtain an extension of the due date to temporarily avoid additional penalties. Refer to subsection (12) of this section for details on requesting an extension.

(5) Penalties. Various penalties may apply as a result of the failure to correctly or accurately compute the proper tax liability, or to timely pay the tax. Separate penalties may apply and be cumulative for the same tax. Interest may also apply if any tax has not been paid when it is due, as explained in subsection (7) of this section. (The department's electronic filing system (e-file) can help taxpayers avoid additional penalties and interest. See subsection (1)(b) of this section for more information.)

The penalty types and rates addressed in this subsection are:

The department may refuse to accept any payment of a return which is not accompanied by payment of the tax shown to be due on the return. If the return is not accepted, the taxpayer is considered to have failed or refused to file the return. RCW 82.32.080. Failure to file the return can result in the issuance of an assessment for the actual, or an estimated, amount of unpaid tax. Any assessment issued may include an assessment penalty. (See RCW 82.32.100 and (c) of this subsection for details of when and how the assessment penalty applies.) If the tax return is accepted without payment and payment is not made by the due date, the late payment of return penalty will apply.

(ii) What if my account is given an active nonreporting status, but I later have taxes I need to report and pay? WAC 458-20-101 provides information about the active nonreporting status available for tax reporting accounts. In general, the active nonreporting status allows persons, under certain circumstances, to engage in business activities subject to the Revenue Act without filing excise tax returns. Persons placed on an active nonreporting status by the department are required to timely notify the department if their business activities no longer meet the conditions to be in active nonreporting status. One of the conditions is that the person is not required to collect or pay a tax the department is authorized to collect. The late payment of return penalty will be imposed if a person on active nonreporting status incurs a tax liability that is not paid by the due date for taxpayers that are on an annual reporting basis (i.e., the last day of January next succeeding the year in which the tax liability accrued).

(iii) I didn't register my business with the department when I started it, and now I think I was supposed to be paying taxes! What should I do? You should fill out and send in a Master Application to get your business registered. It is important for you to register before the department identifies you as an unregistered taxpayer and contacts you about your business activities. (WAC 458-20-101 provides information about registering your business.) Except as noted below, if a person engages in taxable activities while unregistered, but then registers prior to being contacted by the department, the registration is considered voluntary. When a person voluntarily registers, the late payment of return penalty does not apply to those specific tax-reporting periods representing the time during which the person was unregistered.

(A) However, even if the person has voluntarily registered as explained above, the late payment of return penalty will apply if the person:
   (I) Collected retail sales tax from customers and failed to remit it to the department; or
   (II) Engaged in evasion or misrepresentation with respect to reporting tax liabilities or other tax requirements; or
   (III) Engaged in taxable business activities during a period of time in which the person's previously open tax reporting account had been closed.

(B) Even though other circumstances may warrant retention of the late payment of return penalty, if a person has voluntarily registered, the unregistered taxpayer penalty (see (b) of this subsection) will not be due.

(b) Unregistered taxpayer. RCW 82.32.090(4) imposes a five percent penalty on the tax due for any period of time where a person engages in a taxable activity and does not voluntarily register prior to being contacted by the department. "Voluntarily register" means to properly complete and submit a master application to any agency or entity participating in the unified business identifier (UBI) program for

</table>
the purpose of obtaining a UBI number, all of which is done before any contact from the department. For example, if a person properly completes and submits a master application to the department of labor and industries for the purpose of obtaining a UBI number, and this is done prior to any contact from the department of revenue, the department considers that person to have voluntarily registered. A person has not voluntarily registered if a UBI number is obtained by any means other than submitting a properly completed master application. WAC 458-20-101 (Tax registration and tax reporting) provides additional information regarding the UBI program.

(c) Assessment. If the department issues an assessment for substantially underpaid tax, a five percent penalty will be added to the assessment when it is issued. If any tax included in the assessment is not paid by the due date, or by any extended due date, the penalty will increase to a total of fifteen percent against the amount of tax that remains unpaid. If any tax included in the assessment is not paid within thirty days of the original or extended due date, the penalty will further increase to a total of twenty-five percent against the amount of tax that remains unpaid. The minimum for this penalty is five dollars. RCW 82.32.090(2).

(i) As used in this section, "substantially underpaid" means that:

(A) The taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination; and

(B) The amount of underpayment is at least one thousand dollars. If both of these conditions are true when an assessment is issued, it will include the initial five percent assessment penalty. If factual adjustments are made after issuance of an assessment, and those adjustments change whether a taxpayer paid less than eighty percent of the tax due, the department will reevaluate imposition of the original five percent penalty.

(ii) If the initial five percent assessment penalty is included with an assessment when it is issued, the penalty is calculated against the total amount of tax that was not paid when originally due and payable (see RCW 82.32.045). Audit payments made prior to issuance of an assessment will be applied to the assessment after calculation of the initial five percent assessment penalty. At the discretion of the department, preexisting credits or amendments paid prior to an audit or unrelated to the scope of the assessment may be applied before the five percent assessment penalty is calculated, reducing the amount of the penalty. Additional assessment penalty is assessed against the amount of tax that remains unpaid at that particular time, after payments are applied to the assessment.

(d) Issuance of a warrant. If the department issues a tax warrant for the collection of any fee, tax, increase, or penalty, an additional penalty will immediately be added in the amount of ten percent of the amount of the tax due, but not less than ten dollars. RCW 82.32.090(3). Refer to WAC 458-20-217 for additional information on the application of warrants and tax liens.

(e) Disregard of specific written instructions. If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting of tax liabilities, an additional penalty of ten percent of the additional tax found due will be imposed because of the failure to follow the instructions. RCW 82.32.090(5).

(i) What is "disregard of specific written instructions"? A taxpayer is considered to have received specific written instructions when the department has informed the taxpayer in writing of its tax obligations and specifically advised the taxpayer that failure to act in accordance with those instructions may result in this penalty being imposed. The specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement. The penalty applies when a taxpayer does not follow the specific written instructions, resulting in underpayment of the tax due. The penalty may be applied only against the taxpayer given the specific written instructions. However, the taxpayer will not be considered to have disregarded the instructions if the taxpayer has appealed the subject matter of the instructions and the department has not issued its final instructions or decision.

(ii) What if I try to follow the written instructions, but I still don't get it quite right? The penalty will not be applied if the taxpayer has made a good faith effort to comply with specific written instructions.

(f) Evasion. If the department finds that all or any part of the deficiency resulted from an intent to evade the tax due, a penalty of fifty percent of the additional tax found to be due will be added. RCW 82.32.090(6). The evasion penalty is imposed when a taxpayer knows a tax liability is due but attempts to escape detection or payment of the tax liability through deceit, fraud, or other intentional wrongdoing. An intent to evade does not exist where a deficiency is the result of an honest mistake, miscommunication, or the lack of knowledge regarding proper accounting methods. The department has the burden of showing the existence of an intent to evade a tax liability through clear, cogent and convincing evidence.

(i) Evasion penalty only applies to the specific taxes that a taxpayer intended to evade. To the extent that the evasion involved only specific taxes, the evasion penalty will be added only to those taxes. The evasion penalty will not be applied to those taxes which were inadvertently underpaid. For example, if the department finds that the taxpayer intentionally understated the purchase price of equipment in reporting use tax and also inadvertently failed to collect or remit the sales tax at the correct rate on retail sales of merchandise, the evasion penalty will be added only to the use tax deficiency and not the sales tax.

(ii) What actions may establish an intent to evade? The following is a nonexclusive list of actions that are generally considered to establish an intent to evade a tax liability. This list should only be used as a general guide. A determination of whether an intent to evade exists may be ascertained only after a review of all the facts and circumstances.

(A) The use of an out-of-state address by a Washington resident to register property to avoid a Washington excise or use tax, when at the time of registration the taxpayer does not reside at the out-of-state address on a more than temporary basis. Examples of such an address include, but are not limited to, the residence of a relative, mail forwarding or post office box location, motel, campground, or vacation property;
(B) The willful failure of a seller to remit retail sales taxes collected from customers to the department; and

(C) The alteration of a purchase invoice or misrepresentation of the price paid for property (e.g., a used vehicle) to reduce the amount of tax owing.

(g) Misuse of resale certificates. Any buyer who uses a resale certificate to purchase items or retail services without payment of sales tax, and who is not entitled to use the certificate for the purchase, will be assessed a penalty of fifty percent of the tax due. RCW 82.32.291. The penalty can apply even if there was no intent to evade the payment of the tax. For more information concerning this penalty or the proper use of a resale certificate, refer to WAC 458-20-102 (Resale certificates).

(h) Failure to remit sales tax to seller. The department may assert an additional ten percent penalty against a buyer who has failed to pay the seller the retail sales tax on taxable purchases, if the department proceeds directly against the buyer for the payment of the tax. This penalty is in addition to any other penalties or interest prescribed by law. RCW 82.08.050.

(i) Failure to obtain the contractor's unified business identifier (UBI) number. If a person who is liable for any fee or tax imposed by chapters 82.04 through 82.27 RCW contracts with another person or entity for work subject to chapter 18.27 RCW (Registration of contractors) or chapter 19.28 RCW (Electricians and electrical installations), that person must obtain and preserve a record of the UBI number of the person or entity performing the work. A person failing to do so is subject to the public works contracting restrictions in RCW 39.06.010 (Contracts with unregistered or unlicensed contractors prohibited), and a penalty determined by the director, but not to exceed two hundred and fifty dollars. RCW 82.32.070(2).

(6) Statutory restrictions on imposing penalties. Depending on the circumstances, the law may impose more than one type of penalty on the same tax liability. However, those penalties are subject to the following restrictions:

(a) The penalties imposed for the late payment of a return, unregistered taxpayer, assessment, and issuance of a warrant (see subsection (5)(a) through (d) of this section) may be applied against the same tax concurrently, each unaffected by the others, up to their combined maximum rates. Application of one or any combination of these penalties does not prohibit or restrict full application of other penalties authorized by law, even when they are applied against the same tax. RCW 82.32.090(7).

(b) The department may impose either the evasion penalty (subsection (5)(f) of this section) or the penalty for disregarding specific written instructions (subsection (5)(e) of this section), but may not impose both penalties on the same tax. RCW 82.32.090(8). The department also will not impose the penalty for the misuse of a resale certificate (subsection (5)(g) of this section) in combination with either the evasion penalty or the penalty for disregarding specific written instructions on the same tax.

(7) Interest. The department is required by law to add interest to assessments for tax deficiencies and overpayments. RCW 82.32.050 and 82.32.060. Interest applies to taxes only. (Refer to WAC 458-20-229 for a discussion of interest as it relates to refunds and WAC 458-20-230 for a discussion of the statute of limitations as applied to interest.)

(a) For tax liabilities arising before January 1, 1992, interest will be added at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until the date of payment, or December 31, 1998, whichever comes first. Any interest accrued on these liabilities after December 31, 1998, will be added at the annual variable interest rates described below in (e) of this subsection. RCW 82.32.050.

(b) For tax liabilities arising after December 31, 1991, and before January 1, 1998, interest will be added at the annual variable interest rates described below in (e) of this subsection, from the last day of the year in which the deficiency is incurred until the date of payment.

(c) For interest imposed after December 31, 1998, interest will be added from the last day of the month following each calendar year included in a notice, or the last day of the month following the final month included in a notice if not the end of the calendar year, until the due date of the notice. However, for 1998 taxes only, interest may not begin to accrue any earlier than February 1, 1999, even if the last period included in the notice is not at the end of calendar year 1998. If payment in full is not made by the due date of the notice, additional interest will be due until the date of payment. The rate of interest continues at the annual variable interest rates described below in (e) of this subsection. RCW 82.32.050.

(d) How is interest applied to an assessment that includes underpaid tax from multiple years? The following example demonstrates how the interest provisions apply. Assume that a tax assessment is issued with a due date of June 30, 2000. The assessment includes periods from January 1, 1997, through September 30, 1999.

(i) For calendar year 1997 tax, interest begins January 1, 1998, (from the last day of the year). When the assessment is issued the interest is computed through June 30, 2000, (the due date of the assessment).

(ii) For calendar year 1998 tax, interest begins February 1, 1999, (from the last day of the month following the end of the calendar year). When the assessment is issued interest is computed through June 30, 2000, (the due date).

(iii) For the 1999 tax period ending with September 30, 1999, interest begins November 1, 1999, (from the last day of the month following the last month included in the assessment period). When the assessment is issued interest is computed through June 30, 2000, (the due date).

(iv) Interest will continue to accrue on any portion of the assessed taxes which remain unpaid after the due date, until the date those taxes are paid.

(e) How is each year's interest rate determined? The annual variable interest rate will be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate for each new year will be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually. The average is calculated using the federal short-term rates from January, April, July of the calendar year immediately preceding the new year, and October of the previous preceding year, as published by the United States Sec-
How is the interest applied if an assessment includes some years that are underpaid and some that are overpaid? If the assessment contains tax deficiencies in some years and overpayments in other years with the net difference being a tax deficiency, the interest rate for tax deficiencies will also be applied to the overpayments. (Refer to WAC 458-20-229 for interest on refunds.)

Application of payment towards liability. The department will apply taxpayer payments first to interest, next to penalties, and then to the tax, without regard to any direction of the taxpayer. RCW 82.32.080.

In applying a partial payment to a tax assessment, the payment will first be applied against the oldest tax liability. For purposes of RCW 82.32.145 (Termination, dissolution, or abandonment of corporate business—Personal liability of person in control of collected sales tax funds), it will be assumed that any payments applied to the tax liability will be first applied against any retail sales tax liability. For example, an audit assessment is issued covering a period of two years, which will be referred to as "YEAR 1" (the earlier year) and "YEAR 2" (the most recent year). The tax assessment includes total interest and penalties for YEAR 1 and YEAR 2 of five hundred dollars, retail sales tax of four hundred dollars for YEAR 1, six hundred dollars retail sales tax for YEAR 2, two thousand dollars of other taxes for YEAR 1, and seven thousand dollars of other taxes for YEAR 2. The order of application of any payments will be first against the five hundred dollars of total interest and penalties, second against the four hundred dollars retail sales tax in YEAR 1, third against the two thousand dollars of other taxes in YEAR 1, fourth against the six hundred dollars retail sales tax of YEAR 2, and finally against the seven thousand dollars of other taxes in YEAR 2.

Waiver or cancellation of penalties. RCW 82.32.-105 authorizes the department to waive or cancel penalties under limited circumstances.

(a) Circumstances beyond the control of the taxpayer.

The department will waive or cancel the penalties imposed under chapter 82.32 RCW upon finding that the underpayment of the tax, or the failure to pay any tax by the due date, was the result of circumstances beyond the control of the taxpayer. It is possible that a taxpayer will qualify for a waiver of one type of penalty, without obtaining a waiver for all penalties associated with a particular tax liability. Circumstances determined to be beyond the control of the taxpayer when considering a waiver of one type of penalty are not necessarily pertinent when considering a waiver of a different penalty type. For example, circumstances that qualify for waiver of a late payment of return penalty do not necessarily also justify waiver of the assessment penalty or the penalty for misuse of a resale certificate. Refer to WAC 458-20-102 (Resale certificates) for examples of circumstances which are beyond the control of the taxpayer specifically regarding the penalty for misuse of resale certificates found in RCW 82.32.291.

(i) A request for a waiver or cancellation of penalties should contain all pertinent facts and be accompanied by such proof as may be available. The taxpayer bears the burden of establishing that the circumstances were beyond its control and directly caused the late payment. The request should be made in the form of a letter; however, verbal requests may be accepted and considered at the discretion of the department. Any petition for correction of assessment submitted to the department's appeals division for waiver of penalties must be made within the period for filing under RCW 82.32.160 (within thirty days after the issuance of the original notice of the amount owed or within the period covered by any extension of the due date granted by the department), and must be in writing, as explained in WAC 458-20-100 (Appeals, small claims and settlements). Refund requests must be made within the statutory limitation period.

