WAC 132X-60-010 Preamble. South Puget Sound Community College is dedicated not only to learning and the advancement of knowledge but also the development of ethically sensitive and responsible persons. It seeks to achieve these goals through a sound educational program and policies concerning conduct that encourage independence and maturity while strengthening the spirit of mutual cooperation and responsibility shared by all members of the college community. Sharing goals held in common, the students, faculty, and staff of South Puget Sound Community College are joined in voluntary association in an educational community.

The student is, first of all, a member of the community at large, and as such, is entitled to the rights and responsibilities of any citizen of comparable age and maturity. In addition, students, as members of the college, are in the unique position of being citizens of two communities, subject to the regulations imposed by both and accountable to both. South Puget Sound Community College expects that students will respect the laws of the greater society. As an agency of the state of Washington, the college must respect and adhere to the regulations established by local, state, and federal authorities. As an educational institution, it has the added responsibility for assisting students in gaining an understanding of the law and its function, and the responsibilities imposed upon each individual in a democratic society to respect and support the legal structure which protects the individual and the society. As a functioning organization, it also has the responsibility to develop a set of regulations to assure the orderly conduct of the affairs of the college.

Admission to the college carries with it the expectation that students will conduct themselves as responsible members of the college community, that they will comply with the rules and regulations of the college, maintain high standards of integrity and honesty, respect the rights, privileges and

property of other members of the college community and will not interfere with legitimate college affairs.

An atmosphere of learning and self-development is created by appropriate conditions in the college community. The rights and responsibilities in this document are critical ingredients in the free, creative, and spirited educational environment to which the students, faculty and staff at South Puget Sound Community College are committed.

(1) Education records. Education records are defined as those records, files, and documents containing information directly pertaining to a student. At South Puget Sound Community College these are:

(a) Records pertaining to admission, advisement, registration, grading and progress to a degree that are maintained by enrollment services.

(b) Testing information used for advisement purposes by the counseling center.

(c) Information concerning payment of fees as maintained by the treasurer.

(d) Financial aid information as collected by the financial aid office.

(e) Information regarding students participating in student government or athletics that is maintained by the student programs office.

(2) Access to education records. Students who are or have attended the college have the right to examine or review their personal records, as defined above, by submitting to the registrar a written request indicating education records to which access is desired.

(3) Directory information. The following information is considered "directory information" and thus may be disclosed without consent of the student, unless otherwise directed by the student, at any time, to the registrar in writing: The student's name, address, telephone number, date and place of birth, major field of study, eligibility for and participation in officially recognized activities, organizations, and sports, weight and height of members of athletic teams, dates of attendance, academic honors, degrees and awards

received, and the most recent previous educational agency or institution attended by the student.

(4) Disclosure from education records. In addition to directory information the college will, at its discretion, make disclosures from education records of students with the student's prior written consent or to the following listed parties:

(a) College officials including college administrative and clerical staff, faculty, and students where officially elected or appointed to the ASB-SPSCC senate or employed by the college. Access or release of records to the above is permissible only when the information is required for the advisement, counseling, recordkeeping, reporting, or other legitimate educational interest consonant with their specific duties and responsibilities.

(b) To officials of another school in which the student seeks or intends to enroll.

(c) To authorized federal, state, or local officials as required by law.

(d) In connection with financial aid for which the student has applied or received.

(e) To accrediting organizations, or organizations conducting studies for or on behalf of the institution.

(f) To appropriate parties in a health or safety emergency.

(g) To persons in compliance with a judicial order or a lawfully issued subpoena, provided that the college first makes a reasonable effort to notify the student.

(h) To parents of a dependent student, as defined in section 152 of the Internal Revenue Code of 1954, upon receipt of a written affidavit stating that the student is a dependent for income tax purposes. This, however, will not affect the other rights of the student.

In cases where consent of the student is required for release of education records, the student shall in writing, signed and dated by the student, specify: The records to be disclosed, the purpose or purposes of the disclosure, and the name of the party or parties to whom the disclosure can be made.

