(a) Charity care. If the hospital's DSH application and audited financial statements for the relevant fiscal year do not agree on the amount for charity care, the department uses the lower amount listed. For purposes of calculating a hospital's LIUR, the department allows a hospital to claim charity care amounts related to inpatient services only. A hospital must submit a copy of its charity care policy for the relevant fiscal year as part of the hospital's DSH application.

(b) Total inpatient hospital days. If the hospital's DSH application and its medicare cost report do not agree on the number of total inpatient hospital days, the department uses the higher number listed to determine the hospital's MIPUR. Labor and delivery days count towards total inpatient hospital days. Nursing facility and swing bed days do not count towards total inpatient hospital days.

(7) The department administers the following DSH programs (depending on legislative budget appropriations):

(a) Low income disproportionate share hospital (LIDSH);

(b) Institution for mental diseases disproportionate share hospital (IMDDSH):

(c) General assistance-unemployable disproportionate share hospital (GAUDSH);

(d) Small rural disproportionate share hospital (SRDSH);

(e) Small rural indigent assistance disproportionate share hospital (SRIADSH);

(f) Nonrural indigent assistance disproportionate share hospital (NRIADSH);

(g) Public hospital disproportionate share hospital (PHDSH); and

(h) Psychiatric indigent inpatient disproportionate share hospital (PIIDSH).

(8) Except for IMDDSH, the department allows a hospital to receive any one or all of the DSH payment adjustments it qualifies for, up to the individual hospital's DSH cap (see subsection (10) of this section). See WAC 388-550-5130 regarding IMDDSH. To be eligible for payment under multiple DSH programs, a hospital must meet:

(a) The basic requirements in subsection (5) of this section; and

(b) The eligibility requirements for the particular DSH payment, as discussed in the applicable DSH program WAC.

(9) For each SFY, the department calculates DSH payments due an eligible hospital using data from the hospital's base year. The department does not use base year data for GAUDSH and PIIDSH payments, which are calculated based on specific claims data.

(10) The department's total DSH payments to a hospital for any given SFY cannot exceed the individual hospital's annual DSH limit (also known as the hospital-specific DSH cap) for that SFY. Except for critical access hospitals (CAHs), the department determines a hospital's DSH cap as follows:

(a) The cost to the hospital of providing services to medicaid clients, including clients served under medicaid managed care organization (MCO) plans;

(b) Less the amount paid by the state under the non-DSH payment provision of the medicaid state plan;

(c) Plus the cost to the hospital of providing services to uninsured patients;

(d) Less any cash payments made by or on behalf of uninsured patients; and

(e) Plus any adjustments required and/or authorized by federal statute or regulation.

(11) A CAH's DSH cap is based strictly on the cost to the hospital of providing services to uninsured patients. In calculating a CAH's DSH cap, the department deducts payments received by the hospital from and on behalf of the uninsured patients from the hospital's costs of services for the uninsured patients.

(12) In any given federal fiscal year, the total of the department's DSH payments cannot exceed the statewide DSH cap as published in the federal register.

(13) If the department's DSH payments for any given federal fiscal year exceed the statewide DSH cap, the department will adjust DSH payments to each hospital to account for the amount overpaid. The department makes adjustments in the following program order:

(a) PHDSH;
(b) SRIADSH;
(c) SRDSH;
(d) NRIADSH;
(e) GAUDSH;
(f) PIIDSH;
(g) IMDDSH; and
(h) LIDSH.

(14) If the statewide DSH cap is exceeded, the department will recoup DSH payments made under the various DSH programs, in the order of precedence described in subsection (13) of this section, starting with PHDSH, until the amount exceeding the statewide DSH cap is reduced to zero. See specific program WACs for description of how amounts to be recouped are determined.

(15) The total amount the department may distribute annually under a particular DSH program is capped by legislative appropriation, except for PHDSH, GAUDSH, and PIIDSH, which are not fixed pools. Any changes in payment amount to a hospital in a particular DSH pool means a redistribution of payments within that DSH pool. When necessary, the department will recoup from hospitals to make additional payments to other hospitals within that DSH pool.

(16) If funds in a specific DSH program need to be redistributed because of legislative, administrative, or other state action, only those hospitals eligible for that DSH program will be involved in the redistribution.

(a) If an individual hospital has been overpaid by a specified amount, the department will recoup that overpayment amount from the hospital and redistribute it among the other eligible hospitals in the DSH pool. The additional DSH payment to be given to each of the other hospitals from the recouped amount is proportional to each hospital's share of the particular DSH pool.

(b) If an individual hospital has been underpaid by a specified amount, the department will pay that hospital the additional amount owed by recouping from the other hospitals in the DSH pool. The amount to be recouped from each of the other hospitals is proportional to each hospital's share of the particular DSH pool.

(17) All information submitted by a hospital related to its DSH application is subject to audit. The department may audit any, none, or all DSH applications for a given state fiscal year. The department determines the extent and timing of the audits. For example, the department may choose to do a desk review upon receipt of an individual hospital's DSH application and/or supporting documentation, or audit all hospitals that qualified for a particular DSH program after payments have been distributed under that program.

(18) If a hospital's submission of incorrect information or failure to submit correct information results in DSH overpayment to that hospital, the department will recoup the overpayment amount, in accordance with the provisions of RCW 74.09.220 and 43.20B.695.

(19) DSH calculations use fiscal year data, and DSH payments are distributed based on funding for a specific state fiscal year. Therefore, unless otherwise specified, changes and clarifications to DSH program rules apply for the full state fiscal year in which the rules are adopted.

WAC 388-550-4925 Eligibility for DSH programs—New hospital providers. To be eligible for disproportionate share hospital (DSH) payments, a new hospital provider must have claims data, audited financial statements, and an "as filed" or finalized medicare cost report for the hospital base year used by the department in calculating DSH payments for the state fiscal year (SFY) for which the hospital provider is applying. See WAC 388-550-4900(9).

WAC 388-550-4935 DSH eligibility—Change in hospital ownership. (1) For purposes of eligibility for disproportionate share hospital (DSH) payments, a change in hospital ownership has occurred if any of the criteria in WAC 388-550-4200(1) is met.

(2) To be considered eligible for DSH, a hospital whose ownership has changed must notify the department in writing no later than thirty days after the change in ownership becomes final. The notice must include the new entity's fiscal year end.

(3) A hospital that did not offer nonemergency obstetric services to the general public as of December 22, 1987, when section 1923 of the Social Security Act was enacted, and changes ownership after that date is not eligible for DSH unless it continues to be classified as an acute care hospital serving pediatric and/or adult patients. See WAC 388-550-4900(5) for the obstetric services and utilization rate requirements for DSH eligibility.

(4) If the fiscal year reported on a hospital's medicare cost report does not exactly match the fiscal year reported on the hospital's DSH application to the department, and if therefore the utilization data reported to the department do not agree, the department will use as the data source the document that gives the higher number of total inpatient hospital days for purposes of calculating the hospital's medicaid inpatient utilization rate (MIPUR). See WAC 388-550-4900 (6)(b).

[Statutory Authority: RCW 74.08.090, 74.09.500. 07-14-090, § 388-550-4935, filed 6/29/07, effective 8/1/07.]

WAC 388-550-5000 Payment method—Low income disproportionate share hospital (LIDSH). (1) A hospital that is not a peer group E hospital but serves the department's clients is eligible for a low-income disproportionate share hospital (LIDSH) payment adjustment if the hospital meets the requirements of WAC 388-550-4900(5).

(2) Hospitals considered eligible under the criteria in subsection (1) of this section receive LIDSH payments. The total LIDSH payment amounts equal the funding set by the state's appropriations act for LIDSH. The amount that the state appropriates for LIDSH may vary from year to year.

(3) The department determines LIDSH payments to each LIDSH eligible hospital using three factors:

(a) The hospital's medicaid inpatient utilization rate (MIPUR);

(b) The hospital's medicaid case mix index (CMI) as determined by the department; and

(c) The hospital's Title XIX medicaid discharges for the applicable hospital fiscal year.

(4) The department calculates the LIDSH payment to an eligible hospital as follows. The department:

(a) Divides the hospital's MIPUR by the average MIPUR of all LIDSH-eligible hospitals; then

(b) Multiplies the result derived in subsection (a) by the hospital's most recent DRG payment method medicaid case mix index, and then by the hospital's base year Title XIX discharges; then

(c) Converts the product to a percentage of the sum of all such products for individual hospitals; and

(d) Multiplies this percentage by the legislatively appropriated amount for LIDSH.

(5) For DSH program purposes, a hospital's medicaid CMI is the average diagnosis related group (DRG) weight for all of the hospital's medicaid DRG-paid claims during the

state fiscal year used as the base year for the DSH application. It is possible that the CMI the department uses for DSH calculations will not be the same as the CMI the department uses in other hospital rate calculations.

(6) After each applicable state fiscal year has ended, the department will not make changes to the LIDSH payment distribution that has resulted from calculations identified in subsection (4) of this section. The department will recalculate the LIDSH payment distribution only when the applicable state fiscal year has not yet ended at the time the alleged need for an LIDSH adjustment is identified, and if the department considers the recalculation necessary and appropriate under its regulations.

(7) Consistent with the provisions of subsection (6) of this section, the department applies any adjustments to the DSH payment distribution required by legislative, administrative, or other state action, to other DSH programs in accordance with the provisions of WAC 388-550-4900 (13) through (16).

WAC 388-550-5125 Payment method—Psychiatric indigent inpatient disproportionate share hospital (PIIDSH). (1) Effective for dates of admission on and after July 1, 2003, a hospital is eligible for the psychiatric indigent inpatient disproportionate share hospital (PIIDSH) payment if the hospital:

(a) Meets the criteria in WAC 388-550-4900(5);

(b) Is not designated an institution for mental diseases (IMD);

(c) Provides services to clients eligible under the psychiatric indigent inpatient (PII) program. See WAC 388-865-0217 for more information regarding the PII program; and

(d) Is located within the state of Washington. A hospital located out-of-state, including a hospital located in a designated bordering city, is not eligible to receive PIIDSH payments.

(2) PIIDSH is available only for emergency, voluntary inpatient psychiatric care. PIIDSH is not available for charges for nonhospital services associated with the inpatient psychiatric care.

(3) The department makes PIIDSH payments to an eligible hospital on a claim-specific basis.

WAC 388-550-5130 Payment method—Institution for mental diseases disproportionate share hospital (IMDDSH) and institution for mental diseases (IMD) state grants. (1) A psychiatric hospital owned and operated by the state of Washington is eligible to receive payments under the institution for mental diseases disproportionate share hospital (IMDDSH) program.

(2) For the purposes of the IMDDSH program, the following definitions apply:

(a) "Institution for mental diseases (IMD)" means a hospital, nursing facility, or other institution of more than sixteen beds, that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services.

(b) "Psychiatric community hospital" means a psychiatric hospital other than a state-owned and operated hospital.

(c) "Psychiatric hospital" means an institution which is primarily engaged in providing psychiatric services for the diagnosis and treatment of mentally ill persons. The term applies to a medicare-certified distinct psychiatric care unit, a medicare-certified psychiatric hospital, or a state-designated pediatric distinct psychiatric unit in a Medicare-certified acute care hospital.

(d) "State-owned and operated psychiatric hospital" means eastern state hospital and western state hospital.

(3) Except as provided in subsection (4) of this section, a psychiatric community hospital, regardless of location, is not eligible to receive:

(a) IMDDSH payments; or

(b) Any other disproportionate share hospital (DSH) payment from the department. See WAC 388-550-4800 regarding payment for psychiatric claims for clients eligible under the medical care services programs.

(4) A psychiatric community hospital within the state of Washington that is designated by the department as an IMD is eligible to receive IMDDSH payment if:

(a) IMDDSH funds remain available after the amounts appropriated for state-owned and operated psychiatric hospitals are exhausted; and

(b) The legislature provides funds specifically for this purpose.

(5) A psychiatric community hospital within the state of Washington that is designated by the department as an IMD is eligible to receive a state grant amount from the department if the legislature appropriates funds specifically for this purpose.

(6) An institution for mental diseases located out-of-state, including an IMD located in a designated bordering city, is not eligible to receive a Washington state grant amount.

(7) Under federal law, 42 USC 1396r-4 (h)(2), the state's annual IMDDSH expenditures are capped at thirty-three percent of the state's annual statewide DSH cap. This amount represents the maximum that the state can spend in any given fiscal year on IMDDSH, but the state is under no obligation to actually spend that amount.

WAC 388-550-5150 Payment method—General assistance-unemployable disproportionate share hospital (GAUDSH). (1) A hospital is eligible for the general assistance-unemployable disproportionate share hospital (GAUDSH) payment if the hospital:

(a) Meets the criteria in WAC 388-550-4900;

(b) Is an in-state or designated bordering city hospital;

(c) Provides services to clients eligible under the medical care services program; and

(d) Has a medicaid inpatient utilization rate (MIPUR) of one percent or more.

(2) The department determines the GAUDSH payment for each eligible hospital in accordance with WAC 388-550-4800.

(3) The department makes GAUDSH payments to a hospital on a claim-specific basis.

WAC 388-550-5200 Payment method—Small rural disproportionate share hospital (SRDSH). (1) The department makes small rural disproportionate share hospital (SRDSH) payments to qualifying small rural hospitals.

To qualify for an SRDSH payment, a hospital must:

(a) Not be a peer group E hospital;

(b) Meet the criteria in WAC 388-550-4900(5);

(c) Have fewer than seventy-five acute licensed beds; and

(d) Be an in-state hospital. A hospital located out-of-state or in a designated bordering city is not eligible to receive SRDSH payments;

(2) In addition, for the SRDSH program to be implemented for state fiscal year (SFY) 2008, which begins on July 1, 2007, the city or town must have a nonstudent population of no more than seventeen thousand one hundred fifteen in calendar year 2006, as determined by the Washington state office of financial management estimate.

For each subsequent SFY, the nonstudent population ceiling is increased cumulatively by two percent.

(3) The department pays hospitals qualifying for SRDSH payments from a legislatively appropriated pool. The department determines each hospital's individual SRDSH payment from the total dollars in the pool using percentages established as follows:

(a) At the time the SRDSH payment is to be made, the department calculates each hospital's profitability margin based on the hospital's base year data and audited financial statements.

(b) The department determines the average profitability margin for the qualifying hospitals.

(c) Any hospital with a profitability margin of less than one hundred ten percent of the average profitability margin for qualifying hospitals receives a profit factor of 1.1. All other hospitals receive a profit factor of 1.0.

(d) The department:

(i) Identifies the medicaid payment amounts made by the department to the individual hospital during the SFY two years prior to the current SFY for which DSH application is being made. These medicaid payment amounts are based on historical data considered to be complete; then

(ii) Multiplies the total medicaid payment amount determined in subsection (i) by the individual hospital's assigned profit factor (1.1 or 1.0) to identify a revised medicaid payment amount; and

(iii) Divides the revised medicaid payment amount for the individual hospital by the sum of the revised medicaid payment amounts for all qualifying hospitals during the same period.

(4) The department's SRDSH payments to a hospital may not exceed one hundred percent of the projected cost of care for medicaid clients and uninsured patients for that hospital unless an exception is required by federal statute or regulation.

(5) The department reallocates dollars as defined in the state plan.

WAC 388-550-5210 Payment method—Small rural indigent assistance disproportionate share hospital (SRIADSH) program. (1) The department makes small rural indigent assistance disproportionate share hospital (SRIADSH) program payments to qualifying small rural hospitals through the disproportionate share hospital (DSH) program.

(2) To qualify for an SRIADSH payment, a hospital must:

(a) Not be a peer group E hospital;

(b) Meet the criteria in WAC 388-550-4900(5);

(c) Have fewer than seventy-five acute licensed beds; and

(d) Be an in-state hospital that provided charity services to clients during the base year. A hospital located out-of-state or in a designated bordering city is not eligible to receive SRIADSH payments; and

(e) Be located in a city or town with a nonstudent population of no more than seventeen thousand one hundred fifteen in calendar year 2006, as determined by the Washington State office of financial management estimate. This estimated nonstudent population ceiling is used for SFY 2008, which begins July 1, 2007. For each subsequent SFY, the nonstudent population ceiling is increased cumulatively by two percent.

(3) The department pays hospitals qualifying for SRIADSH payments from a legislatively appropriated pool. The department determines each hospital's individual SRIADSH payment from the total dollars in the pool using percentages established through the following prospective payment method:

(a) At the time the SRIADSH payment is to be made, the department calculates each hospital's profitability margin based on the hospital's base year data and audited financial statements.

(b) The department determines the average profitability margin for all hospitals qualifying for SRIADSH.

(c) Any qualifying hospital with a profitability margin of less than one hundred ten percent of the average profitability

margin for qualifying hospitals receives a profit factor of 1.1. All other qualifying hospitals receive a profit factor of 1.0.

(d) The department:

(i) Identifies from historical data considered to be complete, each individual qualifying hospital's allowed charity charges; then

(ii) Multiplies the total allowed charity charges by the hospital's ratio of costs-to-charges (RCC), limiting the RCC to a value of 1, to determine the hospital's charity costs; then

(iii) Multiplies the hospital's charity costs by the hospital's profit factor assigned in (c) of this subsection to identify a revised cost amount; then

(iv) Determines the hospital's percentage of revised costs by dividing its revised cost amount by the sum of the revised charity cost amounts for all qualifying hospitals during the same period.

(4) The department's SRIADSH payments to a hospital may not exceed one hundred percent of the projected cost of care for medicaid clients and uninsured indigent patients for that hospital unless an exception is required by federal statute or regulation. The department reallocates dollars as defined in the state plan.

WAC 388-550-5220 Payment method—Nonrural indigent assistance disproportionate share hospital (NRIADSH). (1) The department makes nonrural indigent assistance disproportionate share hospital (NRIADSH) payments to qualifying nonrural hospitals through the disproportionate share hospital (DSH) program.

(2) To qualify for an NRIADSH payment, a hospital must:

(a) Not be a peer group E hospital;

(b) Meet the criteria in WAC 388-550-4900(5);

(c) Be a hospital that does not qualify as a small rural hospital as defined in WAC 388-550-4900 (3)(m); and

(d) Be an in-state or designated bordering city hospital that provided charity services to clients during the base year. For DSH purposes, the department considers as nonrural any hospital located in a designated bordering city.

(3) The department pays hospitals qualifying for NRIADSH payments from a legislatively appropriated pool. The department determines each hospital's individual NRIADSH payment from the total dollars in the pool using percentages established through the following prospective payment method:

(a) At the time the NRIADSH payment is to be made, the department calculates each hospital's profitability margin based on the hospital's base year data and audited financial statements.

(b) The department determines the average profitability margin for the qualifying hospitals.

(c) Any hospital with a profitability margin of less than one hundred ten percent of the average profitability margin for qualifying hospitals receives a profit factor of 1.1. All other hospitals receive a profit factor of 1.0.

(d) The department:

(i) Identifies from historical data considered to be complete, each individual qualifying hospital's allowed charity charges; then

(ii) Multiplies the total allowed charity charges by the hospital's ratio of costs-to-charges (RCC), limiting the RCC to a value of 1, to determine the hospital's charity costs; then

(iii) Multiplies the hospital's charity costs by the hospital's profit factor assigned in (c) of this subsection to identify a revised cost amount; then

(iv) Determines the hospital's percentage of the NRIADSH revised costs by dividing the hospital's revised cost amount by the total revised charity costs for all qualifying hospitals during the same period.

(4) The department's NRIADSH payments to a hospital may not exceed one hundred percent of the projected cost of care for medicaid clients and uninsured indigent patients for the hospital unless an exception is required by federal statute or regulation. The department reallocates dollars as defined in the state plan.

WAC 388-550-5400 Payment method—Public hospital disproportionate share hospital (PHDSH). (1) The department's public hospital disproportionate share hospital (PHDSH) program is a public hospital program for:

(a) Public hospitals located in the state of Washington that are:

(i) Owned by a public hospital district; and

(ii) Not certified by the department of health (DOH) as a critical access hospital;

(b) Harborview Medical Center; and

(c) University of Washington Medical Center.

(2) The PHDSH payments to a hospital eligible under this program may not exceed the hospital's disproportionate share hospital (DSH) cap calculated according to WAC 388-550-4900(10). The hospital receives only the federal matching assistance percentage of the total computable payment amount.

(3) Hospitals receiving payment under the PHDSH program must provide the local match for the federal funds through certified public expenditures (CPE). Payments are limited to costs incurred by the participating hospitals.

(4) A hospital receiving payment under the PHDSH program must submit to the department federally required medicaid cost report schedules apportioning inpatient and outpatient costs, beginning with the services provided during state fiscal year 2006. See WAC 388-550-5410.

(5) PHDSH payments are subject to the availability of DSH funds under the statewide DSH cap. If the statewide DSH cap is exceeded, the department will recoup PHDSH payments first, but only from hospitals that received total inpatient and DSH payments above the hold harmless level, and only to the extent of the excess amount above the hold harmless level. See WAC 388-550-4900 (13) and (14), and WAC 388-550-4670.

WAC 388-550-5410 CPE medicaid cost report and settlements. (1) For patients discharged on or after July 1, 2005, a certified public expenditure (CPE) hospital must annually submit to the department federally required medicaid cost report schedules, using schedules approved by the centers for medicare and medicaid services (CMS), that apportion inpatient and outpatient costs to medicaid clients and uninsured patients for the service year, as follows:

(a) Title XIX fee-for-service claims;

(b) Medicaid managed care organization (MCO) plan claims;

(c) Uninsured patients. The cost report schedules for uninsured patients must not include services that medicaid would not have covered had the patients been medicaid eligible (see WAC 388-550-1400 and 388-550-1500); and

(d) State-administered program patients. State-administered program patients are reported separately and are not to be included on the uninsured patient cost report schedule. The department will provide provider statistics and reimbursements (PS&R) reports for the state-administered program claims.

(2) A CPE hospital must:

(a) Use the information on individualized PS&R reports provided by the department when completing the medicaid cost report schedules. The department provides the hospital with the PS&R reports at least thirty calendar days prior to the appropriate deadline.

(i) For state fiscal year (SFY) 2006, the deadline for all CPE hospitals to submit the federally required medicaid cost report schedules is June 30, 2007.

(ii) For hospitals with a December 31 year end, partial year medicaid cost report schedules for the period July 1, 2005 through December 31, 2005 must be submitted to the department by August 31, 2007.

(iii) For SFY 2007 and thereafter, each CPE hospital is required to submit the medicaid cost report schedules to the department within thirty calendar days after the medicare cost report is due to its medicare fiscal intermediary or medicare administrative contractor, whichever is applicable.

(b) Complete the cost report schedules for uninsured patients and medicaid clients enrolled in an MCO plan using the hospital provider's records.

(c) Comply with the department's instructions regarding how to complete the required medicaid cost report schedules.

(3) The medicaid cost report schedules must be completed using the medicare cost report for the same reporting year.

(a) The ratios of costs-to-charges and per diem costs from the "as filed" medicare cost report are used to allocate the medicaid and uninsured costs on the "as filed" medicaid cost report schedules, unless expressly allowed for medicaid.

(b) After the medicare cost report is finalized by the medicare fiscal intermediary or medicare administrative contractor (whichever is applicable), final medicaid cost report schedules must be submitted to the department incorporating the adjustments to the medicare cost report, unless expressly allowed for medicaid. CPE hospitals must submit finalized medicare cost reports with the notice of amount of program reimbursement (NPR) within thirty calendar days of receipt. The department will then provide the hospitals with updated PS&R reports for medicaid and state program claims processed by the department for the medicaid cost report period. The hospitals will update the data for uninsured patients and medicaid clients enrolled in an MCO plan.

(4) The medicaid cost report schedules and supporting documentation are subject to audit by the department or its designee to verify that claimed costs qualify under federal and state rules governing the CPE payment program. The documentation required includes, but is not limited to:

(a) The revenue codes assigned to specific cost centers on the medicaid cost report schedules.

(b) The inpatient charges by revenue codes for uninsured patients and medicaid clients enrolled in an MCO plan.

(c) The outpatient charges by revenue codes for uninsured patients and medicaid clients enrolled in an MCO plan.

(d) All payments received for the inpatient and outpatient charges in (b) and (c) of this subsection including, but not limited to, payments for third party liability, uninsured patients, and medicaid clients enrolled in an MCO plan.

(5) The department:

(a) Performs cost settlements for both the "as filed" and "final" medicaid cost report schedules for all CPE hospitals;

(b) Reports to CMS as an adjustment any difference between the payments of federal funds made to the CPE hospitals and the federal share of the certified public expenditures; and

(c) Recoups from the CPE hospitals the federal payments that exceed the hospitals' costs, unless the hold harmless provision in WAC 388-550-4670 is applicable.

WAC 388-550-5425 Upper payment limit (UPL) payments for inpatient hospital services. (1) The upper payment limit (UPL) program is terminated effective July 1, 2007. The department will not make UPL payments after June 30, 2007.

WAC 388-550-5450 Supplemental distributions to approved trauma service centers. (1) The trauma care fund (TCF) is an amount legislatively appropriated to the department each biennium, at the legislature's sole discretion, for the purpose of supplementing the department's payments to eligible trauma service centers for providing qualified trauma services to eligible medicaid fee-for-service clients. Claims for trauma care provided to clients enrolled in the department's managed care programs are not eligible for supplemental distributions from the TCF.

(2) Beginning with trauma services provided after June 30, 2003, the department makes supplemental distributions from the TCF to qualified hospitals, subject to the provisions in this section and subject to legislative action.

(3) To qualify for supplemental distributions from the TCF, a hospital must:

(a) Be designated or recognized by the department of health (DOH) as an approved Level 1, Level 2, or Level 3 adult or pediatric trauma service center;

(b) Meet the provider requirements in this section and other applicable WAC;

(c) Meet the billing requirements in this section and other applicable WAC;

(d) Submit all information the department requires to ensure services are being provided; and

(e) Comply with DOH's Trauma Registry reporting requirements.

(4) Supplemental distributions from the TCF are:

(a) Allocated into five fixed payment pools of equal amounts. Timing of payments is described in subsection (5) of this section. Distributions from the payment pools to the individual hospitals are determined by first summing each eligible hospital's qualifying payments since the beginning of the service year and expressing this amount as a percentage of total payments to all eligible hospitals for qualifying services provided during the service year to date. Each hospital's qualifying payment percentage for the service year-to-date is multiplied by the available amount for the service year-to-date, and then the department subtracts what has been allocated to each hospital for the service year-to-date to determine the portion of the current quarterly payment pool to be paid to each qualifying hospital. This method for determining supplemental distributions to hospitals applies to TCF allotments beginning with state fiscal year (SFY) 2008. This method supersedes and preempts the method adopted in rule and effective August 1, 2007. Eligible hospitals and qualifying payments are described in (i) through (iii) of this subsection:

(i) Qualifying payments are the department's payments to Level 1, Level 2, and Level 3 trauma service centers for qualified medicaid trauma cases since the beginning of the service year. The department determines the countable payment for trauma care provided to medicaid clients based on date of service, not date of payment;

(ii) The department's payments to Level 1, Level 2, and Level 3 hospitals for trauma cases transferred in since the beginning of the service year. A Level 1, Level 2, or Level 3 hospital that receives a transferred trauma case from any lower level hospital is eligible for the enhanced payment, regardless of the client's injury severity score (ISS). An ISS is a summary rating system for traumatic anatomic injuries; and

(iii) The department's payments to Level 2 and Level 3 hospitals for qualified trauma cases (those that meet or exceed the ISS criteria in subsection (4)(b) of this section) that these hospitals transferred to a higher level designated trauma service center since the beginning of the service year.

(b) Paid only for a medicaid trauma case that meets:

(i) The ISS of thirteen or greater for an adult trauma patient (a client age fifteen or older);

(ii) The ISS of nine or greater for a pediatric trauma patient (a client younger than age fifteen); or

(iii) The conditions of subsection (4)(c).

(c) Made to hospitals, as follows, for a trauma case that is transferred:

(i) A hospital that receives the transferred trauma case qualifies for payment regardless of the ISS if the hospital is designated or recognized by DOH as an approved Level 1, Level 2, or Level 3 adult or pediatric trauma service center;

(ii) A hospital that transfers the trauma case qualifies for payment only if:

(A) It is designated or recognized by DOH as an approved Level 2 or Level 3 adult or pediatric trauma service center; and

(B) The ISS requirements in (b)(i) or (b)(ii) of this subsection are met.

(iii) A hospital that DOH designates or recognizes as an approved Level 4 or Level 5 trauma service center does not qualify for supplemental distributions for trauma cases that are transferred in or transferred out, even when the transferred cases meet the ISS criteria in subsection (4)(b) of this section.

(d) Not funded by disproportionate share hospital (DSH) funds; and

(e) Not distributed by the department to:

(i) Trauma service centers designated or recognized as Level 4 or Level 5;

(ii) Critical access hospitals (CAHs), except when the CAH is also a Level 3 trauma service center. Beginning with qualifying trauma services provided in SFY 2007, the department allows a hospital with this dual status to receive distributions from the TCF; or

(iii) Any hospital for follow-up surgical services related to the qualifying trauma incident but provided to the client after the client has been discharged for the initial qualifying injury.

(5) Distributions for an SFY are divided into five "quarters" and paid as follows:

(a) Each quarterly distribution paid by the department from the TCF totals twenty percent of the amount designated by the department for that SFY;

(b) The first quarterly supplemental distribution from the TCF is made six months after the SFY begins;

(c) Subsequent quarterly payments are made approximately every four months after the first quarterly payment is made, except as described in subsection (d);

(d) The "fifth quarter" final distribution from the TCF for the same SFY is:

(i) Made one year after the end of the SFY;

(ii) Based on the SFY that the TCF designated amount relates to; and

(iii) Distributed based on each eligible hospital's percentage of the total payments made by the department to all designated trauma service centers for qualified trauma cases during the relevant fiscal year.

(6) For purposes of the supplemental distributions from the TCF, all of the following apply:

(a) The department may consider a request for a claim adjustment submitted by a provider only if the request is received by the department within one year from the date of the initial trauma service;

(b) The department does not allow any carryover of liabilities for a supplemental distribution from the TCF beyond

three hundred sixty-five calendar days from the date of discharge (inpatient) or date of service (outpatient). The deadline for making adjustments to a trauma claim is the same as the deadline for submitting the initial claim to the department as specified in WAC 388-502-0150(3). WAC 388-502-0150(7) does not apply to TCF claims;

(c) All claims and claim adjustments are subject to federal and state audit and review requirements; and

(d) The total amount of supplemental distributions from the TCF disbursed to eligible hospitals by the department in any biennium cannot exceed the amount appropriated by the legislature for that biennium. The department has the authority to take whatever actions necessary to ensure the department stays within the TCF appropriation.

Under the prospective payment method, the department shall not make reconciliation payments to a hospital-based rural health clinic to cover its costs for a preceding period.

(2) The department shall pay an amount equal to the hospital-based rural health clinic's charge multiplied by the hospital's specific ratio of costs to charges (RCC), not to exceed one hundred percent of the charges.

(3) The department shall determine the hospital-based rural health clinic's RCC from the hospital's annual medicare cost report, pursuant to WAC 388-550-4500(1).

WAC 388-550-5550 Public notice for changes in medicaid payment rates for hospital services. (1) The purpose and intent of this section is to describe the manner in which the department, pertaining to medicaid hospital rates, will comply with section 4711(a) of the federal Balanced Budget Act of 1997, Public Law 105-33, as codified at 42 U.S.C. 1396a (a)(13)(A).

(2) For purposes of this section, the term:

(a) "Stakeholders" means providers, beneficiaries, representatives of beneficiaries, and other concerned state residents.

(b) "Rate" means the medicaid payment amount to a provider for a particular hospital service, except for disproportionate share payments not mandated by federal law.

(c) "Methodology" underlying the establishment of a medicaid hospital rate means (unless otherwise noted) the principles, procedures, limitations, and formulas detailed in WAC 388-550-2800 through 388-550-5500.

(d) "Justification" means an explanation of why the department is proposing or implementing a medicaid rate change based on a change in medicaid rate setting methodology.

(e) "Reasonable opportunity to review and provide written comments" means a period of fourteen calendar days in which stakeholders may provide written comments to the department.

(f) "Hospital services" means those services that are performed in a hospital facility for an inpatient client and which are payable only to the hospital entity, not to individual performing providers.

(g) "Web site" means the department's internet home page on the worldwide web: http://www.wa.gov/dshs/maa is the internet address.

(3) The department will notify stakeholders of proposed and final changes in individual medicaid hospital rates for hospital services, as follows:

(a) Publish the proposed medicaid hospital rates, the methodologies underlying the establishment of such rates, and justifications for such rates;

(b) Give stakeholders a reasonable opportunity to review and provide written comments on the proposed medicaid hospital rates, the methodologies underlying the establishment of such rates, and justifications for such rates; and

(c) Publish the final medicaid hospital rates, the methodologies underlying the establishment of such rates, and justifications for such rates.

(4)(a) Except as otherwise provided in this section, the department will determine the manner of publication of proposed or final medicaid hospital rates.

(b) Publication of proposed medicaid hospital rates will occur as follows:

(i) The department will mail each provider's proposed rate to the affected provider via first-class mail at least fifteen calendar days before the proposed date for implementing the rates; and

(ii) For other stakeholders, the department will post proposed rates on the department's web site.

(c) Publication of final medicaid hospital rates will occur as follows:

(i) The department will mail each provider's final rate to the affected provider via first-class mail at least one calendar day before implementing the rate; and

(ii) For other stakeholders, the department will post final rates on the department's web site.

(d) The publications required by subsections (4)(b) and (c) of this section will refer to the appropriate sections of chapter 388-550 WAC for information on the methodologies underlying the proposed and final rates.

(5) The department, whenever it proposes amendments to the methodologies underlying the establishment of medicaid hospital rates as described in WAC 388-550-2800 through 388-550-5500, will adhere to the notice and comment provisions of the Administrative Procedure Act (chapter 34.05 RCW).

(6) Stakeholders who wish to receive notice of either proposed and final medicaid hospital rates or proposed and final amendments to WAC 388-550-2800 through 388-550-5500 must notify the department in writing. The department will send notice of all such actions to such stakeholders postage prepaid by regular mail.

(7)(a) The notice and publication provisions of section 4711(a) of the Balanced Budget Act of 1997 do not apply when a rate change is:

(i) Necessary to conform to medicare rules, methods, or levels of reimbursement for clients who are eligible for both medicare and medicaid;

(ii) Required by Congress, the legislature, or court order, and no further rulemaking is necessary to implement the change; or

(iii) Part of a nonmedicaid program.

(b) Although notice and publication are not required for medicaid rate changes described in subsection (7)(a) of this section, the department will attempt to timely notify stakeholders of these rate changes.

(8) The following rules apply when the department and an individual hospital negotiate or contractually agree to medicaid rates for hospital services:

(a) Receipt by the hospital of the contract or contract amendment form for signature constitutes notice to the hospital of proposed medicaid rates.

(b) Receipt by the hospital of the contract or contract amendment form signed by both parties constitutes notice to the hospital of final medicaid rates.

(c) Notwithstanding subsection (4)(c) of this section, final medicaid contract rates are effective on the date contractually agreed to by the department and the individual hospital.

(d) Prior to the execution of the contract, the department will not publish negotiated contract prices that are agreed to between the department and an individual provider to anyone other than the individual provider. Within fifteen calendar days after the execution of any such contract, the department will publish the negotiated contract prices on its web site.

(9) The following rules apply when a hospital provider or other stakeholder wishes to challenge the adequacy of the public notification process followed by the department in proposing or implementing a change to medicaid hospital rates, the methodologies underlying the establishment of such rates, or the justification for such rates:

(a) If any such challenge is limited solely to the adequacy of the public notification process, then the challenge will:

(i) Not be pursued in any administrative appeal or dispute resolution procedure established in rule by the department; and

(ii) Be pursued only in a court of proper jurisdiction as may be provided by law.

(b) If a hospital provider brings any such challenge in conjunction with an appeal of its medicaid rate, then the hospital provider may pursue the challenge in an administrative appeal or dispute resolution procedure established in rule by the department under which hospital providers may appeal their medicaid rates.

WAC 388-550-5700 Hospital reports and audits. (1) In-state and border area hospitals shall complete and submit a copy of their annual medicare cost reports (HCFA 2552) to the department. These hospital providers shall:

(a) Maintain adequate records for audit and review purposes, and assure the accuracy of their cost reports;

(b) Complete their annual medicare HCFA 2552 cost report according to the applicable medicare statutes, regulations, and instructions; and

(c) Submit a copy to the department:

(i) Within one hundred fifty days from the end of the hospital's fiscal year; or

(ii) If the hospital provider's contract is terminated, within one hundred fifty days of effective termination date; or

(d) Request up to a thirty day extension of the time for submitting the cost report in writing at least ten days prior to the due date of the report. Hospital providers shall include in the extension request the completion date of the report, and the circumstances prohibiting compliance with the report due date;

(2) If a hospital provider improperly completes a cost report or the cost report is received after the due date or approved extension date, the department may withhold all or part of the payments due the hospital until the department receives the properly completed or late report.

(3) Hospitals shall submit other financial information required by the department to establish rates.

(4) The department shall periodically audit:

(a) Cost report data used for rate setting;

(b) Hospital billings; and

(c) Other financial and statistical records.

WAC 388-550-6000 Outpatient hospital services—Conditions of payment and payment methods. (1) The department pays hospitals for covered outpatient hospital services provided to eligible clients when the services meet the provisions in WAC 388-550-1700. All professional medical services must be billed according to chapter 388-531 WAC.

(2) To be paid for covered outpatient hospital services, a hospital provider must:

(a) Have a current core provider agreement with the department;

(b) Bill the department according to the conditions of payment under WAC 388-502-0100;

(c) Bill the department according to the time limits under WAC 388-502-0150; and

(d) Meet program requirements in other applicable WAC and the department's published issuances.

(3) The department does not pay separately for any services:

(a) Included in a hospital's room charges;

(b) Included as covered under the department's definition of room and board (e.g., nursing services). See WAC 388-550-1050; or

(c) Related to an inpatient hospital admission and provided within one calendar day of a client's inpatient admission.

(4) The department does not pay:

(a) A hospital for outpatient hospital services when a managed care plan is contracted with the department to cover these services;

(b) More than the "acquisition cost" ("A.C.") for HCPCS (healthcare common procedure coding system) codes noted in the outpatient fee schedule; or

(c) For cast room, emergency room, labor room, observation room, treatment room, and other room charges in combination when billing periods for these charges overlap.

(5) The department uses the outpatient departmental weighted costs-to-charges (ODWCC) rate to pay for covered outpatient services provided in a critical access hospital (CAH). See WAC 388-550-2598.

(6) The department uses the maximum allowable fee schedule to pay non-OPPS hospitals and non-CAH hospitals for the following types of covered outpatient hospital services listed in the department's current published outpatient hospital fee schedule and billing instructions:

(a) EKG/ECG/EEG and other diagnostics;

(b) Imaging services;

(c) Immunizations;

(d) Laboratory services;

(e) Occupational therapy;

(f) Physical therapy;

(g) Sleep studies;

(h) Speech/language therapy;

(i) Synagis; and

(j) Other hospital services identified and published by the department.

(7) The department uses the hospital outpatient rate as described in WAC 388-550-4500 to pay for covered outpatient hospital services when:

(a) A hospital provider is a non-OPPS or a non-CAH provider; and

(b) The services are not included in subsection (6) of this section.

(8) Hospitals must provide documentation as required and/or requested by the department.

(9) All hospital providers must present final charges to the department within three hundred sixty-five days of the "statement covers period from date" shown on the claim. The state of Washington is not liable for payment based on billed charges received beyond three hundred sixty-five days from the "statement covers period from date" shown on the claim.

WAC 388-550-6700 Hospital services provided out-of-state. (1) The department pays:

(a) For dates of admission before August 1, 2007 for only emergency care for an eligible medicaid and SCHIP client who goes to another state, except specified border cities, specifically for the purpose of obtaining medical care that is available in the state of Washington. See WAC 388-501-0175 for a list of border cities.

(b) For dates of admission on and after August 1, 2007, for both emergency and nonemergency out-of-state hospital services, including those provided in bordering city hospitals and critical border hospitals, for eligible medicaid and SCHIP clients based on the medical necessity and utilization review standards and limits established by the department.

(i) Prior authorization by the department is required for the nonemergency out-of-state hospital medical care provided to medicaid and SCHIP clients.

(ii) Bordering city hospitals are considered the same:

(A) As instate hospitals for coverage of hospital services; and

(B) As out-of-state hospitals for payment methodology. Department designated critical border hospitals are paid as instate hospitals. See WAC 388-550-3900 and 388-550-4000.

(c) For out-of-state voluntary psychiatric inpatient hospital services for eligible medicaid and SCHIP clients based on authorization by a mental health division designee.

(d) Based on the department's limitations on hospital coverage under WAC 388-550-1100 and 388-550-1200 and other applicable rules.

(2) The department authorizes and pays for comparable hospital services for a medicaid and SCHIP client who is temporarily outside the state to the same extent that such services are furnished to an eligible medicaid client in the state, subject to the exceptions and limitations in this section. See WAC 388-550-3900 and 388-550-4000.

(3) The department limits out-of-state hospital coverage for clients eligible under state-administered programs as follows:

(a) For a client eligible under the psychiatric indigent inpatient (PII) program or who receives services under the Involuntary Treatment Act (ITA), the department does not pay for hospital services provided in any hospital outside the state of Washington (including bordering city and critical border hospitals).

(b) For a client eligible under a department's general assistance program, the department pays only for hospital services covered under the client's medical care services' program scope of care that are provided in a bordering city hospital or a critical border hospital. The department does not pay for hospital services provided to clients eligible under a general assistance program in other hospitals located outside the state of Washington. The department or its designee may require prior authorization for hospital services provided in a bordering city hospital or a critical border hospital. See WAC 388-550-1200.

(4) The department covers hospital care provided to medicaid or SCHIP clients in areas of Canada as described in WAC 388-501-0180, and based on the limitations described in the state plan.

(5) The department may review all cases involving out-of-state hospital services, including those provided in bordering city hospitals and critical border hospitals, to determine whether the services are within the scope of the client's medical assistance program.

(6) If the client can claim deductible or coinsurance portions of medicare, the provider must submit the claim to the intermediary or carrier in the provider's own state on the appropriate medicare billing form. If the state of Washington is checked on the form as the party responsible for medical bills, the intermediary or carrier may bill on behalf of the pro-

vider or may return the claim to the provider for submission to the state of Washington.

(7) For payment for out-of-state inpatient hospital services, see WAC 388-550-3900 and 388-550-4000.

(8) Out-of-state providers, including bordering city hospitals and critical border hospitals, must present final charges to the department within three hundred sixty-five days of the "statement covers period from date" shown on the claim. The state of Washington is not liable for payment of charges received beyond three hundred sixty-five days from the "statement covers period from date" shown on the claim.

WAC 388-550-7000 Outpatient prospective payment system (OPPS)—General. (1) The department's outpatient prospective payment system (OPPS) uses an ambulatory payment classification (APC) based reimbursement methodology as its primary reimbursement method. The department is basing its OPPS on the centers for medicare and medicaid services (CMS) prospective payment system for hospital outpatient department services.

(2) For a complete description of the CMS outpatient hospital prospective payment system, including the assignment of status indicators (SIs), see 42 CFR, Chapter IV, Part 419. WAC 388-550-7050 OPPS—Definitions. The following definitions and abbreviations and those found in WAC 388-550-1050 apply to the department's outpatient prospective payment system (OPPS):

"Ambulatory payment classification (APC)" means a grouping that categorizes outpatient visits according to the clinical characteristics, the typical resource use, and the costs associated with the diagnoses and the procedures performed.

"Budget target" means the amount of money appropriated by the legislature or through the department's budget process to pay for a specific group of services, including anticipated caseload changes or vendor rate increases.

"Budget target adjustor" means the department specific multiplier applied to all payable ambulatory payment classifications (APCs) to allow the department to reach and not exceed the established budget target.

"Discount factor" means the percentage applied to additional significant procedures when a claim has multiple significant procedures or when the same procedure is performed multiple times on the same day. Not all significant procedures are subject to a discount factor.

"Medical visit" means diagnostic, therapeutic, or consultative services provided to a client by a healthcare professional in an outpatient setting.

"Modifier" means a two-digit alphabetic and/or numeric identifier that is added to the procedure code to indicate the type of service performed. The modifier provides the means by which the reporting hospital can describe or indicate that a performed service or procedure has been altered by some specific circumstance but not changed in its definition or code. The modifier can affect payment or be used for information only. Modifiers are listed in fee schedules.

"National payment rate" means a rate for a given procedure code, published by the centers for medicare and medicaid (CMS), that does not include a state or location specific adjustment.

"Observation services" means services furnished by a hospital on the hospital's premises, including use of a bed and periodic monitoring by hospital staff, which are reasonable and necessary to evaluate an outpatient's condition or determine the need for possible admission to the hospital as an inpatient.

"Outpatient code editor (OCE)" means a software program published by 3M Health Information Systems that the department uses for classifying and editing claims in ambulatory payment classification (APC) based OPPS.

"Outpatient prospective payment system (OPPS)" means the payment system used by the department to calculate reimbursement to hospitals for the facility component of outpatient services. This system uses ambulatory payment classifications (APCs) as the primary basis of payment.

"Outpatient prospective payment system conversion factor" means a hospital-specific multiplier assigned by the department that is one of the components of the APC payment calculation.

"Pass-throughs" means certain drugs, devices, and biologicals, as identified by centers for medicare and medicaid services (CMS), for which providers are entitled to additional separate payment until the drugs, devices, or biologicals are assigned their own ambulatory payment classification (APC).

"Significant procedure" means a procedure, therapy, or service provided to a client that constitutes the primary reason for the visit to the healthcare professional.

"Status indicator (SI)" means a one-digit identifier assigned to each service by the outpatient code editor (OCE) software.

"SI" see **"status indicator."**

WAC 388-550-7200 OPPS—Payment method. (1) This section describes the payment methods the department uses to pay for covered outpatient hospital services provided by hospitals not exempted from the outpatient prospective payment system (OPPS).

AMBULATORY PAYMENT CLASSIFICATION (APC) METHOD

(2) The department uses the APC method when the centers for medicare and medicaid services (CMS) has established a national payment rate to pay for covered services. The APC method is the primary payment methodology for OPPS. Examples of services paid by the APC methodology include, but are not limited to:
(a) Ancillary services;
(b) Medical visits;
(c) Nonpass-through drugs or devices;
(d) Observation services;
(e) Packaged services subject to separate payment when criteria are met;
(f) Pass-through drugs;
(g) Significant procedures that are not subject to multiple procedure discounting (except for dental-related services);
(h) Significant procedures that are subject to multiple procedure discounting; and
(i) Other services as identified by the department.

OPPS MAXIMUM ALLOWABLE FEE SCHEDULE

(3) The department uses the outpatient fee schedule published in the department's billing instructions to pay for covered:
(a) Services that are exempted from the APC payment methodology or services for which there are no established weight(s);
(b) Procedures that are on the CMS inpatient only list;
(c) Items, codes, and services that are not covered by medicare;
(d) Corneal tissue acquisition;
(e) Devices that are pass-throughs (see WAC 388-550-7050 for definition of pass-throughs); and
(f) Dental clinic services.

HOSPITAL OUTPATIENT RATE

(4) The department uses the hospital outpatient rate described in WAC 388-550-3900 and 388-550-4500 to pay for the services listed in subsection (3) of this section for which the department has not established a maximum allowable fee.

[Statutory Authority: RCW 74.08.090, 74.09.500. 07-13-100, § 388-550-7200, filed 6/20/07, effective 8/1/07; 04-20-061, § 388-550-7200, filed 10/1/04, effective 11/1/04.]

WAC 388-550-7300 OPPS—Payment limitations. (1) The department limits payment for covered outpatient hospital services to the current published maximum allowable units of services listed in the outpatient fee schedule and published in the department's hospital billing instructions, subject to the following:
(a) When a unit limit for services is not stated in the outpatient fee schedule, department pays for services according to the program's unit limits stated in applicable WAC and published issuances.
(b) Because multiple units for services may be factored into the ambulatory payment classification (APC) weight, department pays for services according to the unit limit stated in the outpatient fee schedule when the limit is not the same as the program's unit limit stated in applicable WAC and published issuances.
(2) The department does not pay separately for covered services that are packaged into the APC rates. These services are paid through the APC rates.
(3) The department:
(a) Limits surgical dental services payment to the ambulatory surgical services fee schedule and pays:
(i) The first surgical procedure at the applicable ambulatory surgery center group rate; and
(ii) The second surgical procedure at fifty percent of the ambulatory surgery center group rate.
(b) Considers all surgical procedures not identified in subsection (a) to be bundled.
(4) The department limits outpatient services billing to one claim per episode of care. If there are late charges, or if any line of the claim is denied, the department requires the entire claim to be adjusted.

[Statutory Authority: RCW 74.08.090, 74.09.500. 07-13-100, § 388-550-7300, filed 6/20/07, effective 8/1/07; 04-20-061, § 388-550-7300, filed 10/1/04, effective 11/1/04.]

WAC 388-550-7400 OPPS APC relative weights. The department uses the ambulatory payment classification (APC) relative weights established by the centers for medicare and medicaid services (CMS) at the time the budget target adjustor is established. See WAC 388-550-7050 for the definition of budget target adjustor.

[Statutory Authority: RCW 74.08.090, 74.09.500. 07-13-100, § 388-550-7400, filed 6/20/07, effective 8/1/07; 04-20-061, § 388-550-7400, filed 10/1/04, effective 11/1/04.]

WAC 388-550-7500 OPPS conversion factor. The department calculates the outpatient prospective payment system (OPPS) conversion factors by modeling, using the centers for medicare and medicaid services (CMS) addendum B and wage index information available and published at the time the OPPS conversion factors are set for the upcoming year.

[Statutory Authority: RCW 74.08.090, 74.09.500. 07-13-100, § 388-550-7500, filed 6/20/07, effective 8/1/07; 04-20-061, § 388-550-7500, filed 10/1/04, effective 11/1/04.]

WAC 388-550-7600 OPPS payment calculation. (1) The department follows the discounting and modifier policies of the centers for medicare and medicaid services (CMS). The department calculates the ambulatory payment classification (APC) payment as follows:

APC payment =

National payment rate x Hospital OPPS conversion factor x Discount factor (if applicable) x Units of service (if applicable) x

Budget target adjustor

(2) The total OPPS claim payment is the sum of the APC payments plus the sum of the lesser of the billed charge or allowed charge for each non-APC service.

(3) The department pays hospitals for claims that involve clients who have third-party liability (TPL) insurance, the lesser of either the:

(a) Billed amount minus the third-party payment amount; or

(b) Allowed amount minus the third-party payment amount.

[Statutory Authority: RCW 74.08.090, 74.09.500. 07-13-100, § 388-550-7600, filed 6/20/07, effective 8/1/07; 04-20-061, § 388-550-7600, filed 10/1/04, effective 11/1/04.]

SUBCHAPTER I—HOSPICE SERVICES

Hospice—General

WAC 388-551-1000 Hospice program—General. (1) The department's hospice program is a twenty-four hour a day program that allows a terminally ill client to choose physical, pastoral/spiritual, and psychosocial comfort care rather than cure. A hospice interdisciplinary team communicates with the client's nonhospice care providers to ensure the client's needs are met through the hospice plan of care. Hospitalization is used only for acute symptom management.

(2) A client, a physician, or an authorized representative under RCW 7.70.065 may initiate hospice care. The client's physician must certify the client as terminally ill and appropriate for hospice care.

(3) Hospice care is provided in a client's temporary or permanent place of residence.

(4) Hospice care ends when:

(a) The client or an authorized representative under RCW 7.70.065 revokes the hospice care;

(b) The hospice agency discharges the client;

(c) The client's physician determines hospice care is no longer appropriate; or

(d) The client dies.

(5) Hospice care includes the provision of emotional and spiritual comfort and bereavement support to the client's family member(s).

(6) Department-approved hospice agencies must meet the general requirements in chapter 388-502 WAC, Administration of medical programs—Providers.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1000, filed 8/30/05, effective 10/1/05. Statutory Authority: RCW 74.09.520, 74.08.090, 42 C.F.R. 418.22 and 418.24. 99-09-007, § 388-551-1000, filed 4/9/99, effective 5/10/99.]

WAC 388-551-1010 Hospice program—Definitions. The following definitions and abbreviations and those found

in WAC 388-500-0005, Medical definitions, apply to this subchapter.

"Authorized representative" means an individual who has been authorized to terminate medical care or to elect or revoke the election of hospice care on behalf of a terminally ill individual who is mentally or physically incapacitated. See RCW 7.70.065.

"Biologicals" means medicinal preparations including serum, vaccine autotoxins, and biotechnological drugs made from living organisms and their products.

"Brief period" means six days or less within a thirty consecutive-day period.

"Community services office (CSO)" means an office of the department that administers social and health services at the community level.

"Discharge" means an agency ends hospice care for a client.

"Election period" means the time, ninety or sixty days, that the client is certified as eligible for and chooses to receive hospice care.

"Family" means an individual or individuals who are important to, and designated in writing by, the client and need not be relatives, or who are legally authorized to represent the client.

"Home and community services (HCS) office" means an aging and disability services administration (ADSA) office that manages the state's comprehensive long-term care system which provides in-home, residential, and nursing home services to clients with functional disabilities.

"Home health aide" means an individual registered or certified as a nursing assistant under chapter 18.88A RCW who, under the direction and supervision of a registered nurse, physical therapist, occupational therapist, or speech therapist, assists in the delivery of nursing or therapy related activities, or both, to patients of a hospice agency, or hospice care center.

"Home health aide services" means services provided by home health aides employed by an in-home services agency licensed to provide home health, hospice, or hospice care center services under the supervision of a registered nurse, physical therapist, occupational therapist, or speech therapist. Such care may include ambulation and exercise, medication assistance level 1 and level 2, reporting changes in client's conditions and needs, completing appropriate records, and personal care or homemaker services, and other nonmedical tasks, as defined in this section.

"Hospice agency" means a person or entity administering or providing hospice services directly or through a contract arrangement to individuals in places of temporary or permanent residence under the direction of an interdisciplinary team composed of at least a nurse, social worker, physician, spiritual counselor, and volunteer. (Note: For the purposes of this subchapter, requirements for hospice agencies also apply to hospice care centers.)

"Hospice care center" means a homelike noninstitutional facility where hospice services are provided, and that meets the requirements for operation under RCW 70.127.280 and applicable rules.

"Hospice services" means symptom and pain management provided to a terminally ill individual, and emotional, spiritual, and bereavement support for the individual and individual's family in a place of temporary or permanent residence.

"Interdisciplinary team" means the group of individuals involved in client care providing hospice services or hospice care center services including, at a minimum, a physician, registered nurse, social worker, spiritual counselor, and volunteer.

"Palliative" means medical treatment designed to reduce pain or increase comfort, rather than cure.

"Plan of care" means a written document based on assessment of client needs that identifies services to meet these needs.

"Related condition(s)" means any health conditions(s) that manifests secondary to or exacerbates symptoms associated with the progression of the condition and/or disease, the treatment being received, or the process of dying. (Examples of related conditions: Medication management of nausea and vomiting secondary to pain medication; skin breakdown prevention/treatment due to peripheral edema.)

"Residence" means a client's home or place of living.

"Revoke" or **"revocation"** means the choice to stop receiving hospice care.

"Terminally ill" means the client has a life expectancy of six months or less, assuming the client's disease process runs its natural course.

"Twenty-four-hour day" means a day beginning and ending at midnight.

Hospice—Coverage

WAC 388-551-1200 Client eligibility for hospice care. (1) A client who elects to receive hospice care must be eligible for one of the following medical assistance programs, subject to the restrictions and limitations in this chapter and other WAC:

(a) Categorically needy program (CNP);

(b) Limited casualty program - medically needy program (LCP-MNP);

(c) Children's health (V);

(d) State children's health insurance program (SCHIP);

(e) CNP—Alien emergency medical;

(f) LCP-MNP—Alien emergency medical; or

(g) General assistance-expedited disability (GAX).

(2) A hospice agency is responsible to verify a client's eligibility with the client or the client's home and community services (HCS) office or community services office (CSO).

(3) A client enrolled in one of the department's managed care plans must receive all hospice services, including facility room and board, directly through that plan. The client's managed care plan is responsible for arranging and providing all hospice services for a client enrolled in a managed care plan.

(4) A client who is also eligible for medicare part A is not eligible for hospice care through the department's hospice program. The department does pay hospice nursing facility room and board for these clients if the client is admitted to a nursing facility or hospice care center (HCC) and is not

receiving general inpatient care or inpatient respite care. See also WAC 388-551-1530.

(5) A client who meets the requirements in this section is eligible to receive hospice care through the department's hospice program when all of the following is met:

(a) The client's physician certifies the client has a life expectancy of six months or less.

(b) The client elects to receive hospice care and agrees to the conditions of the "election statement" as described in WAC 388-551-1310.

(c) The hospice agency serving the client:

(i) Notifies the department's hospice program within five working days of the admission of all clients, including:

(A) Medicaid-only clients;

(B) Medicaid-medicare dual eligible clients;

(C) Medicaid clients with third party insurance; and

(D) Medicaid-medicare dual eligible clients with third party insurance.

(ii) Meets the hospice agency requirements in WAC 388-551-1300 and 388-551-1305.

(d) The hospice agency provides additional information for a diagnosis when the department requests and determines, on a case-by-case basis, the information that is needed for further review.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1200, filed 8/30/05, effective 10/1/05. Statutory Authority: RCW 74.09.520, 74.08.090, 42 C.F.R. 418.22 and 418.24. 99-09-007, § 388-551-1200, filed 4/9/99, effective 5/10/99.]

WAC 388-551-1210 Covered services, including core services and supplies reimbursed through the hospice daily rate. (1) The department reimburses a hospice agency for providing covered services, including core services and supplies described in this section, through the department's hospice daily rate, subject to the conditions and limitations described in this section and other WAC.

(2) To qualify for reimbursement, covered services, including core services and supplies in the hospice daily rate, must be:

(a) Related to the client's hospice diagnosis;

(b) Identified by the client's hospice interdisciplinary team;

(c) Written in the client's plan of care (POC); and

(d) Made available to the client by the hospice agency on a twenty-four hour basis.

(3) The hospice daily rate includes the following core services that must be either provided by hospice agency staff, or contracted through a hospice agency, if necessary, to supplement hospice staff in order to meet the needs of a client during a period of peak patient loads or under extraordinary circumstances:

(a) Physician services related to the administration of POC.

(b) Nursing care provided by:

(i) A registered nurse (RN); or

(ii) A licensed practical nurse (LPN) under the supervision of an RN.

(c) Medical social services provided by a social worker under the direction of a physician.

(d) Counseling services provided to a client and the client's family members or caregivers.

(4) Covered services and supplies may be provided by a service organization or an individual provider when contracted through a hospice agency. To be reimbursed the hospice daily rate, a hospice agency must:

(a) Assure all contracted staff meets the regulatory qualification requirements;

(b) Have a written agreement with the service organization or individual providing the services and supplies; and

(c) Maintain professional, financial, and administrative responsibility.

(5) The following covered services and supplies are included in the appropriate hospice daily rate as described in WAC 388-551-1510(6), subject to the conditions and limitations described in this section and other WAC:

(a) Skilled nursing care;

(b) Drugs, biologicals, and over-the-counter medications used for the relief of pain and symptom control of a client's terminal illness and related conditions;

(c) Communication with nonhospice providers about care not related to the client's terminal illness to ensure the client's plan of care needs are met and not compromised;

(d) Medical equipment and supplies that are medically necessary for the palliation and management of a client's terminal illness and related conditions;

(e) Home health aide, homemaker, and/or personal care services that are ordered by a client's physician and documented in the POC. (Home health aide services are provided through the hospice agency to meet a client's extensive needs due to the client's terminal illness. These services must be provided by a qualified home health aide and are an extension of skilled nursing or therapy services. See 42 CFR 484.36);

(f) Physical therapy, occupational therapy, and speech-language therapy to manage symptoms or enable a client to safely perform ADLs (activities of daily living) and basic functional skills;

(g) Medical transportation services;

(h) A brief period of inpatient care, for general or respite care provided in a Medicare-certified hospice care center, hospital, or nursing facility; and

(i) Other services or supplies that are documented as necessary for the palliation and management of a client's terminal illness and related conditions;

(6) A hospice agency is responsible to determine if a nursing facility has requested authorization for medical supplies or medical equipment, including wheelchairs, for a client who becomes eligible for the hospice program. The department does not pay separately for medical equipment or supplies that were previously authorized by the department and delivered on or after the date the department enrolls the client in the hospice program.

Hospice—Provider Requirements

WAC 388-551-1300 Requirements for a department-approved hospice agency. (1) To become a department-approved hospice agency, the department requires a hospice agency to provide documentation that it is medicare, Title

XVIII certified by the department of health (DOH) as a hospice agency.

(2) A department-approved hospice agency must at all times meet the requirements in chapter 388-551 WAC, subchapter I, Hospice services, and the requirements under the Title XVIII medicare program.

(3) To ensure quality of care for medical assistance client's, the department's clinical staff may conduct hospice agency site visits.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1300, filed 8/30/05, effective 10/1/05. Statutory Authority: RCW 74.09.520, 74.08.090, 42 C.F.R. 418.22 and 418.24. 99-09-007, § 388-551-1300, filed 4/9/99, effective 5/10/99.]

WAC 388-551-1305 Requirements for becoming a department-approved hospice care center (HCC). (1) To apply to become a department-approved hospice care center, the department requires a hospice agency to:

(a) Be enrolled with the department as a department hospice agency (see WAC 388-551-1300);

(b) Submit a letter of request to:

Hospice Program Manager
Division of Medical Management
Department of Social and Health Services
PO Box 45506
Olympia, WA 98504-5506; and

(c) Include documentation that confirms the agency is medicare certified by department of health (DOH) as a hospice care center and provides one or more of the following levels of hospice care (levels of care are described in WAC 388-551-1500):

(i) Routine home care;

(ii) Inpatient respite care; and

(iii) General inpatient care.

(2) A department-approved hospice care center must at all times meet the requirements in chapter 388-551 WAC, subchapter I, Hospice services, and the requirements under the Title XVIII medicare program.

(3) A hospice agency qualifies as a department-approved hospice care center when:

(a) All the requirements in this section are met; and

(b) The department provides the hospice agency with written notification.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1305, filed 8/30/05, effective 10/1/05.]

WAC 388-551-1310 Hospice election periods, election statements, and the hospice certification process. (1) Hospice coverage is available for two ninety-day election periods followed by an unlimited number of sixty-day election periods. A client or a client's authorized representative must sign an election statement to initiate or reinitiate an election period for hospice care.

(2) The election statement must be filed in the client's hospice medical record within two calendar days following the day the hospice care begins and requires all of the following:

(a) Name and address of the hospice agency that will provide the care;

(b) Documentation that the client is fully informed and understands hospice care and waiver of other medicaid and/or medicare services;

(c) Effective date of the election; and

(d) Signature of the client or the client's authorized representative.

(3) The following describes the hospice certification process:

(a) When a client elects to receive hospice care, the department requires a hospice agency to:

(i) Obtain a signed written certification of the client's terminal illness; or

(ii) Document in the client's medical file that a verbal certification was obtained and follow up a documented verbal certification with a written certification signed by:

(A) The medical director of the hospice agency or a physician staff member of the interdisciplinary team; and

(B) The client's attending physician (if the client has one).

(iii) Place the signed written certification of the client's terminal illness in the client's medical file:

(A) Within sixty days following the day the hospice care begins; and

(B) Before billing the department for the hospice services.

(b) For subsequent election periods, the department requires the hospice agency to:

(i) Obtain a signed written certification statement of the client's terminal illness; or

(ii) Document in the client's medical file that a verbal certification was obtained and follow up a documented verbal certification with a written certification signed by the medical director of the hospice agency or a physician staff member of the hospice agency; and

(iii) Place the written certification of the client's terminal illness in the client's medical file:

(A) Within two calendar days following the beginning of a subsequent election period; and

(B) Before billing the department for the hospice services.

(4) When a client's hospice coverage ends within an election period (e.g., the client revokes hospice care), the remainder of that election period is forfeited. The client may reinstate the hospice benefit at any time by providing an election statement and meeting the certification process requirements.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1310, filed 8/30/05, effective 10/1/05. Statutory Authority: RCW 74.09.520, 74.08.090, 42 C.F.R. 418.22 and 418.24. 99-09-007, § 388-551-1310, filed 4/9/99, effective 5/10/99.]

WAC 388-551-1320 Hospice plan of care. (1) A hospice agency must establish a written plan of care (POC) for a client that describes the hospice care to be provided. The POC must be in accordance with department of health (DOH) requirements as described in WAC 246-335-085, and meet the requirements in this section.

(2) A registered nurse or physician must conduct an initial physical assessment of a client and develop the POC with at least one other member of the hospice interdisciplinary team.

(3) At least two other hospice interdisciplinary team members must review the POC no later than two working days after it is developed.

(4) The POC must be reviewed and updated every two weeks by at least three members of the hospice interdisciplinary team that includes at least:

(a) A registered nurse;

(b) A social worker; and

(c) One other hospice interdisciplinary team member.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1320, filed 8/30/05, effective 10/1/05. Statutory Authority: RCW 74.09.520, 74.08.090, 42 C.F.R. 418.22 and 418.24. 99-09-007, § 388-551-1320, filed 4/9/99, effective 5/10/99.]

WAC 388-551-1330 Hospice—Client care and responsibilities of hospice agencies. (1) A hospice agency must facilitate a client's continuity of care with nonhospice providers to ensure that medically necessary care, both related and not related to the terminal illness, is met. This includes:

(a) Determining if the department has approved a request for prescribed medical equipment, such as a wheelchair. If the prescribed item is not delivered to the client before the client becomes covered by a hospice agency, the department will rescind the approval. See WAC 388-543-1500.

(b) Communicating with other department programs and documenting the services a client is receiving in order to prevent duplication of payment and to ensure continuity of care. Other department programs include, but are not limited to, programs administered by the aging and disability services administration (ADSA).

(c) Documenting each contact with nonhospice providers.

(2) When a client resides in a nursing facility, the hospice agency must:

(a) Coordinate the client's care with all providers, including pharmacies and medical vendors; and

(b) Provide the same level of hospice care the hospice agency provides to a client residing in their home.

(3) Once a client chooses hospice care, hospice agency staff must notify and inform the client of the following:

(a) By choosing hospice care from a hospice agency, the client gives up the right to:

(i) Covered medicaid hospice service and supplies received at the same time from another hospice agency; and

(ii) Any covered medicaid services and supplies received from any other provider that are necessary for the palliation and management of the terminal illness and related medical conditions.

(b) Services and supplies are not paid through the hospice daily rate if they are:

(i) Proven to be clinically unrelated to the palliation and management of the client's terminal illness and related medical conditions (see WAC 388-551-1210(3));

(ii) Not covered by the hospice daily rate;

(iii) Provided under a Title XIX medicaid program when the services are similar or duplicate the hospice care services; or

(iv) Not necessary for the palliation and management of the client's terminal illness and related medical conditions.

(4) A hospice agency must have written agreements with all contracted providers.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1330, filed 8/30/05, effective 10/1/05. Statutory Authority: RCW 74.09.520, 74.08.090, 42 C.F.R. 418.22 and 418.24. 99-09-007, § 388-551-1330, filed 4/9/99, effective 5/10/99.]

Hospice—Discharges and Notification

WAC 388-551-1340 When a client leaves hospice without notice. When a client chooses to leave hospice care or refuses hospice care without giving the hospice agency a revocation statement, as required by WAC 388-551-1360, the hospice agency must do all of the following:

(1) Within five working days of becoming aware of the client's decision, inform and notify in writing the department's hospice program manager (see WAC 388-551-1400 for further requirements);

(2) Complete a medicaid hospice 5-day notification form (DSHS 13-746) and forward a copy to the appropriate home and community services (HCS) office or community services office (CSO) to notify that the client is discharging from the program;

(3) Notify the client, or the client's authorized representative, that the client's discharge has been reported to the department; and

(4) Document the effective date and details of the discharge in the client's hospice record.

WAC 388-551-1350 Discharges from hospice care. (1) A hospice agency may discharge a client from hospice care when the client:

(a) Is no longer certified for hospice care;

(b) Is no longer appropriate for hospice care; or

(c) The hospice agency's medical director determines the client is seeking treatment for the terminal illness outside the plan of care (POC).

(2) At the time of a client's discharge, a hospice agency must:

(a) Within five working days, complete a medicaid hospice 5-day notification form (DSHS 13-746) and forward to the department's hospice program manager (see WAC 388-551-1400 for additional requirements), and a copy to the appropriate home and community services office (HCS) or community services office (CSO);

(b) Keep the discharge statement in the client's hospice record;

(c) Provide the client with a copy of the discharge statement; and

(d) Inform the client that the discharge statement must be:

(i) Presented with the client's current medical identification (medical ID) card when obtaining medicaid covered healthcare services or supplies, or both; and

(ii) Used until the department issues the client a new medical ID card that identifies that the client is no longer a hospice client.

WAC 388-551-1360 Ending hospice care (revocations). (1) A client or a client's authorized representative may choose to stop hospice care at any time by signing a revocation statement.

(2) The revocation statement documents the client's choice to stop medicaid hospice care. The revocation statement must include all of the following:

(a) Client's signature (or the client's authorized representative's signature if the client is unable to sign);

(b) Date the revocation was signed; and

(c) Actual date that the client chose to stop receiving hospice care.

(3) The hospice agency must keep any explanation supporting any difference in the signature and revocation dates in the client's hospice records.

(4) When a client revokes hospice care, the hospice agency must:

(a) Within five working days of becoming aware of the client's decision, inform and notify in writing the department's hospice program manager (see WAC 388-551-1400 for additional requirements);

(b) Notify the appropriate home and community services (HCS) office or community services office (CSO) of the revocation by completing and forwarding a copy of the medicaid hospice 5-day notification form (DSHS 13-746) to the appropriate home and community services (HCS) office or community services office (CSO);

(c) Keep the revocation statement in the client's hospice record;

(d) Provide the client with a copy of the revocation statement; and

(e) Inform the client that the revocation statement must be:

(i) Presented with the client's current medical identification (medical ID) card when obtaining medicaid covered healthcare services or supplies, or both; and

(ii) Used until the department issues a new medical ID card that identifies that the client is no longer a hospice client.

(5) After a client revokes hospice care, the remaining days within the current election period are forfeited. The client may immediately enter the next consecutive election period. The client does not have to wait for the forfeited days to pass before entering the next consecutive election period.

WAC 388-551-1400 Notification requirements for hospice agencies. (1) To be reimbursed for providing hospice services, the hospice agency must complete a medicaid hospice 5-day notification form (DSHS 13-746) and forward to the department's hospice program manager within five working days from when a medical assistance client begins the first day of hospice care, or has a change in hospice status. The hospice agency must notify the department's hospice program of:

(a) The name and address of the hospice agency;

(b) The date of the client's first day of hospice care;

(c) A change in the client's primary physician;

(d) A client's revocation of the hospice benefit (home or institutional);

(e) The date a client leaves hospice without notice;

(f) A client's discharge from hospice care;

(g) A client who admits to a nursing facility (this does not apply to an admit for inpatient respite care or general inpatient care);

(h) A client who discharges from a nursing facility (this does not apply to an admit for inpatient respite care or general inpatient care.);

(i) A client who is eligible for or becomes eligible for medicare or third party liability (TPL) insurance;

(j) A client who dies; or

(k) A client who transfers to another hospice agency. Both the former agency and current agency must provide the department with:

(i) The client's name, the name of the former hospice agency servicing the client, and the effective date of the client's discharge; and

(ii) The name of the current hospice agency serving the client, the hospice agency's provider number, and the effective date of the client's admission.

(2) The department does not require a hospice agency to notify the hospice program manager when a hospice client is admitted to a hospital for palliative care.

(3) When a hospice agency does not notify the department's hospice program within five working days of the date of the client's first day of hospice care as required in subsection (1)(c) of this section, the department authorizes the hospice daily rate reimbursement effective the fifth working day prior to the date of notification.

Hospice—Payment

WAC 388-551-1500 Hospice daily rate—Four levels of hospice care. All services, supplies and equipment related to the client's terminal illness and related conditions are included in the hospice daily rate. The department pays for only one of the following four levels of hospice care per day (see WAC 388-551-1510 for payment methods):

(1) **Routine home care.** Routine home care includes daily care administered to the client at the client's residence.

The services are not restricted in length or frequency of visits, are dependent on the client's needs, and are provided to achieve palliation or management of acute symptoms.

(2) **Continuous home care.** Continuous home care includes acute skilled care provided to an unstable client during a brief period of medical crisis in order to maintain the client in the client's residence and is limited to:

(a) A minimum of eight hours of acute care provided during a twenty-four-hour day;

(b) Nursing care that must be provided by a registered or licensed practical nurse for more than half the period of care;

(c) Homemaker, home health aide, and attendant services that may be provided as supplements to the nursing care; and

(d) In home care only (not care in a nursing facility or a hospice care center).

(3) **Inpatient respite care.** Inpatient respite care includes room and board services provided to a client in a department-approved hospice care center, nursing facility, or hospital. Respite care is intended to provide relief to the client's primary caregiver and is limited to:

(a) No more than six consecutive days; and

(b) A client not currently residing in a hospice care center, nursing facility, or hospital.

(4) **General inpatient hospice care.** General inpatient hospice care includes services administered to a client for pain control or management of acute symptoms. In addition:

(a) The services must conform to the client's written plan of care (POC).

(b) This benefit is limited to brief periods of care in department-approved:

(i) Hospitals;

(ii) Nursing facilities; or

(iii) Hospice care centers.

(b) There must be documentation in the client's medical record to support the need for general inpatient level of hospice care.

WAC 388-551-1510 Rates methodology and payment method for hospice agencies. This section describes rates methodology and payment methods for hospice care provided to hospice clients.

(1) The department uses the same rates methodology as medicare uses for the four levels of hospice care identified in WAC 388-551-1500.

(2) Each of the four levels of hospice care has the following three rate components:

(a) Wage component;

(b) Wage index; and

(c) Unweighted amount.

(3) To allow hospice payment rates to be adjusted for regional differences in wages, the department bases payment rates on the Metropolitan Statistical Area (MSA) county location. MSAs are identified in the department's current published billing instructions.

(4) Payment rates for:

(a) Routine and continuous home care services are based on the county location of the client's residence.

(b) Inpatient respite and general inpatient care services are based on the MSA county location of the providing hospice agency.

(5) The department pays hospice agencies for services (not room and board) at a daily rate calculated as follows:

(a) Payments for services delivered in a client's residence (routine and continuous home care) are based on the county location of the client's residence; or

(b) Payments for respite and general inpatient care are based on the county location of the providing hospice agency.

(6) The department:

(a) Pays for routine hospice care, continuous home care, respite care, or general inpatient care for the day of death;

(b) Does not pay room and board for the day of death; and

(c) Does not pay hospice agencies for the client's last day of hospice care when the last day is for the client's discharge, revocation, or transfer.

(7) Hospice agencies must bill the department for their services using hospice-specific revenue codes.

(8) For hospice clients in a nursing facility:

(a) The department pays nursing facility room and board payments at a daily rate directly to the hospice agency at ninety-five percent of the nursing facility's current medicaid daily rate in effect on the date the services were provided; and

(b) The hospice agency pays the nursing facility at a daily rate no greater than the nursing facility's current medicaid daily rate.

(9) The department:

(a) Pays a hospice care center a daily rate for room and board based on the average room and board rate for all nursing facilities in effect on the date the services were provided.

(b) Does not pay hospice agencies or hospice care centers a nursing facility room and board payment for:

(i) A client's last day of hospice care (e.g., client's discharge, revocation, or transfer); or

(ii) The day of death.

(10) The daily rate for authorized out-of-state hospice services is the same as for in-state non-MSA hospice services.

(11) The client's notice of action (award) letter states the amount of participation the client is responsible to pay each month towards the total cost of hospice care. The hospice agency receives a copy of the award letter and:

(a) Is responsible to collect the correct amount of the client's participation if the client has any; and

(b) Must show the client's monthly participation on the hospice claim. (Hospice providers may refer to the department's current published billing instructions for how to bill a hospice claim.) If a client has a participation amount that is not reflected on the claim and the department reimburses the amount to the hospice agency, the amount is subject to recoupment by the department.

WAC 388-551-1520 Payment method for nonhospice providers. (1) The department pays for hospitals that provide inpatient care to clients in the hospice program for medical conditions not related to their terminal illness according to chapter 388-550 WAC, Hospital services.

(2) The department pays providers who are attending physicians and not employed by the hospice agency, the usual amount through the resource based relative value scale (RBRVS) fee schedule:

(a) For direct physician care services provided to a hospice client;

(b) When the provided services are not related to the terminal illness; and

(c) When the client's providers, including the hospice agency, coordinate the health care provided.

(3) The department's aging and disability services administration (ADSA) pays for services provided to a client eligible under the community options program entry system (COPES) directly to the COPES provider.

(a) The client's monthly participation amount, if there is one, for services provided under COPES is paid separately to the COPES provider; and

(b) Hospice agencies must bill the department's hospice program directly for hospice services, not the COPES program.

WAC 388-551-1530 Payment method for medicaid-medicare dual eligible clients. (1) The department does not pay for any hospice care provided to a client covered by medicare part A (hospital insurance).

(2) The department may pay for hospice care provided to a client:

(a) Covered by medicaid part B (medical insurance); and

(b) Not covered by medicare part A.

(3) For hospice care provided to a medicaid-medicare dual eligible client, hospice agencies are responsible to bill:

(a) Medicare before billing the department;

(b) The department for hospice nursing facility room and board;

(c) The department for hospice care center room and board; and

(d) Medicare for general inpatient care or inpatient respite care.

(4) All the limitations and requirements related to hospice care described in this subchapter apply to the payments described in this section.

WAC 388-551-1810 Pediatric palliative care (PPC) case management/coordination services—Client eligibility. To receive pediatric palliative care (PPC) case management/coordination services, a person must:

(1) Be twenty years of age or younger;

(2) Be a current recipient of the:

(a) Categorically needy program (CNP);

(b) Limited casualty program - medically needy program (LCP-MNP);

(c) CNP—Alien emergency medical;

(d) LCP-MNP—Alien emergency medical;

(e) Children's health insurance program (SCHIP); and

(3) Have a life-limiting medical condition that requires case management and coordination of medical services due to at least three of the following circumstances:

(a) An immediate medical need during a time of crisis;

(b) Coordination with family member(s) and providers required in more than one setting (i.e. school, home, and multiple medical offices or clinics);

(c) A life-limiting medical condition that impacts cognitive, social, and physical development;

(d) A medical condition with which the family is unable to cope;

(e) A family member(s) and/or caregiver who needs additional knowledge or assistance with the client's medical needs; and

(f) Therapeutic goals focused on quality of life, comfort, and family stability.

WAC 388-551-1820 Pediatric palliative care (PPC) contact—Services included and limitations to coverage. (1) The department's pediatric palliative care (PPC) case management/coordination services cover up to six pediatric palliative care contacts per client, per calendar month, subject to the limitations in this section and other applicable WAC.

(2) One pediatric palliative care contact consists of:

(a) One visit with a registered nurse, social worker, or therapist (for the purpose of this section, the department defines therapist as a licensed physical therapist, occupational therapist, or speech/language therapist) with the client in the client's residence to address:

(i) Pain and symptom management;

(ii) Psychosocial counseling; or

(iii) Education/training.

(b) Two hours or more per month of case management or coordination services to include any combination of the following:

(i) Psychosocial counseling services (includes grief support provided to the client, client's family member(s), or client's caregiver prior to the client's death);

(ii) Establishing or implementing care conferences;

(iii) Arranging, planning, coordinating, and evaluating community resources to meet the client's needs;

(iv) Visits lasting twenty minutes or less (for example, visits to give injections, drop off supplies, or make appointments for other PPC-related services.); and

(v) Visits not provided in the client's home.

(3) The department does not pay for a pediatric palliative care contact described in subsection (2) of this section when a client is receiving services from any of the following:

(a) Home health program;

(b) Hospice program;

(c) Private duty nursing (private duty nursing can subcontract with PPC to provide services)/medical intensive care;

(d) Disease case management program; or

(e) Any other department program that provides similar services.

(4) The department does not pay for a pediatric palliative care contact that includes providing counseling services to a client's family member or the client's caregiver for grief or bereavement for dates of service after a client's death.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1820, filed 8/30/05, effective 10/1/05.]

WAC 388-551-1830 How to become a department-approved pediatric palliative care (PPC) case management/coordination services provider. This section applies to department-enrolled providers who currently do not provide pediatric palliative care (PPC) services to medical assistance clients.

(1) To apply to become a department-approved provider of PPC services, a provider must:

(a) Be a department-approved hospice agency (see WAC 388-551-1300 and 388-551-1305); and

(b) Submit a letter to the department's hospice/PPC program manager requesting to become a department-approved provider of PPC and include a copy of the provider's policies and position descriptions with minimum qualifications specific to pediatric palliative care.

(2) A hospice agency qualifies to provide PPC services when:

(a) All the requirements in this section are met; and

(b) The department provides the hospice agency with written notification.

[Statutory Authority: RCW 74.08.090, 74.09.520. 05-18-033, § 388-551-1830, filed 8/30/05, effective 10/1/05.]