(ii) The circumstances beyond the control of the taxpayer must actually cause the late payment. Circumstances beyond the control of the taxpayer are generally those which are immediate, unexpected, or in the nature of an emergency. Such circumstances result in the taxpayer not having reasonable time or opportunity to obtain an extension of the due date or otherwise timely file and pay. Circumstances beyond the control of the taxpayer include, but are not necessarily limited to, the following.

(A) The return payment was mailed on time but inadvertently sent to another agency.

(B) Erroneous written information given to the taxpayer by a department officer or employee caused the delinquency. A penalty generally will not be waived when it is claimed that erroneous oral information was given by a department employee. The reason for not cancelling the penalty in cases of oral information is because of the uncertainty of the facts presented, the uncertainty of the instructions or information imparted by the department employee, and the uncertainty that the taxpayer fully understood the information given. Reliance by the taxpayer on incorrect advice received from the taxpayer's legal or accounting representative is not a basis for cancellation of a penalty.

(C) The delinquency was directly caused by death or serious illness of the taxpayer, or a member of the taxpayer's immediate family. The same circumstances apply to the taxpayer's accountant or other tax preparer, or their immediate family. This situation is not intended to have an indefinite application. A death or serious illness which denies a taxpayer reasonable time or opportunity to obtain an extension or to otherwise arrange timely filing and payment is a circumstance eligible for penalty waiver.

(D) The delinquency was caused by the unavoidable absence of the taxpayer or key employee, prior to the filing date. "Unavoidable absence of the taxpayer" does not include absences because of business trips, vacations, personnel turnover, or terminations.

(E) The delinquency was caused by the destruction by fire or other casualty of the taxpayer's place of business or business records.

(F) The delinquency was caused by an act of fraud, embezzlement, theft, or conversion on the part of the taxpayer's employee or other persons contracted with the taxpayer, which the taxpayer could not immediately detect or prevent, provided that reasonable safeguards or internal controls were in place. See (a)(iii)(E) of this subsection.

(G) The department does not respond to the taxpayer's request for a tax return (or other forms necessary to compute the tax) within a reasonable period of time, which directly causes delinquent filing and payment on the part of the taxpayer. This assumes that, given the same situation, if the
The taxpayer has responsibility to insure that its return is filed in a timely manner (e.g., by keeping track of pending due dates) and must anticipatively request a return for that purpose, if one is not received. (Note: Tax returns and other forms are immediately available to download at no cost from the department's internet site, http://dor.wa.gov. When good cause exists, taxpayers are advised to contact the department and request an extension of the due date for filing, before the due date of concern has passed. See subsection (12) of this section. Taxpayers who have registered to file electronically with e-file will avoid potential penalties relating to unreceived paper returns. See subsection (1)(b) of this section.)

(iii) The following are examples of circumstances that are generally not considered to be beyond the control of the taxpayer and will not qualify for a waiver or cancellation of penalty:

(A) Financial hardship;
(B) A misunderstanding or lack of knowledge of a tax liability;
(C) The failure of the taxpayer to receive a tax return form, EXCEPT where the taxpayer timely requested the form and it was still not furnished in reasonable time to mail the return and payment by the due date, as described in (a)(ii)(G) of this subsection;
(D) Registration of an account that is not considered a voluntary registration, as described in subsection (5)(a)(iii) and (b) of this section;
(E) Mistakes or misconduct on the part of employees or other persons contracted with the taxpayer (not including conduct covered in (a)(ii)(F) of this subsection); and
(F) Reliance upon unpublished, written information from the department that was issued to and specifically addresses the circumstances of some other taxpayer.

(b) Waiver of the late payment of return penalty. The late payment of return penalty (see subsection (5)(a) of this section) may be waived either as a result of circumstances beyond the control of the taxpayer (RCW 82.32.105(1) and (a) of this subsection) or after a twenty-four month review of the taxpayer's reporting history, as described below.

(i) If the late payment of return penalty is assessed on a return but is not the result of circumstances beyond the control of the taxpayer, the penalty will still be waived or canceled if the following two circumstances are satisfied:

(A) The taxpayer requests the penalty waiver for a tax return which was required to be filed under RCW 82.32.045 (taxes reported on the combined excise tax return), RCW 82.23B.020 (oil spill response tax), RCW 82.27.060 (tax on enhanced food fish), RCW 82.29A.050 (leasehold excise tax), RCW 84.33.086 (timber and forest lands), RCW 82.14B.030 (tax on telephone access line use); and
(B) The taxpayer has timely filed and paid all tax returns due for that specific tax program for a period of twenty-four months immediately preceding the period covered by the return for which the waiver is being requested. RCW 82.32.105(2).

If a taxpayer has obtained a tax registration endorsement with the department prior to engaging in business within the state and has engaged in business activities for a period less than twenty-four months, the taxpayer is eligible for the waiver if the taxpayer had no delinquent tax returns for periods prior to the period covered by the return for which the waiver is being requested. As a result, the taxpayer's very first return due can qualify for a waiver under the twenty-four month review provision. (See also WAC 458-20-101 for more information regarding the tax registration and tax reporting requirements.) This is the only situation under which the department will consider a waiver when the taxpayer has not timely filed and paid tax returns covering an immediately preceding twenty-four month period.

(ii) A return will be considered timely for purpose of the waiver if there is no tax liability on it when it is filed. Also, a return will be considered timely if any late payment penalties assessed on it were waived or canceled due to circumstances beyond the control of the taxpayer (see (a) of this subsection). The number of times penalty has been waived due to circumstances beyond the control of the taxpayer does not influence whether the waiver in this subsection will be granted. A taxpayer may receive more than one of the waivers in this subsection within a twenty-four month period if returns for more than one of the listed tax programs are filed, but no more than one waiver can be applied to any one tax program in a twenty-four month period.

For example, a taxpayer files combined excise tax returns as required under RCW 82.32.045, and timber tax returns as required under RCW 84.33.086. This taxpayer may qualify for two waivers of the late payment of return penalty during the same twenty-four month period, one for each tax program. If this taxpayer had an unwaived late payment of return penalty for the combined excise tax return during the previous twenty-four month period, the taxpayer may still qualify for a penalty waiver for the timber tax program.

(iii) The twenty-four month period reviewed for this waiver is not affected by the due date of the return for which the penalty waiver is requested, even if that due date has been extended beyond the original due date.

For example, assume a taxpayer's September 2003 return has had the original due date of October twenty-fifth extended to November twenty-fifth. The return and payment are received after the November twenty-fifth extended due date. A penalty waiver is requested. Since the delinquent return represented the month of September 2003, the twenty-four months which will be reviewed begin on September 1, 2001, and end with August 31, 2003, (the twenty-four months prior to September 2003). All of the returns representing that period of time will be included in the review. The extension of the original due date has no effect on the twenty-four month period under review.

(iv) A twenty-four month review is only valid when considering waiver of the late payment of return penalty described in subsection (5)(a) of this section. The twenty-four month review process cannot be used as justification for a waiver of interest, assessment penalty, or any penalty other than the late payment of return penalty.

(10) Waiver or cancellation of interest. The department will waive or cancel interest imposed under chapter 82.32 RCW only in the following situations:

(a) The failure to pay the tax prior to issuance of the assessment was the direct result of written instructions given the taxpayer by the department; or
The extension of the due date for payment of an assessment was not at the request of the taxpayer and was for the sole convenience of the department. RCW 82.32.105(3).

(11) **Stay of collection.** RCW 82.32.190 allows the department to initiate a stay of collection, without the request of the taxpayer and without requiring any bond, for certain tax liabilities when they may be affected by the outcome of a question pending before the courts (see (a) of this subsection). RCW 82.32.200 provides conditions under which the department, at its discretion, may allow a taxpayer to file a bond in order to obtain a stay of collection on a tax assessment (see (b) of this subsection). The department will grant a taxpayer's stay of collection request, as described in RCW 82.32.200, only when the department determines that a stay is in the best interests of the state.

(a) Circumstances under which the department may consider initiating a stay of collection without requiring a bond (RCW 82.32.190) include, but are not necessarily limited to, the existence of the following:

(i) A constitutional issue to be litigated by the taxpayer, the resolution of which is uncertain;

(ii) A matter of first impression for which the department has little precedent in administrative practice; or

(iii) An issue affecting other similarly situated taxpayers for whom the department would be willing to stay collection of the tax.

(b) The department will give consideration to a request for a stay of collection of an assessment (RCW 82.32.200) if:

(i) A written request for the stay is made prior to the due date for payment of the assessment; and

(ii) Payment of any unprotested portion of the assessment and other taxes due is made timely; and

(iii) The request is accompanied by an offer of a cash bond, or a security bond that is guaranteed by a specified authorized surety insurer. The amount of the bond will generally be equal to the total amount of the assessment, including any penalties and interest. However, where appropriate, the department may require a bond in an increased amount not to exceed twice the amount for which the stay is requested.

(c) Claims of financial hardship or threat of litigation are not grounds that justify the granting of a stay of collection. However, the department will consider a claim of significant financial hardship as grounds for staying collection procedures, but this will be done only if a partial payment agreement is executed and kept in accordance with the department's procedures and with such security as the department deems necessary.

(d) If the department grants a stay of collection, the stay will be for a period of no longer than two calendar years from the date of acceptance of the taxpayer request, or thirty days following a decision not appealed from by a tribunal or court of competent jurisdiction upholding the validity of the tax assessed, whichever date occurs first. The department may extend the period of a stay originally granted, but only for good cause shown.

(e) Interest will continue to accrue against the unpaid tax portion of a liability under stay of collection. Effective January 1, 1997, the interest rates prescribed by RCW 82.32.190 and 82.32.200 changed from nine percent and twelve percent per annum, respectively, to the same predetermined annual variable rates as are described in subsection (7)(e) of this section.

(12) **Extensions.** The department, for good cause, may extend the due date for filing any return. Any permanent extension more than ten days beyond the due date, and any temporary extension in excess of thirty days, must be conditional upon deposit by the taxpayer with the department of an amount equal to the estimated tax liability for the reporting period or periods for which the extension is granted. This deposit is credited to the taxpayer's account and may be applied to the taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where a temporary extension of more than thirty days has been granted.

The amount of the deposit is subject to departmental approval. The amount will be reviewed from time to time, and a change may be required at any time that the department concludes that such amount does not approximate the tax liability for the reporting period or periods for which the extension was granted.

---

**WAC 458-20-229 Refunds.** (1) **Introduction.** This section explains the procedures relating to refunds or credits for the overpayment of taxes, penalties, or interest. It describes the statutory time limits for refunds and the interest rates that apply to those refunds.

References to a "refund application" in this section include a request for a credit against future tax liability as well as a refund to the taxpayer.

Examples provided in this section should be used only as a general guide. The tax results of other situations must be determined after a review of all facts and circumstances.

(2) **What are the time limits for a tax refund or credit?**

(a) **Time limits.** No refund or credit may be made for taxes, penalties, or interest paid more than four years before the beginning of the calendar year in which a refund application is made or examination of records by the department is completed. See RCW 82.32.060. This is a nonclaim statute rather than a statute of limitations. This means a valid application must be filed within the statutory period, which may not be extended or tolled, unless a waiver extending the time for assessment has been entered into as described in (c) of this subsection.

For example, a refund or credit may be granted for any overpayment made in a shaded year in the following chart:
(b) **Relation back to date paid.** Because the time limits relate to the date the taxes, penalties, or interest is paid, a refund application can be timely even though the payment concerned liabilities for a tax year normally outside the time limits. For example, Taxpayer P owes $1,000 in B&O tax for activity undertaken in December 2000. In January 2001, Taxpayer P makes an arithmetic error and submits a payment of $1,500 with its December 2000 tax return. In December 2005, Taxpayer P requests a refund of $500 for the overpayment of taxes for the December 2000 period. This request is timely because the overpayment occurred within the time limits, even though the payment concerned tax liabilities incurred (December 2000) outside the time limits.

Fact situations can be complicated. For example, Taxpayer P pays B&O taxes in Years 1 through 4. The department subsequently conducts an audit of Taxpayer P that includes Years 1-4. The audit is completed in Year 5. As a result of the audit, the department issues an assessment in Year 5 for $50,000 in additional retail sales taxes that were due from Years 1-4. Taxpayer P pays the assessment in full in Year 6. In Year 10, Taxpayer P files an application requesting a refund of B&O taxes. Taxpayer P's application is timely because it relates to a payment (payment of the assessment in Year 6) made no more than four years before the year in which the application is filed. It does not matter that the taxes relate to years outside the time limits; the actual payment occurred within four years before the refund application. Nor does it matter that the refund is based on an overpayment of B&O taxes while the assessment involved retail sales taxes, because both taxes relate to the same tax years. However, the amount of any refund is limited to $50,000 - the amount of the payment that occurred within the time limits.

Assume the same facts as described above. When the department reviews Taxpayer P's refund application, it determines that the refund is valid. After reviewing the new information, however, the department also determines that Taxpayer P should have paid $20,000 in additional B&O taxes during Years 1-4. Because Taxpayer P paid $30,000 more than the amount properly due ($50,000 overpayment less $20,000 underpayment), the amount of the refund will be $30,000.

(c) **Waiver.** Under RCW 82.32.050 or 82.32.100, a taxpayer may agree to waive the time limits and extend the time for the assessment of taxes, penalties and interest. If the taxpayer executes such a waiver, the time limits for a refund or credit are extended for the same period.

(3) **How do I get a refund or credit?**

   (a) **Departmental examination of returns.** If the department performs an examination of the taxpayer's records and determines that the taxpayer has overpaid taxes, penalties, or interest, the department will issue a refund or a credit, at the taxpayer's option. In this situation, the taxpayer does not need to apply for a refund.

   (b) **Taxpayer application.**

      (i) If a taxpayer discovers that it has overpaid taxes, penalties, or interest, it may apply for a refund or credit. Refund application forms are available from the following sources:

         • The department's internet web site at http://dor.wa.gov
         • By facsimile by calling Fast Fax at 360-705-6705 or 800-647-7706 (using menu options)
         • By writing to:

         Taxpayer Services
         Washington State Department of Revenue
         P.O. Box 47478
         Olympia, WA 98504-7478.

      The application form should be submitted to the department at the following location:

      Taxpayer Account Administration
      P.O. Box 47476
      Olympia, WA 98504-7476.

      Taxpayers are encouraged to use the department's refund application form to ensure that all necessary information is provided for a timely valid application. However, while use of the department's application form is encouraged, it is not mandatory and any written request for refund or credit meeting the requirements of this section shall constitute a valid application. Filing an amended return showing an overpayment will also constitute an application for refund or credit, provided that the taxpayer also specifically identifies the basis for the refund or credit.

      (ii) A taxpayer must submit a refund application within the time limits described in subsection (2)(a) of this section. An application must contain the following five elements:

         (A) The taxpayer's name and UBI/TRA number must be on the application.
         (B) The amount of the claim must be stated. Where the exact amount of the claim cannot be specifically ascertained at time of filing, the taxpayer may submit an application containing an estimated claim amount. Taxpayers must explain why the amount of the claim cannot be stated with specificity and how the estimated amount of the claim was determined.
         (C) The tax type and taxable period must be on the application.
         (D) The specific basis for the claim must be on the application. Any basis for a refund or credit not specifically identified in the initial refund application will be considered
untimely, except that an application may be refiled to add additional bases at any time before the time limits in subsection (2) of this section expire.

(E) The signature of the taxpayer or the taxpayer's representative must be on the application. If the taxpayer is represented, the confidential taxpayer information waiver signed by the taxpayer specifically for that refund claim must be received by the department by the date the substantiation documents are first required, without regard to any extensions. If the signed confidential taxpayer information waiver for the refund claim lists the representative as an entity, every member or employee of that entity is authorized to represent the taxpayer. If the signed confidential taxpayer information waiver for the refund claim lists the representative as an individual, only that individual is authorized to represent the taxpayer.

(iii) If the nonclaim statute has run prior to the filing of the application, the department will deny the application and notify the taxpayer.

(iv) If the department determines that the taxpayer is not entitled to a refund as a matter of law, the application may be denied without requiring substantiation. The taxpayer shall be responsible for maintaining substantiation as may eventually be needed should taxpayer appeal.