When personally identifiable information is released without prior consent of the student, other than directory information and information released to college officials or the student, the college official in charge of these records will record the names of the parties who have requested information from educational records and the nature of the interest in that information.

Education records released to third parties shall be accompanied by a statement indicating that the information cannot be subsequently released in a personally identifiable form to other parties without obtaining the consent of the student. The college is not precluded from permitting third party disclosures to other parties listed in (a) through (h) of this subsection.

(5) Challenge of education records. Students who believe that information contained in their education records is inaccurate, misleading or violates the privacy or other rights of the student may request in writing to the appropriate college official that the college amend their record(s). The college official(s) will make every effort to settle disputes through informal meetings and discussion with the student.

In instances where disputes regarding contents of education records cannot be resolved by the parties concerned, the

college official involved shall advise the student of the right to a hearing by the academic standards committee through a written request to the administrator for enrollment services. Should the academic standards committee deem that the education records in question are inaccurate or misleading, the committee can ask that the records be amended by the appropriate college official. If the education records are held to be accurate, the student shall be granted the opportunity to place within those records a personal statement commenting upon the information contained within.

Each eligible student is afforded the right to file a complaint concerning alleged failures by the college to comply with the requirements of the act. The address of the office designated to investigate, process, and review violations and complaints which are filed is:

WAC 132X-60-080 Student complaints and grievances. The purpose of these procedures is to establish a process where a student may express and resolve misunderstandings, complaints or grievances with any college employee in a fair and equitable manner. This procedure emphasizes an informal resolution.

A complaint is any expression of dissatisfaction with the performance of a college employee or procedure. The student who has a complaint about an action of a college employee should use the following procedure:

(1) Initiating a nonacademic complaint:

(a) The student and the college employee should make a good faith effort to resolve the grievance on a one to one basis within fifteen instructional days from the date of the complaint. In the event of absence from campus by the employee, the student shall contact the organizational unit administrator for advice on how to proceed with the complaint. If the student feels that he/she cannot meet face-to-face with the employee he/she may directly contact the organizational unit administrator.

(b) If the student determines that a complaint cannot be resolved appropriately with the employee concerned, the student may contact the organizational unit administrator of the employee to facilitate a solution to the grievance.

(c) If a complaint filed with the appropriate organizational unit administrator has not been resolved, the student may proceed with a formal complaint.

(2) Proceeding with a formal complaint:

(a) Office to address: Complaints regarding an instructional employee or policy shall be addressed to the vice-president of instruction or designee. Complaints regarding an administrative services employee or policy shall be addressed to the vice-president of administrative services or designee. Complaints regarding student services employees or other college personnel shall be addressed to the vice-president of student services or designee.

(b) The vice-president/designee shall discuss with the student the concerns and options available to resolve the concern. If the student should elect to proceed with the formal complaint the student must outline in writing the complaint, identifying dates and persons involved as accurately as possible.

(c) The vice-president shall also inform the student that the student may ask the vice-president for student services or another person the student chooses to act as an advocate in assisting the student in the completion of the complaint process.

(d) The student's written complaint shall be forwarded to the employee concerned who shall provide a written response within ten instructional days.

(e) If the written response does not resolve the complaint to the satisfaction of the student, the vice-president shall convene a conference of all the involved parties within ten instructional days to (i) attempt to resolve to the satisfaction of all parties the complaint and/or (ii) hear the issue(s) and take appropriate action(s) to resolve the complaint.

(f) Action taken by the vice-president, if any, may be appealed to the president, and must be done in writing within ten instructional days. The decision of the president is final.

(3) Discrimination grievances:

Students who believe they have been discriminated against as defined in Title VII and Title IX of the Higher Education Act or Section 504 of the Handicapped Assistance Act may file a grievance through the human resources office.

(4) Academic grievances:

Students with an academic grievance should first contact the instructor and attempt to resolve the issue(s). If unable to resolve the issue(s), the student should contact the appropriate division chair. If still unable to resolve the issue(s), the student should contact the vice-president for instruction. The decision of the vice-president shall be final.