WAC 388-551-1840 Pediatric palliative care (PPC) case management/coordination services—Provider requirements. (1) An eligible provider of pediatric palliative care (PPC) case management/coordination services must do all of the following:

(a) Meet the conditions in WAC 388-551-1300;

(b) Confirm that a client meets the eligibility criteria in WAC 388-551-1810 prior to providing the pediatric palliative care services;

(c) Place in the client's medical record a written order for PPC from the client's physician;

(d) Determine and document in the client's medical record the medical necessity for the initial and ongoing care coordination of pediatric palliative care services;

(e) Document in the client's medical record:

(i) A palliative plan of care (POC) (a written document based on assessment of a client's individual needs that identifies services to meet those needs).

(ii) The medical necessity for those services to be provided in the client's residence; and

(iii) Discharge planning.

(f) Provide medically necessary skilled interventions and psychosocial counseling services by qualified interdisciplinary hospice team members;

(g) Assign and make available a PPC case manager (nurse, social worker or therapist) to implement care coordination with community-based providers to assure clarity, effectiveness, and safety of the client's POC;

(h) Complete and fax the pediatric palliative care (PPC) referral and 5-day notification form (DSHS 13-752) to the department's PPC program manager within five working days from date of occurrence of the client's:

(i) Date of enrollment in PPC.

(ii) Discharge from the hospice agency or PPC program when the client:

(A) No longer meets PPC criteria;

(B) Is able to receive all care in the community;

(C) Does not require any services for sixty days; or

(D) Discharges from the PPC program and enrolls in the department's hospice program.

(iii) Transfer to another hospice agency for pediatric palliative care services.

(iv) Death.

(i) Maintain the client's file which includes the POC, visit notes, and all of the following:

(i) The client's start of care date and dates of service;

(ii) Discipline and services provided (in-home or place of service);

(iii) Case management activity and documentation of hours of work; and

(iv) Specific documentation of the client's response to the palliative care and the client's and/or client's family's response to the effectiveness of the palliative care (e.g. the client might have required acute care or hospital emergency room visits without the pediatric palliative care services).

(j) Provide when requested by the department's PPC program manager, a copy of the client's POC, visit notes, and any other documents listing the information identified in subsection (1)(i) of this section.

(2) If the department determines the POC, visit notes, and/or other required information do not meet the criteria for a client's PPC eligibility or does not justify the billed amount, any payment to the provider is subject to recoupment by the department.

WAC 388-551-1850 Pediatric palliative care (PPC) case management/coordination services—Rates methodology. (1) The department determines the reimbursement rate for a pediatric palliative care (PPC) contact described in WAC 388-551-1820 using the average of statewide metropolitan statistical area (MSA) home health care rates for skilled nursing, physical therapy, speech-language therapy and occupational therapy.

(2) The department makes adjustments to the reimbursement rate for PPC contacts when the legislature grants a vender rate change. New rates become effective as directed by the legislature and are effective until the next rate change.

(3) The reimbursement rate for authorized out-of-state PPC services is the same as the in-state non-MSA rate.

SUBCHAPTER II—HOME HEALTH SERVICES

WAC 388-551-2000 Home health services—General. The purpose of the medical assistance administration (MAA) home health program is to reduce the costs of health care services by providing equally effective, less restrictive quality care to the client in the client's residence, subject to the restrictions and limitations in this subchapter.

Home health skilled services are provided for acute, intermittent, short-term, and intensive courses of treatment. See chapters 388-515 and 388-71 WAC for programs administered to clients who need chronic, long-term maintenance care.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.09.530, and 74.09.500. 02-15-082, § 388-551-2000, filed 7/15/02, effective 8/15/02. Statutory Authority: RCW 74.08.090 and 74.09.530. 99-16-069, § 388-551-2000, filed 8/2/99, effective 9/2/99.]

WAC 388-551-2010 Home health services—Definitions. The following definitions and abbreviations and those found in WAC 388-500-0005 apply to this subchapter:

"Acute care" means care provided by a home health agency for clients who are not medically stable or have not attained a satisfactory level of rehabilitation. These clients require frequent intervention by a registered nurse or licensed therapist.

"Brief skilled nursing visit" means a registered nurse, or a licensed practical nurse under the supervision of a registered nurse, performs only one of the following activities during a visit to a client:

(1) An injection;

(2) Blood draw; or

(3) Placement of medications in containers.

"Chronic care" means long-term care for medically stable clients.

"Full skilled nursing visit" means a registered nurse, or a licensed practical nurse under the supervision of a registered nurse, performs one or more of the following activities during a visit to a client:

(1) Observation;

(2) Assessment;

(3) Treatment;

(4) Teaching;

(5) Training;

(6) Management; and

(7) Evaluation.

"Home health agency" means an agency or organization certified under medicare to provide comprehensive health care on an intermittent or part-time basis to a patient in the patient's place of residence.

"Home health aide" means an individual registered or certified as a nursing assistant under chapter 18.88 RCW who, under the direction and supervision of a registered nurse or licensed therapist, assists in the delivery of nursing or therapy related activities, or both.

"Home health aide services" means services provided by a home health aide only when a client has an acute, intermittent, short-term need for the services of a registered nurse, physical therapist, occupational therapist, or speech therapist who is employed by or under contract with a home health agency. Such services are provided under the supervision of the previously identified authorized practitioners and include, but are not limited to, ambulation and exercise, assistance with self-administered medications, reporting changes in a client's condition and needs, and completing appropriate records.

"Home health skilled services" means skilled health care (nursing, specialized therapy, and home health aide) services provided in the client's residence on an intermittent or part-time basis by a medicare-certified home health agency with a current medical assistance administration (MAA) provider number. See also WAC 388-551-2000.

"Long-term care" is a generic term referring to various programs and services, including services provided in home and community settings, administered directly or through contract by the department's aging and adult services administration (AASA) or division of developmental disabilities (DDD).

"Plan of care (POC)" (also known as **"plan of treatment (POT)"**) means a written plan of care that is established and periodically reviewed and signed by both a physician and a home health agency provider. The plan describes the home health care to be provided at the client's residence. See WAC 388-551-2210.

"Residence" means a client's home or place of living. (See WAC 388-551-2030 (2)(g)(ii) for clients in residential facilities whose home health services are not covered through MAA's home health program.)

"Review period" means the three-month period the medical assistance administration (MAA) assigns to a home health agency, based on the address of the agency's main office, during which MAA reviews all claims submitted by that agency.

"Specialized therapy" means skilled therapy services provided to clients that include:

(1) Physical;

(2) Occupational; or

(3) Speech/audiology services.

(See WAC 388-551-2110.)

WAC 388-551-2020 Home health services—Eligible clients. (1) Clients in the following fee-for-service MAA programs are eligible to receive home health services subject to the limitations described in this chapter. Clients enrolled in a healthy options managed care plan receive all home health services through their designated plan.

(a) Categorically needy program (CNP);

(b) Limited casualty program - medically needy program (LCP-MNP);

(c) General assistance expedited (GA-X) (disability determination pending); and

(d) Medical care services (MCS) under the following programs:

(i) General assistance - unemployable (GA-U); and

(ii) Alcoholism and Drug Addiction Treatment and Support Act (ADATSA) (GA-W).

(2) MAA does not cover home health services under the home health program for clients in the CNP-emergency medical only and LCP-MNP-emergency medical only programs. MAA evaluates a request for home health skilled nursing visits on a case-by-case basis under the provisions of WAC 388-501-0165, and may cover up to two skilled nursing visits within the eligibility enrollment period if the following criteria are met:

(a) The client requires hospital care due to an emergent medical condition as described in WAC 388-500-0005; and

(b) MAA authorizes up to two skilled nursing visits for follow-up care related to the emergent medical condition.

WAC 388-551-2030 Home health skilled services—Requirements. (1) MAA reimburses for covered home health skilled services provided to eligible clients, subject to the restrictions or limitations in this section and other applicable published WAC.

(2) Home health skilled services provided to eligible clients must:

(a) Meet the definition of "acute care" in WAC 388-551-2010.

(b) Provide for the treatment of an illness, injury, or disability.

(c) Be medically necessary as defined in WAC 388-500-0005.

(d) Be reasonable, based on the community standard of care, in amount, duration, and frequency.

(e) Be provided under a plan of care (POC), as defined in WAC 388-551-2010 and described in WAC 388-551-2210. Any statement in the POC must be supported by documentation in the client's medical records.

(f) Be used to prevent placement in a more restrictive setting. In addition, the client's medical records must justify the medical reason(s) that the services should be provided in the client's residence instead of a physician's office, clinic, or other outpatient setting. This includes justification for services for a client's medical condition that requires teaching that would be most effectively accomplished in the client's home on a short-term basis.

(g) Be provided in the client's residence.

(i) MAA does not reimburse for services if provided at the workplace, school, child day care, adult day care, skilled nursing facility, or any other place that is not the client's place of residence.

(ii) Clients in residential facilities contracted with the state and paid by other programs such as home and community programs to provide limited skilled nursing services, are not eligible for MAA-funded limited skilled nursing services unless the services are prior authorized under the provisions of WAC 388-501-0165.

(h) Be provided by:

(i) A home health agency that is Title XVIII (medicare) certified;

(ii) A registered nurse (RN) prior authorized by MAA when no home health agency exists in the area a client resides; or

(iii) An RN authorized by MAA when the RN is unable to contract with a medicare-certified home health agency.

WAC 388-551-2100 Covered home health services—Nursing. (1) MAA covers home health acute care skilled nursing services listed in this section when furnished by a qualified provider. MAA evaluates a request for covered services that are subject to limitations or restrictions, and approves such services beyond those limitations or restrictions when medically necessary, under the standard for covered services in WAC 388-501-0165.

(2) MAA covers the following home health acute care skilled nursing services, subject to the limitations in this section:

(a) Full skilled nursing services that require the skills of a registered nurse or a licensed practical nurse under the supervision of a registered nurse if the services involve one or more of the following:

(i) Observation;

(ii) Assessment;

(iii) Treatment;

(iv) Teaching;

(v) Training;

(vi) Management; and

(vii) Evaluation.

(b) A brief skilled nursing visit if only one of the following activities is performed during the visit:

(i) An injection;

(ii) Blood draw; or

(iii) Placement of medications in containers (e.g., envelopes, cups, medisets).

(c) Home infusion therapy only if the client:

(i) Is willing and capable of learning and managing the client's infusion care; or

(ii) Has a volunteer caregiver willing and capable of learning and managing the client's infusion care.

(d) Infant phototherapy for an infant diagnosed with hyperbilirubinemia:

(i) When provided by an MAA-approved infant phototherapy agency; and

(ii) For up to five skilled nursing visits per infant.

(e) Limited high-risk obstetrical services:

(i) For a medical diagnosis that complicates pregnancy and may result in a poor outcome for the mother, unborn, or newborn;

(ii) For up to three home health visits per pregnancy if:

(A) Enrollment in or referral to the following providers of first steps has been verified:

(I) Maternity support services (MSS); or

(II) Maternity case management (MCM); and

(B) The visits are provided by a registered nurse who has either:

(I) National perinatal certification; or

(II) A minimum of one year of labor, delivery, and postpartum experience at a hospital within the last five years.

(3) MAA limits skilled nursing visits provided to eligible clients to two per day.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.09.530, and 74.09.500. 02-15-082, § 388-551-2100, filed 7/15/02, effective 8/15/02. Statutory Authority: RCW 74.08.090 and 74.09.530. 99-16-069, § 388-551-2100, filed 8/2/99, effective 9/2/99.]

WAC 388-551-2110 Home health services—Specialized therapy. (1) MAA limits specialized therapy visits to one per client, per day, per type of specialized therapy. Specialized therapy is defined in WAC 388-551-2010.

(2) MAA does not allow duplicate services for any specialized therapy for the same client when both providers are performing the same or similar procedure(s).

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.09.530, and 74.09.500. 02-15-082, § 388-551-2110, filed 7/15/02, effective 8/15/02. Statutory Authority: RCW 74.08.090 and 74.09.530. 99-16-069, § 388-551-2110, filed 8/2/99, effective 9/2/99.]

WAC 388-551-2120 Home health aide services. (1) MAA limits home health aide visits to one per day.

(2) MAA reimburses for home health aide services, as defined in WAC 388-551-2010, only when the services are provided under the supervision of, and in conjunction with, practitioners who provide:

(a) Skilled nursing services; or

(b) Specialized therapy services.

(3) MAA covers home health aide services only when a registered nurse or licensed therapist visits the client's residence at least once every fourteen days to monitor or supervise home health aide services, with or without the presence of the home health aide.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.09.530, and 74.09.500. 02-15-082, § 388-551-2120, filed 7/15/02, effective 8/15/02. Statutory Authority: RCW 74.08.090 and 74.09.530. 99-16-069, § 388-551-2120, filed 8/2/99, effective 9/2/99.]

WAC 388-551-2130 Noncovered home health services. (1) The Health and Recovery Services Administration (HRSA) does not cover the following home health services under the home health program, unless otherwise specified:

(a) Chronic long-term care skilled nursing visits or specialized therapy visits for a medically stable client when a long-term care skilled nursing plan or specialized therapy plan is in place through the department of social and health services' aging and disability services administration (ADSA).

(i) HRSA considers requests for interim chronic long-term care skilled nursing services or specialized therapy services for a client while the client is waiting for ADSA to implement a long-term care skilled nursing plan or specialized therapy plan; and

(ii) On a case-by-case basis, HRSA may authorize long-term care skilled nursing visits or specialized therapy visits for a client for a limited time until a long-term care skilled nursing plan or specialized therapy plan is in place. Any services authorized are subject to the restrictions and limitations in this section and other applicable published WACs.

(b) Social work services.

(c) Psychiatric skilled nursing services.

(d) Pre- and postnatal skilled nursing services, except as listed under WAC 388-551-2100 (2)(e).

(e) Well-baby follow-up care.

(f) Services performed in hospitals, correctional facilities, skilled nursing facilities, or a residential facility with skilled nursing services available.

(g) Home health aide services that are not provided in conjunction with skilled nursing or specialized therapy services.

(h) Health care for a medically stable client (e.g., one who does not have an acute episode, a disease exacerbation, or treatment change).

(i) Home health specialized therapies and home health aide visits for clients in the following programs:

(i) CNP - emergency medical only; and

(ii) LCP-MNP - emergency medical only.

(j) Skilled nursing visits for a client when a home health agency cannot safely meet the medical needs of that client within home health services program limitations (e.g., for a client to receive infusion therapy services, the caregiver must be willing and capable of managing the client's care).

(k) More than one of the same type of specialized therapy and/or home health aide visit per day.

(l) HRSA does not reimburse for duplicate services for any specialized therapy for the same client when both providers are performing the same or similar procedure(s).

(m) Home health visits made without a written physician's order, unless the verbal order is:

(i) Documented prior to the visit; and

(ii) The document is signed by the physician within forty-five days of the order being given.

(2) HRSA does not cover additional administrative costs billed above the visit rate (these costs are included in the visit rate and will not be paid separately).

(3) HRSA evaluates a request for any service that is listed as noncovered under the provisions of WAC 388-501-0160.

WAC 388-551-2200 Home health services—Eligible providers. The following may contract with MAA to provide home health services through the home health program, subject to the restrictions or limitations in this section and other applicable published WAC:

(1) A home health agency that:

(a) Is Title XVIII (medicare) certified;

(b) Is department of health (DOH) licensed as a home health agency;

(c) Submits a completed, signed core provider agreement to MAA; and

(d) Is assigned a provider number.

(2) A registered nurse (RN) who:

(a) Is prior authorized by MAA to provide intermittent nursing services when no home health agency exists in the area a client resides;

(b) Is unable to contract with a medicare-certified home health agency;

(c) Submits a completed, signed core provider agreement to MAA; and

(d) Is assigned a provider number.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.09.530, and 74.09.500. 02-15-082, § 388-551-2200, filed 7/15/02, effective 8/15/02. Statutory Authority: RCW 74.08.090 and 74.09.530. 99-16-069, § 388-551-2200, filed 8/2/99, effective 9/2/99.]

WAC 388-551-2210 Home health services—Provider requirements. For any delivered home health service to be payable, MAA requires home health providers to develop and implement an individualized plan of care (POC) for the client.

(1) The POC must:

(a) Be documented in writing and be located in the client's home health medical record;

(b) Be developed, supervised, and signed by a licensed registered nurse or licensed therapist;

(c) Reflect the physician's orders and client's current health status;

(d) Contain specific goals and treatment plans;

(e) Be reviewed and revised by a physician at least every sixty calendar days, signed by a physician within forty-five days of the verbal order, and returned to the home health agency's file; and

(f) Be available to department staff or its designated contractor(s) on request.

(2) The provider must include in the POC all of the following:

(a) The client's name, date of birth, and address (to include name of residential care facility, if applicable);

(b) The primary diagnosis (the diagnosis that is most related to the reason the client qualifies for home health services) or the diagnosis that is the reason for the visit frequency;

(c) All secondary medical diagnoses, including date(s) of onset or exacerbation;

(d) The prognosis;

(e) The type(s) of equipment required;

(f) A description of each planned service and goals related to the services provided;

(g) Specific procedures and modalities;

(h) A description of the client's mental status;

(i) A description of the client's rehabilitation potential;

(j) A list of permitted activities;

(k) A list of safety measures taken on behalf of the client; and

(l) A list of medications which indicates:

(i) Any new prescription; and

(ii) Which medications are changed for dosage or route of administration.

(3) The provider must include in or attach to the POC:

(a) A description of the client's functional limits and the effects;

(b) Documentation that justifies why the medical services should be provided in the client's residence instead of a physician's office, clinic, or other outpatient setting;

(c) Significant clinical findings;

(d) Dates of recent hospitalization;

(e) Notification to the DSHS case manager of admittance; and

(f) A discharge plan, including notification to the DSHS case manager of the planned discharge date and client disposition at time of discharge.

(4) The individual client medical record must comply with community standards of practice, and must include documentation of:

(a) Visit notes for every billed visit;

(b) Supervisory visits for home health aide services as described in WAC 388-551-2120(3);

(c) All medications administered and treatments provided;

(d) All physician orders, new orders, and change orders, with notation that the order was received prior to treatment;

(e) Signed physician new orders and change orders;

(f) Home health aide services as indicated by a registered nurse or licensed therapist in a home health aide care plan;

(g) Interdisciplinary and multidisciplinary team communications;

(h) Inter-agency and intra-agency referrals;

(i) Medical tests and results;

(j) Pertinent medical history; and

(k) Notations and charting with signature and title of writer.

(5) The provider must document at least the following in the client's medical record:

(a) Skilled interventions per the POC;

(b) Client response to the POC:

(c) Any clinical change in client status;

(d) Follow-up interventions specific to a change in status with significant clinical findings; and

(e) Any communications with the attending physician.

(6) The provider must include the following documentation in the client's visit notes when appropriate:

(a) Any teaching, assessment, management, evaluation, client compliance, and client response;

(b) Weekly documentation of wound care, size (dimensions), drainage, color, odor, and identification of potential complications and interventions provided;

(c) If a client's wound is not healing, the client's physician has been notified, the client's wound management program has been appropriately altered and, if possible, the client has been referred to a wound care specialist; and

(d) The client's physical system assessment as identified in the POC.

WAC 388-551-2220 Home health services—Provider payments. (1) In order to be reimbursed, the home health provider must bill MAA according to the conditions of payment under WAC 388-502-0150 and other issuances.

(2) Payment to home health providers is:

(a) A set rate per visit for each discipline provided to a client;

(b) Based on the county location of the providing home health agency; and

(c) Updated by general vendor rate changes.

(3) For clients eligible for both medicaid and medicare, MAA may pay for services described in this chapter only when medicare does not cover those services. The maximum payment for each service is medicaid's maximum payment.

(4) Providers must submit documentation to MAA during the home health agency's review period. Documentation includes, but is not limited to, the requirements listed in WAC 388-551-2210.

(5) After MAA receives the documentation, the MAA medical director or designee reviews the client's medical records for program compliance and quality of care.

(6) MAA may take back or deny payment for any insufficiently documented home health care service when the MAA medical director or designee determines that:

(a) The service did not meet the conditions described in WAC 388-550-2030; or

(b) The service was not in compliance with program policy.

(7) Covered home health services for clients enrolled in a Healthy Options managed care plan are paid for by that plan.

WAC 388-551-3000 Private duty nursing services for clients seventeen years of age and younger. This section applies to private duty nursing services for eligible clients on fee-for-service programs. Managed care clients receive private duty nursing services through their plans (see chapter 388-538 WAC).

(1) **"Private duty nursing"** means four hours or more of continuous skilled nursing services provided in the home to eligible clients with complex medical needs that cannot be managed within the scope of intermittent home health services. Skilled nursing service is the management and administration of the treatment and care of the client, and may include, but is not limited to:

(a) Assessments (e.g., respiratory assessment, patency of airway, vital signs, feeding assessment, seizure activity, hydration, level of consciousness, constant observation for comfort and pain management);

(b) Administration of treatment related to technological dependence (e.g., ventilator, tracheotomy, bilevel positive airway pressure, intravenous (IV) administration of medications and fluids, feeding pumps, nasal stints, central lines);

(c) Monitoring and maintaining parameters/machinery (e.g., oximetry, blood pressure, lab draws, end tidal CO_2s, ventilator settings, humidification systems, fluid balance, etc.); and

(d) Interventions (e.g., medications, suctioning, IV's, hyperalimentation, enteral feeds, ostomy care, and tracheostomy care).

(2) To be eligible for private duty nursing services, a client must meet all the following:

(a) Be seventeen years of age or younger (see chapter 388-71 WAC for information about private duty nursing services for clients eighteen years of age and older);

(b) Be eligible for categorically needy (CN) or medically needy (MN) scope of care (see WAC 388-501-0060 and 388-501-0065);

(c) Need continuous skilled nursing care that can be provided safely outside an institution; and

(d) Have prior authorization from the department.

(3) The department contracts only with home health agencies licensed by Washington state to provide private duty nursing services and pays a rate established by the department according to current funding levels.

(4) A provider must coordinate with a division of developmental disabilities case manager and request prior authorization by submitting a complete referral to the department, which includes all of the following:

(a) The client's age, medical history, diagnosis, and current prescribed treatment plan, as developed by the individual's physician;

(b) Current nursing care plan that may include copies of current daily nursing notes that describe nursing care activities;

(c) An emergency medical plan which includes notification of electric, gas and telephone companies as well as local fire department;

(d) Psycho-social history/summary which provides the following information:

(i) Family constellation and current situation;

(ii) Available personal support systems;

(iii) Presence of other stresses within and upon the family; and

(iv) Projected number of nursing hours needed in the home, after discussion with the family or guardian.

(e) A written request from the client or the client's legally authorized representative for home care.

(5) The department approves requests for private duty nursing services for eligible clients on a case-by-case basis when:

(a) The information submitted by the provider is complete;

(b) The care provided will be based in the client's home;

(c) Private duty nursing will be provided in the most cost-effective setting;

(d) An adult family member, guardian, or other designated adult has been trained and is capable of providing the skilled nursing care;

(e) A registered or licensed practical nurse will provide the care under the direction of a physician; and

(f) Based on the referral submitted by the provider, the department determines:

(i) The services are medically necessary for the client because of a complex medical need that requires continuous skilled nursing care which can be provided safely in the client's home;

(ii) The client requires more nursing care than is available through the home health services program; and

(iii) The home care plan is safe for the client.

(6) Upon approval, the department will authorize private duty nursing services up to a maximum of sixteen hours per

day except as provided in subsection (7) of this section, restricted to the least costly equally effective amount of care.

(7) The department may authorize additional hours:

(a) For a maximum of thirty days if any of the following apply:

(i) The family or guardian is being trained in care and procedures;

(ii) There is an acute episode that would otherwise require hospitalization, and the treating physician determines that noninstitutionalized care is still safe for the client;

(iii) The family or guardian caregiver is ill or temporarily unable to provide care;

(iv) There is a family emergency; or

(v) The department determines it is medically necessary.

(b) After the department evaluates the request according to the provisions of WAC 388-501-0165 and WAC 388-501-0169.

(8) The department adjusts the number of authorized hours when the client's condition or situation changes.

(9) Any hours of nursing care in excess of those authorized by the department are the responsibility of the client, family or guardian.

Chapter 388-552 WAC
OXYGEN AND RESPIRATORY THERAPY

WAC

WAC 388-552-001 Scope. (1) This chapter applies to:

(a) Medical assistance administration (MAA) clients who require medically necessary **oxygen** and/or respiratory therapy equipment, supplies, and services in their homes and nursing facilities; and

(b) Providers who furnish **oxygen** and respiratory therapy equipment, supplies and services to eligible MAA clients.

(2) Instructions for clients covered by medicare are located in Medicare's Durable Medical Equipment Regional Carrier (DMERC) Manual.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-001, filed 6/9/99, effective 7/10/99.]

WAC 388-552-005 Definitions. The following definitions and those in WAC 388-500-0005 apply to this chapter. If a definition in WAC 388-500-0005 differs with the definition in this section, the definition in this section applies. Defined words and phrases are bolded in the text.

"Authorized prescriber" means a health care practitioner authorized by law or rule in the state of Washington to prescribe oxygen and respiratory therapy equipment, supplies, and services.

"Base year," as used in this chapter, means the year in which the oxygen and respiratory therapy billing instructions' current fee schedule is adopted.

"Maximum allowable" means the maximum dollar amount MAA reimburses a provider for a specific service, supply, or piece of equipment.

"Oxygen" means United States Pure (USP) medical grade liquid or gaseous oxygen.

"Oxygen and respiratory therapy billing instructions" means a booklet containing procedures for billing, which is available by writing to Medical Assistance Administration, Division of Program Support, P.O. Box 45562, Olympia, WA, 98504-5562.

"Oxygen system" means all equipment necessary to provide oxygen to a person.

"Portable system" means a small system which allows the client to be independent of the stationary system for several hours, thereby providing mobility outside of the residence.

"Provider" means a person or company with a signed core provider agreement with MAA to furnish **oxygen** and respiratory therapy equipment, supplies, and services to eligible MAA clients.

"Respiratory care practitioner" means a person certified by the department of health according to chapter 18.89 RCW and chapter 246-928 WAC.

"Stationary system" means equipment designed to be used in one location, generally for the purpose of continuous use or frequent intermittent use.

CLIENT ELIGIBILITY

WAC 388-552-100 Client eligibility. (1) All MAA fee-for-service clients are eligible for **oxygen** and respiratory therapy equipment, supplies, and services when medically necessary, with the following limitations:

(a) Clients on the medically indigent program are not eligible under this chapter; and

(b) Clients on the categorically needy/qualified medicare beneficiaries and medically needy/qualified medicare benefi-

ciaries programs are covered by medicare and medicaid as follows:

(i) If medicare covers the service, MAA will pay the lesser of:

(A) The full co-insurance and deductible amounts due, based upon medicaid's allowed amount; or

(B) MAA's **maximum allowable** for that service minus the amount paid by medicare.

(ii) If medicare does not cover or denies equipment, supplies, or services that MAA covers according to this chapter, MAA reimburses at MAA's **maximum allowable**; except, MAA does not reimburse for clients on the qualified medicare beneficiaries (QMB) only program.

(2) Services for clients enrolled in a healthy options managed care plan receive all **oxygen** and respiratory therapy equipment, supplies, and services through their designated plan, subject to the plan's coverages and limitations.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-100, filed 6/9/99, effective 7/10/99.]

PROVIDERS

WAC 388-552-200 Providers—General responsibilities. (1) The provider must verify that the client's original prescription is signed and dated by the **authorized prescriber** no more than ninety days prior to the initial date of service. The prescription must include, at a minimum:

(a) The client's medical diagnosis, prognosis, and documentation of the medical necessity for **oxygen** and/or respiratory therapy equipment, supplies, and/or services, and any modifications;

(b) If **oxygen** is prescribed:

(i) Flow rate of **oxygen**;

(ii) Estimated duration of need;

(iii) Frequency and duration of **oxygen** use; and

(iv) Lab values or **oxygen** saturation measurements upon the client's discharge from the hospital.

(2) The provider must provide instructions to the client and/or caregiver on the safe and proper use of equipment provided.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-200, filed 6/9/99, effective 7/10/99.]

WAC 388-552-210 Required records. (1) A provider must maintain legible, accurate, and complete charts and records for each client. These records must support and justify claims that the provider submits to MAA for reimbursement. Records must include, at a minimum the:

(a) Date(s) of service;

(b) Client's name and date of birth;

(c) Name and title of person performing the service, when it is someone other than the billing practitioner;

(d) Chief complaint or reason for each visit;

(e) Pertinent medical history;

(f) Pertinent findings on examination;

(g) **Oxygen**, equipment, supplies, and/or services prescribed or provided;

(h) The original and subsequent prescriptions according to the requirements in WAC 388-552-200 and 388-552-220;

(i) Description of treatment (when applicable);

(j) Recommendations for additional treatments, procedures, or consultations;

(k) X-rays, tests, and results;

(l) Plan of treatment/care/outcome;

(m) Logs of oxygen saturations and lab values taken to substantiate the medical necessity of continuous **oxygen**, as required by WAC 388-552-220;

(n) Logs of oximetry readings if required by WAC 388-552-380 for a client seventeen years of age or younger; and

(o) Recommendations and evaluations if required by WAC 388-552-230 for the infant apnea monitor program.

(2) The provider must make required charts and records available to DSHS or its contractor(s) upon request.

(3) MAA may require additional information in order to process a submitted claim.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-210, filed 6/9/99, effective 7/10/99.]

WAC 388-552-220 Requirements for oxygen providers. Oxygen providers must:

(1) Obtain a renewed prescription every six months if the client's condition warrants continued service;

(2) Verify, at least every six months, that **oxygen** saturations or lab values substantiate the need for continued **oxygen** use for each client. The provider may perform the **oxygen** saturation measurements. MAA does not accept lifetime certificates of medical need (CMNs).

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-220, filed 6/9/99, effective 7/10/99.]

WAC 388-552-230 Requirements for infant apnea monitors. (1) MAA does not reimburse for apnea monitors unless the provider has a respiratory care practitioner or registered nurse with expertise in pediatric respiratory care who is responsible for their apnea monitor program.

(2) MAA does not require a confirming second opinion for the initial rental period for diagnoses of apnea of prematurity, primary apnea, obstructed airway, or congenital conditions associated with apnea. For other diagnoses, a neonatologist's confirming assessment and recommendation must be maintained as a second opinion in the client's file. The initial rental period must not exceed six months.

(3) Regardless of diagnosis, the provider must maintain in the client's file, a neonatologist's clinical evaluation justifying each subsequent rental period.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-230, filed 6/9/99, effective 7/10/99.]

WAC 388-552-240 Requirements for respiratory care practitioners. (1) A respiratory care practitioner must comply with chapter 18.89 RCW and chapter 246-928 WAC to qualify for reimbursement.

(2) A respiratory care practitioner must complete at least the following in each client visit:

(a) Check equipment and ensure equipment settings continue to meet the client's needs; and

(b) Communicate with the client's physician if there are any concerns or recommendations.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-240, filed 6/9/99, effective 7/10/99.]

COVERAGE

WAC 388-552-300 Coverage. (1) MAA covers medically necessary oxygen and respiratory therapy equipment, supplies, and services subject to the limitations in this chapter. MAA approves additional oxygen and respiratory therapy equipment, supplies, and services on a case-by-case basis if medically necessary.

(2) MAA does not reimburse for a service or product if any of the following apply:

(a) The service or product is not covered by MAA;

(b) The service or product is not medically necessary;

(c) The client has third party coverage and the third party pays as much as, or more than, MAA allows for the service or product; or

(d) The client and provider do not meet the requirements in this chapter.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-300, filed 6/9/99, effective 7/10/99.]

WAC 388-552-310 Coverage—Oxygen and oxygen equipment. (1) MAA reimburses for **oxygen** provided to:

(a) Clients eighteen years of age or older with:

(i) PO_2< = fifty-five mm on room air; or

(ii) SaO_2< = eighty-eighty percent on room air; or

(iii) PaO_2< = fifty-five mm on room air.

(b) Clients seventeen years of age or younger to maintain SaO_2 at:

(i) Ninety-two percent; or

(ii) Ninety-four percent in a child with cor pulmonale or pulmonary hypertension.

(2) MAA may cover spare tanks of **oxygen** and other equipment if the provider and attending physician document that travel distance or potential weather conditions could reasonably be expected to interfere with routine delivery of such equipment and supplies.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-310, filed 6/9/99, effective 7/10/99.]

WAC 388-552-320 Coverage—Continuous positive airway pressure (CPAP) and supplies. (1) MAA covers the rental and/or purchase of medically necessary CPAP equipment and related accessories when all of the following apply:

(a) The results of a prior sleep study indicate the client has sleep apnea;

(b) The client's attending physician determines that the client's sleep apnea is chronic;

(c) CPAP is the least costly, most effective treatment modality;

(d) The item is to be used exclusively by the client for whom it is requested;

(e) The item is FDA-approved; and

(f) The item requested is not included in any other reimbursement methodology such as, but not limited to, diagnosis-related group (DRG).

(2) MAA covers the rental of CPAP equipment for a maximum of two months. Thereafter, if the client's primary physician determines the equipment is tolerated and beneficial to the client, MAA reimburses for its purchase.

(3) Refer to **oxygen and respiratory therapy billing instructions** to determine which CPAP accessories are covered.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-320, filed 6/9/99, effective 7/10/99.]

WAC 388-552-330 Coverage—Ventilator therapy, equipment, and supplies. (1) MAA covers medically necessary ventilator equipment rental and related disposable supplies when all of the following apply:

(a) The ventilator is to be used exclusively by the client for whom it is requested;

(b) The ventilator is FDA-approved; and

(c) The item requested is not included in any other reimbursement methodology such as, but not limited to, diagnosis-related group (DRG).

(2) MAA's monthly rental payment includes medically necessary accessories, including, but not limited to: Humidifiers, nebulizers, alarms, temperature probes, adapters, connectors, fittings, and tubing.

(3) MAA covers a secondary (back-up) ventilator at fifty percent of the monthly rental if medically necessary.

(4) MAA covers the purchase of durable accessories for client-owned ventilator systems according to the fee schedule in the current **oxygen and respiratory therapy billing instructions**.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-330, filed 6/9/99, effective 7/10/99.]

WAC 388-552-340 Coverage—Infant apnea monitor program. (1) A provider must comply with WAC 388-552-230 to qualify for reimbursement for the infant apnea monitor program.

(2) MAA covers infant apnea monitors on a rental basis.

(3) MAA includes all home visits, follow-up calls, and training in the rental allowance.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-340, filed 6/9/99, effective 7/10/99.]

WAC 388-552-350 Coverage—Respiratory and ventilator therapy. (1) MAA covers prescribed medically necessary respiratory and ventilator therapy services in the home.

(2) Therapy services must be provided by a certified respiratory care practitioner;

(3) MAA does not reimburse separately for respiratory and ventilator therapy services provided to clients residing in nursing facilities. This service is included in the nursing facility's per diem.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-350, filed 6/9/99, effective 7/10/99.]

WAC 388-552-360 Coverage—Suction pumps and supplies. (1) MAA covers suction pumps and supplies when medically necessary for deep oral or tracheostomy suctioning.

(2) MAA may cover one stationary and one portable suction pump for the same client if warranted by the client's condition. The provider and attending physician must document that either:

(a) Travel distance or potential weather conditions could reasonably be expected to interfere with the delivery of medically necessary replacement equipment; or

(b) The client requires suctioning while away from the client's place of residence.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-360, filed 6/9/99, effective 7/10/99.]

WAC 388-552-370 Coverage—Inhalation drugs and solutions. Inhalation drugs and solutions are included in the prescription drug program. Refer to chapter 388-530 WAC.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-370, filed 6/9/99, effective 7/10/99.]

WAC 388-552-380 Coverage—Oximeters. (1) MAA covers oximeters for clients seventeen years of age or younger when the client has one of the following conditions:

(a) Chronic lung disease, is on supplemental **oxygen**, and is at risk for desaturation with sleep, stress, or feeding;

(b) A compromised or artificial airway, and is at risk for major obstructive events or aspiration events; or

(c) Chronic lung disease, requires ventilator or BIPAP support, and may be at risk for atelectasis or pneumonia as well as hypoventilation.

(2) The provider must review oximetry needs and fluctuations in **oxygen** levels monthly, and log results in the client's records.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-380, filed 6/9/99, effective 7/10/99.]

WAC 388-552-390 Coverage—Nursing facilities. (1) MAA reimburses according to this chapter for the chronic use of medically necessary **oxygen**, and **oxygen** and respiratory equipment and supplies to eligible clients who reside in nursing facilities.

(2) Nursing facilities are reimbursed in their per diem rate for:

(a) **Oxygen** and **oxygen** equipment and supplies used in emergency situations; and

(b) Respiratory and ventilator therapy services.

(3) Nursing facilities with a "piped" **oxygen** system may submit a written request to MAA for permission to bill MAA for oxygen. See **oxygen and respiratory therapy billing instructions**.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-390, filed 6/9/99, effective 7/10/99.]

REIMBURSEMENT

WAC 388-552-400 Reimbursement for covered services. (1) A provider must bill MAA according to the procedures and codes in the current **oxygen and respiratory therapy billing instructions**.

(2) MAA does not reimburse separately for telephone calls, mileage, or travel time. These services are included in the reimbursement for other equipment and/or services.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-400, filed 6/9/99, effective 7/10/99.]

WAC 388-552-410 Reimbursement methods. MAA bases the decision to rent or purchase medical equipment for a client, or pay for repairs to client-owned equipment, on the least costly and/or equally effective alternative.

(1) **Rental**.

(a) Types of rental equipment:

(i) Equipment that normally requires frequent maintenance (such as ventilators and concentrators) is reimbursed on a rental basis for as long as medically necessary; and

(ii) Equipment with lower maintenance requirements (such as suction pumps and humidifiers) is reimbursed on a rental basis for a specified rental period, after which the equipment is considered purchased and owned by the client. Refer to the **oxygen and respiratory therapy billing instructions** for detailed information.

(b) The monthly rental rate includes, but is not limited to:

(i) A full service warranty covering the rental period;

(ii) Any adjustments, modifications, repairs or replacements required to keep the equipment in good working condition on a continuous basis throughout the total rental period;

(iii) All medically necessary accessories and disposable supplies, unless separately billable according to current **oxygen and respiratory therapy billing instructions**;

(iv) Instructions to the client and/or caregiver for safe and proper use of the equipment; and

(v) Cost of pick-up and delivery to the client's residence or nursing facility and, when appropriate, to the room in which the equipment will be used.

(2) **Purchase**.

(a) Purchased equipment becomes the property of the client;

(b) MAA reimburses for:

(i) Equipment that is new at the time of purchase, unless otherwise specified in current **oxygen and respiratory therapy billing instructions**; and

(ii) One maintenance and service visit every six months for purchased equipment.

(c) MAA does not reimburse for:

(i) Defective equipment;

(ii) The cost of materials covered under the manufacturer's warranty; or

(iii) Repair or replacement of equipment if evidence indicates malicious damage, culpable neglect, or wrongful disposition.

(d) The reimbursement rate for purchased equipment includes, but is not limited to:

(i) A manufacturer's warranty for a minimum warranty period of one year for medical equipment, not including disposable/nonreusable supplies;

(ii) Instructions to the client and/or caregiver for safe and proper use of the equipment; and

(iii) The cost of delivery to the client's residence or nursing facility and, when appropriate, to the room in which the equipment will be used.

(e) The provider must make warranty information, including date of purchase and warranty period, available to MAA upon request.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-410, filed 6/9/99, effective 7/10/99.]

WAC 388-552-420 Reimbursement methodology. MAA, at its discretion, uses the following methods to determine the **maximum allowable** amount for each purchased and rented item and service:

(1) **Monthly rental reimbursement methodology**.

(a) Medicare's fee as of October 31 of the year prior to the base year; or

(b) A **maximum allowable** equal to:

(i) One-tenth of the purchase **maximum allowable** for that product; or

(ii) If MAA does not reimburse for the purchase of that product, one-tenth of the amount calculated using the methodology in subsection (1) of this section.

(2) **Purchase reimbursement methodology**.

(a) Medicare's fee as of October 31 of the year prior to the **base year**; or

(b) A **maximum allowable** equal to the seventieth percentile price of an array of input prices.

(i) The number of input prices included in each array may be limited by MAA based on consideration of product quality, cost, available alternatives, and client needs.

(ii) An input price used in the **maximum allowable** calculation is the lesser of:

(A) Eighty percent of the manufacturer's list or suggested retail price as of October 31 of the **base year**; or

(B) One hundred thirty-five percent of the wholesale acquisition cost as of October 31 of the **base year**.

[Statutory Authority: RCW 74.08.090, 74.04.050, 74.09.520 and 74.09.530. 99-13-049, § 388-552-420, filed 6/9/99, effective 7/10/99.]

Chapter 388-553 WAC

HOME INFUSION THERAPY/PARENTERAL NUTRITION PROGRAM

WAC

WAC 388-553-100 Home infusion therapy/parenteral nutrition program—General. The medical assistance administration's (MAA's) home infusion therapy/parenteral nutrition program provides the supplies and equipment necessary for parenteral infusion of therapeutic agents to medical assistance clients. An eligible client receives equipment, supplies, and parenteral administration of therapeutic agents in a qualified setting to improve or sustain the client's health.

[Statutory Authority: RCW 74.08.090, 74.09.530. 04-11-007, § 388-553-100, filed 5/5/04, effective 6/5/04.]

WAC 388-553-200 Home infusion therapy/parenteral nutrition program—Definitions. The following terms and definitions apply to the home infusion therapy/parenteral nutrition program:

"Infusion therapy" means the provision of therapeutic agents or nutritional products to individuals by parenteral infusion for the purpose of improving or sustaining a client's health.

"Intradialytic parenteral nutrition (IDPN)" means intravenous nutrition administered during hemodialysis. IDPN is a form of parenteral nutrition.

"Parenteral infusion" means the introduction of a substance by means other than the gastrointestinal tract, referring particularly to the introduction of substances by intravenous, subcutaneous, intramuscular or intramedullary means.

"Parenteral nutrition" (also known as total parenteral nutrition (TPN)) means the provision of nutritional requirements intravenously.

[Statutory Authority: RCW 74.08.090, 74.09.530. 04-11-007, § 388-553-200, filed 5/5/04, effective 6/5/04.]

WAC 388-553-300 Home infusion therapy/parenteral nutrition program—Client eligibility and assignment. (1) Clients in the following medical assistance administration (MAA) programs are eligible to receive home infusion therapy and parenteral nutrition, subject to the limitations and restrictions in this section and other applicable WAC:

(a) Categorically needy program (CNP);

(b) Categorically needy program - Children's health insurance program (CNP-CHIP);

(c) General assistance - Unemployable (GA-U); and

(d) Limited casualty program - Medically needy program (LCP-MNP).

(2) Clients enrolled in an MAA managed care plan are eligible for home infusion therapy and parenteral nutrition through that plan.

(3) Clients eligible for home health program services may receive home infusion related services according to WAC 388-551-2000 through 388-551-3000.

(4) To receive home infusion therapy, a client must:

(a) Have a written physician order for all solutions and medications to be administered.

(b) Be able to manage their infusion in one of the following ways:

(i) Independently;

(ii) With a volunteer caregiver who can manage the infusion; or

(iii) By choosing to self-direct the infusion with a paid caregiver (see WAC 388-71-0580).

(c) Be clinically stable and have a condition that does not warrant hospitalization.

(d) Agree to comply with the protocol established by the infusion therapy provider for home infusions. If the client is not able to comply, the client's caregiver may comply.

(e) Consent, if necessary, to receive solutions and medications administered in the home through intravenous, enteral, epidural, subcutaneous, or intrathecal routes. If the client is not able to consent, the client's legal representative may consent.

(f) Reside in a residence that has adequate accommodations for administering infusion therapy including:

(i) Running water;

(ii) Electricity;

(iii) Telephone access; and

(iv) Receptacles for proper storage and disposal of drugs and drug products.

(5) To receive parenteral nutrition, a client must meet the conditions in subsection (4) of this section and:

(a) Have one of the following that prevents oral or enteral intake to meet the client's nutritional needs:

(i) Hyperemesis gravidarum; or

(ii) An impairment involving the gastrointestinal tract that lasts three months or longer.

(b) Be unresponsive to medical interventions other than parenteral nutrition; and

(c) Be unable to maintain weight or strength.

(6) A client who has a functioning gastrointestinal tract is not eligible for parenteral nutrition program services when the need for parenteral nutrition is only due to:

(a) A swallowing disorder;

(b) Gastrointestinal defect that is not permanent unless the client meets the criteria in subsection (7) of this section;

(c) A psychological disorder (such as depression) that impairs food intake;

(d) A cognitive disorder (such as dementia) that impairs food intake;

(e) A physical disorder (such as cardiac or respiratory disease) that impairs food intake;

(f) A side effect of medication; or

(g) Renal failure or dialysis, or both.

(7) A client with a gastrointestinal impairment that is expected to last less than three months is eligible for parenteral nutrition only if:

(a) The client's physician or appropriate medial provider has documented in the client's medical record the gastrointestinal impairment is expected to last less then three months;

(b) The client meets all the criteria in subsection (4) of this section;

(c) The client has a written physician order that documents the client is unable to receive oral or tube feedings; and

(d) It is medically necessary for the gastrointestinal tract to be totally nonfunctional for a period of time.

(8) A client is eligible to receive intradialytic parenteral nutrition (IDPN) solutions when:

(a) The parenteral nutrition is not solely supplemental to deficiencies caused by dialysis; and

(b) The client meets the criteria in subsection (4) and (5) of this section and other applicable WAC.

[Statutory Authority: RCW 74.08.090, 74.09.530. 04-11-007, § 388-553-300, filed 5/5/04, effective 6/5/04.]

WAC 388-553-400 Home infusion therapy/parenteral nutrition program—Provider requirements. (1) Eligible providers of home infusion supplies and equipment and parenteral nutrition solutions must:

(a) Have a signed core provider agreement with the medical assistance administration (MAA); and

(b) Be one of the following provider types:

(i) Pharmacy provider;

(ii) Durable medical equipment (DME) provider; or

(iii) Infusion therapy provider.

(2) MAA pays eligible providers for home infusion supplies and equipment and parenteral nutrition solutions only when the providers:

(a) Are able to provide home infusion therapy within their scope of practice;

(b) Have evaluated each client in collaboration with the client's physician, pharmacist, or nurse to determine whether home infusion therapy/parenteral nutrition is an appropriate course of action;

(c) Have determined that the therapies prescribed and the client's needs for care can be safely met;

(d) Have assessed the client and obtained a written physician order for all solutions and medications administered to the client in the client's residence or in a dialysis center through intravenous, epidural, subcutaneous, or intrathecal routes;

(e) Meet the requirements in WAC 388-502-0020, including keeping legible, accurate and complete client charts, and providing the following documentation in the client's medical file:

(i) For a client receiving infusion therapy, the file must contain:

(A) A copy of the written prescription for the therapy;

(B) The client's age, height, and weight; and

(C) The medical necessity for the specific home infusion service.

(ii) For a client receiving parenteral nutrition, the file must contain:

(A) All the information listed in (e)(i) of this subsection;

(B) Oral or enteral feeding trials and outcomes, if applicable;

(C) Duration of gastrointestinal impairment; and

(D) The monitoring and reviewing of the client's lab values:

(I) At the initiation of therapy;

(II) At least once per month; and

(III) When the client and/or the client's lab results are unstable.

[Statutory Authority: RCW 74.08.090, 74.09.530. 04-11-007, § 388-553-400, filed 5/5/04, effective 6/5/04.]

WAC 388-553-500 Home infusion therapy/parenteral nutrition program—Coverage, services, limitations, prior authorization, and reimbursement. (1) The home infusion therapy/parenteral nutrition program covers the following for eligible clients, subject to the limitations and restrictions listed:

(a) Home infusion supplies, limited to one month's supply per client, per calendar month.

(b) Parenteral nutrition solutions, limited to one month's supply per client, per calendar month.

(c) One type of infusion pump, one type of parenteral pump, and/or one type of insulin pump per client, per calendar month and as follows:

(i) All rent-to-purchase infusion, parenteral, and/or insulin pumps must be new equipment at the beginning of the rental period.

(ii) The department covers the rental payment for each type of infusion, parenteral, or insulin pump for up to twelve months. (The department considers a pump purchased after twelve months of rental payments.)

(iii) The department covers only one purchased infusion pump or parenteral pump per client in a five-year period.

(iv) The department covers only one purchased insulin pump per client in a four-year period.

(2) Covered supplies and equipment that are within the described limitations listed in subsection (1) of this section do not require prior authorization for reimbursement.

(3) Requests for supplies and/or equipment that exceed the limitations or restrictions listed in this section require prior authorization and are evaluated on an individual basis according to the provisions of WAC 388-501-0165 and 388-501-0169.

(4) Department reimbursement for equipment rentals and purchases includes the following:

(a) Instructions to a client or a caregiver, or both, on the safe and proper use of equipment provided;

(b) Full service warranty;

(c) Delivery and pickup; and

(d) Setup, fitting, and adjustments.

(5) Except as provided in subsection (6) of this section, the department does not pay separately for home infusion supplies and equipment or parenteral nutrition solutions:

(a) When a client resides in a state-owned facility (i.e., state school, developmental disabilities (DD) facility, mental health facility, Western State Hospital, and Eastern State Hospital).

(b) When a client has elected and is eligible to receive the department's hospice benefit, unless both of the following apply:

(i) The client has a preexisting diagnosis that requires parenteral support; and

(ii) The preexisting diagnosis is not related to the diagnosis that qualifies the client for hospice.

(6) The department pays separately for a client's infusion pump, parenteral nutrition pump, insulin pump, solutions, and/or insulin infusion supplies when the client:

(a) Resides in a nursing facility; and

(b) Meets the criteria in WAC 388-553-300.

Chapter 388-554 WAC
ENTERAL NUTRITION PROGRAM

WAC

WAC 388-554-100 Enteral nutrition program—General. The medical assistance administration's (MAA's) enteral nutrition program covers the products, equipment, and supplies to provide medically necessary enteral nutrition to eligible medical assistance clients.

[Statutory Authority: RCW 74.08.090, 74.09.530 and chapter 74.09 RCW. 05-04-059, § 388-554-100, filed 1/28/05, effective 3/1/05.]

WAC 388-554-200 Enteral nutrition program—Definitions. The following terms and definitions and those found in WAC 388-500-0005 apply to the enteral nutrition program:

"BMI" see **"body mass index."**

"Body mass index (BMI)" is a number that shows body weight adjusted by height, and is calculated using inches and pounds or meters and kilograms.

"Enteral nutrition" means the use of medically necessary nutritional products alone, or in combination with traditional food, when a client is unable to consume enough traditional food to meet nutritional requirements. Enteral nutritional solutions can be given orally or via feeding tubes.

"Enteral nutrition equipment" means durable medical feeding pumps and intravenous (IV) poles used in conjunction with nutrition supplies to dispense formula to a client.

"Enteral nutrition product" means enteral nutrition formulas and/or products.

"Enteral nutrition supplies" means the supplies, such as nasogastric, gastrostomy and jejunostomy tubes, necessary to allow nutritional support via the alimentary canal or any route connected to the gastrointestinal system.

"Growth chart" is a series of percentile curves that illustrate the distribution of select body measurements (i.e., height, weight, and age) in children published by the Centers for Disease Control and Prevention, National Center for Health Statistics. CDC growth charts: United States. http://www.cdc.gov/growthcharts/

"Nonfunctioning digestive tract" is caused by a condition that affects the body's alimentary organs and their ability to break down and digest nutrients.

"Orally administered enteral nutrition products" means enteral nutrition solutions and products that a client consumes orally for nutritional support.

"Tube-delivery" means the provision of nutritional requirements through a tube into the stomach or small intestine.

"WIC program" (Women, infants and children (WIC) program) is a special supplemental nutrition program managed by the department of health (DOH) that serves to safeguard the health of children up to age five, and low-income pregnant and breastfeeding women who are at nutritional risk by providing them with healthy, nutritious foods to supplement diets, information on healthy eating, and referral to health care.

"Women, infants and children (WIC) program." See **"WIC program."**

WAC 388-554-300 Enteral nutrition program—Client eligibility. (1) Clients in the following medical assistance programs are eligible to receive oral enteral nutrition products and tube-delivered enteral nutrition products and necessary equipment and supplies, subject to the limitations in this chapter and other applicable WAC:

(a) Categorically needy program (CNP);

(b) Children's health insurance program (CHIP) (same scope of coverage as CNP);

(c) General assistance - Unemployable (GA-U);

(d) Limited casualty program - Medically needy program (LCP-MNP);

(e) Alien emergency medical program - CNP; and

(f) Alien emergency medical program - LCP-MNP.

(2) All clients younger than age twenty-one must be evaluated by a certified dietitian with a current provider number within thirty days of initiation of enteral nutrition products, and periodically (at the discretion of the certified dietitian) while receiving enteral nutrition products. See WAC 388-554-400 (2)(h) for provider requirements.

(3) Clients enrolled in an MAA managed care plan are eligible for oral enteral nutrition products and tube-delivered enteral nutrition products and necessary equipment and supplies through that plan. If a client becomes enrolled in a managed care plan before MAA completes the purchase (or rental, if applicable) of prescribed enteral products, necessary equipment and supplies:

(a) MAA rescinds the purchase until the managed care primary care provider (PCP) evaluates the client; and

(b) The managed care plan's applicable reimbursement policies apply to the purchase of the products, equipment, or supplies, or rental of the equipment, as applicable.

(4) To receive orally administered enteral nutrition products, a client must:

(a) Have a valid written physician order from a physician, advanced registered nurse practitioner (ARNP), or physician assistant-certified (PA-C) for all enteral nutrition products;

(b) When required, have the provider obtain prior authorization as described in WAC 388-554-700;

(c) Meet the conditions in this section and other applicable WAC;

(d) Be able to manage their feedings in one of the following ways:

(i) Independently; or

(ii) With a caregiver who can manage the feedings; and

(e) Have at least one of the following medical conditions, subject to the criteria listed:

(i) Malnutrition/malabsorption as a result of a stated primary diagnosed disease. The client must have:

(A) A weight-for-length less than or equal to the fifth percentile if the client is younger than age three; or

(B) A body mass index (BMI) of:

(I) Less than or equal to the fifth percentile if the client is older than age three and younger than age eighteen; or

(II) Less than or equal to 18.5 if the client is age eighteen or older.

(ii) Acquired immune deficiency syndrome (AIDS). The client must be in a wasting state and have:

(A) A weight-for-length less than or equal to the fifth percentile if the client is younger than age three; or

(B) A BMI of:

(I) Less than or equal to the fifth percentile if the client is older than age three and younger than age eighteen; or

(II) Less than or equal to 18.5 if the client is age eighteen or older.

(iii) Amino acid, fatty acid, and carbohydrate metabolic disorders;

(iv) Dysphagia. The client must:

(A) Need to transition from tube feedings to oral feedings or require thickeners to aid swallowing; and

(B) Be evaluated by:

(I) A speech therapist; or

(II) An occupational therapist who specializes in dysphagia.

(v) Chronic renal failure. The client:

(A) Must be receiving dialysis; and

(B) Have a fluid restrictive diet in order to use nutrition bars.

(vi) Malignant cancer(s). The client must be receiving chemotherapy.

(vii) Decubitus pressure ulcers. The client must have:

(A) Stage three or greater decubitus pressure ulcers; and

(B) An albumin level of 3.2 or below.

(viii) Failure to thrive. The client must have a disease or medical condition that is only organic in nature and not due to cognitive, emotional, or psychological impairment. In addition, the client must have:

(A) A weight-for-length less than or equal to the fifth percentile if the client is
younger than age three;

(B) A BMI of less than or equal to the fifth percentile if the client is at least age three but younger than age eighteen; and

(C) A BMI of less than or equal to 18.5, an albumin level of 3.5 or below, and a cholesterol level of one hundred sixty or below if the client is age eighteen or older.

(5) A client is eligible to receive delivery of orally administered enteral nutrition products in quantities sufficient to meet the client's medically authorized needs, not to exceed a one-month supply. To receive the next month's delivery of authorized products, the client's record must show documentation of the need to refill the products. See WAC 388-554-400 for provider requirements.

(6) To receive tube-delivered enteral nutrition products, necessary equipment and supplies, a client must:

(a) Have a valid written physician order from a physician, ARNP, or PA-C;

(b) Meet the conditions in this section and other applicable WAC; and

(c) Be able to manage their tube feedings in one of the following ways:

(i) Independently; or

(ii) With a caregiver who can manage the feedings; and

(d) Have at least one of the following medical conditions, subject to the criteria listed:

(i) A nonfunction or disease of the structures that normally permit food to reach the small bowel; or

(ii) A disease or condition of the small bowel that impairs digestion and absorption of an oral diet, either of which requires tube feedings to provide sufficient nutrients to maintain weight and strength that is properly proportioned to the client's overall health status.

WAC 388-554-400 Enteral nutrition program—Provider requirements. (1) A provider of all oral enteral nutri-

tion products and tube-delivered enteral nutrition products and necessary equipment and supplies must:

(a) Have a current core provider agreement with the medical assistance administration (MAA); and

(b) Be one of the following provider types:

(i) Pharmacy provider; or

(ii) Durable medical equipment (DME) provider.

(2) To be paid for oral enteral nutrition products and tube-delivered enteral nutrition products and necessary equipment and supplies, an eligible provider must:

(a) Meet the requirements in WAC 388-502-0020 and other applicable WAC;

(b) Obtain prior authorization (PA), if required, before delivery to the client and before billing MAA. See WAC 388-554-700 for PA requirements;

(c) Deliver orally administered enteral nutrition products in quantities sufficient to meet a client's medically authorized needs, not to exceed a one-month supply;

(d) Bill MAA for the authorized products and submit a claim for payment to MAA with a date of service being the same as the shipping date;

(e) Confirm with the client and document in the client's record that the next month's delivery of authorized orally administered enteral nutrition products is necessary (see WAC 388-554-300(5)). MAA will not reimburse automatic periodic delivery of products;

(f) Notify and inform the client's physician if the client has indicated the product is not being used as prescribed;

(g) Keep legible, accurate, and complete charts in the client's record to justify the medical necessity of the items provided and include:

(i) For each item billed, a copy of the prescription. The prescription must:

(A) Be signed and dated by the prescribing physician;

(B) List the client's medical condition and exact daily caloric amount of needed enteral product; and

(C) State the reason why the client is unable to consume enough traditional food to meet nutritional requirements.

(ii) The medical reason the specific enteral product, equipment, and/or supply is prescribed; and

(iii) For a client who meets the women, infants and children (WIC) program's target population as defined in WAC 388-554-200, verification from the WIC program that the client:

(A) Is not eligible for WIC program services;

(B) Is eligible for WIC program services, but nutritional needs exceed the WIC program's maximum per calendar month allotment; or

(C) The WIC program cannot provide the prescribed product.

(h) For a client younger than age twenty-one, retain a copy of each required certified dietitian evaluation, as described in WAC 388-554-300(2).

(3) MAA may recoup any payment made to a provider for authorized enteral nutrition products if the requirements in subsection (2) of this section and other applicable WAC are not met.

[Statutory Authority: RCW 74.08.090, 74.09.530 and chapter 74.09 RCW. 05-04-059, § 388-554-400, filed 1/28/05, effective 3/1/05.]

WAC 388-554-500 Orally administered enteral nutrition products—Coverage, limitations, and reimbursement. (1) The enteral nutrition program covers and reimburses medically necessary orally administered enteral nutrition products, subject to:

(a) Prior authorization requirements under WAC 388-554-700;

(b) Duration periods determined by the department;

(c) Delivery requirements under WAC 388-554-400(2); and

(d) The provisions in other applicable WAC.

(2) Except as provided in subsection (3) of this section, the department does not pay separately for orally administered enteral nutrition products:

(a) When a client resides in a state-owned facility (i.e., state school, developmental disabilities (DD) facility, mental health facility, Western State Hospital, and Eastern State Hospital).

(b) When a client has elected and is eligible to receive the department's hospice benefit, unless both of the following apply:

(i) The client has a preexisting medical condition that requires enteral nutritional support; and

(ii) The preexisting medical condition is not related to the diagnosis that qualifies the client for hospice.

(3) The department pays separately for a client's orally administered enteral nutrition products when the client:

(a) Resides in a nursing facility;

(b) Meets the criteria in WAC 388-554-300; and

(c) Needs enteral nutrition products to meet one hundred percent of the client's nutritional needs.

(4) The department does not cover or pay for orally administered enteral nutrition products when the client's nutritional need can be met using traditional foods, baby foods, and other regular grocery products that can be pulverized or blenderized and used to meet the client's caloric and nutritional needs.

(5) The department:

(a) Determines reimbursement for oral enteral nutrition products according to a set fee schedule;

(b) Considers Medicare's current fee schedule when determining maximum allowable fees;

(c) Considers vendor rate increases or decreases as directed by the Legislature; and

(d) Evaluates and updates the maximum allowable fees for oral enteral nutrition products at least once per year.

(6) The department evaluates a request for orally administered enteral nutrition products that are in excess of the enteral nutrition program's limitations or restrictions, according to the provisions of WAC 388-501-0165 and 388-501-0169.

(7) The department evaluates a request for orally administered enteral nutrition products that are listed as noncovered in this chapter according to the provisions of WAC 388-501-0160.

WAC 388-554-600 Tube-delivered enteral nutrition products and related equipment and supplies—Coverage, limitations, and reimbursement. (1) The enteral nutrition program covers and reimburses the following, subject to the limitations listed in this section and the provisions in other applicable WAC:

(a) Tube-delivered enteral nutrition products;

(b) Tube-delivery supplies;

(c) Enteral nutrition pump rental and purchase;

(d) Nondisposable intravenous (IV) poles required for enteral nutrition product delivery; and

(e) Repairs to equipment.

(2) The department covers up to twelve months of rental payments for enteral nutrition equipment. After twelve months of rental, the department considers the equipment purchased and it becomes the client's property.

(3) The department requires a provider to furnish clients new or used equipment that includes full manufacturer and dealer warranties for one year.

(4) The department covers only one:

(a) Purchased pump per client in a five year period; and

(b) Purchased nondisposable IV pole per client for that client's lifetime.

(5) The department's reimbursement for covered enteral nutrition equipment and necessary supplies includes all of the following:

(a) Any adjustments or modifications to the equipment that are required within three months of the date of delivery. This does not apply to adjustments required because of changes in the client's medical condition;

(b) Fitting and set-up; and

(c) Instruction to the client or the client's caregiver in the appropriate use of the equipment and necessary supplies.

(6) A provider is responsible for any costs incurred to have another provider repair equipment if all of the following apply:

(a) Any equipment that the department considers purchased requires repair during the applicable warranty period;

(b) The provider is unable to fulfill the warranty; and

(c) The client still needs the equipment.

(7) If a rental equipment the department considers to have been purchased must be replaced during the warranty period, the department recoups fifty percent of the total amount previously paid toward rental and eventual purchase of the equipment delivered to the client. All of the following must apply:

(a) The provider is unable to fulfill the warranty; and

(b) The client still needs the equipment.

(8) The department rescinds any authorization for prescribed equipment if the equipment was not delivered to the client before the client:

(a) Loses medical eligibility;

(b) Becomes covered by a hospice agency and the equipment is used in the treatment of the terminal diagnosis or related condition(s);

(c) Becomes eligible for a department-contracted managed care plan; or

(d) Dies.

(9) Except as provided in subsection (10) of this section, the department does not pay separately for tube-delivered enteral nutrition products or necessary equipment or supplies when a client:

(a) Resides in a state-owned facility (i.e., state school, developmental disabilities (DD) facility, mental health facility, Western State Hospital, and Eastern State Hospital).

(b) Has elected and is eligible to receive the department's hospice benefit, unless both of the following apply:

(i) The client has a preexisting medical condition that requires enteral nutritional support; and

(ii) The preexisting medical condition is not related to the diagnosis that qualifies the client for hospice.

(10) The department pays separately for a client's tube-delivered enteral nutrition products and necessary equipment and supplies when:

(a) The client resides in a nursing facility;

(b) The client meets the eligibility criteria in WAC 388-554-300; and

(c) Use of enteral nutrition products meets one hundred percent of the client's nutritional needs.

(11) The department determines reimbursement for tube-delivered enteral nutrition products and necessary equipment and supplies using the same criteria described in WAC 388-554-500(5).

(12) The department evaluates a request for tube-delivered enteral nutrition products and necessary equipment and supplies that are in excess of the enteral nutrition program's limitations or restrictions, according to the provisions of WAC 388-501-0165 and 388-501-0169.

(13) The department evaluates a request for tube-delivered enteral nutrition products and necessary equipment and supplies, that are listed as noncovered in this chapter, under the provision of WAC 388-501-0160.

[Statutory Authority: RCW 74.04.050, 74.08.090, 74.09.530, and 74.09.700. 06-24-036, § 388-554-600, filed 11/30/06, effective 1/1/07. Statutory Authority: RCW 74.08.090, 74.09.530 and chapter 74.09 RCW. 05-04-059, § 388-554-600, filed 1/28/05, effective 3/1/05.]

WAC 388-554-700 Enteral nutrition products and supplies—Prior authorization requirements. (1) All requests for oral enteral nutrition products, repairs to equipment, and replacement of necessary supplies for tube-delivery of enteral nutrition products require prior authorization as described in this section. See also WAC 388-501-0165.

(2) When MAA receives an initial request for prior authorization, the prescription(s) for those items cannot be older than three months from the date MAA receives the request.

(3) MAA may authorize orally administered enteral nutrition products that are listed in MAA's published issuances, including billing instructions and numbered memoranda, only if medical necessity is established and the provider furnishes all of the following information to MAA:

(a) A copy of the signed and dated physician order completed by the prescribing physician, advanced registered nurse practitioner (ARNP), or physician assistant-certified (PA-C), which includes client's medical condition and exact daily caloric amount of prescribed enteral nutrition product;

(b) Documentation from the client's physician, ARNP, or PA-C that verifies all of the following:

(i) The client has one of the medical conditions listed in WAC 388-554-300 (4)(e);

(ii) The client's physical limitations and expected outcome;

(iii) The client's current clinical nutritional status, including the relationship between the client's diagnosis and nutritional need;

(iv) For a client age eighteen or older, the client's recent weight loss history and a comparison of the client's actual weight to ideal body weight and current body mass index (BMI);

(v) For a client younger than age eighteen, the client's growth history and a comparison to expected weight gain, and:

(A) An evaluation of the weight-for-length percentile if the client is younger than age three; or

(B) An evaluation of the BMI if the client is older than age three and younger than age eighteen.

(v) Documentation explaining why less costly, equally effective products or traditional foods are not appropriate (see WAC 388-554-500(4));

(vi) The client's likely expected outcome if enteral nutritional support is not provided; and

(vii) Number of days or months the enteral nutrition products, equipment, and/or necessary supplies are required.

(4) A provider may resubmit a request for prior authorization for oral enteral nutrition products or replacement of necessary supplies for tube-delivery of enteral nutrition products that MAA has denied. MAA requires the provider to include new documentation that is relevant to the request.

[Statutory Authority: RCW 74.08.090, 74.09.530 and chapter 74.09 RCW. 05-04-059, § 388-554-700, filed 1/28/05, effective 3/1/05.]

WAC 388-554-800 Enteral nutrition program requirements for WIC program-eligible clients. Clients who qualify for supplemental nutrition from the women, infants, and children (WIC) program must receive supplemental nutrition through that program. The medical assistance administration (MAA) may cover the enteral nutrition products and supplies for WIC program-eligible clients only when all of the following are met:

(1) The provider requests prior authorization for the enteral nutrition product or supply;

(2) Documentation from the WIC program is attached to the request form that verifies:

(a) The client's enteral nutrition need is in excess of WIC program allocations; or

(b) The WIC program cannot supply the prescribed product; and

(3) The client meets the enteral nutrition program requirements in this chapter.

WAC 388-556-0500 Medical care services under state-administered cash programs. Medical care services (MCS) are state-administered medical care services provided to a client receiving cash benefits under the general assistance-unemployable (GA-U) program or the Alcohol and Drug Addiction Treatment and Support Act (ADATSA) program. For a client eligible for MCS:

(1) The department of social and health services (DSHS) covers only the medically necessary services within the applicable program limitations listed in the MCS column under WAC 388-501-0060.

(2) DSHS does not cover medical services received outside the state of Washington unless the medical services are provided in a border area listed under WAC 388-501-0175.

Chapter 388-557 WAC
CHRONIC CARE MANAGEMENT

WAC

WAC 388-557-0050 Chronic care management program—General. (1) The department's chronic care management program:

(a) Offers care management and coordination activities for medical assistance clients determined to be at risk for high medical costs;

(b) Provides education, training, and/or coordination of services for program participants through statewide care management (SCM) and local care management (LCM) providers contracted with DSHS;

(c) Assists program participants in improving self-management skills and improving health outcomes; and

(d) Reduces medical costs by educating clients to better utilize healthcare services.

(2) The department's chronic care management program does not:

(a) Change the scope of services available to a client eligible under a Title XIX medicaid program;

(b) Interfere with the relationship between a participant (client) and the client's chosen department-enrolled provider(s);

(c) Duplicate case management activities available to a client in the client's community; or

(d) Substitute for established activities that are available to a client and provided by programs administered through other DSHS divisions or state agencies.

(3) Chronic care management program services provided by a statewide care management (SCM) contractor and a local care management (LCM) contractor must meet:

(a) The conditions of the contract between DSHS and the contractor; and

(b) Applicable state and federal requirements.

(4) The SCM contractor uses a predictive modeling program to review DSHS claims, and eligibility data to identify clients eligible to participate in the chronic care management program.

[Statutory Authority: RCW 74.08.090, 74.09.500, 74.09.520, and 2007 c 259, § 4. 07-20-048, § 388-557-0050, filed 9/26/07, effective 11/1/07.]

WAC 388-557-0100 Chronic care management program—Definitions. The following terms and definitions apply to the chronic care management program:

"Chronic care management program services" are services provided by DSHS-contracted organizations to clients with multiple health, behavioral, and social needs in order to improve care coordination, client education, and client self-management skills.

"Evidence-based healthcare practice" means a clinical approach to practicing medicine based on the clinician's awareness of evidence and the strength of that evidence to support the management of a disease treatment process.

"Local care management program" or **"LCM program"** means a comprehensive care management program and medical home program for medical assistance clients (participants) that serves a specific geographical area of the state.

"Local care management (LCM) contractor" means an entity or group of entities that contracts with DSHS to provide chronic care management program services to eligible participants (clients).

"Medical home" means an approach to providing healthcare services in a high-quality and cost-effective manner that is accessible, family-centered, comprehensive, continuous, coordinated, compassionate, and culturally competent.

"Participant" means a medical assistance client who has been contacted by an SCM or LCM, and has agreed to participate in the chronic care management program.

"Predictive modeling" means using historical medical claims data to predict future utilization of medical services.

"Self-management" means, with guidance from a healthcare team, the concept of a medical assistance client being the "driver" of their own healthcare to improve their healthcare outcome through:

- Education;
- Monitoring;
- Adherence to evidence-based guidelines; and
- Active involvement in the decision-making process with the team.

"Statewide care management program" or **"SCM program"** means a comprehensive care management program for clients that serves all areas of the state not served by a local care management (LCM) program.

"Statewide care management (SCM) contractor" means an entity that contracts with DSHS to provide chronic care management program services to eligible medical assistance clients (participants). The SCM contractor provides client identification and referral to appropriate local care management (LCM) programs through predictive modeling.

[Statutory Authority: RCW 74.08.090, 74.09.500, 74.09.520, and 2007 c 259, § 4. 07-20-048, § 388-557-0100, filed 9/26/07, effective 11/1/07.]

WAC 388-557-0200 Chronic care management program—Client eligibility and participation. (1) To be a participant in the chronic care management program, a client must:

(a) Be a recipient of the Supplemental Security Income (SSI) program or general assistance with expedited medical categorically needy (GAX) program;

(b) Be identified through predictive modeling as being high risk for high medical costs as a result of needing medical treatment for multiple conditions; and

(c) Agree to participate in the program.

(2) A client participating in the chronic care management program must not be:

(a) Receiving medicare benefits;

(b) Residing in an institution, as defined in WAC 388-500-0005, for more than thirty days;

(c) Eligible for third party coverage that provides care management services or requires administrative controls that would duplicate or interfere with the department's chronic care management program;

(d) Enrolled with a managed care organization (MCO) plan contracted with DSHS;

(e) Currently receiving long term care services; or

(f) Receiving case management services that chronic care management program services would duplicate.

(3) Using data provided by DSHS, the statewide care management (SCM) contractor identifies medical assistance clients who are potential participants for chronic care management program services. A client who meets the participation requirements in this section:

(a) Will be served by the SCM program or a local care management (LCM) program, based on the geographical area of the state the client resides.

(b) Will be contacted by an SCM or LCM care manager for an assessment and enrollment in the program;

(c) Will not be enrolled unless the client specifically agrees to the enrollment;

(d) May request disenrollment at any time. Disenrollment is effective the first day of the following month; and

(e) May request reenrollment at any time. Reenrollment is effective the first day of the following month.

(4) A participating client who subsequently enrolls in a DSHS voluntary managed care program is no longer eligible for chronic care management program services.

(5) A client who meets the eligibility and enrollment criteria for participation in the chronic care management services program:

(a) Is eligible to participate for six months from the date of enrollment provided the client continues to meet eligibility and enrollment criteria; and

(b) May participate for additional six-month participation periods if both the department and the SCM or LCM contractor determine that the participant's self-management skills and healthcare outcome would benefit.

(6) A client who does not agree with a decision regarding chronic care management program services has a right to a hearing under chapter 388-02 WAC.

[Statutory Authority: RCW 74.08.090, 74.09.500, 74.09.520, and 2007 c 259, § 4. 07-20-048, § 388-557-0200, filed 9/26/07, effective 11/1/07.]

WAC 388-557-0300 Chronic care management program services—Confidentiality and data sharing. (1) Statewide care management (SCM) and local care management (LCM) contractors must meet the confidentiality and data sharing requirements that apply to clients eligible under Title XIX medicaid programs and as specified in the chronic care management contract.

(2) DSHS shares healthcare data with SCM and LCM contractors under the provisions of RCW 70.02.050 and the health insurance portability and accountability act of 1996 (HIPAA).

(3) DSHS requires SCM and LCM contractors to monitor and evaluate participant activities and provide to the department:

(a) Any client information collected; and

(b) Any data compiled as the result of the program.

[Statutory Authority: RCW 74.08.090, 74.09.500, 74.09.520, and 2007 c 259, § 4. 07-20-048, § 388-557-0300, filed 9/26/07, effective 11/1/07.]

WAC 388-557-0400 Chronic care management program services—Payment. Only a DSHS-contracted state-

wide care management (SCM) and local care management (LCM) program may bill and be paid for providing the chronic care management program services described in chapter 388-557 WAC. Billing requirements and payment methodology are described in the contract between DSHS and the contractor.

[Statutory Authority: RCW 74.08.090, 74.09.500, 74.09.520, and 2007 c 259, § 4. 07-20-048, § 388-557-0400, filed 9/26/07, effective 11/1/07.]

Chapter 388-561 WAC

TRUSTS, ANNUITIES, AND LIFE ESTATES—EFFECT ON MEDICAL PROGRAMS

WAC

WAC 388-561-0001 Definitions. "Annuitant" means a person or entity that receives the income from an annuity.

"Annuity" means a policy, certificate or contract that is an agreement between two parties in which one party pays a lump sum to the other, and the other party agrees to guarantee payment of a set amount of money over a set amount of time. The annuity may be purchased at one time or over a set period of time and may be bought individually or with a group. It may be revocable or irrevocable. The party guaranteeing payment can be an:

(1) Individual; or

(2) Insurer or similar body licensed and approved to do business in the jurisdiction in which the annuity is established.

"Beneficiary" means an individual(s) designated in the trust who benefits from the trust. The beneficiary can also be called the grantee. The beneficiary and the grantor may be the same person.

"Designated for medical expenses" means the trustee may use the trust to pay the medical expenses of the beneficiary. The amount of the trust that is designated for medical expenses is considered an available resource to the beneficiary. Payments are a third party resource.

"Disbursement" or **"distribution"** means any payment from the principal or proceeds of a trust, annuity, or life estate to the beneficiary or to someone on their behalf.

"Discretion of the trustee" means the trustee may decide what portion (up to the entire amount) of the principal of the trust will be made available to the beneficiary.

"Exculpatory clause" means there is some language in the trust that legally limits the authority of the trustee to distribute funds from a trust if the distribution would jeopardize eligibility for government programs including medicaid.

"For the sole benefit of" means that for a transfer to a spouse, blind or disabled child, or disabled individual, the transfer is arranged in such a way that no individual or entity except the spouse, blind or disabled child, or disabled individual can benefit from the assets transferred in any way, whether at the time of the transfer or at any time during the life of the primary beneficiary.

"Grantor" means an individual who uses his assets or funds to create a trust. The grantor may also be the beneficiary.

"Income beneficiary" means the person receiving the payments may only get the proceeds of the trust. The principal is not available for disbursements. If this term is used, the principal of the trust is an unavailable resource.

"Irrevocable" means the legal instrument cannot be changed or terminated in any way by anyone.

"Life estate" means an ownership interest in a property only during the lifetime of the person(s) owning the life estate. In some cases, the ownership interest lasts only until the occurrence of some specific event, such as remarriage of the life estate owner. A life estate owner may not have the legal title or deed to the property, but may have rights to possession, use, income and/or selling their life estate interest in the property.

"Principal" means the assets that make up the entity. The principal includes income earned on the principal that has not been distributed. The principal is also called the corpus.

"Proceeds" means the income earned on the principal. It is usually interest, dividends, or rent. When the proceeds are not distributed, they become part of the principal.

"Pooled trust" means a trust meeting all of the following conditions:

(1) It contains funds of more than one disabled individual, combined for investment and management purposes;

(2) It is for the sole benefit of disabled individuals (as determined by SSA criteria);

(3) It was created by the disabled individuals, their parents, grandparents, legal guardians, or by a court;

(4) It is managed by a nonprofit association with a separate account maintained for each beneficiary; and

(5) It contains a provision that upon the death of the individual, for any funds not retained by the trust, the state will receive all amounts remaining in the individual's separate account up to the total amount of medicaid paid on behalf of that individual.

"Revocable" means the legal instrument can be changed or terminated by the grantor, or by petitioning the court. A legal instrument that is called irrevocable, but that can be terminated if some action is taken, is revocable for the purposes of this section.

"Sole-benefit trust" means an irrevocable trust established for the sole-benefit of a spouse, blind or disabled child, or disabled individual. In a sole-benefit trust no one but the individual named in the trust receives benefit from the trust in any way either at the time the trust is established or at any time during the life of the primary beneficiary. A sole-benefit trust may allow for reasonable costs to trustees for management of the trust and reasonable costs for investment of trust funds.

"Special needs trust" means an irrevocable trust meeting all of the following conditions:

(1) It is for the sole benefit of a disabled individual (as determined by SSA criteria) under sixty-five years old;

(2) It was created by the individual's parent, grandparent, legal guardian, or by a court; and

(3) It contains a provision that upon the death of the individual, the state will receive the amounts remaining in the

trust up to the total amount of medicaid paid on behalf of the individual.

"Testamentary trust" means a trust created by a will from the estate of a deceased person. The trust is paid out according to the will.

"Trust" means property (such as a home, cash, stocks, or other assets) is transferred to a trustee for the benefit of the grantor or another party. The department includes in this definition any other legal instrument similar to a trust. For annuities, refer to WAC 388-561-0200.

"Trustee" means an individual, bank, insurance company or any other entity that manages and administers the trust for the beneficiary.

"Undue hardship" means the client would be unable to meet shelter, food, clothing, and health care needs if the department applied the transfer of assets penalty.

[Statutory Authority: RCW 74.04.050, 74.04.057, 74.08.090, and 74.09.575. 03-06-048, § 388-561-0001, filed 2/28/03, effective 4/1/03. Statutory Authority: RCW 74.04.050, 74.08.090, and 74.09.500. 01-06-043, § 388-561-0001, filed 3/5/01, effective 5/1/01.]

WAC 388-561-0100 Trusts. (1) The department determines how trusts affect eligibility for medical programs.

(2) The department disregards trusts established, on or before April 6, 1986, for the sole benefit of a client who lives in an intermediate care facility for the mentally retarded (ICMR).

(3) For trusts established on or before August 10, 1993 the department counts the following:

(a) If the trust was established by the client, client's spouse, or the legal guardian, the maximum amount of money (payments) allowed to be distributed under the terms of the trust is considered available income to the client if all of the following conditions apply:

(i) The client could be the beneficiary of all or part of the payments from the trust;

(ii) The distribution of payments is determined by one or more of the trustees; and

(iii) The trustees are allowed discretion in distributing payments to the client.

(b) If an irrevocable trust doesn't meet the conditions under subsection (3)(a) then it is considered either:

(i) An **unavailable** resource, if the client established the trust for a beneficiary other than the client or the client's spouse; or

(ii) An **available** resource in the amount of the trust's assets that:

(A) The client could access; or

(B) The trustee distributes as actual payments to the client and the department applies the transfer of assets rules of WAC 388-513-1363, 388-513-1364 or 388-513-1365.

(c) If a revocable trust doesn't meet the description under subsection (3)(a):

(i) The full amount of the trust is an available resource of the client if the trust was established by:

(A) The client;

(B) The client's spouse, and the client lived with the spouse; or

(C) A person other than the client or the client's spouse only to the extent the client had access to the assets of the trust.

(ii) Only the amount of money actually paid to the client from the trust is an available resource when the trust was established by:

(A) The client's spouse, and the client did not live with the spouse; or

(B) A person other than the client or the client's spouse; and

(C) Payments were distributed by a trustee of the trust.