(v) The taxpayer is encouraged to file substantiation documents at the time of filing the application. However, once an application is filed, the taxpayer must submit sufficient substantiation to support the claim for refund or credit before the department can determine whether the claim is valid. The department will notify the taxpayer if additional substantiation is required. The taxpayer must provide the necessary substantiation within ninety days after such notice is sent, unless the documentation is under the control of a third party, not affiliated with or under the control of the taxpayer, in which case the taxpayer will have one hundred eighty days to provide the documentation. The department may request any other books, records, invoices or electronic equivalents and, where appropriate, federal and state tax returns to determine whether to accept or deny the claimed refund and to assess an existing deficiency.

(vi) In its discretion and upon good cause shown, the department may extend the period for providing substantiation upon its own or the taxpayer's request, which may not be unreasonably denied.

(vii) If the department does not receive the necessary substantiation within the applicable time period, the department shall deny the claim for lack of adequate substantiation and shall so notify the taxpayer. Any application denied for lack of adequate substantiation may be filed again with additional substantiation at any time before the time limits in subsection (2) of this section expire. Once the department determines that substantiation is sufficient, the department shall process the refund claim within ninety days, except that the department may extend the time of processing such claim upon notice to the taxpayer and explanation of why the claim cannot be completed within such time.

(viii) The following examples illustrate the refund application process:

(A) A taxpayer discovers in January 2005 that its June 2004 excise tax return was prepared using incorrect figures that overstated its sales, resulting in an overpayment of tax. The taxpayer files an amended June 2004 tax return with the department's taxpayer account administration division. The department will treat the taxpayer's amended June 2004 tax return as an application for a refund or credit of the amounts overpaid during that tax period, except that the taxpayer must also specifically identify the basis for the refund or credit and provide sufficient substantiation to support the claim for refund or credit. The taxpayer may satisfy this obligation by submitting a completed refund application form with its amended return or providing the additional required substantiation by other means.

(B) On December 31, 2005, a taxpayer files an amended return for the 2001 calendar year. The return includes changed figures indicating that an overpayment occurred, but does not provide any supporting substantiation. No written waiver of the time limits, under subsection (2)(c) of this section, for this time period exists. The department sends a letter notifying the taxpayer that the taxpayer's application is not complete and substantiation must be provided within ninety days or the application will be denied. If the taxpayer does not provide the necessary substantiation by the stated date, the claim will be denied and, if refilled, will not be granted because it is then past the nonclaim limit of the statute.

(C) Taxpayer submits a refund application on December 31, 2004, claiming that taxpayer overpaid use tax in 2000 on certain machinery and equipment obtained by the taxpayer at that time. No substantiation is provided with the application and no written waiver of the time limit, under subsection (2)(c) of this section, for this taxable period exists. The department sends a letter notifying the taxpayer that the taxpayer's application is not complete and substantiation must be provided within ninety days or the application will be denied. The taxpayer does not respond by the stated date. The claim will be denied and, if refilled, will not be granted since it is then past the nonclaim limit of the statute.

(D) Assume the same facts as in (b)(viii)(B) and (C) of this subsection, except that within ninety days from the date the department sent the letter the taxpayer submits substantiation, which the department deems sufficient. The taxpayer's claim is valid, notwithstanding that the substantiation was provided after the nonclaim limit expired.

(E) Assume the same facts as in (b)(viii)(B) and (C) of this subsection, except that before the ninety-day period expires, the taxpayer requests an additional fifteen days in which to respond, explaining why the substantiation will require the additional time to assemble. The department agrees to the extended deadline. If the taxpayer submits the requested substantiation within the resulting one hundred five-day period, the department will not deny the claim for failure to provide timely substantiation.

(F) Assume the same facts as in (b)(viii)(B) and (C) of this subsection, except that the taxpayer submits substantiation within ninety days. The department reviews the substantiation and finds that it is still insufficient. The department, in its discretion, may extend the deadline and request additional substantiation from the taxpayer or may deny the refund claim as not substantiated.

(4) May I get a refund of retail sales tax paid in error?

(a) Refund from seller. Except as provided for in RCW 82.08.130 regarding deductions for tax paid at source, if a buyer pays retail sales tax on a transaction that the buyer later
believes was not taxable, the buyer should request a refund or credit directly from the seller from whom the purchase was made. If the seller determines the tax was not due and issues a refund or credit to the buyer, the seller may seek its own refund from the department. It is better for a buyer to seek a retail sales tax refund directly from the seller. This is because the seller has the records to know if retail sales tax was collected on the original sale, knows the buyer, knows the circumstances surrounding the original sale, is aware of any disputes between itself and the buyer concerning the product, and may already be aware of the circumstances as to why a refund of sales tax is or is not appropriate. If a seller questions whether he or she should refund sales tax to a buyer, the seller may request advice from the department's telephone information center at 1-800-647-7706.

(b) Refund from department. In certain situations where the buyer has not received a refund from the seller, the department will refund retail sales tax directly to a buyer. The buyer must file a complete refund application as described in subsection (3)(b) of this section and either a seller’s declaration or a buyer’s declaration, under penalty of perjury, must be provided for each seller.

(i) If the buyer is able to obtain a waiver from the seller of the seller’s right to claim the refund, the buyer should file a seller’s declaration, under penalty of perjury, with the refund application. A seller’s declaration substantiates that:

(A) Retail sales tax was collected and paid to the department on the purchase for which a refund is sought;  
(B) The seller has not refunded the retail sales tax to the buyer or claimed a refund from the department; and  
(C) The seller will not seek a refund of the sales tax from the department.

(ii) If the seller no longer exists, the seller refuses to sign the declaration, under penalty of perjury, or the buyer is unable to locate the seller, the buyer should file a buyer’s declaration, under penalty of perjury, with the refund application. The buyer’s declaration explains why the buyer is unable to obtain a seller’s declaration and provides information about the seller and declares that the buyer has not obtained and will not in the future seek a refund from the seller for that claim.

(iii) Seller’s declaration, under penalty of perjury, and buyer’s declaration, under penalty of perjury, forms are available from the following sources:

- The department’s internet web site at http://dor.wa.gov
- By facsimile by calling Fast Fax at 360-705-6705 or 800-647-7706 (using menu options)
- By writing to:
  Taxpayer Services
  Washington State Department of Revenue
  P.O. Box 47478
  Olympia, WA 98504-7478.

(5) May I use statistical sampling to substantiate a refund? Sampling will only be used when a detailed audit is not possible. However, if your applications for refund or credit involve voluminous documents, the preferred method for substantiating your application is the use of statistical sampling. Alternative methods of sampling, including but not limited to, random sampling, time period sampling, transac-

tion sampling, and block sampling, may be used when the department agrees that such methods are appropriate.

When using statistical sampling or an alternative method to substantiate an application for refund or credit, the applicant must contact the department prior to preparing the sampling to obtain the department’s approval of the sampling plan. The sampling plan will describe the following:

- Population and sampling frame;  
- Sampling unit;  
- Source of the random numbers;  
- Who will physically locate the sample units and how and where they will be presented for review;  
- Any special instructions to those who were involved in reviewing the sample units;  
- Special valuation guidelines to any of the sample units selected in the sample;  
- How the sample will be evaluated, including the precision and confidence levels; and  
- The applicant must obtain a seller’s declaration from those sellers identified in the sample and separately certify, under penalty of perjury, that applicant will not otherwise request or accept a refund or credit for sales or deferred sales tax paid to any seller or any use tax remitted during the tax-able period covered by the audit.

Failure to contact the department before preparing the sampling may result in the department rejecting the application on the grounds that the results are not statistically valid.

Contact the department prior to performing a statistical sampling at these locations:

- The department’s internet web site at http://dor.wa.gov
- By facsimile by calling Fast Fax at 360-705-6705 or 800-647-7706 (using menu options)
- By writing to:
  Taxpayer Services
  Washington State Department of Revenue
  P.O. Box 47478
  Olympia, WA 98504-7478.

(6) Is my refund final? The department may review a refund or credit provided on the basis of a taxpayer application without an examination by audit. If the refund or credit is granted and the department subsequently determines that the refund or credit exceeded the amount properly due the taxpayer, the department may issue an assessment to recover the excess amount. This assessment must be made within the time limits of RCW 82.32.050.

(7) Refunds made as a result of a court decision. The department will grant refunds or credits required by a court or Board of Tax Appeals decision, if the decision is not under appeal.

If the court action requires the refund or credit of retail sales taxes, the department will not require that buyers attempt to obtain a refund directly from the seller if it would be unreasonable and an undue burden on the buyer. In such a case, the department may refund the retail sales tax directly to the buyer and may use the public media to notify persons that they may be entitled to refunds or credits. The department will make available special refund application forms that buyers must use for these situations. The application will request the appropriate information needed to identify the buyer, item purchased, amount of sales tax to be refunded,
and the seller. The department may, at its discretion, request additional documentation that the buyer could reasonably be expected to retain, based on the particular circumstances and value of the transaction. The department will approve or deny such refund requests within ninety days after the buyer has submitted all documentation.

(8) What interest is due on my refund? Interest is due on a refund or credit granted to a taxpayer as provided in this subsection.

(a) Rate for overpayments made between 1992 through 1998. For amounts overpaid by a taxpayer between January 31, 1991 and December 31, 1998, the rate of interest on refunds and credits is:

(i) Computed the same way as the rate provided under subsection (7)(b) of this section minus one percent, for interest allowed through December 31, 1998; and

(ii) Computed the same way as the rate provided under subsection (7)(b) of this section, for interest allowed after December 31, 1998.

(b) Rate for overpayments after 1998. For amounts overpaid by a taxpayer after December 31, 1998, the rate of interest on refunds and credits is the average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate is adjusted on the first day of January of each year by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April and July of the immediately preceding calendar year and October of the previous preceding year, as published by the United States Secretary of Treasury.

(c) Start date for the calculation of interest. If the taxpayer made all overpayments for each calendar year and all reporting periods ending with the final month included in a credit notice or refund on or before the due date of the final return for each calendar year or the final reporting period included in the notice or refund, interest is computed from either:

(i) January 31st following each calendar year included in a notice or refund; or

(ii) The last day of the month following the final month included in a notice or refund.

If the taxpayer did not make all overpayments for each calendar year and all reporting periods ending with the final month included in the notice or refund, interest is computed from the last day of the month following the date on which payment in full of the liabilities was made for each calendar year included in a notice or refund, and the last day of the month following the date on which payment in full of the liabilities was made if the final month included in a notice or refund is not the end of a calendar year.

(d) Calculation of interest on credits. The department will include interest on credit notices with the interest computed to the date the taxpayer could reasonably be expected to use the credit notice, generally the due date of the next tax return. If a taxpayer requests that a credit notice be converted to a refund, interest is recomputed to the date the refund (warrant) is issued, but not to exceed the interest that would have been granted through the credit notice.

(9) May the department apply my refund against other taxes I owe? The department may apply overpayments against existing deficiencies and/or future assessments for the same legal entity. However, if preliminary schedules have not been issued regarding existing deficiencies or future assessments and the taxpayer is not presently under audit, the refund of an overpayment may not be delayed when the department determines a refund is due. The following examples illustrate the application of overpayments against existing deficiencies:

(a) The taxpayer's records are audited for the period Year 1 through Year 4. The audit disclosed underpayments in Year 2 and overpayments in Year 4. The department will apply the overpayments in Year 4 to the deficiencies in Year 2. The resulting amount will indicate whether a refund or credit is owed the taxpayer or whether the taxpayer owes additional tax.

(b) The department has determined that the taxpayer has overpaid its real estate excise tax. The department believes that the taxpayer may owe additional B&O taxes, but this has yet to be established. The department will not delay the refund of the real estate excise tax while it schedules and performs an audit for the B&O taxes.

(c) The department simultaneously performed a timber tax audit and a B&O tax audit of a taxpayer. The audit disclosed underpayments of B&O tax and overpayments of timber tax. Separate assessments were issued on the same date, one showing additional taxes due and the other overpayments. The department may apply the overpayment against the tax deficiency assessment since both the underpayment and overpayment have been established.

(10) How do I appeal the department's decision? The taxpayer may appeal the denial of: A refund claim (or any part thereof, including tax, penalties, or interest overpayments), a request for an extension for providing substantiation, or a request to use a specific sampling technique. Taxpayer may appeal to either:

(a) The department as provided in WAC 458-20-100, Appeals, small claims and settlements; or

(b) Directly to Thurston County superior court.

(11) Application. This section applies to refund applications or amended returns showing overpayments, where the taxpayer has also specifically identified the basis for the refund or credit, that are received by the department on or after the effective date of this section.

[Statutory Authority: RCW 82.32.000 and 82.01.060(2). 07-17-065, § 458-20-229, filed 8/13/07, effective 9/13/07. Statutory Authority: RCW 82.32-300. 93-04-077, § 458-20-229, filed 2/1/93, effective 3/4/93; 83-08-026 (Order ET 83-1), § 458-20-229, filed 3/30/83; Order ET 70-3, § 458-20-229 (Rule 229), filed 5/29/70, effective 7/1/70.]

WAC 458-20-244 Food and food ingredients. (1) Introduction.

(a) What is the purpose of this section? This section, WAC 458-20-244, provides guidelines for determining if food or food ingredients qualify for the retail sales tax and use tax exemptions under RCW 82.08.0293 and 82.12.0293 (collectively referred to in this section as the "exceptions").

There is no corresponding business and occupation (B&O) tax exemption. Even if a sale of food or food ingredients is exempt from retail sales tax or use tax under the exemptions, gross proceeds from sales of food or food ingredients remain subject to the retailing B&O tax.

[2008 WAC Supp—page 33]
(b) How has the law changed since the prior version of this section was published? In 2003 and 2004, the legislature amended RCW 82.08.0293 and 82.12.0293 to comply with the national Streamlined Sales and Use Tax Agreement. These amendments alter the definitions used to determine whether a particular food or food ingredient qualifies for the exemptions.

(c) What other sections might apply? The following sections may contain additional relevant information:
- WAC 458-20-119 (Sales of meals);
- WAC 458-20-124 (Restaurants, cocktail bars, taverns and similar businesses);
- WAC 458-20-12401 (Special stadium sales and use tax);
- WAC 458-20-166 (Hotels, motels, boarding houses, rooming houses, resorts, summer camps, trailer camps, etc.);
- WAC 458-20-167 (Education institutions, school districts, student organizations, and private schools);
- WAC 458-20-168 (Hospitals, medical care facilities, and adult family homes); and
- WAC 458-20-169 (Nonprofit organizations).

(2) What qualifies for the exemptions?
(a) In general. The exemptions apply to food and food ingredients. "Food and food ingredients" means substances, whether in liquid, concentrated, solid, frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are consumed for their taste or nutritional value.

(b) Items not used solely for ingestion or chewing. Items that are commonly ingested or chewed by humans for their taste or nutritional value but which may also be used for other purposes are generally treated as food or food ingredients. For example, pumpkins are presumed to be a food or food ingredient unless the pumpkin is sold painted or is otherwise clearly for decorative purposes rather than consumption. This is true even though the purchaser may use an undecorated pumpkin for carving and display rather than for eating.

(c) What does not qualify for the exemptions? The exemptions do not apply to the following items, which are not considered "food or food ingredients" or which are otherwise specifically excluded from the exemptions:

- Items sold for medical or hygiene purposes. Items commonly used for medical or hygiene purposes, such as cough drops, breath sprays, toothpaste, etc., are not ingested for taste or nutrition and are not considered a food or food ingredient. In contrast, breath mints are commonly ingested for taste and are considered a food or food ingredient.
- Bulk sales of ice. Ice sold in bags, containers, or units of greater than ten pounds and blocks of ice of any weight are not considered a food or food ingredient. Ice sold in cubed, shaved, or crushed form in packages or quantities of ten pounds or less is considered a food or food ingredient. Refer to WAC 458-20-120 (Sales of ice) for additional guidance on the sale of ice.
- Alcoholic beverages. Alcoholic beverages are excluded from the definition of food and food ingredients. "Alcoholic beverages" means beverages that are suitable for human consumption and contain one-half of one percent or more of alcohol by volume.
- Tobacco. Tobacco is excluded from the definition of food and food ingredients. "Tobacco" includes cigarettes, cigars, chewing or pipe tobacco, or any other items that contain tobacco.
- Soft drinks. Soft drinks are excluded from the exemptions. "Soft drinks" means any nonalcoholic beverage that contains natural or artificial sweeteners, except beverages that contain:
  - Milk or milk products;
  - Soy, rice, or similar milk substitutes; or
  - More than fifty percent by volume of vegetable or fruit juice.

For example, sweetened sports beverages are considered "soft drinks," but a sweetened soy beverage is a food or food ingredient.

Beverage mixes that are not sold in liquid form are not soft drinks even though they are intended to be made into a beverage by the customer. Examples include powdered fruit drinks, powdered tea or coffee drinks, and frozen concentrates. These items are a food or food ingredient and are not subject to retail sales tax.

- Dietary supplements. Dietary supplements are excluded from the exemptions. "Dietary supplement" means any product intended to supplement the diet, other than tobacco, which meets all of the following requirements:
  - Contains a vitamin; mineral; herb or other botanical; amino acid; a substance for use by humans to increase total dietary intake; or a concentrate, metabolite, constituent, extract; or combination of any of them;
  - Is intended for ingestion in tablet, capsule, powder, soft gel, gelcap, or liquid form, or if not intended for ingestion in such a form, is not represented as conventional food and is not represented for use as a sole item of a meal or of the diet; and
  - Is required to be labeled with a Food and Drug Administration "supplement facts" box. If a product is otherwise considered a food or food ingredient and labeled with both a "supplement facts" box and "nutrition facts" box, the product is treated as a food or food ingredient.

Nutrition products formulated to provide balanced nutrition as a sole source of a meal or of the diet are considered a food or food ingredient and not a dietary supplement. Refer to RCW 82.08.925 for information on the sales tax exemption applicable to dietary supplements dispensed under a prescription.

- Prepared food. Prepared food is excluded from the exemptions. Prepared food generally means heated foods, combined foods, or foods sold with utensils provided by the seller, as described in more detail in subsection (4) of this section. "Prepared food" does not include food sold by a seller whose proper primary North American industry classification system (NAICS) classification is manufacturing in sector 311, except subsector 3118 (bakeries), unless the food is sold with utensils provided by the seller (see subsection (4)(c) of this section).

(4) What is "prepared food"? Food or food ingredients are "prepared foods" if any one of the following are true:

- Heated foods. Food ingredients are "prepared foods" if sold in a heated state or are heated by the seller, except bakery items. "Bakery items" include bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, Danish, cakes, tortes, pies, tarts, muffins, bars, cookies, and tortillas. Food is sold in a heated state or is heated by the seller...
when the seller provides the food to the customer at a temperature that is higher than the air temperature of the seller’s establishment. Food is not sold in a heated state or heated by the seller if the customer, rather than the seller, heats the food in a microwave provided by the seller.

(b) Combined foods. Food or food ingredients are “prepared foods” if the item sold consists of two or more foods or food ingredients mixed or combined by the seller for sale as a single item, unless the food or food ingredients are any of the following:

- Bakery items (defined in (a) of this subsection);
- Items that the seller only cuts, repackages, or pasteurizes;
- Items that contain eggs, fish, meat, or poultry, in a raw or undercooked state requiring cooking as recommended by the federal Food and Drug Administration in chapter 3, part 401.11 of The Food Code, published by the Food and Drug Administration, as amended or renumbered as of January 1, 2003, so as to prevent foodborne illness; or
- Items sold in an unheated state as a single item at a price that varies based on weight or volume.

(c) Food sold with utensils provided by the seller. Food or food ingredients are “prepared foods” if sold with utensils provided by the seller. Utensils include plates, knives, forks, spoons, glasses, cups, napkins, and straws. A plate does not include a container or packaging used to transport the food.

(i) Utensils are customarily provided by the seller. A food or food ingredient is “sold with utensils provided by the seller” if the seller’s customary practice for that item is to physically deliver or hand a utensil to the customer with the food or food ingredient as part of the sales transaction. If the food or food ingredient is prepackaged with a utensil, the seller is considered to have physically delivered a utensil to the customer unless the food and utensil are prepackaged together by a food manufacturer classified under sector 311 of the NAICS. Examples of utensils provided by such manufacturers include juice boxes that are packaged with drinking straws, and yogurt or ice cream cups that are packaged with wooden or plastic spoons.

(ii) Utensils are necessary to receive the food. Individual food or food ingredient items are “sold with utensils provided by the seller” if a plate, glass, cup, or bowl is necessary to receive the food or food ingredient and the seller makes those utensils available to its customers. For example, items obtained from a self-serve salad bar are sold with utensils provided by the seller, because the customer must use a bowl or plate provided by the seller in order to receive the items.

(iii) More than seventy-five percent prepared food sales with utensils available. All food and food ingredients sold at an establishment, including foods prepackaged with a utensil by a manufacturer classified under sector 311 of the NAICS, are “sold with utensils provided by the seller” if the seller makes utensils available to its customers and the seller’s gross sales of prepared food under (a), (b), and (c)(ii) of this subsection equal more than seventy-five percent of the seller’s gross sales of all food and food ingredients, including prepared food, soft drinks, and dietary supplements.

(A) Exception for four or more servings. Even if a seller has more than seventy-five percent prepared food sales, four servings or more of food or food ingredients packaged for sale as a single item and sold for a single price are not “sold with utensils provided by the seller” unless the seller’s customary practice for the package is to physically hand or otherwise deliver a utensil to the customer as part of the sales transaction. Whenever available, the number of servings included in a package of food or food ingredients is to be determined based on the manufacturer’s product label. If no label is available, the seller must reasonably determine the number of servings.

(B) Determining total sales of prepared foods. The seller must determine a single prepared food sales percentage annually for all the seller’s establishments in the state based on the prior year of sales. The seller may elect to determine its prepared food sales percentage based either on the prior year of sales. The seller may not change its elected method for determining its prepared food sales percentage without the written consent of the department of revenue. The seller must determine its annual prepared food sales percentage as soon as possible after accounting records are available, but in no event later than ninety days after the beginning of the seller’s calendar or fiscal year. A seller may make a good faith estimate of its first annual prepared food sales percentage if the seller’s records for the prior year are not sufficient to allow the seller to calculate the prepared food sales percentage. The seller must adjust its good faith estimate prospectively if its relative sales of prepared foods in the first ninety days of operation materially depart from the seller’s estimate.

(d) Examples. The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all of the facts and circumstances.

(i) Example 1. Fast Cafe sells hot and cold coffee and mixed coffee and mixed milk beverages, cold soft drinks, bottled water, milk and juice in single-serving containers, sandwiches, whole fruits, cold pasta salad, cookies and other pastries. Fast Cafe prepares the pasta salad on-site. It orders the pastries from a local bakery, including specialty cakes which it sells both as whole cakes and by the slice. It purchases its sandwiches from a local caterer. The sandwiches are delivered by the caterer prewrapped in plastic with condiments and a plastic knife. Fast Cafe makes straws, napkins and cup lids available for all customers by placing them on a self-service stand. In its first full year of operation, Fast Cafe’s annual gross sales of all food and food ingredients, including prepared food, soft drinks, and dietary supplements is $100,000. Of this gross sales total, $80,000 is from the sale of hot coffee and hot and cold mixed coffee and milk beverages, all sold in disposable paper or plastic cups with the Fast Cafe logo.

Because more than seventy-five percent of Fast Cafe’s total sales of food and food ingredients, including prepared food, soft drinks, and dietary supplements are sales of food or food ingredients that are heated or combined by the seller or sold with a utensil (cups) necessary to receive the food, Fast Cafe has more than seventy-five percent prepared food sales. Because Fast Cafe makes utensils available for its customers, all food and food ingredients sold by Fast Cafe are considered “prepared food,” including the cold milk beverages, cookies and pastries, pasta salad, sandwiches and whole fruits. The
only exception is the sale of whole specialty cakes. Because a whole cake contains four or more servings, it is not subject to retail sales tax unless Fast Cafe customarily hands a utensil to the customer as part of the sale transaction.

(ii) Example 2. Assume the same facts as in Example 1, but that only $60,000 of Fast Cafe's Year 1 gross sales were sales of hot coffee and hot and cold mixed coffee and milk beverages. The remainder of its sales were sales of sandwiches, whole fruits, cookies and other pastries. Under these facts, Fast Cafe does not have more than seventy-five percent prepared food sales. Thus, the items sold by Fast Cafe are taxed as follows:

- Hot coffee and milk beverages are heated by the seller and are also sold by Fast Cafe with a utensil (a paper cup) necessary to receive the food. The hot coffee and milk beverages are "prepared food" for either reason and are subject to retail sales tax.
- Cold mixed milk beverages are a combination of two or more foods or food ingredients and are also sold by Fast Cafe with a utensil (a paper or plastic cup) necessary to receive the food. The cold milk beverages are "prepared food" for either reason and are subject to retail sales tax.
- Cold soft drinks are not exempt and are subject to retail sales tax.
- Sandwiches prepared by the caterer are subject to retail sales tax. Even though the caterer, rather than the seller, combines the ingredients and includes a utensil, Fast Cafe is considered to have provided the utensil because the caterer is not a food manufacturer classified under sector 311 of the NAICS.
- Pasta salad is combined by the seller and is subject to retail sales tax. Note that if the pasta salad was sold by the pound, rather than by servings, it would not be subject to retail sales tax.
- Bottled water, milk and juice in single serving containers, whole fruit, cookies, pastries, slices of cake, and whole cakes are not subject to retail sales tax unless the seller's customary practice is to hand a utensil to the customer as part of the sales transaction. None of these items are heated by the seller, combined by the seller, or require a plate, glass, cup, or bowl in order to receive the item. Even if Fast Cafe heats the pastries for its customers, the pastries are not subject to retail sales tax.
- Bottled water, milk and juice in single serving containers, whole fruit, cookies, pastries, slices of cake, and whole cakes are not subject to retail sales tax unless the seller's customary practice is to hand a utensil to the customer as part of the sales transaction. None of these items are heated by the seller, combined by the seller, or require a plate, glass, cup, or bowl in order to receive the item. Even if Fast Cafe heats the pastries for its customers, the pastries are not subject to retail sales tax.

(iii) Example 3. A pizza restaurant sells whole hot pizzas, hot pizza by the slice, and unheated ready-to-bake pizzas. The whole hot pizzas and hot pizza sold by the slice, including delivered pizzas, are "prepared food" because these items are sold in a heated state. If the unheated ready-to-bake pizzas are prepared by the seller, they are "prepared food" because the seller has mixed or combined two or more food ingredients. This is true even though some ingredients in the unheated pizzas are raw or uncooked, because those ingredients do not require cooking to prevent foodborne illness. If the unheated ready-to-bake pizzas are prepared by a manufacturer other than the seller, they will be taxable as "prepared food" only if sold with utensils provided by the seller.

5) How are combined sales of taxable and exempt items taxed?

(a) Combined sales. Where two or more distinct and identifiable items of tangible personal property, at least one of which is a food or food ingredient, are sold for one non-

[2008 WAC Supp—page 36]
(b) **Foods exempt under the Federal Food Stamp Act.** Under RCW 82.08.0297, eligible foods under the Food Stamp Act of 1977 purchased with food coupons are exempt from the retail sales tax. This is a separate and broader exemption than the retail sales exemption for food and food ingredients under RCW 82.08.0293. For example, soft drinks and garden seeds are "eligible foods" but are not a "food or food ingredients." If such items are purchased with food coupons, they are exempt from the retail sales tax under RCW 82.08.0297, even though the items do not qualify for the exemption under RCW 82.08.0293.

(i) **Definition of food coupons.** The term "food coupons," as used in this subsection means any coupon, stamp, type of certificate, authorization card, cash or check issued in lieu of a coupon, or access device, including an electronic benefit transfer card or personal identification number issued pursuant to the provisions of the Food Stamp Act of 1977. See 7 CFR § 271.2, as amended or renumbered as of January 1, 2003.

(ii) **Use of food coupons combined with other means of payment.** When both food coupons and other means of payment are used in the same sales transaction, for purposes of collecting retail sales taxes, the other means of payment shall be applied first to items which are food and food ingredients exempt under RCW 82.08.0293. The intent is to apply the coupons and other means of payment in such a way as to provide the greatest possible exemption from retail sales tax.

(iii) **Example.** A customer purchases the following at a grocery store: Meat for three dollars, cereal for three dollars, canned soft drinks for five dollars, and soap for two dollars. To determine the amount of retail sales tax she collected on the sale of candy and water, Jane calculates the "tax in gross" amount as follows:

\[
\text{tax in gross} = \text{tax in gross amount as follows:}
\]

\[
\text{tax in gross} = \frac{\text{machine proceeds} \times 0.57 \times \text{sales tax rate}}{1 + \text{sales tax rate}}
\]

The remaining 43% of the gross vending machine proceeds, less the "tax in gross" amount, is reported as an exempt food sales deduction against retail sales proceeds only calculated as follows:

\[
\text{tax in gross} = \text{exempt food deduction}
\]

(b) **Example.** Jane owns a vending machine business with machines in Spokane and Seattle. In each location, she has a vending machine selling candy and water and a second vending machine selling hot cocoa and coffee drinks. Her annual sales for the vending machines and the combined retail sales tax rates for Seattle and Spokane are as follows:

<table>
<thead>
<tr>
<th></th>
<th>Coffee Machine (cocoa &amp; coffee)</th>
<th>Candy Machine (candy &amp; water)</th>
<th>Combined Retail Sales Tax Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Seattle</td>
<td>$2,500</td>
<td>$10,000</td>
<td>0.088</td>
</tr>
<tr>
<td>Spokane</td>
<td>$3,000</td>
<td>$6,000</td>
<td>0.086</td>
</tr>
</tbody>
</table>

To determine the amount of retail sales tax she collected on the sale of cocoa and coffee (food dispensed in a heated state), Jane calculates the "tax in gross" amount as follows:

\[
\text{tax in gross} = \frac{\text{machine proceeds} \times 0.43 \times \text{sales tax rate}}{1 + \text{sales tax rate}}
\]

To determine the amount of retail sales tax she collected on the sale of candy and water, Jane calculates the "tax in gross" amount as follows:

\[
\text{tax in gross} = \frac{\text{machine proceeds} \times 0.43 \times \text{sales tax rate}}{1 + \text{sales tax rate}}
\]

Thus, for both retailing B&O and retail sales, Jane must report her total gross vending machine proceeds of $5,500 with a "tax in gross" deduction of $439.78.
WAC 458-20-254 Recordkeeping. (1) Introduction. This section defines the requirements for the maintenance and retention of books, records, and other sources of information. It also addresses these requirements where all or a part of the taxpayer's books and records are received, created, maintained, or generated through various computer, electronic, and/or imaging processes and systems.

The general requirements imposed on taxpayers are to retain and make available those records necessary to verify that the correct tax liability has been reported and paid by the taxpayer with respect to the taxes administered by the department of revenue ("department"). The records provided to the department are confidential and privileged. Such records may not be disclosed by the department, except as provided by RCW 82.32.330.

(2) Definitions. For purposes of this section, the following definitions will apply:

(a) "Data base management system" means a software system that controls, relates, retrieves, and provides accessibility to data stored in a data base.

(b) "Electronic data interchange" or "EDI technology" means the computer-to-computer exchange of business transactions in a standardized structured electronic format.

(c) "Hard copy" means any documents, records, reports or other data printed on paper.

(d) "Machine-sensible record" means a collection of related information in any electronic format (e.g., data base management systems, EDI technology, automated data process systems, etc.). Machine-sensible records do not include hard-copy records that are created or recorded on paper or stored in or by an imaging system such as microfilm, microfiche, or storage-only imaging systems.