(iii) The department considers the funds a resource, not income.

(4) For trusts established on or after August 11, 1993:

(a) The department considers a trust as if it were established by the client when:

(i) The assets of the trust, as defined under WAC 388-470-0005, are at least partially from the client;

(ii) The trust is not established by will; and

(iii) The trust was established by:

(A) The client or the client's spouse;

(B) A person, including a court or administrative body, with legal authority to act in place of, or on behalf of, the client or the client's spouse; or

(C) A person, including a court or administrative body, acting at the direction of or upon the request of the client or the client's spouse.

(b) Only the assets contributed to the trust by the client are available to the client when part of the trust assets were contributed by any other person.

(c) The department does not consider:

(i) The purpose for establishing a trust;

(ii) Whether the trustees have, or exercise, any discretion under the terms of the trust;

(iii) Restrictions on when or whether distributions may be made from the trust; or

(iv) Restrictions on the use of distributions from the trust.

(d) For a revocable trust established as described under subsection (4)(a) of this section:

(i) The full amount of the trust is an available resource of the client;

(ii) Payments from the trust to or for the benefit of the client are income of the client; and

(iii) Any payments from the trust, other than payments described under subsection (4)(d)(ii), are considered a transfer of client assets.

(e) For an irrevocable trust established as described under subsection (4)(a) of this section:

(i) Any part of the trust from which payment can be made to or for the benefit of the client is an available resource. When payment is made from such irrevocable trusts, we will consider the payments as:

(A) Income to the client when payment is to or for the client's benefit; or

(B) The transfer of an asset when payment is made to any person for any purpose other than the client's benefit;

(ii) A trust from which a payment cannot be made to or for the client's benefit is a transfer of assets. For such a trust, the transfer of assets is effective the date:

(A) The trust is established; or

(B) The client is prevented from receiving benefit, if this is after the trust is established.

(iii) The value of the trust includes any payments made from the trust after the effective date of the transfer.

(5) For trusts established on or after August 1, 2003:

(a) The department considers a trust as if it were established by the client when:

(i) The assets of the trust, as defined under WAC 388-470-0005, are at least partially from the client or the client's spouse;

(ii) The trust is not established by will; and

(iii) The trust was established by:

(A) The client or the client's spouse;

(B) A person, including a court or administrative body, with legal authority to act in place of, or on behalf of, the client or the client's spouse; or

(C) A person, including a court or administrative body, acting at the direction of or upon the request of the client or the client's spouse.

(b) Only the assets contributed other than by will to the trust by either the client or the client's spouse are available to the client or the client's spouse when part of the trust assets were contributed by persons other than the client or the client's spouse.

(c) The department does not consider:

(i) The purpose for establishing a trust;

(ii) Whether the trustees have, or exercise, any discretion under the terms of the trust;

(iii) Restrictions on when or whether distributions may be made from the trust; or

(iv) Restrictions on the use of the distributions from the trust.

(d) For a revocable trust established as described under subsection (5)(a) of this section:

(i) The full amount of the trust is an available resource of the client;

(ii) Payments from the trust to or for the benefit of the client are income of the client; and

(iii) Any payments from the trust, other than payments described under subsection (5)(d)(ii), are considered a transfer of client assets.

(e) For an irrevocable trust established as described under subsection (5)(a) of this section:

(i) Any part of the trust from which payment can be made to or for the benefit of the client or the client's spouse is an available resource. When payment is made from such irrevocable trusts, the department will consider the payment as:

(A) Income to the client or the client's spouse when payment is to or for the benefit of either the client or the client's spouse; or

(B) The transfer of an asset when payment is made to any person for any purpose other than the benefit of the client or the client's spouse;

(ii) A trust from which a payment cannot be made to or for the benefit of the client or client's spouse is a transfer of assets. For such a trust, the transfer of assets is effective the date:

(A) The trust is established; or

(B) The client or client's spouse is prevented from receiving benefit, if this is after the trust is established.

(iii) The value of the trust includes any payments made from the trust after the effective date of the transfer.

(6) Trusts established on or after August 11, 1993 are not considered available resources if they contain the assets of either:

(a) A person sixty-four years of age or younger who is disabled as defined by SSI criteria (as described in WAC 388-475-0050) and the trust:

(i) Is established for the sole benefit of this person by their parent, grandparent, legal guardian, or a court; and

(ii) Stipulates that the state will receive all amounts remaining in the trust upon the death of the client, up to the amount of medicaid spent on the client's behalf; or

(b) A person regardless of age, who is disabled as defined by SSI criteria (as described in WAC 388-475-0050), and the trust meets the following criteria:

(i) It is irrevocable;

(ii) It is established and managed by a nonprofit association;

(iii) A separate account is maintained for each beneficiary of the trust but for purposes of investment and management of funds the trust pools the funds in these accounts;

(iv) Accounts in the trust are established solely for the benefit of the disabled individual as defined by the SSI program;

(v) Accounts in the trust are established by:

(A) The individual;

(B) The individual's spouse, where the spouse is acting in the place of or on behalf of the individual;

(C) The individual's parent, grandparent, legal guardian;

(D) A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or

(E) A person, including a court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(vi) It stipulates that either:

(A) The state will receive all amounts remaining in the client's separate account upon the death of the client, up to the amount of medicaid spent on the client's behalf; or

(B) The funds will remain in the trust to benefit other disabled beneficiaries of the trust.

(7) Trusts established on or after August 1, 2003 are not considered available resources if they contain the assets of either:

(a) A person sixty-four years of age or younger who is disabled as defined by SSI criteria (as described in WAC 388-475-0050) and the trust:

(i) Is irrevocable;

(ii) Is established for the sole benefit of this person by their parent, grandparent, legal guardian, or a court; and

(iii) Stipulates that the state will receive all amounts remaining in the trust upon the death of the client, the end of the disability, or the termination of the trust, whichever comes first, up to the amount of medicaid spent on the client's behalf; or

(b) A person regardless of age, who is disabled as defined by SSI criteria (as described in WAC 388-475-0050), and the trust meets the following criteria:

(i) It is irrevocable;

(ii) It is established and managed by a nonprofit association;

(iii) A separate account is maintained for each beneficiary of the trust but for purposes of investment and management of funds the trust pools the funds in these accounts;

(iv) Accounts in the trust are established solely for the benefit of the disabled individual as defined by the SSI program;

(v) Accounts in the trust are established by:

(A) The individual;

(B) The individual's spouse, where the spouse is acting in the place of or on behalf of the individual;

(C) The individual's parent, grandparent, legal guardian;

(D) A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or

(E) A person, including a court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(vi) It stipulates that either:

(A) The state will receive all amounts remaining in the client's separate account upon the death of the client, the end of the disability, or the termination of the trust, whichever comes first, up to the amount of medicaid spent on the client's behalf; or

(B) The funds will remain in the trust to benefit other disabled beneficiaries of the trust.

(8) Trusts described in subsection (6)(a) and (7)(a) continue to be considered an unavailable resource even after the individual becomes age sixty-five. However, additional transfers made to the trust after the individual reaches age sixty-five would be considered an available resource and would be subject to a transfer penalty.

(9) The department does not apply a penalty period to transfers into a trust described in subsections (6)(b) and (7)(b) if the trust is established for the benefit of a disabled individual under age sixty-five as described in WAC 388-513-1363 and 388-513-1364 and the transfer is made to the trust before the individual reaches age sixty-five.

(10) The department considers any payment from a trust to the client to be unearned income. Except for trusts described in subsection (6), the department considers any payment to or for the benefit of either the client or client's spouse as described in subsections (4)(e) and (5)(e) to be unearned income.

(11) The department will only count income received by the client from trusts and not the principal, if:

(a) The beneficiary has no control over the trust; and

(b) It was established with funds of someone other than the client, spouse or legally responsible person.

(12) This section does not apply when a client establishes that undue hardship exists.

(13) WAC 388-513-1363, 388-513-1364, 388-513-1365, and 388-513-1366 apply under this section when the department determines that a trust or a portion of a trust is a transfer of assets.

WAC 388-561-0200 Annuities established prior to November 1, 2008. (1) The department determines how annuities affect eligibility for medical programs.

(2) A revocable annuity is considered an available resource.

(3) An irrevocable annuity established prior to May 1, 2001 is not an available resource when issued by an individual, insurer, or other body licensed and approved to do business in the jurisdiction in which the annuity is established.

(4) The income from an irrevocable annuity, meeting the requirements of this section, is considered in determining eligibility and the amount of participation in the total cost of care. The annuity itself is not considered a resource or income.

(5) An annuity established on or after May 1, 2001 and before November 1, 2008 will be considered an available resource unless it:

(a) Is irrevocable;

(b) Is paid out in equal monthly amounts within the actuarial life expectancy of the annuitant;

(c) Is issued by an individual, insurer or other body licensed and approved to do business in the jurisdiction in which the annuity is established; and

(d) Names the department as the beneficiary of the remaining funds up to the total of medicaid funds spent on the client during the client's lifetime. This subsection only applies if the annuity is in the client's name.

(6) An irrevocable annuity established on or after May 1, 2001 and before November 1, 2008 that is not scheduled to be paid out in equal monthly amounts, can still be considered an unavailable resource if:

(a) The full pay out is within the actuarial life expectancy of the client; and

(b) The client:

(i) Changes the scheduled pay out into equal monthly payments within the actuarial life expectancy of the annuitant; or

(ii) Requests that the department calculate and budget the payments as equal monthly payments within the actuarial life expectancy of the annuitant. The income from the annuity remains unearned income to the annuitant.

(7) An irrevocable annuity, established prior to May 1, 2001 that is scheduled to pay out beyond the actuarial life expectancy of the annuitant, will be considered a resource transferred without adequate consideration at the time it was purchased. A penalty period of ineligibility, determined according to WAC 388-513-1365, may be imposed equal to the amount of the annuity to be paid out in excess of the annuitant's actuarial life expectancy.

(8) An irrevocable annuity, established on or after May 1, 2001 and before November 1, 2008 that is scheduled to pay out beyond the actuarial life expectancy of the annuitant, will be considered a resource transferred without adequate consideration at the time it was purchased. A penalty may be imposed equal to the amount of the annuity to be paid out in excess of the annuitant's actuarial life expectancy. The penalty for a client receiving:

(a) Long-term care benefits will be a period of ineligibility (see WAC 388-513-1365).

(b) Other medical benefits will be ineligibility [ineligible] in the month of application.

(9) An irrevocable annuity is considered unearned income when the annuitant is:

(a) The client;

(b) The spouse of the client;

(c) The blind or disabled child, as defined in WAC 388-475-0050 (b) and (c), of the client;

(d) A person designated to use the annuity for the sole benefit of the client, client's spouse, or a blind or disabled child, as defined in WAC 388-475-0050 (b) and (c), of the client.

(10) An annuity is not considered an available resource when there is a joint owner, co-annuitant or an irrevocable beneficiary who will not agree to allow the annuity to be cashed, UNLESS the joint owner or irrevocable beneficiary is the community spouse. In the case of a community spouse, the cash surrender value of the annuity is considered an available resource and counts toward the maximum community spouse resource allowance.

WAC 388-561-0201 Annuities established on or after November 1, 2008. (1) The department determines how annuities affect eligibility for medical programs. Applicants and recipients of medicaid must disclose to the state any interest the applicant or spouse has in an annuity.

(2) A revocable annuity is considered an available resource.

(3) The following annuities are not considered available resources:

(a) An annuity described in subsection (b) or (q) of section 408 of the Internal Revenue Code of 1986;

(b) Purchased with proceeds from an account or trust described in subsection (a), (c), or (p) of section 408 of the Internal Revenue Code of 1986;

(c) A simplified employee pension (within the meaning of section 408 of the Internal Revenue Code of 1986); or

(d) A Roth IRA described in section 408A of the Internal Revenue Code of 1986.

(4) The purchase of an annuity established on or after November 1, 2008, will be considered as an available resource unless it:

(a) Is immediate, irrevocable, nonassignable; and

(b) Is paid out in equal monthly amounts with no deferral and no balloon payments:

(i) Over a term equal to the actuarial life expectancy of the annuitant;

(ii) Over a term that is not less than five years if the actuarial life expectancy of the annuitant is at least five years; or

(iii) Over a term not less than the actuarial life expectancy of the annuitant, if the actuarial life expectancy of the annuitant is less than five years.

(iv) Actuarial life expectancy shall be determined by tables that are published by the office of the chief actuary of the social security administration (http://www.ssa.gov/OACT/STATS/table4c6.html).

(c) Is issued by an individual, insurer or other body licensed and approved to do business in the jurisdiction in which the annuity is established;

(d) Names the state as the remainder beneficiary when the applicant is the annuitant:

(i) In the first position for the total amount of medical assistance paid for the individual, including both long-term care services and waiver services; or

(ii) In the second position for the total amount of medical assistance paid for the individual, including both long-term care services and waiver services, if there is a community spouse, or a minor or disabled child as defined in WAC 388-475-0050 (b) and (c) who is named as the beneficiary in the first position.

(e) Names the state as the beneficiary upon the death of the community spouse for the total amount of medical assistance paid on behalf of the individual at any time of any payment from the annuity if a community spouse is the annuitant;

(f) Names the state as the beneficiary in the first position for the total amount of medical assistance paid on behalf of the individual at the time of any payment from the annuity, including both long-term care services and waiver services, unless the annuitant has a community spouse or minor or disabled child, as defined in WAC 388-475-0050 (b) and (c). If the annuitant has a community spouse or minor or disabled child, such spouse or child may be named as beneficiary in the first position, and the state shall be named as beneficiary in the second position:

(i) If the community spouse, minor or disabled child, or representative for a child named as beneficiary is in the first position as described in (f) and transfers his or her right to receive payments from the annuity for less than fair market value, then the state shall become the beneficiary in the first position.

(5) If the annuity is not considered a resource, the stream of income produced by the annuity is considered available income.

(6) An irrevocable annuity established on or after November 1, 2008 that meets all of the requirements of subsection (4) except that it is not immediate or scheduled to be paid out in equal monthly amounts will not be treated as a resource if:

(a) The full pay out is within the actuarial life expectancy of the annuitant; and

(b) The annuitant:

(i) Changes the scheduled pay out into equal monthly payments within the actuarial life expectancy of the annuitant; or

(ii) Requests that the department calculate and budget the payments as equal monthly payments within the actuarial life expectancy of the annuitant beginning with the month of eligibility. The income from the annuity remains unearned income to the annuitant.

(7) An irrevocable annuity, established on or after November 1, 2008 that is scheduled to pay out beyond the actuarial life expectancy of the annuitant, will be considered a resource.

(8) An irrevocable annuity established on or after November 1, 2008 that meets all of the requirements of subsection (4) or (5) is considered unearned income when the annuitant is:

(a) The client;

(b) The spouse of the client;

(c) The blind or disabled child, as defined in WAC 388-475-0050 (b) and (c), of the client; or

(d) A person designated to use the annuity for the sole benefit of the client, client's spouse, or a blind or disabled child of the client.

(9) An annuity is not considered an available resource when there is a joint owner, co-annuitant or an irrevocable beneficiary who will not agree to allow the annuity to be cashed, unless the joint owner or irrevocable beneficiary is the community spouse. In the case of a community spouse, the cash surrender value of the annuity is considered an available resource and counts toward the maximum community spouse resource allowance.

(10) Nothing in this section shall be construed as preventing the department from denying eligibility for medical assistance for an individual based on the income or resources derived from an annuity other than an annuity described in subsections (3), (4), and (5).

WAC 388-561-0300 Life estates. (1) The department determines how life estates affect eligibility for medical programs.

(2) A life estate is an excluded resource when either of the following conditions apply:

(a) It is property other than the home, which is essential to self-support or part of an approved plan for self-support; or

(b) It cannot be sold due to the refusal of joint life estate owner(s) to sell.

(3) Remaining interests of excluded resources in subsection (2) may be subject to transfer of asset penalties under WAC 388-513-1363, 388-513-1364 and 388-513-1365.

(4) Only the client's proportionate interest in the life estate is considered when there is more than one owner of the life estate.

(5) A client or a client's spouse, who transfers legal ownership of a property to create a life estate, may be subject to transfer-of-resource penalties under WAC 388-513-1363, 388-513-1364 and 388-513-1365.

(6) When the property of a life estate is transferred for less than fair market value (FMV), the department treats the transfer in one of two ways:

(a) For noninstitutional medical, the value of the uncompensated portion of the resource is combined with other nonexcluded resources; or

(b) For institutional medical, a period of ineligibility will be established according to WAC 388-513-1363, 388-513-1364 and 388-513-1365.

Chapter 388-700 WAC

JUVENILE REHABILITATION ADMINISTRATION—PRACTICES AND PROCEDURES

(Formerly chapter 275-37 WAC)

WAC

WAC 388-700-0005 What definitions apply to this chapter? The following definitions apply to this chapter:

"Assistant secretary" means the assistant secretary of the juvenile rehabilitation administration.

"Community facility" means a group care facility operated for the care of juveniles committed to the department under RCW 13.40.185. A county detention facility that houses juveniles committed to the department under RCW 13.40.185 pursuant to an interagency agreement with the department is not a community facility.

"Contractor" means a department of social and health services (DSHS)/juvenile rehabilitation administration (JRA) contractor and all employees and all subcontractors of that contractor.

"Department" means the department of social and health services.

"JRA" means the juvenile rehabilitation administration, department of social and health services.

"JRA youth" or **"juvenile"** means a juvenile offender under the jurisdiction of JRA or a youthful offender under the jurisdiction of the department of corrections who is placed in a JRA facility.

"Limited access" means supervised access to a juvenile(s) that is the result of the person's regularly scheduled activities or work duties.

"Preponderance of the evidence" means a determination by the secretary that the alleged sexual misconduct more likely than not occurred, or an admission of sexual misconduct has been made.

"Program administrator" means institution superintendent, regional administrator, or their designees.

"Reasonable cause" means a reason that would motivate a person of ordinary intelligence under the circum-

stances to believe that an act of sexual misconduct may have occurred.

"Regular access" means unsupervised access to a juvenile(s), for more than a nominal amount of time, that is the result of the person's regularly scheduled activities or work duties.

"Secretary" means the secretary of the department of social and health services.

"Sexual contact" means any touching of the sexual or other intimate parts of a person done for the purpose of gratifying sexual desire of either party or a third party.

"Sexual intercourse" has its ordinary meaning and:

(1) Occurs upon any penetration, however slight; and

(2) Also means any penetration of the vagina or anus however slight, by an object, when committed on one person by another, whether such persons are of the same or opposite sex, except when such penetration is accomplished for medically recognized treatment or diagnostic purposes; and

(3) Also means any act of sexual contact between persons involving the sex organs of one person and the mouth or anus of another whether such persons are of the same or opposite sex.

"Suspend" means to remove from unsupervised access to any JRA youth.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0005, filed 11/27/00, effective 12/28/00.]

BACKGROUND CHECKS

WAC 388-700-0010 When are background checks required? JRA must conduct background checks on prospective employees, volunteers, and individual contracted service providers who will have regular access to juveniles. Background checks may be conducted on prospective employees, volunteers, and individual contracted service providers who will have limited access to juveniles.

(1) Procedures must be established in order to investigate and determine suitability of a person in a position who will have regular access or limited access to juveniles.

(2) Employees, volunteers or individual contracted service providers who are authorized for regular access do not require the presence of another person cleared through the designated background check process during the performance of their duties.

(3) The presence of another person cleared through the designated background check process is required for people authorized to have limited access to juveniles.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0010, filed 11/27/00, effective 12/28/00.]

WAC 388-700-0015 What crimes prohibit "regular access" to juveniles? Effective September 1, 1998, potential employees, volunteers, and individual contracted service providers must not be hired, engaged, or authorized in a position which allows regular access if the individual has been convicted of:

(1) Any felony sex offense as defined in RCW 9.94A.030 and 9A.44.130;

(2) Any crime specified in chapter 9A.44 RCW when the victim was a juvenile in the custody of or under the jurisdiction of JRA as stated in RCW 13.40.570; or

(3) Any violent offense as defined in RCW 9.94A.030.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0015, filed 11/27/00, effective 12/28/00.]

WAC 388-700-0020 What are the reporting requirements for criminal convictions? Effective September 1, 1998 employees, volunteers, and individual contracted service providers who are authorized for regular access to a juvenile(s) must report any conviction of a crime identified in WAC 388-700-0015. The report must be made to the person's supervisor within seven days of conviction. Failure to report within seven days constitutes misconduct under Title 50 RCW. Employees, volunteers, and individual contracted service providers who have been convicted of offenses in WAC 388-700-0015 must not have regular access to a juvenile(s).

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0020, filed 11/27/00, effective 12/28/00.]

WAC 388-700-0025 Is a contracting agency required to do background checks? JRA must require background checks to be conducted on prospective employees and volunteers of contracting agencies if the person will have regular access to juveniles.

(1) Requirements of WAC 388-700-0010, 388-700-0015, and 388-700-0020 must be met by contracted service providers.

(2) The contracted service provider or designee of an agency contracting with JRA for the provision of a community facility must ensure background check investigations are conducted according to department licensing requirements.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0025, filed 11/27/00, effective 12/28/00.]

SEXUAL MISCONDUCT BY JRA EMPLOYEES

WAC 388-700-0030 What action must be taken if there is a belief that sexual misconduct by a JRA employee has occurred? If there is reasonable cause to believe that sexual intercourse or sexual contact between a JRA employee and a JRA youth has occurred, the secretary must immediately remove the JRA employee from access to JRA youth, and follow reporting requirements in chapter 26.44 RCW, Reporting abuse and neglect of a child.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0030, filed 11/27/00, effective 12/28/00.]

WAC 388-700-0035 What disciplinary action is required if there is evidence that sexual misconduct by a JRA employee has occurred? If the preponderance of the evidence finds that sexual intercourse or sexual contact between a JRA employee and a JRA youth has occurred, or upon a guilty plea or conviction for any crime specified in chapter 9A.44 RCW when the victim was an offender, the secretary must immediately institute proceedings to terminate the employee.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0035, filed 11/27/00, effective 12/28/00.]

SEXUAL MISCONDUCT BY JRA CONTRACTORS

WAC 388-700-0040 What action must be taken if there is a belief that sexual misconduct by a JRA contractor has occurred? The secretary requires the individual contractor, or employee of a contractor, when there is reasonable cause to believe he/she has had sexual intercourse or sexual contact with a JRA youth, to be immediately removed from access to any JRA youth, and follow reporting requirements in chapter 26.44 RCW, Reporting abuse and neglect of a child.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0040, filed 11/27/00, effective 12/28/00.]

WAC 388-700-0045 What action is required if there is evidence that sexual misconduct by a JRA contractor has occurred? (1) If there is a preponderance of evidence that sexual intercourse or sexual contact between a JRA contractor and a JRA youth occurred, the secretary must inform the contractor that the individual employee is disqualified from employment with a contractor in any position with access to JRA youth.

(2) A contract with a contractor who has had an employee who has been disqualified for employment based on a preponderance of evidence that he or she has had sexual intercourse or sexual contact with a JRA youth, must not be renewed until the secretary determines that significant progress has been made by the contractor to reduce the likelihood that any of its employees or subcontractors have sexual intercourse or sexual contact with a JRA youth.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0045, filed 11/27/00, effective 12/28/00.]

SEXUAL MISCONDUCT BY JRA EMPLOYEES OR CONTRACTORS

WAC 388-700-0050 What action will be taken if an employee or contractor has sexual intercourse or sexual contact against their will? DSHS will not take any action against a person who is employed or contracted by JRA who has sexual intercourse or sexual contact with a JRA youth and it is found to have been against the employed or contracted person's will.

[Statutory Authority: RCW 13.40.570. 00-24-014, § 388-700-0050, filed 11/27/00, effective 12/28/00.]

Chapter 388-710 WAC

CONSOLIDATED JUVENILE SERVICES PROGRAMS

WAC

WAC 388-710-0005 Definitions. "Administration" means activities and costs necessary for management and support of a consolidated juvenile services program.

"Application" means the document requesting state funds for specific projects under the consolidated juvenile services program.

"Community input" means information received from local entities which must include, unless impracticable: Providers, judges, law enforcement, juvenile court staff, social service agencies, schools, tribes, organizations representing communities of color, as well as other persons with an interest in juvenile justice. An existing advisory group, committee, or public forum may be used to gather input provided such groups include representation from the entities listed above.

"Director" means the director of the division of community programs/juvenile rehabilitation administration or his or her designee.

"Division" means the division of community programs of the juvenile rehabilitation administration.

"Outcome" means specific changes in the lives of youth and families which lead to a decrease in recidivism.

"Participating county" means a county or counties applying under this chapter.

"Program administrator" or **"administrator"** means the person designated to administer the consolidated juvenile services program in the juvenile court.

"Project" means a specific intervention or program performed as a part of consolidated juvenile services.

"Project supervisor" or **"supervisor"** means a person designated to supervise a project or projects in the consolidated juvenile services program.

"Regional administrator" means the regional administrator of one of the division's six administrative regions, or his or her designee.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0005, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0010 Establishment of a consolidated juvenile services program. (1) Request to participate.

A request by a county or group of counties to participate under this chapter must include a signed resolution or letter of intent submitted to the regional administrator by the executive body expressing intent to participate. The request must include a statement that consolidated juvenile services funds will not be used to replace county funds for existing programs. For those counties with juvenile detention facilities, the counties must include a statement indicating standards of operation as outlined under RCW 13.06.050 are in place.

(2) Program planning process and approval.

(a) Each participating county must develop a program application for the delivery of services and must agree to comply with the provisions of this chapter.

(b) The application must incorporate community input and respond to community comments, which must include but not be limited to:

(i) Efforts to identify and utilize existing community services;

(ii) Appropriate linkage to and support from other elements of the existing juvenile justice, education, and social

service systems to reduce or eliminate barriers to effective family centered service delivery;

(iii) Efforts to address racial disproportionality; and

(iv) Efforts to address issues specific to the Americans with Disabilities Act as it relates to client and family service delivery.

(c) Written guidelines and instructions for the application must be provided by the division. The application must be developed in consultation with the regional administrator to ensure the coordination of state, county, and private sector resources within regional boundaries and must be submitted to the regional administrator for review and approval.

(d) The division may provide technical assistance in the development of the application.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0010, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0015 General provisions. (1) Access to services and use of existing community resources. Program administrators must ensure all juveniles participating in the program have access to appropriate services, activities, and opportunities.

(2) All juveniles served by projects covered under this chapter must be afforded judicial due process in all contacts, especially those which may result in a more restrictive intervention.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0015, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0020 Organization. The organizational structure of the program is the prerogative of the juvenile court participating under this chapter and must not be dictated by these standards.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0020, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0025 Administration. (1) Administrators and supervisors are responsible for the implementation of the program and the accomplishment of stated activities and outcomes.

(2) Administrators or supervisors must meet at least annually with the regional administrator to review progress toward the achievement of outcomes.

(3) Case records and management information.

(a) Juvenile offender records must minimally contain a case plan, based upon assessed factors related to risk to reoffend, methods of intervention and a termination/closing report summarizing case activity and outcomes.

(b) The provisions of chapter 13.50 RCW pertaining to the maintenance and confidentiality of social and legal information apply to all programs and projects covered under this chapter.

(c) Administrators and/or supervisors must provide necessary statistical data to maintain the division's management information system and must maintain sufficient data to evaluate program effectiveness and outcomes.

(4) Change in project.

(a) Modification of a project requires the advance written approval of the regional administrator.

(b) The administrator must send written notification to the regional administrator prior to the movement of funds between programs. The regional administrator must confirm in writing all notifications received.

(c) Contract amendments must be processed through the juvenile rehabilitation administration regional office and are necessary when:

(i) Total contract budget amounts are increased or decreased;

(ii) A project is added or deleted;

(iii) The total number of full-time employees in the consolidated programs increases from the original contract number.

(5) Each participating county must ensure program staff receive training necessary to implement programs covered under this chapter.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0025, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0030 Monitoring of performance and evaluation of program impact. (1) It is the responsibility of the administrator to submit monthly reports, annual narrative reports, corrective action plans and reports, and other reports as specified in the division's application, budget, and monitoring instructions to the regional administrator.

(2) The regional administrator must submit to the director a biennial report of each program.

(3) The regional administrator, may at any time, request a formal program/project or fiscal audit and may also request other available technical services to assist in monitoring and evaluating the program/projects.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0030, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0035 Distribution of funds and fiscal management. Funding constraints.

(1) Funds for programs covered by this chapter must be utilized for the achievement of the outcomes stated for each project.

(2) Failure on the part of any project to perform in accordance with the provisions of this chapter may result in the termination or reduction of funds.

(3) The administrator is responsible for the management of all fiscal matters related to the program. The program must comply with state and local policies and procedures, the terms and conditions of the contract, and the application, budget, and monitoring instructions as outlined by the juvenile rehabilitation administration.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0035, filed 7/24/00, effective 8/24/00.]

WAC 388-710-0040 Exceptions to rules. The juvenile court may request in writing to the director a waiver of the specific requirements of this chapter when the imposition of such requirements can be shown to be detrimental or impractical to overall program operations. The director must consider each waiver request individually and promptly advise the applicant in writing of the director's decision regarding the waiver and explain the basis for such decision.

[Statutory Authority: RCW 13.06.030. 00-16-032, § 388-710-0040, filed 7/24/00, effective 8/24/00.]

Chapter 388-720 WAC

COLLECTION OF COSTS OF SUPPORT, TREATMENT, AND CONFINEMENT OF JUVENILES UNDER RCW 13.40.220

(Formerly chapter 275-47 WAC)

WAC

WAC 388-720-0010 Definitions. (1) "Juvenile" means juvenile offender sentenced to confinement in the department, other than an offender for whom a parent is approved to receive adoption support under chapter 74.13 RCW.

(2) "Department" means the department of social and health services, state of Washington.

(3) "Gross income" means the total income from all sources, received by the parent, the juvenile, or other children of the parent remaining in the household, other than a stepchild, as determined by the department.

(4) "Parent" means the parent of the juvenile or other person legally obligated to care for and support the juvenile, not including a stepparent.

(5) "Parents and dependents" means the juvenile's parent or parents, a stepparent living in the home who has no income, any child on whom the parent may claim a federal income tax deduction, not including the juvenile confined to the department, and any stepchild for whom the parent is the sole means of support.

[Statutory Authority: RCW 13.40.220. 00-22-019, recodified as § 388-720-0010, filed 10/20/00, effective 11/20/00; 94-15-009 (Order 3752), § 275-47-010, filed 7/8/94, effective 8/8/94.]

WAC 388-720-0020 Cost reimbursement schedule and ability to pay. As provided for in RCW 13.40.220 the office of financial recovery may negotiate payment schedules and the methods used to satisfy costs of support, treatment and confinement with parents and other legally obligated persons, on behalf of the department. The results of the application of this rule may be appealed as provided for in RCW 13.490.220 (4) and (6) and Part IV Adjudicative Proceedings, of chapter 34.05 RCW, Administrative Procedure Act. A parent or other legally obligated person shall pay a percentage of gross income to the department for the cost of support, treatment and confinement of the juvenile. Ability to pay will be determined by the application of the information provided by a parent or other legally obligated person in the financial information statement to the reimbursement schedule below:

Monthly Gross Income	Percentage of Gross Income Ordered for Reimbursement of Costs Number of Parents and Dependents Remaining in Household							
	1	2	3	4	5	6	7	8+
TANF or $0 - 600	0	0	0	0	0	0	0	0
$601 - 1000	8%	6%	4%	2%	0	0	0	0
$1001 - 2000	12%	10%	8%	6%	4%	2%	0	0
$2001 - 3000	16%	14%	12%	10%	8%	6%	4%	2%
$3001 - 4000+	18%	16%	14%	12%	10%	8%	6%	4%

(1) Within fifteen days of receipt of the financial information statement, a parent or other legally obligated person shall complete, sign and mail the statement to the department. Based on the statement and on other information available to it, the department shall determine the parent's gross income, the number of parents and dependents, and the reimbursement obligation, and shall serve on the parent a notice and finding of financial responsibility.

(2) If a parent or legally obligated person fails to timely provide a financial statement, the reimbursement obligation shall be twenty-three hundred dollars per month.

(3) If the juvenile's parents or other legally obligated person reside in separate households, each parent shall be liable for reimbursement.

(4) The gross income of a parent shall be reduced by the amount the parent pays in spousal maintenance to the juvenile's parent, which is gross income to the receiving parent. The gross income of a parent or other legally obligated person shall be reduced by the amount of current child support paid for any child, including the juvenile offender. This credit shall be available when the support is paid to any section of the department or to any other person legally entitled to receive those support payments, pursuant to court order or administrative order for a child the parent did not claim as a dependent under the reimbursement schedule.

(5) Reimbursement may not exceed the cost of care as determined by the department.

(6) The reimbursement obligation commences the day the juvenile enters the custody of the department, regardless of when the notice and finding of financial responsibility is received by the parent. A monthly reimbursement obligation shall be reduced on a pro rata basis for any days in which the juvenile was not in the custody of the department.

(7) The parent or other legally obligated person of the juvenile shall be exempt from the payment of the cost of the juvenile's care in the state facility if the parent or other legally obligated person receives adoption support or is eligible to receive adoption support for the juvenile offender; or if the parent, or other legally obligated person, or such person's child, spouse, or spouse's child, was the victim of the offense for which the juvenile was committed to the department.

[Statutory Authority: RCW 13.40.220. 04-05-080, § 388-720-0020, filed 2/17/04, effective 3/19/04; 00-22-019, recodified as § 388-720-0020, filed 10/20/00, effective 11/20/00; 96-24-075, § 275-47-020, filed 12/2/96, effective 1/2/97; 94-15-009 (Order 3752), § 275-47-020, filed 7/8/94, effective 8/8/94.]

WAC 388-720-0030 Hearing. A parent may request a hearing under RCW 13.40.220(5) to contest a notice and finding of financial responsibility issued by the department. The department shall ensure the hearing is governed by chap-

ter 34.05 RCW and chapter 388-02 WAC. The sole issues at the hearing include whether the:

(1) Person receiving the notice and finding of financial responsibility is a parent of the juvenile; and

(2) Department correctly:

(a) Determined the parent's gross income and the number of parents and dependents; and

(b) Calculated the reimbursement obligation in accordance with the reimbursement schedule as described under WAC 388-720-0020.

[Statutory Authority: RCW 13.40.220. 00-22-019, amended and recodified as § 388-720-0030, filed 10/20/00, effective 11/20/00; 94-15-009 (Order 3752), § 275-47-030, filed 7/8/94, effective 8/8/94.]

WAC 388-720-0040 Modifications. (1) A parent may modify the parent's financial statement upon a change in gross income or in the number of persons residing in the household only if the change decreases the reimbursement obligation by one hundred dollars per month or more. A decrease may be granted only from the date on which the request for modification is made, and may not be applied retroactively.

(2) A parent shall file a financial statement modification if a change in gross income or the number of persons residing in the household increases the reimbursement obligation by one hundred dollars per month or more. An increase may be applied retroactively.

(3) The department will issue a new notice and finding of financial responsibility upon receipt of a modified financial statement as defined in subsections (1) or (2) of this section. The department may also issue a new notice based upon its own review if the conditions of subsection (1) or (2) of this section are met.

[Statutory Authority: RCW 13.40.220. 00-22-019, recodified as § 388-720-0040, filed 10/20/00, effective 11/20/00; 94-15-009 (Order 3752), § 275-47-040, filed 7/8/94, effective 8/8/94.]

WAC 388-720-0050 Powers of the administrative law judge. The administrative law judge in the final order rendered after the hearing conducted in accordance with WAC 388-720-0030 shall include the name and age of the juvenile in that final order. The administrative law judge shall also indicate the parent's or other legally obligated person's monthly liability amount for the period of the juvenile's confinement beginning with the date the child enters the custody of the department. The administrative law judge shall not establish in the final order any amount constituting a repayment figure of any accrued obligation of the parent but shall indicate in the final order that any accrued obligation shall be paid by the parent to the department's office of financial recovery (OFR) and that OFR will be responsible for determining the method of repayment of the parent's accrued obligation.

The administrative law judge shall also include a statement in the final order that the parent's financial obligation is collectible by OFR and that should the parent fail to comply with any payment plan entered into by OFR and the parent, or the parent fails to pay the amount set out in the final order, OFR shall be authorized to take legal collection action to recover the amounts due from the parent. Legal collection action can include, but is not limited to:

(1) The filing of liens against the real and personal property of the parent; or

(2) The issuance of a garnishment order against the wages, bank accounts, or other property of the responsible persons.

Chapter 388-730 WAC

PLACEMENT OF JUVENILE OFFENDERS COMMITTED TO THE JUVENILE REHABILITATION ADMINISTRATION (JRA)

(Formerly chapter 275-46 WAC)

WAC

WAC 388-730-0010 Definitions. As used in this chapter:

"Community facility" means a group care facility operated for the care of juveniles committed to the department under RCW 13.40.185. A county detention facility that houses juveniles committed to the department under RCW 13.40.185 pursuant to an interagency agreement with the department is not a community facility.

"Community placement eligibility requirements" means requirements developed by JRA that must be met by a youth to demonstrate progress in treatment and low public safety risk, which justify an institutional minimum or minimum security classification for the youth.

"Initial security classification assessment" means a written instrument, developed by JRA and administered by diagnostic staff, to determine to what extent a juvenile is a threat to public safety for the purpose of determining the juvenile's security classification when the juvenile initially is committed to JRA.

"JRA" means juvenile rehabilitation administration, department of social and health services.

"Juvenile" means a person under the age of twenty-one who has been sentenced to a term of confinement under the supervision of the department under RCW 13.40.185.

"Program administrator" means institution superintendent, regional administrator, or their designees.

"Residential treatment and care program" means a single family residence operated for the care of juveniles committed to the department under RCW 13.40.185.

"Separate living unit" means sleeping quarters and areas used for daily living activities not specific to treatment and education programs located in a building, wing, or on a different floor which separates resident groups.

"Service provider" means the entity that operates a community facility or is contracted to provide a residential treatment and care program.

"Specialized treatment program" means a program that addresses additional rehabilitation needs such as sex offender treatment, drug/alcohol treatment, mental health interventions, gang intervention, gender/age specific intervention and other programs meeting specific rehabilitation needs of juveniles.

[Statutory Authority: RCW 13.40.460 and 72.05.150. 03-03-070, § 388-730-0010, filed 1/15/03, effective 2/15/03. Statutory Authority: Chapter 72.05 RCW. 00-22-019, recodified as § 388-730-0010, filed 10/20/00, effective 11/20/00. Statutory Authority: RCW 72.05.400, [72.05.]405, [72.05.]-410, [72.05.]415, [72.05.]425, [72.05.]430, [72.05.]435, [72.05.]440, 74.15.-210, 13.40.460 and [13.40.]480. 98-18-056, § 275-46-010, filed 8/31/98, effective 9/1/98. Statutory Authority: RCW 13.40.460. 96-18-041, § 275-46-010, filed 8/29/96, effective 9/29/96.]

WAC 388-730-0015 Assessment. (1) Risk assessment and treatment needs must be the basis of placement decisions involving juveniles.

(2) JRA must ensure juveniles are assessed to determine appropriate placement and treatment programming. Ongoing risk and needs assessment must occur during a juvenile's commitment to JRA.

(3) Risk assessment must include:

(a) Risk to public safety;

(b) Risk for sexually aggressive behavior; and

(c) Risk for vulnerability to sexual aggression.

(4) JRA must use a security classification system to assist in placement decisions.

(5) Student records and information as described in RCW 72.05.425 are required for juvenile offender risk assessment, security classification assignment, and JRA community placement decisions. Designated school officials must ensure student records are provided to the identified juvenile court or JRA representative as required in RCW 28A.600.475 and 13.40.480.

[Statutory Authority: Chapter 72.05 RCW. 00-22-019, recodified as § 388-730-0015, filed 10/20/00, effective 11/20/00. WAC 388-730-0020 Security classifications. (1) There are four JRA security classifications:

(a) Maximum;

(b) Medium;

(c) Institutional minimum; and

(d) Minimum.

(2) A juvenile's initial security classification is determined using the initial security classification assessment. A juvenile's security classification may be changed at any time, and be reviewed at regular intervals as determined by JRA policy.

[Statutory Authority: Chapter 72.05 RCW. 00-22-019, recodified as § 388-730-0020, filed 10/20/00, effective 11/20/00. WAC 388-730-0030 Maximum security. (1) A maximum security classification must be assigned to a juvenile if:

(a) Indicated by the initial security classification assessment; or

(b) Following the initial security classification, it is determined the juvenile:

(i) Does not meet the community placement eligibility requirements for minimum security; and

(ii) Requires maximum security restrictions to protect public safety, encourage the juvenile to participate in treatment and follow facility rules, or enhance the safe and orderly operation of the facility.

(2) A juvenile classified as maximum security must:

(a) Reside in an institution with the capability of:

(i) Security windows;

(ii) Locked exterior doors;

(iii) Lockable single-person rooms; and

(iv) A security fence.

(b) Be permitted movement between secured buildings only if accompanied by a close staff escort;

(c) Be confined to facility grounds, except for court appearances or emergencies, in which case a staff escort, and transportation in restraints and in a security vehicle, are required; and

(d) Be allowed authorized leave only for emergency and medical purposes pursuant to RCW 13.40.205.

[Statutory Authority: Chapter 72.05 RCW. 00-22-019, recodified as § 388-730-0030, filed 10/20/00, effective 11/20/00. WAC 388-730-0040 Medium security. (1) A medium security classification must be assigned to a juvenile if:

(a) Indicated by the initial security classification assessment; or

(b) Following the initial security classification, it is determined the juvenile:

(i) Does not meet the community placement eligibility requirements for minimum security; and

(ii) Requires medium security restrictions to protect public safety, encourage the juvenile to participate in treatment and follow facility rules, or enhance the safe and orderly operation of the facility.

(2) A juvenile classified as medium security must:

(a) Reside in an institution with the capability of at least:

(i) Lockable exterior doors or fire exit doors fitted with alarms; and

(ii) A security fence or windows without egress.

(b) Receive during movement a staff escort, continuous visual surveillance, or telephone/radio staff verification of departures and arrivals, unless the program administrator determines such measures are unnecessary;

(c) Be confined to facility grounds, except for:

(i) Participation in work crews or other programs outside the facility that require a close staff escort; and

(ii) Court appearances or emergencies, in which case a staff escort, and transportation in a security vehicle and/or in restraints, are required.

(d) Be allowed authorized leave only for emergency or medical purposes pursuant to RCW 13.40.205.

[Statutory Authority: Chapter 72.05 RCW. 00-22-019, recodified as § 388-730-0040, filed 10/20/00, effective 11/20/00. Statutory Authority: RCW 13.40.460. 96-18-041, § 275-46-040, filed 8/29/96, effective 9/29/96.]

WAC 388-730-0050 Institutional minimum. (1) An institutional minimum classification must be assigned to a juvenile if:

(a) Indicated by the initial security classification assessment;

(b) Indicated by the community placement eligibility requirements unless a recent incident indicates the juvenile no longer meets these requirements; or

(c) The assistant secretary for JRA or designee approves an override of the medium security classification.

(2) Even if eligible under subsection (1) of this section, a juvenile must not receive an institutional minimum security classification if:

(a) The assistant secretary for JRA, or designee, signs an administrative override disapproving institutional minimum classification and assigning the juvenile a higher security classification; or

(b) The juvenile is a sex offender who meets the requirements for civil commitment referral under chapter 71.09 RCW or is classified as a risk level III under RCW 13.40.217.

(3) A juvenile classified as institutional minimum security:

(a) Must reside in an institution with the capability of at least:

(i) Lockable exterior doors or fire exit doors fitted with alarms; and

(ii) A security fence or windows without egress.

(b) May be permitted:

(i) Unescorted movement on facility grounds;

(ii) Participation in work crews or other programs outside the facility with a close staff escort;

(iii) Unescorted participation in community work, educational and community service programs, and family treatment or other activities to strengthen family ties, for up to twelve hours per day; and

(iv) Authorized leave pursuant to RCW 13.40.205.

(4) A juvenile on institutional minimum security must be transferred to minimum security upon the availability of an appropriate community placement if:

(a) Ten percent of the juvenile's sentence, and in no case less than thirty days, has been served in a secure facility; and

(b) All placement assessment requirements have been met.

[Statutory Authority: Chapter 72.05 RCW. 00-22-019, recodified as § 388-730-0050, filed 10/20/00, effective 11/20/00. Statutory Authority: RCW 13.40.460. 96-18-041, § 275-46-050, filed 8/29/96, effective 9/29/96.]

WAC 388-730-0060 Minimum security. (1) The provisions of WAC 388-730-0050 also apply to a juvenile classified as minimum security, except the juvenile must reside in a community facility, residential treatment and care program, or a community commitment program facility (CCP) rather than in an institution.

(2) Juveniles must not be placed in a community facility or residential treatment and care program until:

(a) Ten percent of the juvenile's sentence, and in no case less than thirty days, has been served in a secure facility; and

(b) All placement assessment requirements have been met.

(3) In addition to the provisions of WAC 388-730-0050 (3)(b)(iii), minimum security juveniles may be permitted unescorted participation in treatment programs in the community that do not involve the family for up to twelve hours per day.

WAC 388-730-0065 Special placement restrictions. Certain placement restrictions apply to community facilities and residential treatment and care programs that are commonly used by and under the jurisdiction of both JRA and the children's administration.

(1) When juveniles under commitment to JRA are assessed as a high to moderate risk for sexually aggressive behavior, they may not be placed in a community facility or residential treatment and care program with youths under the jurisdiction of children's administration unless:

(a) They are placed in a separate living unit solely for juveniles currently under the jurisdiction of JRA; or

(b) They are placed in a program that contracts specifically for the provision of services to sexually aggressive youth.

(2) Juveniles under commitment to JRA for a class A felony may not be placed in these community facilities unless:

(a) They are housed in a separate living unit solely for juveniles currently under the jurisdiction of JRA;

(b) They are placed in a community facility or residential treatment and care program that is a specialized treatment program and the juvenile is not assessed as sexually aggressive under RCW 13.40.470; or

(c) They are placed in a community facility or residential treatment and care program that is a specialized treatment program housing one or more sexually aggressive youth and the juvenile is not assessed as sexually vulnerable under RCW 13.40.470.

WAC 388-730-0070 Residential disciplinary standards. (1) Serious violations by a juvenile include:

(a) Escape or attempted escape;

(b) Violence toward others with intent to harm and/or resulting in significant bodily injury;

(c) Involvement in or conviction of a criminal offense under investigation by law enforcement or awaiting adjudication for behavior that occurred during current placement;

(d) Extortion or blackmail that threatens the safety or security of the facility or community;

(e) Setting or causing an unauthorized fire with intent to harm self, others, or property, or with reckless disregard for the safety of others;

(f) Possession or manufacture of weapons or explosives, or tools intended to assist in escape;

(g) Interfering with staff or service providers in performing duties relating to the security and/or safety of the facility or community;

(h) Intentional property damage in excess of one thousand five hundred dollars;

(i) Possession, use, or distribution of drugs or alcohol, or use of inhalants;

(j) Rioting or inciting others to riot;

(k) Refusal of urinalysis or search; or

(l) Other behaviors which threaten the safety or security of the facility, its staff, or residents or the community.

(2) Other violations by a juvenile placed in a community facility or residential treatment and care program include:

(a) Unaccounted for time when a juvenile is away from the community facility or residential treatment and care program;

(b) Violation of conditions of authorized leave;

(c) Intimidation or coercion against any person;

(d) Misuse of medication such as hoarding medication or taking another person's medication;

(e) Self-mutilation, self tattooing, body piercing, or assisting others to do the same;

(f) Intentional destruction of property valued at less than fifteen hundred dollars;

(g) Fighting;

(h) Unauthorized withdrawal of funds with intent to commit other violations;

(i) Suspensions or expulsions from school or work;

(j) Violations of school, employment or volunteer work agreements related to custody and security concerns;

(k) Escape talk;

(l) Sexual contact or any other behavior, not defined as a serious violation, resulting in a referral to the department of licensing, child protective services, or law enforcement; or

(m) Lewd or disruptive behavior in the community.

(3) Juveniles must be held accountable when there is reasonable cause to believe they have committed a violation.

(a) Whenever a juvenile placed in a community facility or residential treatment and care program commits a serious violation, the juvenile must be returned to an institution. The JRA program administrator who receives a service provider report of a serious violation must make arrangements to transfer the juvenile to an institution as soon as possible. Juveniles may be placed in a secure JRA or contracted facility pending transportation to an institution.

(b) Sanctions for serious violations committed by juveniles in an institution, and additional sanctions for serious violations committed by juveniles returned to an institution, must include one or more of the following:

(i) Loss of privileges for up to thirty days;

(ii) Loss of program level; or

(iii) Room confinement up to seventy-two hours.

(c) Sanctions for serious violations may also include, but are not limited to, one or more of the following:

(i) Change in release date;

(ii) Referral for prosecution;

(iii) Transfer to an intensive management unit;

(iv) Increase in security classification;

(v) Reprimand and loss of points;

(vi) Restitution; or

(vii) Community service.

(d) Sanctions for violations listed in WAC 388-730-0070(2) may include transfer to a higher security facility and must include one or more of the following:

(i) Loss or privileges;

(ii) Loss of program level;

(iii) Room confinement up to seventy-two hours;

(iv) Change in release date;

(v) Reprimand and/or loss of points;

(vi) Additional restitution; or

(vii) Community service.

(4) When a sanction is imposed, the juvenile must also receive a counseling intervention to address the violation.

(5) If the proposed sanctions for any violation includes extending the juvenile's established release date, the juvenile must be entitled to:

(a) Notice of an administrative review to consider extension of the release date and a written statement of the incident;

(b) An opportunity to be heard before a neutral review chairperson;

(c) Present oral or written statements, and call witnesses unless testimony of a witness would be irrelevant, repetitive, unnecessary, or would disrupt the orderly administration of the facility;

(d) Imposition of the sanction only if the administrative review chairperson finds by a preponderance of the evidence that the serious violation did occur; and

(e) A written decision, stating the reasons for the decision, by the administrative review chairperson.

(6) Each superintendent, regional administrator and service provider must clearly post, or make readily available, the list of serious violations and possible sanctions in all living units.

(7) Each program administrator must adopt procedures for implementing the requirements of this section.

WAC 388-730-0080 Documenting and reporting violations committed by juveniles in residential facilities. (1) All serious violations and violations listed in WAC 388-730-0070(2) must be documented in an incident report. The incident report must include:

(a) Circumstances leading up to the violation(s);

(b) A description of the violation;

(c) Response by staff;

(d) Response by the juvenile(s) involved in the incident; and

(e) Sanctions imposed or recommended for the violation(s).

(2) Service providers must:

(a) Forward all incident reports to the JRA program administrator no later than twenty-four hours after the behavior is discovered; and

(b) Verbally report serious violations to the JRA program administrator immediately.

WAC 388-730-0090 Service provider penalty schedule. (1) Whenever a service provider contracts with the JRA to operate a community facility or residential treatment and care program, the contracted service provider must report any known violation as required in WAC 388-730-0080.

(2) If the contracted service provider fails to report violations within the prescribed time frames, the JRA must impose one or more of the following remedies:

(a) Imposition of a corrective action plan to be completed as determined by the program administrator.

(b) Imposition of the following monetary penalties:

(i) The first time fines are imposed on a service provider, the penalty must be at the rate of fifty dollars per day for each juvenile involved in a violation that was not reported as required. The penalty must be assessed for each day the report was late, and may continue until a corrective action plan is approved by the program administrator.

(ii) Subsequent fines imposed on the service provider during the same calendar year must be at the rate of seventy-five dollars per day for each juvenile involved in a violation that was not reported as required. The penalty must be assessed for each day the report was late, and may continue until a corrective action plan is approved by the program administrator.

(c) Order to stop placement until a corrective action plan is submitted, approved by the program administrator, and implemented.

(d) Termination of the contract for convenience if it is determined such termination is in the best interests of the department.

Chapter 388-740 WAC
JUVENILE PAROLE REVOCATION

(Formerly chapter 275-30 WAC)

WAC

WAC 388-740-0010 Definitions. "Department" means the department of social and health services.

"Active parole" means all time served by a JRA youth under JRA parole supervision except that time during which the offender is:

(1) Under a JRA warrant;

(2) Held in detention within or outside the state of Washington pending a parole revocation hearing, pending charges or pending a civil commitment hearing under chapter 71.09 RCW;

(3) Serving a term of confinement for a parole revocation;

(4) Placed on seventy-two hour hold status pursuant to RCW 13.40.050;

(5) Placed on unauthorized leave status;

(6) Committed involuntarily for mental health or chemical dependency treatment; or

(7) On temporary assignment status to a county juvenile detention center, a county jail, or to a department of corrections facility.

If no other time is concurrently tolled against active parole per (1) through (7) above, one additional day is tolled against active parole when the offender is subject to:

• A parole revocation initiated by the JRA.

• A seventy-two hour hold in a JRA facility pending a parole revocation hearing.

"Confinement" means electronic monitoring of a juvenile or physical custody of a juvenile:

• By the department of social and health services in a facility operated by or pursuant to a contract with the juvenile rehabilitation administration;

• In a county detention facility as defined in RCW 13.40.020 or in a county jail;

• In a facility operated by the department of corrections under provisions of RCW 13.40.280 or 13.40.285; or

• In another state under terms of chapter 13.24 RCW and of the interstate compact to which the state of Washington is a party.

"Detention" means, for purposes of this rule, temporary confinement of a juvenile pending charges, court disposition or administrative hearing.

"Juvenile parole officer" means a state employee, or person under contract to the state, whose responsibilities include supervising juvenile parolees.

"Juvenile parolee" means a person under age twenty-one released from a juvenile rehabilitation administration residential facility and placed under the supervision of a juvenile parole officer.

"Modification of parole conditions" means a change in the "order of parole conditions" provided by the juvenile parole officer with full knowledge of the change by the juvenile parolee.

"Parole" means a period of supervision following release from a juvenile rehabilitation administration residential facility, during which time certain parole conditions are to be followed.

"Parole conditions" mean interventions or expectations that include, but are not limited to, those listed in RCW 13.40.210, intended to facilitate the juvenile parolee's reinte-

gration into the community and/or to reduce the likelihood of reoffending.

"Secretary" means secretary of the department of social and health services or his/her designee.

"Violation" means behavior by a juvenile parolee contrary to written parole conditions which may result in sanctions that include, but are not limited to, modification of parole conditions and/or confinement.

"Target victim population" means persons who, by age, sex, race, ethnicity, body conformation or coloration or other personal characteristics are consistent with those of a JRA youth's known victim(s).

WAC 388-740-0030 Parole arrest warrant. (1) A juvenile parole officer:

(a) Must issue a parole arrest warrant when the juvenile parole officer has reason to believe a juvenile parolee possessed a firearm or used a deadly weapon during the parole period; or

(b) May issue a parole arrest warrant when the juvenile parole officer has reason to believe a juvenile parolee has violated a condition of parole, other than possession of a firearm or use of a deadly weapon.

(2) The parole arrest warrant, on department forms, must include a statement of the nature of the violation(s) and the date it occurred.

(3) A juvenile parolee held in detention for an alleged violation of parole conditions is entitled to an informal hearing to determine whether there is probable cause to believe a parole violation occurred and whether continued detention pending a parole revocation hearing is necessary. The hearing must be:

(a) Held within twenty-four hours (excluding Saturdays, Sundays, and holidays) of being placed in detention for an alleged violation of parole conditions; and

(b) Conducted by a parole supervisor or designee not directly involved in the case. The parole supervisor or designee must:

(i) Interview both the juvenile parolee and a juvenile parole staff with knowledge of the alleged violation(s). If such a parole staff is unavailable, documentation of the allegation(s) may be reviewed in place of the staff interview; and

(ii) Issue a decision, immediately following the hearing, with reasons for either releasing the juvenile parolee or authorizing continued detention. The decision must be documented on department forms. In no event shall a juvenile parolee be held in detention for an alleged violation of parole conditions longer than seventy-two hours (excluding Saturdays, Sundays, and holidays) without a parole revocation petition being filed pursuant to WAC 275-30-040.

[Statutory Authority: RCW 13.40.020, 13.24.010. 00-17-046, recodified as § 388-740-0030, filed 8/7/00, effective 8/27/00. WAC 388-740-0040 Parole revocation petition. (1) The juvenile parole officer:

(a) Must initiate a parole revocation petition if the juvenile parole officer has reason to believe the juvenile parolee possessed a firearm or used a deadly weapon during the parole period; or

(b) May initiate a parole revocation petition if the juvenile parole officer has reason to believe the juvenile parolee has violated a condition of parole, other than possession of a firearm or use of a deadly weapon. Criteria in WAC 388-740-0070 (2), (3), (4) and (5) are assessed by the juvenile parole officer to determine the type of revocation and duration of confinement for which to petition.

(2) The petition, on department forms, must include:

(a) A statement of the nature of the violation and the date it occurred;

(b) The relief requested by the juvenile parole officer as a result of the violation;

(c) Notice of the juvenile parolee's right to be represented by an attorney, either one of his/her own choosing or one appointed at public expense;

(d) A parole revocation hearing waiver agreement;

(e) The dated signature of the regional administrator or designee; and

(f) If the parole revocation hearing is not waived, notice of the time, date, and location of the parole revocation hearing and notice that failure to appear may result in default.

(3) An initial copy of the petition that includes the information described in subsection (2)(a) through (e) must:

(a) Be provided to the juvenile parolee or the juvenile parolee's attorney; and

(b) Be provided to the juvenile parolee's parent/guardian, if reasonably possible, and in accordance with laws and rules governing the release of confidential information. The juvenile parole officer must document the date and time he/she provided the initial copy of the petition to the juvenile parolee or the juvenile parolee's attorney.

(4) A juvenile parolee, only through an attorney, may waive the right to a parole revocation hearing and agree to the parole revocation and agreed upon relief. The decision to waive must be documented with dated signatures on the original petition.

(5) If the juvenile parolee through his/her attorney does not waive the right to a hearing, the parole revocation petition must be filed with the local office of the state office of administrative hearings within seventy-two hours (excluding Saturdays, Sundays, and holidays) of:

(a) The juvenile parolee being placed in detention for an alleged violation of parole conditions; or

(b) The juvenile parolee or his/her attorney being provided with a copy of the petition under subsection (3) of this section if the juvenile parolee is not detained.

(6) The filed petition must include notice that failure to appear may result in default, and the time, date, and location of the parole revocation hearing, as determined by the state office of administrative hearings. A copy of the filed petition must:

(a) Be served either personally or by certified mail, return receipt requested, on the juvenile parolee or the juvenile parolee's attorney; and

(b) Be provided to the juvenile parolee's parent/guardian, if reasonably possible, and in accordance with laws and rules governing the release of confidential information.

WAC 388-740-0060 Parole revocation hearing. (1) After the petition is filed a parole revocation hearing must be held to determine whether the alleged parole violation occurred unless the juvenile parolee waives his/her right to a parole revocation hearing. If the juvenile parolee is held in detention as described under WAC 275-30-030, the administrative law judge must hold the hearing within seventy-two hours (excluding Saturdays, Sundays, and holidays) of the petition being served. Otherwise the administrative law judge must hold a hearing no sooner than seven days after the petition is served, but no later than fourteen days after the petition is served.

(2) At the parole revocation hearing, the juvenile may waive the right to be represented by an attorney. A juvenile waiving the right to an attorney may either contest or agree to the parole revocation.

(3) The administrative law judge must:

(a) Conduct a parole revocation hearing in accordance with chapter 10-08 WAC except as otherwise indicated in these rules;

(b) Grant the parole revocation petition if the administrative law judge finds, by a preponderance of the evidence, the violation occurred and the violation warrants revocation;

(c) Order the relief requested in the petition, if the parole revocation petition is granted;

(d) Issue an oral decision immediately following the parole revocation hearing;

(e) Issue a written decision within forty-eight hours of the hearing; and

(f) Provide a copy of the decision to the juvenile parole officer, the juvenile parolee and his/her attorney, the juvenile parolee's parent/guardian, and the department. The administrative law judge's decision shall constitute a final administrative decision.

WAC 388-740-0070 Confinement. (1) Mandatory confinement.

A JRA youth must be confined for a minimum of thirty days for possession of a firearm or use of a deadly weapon while on parole, per RCW 13.40.210 (4)(c).

(2) Confinement for up to thirty days.

A JRA youth may be confined for a period not to exceed thirty days for violating one or more conditions of parole, per RCW 13.40.210 (4)(a)(i) through (iv).

(3) Confinement for remainder of sentence.

As provided for in RCW 13.40.210 (4)(a)(v) and (vi), certain JRA youth who are placed on parole before completing their maximum sentence may be returned to confinement for the remainder of their sentence if they violate conditions of parole.

(a) Sex Offenders: A JRA youth may be returned to confinement for the remainder of the sentence range if the offense for which the youth was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined under RCW 9.94A.030.

(i) The remainder of sentence is calculated as the maximum aggregated term of qualifying sex offenses, minus the number of days served on the aggregated sentence for the qualifying sex offense or offenses.

(ii) Previous days in confinement for a parole violation are not deducted in this calculation.

(iii) Aggregated terms are served such that any term or terms for qualifying sex offenses are considered the last served.

(b) Graduates of basic training camp: A JRA youth who has successfully completed the juvenile offender basic training camp program under RCW 13.40.320 may be returned to confinement for the remainder of their sentence range.

(i) The remainder of sentence is calculated as the maximum aggregated term or four hundred fifty-five days, whichever is shorter, minus the number of days served on their aggregated sentence and on active parole.

(ii) Previous days in confinement for a parole violation are not deducted in this calculation.

(4) Juvenile sex offender confinement for up to twenty-four weeks.

(a) As provided for in RCW 13.40.210 (4)(b), a JRA youth may be returned to confinement for up to twenty-four weeks if:

(i) The JRA youth was sentenced for a sex offense as defined in RCW 9A.44.130;

(ii) The JRA youth is known to have violated the terms of parole; and

(iii) In the determination of the secretary, other graduated sanctions or interventions have not been effective in controlling the youth's parole violations; or

(iv) The behavior is so egregious it warrants the use of the higher level intervention and the violation:

(A) Is a known pattern of behavior consistent with a previous sex offense that puts the JRA youth at high risk for reoffending sexually;

(B) Consists of sexual behavior that is determined to be predatory as defined in RCW 71.09.020; or

(C) Requires a review under chapter 71.09 RCW, due to a recent overt act.

(b) The total number of days of confinement under subsection (4) shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying sex offense or offenses pursuant to RCW 13.40.-0357.

(c) The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation under subsection (4).

(5) Criteria for juvenile sex offender confinement.

A parole revocation petition to confine a juvenile sex offender for the remainder of sentence under subsection (3) or for up to twenty-four weeks under subsection (4) will be based on, but not limited to, the following behavioral and sentence considerations:

(a) Behavioral criteria:

(i) Behavior that appears to constitute a new sex offense or a statement by the JRA youth reporting a new sex offense;

(ii) Statements by the JRA youth that he/she is at imminent risk to re-offend sexually unless confined;

(iii) Accessing, making or possessing child pornography;

(iv) Accessing, making or possessing pornography that depicts excessive physical violence, death or threats of death, torture or infliction of pain, use of a weapon, humiliation or bondage;

(v) Possession of materials which, in total, constitute a "rape kit";

(vi) Unsupervised contact with previous victim(s) or target victim populations, except for approved peer age contact (attending school, etc.);

(vii) Use, possession or providing of drugs and/or alcohol associated with the JRA youth's illegal sexualized behaviors.

(b) Available remainder of sentence range.

If the JRA youth has not served the maximum sentence imposed for the underlying offense or offenses, and confinement under WAC 388-740-0070 (3) or (4) are both available, the petition for relief will take into account whether the remainder of sentence is sufficient to accomplish the purposes of the revocation. If so, the petition will be for confinement for the remainder of the sentence range; if not, the petition will be for up to twenty-four weeks of confinement.

(6) If the JRA youth's parole is revoked, the department must give the youth credit against any period of confinement for days served in detention pending the parole revocation hearing.

(7) Serving confinement.

(a) The JRA youth must serve his or her confinement in a facility or detention facility as described in WAC 388-740-0010.

(b) Confinement may be continuous, or for a portion of each day, or for certain days each week with the balance of time under supervision.

(8) If a juvenile's parole is revoked two or more times during one parole period, the secretary must approve any period of confinement exceeding a combined total of thirty days.

(9) Unless conditions of parole are otherwise amended, the order of parole conditions in effect at the time the parole was revoked shall be deemed reinstated immediately following any period of confinement.

WAC 388-745-040 Attendance at hearing. Attendance at a review board shall be limited to parties directly concerned. The chairperson may exclude unauthorized persons unless the parties agree to their presence. Parties shall have the right to present evidence, cross-examine witnesses and make recommendations to the board. All relevant and material evidence is admissible which, in the opinion of the chairperson, is the best evidence reasonably obtainable, having due regard for its necessity, availability and trustworthiness.

[00-16-078, recodifed as § 388-745-040, filed 7/28/00, effective 7/28/00. Statutory Authority: RCW 13.40.280. 84-10-032 (Order 2097), § 275-33-040, filed 4/30/84.]

WAC 388-745-050 Consideration of evidence. At the conclusion of the hearing, the review board will consider all evidence presented and make a decision whether continued placement of the juvenile offender in an institution for juvenile offenders presents a continuing and serious threat to the safety of others in the institution.

[00-16-078, recodified as § 388-745-050, filed 7/28/00, effective 7/28/00. Statutory Authority: RCW 13.40.280. 84-10-032 (Order 2097), § 275-33-050, filed 4/30/84.]

WAC 388-745-060 Record of decision. The chair of the review board will prepare a written record of the decision and reasons therefore. The review board shall be recorded

manually, or by mechanical, electronic, or other device capable of transcription.

Chapter 388-750 WAC

IMPACT ACCOUNT—CRIMINAL JUSTICE COST REIMBURSEMENT

WAC

WAC 388-750-010 Definitions. The following words and phrases shall have the following meaning when used in these regulations regarding the interpretation of regulations for the reimbursement from impacts caused by criminal behavior of state institutional residents:

"Department" means the department of social and health services.

"Incremental" means efforts or costs incurred by cities, towns, and/or counties that are not otherwise incurred and are only as a result of the criminal behavior of state institutional residents.

"Resident" means any person committed to a state institution by the courts for confinement as an offender pursuant to chapters 10.64, 10.77, and 13.40 RCW.

"Institution" means any state institution operated by the department for the confinement of offenders committed under chapters 10.64, 10.77, and 13.40 RCW.

"Law enforcement cost" means costs incurred to apprehend escapees or to investigate crimes committed by institutional residents within or outside state institutions listed in this chapter.

"Resident" means any person committed to a state institution by the courts for confinement as an offender under chapters 10.64, 10.77, and 13.40 RCW.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-010, filed 11/14/00, effective 12/15/00.]

WAC 388-750-020 Limitation of funds. The secretary shall make reimbursement to the extent funds are available. Reimbursement shall be strictly limited to political subdivisions in which state institutions, as defined in WAC 388-750-030, are located. Only incremental costs directly, specifically, and exclusively associated with criminal activities of offenders who are residents of state institutions shall be considered for reimbursement. Reimbursement shall be restricted to fully documented law enforcement, prosecutorial, judicial, and jail facilities costs. No such costs shall be paid under these rules if they are reimbursable under other chapters of the Washington Administrative Code. During each biennium, claims for incidents which occurred during the biennium will be paid in the order in which they are received until the biennial appropriation is fully expended.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-020, filed 11/14/00, effective 12/15/00.]

WAC 388-750-030 Institutions and eligible impacted political subdivisions. Reimbursement shall be limited to the following city, town, and county governments impacted by the offenses from residents committed to institutions listed in this section.

Institution	Cities/County
(1) Echo Glen Children's Center	Snoqualmie/King
(2) Green Hill Training School	Chehalis/Lewis
(3) Maple Lane School	Rochester/Thurston
(4) Mission Creek Youth Camp	Belfair/Mason
(5) Naselle Youth Camp	Naselle/Pacific
(6) Woodinville Treatment Center	Woodinville/King
(7) Canyon View Community Facility	East Wenatchee/Douglas
(8) Sunrise Community Facility	Ephrata/Grant
(9) Twin Rivers Community Facility	Richland/Benton
(10) Oakridge Community Facility	Tacoma/Pierce
(11) Park Creek Treatment Center	Kittitas/Kittitas
(12) Ridgeview Community Facility	Yakima/Yakima
(13) Western State Hospital	Steilacoom/Pierce
(14) Eastern State Hospital	Medical Lake/Spokane/ Spokane
(15) Child Study and Treatment Center	Steilacoom/Pierce

(16) For any institution not listed in this section, reimbursement shall be limited to the political subdivisions where the institution is located. The institutions include juvenile community facilities, community treatment and community care facilities, as defined in WAC 388-750-010.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-030, filed 11/14/00, effective 12/15/00.]

WAC 388-750-040 Maximum allowable reimbursement for law enforcement costs. The department shall limit reimbursement to the specific political subdivisions listed in WAC 388-750-030. The maximum reimbursement rates shall be twenty-three dollars and ninety-six cents per hour. These reimbursement rates may be exceeded only in the event that an exception is granted by the secretary as per WAC 388-750-090.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-040, filed 11/14/00, effective 12/15/00.]

WAC 388-750-050 Maximum allowable reimbursement for prosecutorial costs. The department shall reimburse claims, at the rate set forth in WAC 388-750-040, for pretrial investigations of crimes committed inside or outside institutions, to the political subdivision courts in WAC 388-750-040. If, after investigation, criminal charges are filed, the department may reimburse documented prosecutorial and defense attorney fees. Reimbursement shall not exceed the following rates for each attorney, reimbursement includes costs for paralegals: Fifty-seven dollars and thirty-two cents per hour. These maximum allowable reimbursement rates may be exceeded only in the event that an exception is granted by the secretary as per WAC 388-750-090.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-050, filed 11/14/00, effective 12/15/00.]

WAC 388-750-060 Maximum allowable reimbursement for judicial costs. (1) The department shall limit judicial costs strictly to cases involving inmates of institutions listed in WAC 388-750-030 and the listed subdivision in which they reside. Reimbursement shall be limited to judges, court reporters, transcript typing, and witness and jury fees.

(2) The department shall reimburse judges hearing cases including services provided by court clerks and bailiffs at fifty-seven dollars and thirty-two cents per hour. Reimburse court reporters at the rate of twenty-four dollars and seventy-one cents per hour. Reimburse for the typing of transcripts at four dollars and seventy-nine cents per page. If required, reimburse expert witnesses at eighty dollars and forty-three cents per hour.

(3) Reimbursement for witness fees (other than experts) and jury fees shall be at the rate established by the local governmental legislative authority but not in excess of thirty-six dollars and eleven cents per day.

(4) These maximum allowable reimbursement rates may be exceeded only in the event that an exception is granted by the secretary as per WAC 388-750-090.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-060, filed 11/14/00, effective 12/15/00.]

WAC 388-750-070 Maximum allowable reimbursement for jail facilities. The department shall limit jail facility cost reimbursement strictly to incremental costs as defined in WAC 388-750-010. Requests for reimbursement shall be fully documented and shall include the resident's name and all appropriate admission and release dates. Limit reimbursement to thirty-four dollars and eighty cents per resident day. The department shall not reimburse for costs incurred for holding persons regarding parole revocations or for holding persons involved in civil litigation. The department shall reimburse costs of providing security when residents require hospitalization at the rate of fourteen dollars and nineteen cents per hour. These maximum allowable reimbursement rates may be exceeded only in the event that an exception is granted by the secretary as per WAC 388-750-090.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-070, filed 11/14/00, effective 12/15/00.]

WAC 388-750-080 Billing procedure. Requests for reimbursement should be made on the standard Washington State Invoice Voucher, Form A19, with supporting documentation attached. All claims may be subject to periodic audits at the discretion of the secretary, per WAC 388-750-110.

(1) All requests for reimbursement under this section shall note the name of the offender for whom costs were incurred, and the institution to which the offender was assigned.

(2) Requests for reimbursement may only be submitted by the jurisdiction's responsible fiscal officer, e.g., city manager, city supervisor, county auditor, county administrator, etc.

(3) All requests for reimbursement must be submitted to: DSHS and the pertinent Accounts Payable Section of either Juvenile Rehabilitation Administration, Mailstop 45720, Olympia, Washington 98504; or Mental Health Division, Mail Stop 45320, Olympia, Washington 98504.

(4) If the appropriation for a biennium is fully expended prior to the end of the biennium, political subdivisions should continue to submit claims for the purpose of providing justification for requests for adequate funding levels in future biennia.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-080, filed 11/14/00, effective 12/15/00.]

WAC 388-750-090 Exceptions. The secretary, of the department, may allow exceptions to these rules.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-090, filed 11/14/00, effective 12/15/00.]

WAC 388-750-100 Effective date. Claims submitted according to this chapter may only be for costs incurred for appropriate actions, as defined in this chapter, taken by criminal justice agencies on or after August 30, 1979.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-100, filed 11/14/00, effective 12/15/00.]

WAC 388-750-110 Audits. The department has the right to audit any or all claims.

[Statutory Authority: RCW 72.72.040. 00-23-061, § 388-750-110, filed 11/14/00, effective 12/15/00.]

Chapter 388-800 WAC

CHEMICAL DEPENDENCY ASSISTANCE PROGRAMS

WAC

DISPOSITION OF SECTIONS FORMERLY CODIFIED IN THIS CHAPTER

WAC 388-800-0005 What is the purpose of this chapter? This chapter explains chemical dependency treatment services available through public assistance.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0005, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0020 What detoxification services will the department pay for? (1) The department only pays for services that are:

(a) Provided to eligible persons (see WAC 388-800-0030);

(b) Directly related to detoxification; and

(c) Performed by a certified detoxification center or by a general hospital that has a contract with the department to provide detoxification services.

(2) The department limits on paying for detoxification services are:

(a) Three days for an acute alcoholic condition; or

(b) Five days for acute drug addiction.

(3) The department only pays for detoxification services when notified within ten working days of the date detoxification began and all eligibility factors are met.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0020, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0025 What information does the department use to decide if I am eligible for the detoxification program? (1) The department uses the information you provide on the department's application form to determine if you are eligible for the detoxification program.

(2) The department may require an interview, documents or other verification if the department has questions about or needs to confirm the information you provided on your application.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0025, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0030 Who is eligible for detoxification services? (1) You are eligible for detoxification services if you:

(a) Receive benefits from temporary aid for needy families (TANF), general assistance unemployable (GAU), a medical assistance program, or Supplemental Security Income (SSI); or

(b) Do not have a combined nonexempt income and/or resources that exceed the payment standards for TANF.

(2) To determine your financial eligibility for the detoxification program the department deducts or exempts the following:

(a) A home;

(b) Household furnishings and personal clothing essential for daily living;

(c) Other personal property used to reduce need for assistance or for rehabilitation;

(d) A used and useful automobile;

(e) Mandatory expenses of employment;

(f) Total income and resources of a noninstitutionalized SSI beneficiary;

(g) Support payments paid under a court order; and

(h) Payments to a wage earner plan specified by a court in bankruptcy proceedings, or previously contracted major household repairs, when failure to make such payments will result in garnishment of wages or loss of employment.

(3) The following resources are not exempt:

(a) Cash;

(b) Marketable securities; and

(c) Any other resource not specifically exempted that can be converted to cash.

(4) If you receive detoxification services you shall not incur a deductible as a factor of eligibility for the covered period of detoxification.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0030, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0035 How long am I eligible to receive detoxification services? You are eligible for detoxification services from the date detoxification begins through the end of the month in which you complete the detoxification.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0035, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0040 What is ADATSA? (1) ADATSA stands for the Alcohol and Drug Addiction Treatment and Support Act which is a legislative enactment providing state-financed treatment and support to chemically dependent indigent persons.

(2) ADATSA provides eligible people with:

(a) Treatment if you are chemically dependent and would benefit from it; or

(b) A program of shelter services if you are chemically dependent and your chemical dependency has resulted in incapacitating physiological or cognitive impairments.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0040, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0045 What services are offered by ADATSA? If you qualify for the ADATSA program you may be eligible for:

(1) Alcohol/drug treatment services and support described under WAC-388-800-0080.

(2) Shelter services as described under WAC 388-800-0130.

(3) Medical care services as described under WAC 388-556-0500, 388-501-0060, and 388-501-0065.

[Statutory Authority: RCW 74.04.050, 74.08.090, 74.09.530, and 74.09.700. 06-24-036, § 388-800-0045, filed 11/30/06, effective 1/1/07. Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0045, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0045, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0048 Who is eligible for ADATSA? To be eligible for ADATSA services you must:

(1) Be eighteen years of age or older;

(2) Be a resident of Washington as defined in WAC 388-468-0005;

(3) Meet citizenship requirements as described in WAC 388-424-0015(3).

(4) Provide your Social Security number; and

(5) Meet the same income and resource criteria for the GA-U program; OR be receiving federal assistance under SSI or TANF.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 04-15-057, § 388-800-0048, filed 7/13/04, effective 8/13/04. Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0048, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0050 When am I eligible for ADATSA treatment services? (1) You are eligible for ADATSA treatment services when you meet the:

(a) Financial eligibility criteria in WAC 388-800-0048; and

(b) Incapacity eligibility criteria in WAC 388-800-0055.

(2) If you are able to access, at no cost, state-approved chemical dependency treatment comparable to ADATSA treatment services, you may choose it rather than ADATSA.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0050, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0055 What clinical incapacity must I meet to be eligible for ADATSA treatment services? You are clinically eligible for ADATSA treatment services when you:

(1) Are diagnosed as having a mild, moderate, or severe dependency on a psychoactive substance class other than nicotine or caffeine, using the current criteria for Psychoactive Substance Dependence in the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association (DSM IV or its successor);

(2) Have not abstained from alcohol and drug use for the last ninety days, excluding days spent while incarcerated;

(3) Have not been gainfully employed in a job in the competitive labor market at any time during the last thirty days. For the purposes of this chapter, "gainfully employed" means performing in a regular and predictable manner an activity for pay or profit. Gainful employment does not include noncompetitive jobs such as work in a department-approved sheltered workshop or sporadic or part-time work, if the person, due to functional limitation, is unable to compete with unimpaired workers in the same job; and

(4) Are incapacitated, i.e., unable to work. Incapacity exists if you are one or more of the following:

(a) Currently pregnant or up to two months postpartum;

(b) Diagnosed as at least moderately psychoactive substance dependent and referred for treatment by child protective services;

(c) Diagnosed as severely psychoactive substance dependent and currently an intravenous drug user;

(d) Diagnosed as severely psychoactive substance dependent and has at least one prior admission to a department-approved alcohol/drug treatment or detoxification program;

(e) Diagnosed as severely psychoactive substance dependent and have had two or more arrests for offenses directly related to the chemical dependency; or

(f) Lost two or more jobs during the last six months as a direct result of chemical dependency.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0055, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0055, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0057 Will I still be eligible for ADATSA outpatient services if I abstain from using alcohol or drugs, become employed, or have a relapse? When you are successfully participating in ADATSA outpatient treatment services you are still considered incapacitated and eligible for ADATSA treatment through completion of the planned treatment, even if you:

(1) Become employed;

(2) Abstain from alcohol or drug use; or

(3) Relapse (resumption of your psychoactive substance abuse dependence).

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0057, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0060 What is the role of the certified chemical dependency service provider in determining ADATSA eligibility? (1) A department-certified chemical dependency service provider determines your clinical incapacity based on alcoholism and/or drug addiction.

(2) The certified chemical dependency service provider provides a written current assessment needed to determine your eligibility.

(3) This assessment is the department's sole source of medical evidence required for the diagnosis and evaluation of your chemical dependency and its effects on employability.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0060, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0060, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0065 What are the responsibilities of the certified chemical dependency service provider in determining eligibility? (1) The role of the certified chemical dependency service provider is to:

(a) Provide your diagnostic evaluation and decide your initial treatment placement;

(b) Conduct a face-to-face diagnostic assessment, according to WAC 388-805-310, to determine if you:

(i) Are chemically dependent;

(ii) Meet incapacity standards for treatment under WAC 388-800-0055; and

(iii) Are willing, able, and eligible to undergo a course of ADATSA chemical dependency treatment, once determined incapacitated.

(c) Determines a course of treatment based on your individual assessment of alcohol/drug involvement and treatment needs in accordance with RCW 70.96A.100.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0065, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0065, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0070 What happens after I am found eligible for ADATSA services? Once your financial and clinical eligibility is established, the certified chemical dependency service provider:

(1) Develops your ADATSA treatment plan;

(2) Arranges your initial chemical dependency treatment placements taking into account the treatment priorities described under WAC 388-800-0100;

(3) Provides you with written notification of your right to return to the community service office (CSO) at any time while receiving ADATSA treatment;

(4) Provides you with written notification of your right to request a fair hearing to challenge any action affecting eligibility for ADATSA treatment; and

(5) Notifies the CSO promptly of your placement or eligibility status changes.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0070, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0070, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0075 What criteria does the certified chemical dependency service provider use to plan my treatment? When evaluating a treatment plan which will benefit you the most, the certified chemical dependency service provider considers clinical or medical factors utilizing the American Society of Addiction Medicine (ASAM) Patient Placement Criteria (PPC).

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0075, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0075, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0085 Do I have to contribute to the cost of residential treatment? Once you have been determined financially eligible to receive ADATSA residential treatment services the department does not require you to contribute toward the cost of care.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0085, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0090 What happens when I withdraw or am discharged from treatment? (1) You will be terminated from ADATSA treatment services if you leave treatment.