(e) "Records" means all books, data, documents, reports, or other information, including those received, created, maintained, or generated through various computer, electronic, and/or imaging processes and systems.

(f) "Storage-only imaging system" means a system of computer hardware and software that provides for the storage, retention and retrieval of documents originally created on paper. It does not include any system, or part of a system, that manipulates or processes any information or data contained on the document in any manner other than to reproduce the document in hard copy or as an optical image.

(3) Recordkeeping requirements—General.

(a) Every taxpayer liable for a tax or fee imposed by the laws of the state of Washington for which the department of revenue has primary or secondary administrative responsibility, e.g., Title 82 RCW, chapter 67.28 RCW (hotel/motel tax), chapter 70.95 RCW (fee on tires), and chapter 84.33 RCW (forest excise tax), must keep complete and adequate records from which the department may determine any tax liability for such taxpayer.

(b) It is the duty of each taxpayer to prepare and preserve all records in a systematic manner conforming to accepted accounting methods and procedures. Such records are to be kept, preserved, and presented upon request of the department or its authorized representatives which will demonstrate:

(i) The amounts of gross receipts and sales from all sources, however derived, including barter or exchange transactions, whether or not such receipts or sales are taxable. These amounts must be supported by original source documents or records including but not limited to all purchase invoices, sales invoices, contracts, and such other records as may be necessary to substantiate gross receipts and sales.

(ii) The amounts of all deductions, exemptions, or credits claimed through supporting records or documentation required by statute or administrative rule, or other supporting records or documentation necessary to substantiate the deduction, exemption, or credit.

(iii) The payment of retail sales tax or use tax on capital assets, supplies, articles manufactured for your own use, and other items used by the taxpayer as a consumer.

(iv) The amounts of any refunds claimed. These amounts must be supported by records or documents including but not limited to all purchase invoices, sales invoices, contracts, and such other records as may be necessary to substantiate the refunds claimed. Refer to WAC 458-20-229 for information on the refund process.

(c) The records kept, preserved, and presented must include the normal records maintained by an ordinary prudent business person. Such records may include general ledgers, sales journals, cash receipts journals, bank statements, check registers, and purchase journals, together with all bills, invoices, cash register tapes, and other records or documents of original entry supporting the books of account entries. The records must include all federal and state tax returns and
(d) If a taxpayer retains records in both machine-sensible and hard-copy formats, the taxpayer must make the records available to the department in machine-sensible format upon request of the department. However, the taxpayer is not prohibited from demonstrating tax compliance with traditional hard-copy documents or reproductions thereof, although this does not eliminate the requirement that they provide access to machine-sensible records, if requested.

(e) Machine-sensible records used to establish tax compliance must contain sufficient transaction-level detail information so that the details underlying the machine-sensible records can be identified and made available to the department upon request.

(f) At the time of an examination, the retained records must be capable of being retrieved and converted to a readable record format, as required in subsection (6) of this section.

(g) Taxpayers are not required to construct machine-sensible records other than those created in the ordinary course of business. A taxpayer who does not create the electronic equivalent of a traditional paper document in the ordinary course of business is not required to construct such a record for tax purposes.

(4) Record retention period. All records must be open for inspection and examination at any time by the department, upon reasonable notice, and must be kept and preserved for a period of five years. RCW 82.32.070

(5) Failure to maintain or disclose records. Any taxpayer who fails to comply with the requirements of RCW 82.32.070 or this section is forever barred from questioning, in any court action or proceedings, the correctness of any assessment of taxes made by the department based upon any period for which such books, records, and invoices have not been so kept, preserved, or disclosed. RCW 82.32.070

(6) Electronic records.

(a) Electronic data interchange requirements.

(i) Where a taxpayer uses electronic data interchange (EDI) processes and technology, the level of record detail, in combination with other records related to the transactions, must be equivalent to that contained in an acceptable paper record. For example, the retained records should contain such information as vendor name, invoice date, product description, quantity purchased, price, amount of tax, indication of tax status, shipping detail, etc. Codes may be used to identify some or all of the data elements, provided that the taxpayer provides a method which allows the department to interpret the coded information.

(ii) The taxpayer may capture the information at any level within the accounting system and need not retain the original EDI transaction records provided the audit trail, authenticity, and integrity of the retained records can be established. For example, a taxpayer using electronic data interchange technology receives electronic invoices from its suppliers. The taxpayer decides to retain the invoice data from completed and verified EDI transactions in its accounts payable system rather than to retain the EDI transactions themselves. Since neither the EDI transaction nor the accounts payable system captures information from the invoice pertaining to product description and vendor name (i.e., they contain only codes for that information), the taxpayer must also retain other records, such as its vendor master file and product code description lists and make them available to the department. In this example, the taxpayer need not retain its EDI transaction for tax purposes if the vendor master file contains the required information.

(b) Electronic data processing systems requirements.

The requirements for an electronic data processing accounting system should be similar to that of a manual accounting system, in that an adequately designed accounting system should incorporate methods and records that will satisfy the requirements of this section.

(c) Internal controls.

(i) Upon the request of the department, the taxpayer must provide a description of the business process that created the retained records. Such description must include the relationship between the records and the tax documents prepared by the taxpayer and the measures employed to ensure the integrity of the records.

(ii) The taxpayer must be capable of demonstrating:

(A) The functions being performed as they relate to the flow of data through the system;

(B) The internal controls used to ensure accurate and reliable processing; and

(C) The internal controls used to prevent unauthorized addition, alteration, or deletion of retained records.

(iii) The following specific documentation is required for machine-sensible records retained pursuant to this section:

(A) Record formats or layouts;

(B) Field definitions (including the meaning of all codes used to represent information);

(C) File descriptions (e.g., data set name); and

(D) Detailed charts of accounts and account descriptions.

(7) Access to machine-sensible records.

(a) The manner in which the department is provided access to machine-sensible records may be satisfied through a variety of means that shall take into account a taxpayer’s facts and circumstances through consultation with the taxpayer.

(b) Such access will be provided in one or more of the following manners:

(i) The taxpayer may arrange to provide the department with the hardware, software and personnel resources to access the machine-sensible records.

(ii) The taxpayer may arrange for a third party to provide the hardware, software and personnel resources necessary to access the machine-sensible records.

(iii) The taxpayer may convert the machine-sensible records to a standard record format specified by the department, including copies of files, on a magnetic medium that is agreed to by the department.

(iv) The taxpayer and the department may agree on other means of providing access to the machine-sensible records.

(8) Storage-only imaging systems.

(a) For purposes of storage and retention, taxpayers may convert hard-copy documents received or produced in the normal course of business and required to be retained under this section to microfilm, microfiche or other storage-only imaging systems and may discard the original hard-copy documents, provided the conditions of this section are met. Doc-
(10) **Out-of-state businesses.** An out-of-state business which does not keep the necessary records within this state may either produce within this state such records as are required for examination by the department or permit the examination of the records by the department or its authorized representatives at the place where the records are kept. RCW 82.32.070.

[WAC 458-20-270 Telephone program excise tax rates.** RCW 82.72.020 requires the department of revenue (department) to collect certain telephone program excise taxes. Those taxes include the tax on switched access lines imposed by RCW 43.20A.725 (telephone relay service—TRS) and 80.36.430 (Washington telephone assistance program—WTAP). Pursuant to those statutes, the department must annually determine the rate of each respective tax according to the statutory formulas.

The monthly telephone program excise tax rates per switched access line are as follows:

<table>

[Statutory Authority: RCW 82.32.300, 82.01.060(2), 07-04-100, § 458-20-254, filed 5/16/89.]

**WAC 458-20-274 Staffing services.** (1) **Introduction.** This rule explains the application of business and occupation (B&O) tax, public utility tax (PUT); and the retail sales tax collection responsibilities of staffing businesses providing staffing services.

(2) **To whom does this rule apply?** This rule applies to any person engaged in the business activity of providing staffing services. This section does not apply to persons providing professional employer services. Persons providing professional employer services should refer to RCW 82.04.540 for information on their tax-reporting responsibilities.

(3) **What is the definition of a staffing business?** A "staffing business" is a person engaged in the business activity of providing staffing services. "Staffing services" means services consisting of a person:

- Recruiting and hiring its own employees;
- Finding other organizations that need the services of those employees;
- Assigning those employees on a temporary basis to perform work at or services for the other organizations to support or supplement the other organizations' work forces, or to provide assistance in special work situations such as, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects, all under the direction and supervision of the customer; and
- Customarily attempting to reassign the employees to other organizations when they finish each assignment.

(4) **Generally, what kinds of business activities are workers assigned by a staffing business?** Business activi-
ties may include, but are not limited to, services rendered with respect to:

- Construction (both custom and speculative);
- Customer software design and implementation;
- Manufacturing and light industrial activities;
- Professional services including medical and clerical;
- Other skilled and unskilled labor.

(5) Is the gross income received by a staffing business subject to Washington tax? Yes, the gross income received by a staffing business is subject to B&O and/or PUT tax.

(6) Is the tax paid by a staffing business or is the tax collected from the client to whom the workers are assigned?

- B&O tax and/or PUT are paid by the staffing business.
- When the activity of the assigned worker is a retail sale, retail sales tax must be collected from the client unless a specific exemption or exclusion, such as the activity being a sale for resale, applies. The collected tax is paid by the staffing business to the department.

(7) May a staffing business deduct payroll and other business expenses from gross income?

- Chapters 82.04 and 82.16 RCW provide limited deductions from the B&O tax and PUT.
- The requirements of each specific deduction or exemption must be met to qualify for the deduction or exemption.
- Generally, amounts paid to the worker, amounts deducted for payroll taxes, or any other expenses paid or accrued may not be deducted by a staffing business.
- But income received for work performed outside the state may be deducted from gross income for B&O tax purposes. Similarly, an interstate haul is deducted from the PUT.
- Bad debts on which tax has been paid and which may be written off for federal tax purposes may be deducted from the gross income of both B&O and PUT.
- Exemptions, deductions and special tax rates that may apply to the client do not automatically also apply to the staffing business.

- Example 1.
  - Under the Revenue Act, certain nonprofit hospitals may qualify for a B&O tax deduction for income received through Medicare.
  - Also, nonprofit and public hospitals are taxable under a special B&O tax classification.
  - However, because the staffing business does not meet the criteria for the B&O tax deduction for income received through Medicare or, for the B&O tax special nonprofit hospital classification, the income received by a staffing business from assigning physicians, nurses, or other health care workers to the hospital is taxable under the service and other activities classification.

- Example 2.
  - Similarly, the Revenue Act exempts from B&O tax income received by licensed adult family homes.
  - However, the gross income received by a staffing business from assigning a health care worker to the adult family home is taxable under the service and other activities B&O tax classification.

(8) What if an activity is not subject to sales tax because it is a sale for resale?

- When a service that would otherwise be a retail sale is performed for a person who resells that service, such as construction work performed for a general contractor, sales tax is not collected when the staffing business receives a completed resale certificate from the client reselling the service.
- When a resale certificate is received, the staffing business must report such charges for the worker under the wholesaling B&O tax classification. (See WAC 458-20-102 for more information about resale certificates.)

(9) What is the tax rate?

- The B&O tax rate and/or the PUT rate is determined by the classification of the activity engaged in by the assigned worker.
- The retail sales tax rate is determined, generally, by the location of where the retail sale is performed. See WAC 458-20-145.

(10) If the B&O tax rate is determined by the B&O tax classification, who determines or identifies the correct classification?

- It is the responsibility of the staffing business to determine or identify the applicable B&O tax classification for the activity performed by the assigned worker.
- This determination should be made prior to dispatching the worker to the customer.
- It is important for the staffing business to know whether retail sales tax should be collected from the customer, or if a resale certificate exemption certificate or other documentation should be received from the customer as evidence of a sales tax exemption.

(11) Is the proper B&O tax classification as reported by the staffing business always the same classification as reported by the client customer to whom the worker is assigned?

- Regardless of the nature of the customer's business, the staffing business looks to the activity engaged in by the worker assigned.
- The staffing business should not assume that the income it receives through the activities of its workers is taxable under the same classification that the customer reports.
- It is the activity of each worker, not the reporting classification of the customer that determines the tax classification.

- Example:
  - A person operating an insurance agency is taxable under the insurance agents B&O tax classification.
  - If the staffing business assigns a receptionist for the insurance agency, the gross income received for the receptionist's services is subject to B&O tax under the service and other activities classification. The service classification applies because the receptionist is not providing services under the authority of an insurance agent's license.
  - However, if the staffing business assigns a worker licensed as an insurance agent to an insurance agency, and the licensed insurance agent performs services under the authority of his/her license, the related income is taxable under the insurance agents B&O tax classification.
What are the major B&O tax classifications? 
The major B&O tax classifications include:
- Retailing.
- Wholesaling.
- Manufacturing.
- Processing for hire.
- Service and other activities.
- Stevedoring.
- Travel agent activities.

Where can I get a description of the activities included in the major B&O tax classification? Where can I get a complete list of the B&O tax classifications and more information?
- The department's Staffing Industry Guide provides detailed information on the staffing industry and includes a description of the activities included in the major B&O tax classifications. The Staffing Industry Guide is located on the department's web site http://dor.wa.gov/
- A complete list of the B&O tax classifications and more information about the B&O and PUT can be found on the department's web site http://dor.wa.gov/

What is the public utility tax (PUT)? What are the major classifications of PUT?
- The public utility tax is a tax on gross receipts, similar to the B&O tax.
- It applies to most utility services, such as water, power, and gas distribution, and sewerage collection.
- It also applies to providing transportation of persons or property for hire within five miles of the city limits (urban transportation classification) and beyond (motor transportation classification).
- These classifications apply whether or not the person performing the work owns the vehicle with which the activity is being performed.
- Examples include taxi cab service, limousine service, and hauling goods belonging to others (hauling for hire).

How is income reported when the assigned worker is engaging in more than one activity?
- An assigned worker provided by a staffing business to a client may engage in several different activities while on the same job.
- The different activities may be taxable under separate B&O tax and/or PUT classifications.
- If the staffing business separates the amounts it charges the client by activities, the separated charges are reported.
- If the staffing business does not separate its charge to the client the charge is reported under the classification of the predominant activity.
- "Predominant activity" for two worker activities is when more than fifty percent of the worker's time is spent working in one tax classified activity.
- "Predominant activity" for more than two worker activities is the activity the worker spends the greatest amount of time doing.
- When two or more workers, engaged in different activities, are assigned to one client, the charge for each worker is reported based on the predominant activity of each individual worker.

Example 1:
- A staffing business assigns a housekeeper whose primary job is to clean an apartment (subject to the service and other activities B&O tax classification).
- The job also calls for the housekeeper to prepare one meal per day (subject to retailing B&O tax and retail sales tax).
- Therefore, the gross income received by staffing business from the charge to the client is reportable under the service and other activities B&O tax classification. Retail sales tax will not apply.

Example 2:
- A staffing business assigns a construction worker to a client that is a developer/property owner performing construction-related services (subject to retailing B&O tax and retail sales tax).
- The assigned worker has a commercial driver's license and is only occasionally required to drive the client's truck within the city to pick up a load of gravel (an activity subject to the urban transportation PUT classification).
- The worker also spends about one hour per day helping in the office.
- Therefore, the predominant activity is the retailing activity of preparing construction work because the greatest amount of time is spent performing retailing construction work.
- The staffing business has not segregated charge for the other lesser activities.
- In this case, the staffing business reports the gross amount charged to the client under the retailing B&O tax classification. Additionally, the staffing business must also collect from the client retail sales tax measured by the gross charge to the client.

Example 3:
- Same facts as Example 2, except the staffing business also provides a receptionist to the client (developer/property owner).
- As demonstrated in Example 2, the staffing business is subject to the retailing B&O tax on the gross amount charged to the client for work done by the construction worker; and retail sales tax must be collected on this charge.
- However, the staffing business is subject to service and other activities B&O tax on the gross amount charged to the client for the receptionist's work. The service and other activities B&O tax classification is the proper classification notwithstanding the client reports under the retailing classification.

Is the staffing business required to keep documentation of the activities their assigned workers performed?
- The staffing business must keep documentation showing what services their assigned workers performed.
- All available information should be recorded concurrently with the assignment of the worker and the charge for the service.
• It is important that the client's labor and skill requirements are detailed up front as much as possible prior to dispatch.
• This is particularly important for purposes of billing retail sales tax.
• Documentation may be in the form of a copy of a client order or other documented request by a client for a worker.
• The documentation must state the specific work to be performed, and/or the worker skills requested by the client.
• If the client's request comes in by telephone, the staffing business should ask exactly what type of services are required and write them down on an order form, or as a memo to the client's file.
• Also, the worker can provide a written explanation of the services actually performed.
• Documentation to support the B&O tax classification must be sufficiently detailed to support the classification reported.
• The classification of primary interest to the client is retailing. Only under retailing is the staffing company, as seller of the service, required to collect retail sales tax from the client.
• Any other classification which does not directly impact the client may be of less interest to the client. Nevertheless, because the rates may vary between classifications, it is in the person providing staffing service's best interest to gather enough information to classify all services correctly.
• If, subsequent to filing a return, it is later determined that income has been incorrectly classified, amended returns should be submitted to the department to make the appropriate adjustment.

[Statutory Authority: RCW 82.32.300 and 82.01.060(2). 07-17-132, § 458-20-274, filed 8/20/07, effective 9/20/07.]

Excise Tax Rules

WAC 458-20-277 Certified service providers—Compensation. (1) Introduction. This section explains compensation paid to certified service providers (CSPs) as defined in Substitute Senate Bill No. 5089 (SSB 5089), chapter 6, Laws of 2007 and RCW 82.58.080. The section also lists rights and responsibilities applicable to these CSPs when collecting and remitting retail sales and use taxes in Washington. On March 22, 2007, Washington enacted SSB 5089, a legislative package that brings Washington's sales and use tax laws into conformity with the streamlined sales and use tax agreement (SSUTA). For more information concerning the SSUTA, visit http://www.streamlinedsalesstat.org. The web sites referenced in this section are not maintained by Washington or the department of revenue (department). These referenced web sites may contain recommendations that require a change to Washington law prior to becoming effective in Washington.

(2) CSP compensation for volunteer sellers. (a) What is a CSP? A CSP is an agent of the seller certified under the SSUTA to perform all of a seller's retail sales and use tax functions, other than the seller's obligation to remit retail sales and use tax on its own purchases. For more information concerning CSP certification or a list of current CSPs, visit the SSUTA web site located at: http://www.streamlinedsalesstat.org.

(b) What is a volunteer seller? A volunteer seller is any seller that has selected a CSP, as agent, to perform all of that seller's retail sales and use tax functions, other than the obligation to remit retail sales and use tax on the seller's own purchases and who has voluntarily registered through the SSUTA central registration system (CRS) in accordance with the terms of the CSP contract (CSP contract). The CSP contract is the agreement executed between each CSP and the streamlined sales tax governing board under which CSPs perform services in SSUTA associate and member states.

(c) What are member states and associate member states? Member states are those states that have petitioned and been granted full membership under the SSUTA. Associate member states are those states that have petitioned and been designated associate member status under the SSUTA. Washington became an associate member state on July 1, 2007. Washington has been granted full membership status as of July 1, 2008. For a list of the current member and associate member states, visit the SSUTA web site at: http://www.streamlinedsalesstat.org.

(d) What are monetary allowances? As a condition of becoming an associate member and member state, Washington has agreed to permit CSPs to act as agents for sellers in collecting and remitting sales and use taxes in Washington. Washington has agreed to provide monetary allowances to CSPs acting as agents for volunteer sellers. A CSP will obtain these monetary allowances by retaining a portion of the Washington retail sales and use tax they collect. However, monetary allowances will not reduce the retail sales and use taxes collected for and remitted to local taxing jurisdictions. The calculation of these monetary allowances is discussed in subsection (3) of this section.

(e) What is a certified automated system (CAS)? A certified automated system is software certified by Washington under the SSUTA: To calculate the sales and use tax imposed by each taxing jurisdiction on a transaction; to determine the amount of tax to remit; and to maintain a record of the transaction.

(3) How are monetary allowances calculated? The formula for determining monetary allowances is set forth in the CSP contract. This monetary allowance is the CSP's sole form of compensation with respect to volunteer sellers during the term of the CSP contract and is the same with respect to all CSPs.

This monetary allowance is calculated by using the following formula: (The combined volume of taxes due to all CSPs acting as agents for volunteer sellers during the term of the CSP contract) multiplied by (the applicable base rate). Simply stated, the formula is (combined collected taxes) x (base rate). Affiliated volunteer sellers will be treated as a single volunteer seller if they are related persons under 267(b) or 707(b) of the United States Internal Revenue Code. The base rate resets annually. Table A below sets forth the schedule for "combined collected taxes" and the applicable "base rate":

<table>
<thead>
<tr>
<th>Combined Collected Taxes:</th>
<th>Base Rate:</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0.00</td>
<td>- $250,000</td>
</tr>
<tr>
<td>$250,000.01</td>
<td>- $1,000,000</td>
</tr>
<tr>
<td>$1,000,000.01</td>
<td>- $2,500,000</td>
</tr>
<tr>
<td>$2,500,000.01</td>
<td>- $5,000,000</td>
</tr>
</tbody>
</table>

[2008 WAC Supp—page 43]
(a) Can volunteer sellers lose volunteer seller status? Volunteer seller status ceases when the seller conducts activities in Washington that would require the seller to legally register in Washington as described in the CSP contract.

(b) Seller statements. Each volunteer seller must periodically send written statements (statement) to the CSP verifying that the seller continues to qualify as a volunteer seller in Washington. The volunteer seller must send the first statement twenty-four consecutive months from the date on which the CSP began remitting sales and use taxes for the volunteer seller in Washington. Subsequently, volunteer sellers will send a statement every twelve consecutive months thereafter. A CSP may request a statement verifying a seller's volunteer seller status at any time. The CSP must notify the department when a seller loses volunteer seller status and this notification must be sent no later than ten business days after receipt of a seller's statement indicating the seller is no longer a volunteer seller. Notice to the department must be provided consistent with the notice provisions contained in the CSP contract. Entitlement to monetary allowances will be terminated after a seller sends a statement that the seller is no longer a volunteer seller.

(c) When will monetary allowances terminate? A CSP is entitled to retain monetary allowances granted prior to receiving a statement indicating that the seller has lost volunteer seller status. However, entitlement to monetary allowances will end on the first day of the month following receipt of such statement. Regardless, a CSP will be entitled to monetary allowances for services performed under this section with respect to a volunteer seller for a period of twenty-four months (beginning on the date the CSP commenced remitting sales and use taxes for the volunteer seller in Washington and ending twenty-four consecutive months later).

(4) CSP rights and responsibilities.

(a) Responsibility for retail sales and use taxes. A CSP is liable to the member states and associate member states for the retail sales and use taxes on the sales transactions that it processes.

If the CSP does not remit the collected retail sales and use taxes when due, those taxes are delinquent. Washington may send a notice of delinquency to a CSP for these delinquent taxes. The CSP must then remit the delinquent taxes within ten business days of that notification. If the CSP does not remit the delinquent taxes within those ten business days, the CSP is not entitled to monetary allowances with respect to the delinquent taxes and is liable for the payment of the taxes along with penalties and interest. However, if the taxes are delinquent because a seller has not remitted part or all of the delinquent taxes to the CSP, the CSP will be given relief if it properly notifies the department. In order to obtain this relief, the CSP must notify the department of the seller's failure to remit the retail sales and use taxes to the CSP within ten business days of the date on which those delinquent taxes should have been remitted to the department. Notice by the CSP under this subsection must be provided consistent with the notice provisions contained in the CSP contract.

(b) CSP liability relief. A CSP is not liable for charging or collecting the incorrect amount of sales or use tax where that error results from reliance on incorrect data provided in the department's taxability matrix, or from tax rates, boundaries, and taxing jurisdiction assignments listed in Washington's rates and boundaries data bases. To obtain a copy of the taxability matrix, visit the SSUTA web site located at: http://www.streamlinesalestax.org. Additionally, CSPs will be held harmless and not liable for sales and use taxes, interest, and penalties on those taxes not collected due to reliance on Washington's certification of the CSP's CAS. Pursuant to RCW 82.58.080, sellers that contract with a CSP are not liable to Washington for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresents the type of items it sells or commits fraud.

(c) Seller's contract with the CSP. A CSP must provide the department with a copy of its agreement with contracting sellers if requested.

(d) Credits or refunds with respect to bad debt. A CSP may, on the behalf of a seller, claim credits or refunds for sales taxes paid on bad debts. Bad debts have the same meaning provided in 26 U.S.C. Section 166, as amended in 2003. Bad debts do not include expenses incurred in collecting bad debts; repossessed property; and amounts due on property in the possession of the seller until the full purchase price has been paid. See section 103, SSB 5089 and WAC 458-20-196 for more information regarding bad debts.

(e) Retention of personally identifiable consumer information. With limited exceptions, CSPs must perform their services without retaining personally identifiable consumer information. A CSP may retain personally identifiable consumer information only as long as it is needed to ensure the validity of tax exemptions or to show the intended use of the goods or services purchased. See section 601, SSB 5089 for more information regarding personally identifiable consumer information.

(f) Filing of tax returns and remittance of retail sales and use taxes. CSP will file retail sales and use excise tax returns using Washington's electronic filing system (E-file). CSPs will remit retail sales and use taxes due with respect to these returns using ACH Debit, ACH Credit, or the Fedwire Funds Transfer System.

[Statutory Authority: RCW 82.32.300, 82.01.060(2), and 82.32.715. 08-01-017, § 458-20-277, filed 12/7/07, effective 1/7/08.]

Chapter 458-30 WAC

OPEN SPACE TAXATION ACT RULES

WAC 458-30-300 Additional tax—Withdrawal or removal from classification.

458-30-330 Open space plan and public benefit rating system—Authorization and procedure to establish—Adoption—Notice to owner—Valuation.

458-30-700 Designated forest land—Removal—Change in status—Compensating tax.

WAC 458-30-300 Additional tax—Withdrawal or removal from classification. (1) Introduction. This rule outlines the withdrawal and removal procedures, events that
trigger removal, and how to calculate the additional property tax ("additional tax"), interest, and penalty that may be imposed because land is withdrawn or removed from classification. When land is withdrawn or removed additional tax and interest are due. A twenty percent penalty is also due when land is removed from classification (see RCW 84.34.108 and 84.34.070(2)).

(2) Duties of assessor and treasurer. As soon as possible after determining that the land no longer qualifies for classification under chapter 84.34 RCW or the use of the land has changed, the assessor must notify the owner in writing regarding this determination and of his or her intent to remove the land from classification. The assessor may not remove the land from classification until the owner has had an opportunity to be heard on the issue of removal.

(a) The owner has thirty calendar days following the postmark date on the assessor's notice of intent to remove to respond, in writing, to the assessor about the removal of the land from classification. After giving the owner an opportunity to be heard and unless sufficient information or evidence is presented as to why the land should not be removed from classified status, the land will be removed from classification as of the date the land no longer qualified for classification or the use of the land changed.

(b) Within thirty days of removing land from classification, the assessor notifies the owner, in writing, about the reasons for the removal. The owner, seller, or transferee may appeal the removal to the county board of equalization.

(c) Unless the removal is reversed on appeal, the assessor revalues the affected land with reference to its true and fair value on the date of removal from classification. The assessment roll will list the assessed value of the land before and after the removal from classification. Taxes will be allocated to the part of the year to which each assessed value applies; that is, current use and true and fair value.

(d) The assessor computes the amount of additional tax, interest, and penalty, unless the removal is the result of one of the circumstances listed in subsection (5) of this rule.

(e) The assessor notifies the treasurer of the amount of additional tax, interest, and penalty due.

(f) The treasurer mails or gives the owner written notice about the amount of the additional tax, interest, and, if required, penalty due and the date on which the total amount must be paid.

(g) The total amount is due and payable to the treasurer thirty days after the owner is notified of the amount of additional tax, interest, and penalty due.

(3) Amount of additional tax, interest, and penalty. The amount of additional tax, interest, and penalty will be determined as follows:

(a) The amount of additional tax is equal to the difference between the property tax paid on the land because of its classified status and the property tax that would have been paid on the land based on its true and fair value for the seven tax years preceding the withdrawal or removal. And in the case of a removal, the taxes owed for the balance of the current tax year;

(b) The amount of interest, calculated at the same statutory rate charged on delinquent property taxes specified in RCW 84.56.020, is based upon the amount of additional tax determined under (a) of this subsection, starting from the date the additional tax could have been paid without interest until the date the tax is paid; and

(c) A penalty amounting to twenty percent of the additional tax and interest; that is, twenty percent of the total amount computed in (a) and (b) of this subsection. A penalty is not imposed when:

(i) The land has been classified for at least ten years at the time it is withdrawn from classification and the owner submitted a request to withdraw classification to the assessor at least two assessment years prior to the date the land is withdrawn from classification; or

(ii) The use of the land has changed and the change in use was the result of one of the circumstances listed in RCW 84.34.108(6). See subsection (5) of this rule for a detailed list of these circumstances.

(4) Failure to sign notice of continuance. Land will be removed from current use classification if a new owner fails to sign the notice of continuance when the classified land is sold or transferred. Additional tax, interest, and penalty will be imposed in accordance with RCW 84.34.108(4) because of this removal. A notice of continuance is not required when classified land is transferred to a new owner who is the heir or devisee of a deceased owner and the new owner wishes to continue classified use (see RCW 84.34.108 (1)(c)). If the heir or devisee elects not to continue classified use, the land will be removed from classification and additional tax, interest, and penalty are due.

(5) Exceptions. No additional tax, interest, or penalty will be imposed if the withdrawal or removal from classification was the result of one or more of the following circumstances:

(a) Transfer to a governmental entity in exchange for other land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain or the sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of this power. This entity must have declared its intent to exercise the power of eminent domain in writing or by some other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than an act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city in which the land is located disallowing the current use of classified land. For the purposes of this rule, "official action" includes: City ordinances, zoning restrictions, Growth Management Act, Shoreline Management Act, and Environmental Policy Act;

(e) Transfer of land to a church when the land would qualify for a property tax exemption under RCW 84.36.020. Only the land that would qualify for exemption under RCW 84.36.020 is included within this exception. Additional tax, interest, and, if appropriate, the penalty will be assessed upon the remainder of the land withdrawn or removed from classification;

(f) Acquisition of property interests by public agencies or private organizations qualified under RCW 84.34.210 or 64.04.130 for the conservation purposes specified therein. See subsection (6) of this rule for a listing of these agencies, organizations, and purposes. However, when the property interests are no longer used for one of the purposes enumer-
ated in RCW 84.34.210 or 64.04.130, additional tax, interest, and penalty will be imposed on the owner of the property at that time;

(g) Removal of land granted classification as farm and agricultural land under RCW 84.34.020 (2)(d) because the principal residence of the farm operator or owner and/or housing for farm and agricultural employees was situated on it. This exception applies only to the land upon which the housing is located even if this portion of the agricultural enterprise has not been allocated a separate parcel number for assessment and tax purposes;

(h) Removal of classification after a statutory exemption is enacted that would exempt the land from property tax and the landowner submits a written request to the assessor to remove the land from classification. This exception applies only to newly enacted exemptions that would cause classified land to go from taxable to exempt status. For example, in 1999 the legislature created a new property tax exemption for property used for agricultural research and education programs. Subsequently, the owner of such land requests removal of the land from classification, no additional tax, interest or penalty are imposed because of this new property tax exemption authorized by RCW 84.36.570.