(2) If you are discharged from treatment for any other reason, you will be referred to the next appropriate level of treatment.

(3) If you are absent from any residential treatment services for less than seventy-two hours you may reenter that program without being considered as having dropped out. This is done at the discretion of the treatment service administrator and without requiring you to apply for readmittance through the certified chemical dependency service provider.

(4) Once you voluntarily leave treatment you must reapply and be referred again to the certified chemical dependency service provider to receive further ADATSA treatment services.

(5) If you are terminated from treatment you are not eligible for benefits beyond the month in which treatment services end. Rules regarding advance and adequate notice still apply, but you are not eligible for continued assistance pending a fair hearing.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0090, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0090, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0100 What are the groups that receive priority for ADATSA services? (1) When assigning treatment admissions, the ADATSA/Adult assessment certified chemical dependency service provider:

(a) Gives first priority to you if you are a pregnant woman or a parent with a child under eighteen years old in the home;

(b) Provides priority access for admission if you are:

(i) Referred by the department's children's protective services (CPS) program; and/or

(ii) An injecting drug user (IDU).

(2) If you are completing residential treatment you have priority access to outpatient treatment.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0100, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0100, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0110 What cash benefits am I eligible for through ADATSA if I am in residential treatment? When you are in ADATSA residential treatment and are below the department payment standard for clothing and personal incidentals (CPI) you may be eligible to receive CPI.

[Statutory Authority: RCW 74.50.080 and 2002 c 64. 03-02-079, § 388-800-0110, filed 12/30/02, effective 1/30/03. Statutory Authority: RCW 74.08.-090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0110, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0115 What cash benefits can I receive through ADATSA if I am in outpatient treatment? When you are in ADATSA outpatient treatment, you may be eligible for a treatment living allowance for housing and other living expenses.

(1) Your living allowance maximum amount will be based on the current ADATSA payment standard as provided under WAC 388-478-0030.

(2) Your outpatient provider will act as your protective payee and administer your living allowance.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0115, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0120 As an eligible ADATSA client, when would I get state-funded medical assistance? You are eligible for state-funded medical assistance when you are in one of the following situations:

(1) You meet the requirements in WAC 388-800-0048 and are waiting to receive ADATSA treatment services;

(2) When you are participating in ADATSA residential or outpatient treatment;

(3) You choose opiate dependency (methadone maintenance) chemical dependency treatment services instead of other ADATSA treatment, but only if these treatment services are from a state-approved, publicly funded opiate dependency/methadone maintenance program; or

(4) You meet the requirements of WAC 388-800-0135, for shelter services but choose not to receive shelter assistance.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0120, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0130 What are ADATSA shelter services? (1) Your shelter assistance in independent housing consists of a monthly shelter assistance payment through an intensive protective payee defined under WAC 388-800-0160; and

(2) You continue to receive benefits for ADATSA shelter if you request a fair hearing within the advance notice period before termination is to occur.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0130, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0135 When am I eligible for ADATSA shelter services? You are eligible for ADATSA shelter services when you meet the:

(1) Financial eligibility criteria in WAC 388-800-0040; and

(2) Incapacity eligibility criteria in WAC 388-800-0140.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0135, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0140 What incapacity criteria must I meet to be eligible for ADATSA shelter services? You are eligible for ADATSA shelter services when you:

(1) Are actively addicted, meaning having used alcohol or drugs within the sixty-day period immediately preceding the latest assessment center evaluation, as determined by the ADATSA/Adult assessment center; and

(2) Have resulting physiological or organic damage, or have resulting cognitive impairment not expected to dissipate within sixty days of sobriety or detoxification, which either:

(a) Limits your functioning because of physiological or organic damage that result in a significant restriction on ability to perform work activities, or

(b) At least a moderate impairment of your ability to understand, remember, and follow complex instructions; and

(c) An overall moderate impairment in your ability to:

(i) Learn new tasks;

(ii) Exercise judgment;

(iii) Make decisions, and

(iv) Perform routine tasks without undue supervision.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0140, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0145 How does the department review my eligibility for ADATSA shelter services? The department:

(1) Redetermines your incapacity and financial and medical eligibility for ADATSA shelter every six months or more often; and

(2) Provides you adequate and advance notice of adverse action.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0145, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0150 Who is my protective payee? Your protective payee is either:

(1) Your outpatient treatment provider while in ADATSA treatment; or

(2) An agency under contract with the department to provide you with intensive protective payee services if you are an ADATSA shelter client.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0150, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0155 What are the responsibilities of my protective payee? Your protective payee:

(1) Has the authority and responsibility to make decisions about the expenditure of your outpatient treatment stipends;

(2) Encourages you to participate in the decision-making process. The amount of decision making the protective payee allows you depends upon the level of responsibility you demonstrate; and

(3) Disburses funds to meet your basic needs of shelter, utilities, food, clothing, and personal incidentals.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0155, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0160 What are the responsibilities of an intensive protective payee? If you are receiving shelter services, your intensive protective payee provides you with case management services including, but not be limited to:

(1) Disbursing payment for shelter and utilities, such as a check directly to the landlord, mortgage company, utility company, etc.;

(2) Directing payment to vendors directly for goods or services provided to you including personal and incidental expenses.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0160, filed 7/28/00, effective 9/1/00.]

WAC 388-800-0165 What happens if my relationship with my protective payee ends? If the relationship with your protective payee is terminated for any reason, the protective payee shall return any remaining funds to the department or its designee.

[Statutory Authority: RCW 74.08.090, 74.50.80 [74.50.080]. 00-16-077, § 388-800-0165, filed 7/28/00, effective 9/1/00.]

SECTION I—PURPOSE AND DEFINITIONS

WAC 388-805-001 What is the purpose of this chapter? These rules describe the standards and processes necessary to be a certified chemical dependency treatment program. The rules have been adopted under the authority and purposes of the following chapters of law.

(1) Chapter 10.05 RCW, Deferred prosecution—Courts of limited jurisdiction;

(2) Chapter 46.61 RCW, Rules of the road;

(3) Chapter 49.60 RCW, Discrimination—Human rights commission;

(4) Chapter 70.96A RCW, Treatment for alcoholism, intoxication and drug addiction; and

(5) Chapter 74.50 RCW, Alcoholism and Drug Addiction Treatment and Support Act (ADATSA).

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-001, filed 11/21/00, effective 1/1/01.]

WAC 388-805-005 What definitions are important throughout this chapter? "Added service" means the adding of certification for chemical dependency levels of care to an existing certified agency at an approved location.

"Addiction counseling competencies" means the knowledge, skills, and attitudes of chemical dependency counselor professional practice as described in Technical Assistance Publication No. 21, Center for Substance Abuse Treatment, Substance Abuse and Mental Health Services Administration, U.S. Department of Health and Human Services 1998.

"Administrator" means the person designated responsible for the operation of the certified treatment service.

"Adult" means a person eighteen years of age or older.

"Alcoholic" means a person who has the disease of alcoholism.

"Alcoholism" means a primary, chronic disease with genetic, psychosocial, and environmental factors influencing its development and manifestations. The disease is often progressive and fatal. It is characterized by impaired control over drinking, preoccupation with the drug alcohol, use of alcohol despite adverse consequences, and distortions in thinking, most notably denial. Each of these symptoms may be continuous or periodic.

"Governing body" means the legal entity responsible for the operation of the chemical dependency treatment service.

"HIV/AIDS brief risk intervention (BRI)" means an individual face-to-face interview with a patient, to help that person assess personal risk for HIV/AIDS infection and discuss methods to reduce infection transmission.

"HIV/AIDS education" means education, in addition to the brief risk intervention, designed to provide a person with information regarding HIV/AIDS risk factors, HIV antibody testing, HIV infection prevention techniques, the impact of alcohol and other drug use on risks and the disease process, and trends in the spread of the disease.

"Medical practitioner" means a physician, advanced registered nurse practitioner (ARNP), or certified physician's assistant. ARNPs and midwives with prescriptive authority may perform practitioner functions related only to indicated specialty services.

"Off-site treatment" means provision of chemical dependency treatment by a certified provider at a location where treatment is not the primary purpose of the site; such as in schools, hospitals, or correctional facilities.

"Opiate substitution treatment program" means an organization that administers or dispenses an approved medication as specified in 42 CFR Part 8 for treatment or detoxification of opiate dependence. The agency is:

(1) Certified as an opioid treatment program by the Federal Center for Substance Abuse Treatment, Substance Abuse and Mental Health Services Administration;

(2) Licensed by the Federal Drug Enforcement Administration;

(3) Registered by the state board of pharmacy;

(4) Accredited by an opioid treatment program accreditation body approved by the Federal Center for Substance Abuse Treatment, Substance Abuse and Mental Health Services Administration; and

(5) Certified as an opiate substitution treatment program by the department.

"Outcomes evaluation" means a system for determining the effectiveness of results achieved by patients during or following service delivery, and patient satisfaction with those results for the purpose of program improvement.

"Patient" is a person receiving chemical dependency treatment services from a certified program.

"Patient contact" means time spent with a patient to do assessments, individual or group counseling, or education.

"Patient placement criteria (PPC)" means admission, continued service, and discharge criteria found in the patient placement criteria for the treatment of substance-related disorders as published by the American Society of Addiction Medicine (ASAM).

"Probation assessment officer (PAO)" means a person employed at a certified district or municipal court probation assessment service that meets the PAO requirements of WAC 388-805-220.

"Probation assessment service" means a certified assessment service offered by a misdemeanant probation department or unit within a county or municipality.

"Progress notes" are a permanent record of ongoing assessments of a patient's participation in and response to treatment, and progress in recovery.

"Qualified personnel" means trained, qualified staff, consultants, trainees, and volunteers who meet appropriate legal, licensing, certification, and registration requirements.

"Registered counselor" means a person registered by the state department of health as required by chapter 18.19 RCW.

"Relocation" means change in location from one office space to a new office space, or moving from one office building to another.

"Remodeling" means expansion of existing office space to additional office space at the same address, or remodeling of interior walls and space within existing office space.

"SAMHSA" means the Federal Substance Abuse and Mental Health Services Administration.

"Screening and brief intervention" means: a combination of services designed to screen for risk factors that appear to be related to alcohol and other drug use disorders, provide interventions to enhance patient motivation to change, and make appropriate referral as needed.

"Self-help group" means community based support groups that address chemical dependency.

"Service provider" or **"provider"** means a legally operated entity certified by the department to provide chemical dependency services. The components of a service provider are:

(1) Legal entity/owner;
(2) Facility; and
(3) Staff and services.

"Sexual abuse" means:
(1) Sexual assault;
(2) Incest; or
(3) Sexual exploitation.

"Sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

(1) Submission to such conduct is made either explicitly or implicitly a term or condition of employment or treatment; or

(2) Such conduct interferes with work performance or creates an intimidating, hostile, or offensive work or treatment environment.

"Substance abuse" means a recurring pattern of alcohol or other drug use that substantially impairs a person's functioning in one or more important life areas, such as familial, vocational, psychological, physical, or social.

"Summary suspension" means an immediate suspension of certification, per RCW 34.05.422(4), by the department pending administrative proceedings for suspension, revocation, or other actions deemed necessary by the department.

"Supervision" means:
(1) Regular monitoring of the administrative, clinical, or clerical work performance of a staff member, trainee, student, volunteer, or employee on contract by a person with the authority to give directions and require change; and
(2) **"Direct supervision"** means the supervisor is on the premises and available for immediate consultation.

"Suspend" means termination of the department's certification of a provider's treatment services for a specified period or until specific conditions have been met and the department notifies the provider of reinstatement.

"TARGET" means the treatment and assessment report generation tool.

"Treatment plan review" means a review of active problems on the patient's individualized treatment plan, the need to address new problems, and patient placement.

"Treatment services" means the broad range of emergency, detoxification, residential, and outpatient services and care. Treatment services include diagnostic evaluation, chemical dependency education, individual and group counseling, medical, psychiatric, psychological, and social services, vocational rehabilitation and career counseling that may be extended to alcoholics and other drug addicts and their families, persons incapacitated by alcohol or other drugs, and intoxicated persons.

"Urinalysis" means analysis of a patient's urine sample for the presence of alcohol or controlled substances by a licensed laboratory or a provider who is exempted from licensure by the department of health:

(1) **"Negative urine"** is a urine sample in which the lab does not detect specific levels of alcohol or other specified drugs; and

(2) **"Positive urine"** is a urine sample in which the lab confirms specific levels of alcohol or other specified drugs.

"Vulnerable adult" means a person who lacks the functional, mental, or physical ability to care for oneself.

"Young adult" means an adult who is eighteen, nineteen, or twenty years old.

"Youth" means a person seventeen years of age or younger.

SECTION II—APPLICATION FOR CERTIFICATION

WAC 388-805-010 What chemical dependency services are certified by the department? (1) The department certifies the following types of chemical dependency services:

(a) **Detoxification services,** which assist patients in withdrawing from alcohol and other drugs including:

(i) **Acute detox,** which provides medical care and physician supervision for withdrawal from alcohol or other drugs; and

(ii) **Subacute detox,** which is nonmedical detoxification or patient self-administration of withdrawal medications ordered by a physician, provided in a home-like environment.

(b) **Residential treatment services,** which provide chemical dependency treatment for patients and include room and board in a twenty-four-hour-a-day supervised facility, including:

(i) **Intensive inpatient,** a concentrated program of individual and group counseling, education, and activities for detoxified alcoholics and addicts, and their families;

(ii) **Recovery house,** a program of care and treatment with social, vocational, and recreational activities to aid in patient adjustment to abstinence and to aid in job training, employment, or other types of community activities; and

(iii) **Long-term treatment,** a program of treatment with personal care services for chronically impaired alcoholics and addicts with impaired self-maintenance capabilities. These patients need personal guidance to maintain abstinence and good health.

(c) **Outpatient treatment services,** which provide chemical dependency treatment to patients less than twenty-four hours a day, including:

(i) **Intensive outpatient,** a concentrated program of individual and group counseling, education, and activities for detoxified alcoholics and addicts and their families;

(ii) **Outpatient,** individual and group treatment services of varying duration and intensity according to a prescribed plan; and

(iii) **Opiate substitution outpatient treatment,** which meets both outpatient and opiate substitution treatment program service requirements.

(d) **Assessment services,** which include:

(i) **ADATSA assessments,** alcohol and other drug assessments of patients seeking financial assistance from the department due to the incapacity of chemical dependency. Services include assessment, referral, case monitoring, and assistance with employment; and

(ii) **DUI assessments,** diagnostic services requested by the courts to determine a person's involvement with alcohol and other drugs and to recommend a course of action.

(e) **Information and assistance services,** which include:

(i) **Alcohol and drug information school,** an education program about the use and abuse of alcohol and other drugs, for persons referred by the courts and others, who may have been assessed and do not present a significant chemical dependency problem, to help those persons make informed decisions about the use of alcohol and other drugs;

(ii) **Information and crisis services,** response to persons having chemical dependency needs, by phone or in person;

(iii) **Emergency service patrol,** assistance provided to intoxicated persons in the streets and other public places;

(iv) **Screening and brief intervention services,** a combination of services designed to screen for risk factors that appear to be related to alcohol and other drug use disorders, provide interventions and make appropriate referral as needed. These services may be provided in a wide variety of settings.

(2) The department may certify a provider for more than one of the services listed under subsection (1) of this section when the provider complies with the specific requirements of the selected services.

WAC 388-805-015 How do I apply for certification as a chemical dependency service provider? (1) A potential new chemical dependency service provider, referred to as applicant, seeking certification for one or more services, as described under WAC 388-805-010, must:

(a) Request from the department an application packet of information on how to become a certified chemical dependency service provider; and

(b) Obtain a license as a residential treatment facility from the department of health, if planning to offer residential services.

(2) The applicant must submit a completed application to the department that includes:

(a) If the applicant is a sole provider: The name and address of the applicant, and a statement of sole proprietorship;

(b) If the applicant is a partnership: The name and address of every partner, and a copy of the written partnership agreement;

(c) If the applicant is a limited liability company: The name and addresses of its officers, and any owner of five percent or more of the organizational assets, and a copy of the certificate of formation issued by the state of Washington, secretary of state;

(d) If the applicant is a corporation: The names and addresses of its officers, board of directors and trustees, and any owner of five percent or more or the organizational assets, and a copy of the corporate articles of incorporation and bylaws;

(e) A copy of the master business license authorizing the organization to do business in Washington state;

(f) The social security number or Federal Employer Identification Number for the governing organization or person;

(g) The name of the individual administrator under whose management or supervision the services will be provided;

(h) A copy of the report of findings from a criminal background check of any owner of five percent or more of the organizational assets and the administrator;

(i) Additional disclosure statements or background inquiries if the department has reason to believe that offenses, specified under RCW 43.43.830, have occurred since completion of the original application;

(j) The physical location of the facility where services will be provided including, in the case of a location known only by postal route and box numbers, and the street address;

(k) A plan of the premises assuring the chemical dependency treatment service is discrete from other programs, indicating capacities of the location for the proposed uses;

(l) Floor plan showing use of each room and location of:

(i) Windows and doors;

(ii) Restrooms;

(iii) Floor to ceiling walls;

(iv) Areas serving as confidential counseling rooms;

(v) Other therapy and recreation areas and rooms;

(vi) Confidential patient records storage; and

(vii) Sleeping rooms, if a residential facility.

(m) A completed facility accessibility self-evaluation form;

(n) Policy and procedure manuals specific to the agency at the proposed site, and meet the manual requirements described later in this regulation, including the:

(i) Administrative manual;

(ii) Personnel manual; and

(iii) Clinical manual.

(o) Sample patient records for each treatment service applied for; and

(p) Evidence of sufficient qualified staff to deliver services.

(3) In addition to the requirements in this section, a faith-based organization may implement the requirements of the federal Public Health Act, Sections 581-584 and Section 1955 of 24 U.S.C. 290 and 42 U.S.C. 300x-65.

(4) The agency owner or legal representative must:

(a) Sign the completed application form and submit the original to the department;

(b) Send a copy of the completed application form to the county coordinator in the county where services will be provided;

(c) Submit the application fee with the application materials; and

(d) Report any changes occurring during the certification process.

WAC 388-805-030 What are the requirements for opiate substitution treatment program certification? Certification as an opiate substitution treatment program is contingent on the concurrent approval by applicable state regulatory authorities; certification as an opioid treatment program by the Federal CSAT SAMHSA; accreditation by an opioid treatment program accreditation body approved by the Federal CSAT SAMHSA; and licensure by the Federal Drug Enforcement Administration. In addition to WAC 388-805-015 or 388-805-020 requirements, a potential opiate substitution treatment program provider must submit to the department:

(1) Documentation the provider has communicated with the county legislative authority and if applicable, the city legislative authority or tribal legislative authority, in order to secure a location for the new opiate substitution treatment program that meets county, tribal or city land use ordinances.

(2) A completed community relations plan developed in consultation with the county, city or tribal legislative authority or their designee to minimize the impact of the opiate substitution treatment programs upon the business and residential neighborhoods in which the program is located. The plan must include documentation of strategies used to:

(a) Obtain stakeholder input regarding the proposed location;

(b) Address any concerns identified by stakeholders; and

(c) Develop an ongoing community relations plan to address new concerns expressed by stakeholders as they arise.

(3) A copy of the application for a registration certificate from the Washington state board of pharmacy.

(4) A copy of the application for licensure to the Federal Drug Enforcement Administration.

(5) A copy of the application for certification to the Federal CSAT SAMHSA.

(6) A copy of the application for accreditation by an accreditation body approved as an opioid treatment program accreditation body by the Federal CSAT SAMHSA.

(7) Policies and procedures identified under WAC 388-805-700 through 388-805-750.

(8) Documentation that transportation systems will provide reasonable opportunities to persons in need of treatment to access the services of the program.

(9) At least three letters of support from the administrator or their designee of other health care providers within the existing health care system in the area the applicant proposes to establish a new opiate substitution treatment program. The letters must demonstrate a relationship to the service area's existing health care system.

(10) A declaration to limit the number of individual program participants to three hundred fifty as specified in RCW 70.96A.410 (1)(e).

(11) For new applicants, who operate opiate substitution treatment programs in another state, copies of national and state certification/accreditation documentation, and copies of all survey reports written by national and/or state certification or accreditation organizations for each site they have operated an opiate substitution program in over the past six years.

WAC 388-805-035 What are the responsibilities for the department when an applicant applies for approval of an opiate substitution treatment program? For purposes of this section, "area" means the county in which an opiate substitution treatment program applicant proposes to locate a certified program, and counties adjacent or near to the county in which the program is proposed to be located. When making a decision on an application for certification of a program, the department must:

(1) Consult with the county legislative authority in the area in which an applicant proposes to locate a program and the city legislative authority or tribal legislative authority applicable to the site in which an applicant proposes to locate a program. The department will request the county and city or tribal legislative authority to notify the department of any applicable requirements or other issues that the department should consider in order to fulfill the requirements of WAC 388-805-030(7), or 388-805-040 (1) through (5);

(2) Not discriminate in its certification decision on the basis of the corporate structure of the applicant;

(3) Consider the size of the population in need of treatment in the area in which the program would be located and certify only applicants whose programs meet the necessary treatment needs of the population;

(4) Determine there is a need in the community for opiate substitution treatment and not certify more programs than justified by the need in that community as described in WAC 388-805-040;

(5) Consider whether the applicant has the capability, or has in the past demonstrated the capability to provide appropriate treatment services to assist persons in meeting legislative goals of abstinence from opiates and opiate substitutes, obtaining mental health treatment, improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances;

(6) Hold at least one public hearing in the county in which the facility is proposed to be located and one public hearing in the area in which the facility is proposed to be located. After consultation with the county legislative authority, the department may have the public hearing in the adjacent county with the largest population, the adjacent county with the largest underserved population, or the county nearest to the proposed location. The hearing must be held at a time and location most likely to permit the largest number of interested persons to attend and present testimony. The department must notify appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

WAC 388-805-040 How does the department determine there is a need in the community for opiate substitution treatment? The department will determine whether or not there is a demonstrated need in the community for opiate substitution treatment from information provided to the department by the applicant and through department consultation with the city or tribal and county legislative authority, and other appropriate community resources. A "determination of need" for a proposed program will include a review and evaluation of the following criteria:

(1) For the number of potential patients in an area, the department will consider the size of the population in need of treatment in the area in which the program would be located using adult population statistics from the most recent area population trend reports. The department will use the established ratio of .7 percent of the adult population as an estimate for the number of potential patients with an opiate diagnosis in need of treatment services.

(2) For the number of anticipated program slots in an area, the department will multiply the sum of the established ratio of .7 percent of the adult population in subsection (1) of this section by thirty-five percent to determine an estimate of the anticipated need for the number of opiate substitution treatment program slots in the area in which the program would be located.

(3) Demographic and trend data from the area in which the program would be located including the most recent department county trend data, TARGET admission data for opiate substitution treatment from the county, hospital and emergency department admission data from the county, needle exchange data from the county, and other relevant reports and data from county health organizations demonstrating the need for opiate substitution treatment program services.

(4) Availability of other opiate substitution treatment programs near the area of the applicant's proposed program. The department will determine the number of patients, capacity, and accessibility of existing opiate substitution treatment programs near the area of the applicant's proposed program and whether existing programs have the capacity to assume additional patients for treatment services.

(5) Whether the population served or to be served has need for the proposed program and whether other existing services and facilities of the type proposed are available or accessible to meet that need. The assessment will include, but not limited to, consideration of the following:

(a) The extent to which the proposed program meets the need of the population presently served;

(b) The extent to which the underserved need will be met adequately by the proposed program; and

(c) The impact of the service on the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care.

(6) The department will review agency policies and procedures that describe the cost of services to patients, sliding fee scales, and charity care policies, procedures, and goals.

WAC 388-805-060 How does the department conduct an examination of nonresidential facilities? The department must conduct an on-site examination of each new nonresidential applicant's facility or branch facility. The department must determine if the applicant's facility is:

(1) Substantially as described.

(2) Suitable for the purposes intended.

(3) Not a personal residence.

(4) Approved as meeting all building and safety requirements.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-060, filed 11/21/00, effective 1/1/01.]

WAC 388-805-065 How does the department determine disqualification or denial of an application? The department must consider the ability of each person named in the application to operate in accord with this chapter before the department grants or renews certification of a chemical dependency service.

(1) The department must deny an applicant's certification when any of the following conditions occurred and was not satisfactorily resolved, or when any owner or administrator:

(a) Had a license or certification for a chemical dependency treatment service or health care agency denied, revoked, or suspended;

(b) Was convicted of child abuse or adjudicated as a perpetrator of substantiated child abuse;

(c) Obtained or attempted to obtain a health provider license, certification, or registration by fraudulent means or misrepresentation;

(d) Committed, permitted, aided, or abetted the commission of an illegal act or unprofessional conduct as defined under RCW 18.130.180;

(e) Demonstrated cruelty, abuse, negligence, misconduct, or indifference to the welfare of a patient or displayed acts of discrimination;

(f) Misappropriated patient property or resources;

(g) Failed to meet financial obligations or contracted service commitments that affect patient care;

(h) Has a history of noncompliance with state or federal regulations in an agency with which the applicant has been affiliated;

(i) Knowingly, or with reason to know, made a false statement of fact or failed to submit necessary information in:

(i) The application or materials attached; and

(ii) Any matter under department investigation.

(j) Refused to allow the department access to records, files, books, or portions of the premises relating to operation of the chemical dependency service;

(k) Willfully interfered with the preservation of material information or attempted to impede the work of an authorized department representative;

(l) Is in violation of any provision of chapter 70.96A RCW; or

(m) Does not meet criminal background check requirements.

(2) The department may deny certification when an applicant:

(a) Fails to provide satisfactory application materials; or

(b) Advertises itself as certified when certification has not been granted, or has been revoked or canceled.

(3) The department may deny an application for certification of an opiate substitution treatment program when:

(a) There is not a demonstrated need in the community for opiate substitution treatment and/or there is not a demonstrated need for more program slots justified by the need in that community;

(b) There is sufficient availability, accessibility, and capacity of other certified programs near the area in which the applicant proposes to locate the program;

(c) The applicant has not demonstrated in the past, the capability to provide the appropriate services to assist the persons who will utilize the program in meeting goals established by the legislature, including:

(i) Abstinence from opiates and opiate substitutes,

(ii) Obtaining mental health treatment,

(iii) Improving economic independence, and

(iv) Reducing adverse consequences associated with illegal use of controlled substances.

(4) The applicant may appeal department decisions in accord with chapter 34.05 RCW, the Washington Administrative Procedure Act and chapter 388-02 WAC.

[Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-065, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-065, filed 11/21/00, effective 1/1/01.]

WAC 388-805-070 What happens after I make application for certification? (1) The department may grant an applicant initial certification after a review of application materials and an on-site visit confirms the applicant has the capacity to operate in compliance with this chapter.

(2) A provider's failure to meet and maintain conditions of the initial certification may result in suspension of certification.

(3) An initial certificate of approval may be issued for up to one year.

(4) The provider must post the certificate in a conspicuous place on the premises.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-070, filed 11/21/00, effective 1/1/01.]

WAC 388-805-075 How do I apply for an exemption? (1) The department may grant an exemption from compliance with specific requirements in this WAC chapter if the exemption does not violate:

(a) An existing federal or state law; or

(b) An existing tribal law.

(2) Providers must submit a signed letter requesting the exemption to the Supervisor, Certification Section, Division of Alcohol and Substance Abuse, P.O. Box 45330, Olympia, WA 98504-5330. The provider must assure the exemption request does not:

(a) Jeopardize the safety, health, or treatment of patients; and

(b) Impede fair competition of another service provider.

(3) The department must approve or deny all exemption requests in writing.

(4) The department and the provider must maintain a copy of the decision.

[Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-075, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-075, filed 11/21/00, effective 1/1/01.]

SECTION III—CERTIFICATION FEES

WAC 388-805-080 What are the fee requirements for certification? (1) The department must set fees to be charged for certification.

(2) Providers must pay certification fees:

(a) At the time of application. One-half of the application fee may be refunded if an application is withdrawn before certification or denial; and

(b) Within thirty days of receiving an invoice.

(3) Payment must be made by check, draft, or money order made payable to the department of social and health services.

(4) Fees will not be refunded when certification is denied, revoked, or suspended.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-080, filed 11/21/00, effective 1/1/01.]

WAC 388-805-085 What are the fees for agency certification? (1) Application fees:

(a) New agency	$500
(b) Branch agency	$500
(c) Application for adding one or more services	$200
(d) Change in ownership	$500

(2) Initial and annual certification fees:

(a) For detoxification and residential services:	$26 per licensed bed
(b) For nonresidential services:	
(i) Large size agencies: 3,000 or more patients served per year	$1,125 per year
(ii) Medium size agencies: 1,000-2,999 patients served per year	$750 per year
(iii) Small size agencies: 0-999 patients served per year	$375 per year
(c) For agencies certified through deeming per WAC 388-805-115	$200 per year

(3) Each year providers must complete a declaration form provided by the department indicating the number of patients served annually, the provider's national accreditation status, and other information necessary for establishing fees and updating certification information.

[Statutory Authority: RCW 70.96A.090, 70.96A.142, 70.96A.157, chapter 70.96A RCW, 2004 c 166, 2005 c 70 and 504, 42 C.F.R. Parts 2 and 8. 06-11-096, § 388-805-085, filed 5/17/06, effective 6/17/06. Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-085, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-085, filed 11/21/00, effective 1/1/01.]

WAC 388-805-090 May certification fees be waived? (1) Certification fees may be waived when:

(a) The fees would not be in the interest of public health and safety; or

(b) The fees would be to the financial disadvantage of the state; or

(c) The department determines that the cost of processing the application is so small that it warrants granting an application fee waiver.

(2) Providers may submit a letter requesting a waiver of fees to the Supervisor, Certification Section, Division of Alcohol and Substance Abuse, P.O. Box 45330, Olympia, Washington, 98504-5330.

(3) Fee waivers may be granted to qualified providers who receive funding from tribal, federal, state or county government resources as follows:

(a) For residential providers: The twenty-six dollar per bed annual fee will be assessed only for those beds not funded by a governmental source;

(b) For nonresidential providers: The amount of the fee waiver must be determined by the percent of the provider's revenues that come from governmental sources, according to the following schedule:

Percent Government Revenues	90-100%	75-89%	50-74%	0-49%
Small agency	No fee	$90	$185	$375
Medium agency	No fee	$185	$375	$750
Large agency	No fee	$285	$565	$1,125

(4) Requests for fee waiver must be mailed to the department and include the following:

(a) The reason for the request;

(b) For residential providers:

(i) Documentation of the number of beds currently licensed by the department of health;

(ii) Documentation showing the number of beds funded by a government entity including, tribal, federal, state or county government sources.

(c) For nonresidential providers:

(i) Documentation of the number of patients served during the previous twelve-month period;

(ii) Documentation showing the amount of government revenues received during the previous twelve-month period;

(iii) Documentation showing the amount of private revenues received during the previous twelve-month period.

[Statutory Authority: RCW 70.96A.090, 70.96A.142, 70.96A.157, chapter 70.96A RCW, 2004 c 166, 2005 c 70 and 504, 42 C.F.R. Parts 2 and 8. 06-11-096, § 388-805-090, filed 5/17/06, effective 6/17/06. Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-090, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-090, filed 11/21/00, effective 1/1/01.]

WAC 388-805-095 How long are certificates effective? Certificates are effective for one year from the date of issuance unless:

(1) The department has taken action for noncompliance under WAC 388-805-065, 388-805-125, or 388-805-130; or

(2) The provider does not pay required fees.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-095, filed 11/21/00, effective 1/1/01.]

SECTION IV—MAINTAINING CERTIFICATION

WAC 388-805-100 What do I need to do to maintain agency certification? A service provider's continued certification and renewal is contingent upon:

(1) Completion of an annual declaration of certification.

(2) Payment of certification fees, if applicable.

(3) Providing the essential requirements for chemical dependency treatment, including the following elements:

(a) Treatment process:

(i) Assessments, as described in WAC 388-805-310;

(ii) Treatment planning, as described in WAC 388-805-315 (2)(a) and 388-805-325(11);

(iii) Documenting patient progress, as described in WAC 388-805-315 (1)(b) and 388-805-325(13);

(iv) Treatment plan reviews and updates, as described in WAC 388-805-315 (2)(a), 388-805-325(11) and 388-805-325 (13)(c);

(v) Patient compliance reports, as described in WAC 388-805-315 (4)(b), 388-805-325(17), and 388-805-330;

(vi) Continuing care, transfer summary and discharge planning, as described in WAC 388-805-315 (2)(c) and (d), (6)(a) and (b), and (7)(a), and 388-805-325 (18) and (19); and

(vii) Conducting individual and group counseling, as described in WAC 388-805-315 (2)(b) and 388-805-325(13).

(b) Staffing: Provide sufficient qualified personnel for the care of patients as described in WAC 388-805-140(5) and 388-805-145(5);

(c) Facility:

(i) Provide sufficient facilities, equipment, and supplies for the care and safety of patients as described in WAC 388-805-140 (5) and (6);

(ii) If a residential provider, be licensed by the department of health as described by WAC 388-805-015 (1)(b).

(4) Findings during periodic on-site surveys and complaint investigations to determine the provider's compliance with this chapter. During on-site surveys and complaint investigations, provider representatives must cooperate with department representatives to:

(a) Examine any part of the facility at reasonable times and as needed;

(b) Review and evaluate records, including patient clinical records, personnel files, policies, procedures, fiscal records, data, and other documents as the department requires to determine compliance; and

(c) Conduct individual interviews with patients and staff members.

(5) The provider must post the notice of a scheduled department on-site survey in a conspicuous place accessible to patients and staff.

(6) The provider must correct compliance deficiencies found at such surveys immediately or as agreed by a plan of correction approved by the department.

[Statutory Authority: RCW 70.96A.040, chapter 70.96A RCW, and 42 C.F.R. Part 8. 08-24-083, § 388-805-100, filed 12/1/08, effective 1/1/09. Statutory Authority: RCW 70.96A.090, 70.96A.142, 70.96A.157, chapter 70.96A RCW, 2004 c 166, 2005 c 70 and 504, 42 C.F.R. Parts 2 and 8. 06-11-096, § 388-805-100, filed 5/17/06, effective 6/17/06. WAC 388-805-105 What do I need to do for a change in ownership? (1) When a certified chemical dependency service provider plans a change in ownership, the current service provider must submit a change in ownership application form sixty or more days before the proposed date of ownership change.

(2) The current provider must include the following information with the application:

(a) Name and address of each new prospective owner of five percent or more of the organizational assets as required by WAC 388-805-015 (2)(a) through (d);

(b) Current and proposed name (if applicable) of the affected;

(c) Date of the proposed transaction;

(d) A copy of the transfer agreement between the outgoing and incoming owner(s);

(e) If a corporation, the names and addresses of the proposed responsible officers or partners;

(f) A statement regarding the disposition and management of patient records, as described under 42 CFR, Part 2 and WAC 388-805-320; and

(g) A copy of the report of findings from a criminal background check of any new owner of five percent or more of the organizational assets and new administrator when applicable.

(3) The department must determine which, if any, WAC 388-805-015 or 388-805-020 requirements apply to the potential new service provider, depending on the extent of ownership and operational changes.

(4) The department may grant certification to the new owner when the new owner:

(a) Successfully completes the application process; and

(b) Ensures continuation of compliance with rules of this chapter and implementation of plans of correction for deficiencies relating to this chapter, when applicable.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-105, filed 11/21/00, effective 1/1/01.]

WAC 388-805-110 What do I do to relocate or remodel a facility? (1) When a certified chemical dependency service provider plans to relocate or change the physical structure of a facility in a manner that affects patient care, the provider must:

(a) Submit a completed agency relocation approval request form, or a request for approval in writing if remodeling, sixty or more days before the proposed date of relocation or change.

(b) Submit a sample floor plan that includes information identified under WAC 388-805-015 (2)(j) through (l).

(c) Submit a completed facility accessibility self-evaluation form.

(d) Provide for department examination of nonresidential premises before approval, as described under WAC 388-805-060.

(e) Contact the department of health for approval before relocation or remodel if a residential treatment facility.

(2) Opiate substitution treatment provider must complete WAC 388-805-030, 388-805-035, and 388-805-040 requirements for a facility relocation.

[Statutory Authority: RCW 70.96A.040, chapter 70.96A RCW, and 42 C.F.R. Part 8. 08-24-083, § 388-805-110, filed 12/1/08, effective 1/1/09. Statutory Authority: RCW 70.96A.090, 70.96A.142, 70.96A.157, chapter 70.96A RCW, 2004 c 166, 2005 c 70 and 504, 42 C.F.R. Parts 2 and 8. 06-11-096, § 388-805-110, filed 5/17/06, effective 6/17/06. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-110, filed 11/21/00, effective 1/1/01.]

WAC 388-805-115 How does the department deem national accreditation? (1) The department must deem accreditation by a national chemical dependency accreditation body, recognized by the department, if the treatment provider was initially certified by the department and when:

(a) A major portion of the national accreditation body requirements meet or exceed chapter 388-805 WAC requirements;

(b) The national accreditation time intervals meet or exceed state expectations;

(c) The provider notifies the department of scheduled on-site surveys;

(d) The provider promptly sends a copy of survey findings, corrective action plans, and follow-up responses to the department; and

(e) WAC 388-805-001 through 388-805-135 continue to apply at all times.

(2) The department may apply an abbreviated department survey, which includes requirements specific to Washington state at its regular certification intervals.

(3) The department must act upon:

(a) Complaints received; and

(b) Deficiencies cited by the national accreditation body for which there is no evidence of correction.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-115, filed 11/21/00, effective 1/1/01.]

WAC 388-805-120 How does the department assess penalties? (1) When the department determines that a service provider fails to comply with provider entry requirements or ongoing requirements of this chapter, the department may:

(a) Assess fees to cover costs of added certification activities;

(b) Cease referrals of new patients who are recipients of state or federal funds; and

(c) Notify the county alcohol and drug coordinator and local media of ceased referrals, involuntary cancellations, suspensions, revocations, or nonrenewal of certification.

(2) When the department determines a service provider knowingly failed to report, as ordered by the court pursuant to chapter 46.61 RCW, a patient's noncompliance with treatment, the department must assess the provider a fine of two hundred fifty dollars for each incident of nonreporting.

[Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-120, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-120, filed 11/21/00, effective 1/1/01.]

WAC 388-805-125 How does the department cancel certification? The department may cancel a provider's certification if the provider:

(1) Ceases to provide services for which the provider is certified.

(2) Voluntarily cancels certification.

(3) Fails to submit required certification fees.

(4) Changes ownership without prior notification and approval.

(5) Relocates without prior notification and approval.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-125, filed 11/21/00, effective 1/1/01.]

WAC 388-805-130 How does the department suspend or revoke certification? (1) The department must suspend or revoke a provider's certification when a disqualifying situation described under WAC 388-805-065 applies to a current service provider.

(2) The department must revoke a provider's certification when the provider knowingly failed to report, as ordered by the court pursuant to chapter 46.61 RCW, within a continuous twelve-month period, three incidents of patient noncompliance with treatment ordered by the court.

(3) The department may suspend or revoke a provider's certification when any of the following provider deficiencies or circumstances occur:

(a) A provider fails to provide the essential requirements of chemical dependency treatment as described in WAC 388-805-100(3), and one or more of the following conditions occur:

(i) Violation of a rule threatens or results in harm to a patient;

(ii) A reasonably prudent provider should have been aware of a condition resulting in significant violation of a law or rule;

(iii) A provider failed to investigate or take corrective or preventive action to deal with a suspected or identified patient care problem;

(iv) Noncompliance occurs repeatedly in the same or similar areas;

(v) There is an inability to attain compliance with laws or rules within a reasonable period of time.

(b) The provider fails to submit an acceptable and timely plan of correction for cited deficiencies; or

(c) The provider fails to correct cited deficiencies.

(4) The department may suspend certification upon receipt of a providers written request. Providers requesting voluntary suspension must submit a written request for reinstatement of certification within one year from the effective date of the suspension. The department will review the request for reinstatement, determine if the provider is able to operate in compliance with certification requirements, and notify the provider of the results of the review for reinstatement.

[Statutory Authority: RCW 70.96A.040, chapter 70.96A RCW, and 42 C.F.R. Part 8. 08-24-083, § 388-805-130, filed 12/1/08, effective 1/1/09. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-130, filed 11/21/00, effective 1/1/01.]

WAC 388-805-135 What is the prehearing, hearing and appeals process? (1) In case of involuntary certification cancellation, suspension, or revocation of the certification, or a penalty for noncompliance, the department must:

(a) Notify the service provider and the county coordinator of any action to be taken; and

(b) Inform the provider of prehearing and dispute conferences, hearing, and appeal rights under chapter 388-02 WAC.

(2) The department may order a summary suspension of the provider's certification pending completion of the appeal process when the preservation of public health, safety, or welfare requires emergency action.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-135, filed 11/21/00, effective 1/1/01.]

SECTION V—ORGANIZATIONAL STANDARDS

WAC 388-805-140 What are the requirements for a provider's governing body? The provider's governing body, legally responsible for the conduct and quality of services provided, must:

(1) Appoint an administrator responsible for the day-to-day operation of the program.

(2) Maintain a current job description for the administrator including the administrator's authority and duties.

(3) Establish the philosophy and overall objectives for the treatment services.

(4) Notify the department within thirty days, of changes of the agency administrator.

(5) Provide personnel, facilities, equipment, and supplies necessary for the safety and care of patients.

(6) If a nonresidential provider, ensure:

(a) Safety of patients and staff; and

(b) Maintenance and operation of the facility.

(7) Review and approve written administrative, personnel, and clinical policies and procedures required under WAC 388-805-150, 388-805-200, and 388-805-300.

(8) Ensure the administration and operation of the agency is in compliance with:

(a) Chapter 388-805 WAC requirements;

(b) Applicable federal, state, tribal, and local laws and rules; and

(c) Applicable federal, state, tribal, and local licenses, permits, and approvals.

(9) The governing body of a certified opiate substitution treatment program must ensure that treatment is provided to patients in compliance with 42 Code of Federal Regulations, Part 8.12.

[Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-140, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-140, filed 11/21/00, effective 1/1/01.]

WAC 388-805-145 What are the key responsibilities required of an agency administrator? (1) The administrator is responsible for the day-to-day operation of the certified treatment service, including:

(a) All administrative matters;

(b) Patient care services; and

(c) Meeting all applicable rules and ethical standards.

(2) When the administrator is not on duty or on call, a staff person must be delegated the authority and responsibility to act in the administrator's behalf.

(3) The administrator must ensure administrative, personnel, and clinical policy and procedure manuals:

(a) Are developed and adhered to; and

(b) Are reviewed and revised as necessary, and at least annually.

(4) The administrator must employ sufficient qualified personnel to provide adequate chemical dependency treatment, facility security, patient safety and other special needs of patients.

(5) The administrator must ensure all persons providing counseling services are registered, certified or licensed by the department of health.

(6) The administrator must ensure full-time chemical dependency professionals (CDPs), CDP trainees, or other licensed or registered counselors in training to become a CDP do not exceed one hundred twenty hours of patient contact per month.

(7) The administrator must assign the responsibilities for a clinical supervisor to at least one person within the organization.

(8) The administrator of a certified opiate substitution treatment program must ensure that:

(a) The number of patients will not exceed three hundred and fifty unless authorized by the county in which the program is located;

(b) Treatment is provided to patients in compliance with 42 Code of Federal Regulations, Part 8.12; and

(c) A formally designated medical director is appointed who shall assume responsibility for:

(i) All medical services performed; and

(ii) Ensuring the program is in compliance with all applicable Federal, State and local laws and regulations.

[Statutory Authority: RCW 70.96A.040, chapter 70.96A RCW, and 42 C.F.R. Part 8. 08-24-083, § 388-805-145, filed 12/1/08, effective 1/1/09. SECTION VII—PROFESSIONAL PRACTICES

WAC 388-805-300 What must be included in the agency clinical manual? Each chemical dependency service provider must have and adhere to a clinical manual containing patient care policies and procedures, including:

(1) How the provider meets WAC 388-805-305 through 388-805-350 requirements.

(2) How the provider will meet applicable certified service standards for the level of program service requirements:

Allowance of up to twenty percent of education time to consist of film or video presentations.

(3) Identification of resources and referral options so staff can make referrals required by law and as indicated by patient needs.

(4) Assurance that there is an identified clinical supervisor who:

(a) Is a chemical dependency professional (CDP);

(b) Has documented competency in clinical supervision;

(c) Reviews and documents a sample of patient records of each CDP semi-annually;

(d) Ensures implementation of assessment, treatment, continuing care, transfer and discharge plans in accord with WAC 388-805-315; and

(e) Ensures continued competency of each CDP in assessment, treatment, continuing care, transfer, and dis-

charge plans in accord with WAC 388-805-310 and 388-805-315.

(5) Patient admission, continued service, and discharge criteria using PPC.

(6) Policies and procedures to implement the following requirements:

(a) The administrator must not admit or retain a person unless the person's treatment needs can be met;

(b) A chemical dependency professional (CDP), or a CDP trainee under supervision of a CDP, must assess and refer each patient to the appropriate treatment service; and

(c) A person needing detoxification must immediately be referred to a detoxification provider, unless the person needs acute care in a hospital.

(7) Additional requirements for opiate substitution treatment programs:

(a) A program physician must ensure that a person is currently addicted to an opioid drug and that the person became addicted at least one year before admission to treatment;

(b) A program physician must ensure that each patient voluntarily chooses maintenance treatment and provides informed written consent to treatment;

(c) A program physician must ensure that all relevant facts concerning the use of the opioid drug are clearly and adequately explained to the patient;

(d) A person under eighteen years of age needing opiate substitution treatment is required to have had two documented attempts at short-term detoxification or drug-free treatment within a twelve-month period. A waiting period of no less than seven days is required between the first and second short-term detoxification treatment;

(e) No person under eighteen years of age may be admitted to maintenance treatment unless a parent, legal guardian, or responsible adult designated by the relevant state authority consents in writing to treatment;

(f) A program physician may waive the requirement of a one year history of addiction under subsection (7)(a) of this section, for patients released from penal institutions (within six months after release), for pregnant patients (program physician must certify pregnancy), and for previously treated patients (up to two years after discharge);

(g) Documentation in each patient's record that the service provider made a good faith effort to review if the patient is enrolled in any other opiate substitution treatment service;

(h) When the medical director or program physician of an opiate substitution treatment program provider in which the patient is enrolled determines that exceptional circumstances exist, the patient may be granted permission to seek concurrent treatment at another opiate substitution treatment program provider. The justification for finding exceptional circumstances for double enrollment must be documented in the patient's record at both treatment program providers.

(8) Tuberculosis screening for prevention and control of TB in all detox, residential, and outpatient programs, including:

(a) Obtaining a history of preventive or curative therapy;

(b) Screening and related procedures for coordinating with the local health department; and

(c) Implementing TB control as provided by the department of health TB control program.

(9) HIV/AIDS information, brief risk intervention, and referral.

(10) Limitation of group counseling sessions to twelve or fewer patients.

(11) Counseling sessions with nine to twelve youths to include a second adult staff member.

(12) Provision of education to each patient on:

(a) Alcohol, other drugs, and chemical dependency;

(b) Relapse prevention; and

(c) HIV/AIDS, hepatitis, and TB.

(13) Provision of education or information to each patient on:

(a) The impact of chemical use during pregnancy, risks to the fetus, and the importance of informing medical practitioners of chemical use during pregnancy;

(b) Emotional, physical, and sexual abuse; and

(c) Nicotine addiction.

(14) An outline of each lecture and education session included in the service, sufficient in detail for another trained staff person to deliver the session in the absence of the regular instructor.

(15) Assigning of work to a patient by a CDP when the assignment:

(a) Is part of the treatment program; and

(b) Has therapeutic value.

(16) Use of self-help groups.

(17) Patient rules and responsibilities, including disciplinary sanctions for noncomplying patients.

(18) If youth are admitted, a policy and procedure for assessing the need for referral to child welfare services.

(19) Implementation of the deferred prosecution program.

(20) Reporting status of persons convicted under chapter 46.61 RCW to the department of licensing.

(21) Asking at intake or next counseling session if the patient has been court ordered to chemical dependency or mental health treatment and is under supervision by the department of corrections, and documenting the patient's response in the clinical record.

(22) For patients that are court ordered to receive chemical dependency or mental health treatment and under department of corrections supervision, the provider must request:

(a) Authorizations to share information with the department of corrections, the county designated chemical dependency specialist and any other court ordered treatment provider; or

(b) A copy of the court order that exempts the patient from the reporting requirements with the department of corrections and mental health provider.

(c) If a patient refuses to sign a release, document attempt in the patient record.

(23) Nonresidential providers must have policies and procedures on:

(a) Medical emergencies;

(b) Suicidal and mentally ill patients;

(c) Laboratory tests, including UA's and drug testing;

WAC 388-805-310 What are the requirements for chemical dependency assessments? A chemical dependency professional (CDP), or a CDP trainee under supervision of a CDP, must conduct and document an assessment of each patient's involvement with alcohol and other drugs. The CDP's assessment must include:

(1) A face-to-face diagnostic interview with each patient to obtain, review, evaluate, and document the following:

(a) A history of the patient's involvement with alcohol and other drugs, including:

(i) The type of substances used;

(ii) The route of administration; and

(iii) Amount, frequency, and duration of use.

(b) History of alcohol or other drug treatment or education;

(c) The patient's self-assessment of use of alcohol and other drugs;

(d) A relapse history;

(e) A legal history; and

(f) In addition, for persons who have been charged with a violation under RCW 46.61.502 or 46.61.504 RCW, ensure the assessment includes an evaluation in the written summary of the patient's:

(i) Blood or breath alcohol level and other drug levels or documentation of the patient's refusal at the time of the arrest, if available;

(ii) Self reported driving record and the abstract of the patient's legal driving record; and

(iii) If the initial finding is other than substance dependence, the assessment must also include:

(A) The police report or documentation of efforts to include this information;

(B) A court originated criminal case history or documentation of efforts to include this information; and

(C) The results of a urinalysis or drug testing obtained at the time of the assessment or documentation of efforts to include this information.

(2) If the patient is in need of treatment, a CDP or CDP trainee under supervision of a CDP must evaluate the assessment using PPC dimensions for the patient placement decision.

(3) If an assessment is conducted on a youth, and the patient is in need of treatment, the CDP, or CDP trainee under supervision of a CDP, must also obtain the following information:

(a) Parental and sibling use of alcohol and other drugs;

(b) History of school assessments for learning disabilities or other problems, which may affect ability to understand written materials;

(c) Past and present parent/guardian custodial status, including running away and out-of-home placements;

(d) History of emotional or psychological problems;

(e) History of child or adolescent developmental problems; and

(f) Ability of parents/guardians to participate in treatment.

(4) Documentation of the information collected, including:

(a) A diagnostic assessment statement including sufficient data to determine a patient diagnosis supported by criteria of substance abuse or substance dependence;

(b) A written summary of the data gathered in subsections (1), (2), and (3) of this section that supports the treatment recommendation;

(c) A statement regarding provision of an HIV/AIDS brief risk intervention, and referrals made; and

(d) Evidence the patient:

(i) Was notified of the assessment results; and

(ii) Documentation of treatment options provided, and the patient's choice; or

(iii) If the patient was not notified of the results and advised of referral options, the reason must be documented.

(5) Completion and submission of all reports required by the courts, department of corrections, department of licensing, and department of social and health services in a timely manner.

(6) Referral of an adult or minor who requires assessment for involuntary chemical dependency treatment to the county-designated chemical dependency specialist.

WAC 388-805-315 What are the requirements for treatment, continuing care, transfer, and discharge plans? (1) A chemical dependency professional (CDP), or a CDP trainee under supervision of a CDP, must be responsible for the overall treatment plan for each patient, including:

(a) Patient involvement in treatment planning;

(b) Documentation of progress toward patient attainment of goals; and

(c) Completeness of patient records.

(2) A CDP or a CDP trainee under supervision of a CDP must:

(a) Develop the individualized treatment plan based upon the assessment and update the treatment plan based upon achievement of goals, or when new problems are identified;

(b) Conduct individual and group counseling;

(c) Develop the continuing care plan; and

(d) Complete the discharge summary.

(3) A CDP, or CDP trainee under supervision of a CDP, must also include in the treatment plan for youth problems identified in specific youth assessment, including any referrals to school and community support services.

(4) A CDP, or CDP trainee under supervision of a CDP, must follow up when a patient misses an appointment to:

(a) Try to motivate the patient to stay in treatment; and

(b) Report a noncompliant patient to the committing authority as appropriate.

(5) A CDP, or CDP trainee under supervision of a CDP, must involve each patient's family or other support persons, when the patient gives written consent:

(a) In the treatment program; and

(b) In self-help groups.

(6) When transferring a patient from one certified treatment service to another within the same agency, at the same location, a CDP, or a CDP trainee under supervision of a CDP, must:

(a) Update the patient assessment and treatment plan; and

(b) Provide a summary report of the patient's treatment and progress, in the patient's record.

(7) A CDP, or CDP trainee under supervision of a CDP, must meet with each patient at the time of discharge from any treatment agency, unless in detox or when a patient leaves treatment without notice, to:

(a) Finalize a continuing care plan to assist in determining appropriate recommendation for care;

(b) Assist the patient in making contact with necessary agencies or services; and

(c) Provide the patient a copy of the plan.

(8) When transferring a patient to another treatment provider, the current provider must forward copies of the following information to the receiving provider when a release of confidential information is signed by the patient:

(a) Patient demographic information;

(b) Diagnostic assessment statement and other assessment information, including:

(i) Documentation of the HIV/AIDS intervention;

(ii) TB test result;

(iii) A record of the patient's detox and treatment history;

(iv) The reason for the transfer; and

(v) Court mandated, department of correction supervision status or agency recommended follow-up treatment.

(c) Discharge summary; and

(d) The plan for continuing care or treatment.

(9) A CDP, or CDP trainee under supervision of a CDP, must complete a discharge summary, within seven days of each patient's discharge from the agency, which includes:

(a) The date of discharge; and

(b) A summary of the patient's progress toward each treatment goal, except in detox.

WAC 388-805-320 What are the requirements for a patient record system? Each service provider must have a comprehensive patient record system maintained in accord with recognized principles of health record management. The provider must ensure:

(1) A designated individual is responsible for the record system;

(2) A secure storage system which:

(a) Promotes confidentiality of and limits access to both active and inactive records; and

(b) Protects active and inactive files from damage during storage.

(3) Patient record policies and procedures on:

(a) Who has access to records;

(b) Content of active and inactive patient records;

(c) A systematic method of identifying and filing individual patient records so each can be readily retrieved;

(d) Assurance that each patient record is complete and authenticated by the person providing the observation, evaluation, or service;

(e) Retention of patient records for a minimum of six years after the discharge or transfer of the patient; and

(f) Destruction of patient records.

(4) In addition to subsection (1) through (3) of this section, an opiate substitution treatment program provider must ensure that the patient record system comply with all federal and state reporting requirements relevant to opioid drugs approved for use in treatment of opioid addiction.

(5) In addition to subsection (1) through (3) of this section, providers maintaining electronic patient records must:

(a) Make records available in paper form upon request:

(i) For review by the department;

(ii) By patients requesting record review as authorized by WAC 388-805-305 (1)(f).

(b) Provide secure, limited access through means that prevent modification or deletion after initial preparation;

(c) Provide for back up of records in the event of equipment, media or human error;

(d) Provide for protection from unauthorized access, including network and internet access.

(6) In case of an agency closure, the provider closing its treatment agency must arrange for the continued management of all patient records. The closing provider must notify the department in writing of the mailing and street address where records will be stored and specify the person managing the records. The closing provider may:

(a) Continue to manage the records and give assurance they will respond to authorized requests for copies of patient records within a reasonable period of time;

(b) Transfer records of patients who have given written consent to another certified provider;

(c) Enter into a qualified service organization agreement with a certified provider to store and manage records, when the outgoing provider will no longer be a chemical dependency treatment provider; or

(d) In the event none of the arrangements listed in (a) through (c) of this subsection can be made, the closing provider must arrange for transfer of patient records to the department.

WAC 388-805-325 What are the requirements for patient record content? The service provider must ensure patient record content includes:

(1) Demographic information;

(2) A chemical dependency assessment and history of involvement with alcohol and other drugs;

(3) Documentation of the patient's response when asked if the patient is under:

(a) Department of corrections supervision; and

(b) Civil or criminal court ordered mental health or chemical dependency treatment; or

(c) A copy of the court order exempting patient from reporting requirements.

(4) Documentation the patient was informed of the diagnostic assessment and options for referral or the reason not informed;

(5) Documentation the patient was informed of federal confidentiality requirements and received a copy of the patient notice required under 42 CFR, Part 2 and 45 CFR, Part 160 through 164;

(6) Documentation the patient was informed of treatment service rules, translated when needed, signed and dated by the patient before beginning treatment;

(7) Voluntary consent to treatment signed and dated by the patient, parent or legal guardian, except as authorized by law for protective custody, involuntary treatment, or the department of corrections;

(8) Documentation the patient received counselor disclosure information, acknowledged by the provider and patient by signature and date;

(9) Documentation of the patient's tuberculosis test and results;

(10) Documentation the patient received the HIV/AIDS brief risk intervention;

(11) Initial and updated individual treatment plans, including results of the initial assessment and periodic reviews, addressing:

(a) Patient biopsychosocial problems;

(b) Treatment goals;

(c) Estimated dates or conditions for completion of each treatment goal;

(d) Approaches to resolve the problems;

(e) Identification of persons responsible for implementing the approaches;

(f) Medical orders, if appropriate.

(12) Documentation of referrals made for specialized care or services;

(13) At least weekly individualized documentation of ongoing services in residential services, and as required in intensive outpatient and outpatient services, including:

(a) Date, duration, and content of counseling and other treatment sessions;

(b) Ongoing assessments of each patient's participation in and response to treatment and other activities;

(c) Progress notes as events occur, and treatment plan reviews as specified under each treatment service of chapter 388-805 WAC; and

(d) Documentation of missed appointments.

(14) Medication records, if applicable;

(15) Laboratory reports, if applicable;

(16) Properly completed authorizations for release of information;

(17) Copies of all correspondence related to the patient, including any court orders and reports of noncompliance;

(18) A copy of the continuing care plan signed and dated by the CDP and the patient; and

(19) The discharge summary.

WAC 388-805-330 What are the requirements for reporting patient noncompliance? The following standards define patient noncompliance behaviors and set minimum time lines for reporting these behaviors to the appropriate court, community corrections officer, or county designated chemical dependency specialist.

(1) Reporting patient noncompliance is contingent upon obtaining a properly completed authorization to release confidential information form meeting the requirements of 42 CFR Part 2 and 45 CFR Parts 160 and 164 or through a court order authorizing the disclosure pursuant to 42 CFR Part 2, Section 2.63 through 2.67.

(2) Chemical dependency service providers failing to report patient noncompliance with court ordered or deferred prosecution treatment requirements may be considered in violation of chapter 46.61 RCW, RCW 70.96A.142 or chapter 10.05 RCW reporting requirements and be subject to penalties specified in WAC 388-805-120, 388-805-125, and 388-805-130.

(3) For patients under the department of corrections supervision and court ordered to treatment, the provider must notify the designated chemical dependency specialist within three working days from obtaining information of any violation of the terms of the court order for purposes of revocation of the patient's conditional release.

(4) For emergent noncompliance: The following noncompliance is considered emergent noncompliance and must be reported to the appropriate court within three working days from obtaining the information:

(a) Patient failure to maintain abstinence from alcohol and other nonprescribed drugs as verified by patient self-report, identified third party report confirmed by the agency, or blood alcohol content or other laboratory test;

(b) Patient reports a subsequent alcohol/drug related arrest;

(c) Patient leaves program against program advice or is discharged for rule violation.

(5) For nonemergent noncompliance: The following noncompliance is considered nonemergent noncompliance and must be reported to the appropriate court as required by subsection (6) and (7) of this section:

(a) Patient has unexcused absences or failure to report. Agencies must report all patient unexcused absences, including failure to attend self-help groups. Report failure of patient to provide agency with documentation of attendance at self-help groups if under a deferred prosecution order or required by the treatment plan. In providing this report, include the agency's recommendation for action.

(b) Patient failure to make acceptable progress in any part of the treatment plan. Report details of the patient's noncompliance behavior along with a recommendation for action.

(6) If a court accepts monthly progress reports, nonemergent noncompliance may be reported in monthly progress reports, which must be mailed to the court within ten working days from the end of each reporting period.

(7) If a court does not wish to receive monthly reports and only requests notification of noncompliance or other significant changes in patient status, the reports should be transmitted as soon as possible, but in no event longer than ten working days from the date of the noncompliance.

SECTION VIII—OUTCOMES EVALUATION

WAC 388-805-350 What are the requirements for outcomes evaluation? Each service provider must develop

and implement policies and procedures for outcomes evaluation, to monitor and evaluate program effectiveness and patient satisfaction for the purpose of program improvement.

[Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-350, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-350, filed 11/21/00, effective 1/1/01.]

SECTION IX—PROGRAM SERVICE STANDARDS

WAC 388-805-400 What are the requirements for detoxification providers? Detoxification services include acute and subacute services. To be certified to offer detoxification services, a provider must:

(1) Meet WAC 388-805-001 through 388-805-320, 388-805-330, and 388-805-350 requirements; and

(2) Meet relevant requirements of chapter 246-337 WAC.

WAC 388-805-410 What are the requirements for detox staffing and services? (1) The service provider must ensure staffing as follows:

(a) A chemical dependency professional (CDP), or a CDP trainee under supervision of a CDP, to assess, counsel, and attempt to motivate each patient for referral;

(b) Other staff as necessary to provide services needed by each patient;

(c) All personnel providing patient care, except licensed staff and CDPs, must complete a minimum of forty hours of documented training before assignment of patient care duties. The personnel training must include:

(i) Chemical dependency;

(ii) HIV/AIDS and hepatitis B education;

(iii) TB prevention and control; and

(iv) Detox screening, admission, and signs of trauma.

(d) All personnel providing patient care must have current training in:

(i) Cardio-pulmonary resuscitation (CPR); and

(ii) First aid.

(2) The service provider must ensure detoxification services include:

(a) A staff member who demonstrates knowledge about addiction, and is skilled in observation and eliciting information, will perform a screening of each person prior to admission;

(b) Counseling of each patient by a CDP, or CDP trainee under supervision of a CDP, at least once:

(i) Regarding the patient's chemical dependency; and

(ii) Attempting to motivate each person to accept referral into a continuum of care for chemical dependency treatment.

(c) Sleeping arrangements that permit observation of patients;

(d) Separate sleeping rooms for youth and adults; and

(e) Referral of each patient to other appropriate treatment services.

(3) The service provider must ensure detoxification patient records include:

(a) Demographic information;

(b) Documentation the patient was informed of federal confidentiality requirements and received a copy of the patient notice required under 42 CFR, Part 2;

(c) Documentation the patient was informed of treatment service rules, translated when needed, signed and dated by the patient before beginning treatment;

(d) Voluntary consent to treatment signed and dated by the patient, parent or legal guardian, except as authorized by law for protective custody and involuntary treatment;

(e) Documentation the patient receive counselor disclosure information, acknowledged by the provider and patient by signature and date;

(f) Documentation the patient received the HIV/AIDS brief risk intervention;

(g) Progress notes each shift and as events occur;

(h) Medication records, if applicable;

(i) Laboratory reports, if applicable;

(j) Properly completed authorizations for release of information; and

(k) The discharge summary, which includes the patient's physical condition.

WAC 388-805-500 What are the requirements for residential providers? To be certified to offer intensive inpatient, recovery, or long-term residential services, a provider must meet the requirements of:

(1) WAC 388-805-001 through 388-805-350;

(2) WAC 388-805-510 through 388-805-550 as applicable; and

(3) Chapter 246-337 WAC as required for department of health licensing.

[Statutory Authority: RCW 70.96A.090, chapter 70.96A RCW, 2001 c 242, 42 C.F.R. Part 8. 03-20-020, § 388-805-500, filed 9/23/03, effective 10/25/03. Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-500, filed 11/21/00, effective 1/1/01.]

WAC 388-805-510 What are the requirements for residential providers admitting youth? A residential service provider admitting youth must ensure:

(1) A youth will be admitted only with the written permission of a parent or legal guardian. In cases where the youth meets the requirements of child in need of services (CHINS) the youth may sign themselves into treatment.

(2) The youth must agree to, and both the youth and parent or legal guardian must sign the following when possible:

(a) Statement of patient rights and responsibilities;

(b) Treatment or behavioral contracts; and

(c) Any consent or release form.

(3) Youth chemical dependency treatment must include:

(a) Group meetings to promote personal growth; and

(b) Recreational, leisure, and other therapy and related activities.

(4) A certified teacher or tutor must provide each youth one or more hours per day, five days each week, of super-

vised academic tutoring or instruction when the youth is unable to attend school for an estimated period of four weeks or more. The provider must:

(a) Document the patient's most recent academic placement and achievement level; and

(b) Obtain schoolwork, where applicable, from the patient's home school or provide schoolwork and assignments consistent with the person's academic level and functioning.

(5) Adult staff must lead or supervise seven or more hours of structured recreation each week.

(6) Staff must conduct room checks frequently and regularly when patients are in their rooms.

(7) A person fifteen years of age or younger must not room with a person eighteen years of age or older.

(8) Sufficient numbers of adult staff, whose primary task is supervision of patients, must be trained and available at all times to ensure appropriate supervision, patient safety, and compliance with WAC 388-805-520.

(9) In coed treatment services, there must be at least one adult staff person of each gender present or on call at all times.

(10) There must be at least one chemical dependency professional (CDP) for every ten youth patients.

(11) Staff must document attempts to notify the parent or legal guardian within two hours of any change in the status of a youth.

(12) For routine discharge, each youth must be discharged to the care of the youth's legal custodian.

(13) For emergency discharge and when the custodian is not available, the provider must contact the appropriate authority.

[Statutory Authority: RCW 70.96A.090 and chapter 70.96A RCW. 00-23-107, § 388-805-510, filed 11/21/00, effective 1/1/01.]

WAC 388-805-520 What are the requirements for youth behavior management? (1) Upon application for a youth's admission, a service provider must:

(a) Advise the youth's parent and other referring persons of the programmatic and physical plant capabilities and constraints in regard to providing treatment with or without a youth's consent;

(b) Obtain the parent's or other referring person's agreement to participate in the treatment process as appropriate and possible; and

(c) Obtain the parent's or other referring person's agreement to return and take custody of the youth as necessary and appropriate on discharge or transfer.

(2) The administrator must ensure policies and procedures are written and implemented which detail least to increasingly restrictive practices used by the provider to stabilize and protect youth who are a danger to self or others, including:

(a) Obtaining signed behavioral contracts from the youth, at admission and updated as necessary;

(b) Acknowledging positive behavior and fostering dignity and self respect;

(c) Supporting self-control and the rights of others;

(d) Increased individual counseling;

(e) Increased staff monitoring;

(f) Verbal deescalation;

(g) Use of unlocked room for voluntary containment or time-out;

(h) Use of therapeutic physical intervention techniques during a time limited immediate crisis to prevent or limit free body movement that may cause harm to the person or others; and

(i) Emergency procedures, including notification of the parent, guardian or other referring person, and, when appropriate, law enforcement.

(3) The provider must ensure staff is trained in safe and therapeutic techniques for dealing with a youth's behavioral and emotional crises, including:

(a) Verbal deescalation;

(b) Crisis intervention;

(c) Anger management;

(d) Suicide assessment and intervention;

(e) Conflict management and problem solving skills;

(f) Management of assaultive behavior;

(g) Proper use of therapeutic physical intervention techniques; and

(h) Emergency procedures.

(4) To reduce the possibility of a youth's unauthorized exit from the residential treatment site, the provider may have:

(a) An unlocked room for voluntary containment or time-out;

(b) A secure perimeter, such as a nonscalable fence with locked gates; and

(c) Locked windows and exterior doors.

(5) Providers using holding mechanisms in subsection (4) of this section must meet current Uniform Building Code requirements, which include fire safety and special egress control devices, such as alarms and automatic releases.

(6) When less restrictive measures are not sufficient to de-escalate a behavioral crisis, clinical staff may use, for voluntary containment or time-out of a youth, a quiet unlocked room which has a window for observation and:

(a) The clinical supervisor or designated alternate must be notified immediately of the staff person's use of a quiet room for a youth, and must determine its appropriateness;

(b) A chemical dependency professional (CDP) or designated clinical alternate must consult with the youth immediately and at least every ten minutes, for counseling, assistance, and to maintain direct communication; and

(c) The clinical supervisor or designated alternate must evaluate the youth and determine the need for mental health consultation.

(7) Youth who demonstrate continuing refusal to participate in treatment or continuing to exhibit behaviors that present health and safety risks to self, other patients, or staff may be discharged or transferred to more appropriate care after:

(a) Interventions appropriate to the situation from those listed in subsection (2) of this section have been attempted without success;

(b) The person has been informed of the consequences and return options;

(c) The parents, guardian, or other referring person has been notified of the emergency and need to transfer or discharge the person; and

(d) Arrangements are made for the physical transfer of the person into the custody of the youth's parent, guardian, or other appropriate person or program.

(8) Involved staff must document the circumstances surrounding each incident requiring intervention in the youth's record and include:

(a) The precipitating circumstances;

(b) Measures taken to resolve the incident;

(c) Final resolution; and

(d) Record of notification of appropriate others.

(2) A medical examination must be conducted on each patient:

(a) By a program physician or other medical practitioner;

(b) Within fourteen days of admission; and

(c) Annually to update the medical examination of each patient by a program physician or other medical practitioner to include the patient's overall physical condition and response to medication.

(3) Prior to initial prescribed dosage of opiate substitution medication, a program physician must ensure that all pregnant patients are provided written and verbal:

(a) Current health information concerning the possible addiction, health risks and benefits opiate substitution medication may have on them and their fetus;

(b) Current health information concerning the risks of not initiating opiate substitution medication may have on them and their fetus and;

(c) Referral options to address neonatal abstinence syndrome for their baby.

(4) Following the patient's initial dose of opiate substitution treatment, the physician must establish adequacy of dose, considering:

(a) Signs and symptoms of withdrawal;

(b) Patient comfort; and

(c) Side effects from over medication.

(5) Prior to the beginning of detox, a program physician must approve an individual detoxification schedule for each patient being detoxified.

WAC 388-805-715 What are the requirements for opiate substitution medication management? (1) An opiate substitution treatment program must use only those opioid agonist treatment medications that are approved by the Food and Drug Administration under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) for use in the treatment of opioid addiction.

(2) In addition, an opiate substitution treatment program who is fully compliant with the protocol of an investigational use of a drug and other conditions set forth in the application may administer a drug that has been authorized by the Food and Drug Administration under an investigational new drug application under section 505(i) of the Federal Food, Drug, and Cosmetic Act for investigational use in the treatment of opioid addiction. Currently the following opioid agonist treatment medications will be considered to be approved by the Food and Drug Administration for use in the treatment of opioid addiction:

(a) Methadone; and

(b) Buprenorphine distributed as subutex and suboxone.

(3) An opiate substitution treatment program must maintain current procedures that are adequate to ensure that the following dosage form and initial dosing requirements are met:

(a) Methadone must be administered or dispensed only in oral form and must be formulated in such a way as to reduce its potential for parenteral abuse;

(b) For each new patient enrolled in a program, the initial dose of methadone must not exceed thirty milligrams and the total dose for the first day must not exceed forty milligrams, unless the program physician documents in the patient's record that forty milligrams did not suppress opiate abstinence symptoms.

(4) An opiate substitution treatment program must maintain current procedures adequate to ensure that each opioid agonist treatment medication used by the program is administered and dispensed in accordance with its approved product labeling. Dosing and administration decisions must be made by a program physician familiar with the most up-to-date product labeling. These procedures must ensure that any significant deviations from the approved labeling, including deviations with regard to dose, frequency, or the conditions of use described in the approved labeling, are specifically documented in the patient's record.

Chapter 388-810 WAC

ADMINISTRATION OF COUNTY CHEMICAL DEPENDENCY PREVENTION, TREATMENT, AND SUPPORT PROGRAM

(Formerly chapter 440-25 WAC)

WAC

WAC 388-810-005 What is the purpose of this chapter? The purpose of this chapter is to describe the planning, contracting, and provision of chemical dependency preven-

tion, treatment, and support services through counties (see chapter 70.96A RCW).

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-005, filed 9/20/99, effective 10/21/99.]

WAC 388-810-010 What definitions apply to this chapter?

"County" means each county or two or more counties acting jointly.

"County chemical dependency program coordinator" means a person appointed by the county legislative authority as the chief executive officer responsible for carrying out the duties under chapter 70.96A RCW.

"County chemical dependency prevention, treatment, and support program" means services and activities funded by the department through a negotiated contract between a county and the department.

"Department" means the department of social and health services (DSHS).

"Designated chemical dependency specialist" means a person designated by the county chemical dependency program coordinator to perform the involuntary commitment duties under chapter 70.96A RCW.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-010, filed 9/20/99, effective 10/21/99.]

WAC 388-810-020 What are the qualifications to be a county chemical dependency program coordinator? A county chemical dependency program coordinator must have training and experience in:

(1) Chemical dependency prevention, intervention, and treatment strategies used in combating chemical dependency; and

(2) Administration of social and/or human services programs, sufficient to perform the following duties:

(a) Providing general supervision over the county chemical dependency prevention, treatment, and support program;

(b) Preparing plans and applications for funds to support the county chemical dependency prevention, treatment, and support program;

(c) Monitoring the delivery of services to assure conformance with plans and contracts;

(d) Providing staff support to the county alcoholism and other drug addiction board;

(e) Selecting the county designated chemical dependency specialist(s) to perform the intervention, involuntary detention and commitment duties as described under RCW 70.96A.120 and 70.96A.140; and

(f) Advising DSHS, county courts, law enforcement agencies, hospitals, chemical dependency programs, and other local health care and service agencies in the county as to who has been designated as the chemical dependency specialist(s).

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-020, filed 9/20/99, effective 10/21/99.]

WAC 388-810-030 What are the qualifications to be a county-designated chemical dependency specialist? A county-designated chemical dependency specialist must:

(1) Be certified as a chemical dependency professional (CDP) by the department of health under chapter 18.205 RCW, or meet or exceed the requirements to be eligible to be certified as a CDP as described in chapter 246-811 WAC;

(2) Demonstrate knowledge of the laws regarding the involuntary commitment of chemically dependent adolescents and adults; and

(3) Demonstrate knowledge and skills in differential assessment of mentally ill and chemically dependant clients.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-030, filed 9/20/99, effective 10/21/99.]

WAC 388-810-040 Who determines the service priorities for the county chemical dependency prevention, treatment, and support program? (1) DSHS determines the service priorities for services funded by the department.

(2) DSHS must inform the county of the service priorities during the contract negotiation process.

(3) Counties must follow DSHS's service priorities when delivering chemical dependency program services supported by department funds.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-040, filed 9/20/99, effective 10/21/99.]

WAC 388-810-050 How are available funds allocated for the county chemical dependency program? (1) For the purposes of this section, "county" means the legal subdivision of the state, regardless of any agreement between two counties.

(2) The department shall allocate the funds available to the counties through funding formulas jointly developed with representatives of the counties, to carry out the intent of the federal and state legislated appropriations including any budget provisos.

(3) For information on current funding formulas, contact: Chief Financial Officer, Division of Alcohol and Substance Abuse, P.O. Box 45330, Olympia, Washington 98504-5330, Telephone: (360) 438-8088.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-050, filed 9/20/99, effective 10/21/99.]

WAC 388-810-060 How much money can a county claim for the administration of its chemical dependency prevention, treatment, and support program? A county may not use more than ten percent of the chemical dependency prevention, treatment, and support program funds managed by the county for administering the program.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-060, filed 9/20/99, effective 10/21/99.]

WAC 388-810-070 How will funds be made available to the county? (1) DSHS and each county negotiates and executes a county contract before the department reimburses the county for chemical dependency prevention, treatment, and support program services.

(2) DSHS may authorize the county to continue providing services according to a previous county contract and reimburse at the average level of the previous contract, in order to continue services until the department executes a new contract.

(3) DSHS may make advance payments to a county, if the payments facilitate sound program management.

(4) DSHS may require fiscal and program reports.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-070, filed 9/20/99, effective 10/21/99.]

WAC 388-810-080 May a county subcontract for chemical dependency prevention, treatment, and support services? A county may subcontract for services specified in the contract.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-080, filed 9/20/99, effective 10/21/99.]

WAC 388-810-090 How does a county request an exemption? (1) A county may request an exemption to these rules by sending a written request to the department.

(2) DSHS may grant an exemption if the department's assessment of the exemption request:

(a) Ensures the exemption does not undermine the legislative intent of chapter 70.96A RCW; and

(b) Shows that granting the exemption does not adversely affect the quality of the services, supervision, health, and safety of department customers.

[Statutory Authority: RCW 70.96A.040, 70.96A.090 and 70.96A.180. 99-19-105, § 388-810-090, filed 9/20/99, effective 10/21/99.]

PURPOSE

WAC 388-818-0010 What is the purpose of this chapter? (1) The purpose of this chapter is to provide regulations about social and telecommunications access services for people with hearing loss and speech impairments.

(2) These services are provided:

(a) Under contract with qualified service providers; or

(b) Directly through the office of the deaf and hard of hearing (ODHH) at the department of social and health services (DSHS).

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0010, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0020 What does the office of the deaf and hard of hearing do? (1) The office of the deaf and hard of hearing (ODHH) within DSHS provides the following services to DSHS staff:

(a) Provides information about hearing loss;

(b) Offers technical assistance and workshops about deafness; and

(c) Identifies ways for DSHS staff to get sign language interpreter services for their clients who have hearing loss.

(2) ODHH administers and monitors contracts with qualified service providers. These service providers offer community-based social services for clients who have hearing loss.

(3) ODHH manages the telecommunications access service program.

(4) ODHH contracts to provide telecommunications relay services (TRS).

(5) ODHH facilitates the DSHS-telecommunications relay services (TRS) advisory committee on deafness.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0020, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0030 What does the telecommunications access service do? Telecommunications access service (TAS), a program within ODHH:

(1) Provides eligible clients with initial or replacement equipment, based on the availability of equipment and/or funds;

(2) Maintains and oversees the statewide program for distributing telecommunications equipment;

(3) Maintains and oversees the contract for TRS; and

(4) May contract with qualified service providers for other telecommunications options as technology advances.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0030, filed 2/19/03, effective 3/22/03.]

DEFINITIONS

WAC 388-818-0040 What definitions apply to this chapter? "Amplified telephone" means an electrical device that increases the volume or tone of sounds being received during a telephone call.

"Applicant" means a client who applies for specialized telecommunications equipment.

"Audiologist" means a person who has a certificate of clinical competence in audiology from the American Speech, Hearing, and Language Association and is licensed to practice in the state of Washington.

"Client" means a person who is deaf, hard of hearing, speech impaired, or deaf-blind and may receive services from ODHH.

"Deaf" means a condition where a person's hearing ability is absent or mostly absent.

"Deaf-blind" means a person with both hearing loss and visual impairments.

"DSHS or department" means the department of social and health services.

"Federal poverty guidelines" means the poverty level established by the **"Poverty Income Guideline"** updated annually in the Federal Register.

"Hearing loss" means any form of hearing impairment, from mild to profound.

"Mobility impairment" for the purpose of this chapter means restricted upper body movement, which limits the ability to hold or dial a standard telephone to communicate. Individuals must also have a hearing loss or speech impairment.

"ODHH" means the office of the deaf and hard of hearing in the department of social and health services.

"Qualified service provider" means an agency or a business that provides social services to individuals with hearing loss or speech impairments. A qualified service provider may also be a **"qualified trainer."**

"Qualified trainer" means a person under contract with TAS who is knowledgeable in the use of telecommunications equipment.

"Relay service" is defined under **"telecommunications relay service (TRS)."**

"School-age" means between four and seventeen years of age.

"Sliding fee scale" means a range used to determine an applicant's participation in the cost of equipment.

"Speech impairment" means inability to speak or a speech disability.

"TAS" means the telecommunications access service program administered by the office of the deaf and hard of hearing. The program provides equipment and services to help people with hearing loss and speech impairments have equal access to telecommunications.

"Telecommunications equipment" means any specialized device determined by TAS in ODHH to help a person with a hearing loss or speech impairment to communicate effectively. Examples include: Amplified telephone, TTY, signaling devices, software, digital equipment, and accessories. (See WAC 388-818-0070.)

"Telecommunications relay service (TRS)" means wire or radio service that enables a person with hearing loss or speech impairment to communicate with a person who uses a voice telephone. This service has communication assistants who transfer telephone conversations from one format to another (such as spoken words to text) to facilitate communication between two or more people.

"TTY" means teletypewriter or text telephone.

"TTY with Braille" means a teletypewriter with Braille keyboard and display.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0040, filed 2/19/03, effective 3/22/03.]

SOCIAL SERVICES FOR CLIENTS WITH HEARING LOSS

WAC 388-818-0050 What social services relating to hearing loss are available to the public? (1) These social services relating to hearing loss are offered by qualified service providers and ODHH staff throughout the state:

(a) Information and referral about issues related to hearing loss;

(b) Advocacy on behalf of people with hearing loss;

(c) Training on deaf awareness and daily living issues experienced by people with hearing loss;

(d) Social gathering opportunities for groups, organizations, and clubs related to people with hearing loss; and

(e) Services related to telecommunications equipment, distribution of equipment, and training on the use and care of equipment.