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040;

(k) The sale or transfer of land within two years of the death of an owner who held at least a fifty percent interest in the land:

(i) The individual(s) or entity(ies) who received the land from the deceased owner is selling or transferring the land; and

(ii) The land has been continuously assessed and valued as classified or designated forest land under chapter 84.33 RCW or classified under chapter 84.34 RCW since 1993. The date of death shown on the death certificate begins the two-year period for sale or transfer; or

(l) The result of one of the following changes in classification because of the owner's request:

(i) Reclassification from farm and agricultural land under RCW 84.34.020(2) to: Timber land under RCW 84.34.020(3), open space land under RCW 84.34.020(1), or forest land under chapter 84.33 RCW;

(ii) Reclassification from timber land under RCW 84.34.020(3) to: Farm and agricultural land under RCW 84.34.020(2), open space land under RCW 84.34.020(1), or forest land under chapter 84.33 RCW;

(iii) Reclassification from open space/farm and agricultural conservation land under RCW 84.34.020(1)(c) to farm and agricultural land under RCW 84.34.020(2) if the land was previously classified as farm and agricultural land; or

(iv) Reclassification from forest land under chapter 84.33 RCW to open space land under RCW 84.34.020(1).

(c) Land acquired by agencies or organizations qualified under RCW 84.34.210 or 64.04.130. If the purpose for acquiring classified land is to protect, preserve, maintain, improve, restore, limit the future use of, or conserve the land for public use or enjoyment and the classified land is acquired by any of the following entities, no additional tax, interest, or penalty will be imposed as long as the property is used for one of these purposes:

(a) State agency;

(b) Federal agency;

(c) County;

(d) City;

(e) Town;

(f) Metropolitan park district (see RCW 35.61.010);

(g) Metropolitan municipal corporation (see RCW 35.58.020);

(h) Nonprofit historic preservation corporation as defined in RCW 64.04.130; or

(i) Nonprofit nature conservancy corporation or association as defined in RCW 84.34.250.

(7) Removal of classification from land that was previously classified or designated forest land under chapter 84.33 RCW. Land that was previously classified or designated as forest land under chapter 84.33 RCW may be reclassified under chapter 84.34 RCW at the request of the land owner. If such land is subsequently removed from the current use program before the land has been classified under chapter 84.34 RCW for at least ten assessment years, a combination of compensating tax imposed under chapter 84.33 RCW and additional tax, interest, and penalty imposed under chapter 84.34 RCW is due. RCW 84.33.145 explains the way in which these taxes are to be calculated.

WAC 458-30-330 Open space plan and public benefit rating system—Authorization and procedure to establish—Adoption—Notice to owner—Valuation. (1) Introduction. RCW 84.34.055 enables a county legislative authority to establish an open space plan, public benefit rating system, and valuation schedule for land classified as open space. This section explains the factors that must be considered when such a plan and rating system are established, includes a nonexclusive list of recognized sources used in determining open space priorities, and outlines the actions required after and effects of the approval of an open space plan and public benefit rating system.

(2) General authorization. The county legislative authority may direct the county planning commission to set open space priorities and to adopt, following a public hearing, an open space plan and a public benefit rating system (rating system) for the county. As used in this section, "planning commission" means the county office, commission, or department that is responsible for making planning decisions at the county level. The open space plan must include, but is not limited to, the following:

(a) Criteria to determine the eligibility of land;

(b) A process to establish a rating system; and

(c) An assessed valuation schedule developed by the assessor. This schedule is a percentage reduction of true and fair value based on the rating system.

[2008 WAC Supp—page 46]
(3) A public hearing is required. At least one public hearing must be held before an open space plan, a public benefit rating system, or an assessed valuation schedule may be approved by the county legislative authority.

(4) What criteria are used to determine eligibility? Within the rating system the county legislative authority must include the criteria and elements contained in RCW 84.34-020 (1)(a). This authority, which approves or denies applications for the classification and reclassification of land as open space, must consider the criteria when it makes its determination.

(a) The rating system must provide a method to rank or rate classified open space land.

(b) The legislative authority must give priority consideration to lands used for buffers planted with or primarily containing native vegetation no later than July 1, 2006, unless buffers of this nature already receive priority consideration in an existing open space plan, rating system, and assessed valuation schedule.

(c) "Priority consideration" as used in this section, may include, but is not limited to, establishing classification eligibility, maintenance criteria, or a rating system for buffers with native vegetation.

(5) How is an open space plan and rating system developed? The county planning commission must take all reasonable steps to determine open space priorities or use recognized sources for this purpose, or both.

(a) Recognized sources of open space priorities include, but are not limited to:
   (i) The natural heritage data base;
   (ii) The state office of historic preservation;
   (iii) The recreation and conservation office inventory of dry acreage beach and shoreline features;
   (iv) The state, national, county, and/or state registers of historic places;
   (v) The shoreline master program; or
   (vi) Studies conducted by the parks and recreation commission and by the departments of fisheries, natural resources, and wildlife.

(b) Particular features and sites may be verified by an outside expert in the field and approved by the appropriate state or local agency. This verification is to be sent to the county legislative authority for final approval for inclusion in the open space plan.

(6) How is an owner of classified open space land notified about the adoption of an open space plan, rating system, and valuation schedule? Can an owner choose not to participate and request removal from the current use program? Once the county legislative authority adopts an open space plan, rating system, and assessed valuation schedule, the planning commission or other designated agent of the legislative authority must assign a recommended number of priority rating points to all land classified as open space using the adopted rating system. The planning commission or agent will forward this recommendation to the county legislative authority for approval. After the number of priority rating points are assigned and approved, this information will be sent to the assessor. The assessor will determine the new assessed value of the classified open space land based on the number of priority rating points assigned and the adopted assessed valuation schedule. Thereafter, the assessor must notify all owners of such land of the new assessed value of their land in the manner provided in RCW 84.40.045.

(a) Within thirty days of receipt of this notice of the new assessed value, the owner may request that the parcel(s) of land be removed from the open space classification without payment of additional tax, interest, or penalty.

(b) If previously classified open space land does not qualify for classification under the newly adopted open space plan and rating system, the assessor is not to remove the land from the open space classification. This land will retain its status as classified open space land. The assessor will determine the value of this land using the new priority rating system and valuation schedule.

(7) How does a rating system affect assessed value of classified open space land? The assessed value of properties classified as open space is determined by a formula using a priority rating system typically consisting of "points." A county generally establishes a list of priority resources based on the definition of open space in RCW 84.34.020(1); these are also known as "open space priorities." Each priority resource is assigned a specific point or number of points. The more priority points the land is entitled to, the larger the reduction in true and fair value.

(a) A parcel of classified open space land may contain a number of priority resources. In such cases, the open space plan and rating system may allow the parcel to receive multiple priority points based on the number of priority resources. This would entitle the parcel to a larger reduction in assessed value.

(b) The priority rating system takes into consideration established priority resources, public access, and/or conservation or historic easements.

(c) Example. Let's assume a wetland was designated as a priority resource in the adopted open space plan. A wetland entitles the land to receive three priority points. Each point may represent a ten percent reduction in assessed value (one point equals a ten percent reduction, two points equals a twenty percent reduction, and so on). A parcel with a priority rating of three points would be entitled to a thirty percent reduction in assessed value.

[Statutory Authority: RCW 84.33.140, 84.34.055, 84.34.108, 84.34.141, and 84.08.070. 07-21-097, § 458-30-330, filed 10/18/07, effective 11/18/07. Statutory Authority: RCW 84.34.141. 06-18-011, § 458-30-330, filed 8/24/06, effective 9/24/06. Statutory Authority: RCW 84.08.110, 84.08.070, 84.34.141 and 84.34.360. 95-21-002, § 458-30-330, filed 10/4/95, effective 11/4/95. Statutory Authority: RCW 84.08.010(2), 84.34.141 and chapter 84.34 RCW. 88-23-062 (Order PT 88-12), § 458-30-330, filed 11/15/88.]
The assessor determines that the land is no longer primarily devoted to and used for growing and harvesting timber;

(d) The owner has failed to comply with a final administrative or judicial order made because of the violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or the rules that implement Title 76 RCW;

(e) Restocking has not occurred to the extent or within the time specified in the application for designation of the land; or

(f) The owner sells or transfers forest land to a new owner who has not signed a notice of continuance, except when the new owner is the heir or devisee of a deceased owner. RCW 84.33.140(5).

3 How to retain designated forest land status when the land is sold or transferred. When designated forest land is sold or transferred, the new owner may retain designated forest land status by filing a signed notice of continuance with the deed. The notice of continuance may be signed as part of the real estate excise tax (REET) affidavit or as a separate form if the county has decided it will require owners to submit both the REET affidavit and an attached separate notice of continuance. If multiple owners own the land, all owners or their agent(s) must sign the notice of continuance.

A notice of continuance is not required for a new owner to retain designated forest land status when the new owner inherits the property.

(a) The owner may obtain the notice of continuance form and a real estate excise tax (REET) affidavit from the county. The county assessor’s office has the notice of continuance form and the county treasurer’s office has the REET affidavit.

The notice of continuance may also be obtained on the internet at http://dor.wa.gov under property tax, "forms."

(b) After the new owner signs the notice of continuance as part of the REET affidavit and, if required, the separate notice, the REET affidavit and notice must be submitted to the assessor for approval. The assessor may also require the owner to submit a timber management plan before approving the notice of continuance.

(i) The assessor signs the REET affidavit and indicates whether the land will or will not qualify to continue as designated forest land.

(ii) An assessor signs the REET affidavit and approves the land for continued classification if:

(A) The owner provides a complete and accurate notice of continuance signed by the new owner demonstrating that the forest land will continue to qualify as designated forest land; and

(B) At the assessor’s option, the new owner provides a timber management plan for the property.

(iii) The assessor is allowed up to fifteen days to confirm that the information upon the notice is complete and accurate. The assessor may use this time to confirm that the timber management plan provides:

(A) The correct legal description for the forest land;

(B) The new owner’s statement that the forest land is owned by the same person, consists of twenty or more contiguous acres, and is primarily devoted to and used to grow and harvest timber;

(C) A statement about whether the land is used to graze livestock;

(D) A brief description of the timber stands located on the land;

(E) A statement about whether the land has been used in compliance with the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW; and

(F) If the land has been recently harvested or supports a growth of brush and noncommercial type timber, a description of the owner’s plan to restock the forest land within three years.

A timber management plan may contain, but is not required to contain, any other information that the harvester needs for its own business purposes (i.e., a statement of goals for managing the land or identifying resource protection areas on the land (like riparian buffer areas along a stream or an unstable slope) that limit harvesting activities).

(iv) If the assessor determines that the notice of continuance or the timber management plan is not accurate or complete, the owner may resubmit the corrected information to the assessor.

(v) If the assessor determines that the land does not qualify to continue as designated forest land, the assessor removes the land upon the date of the conveyance and provides the owner with a notice of removal containing reason(s) for the removal and the amount of compensating taxes owed.

(c) Once the assessor signs the notice of continuance as part of the REET affidavit and the separate notice of continuance, if required, the notice(s) are then submitted to the treasurer. Before the treasurer can stamp the REET affidavit as approved for recording, the treasurer collects any REET due because of the transfer, and collects all compensating tax if the land does not qualify for continuance as designated forest land because it was denied continuance by the assessor. The county recording clerk must not accept any deeds or other transfer documents unless the treasurer has stamped the REET affidavit.

(d) A notice of continuance is not required when the transfer of the forest land is to a new owner who is an heir or devisee, however, the new owner must continue to meet the requirements of designated forest land to avoid removal from designation. The treasurer determines that a transfer is by inheritance because the claim for the inheritance exemption is filled out on the REET affidavit with supporting documentation. The treasurer should notify the assessor when forest land has been transferred by inheritance without a notice of continuance.

4 Assessor decisions and procedures. Before removing the land from its designated forest land status, the assessor follows certain procedures and takes into account circumstances that may delay or prevent removal.

(a) The assessor must determine:

(i) The actual area of land to be removed from forest land status;

(ii) Whether the land has been exempted from an unre- tired special benefit assessment;

(iii) The true and fair value of the area being removed as of January 1st of the year of removal from designation;

(iv) Forest land value for the area to be removed;

(v) The last levy rate that applied for that area; and
The amount of time the land has been designated and classified as forest land, including the number of days up to the date of removal for the current year of removal.

(b) The assessor may require the owner to provide a legal description of the land area intended for removal when the landowner requests removal of owner’s land from designated forest land status.

(c) The remaining land outside of the affected removal area continues to be designated as forest land if the owner retains twenty or more contiguous acres primarily devoted to growing and harvesting timber. If the remaining land fails to meet the forest land definition because there are less than twenty contiguous acres primarily devoted to and used for growing and harvesting timber, the owner may request reclassification as timber land under the open space program in chapter 84.34 RCW.

(d) The assessor must provide the owner with a written notice and an opportunity to be heard by the assessor, or the assessor’s deputy, when the assessor intends to remove the land because it is no longer primarily devoted to and used for growing and harvesting timber. RCW 84.33.140(5)(d). Each county assessor may set his or her own procedure for giving a landowner this notice and opportunity to be heard so long as it is done in a reasonable and consistent manner that ensures due process for each owner.

(e) An assessor may not remove forest land merely because an owner subdivides the land into separate parcels, if contiguous parcels of the subdivided land still add up to at least twenty contiguous acres, remain in the same ownership, and continue to be primarily devoted to and used for growing and harvesting timber. An assessor may ask an owner of designated forest land if the use of the land has changed when the owner subdivides a tract of designated forest land into separate parcels.

(f) If the assessor determines the land is no longer primarily devoted to and used for growing and harvesting timber, but there is a pending acquisition by an entity that would qualify for exemption from compensating tax under subsection (6)(e) of this rule, the assessor must not remove the land from its designated forest land status. RCW 84.33.140(5)(d)(i). In order to prevent removal, the government entity or other qualified recipient must provide written proof to the assessor of its intent to acquire the land or documentation that demonstrates the transaction will qualify for an exemption from compensating tax under subsection (6)(e) of this rule. The entity acquiring the land must provide this written proof within sixty days of a request by the assessor. Thereafter, once a year, the governmental entity or other recipient must provide the assessor of the county in which the land is located written evidence of its intent to acquire the land. This written evidence must be provided on or before December 31st of each year or at an earlier date if the assessor makes a written request for such information. RCW 84.33.140(5)(d)(i). Upon the assessor’s written request, the information must be provided within sixty days from the date the assessor mails or hands the request to the owner or the postmark date of the request, if later.

(g) The assessor must not remove forest land from its designation if a governmental restriction is imposed on the land that prohibits, in whole or in part, the harvesting of timber.
(iii) The notice provides the reason(s) for removing the land from designation and the date of the removal. RCW 84.33.140(9). The notice includes the compensating tax calculated in rule section (6) and the necessary recording fees to be paid. It also includes the due date for payment, along with the landowner's rights to appeal the removal or the true and fair value at the time of removal, and the owner's right to apply for the land to be reclassified under chapter 84.34 RCW. The county must use the notice of removal form prepared by the department.

(iv) The assessor must also provide written notice of the removal to any local government filing a notice regarding a special benefit assessment under RCW 84.33.210 within a reasonable time after the assessor's decision to remove the land. The assessor may provide a simple statement with the legal description of the land, the name of the landowner, and the date of removal, if he or she includes a copy of the notice sent to the landowner. RCW 84.33.230.

(c) What happens when an owner chooses to appeal the removal? Unless the removal is reversed upon appeal, the assessor continues the process to remove the property from designated forest land status. The assessor may choose to delay collection of the compensating tax and recording fee until the appeal is decided. However, if the assessor postpones the collection of the compensating tax and recording fee, the assessor must notify the treasurer to temporarily delay collection. The assessor must also notify the owner that if the determination to remove is upheld, then interest will be due from the date the compensating tax and recording fee were due.

(i) If the removal is reversed upon appeal, the assessor shall reinstate the land as designated forest land, discharge any lien placed against the land, revise any assessments made against the property during the interim, refund the recording fee paid, and refund or cancel any compensating taxes and interest paid or owing.

(ii) If the removal is upheld upon an appeal in which the assessor has delayed collection, the compensating tax and recording fee are due immediately with interest accrued from the date the tax and fee were originally due. Upon receiving notice of the decision upholding the removal, the assessor must also notify the owner that if the determination to remove is upheld, then interest will be due from the date the compensating tax and recording fee were due.

(d) What happens when an owner applies to have the land reclassified under chapter 84.34 RCW? If an application for reclassification is submitted by the owner within thirty days after the notice of removal has been mailed, the forest land is not removed from classification until the application for reclassification under chapter 84.34 RCW is denied or later removed from classification under RCW 84.34.108. RCW 84.33.145(1).

(i) The assessor processes an application for reclassification in the same manner as it processes an initial application for classification under chapter 84.34 RCW.

(ii) A timber management plan must be filed with the county legislative authority within sixty days of the date the application for reclassification under this chapter or from designated forestland under chapter 84.33 RCW is received. The application for reclassification will be accepted, but may not be processed until this plan is received.

(A) If this plan is not received within sixty days of the date the application for reclassification is received, the application will be denied.

(B) If circumstances require it, the assessor may allow an extension of time for submitting a timber management plan when an application for reclassification is received. The applicant will be notified of this extension in writing. When the assessor extends the filing deadline for this plan, the county legislative authority may delay processing the application until the plan is received. If the timber management plan is not received by the date set by the assessor, the application for reclassification will be automatically denied.

(iii) When the owner sells or transfers land (or a portion of the land) while an application for reclassification is pending, an assessor may accept a notice of continuation, and allow the owner to revise the application for reclassification to reflect the name of the new owner of the property.

(iv) If the application for reclassification under chapter 84.34 RCW is approved, the assessor shall transfer the property to its new classification.

(v) If the application for reclassification under chapter 84.34 RCW is denied, the assessor must record the removal notice and inform the treasurer's office to immediately begin collection of the compensating tax and the recording fee.

(6) Compensating tax. Compensating tax is imposed when land is removed from its forest land status. This tax recaptures taxes that would have been paid on the land if it had been assessed and taxed at its true and fair value instead of the forest land value.

(a) Calculating the compensating tax. The assessor uses the current year's levy rate, the forest land value, and the true and fair value for the area to be removed from forest land status to calculate the compensating tax. The compensating tax consists of two parts: The recapture of taxes for previous years that the land was classified or designated as forest land, up to a maximum of nine years; and the recapture of taxes for the portion of the current year up to the date of removal in the year the land is removed from designation. RCW 84.33.140(11).

(i) The compensating tax for the previous years is calculated by determining the difference between the amount of taxes assessed at the forest land value for the removal area and the amount of taxes that would have been paid if the land had been valued at its true and fair value in the year of removal. That difference is multiplied by the number of years the land was classified or designated as forest land up to a maximum of nine years.

(ii) The compensating tax for the portion of the year of removal from January 1st to the date of removal is calculated by determining the difference between the amount of taxes assessed at the forest land value and the taxes that would have been paid if the land had been valued at its true and fair value for the portion of the year up to the removal date.

(b) Formulas for calculating taxes after removal:

(i) Calculation of prior year's compensating tax:
(ii) Calculation of current year's taxes to date of removal:

\[
\text{Proration factor} = \frac{\text{No. of days designated as forest land}}{365} \times \frac{\text{No. of days in year}}{\text{Proration factor}}
\]

(A) Market value \(\times\) Levy rate = $\_

(B) Forest land value \(\times\) Levy rate = $\_

(C) \text{Amount of compensating tax for current year} ((A) minus (B)) = $\_

(c) The assessor notifies the treasurer of the amount of compensating tax and the due date for the tax by providing the treasurer a copy of the removal notice. Compensating tax is due and payable to the county treasurer thirty days after the assessor mails to the owner the notice of removal informing the owner of the reasons for removal and the amount of compensating tax due. RCW 84.33.140(11). However, when property is sold or transferred, any compensating tax owed must be paid to the county treasurer before recording the conveyance. The county recording authority will not accept any instrument transferring the land, unless the compensating tax was paid or was not owed.

(d) What happens if the compensating tax is not paid on the due date? If the compensating tax is not paid by the due date, the tax is considered delinquent. Interest, set at the statutory rate for delinquent property taxes specified in RCW 84.56.020, will accrue against the amount of the outstanding taxes from the due date until the entire amount owing is paid. Unpaid compensating tax and interest becomes a lien on the land. RCW 84.60.020.

(i) This lien attaches at the time the forest land is removed from designation.

(ii) The lien has priority over any recognizance, mortgage, judgment, debt, obligation, or responsibility against the land.

(iii) This lien must be fully paid before any other recognizance, mortgage, judgment, debt, obligation, or responsibility may be charged against the land.

(iv) The lien can be foreclosed upon expiration of the same period after delinquency and in the same manner as liens for delinquent real property taxes are foreclosed under RCW 84.64.050. RCW 84.33.140(12).

(e) Compensating tax is not imposed on land removed from the forest land designation if the removal resulted solely from any of the following:

(i) A transfer to a government entity in exchange for other forest land within Washington state;

(ii) A transfer under either the power of eminent domain or upon the threat of eminent domain by an entity with the power of eminent domain that intends to exercise this power. The entity must threaten to exercise eminent domain in writing or demonstrate this threat by some other official action;

(iii) A donation of fee title, development rights, or the right to harvest timber in order to protect, preserve, maintain, improve, restore, limit the future use, or conserve the property for public use or enjoyment (see RCW 84.34.210 and 64.04.130). Provided, this donation is made to:

(A) State agency;

(B) Federal agency;

(C) County;

(D) City;

(E) Town;

(F) Metropolitan park district (see RCW 35.61.010);

(G) Metropolitan municipal corporation (see RCW 35.58.020);

(H) Nonprofit historic preservation corporation as defined in RCW 64.04.130; or

(I) Nonprofit nature conservancy corporation or association as defined in RCW 84.34.250.

However, when the land is no longer being used for one of the purposes listed above, compensating tax will be imposed on the owner of the land at that time;

(iv) The sale or transfer of fee title to a government entity (see the governmental entities listed above in clause (iii) of this rule section) or a nonprofit nature conservancy corporation as defined in RCW 64.04.130 exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage advisory council under its established natural heritage plan as defined in chapter 79.70 RCW (natural area preserves). However, if the land is no longer used to protect and conserve the area for state natural area preserve purposes, or fails to comply with the terms of a natural heritage plan, compensating tax will be imposed on the owner of the land at that time;

(v) A sale or transfer of fee title to the state's parks and recreation commission for park and recreation purposes;

(vi) An official action of an agency of the state of Washington or the county or city in which the land is located disallowing the current use of the land. "Official action" includes city ordinances, zoning restrictions, the Growth Management Act, the Shoreline Management Act, and the Environmental Policy Act;

(vii) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(viii) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040;

(ix) In a county with a population of more than one million (i.e., King County), a transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation (as
these corporations are defined in RCW 64.04.130) and the
tax interest being transferred is to:
(A) Protect or enhance public resources; or
(B) Preserve, maintain, improve, restore, limit the future use,
or otherwise to conserve for public use or enjoyment.
When the land is no longer being used for any of these
purposes, the owner of the land at the time will be required to pay
compensating tax. RCW 84.33.140 (12) and (13); or
(x) The sale or transfer of forest land within two years
after the death of an owner who held at least a fifty percent
interest in the land if:
(A) The individual(s) or entity(s) who received the land
from the deceased owner is selling or transferring the land;
and
(B) The land has been continuously assessed and valued
as classified or designated forest land under chapter 84.33
RCW or classified under chapter 84.34 RCW since 1993. The
date of death shown on the death certificate begins the two-
year period for sale or transfer.

(7) When will the land be assessed at its true and fair
value and the taxes become payable? The land will be
assessed at its true and fair value on the date it is removed
from forest land status. The assessor revalues the land
removed from forest land status with reference to its true and
fair value on January 1st in the year of removal. RCW
84.33.140(10). The property tax for the remainder of the year
following the date of removal is based on land's true and fair
value.

(a) To calculate the increase the assessor must determine
the number of days remaining in the year from the date of
removal. The increase in property tax is due on the same due
date as all other property taxes are due for the year (generally,
April 30th and October 1st of the current year. See RCW
84.56.02(20)).

(b) Formula for calculating the increase in property taxes
for the remainder of the year in which the land is being
removed:

\[
\text{Total amount of increased taxes for current year} = \frac{\text{No. of days from date of removal to the end of the year}}{365} \times \frac{\text{Market value}}{\text{Levy rate}} \times \text{Proration factor for true and fair land value} = \frac{\text{Forest land value}}{\text{Levy rate}} \times \text{Proration factor} = \text{New true and fair land value}
\]

(c) If the taxes for the year of removal have not yet been
billed, the tax should be recalculated based on the true and
fair value of the land removed for the portion of the year fol-
lowing the date of removal.

(d) An owner may appeal the true and fair value of the
land used to calculate the increase in the remaining current
year's taxes or the compensating taxes within thirty days of
the notice (or up to sixty days if such time limit has been
adopted by the county legislative authority) or on or before
July 1st, whichever is later. RCW 84.40.038.

(8) What happens when forest land reclassified under
chapter 84.34 RCW is later removed from that classification
before ten years have passed? If reclassified forest
land is later removed, a combination of compensating tax and
additional tax will be imposed unless the basis for removal is
one of the circumstances listed as exempt from additional tax
under RCW 84.34.108(6).

(a) The amount of compensating tax is equal to the dif-
ference, if any, between the amount of property tax last levied
on the land as forest land and an amount equal to the new true
and fair value of the land when removed from classification
under RCW 84.34.108 multiplied by the dollar rate of the last
property tax levy extended against the land, multiplied by

(b) A number equal to:

(i) The number of years the land was classified or desig-
nated as forest land under chapter 84.33 RCW, if the total
number of years the land was classified or designated under
chapter 84.33 RCW and classified under chapter 84.34 RCW
is less than ten; or

(ii) Ten minus the number of years the land was classi-
fied under chapter 84.34 RCW, if the total number of years

WAC 458-40-540  Forest land values—2008. The for-
est land values, per acre, for each grade of forest land for the
2008 assessment year are determined to be as follows:

Taxation of Forest Land and Timber

WAC 458-40-640 Timber excise tax—Stumpage value area (map). The stumpage value area and hauling distance zone map contained in this rule must be used to determine the proper stumpage value table and haul zone to be used in calculating the taxable stumpage value of timber harvested from private land.

WAC 458-40-640
Stumpage value area and hauling zone—Map

Harvesters may obtain a larger scale map by writing to the Washington State Department of Revenue, Special Programs Division, Forest Tax Section, Post Office Box 47472, Olympia, Washington 98504-7472; or by calling 1-800-548-8829.

January 1 through June 30, 2008:

2. Includes Western Larch.

3. Includes Alaska-Cedar.

4. Includes all Hemlock, Spruce and true Fir species, or any other conifer not listed in this table.

5. Stumpage value per ton.

6. Stumpage value per cord.

7. Stumpage value per 8 lineal feet or portion thereof.

8. Stumpage value per lineal foot.

3. Harvest value adjustments. The stumpage values in subsection (2) of this rule for the designated stumpage value areas are adjusted for various logging and harvest conditions, subject to the following:

(a) No harvest adjustment is allowed for special forest products, chipwood, or small logs.

(b) Conifer and hardwood stumpage value rates cannot be adjusted below one dollar per MBF.

(c) Except for the timber yarded by helicopter, a single logging condition adjustment applies to the entire harvest unit. The taxpayer must use the logging condition adjustment class that applies to a majority (more than 50%) of the acreage in that harvest unit. If the harvest unit is reported over more than one quarter, all quarterly returns for that harvest unit must report the same logging condition adjustment. The helicopter adjustment applies only to the timber volume from the harvest unit that is yarded from stump to landing by helicopter.

(d) The volume per acre adjustment is a single adjustment class for all quarterly returns reporting a harvest unit. A harvest unit is established by the harvester prior to harvesting. The volume per acre is determined by taking the volume logged from the unit excluding the volume reported as chipwood or small logs and dividing by the total acres logged. Total acres logged does not include leave tree areas (RMZ, UMZ, forested wetlands, etc.) over 2 acres in size.

(e) A domestic market adjustment applies to timber which meet the following criteria:

(i) Public timber—Harvest of timber not sold by a competitive bidding process that is prohibited under the authority of state or federal law from foreign export may be eligible for the domestic market adjustment. The adjustment may be applied only to those species of timber that must be processed domestically. According to type of sale, the adjustment may be applied to the following species:

State, and Other Nonfederal, Public Timber Sales: Western Redcedar only. (Stat. Ref. - 50 U.S.C. appendix 2406.1)

(ii) Private timber—Harvest of private timber that is legally restricted from foreign export, under the authority of The Forest Resources Conservation and Shortage Relief Act (Public Law 101-382), (16 U.S.C. Sec. 620 et seq.); the Export Administration Act of 1979 (50 U.S.C. App. 2406(i)); a Cooperative Sustained Yield Unit Agreement made pursuant to the act of March 29, 1944 (16 U.S.C. Sec. 583-583i); or Washington Administrative Code (WAC 240-15-015(2)) is also eligible for the Domestic Market Adjustment.

The following harvest adjustment tables apply from January 1 through June 30, 2008:

</table>

Note: The adjustment will not be allowed on special forest products.
(4) Damaged timber. Timber harvesters planning to remove timber from areas having damaged timber may apply to the department of revenue for an adjustment in stumpage values. The application must contain a map with the legal descriptions of the area, an accurate estimate of the volume of damaged timber to be removed, a description of the damage sustained by the timber with an evaluation of the extent to which the stumpage values have been materially reduced from the values shown in the applicable tables, and a list of estimated additional costs to be incurred resulting from the removal of the damaged timber. The application must be received and approved by the department of revenue before the harvest commences. Upon receipt of an application, the department of revenue will determine the amount of adjustment to be applied against the stumpage values. Timber that has been damaged due to sudden and unforeseen causes may qualify.

(a) Sudden and unforeseen causes of damage that qualify for consideration of an adjustment include:

(i) Causes listed in RCW 84.33.091; fire, blow down, ice storm, flood.

(ii) Others not listed; volcanic activity, earthquake.

(b) Causes that do not qualify for adjustment include:

(i) Animal damage, root rot, mistletoe, prior logging, insect damage, normal decay from fungi, and pathogen caused diseases; and

(ii) Any damage that can be accounted for in the accepted normal scaling rules through volume or grade reductions.

(c) The department of revenue will not grant adjustments for applications involving timber that has already been harvested but will consider any remaining undisturbed damaged timber scheduled for removal if it is properly identified.

(d) The department of revenue will notify the harvester in writing of approval or denial. Instructions will be included for taking any adjustment amounts approved.

(4) Damaged timber. Timber harvesters planning to remove timber from areas having damaged timber may apply to the department of revenue for an adjustment in stumpage values. The application must contain a map with the legal descriptions of the area, an accurate estimate of the volume of damaged timber to be removed, a description of the damage sustained by the timber with an evaluation of the extent to which the stumpage values have been materially reduced from the values shown in the applicable tables, and a list of estimated additional costs to be incurred resulting from the removal of the damaged timber. The application must be received and approved by the department of revenue before the harvest commences. Upon receipt of an application, the department of revenue will determine the amount of adjustment to be applied against the stumpage values. Timber that has been damaged due to sudden and unforeseen causes may qualify.

(a) Sudden and unforeseen causes of damage that qualify for consideration of an adjustment include:

(i) Causes listed in RCW 84.33.091; fire, blow down, ice storm, flood.

(ii) Others not listed; volcanic activity, earthquake.

(b) Causes that do not qualify for adjustment include:

(i) Animal damage, root rot, mistletoe, prior logging, insect damage, normal decay from fungi, and pathogen caused diseases; and

(ii) Any damage that can be accounted for in the accepted normal scaling rules through volume or grade reductions.

(c) The department of revenue will not grant adjustments for applications involving timber that has already been harvested but will consider any remaining undisturbed damaged timber scheduled for removal if it is properly identified.

(d) The department of revenue will notify the harvester in writing of approval or denial. Instructions will be included for taking any adjustment amounts approved.