(2) Qualified service providers offer these services to:

(a) Washington residents with hearing loss;

(b) The general public for information about hearing loss; and

(c) Telephone users who need their conversations relayed, or transferred from one format to another (such as spoken words to text).

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0050, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0060 Who are qualified service providers? Qualified service providers are organizations or businesses that contract with ODHH to provide social services related to hearing loss. Examples of qualified service providers include: Regional deaf and hard of hearing centers, relay service providers, and trainers for telecommunication equipment.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0060, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATIONS EQUIPMENT

WAC 388-818-0070 Is telecommunications equipment available for clients? (1) Clients may request telecommunications equipment from TAS.

(2) For clients to receive equipment, TAS staff must approve equipment requests.

(3) To be approved, telecommunications equipment must help people with hearing loss or speech impairments to:

(a) Have independent use of telecommunications equipment; and

(b) Gain equal access to telecommunications services that people with normal hearing and speech have.

(4) Specialized equipment may include: Text, amplification, video, and hands-free equipment as well as ring signaling devices.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0070, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0080 What items are not included with telecommunications equipment? In the use of telecommunications equipment, neither TAS nor contracted qualified service providers offer:

(1) Replacement batteries for any telecommunications equipment, except for deaf-blind equipment;

(2) Replacement paper for TTYs;

(3) Replacement light bulbs for signal equipment; or

(4) Payment of the client's telephone bill.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0080, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATIONS EQUIPMENT—APPLICATION PROCESS

WAC 388-818-0090 Who is eligible to apply for telecommunications equipment from TAS? (1) Washington state residents may apply to receive telecommunications equipment from TAS if they:

(a) Are at least school aged; and

(b) Are certified as having hearing loss or speech impairments.

(2) Nonprofit organizations may apply to receive telecommunications equipment, as specified under WAC 388-818-0180.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0090, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0100 Who must certify an applicant's eligibility for telecommunications equipment from TAS? (1) A professional must certify that applicants have hearing loss and/or speech impairments and are eligible to receive telecommunications equipment from TAS.

(2) These professionals include:

(a) A person who is licensed or certified by the department of health to provide health care in the state of Washington;

(b) An audiologist or hearing aid fitter/dispenser in Washington;

(c) A vocational rehabilitation counselor;

(d) A deaf specialist or coordinator at one of the community service centers for the deaf and hard of hearing in the state;

(e) A deaf-blind specialist or coordinator at an organization that serves deaf-blind people;

(f) A certified speech pathologist practicing in the state of Washington;

(g) A licensed occupational therapist;

(h) Staff from a qualified state agency as determined and specified by the TRS advisory committee on deafness; or

(i) Any in-state nonprofit organization serving the hearing or speech impaired.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0100, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0110 How do applicants request specialized telecommunications equipment? (1) To request specialized telecommunications equipment, an applicant must send a completed "Application for Telecommunications Equipment" form (DSHS 14-264) to TAS. To request an application, contact ODHH at 1-800-422-7930 V/TTY.

(2) The application form must be signed by an approved professional who certifies applicant's eligibility. (See WAC 388-818-0100.)

(3) If the applicant is seventeen or under, his or her parent/legal guardian must sign the application form.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0110, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0120 What types of income are included when requesting equipment from TAS? To meet income standards for telecommunications equipment from TAS, an applicant's income includes any of the following:

(1) Earned income, such as wages and tips;

(2) Social Security benefits;

(3) Unearned income, such as interest, dividends, and pensions;

(4) Family's share of income from corporations, partnerships, estates, and trusts; and

(5) Gains from the sale or exchange (including barter) of real estate, securities, coins, gold, silver, gems, or other property.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0120, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0130 How are applicants notified about decisions for telecommunications equipment? (1) When approving an application for telecommunications equipment, TAS staff must inform the applicant in writing about:

(a) The receipt of the applicant's completed application form;

(b) Any cost that applicants will incur for equipment; and

(c) The time frame when the applicant may expect a qualified trainer to set up the equipment and provide training.

(2) When denying an application for telecommunications equipment, TAS must inform the applicant in writing about:

(a) The receipt of the applicant's completed application form;

(b) The reasons for the denial; and

(c) Any applicable procedures for appeal, as well as the circumstances under which the applicant may reapply. (See WAC 388-818-0150.)

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0130, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0140 What are reasons for denying telecommunications equipment? (1) For an initial application for services, TAS must deny an application for telecommunications equipment if an applicant:

(a) Does not meet the eligibility requirements of WAC 388-818-0090; or

(b) Has received similar equipment from TAS within the last three years.

(2) For an application requesting replacement of telecommunications equipment, TAS must deny the request if the client has done any of the following:

(a) Abused, misused, or repaired without approval any previously issued equipment;

(b) Failed to file with the police a report of stolen equipment within fifteen working days of discovering a theft;

(c) Failed to file with the police or the fire department a report of fire having damaged the equipment within fifteen working days of the incident of the fire;

(d) Lost, pawned, or sold the equipment; or

(e) Failed to obtain approval from DSHS before moving or traveling out of state with state-loaned equipment.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0140, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATIONS EQUIPMENT—APPLICATION RENEWAL

WAC 388-818-0150 When may clients renew their applications for telecommunications equipment? Clients may renew their applications for telecommunications equipment when:

(1) Additional telecommunication equipment is necessary to meet the client's needs; or

(2) Equipment no longer works and it's been more than three years since he or she first received equipment.

Note: If less than three years have passed since a client first received equipment, refer to WAC 388-818-0300 for replacement criteria.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0150, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0160 How do clients renew their application for telecommunications equipment? When renewing an application for telecommunications equipment, a client must:

(1) Complete a new application, including recent information on total annual family income and family size; and

(2) Go through the same procedures as first-time applicants (outlined in WAC 388-818-0090 through 388-818-0130).

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0160, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATIONS EQUIPMENT—NONPROFIT ORGANIZATIONS

WAC 388-818-0170 Are nonprofit organizations eligible for telecommunications equipment? (1) A nonprofit organization may be eligible for telecommunications equipment when these two criteria are met:

(a) Only nonprofit organizations under section 501 (c)(3) of the internal revenue code, are eligible for any equipment from TAS; and

(b) Nonprofit organizations must serve people with hearing loss, deaf-blindness, and/or speech impairments.

(2) A qualified nonprofit organization is eligible to receive:

(a) Reconditioned telecommunications equipment from ODHH; or

(b) New equipment when it is in the best interest of both ODHH and the individuals served by the nonprofit organization.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0170, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0180 What process do nonprofit organizations follow to receive telecommunications equipment from TAS? (1) To apply for reconditioned equipment, a nonprofit organization must provide to TAS the following:

(a) A completed application form, "Nonprofit Organization Application for Reconditioned Equipment" (DSHS 14-440), which can be obtained by calling ODHH at 1-800-422-7930;

(b) A letter explaining the services provided by the organization to people with hearing loss and speech impairments in their communities;

(c) A copy of a certificate of incorporation as a nonprofit organization under section 501 (c)(3) of the internal revenue code; and

(d) A copy of the organization's bylaws.

(2) TAS staff notifies the nonprofit organization of acceptance or denial.

(3) TAS staff sends the equipment to an approved nonprofit organization.

(4) The nonprofit organizations are responsible for care and maintenance of this equipment.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0180, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATIONS EQUIPMENT—PURCHASE AND LOAN

WAC 388-818-0190 How much does an applicant have to pay for telecommunications equipment? (1) TAS staff must consider family size and household income in determining how much the applicant must pay for telecommunications equipment. Financial responsibility ranges from no cost to one hundred percent of actual cost based on federal poverty guidelines.

(2) Exception: If the normal cost that TAS assesses for equipment is still beyond the applicant's ability to pay, the cost may be partly or totally waived (excused) if:

(a) The eligible person requires TTY with Braille equipment or any other equipment of comparable cost; or

(b) The cost of the equipment would create an undue hardship on the eligible person.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0190, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0200 How does an applicant request a waiver (exception) of equipment cost? (1) To request a waiver (exception) of equipment cost, an applicant must write a letter to the ODHH director explaining the reasons for inability to pay for equipment. Letters can be mailed to: ODHH, Attn: Director, P.O. Box 45301, Olympia WA 98504-5301.

(2) ODHH notifies the applicant in writing of the final decision for the waiver request.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0200, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0210 What conditions must be met for a client to receive purchased telecommunication equipment? For a client to receive purchased telecommunications equipment, these two conditions must be met:

(1) TAS must receive full payment before an eligible client receives telecommunications equipment; and

(2) The applicant or the applicant's parent/legal guardian must provide a signed "Statement of Rights and Responsibilities" form to TAS upon receiving the equipment.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0210, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0220 When is telecommunications equipment owned by the client? Telecommunications equipment is owned by the client when the client or the parent/legal guardian:

(1) Pay any portion of the equipment's cost; and

(2) Sign a "Statement of Rights and Responsibilities" form upon receiving the equipment.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0220, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0230 May clients return purchased telecommunications equipment? (1) A client may return purchased telecommunications equipment to TAS within thirty days after receiving the equipment.

(2) A client must receive a financial refund for the equipment if it was returned:

(a) In clean and good condition;

(b) In its original packaging; and

(c) Within the required time frame.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0230, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0240 When may telecommunications equipment be loaned to an applicant? ODHH may loan telecommunications equipment to an eligible person if:

(1) TAS determines that a client may get equipment at no cost;

(2) A "Conditions of Acceptance" form is signed by the client or the parent/legal guardian upon receiving the equipment.

(3) The applicant has not violated the requirements in WAC 388-818-0140(2).

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0240, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0250 What are the conditions for loaning telecommunications equipment? (1) When loaning telecommunications equipment, ODHH must ensure that the client understands that the equipment remains the sole property of Washington state.

(2) A client, or the client's parent/legal guardian is liable for any damage to or loss of telecommunications equipment issued by TAS.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0250, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0260 When does state-loaned equipment have to be returned to TAS? A client or the client's parent/legal guardian must return state-loaned telecommunications equipment to TAS when the client:

(1) Moves from a permanent Washington state residence to a location outside of Washington;

(2) No longer needs the equipment;

(3) Has been notified by TAS to return the equipment; or

(4) Has received new state-loaned equipment.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0260, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0270 May a person take loaned telecommunications equipment outside the state? (1) People must get written permission from TAS before moving their loaned telecommunications equipment from Washington state for over ninety days.

(2) TAS may grant the client permission to move telecommunications equipment from the state if it is in the best interest of the client and DSHS.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0270, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATIONS EQUIPMENT—TRAINING

WAC 388-818-0280 Will training be provided on the use and care of telecommunications equipment? (1) ODHH contracts with qualified people or agencies to train individuals on ways to use and care for telecommunications equipment provided by TAS.

(2) ODHH must ensure reasonable accessibility to training for people with hearing loss or speech impairment.

(3) ODHH staff determine who receives training on proper equipment use and care from qualified trainers. Individuals receiving training may include:

(a) Clients;

(b) Parents/legal guardians; and

(c) Staff or volunteers of profit and nonprofit organizations.

(4) When applicants are age seventeen or younger, their parents/legal guardians must attend all training sessions on appropriate equipment use and care.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0280, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0290 What services do trainers provide to clients? (1) Qualified trainers must determine the training needs of individuals and the type of training that would be most effective.

(2) A qualified trainer must:

(a) Conduct individual and group training sessions for the applicants in the use and care of the equipment;

(b) Provide training and presentations to individuals, agencies and organizations, as requested by ODHH staff; and

(c) Distribute and set up telecommunications equipment for applicants.

(3) When delivering telecommunications equipment, a qualified trainer may decide that the purchased equipment does not meet the client's needs. In this case, the trainer may recommend other equipment to the client. If accepting other equipment, the client must take financial responsibility for any cost difference by signing an "Acceptance of Financial Responsibility" form.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0290, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATION EQUIPMENT—REPLACEMENT

WAC 388-818-0300 When may telecommunications equipment be replaced? (1) TAS may replace telecommunications equipment without a client renewing the application for equipment if:

(a) The equipment is no longer working; and

(b) Less than three years have passed since the client's initial application date for equipment.

(2) Clients may renew their application with TAS to replace telecommunications equipment if:

(a) The equipment is no longer working; and

(b) Three years have passed from the last time they applied and received their equipment. (See WAC 388-818-0160 for the renewal process.)

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0300, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0310 When may requests for replacement telecommunications equipment be denied? TAS may deny a request for replacement telecommunications equipment if previously issued equipment:

(1) Was neglected, misused, or abused;

(2) Was not reported as stolen or burned to either police or fire department within fifteen working days; or

(3) Was lost, sold, traded, or pawned.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0310, filed 2/19/03, effective 3/22/03.]

TELECOMMUNICATION EQUIPMENT—RECONDITIONED

WAC 388-818-0320 Who may receive reconditioned telecommunications equipment? TAS may recondition telecommunications equipment and give it to any of the following agencies, nonprofit organizations or individuals:

(1) State agencies;

(2) Tribal community centers;

(3) Nonprofit organizations that are registered under section 501 (c)(3) of the internal revenue code and serve people who have hearing loss, deaf-blindness or speech impairment (see WAC 388-818-0180 for application details); and

(4) Nonpaying clients.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0320, filed 2/19/03, effective 3/22/03.]

GRIEVANCE

WAC 388-818-0330 May an applicant disagree with a DSHS decision about telecommunications equipment? (1) When TAS denies an application for original or replacement equipment, an applicant or client may request that ODHH review this decision.

(2) For a review of a TAS decision, the applicant or client must:

(a) Submit a request in writing to ODHH, specifying the reason for the request; and

(b) Ensure that ODHH receives this request within forty days of the date of the denial notice.

(3) Within thirty days after receiving the request for review, ODHH staff must inform the applicant or client in writing of the decision of the request. The decision of ODHH is final.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0330, filed 2/19/03, effective 3/22/03.]

GRIEVANCE—RELAY SERVICES

WAC 388-818-0340 What is a relay complaint? (1) A client may make a complaint about an unsatisfactory experience while using the relay services during a telephone call. Complaints may be about:

(a) Communications assistant (CA) or video interpreter (VI) performance, such as typing speed, accuracy of relaying a message's intent, clarity of signs, and spelling accuracy;

(b) Service quality, such as timeliness of response and connection; and/or

(c) Technical issues during a call made through the relay service, such as disconnection of call, video picture quality, or text garbling.

(2) The main purpose of a relay complaint is to:

(a) Improve the quality of relay service; and

(b) Monitor relay agent or interpreter performance and the accuracy of relaying information between calling parties.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0340, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0350 What may a client do when dissatisfied with relay services? (1) ODHH must ensure that clients have access to customer services for the relay service provider or an opportunity to resolve quality of service issues with TRS regarding:

(a) Any problems with the relay service; and/or

(b) Dissatisfaction with explanations given for any relay service problems.

(2) To assist dissatisfied clients, the ODHH compliance officer must provide names and telephone numbers for customer support.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0350, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0360 May a client file a formal complaint about the relay service? (1) A client may file a formal complaint about the relay service:

(a) To obtain a complaint form about the relay service, a client may contact ODHH (at 1-800-422-7930) to request that a form be mailed.

(b) The client may also contact the ODHH compliance officer or relay provider customer service representative for assistance in completing the form.

(c) Completed complaint forms may be mailed, faxed, or e-mailed to ODHH.

(2) ODHH must investigate and resolve the complaint within one hundred eighty days, as required by the Federal Communications Commission (FCC).

(a) Complaints related to service issues are resolved by the relay service provider and the compliance officer.

(b) Technical complaints are referred to relay service provider technical personnel for resolution.

(c) Any corrective action must be taken as soon as possible.

(d) The ODHH compliance officer must notify the client about the result of the investigation, including any actions taken.

(3) If the client is satisfied with the results of the investigation, the ODHH compliance officer must document and close the case.

(4) If the client is dissatisfied with the results of the investigation, the compliance officer and relay service provider may discuss further options to resolve the complaint and corrective actions.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0360, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0370 When is customer service available for clients? The relay service provider and ODHH must ensure that customer service is available during regular work days (Monday through Friday excluding state holidays) to:

(1) Address client complaints or inquiries; and

(2) Respond to FCC staff members when requested.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0370, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0380 May clients file their complaint about relay services with the FCC? (1) A client who continues to be dissatisfied with responses from the formal complaint process at ODHH may file a complaint with the Federal Communications Commission (FCC).

(2) The ODHH compliance officer must give the client the toll-free telephone number and address of the FCC for further review of the complaint.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0380, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0390 May the FCC file a complaint? (1) The FCC may file a complaint to ODHH or the relay service provider.

(2) Within one hundred eighty days of receiving the complaint, ODHH must:

(a) Report the results of the complaint investigation to the FCC; or

(b) Keep the FCC informed about ongoing progress of actions toward resolution.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0390, filed 2/19/03, effective 3/22/03.]

WAC 388-818-0400 What documents must ODHH keep for complaints? (1) ODHH must keep a record of all complaints about the quality of relay services.

(2) The complaint document must show at least:

(a) The name, phone number and address of the complainant;

(b) The nature and date of the complaint;

(c) Actions taken; and

(d) The final disposition of the complaint.

(3) These records must be maintained in a suitable place, readily available for FCC review.

(4) ODHH and the relay service provider must retain correspondence and records of complaints for a minimum of two years.

[Statutory Authority: RCW 43.20A.725, 43.20A.720, 2001 c 210. 03-05-100, § 388-818-0400, filed 2/19/03, effective 3/22/03.]

Chapter 388-823 WAC

DIVISION OF DEVELOPMENTAL DISABILITIES INTAKE AND DETERMINATION OF DEVELOPMENTAL DISABILITIES

WAC

APPLYING FOR A DETERMINATION OF A DEVELOPMENTAL DISABILITY

WAC 388-823-0010 Definitions. The following definitions apply to this chapter:

"Client" means a person with a developmental disability as defined in chapter 388-823 WAC who is currently eligible and active with the division of developmental disabilities.

"DAS" means differential ability scales, which is a cognitive abilities battery for children and adolescents at least age two years, six months but under age eighteen.

"DDD" means the division of developmental disabilities, a division within the aging and disability services administration, department of social and health services.

"Department" means the department of social and health services.

"Division" means the division of developmental disabilities.

"Eligible" means you have a developmental disability that meets all of the requirements in this chapter for a specific condition.

"Expiration date" means a specific date that your eligibility as a client of DDD and all services paid by DDD will stop.

"FSIQ" means the full scale intelligence quotient which is a broad measure of intelligence achieved through one of the standardized intelligence tests included in these rules. Any standard error of measurement value will not be taken into consideration when making a determination for DDD eligibility.

"ICAP" means the inventory for client and agency planning. This is a standardized assessment of functional ability. The adaptive behavior section of the ICAP assesses daily living skills and the applicant awareness of when to perform these skills. The goal is to get a snapshot of his/her ability.

"IMR" means an institution for the mentally retarded, per chapter 388-835 WAC or chapter 388-837 WAC.

"K-ABC" means Kaufman assessment battery for children, which is a clinical instrument for assessing intellectual development. It is an individually administered test of intelligence and achievement for children at least age two years, six months but under age twelve years, six months. The K-ABC comprises four global scales, each yielding standard scores.

A special nonverbal scale is provided for children at least age four years but under age twelve years, six months.

"Leiter-R" means Leiter international performance scale - revised, which is an untimed, individually administered test of nonverbal cognitive ability for individuals at least age two years but under age twenty-one years.

"Review" means DDD must redetermine that you still have a developmental disability according to the rules that are in place at the time of the review.

"RHC" means one of five residential habilitation centers operated by the division: Lakeland Village, Yakima Valley School, Fircrest, Rainier School, and Francis Haddon Morgan Center.

"SIB-R" means the scale of independent behavior-revised which is an adaptive behavior assessment derived from quality standardization and norming. It can be administered as a questionnaire or as a carefully structured interview, with special materials to aid the interview process.

"SOLA" means a state operated living alternative residential service for adults operated by the division.

"Stanford-Binet" is a battery of fifteen subtests measuring intelligence for individuals at least age two years but under age twenty-three years.

"Termination" means an action taken by DDD that stops your DDD eligibility and services paid by DDD.

"VABS" means Vineland adaptive behavior scales, which is an assessment to measure adaptive behavior in children from birth but under age eighteen years, nine months and in adults with low functioning in four separate domains: Communication, daily living skills, socialization, and motor skills.

"Wechsler" means the Wechsler intelligence scale, which is an individually administered 11-subtest measure of an individual's capacity for intelligent behavior. The Wechsler has both a verbal scale and a performance scale. The Wechsler is used with individuals at least age three years but under age seventy-four years. The verbal scale can be used alone with individuals who have visual or motor impairments, and the performance scale can be used alone with individuals who cannot adequately understand or produce spoken language. There are three Wechsler intelligence scales, dependent upon the age of the individual:

• The Wechsler preschool and primary scale of intelligence - revised (WPPSI-R), for children at least age three years but under age seven years;

• The Wechsler intelligence scale for children - third edition, (WISC-III), for children at least age six years but under age sixteen years; and

• The Wechsler adult intelligence scale - revised (WAIS-R), for individuals at least age sixteen years but under age seventy-four years.

WAC 388-823-0020 How do I become a client of the division of developmental disabilities? You become a client of the division of developmental disabilities (DDD) if you apply for eligibility with DDD and DDD determines that you have a "developmental disability" as defined in this chapter.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0020, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0030 Will I receive paid services if DDD decides that I have a developmental disability? If DDD determines that you have a developmental disability, your access to paid services as a DDD client depends on:

(1) Your meeting eligibility requirements for the specific service;

(2) An assessed need for the service; and

(3) Available funding for the service. The availability of funding does not apply to medicaid state plan services or services available under the DDD medicaid home and community based services waiver.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0030, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0040 What is a developmental disability? (1) A developmental disability is defined in RCW 71A.10.020(3) and must meet all of the following requirements. The developmental disability must currently:

(a) Be attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition found by DDD to be closely related to mental retardation or requiring treatment similar to that required for individuals with mental retardation;

(b) Originate prior to age eighteen;

(c) Be expected to continue indefinitely; and

(d) Result in substantial limitations to an individual's adaptive functioning.

(2) In addition to the requirements listed in (1) above, you must meet the other requirements contained in this chapter.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0040, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0050 Must I be a resident of the state of Washington? When you apply for eligibility with DDD, you must be a resident of the state of Washington. Proof of residency includes:

(1) The receipt of medicaid or other benefits from the department of social and health services that require residency as a condition of eligibility; or

(2) Documentation that shows you live in the state of Washington, or, if you are a child under the age of eighteen, documentation that shows your parent or legal guardian lives in the state of Washington.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0050, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0060 How do I apply to become a client of DDD? (1) You apply to become a client of DDD by calling the regional DDD office or a local DDD office and

requesting determination of a developmental disability. The toll free regional numbers are:

Region 1	Spokane	1-800-462-0624
Region 2	Yakima	1-800-822-7840
Region 3	Everett Bellingham Mount Vernon	1-800-788-2053 1-800-239-8285 1-800-491-5266
Region 4	Seattle	1-800-314-3296
Region 5	Tacoma Bremerton	1-800-248-0949 1-800-735-6740
Region 6	Port Angeles Tumwater Vancouver	1-877-601-2760 1-800-339-8227 1-888-877-3490

(2) DDD will make arrangements with you to complete the application for the eligibility determination by mail or over the phone.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0060, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0070 Who can apply for an eligibility determination? (1) The following individuals can apply for a determination of developmental disability:

(a) The parent or legal representative must apply on behalf of a child under the age of eighteen years;

(b) If there is a legal guardian of an applicant age eighteen years or older, the legal guardian must apply on behalf of the adult applicant; or

(c) If there is no legal guardian of an adult applicant age eighteen years or older, the adult applicant can apply on his/her own behalf.

(2) Any person, agency, or advocate may refer an adult for a determination of a developmental disability and assist with the application process. However, since the request for a determination of developmental disability is voluntary, DDD will request the verbal or written consent from the legal guardian of the adult or from the adult applicant if there is no legal guardian.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0070, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0080 Who determines that I have a developmental disability? DDD determines if you have a developmental disability as defined in this chapter after reviewing all documentation received by the division.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0080, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0090 How long will it take to complete a determination of my eligibility? (1) Once DDD receives sufficient documentation to determine you eligible, DDD has thirty days from receipt of the final piece of documentation to make the determination of eligibility.

(2) If DDD has received all requested documentation but it is insufficient to establish eligibility, DDD will make a determination of ineligibility and send you written notice of denial of eligibility.

(3) If DDD has insufficient information to determine you eligible but has not received all of the requested documentation, DDD may deny your eligibility after ninety days from the date of application. Rules governing reapplying for eligibility are in WAC 388-823-1080.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0090, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0100 What is the effective date that I become an eligible client of DDD? (1) If DDD receives sufficient information to substantiate your DDD eligibility, the effective date of your eligibility as a DDD client is the date of receipt of the final piece of documentation.

(2) Paid DDD services cannot begin before the effective date of your DDD eligibility.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0100, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0105 How will DDD notify me of the results of my eligibility determination? DDD will send you written notification of the final determination of your eligibility per WAC 388-825-100.

(1) If you are not eligible, the written notice will explain why you are not eligible, explain your appeal rights to this decision, and provide you with a fair hearing request form.

(2) If you are eligible, the written notice will include:

(a) Your eligibility condition(s);

(b) The effective date of your eligibility;

(c) The expiration date or review date of your eligibility, if applicable; and

(d) The name and phone number of your assigned case manager.

WAC 388-823-0110 Who is responsible for obtaining the documentation needed to make this eligibility determination? You are responsible to obtain all of the information needed to document your disability or to provide DDD with the sources for obtaining the documentation.

(1) DDD will assist you in obtaining records but the purchase of diagnostic assessments or intelligence quotient (IQ) testing is your responsibility.

(2) If DDD determines that an Inventory of Client and Agency Planning (ICAP) is required, DDD will administer the ICAP at no expense to you.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0110, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0120 Will my diagnosis of a developmental disability qualify me for DDD eligibility? Eligibility for DDD requires more than a diagnosis of a developmen-

tal disability. You must meet all of the elements that define a developmental disability in WAC 388-823-0040 and meet the requirements of a specific eligible condition defined in this chapter.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0120, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0130 Can I be eligible for DDD if my disability occurs on or after my eighteenth birthday? DDD eligibility requires that your disability exist before your eighteenth birthday.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0130, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0140 What if I do not have written evidence that my disability began before my eighteenth birthday? (1) If there is no documentation available to prove that your disability began prior to age eighteen, DDD may accept verbal information from your family or others who knew you prior to the age of eighteen about your early developmental history, educational history, illnesses, injuries or other information sufficient to validate the existence of an eligible condition prior to age eighteen.

(2) DDD will determine if the reported verbal information is adequate for documenting the existence of your condition prior to age eighteen.

(3) Additional evidence of your eligible condition and the resulting substantial limitations to adaptive functioning is still required.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0140, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0150 Which rules define a developmental disability if I am a child under the age of six years? If you are a child under the age of six years, assessment of developmental delays and other age appropriate criteria are used to substantiate an eligible condition and substantial limitations in adaptive functioning as defined in WAC 388-823-0800 through 388-823-0850.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0150, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0160 Which rules define a developmental disability if I am age six through nine? If you are a child age six but under age ten, you can meet the criteria for a developmental disability under either of the two following sets of rules:

(1) Developmental delays per WAC 388-823-0800 through 388-823-0850; or

(2) Developmental disabilities per WAC 388-823-0200 through 388-823-0710.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0160, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0170 Which rules define a developmental disability if I am age ten or older? If you are age ten or older, only the rules in WAC 388-823-0200 through 388-823-0710 apply when deciding if you have a developmental disability.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0170, filed 6/1/05, effective 7/2/05.]

DETERMINATION OF A DEVELOPMENTAL DISABILITY MENTAL RETARDATION

WAC 388-823-0200 What evidence do I need to substantiate "mental retardation" as an eligible condition? Evidence that you have an eligible condition under "mental retardation" requires a diagnosis of mental retardation by a licensed psychologist, or a finding of mental retardation by a certified school psychologist or a diagnosis of Down syndrome by a licensed physician.

(1) This diagnosis is based on documentation of a lifelong condition originating before age eighteen.

(2) The condition results in significantly below average intellectual and adaptive skills functioning that will not improve with treatment, instruction or skill acquisition.

(3) A diagnosis or finding of mental retardation by the examining psychologist must include an evaluation of adaptive functioning that includes the use of a standardized adaptive behavior scale indicating adaptive functioning that is more than two standard deviations below the mean, in at least two of the following areas: Communication, self care, home living, social/interpersonal skills, use of community resources, self direction, functional academic skills, work, leisure, health, and safety.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0200, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0210 If I have mental retardation, how do I meet the definition of substantial limitations in adaptive functioning? (1) If you meet the definition of mental retardation in WAC 388-823-0200, you must have substantial limitations in adaptive functioning of two standard deviations below the mean and a full-scale intelligence quotient (FSIQ) of more than two standard deviations below the mean.

(2) The substantial limitation in adaptive functioning must reflect your current condition.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0210, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0215 What evidence do I need of my FSIQ? Evidence of a qualifying FSIQ to meet the definition of substantial limitations for the condition of mental retardation is a FSIQ derived from a Stanford-Binet, Wechsler intel-

ligence scale (Wechsler), differential abilities scale (DAS), Kaufman assessment battery for children (K-ABC), or a Leiter international performance scale-revised (Leiter-R) if you have a significant hearing impairment or English is not your primary language.

(1) The test must be administered by a licensed psychologist or certified school psychologist.

(2) The FSIQ cannot be attributable to mental illness or other psychiatric condition occurring at any age; or other illness or injury occurring after age eighteen:

(a) If you are dually diagnosed with mental retardation and mental illness, other psychiatric condition, or other illness or injury, DDD must make its eligibility decision based solely on the diagnosis of mental retardation, excluding the effects of the mental illness, other psychiatric condition, illness or injury; or

(b) If DDD is unable to make this eligibility decision based solely on the diagnosis of mental retardation due to the existence of mental illness, other psychiatric condition or illness or injury, DDD will deny eligibility.

(3) If you have a significant hearing impairment, the administering professional may estimate an FSIQ score using only the performance IQ score of the appropriate Wechsler or administer the Leiter-R.

(4) If you have a vision impairment that prevents completion of the performance portion of the IQ test, the administering professional may estimate an FSIQ using only the verbal IQ score of the appropriate Wechsler.

(5) The following table shows the standard deviation for each assessment and the qualifying score of more than two standard deviations below the mean.

ASSESSMENT	STANDARD DEVIATION	QUALIFYING SCORE
Stanford-Binet 4th edition	16	67 or less
Stanford-Binet 5th edition	15	69 or less
Wechsler Intelligence Scales (Wechsler)	15	69 or less
Differential Abilities Scale (DAS)	15	69 or less
Kaufman Assessment Battery for Children (K-ABC)	15	69 or less
Leiter International Performance Scale-Revised (Leiter-R) [for persons with significant hearing impairments or when English is not a primary language]	15	69 or less

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 388-823-0220 If I am too intellectually impaired to complete a standardized IQ test, how do I meet the criteria under mental retardation? If in the opinion of the examining psychologist, you are too intellectually impaired to complete all of the subtests necessary to achieve an FSIQ score on an approved standardized IQ test, the examining psychologist may estimate an FSIQ from the available information based on a professional judgment about your intellectual functioning.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0220, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0230 If I have more than one FSIQ score, what criteria will DDD use to select the FSIQ score for determining eligibility? (1) If you have more than one FSIQ, DDD will review the pattern of FSIQ scores.

(a) If there is no significant difference among these, DDD will accept the score the closest to age eighteen.

(b) If there are significant differences among the FSIQ scores, DDD will review the pattern and attempt to determine reasons for the fluctuations to ensure that the FSIQ is resulting from mental retardation and not from mental illness or other psychiatric condition, or illness, or other injury.

(i) If you are age eighteen or older, DDD will use the FSIQ obtained at age thirteen or older, provided the FSIQ is resulting from mental retardation.

(ii) If you are under age eighteen, DDD will use the most current FSIQ, provided the FSIQ is resulting from mental retardation.

(2) DDD will exclude any FSIQ score attributable to a condition or impairment that began on or after your eighteenth birthday.

CEREBRAL PALSY

WAC 388-823-0300 What evidence do I need to substantiate "cerebral palsy" as an eligible condition? Evidence that you have an eligible condition under "cerebral palsy" requires a diagnosis by a licensed physician of cerebral palsy, quadriplegia, hemiplegia, or diplegia with symptoms that:

(1) Existed prior to age three; and

(2) Impair control of movement.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0300, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0310 If I have cerebral palsy, how do I meet the definition of substantial limitations to adaptive functioning? If you have an eligible condition of cerebral

palsy, substantial limitations of adaptive functioning is the need for direct physical assistance on a daily basis with two or more of the following activities as a result of your condition:

(1) Toileting;
(2) Bathing;
(3) Eating;
(4) Dressing;
(5) Mobility; or
(6) Communication.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0310, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0320 What evidence do I need of my need for direct physical assistance with activities of daily living? Evidence for direct physical assistance with activities of daily living means:

(1) You need the presence and assistance of another person on a daily basis to be able to communicate and be understood by any other person.

(a) If you are able to communicate through a communication device you will be considered independent in communication.

(b) You must require more than "setting up" of the communication device.

(2) You need direct physical assistance from another person on a daily basis with toileting, bathing, eating, dressing, or mobility.

(a) You require more than "setting up" the task to enable you to perform the task independently.

(b) You must require direct physical assistance for more than transferring in and out of wheelchair, in and out of the bath or shower, and/or on and off of the toilet.

(c) Your ability to be mobile is your ability to move yourself from place to place, not your ability to walk. For instance, if you can transfer in and out of a wheelchair and are independently mobile in a wheelchair, you do not meet the requirement for direct physical assistance with mobility.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0320, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0330 How can I document my need for direct physical assistance? Any of the following can be used as evidence to determine your direct physical assistance needs:

(1) The comprehensive assessment reporting evaluation (CARE) tool or other department assessments that measure direct assistance needs in the areas specified above;

(2) Assessments and reports from educational or healthcare professionals that are current and consistent with your current functioning;

(3) In the absence of professional reports or assessments, DDD may document its own observation of your direct assistance needs along with reported information by family and others familiar with you.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0330, filed 6/1/05, effective 7/2/05.]

EPILEPSY

WAC 388-823-0400 What evidence do I need to substantiate "epilepsy" as an eligible condition? Evidence of an eligible condition under "epilepsy" requires a diagnosis of a neurological condition that produces brief disturbances in the normal electrical functions of the brain resulting in seizures.

(1) This condition requires a diagnosis of epilepsy or seizure disorder that originated prior to age eighteen and is expected to continue indefinitely.

(2) The diagnosis must be made by a board certified neurologist and be based on documentation of medical history and neurological testing.

(3) You must provide confirmation from your physician or neurologist that your seizures are currently uncontrolled and ongoing or recurring and cannot be controlled by medication.

(4) DDD will not consider your seizures uncontrolled or ongoing if it is documented or reported that you refuse to take medications.

(5) Your seizures must make you physically incapacitated, requiring direct physical assistance for one or more activities as defined in WAC 388-823-0310 and 388-823-0320 during or following seizures.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0400, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0410 If I have epilepsy, how do I meet the definition of substantial limitations to adaptive functioning? A substantial limitation to adaptive functioning under epilepsy is a functional assessment score of more than two standard deviations below the mean on a Vineland adaptive behavior scales (VABS), scale of independent behavior-revised (SIB-R) or inventory for client and agency planning (ICAP) assessment instrument as described in WAC 388-823-0420.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0410, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0420 What evidence do I need to substantiate adaptive functioning limitations for the eligible conditions of epilepsy, autism and other conditions similar to mental retardation? (1) Evidence of substantial limitations of adaptive functioning for the conditions of epilepsy, autism, and other conditions similar to mental retardation requires a qualifying score completed in the past thirty-six months in a VABS or a SIB-R, or a qualifying score completed in the past twenty-four months in an ICAP.

(a) Professionals who administer and score the VABS must have a background in individual assessment, human development and behavior, and tests and measurements, as well as an understanding of individuals with disabilities.

(b) Department staff or designee contracted with DDD must administer the ICAP.

(c) DDD will administer or arrange for the administration of the ICAP if VABS or SIB-R results are not submitted.

(d) Qualifying scores for each assessment are as follows:

ASSESSMENT	STANDARD DEVIATION	QUALIFYING SCORE
Vineland Adaptive Behavior Scales (VABS)	15	An adaptive behavior composite score of 69 or less
Scales of Independent Behavior-Revised (SIB-R)	15	A broad independence standard score of 69 or less for the adaptive behaviors
Inventory for Client and Agency Planning (ICAP)	15	Pursuant to WAC 388-823-0900, the broad independence domain score based on the applicant's birth date and the date the test is administered.

(2) If DDD is unable to determine that your current adaptive functioning impairment is the result of your developmental disability because you have an unrelated injury or illness that is impairing your current adaptive functioning:

(a) DDD will not accept the results of a VABS or SIB-R administered after that event and will not administer the ICAP; and

(b) Your eligibility will have to be determined under a different condition that does not require evidence of adaptive functioning per a VABS, SIB-R or ICAP.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0420, filed 6/1/05, effective 7/2/05.]

AUTISM

WAC 388-823-0500 What evidence do I need to substantiate "autism" as an eligible condition? Evidence of an eligible condition under "autism" requires a diagnosis by a qualified professional of autism or autistic disorder per 299.00 in the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, Text Revision (DSM-IV-TR) that is expected to continue indefinitely, and evidence of onset before age three.

(1) The following professionals are qualified to give this diagnosis:

(a) Board eligible neurologist;

(b) Board eligible psychiatrist;

(c) Licensed psychologist; or

(d) Board certified developmental and behavioral pediatrician.

(2) The evidence provided by a diagnosing professional in subsection (1) above exhibits a total of six or more of the following diagnostic criteria listed in the current DSM-IV-TR for Autistic Disorder 299.00:

(a) Two or more qualitative impairments in social interactions;

(b) One or more qualitative impairments in communication; and

(c) One or more impairments in restricted repetitive and stereotypical patterns or behavior, interests, and activities.

(3) A checklist of diagnostic criteria follows:

DSM-IV-TR Diagnostic Criteria required for Autism	Check if present
1. Qualitative impairment in social interaction	
a. Marked impairment in the use of multiple nonverbal behaviors	
b. Failure to develop peer relationships appropriate to developmental level	
c. A lack of spontaneous seeking to share enjoyment, interests, or achievements with other people	
d. Lack of social or emotional reciprocity	
2. Qualitative impairment in communication	
a. Delay in the development of spoken language without nonverbal compensation	
b. In individuals with adequate speech, marked impairment in the ability to initiate or sustain a conversation with others	
c. Stereotyped and repetitive use of language or idiosyncratic use of language	
d. Lack of varied, spontaneous, make-believe play or social imitative play appropriate to developmental level	
3. Restricted repetitive and stereotyped patterns of behavior, interests, and activities	
a. Encompassing preoccupation with stereotyped and restricted patterns of interest that is abnormal in either intensity or focus	
b. Apparently inflexible adherence to specific, nonfunctional routines or rituals	
c. Stereotyped and repetitive motor mannerisms (e.g., hand or finger flapping or twisting, or complex whole-body movements)	
d. Persistent occupation with parts of objects

WAC 388-823-0510 If I have autism, how do I meet the definition of substantial limitations to adaptive functioning? A substantial limitation of adaptive functioning for the condition of autism is the presence of adaptive functioning impairment as described in WAC 388-823-0515.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0510, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0515 What evidence do I need to substantiate adaptive functioning limitations for the condition of autism? Evidence of the substantial limitations of adaptive functioning for the condition of autism is both (1) and (2) below:

(1) Evidence of delay or abnormal functioning prior to age three years in at least one of the following areas:

(a) Social interaction;

(b) Language as used in social interaction;

(c) Communication; or

(d) Symbolic or imaginative play.

(2) Eligible scores in adaptive functioning per WAC 388-823-0420 (1)(d) and subject to all of WAC 388-823-0420.

ANOTHER NEUROLOGICAL CONDITION

WAC 388-823-0600 What evidence do I need to substantiate "another neurological condition" as an eligible condition? Evidence of an eligible condition under "another neurological condition" requires a diagnosis by a licensed physician of an impairment of the central nervous system involving the brain and/or spinal cord that meets all of the following:

(1) Originated before age eighteen;

(2) Results in both physical disability and intellectual impairment;

(3) Is expected to continue indefinitely; and

(4) Is not attributable to a mental illness or psychiatric disorder.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0600, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0610 If I have another neurological condition, how do I meet the definition of substantial limitations to adaptive functioning? Substantial limitations to adaptive functioning for the condition of another neurological condition require both intellectual impairment and the need for direct physical assistance with activities of daily living per WAC 388-823-0615 (1) and (2) below.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0610, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0615 What evidence do I need to substantiate adaptive functioning limitations for another neurological condition? Evidence of substantial limitations to intellectual functioning for another neurological condition is all of the following:

(1) You must have an FSIQ score of 1.5 or more standard deviations below the mean on one of the following acceptable assessments in addition to the other criteria in this section. The acceptable assessments, the standard deviation and the qualifying scores are contained in the following table:

ASSESSMENT	STANDARD DEVIATION	QUALIFYING SCORE
Stanford-Binet 4th edition	16	76 or less
Stanford-Binet 5th edition	15	78 or less
Wechsler	15	78 or less
Differential Abilities Scale (DAS)	15	78 or less
Kaufman Assessment Battery for Children (K-ABC)	15	78 or less
Leiter-R [for persons with significant hearing impairments or when English is not primary language]	15	78 or less

(2) You must have evidence of need for direct physical assistance on a daily basis with two or more of the following activities: Toileting, bathing, eating, dressing, mobility, or communication as a result of your condition as defined in WAC 388-823-0320 and 388-823-0330.

(3) The intellectual impairment and physical assistance needs must be the result of the central nervous system impairment and not due to another condition or diagnosis.

"OTHER CONDITION" SIMILAR TO MENTAL RETARDATION

WAC 388-823-0700 How do I meet the definition for an "other condition" similar to mental retardation? You will need evidence in (1) or (2) below to substantiate that you have an "other condition" similar to mental retardation.

(1) You have a diagnosis of a condition or disorder that by definition results in both intellectual and adaptive skills deficits; and

(a) The diagnosis must be made by a licensed physician or licensed psychologist;

(b) The diagnosis must be due to a neurological condition, central nervous system disorder involving the brain or spinal column, or chromosomal disorder;

(c) The diagnosis or condition is not attributable to or is itself a mental illness, or emotional, social or behavior disorder;

(d) The condition must have originated before age eighteen; and

(e) The condition must be expected to continue indefinitely.

(2) You are under the age of eighteen and are eligible for DSHS-paid in-home nursing through the medically intensive program, defined in WAC 388-551-3000.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0700, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0710 What evidence do I need to meet the definition of substantial limitations for an "other condition" similar to mental retardation? (1) Evidence of substantial limitation in both (a) and (b) below is required for an "other condition" similar to mental retardation.

(a) Evidence of intellectual impairment requires documentation of either (i) or (ii) or (iii) below:

(i) An FSIQ of 1.5 or more standard deviations below the mean as described in WAC 388-823-0615(1) for another neurological condition; or

(ii) Significant academic delays resulting in delay of at least twenty-five percent below the chronological age or age equivalent academic functioning in at least two academic areas or grade placement; or

(iii) In the absence of school records to substantiate (ii) above, DDD may review other information about your academic progress sufficient to validate your cognitive deficits.

(b) Unless there is evidence of other conditions or impairments unrelated to the eligible condition currently affecting adaptive functioning, the following evidence will determine if the eligible condition or disorder results in a substantial limitation in adaptive functioning:

(i) A score of more than two standard deviations below the mean on a VABS or SIB-R current within the past three years, or in the absence of a VABS or SIB-R, an ICAP administered by DDD within the past twenty-four months.

(ii) The qualifying scores for these tests are listed in WAC 388-823-0420 (1)(d).

(2) You do not need the additional evidence of your substantial limitations to adaptive functioning in (1)(a) and (b) above if your eligible condition is solely due to your eligibility and participation in the medically intensive program offered through DDD, defined in WAC 388-551-3000.

EFFECT OF AGE ON ELIGIBILITY

WAC 388-823-0800 Which eligible developmental disability conditions apply at what age? (1) Children under the age of six must meet the definition of having a developmental disability by meeting the requirements listed in WAC 388-823-0810 through 388-823-0850.

(2) Children at least age six but under the age of ten can meet the definition of developmental disability by:

(a) Meeting the requirements listed in WAC 388-823-0200 through 388-823-0710; or

(b) Meeting the requirements listed in WAC 388-823-0810 through 388-823-0850.

(3) Children age ten and older must meet the requirements in WAC 388-823-0200 through 388-823-0710.

(4) The following chart summarizes the applicable eligibility conditions by age.

Eligible Conditions	Age 0-5	Age 6-9	Age 10-17	Age 18 and older
Developmental Delays	X	X		
Down Syndrome	X	X		
Too severe to be assessed	X	X		
Medically Intensive	X	X	X	
Mental Retardation (MR)		X	X	X
Cerebral Palsy		X	X	X
Epilepsy		X	X	X
Autism		X	X	X
Another Neurological		X	X	X
Other condition similar to MR		X	X	X

WAC 388-823-0810 If I am a child under age ten, what evidence do I need to meet the definition for an "other condition" similar to mental retardation? If you are a child under age ten, evidence of one of the following substantiates that you have an eligible "other condition" similar to mental retardation:

(1) Developmental delay measured by developmental assessment tools administered by qualified professionals as described in WAC 388-823-0850.

(2) A diagnosis of Down syndrome by a licensed physician;

(3) A determination of eligibility for the DSHS medically intensive program;

(4) A diagnosis by a licensed physician or licensed psychologist of a condition that is so severe the child is unable to demonstrate the minimal skills required to complete a developmental evaluation or assessment.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0810, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0820 If I am a child under age ten with an eligible condition under the medically intensive program, Down syndrome, or a diagnosed condition that is too severe for developmental testing, how do I meet the definition of substantial limitations to adaptive functioning? You do not need additional evidence of substantial limitations if you are a child under the age of ten with an eligible condition based on the medically intensive program, Down syndrome, or a diagnosed condition that is too severe for developmental testing.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0820, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0830 If I am a child under age ten with an eligible condition based on developmental delays, how do I meet the definition of substantial limitations to adaptive functioning? (1) If you are a child under age ten with an eligible condition based on developmental delays, evidence of substantial handicap requires developmental delays of at least 1.5 standard deviations or twenty-five percent or more of the chronological age in the following developmental areas:

(a) Physical skills (fine or gross motor);

(b) Self help/adaptive skills;

(c) Expressive or receptive communication, including American Sign Language;

(d) Social/emotional skills; and

(e) Cognitive, academic, or problem solving skills.

(2) The number of areas in which you are required to have delays to meet the evidence is specific to your age.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0830, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0840 If I am a child under age ten, how many areas of developmental delays meet the definition of substantial limitations to adaptive functioning? If you are a child under the age ten, eligible based on developmental delays, the number of delays required for substantial limitations to adaptive functioning is specific to your age.

(1) A child from birth but under age three must have a developmental delay in one or more developmental areas.

(2) A child age three but under age ten must have developmental delays in three or more developmental areas.

AGE	NUMBER of AREAS of DELAY
Birth but under age three	One or more
Age three but under age ten	Three or more

WAC 388-823-0850 What developmental evaluations or assessments will be acceptable for determining developmental delay? DDD will accept any standardized developmental evaluation test of procedures to assess developmental delays if:

(1) The results of the evaluation/assessment are reasonably reliable and valid by professional standards.

(a) If you are under age three, there is an evaluation of developmental areas that is current within the past twelve months. Evaluations determine eligibility for services and need to address each of the five developmental areas.

(b) If you are age three or older, there is an assessment of developmental areas. Assessments are more detailed than evaluations and are needed for determining types of services, method, intensity, and funding. Assessments are also the way to document the ongoing status of child's development, progress and recommended steps to meet outcomes.

(2) The evaluation/assessment is administered by one of the following professionals qualified to administer the evaluation or assessment of developmental areas:

(a) Licensed physician;

(b) Licensed psychologist or certified school psychologist;

(c) Speech language pathologist;

(d) Audiologist;

(e) Registered occupational therapist;

(f) Licensed physical therapist;

(g) Registered nurse;

(h) Certified teacher;

(i) Masters level social worker; or

(j) Orientation and mobility specialist.

INVENTORY FOR CLIENT AND AGENCY PLANNING (ICAP)

WAC 388-823-0900 What are the qualifying scores for inventory of client and agency planning broad independence for each age? When the ICAP is administered to determine eligibility under substantial handicap for a developmental disability, the qualifying score must be at or below the three digit broad independence domain score specific to the age of the applicant at the time of the administration of the ICAP. The score specific to age follows:

AGE	SCORE (at or below)
6	449
7	456
8	463
9	469
10	476
11	482
12	487
13	492
14	497
15	501
16	505
17 and older	509

WAC 388-823-0910 What is the purpose of ICAP? The purpose of the ICAP is to assess your adaptive skills in the areas of motor skills, personal living skills, social and communication skills, and community living skills.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0910, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0920 What sections of the ICAP does DDD or a designee contracted with DDD complete and score? (1) DDD or a designee contracted with DDD completes the adaptive behavior portion of the ICAP.

(2) There is a computer generated broad independence score of your motor skills, personal living skills, social and communication skills, and community living skills, based on your age.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0920, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0930 How does DDD or a designee contracted with DDD administer the ICAP? (1) DDD or a designee contracted with DDD completes the adaptive section of the ICAP by interviewing a qualified respondent who has known you for at least three months and who sees you on a day-to-day basis. You cannot be the respondent for your own ICAP.

(2) DDD or a designee contracted with DDD will choose the respondent and may interview more than one respondent to ensure that information is complete and accurate.

(3) DDD or a designee contracted with DDD will ask you to demonstrate some of the skills in order to evaluate what skills you are able to perform. DDD or a designee contracted with DDD cannot administer the ICAP if no respondent is identified and available.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0930, filed 6/1/05, effective 7/2/05.]

WAC 388-823-0940 What happens if DDD or a designee contracted with DDD cannot identify a qualified respondent? If you and DDD or a designee contracted with DDD cannot identify a qualified respondent for the ICAP, DDD or a designee contracted with DDD will not be able to administer the ICAP or determine you eligible under any conditions that require an ICAP.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-0940, filed 6/1/05, effective 7/2/05.]

ELIGIBILITY EXPIRATION, REVIEWS, AND REAPPLICATION

WAC 388-823-1000 Once I become an eligible DDD client, is there a time limit to my eligibility? While DDD has the authority to review your eligibility at any time, your eligibility as a DDD client will expire or have required reviews as indicated in WAC 388-823-1005 and 388-823-1010.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1000, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1005 When does my eligibility as a DDD client expire? (1) If you are determined eligible prior to age four, your eligibility expires on your fourth birthday.

(a) DDD will notify you at least ninety days before your eligibility expiration date.

(b) You must reapply for eligibility with DDD.

(2) If you are determined or redetermined eligible at age three but under age ten per WAC 388-823-0810 through 388-823-0850, your eligibility expires on your tenth birthday.

(a) DDD will notify you at least ninety days before your eligibility expiration date.

(b) You must reapply for eligibility with DDD.

(3) If your eligibility determination was prior to July 2005 under developmental delays, Down syndrome, or medically intensive program and you are age four or older as of June 30, 2005, your eligibility expires on your tenth birthday.

(a) DDD will notify you at least ninety days before of your eligibility expiration date.

(b) You must reapply for eligibility with DDD.

(4) If your eligibility determination was made after July 2005 and is solely due to your need for nursing through the medically intensive program, your eligibility expires when you are no longer eligible for the program but no later than your eighteenth birthday.

(a) DDD will notify you at least ninety days before your eighteenth birthday.

(b) You must reapply for eligibility with DDD.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1005, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1010 When will DDD review my eligibility to determine if I continue to have a developmental disability? (1) Your eligibility can be reviewed at any time if your eligibility effective date is prior to July 2005 and you are age ten or older and were eligible under a condition of developmental delay or Down syndrome.

(2) Your eligibility will be reviewed at age seventeen with termination occurring no sooner than your eighteenth birthday if your most current eligibility determination was at sixteen or younger under mental retardation, cerebral palsy, epilepsy, autism, another neurological condition, or other condition similar to mental retardation.

(3) DDD will review your eligibility prior to the initial authorization of any paid service from DDD when you are not currently receiving paid services and:

(a) You are age eighteen or older and your most current eligibility determination is more than twenty-four months old; or

(b) You are age four but under age eighteen and your eligibility was established under the eligible conditions of developmental delay or Down syndrome and your eligibility effective date is prior to July 2005.

(4) DDD will review your eligibility if DDD discovers:

(a) The evidence used to make your most recent eligibility determination completed in 1992 or later appears to be insufficient, in error, or fraudulent; or

(b) New diagnostic information becomes available that does not support your current eligibility and you are under the age of eighteen.

WAC 388-823-1015 What is the definition of "DDD paid services" in WAC 388-823-1010(3)? DDD paid services are defined by one or more of the following:

(1) Authorization of a paid service within the last ninety days as evidenced by a social services payment system (SSPS) authorization, a county authorization for day program

services, a waiver plan of care approving a DDD paid service, or residence in a SOLA, RHC, or IMR (authorization of a state supplementary payment through SSPS does not meet the definition of a DDD paid service);

(2) Authorization of family support services within the last twelve months.

(3) Documentation of DDD approval of your absence from DDD paid services for more than ninety days with available funding for your planned return to services.

WAC 388-823-1020 Can DDD terminate my eligibility if I no longer am a resident of the state of Washington? DDD will terminate your eligibility if you lose residency in the state of Washington as defined in WAC 388-823-0050.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1020, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1030 How will I know that my eligibility is expiring or is due for review? If your eligibility has a required expiration or review date, DDD will send you prior written notification with reapplication or review information.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1030, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1040 What happens if I do not reapply for eligibility before my eligibility expiration date? (1) If you fail to reapply before your eligibility expires on your fourth or tenth birthday or if you reapply so near in time to your fourth or tenth birthday that DDD does not have sufficient time to make an eligibility determination by the date of expiration, DDD eligibility will expire and your DDD paid services will stop.

(a) If DDD determines you eligible after your eligibility expires, your eligibility and paid services will be reinstated on the date that DDD determines you eligible pursuant to WAC 388-823-0100.

(b) If DDD determines you eligible after your eligibility expires, your eligibility and paid services will not be retroactive to the expiration date.

(2) This expiration of eligibility takes effect even if DDD is unable to locate you to provide written notification that eligibility is expiring.

(3) There is no appeal right to an expired eligibility determination.

(4) Your appeal rights to the termination of services resulting from a review of your eligibility due to the expiration of your eligibility on your fourth or tenth birthday are in WAC 388-825-120 and 388-825-150(2).

WAC 388-823-1050 What happens if I do not respond to a request for information to review my eligibility? If you do not provide DDD with the information required to review and redetermine your eligibility, DDD will terminate your eligibility and any DDD services you might be receiving.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1050, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1060 How will DDD notify me of its decision? DDD will notify you and your legal representative or one other responsible party in writing of its determination of eligibility, ineligibility, or expiration of eligibility per WAC 388-825-100.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1060, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1070 What are my appeal rights to a department decision that I do not have a developmental disability? Your appeal rights to a department decision that you are not eligible to be a DDD client because you do not have a developmental disability are limited to those described in WAC 388-825-120 through 388-825-165.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1070, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1080 If DDD decides that I do not have a developmental disability, how soon can I reapply for another decision? If DDD decides that you do not have a developmental disability as defined in this chapter, you may reapply only if:

(1) Your eligibility was terminated because DDD could not locate you and you have subsequently contacted DDD;

(2) Your eligibility was terminated because you lost residency in the state of Washington and you have reestablished residency;

(3) You have additional or new information relevant to the determination that DDD did not review for the previous determination of eligibility; or

(4) DDD denied or terminated your eligibility based solely on your ICAP score and it has been more than twenty-four months since your last ICAP.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1080, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1090 If I am already eligible, how do these new rules affect me? If you are an eligible DDD client on the effective date of these rules, you continue to be an eligible DDD client but you are subject to the expiration and required eligibility reviews per WAC 388-823-1000 through 388-823-1050.

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1090, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1095 What are my rights as a DDD client? As a DDD client, you have the following rights:

(1) The right to be free from any kind of abuse or punishment (verbal, mental, physical, and/or sexual); or being sent to a place by yourself, if you do not choose to be alone;

(2) The right to appeal any decision by DDD that denies, reduces, or terminates your eligibility, your services or your choice of provider;

(3) The right to receive only those services you agree to;

(4) The right to meet with and talk privately with your friends and family;

(5) The right to personal privacy and confidentiality of your personal and other records;

(6) The right to choose activities, schedules, and health care that meet your needs;

(7) The right to be free from discrimination because of your race, color, creed, national origin, religion, age, disability, marital status, or sexual orientation;

(8) The right to set your own rules in your home and to know what rules your providers have when you are living in their house or working in their facility;

(9) The right to request information regarding services that may be available from DDD;

(10) The right to know what your doctor wants you to do or take and to help plan how that will happen;

(11) The right to be free from unnecessary medication, restraints and restrictions;

(12) The right to vote and help people get elected to office;

(13) The right to complain and not to have someone "get even";

(14) The right to have your provider listen to your concerns including those about the behavior of other people where you live;

(15) The right to receive help from an advocate;

(16) The right to manage your money or choose other persons to assist you;

(17) The right to be part of the community;

(18) The right to make choices about your life;

(19) The right to wear your clothes and hair the way you want;

(20) The right to work and be paid for the work you do; and

(21) The right to decide whether or not to participate in research after the research has been explained to you, and after you or your guardian gives written consent for you to participate in the research;

[Statutory Authority: RCW 71A.10.020, 71A.12.030, 71A.12.050, 71A.12.-070, 71A.16.020, 71A.16.030, 71A.16.040, 71A.16.050, and chapters 71A.10, 71A.12, and 71A.16 RCW. 05-12-130, § 388-823-1095, filed 6/1/05, effective 7/2/05.]

WAC 388-823-1100 How do I complain to DDD about my services or treatment? If you have a complaint or grievance about your services or treatment, follow these steps in this order:

(1) First, contact your case resource manager or social worker by phone, in writing, e-mail, or in person and explain your problem.

(2) If you are not happy with the results from speaking with your case resource manager or social worker, you may ask to speak with their supervisor.

(3) If steps (1) and (2) do not solve your problem, you submit your complaint in writing to the regional office.

(4) If you do not reach a solution with the regional office, you can request that your complaint be forwarded to the DDD headquarters in Olympia.

WAC 388-825-059 How will I know which paid services I will receive? Your individual support plan (ISP) identifies the services and the amount of service you can receive.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-059, filed 5/19/08, effective 6/19/08.]

WAC 388-825-061 What service am I eligible for if I am under the age of three? (1) Children under age three are eligible for the infant toddler early intervention program (ITEIP) under the Individuals with Disabilities Education Act, (IDEA), Part C, and Washington's federally approved plan.

(2) Infants and toddlers eligible for DDD may receive DDD state-only funded child development services if funding is available.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-061, filed 5/19/08, effective 6/19/08.]

WAC 388-825-062 What is infant toddler early intervention program (ITEIP)? Infant toddler early intervention program (ITEIP) is a statewide, multi-agency program, administered by and located with DDD, to coordinate a system of early intervention services for children, birth to three, and their families under the Individuals with Disabilities Education Act (IDEA), Part C/ITEIP state rules and regulations.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-062, filed 5/19/08, effective 6/19/08.]

WAC 388-825-063 What services can infant toddler early intervention program (ITEIP) provide? Infant toddler early intervention program (ITEIP) provides family resources coordination (FRC) services. The FRC assists the family and child through the team evaluation/assessment process, eligibility determination. If eligible, the FRC coordinates the development of the individualized family service plan (IFSP) that documents outcomes, early intervention services, funding sources, supports and other information required for service delivery.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-063, filed 5/19/08, effective 6/19/08.]

WAC 388-825-066 Where do I find the program eligibility rules and service definitions for infant toddler early intervention program (ITEIP)? Eligibility for infant toddler early intervention program (ITEIP) is defined by the Individuals with Disabilities Education Act (IDEA), Part C, and Washington's federally approved plan. Additional ITEIP program and service information is on the ITEIP website: http://www1.dshs.wa.gov/iteip. You can locate the name of the family resources coordinator (FRC) online at http://www1.dshs.wa.gov/iteip/CountyOrgLinks.html or call the family health hotline at 1-800-322-2588. Parents may self-refer and do not need a doctor's referral for entry into early intervention.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-066, filed 5/19/08, effective 6/19/08.]

WAC 388-825-067 What are medicaid state plan services? (1) Medicaid state plan services are those services available to all persons eligible for medicaid under the categorically needy program. See WAC 388-475-0100 for the categorically needy program requirements.

(2) To receive the service, you must be assessed by DSHS to have an unmet need for the service and meet the eligibility criteria for the program. See WAC 388-825-068 for services authorized by DDD.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-067, filed 5/19/08, effective 6/19/08.]

WAC 388-825-069 What services are provided under a home and community based services (HCBS) waiver? (1) Home and community based services (HCBS) waivers provide specific services approved by the federal centers for medicare and medicaid services (CMS) under section 1915 (c) of the Social Security Act as an alternative to placement in an intermediate care facility for the mentally retarded (ICF/MR).

(2) Certain federal regulations governing ICF/MRs are "waived" enabling the provision of services in the home and community to persons who would otherwise require the services provided in an ICF/MR as defined in chapters 388-835 and 388-837 WAC.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-069, filed 5/19/08, effective 6/19/08.]

WAC 388-825-071 What services am I eligible for if I am enrolled in a DDD home and community based services (HCBS) waiver? If you are enrolled in a DDD home and community based services waiver, you are eligible for the services identified in your assessment and authorized in your individual support plan.

(1) Your waiver services are limited to the services available in your specific waiver based on an assessment of your health and welfare needs.

(2) The services available through each of DDD's HCBS waivers are described in chapter 388-845 WAC.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-071, filed 5/19/08, effective 6/19/08.]

WAC 388-825-072 Where do I find information on DDD's home and community based services (HCBS) waiver services, eligibility rules and definitions? Home and community based services (HCBS) waiver eligibility, the scope of services provided by each waiver, the definitions of the services, the limitations of the service, and qualified providers for the service are contained in chapter 388-845 WAC.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-072, filed 5/19/08, effective 6/19/08.]

WAC 388-825-073 What is a "state-only funded" service? State-only funded services are those services paid entirely with state funds. These services are limited by available funding.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-073, filed 5/19/08, effective 6/19/08.]

WAC 388-825-074 Am I eligible for state-only funded services? You are eligible to receive available state-only funded services if you have been approved for funding for that service, and all of the following conditions apply:

(1) You have a current DDD assessment that identifies the need for the service;

(2) You meet the programmatic and financial eligibility requirements for the specific service or program;

(3) Your need cannot be met through medicaid state plan services;

(4) You are not enrolled in a DDD home and community based services (HCBS) waiver;

(5) You do not receive SSP as a replacement for the requested service;

(6) The program or service is funded by the legislature.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-074, filed 5/19/08, effective 6/19/08.]

WAC 388-825-079 If I am not on a DDD HCBS waiver, can I receive services that are available through the DDD HCBS waivers with state-only funding? (1) With the exception of personal care, you may be authorized to receive any of the services that are available through the DDD HCBS waivers with state-only funding.

(2) Services that are available through the DDD HCBS waivers and authorized with state-only funding:

(a) Are subject to the definitions, limitations and provider qualifications contained in chapter 388-845 WAC; and

(b) Require prior approval by the director of DDD or designee.

[Statutory Authority: RCW 71A.10.015, 71A.12.020, 71A.12.030, and Title 71A RCW. 08-11-072, § 388-825-079, filed 5/19/08, effective 6/19/08.]

WAC 388-825-081 Can I receive state-only funded services that are not available in a DDD HCBS waiver? You may be authorized to receive state-only funded services that are available in other DSHS rules as defined below:

WAC 388-825-100 How will I be notified of decisions made by DDD? (1) Whenever possible, DDD will notify all parties affected by the decision by phone or in person.

(2) If you are under the age of eighteen, written notifications will be mailed to:

(a) You; and

(b) Your parent; or

(c) Your guardian or other legal representative.

(3) If you are age eighteen or older, written notifications will be mailed to you and:

(a) Your guardian or other legal representative; or

(b) A person identified by you to receive these notices in addition to yourself if you do not have a guardian or legal representative. Unless the person identified by you is a relative of yours, he or she cannot be an employee of DDD, a contractor with DDD or an employee of a contractor with DDD.

WAC 388-825-101 Why does DDD need to send my notices and correspondence to someone else? DDD sends your notices and correspondence to someone else to assist you to understand the information and your appeal rights to department decisions.

[Statutory Authority: RCW 71.10.060, 71A.12.030, and Title 71A RCW. 08-16-122, § 388-825-101, filed 8/5/08, effective 9/5/08. Statutory Authority: RCW 71A.12.030, 71A.10.020, and 71A.16.040. 04-15-093, § 388-825-101, filed 7/16/04, effective 8/16/04.]

WAC 388-825-102 What if I do not want my DDD notices and correspondence sent to anyone else? (1) If you are age eighteen or older and do not have a legal guardian, you may request in writing that your DDD notices and correspondence be given only to you.

(2) DDD will review your request and comply with your request unless it determines there to be a risk of your losing rights.

(3) You have the right to appeal a denial of this request.

[Statutory Authority: RCW 71.10.060, 71A.12.030, and Title 71A RCW. 08-16-122, § 388-825-102, filed 8/5/08, effective 9/5/08. Statutory Authority: RCW 71A.12.030, 71A.10.020, and 71A.16.040. 04-15-093, § 388-825-102, filed 7/16/04, effective 8/16/04.]

WAC 388-825-103 When will I receive written notice of decisions made by DDD? You will receive written notice from DDD of the following decisions:

(1) The denial or termination of eligibility for services under WAC 388-825-030 and 388-825-035;

(2) The authorization, denial, reduction, or termination of services or the payment of SSP set forth in chapter 388-827 WAC that are authorized by DDD;

(3) The admission or readmission to, or discharge from a residential habilitation center.

(4) Disenrollment from a DDD home and community based services waiver under WAC 388-845-0060, including a disenrollment from a waiver and enrollment in a different waiver.

WAC 388-825-120 When can I appeal department decisions through an administrative hearing process? (1) Administrative hearings are governed by the Administrative Procedure Act (chapter 34.05 RCW), RCW 71A.10.050, the rules in this chapter and by chapter 388-02 WAC. If any provision in this chapter conflicts with chapter 388-02 WAC or

WAC 388-440-0001(3), the provision in this chapter shall prevail.

(2) A client, former client, or applicant acting on the applicant's own behalf or through an authorized representative has the right to an administrative hearing.

(3) You have the right to an administrative hearing to dispute the following department actions:

(a) Authorization, denial, reduction, or termination of services;

(b) Reduction or termination of a service that was initially approved through an exception to rule;

(c) Authorization, denial, or termination of eligibility;

(d) Authorization, denial, reduction, or termination of payment of SSP authorized by DDD set forth in chapter 388-827 WAC;

(e) Admission or readmission to, or discharge from, a residential habilitation center;

(f) Refusal to abide by your request not to send notices to any other person;

(g) Refusal to comply with your request to consult only with you;

(h) A decision to move you to a different type of residential service;

(i) Denial or termination of the provider of your choice or the denial of payment for any reason listed in WAC 388-825-375 through 388-825-390;

(j) An unreasonable delay to act on an application for eligibility or service;

(k) A claim the client, former client, or applicant owes an overpayment debt.

WAC 388-825-125 How do I request an administrative hearing? (1) Your notice of the department decision will include instructions on how to file an administrative hearing, where to send it, and the length of time you have to file for a hearing.

(2) Your request may be made orally or in writing.

(3) You may request assistance in requesting an administrative hearing by calling DDD staff as stated in WAC 388-825-135.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-125, filed 8/19/05, effective 9/19/05.]

WAC 388-825-130 How long do I have to file a request for an administrative hearing? (1) The following rules apply to all situations except a decision to transfer you from a state residential habilitation center (RHC) to the community under RCW 71A.20.080. The rules for administrative hearings regarding the department's decision to transfer you from an RHC to the community are contained in WAC 388-825-155.

(2) You have to request an administrative hearing within ninety days of receipt of the notification of the decision you are disputing.

(3) You must request an administrative hearing within the ten-day notice period, as described in WAC 388-458-0040 (1), (2) and (3), if you wish to maintain current services during the appeal process.

(4) The notification sent to you will include the date that the ten-day notice period ends.

[Statutory Authority: RCW 71A.12.030, 71A.20.080, and Title 71A RCW. 06-10-055, § 388-825-130, filed 5/1/06, effective 6/1/06. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-130, filed 8/19/05, effective 9/19/05.]

WAC 388-825-135 What if I need help to request an administrative hearing? (1) You may call the department staff person listed in your notification letter and tell them you want to appeal the decision. The department staff person will notify the office of administrative hearings on your behalf.

(2) An oral request for an administrative hearing is complete if it contains enough information to identify the person making the request, the DDD action, and the case involved in the hearing request.

(3) The effective date of an oral request for an administrative hearing is the date that someone makes a complete oral request for hearing to any DDD representative in person or by leaving a message on the automated voice mail system of any DDD field office.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-135, filed 8/19/05, effective 9/19/05.]

WAC 388-825-140 Who else can help me appeal a department decision? Department staff may assist you in requesting an administrative hearing. However, you can authorize anyone except an employee of the department to represent you at an administrative hearing.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-140, filed 8/19/05, effective 9/19/05.]

WAC 388-825-145 Will my benefits continue if I request an administrative hearing? (1) If you request an administrative hearing regarding the department's decision to transfer you from a residential habilitation center to the community under RCW 71A.20.080, the rules in WAC 388-825-155 apply.

(2) If you request an administrative hearing within the ten-day notice period, as described in chapter 388-458 WAC, unless one or more of the conditions in WAC 388-825-150 applies, the department will take no action until there is a final decision on your appeal of the department's decision to:

(a) Terminate your eligibility for services;

(b) Reduce or terminate your services;

(c) Reduce or terminate the payment of SSP set forth in chapter 388-827 WAC; or

(d) Disenroll you from a DDD home and community based services waiver under WAC 388-845-0060, including

a disenrollment from a waiver and enrollment in a different waiver.

(3) The department will take no action until there is a final decision on your appeal of the department's decision to remove or transfer you to another residential service unless one or more of the conditions in WAC 388-825-150 applies.

(4) The department will take no action to terminate your provider of choice unless one or more of the circumstances described in WAC 388-825-150 applies.

(5) After the administrative hearing, you may have to pay back continued benefits you get, as described in chapter 388-410 WAC, if the administrative hearing decision is in favor of the department.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 08-04-072, § 388-825-145, filed 2/4/08, effective 3/6/08. WAC 388-825-150 When can the department proceed to take action during my appeal? The department will proceed to take action during your appeal if:

(1) It is an eligibility denial and you are not currently an eligible client.

(2) Your DDD eligibility has expired, per WAC 388-823-0010 and 388-823-1040.

(3) There is no longer funding for state-only funded service.

(4) Your current services are terminated or transferred in order to meet the legislative intent of and comply with sections 205 and 207, chapter 371, Laws of 2002.

(5) The state-only funded service no longer exists, the medicaid state plan has been amended, or the HCBS waiver agreement with the federal Centers for Medicare and Medicaid has been amended.

(6) The administrative law judge or review judge rules that you have caused unreasonable delay in the proceedings.

(7) You are in imminent jeopardy.

(8) Your provider is no longer qualified to provide services due to:

(a) A lack of a contract;

(b) Decertification;

(c) Revocation or suspension of a license; or

(d) Lack of required registration, certification, or licensure.

(9) The parent of a person under the age of eighteen or the legal guardian approves the department's decision.

(10) You did not file your request for an administrative hearing within the ten-day notice period, as described in chapter 388-458 WAC.

(11) You:

(a) Tell us in writing that you do not want continued benefits;

(b) Withdraw your administrative hearing request in writing; or

(c) Do not follow through with the administrative hearing process.

WAC 388-825-155 What are my appeal rights if I am appealing a decision to transfer me from a state residential habilitation center to the community? (1) The procedures in RCW 71A.10.050(2) and 71A.20.080 govern the proceeding.

(2) You have thirty days from date that you receive notice to request an administrative hearing appealing the department's decision to transfer you from a residential habilitation center to the community under RCW 71A.20.080.

(3) The department will take no action to transfer you from a state residential habilitation center to the community under RCW 71A.20.080 during the period that an appeal can be requested or while an appeal is pending and undecided unless you or your legal representative consent, or a court order authorizes the transfer, or an administrative law judge or review judge rules that you are not diligently pursuing your appeal.

(4) The burden of proof is on the department.

(5) The burden of proof is whether the proposed placement is in your best interest.

WAC 388-825-200 What is the purpose of the family support opportunity program? The purpose of the family support opportunity program is to:

(1) Strengthen family functioning through use of the program elements;

(2) Provide a wide range of supports that will assist and stabilize families;

(3) Encourage individuals and local communities to provide support for the persons with developmental disabilities that live with families;

(4) Complement other public and private resources in providing supports;

(5) Recognize the ability of communities to participate in a variety of ways;

(6) Allow families to make use of all program elements according to the individual and family needs; and

(7) Provide assistance to as many families as possible.

[99-19-104, recodified as § 388-825-200, filed 9/20/99, effective 9/20/99. Statutory Authority: RCW 71A.12.030. 99-04-071, § 275-27-180, filed 2/1/99, effective 3/4/99.]

WAC 388-825-205 Who is eligible to participate in the family support opportunity program? (1) All individuals living with their families determined to be developmentally disabled according to WAC 388-825-030 and 388-825-035 are eligible to participate in the program if their family requires assistance in meeting their needs. However, the program will fund or provide support services only as funding is available.

(2) Persons currently receiving services under WAC 388-825-252, Family support services, may volunteer to participate in the program.

(3) Families will receive program services based on one or more of the following criteria: The date of application, the date the family was placed on the wait list, eligibility for SSP or other available funding, and/or HCBS waiver status.

(4) Availability of the SSP makes the family ineligible for other state only funding for the same service.

WAC 388-825-210 What basic services can my family receive from the family support opportunity program? A number of basic services are available. Some services have their own eligibility requirements. Specific services are:

(1) **Family support plan:** The family and the case manager will develop a family support plan which includes needs assessment, referral, service coordination, service authorization, case monitoring and coordination for community guide services.

(2) **Community guide services** per WAC 388-825-220 through 388-825-226.

(3) **Short-term intervention services** per WAC 388-825-228 and 388-825-230.

(4) **Emergency services:** Your family can request emergency funds to be used to respond to a single incident, situation or short term crisis such as care giver hospitalization, absence, or incapacity. Your request must be made through your case manager and include an explanation of how you plan to resolve the emergency situation. Your request will be reviewed by DDD.

(a) If approved, you will receive emergency services for a limited time period, not to exceed two months.

(b) If denied, you have no appeal rights.

WAC 388-825-220 What is the purpose of community guide services? (1) Community guide services are available to support your family and help you become well connected to resources or supports in your community. After an assessment, your case manager will give you information about a community guide, whose services can be used, if desired by the family.

(2) This guide will assist your family in using the natural and informal community supports relevant to the age of your child with developmental disabilities and your family's specific needs.

[99-19-104, recodified as § 388-825-220, filed 9/20/99, effective 9/20/99. Statutory Authority: RCW 71A.12.030. 99-04-071, § 275-27-191, filed 2/1/99, effective 3/4/99.]

WAC 388-825-222 Who can become a community guide? To be a guide, a person must demonstrate his/her connections to the informal structures of their community. The department may contract with an individual, agency or organization. Guides must be knowledgeable about resources in their community and comfortable assisting families and persons with developmental disabilities. DDD will provide appropriate training for community guides within available resources.

WAC 388-825-228 How can short-term intervention services through the family support opportunity program help my family? If your family is eligible, you may receive up to one thousand five hundred dollars per year in short-term intervention funding to pay for necessary services not otherwise available.

(1) Short-term intervention funds can be authorized for a one-time only need or for an episodic service need that occurs over a one-year period.

(2) Short-term intervention funding cannot be used for basic subsistence such as food or shelter but is available for those specialized costs directly related to and resulting from your child's disability.

WAC 388-825-230 Specifically how can short-term intervention funds be used? Short-term intervention funds can be used to purchase the following services related to and resulting from the client's disability:

(1) Respite care for intermittent relief to the family caregiver and may include community activities providing respite;

(2) Training and supports such as disability related support groups or parenting classes. This does not include registration or costs related to conferences;

(3) The purchase, rental, loan or refurbishment of specialized equipment, adaptive equipment or supplies not covered by other resources, including medicaid. Specific examples are mobility devices such as walkers and wheelchairs, communication devices and medical supplies. Diapers may be approved only for those three years of age and older.

(4) Environmental modifications including home damage repairs caused by the client and home modifications specific to the client's disability;

(5) Occupational therapy, physical therapy, communication therapy, behavior management, visual and auditory services, or counseling needed by developmentally disabled individuals and not covered by another resource such as medicaid, public schools or child development services funding;

(6) Medical/dental services not covered by any other resource. These services may include the payment of insurance premiums and deductibles but are limited to the portion of the premium or deduction that applies to the client.

(7) Nursing services, not covered by another resource, that can only be rendered by a registered or licensed practical nurse. Examples of such services are ventilation, catheterization, and insulin shots. Parents can provide this service without licensure and will not be paid providers of this service for their natural, step or adopted child;

(8) Special formulas or specially prepared foods necessary because of the client's disability and prescribed by a licensed physician;

(9) Parent/family counseling for grief and loss issues, genetic counseling or behavior management. Payments cannot be approved for services occurring after the death of the DDD client;

(10) Specialized clothing adapted for a physical disability, excessive wear clothing, or specialized footwear;

(11) Specialized utility costs including extraordinary utility costs resulting from the client's disability or medical condition;

(12) If another resource is not available, transportation costs, including gas, ferry or transit cost, so a client can receive essential services and appointments; per diem costs may be reimbursed for medical appointments.

Funds cannot be used for the purchase or rental of a car or for airfare.

WAC 388-825-232 How can serious need funds help my family? Your family may need extraordinary support that exceeds your annual family support opportunity allotment for the child or adult with developmental disabilities living in your home. The purpose of serious need funds is to help you get that support when you need it.

(1) If funding is available and your request is approved, it may be short or long-term in nature and can be used for services such as respite care, behavior management and licensed nursing care.

(2) If your request is denied, there is no right to appeal since this request exceeds your annual family support opportunity allotment.

[Statutory Authority: RCW 71A.12.030, 71.A12.120 [71A.12.120], and chapter 71A.12 RCW. 04-22-068, § 388-825-232, filed 10/29/04, effective 11/29/04. 99-19-104, recodified as § 388-825-232, filed 9/20/99, effective 9/20/99. WAC 388-825-234 How can my family qualify for serious need funds? Your family may qualify for serious need funds if all of the following conditions are met:

(1) The basic program services outlined in WAC 388-825-210 (community guide, short-term intervention services, etc.) are currently being used by your family or they have been exhausted;

(2) You and your case manager have examined other resources such as medicaid personal care, medically intensive services; private insurance, local mental health programs and programs available through the public schools and the department determines that your need exceeds these services; and

(3) The support is crucial for the child or adult with developmental disabilities to continue living in your home.

[Statutory Authority: RCW 71A.12.030, 71.A12.120 [71A.12.120], and chapter 71A.12 RCW. 04-22-068, § 388-825-234, filed 10/29/04, effective 11/29/04. WAC 388-825-236 How does my family request serious need funds? You must contact your case manager to request serious need funds. The request must:

(1) Indicate the type of services your family needs;

(2) Explain why those services can only be obtained through the use of serious need funds;

(3) Outline the changes you anticipate in your family situation if the requested services are not received; and

(4) Estimate the length of time your family will need the requested services.

[Statutory Authority: RCW 71A.12.030, 71.A12.120 [71A.12.120], and chapter 71A.12 RCW. 04-22-068, § 388-825-236, filed 10/29/04, effective 11/29/04. 99-19-104, recodified as § 388-825-236, filed 9/20/99, effective 9/20/99. WAC 388-825-238 What amount of serious need funding is available to my family? (1) The maximum amount of funding available is four hundred fifty-two dollars per month or two thousand seven hundred twelve dollars in a six-month period, unless the department determines your family member requires licensed nursing care and the funding is used to pay for nursing care. If licensed care is required, the maximum funding level is two thousand four hundred fifty dollars per month.

(2) Funding must be available in order to receive serious need services.

(3) Services paid for by serious needs funds will be reviewed by DDD every six months.

WAC 388-825-242 What department restrictions apply to family support payments? (1) Family support opportunity services payments are authorized only after you have accessed what is available to you under medicaid and any other private health insurance plan, including medicaid personal care, to meet your identified need.

(2) All family support service payments must be authorized by the department.

(3) The department may contract directly with:

(a) A service provider, or

(b) A parent for the reimbursement of goods or services purchased by the parent, or

(c) An agency to purchase goods and services on behalf of a client.

(4) The department's authorization period will start when you agree to be in this program. The period will last one year and may be renewed if you continue to need services.

(5) The department does not pay for treatment determined by DSHS/medical assistance administration (MAA) or private insurance to be experimental.

(6) Respite care cannot be a replacement for child care while the parent or guardian is at work regardless of the age of the client.

(7) The department shall not authorize a birth parent, adoptive parent, stepparent or any other primary caregiver (or their spouse) living in the same household with the client for respite, nursing, therapy, or counseling services.

WAC 388-825-244 What are regional family support advisory councils? (1) Each division of developmental disabilities regional administrator must appoint a family support advisory council which may serve as a subcommittee of the regional advisory council. The membership of the family support advisory council must include at least one parent representative and at least one case manager.

(2) The purpose of these family support advisory councils is to advise the regional administrator regarding:

(a) Family support issues;

(b) Guidelines for approving or denying short term intervention requests;

(c) Community needs; and

(d) Recommendations for community service grants.

(3) Family support advisory councils must meet at least twice a year.

WAC 388-825-246 What are community service grants? (1) Community service grants are funded by the division of developmental disabilities family support program to promote community oriented projects that benefit families. Community service grants may fund long-term or short-term projects that benefit children and/or adults.

Agencies or individuals may apply for funding. The department will announce the availability of funding.

(2) To qualify for funding, a proposed project must address one or more of the following topics:

(a) Provider support and development;

(b) Parent helping parent; or

(c) Community resource development for inclusion of all.

(3) Goals for community service projects are as follows:

(a) Enable families to use generic resources;

(b) Reflect geographic, cultural and other local differences;

(c) Support families in a variety of noncrisis-oriented ways;

(d) Prioritize support for unserved families;

(e) Address the diverse needs of Native Americans, communities of color and limited or non-English speaking groups;

(f) Be family focused;

(g) Increase inclusion of persons with developmental disabilities;

(h) Benefit families who have children or adults eligible for services from DDD; and

(i) Promote community collaboration, joint funding, planning and decision making.

(4) Decisions to approve or reject community service grant requests are made by DDD regional administrators considering the recommendations of their regional family support advisory councils. The DDD director has the discretion to award community service grants that have statewide significance.

(5) DDD may sponsor two family support conferences in different areas of the state each year. The purpose of these conferences is to discuss areas addressed by community service grants and other issues of importance to families.

WAC 388-825-250 Continuity of family support services. (1) It is the policy of the department to recognize the dependence of individuals currently receiving family support services at a given level of services, and to avoid disruption of those services at that given level when possible.

(2) In order for the department to maximize the continuity of service while remaining within appropriated funds for family support services, when appropriated funds for family support services do not permit serving new applicants or increasing services to current recipients without reducing services to existing clients, the department may deny requests for new or increased services based on the lack of funds pursuant to WAC 388-825-055.

(3) These requests may be denied even if the service need levels, as described in WAC 388-825-030, of new applicants or current recipients are of a higher priority than those currently receiving services.

WAC 388-825-252 Family support services. (1) The purpose of the family support program is to reduce or eliminate the need for out-of-home residential placement of an individual with developmental disabilities where it is in the best interest of the person to continue living with their family.

(2) The department's family support services include the following and become available only after you have used your full benefits through medicaid, private insurance, school and child development services:

(a) Respite care is intermittent relief to the family caregiver and may include community activities which provide respite;

(b) Nursing services provided by a registered nurse or licensed practical nurse, that cannot be provided by an unlicenced caregiver, including but not limited to, ventilation, catheterization, insulin injections, etc.;

(c) Therapeutic services including occupational therapy, physical therapy, communication therapy, behavior management, or counseling needed by individuals with developmental disabilities.

(3) Receiving family support services is based on:

(a) Funding for state paid services available in the state operating budget;

(b) SSP funding available to the individual/family.

(4) The following rules, subsections (5) through (9), apply only to family support services authorized by the department and do not govern services purchased by the family with SSP (state supplementary payment) funding (see WAC 388-827-0145 and 388-827-0170).

(5) Up to nine hundred dollars of the service need level amount in WAC 388-825-254 may be used during a one year period for use as follows. The requested service must be necessary as a result of the disability of the individual and after you have used your full benefits through medicaid, private insurance, school and child development services:

(a) Training and supports including parenting classes and disability related support groups. This does not include registration or costs related to conferences;

(b) Specialized equipment and supplies including the purchase, rental, loan or refurbishment of specialized equipment or adaptive equipment not covered by another resource including medicaid. Mobility devices such as walkers and wheelchairs are included, as well as communication devices and medical supplies such as diapers for children three years of age and older;

(c) Environmental modification including home repairs for damages or modifications to the home needed because of the disability of the individual;

(d) Medical/dental services not covered by any other resource. This may include the payment of insurance premiums and deductibles and is limited to the premiums and deductibles of the individual;

(e) Special formulas or specially prepared foods as prescribed by a licensed physician and needed because of the disability of the individual;

(f) Parent/family counseling related to the individual's disability, dealing with a diagnosis, grief and loss issues, genetic counseling and behavior management. Payments cannot be approved for services occurring after the death of the eligible individual;

(g) Specialized clothing adapted for a physical disability, excessive wear clothing, or specialized footwear;

(h) Specialized utility costs including extraordinary supplemental utility costs related to the individual's disability or medical condition;

(i) If another resource is not available, transportation costs, including gas, ferry or transit cost, so an individual can receive essential services and appointments; per diem costs may be reimbursed for medical appointments. Funds cannot be used for the purchase or rental of a car or for airfare.

(6) Recommendations will be made to the regional administrator by a review committee. The regional administrator will approve or disapprove the request and will communicate reasons for denial to the committee.

(7) Payment for services specified in subsection (5) shall cover only the portion of cost attributable to the individual.

(8) Requests must be received by DDD no later than midway through the service authorization period unless circumstances exist justifying an emergency.

(9) A plan shall be developed jointly by the family and the department for each service authorization period. The department may choose whether to contract directly with the vendor, to authorize purchase by another agency, or may reimburse the parent of the individual.

(10) Emergency services. Emergency funds may be requested for use in response to a single incident or situation or short term crisis such as care giver hospitalization, absence, or incapacity. The request shall include anticipated resolution of the situation. Funds shall be provided for a limited period not to exceed two months. All requests are to be reviewed and approved or denied by DDD.

(a) If approved, you will receive emergency services for a limited time period, not to exceed two months.

(b) If denied, you have no appeal rights.

(11) If the individual becomes eligible and begins to receive medicaid personal care services as defined in chapters 388-71 and 388-72A WAC or other DSHS in-home residential support service, the family support funding will be reduced at the beginning of the next month of service. The family will receive notice of the reconfiguration of services at least five working days before the beginning of the month.

(12) Family support services may be authorized below the amount requested by the family for the period. When, during the authorized service period, family support services are reduced or terminated below the amount specified in service authorizations, the department shall deem such actions as a reduction or termination of services.

WAC 388-825-253 Family support service restrictions. (1) Family support services payments are authorized only after you have used what is available to you under medicaid and any other private health insurance plan.

(2) All family support service payments must be authorized by the department.

(3) The department may contract directly with:

(a) A service provider; or

(b) A parent for the reimbursement of goods purchased by the parent; or

(c) An agency to purchase goods and services on behalf of an individual.

(4) The department's authorization period will start when you agree to be in this program. The period will last one year and may be renewed if you continue to need services.

(5) The department does not pay for treatment determined by DSHS/MAA or private insurance to be experimental.

(6) Respite cannot be a replacement for child care while the parent or guardian is at work regardless of the age of the individual.

(7) The department shall not authorize a birth parent, adoptive parent, stepparent or any other primary caregiver (or their spouse) living in the same household with the individual to provide respite, nursing, therapy, or counseling services.

[Statutory Authority: RCW 71A.12.030, 71.A12.120 [71A.12.120], and chapter 71A.12 RCW. 04-22-068, § 388-825-253, filed 10/29/04, effective 11/29/04.]

WAC 388-825-254 Service need level rates. (1) The department shall base periodic service authorizations on:

(a) Requests for family support services described in WAC 388-825-252 (2) and (5);

(b) Service need levels. The amount of SSP (state supplementary payment) available to an individual will be included when calculating the monthly allocation of state family support dollars.

(c) Availability of family support funding;

(d) Authorization by a review committee, in each regional office, which reviews each request for service;

(e) The amounts designated in subsection (2)(a) through (d) of this section are subject to periodic increase if vendor rate increases are mandated by the legislature.

(2) Service need level lid amounts as follows:

(a) Clients designated for service need level one (WAC 388-825-256) may receive up to fifteen thousand four hundred dollars per year or twenty-nine thousand four hundred dollars per year if the individual requires licensed nursing care in the home:

(i) If an individual is receiving funding through medicaid personal care or other DSHS in-home residential support, the maximum payable through family support shall be six thousand eight hundred dollars per year;

(ii) If the combined total of family support services at this maximum plus in-home support is less than six thousand eight hundred dollars additional family support can be authorized to bring the total to six thousand eight hundred dollars per year.

(b) Clients designated for service need level two (WAC 388-825-256) may receive up to six thousand dollars per year if not receiving funding through medicaid personal care:

(i) If an individual is receiving funds through medicaid personal care or other DSHS in-home residential support service, the maximum receivable through family support shall be three thousand four hundred dollars per year;

(ii) If the combined total of family support services at this maximum plus in-home support is less than six thousand dollars, additional family support can be authorized to bring the total to six thousand dollars per year.

(c) Clients designated for service need level three (WAC 388-825-256) may receive up to three thousand four hundred dollars per year provided the individual is not receiving medicaid personal care. If the individual is receiving medicaid personal care or other DSHS in-home residential support service, the maximum receivable through family support shall be one thousand seven hundred dollars per year; and

(d) Clients designated for service level four (WAC 388-825-256) may receive up to one thousand seven hundred dollars per year family support services.

(3) The department shall authorize family support services contingent upon the applicant providing accurate and complete information on disability-related requests.

(4) The department shall ensure service authorizations do not exceed maximum amounts for each service need level based on the availability of funds.

WAC 388-825-256 Service need levels. (1) The department shall use service need levels to determine periodic family support service authorizations.

(2) The department shall determine service need levels in order of priority for funding as follows:

(a) Service need level 1: Client is at immediate risk of out-of-home placement without the provision of family support services. The client needs intensive residential support to assist the client's family to care for the family's child or adult requiring nursing services, attendant care, or support due to difficult behaviors. A client shall:

(i) Have received, over the past three months, at least ten days or eighty hours of service; or

(ii) Requires at least ten days or eighty hours per month of service to prevent immediate out-of-home placement, based upon an assessment conducted by the department;

(b) Service need level 2: Client is at high risk of out-of-home placement without the provision of family support services and has one or more of the following documented in writing:

(i) The client:

(A) Currently receives adult protective services or division of children and family services as an active:

(I) Child protective service client;

(II) Child welfare service client; or

(III) Family reconciliation service client.

(B) Has returned home from foster care or group care placement within the last six months;

(ii) The caregiver:

(A) Is a division of developmental disabilities client;

(B) Has a physical or medical problem that interferes with providing care; or

(C) Has serious mental health or substance abuse problems and:

(I) Is receiving counseling for these problems; or

(II) Has received or applied for counseling within the past six months.

(c) Service need level 3: The family is at risk of significant deterioration which could result in an out-of-home placement of the client without provision of family support services due to the following:

(i) The client requires direct physical assistance, above what is typical for such client's age, in three or more of the following areas:

(A) Bathing;

(B) Toileting;

(C) Feeding;

(D) Mobility; or

(E) Dressing.

(ii) The client has current behavioral episodes resulting in:

(A) Physical injury to the client or others;

(B) Substantial damage to property; and/or

(C) Chronic sleep pattern disturbances or chronic continuous screaming behavior.

(iii) The client has medical problems requiring substantial extra care; and/or

(iv) The family is:

(A) Experiencing acute and/or chronic stress;

(B) Has acute or chronic physical limitations; or

(C) Has acute or chronic mental or emotional limitations.

(d) Service need level 4: Family needs temporary or ongoing services in order to:

(i) Receive support to relieve and/or prevent stress of caregiver/family; or

(ii) Enhance the current functioning of the family.

(3) The department, through regional review committees, shall determine service need level of the client's service request by reviewing information received from the client, family, and other sources about:

(a) Whether client is an active recipient of services from the division of children and family services or adult protective services;

(b) Whether indicators of risk of out-of-home placement exist, and the imminence of such an event. The department's assessment of such risk may include:

(i) Review of family's requests for placement;

(ii) History of family's involvement with children's protective services or adult protective services;

(iii) Client's current adjustment;

(iv) Parental history of psychiatric hospitalization;

(v) Clinical assessment of family's condition; and

(vi) Statements from other professionals.

(c) Caregiver conditions, such as acute and/or chronic:

(i) Stress;

(ii) Physical limitations; and

(iii) Mental and/or emotional impairments.

(d) Client's need for intense medical, physical, or behavioral support;

(e) Family's ability to use typical community resources;

(f) Availability of private, local, state, or federal resources to help meet the need for family support;

(g) Severity and chronicity of family or client problems; and

(h) Degree to which family support services will:

(i) Ameliorate or alleviate such problems; and

(ii) Reduce the risk of out-of-home placement.

INDIVIDUAL PROVIDER AND AGENCY PROVIDER QUALIFICATIONS

WAC 388-825-300 What is the purpose of WAC 388-825-300 through 388-825-400? A client/legal representative may choose a qualified individual, agency, or licensed provider. The intent of WAC 388-825-300 through 388-825-400 is to describe:

(1) Qualification for individuals and agencies providing DDD services in the client's residence or the provider's residence or other setting; and

(2) Conditions under which the department will pay for the services of an individual provider or a home care agency provider or other provider.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-300, filed 8/19/05, effective 9/19/05.]

WAC 388-825-305 What service providers are governed by the qualifications in these rules? These rules govern individuals and agencies contracted with to provide:

(1) Respite care services;

(2) Personal care services through the medicaid personal care program or DDD HCBS Basic, Basic Plus, or CORE waivers; or

(3) Attendant care services.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-305, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-305, filed 8/19/05, effective 9/19/05.]

WAC 388-825-310 What are the qualifications for providers? (1) Individuals and agencies providing medicaid personal care (chapters 388-71 and 388-106 WAC) and DDD HCBS waiver personal care (chapter 388-845 WAC) must meet the qualifications and training requirements in WAC 388-71-0500 through 388-71-05909.

(2) Individuals and agencies providing nonwaiver DDD home and community based services (HCBS) in the client's residence or the provider's residence or other setting must meet the requirements in WAC 388-825-300 through 388-825-400.

(3) Individuals and agencies providing HCBS waiver services must meet the provider qualifications in chapter 388-845 WAC for the specific service.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-310, filed 8/19/05, effective 9/19/05.]

WAC 388-825-315 What is your responsibility when you hire an individual respite care, attendant care or personal care provider? You or your legal representative:

(2) Establish an employer/employee relationship with the individual provider; and

(3) May receive assistance from the social worker/case manager or other resources in this process.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-315, filed 8/19/05, effective 9/19/05.]

WAC 388-825-320 How does a person become an individual provider? In order to become an individual provider, a person must:

(1) Be eighteen years of age or older.

(2) Provide the social worker/case manager/designee with:

(a) Picture identification; and

(b) A Social Security card.

(3) Complete and submit to the social worker/case manager/designee the department's criminal conviction background inquiry application, unless the provider is also the parent of the adult DDD client and exempted, per chapter 74.15 RCW.

(a) Preliminary results may require a thumbprint for identification purposes.

(b) An FBI fingerprint-based background check is required if the person has lived in the state of Washington less than three years.

(4) Provide references as requested.

(5) Complete orientation, if contracting as an individual provider.

(6) Sign a service provider contract to provide services to a DDD client.

(7) Meet additional requirements in WAC 388-825-355.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-320, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-320, filed 8/19/05, effective 9/19/05.]

WAC 388-825-325 What are required skills and abilities for individuals and agencies contracted to provide respite care, personal care services through the medicaid personal care program or the DDD HCBS Basic, Basic Plus or CORE waivers, or attendant care services? (1) As a provider of respite care, personal care services through the medicaid personal care program or the DDD HCBS Basic, Basic Plus, or CORE waivers, or attendant care services, you must be able to:

(a) Adequately maintain records of services performed and payments received;

(b) Read and understand the person's service plan. Translation services may be used if needed;

(c) Be kind and caring to the DSHS client for whom services are authorized;

(d) Identify problem situations and take the necessary action;

(e) Respond to emergencies without direct supervision;

(f) Understand the way your employer wants you to do things and carry out instructions;

(g) Work independently;

(h) Be dependable and responsible;

(i) Know when and how to contact the client's representative and the client's case resource manager;

(j) Participate in any quality assurance reviews required by DSHS;

(2) If you are working with an adult client of DSHS as a provider of attendant care, you must also:

(a) Be knowledgeable about the person's preferences regarding the care provided;

(b) Know the resources in the community the person prefers to use and enable the person to use them;

(c) Know who the person's friends are and enable the person to see those friends; and

(d) Enable the person to keep in touch with his/her family as preferred by the person.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-325, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-325, filed 8/19/05, effective 9/19/05.]

WAC 388-825-330 What is required for agencies wanting to provide care in the home of a person with developmental disabilities? (1) Agencies providing personal care services must be licensed as a home care agency or a home health agency through the department of health.

(2) If a residential agency certified per chapter 388-820 WAC wishes to provide medicaid personal care or respite care in the client's home, the agency must have home care agency certification or a home health license.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-330, filed 8/19/05, effective 9/19/05.]

WAC 388-825-335 Is a background check required of a home care agency provider? In order to be a home care agency provider, a person must complete the department's criminal conviction background inquiry application, which is submitted by the agency to the department. This includes an FBI fingerprint-based background check if the home care agency provider has lived in the state of Washington less than three years.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-335, filed 8/19/05, effective 9/19/05.]

WAC 388-825-340 What is required for a provider to provide respite or residential service in their home? Unless you are related to the client, respite or residential services must take place in a home licensed by DSHS. Services are limited to those age-specific services contained in your license.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-340, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-340, filed 8/19/05, effective 9/19/05.]

WAC 388-825-345 What "related" providers are exempt from licensing? (1) Relatives of a specified degree are exempt from the licensing requirement and may provide out-of-home respite in their home.

(2) Relatives of specified degree include parents, grandparents, brother, sister, stepparent, stepbrother, stepsister, uncle, aunt, first cousin, niece or nephew.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-345, filed 8/19/05, effective 9/19/05.]

WAC 388-825-355 Are there any educational requirements for individuals providing respite care, attendant care, or personal care services? (1) If you are an individual providing personal care services for adults, you must meet the training requirements in WAC 388-71-05665 through 388-71-05909.

(2) If you provide personal care for children, or provide respite care, there is no required training but DDD retains the authority to require training of any provider.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-355, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-355, filed 8/19/05, effective 9/19/05.]

WAC 388-825-360 How does an individual terminate employment as a provider? State law makes it a crime to abandon a vulnerable adult. "Abandon" means leaving a person without the means or ability to obtain any of the basic necessities of life.

(1) If an individual wishes to "quit" or terminate employment as a provider, the individual must give at least two weeks written notice to his/her employer, their representative (if applicable) and the DDD case manager.

(2) The individual will be expected to continue working until the termination date unless otherwise determined by DSHS.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-360, filed 8/19/05, effective 9/19/05.]

WAC 388-825-365 Are providers expected to report abuse, neglect, exploitation or financial exploitation? Providers are expected to report any abuse or suspected abuse immediately to child protective services, adult protective services or local law enforcement and make a follow-up call to the person's case manager.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-365, filed 8/19/05, effective 9/19/05.]

WAC 388-825-370 What are the responsibilities of an individual or home care agency when employed to provide respite care, attendant care, or personal care services to a client? An individual or home care agency employed to provide respite care, attendant care, or personal care services must:

(1) Understand the client's individual service plan or plan of care that is signed by the client or legal representative and social worker/case manager, and translated or interpreted, as necessary, for the client and the provider;

(2) Provide the services as outlined on the client's service plan, within the scope of practice in WAC 388-71-0215 and 388-71-0230;

(3) Accommodate client's individual preferences and differences in providing care, within the scope of the service plan;

(4) Contact the client's representative and case manager when there are changes which affect the personal care and other tasks listed on the service plan;

(5) Observe the client for change(s) in health, take appropriate action, and respond to emergencies;

(6) Notify the case manager immediately when the client enters a hospital, or moves to another setting;

(7) Notify the case manager immediately if the client dies;

(8) Notify the department immediately when unable to staff/serve the client; and

(9) Notify the department when the individual or home care agency will no longer provide services. Notification to the client/legal guardian must:

(a) Give at least two weeks' notice, and

(b) Be in writing.

(10) Complete and keep accurate time sheets that are accessible to the social worker/case manager; and

(11) Comply with all applicable laws, regulations and contract requirements.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-370, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-370, filed 8/19/05, effective 9/19/05.]

WAC 388-825-375 When will the department deny payment for services of an individual or home care agency providing respite care, attendant care, or personal care services? (1) The department will deny payment for the services of an individual or home care agency providing respite care, attendant care, or personal care who:

(a) Is the client's spouse, per 42 C.F.R. 441.360(g), except in the case of an individual provider for a chore services client. Note: For chore spousal providers, the department pays a rate not to exceed the amount of a one-person standard for a continuing general assistance grant, per WAC 388-478-0030;

(b) Is providing services under this chapter to their natural/step/adoptive minor client aged seventeen or younger;

(c) Has been convicted of a disqualifying crime, under RCW 43.43.830 and 43.43.842 or of a crime relating to drugs as defined in RCW 43.43.830;

(d) Has abused, neglected, abandoned, or exploited a minor or vulnerable adult, as defined in chapter 74.34 RCW;

(e) Has had a license, certification, or a contract for the care of children or vulnerable adults denied, suspended, revoked, or terminated for noncompliance with state and/or federal regulations;

(f) Does not successfully complete the training requirements within the time limits required in WAC 388-71-05665 through 388-71-05909; or

(g) Is terminated by the client (in the case of an individual provider) or by the home care agency (in the case of an agency provider).

(2) In addition, the department may deny payment to or terminate the contract of an individual provider as provided under WAC 388-825-380, 388-825-381, 388-825-385 and 388-825-390.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-375, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-375, filed 8/19/05, effective 9/19/05.]

WAC 388-825-380 When can the department reject the client's choice of an individual respite care, attendant care or personal care provider? The department may reject a client's request to have a family member or other person serve as his or her individual respite care, attendant care or personal care provider if the case manager has a reasonable, good faith belief that the person will be unable to appropriately meet the client's needs. Examples of circumstances indicating an inability to meet the client's needs could include, without limitation:

(1) Evidence of alcohol or drug abuse;

(2) A reported history of domestic violence, no-contact orders, or criminal conduct (whether or not the conduct is disqualifying under RCW 43.43.830 and 43.43.842);

(3) A report from the client's health care provider or other knowledgeable person that the requested provider lacks the ability or willingness to provide adequate care;

(4) Other employment or responsibilities that prevent or interfere with the provision of required services;

(5) Excessive commuting distance that would make it impractical to provide services as they are needed and outlined in the client's service plan.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-380, filed 8/19/05, effective 9/19/05.]

WAC 388-825-385 When can the department terminate or summarily suspend an individual respite care, attendant care, or personal care provider's contract? The department may take action to terminate an individual respite care, attendant care, or personal care provider's contract if the provider's inadequate performance or inability to deliver quality care is jeopardizing the client's health, safety, or well-being. The department may summarily or immediately suspend the contract pending a hearing based on a reasonable, good faith belief that the client's health, safety, or well-being is in imminent jeopardy. Examples of circumstances indicating jeopardy to the client could include, without limitation:

(1) Domestic violence or abuse, neglect, abandonment, or exploitation of a minor or vulnerable adult;

(2) Using or being under the influence of alcohol or illegal drugs during working hours;

(3) Other behavior directed toward the client or other persons involved in the client's life that places the client at risk of harm;

(4) A report from the client's health care provider that the client's health is negatively affected by inadequate care;

(5) A complaint from the client or client's representative that the client is not receiving adequate care;

(6) The absence of essential interventions identified in the service plan, such as medications or medical supplies; and/or

(7) Failure to respond appropriately to emergencies.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-385, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-385, filed 8/19/05, effective 9/19/05.]

WAC 388-825-390 When can the department otherwise terminate an individual's contract to provide respite care, attendant care, or personal care? The department may otherwise terminate the individual's contract to provide respite care, attendant care, or personal care for default or convenience in accordance with the terms of the contract and to the extent that those terms are not inconsistent with these rules.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-390, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-390, filed 8/19/05, effective 9/19/05.]

WAC 388-825-395 What are the client's rights if the department denies, terminates, or summarily suspends an individual's contract to provide respite care, attendant care, or personal care? If the department denies, terminates, or summarily (immediately) suspends the individual's contract to provide respite care, attendant care, or personal care, the client has the right to:

(1) A fair hearing to appeal the decision, per chapter 388-02 WAC and WAC 388-825-120; and

(2) Receive services from another currently contracted individual or home care agency, or other options the client is eligible for, if a contract is summarily suspended.

(3) The hearing rights afforded under this section are those of the client, not the individual provider.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-395, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-395, filed 8/19/05, effective 9/19/05.]

WAC 388-825-396 Does the provider of respite care, attendant care, or personal care have a right to a fair hearing? (1) The hearing rights afforded under WAC 388-825-395(1) are those of the client.

(2) The provider of respite care, attendant care, or personal care services does not have a right to a fair hearing.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-23-062, § 388-825-396, filed 11/16/07, effective 12/17/07. Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-396, filed 8/19/05, effective 9/19/05.]

WAC 388-825-400 Self-directed care—Who must direct self-directed care? Self-directed care under chapter 74.39 RCW must be directed by an adult client for whom the health-related tasks are provided. The adult client is responsible to train the individual provider in the health-related tasks which the client self-directs.

[Statutory Authority: RCW 71A.12.030, 71A.12.120. 05-17-135, § 388-825-400, filed 8/19/05, effective 9/19/05.]

WAC 388-825-500 What is the family support pilot? (1) The family support pilot (FSP) is a new state-only program funded by the legislature to provide services in a new program through June 2007.

(2) The purpose of the family support pilot is to provide paid services in a flexible manner to eligible DDD clients.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-500, filed 2/23/06, effective 3/26/06.]

WAC 388-825-505 What is the statutory authority for the family support pilot? The legislature directed DDD to implement the family support pilot in the 2005-2007 conference budget, section 205(1)(e), chapter 518, Laws of 2005.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-505, filed 2/23/06, effective 3/26/06.]

WAC 388-825-510 Who is eligible to participate in the family support pilot? To be eligible to participate in the family support pilot (FSP), you must meet all of the following criteria:

(1) Be a client of DDD.

(a) Your eligibility must be current.

(b) WAC 388-823-1010 may require a review of your eligibility prior to any approval of paid services.

(2) Be in DDD's current data base as having requested FSP.

(3) Live with family as defined in WAC 388-825-512.

(4) Not be receiving any other DDD paid services as defined in WAC 388-825-516.

(5) Have been determined ineligible for medicaid personal care (MPC).

(6) Have a gross household annual income of less than or equal to 400% of federal poverty level (FPL).

(7) Have completed a mini-assessment per chapter 388-824 WAC.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-510, filed 2/23/06, effective 3/26/06.]

WAC 388-825-512 What is the definition of family? Family means relatives who live in the same home with the eligible client. Relatives include parents, grandparents, brother, sister, stepparent, stepbrother, stepsister, uncle, aunt, first cousin, niece or nephew.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-512, filed 2/23/06, effective 3/26/06.]

WAC 388-825-513 What is the definition of an "award"? (1) An award is the dollar amount of services performed by a provider for an eligible client.

(2) The award will be paid directly to the provider.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-513, filed 2/23/06, effective 3/26/06.]

WAC 388-825-514 If I participate in the FSP, will I be eligible for services through the DDD home and community based services (HCBS) waiver? You may request to be served in the DDD HCBS waiver per WAC 388-845-0050 but waiver enrollment is limited by waiver capacity and funding. Participation in the FSP will not affect your potential waiver eligibility.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-514, filed 2/23/06, effective 3/26/06.]

WAC 388-825-516 If I receive other DDD funded services do I qualify for the FSP? You do not qualify for the FSP if any of the following apply:

(1) You receive other DDD funded services identified in WAC 388-823-1015, including services through the DDD HCBS waiver per WAC 388-845-0050;

(2) You are eligible for medicaid personal care;

(3) You receive the state supplementary payment administered by DDD; or

(4) You are under age three. (All children under age three receive or are eligible to receive services through the infant toddler early intervention program and/or child development services through DDD.)

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-516, filed 2/23/06, effective 3/26/06.]

WAC 388-825-520 If I qualify for and receive an FSP award, will my name remain on the family support waitlist? Participation in the FSP does not remove your name from the family support waitlist.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-520, filed 2/23/06, effective 3/26/06.]

WAC 388-825-524 How do I apply for the FSP? You may apply for the FSP by completing and returning an FSP questionnaire that DDD will send to individuals and families who are on the family support waitlist as of August 1, 2005.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-524, filed 2/23/06, effective 3/26/06.]

WAC 388-825-528 What will DDD do with the FSP questionnaire that you return? When you return the FSP questionnaire, DDD will determine your eligibility according to the criteria contained in WAC 388-825-510 and notify you of its decision according to WAC 388-825-588.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-528, filed 2/23/06, effective 3/26/06.]

WAC 388-825-532 How does DDD determine the federal poverty level (FPL) for my household? DDD determines the federal poverty level (FPL) for your household by asking you for your gross annual household income and the number of people living in your household.

(1) DDD cannot determine your financial eligibility for FSP without this information.

(2) If you do not provide this information, you will not be eligible for FSP services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-532, filed 2/23/06, effective 3/26/06.]

WAC 388-825-534 What are the annual federal poverty levels? (1) The annual federal poverty levels (FPL) are based on household size and established by the federal Office of Management and Budget.

(2) Effective April 2005, the annual federal poverty levels are:

Household Size	100% FPL	200% FPL	300% FPL	400% FPL
One	$9,570	$19,140	$28,710	$38,280
Two	$12,830	$25,660	$38,490	$51,320
Three	$16,090	$32,180	$48,270	$64,360
Four	$19,350	$38,700	$58,050	$77,400
Five	$22,610	$45,220	$67,830	$90,440
Six	$25,870	$51,740	$77,610	$103,480
Seven	$29,130	$58,260	$87,390	$116,520
Eight	$32,390	$64,780	$97,170	$129,560
Nine	$35,650	$71,300	$106,950	$142,600
Ten	$38,910	$77,820	$116,730	$155,640

For each household member over ten, add the following amounts to the ten-person standard:

100% FPL	200% FPL	300% FPL	400% FPL
$3,260	$6,520	$9,780	$13,040

(3) Effective April 2006, the annual federal poverty levels are:

Household Size	100% FPL	200% FPL	300% FPL	400% FPL
One	$9,800	$19,600	$29,400	$39,200
Two	$13,200	$26,400	$39,600	$52,800
Three	$16,600	$33,200	$49,800	$66,400
Four	$20,000	$40,000	$60,000	$80,000
Five	$23,400	$46,800	$70,200	$93,600
Six	$26,800	$53,600	$80,400	$107,200
Seven	$30,200	$60,400	$90,600	$120,800
Eight	$33,600	$67,200	$100,800	$134,400
Nine	$37,000	$74,000	$111,000	$148,000
Ten	$40,400	$80,800	$121,200	$161,600

For each household member over ten, add the following amounts to the ten-person standard:

100% FPL	200% FPL	300% FPL	400% FPL
$3,400	$6,800	$10,200	$13,600

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-534, filed 2/23/06, effective 3/26/06.]

WAC 388-825-536 What is "gross annual household income"? Gross annual household income means total unearned and earned income prior to any deductions or taxes for the past calendar year.

(1) Ownership of income is defined in WAC 388-450-0005.

(2) Income that is not counted is defined in WAC 388-450-0015.

(3) Unearned income is defined in WAC 388-450-0025.

(4) Earned income is defined in WAC 388-450-0030.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-536, filed 2/23/06, effective 3/26/06.]

WAC 388-825-538 What is the definition of household? For the purpose of determining household size and gross annual household income, the definition of household follows:

(1) If you are under age eighteen, your household includes:

(a) You;

(b) Your natural or adoptive parent(s) or stepparent(s) living with you;

(c) Your full, half, step, or adoptive siblings living with you if they are:

(i) Not married;

(ii) Not the head of a household; and

(iii) Under age eighteen, or under age twenty-two if they are students regularly attending school or college or training that is designed to prepare the siblings for a paying job.

(2) If you are age eighteen or older, your household includes only you.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-538, filed 2/23/06, effective 3/26/06.]

WAC 388-825-540 Who must declare their income? If you are a child under age of eighteen at the time you are declaring income, your custodial, natural/step/adoptive parent(s) or guardian(s) must declare income.

(2) If you are age eighteen or older, you are the only household member to declare income. You must report all unearned and earned income.

(3) Income is subject to verification upon department request.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-540, filed 2/23/06, effective 3/26/06.]

WAC 388-825-544 If I meet eligibility for FSP, will I receive paid services? You will have access to an amount of paid services called an "FSP Award" if:

(1) You are determined eligible by DDD to participate in FSP;

(2) You meet one of the priority groups in WAC 388-825-554; and

(3) There is funding available.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-544, filed 2/23/06, effective 3/26/06.]

WAC 388-825-548 What is the amount of the FSP awards? FSP Awards are based on your gross household income and the annual Federal Poverty Level (FPL) based on your household size and income.

Amount of Annual Income	Amount of Award
Equal to or less than 100% FPL	Up to $4,000 per year
Greater than 100% but equal to or less than 200% FPL	Up to $3,000 per year
Greater than 200% but equal to or less than 300% FPL	Up to $2,000 per year
Greater than 300% but equal to or less than 400% FPL	Up to $1,000 per year

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-548, filed 2/23/06, effective 3/26/06.]

WAC 388-825-552 What if there are two or more family members who qualify for FSP? Each family member who is eligible will be considered for an award.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-552, filed 2/23/06, effective 3/26/06.]

WAC 388-825-554 How will DDD determine who will receive awards for FSP? Within the availability of staff time, DDD will distribute the awards to eligible FSP clients in order of the following priorities:

(1) Client or caregiver with health and safety needs that places the client at immediate risk of out-of-home placement in a nursing facility or ICF/MR.

(2) Clients living in single parent households;

(3) Clients with multiple disabilities; and

(4) Clients who are at least twenty-one years old and graduated from high school who need employment services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-554, filed 2/23/06, effective 3/26/06.]

WAC 388-825-558 What FSP services can my family and I receive? You and your family can use your FSP award to pay for any of the following services identified and agreed to in your FSP service plan with DDD:

(1) Respite care which is intermittent relief to your caregiver.

(a) Respite care may be provided in your home or the home of a relative or licensed provider, or community setting/activity contracted for respite care.

(b) The respite provider must be a qualified individual or agency per WAC 388-825-300 through 388-825-400.

(c) Respite care may be provided by a registered or licensed nurse if you require a licensed health professional as determined by DDD.

(2) Training and consultation for you or your family, including:

(a) Counseling related to your disability or genetic counseling.

(b) Parenting classes and disability related support groups.

(c) Behavior management/counseling.

(3) Assistive technologies or specialized or adaptive equipment related to your development disability:

(a) Mobility devices such as walkers and wheelchairs are included, as well as communication devices and medical supplies such as diapers for children three years of age or older.

(b) Professional justifications may be required by the department.

(4) Employment services for those clients twenty-one years of age and older. See chapter 388-850 WAC.

(5) Extraordinary household expenses resulting from the client's developmental disability such as a portion of the power bill for a ventilator dependent client.

(a) The expense is limited to the total cost divided by the total number of persons living in the family.

(b) This will not include the purchase of any appliances, furniture, or floor coverings.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-558, filed 2/23/06, effective 3/26/06.]

WAC 388-825-560 What department restrictions apply to FSP? The following department restrictions apply to FSP:

(1) FSP services are authorized only after you have accessed what is available to you under medicaid, and any other private health insurance plan, school or child development services.

(2) All FSP service payments must be agreed to by DDD and the client in a written service plan.

(3) The department will contract directly with a service provider, or a parent for the reimbursement of goods or services purchased by the parent. FSP funding cannot be authorized for services or treatments determined by the department to be experimental.

(4) Your choice of qualified providers and services is limited to the most cost effective option that meets your assessed need.

(5) Respite care cannot be a replacement for child care while the parent or guardian is at work regardless of the age of the child.

(6) The department shall not authorize a birth parent, adoptive parent, stepparent or any other primary caregiver or their spouse living in the same household with the client to provide respite, nursing, therapy or counseling services.

(7) FSP will not pay for conference registrations.

(8) FSP will not pay for behavior management/counseling procedures, modifications, or equipment that are restrictive.

(9) FSP will not pay for services provided after the death of the eligible client. Payment may occur after the date of death, but not the service.

(10) FSP will not pay for employment services if you are under age twenty-one or are designated to receive DDD funded transition services.

WAC 388-825-562 What is an FSP plan? (1) An FSP plan is a written plan you develop with your DDD case resource manager that identifies the services you will purchase with your FSP award.

(2) The FSP plan will last for up to twelve months, but cannot extend beyond June 30, 2007.

(3) The department has the final approval over service authorization.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-562, filed 2/23/06, effective 3/26/06.]

WAC 388-825-564 Does my family have a choice of FSP services? The individual and family identify and choose FSP services per WAC 388-825-558 through the department's assessment and planning process. Adult clients are included in the choice of FSP services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-564, filed 2/23/06, effective 3/26/06.]

WAC 388-825-572 What if I have needs that exceed my FSP award limit? If you have needs that exceed your FSP award limit, DDD may approve additional funding to meet certain extraordinary needs as "one-time award." This approval is an exception to your award limit and you cannot appeal the amount of the exception or denial of an exception.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-572, filed 2/23/06, effective 3/26/06.]

WAC 388-825-575 What are one-time awards? A one-time award is limited to extraordinary support for individuals receiving FSP funding.

(1) The one-time award can only be approved for the following services performed by a DDD contracted provider:

(a) Respite care; and/or

(b) Behavior management/counseling.

(2) A one-time award may be approved only once during the period of time covered by your FSP plan.

(3) Providers of the services in subsection (1) of this section must be contracted with and paid directly by DDD.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-575, filed 2/23/06, effective 3/26/06.]

WAC 388-825-576 How do I apply for a one-time award? You may apply for a one-time award by following the procedures contained in WAC 388-825-236.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-576, filed 2/23/06, effective 3/26/06.]

WAC 388-825-578 What amount of one-time funding is available for my family? The maximum amount of one-time funding available for respite care and/or behavior management/counseling is the same as the amount of your award, determined by WAC 388-825-548.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-578, filed 2/23/06, effective 3/26/06.]

WAC 388-825-581 How long do I remain eligible for the FSP? (1) If you are approved for an FSP award, your FSP plan will be reviewed annually for continued funding as long as FSP funding is available.

(2) The family support pilot ends June 30, 2007.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-581, filed 2/23/06, effective 3/26/06.]

WAC 388-825-584 Can I be terminated from FSP? You will be terminated from FSP if any of the following occur:

(1) Your DDD eligibility is terminated per chapter 388-823 WAC;

(2) You no longer live with a family as defined in WAC 388-825-512;

(3) You begin living independently or with a spouse;

(4) You begin to receive other DDD funded services;

(5) Your household income exceeds 400% of the FPL;

(6) You become eligible for medicaid personal care; and/or

(7) FSP funding is no longer available.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-584, filed 2/23/06, effective 3/26/06.]

WAC 388-825-586 When are changes in my circumstances considered effective? (1) Except for changes in income and/or household size, changes are effective immediately.

(2) Changes in gross annual household income and changes in household size are effective at the time your FSP plan is reviewed.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-586, filed 2/23/06, effective 3/26/06.]

WAC 388-825-588 How will the department notify me of their decisions? The department will provide written notification to you and your legal representative of all eligibility and service decisions per WAC 388-825-100 through 388-825-105. These notices will include your appeal rights.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-588, filed 2/23/06, effective 3/26/06.]

WAC 388-825-591 What are my appeal rights under the FSP? You have appeal rights under WAC 388-825-120 to the following decisions:

(1) Denial of eligibility to participate in the FSP per WAC 388-825-510.

(2) A denial, reduction or termination of FSP services.

(3) A denial or termination of your choice of a qualified provider.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-591, filed 2/23/06, effective 3/26/06.]

WAC 388-825-595 How do I appeal a department action? Your appeal rights and procedures to appeal a department decision are in WAC 388-825-120 through 388-825-165.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, Title 71A RCW and 2005 c 518 § 205 (1)(e). 06-06-040, § 388-825-595, filed 2/23/06, effective 3/26/06.]

Chapter 388-826 WAC
VOLUNTARY PLACEMENT PROGRAM

WAC

DISPOSITION OF SECTIONS FORMERLY CODIFIED IN THIS CHAPTER

388-826-0100 What happens if the voluntary placement ends? [Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0100, filed 10/31/02, effective 12/1/02.] Decodified by 06-01-107, filed 12/21/05, effective 12/21/05. Recodified as WAC 388-826-0200.

388-826-0105 When the child leaves the voluntary placement program for any reason, what DDD services are available to the child and family when voluntary placement ends? [Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0105, filed 10/31/02, effective 12/1/02.] Decodified by 06-01-107, filed 12/21/05, effective 12/21/05. Recodified as WAC 388-826-0210.

WAC 388-826-0001 What is the purpose of the voluntary placement program? The purpose of the voluntary placement program is to:

(1) Support the optimal growth and development of the child or youth in out-of-home placement. The sole reason for the out-of-home placement is the child's developmental disability. Services are offered by DSHS/DDD through a voluntary placement agreement. Parents retain custody of their child or youth.

(2) Support the child and family with a shared parenting arrangement through the use of licensed foster care providers.

(3) Complement other public and private resources in providing supports to the child and family.

(4) Encourage the relationship between the child and parents, even when the child or youth is not living in their own home.

(5) These rules are adopted under the authority of RCW 74.13.350.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0001, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0005 Definitions. "Best interest" includes, but is not limited to:

(1) Prevent regression or loss of skills already acquired;

(2) Achieve or maintain self-sufficiency;

(3) Provide the least restrictive setting that will meet the child's/youth's medical, social, developmental and personal needs;

(4) Benefits the medical, personal, social and developmental needs of the child/youth;

(5) Maintains family relationships.

"Child or youth" means an individual who is eligible for division services per RCW 71A.16.040 and chapter 388-825 WAC, is less than eighteen years of age and who is in the custody of a parent by blood, adoption or legal guardianship.

"Client or person" means an individual is eligible for division services per RCW 71A.16.040 and WAC 388-825-030.

"Community support services" means one or more of the services listed in RCW 71A.12.040 including, but not limited to the following services: Architectural, social work, early childhood intervention, employment, family counseling, respite care, information and referral, health services, legal services, therapy services, residential services and support, transportation services, and vocational services.

"Department" means the department of social and health services of the state of Washington.

"Director" means the director of the division of developmental disabilities.

"DDD" means the division of developmental disabilities of the department of social and health services.

"Emergency" means a sudden, unexpected occurrence demanding immediate action.

"Exemption" means the department's approval of a written request for an exception to a rule in this chapter.

"Family" means individuals of any age, living together in the same household related by blood, marriage, adoption or as a result of sharing legal custody of a minor child.

"Foster care provider" means the individual person licensed by the DSHS, children's administration, division of licensed resources (DLR) (chapter 388-148 WAC) to provide foster care in the person's home; or a group care agency licensed by DLR to provide foster care for an individual in a group facility or staffed residential setting.

"In the voluntary placement program the legal status of the child" means that the child is in legal custody of the biological or adoptive parent(s) or legal and custodial guardian.

"The judicial determination and review" means a process that occurs in court and its purpose is to affirm that out-of-home placement is in the best interest of the child. The parent is notified of the court date and may appear in court with the child's DDD social worker.

"Out-of-home placement" means a DLR licensed home, a licensed group care facility or another licensed setting.

"Parent" means the individual who is the biological or adoptive person or legal custodial guardian who has legal responsibility for and physical custody of the child.

"Shared parenting" means biological or adoptive parents or legal guardians and foster care providers share responsibilities. Responsibilities are for the physical and emotional care, education and medical well-being of child/youth who meets DDD eligibility criteria and who is in a voluntary out of home placement as is described in the shared parenting agreement.

"Shared parenting plan" means a written plan among the parent, a foster care provider and DDD, with the expectation of sharing responsibilities for care of a child/youth, including exchanging information on a routine basis about medical, education, daily routines and special situations in the life of the child/youth.

"Voluntary out-of-home placement" for a child who is eligible for DDD services means:

(1) When a parent and the division of developmental disabilities (DDD) agree that it is in the best interest of the child to reside out of the home of the parents;

(2) The placement is solely due to the child's disability;

(3) There are no unresolved issues of abuse and neglect;

(4) When the parent or custodial and legal guardian and division sign a voluntary placement agreement; and

(5) When a child lives more than fifty percent of her/his life in a licensed setting that is other than in the parents' home. The setting may be a licensed foster family home, group care facility, or staffed residential home as licensed under chapter 74.15 RCW.

"Voluntary placement agreement," as used in this section, means a written agreement between the department and a child's parent or legal guardian authorizing the department to place the child in a licensed facility.

"Written request for out-of-home placement" means a written request signed by the custodial parent requesting out-of-home placement for the child or youth under eighteen years of age.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0005, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0010 Who is eligible for the voluntary placement program? Children who:

(1) Are determined eligible for DDD services under RCW 71A.16.040;

(2) Are under eighteen years of age when the request for services through VPP is made;

(3) Have no unresolved issues of abuse or neglect pending with DSHS children's administration;

(4) Are in the legal and physical custody of their parent or legal guardian; and

(5) The request is made solely due to the child's disability RCW 74.13.350 and parents have used all other appropriate services for their child through DDD.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0010, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0015 Who else may be eligible to participate in the voluntary placement program? Within available resources:

(1) Children or youth who are eligible for DDD services per RCW 71A.16.040, may transfer from children's administration, as long as they are under eighteen years of age, in a stable guardianship, and have no unresolved issues of abuse or neglect pending with children's administration.

(2) Youth who turn eighteen while in the VPP and reside in a DLR licensed setting, may continue to participate in VPP until age twenty-one as long as her/his placement remains in tact and does not disrupt and she/he remains in school until graduation or reaches age twenty-one, whichever comes first (see WAC 388-826-0115).

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0015, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0020 How does the family, whose child is a client of DDD request access to the VPP? Parents must make a written request for voluntary out-of-home placement services (DSHS 10-277) for their child to their DDD case resource manage. The request is considered when the following criteria are met:

(1) The child is under eighteen years of age;

(2) The placement is due solely to the child's disability;

(3) The family is currently using some DDD services or is on the list for services;

(4) There are available funds for the VPP;

(5) There are no issues of abuse and neglect; and

(6) The custodial parent and the division of developmental disabilities (DDD) agree that it is in the best interest of the child to reside outside of the parent's home.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0020, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0025 What is the process for a child or youth who transfers from children's administration to get into the VPP? (1) At the regional level, a staffing occurs. It involves DDD and DCFS social workers and supervisors, and any other agency representatives who have knowledge of the child or youth's issues.

(2) At the staffing the participants discuss the criteria outlined in WAC 388-826-0010 and 388-826-0015.

(3) Within available resources and when appropriate criteria are met, social workers determine the appropriateness of the transfer of the child's case from one administration to the other.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0025, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0030 How is a decision made for out-of-home placement? A parent makes a written request for out-of-home placement, to her/his child's case manager. Prior to a decision for out-of-home placement, a staffing is held. The purpose of the staffing is to determine whether all other available and appropriate services have been used or could be used by the family. The parents, the DDD case manager, the DDD social worker, and/or resource developer and where appropriate, DCFS social worker may participate in staffings.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0030, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0035 How is a decision made regarding participation in the voluntary placement program? (1) A decision regarding participation in VPP is based on the premise that all available DDD services to the child and family have been used and that out-of-home placement is in the best interest of the child and that the placement is due solely to the child's disability;

(2) There are funds available in VPP;

(3) Through a staffing, the family's DDD case resource manager, VPP supervisor and VPP social worker, and any other person who can provide useful information, discuss the services used, and share information and resources regarding the needs of the family and child;

(4) DDD and the parents must be in agreement about the need for out-of-home placement and that the request fits the criteria for the program. When both parties are in agreement, a written voluntary placement agreement is signed by the parent and DDD representative:

(a) If there are no funds available, parents may sign a request for out-of-home placement (DSHS 10-277);

(b) When it is determined that the request is appropriate, the child or youth is eligible for out-of-home placement, there are available funds and there is a placement, the agreement is signed and the child's file is transferred to a DDD social worker in the voluntary placement program;

(c) If there are funds available, the consideration for out-of-home placement continues. The name of the child/youth is placed on the VPP data base for consideration of placement outside the home.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0035, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0040 What is a voluntary placement agreement? It is a mutually voluntary and written document between the parent and the department. It must be signed by the child's parent and the DSHS/DDD representative to be in effect. An agreement regarding a Native American child is not valid unless executed in writing before the court and filed with the court as provided in RCW 13.34.130. Any party to the voluntary placement agreement may terminate the agreement at any time. When one party ends the agreement, per the VPA, the voluntary agreement is ended.

The agreement authorizes DSHS/DDD to facilitate a placement for the child who is under eighteen years of age in a licensed facility. Under the term of the agreement, the parent retains legal custody. DSHS/DDD is responsible for the child's placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0040, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0045 What happens after a voluntary placement agreement is signed, what are the legal issues and who is responsible? When the DDD social worker facilitates the placement of a child in a licensed out-of-home care arrangement, under a DDD voluntary placement agreement, the department has the responsibility for the child's placement and care. The department shall:

(1) In conjunction with the parents, develop an individual services plan for the child no later than sixty days from the date that the department assumes responsibility for the child's placement and care;

(2) Develop a shared parenting plan with foster care providers and parents;

(3) Obtain a judicial determination, within one hundred eighty days of placement, in accordance with RCW 13.34.030 and 13.34.270 that the placement is in the best interest of the child;

(4) Attend the permanency planning hearing reviews where a review of the child's out-of-home placement determines if it continues to be in the best interest of the child to continue the out-of-home placement;

(5) Make a face-to-face visit with the child and visit with the child in their licensed placement, every ninety days;

(6) Facilitate a judicial review at one hundred eighty days and annually thereafter, unless the child's placement ends before one hundred eighty days have elapsed;

(7) Provide for periodic administrative reviews of the child's case, unless a judicial review occurs every one hundred eighty days after initial placement.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0045, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0050 Is there an ongoing court process when the child is in out-of-home placement and how does the process work? The ongoing court process involves the following activities:

(1) When a child is placed in a licensed out-of-home setting, within one hundred eighty days, the DDD social worker must file an order with the court that says the custodial and legal parent has signed a voluntary placement agreement with DDD and voluntarily requests placement of their child in out-of-home care;

(2) The child's DDD social worker prepares the necessary papers and files them with the court clerk; and

(3) Once a year, the DDD social worker prepares a report that must be presented to the court. It is called an order for continued placement and it describes in the words of the social worker, why the out-of-home placement continues to be in the best interest of the child.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0050, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0055 What basic services may a child receive from the voluntary placement program? (1) Shared parenting between foster care providers and parents on daily routines;

(2) Medical coverage, under a medical coupon issued from the foster care medical unit (FCMU);

(3) Coordination with special education services in the local school district when the child meets eligibility criteria;

(4) Supervised special activities in the community when appropriate;

(5) Safe, developmentally appropriate care;

(6) Supervision by a DDD social worker who has responsibility for visiting the child/youth at a minimum, every ninety days;

(7) An individual services plan for the child within sixty days from the date that DSHS/DDD assumes responsibility for the child's placement and care;

(8) DDD social worker prepares documents for court, and pursuant to RCW 13.34.030 and 13.34.270 shares the documents at the court hearings in order to determine that the placement is in the best interest of the child;

(9) Social work services such as needs assessment, referral, service coordination and case monitoring;

(10) Early intervention services: DDD ensures coordination of services for children from birth through thirty-five months of age with early intervention and special education; and

(11) Medically intensive services under WAC 388-531-3000.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0055, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0060 Are there other services a child may receive in this program? In-home supports may be available to support a child in the parent's home. Approval of in-home support services is based on available funds. The criteria to receive in-home supports when there are available funds are:

(1) Children whose current out of home placement disrupts and who are awaiting new out-of-home placements;

(2) Children whose names are on the data base and whose parents have signed a "request for out-of-home placement."

Service need level for in-home services are evaluated every six months and reviewed every ninety days thereafter. Any reduction in service or denial of services allows the child's family the right to appeal the decision under chapter 388-825 WAC.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0060, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0065 What can parents expect if they use in-home supports under this program? Within available funds, the child may sometimes receive supports. Supports may be in the form of respite services, specialized behavioral support, and other services that are needed to support the child's continued living arrangement in the parent's home. A person meeting provider qualifications may provide the supports to the child in the home, through a contract with DDD.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0065, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0070 What is the responsibility of the department for the child who is in out-of-home care? When DDD facilitates an out-of-home placement, DDD is responsible for:

(1) A voluntary placement agreement according to this section;

(2) Monitoring of the child's placement and care;

(3) A permanency plan of care for the child;

(4) A plan that monitors the health, safety and appropriateness of the child's placement at a minimum every ninety days, making face-to-face visits at that time;

(5) The DDD social worker maintains any records as required by court oversight; and

(6) DDD social worker facilitates a needs assessment, individual service plan and a shared parenting plan.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0070, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0075 What are the responsibilities of the parents when their child receives services in the voluntary placement program? Parents retain custody of their child at all times when the child is receiving services in the voluntary placement program. Parents responsibilities include, but are not limited to, the following:

(1) The right to make all major nonemergency decision about medical care, enlistment in military service, marriage and other important legal decisions for the person under eighteen years of age;

(2) Maintain ongoing and regular contact with the child;

(3) Agree to work cooperatively with their child's DDD social worker and other DSHS staff and persons caring for their child;

(4) Participate in decision making for their child;

(5) Cooperate with DDD in selecting a representative payee for the child's Social Security benefits, received from the Social Security Administration, and which are used for basic maintenance while the child is in out-of-home care;

(6) Agree that if their child's out-of-home placement disrupts, their child will return to the parents physical care until a new placement is developed. The parent's signature on the voluntary placement agreement confirms their understanding of the responsibilities listed in the VPA.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0075, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0080 What are the expectations for parents when their child is in out-of-home care? Parents are expected to be active in the "shared parenting" plan and continue to be involved in their child's life. The plan is a written agreement between the licensed foster parents or provider caring for the child and the child's parents. It includes:

(1) Responsibilities of legal and foster parents or provider;

(2) Plan for respite;

(3) Emergency procedures;

(4) Planned activities;

(5) Expectations and special considerations; and

(6) Involvement on a regular basis by the parent.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0080, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0085 What other DDD services are available for a child through the voluntary placement program? (1) When a parent signs a voluntary placement agreement and the child is placed outside the parental home, the child will no longer be eligible for services from the state-funded family support program.

(2) Children living with their parents may receive personal care services provided under chapter 388-71 WAC.

(3) If the child is covered under the DDD core waiver as described in chapter 388-845 WAC, the child will receive the services identified on the plan of care.

[Statutory Authority: RCW 74.13.750. 07-15-003, § 388-826-0085, filed 7/6/07, effective 8/6/07. Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0085, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0090 What does a parent do with the child's Social Security benefits when the parent's child lives outside the parent's home? (1) When a parent signs a DDD VPA, the DDD social worker shares with the parent a list of representative payee agencies. From the list, parents must select a representative payee for their child's SSI benefits.

(2) Each month, the child's SSI check will be sent to the representative payee. The portion of the check designated for "room and board," the amount that is allowed for basic maintenance while in foster care and when parents are not caring for their child in their own home, is sent to the licensed foster care provider for reimbursement for basic maintenance.

(3) The representative payee sets aside an amount from the child's SSI warrants designated as "client personal incidentals or CPI" and it is entered into a trust account for the child or youth. It is made available for items that are of a direct benefit to the child. The representative payee monitors the account held in trust for the child and notifies the DDD

social worker when the account is within three hundred dollars of the maximum reserve exemption allowance.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0090, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0095 Who pays for a child's care when a child is in out-of-home placement? State funds, federal funds and the child's SSI, that is used for basic maintenance support the cost of the child's care while the child is in licensed out-of-home placement. The parent is encouraged to continue to support their child with typical activities, e.g., presents, clothing, special items, special outings. Licensed providers who care for the child in a licensed setting will be paid directly through a contract with DDD and according to an established rate structure, established within DDD.

[Statutory Authority: RCW 74.13.350. 02-22-057, § 388-826-0095, filed 10/31/02, effective 12/1/02.]

WAC 388-826-0129 What are the residential settings that DDD uses to provide voluntary placement program services? DDD voluntary placement program services may be provided in a:

(1) Licensed foster home;

(2) Licensed group care facility;

(3) Licensed staffed residential home; or

(4) Licensed child placing agency.

[Statutory Authority: RCW 74.13.750. 07-15-003, § 388-826-0129, filed 7/6/07, effective 8/6/07.]

WAC 388-826-0130 How does DDD determine the rate that is paid to support a child in a licensed foster home? DDD determines the rate that is paid to support a child in a licensed foster home by adding:

(1) The basic foster care room and board rate published annually by children's administration per WAC 388-25-0120.

(2) The specialized rate identified after administering the foster care rate assessment (FCRA) tool.

[Statutory Authority: RCW 74.13.750. 07-15-003, § 388-826-0130, filed 7/6/07, effective 8/6/07. Statutory Authority: RCW 71A.12.030, 74.13.350, and Title 71A RCW. 06-04-088, § 388-826-0130, filed 1/31/06, effective 3/3/06.]

WAC 388-826-0135 When does DDD administer the foster care rate assessment tool? DDD administers the foster care rate assessment tool within thirty days from the date of the child's admission to a licensed foster home.

[Statutory Authority: RCW 74.13.750. 07-15-003, § 388-826-0135, filed 7/6/07, effective 8/6/07.]

WAC 388-826-0136 How often does DDD administer the foster care rate assessment tool? (1) DDD administers the foster care rate assessment tool on an annual basis, between the months of November and February so rates can be updated by April 1 of each year.

(2) DDD does not have to readminister the foster care rate assessment if it was administered within ninety days of February 1.

(3) The FCRA may be readministered if a significant change is reported that affects the child's need for support (e.g., changes in medical condition, behavior, caregiver status, etc.).

[Statutory Authority: RCW 74.13.750. 07-15-003, § 388-826-0136, filed 7/6/07, effective 8/6/07.]

WAC 388-826-0138 What questions are asked in the foster care rate assessment tool and how are the licensed foster home provider's answers scored? The foster care rate assessment tool consists of thirteen questions that are scored by DDD based on discussion between the DSHS representative and the licensed foster home provider.

WAC 388-826-0145 How does DDD determine the foster care level from the raw score? The following are the foster care levels based on the range of aggregate scores:

Level	Low Score	High Score
1	0	320
2	321	616
3	617	1501
4	1502	2085
5	2086	2751
6	2752	9999999

A standardized rate for specialized services is assigned to each level one through six. The standardized rate is published by DDD. The rate is paid monthly to the foster parent in addition to the basic rate.

[Statutory Authority: RCW 74.13.750. 07-15-003, § 388-826-0145, filed 7/6/07, effective 8/6/07.]

WAC 388-826-0150 What happens if the level assigned to the child changes? The care needs of all children in foster care will be reassessed annually or more often if a major life change occurs.

(1) A "major life change" is an unexpected, documented change in a child's medical or psychological condition that affects the level of care required.

(2) If the assessed level changes and results in a rate change, the foster parent will receive at least thirty days written notice of the rate change. The notice will include the date that the rate change takes effect.

WAC 388-827-0120 How often will my eligibility for DDD/SSP be redetermined? Redetermination of eligibility for the DDD/SSP program will be conducted at least every twelve months, or more frequently if deemed necessary by DDD.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0120, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0121 Will I need an assessment to remain eligible for SSP? DDD must administer a DDD assessment to you at least every twelve months to determine your eligibility to continue to receive SSP. The rules regarding the DDD assessment are contained in chapter 388-828 WAC.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-24-030, § 388-827-0121, filed 11/28/07, effective 12/29/07.]

WAC 388-827-0125 How will I know if I am eligible to receive a DDD/SSP payment? You will receive a written notification from DDD if you have been identified as eligible for a DDD/SSP payment.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-24-030, § 388-827-0125, filed 11/28/07, effective 12/29/07. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0125, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0130 Can I choose not to accept DDD/SSP payments? If your service funding has been converted to the DDD/SSP program, DDD/SSP payments are the only way you can receive that funding.

(1) If you choose not to receive DDD/SSP payments, you will not receive department funding for that service.

(2) Your home and community based services (HCBS) waiver service(s) administered by DDD but not funded by DDD/SSP payments will not be affected by your choice to receive or reject DDD/SSP payments.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0130, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0131 What happens if I no longer meet the financial or programmatic requirements after my funding has been converted to the DDD/SSP program? If you no longer meet the eligibility requirements in WAC 388-827-0105, 388-827-0110, or 388-827-0115, you may continue to receive services only if an exception to the rules is approved in accordance with WAC 388-827-0300.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0131, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0135 Can I apply for the DDD/SSP program if I am not identified by DDD as eligible for the DDD/SSP program? You can apply through your case resource manager to determine eligibility for SSP but eligibility is limited to those meeting the eligibility requirements in WAC 388-827-0105, 388-827-0110, and 388-827-0115.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0135, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0140 What are my appeal rights if DDD determines that I am not eligible for DDD/SSP? You have the right to appeal the department's denial, termination, or reduction of your SSP. Your rights to an administrative hearing are contained in WAC 388-825-120 through 388-825-165.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-06-055, § 388-827-0140, filed 3/5/07, effective 4/5/07. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0140, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0145 How much money will I receive? The purpose of the SSP is to increase the amount of income to meet your needs. The department will determine your payment amount based on your living arrangement and your assessed needs.

(1) For residential and voluntary placement program services, the amount of your SSP will be based on the amount of state-only dollars spent on certain services at the time the funding source was converted to SSP. If the type of your residential living arrangement changes, your need will be reassessed and your payment adjusted based on your new living arrangement and assessed need.

(2) For family support services, refer to WAC 388-825-200 through 388-825-256.

(a) If you are on the home and community based services (HCBS) waiver administered by DDD:

(i) You will receive nine hundred dollars DDD/SSP money per year to use as you determine.

(ii) The remainder up to the maximum yearly award for traditional family support or family support opportunities may be authorized by DDD to purchase HCBS waiver services and will be paid directly to the provider.

(b) If you are not on the HCBS waiver administered by DDD, and you received state-only funding for the traditional family support program between March 1, 2001 and June 30, 2003 the amount of your SSP will be based on the yearly maximum allowed at the time the funding source was converted to SSP unless your need changes.

(i) Need is based on your service need level and whether you receive medicaid personal care as specified in WAC 388-825-254.

(ii) If your need changes, the amount of your SSP will be adjusted accordingly.

(c) If you are not on the HCBS waiver administered by DDD, and you received state-only funding for the family support opportunity program between March 1, 2001 and June 30, 2003 the amount of your SSP will be fifteen hundred dollars per year.

(d) The yearly amount of DDD/SSP money will be prorated into monthly amounts. You will receive one twelfth of the yearly amount each month.

(3) If you are eligible for SSP because you meet the criteria in WAC 388-827-0115(5), you will receive one hundred dollars per month.

(4) DDD may authorize additional payments to certain individuals if the SSP budget has sufficient funds to allow this payment.

[Statutory Authority: RCW 71A.12.030, 74.04.057 and 20 C.F.R. 416.2099. 06-24-074, § 388-827-0145, filed 12/4/06, effective 1/4/07. Statutory Authority: RCW 71A.12.030, 71A.12.120, and chapter 71A.12 RCW. 05-10-039, § 388-827-0145, filed 4/28/05, effective 5/29/05. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0145, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0146 May I voluntarily remove myself from the home and community based services (HCBS) waiver administered by DDD in order to increase the amount of my SSP? You may voluntarily remove yourself from the HCBS waiver administered by DDD but your SSP will not increase because of this action.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0146, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0150 How often will I receive my DDD/SSP warrant/check? You will receive a monthly DDD/SSP warrant/check from the state.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-24-030, § 388-827-0150, filed 11/28/07, effective 12/29/07. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0150, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0155 Who will the warrant/check be sent to? (1) If you are a child under the age of eighteen, the warrant/check will be sent to your legal representative or protective payee or representative payee.

(2) If you are a person age eighteen and older, the warrant/check will be sent directly to your protective payee or representative payee if you have one.

(3) If you do not have a protective payee or representative payee, the warrant/check will be sent directly to you.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0155, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0160 How will the warrant/check be sent? You may choose to have your check delivered through the U.S. Postal Service, or as an electronic funds transfer.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0160, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0170 Are there rules restricting how I use my DDD/SSP money? There are no restrictions on how you use your DDD/SSP money.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0170, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0175 What changes must I report to the department? You must report changes in your circumstances within ten days from the date you become aware of the change. You must tell us if:

(1) Your SSI stops and you became ineligible for SSI for reasons other than the receipt of Social Security Title II benefits as a disabled adult child;

(2) Your address changes; or

(3) There is a change in your living arrangement that affects your assessed need.

[Statutory Authority: RCW 71A.12.030 and 71A.12.120. 04-15-094, § 388-827-0175, filed 7/16/04, effective 8/16/04. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0175, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0180 Do I have additional responsibilities when I purchase my own services? (1) When you use DDD/SSP funds paid directly to you to purchase in-home services from individuals, you become the employer. As the employer, you may have tax liabilities. If you have questions regarding employer tax issues, you can contact the Internal Revenue Service.

(2) If you want to obtain a criminal background check of any employee who will have unsupervised access to children or adults with developmental disabilities, you may get the background check done through the Washington State Patrol. You can ask your DDD case resource manager to assist you with completing these background checks.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0180, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0185 When will the department stop sending my DDD/SSP money? The department will stop sending your DDD/SSP money when:

(1) You no longer are eligible for or receive SSI cash benefits and are ineligible for SSI for reasons other than the receipt of Social Security Title II benefits as a disabled adult child;

(2) You no longer demonstrate a need for the services as described in WAC 388-827-0115; or

(3) Your DDD eligibility is terminated.

[Statutory Authority: RCW 71A.12.030 and 71A.12.120. 04-15-094, § 388-827-0185, filed 7/16/04, effective 8/16/04. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0185, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0200 What is a representative payee? A representative payee is a person, organization, institution or agency that manages your DDD/SSP. They may also provide services such as helping you manage your money.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0200, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0210 Who can be a representative payee for my DDD/SSP? (1) A representative payee may be:

(a) The person, organization, institution or agency that acts as your representative payee for Supplemental Security Income (SSI);

(b) Your parent, if you are under eighteen;

(c) Your spouse; or

(d) A person, organization, institution or agency you select if the department approves your selection.

(2) If you select a representative payee under subsection (1) (d) of this section, the department will evaluate the selection according to the following criteria:

(a) The relationship of the payee to you;

(b) The amount of interest the payee shows in you;

(c) Any legal authority the payee has to act on your behalf;

(d) Whether the payee has custody of you; and

(e) Whether the payee is in a position to know of and look after your needs.

(3) The DDD director or designee will approve or deny your request for a representative under subsection (1)(d) of this section.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0210, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0215 What are the responsibilities of a representative payee? A representative payee has the responsibility to:

(1) Spend the DDD/SSP on you or your behalf;

(2) Notify the department if any event happens that may affect the amount of benefits you receive;

(3) Submit to the department, upon our request, a written report accounting for the payments received; and

(4) Notify the department of any change in the payee's circumstances that would affect performance of the payee responsibilities.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0215, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0300 Does DSHS make exceptions to the requirements in this chapter? DSHS may grant exceptions to the requirements specified in this chapter as long as the following conditions are met:

(1) You or your case manager may request an exception to a rule in this chapter.

(2) The case manager must submit a written request for an exception to his or her DDD regional administrator.

(3) DSHS will evaluate requests for exceptions, considering:

(a) The federal and state rules governing SSP; and

(b) The impact on the client if the exception is not approved.

(4) The DDD regional administrator will forward the request to the DDD director together with the regional administrator's recommendation to approve or deny the request.

(5) The DDD director or designee will approve or deny the request in writing within sixty calendar days after receiving the request from the case manager.

(6) The department will notify you of the decision.

(7) You do not have rights to adjudicative proceedings when you receive a denial from DSHS for an exception to the rules in this chapter.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0300, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0400 What is an SSP overpayment? (1) An overpayment means any SSP paid that is more than the amount you were eligible to receive.

(2) If you request a hearing and the hearing decision determines that you received any DDD/SSP money that you were not eligible to receive, then some or all of the DDD/SSP you received before the hearing decision must be paid back to the department.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0400, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0410 When can an overpayment occur? An overpayment can occur when:

(1) You were not eligible for and did not receive supplemental security income in the month in which the SSP was issued and were ineligible for SSI for reasons other than the receipt of Social Security Title II benefits as a disabled adult child;

(2) You were no longer eligible for services from the division of developmental disabilities in the month in which the SSP was issued; or

(3) Your assessed need has changed.

[Statutory Authority: RCW 71A.12.030 and 71A.12.120. 04-15-094, § 388-827-0410, filed 7/16/04, effective 8/16/04. Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0410, filed 12/29/03, effective 1/29/04.]

WAC 388-827-0420 Who is liable for repayment of an overpayment? (1) If you received the money in your own name, you are responsible for repayment.

(2) If you are paid through a representative payee, both you and the representative payee may be responsible for repayment.

(a) You are responsible to the extent that the incorrect payments were spent on you or your behalf. Funds conserved by a representative payee to which you do not have direct access have not been spent on you or your behalf.

(b) If the incorrect payments were spent on you or your behalf and the representative payee is without fault in connection with the overpayment, you are solely responsible for repayment.

(c) The representative payee is solely responsible for repayment if:

(i) The incorrect payments were not spent on you or your behalf; and

(ii) The representative payee is at fault in connection with the overpayment.

(d) A government entity or an institution can be a representative payee and can be found responsible for repayment, just as a private individual can.

(e) You and the representative payee are both responsible for repayment when the incorrect payments have been spent on you or your behalf and the representative payee is at fault.

(3) The representative payee is at fault when the representative payee was aware of the reason you were not eligible for the SSP.

[Statutory Authority: RCW 71A.12.030, 71A.10.020, 2002 c 371. 04-02-015, § 388-827-0420, filed 12/29/03, effective 1/29/04.]

PURPOSE AND SCOPE

WAC 388-828-1000 What is the purpose and scope of this chapter? This chapter establishes rules governing the administration of the division of developmental disabilities (DDD) assessment to persons determined eligible to be clients of the division per chapter 71A.16 RCW.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1000, filed 4/23/07, effective 6/1/07.]

DEFINITIONS

WAC 388-828-1020 What definitions apply to this chapter? The following definitions apply to this chapter:

"AAIDD" means the American Association on Intellectual and Developmental Disabilities.

"Acuity Scale" refers to an assessment tool that is intended to provide a framework for documenting important assessment elements and for standardizing the key questions that should be asked as part of a professional assessment. The design helps provide consistency from client to client by minimizing subjective bias and assists in promoting objective assessment of a person's support needs.

"ADSA" means the aging and disability services administration (ADSA), an administration within the department of social and health services, which includes the following divisions: Home and community services, residential care services, management services and division of developmental disabilities.

"ADSA contracted provider" means an individual or agency who is licensed, certified, and/or contracted by ADSA to provide services to DDD clients.

"Adult family home" or "AFH" means a residential home in which a person or persons provide personal care, special care, room and board to more than one but not more than six adults who are not related by blood or marriage to the person or persons providing the services (see RCW 70.12.-010).

"Agency provider" means a licensed and/or ADSA certified business who is contracted with ADSA or a county to provide DDD services (e.g., personal care, respite care, residential services, therapy, nursing, employment, etc.).

"Algorithm" means a numerical formula used by the DDD assessment for one or more of the following:

(1) Calculation of assessed information to identify a client's relative level of need;

(2) Determination regarding which assessment modules a client receives as part of his/her DDD assessment; and

(3) Assignment of a service level to support a client's assessed need.

"Authorization" means DDD approval of funding for a service as identified in the individual support plan or evidence of payment for a service.

"CARE" refers to the comprehensive assessment reporting evaluation assessment per chapter 388-106 WAC.

"Client" means a person who has a developmental disability as defined in RCW 71A.10.020(3) who also has been determined eligible to receive services by the division under chapter 71A.16 RCW.

"Collateral contact" means a person or agency that is involved in the client's life (e.g., legal guardian, family member, care provider, friend, etc.).

"Companion home" is a DDD contracted residential service that provides twenty-four hour training, support, and supervision, to one adult living with a paid provider.

"DDD" means the division of developmental disabilities, a division with the aging and disability services administration (ADSA), department of social and health services (DSHS).

"Department" means the department of social and health services (DSHS).

"Group home" or "GH" means a ADSA licensed adult family home or boarding home contracted and certified by ADSA to provide residential services and support to adults with developmental disabilities.

"ICF/MR" means a facility certified as an intermediate care facility for the mentally retarded to provide habilitation services to DDD clients.

"ICF/MR level of care" is a standardized assessment of a client's need for ICF/MR level of care per 42 CFR 440 and 42 CFR 483. In addition, ICF/MR level of care refers to one of the standards used by DDD to determine whether a client meets minimum eligibility criteria for one of the DDD HCBS waivers.

"Individual support plan" or "ISP" is a document that authorizes and identifies the DDD paid services to meet a client's assessed needs.

"Legal guardian" means a person/agency, appointed by a court, who is authorized to make some or all decisions for a person determined by the court to be incapacitated. In the absence of court intervention, parents remain the legal guardians for their child until the child reaches the age of eighteen.

"LOC score" means a score for answers to questions in the support needs assessment for children that are used in determining if a client meets eligibility requirements for ICF/MR level of care.

"Modules" refers to three sections of the DDD assessment. They are: The support assessment, the service level assessment, and the individual support plan (ISP).

"Panel" refers to the visual user-interface in the DDD assessment computer application where assessment questions

are typically organized by topic and you and your respondents' answers are recorded.

"Plan of care" or "POC" refers to the paper-based assessment and service plan for clients receiving services on one of the DDD HCBS waivers prior to June 1, 2007.

"Raw score" means the numerical value when adding a person's "Frequency of support," "Daily support time," and "Type of support" scores for each activity in the support needs and supplemental protection and advocacy scales of the supports intensity scale (SIS) assessment.

"Residential habilitation center" or "RHC" is a state-operated facility certified to provide ICF/MR and/or nursing facility level of care for persons with developmental disabilities per chapter 71A.20 RCW.

"Respondent" means the adult client and/or another person familiar with the client who participates in the client's DDD assessment by answering questions and providing information. Respondents may include ADSA contracted providers.

"SIS" means the supports intensity scale developed by the American Association of Intellectual and Developmental Disabilities (AAIDD). The SIS is in the support assessment module of the DDD assessment.

"Service provider" refers to an ADSA contracted agency or person who provides services to DDD clients. Also refers to state operated living alternative programs (SOLA).

"SOLA" means a state operated living alternative program for adults that is operated by DDD.

"State supplementary payment" or "SSP" is the state paid cash assistance program for certain DDD eligible Social Security Income clients per chapter 388-827 WAC.

"Supported living" or "SL" refers to residential services provided by ADSA certified residential agencies to clients living in homes that are owned, rented, or leased by the clients or their legal representatives.

"Waiver personal care" means physical or verbal assistance with activities of daily living (ADL) and instrumental activities of daily living (IADL) due to your functional limitations per chapter 388-106 WAC to individuals who are authorized to receive services available in the Basic, Basic Plus, and Core waivers per chapter 388-845 WAC.

"Waiver respite care" means short-term intermittent relief for persons normally providing care to individuals who are authorized to receive services available in the Basic, Basic Plus, and Core waivers per chapter 388-845 WAC.

"You/Your" means the client.

DIVISION OF DEVELOPMENTAL DISABILITIES ASSESSMENT

WAC 388-828-1040 What is the DDD assessment? (1) The DDD assessment is an assessment tool designed to measure the support needs of persons with developmental disabilities.

(2) The DDD assessment has three modules:

(a) The support assessment (see WAC 388-828-2000 to 388-828-6020);

(b) The service level assessment (see WAC 388-828-7000 to 388-828-7080); and

(c) The individual support plan (ISP) (see WAC 388-828-8000 to 388-828-8060).

(3) The DDD assessment is part of the aging and disability services administration's (ADSA) comprehensive assessment reporting evaluation system (CARE).

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1040, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1060 What is the purpose of the DDD assessment? The purpose of the DDD assessment is to provide a comprehensive assessment process that:

(1) Collects a common set of assessment information for reporting purposes to the legislature and the department.

(2) Promotes consistency in evaluating client support needs for purposes of planning, budgeting, and resource management.

(3) Identifies a level of service and/or number of hours that is used to support the assessed needs of clients who have been authorized by DDD to receive:

(a) Medicaid personal care services or DDD HCBS waiver personal care per chapter 388-106 WAC;

(b) Waiver respite care services per chapter 388-845 WAC;

(c) Services in the voluntary placement program (VPP) per chapter 388-826 WAC;

(d) Supported living residential services per chapter 388-101 WAC;

(e) Group home residential services per chapter 388-101 WAC;

(f) Group training home residential services per chapter 388-101 WAC;

(g) Companion home residential services per chapter 388-829C WAC; or

(h) Individual and family services per chapter 388-832 WAC.

(4) Records your service requests.

WAC 388-828-1080 Who must administer the DDD assessment? Only DDD employees can administer the DDD assessment.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1080, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1100 Who receives the DDD assessment? DDD must administer a DDD assessment when you meet any of the following conditions:

(1) You are currently approved by DDD to receive a DDD paid service evidenced by meeting one of the conditions in WAC 388-828-1440;

(2) You request enrollment in one of the DDD HCBS waivers per chapter 388-845 WAC;

(3) You are age three or older and request a DDD assessment;

(4) You have been determined eligible for categorically needy medical coverage per WAC 388-475-0100 and requested one of the following medicaid state plan services:

(a) You have requested an assessment for medicaid personal care services per chapter 388-106 WAC; or

(b) You have been approved to receive private duty nursing services for clients seventeen years of age and younger per WAC 388-551-3000.

(5) You are receiving SSP in lieu of a DDD paid service per chapter 388-827 WAC;

(6) You request admission to a RHC per Title 42 CFR 440, Title 42 CFR 483, and Title 71A RCW;

(7) You reside in a RHC or community ICF/MR and you are involved in discharge planning for community placement;

(8) You do not meet any of the conditions listed in WAC 388-828-1120.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1100, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1120 Who does not receive the DDD assessment? DDD will not administer the DDD assessment when you meet any of the following conditions:

(1) You have not identified a person willing to receive notice or correspondence on your behalf regarding specific DDD decisions as required per RCW 71A.10.060 and DDD does not believe you are capable of understanding department decisions that may affect your care (see WAC 388-828-1140); or

(2) A respondent cannot be identified to participate in your DDD assessment (see WAC 388-828-1540(c));

(3) You reside in a RHC and are not currently involved in discharge planning for community placement;

(4) You reside in a community ICF/MR and are not authorized by DDD to receive employment/community services paid through the counties; or

(5) You are under the age of three and do not meet any of the conditions in WAC 388-828-1100.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1120, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1140 What will DDD do if there is no one willing to receive notice on your behalf regarding specific DDD decisions? If there is no one available to receive notice or correspondence on your behalf regarding specific DDD decisions, DDD will do all of the following:

(1) Consult with the assistant attorney general to determine if:

(a) You are able to represent yourself; or

(b) You require a legal representative/guardian.

(2) Continue current services until the issue is resolved per section (1) above.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1140, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1160 Does everyone receive all three modules of the DDD assessment? (1) The support assessment module is administered to all clients who receive a DDD assessment.

(2) Only clients receiving a DDD paid service, SSP in lieu of a DDD paid service, or who are approved for a DDD paid service will receive the service level assessment and individual support plan modules since these modules are required:

(a) Prior to the authorization/reauthorization of a DDD paid service or SSP; and

(b) To determine a service level and/or number of hours for a service; and

(c) To authorize the DDD approved paid service(s) per WAC 388-828-8000.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1160, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1180 How will your assessed unmet need(s) be met if there is no approved funding to provide a DDD paid service? If you complete the DDD assessment and are assessed to have an unmet need and there is no approved funding to support that need, DDD will offer you referral information for ICF/MR services per Title 71A RCW, chapter 388-825 WAC, and chapter 388-837 WAC. In addition, DDD may:

(1) Provide information and referral for non-DDD community based supports; and

(2) Add your name to the waiver data base, if you have requested enrollment in a DDD HCBS waiver per chapter 388-845 WAC; and

(3) Authorize short-term emergency services as an exception to rule (ETR) per WAC 388-440-0001.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1180, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1200 Who does DDD ask to disclose financial information? When administering the DDD assessment, DDD is required to ask for annual gross income information from:

(1) Your family, if:

(a) You are age seventeen or younger; and

(b) Your family has not made a request for your admission to a residential habilitation center (RHC); or

(2) You, if:

(a) You are age eighteen or older; and

(b) You are receiving state-only funded services.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-1200, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-1200, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1220 Will DDD require the reported annual gross income to be verified with supporting documentation? DDD accepts a verbal report of annual gross income and does not require supporting documentation to verify the reported information.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-1220, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-1220, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1300 How will your access to, or receipt of, DDD paid services, private duty nursing services, or SSP be affected if income information is not reported? Your access to, or receipt of, DDD paid services per WAC 388-828-1440, Private duty nursing services for children seventeen years of age and younger per WAC 388-551-3000, or SSP per chapter 388-827 WAC is not affected if income information is not reported.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-1300, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-1300, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1320 What happens if you are approved to receive a DDD paid service and you refuse to have a DDD assessment administered? If you are approved to receive a DDD paid service and refuse to have a DDD assessment administered, DDD is unable to authorize new or current DDD paid services and will do all of the following:

(1) Explain what happens if you refuse to allow DDD to administer the DDD assessment to you, your respondents, and the person you have identified to receive notice on your behalf per RCW 71A.10.060.

(2) Consult with the assistant attorney general when you have not identified a person to receive notice on your behalf per RCW 71A.10.060 to determine if:

(a) You are able to represent yourself; or

(b) You require a legal representative/guardian.

(3) Terminate existing DDD paid services when they reach their authorized end date.

(4) Provide you notice and appeal rights for denied and/or terminated service(s) per WAC 388-825-100 and 388-825-120.

(5) Provide you with information on how to contact DDD in case you later decide you want a DDD assessment administered.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1320, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1340 After administering the DDD assessment, how long does DDD have to complete your DDD assessment? (1) DDD will complete your DDD assessment as soon as possible after it is administered.

(2) DDD will complete your DDD assessment no later than thirty days from the date it was created in CARE.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1340, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1360 Are there any exceptions to completing your DDD assessment within thirty days? DDD will not complete your DDD assessment when:

(1) You are approved to receive a DDD paid service; and

(2) You or your legal guardian has not identified an ADSA contracted provider.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1360, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1380 What will DDD do if you are unable to identify an ADSA contracted provider? If you are unable to identify an ADSA contracted provider, DDD will provide you or your legal guardian with contact information for ADSA contracted agency providers.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1380, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1400 What is your responsibility when selecting and/or hiring an ADSA contracted individual provider? You or your legal representative/guardian has the primary responsibility for identifying, hiring, supervising, and/or terminating an ADSA contracted individual provider.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1400, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1420 What is your responsibility when selecting an ADSA contracted agency provider? You or your legal representative/guardian has the responsibility of choosing an agency provider. DDD or the county will provide you information on contracted and qualified agency providers.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1420, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1440 What is the definition of DDD "paid service" in chapter 388-828 WAC? For the purpose of this chapter, a DDD paid service is defined as an authorization of a program and/or service as evidenced by one or more of the following:

(1) An open social service payment system (SSPS) authorization within the past ninety days used for payment of a service or SSP; or

(2) A current county service authorization for one of the following services:

(a) Person to person; or

(b) Individual employment; or

(c) Group supported employment; or

(d) Prevocational/specialized industries; or

(e) Community access; or

(f) Individual and family assistance.

(3) A current waiver POC or waiver ISP; or

(4) Residence in a state operated living alternative (SOLA) program; or

(5) Authorization of family support services within the last twelve months per chapter 388-825 WAC; or

(6) Documentation of DDD approval of your absence from DDD paid services for more than ninety days with available funding for your planned return to services; or

(7) Evidence of approval for funding of a DDD service or enrollment in a DDD HCBS waiver; or

(8) Payment of services using Form A-19 state of Washington invoice voucher for receipt of:

(a) Dangerous mentally ill offender funds;

(b) Crisis stabilization services;

(c) Specialized psychiatric services; or

(d) Diversion bed services.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1440, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1460 When will you receive an initial DDD assessment? DDD intends to assess all clients per WAC 388-828-1100 by June 30, 2008. DDD must administer an initial DDD assessment when:

(1) You are receiving a DDD paid service and your annual reassessment is due for continuation of the DDD paid service; or

(2) You are receiving a DDD paid service and a reassessment is needed due to a significant change that may affect your support needs; or

(3) You are receiving SSP in lieu of a DDD paid service and your eligibility for SSP needs to be redetermined per WAC 388-827-0120;

(4) You are approved for funding of a DDD paid service and an assessment must be performed prior to the authorization of services; or

(5) You make a request to have a DDD assessment administered and meet the criteria in WAC 388-828-1100; or

(6) You are contacted by DDD and offered an opportunity to have a DDD assessment.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1460, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1480 Are there any exceptions allowing authorization of a DDD paid service prior to administering a DDD assessment? During the year prior to July 2009, due to staff resources, DDD may authorize or reauthorize the following services before a DDD assessment is administered:

(1) Funding from the legislature that provides resources for services to be available by a certain date; or

(2) Emergency services as determined by DDD as critical to the client's health and safety.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-1480, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-1480, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1500 When does DDD conduct a reassessment? A reassessment must occur:

(1) On an annual basis if you are receiving a paid service or SSP; or

(2) When a significant change is reported that may affect your need for support. (E.g., changes in your medical condition, caregiver status, behavior, living situation, employment status.)

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1500, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1520 Where is the DDD assessment and reassessment administered? The DDD assessment and reassessment are administered in your place of residence.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1520, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1540 Who participates in your DDD assessment? (1) All relevant persons who are involved in your life may participate in your DDD assessment, including your parent(s), legal representative/guardian, advocate(s), and service provider(s).

(2) DDD requires that at a minimum: You, one of your respondents, and a DDD employee participate in your DDD assessment interview. In addition:

(a) If you are under the age of eighteen, your parent(s) or legal guardian(s) must participate in your DDD assessment interview.

(b) If you are age eighteen or older, your court appointed legal representative/guardian must be consulted if he/she does not attend your DDD assessment interview.

(c) If you are age eighteen and older and have no legal representative/guardian, DDD will assist you to identify a respondent.

(d) DDD may require additional respondents to participate in your DDD assessment interview, if needed, to obtain complete and accurate information.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-1540, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-1540, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1560 Do all questions in the DDD assessment have to be answered? All questions in the DDD assessment that are on a mandatory panel must be answered.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1560, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1580 Why does DDD require all questions on mandatory panels to be answered in the DDD assessment? DDD requires that all questions on mandatory panels be answered because:

(1) The legislature has directed DDD to assess all eligible clients with a common, standardized assessment process that measures the support needs of individuals with developmental disabilities.

(2) The DDD assessment algorithms in the support assessment module are designed to:

(a) Determine acuity scores and acuity levels for a variety client needs; and

(b) Provide a valid measure of each client's support needs relative to the support needs of other clients who have received the DDD assessment.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1580, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1600 What happens if you refuse to answer a question on a mandatory panel in the DDD assessment? If you refuse to answer a question on a mandatory panel in the DDD assessment, DDD is unable to complete your DDD assessment and will do all of the following:

(1) Explain what happens if you refuse to answer a question on a mandatory panel to you, your respondents, and the person you have identified to receive notice on your behalf per RCW 71A.10.060.

(2) Consult with the assistant attorney general when you have not identified a person to receive notice on your behalf per RCW 71A.10.060 to determine if:

(a) You are able to represent yourself; or

(b) You require a legal representative/guardian.

(3) Terminate existing DDD paid services when they reach their authorized end date;

(4) Provide you notice and appeal rights for denied and/or terminated service(s) per WAC 388-825-100 and 388-825-120; and

(5) Provide you with information on how to contact DDD in case you later decide you want a DDD assessment administered.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-1600, filed 4/23/07, effective 6/1/07.]

WAC 388-828-1620 How does DDD determine which panels are mandatory in your DDD assessment? DDD determines which panels are mandatory in your DDD assessment by assigning you to a client group using the following table:

If you are approved by DDD to receive:	Your client group is:
(1) DDD DCBS waiver services per chapter 388-845 WAC; or (2) State-only residential services per chapter 388-825 WAC; or (3) ICF/MR services per 42 CFR 440 and 42 CFR 483.	Waiver and State-Only Residential

SUPPORT ASSESSMENT MODULE

WAC 388-828-2000 What is the support assessment module? The support assessment module is the first section of the DDD assessment and is administered to all DDD clients.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-2000, filed 4/23/07, effective 6/1/07.]

WAC 388-828-2020 What is the purpose of the support assessment module? The purpose of the support assessment module is to:

(1) Collect a common set of assessment information that is scored for all persons who are eligible to receive a DDD assessment per WAC 388-828-1100;

(2) Promote a consistent process to evaluate client support needs;

(3) Determine whether a person meets the ICF/MR level of care standard for potential waiver eligibility; and

(4) Identify the persons receiving, or approved for, DDD paid services or SSP who will need the additional two assessment modules:

(a) The service level assessment module; and

(b) The individual support plan module.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-2020, filed 4/23/07, effective 6/1/07.]

WAC 388-828-2040 What components are contained in the support assessment module? The support assessment module contains the following components:

(1) The support assessment for children;

(2) The supports intensity scale (SIS) assessment;

(3) DDD protective supervision acuity scale;

(4) DDD caregiver status acuity scale;

(5) DDD activities of daily living (ADL) acuity scale;

(6) DDD behavioral acuity scale;

(7) DDD medical acuity scale;

(8) DDD interpersonal support acuity scale;

(9) DDD mobility acuity scale;

(10) DDD respite assessment; and

(11) Programs and services component.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-2040, filed 4/23/07, effective 6/1/07.]

WAC 388-828-2060 How does your assessment age affect the support assessment module? Age guidelines are incorporated into the support assessment module to exclude age appropriate supports unrelated to a disability. The following table illustrates which components DDD includes in your support assessment module based on your assessment age:

Components contained in the Support Assessment module	Age (0-15)	Age (16+)
The Support Assessment for Children	Yes	No
SIS Support Needs and Supplemental Protection and Advocacy Scales	No	Yes
SIS Exceptional Medical and Behavior Support Needs Scales	Yes	Yes
DDD Protective Supervision Acuity Scale	Yes	Yes
DDD Caregiver Status Acuity Scale	Yes	Yes

Components contained in the Support Assessment module	Age (0-15)	Age (16+)
DDD Activities of Daily Living Acuity Scale	Yes	Yes
DDD Behavioral Acuity Scale	Yes	Yes
DDD Medical Acuity Scale	Yes	Yes
DDD Interpersonal Support Acuity Scale	Yes	Yes
DDD Mobility Scale	Yes	Yes

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-2060, filed 4/23/07, effective 6/1/07.]

WAC 388-828-2080 How does DDD determine your assessment age? If you are within thirty calendar days of your next birthday, DDD determines your assessment age to be that of your next birthday.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-2080, filed 4/23/07, effective 6/1/07.]

THE SUPPORT ASSESSMENT FOR CHILDREN

WAC 388-828-3000 What is the purpose of the support assessment for children? The support assessment for children measures the support needs of children from birth to age fifteen.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-3000, filed 4/23/07, effective 6/1/07.]

WAC 388-828-3020 What is the purpose of the support assessment for children? The purpose of the support assessment for children ages fifteen or younger is to determine:

(1) Your ICF/MR level of care score for DDD HCBS waiver eligibility;

(2) The health and welfare needs that must be addressed in your individual support plan if you are enrolled in a DDD HCBS waiver; and

(3) Your support need levels for:

(a) The DDD activities of daily living acuity scale;

(b) The DDD interpersonal support acuity scale; and

(c) The DDD mobility acuity scale.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-3020, filed 4/23/07, effective 6/1/07.]

WAC 388-828-3040 What questions are asked in the support assessment for children and how are they scored? DDD scores the answers to each of the following questions in the support assessment for children based on the respondent information:

(1) Dress and groom self: What support does the child need to dress and groom self as expected of others of same age?

Answers	Definitions	LOC Score	Acuity Score
Physical Assistance	Needs major support in the form of total physical assistance, intensive training and/or therapy for dressing and grooming.	1	4
Training	Needs moderate support in the form of some physical assistance and/or training and/or therapies to dress and groom self.	0	3

WAC 388-828-3060 How does DDD determine your total LOC score for ICF/MR level of care if you are age birth through fifteen years old? DDD determines your total LOC score for ICF/MR level of care by adding all of your LOC scores on questions one through eighteen in the support assessment for children.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-3060, filed 4/23/07, effective 6/1/07.]

WAC 388-828-3080 How does DDD determine if you meet the eligibility requirements for ICF/MR level of care (LOC) if you are age birth through fifteen years old? DDD determines you are eligible for ICF/MR level of care when:

(1) You are age birth through five years old and the total of your LOC scores is five or more; or

(2) You are age six through fifteen years old and the total of your LOC scores is seven or more.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-3080, filed 4/23/07, effective 6/1/07.]

THE SUPPORTS INTENSITY SCALE ASSESSMENT

WAC 388-828-4000 What is the supports intensity scale (SIS) assessment? The supports intensity scale assessment is a standardized tool developed by the American Association on Intellectual and Developmental Disabilities (AAIDD), to measure the relative intensity of support needs for persons age sixteen and older.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4000, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4020 What is the purpose of the supports intensity scale (SIS) assessment? The purpose of the supports intensity scale assessment in the DDD assessment is to determine all of the following:

(1) Your ICF/MR level of care score for DDD HCBS waiver eligibility;

(2) The health and welfare needs that must be addressed in your individual support plan if you are enrolled in a DDD HCBS waiver;

(3) Your DDD behavioral and medical acuity levels regardless of your age; and

(4) Your support need acuity levels specific to the:

(a) DDD activities of daily living acuity scale;

(b) DDD interpersonal support acuity scale; and

(c) DDD mobility acuity scale.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4020, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4040 What scales are contained in the supports intensity scale (SIS) assessment? The supports intensity scale assessment contains the following:

(1) The support needs scale;

(2) The supplemental protection and advocacy scale;

(3) Exceptional medical support needs scale; and

(4) Exceptional behavioral support needs scale.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4040, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4060 What subscales are contained in the support needs scale? The support needs scale contains the following subscales:

(1) Home living activities;

(2) Community living activities;

(3) Lifelong learning activities;

(4) Employment activities;

(5) Health and safety activities; and

(6) Social activities.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4060, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4080 How does the SIS measure your support need(s) in the support needs and supplemental protection and advocacy scales? The SIS measures your support needs in the support needs and supplemental protection and advocacy scales using the following three dimensions of support intensity:

(1) Type of support;

(2) Frequency of support; and

(3) Daily support time.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4080, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4100 How is type of support scored in the SIS assessment? DDD scores the type of support you need to perform the assessed activity using the following rating scale:

Type of Support: What kind of support is needed for the assessed activity?	
Answer	Score
None	0
Monitoring	1
Verbal/gestural prompting	2
Partial physical assistance	3
Full physical assistance	4

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4100, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4120 How is frequency of support scored in the SIS assessment? DDD scores how frequently support is needed for you to perform the assessed activity using the following rating scale:

Frequency: How frequently is support needed for the assessed activity?	
Answer	Score
None or less than monthly	0
At least once a month, but not once a week	1
At least once a week, but not once a day	2
At least once a day, but not once an hour	3
Hourly or more frequently	4

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4120, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4140 How is daily support time scored in the SIS assessment? DDD scores the amount of daily support time you need to perform the assessed activity using the following rating scale:

Daily Support Time: On a typical day when support in this area is needed, how much time should be devoted?	
Answer	Score
None	0
Less than 30 minutes	1
30 minutes to less than 2 hours	2
2 hours to less than 4 hours	3
4 hours or more	4

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4140, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4160 How does DDD determine your raw score for each of the activities that are assessed in the support needs and supplemental protection and advocacy scales? DDD adds the three dimensions of support intensity scores for each activity to determine your raw score for the activity.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4160, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4180 Are all questions in the support needs and supplemental protection and advocacy scales scored the same way? Some questions in the support needs and supplemental protection and advocacy scales have scoring limitations and some scores are not available for selection related to the standardization process per AAIDD.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-4180, filed 4/23/07, effective 6/1/07.]

WAC 388-828-4200 What activities are assessed in the home living activities subscale of the support needs scale? The home living activities subscale measures your personal support needs for the following home living activities:

#	Home Living Activities	Type of Support					Frequency of Support					Daily Support Time					Raw Score
A1	Using the toilet	0	1	2	3	4	0	1	2	3	4	0	1	2	3	4

DDD PROTECTIVE SUPERVISION ACUITY SCALE

WAC 388-828-5000 What is the DDD protective supervision acuity scale? The DDD protective supervision acuity scale is an assessment of your protective supervision support need(s).

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5000, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5020 How is information in the protective supervision acuity scale used by DDD? (1) Information obtained in the protective supervision acuity scale is one of the factors used by DDD to determine:

(a) The amount of waiver respite, if any, that you are authorized to receive;

(b) Your individual and family services level, if you are authorized to receive individual and family services per chapter 388-832 WAC; and

(c) Your residential service level of support, if you are authorized to receive a residential service listed in WAC 388-828-10020 [WAC 388-828-9510].

(2) The protective supervision acuity scale is not used when determining your medicaid personal care or waiver personal care; and

(3) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-5020, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-5020, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5040 What questions are asked in the DDD protective supervision acuity scale? The three questions that are asked for the DDD protective supervision acuity scale are in WAC 388-828-5060.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5040, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5060 How does DDD score each question? DDD selects one answer per each question that best describes your reported need.

(1) What level of monitoring does the client typically require during awake hours?

Answers	Definitions	Score
Independent	Can be left unattended. Might occasionally show poor judgement, but does not require routine access to a support person.	0
Remote (e.g., a week or more)	Can be left unattended for extended periods of time, but requires access to a support person either via phone or someone who visits the person weekly or so.	1
Periodic (e.g., every couple of days)	Can be left unattended for a couple of days, but requires access to a support person who checks in every few days via telephone or in person.	2
Monitoring (e.g., half day, unstructured)	Can be left unattended for several hours at a time (2-4 hours) to engage in independent activities, but needs access to a support person daily for guidance or assistance.	3
Close proximity (e.g., 1-2 hours, structured)	Can be left unattended for short periods of time (1-2 hours), provided that the environment is strictly structured and that a support person can respond quickly in an emergency situation.	4
Onsite (e.g., on property)	Cannot be left unattended. Requires a support person on the property at all times, at least during awake hours.	5

Answers	Definitions	Score
Line of sight/earshot (e.g., close observation)	Cannot be left unattended. Requires a support person within the room or within earshot of the client's location at all times during awake hours.	6

(2) What assistance does the client need to handle unfamiliar or unexpected situations?

Answers	Definitions
Can resolve independently	The client can generally handle unfamiliar or unexpected situations. The client shows generally good judgment and awareness of personal safety.
Can resolve with remote assistance	The client can handle unfamiliar or unexpected situations by calling or contacting someone remotely for assistance (e.g., by telephone or e-mail). The support person does not need to be physically present.
Needs someone physically present to assist	When unfamiliar or unexpected situations occur, generally someone must be present or come to the client to help the client resolve the issue.
Needs full physical assistance	The client cannot generally participate in resolving such situations; someone else must resolve them.

(3) Is client able to summon help?

Answers	Definitions
Can call someone on telephone	Client can discern when help is needed and contact someone via telephone or other electronic means. This includes dialing 911, using speed dial to contact someone, e-mail, radio, or dialing a phone number.
Can seek help outside the house, nearby	Client can discern when help is needed and can summon a remote caregiver, neighbor, or other person outside the house or nearby to assist when necessary.
Can seek help inside house	Client can discern when help is needed and can summon a caregiver or roommate within the house to assist when necessary.
Cannot summon help	Client is unable to summon help or discern a dangerous situation that would require help.

WAC 388-828-5080 How does DDD determine your adjusted protective supervision acuity score? DDD determines your adjusted protective supervision acuity score by applying the following age-based score adjustments to your level of monitoring score for question number one in WAC 388-828-5060:

If you are:	Then your age-based score adjustment is:
18 years or older	Score is equal to your level of monitoring score
16-17 years of age	Subtract 2 from your level of monitoring score
12-15 years of age	Subtract 3 from your level of monitoring score
8-11 years of age	Subtract 4 from your level of monitoring score
5-7 years of age	Subtract 5 from your level of monitoring score
0-4 years of age	Subtract 6 from your level of monitoring score
If your adjusted level of monitoring score is a negative number, your adjusted protective supervision acuity score is zero.	

Example: If you are fifteen years old and "close proximity, (e.g., 1-2 hours, structured)" is identified as your level of monitoring score, your adjusted protective supervision acuity score is: Your close proximity score of four minus age-based score adjustment of three. For age twelve through fifteen, this equals an adjusted protective supervision score of one.

WAC 388-828-5100 How does DDD determine your protective supervision support level? DDD uses the following table in determining your protective supervision support level:

If your Adjusted Protective Supervision Score is:	Then your Protective Supervision Support Level is:
5-6	High
3-4	Medium
1-2	Low
0	None

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5100, filed 4/23/07, effective 6/1/07.]

DDD Caregiver Status Acuity Scale

WAC 388-828-5120 What is the DDD caregiver status acuity scale? The DDD caregiver status acuity scale is an assessment of risks associated with your caregiver's ability to provide care.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5120, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5140 How is information in the DDD caregiver status acuity scale used by DDD? (1) Information obtained in the DDD caregiver status acuity scale is one of the factors used by DDD to determine:

(a) The amount of waiver respite, if any, that you are authorized to receive; and

(b) Your individual and family services level, if you are authorized to receive individual and family services.

(2) The DDD caregiver status acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessment; and

(3) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-5140, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-5140, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5160 When is a collateral contact an informal caregiver? A collateral contact is an informal caregiver when the person provides you supports without payment from DDD for a service.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5160, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5180 When is a collateral contact a formal caregiver? A collateral contact is a formal caregiver when the person receives payment from DDD to provide you a service.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5180, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5200 When is a collateral contact a backup caregiver? A collateral contact is only a backup caregiver when:

(1) He or she has been identified as an informal caregiver; and

(2) He or she is available to provide assistance as an informal caregiver when other caregivers are unavailable.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5200, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5220 Are you allowed to identify more than one person as a backup caregiver? There are no limitations regarding the number of persons you are allowed to identify as backup caregivers.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5220, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5240 Who is your primary caregiver? Your primary caregiver is the formal or informal caregiver who provides you with the most support.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5240, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5260 What questions are asked in the DDD caregiver status acuity scale and how are your caregiver's answers scored? The DDD caregiver status acuity scale consists of six questions that must be answered by your primary caregiver. Scores for each question are determined based on your primary caregiver's response for each question.

(1) Overall, how stressed do you feel in caring for the client?

Answers	Score
Not stressed	0
Somewhat stressed	4
Very stressed	9

(2) Other care giving for persons who are disabled, seriously ill, or under age 5?

Answers	Score
Client is the only person who requires direct care	0
Part-time responsibility for one or more additional persons	1
Full-time responsibility for one additional person	2
Full-time responsibility for two or more additional persons	4

(3) Factors that make it hard to be a caregiver for client?

Answers	Score
Decline in physical health	1
Decline in emotional health	1
Negative impact on employment	1
Getting less than 5 hours of uninterrupted sleep because of care giving	1
Health or safety impact	1
Other issues than impact care giving	1

(4) How much do these things impact your ability to care for the client?

Answers	Score
Little or no impact	0
Possible impact, no concrete evidence	1
Concrete evidence of reduced care	4
Unable	9

(5) Is the client creating significant stress on other household members?

Answers	Score
Stable and healthy	0
Clearly identifiable signs of stress	4
Serious risk of failure	9

(6) How long do you expect to continue providing care?

Answers	Score
2 or more years	0
6 months to 2 years	0
1 to 6 months	4
Less than 1 month	9

WAC 388-828-5280 Which caregiver risk factors determine the caregiver risk level? The following criteria are used to determine a caregiver's risk level:

If the following criteria are met:	Then your caregiver risk factor (s) are:
(1) You have a score of "less than 1 month" for question 6 ("How long do you expect to continue providing care?") in WAC 388-828-5260.	Immediate risk of loss of caregiver

If the following criteria are met:	Then your caregiver risk factor (s) are:
(2) You have not identified any collateral contacts in the CARE system as having a contact role of "informal caregiver;" and (3) You have not identified any collateral contacts in the CARE system as having a contact role of "formal caregiver;" and (4) You have not identified any collateral contacts in the CARE system as having a contact role of "backup caregiver;" and (5) You do not have a paid provider, authorized by DDD, to provide supports for a DDD paid service; and (6) You have an adjusted protective supervision score of 3 or more in WAC 388-828-5080.	No caregiver, and needs one
(7) You have identified one of your collateral contacts in the CARE system as having a contact role of primary caregiver; and (8) Your primary caregiver is 70 years of age or older; and (9) Your primary caregiver lives with you in the same residence.	Aging caregiver

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5280, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5300 How does DDD determine a caregiver risk level? (1) The following table reflects the criteria that are used to calculate the caregiver risk level score:

Your scores for the following questions in WAC 388-828-5240			Your Caregiver Risk Level
Your score for question 4	Your score for question 5	Your score for question 6	
0	0	0	None

(2) If your maximum scores for questions four, five, and six are four or less and you have an "Aging caregiver" risk factor in WAC 388-828-5280, your caregiver risk level is medium.

(3) If your caregiver risk factor is "No caregiver, and needs one" in WAC 388-828-5280, your caregiver risk level is immediate regardless of your scores for questions four, five, and six.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5300, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5320 How does DDD determine the availability of a backup caregiver? DDD's determination of availability of a back up caregiver is based on the responses of you and your respondent(s) to the following question:

(1) Under what conditions are other caregivers available?

Answers available for selection	Score
Routinely provides care	0
Upon request	2
Emergency only	4
No other caregiver available	9

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5320, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5340 How does DDD determine whether a backup caregiver lives with you? You or your respondent identifies that your backup caregiver(s) lives with you.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5340, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5360 How does DDD determine the risk level score of your backup caregiver not being able to provide the supports you need when you need them? The following table identifies the criteria that are used to calculate the risk level score of your backup caregiver not being able to provide the supports you need when you need them:

If the availability of your backup caregiver is:	Then your risk level score is:
(1) Your backup caregivers are available routinely or upon request as evidenced by a score of 0 to 2 for question 1 of the backup caregiver subscale; and (2) You have a person identified as a backup caregiver that does not live with you evidenced by the "Lives with client" checkbox not being selected as contact details information for him or her.	1 (Not at risk)
(3) Your backup caregivers are available upon an emergency only basis evidenced by a score of 4 for question 1 of the backup caregiver subscale; or (4) "Lives with client" has been selected for **all** of the persons you have identified as your backup caregivers.	2 (Some risk)
(5) You have no other caregiver available evidenced by a score of 9 for question 1 of the backup caregiver subscale.	3 (High risk)

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-5360, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-5360, filed 4/23/07, effective 6/1/07.]

DDD ACTIVITIES OF DAILY LIVING (ADL) ACUITY SCALE

WAC 388-828-5380 What is the DDD activities of daily living (ADL) acuity scale? The DDD activities of daily living acuity scale is an algorithm that determines your ADL support needs level.

(1) The DDD activities of daily living acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessments; and

(2) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5380, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5400 What does the activities of daily living (ADL) acuity scale measure? The DDD ADL acuity scale measures:

(1) Your ADL support needs level from the support assessment for children if you are age birth through fifteen years old; or

(2) Your ADL support needs level from the SIS assessment if you are age sixteen or older.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5400, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5420 How does DDD determine your ADL support needs score if you are age birth through fifteen? If you are a child age birth through fifteen, your ADL support needs score is the total of your acuity scores for each of the following ADL questions in the support assessment for children:

ADL questions from the Support Assessment for Children in WAC 388-828-3040	
Question #	Text of ADL Questions:
1	Dress and Groom self
2	Toilet self
3	Eat at age level
4	Move around

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5420, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5440 How does DDD use your ADL support needs score for the support assessment for children? (1) DDD uses your ADL support needs score and the following table to determine your ADL support needs level for the support assessment for children:

If your ADL support needs score is:	Then your ADL support need level is:	Value
11 to 16	High	3
7 to 10	Medium	2
2 to 6	Low	1
0 or 1	None	0

(2) If your acuity score is four for any of the ADL questions in WAC 388-828-3040, your ADL support needs level is determined to be high.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5440, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5460 How does DDD determine your ADL support needs score if you are age sixteen or older? (1) If you are age sixteen or older, your ADL support needs score is the total adjusted "Type of support" scores from the following SIS questions:

ADL questions from the SIS assessment in WAC 388-828-4200 and 388-828-4280	
Question #	Text of ADL questions:
A1	Using the toilet
A4	Eating food
A6	Dressing
A7	Bathing and taking care of personal hygiene and grooming needs
E1	Taking medications
E4	Ambulating and moving about

(2) If your "Frequency of support" score for a SIS ADL question is zero or one, adjust your "Type of support" score for that question to zero.

(3) If your "Frequency of support" score for a SIS ADL support question is two, three, or four, no adjustment is needed to your "Type of support" score.

Example:

SIS ADL Questions	Text of SIS ADL Questions	If your "Frequency of Support" score is:	And your "Type of Support" score is:	Then your adjusted "Type of Support" score is:
A1	Using the toilet	3	3	3
A4	Eating food	1	2	0
A6	Dressing	3	3	3
A7	Bathing and taking care of personal hygiene and grooming needs	1	2	0
E1	Taking medications	3	2	2
E4	Ambulating and moving about	0	0	0
Your SIS ADL support needs score:				8

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5460, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5480 How does DDD determine your ADL support needs level for the SIS assessment? (1) DDD uses your ADL support needs score and the following table to determine your ADL support needs level for the SIS assessment if you are age sixteen or older:

If the sum of your adjusted ADL support needs score for the SIS is:	Then your ADL support needs level for the SIS is:	Value
16 to 24	High	3
10 to 15	Medium	2
2 to 9	Low	1
0 or 1	None	0

(2) If you have a "Type of support" score of four for any of the questions listed in WAC 388-828-5460, your ADL support needs level for the SIS assessment is determined to be high.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5480, filed 4/23/07, effective 6/1/07.]

DDD BEHAVIORAL ACUITY SCALE

WAC 388-828-5500 What is the DDD behavioral acuity scale? The DDD behavioral acuity scale is an assessment of your behavioral support needs based on your scores from the SIS exceptional behavior scale.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5500, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5520 How is information in the DDD behavioral acuity scale used by DDD? (1) Information obtained in the DDD behavioral acuity scale is one of the factors used by DDD to determine:

(a) The amount of waiver respite, if any, that you are authorized to receive;

(b) Your individual and family services level, if you are authorized to receive individual and family services per chapter 388-832 WAC; and

(c) Your residential service level of support, if you are authorized to receive a residential service listed in WAC 388-828-10020 [WAC 388-828-9510].

(2) The DDD behavioral acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessment.

(3) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-5520, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-5520, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5540 How does DDD determine if you have a prominent behavior? You are determined to have a prominent behavior when a question in WAC 388-828-4380 has a support score of one or two.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5540, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5560 Do all prominent behaviors get scored? If you have two or more prominent behaviors, DDD will ask you and your respondent(s) for input and must select only one behavior to be scored as your most prominent behavior.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5560, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5580 How does DDD determine the frequency of your most prominent behavior? If you have a prominent behavior, DDD asks you and your respondent(s) to identify the frequency of occurrence of your most prominent behavior using the following table:

If the frequency of occurrence of your most prominent behavior is:	Then your score for frequency is:
Less than once per month	Rare
1 to 3 times per month	Occasional
1 to 4 times per week	Occasional
1 to 3 times daily	Frequent
4 or more times daily	Frequent

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5580, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5600 How does DDD determine the severity of your most prominent behavior? If you have a prominent behavior, DDD asks you and your respondent(s) to identify the severity of your most prominent behavior using the following table:

If the characteristics of your most prominent behavior are:	Then your score for severity is:
Your behavior may be uncooperative, inconvenient, repetitive, and/or require time intensive support. However, your behavior is not considered aggressive or self-injurious.	Minor incidents
Your behavior, if allowed to continue over time, may result in life-threatening harm for yourself and/or others.	Potentially dangerous
Your behavior without immediate intervention will result in life-threatening harm for yourself and/or others.	Life threatening

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5600, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5620 How does DDD determine the type of caregiver assistance you receive to help you keep your most prominent behavior under control? DDD asks you and your respondent(s) to identify the type of caregiver assistance you receive to help you keep your most prominent behavior under control using the following table:

If the caregiver assistance provided to support your most prominent behavior is:	Then your score for caregiver assistance is:
Your respondent reports that you do not require any assistance to keep your most prominent behavior under control.	No supervision, Oversight
Your respondent reports that you may at times require supervision and verbal redirection to keep your most prominent behavior under control.	Verbal redirection
Your respondent reports that you require occasional physical guidance of limbs and/or caregiver intervention to keep your most prominent behavior under control.	Occasional physical guiding or intervention
Your respondent reports that you require in-sight supervision at all times and may require 1 to 2 person physical restraint or removal from the area to keep your most prominent behavior under control.	In-Sight Supervision -Physical restraint

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5620, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5640 How does DDD determine your behavioral acuity level? DDD uses your frequency, severity, and caregiver assistance scores to determine your behavioral acuity level using the following table:

If your score for frequency is:	And your score for severity is:	And your score for caregiver assistance is:	Then your behavioral acuity level is:
Rare	Minor	None	Low
		Verbal redirection	Low
		Physical guiding or selection	Low
		Physical restraint	Low
	Potentially Dangerous	None	Low
		Verbal redirection	Low
		Physical guiding or selection	Medium
		Physical restraint	High
	Life-Threatening	None	Medium
		Verbal redirection	Medium
		Physical guiding or selection	High
		Physical restraint	High
Occasional	Minor	None	Low
		Verbal redirection	Low
		Physical guiding or selection	Low
		Physical restraint	Medium
	Potentially Dangerous	None	Medium
		Verbal redirection	Medium
		Physical guiding or selection	Medium
		Physical restraint	High
	Life Threatening	None	Medium
		Verbal redirection	Medium
		Physical guiding or selection	High
		Physical restraint	High
	Minor	None	Low
		Verbal redirection	Low
		Physical guiding or selection	Medium
		Physical restraint	Medium
	Potentially Dangerous	None	Medium
		Verbal redirection	Medium
		Physical guiding or selection	High
		Physical restraint	High

If your score for frequency is:	And your score for severity is:	And your score for caregiver assistance is:	Then your behavioral acuity level is:
Frequent	Life-Threatening	None	High
		Verbal redirection	High
		Physical guiding or selection	High
		Physical restraint	High

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5640, filed 4/23/07, effective 6/1/07.]

DDD MEDICAL ACUITY SCALE

WAC 388-828-5660 What is the DDD medical acuity scale? The DDD medical acuity scale is an algorithm that determines your medical support needs level.

(1) The DDD medical acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessments; and

(2) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5660, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5680 What is the purpose of the DDD medical acuity scale? The purpose of the DDD medical acuity scale is to determine your medical acuity level.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5680, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5700 How does DDD determine your medical acuity level? DDD uses your SIS support scores to questions in the exceptional medical support needs scale per WAC 388-828-4360 and the following table to determine your medical acuity level:

If you meet the following criteria:	Then your medical acuity level is:	Value
(1) If you have a score of 2 on questions 1, 4, and 7;	High	3
(2) If you have a score of 2 on any two of the following questions: 2, 3, 5, 6, 8, 9, 10, 11, 12, 13, 14, 16, or 17;	High	3
(3) If your total exceptional medical support needs score is 8 or higher;	High	3
(4) If you have a score of 2 on any of the following questions: 2, 3, 5, 6, 8, 9, 10, 11, 12, 13, 14, 16, or 17 and do not meet the criteria for a high medical acuity level;	Medium	2
(5) If your total exceptional medical support needs score is 6 or 7 and you do not meet the criteria for a high medical acuity level;	Medium	2
(6) If your total exceptional medical support needs score is 5 or less, but greater than zero, and you do not have a score of 2 on any questions excluding number 15;	Low	1
(7) If your total exceptional medical support needs score equals zero.	None	0

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5700, filed 4/23/07, effective 6/1/07.]

DDD INTERPERSONAL SUPPORT ACUITY SCALE

WAC 388-828-5720 What is the DDD interpersonal support acuity scale? The DDD interpersonal support acuity scale is an algorithm that measures your ability to interact with others in a variety of settings and determines your interpersonal support needs level.

(1) The DDD interpersonal support acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessments; and

(2) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5720, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5740 What does the DDD interpersonal support acuity scale determine? The DDD interpersonal support acuity scale determines:

(1) Your interpersonal support acuity level from the support assessment for children if you are age birth through fifteen; or

(2) Your interpersonal support acuity level from the SIS assessment if you are age sixteen or older.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5740, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5760 How does DDD determine your interpersonal support needs score if you are age birth through fifteen? If you are a child age birth through fifteen, your interpersonal support needs score is the total of your acuity scores for each of the following questions in the support assessment for children:

Interpersonal support needs questions from the support assessment for children in WAC 388-828-3040	
Question #	Text of Questions:
5	Communicate: What support does the child need to communicate with others of same age?
11	Have relationships with family members: What support does the child need to make the kind of relationships with family members expected of non disabled children of the same age?
13	Play with others: What supports are needed for the child to develop age-level skills in playing with others?
17	Effectively relate to other students/peers: What support does the person need to most effectively relate to fellow students and/or peers?

Interpersonal support needs questions from the support assessment for children in WAC 388-828-3040	
Question #	Text of Questions:
18	Have behaviors which promote being included: What support is needed for this person to have behaviors which promote being included?

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5760, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5780 What does the DDD interpersonal support needs score determine if you are age birth through fifteen? If you are age birth through fifteen, DDD uses your interpersonal support needs score and the following table to determine your interpersonal support needs level:

If your interpersonal support needs score is:	Then your interpersonal support needs level is:	Value
(1) Your interpersonal support needs score is 10 or more.	High	3
(2) Your interpersonal support needs score is a 4, 5, 6, 7, 8, or 9; or (3) You have an acuity score of 3 or 4 for one of the interpersonal support needs questions listed in WAC 388-828-3040.	Medium	2
(4) Your interpersonal support needs score is 1, 2, or 3; and (5) You do not have an acuity score of 3 or 4 for one of the interpersonal support needs questions listed in WAC 388-828-3040.	Low	1
(6) Your interpersonal support needs score is zero.	None	0

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5780, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5800 How does DDD determine your interpersonal support needs score if you are age sixteen or older? If you are age sixteen or older, your interpersonal support needs score is determined by adding your raw scores to the following SIS questions:

Interpersonal support needs questions from the SIS assessment	
Question #	Text of interpersonal support needs questions:
B7	Interacting with community members
C1	Interacting with others in learning activities
D3	Interacting with co-workers
D4	Interacting with supervisors/coaches
D8	Seeking information and assistance from an employer
F1	Socializing within the household
F3	Socializing outside the household
F5	Communicating with others about personal needs
F6	Using appropriate social skills

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5800, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5820 How does DDD use your interpersonal support needs score if you are age sixteen or older? If you are age sixteen or older, DDD uses your interpersonal support needs score and the following table to determine your interpersonal support needs level:

If your interpersonal support needs score is:	Then your interpersonal support needs level is:	Value
(1) 56 or more	High	3
(2) At least 20; and (3) Less than 56	Medium	2
(4) 3 or 4 for both "Type of Support" and "Frequency of Support" for one of the interpersonal support needs questions	Medium	2
(5) At least 1; and (6) Less than 20; and (7) You do not have a score of 3 or 4 for both "Type of Support" and "Frequency of Support" for one of the interpersonal support needs questions	Low	1
(8) Zero	None	0

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5820, filed 4/23/07, effective 6/1/07.]

DDD MOBILITY ACUITY SCALE

WAC 388-828-5840 What is the DDD mobility acuity scale? The DDD mobility acuity scale is an algorithm that measures your ability to ambulate and move around.

(1) The DDD mobility acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessments; and

(2) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5840, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5860 What does the DDD mobility acuity scale determine? The DDD mobility acuity scale determines:

(1) Your mobility acuity level from the support assessment for children if you are age birth through fifteen; or

(2) Your mobility acuity level from the SIS assessment if you are age sixteen or older.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5860, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5880 How does DDD determine your mobility acuity level if you are age birth through fifteen?

If you are age birth through fifteen, your mobility acuity level is determined by your acuity score to question four of the ICF/MR level of care assessment in WAC 388-828-3040 using the following table:

If your acuity score for question 4 is:	Then your mobility acuity level is:
4	High
3	Medium
1 or 2	Low
0	None

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5880, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5900 How does DDD determine your mobility acuity level if you are age sixteen or older? If you are age sixteen or older, your mobility acuity level is determined by your scores to question E4 "Ambulating and moving about" in WAC 388-828-4280 using the following table:

If you score for "Frequency of Support" is:	And your score for "Type of Support" is:	Then your Mobility Acuity Level is:	Value
3 or 4	4	High	3
3 or 4	3	Medium	2
If your raw score for question E4 or 5 or more and you do not meet the criteria for a high or medium mobility acuity level		Low	1
If your raw score for question E4 is 4 or less		None	0

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5900, filed 4/23/07, effective 6/1/07.]

RESPITE ASSESSMENT

WAC 388-828-5920 What is the respite assessment? The respite assessment is an algorithm in the DDD assessment that determines the number of hours of respite care, if any, that your provider may receive per year if DDD has authorized you to receive Basic, Basic Plus, or Core waiver services per chapter 388-845 WAC.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5920, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5940 Are there any exceptions when the respite assessment is not used to determine the number of hours for waiver respite services? The respite assessment is not used to determine waiver respite when you are receiving any of the following:

(1) Voluntary placement program services per chapter 388-826 WAC; or

(2) Companion home services per chapter 388-829C WAC.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-5940, filed 5/30/08, effective 7/1/08; 07-10-029, § 388-828-5940, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5960 What is the purpose of the respite assessment? The purpose of the respite assessment is to determine your respite assessment level using your scores from:

(1) The protective supervision acuity scale;

(2) The DDD caregiver status acuity scale; and

(3) The DDD behavioral acuity scale.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5960, filed 4/23/07, effective 6/1/07.]

WAC 388-828-5980 How does DDD determine your respite assessment level? (1) DDD determines your respite assessment level using the following table:

If your Protective Supervision Support Level is:	And your primary caregiver risk level is:	And your backup caregiver risk score is:	And your behavioral acuity level is:	Then your respite assessment level is:

(2) DDD adds one level to your respite assessment level when your respite assessment level is determined to be a one, two, three, or four and you have a score of four for question two "Other caregiving for persons who are disabled, seriously ill, or under five" in the DDD caregiver status acuity scale. See WAC 388-828-5260.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-5980, filed 4/23/07, effective 6/1/07.]

WAC 388-828-6000 How does DDD determine the maximum number of hours you may receive for respite care? The maximum number of hours you may receive per year is determined by using the following table:

If your respite assessment level is:	Then the maximum number of hours you may receive for respite care each year is:
1	240
2	240
3	336
4	432
5	528

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-6000, filed 4/23/07, effective 6/1/07.]

PROGRAMS AND SERVICES COMPONENT

WAC 388-828-6020 What is the purpose of the programs and services component? The purpose of the programs and services component is to document:

(1) DDD services you are currently receiving;

(2) DDD services you have been approved to receive; and

(3) If you currently meet the ICF/MR level of care requirements for continued DDD HCBS waiver eligibility or for potential DDD HCBS waiver services if resources become available.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-6020, filed 4/23/07, effective 6/1/07.]

SERVICE LEVEL ASSESSMENT MODULE

WAC 388-828-7000 What is the purpose of the service level assessment module? The purpose of the service level assessment module is to determine a service level and the number of hours you are eligible to receive for medicaid or waiver personal care services per chapter 388-106 WAC.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-7000, filed 4/23/07, effective 6/1/07.]

WAC 388-828-7020 What components contained in the service level assessment module determine a service level and/or number of hours? The service level assessment module contains two components that are used to determine a service level and/or number of hours for the following:

(1) The CARE assessment for medicaid or waiver personal care services, as defined in chapter 388-106 WAC; and

(2) The DDD seizure acuity scale as defined in WAC 388-828-7040 through 388-828-7080.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-7020, filed 4/23/07, effective 6/1/07.]

DDD SEIZURE ACUITY SCALE

WAC 388-828-7040 What is the DDD seizure acuity scale? (1) The DDD seizure acuity scale is an assessment of your seizure support needs.

(2) The DDD seizure acuity scale does not affect service determination for the medicaid personal care or waiver personal care assessments.

(3) The information is used for reporting purposes to the legislature and the department.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-7040, filed 4/23/07, effective 6/1/07.]

WAC 388-828-7060 What does the DDD seizure acuity scale measure? The DDD seizure acuity scale is used to measure your seizure acuity level.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-7060, filed 4/23/07, effective 6/1/07.]

WAC 388-828-7080 How does DDD determine your seizure acuity level? DDD uses criteria in the following table to determine your seizure acuity level:

If you meet the following criteria:	Then your seizure acuity level is:
(1) You received medical attention for your seizures, on two or more occasions. (2) Medical attention includes: (a) Visits to a primary care physician; (b) Visits to an emergency room; (c) Calls to 911 that result in paramedics having to provide care, treatment, or stabilization services.	High
(3) You have convulsive seizures (Tonic-clonic or atonic) and meet the following conditions: (a) You have a seizure at least once every three months; and (b) Your seizures last at least five minutes.	High
(4) You have convulsive seizures (Tonic-clonic or atonic) and meet the following conditions: (a) You have a seizure at least once every three months; and (b) Your seizures last less than five minutes.	Medium
(5) You report a history of having seizures and you do not meet the requirements for a high or medium seizure acuity level.	Low
(6) You report that you do not have a history of seizures.	None

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-7080, filed 4/23/07, effective 6/1/07.]

INDIVIDUAL SUPPORT PLAN MODULE

WAC 388-828-8000 What is the purpose of the individual support plan (ISP) module? The purpose of the individual support plan module is to create a written plan that includes:

(1) Your acuity scores generated from the support assessment;

(2) Referral information;

(3) The SSP, if any, you are approved to receive in lieu of a DDD paid service; and

(4) DDD paid services you are authorized to receive:

(a) If you are enrolled in a DDD waiver, the ISP must address all the health and welfare needs identified in your ICF/MR level of care assessment and the supports used to meet your assessed needs; or

(b) If you are not enrolled in a DDD waiver, DDD is only required to address the DDD paid services you are approved to receive.

[Statutory Authority: RCW 71A.12.030 and Title 71A RCW. 07-10-029, § 388-828-8000, filed 4/23/07, effective 6/1/07.]

WAC 388-828-8020 What components contained in the individual support plan module determine a service level and/or number of hours? The following components of the individual support plan module determine a service level and/or number of hours:

(1) The foster care rate assessment, as defined in chapter 388-826 WAC;

(2) The individual and family services algorithm, as defined in WAC 388-828-9000 through 388-828-9140; and

(3) The residential algorithm, as defined in WAC 388-828-10000 [WAC 388-828-9500] through 388-828-10380 [388-828-9700].

INDIVIDUAL AND FAMILY SERVICES ASSESSMENT

WAC 388-828-9000 What is the individual and family services assessment? The individual and family services assessment is an algorithm in the DDD assessment that determines an award amount that you may receive if DDD has authorized you to receive individual and family services per chapter 388-832 WAC.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-828-9000, filed 8/5/08, effective 9/5/08.]

WAC 388-828-9020 What is the purpose of the individual and family services assessment? The purpose of the individual and family services assessment is to determine your individual and family services level and score using your assessed support levels from:

(1) The DDD protective supervision acuity scale (See WAC 388-828-5000 to 388-828-5100);

(2) The DDD caregiver status acuity scale (See WAC 388-828-5120 to 388-828-5360);

(3) The DDD behavioral acuity scale; (See WAC 388-828-5500 to 388-828-5640);

(4) The DDD medical acuity scale; (See WAC 388-828-5660 to 388-828-5700); and

(5) The DDD activities of daily living (ADL) acuity scale (See WAC 388-828-5380 to 388-828-5480).

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-828-9020, filed 8/5/08, effective 9/5/08.]

WAC 388-828-9040 How does DDD determine your individual and family services level? (1) DDD determines your individual and family services level using the following table:

If your protective supervision support level is:	And your primary caregiver risk level is:	And your backup caregiver risk score is:	And your behavioral acuity level is:	Then your individual and family services level is:
0	None	1	None	1

WAC 388-828-9060 How does DDD determine your individual and family services rating? (1) Your individual and family services rating is determined by using the following table:

If your individual and family services level is:	Then your individual and family services support rating is:
1	0
2	240
3	336
4	432
5	528

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-828-9060, filed 8/5/08, effective 9/5/08.]

WAC 388-828-9100 How does DDD determine the number to use in the adjustment of your individual and family services support rating? DDD determines the amount of the adjustment for your individual and family services support rating using the following tables:

(1)

If your individual and family services level is 1, 2, 3, 4, or 5 and you are not eligible for medicaid personal care		And your ADL support needs level for the SIS per WAC 388-828-5480			
		None	Low	Medium	High
And your medical acuity level per WAC 388-828-5700	None	57	57	76	85
	Low	57	57	76	85
	Medium	57	88	122	145
	High	57	145	245	287

(2)

If your individual and family services level is 1, 2, 3, 4, or 5 and you are eligible for medicaid personal care per chapter 388-106 WAC		And your ADL support needs level for the SIS per WAC 388-828-5480			
		None	Low	Medium	High
And your medical acuity level per WAC 388-828-5700	None	0	0	0	0
	Low	0	0	0	0
	Medium	0	0	0	0
	High	0	0	0	0

Example: If your individual and family service level is 3 and you are not eligible for medicaid personal care services and your ADL support needs level is "low" and your medical acuity level is "medium," the amount of your adjustment is 88.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-828-9100, filed 8/5/08, effective 9/5/08.]

WAC 388-828-9120 How does DDD determine your individual and family services score? DDD adds your individual and family support rating from WAC 388-828-9060 to the adjustment amount in WAC 388-828-9100 to determine your individual and family services score.

Example: If you are not eligible for medicaid personal care services and your individual and family services support rating is 336 and the amount of your adjustment is 122, your individual and family services score is 458.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-828-9120, filed 8/5/08, effective 9/5/08.]

WAC 388-828-9140 How does DDD determine the amount of your individual and family service award? DDD uses the following table to determine the amount of your individual and family services award:

If your individual and family services score is:	Then the amount of your award is up to:
0 to 60	No Award
61 to 240	$2000
241 to 336	$3000
337 to 527	$4000
528 or more	$6000

RESIDENTIAL ALGORITHM

WAC 388-828-9500 What is the residential algorithm? The residential algorithm is a formula in the DDD assessment that determines the level of residential services and supports you may expect to receive based on your assessed support needs.

[08-15-091, recodified as § 388-828-9500, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10000, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9510 When is the residential algorithm administered? The residential algorithm must be administered when you are approved to receive one of the following paid services:

(1) Supported living residential services per chapter 388-101 WAC;

(2) Group home residential services per chapter 388-101 WAC;

(3) Group training home services per chapter 388-101 WAC; or

(4) Companion home residential services per chapter 388-829C WAC.

[08-15-091, recodified as § 388-828-9510, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10020, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9520 Where does the residential algorithm obtain your support needs information? The residential algorithm obtains your support needs information from the following components of your current DDD assessment:

(1) The supports intensity scale assessment (SIS) per WAC 388-828-4000 through 388-828-4320;

(2) The DDD protective supervision acuity scale per WAC 388-828-5000 through 388-828-5100;

(3) The DDD behavioral acuity scale per WAC 388-828-5500 through 388-828-5640;

(4) The DDD medical acuity scale per WAC 388-828-5660 through 388-828-5700;

(5) The program and services panel per WAC 388-828-6020;

(6) The DDD seizure acuity scale per WAC 388-828-7040 through 388-828-7080; and

(7) The DDD sleep panel per WAC 388-828-10260 [WAC 388-828-9640].

[08-15-091, recodified as § 388-828-9520, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10040, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9530 How does the residential algorithm identify your residential support needs score? The residential algorithm uses the support needs information from your current DDD assessment to identify the following residential support needs scores:

(1) Community protection program enrollment as defined in WAC 388-828-10100 [WAC 388-828-9590];

(2) Daily support needs score as defined in WAC 388-828-10120 [388-828-9560];

(3) Mid-frequency support needs score as defined in WAC 388-828-10140 [WAC 388-828-9580];

(4) Behavior support needs score as defined in WAC 388-828-10160 [WAC 388-828-9530];

(5) Medical support needs score as defined in WAC 388-828-10180 [WAC 388-828-9600];

(6) Seizure support needs score as defined in WAC 388-828-10200 [WAC 388-828-9610];

(7) Protective supervision support needs score as defined in WAC 388-828-10220 [WAC 388-828-9620];

(8) Ability to seek help score as defined in WAC 388-828-10240 [WAC 388-828-9630];

(9) Nighttime support needs score as defined in WAC 388-828-10260 [WAC 388-828-9640];

(10) Toileting support needs score as defined in WAC 388-828-10280 [WAC 388-828-9650]; and

(11) Total critical support time as defined in WAC 388-828-10300 [WAC 388-828-9660] through 388-828-10360 [388-828-9690].

[08-15-091, recodified as § 388-828-9530, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10060, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9540 What residential service levels of support does DDD use? DDD uses the following residential service levels of support which correspond with your assessed support needs (see WAC 388-828-10060 [WAC 388-828-9530]):

Support Need Level	Typical Support Need Characteristics from the DDD Assessment	Expected Level of Support*
Weekly or less Support Level 1	Client requires supervision, training, or physical assistance in areas that typically occur weekly or less often, such as shopping, paying bills, or medical appointments. Client is generally independent in support areas that typically occur daily or every couple of days.	Clients assessed to need this level receive support on a weekly basis or less frequently.
Multiple times per week Support Level 2	Client is able to maintain health and safety for a full day or more at a time AND needs supervision, training, or physical assistance with tasks that typically occur every few days, such as light housekeeping, menu planning, or guidance and support with relationships. Client is generally independent in support areas that must occur daily.	Clients assessed to need this level receive support multiple times per week.
Intermittent daily - Low Support Level 3A	Client is able to maintain health and safety for short periods of time (i.e., hours, but not days) OR needs supervision, training, or physical assistance with activities that typically occur daily, such as bathing, dressing, or taking medications.	Clients assessed to need this level receive daily support.
Intermittent daily -Moderate Support Level 3B	Client requires supervision, training, or physical assistance with multiple tasks that typically occur daily OR requires frequent checks for health and safety or due to disruptions in routines.	Clients assessed to need this level receive daily support and may receive checks during nighttime hours as needed.
Close proximity Support Level 4	Client requires support with a large number of activities that typically occur daily OR is able to maintain health and safety for very short periods of time (i.e., less than 2 hours, if at all) AND requires occasional health and safety checks or support during overnight hours.	Clients assessed to need this level receive supports in close proximity 24 hours per day. Support hours may be shared with neighboring households.

Support Need Level	Typical Support Need Characteristics from the DDD Assessment	Expected Level of Support*
Continuous day and continuous night Support Level 5	Client is generally unable to maintain health and safety OR requires support with a large number of activities that occur daily or almost every day AND requires nighttime staff typically within the household.	Clients assessed to need this level receive support 24 hours per day.
Community Protection Support Level 6	Client is enrolled in the community protection program.	Clients assessed to need this level of support will receive 24 hour per day supervision per community protection program policy.
*Emergency access to residential staff is available to all clients, 24-hours per day, regardless of the residential service level of support the assessment indicates.

WAC 388-828-9550 How does the residential algorithm determine if you are enrolled in the community protection program? The residential algorithm determines that you are enrolled in the community protection program if your current DDD assessment (see WAC 388-828-6020) shows that you are:

(1) On the community protection waiver; or

(2) Considered for the community protection waiver.

[08-15-091, recodified as § 388-828-9550, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10100, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9560 How does the residential algorithm determine your daily support needs score? The residential algorithm determines that you have daily support needs if you meet or exceed all of the qualifying scores for one or more of the following activities from the SIS:

Qualifying Scores from Supports Intensity Scale (per WAC 388-828-4200 through 388-828-4320)			
SIS Activity	If your score for type of support is:	And your score for frequency of support is:	And your daily support time is:
A1: Using the toilet	2 or more	3 or more	1 or more
A4: Eating food	2 or more	3 or more	1 or more
A6: Dressing	2 or more	3 or more	1 or more
A7: Bathing, personal hygiene, grooming	2 or more	3 or more	1 or more
A9: Using currently prescribed equipment or treatments	2 or more	3 or more	1 or more
E1: Taking medication	2 or more	3 or more	1 or more
E2: Avoiding health and safety hazards	1 or more	3 or more	1 or more
E4: Ambulating and moving about	3 or more	3 or more	1 or more
Or			
Any combination of 3 of the SIS activities listed above (A1, A4, A6, A7, A9, E1, E2, E4)	1 or more	3 or more	1 or more

[08-15-091, recodified as § 388-828-9560, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10120, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9570 How does DDD define mid-frequency support? DDD defines mid-frequency support as support for selected SIS activities that most people perform every two to four days.

[08-15-091, recodified as § 388-828-9570, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10130, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9580 How does the residential algorithm determine your mid-frequency support needs score? The residential algorithm determines that you have mid-frequency support needs if you meet one of the following three conditions:

(1) You meet or exceed all of the qualifying scores for one or more of the following activities from the SIS assessment:

Qualifying Scores from Supports Intensity Scale (per WAC 388-828-4200 through 388-828-4320)			
SIS Activity	If your type of support score is:	And your frequency of support score is:	And your daily support time score is:
A3: Preparing food	2 or more	2 or more	2 or more
A5: Housekeeping and cleaning	3 or more	3 or more	2 or more
B2: Participating in recreational/leisure activities in community settings	3 or more	2 or more	2 or more
B7: Interacting with community members	3 or more	2 or more	2 or more
G3: Protecting self from exploitation	2 or more	2 or more	2 or more

(2) Or you meet or exceed all of the qualifying scores for four or more of the following activities from the SIS assessment:

Qualifying Scores from Supports Intensity Scale (per WAC 388-828-4200 through 388-828-4320)				
SIS Activity	If your type of support score is:	And your frequency of support score is:	And your daily support time score is:	Score if you meet or exceed criteria
A1: Using the toilet	1 or more	2 or more	1 or more	
A3: Preparing food	1 or more	2 or more	1 or more	
A4: Eating food	1 or more	2 or more	1 or more	
A5: Housekeeping and cleaning	1 or more	2 or more	1 or more	
A6: Dressing	1 or more	2 or more	1 or more	
A7: Bathing, personal hygiene and grooming	1 or more	2 or more	1 or more	
A9: Using currently prescribed equipment and medications	1 or more	2 or more	1 or more	
B2: Participating in recreational/leisure activities in community settings	1 or more	2 or more	1 or more	
B7: Interacting with community members	1 or more	2 or more	1 or more	
E1: Taking medications	1 or more	2 or more	1 or more	
E2: Avoiding health and safety hazards	1 or more	2 or more	1 or more	
E4: Ambulating and moving about	1 or more	2 or more	1 or more	
G3: Protecting self from exploitation	1 or more	2 or more	1 or more

WAC 388-828-9600 How does the residential algorithm determine your medical support needs score? The residential algorithm uses your medical acuity level from the medical acuity scale, per WAC 388-828-5660 through 388-828-5700, to determine your medical support needs score.

[08-15-091, recodified as § 388-828-9600, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10180, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9610 How does the residential algorithm determine your seizure support needs score? The residential algorithm uses your seizure acuity level from the seizure acuity scale, per WAC 388-828-7040 through 388-828-7080, to determine your seizure support needs score.

[08-15-091, recodified as § 388-828-9610, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10200, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9620 How does the residential algorithm determine your protective supervision support needs score? The residential algorithm uses your adjusted protective supervision score from the protective supervision acuity scale, per WAC 388-828-5000 through 388-828-5100, to determine your protective supervision support needs score.

[08-15-091, recodified as § 388-828-9620, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10220, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9630 How does the residential algorithm determine your ability to seek help score? The residential algorithm determines your ability to seek help score by using your answer to the following question found in the protective supervision acuity scale (WAC 388-828-5060(3)).

Protective Supervision Acuity Scale Question:	If your answer to the following question is:	Then your ability to seek help score is:
Is client able to summon help?	Can call someone who is remote	Yes
	Can seek help outside the house, nearby	Yes
	Can seek help inside house	No
	Cannot summon help	No

[08-15-091, recodified as § 388-828-9630, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10240, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9640 How does the residential algorithm determine your nighttime support needs score? The residential algorithm scores the answers to each of the five following questions from the DDD sleep panel in the service level assessment to determine your nighttime support needs:

(1)

DDD Sleep Panel Question	If you answer to the question is:	Then your support needs score for this question is:
Nighttime Assistance*needed? Frequency	0 = None or less than monthly	Less than daily
	1 = At least once a month but not once a week	Less than daily
	2 = At least once a week but not once a day	Less than daily
	3 = At least once a day but not once an hour	Daily or more frequently
	4 = Hourly or more frequently	Daily or more frequently
* Nighttime assistance needed means that the person wakes in the night and requires assistance with toileting, mobility, medical issues, behaviors, guidance through sleepwalking, or other support requiring intervention.		

(2)

DDD Sleep Panel Question	If your answer to this question is:	Then your support needs score for this question is:
Nighttime assistance needed? Daily support time	0 = None	Less than (<) 30 minutes
	1 = Less than 30 minutes	Less than (<) 30 minutes
	2 = 30 minutes to less than 2 hours	30 minutes or more
	3 = 2 hours to less than 4 hours	30 minutes or more
	4 = 4 hours or more	30 minutes or more

(3)

DDD Sleep Panel Question	If your answer to this question is:	Then your support needs score for this question is:
Can toilet self at night?	Yes	Yes
	No	No

(4)

DDD Sleep Panel Question	If your answer to this question is:	Then your support needs score for this question is:
Wakes to toilet most nights?	Yes	Yes
	No	No

(5)

DDD Sleep Panel Question	If your answer to this question is:		Then your support needs score for this question is:
Nighttime behavioral/anxiety issues?	None	Defined as: No behavioral or anxiety issues at night.	No
	Minor	Defined as: You experience low to medium behavioral or anxiety issues when left alone at night, but can manage the behaviors/anxiety with minimal or no intervention.	No
	Moderate	Defined as: You experience intense behavioral or anxiety issues when left alone at night, but you are managing to cope, even if only minimally, by yourself or with remote or occasional onsite help as needed.	No
	Severe	Defined as: You experience intense behavioral or anxiety issues on most nights if left alone and require a support person within your home during all overnight hours in	Yes

DDD Sleep Panel Question	If your answer to this question is:		Then your support needs score for this question is:
		order to maintain yours and/or other's health and safety.

WAC 388-828-9650 How does the residential algorithm determine your toileting support needs score? The residential algorithm adds the three dimensions of the SIS activity "A1: Using the toilet" (see WAC 388-828-4200) to determine your toileting support score. Formula:

Type of support score (0-4)
+
Frequency of support score (0-4)
+
Daily support time score (0-4)
=
Toileting support needs score (0-12)

WAC 388-828-9690 How does the residential algorithm calculate your total critical support time (CST)? The residential algorithm uses the following formula to calculate your total critical support time (CST):

$$\frac{DailyCST}{1} + \frac{MidFreqCST}{3} + \frac{WeeklyCST}{7} = Total\ CST\ (hours\ per\ day)$$

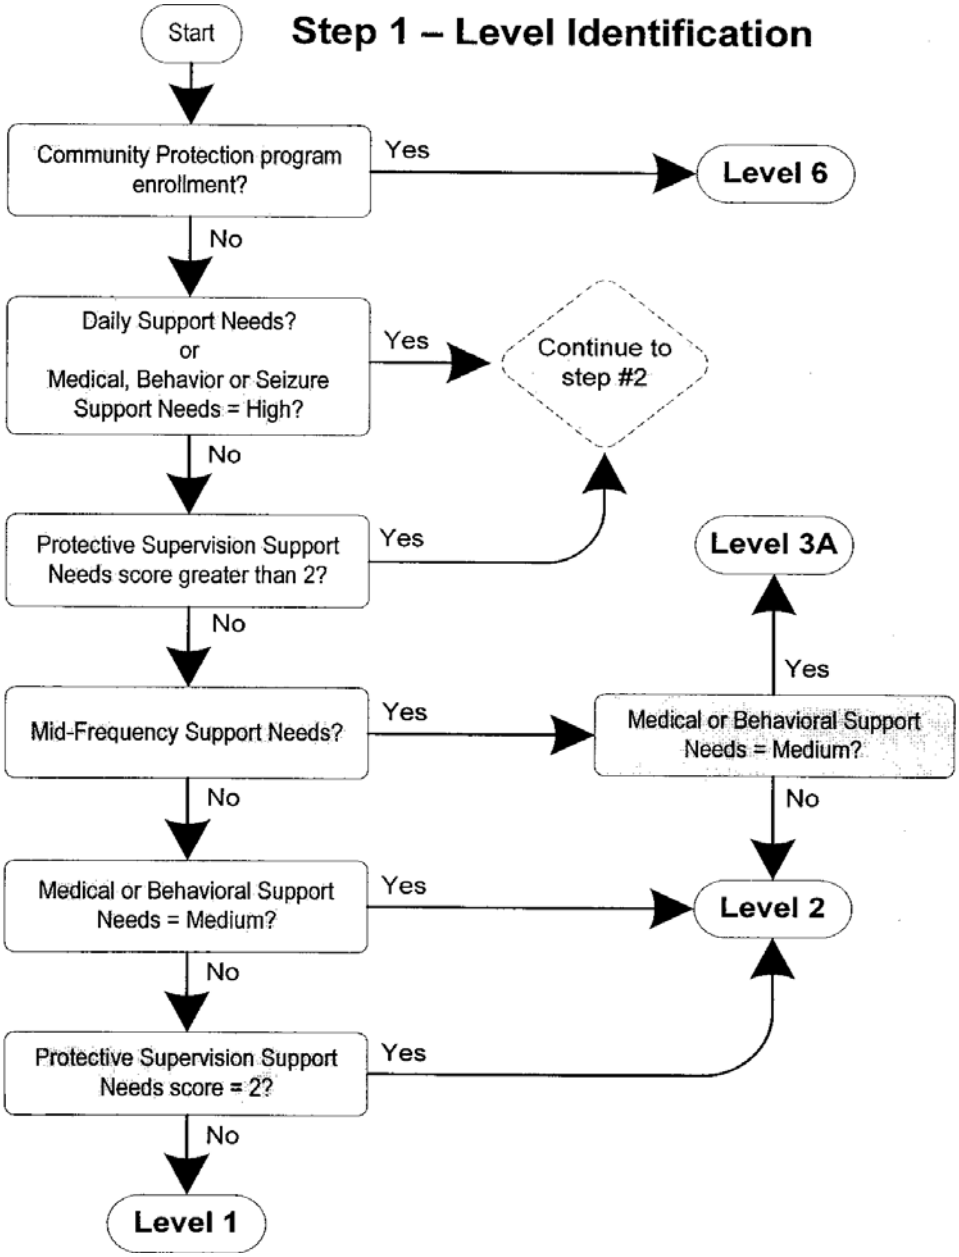
[08-15-091, recodified as § 388-828-9690, filed 7/17/08, effective 7/17/08. Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 08-12-037, § 388-828-10360, filed 5/30/08, effective 7/1/08.]

WAC 388-828-9700 How does the residential algorithm use your assessed support needs scores to determine your residential service level of support? (1) The residential algorithm uses your assessed support needs scores (as defined in WAC 388-828-10100 [WAC 388-828-9550] through 388-828-10300 [388-828-9660]) to answer questions in a decision tree.

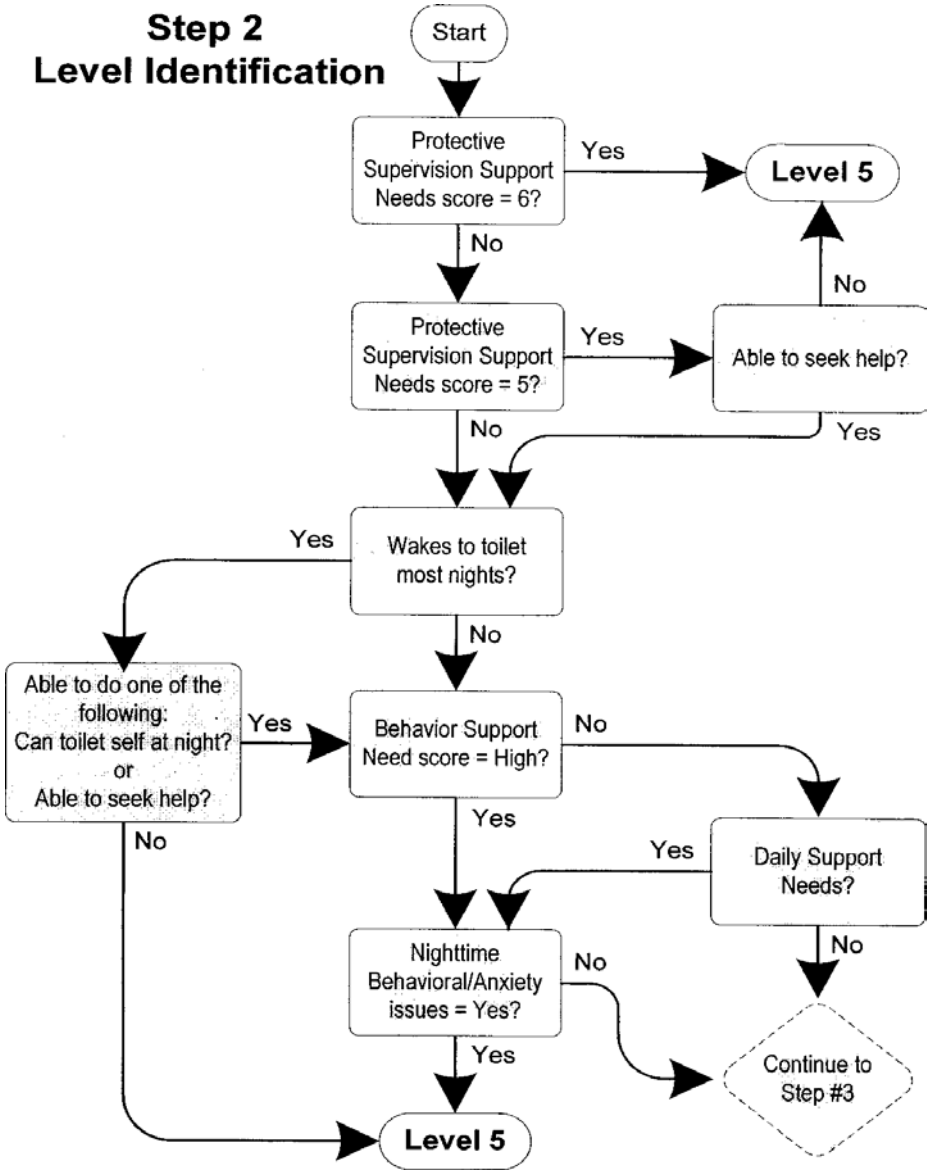
(2) The decision tree path determines your residential service level of support (WAC 388-828-10080 [WAC 388-828-9540]).

(3) The decision tree is separated into the following three steps:

(a) Step 1 determines whether your residential support needs scores meet the criteria for less than daily support or the criteria for community protection.



(b) Step 2 determines whether your residential support needs scores meet the criteria for continuous day and night support.



(c) Step 3 determines whether your residential support needs scores meet the criteria for intermittent support.

Chapter 388-829A WAC
ALTERNATIVE LIVING

WAC

PURPOSE

WAC 388-829A-005 What is the purpose of this chapter? This chapter establishes rules governing the division of developmental disabilities alternative living services program per chapter 71A.12 RCW for eligible clients of the division.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-005, filed 7/31/07, effective 9/1/07.]

DEFINITIONS

WAC 388-829A-010 What definitions apply to this chapter? The following definitions apply to this chapter:

"ADSA" means the aging and disability services administration within DSHS and its employees and authorized agents.

"Adult protective services" or "APS" means the investigative body designated by ADSA to investigate suspected cases of abandonment, abuse, financial exploitation and neglect as defined in 74.34 RCW.

"Alternative living provider" means an independent contractor with a current contract with the division of developmental disabilities to provide alternative living services.

"Assistance" means help provided to a client for the purpose of training the client in the performance of tasks the task being trained. Assistance does not include personal care as defined in chapter 388-106 WAC or protective supervision.

"Calendar year" means the twelve month period that runs from January 1 through December 31.

"Case manager" means the division of developmental disabilities case resource manager or social worker assigned to a client.

"Client" means a person who has a developmental disability as defined in RCW 71A.10.020(3) who also has been determined eligible to receive services by the division under chapter 71A.16 RCW.

"Competence" means the capacity to do what one needs and wants to do. There are two ways to be competent. A person may be self-reliant and able to do things for themselves or may have the power to identify and obtain the help needed from others.

"DDD" or "the division" means the division of developmental disabilities (DDD) within the DSHS aging and disabilities services administration of the department of social and health services.

"DDD specialty training" means department approved curriculum to provide information and instruction to meet the special needs of people with developmental disabilities.

"DSHS" or "the department" means the state of Washington department of social and health services and its employees and authorized agents.

"Health and safety" means clients living safely in environments common to other citizens with reasonable supports offered to simultaneously protect their health and safety while promoting community inclusion.

"Individual support plan" or "ISP" is a document that authorizes and identifies the DDD paid services to meet a client's assessed needs.

"Integration" means clients being present and actively participating in the community using the same resources and doing the same activities as other citizens.

"Mandatory reporter" means any person working with vulnerable adults required by law to report incidents of abandonment, abuse, neglect, financial exploitation, etc per chapter 74.34 RCW.

"Positive recognition by self and others" means a client being offered assistance in ways which promote the client's status and creditability. Providers offer assistance in ways that are appropriate to the age of the client, typical to other members of the community and contribute to the client's feelings of self worth and positive regard by others.

"Positive relationships" means clients having friends and family that offer essential support and protection. Friends and family lend continuity and meaning through life and open the way to new opportunities and experiences.

"Power and choice" means clients experiencing power, control, and ownership of their personal affairs. Expression of personal power and choice are essential elements in the lives of people. Such expressions help people gain autonomy, become self-governing and pursue their own interests and goals.

"Regulation" means any federal, state, or local law, rule, ordinance or policy.

"RCW" means the Revised Code of Washington, which contains all laws governing the state of Washington.

"Service episode record" or "SER" means documentation by DDD of all client related contacts including contacts during the assessment, service plan, coordination and monitoring of care and termination of services.

"Support" means provider activities done on the client's behalf such as balancing the checkbook.

"Unusual incidents" means a change in circumstances or events that concern a client's safety or well-being. Examples may include, an increased frequency, intensity, or duration of any medical conditions, adverse reactions to medication, hospitalization, death, severe behavioral incidents that are unlike the client's ordinary behavior, severe injury, running away, physical or verbal abuse to themselves or others, etc

"WAC" means the Washington Administrative Code, which are the rules for administering the state laws (RCW).

(8) The right to physical exercise and recreational opportunities;

(9) The right to work and be paid for the work one does;

(10) The right to be free from harm, including unnecessary physical restraint, isolation, excessive medication, abuse, neglect, or financial exploitation;

(11) The right to be free from hazardous or experimental procedures;

(12) The right to freedom of expression and to make decisions about one's life;

(13) The right to complain, disagree with, and appeal decisions made by the provider or DDD; and

(14) The right to be informed of these rights in a language that he or she understands.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-130, filed 7/31/07, effective 9/1/07.]

PROVIDER TRAINING

WAC 388-829A-140 What training must be completed before becoming an alternative living provider? Before DDD may issue an alternative living contract, the prospective provider must:

(1) Obtain CPR/first-aid certification;

(2) Successfully complete bloodborne pathogens training with HIV/Aids information; and

(3) Receive contract orientation and client specific training from DDD.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-140, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-150 What training must an alternative living provider complete within the first ninety days of serving the client? The alternative living provider must successfully complete the approved DDD specialty training within the first ninety days of serving the client (see WAC 388-112-0120). (Note: DDD will reimburse the provider for training time for DDD specialty training only when the provider is currently offering alternative living services to a client.)

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-150, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-160 What training must an alternative living provider complete after the first year of service? (1) After the first year of service, the alternative living provider must:

(a) Maintain current CPR/first-aid certification;

(b) Receive bloodborne pathogens training with HIV/Aids information at least annually and within one year of the previous training; and

(c) Complete at least ten hours of continuing education each calendar year after the calendar year in which they successfully complete DDD approved specialty training.

(i) The continuing education must be on topics relevant to supporting individuals with developmental disabilities.

(ii) One hour of completed classroom instruction or other form of training (such as a video or on-line course) equals one hour of continuing education.

(2) Documentation of training attendance must be kept in the provider's files and submitted to DDD upon completion of the training.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-160, filed 7/31/07, effective 9/1/07.]

PROVIDER RECORDS

WAC 388-829A-170 What information must alternative living providers keep in their records? Alternative living providers must keep the following information in their records:

(1) Client information:

(a) The client's name, address, and telephone number;

(b) The name, address, and telephone number of the client's legal representative, health care provider and any of the client's relatives that the client chooses to include;

(c) A copy of the client's most recent ISP;

(d) Copies of any positive behavior support plan or cross systems crisis plan, if applicable; and

(e) A copy of the current plan for alternative living services.

(2) Provider Information:

(a) Provider training records (see WAC 388-829A-140 through 388-829A-160);

(b) All written reports submitted to DDD (see WAC 388-829A-180);

(c) Copies of the department approved service verification records, as specified in the provider's alternative living contract;

(d) Signed DDD policy on residential reporting requirements as specified in the alternative living contract; and

(e) Payment records.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-170, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-180 What written reports must be submitted to DDD? The alternative living provider must submit the following written reports to DDD:

(1) Reports on unusual incidents and emergencies as specified in the alternative living contract; and

(2) Quarterly reports providing information about the type and extent of services performed as identified in the ISP.

(a) The information in the reports must reflect the reporting period.

(b) These reports must be submitted at least quarterly or more often as required by the ISP and alternative living plan; and

(3) Service verification records at least quarterly or more often if required by DDD.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-180, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-190 What are the requirements for entries in the client record maintained by the alternative living provider? (1) When making entries to the client record, the alternative living provider must:

(a) Note all record entries in ink or electronically;

(b) Make entries at the time of or immediately following the occurrence of the event recorded;

(c) Make entries in legible writing; and

(d) Sign and date entries in ink.

(2) If a provider makes a mistake on the record, they must keep both the original and corrected entries.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-190, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-200 How long must an alternative living provider keep client records? An alternative living provider must keep a client's records for a period of six years.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-200, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-210 Are clients' records considered confidential? Alternative living providers must consider all client record information privileged and confidential.

(1) Any transfer or inspection of records, to anyone but DDD, must be authorized by a release of information form that:

(a) Specifically gives information about the transfer or inspection; and

(b) Is signed by the client or legal representative.

(2) A signed release of information is valid for up to one year and must be renewed annually from the signature date.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-210, filed 7/31/07, effective 9/1/07.]

ABUSE AND NEGLECT

WAC 388-829A-220 Are alternative living providers mandatory reporters? (1) Alternative living providers are mandatory reporters. They must report instances of suspected abandonment, abuse, neglect, or financial exploitation of vulnerable adults as defined in chapter 74.34 RCW.

(2) Each alternative living provider must comply with DDD residential reporting requirements as specified in their alternative living contract.

(3) Providers must retain a signed copy of the DDD policy on residential reporting requirements specified in the alternative living contract and submit a signed copy of the policy to DDD.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-220, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-230 How must alternative living providers report abuse and neglect? Alternative living providers must immediately report suspected abandonment, abuse, neglect or financial exploitation of vulnerable adults to:

(1) Adult protective services using the DSHS toll free telephone number, provided by the department. 1-866-END-HARM or 1-866-363-4276.

(2) DDD in compliance with the DDD residential reporting requirements specified in their alternative living contract; and

(3) Law enforcement agencies, as required under chapter 74.34 RCW, including when there is reason to suspect sexual or physical abuse.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-230, filed 7/31/07, effective 9/1/07.]

EMERGENCY PLANNING

WAC 388-829A-240 What must alternative living providers do in an emergency? In an emergency, the alternative living provider must:

(1) Immediately call 911, in a life threatening emergency;

(2) Provide emergency services, then notify:

(a) The client's legal representative; and

(b) The division of developmental disabilities.

(3) Submit a written report to DDD, as required by DDD residential reporting requirements specified in the alternative living contract.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-240, filed 7/31/07, effective 9/1/07.]

INDIVIDUAL SUPPORT PLAN

WAC 388-829A-250 What is an individual support plan (ISP)? (1) The individual support plan (ISP) is the primary tool DDD uses to:

(a) Determine and document the client's needs; and

(b) Identify the services to meet those needs.

(2) The existing plan of care (POC) for the client remains in effect until a new ISP is developed.

(3) The ISP must include (see chapter 388-828 WAC):

(a) The client's identified health and welfare needs;

(b) Both paid and unpaid services approved to meet the identified health and welfare needs;

(c) How often the client will receive each service;

(d) How long the client will need each service; and

(e) Who will provide each service.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-250, filed 7/31/07, effective 9/1/07.]

TRANSPORTATION

WAC 388-829A-260 Are alternative living providers responsible to transport a client? Alternative living providers may provide transportation if specified in the client's ISP.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-260, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-270 What requirements must be met before an alternative living provider transports a client? Before transporting a client, alternative living providers must:

(1) Carry auto insurance as required by chapters 46.29 and 46.30 RCW; and

(2) Have a valid driver's license as required by chapter 46.20 RCW.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-270, filed 7/31/07, effective 9/1/07.]

OVERSIGHT AND MONITORING OF ALTERNATIVE LIVING SERVICES

WAC 388-829A-280 How will DDD monitor alternative living services? (1) DDD must use the following monitoring process to oversee alternative living services and providers:

(a) Conduct an in-home visit every twelve months;

(b) Review all written reports from the provider for compliance with the instruction and support goals specified in the client's ISP; and

(c) Initial and file all written reports submitted by the provider and document in the service episode record.

(2) DDD must conduct an annual evaluation of the alternative living program with a sample of alternative living providers and clients who receive services. If the evaluation indicates concerns, a corrective action plan will be developed. The corrective action plan will:

(a) Outline methods for the provider to comply with the requirements; and

(b) Provide a time frame for completion of the corrective actions.

(3) DDD may stop the authorization for payment or terminate the contract if the corrective actions are not completed with the specified timeline.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-280, filed 7/31/07, effective 9/1/07.]

TERMINATION AND DENIAL OF AN ALTERNATIVE LIVING CONTRACT

WAC 388-829A-290 When may DDD not authorize payment or terminate a contract for alternative living services? DDD may not authorize payment or may terminate a contract for the services of an alternative living provider, when that provider:

(1) Is no longer the client's choice of provider.

(2) Demonstrates inadequate performance or inability to deliver quality care which is jeopardizing the client's health, safety, or well-being. DDD may terminate the contract based on a reasonable, good faith belief that the client's health, safety, or well-being is in imminent jeopardy.

(3) Is unable to clear a background check required by RCW 43.20A.710.

(4) Has been convicted of a disqualifying crime, under RCW 43.43.830 and 43.43.842 or of a crime relating to drugs as defined in RCW 43.43.830.

(5) Has abused, neglected, abandoned, or exploited a minor or vulnerable adult, as defined in chapter 74.34 RCW.

(6) Has had a license, certification, or a contract for the care of children or vulnerable adults denied, suspended, revoked, or terminated for noncompliance with state and/or federal regulations.

(7) Does not successfully complete the training requirements within the time limits required in this chapter.

(8) Does not complete the corrective action within the agreed upon time frame.

(9) Fails to comply with the requirements of this chapter, or the DDD alternative living contract.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-290, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-300 When must DDD deny the client's choice of an alternative living provider? DDD must deny a client's request to have a certain provider and must not enter into a contract with the person when any of the following exist:

(1) The person is the client's spouse, under 42 CFR 441.360(g).

(2) The person is the client's natural/step/adoptive parent.

(3) The person is the client's court-appointed legal representative.

(4) DDD has a reasonable, good faith belief that the provider will be unable to meet the client's needs. Examples of a provider's inability to meet the client's needs may include:

(a) Evidence of alcohol or drug abuse;

(b) A reported history of domestic violence, no-contact orders, or criminal conduct (whether or not the conduct is disqualifying under RCW 43.43.830 and 43.43.842);

(c) A report from the client's health care provider or another knowledgeable person that the requested provider lacks the ability or willingness to provide adequate support;

(d) Other employment or responsibilities that prevent or interfere with the provision of required services;

(e) A reported history of mismanagement of client funds or DSHS contract violations; or

(f) Excessive commuting distance that would make it impractical to provide services as they are needed and outlined in the client's ISP.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-300, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-310 What if the alternative living provider no longer wants to provide services to a client? When an alternative living provider no longer wants to provide services to a client, the provider must:

(1) Give at least two weeks notice to:

(a) The client;

(b) The client's legal representative; and

(c) DDD.

(2) If an emergency occurs and services must be terminated immediately, the provider must give immediate notice to DDD, the client and the client's representative.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-310, filed 7/31/07, effective 9/1/07.]

APPEAL RIGHTS

WAC 388-829A-320 What are the client's rights if DDD denies, or terminates an alternative living services contract? If DDD denies, or terminates an alternative living services contract, the client has the right to an administrative hearing to appeal the decision, per chapter 388-02 WAC and WAC 388-825-120.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-320, filed 7/31/07, effective 9/1/07.]

WAC 388-829A-330 Does the provider of alternative living services have a right to an administrative hearing? The alternative living provider does not have a right to an administrative hearing.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-101, § 388-829A-330, filed 7/31/07, effective 9/1/07.]

Chapter 388-829C WAC
COMPANION HOMES

WAC

PURPOSE

WAC 388-829C-005 What is the purpose of this chapter? This chapter establishes rules governing the division of developmental disabilities (DDD) companion home residential services program per chapter 71A.12 RCW for eligible clients of the division.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-005, filed 7/31/07, effective 9/1/07.]

DEFINITIONS

WAC 388-829C-010 What definitions apply to this chapter? The following definitions apply to this chapter:

"ADSA" means the aging and disability services administration within DSHS and its employees and authorized agents.

"Adult protective services" or "APS" means the investigative body designated by ADSA to investigate suspected cases of abandonment, abuse, financial exploitation and neglect as defined in 74.34 RCW.

"Calendar year" means the twelve month period that runs from January 1 through December 31.

"Case manager" means the DDD case resource manager or social worker assigned to a client.

"Client" means a person who has a developmental disability as defined in RCW 71A.10.020(3) who also has been determined eligible to receive services by the division under chapter 71A.16 RCW.

"Competence" means the capacity to do what one needs and wants to do. There are two ways to be competent. A person may be self-reliant and able to do things for themselves or may have the power to identify and obtain the help needed from others.

"DDD" or "the division" means the division of developmental disabilities, a division within the DSHS aging and disabilities services administration, of the department of social and health services.

"DDD specialty training" means department approved curriculum to provide information and instruction to meet the special needs of people with developmental disabilities.

"DSHS" or "the department" means the state of Washington department of social and health services and its employees and authorized agents.

"Health and safety" means clients should live safely in environments common to other citizens with reasonable supports offered to simultaneously protect their health and safety while promoting community inclusion

"Individual support plan" or "ISP" is a document that authorizes and identifies the DDD paid services that meet a client's assessed needs.

"Integration" means clients being present and actively participating in the community using the same resources and doing the same activities as other citizens.

"Mandatory reporter" means any person working with vulnerable adults required by law to report incidents of abandonment, abuse, neglect, financial exploitation, etc., per chapter 74.34 RCW.

"NA-R" means nursing assistant-registered under chapter 18.88A RCW.

"NA-C" means nursing assistant-certified under chapter 18.88A RCW.

"Positive recognition by self and others" means a client being offered assistance in ways which promote the client's status and creditability. Providers offer assistance in ways that are appropriate to the age of the client, typical to other members of the community and contribute to the client's feelings of self worth and positive regard by others.

"Positive relationships" means clients having friends and family that offer essential support and protection. Friends and family lend continuity and meaning through life and open the way to new opportunities and experiences.

"Power and choice" means clients experiencing power, control and ownership of personal affairs. Expression of personal power and choice are essential elements in the lives of people. Such expressions help people gain autonomy, become self-governing and pursue their own interests and goals.

"Registered nurse delegation" means the process by which a registered nurse transfers the performance of selected nursing tasks to a registered or certified nursing assistant in selected situations. (For detailed information, please refer to chapter 18.79 RCW and WAC 388-840-910 through 388-840-970.)

"Regulation" means any federal, state, or local law, rule, ordinance or policy.

"Respite" means care that is intended to provide short-term intermittent relief for persons providing care for companion home clients.

"RCW" means the Revised Code of Washington, which contains all laws governing the state of Washington.

"Service episode record" or "SER" means documentation by DDD of all client related contacts including contacts during the assessment, service plan, coordination and monitoring of care and termination of services.

"Unusual incidents" means a change in circumstances or events that concern a client's safety or well-being. Examples include, an increased frequency, intensity, or duration of any medical conditions, adverse reactions to medication, hospitalization, death, severe behavioral incidents, severe injury, running away, physical or verbal abuse to themselves or others.

"WAC" means the Washington Administrative Code, which contains the rules for administering the state laws (RCW).

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-010, filed 7/31/07, effective 9/1/07.]

COMPANION HOME SERVICES

WAC 388-829C-020 What are companion home residential services? (1) A companion home is a DDD residential service offered in the provider's home to no more than one client.

(2) Companion home residential services provide twenty-four hour instruction and support services.

(3) Companion home residential services are based on the client's ISP.

(4) Companion home residential services are provided by an independent contractor.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-020, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-030 Who may receive companion home residential services? Clients who may receive companion home residential services must:

(1) Be at least eighteen years old;

(2) Have an assessed need for companion home services; and

(3) Meet one of the following conditions:

(a) Be authorized by DDD to receive companion home residential services, as outlined in this chapter; or

(b) Have a written agreement with the provider to purchase companion home residential services using the client's own personal financial resources.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-030, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-040 Who is eligible to contract with DDD to provide companion home residential services? To be eligible to contract with DDD to provide companion home residential services, a person must:

(1) Be twenty-one years of age or older;

(2) Have a high school diploma or GED;

(3) Clear a background check conducted by DSHS as required by RCW 43.20A710;

(4) Have an FBI fingerprint-based background check as required by RCW 43.20A.710, if the person has not lived in the state continuously for the previous three years;

(5) Have a business ID number, as an independent contractor; and

(6) Meet the minimum skills and abilities described in WAC 388-829C-080.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-040, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-050 Who may not provide companion home residential services? DDD may not contract with any of the following to provide companion home residential services:

(1) The client's spouse.

(2) The client's natural, step, or adoptive parents.

(3) The client's court-appointed legal representative.

(4) Any person providing department paid services to any other DSHS client.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-050, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-060 Where are companion home residential services provided? (1) Companion home residential services are offered to clients living in the provider's home.

(2) The provider's home must be approved by DDD, to assure client health, safety, and well-being consistent with the requirements in this chapter.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-060, filed 7/31/07, effective 9/1/07.]

PROVIDER QUALIFICATIONS AND RESPONSIBILITIES

WAC 388-829C-070 Who must have a background check in the companion home? (1) All individuals living in the household, except the client, must have a current DSHS background check if they:

(a) Are at least sixteen years old; and

(b) Reside in the companion home.

(2) Household residents who have not lived in Washington continuously for the previous three years must also have an FBI fingerprint-based background check as required by RCW 43.20A.710.

(3) Background checks must be completed every two years or more frequently when requested by the department.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-070, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-080 What minimum skills and abilities must companion home providers demonstrate? Companion home providers must:

(1) Be able to read, understand, and provide services outlined in the ISP;

(2) Participate in the development of the ISP;

(3) Communicate in the language of the client served;

(4) Accommodate the client's individual preferences;

(5) Know the community resources, such as: Medical facilities, emergency resources, and recreational opportunities;

(6) Enable the client to keep in touch with family and friends in a way preferred by the client;

(7) Protect the client's financial interests;

(8) Fulfill reporting requirements as required in this chapter and the companion home contract;

(9) Know how and when to contact the client's representative and the client's case manager;

(10) Successfully complete the training required in this chapter;

(11) Maintain all necessary license, registration and certification required under this chapter, (see WAC 388-829C-110, 388-829C-130, 388-829C-190, and 388-829C-260); and

(12) Comply with all applicable laws, regulations and contract requirements.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-080, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-090 What values must companion home providers focus on when implementing the ISP? The companion home provider must focus on the following values when implementing the individual support plan (ISP):

(1) Health and safety;

(2) Personal power and choice;

(3) Competence and self-reliance;

(4) Positive recognition by self and others;

(5) Positive relationships; and

(6) Integration in the physical and social life of the community.

(1) Verify with the delegating registered nurse that they have complied with chapters 18.79 and 18.88 RCW and WAC 246-840-910 through 246-840-990 by presenting:

(a) A current NA-R or NA-C registration without restriction;

(b) Certification showing completion of the "nurse delegation for nursing assistants" class; and

(c) Certification showing completion of "fundamentals of caregiving" if the companion home provider is an NA-R.

(2) Receive client-specific training from the delegating registered nurse; and

(3) Renew nursing assistant registration/certification annually.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-190, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-200 When must a companion home provider become delegated to perform nursing tasks? (1) If a client needs registered nurse delegation, the companion home provider must comply with the requirements necessary to perform delegated nursing tasks before offering services to the client. (Note: A companion home provider may not offer support to a client whose needs they are unable to meet.)

(2) If the companion home provider is not eligible to perform nursing tasks, the task must be provided by a person legally authorized to do so such as an RN or LPN.

(3) The companion home provider must become eligible to perform nursing tasks within thirty days of the client being assessed to need medication administration.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-200, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-210 What records must the companion home provider keep regarding registered nurse delegation? (1) The companion home provider must keep the following records when participating in registered nurse delegation:

(a) Written instructions for performing the delegated task from the delegating RN;

(b) The most recent six months of documentation showing that the task was performed; and

(c) Validation of their current nursing assistant registration or certification.

(2) These records must be kept in the companion home and be accessible to the delegating nurse at all times.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-210, filed 7/31/07, effective 9/1/07.]

INDIVIDUAL SUPPORT PLAN

WAC 388-829C-220 What is an individual support plan (ISP)? (1) The individual support plan (ISP) is the primary tool DDD uses to:

(a) Determine and document the client's needs; and

(b) Identify the services to meet those needs.

(2) The existing plan of care (POC) for the client remains in effect until a new ISP is developed.

(3) The ISP must include (see chapter 388-828 WAC):

(a) The client's identified health and welfare needs;

(b) Both paid and unpaid services approved to meet the identified health and welfare needs;

(c) How often the client will receive each service;

(d) How long the client will need each service; and

(e) Who will provide each service.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-220, filed 7/31/07, effective 9/1/07.]

RESPITE

WAC 388-829C-230 Are companion home clients eligible to receive respite? Companion home clients are eligible to receive respite care to provide intermittent relief to the

companion home provider. The level of respite available to the companion home must be identified in the companion home contract.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-230, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-240 Where may respite care be provided? Respite care may be provided in the following location(s):

(1) The companion home where the client resides;

(2) Other places as designated in WAC 388-845-1610.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-240, filed 7/31/07, effective 9/1/07.]

TRANSPORTATION

WAC 388-829C-250 Are companion home providers responsible to transport a client? The companion home provider must ensure that all of the client's transportation needs are met, as identified in the client's ISP.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-250, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-260 What requirements must be met before a companion home provider transports a client? Before transporting a client, companion home providers must:

(1) Carry automobile insurance per chapters 46.29 and 46.30 RCW; and

(2) Reconcile the client's accounts, including cash accounts, on a monthly basis;

(3) Prevent the client's account from becoming overdrawn;

(4) Keep receipts for purchases over twenty-five dollars;

(5) Assist the client with any checks, if applicable;

(6) Protect the client's financial interests; and

(7) Ensure that the client is informed regarding how his or her money is being spent and that the client participates to the maximum extent possible in the decision making regarding his or her funds, consistent with responsible management of funds.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-280, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-290 What happens if a companion home provider mismanages a client's funds? (1) The companion home provider must reimburse the client, when responsible for mismanagement of client funds. The reimbursement includes any fees incurred as a result of the mismanagement, such as fees due to late payments.

(2) DDD may terminate the companion home contract if the provider has mismanaged client funds.

(3) Suspected exploitation of client finances must be reported to law enforcement and adult protective services.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-290, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-300 What documents must companion home providers keep to protect a client's financial interests? To protect the client's financial interests, companion home providers must keep documents for the funds they manage for clients.

(1) All accounts must include the following documents:

(a) Monthly bank statements and reconciliations initialed by the provider;

(b) Checkbook registers and bankbooks;

(c) Deposit receipts; and

(d) Receipts for purchases over twenty-five dollars.

(2) If the companion home provider manages the client's funds or is the payee, they must notify DDD when they are aware that the client's funds reach one thousand seven hundred dollars.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-300, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-310 Must clients pay for room and board in the companion home? (1) Clients who receive companion home residential services must pay monthly room and board directly to the companion home provider from their personal financial resources.

(2) The monthly room and board the client pays to the provider is specified in a room and board agreement and includes rent, utilities, and food.

(3) The room and board agreement must be:

(a) Developed by the client and the provider before the client moves into the companion home;

(b) Signed by the client, the client's legal representative and the provider; and

(c) Submitted to DDD for approval.

(4) Changes to the room and board agreement must be submitted to DDD for approval.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-310, filed 7/31/07, effective 9/1/07.]

EMERGENCY PLANNING

WAC 388-829C-410 What must companion home providers do when emergencies occur? (1) The companion home provider must develop an emergency response plan to address natural and other disasters and practice it with the client.

(2) In an emergency, the companion home provider must:

(a) Immediately call 911, in a life threatening emergency;

(b) Provide emergency services, then notify:

(i) The client's legal representative; and

(ii) The division of developmental disabilities.

(c) Submit a written report to DDD, as required by the DDD residential reporting requirements specified in the companion home contract.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-410, filed 7/31/07, effective 9/1/07.]

EVALUATION OF COMPANION HOMES

WAC 388-829C-420 How must DDD monitor and provide oversight for companion home services? DDD must provide oversight and monitoring of the companion home provider through an annual review and evaluation, to ensure that the client's needs are being met. The evaluation will be conducted in the home where the client and provider live.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-420, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-430 How often must the companion home be evaluated? (1) An initial evaluation must be completed with the first ninety days after the companion home provider begins serving the client.

(2) Following the initial evaluation, the companion home provider must be evaluated at least every twelve months.

(3) DDD may conduct additional reviews at its discretion.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-430, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-440 How must the companion home provider participate in the evaluation process? The companion home provider must participate in the evaluation process by:

(1) Allowing scheduled and unscheduled home visits by DDD staff and the DDD contracted evaluators;

(2) Providing information and documentation as requested by the DDD and the DDD contracted evaluators; and

(3) Cooperating in setting up appointments with DDD and the DDD contracted evaluators.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-440, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-445 What occurs during the review and evaluation process? During the review and evaluation process, DDD contracted evaluators will review compliance with this chapter, and the DDD companion home contract.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-445, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-450 What happens if the companion home provider is found to be out of compliance? If an evaluation finds the companion home provider out of compliance with any part of this chapter or the DDD contract, the provider and DDD must develop a corrective action plan.

(1) The corrective action plan must:

(a) Outline methods for the provider to comply with the required corrections; and

(b) Provide a time frame for the provider to complete the corrective actions.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-450, filed 7/31/07, effective 9/1/07.]

TERMINATION AND DENIAL OF A COMPANION HOME CONTRACT

WAC 388-829C-460 When may DDD stop the authorization for payment or terminate a contract for companion home services? DDD may stop the authorization for payment or terminate a contract for the services of a companion home provider, when that provider:

(1) Is no longer the client's choice of provider.

(2) Demonstrates inadequate performance or inability to deliver quality care which is jeopardizing the client's health, safety, or well-being. DDD may terminate the contract based on a reasonable, good faith belief that the client's health, safety, or well-being is in imminent jeopardy.

(3) Is unable to clear a background check or other individuals living in the companion home are unable to clear a background check required by RCW 43.20A.710.

(4) Has been convicted of a disqualifying crime, under RCW 43.43.830 and 43.43.842 or of a crime relating to drugs as defined in RCW 43.43.830.

(5) Has abused, neglected, abandoned, or exploited a minor or vulnerable adult, as defined in chapter 74.34 RCW.

(6) Has had a license, certification, or a contract for the care of children or vulnerable adults denied, suspended, revoked, or terminated for noncompliance with state and/or federal regulations.

(7) Does not successfully complete the training requirements within the time limits required in this chapter.

(8) Does not complete the corrective actions within the agreed upon time frame.

(9) Fails to comply with the requirements of this chapter or the companion home contract.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-460, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-470 When may DDD deny the client's choice of a companion home provider? DDD must deny a client's request to have a certain provider and must not enter into a contract with the person when any of the following exist:

(1) The person is the client's spouse, under 42 C.F.R. 441.360(g).

(2) The person is the client's natural/step/adoptive parent.

(3) The person is the client's court-appointed legal representative, unless the provider was contracted and paid to provide companion home services before February 2005.

(4) DDD has a reasonable, good faith belief that the provider will be unable to meet the client's needs. Examples of a provider's inability to meet the client's needs may include:

(a) Evidence of alcohol or drug abuse;

(b) A reported history of domestic violence, no-contact orders, or criminal conduct (whether or not the conduct is disqualifying under RCW 43.43.830 and 43.43.842);

(c) A report from the client's health care provider or another knowledgeable person that the requested provider lacks the ability or willingness to provide adequate support;

(d) Other employment or responsibilities that prevent or interfere with the provision of required services; or

(e) A reported history of mismanagement of client funds or DSHS contract violations.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-470, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-480 What if the companion home provider no longer wants to provide services to a client? (1) When a companion home provider no longer wants to provide services to a client, they must:

(a) Give at least thirty days written notice to:

(i) The client;

(ii) The client's legal representative; and

(iii) DDD.

(2) If an emergency occurs and services must be terminated immediately, the provider must give immediate notice to DDD, the client, and the client's representative.

(3) The companion home provider will be expected to continue working for thirty days unless otherwise determined by DDD.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-480, filed 7/31/07, effective 9/1/07.]

APPEAL RIGHTS

WAC 388-829C-490 What are the client's appeal rights if DDD denies, or terminates a companion home services contract? If DDD denies, or terminates a companion home services contract, the client has the right to an administrative hearing to appeal the decision, per chapter 388-02 WAC and WAC 388-825-120.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-490, filed 7/31/07, effective 9/1/07.]

WAC 388-829C-500 Does the provider of companion home services have a right to an administrative hearing? The provider of companion home services does not have a right to an administrative hearing.

[Statutory Authority: RCW 71A.12.30 [71A.12.030] and Title 71A RCW. 07-16-102, § 388-829C-500, filed 7/31/07, effective 9/1/07.]

Chapter 388-831 WAC
COMMUNITY PROTECTION PROGRAM

WAC

WAC 388-831-0010 Definitions. The definitions in this section apply throughout the chapter unless the context clearly requires otherwise.

"Certified community protection program residential services" means access to twenty-four hour supervision, instruction, and support services as identified in the person's individual support plan.

"Community protection program" See WAC 388-831-0020.

"Constitutes a risk to others" means a determination of a person's risk and/or dangerousness based upon a thorough assessment by a qualified professional. Actuarial risk assessment instruments should be used to supplement clinical judgment whenever appropriate.

"Department" means the department of social and health services.

"Developmental disability" means that condition defined in WAC 388-823-0040 and RCW 71A.10.020(3).

"Disclosure" means providing copies of professional assessments, incident reports, legal documents, and other information pertaining to community protection issues to ensure the provider has all relevant information. Polygraph and plethysmograph reports are excluded from disclosure.

"Division" means the division of developmental disabilities (DDD).

"Managed successfully" means that a person supported by a community protection program does not engage in the behavior identified in WAC 388-831-0030 and RCW 71A.12.210.

"Opportunistic behavior" means an act committed on impulse, which is not premeditated. In determining whether an act is opportunistic, the original motive or intent of the offense or crime will be considered.

"Predatory" means acts directed toward strangers, individuals with whom a relationship has been established or promoted for the primary purpose of victimization, or casual acquaintances with whom no substantial personal relationship exists. Predatory behavior may be characterized by planning and/or rehearsing the act, stalking, and/or grooming the victim.

"Program participant" means a person who has agreed to and is receiving services and supports in the community protection program.

"Qualified professional" means a licensed psychologist, psychiatrist, or a certified or affiliate sex offender treatment provider with at least three years prior experience working with individuals with developmental disabilities, and:

• If the person being assessed has demonstrated sexually aggressive or sexually violent behavior, that person must be assessed by a certified sex offender treatment provider, or affiliate sex offender treatment provider working under the supervision of a certified sex offender treatment provider; or

• If the person being assessed has demonstrated violent, dangerous, or aggressive behavior, that person must be assessed by a licensed psychologist or psychiatrist who has received specialized training in the treatment of or has at least three years prior experience treating violent or aggressive behavior.

"Restrictive procedures" or "Restrictions" means procedures that restrict a client's freedom of movement, restrict access to client property, prevent a client from doing something the client wants to do, require a client to do something the client does not want to do, or remove something the client owns or has earned.

"Risk assessment" means the written opinion of a qualified professional stating, at a minimum:

• Whether a person meets the criteria in WAC 388-831-0030 and RCW 71A.12.210; and

• What restrictions are necessary to keep people safe.

"Service provider" means a person or agency contracted with the department or a sub-contractor who delivers services and supports to a community protection program participant.

"Specialized environment" means a place where the program participant has agreed to supervision in a safe, structured manner specifying rules, requirements, restrictions, and expectations for personal responsibility in order to maximize community safety.

"Treatment team" means the program participant and the group of people responsible for the development, implementation, and monitoring of the person's individual supports and services. This group may include, but is not limited to, the case resource manager, therapist, residential provider, employment/day program provider, and the person's legal

representative and/or family, provided the person agrees to the family member's involvement.

"Violent offense" means any felony defined as a violent offense in RCW 9.94A.030.

"Waiver" means the community-based program funded under section 1915(c) of Title XIX of the federal social security act and chapter 388-845 WAC.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0010, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0020 What is the community protection program? (1) The community protection program is an array of services specifically designed to support persons who meet the definition of an "individual with community protection issues," as defined in WAC 388-831-0030.

(2) Community protection services and supports are designed to assist program participants to live safely and successfully in the community while minimizing the risk to public safety.

(3) Participation in the program is voluntary.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0020, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0030 Who are individuals with community protection issues? You are considered an individual with community protection issues if:

(1) You have been determined to have a developmental disability as defined in WAC 388-823-0040 and RCW 71A.10.020(3); and

(2) You have been identified by DDD as a person who meets one or more of the following:

(a) You have been charged with or convicted of a crime of sexual violence as defined in chapter 9A.44 or 71.09 RCW;

(b) You have been charged with or convicted of a crime involving sexual acts directed towards strangers or individuals with whom a relationship has been established or promoted for the primary purpose of victimization, or persons of casual acquaintance with whom no substantial personal relationship exists;

(c) You have been charged with or convicted of one or more violent crimes as defined in RCW 9.94A.030(45);

(d) You have not been charged with or convicted of a crime identified in (2)(a), (b), or (c) above, but you have a history of stalking, sexually violent, predatory and/or opportunistic behavior which demonstrates a likelihood to commit a sexually violent and/or predatory act based on current behaviors that may escalate to violence, as determined by a qualified professional; and

(3) You constitute a current risk to others as determined by a qualified professional.

(4) Charges or crimes that result in acquittal are excluded.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0030, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0040 Who is covered by these rules? These rules cover persons who are age eighteen or older and meet the criteria defined in WAC 388-831-0030.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0040, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0050 What steps are necessary for me to receive services through the community protection program? In order to receive services through the community protection program, you must:

(1) Receive an assessment of risk and/or dangerousness by a qualified professional, as specified in WAC 388-831-0060;

(a) You and your representative have the right to choose the qualified professional who is contracted with the state;

(b) The division will provide you with a list of these qualified professionals; and

(2) Be informed of the information contained in WAC 388-831-0070.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0050, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0060 What is contained in the risk assessment? (1) The risk assessment must be consistent with the guidelines for risk assessments and psychological or psychosexual evaluations developed by the division.

(2) The risk assessment must contain:

(a) A determination by a qualified professional whether your behaviors can be managed successfully in the community with reasonably available safeguards;

(b) A determination that lesser restrictive residential placement alternatives have been considered and would not be reasonable for your situation;

(c) Recommendations for treatment; and

(d) A list of necessary restrictions and the reason for them.

(3) The division may request an additional evaluation by a qualified professional who is contracted with the state.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0060, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0065 What if I refuse to participate in the risk assessment? (1) If you refuse to participate in the risk assessment, the division cannot determine what your health and safety needs are, or whether you can be supported successfully in the community with reasonable safeguards. You will not be eligible for any division services except for case management and medicaid personal care (if eligible under chapter 388-106 WAC).

(2) Your name will be placed on the specialized client database. This database identifies individuals who may present a danger to their communities.

(3) If DDD determines it can provide only case management and personal care, you and your legal representative will receive a notice of the determination that explains the decision and your right to appeal that decision.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0065, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0070 What type of information will I receive from the division when I am considered for placement in the community protection program? When you are considered for placement in the community protection program, the division will provide you and your legal representative the following information in writing:

(1) Limitations regarding the services that will be available due to your community protection issues;

(2) Disclosure requirements as a condition of receiving services other than case management;

(3) The requirement to engage in therapeutic treatment if it is a condition of receiving certain services;

(4) Anticipated restrictions that may be provided, such as intensive supervision and/or limited access to television viewing, reading material and videos;

(5) The right to decline services;

(6) The anticipated consequences of declining services, such as the loss of existing services and/or removal from waiver services;

(7) The right to an administrative hearing as specified in WAC 388-825-120 through 388-825-165, including an emergency adjudicative proceeding as specified in RCW 34.05.-479;

(8) The requirement to sign a preplacement agreement as a condition of receiving community protection program residential services;

(9) The right to retain current services as specified in WAC 388-825-145 or 388-825-150;

(10) The right to refuse to participate in the program; and

(11) Information about how to contact a disability rights organization.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0070, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0080 Will I be notified of the division's determination regarding placement in the community protection program? (1) If the division determines that you are appropriate for placement in the community protection program, you and your legal representative will receive in writing a determination by the division that you meet the criteria for placement within the community protection program and your right to appeal this decision.

(2) This notification does not guarantee placement within the community protection program.

(3) If the division determines that you are not appropriate for placement in the community protection program, you and your legal representative will receive a notice in writing of the determination by the division that you do not meet the criteria for placement within the community protection program.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0080, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0090 Will I be notified if the division determines that I cannot be managed successfully in the community protection program? If the division determines that your health and safety needs cannot be met and you cannot be managed successfully in the community protection program with reasonably available safeguards, you and your legal representative will receive this determination in writing.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0090, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0100 How do I apply for the community protection program? (1) You may apply for the community protection program by calling the regional DDD office or a local DDD office. The toll free regional numbers are:

WAC 388-831-0110 What information about me will be shared with others if I am offered services in the community protection program? (1) If you are offered services in the community protection program, the division will give information about you and your community protection issues to:

(a) Prospective community protection service providers; and

(b) Your current service providers.

(2) The division will not authorize any services without disclosure of your community protection issues.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0110, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0120 What will my services be like in the community protection program? Your community protection services will be:

(1) Consistent with your individual support and supervision needs as specified in your individual support plan;

(2) Consistent with your individual treatment plan, which includes your most recent treatment goals and current restrictions; and

(3) Provided in the least restrictive manner and environment that minimizes the likelihood of offending behavior.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0120, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0130 What services may I receive in the community protection program? (1) The division will only authorize services to program participants who follow the treatment recommendations made by the qualified professionals who assess and/or provide your treatment and are listed in WAC 388-845-0220.

(2) Your residential services must be provided by a certified community protection intensive supported living services provider. Community protection intensive supported living services provide:

(a) An opportunity for you to live successfully in the community;

(b) A specialized environment in which you are supported to make positive choices to reduce the behaviors that require intensive intervention and supervision.

(3) Your employment services as defined in WAC 388-845-1200, 388-845-1400, and 388-845-2100 must be provided by a qualified community protection employment program service provider.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0130, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0150 Who can provide my therapy in the community protection program? You and your representative have the right to choose the qualified professional to provide your therapy, subject to the following conditions:

(1) Your therapy must be provided by a qualified professional who:

(a) Has at least three years experience treating individuals with developmental disabilities and community protection issues;

(b) Is in good standing with the department of health, health professions quality assurance division;

(c) Is within a reasonable distance of your residence; and

(d) Is contracted with the department.

(2) Only a certified sex offender treatment provider (SOTP) or an affiliate sex offender treatment provider working under the supervision of a certified SOTP may provide sexual deviancy treatment.

(3) Any restrictive procedures used during your therapy or as part of your treatment must follow requirements for restrictive procedures developed by the department.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0150, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0160 What services may I receive if I refuse placement in the community protection program? If you are offered and refuse community protection program residential services, you may only receive case management services and medicaid personal care (if eligible under chapter 388-106 WAC).

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0160, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0200 How often will my progress be reviewed? (1) The treatment team will review your progress at least every ninety days.

(2) If a treatment team member has reason to believe that your circumstances have changed significantly, the team member may request that a risk reassessment be conducted at any time.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0200, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0210 What is included in the review of my progress? (1) The review of your progress will include:

(a) Evaluating the use of less restrictive measures;

(b) Making changes in your program as necessary;

(c) Reviewing all restrictions and recommending reductions, if appropriate.

(2) The therapist must write a report annually evaluating your risk of offense and/or risk of behaviors that are dangerous to you or others.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0210, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0220 When may I be considered for placement in a less restrictive residential setting? (1) If you demonstrate success in complying with reduced restrictions and remain free of any offense that may indicate a relapse for at least twelve months, you may be considered for placement in a less restrictive residential setting.

(2) If you request placement in a less restrictive residential setting and that request is denied, you and your legal representative will receive a notice of the determination by DDD, explaining the reason for the denial and your right to appeal this decision.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0220, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0230 What is the process to move me to a less restrictive residential setting? (1) The process to move you to a less restrictive residential setting will include:

(a) Written verification of your treatment progress and an assessment of low risk of reoffense and/or dangerousness by your therapist;

(b) A recommendation by your therapist that you are ready for reductions in supervision and restrictions;

(c) Development of a gradual phase out plan by the treatment team, projected over a reasonable period of time, which includes specific criteria for evaluating reductions in restrictions, especially supervision;

(d) Compliance with reduced restrictions;

(e) The absence of any incidents that may indicate relapse for a period of twelve months;

(f) An assessment by a qualified professional consistent with the division guidelines for risk assessment and psychosexual evaluations containing:

(i) An evaluation of your risk of reoffense and/or dangerousness; and

(ii) An opinion as to whether or not you can be managed successfully in a less restrictive community residential setting; and

(g) A recommendation as to suitable placement by the treatment team.

(2) When the treatment team agrees that you are ready to move to a less restrictive community residential placement, you will receive a written plan that details what supports and services, including the level of supervision, you will receive in the less restrictive community residential placement.

(3) If you meet the eligibility requirements described in WAC 388-845-0030, you are eligible for waiver services and will be placed on a waiver that meets your needs.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0230, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0240 Can I be terminated from the community protection program? You may be terminated from the community protection program by the division if:

(1) You physically assault program participants, staff or others;

(2) You repeatedly elope from the program or evade supervision;

(3) You engage in illegal behavior of any kind; or

(4) You refuse to comply with program and/or treatment guidelines to the extent that your therapist determines you are not amenable to treatment; or

(5) The division determines that your health and safety needs cannot be met in the program.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0240, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0250 Can I leave the community protection program at any time? Your participation in the community protection program is voluntary. However, if you leave the community protection program and DDD determines that you require the community protection program to meet your health and safety needs and those of the community, you will not be eligible for other DDD residential services or employment/day program services.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0250, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0260 What enforcement actions may the division take against a provider of residential services and support? The rules regarding the enforcement actions that the division may take against a provider of residential services and support may be found in WAC 388-101-4150 through 388-101-4190.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0260, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0300 What appeal rights do I have if I receive services through the division's community protection waiver? (1) You have the right to appeal decisions made by the division in accordance with WAC 388-825-120 through 388-825-165.

(2) In addition to the right to appeal department actions described in WAC 388-825-120(3), if you receive services through the division's community protection waiver you have the right to appeal the following decisions by the division:

(a) Termination of community protection waiver eligibility;

(b) Your assignment to the community protection waiver; and

(c) Denial of a request for a less restrictive community residential placement.

(3) You may appeal final administrative decisions pursuant to the provisions of RCW 34.05.510 through 34.05.598.

(4) You do not have the right to an administrative hearing on the division's decision denying you placement on the community protection waiver.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0300, filed 9/30/08, effective 10/31/08.]

WAC 388-831-0400 Am I entitled to placement on the community protection waiver? Nothing in these rules creates an entitlement to placement on the community protection waiver.

[Statutory Authority: RCW 71A.12.030 and 2006 c 303. 08-20-118, § 388-831-0400, filed 9/30/08, effective 10/31/08.]

Chapter 388-832 WAC
INDIVIDUAL AND FAMILY SERVICES PROGRAM

WAC

WAC 388-832-0001 What definitions apply to this chapter? The following definitions apply to this chapter:

"Agency provider" means a licensed and/or ADSA certified business that is contracted with ADSA or a county to provide DDD services (e.g., personal care, respite care, residential services, therapy, nursing, employment, etc.).

"Allocation" means an amount of funding available to the client and family for a maximum of twelve months, based upon assessed need.

"Authorization" means DDD approval of funding for a service as identified in the individual support plan or evidence of payment of a service.

"Back-up caregiver" is a person who has been identified as an informal caregiver and is available to provide assistance as an informal caregiver when other caregivers are unavailable.

"Client" means a person who has a developmental disability as defined in RCW 71A.10.020(3) who also has been determined eligible to receive services by the division under chapter 71A.16 RCW.

"DDD" means the division of developmental disabilities, a division within the aging and disability services administration (ADSA), department of social and health services (DSHS).

"Department" means the department of social and health services (DSHS).

"Emergency" means the client's health or safety is in jeopardy.

"Family" means individuals, of any age, living together in the same household and related by blood, marriage, adoption or as a result of sharing legal custody of a minor child.

"Family home" means the residence where you and your relatives live.

"Formal caregiver" is a person/agency who receives payment from DDD to provide a service.

"Individual provider" means an individual who is contracted with DDD to provide medicaid or waiver personal care, respite care, or attendant care services.

"Individual support plan" or **"ISP"** is a document that authorizes the DDD paid services to meet a client's needs identified in the DDD assessment.

"Informal caregiver" is a person who provides supports without payment from DDD for a service.

"Legal guardian" means a person/agency, appointed by a court, which is authorized to make some or all decisions for a person determined by the court to be incapacitated. In the absence of court intervention, parents remain the legal guardian for their child until the child reaches the age of eighteen.

"Parent family support contract" means a contract between DDD and the parent to reimburse the parent for the purchase of goods and services paid for by the parent.

"Pass through contract" means a contract between DDD and a third party to reimburse the third party for the purchase of goods and services paid for by the third party.

"Primary caregiver" is the formal or informal caregiver who provides the most support.

"Significant change" means changes in your medical condition, caregiver status, behavior, living situation or employment status.

"State funded services" means services that are funded entirely with state dollars.

"State supplementary payment" or **"SSP"** means a state paid cash assistance program for certain DDD clients eligible for supplemental security income per chapter 388-827 WAC.

"You" means the client.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0001, filed 8/5/08, effective 9/5/08.]

DESCRIPTION

WAC 388-832-0005 What is the individual and family services program? The "individual and family services program" (IFS program) is a state-only funded program that:

(1) Provides an array of services to families to help maintain and stabilize the family unit; and

(2) Replaces WAC 388-825-200 through 388-825-242 (the family support opportunity program), WAC 388-825-252 through 388-825-256 (the traditional family support program), WAC 388-825-500 through 388-825-595, (the flexible family support pilot program), and WAC 388-825-244 through 388-825-250 (other family support rules).

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0005, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0007 What is the purpose of the individual and family services (IFS) program? The purpose of the IFS program is to have one DDD family support program that will:

(1) Form a partnership between the state and families to help support families who have a client of DDD living in the family home; and

(2) Provide families with a choice of services and allow families more control over the resources allocated to them.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0007, filed 8/5/08, effective 9/5/08.]

ELIGIBILITY

WAC 388-832-0015 Am I eligible to participate in the IFS program? (1) You are eligible to be considered for the IFS program if you meet the following criteria:

(a) You are currently an eligible client of DDD;

(b) You live in your family home;

(c) You are not enrolled in a DDD home and community based services waiver defined in chapter 388-845 WAC;

(d) You are currently enrolled in traditional family support, family support opportunity or the family support pilot or funding has been approved for you to receive IFS program services;

(e) You are age three or older as of July 1, 2007;

(f) You have been assessed as having a need for IFS program services as listed in WAC 388-832-0140; and

(g) You are not receiving a DDD residential service.

(2) If you are a parent, you are eligible to receive IFS program services in order to promote the integrity of the family unit, provided:

(a) You meet the criteria in subsections (1)(a) through (f) above; and

(b) Your child who lives in your home is at risk of being placed up for adoption or into foster care.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0015, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0020 Will I be authorized to receive IFS services if I meet the eligibility criteria in WAC 388-832-0015? Meeting eligibility criteria for the IFS program does not ensure access to or receipt of the IFS program services.

(1) Receipt of IFS services is limited by availability of funding and your assessed need.

(2) WAC 388-832-0085 through 388-832-0090 describes how DDD will determine who will be approved to receive funding.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0020, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0022 What determines the allocation of funds available to me to purchase IFS services? The allocation of funds is based upon the IFS assessment described in chapter 388-828 WAC. The DDD assessment will determine your service level based on your assessed need.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0022, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0023 If I qualify for another DDD service, will my IFS program be reduced or terminated? Since your IFS amount is based on the assessed need, if your needs change, the dollar amount will be impacted. However, if you are qualified for another DDD service, you can still receive IFS as long as you continue to have an assessed need and have met the eligibility criteria for the IFS program.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0023, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0024 If I participate in the IFS program, will I be eligible for services through the DDD home and community based services (HCBS) waiver? (1) If you participate in the IFS program you may not participate in the DDD HCBS waiver at the same time.

(2) You may request enrollment in a DDD HCBS waiver at any time per WAC 388-845-0050.

(3) Participation in the IFS program will not affect your potential waiver eligibility.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0024, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0025 Am I eligible for the IFS program if I currently receive other DDD paid services? If you receive other nonwaiver DDD funded services, you may be eligible for the IFS program.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0025, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0045 What if there are two or more family members who are eligible for the IFS program? If there are two or more family members who are eligible for the IFS program, each family member will be assessed to determine their IFS program allocation based on their individual need.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0045, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0050 How do I request IFS program services? You may contact your DDD case/resource manager at any time to request IFS program services. You will receive written notice of DDD's approval or denial along with your administrative hearing rights.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0050, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0055 How long do I remain eligible for the IFS program? To remain eligible for the IFS program you must be reassessed at least every twelve months or sooner if there is a significant change in your needs per WAC 388-828-1500 and you must meet all eligibility criteria described in WAC 388-832-0015.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0055, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0060 Can DDD terminate my eligibility for the IFS program? You may be terminated from the IFS program for any of the following reasons:

(1) You no longer meet DDD eligibility per WAC 388-823-0010 through 388-823-0170;

(2) You no longer meet the eligibility criteria for the IFS program per WAC 388-832-0015;

(3) You have not used an IFS program service during the last twelve calendar months;

(4) You cannot be located or do not make yourself available for the annual DDD assessment;

(5) You refuse to participate with DDD in service planning; and/or

(6) You begin to receive a DDD residential service.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0060, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0065 If I go into a temporary out of home placement, will I be eligible for IFS upon my return home? You can apply for the IFS program once you return home from placement by contacting your DDD case manager, if your out of home placement does not exceed twelve months. Your case manager will schedule an assessment with you and, if you meet all the eligibility criteria described in WAC 388-832-0015, have an assessed need, and funding is available, you will receive an IFS program allocation.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0065, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0067 If I am a parent with a developmental disability and a client of DDD, are my children eligible for IFS program services? If you are a parent with a developmental disability and a client of DDD, your children may be eligible for IFS program services if funding is available and your children:

(1) Are ages birth through twenty-one years of age;

(2) Are at risk of out of home placement; and

(3) Live with you.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0067, filed 8/5/08, effective 9/5/08.]

INDIVIDUAL AND FAMILY SERVICES PROGRAM WAIT LIST

WAC 388-832-0070 What is the IFS program wait list? The IFS wait list is a list of clients who live with their family and the family has requested family support services. At the time of the family's request for IFS program services, funding was not available; therefore these clients were placed on the IFS program wait list effective on the date of their request.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0070, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0072 Who is eligible to be on the IFS program wait list? To be on the IFS wait list you must live in your family home and remain eligible for DDD services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0072, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0075 Do I have to have a DDD assessment before I can be added to the IFS wait list? You do not have to have a DDD assessment prior to your name being added to the IFS wait list.

(1) Your name and request date will be added to the wait list.

(2) A notice will be sent to you to let you know your name has been added to the IFS wait list.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0075, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0080 How or when am I taken off the IFS wait list? You are taken off the wait list if:

(1) You no longer live in your family home;

(2) You are no longer eligible for DDD services;

(3) You request your name to be removed from the IFS wait list;

(4) You do not respond to IFS notification to schedule the DDD assessment;

(5) You are offered IFS services and accept or refuse services;

(6) You are on the HCBS waiver; or

(7) Your DDD assessment determines you are not eligible for the IFS program.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0080, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0082 If the DDD assessment determines I am not eligible for the IFS program, may I remain on the IFS wait list? If the DDD assessment determines you

are not eligible for the IFS program, you may remain on the wait list; however, your request date will change to the date of your current assessment.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0082, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0085 When there is state funding available to enroll new clients in the IFS program, how will DDD select from the clients on the IFS program wait list? When there is state funding available for new IFS participants, DDD may enroll participants based on the following considerations:

(1) Clients who have requested residential habilitation center (RHC) respite, emergency services, or residential placement, prior to June 30, 2007.

(2) Clients with the highest scores in caregiver and behavior status on the mini assessment.

(3) Clients who have been on the IFS program wait list the longest.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0085, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0087 What happens next if I am selected from the IFS program wait list? If you are selected from the IFS program wait list:

(1) Your DDD case/resource manager will contact you, and determine if you meet the eligibility criteria for IFS program per WAC 388-832-0015 (1) though (6);

(2) If you meet the criteria per (1) above, your case/resource manager will schedule an appointment to complete your DDD assessment or reassessment.

(3) If you have not been receiving any DDD paid services, your DDD eligibility will need to be reviewed per WAC 388-823-1010(3)

(4) Your DDD eligibility must be completed prior to completing the DDD assessment.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0087, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0090 If I currently receive funding from the traditional family support program, the family support opportunity program or the family support pilot program, will I qualify for the IFS program? If you currently receive funding from the traditional family support program, the family support opportunity program or the family support pilot program, you qualify for the IFS program if you meet the eligibility criteria in WAC 388-832-0015.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0090, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0091 If I currently receive funding from the traditional family support program, the family support opportunity program or the family support pilot program, will that funding continue until my next assessment? If you currently receive funding from the traditional family support (TFS) program, the family support opportunity (FSO) program or the family support pilot (FSP) program, you will continue to receive funding under the TFS, FSO, or the FSP program until your next DDD assessment.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0091, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0095 What happens if DDD finds me ineligible for the IFS program? If you do not meet the criteria for the IFS program, DDD will terminate your individual and family services eligibility and funding. You will receive written notice of this decision along with your administrative hearing rights.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0095, filed 8/5/08, effective 9/5/08.]

ASSESSMENT

WAC 388-832-0100 What assessment will DDD use to assess my need? The DDD assessment will be used to assess your need. The DDD assessment is an assessment tool designed to measure the support needs of persons with developmental disabilities, and is described in chapter 388-828 WAC.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0100, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0110 Will DDD ask about my family's income? DDD is required to request family income information for:

(1) Families of children who are seventeen years of age or younger; and

(2) All individuals who are receiving state-only funded services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0110, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0113 Will my IFS allocation be impacted by my income? The amount of services you receive will be solely based on your assessed needs. Your income will not affect your level of service.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0113, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0114 What is family income? Family income is defined as the total unadjusted, annual family (or household) income from all sources for the last calendar year as reported to the Internal Revenue Service (IRS).

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0114, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0115 How is an individual's access to DDD paid services affected if family income information is not provided? An individual's access to DDD paid services is not affected when families decline to provide DDD with family income information.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0115, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0120 Will my IFS allocation be impacted if I am eligible for medicaid personal care services? If you meet financial and functional eligibility for medicaid personal care services, your IFS allocation will be adjusted according to WAC 388-828-9100 through 388-828-9140.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0120, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0123 Will my IFS allocation be impacted if I am eligible for private duty nursing or the medically intensive program? If you meet eligibility for private duty nursing described in WAC 388-106-1000, or the medically intensive program described in WAC 388-551-3000, your IFS allocation will be adjusted according to WAC 388-828-9100 through 388-828-9140.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0123, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0125 Will my IFS allocation be impacted if I am eligible for COPES? If you are eligible for COPES, your IFS allocation will not be adjusted.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0125, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0127 What if I have assessed needs that cannot be met by the IFS program? If you complete the DDD assessment and are assessed to have an unmet need and there is no approved funding to support that need, DDD will offer you referral information for ICF/MR services. In addition, DDD may:

(1) Provide information and referral for non-DDD community-based supports;

(2) Add your name to the waiver data base, if you have requested enrollment in a DDD HCBS waiver per chapter 388-845 WAC; and

(3) Request short term emergency services as an exception to rule (ETR) per WAC 388-440-0001. Approval is required by the director of DDD or designee.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0127, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0128 When is the individual support plan effective? (1) For an initial individual support plan, the plan is effective the date DDD signs and approves it after a signature or verbal consent is obtained.

(2) For a reassessment or review of the individual support plan, the plan is effective the date DDD signs and approves it after a signature or verbal consent is obtained.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0128, filed 8/5/08, effective 9/5/08.]

ALLOCATION

WAC 388-832-0130 What is the amount of the IFS program allocation my family is going to receive? The DDD assessment, described in chapter 388-828 WAC, will determine your level of need. The IFS program annual allocations are as follows:

(1) Level 1 - Up to $2,000;

(2) Level 2 - Up to $3,000;

(3) Level 3 - Up to $4,000; and

(4) Level 4 - Up to $6,000.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0130, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0132 May I request to exceed the level at which I was assessed? (1) The DDD assessment was designed to measure the support needs of persons with developmental disabilities; therefore your level may not exceed the level at which you were assessed.

(2) If a significant change occurs, you may contact your DDD case manager for a possible reassessment of your support needs.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0132, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0135 How can my family use its IFS program allocation? Your IFS program allocation is available to pay for any of the services listed in WAC 388-832-0140 if:

(1) The service need relates to and results from your developmental disability, and

(2) The need is identified in your DDD assessment and identified on your ISP.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0135, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0136 If I have a family support reimbursement contract, can DDD ask me to verify my purchases through reviewing receipts? (1) If you have a family support reimbursement contract, you will first need prior approval from your DDD case manager and then DDD will ask you to verify your purchases through reviewing receipts.

(2) You need to submit receipts to your case manager whenever you are asking for reimbursement.

(3) Your request for reimbursement must be received within ninety days of the date that the service was received and no later than thirty days after the end of your allocation year.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0136, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0137 May I use my allocation over a two year period for large costly expenditures? (1) You may not use your allocation over a two year period for a large costly expenditure.

(2) Your annual allocation must be used during the twelve month period your assessed needs were determined.

(3) If you do not use all of your allocation, your remaining dollars do not carry over to next year's allocation.

(4) If at least some of your IFS program services are not used in the twelve month period, you will be terminated from the IFS program.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0137, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0139 If I have a significant change assessment, what happens to my allocation? If you have a significant change assessment, one of the following changes may occur under WAC 388-828-9000 through 388-828-9140:

(1) If the algorithm does not change your IFS program level, your funding will not change.

(2) If the algorithm changes your level to a higher IFS program level, the difference is added to your fiscal years allocation.

(3) If the algorithm changes your level to a lower IFS program level, your allocation will not be changed until your next annual assessment. At that time your allocation will be calculated with your current information.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0139, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0260 Are there limitations to the transportation services I can receive? The following limitations apply to transportation services:

(1) Transportation to/from medical or medically related appointments is a medicaid transportation service and is to be considered and used first.

(2) Transportation is offered in addition to medical transportation but cannot replace medicaid transportation services.

(3) Transportation is limited to travel to and from an IFS program service.

(4) Transportation does not include the purchase of a bus pass.

(5) Reimbursement for provider mileage requires prior approval by DDD and is paid according to contract.

(6) This service does not cover the purchase or lease of vehicles.

(7) Reimbursement for provider travel time is not included in this service.

(8) Reimbursement to the provider is limited to transportation that occurs when you are with the provider.

(9) You are not eligible for transportation services if the cost and responsibility for transportation is already included in your provider's contract and payment.

(10) Transportation services require prior approval by the DDD regional administrator or designee.

(11) Per diem costs may be reimbursed with prior approval from DDD regional administrator or designee to access medical services if over one hundred fifty miles one way for client receiving medical services and one family member.

(12) Air ambulance costs due to an emergency may be reimbursed after insurance, deductibles, medicaid and other resources have been exhausted not to exceed your annual IFS allocation.

(13) The need for transportation services must be identified in your ISP and, in combination with other IFS services, cannot exceed your IFS allocation.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0260, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0308 How is parent/sibling education paid? Parent/sibling education may be a reimbursable expense through the parent family support contract, the pass through contract or directly to the contracted provider.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0308, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0310 Are there limitations to parent/sibling education? (1) Parent/sibling education does not include conference fees or lodging.

(2) Viewing of VHS or DVD at home by yourself does not meet the definition of parent or sibling education.

(3) The need for parent/sibling education must be identified in your ISP and, in combination with other IFS services, cannot exceed your IFS allocation.

(4) Prior approval by regional administrator or designee is required.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0310, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0315 What are recreational opportunities? (1) Recreational opportunities are activities that may be available to children and adults with a developmental disability such as summer camps, YMCA activities, day trips or typical activities available in your community.

(2) Recreational opportunities may include memberships in civic groups, clubs, crafting classes, or classes outside of K-12 school curriculum or sport activities.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0315, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0320 How are recreational opportunities paid for? Recreational opportunities may be a reimbursable expense through the parent family support contract and the pass through contract.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0320, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0325 Are there limitations to recreation opportunities? (1) The recreational opportunities must occur in your community or the bordering states addressed in WAC 388-832-0331.

(2) The need for recreation opportunities must be identified in your ISP and, in combination with other IFS services, cannot exceed your IFS allocation.

(3) DDD does not pay for recreational opportunities that may pose a risk to individuals with disabilities or the community at large.

(4) Prior approval by regional administrator or designee is required.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0325, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0330 Does my family have a choice of IFS program services? In collaboration with your case manager and based upon your assessed need, you may choose the services available with this program.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0330, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0331 May I receive IFS program services out-of-state? You may receive IFS program services in a recognized out-of-state bordering city on the same basis as in-state services. The only recognized bordering cities are: Coeur d'Alene, Moscow, Sandpoint, Priest River and Lewiston Idaho; and Portland, The Dalles, Hermiston, Hood River, Rainier, Milton-Freewater, and Astoria, Oregon.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0331, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0332 Will I have a choice of provider? You may choose a qualified individual, agency or licensed provider within the guidelines described in WAC 388-825-300 through 388-825-400. These WACs describe:

(1) Qualifications for individuals and agencies providing DDD services in the client's residence or the provider's residence or other settings; and

(2) Conditions under which DDD will pay for the services of an individual provider or a home care agency provider or other provider.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0332, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0333 What restrictions apply to the IFS program services? The following restrictions apply to the IFS program services:

(1) IFS program services are authorized only after you have accessed what is available to you under medicaid, including medicaid personal care, and any other private health insurance plan, school, or child development services.

(2) All IFS program service payments must be agreed to by DDD and you in your ISP.

(3) DDD will contract directly with a service provider or parent for the reimbursement of goods or services purchased by the family member.

(4) DDD will not pay for treatment determined by DSHS/MAA or private insurance to be experimental.

(5) Your choice of qualified providers and services may be limited to the most cost effective option that meets your assessed need.

(6) The IFS program will not pay for services provided after the death of the eligible client. Payment may occur after the date of death, but not the service.

(7) DDD's authorization period will start when you agree to be in the IFS program and have given written or verbal approval for your ISP. The period will last up to one year and may be renewed if you continue to need and utilize services. If you have not utilized the services within one year period you will be terminated from this program.

(8) IFS program will not pay for psychological evaluations or testing, or DNA testing.

(9) Supplies/materials related to community integration or recreational activities are the responsibility of the family.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0333, filed 8/5/08, effective 9/5/08.]

ONE-TIME AWARDS

WAC 388-832-0335 What is a one-time award? One-time awards are payments to individuals and families who meet the IFS program eligibility requirements and have a one

time unmet need not covered by any other sources for which they are eligible. One-time awards can only be used for architectural/vehicular modifications, or specialized equipment.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0335, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0340 Who is eligible for a one-time award? You are eligible to be considered for a one-time award if:

(1) You are not currently authorized for IFS program services in your ISP.

(2) You meet the eligibility for the IFS program.

(3) The need is critical to the health or safety of you or your caregiver and you and your family have no other resource to meet the need or your resources do not cover all of the expense.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0340, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0345 Are there limitations to one-time awards? (1) One-time awards are limited to architectural/vehicular modifications or specialized equipment.

(2) One-time awards cannot exceed six thousand dollars in a twenty-four month period.

(3) One-time awards must be approved by the director of DDD or designee.

(4) Eligibility for a one-time award does not guarantee approval and authorization of the service by DDD. Services are based on availability of funding.

(5) One-time awards will be prorated by the number of other members in the household who use these modifications or specialized equipment.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0345, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0350 How do I apply for the one-time award? If you have a need for a one-time award, you can make the request to your case manager.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0350, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0353 Do I need to have a DDD assessment before I receive a one-time award? You need to have a DDD assessment prior to receiving a one-time award.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0353, filed 8/5/08, effective 9/5/08.]

EMERGENCY

WAC 388-832-0355 What is an emergency service? Emergency services are respite care, behavior management or nursing services in response to a single incident, situation or short term crisis.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0355, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0360 What situations qualify for emergency services? The following situations qualify as an emergency:

(1) You lose your family caregiver due to caregiver hospitalization, or death;

(2) There are changes in your caregiver's mental or physical status resulting in your family caregiver's inability to perform effectively for you; or

(3) There are significant changes in your emotional or physical condition that require emergency services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0360, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0365 Who is a qualified provider of emergency services? The provider of the service you need to meet your emergency must meet the provider qualifications required to contract for that specific service per the following:

(1) Respite per WAC 388-832-0155.

(2) Behavior management per WAC 388-832-0285.

(3) Nursing per WAC 388-845-1705.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0365, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0366 What limitations apply to emergency services? (1) Emergency services may be granted to individuals and families who are on the IFS wait list and have an emergent need.

(2) Funds are provided for a limited period not to exceed sixty days.

(3) All requests are reviewed and approved or denied by the regional administrator or designee.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0366, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0367 What if the client or family situation requires more than sixty days of emergency service? (1) Emergency services are limited to sixty days.

(2) DDD will conduct an administrative review of other DDD services to determine if the need can be met through other services.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0367, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0369 Do I need to have a DDD assessment before I receive an emergency service? You do not need to have a DDD assessment prior to receiving an emergency service; however the regional manager/designee may request a DDD assessment for a client at any time.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0369, filed 8/5/08, effective 9/5/08.]

GRANTS

WAC 388-832-0370 What are the IFS community service grants? Community service grants are grants to agencies or individuals funded by the IFS program to promote community oriented projects that benefit families. Community service grants may fund long-term or short-term projects that benefit children and/or adults.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0370, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0375 How does a proposed project qualify for funding? To qualify for funding, a proposed project must:

(1) Address one or more of the following topics:

(a) Provider support and development;

(b) Parent helping parent; or

(c) Community resource development for inclusion of all.

(2) Meet most of the following goals:

(a) Enable families to use generic resources which are integrated activities and/or resources community members typically have access to;

(b) Reflect geographic, cultural and other local differences;

(c) Support families in a variety of noncrisis-oriented ways;

(d) Prioritize support for unserved families;

(e) Address the diverse needs of Native Americans, communities of color and limited or non-English speaking groups;

(f) Be family focused;

(g) Increase inclusion of persons with developmental disabilities;

(h) Benefit families who have children or adults eligible for services from DDD and who do not receive other DDD paid services; and

(i) Promote community collaboration, joint funding, planning and decision making.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0375, filed 8/5/08, effective 9/5/08.]

HEARINGS AND APPEALS

WAC 388-832-0460 How will DDD notify me on their decisions? Your case resource manager will call you and send a written planned action notice per WAC 388-825-100.

[Statutory Authority: RCW 71A.12.030, 71A.12.040, and 2007 c 283. 08-16-121, § 388-832-0460, filed 8/5/08, effective 9/5/08.]

WAC 388-832-0470 What are my appeal rights under the individual family services program? You have the appeal rights described in WAC 388-825-100 through 388-825-165.

PURPOSE

WAC 388-835-0005 What is the purpose of this chapter? (1) The purpose of this chapter is to establish rules authorized by Title 71A RCW, Developmental disabilities that:

(a) Regulate the purchase and provision of services in intermediate care facility for the mentally retarded (ICF/MR); and

(b) Assure adequate ICF/MR care, service, and protection are provided through licensing and certification procedures; and

(c) Establish standards for providing habilitative training, health-related care, supervision, and residential services to eligible persons.

(2) Except where specifically referenced, this chapter supersedes and replaces any and all sections affecting ICF/MR facilities or programs contained in chapter 388-96 WAC.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0005, filed 4/20/01, effective 5/21/01.]

DEFINITIONS

WAC 388-835-0010 What terms and definitions are important to understanding this chapter? Unless the context clearly requires otherwise, the following terms and definitions are used consistently throughout the chapter:

"Accrual method of accounting" is a method of accounting where:

(1) Revenues are reported when they are earned, regardless of when they are collected; and

(2) Expenses are reported when they are incurred, regardless of when they are paid.

"Active treatment," as used in this chapter, is defined in 42 CFR 483.440(a) and includes implementation of an individual program plan for each resident as outlined in 42 CFR 483.440 (c) through (f).

"Administration and management" means activities used to maintain, control, and evaluate an organization's use of resources while pursuing its goals, objectives and policies.

"Admission" means entering a state-certified facility and being authorized to receive services from it.

"Allowable costs" are documented costs that:

(1) Are necessary, ordinary, and related to providing ICF/MR services to ICF/MR residents; and

(2) Not expressly declared **"nonallowable"** by applicable statutes or regulations.

"Appraisal" is a process performed by a professional person either designated by the American Institute of Real Estate Appraisers as a member, appraisal institute (MAI), or by the Society of Real Estate Appraisers as a senior real estate analyst (SREA) or a senior real property appraiser (SRPA). The appraisal process is used to establish the fair market value of an asset or to reconstruct the historical cost of an asset that was acquired in a past period. The appraisal process includes recording and analyzing property facts, rights, investments and values based on a personal inspection and a property inventory.

"Arm's-length transaction" is a transaction resulting from good faith bargaining between a buyer and seller who hold adverse positions in the market place. Arm's-length transactions are presumed to be objective transactions. A sale or exchange of ICF/MR or nursing home facilities among two or more parties where all parties continue to own one or more of the facilities involved in the transaction is not considered an arm's-length transactions. The sale of an ICF/MR facility that is subsequently leased back to the seller within

five years of the date of sale is not considered an arm's-length transaction for purposes of chapter 388-835 WAC.

"Assets" are economic resources of the provider, recognized, and measured in conformity with generally accepted accounting principles. Assets also include deferred charges that are recognized and measured according to generally accepted accounting principles. (The value of assets acquired in a change of ownership transaction entered into after September 30, 1984, cannot exceed the acquisition cost of the owner of record as of July 18, 1984.)

"Bad debts" or **"uncollectable accounts"** are amounts considered uncollectable from accounts and notes receivable. Generally accepted accounting principles must be followed when accounting for bad debts.

"Beds," unless otherwise specified, means the number of set-up beds in an ICF/MR facility. The number of set-up beds cannot exceed the number of licensed beds for the facility.

"Beneficial owner": For a definition, see WAC 388-835-0015.

"Boarding home" means any home or other institution licensed according to the requirements of chapter 18.20 RCW.

"Capitalization" means recording expenditures as assets.

"Capitalized lease" is a lease that is recorded, according to generally accepted accounting principles, as an asset with an associated liability.

"Cash method of accounting" is a method of accounting where revenues are recorded only when cash is received and expenses are not recorded until cash is paid.

"Change of ownership," see WAC 388-835-0020.

"Charity allowances" are reductions in a provider's charges because of the indigence or medical indigence of a resident.

"Consent" means the process of obtaining a person's permission before initiating procedures or actions against that person.

"Contract" means a contract between the department and a provider for the delivery of ICF/MR services to eligible medicaid recipients.

"Provider" means an entity contracting with the department to deliver ICF/MR services to eligible medicaid recipients.

"Courtesy allowances" are reductions in charges to physicians, clergy, and others for services received from a provider. Employee fringe benefits are not considered courtesy allowances.

"Custody" means the immediate physical confinement, sheltering and supervision of a person in order to provide them with care and protect their welfare.

"DDD" means the division of developmental disabilities of the department.

"Department" means the department of social and health services (DSHS) and its employees.

"Depreciation" is the systematic distribution of the cost (or depreciable base) of a tangible asset over its estimated useful life.

"Discharge" means the process that takes place when:

(1) A resident leaves a residential facility; and

(2) The facility relinquishes any responsibility it acquired when the resident was admitted.

"Donated asset" is an asset given to a provider without any payment in cash, property, or services. An asset is not considered donated if the provider makes a nominal payment when acquiring it. An asset purchased using donated funds is not a donated asset.

"Entity" means an individual, partnership, corporation, public institution established by law, or any other association of individuals, capable of entering into enforceable contracts.

"Equity capital" is the total tangible and other assets that are necessary, ordinary, and related to resident care listed on a provider's most recent cost report minus the total related long-term debt from the same cost report plus working capital as defined in this section.

"Exemption" means a department approved written request asking for an exception to a rule in this chapter.

"Facility" means a residential setting certified, according to federal regulations, as an ICF/MR by the department. A state facility is a state-owned and operated residential living center. A private facility is a residential setting licensed as a nursing home under chapter 18.51 RCW or a boarding home licensed under chapter 18.20 RCW.

"Fair market value" is the purchase price of an asset resulting from an arm's-length transaction between a well-informed buyer and seller, neither being under any compulsion to buy or sell.

"Financial statements" are statements prepared and presented according to generally accepted accounting principles and practice and the requirements of this chapter. Financial statements and their related notes include, but are not limited to, balance sheet, statement of operations, and statement of change in financial position.

"Fiscal year" is the operating or business year of a provider. Providers report on the basis of a twelve-month fiscal year, but this chapter allows reports covering abbreviated fiscal periods.

"Funded capacity," for a state facility, is the number of beds on file with the office of financial management.

"Generally accepted accounting principles" are the accounting principles currently approved by the financial accounting standard board (FASB).

"Generally accepted auditing standards" are the auditing standards currently approved by the American Institute of Certified Public Accountants (AICPA).

"Goodwill" is the excess of the purchase price of a business over the fair market value of all identifiable, tangible, and intangible assets acquired. **"Goodwill"** also means the excess of the price paid for an asset over fair market value.

"Habilitative services" means those services required by an individual habilitation plan.

"Harmful" is when an individual is at immediate risk of serious bodily harm.

"Historical cost" is the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architects' fees, and engineering studies.

"Imprest fund" is a fund:

(1) Regularly replenished for the amounts expended from it; and

(2) The cash in the fund and the receipts for expenditures should always equal a predetermined amount.

(3) An example of an imprest fund is a petty cash fund.

"ICF/MR" means a facility certified by Title XIX as an intermediate care facility for providing services to persons with mental retardation or related conditions.

"Interest" is the cost incurred for the use of borrowed funds, generally paid at fixed intervals by the borrower.

"Joint facility costs" are any expenses incurred that benefit more than one facility or a facility and any other entity.

"Lease agreement" is a contract for a specified period of time between two parties regarding the possession and use of real or personal property and/or assets in exchange for specified periodic payments.

"Medicaid program" means either the state medical assistance program provided under RCW 74.09.500 or authorized state medical services.

"Medical assistance recipient" is an individual that the department declares eligible for medical assistance services provided in chapter 74.09 RCW.

"Modified accrual method of accounting" is a method of accounting that records revenues only when cash is received and records expenses when they are incurred, regardless of when they are paid.

"Net book value" is the historical cost of an asset less its accumulated depreciation.

"Nonallowable costs" are costs that are not documented, necessary, ordinary and related to providing services to residents.

"Nonrestricted funds" are donated funds not restricted to a specific use by the donor. General operating funds are an example of nonrestricted funds.

"Nursing facility" means a home, place, or institution, licensed or certified according to chapter 18.51 RCW.

"Operating lease" is a lease, according to generally accepted accounting principles, that requires rental or lease payments to be charged to current expenses when they are incurred.

"Ordinary costs" are costs that, by their nature and magnitude, a prudent and cost conscious management would pay.

"Owner" means a sole proprietor, general or limited partner, or beneficial interest holder of at least five percent of a corporation's outstanding stock.

"Ownership interest" means all beneficial interests owned by a person (calculated in the aggregate) regardless of the form such beneficial ownership takes. Also, see WAC 388-835-0015.

"Per diem costs" or **"per resident day costs"** are total allowable costs for a fiscal period divided by total resident days for that same period.

"Prospective daily payment rate" is the daily amount the department assigns to each provider for providing services to ICF/MR residents. The rate is used to compute the department's maximum participation in the provider's cost.

"Qualified mental retardation professional (QMRP)" means QMRP as defined under 42 CFR 483.430 (a).

"Qualified therapist," see WAC 388-835-0030.

"Regression analysis" is a statistical technique used to analyze the relationship between a dependent or criterion variable and a set of independent or predictor variables.

"Regional services" are the services of a local office of the division of developmental disabilities.

"Related organization" is an entity that either controls another entity or is controlled by another entity or provider. Control results from common ownership or the ability to exercise significant influence on the other entity's activities. Control occurs when an entity or provider has:

(1) At least a five percent ownership interest in the other entity; or

(2) The ability to influence the activities of the other.

"Relative" means spouse; natural parent, child, or sibling; adopted child or adoptive parent; stepparent, stepchild, stepbrother, stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law; grandparent or grandchild; uncle, aunt, nephew, niece, or cousin.

"Resident" or **"person"** means a person the division determines is, under RCW 71A.16.040 eligible for division-funded services.

"Resident day" means a calendar day of resident care. When computing calendar days of resident care, the day of admission is always counted. The day of discharge is counted only when discharge and admission occur on the same day. For the purpose of this definition, a person is considered admitted when they are assigned a bed and a resident record is opened for them.

"Resident care and training staff" are staff whose primary responsibility is the care and development of the residents, including:

(1) Resident activity program;

(2) Domiciliary services; and

(3) Habilitative services under the supervision of a QMRP.

"Restricted fund" is a fund where the donor restricts the use of the fund principal or income to a specific purpose. Restricted funds generally fall into one of three categories:

(1) Funds restricted to specific operating purposes; or

(2) Funds restricted to additions of property, plant, and equipment; or

(3) Endowment funds.

"RHC" - Residential habilitation center. A facility owned and operated by the state and is certified as an ICF/MR or a nursing facility.

"Secretary" means the secretary of DSHS.

"Start-up costs" are the one-time costs incurred from the time preparations begin on a newly constructed or purchased building until the first resident is admitted. Such **"preopening"** costs include, but are not limited to, administrative and nursing salaries, utility costs, taxes, insurance, repairs and maintenance, and training costs. Start-up costs do not include expenditures for capital assets.

"Superintendent" means the superintendent of a residential habilitation center (RHC) or the superintendent's designee.

"Title XIX" means the 1965 amendments to the Social Security Act, P.L. 89-07, as amended.

"Uniform chart of accounts" means a list of department established account titles and related code numbers that providers must use when reporting costs.

"Vendor number" or **"provider number"** is a number assigned by the department to each provider who delivers ICF/MR services to ICF/MR medicaid recipients.

"Working capital" is the difference between the total current assets that are necessary, ordinary, and related to resident care, as reported in a provider's most recent cost report, and the total current liabilities necessary, ordinary, and related to resident care reported in the same cost report.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0010, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0015 What is a "beneficial owner"? A beneficial owner is any person who:

(1) Has or shares, by contract, arrangement, understanding, relationship, or otherwise, the power to:

(a) Vote or direct the voting of an ownership interest; and/or

(b) Invest, including the power to dispose of or direct the disposition of an ownership interest.

(2) Creates or uses a trust, proxy, power of attorney, pooling arrangement, or any other contract, arrangement, or device to divest a beneficial owner of their ownership or prevent the vesting of their ownership in order to evade the reporting requirements of this chapter;

(3) Has the right to acquire a beneficial ownership interest within sixty days of one of the following occurring:

(a) Exercising any option, warrant, or right;

(b) Converting an ownership interest;

(c) Revoking a trust, discretionary account, or similar arrangement; or

(d) Automatically terminating a trust, discretionary account, or similar arrangement.

(e) Any person acquiring an ownership interest by exercising (a), (b) or (c) of this subsection must be deemed the beneficial owner of that interest.

(4) In the ordinary course of business, according to a written pledge agreement, becomes a pledge of an ownership interest. A pledge must not be deemed the beneficial owner of a pledged ownership interest except when all of the following conditions are met:

(a) The pledge must follow all the steps in the pledge agreement and:

(i) Declare a default and determine the power to vote;

(ii) Direct the vote; or

(iii) Dispose of the pledged ownership interest; or

(iv) Direct how the disposition of the pledged ownership interest will take place.

(b) The agreement must:

(i) Be bona fide;

(ii) Not change or influence a provider's control; and

(iii) Not be related to any transaction attempting to change or influence a provider's control.

(c) The agreement, before default, cannot grant the pledge the power to:

(i) Vote or direct the vote of the pledged ownership interest; or

(ii) Dispose or direct the disposition of the pledged ownership interest except where credit is extended and the pledge is a broker or dealer.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0015, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0020 What is a "change in ownership"? (1) A "change in ownership" is a change in the individual or legal organization responsible for the daily operation of an ICF/MR facility.

(2) Types of events causing a change in ownership include but are not limited to:

(a) Changing the form of legal organization of the owner, such as a sole proprietorship becomes a partnership or corporation;

(b) Transferring the title to the ICF/MR enterprise from the provider to another party;

(c) Leasing the ICF/MR facility to another party or an existing lease is terminated;

(d) When the provider is a partnership, any event that dissolves the partnership;

(e) When the provider is a corporation and the corporation:

(i) Is dissolved;

(ii) Merges with another corporation which is the survivor; or

(iii) Consolidates with one or more other corporations to form a new corporation.

(3) Ownership does not change when:

(a) The provider contracts with another party to manage the facility and act as the provider's agent subject to the provider's general approval of daily operating decisions; or

(b) When the provider is a corporation, some or all of its corporate stock is transferred.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0020, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0025 How can lease agreements be terminated? (1) Lease agreements can be terminated by:

(a) Eliminating or adding parties to the agreement;

(b) Expiration of the agreement;

(c) Modifying of any lease term in the agreement;

(d) Terminating the agreement by any means by either party; or

(e) Extending or renewing the agreement, even if done according to its renewal provision, creates a new agreement and effectively terminates the old one.

(2) A strictly formal change in a lease agreement modifying the method, frequency, or manner in which lease payments are made without increasing the total payment obligation of the lessee is not considered a modification of the lease terms.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0025, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0030 What is a "qualified therapist"? A qualified therapist is any of the following:

(1) An activity specialist who has department specified specialized education, training, or experience;

(2) An audiologist eligible for a certificate of clinical competency in audiology or possessing the equivalent education and clinical experience;

(3) A dental hygienist defined, licensed and regulated by chapter 18.29 RCW;

(4) A dietitian either:

(a) Eligible for registration by the American Dietetic Association under requirements in effect on January 17, 1974; or

(b) With a baccalaureate degree whose major studies covered food and nutrition, dietetics, or food service management; plus one year supervisory experience in the dietetic service of a health care institution; and annual participation in continuing dietetic education;

(5) An occupational therapist who graduated from a program in occupational therapy or who possesses the equivalent of such education or training and meets all Washington state legal requirements;

(6) A pharmacist who is licensed by the Washington state board of pharmacy to engage in the practice of pharmacy;

(7) A physical therapist, meaning someone practicing physical therapy as defined in RCW 18.74.010(3). Physical therapist does not include massage operators as defined in RCW 18.108.010;

(8) A physician as defined, licensed and regulated by chapter 18.71 RCW or an osteopathic physician as defined, licensed and regulated by chapter 18.57 RCW;

(9) A psychologist as defined, licensed and regulated by chapter 18.83 RCW;

(10) A qualified mental retardation professional;

(11) A registered nurse as defined by chapter 18.88A RCW;

(12) A social worker who is a graduate of a school of social work; or

(13) A speech pathologist either:

(a) Eligible for a certificate of clinical competence in speech pathology; or

(b) Possessing the equivalent education and clinical experience.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0030, filed 4/20/01, effective 5/21/01.]

EXEMPTIONS

WAC 388-835-0035 Does DSHS grant exemptions to these rules? (1) DSHS may approve an exemption to a specific rule in this chapter if an:

(a) Assessment of the request concludes that the exemption will not undermine the legislative intent of Title 71A RCW, Developmental disabilities; and

(b) Evaluation of the request shows that the exemption will not adversely effect the quality of service, supervision, health, and safety of department-served persons.

(2) Agencies and individual providers must retain a copy of each department-approved exemption.

(3) Actions regarding exemption requests are not subject to appeal.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0035, filed 4/20/01, effective 5/21/01.]

GENERAL REQUIREMENTS

WAC 388-835-0040 What general requirements apply to ICF/MR care facilities? The following general requirements apply:

(1) The division will recognize only the official name of an ICF/MR as shown on the license.

(2) All state and private ICF/MR facilities must be certified as a Title XIX IMR ICF/MR facility.

(3) All private ICF/MR facilities with a certified capacity of at least sixteen beds must be licensed as a nursing home under chapter 18.51 RCW, Nursing homes.

(4) All private ICF/MR facilities with a certified capacity of less than sixteen beds must be licensed as a boarding home for the aged under chapter 18.20 RCW.

(5) All facilities certified to provide ICF/MR services must comply with all applicable Title XIX, Section 1905 of the Social Security Act 42 U.S.C federal regulations as amended. In addition, all private-operated facilities must comply with state regulation governing the licensing of nursing homes or boarding homes for the aged and any other relevant state regulations.

(6) All certified facilities must only admit persons with developmental disabilities as residents.

(7) State facilities may not exceed funded capacity unless authorized by the secretary to do so (see RCW 71A.20.090).

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0040, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0045 What are the minimum staff requirements for an ICF/MR facility? All ICF/MR facilities must provide sufficient number of qualified staff to meet the needs of their residents.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0045, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0050 What general requirements apply to the quality of ICF/MR services? (1) DSHS is responsible for assuring the:

(a) Health care and habilitative training needs of an individual are identified and met according to state and federal regulations.

(b) Individual is placed in a facility certified as capable of meeting their needs.

(2) DDD regional service staff is responsible for authorizing changes in residential services.

(3) All services provided must be essential to the resident's habilitation and health care needs and to achieving the primary goal of attaining the highest level of independence possible for each individual resident.

(4) A resident in an ICF/MR is eligible for community residential services when such services meet their needs.

(5) Every ICF/MR must provide habilitative training and health care that at least includes the following:

(a) Active treatment;

(b) Services according to the identified needs of the individual resident and provided by or under the supervision of qualified therapists;

(c) Routine items and supplies provided uniformly to all residents;

(d) Providing necessary surgical appliances, prosthetic devices, and aids to mobility for the exclusive use of individual residents;

(e) Nonreusable supplies not usually provided to all residents may be individually ordered. A department representative must authorize requests for such supplies.

(6) Each ICF/MR facility is responsible for providing transportation for residents. This responsibility may include the guarantee of a resident's use of public transportation.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0050, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0055 What are the resident's rights if DSHS decides that they are no longer eligible for ICF/MR services? (1) A resident, their guardian, next-of-kin, or responsible party must be informed by DSHS in writing thirty days before any redetermination of their eligibility for ICF/MR services takes place.

(2) The redetermination notice must include:

(a) The reasons for the proposed eligibility change;

(b) A statement that the resident or any other individual designated by the resident has a right to a conference with a DDD representative within thirty days of receipt of the notice;

(c) A statement that the resident has the right to request a hearing to contest the department's decision within thirty days of the notice;

(d) Information as to how a hearing can be requested;

(e) A statement that the resident has the right to be represented at the hearing by an authorized representative; and

(f) Information regarding the availability and location of legal services within the resident's community.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0055, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0060 What are DSHS responsibilities when it decides to redetermine a resident eligibility for ICF/MR services? DSHS must send a hearing request form with the notice of redetermination.

(1) If the resident requests a hearing within the thirty-day time period, DSHS must not redetermine eligibility until a hearing decision is reached or appeal rights have been exhausted unless redetermination is warranted by the resident's health or safety needs.

(2) If the secretary or the secretary's designee concludes that redetermination is not appropriate, no further action will be taken to redetermine eligibility unless there is a change in the situation or circumstances. If there is a change in the situation or circumstances, the request may be resubmitted.

(3) If the secretary or the secretary's designee affirms the decision to change the resident's eligibility and no judicial review is filed within thirty days of the receipt of notice of redetermination, the department must proceed with the planned action.

(4) If the secretary or secretary's designee affirms the decision to change the resident's eligibility and a request for judicial review has been filed, any proposed redetermination must be delayed until the appeal process is complete unless a delay jeopardizes the resident's health or safety.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0060, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0065 Do residents always have a right to a hearing? Advance notice and planning does not include a right to a hearing for a resident when the department concludes that the facility where the resident resides cannot provide Title XIX services due to:

(1) Termination of the facility's contract;

(2) Decertification of the facility;

(3) Nonrenewal of the facility's contract;

(4) Revocation of the facility's license; or

(5) An emergency suspension of the facility's license.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0065, filed 4/20/01, effective 5/21/01.]

PLACEMENT—TRANSFER—RELOCATION—DISCHARGE

WAC 388-835-0070 What requirements apply to the placement of individuals in an ICF/MR facility? (1) Placing individuals in an ICF/MR facility is the responsibility of the division of developmental disabilities and must be done according to applicable federal and state regulations.

(2) A facility may not admit an individual who requires services the facility cannot provide.

(3) Department representatives must determine an individual's eligibility for ICF/MR services before payment can be approved.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0070, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0075 What if an individual is transferred between facilities? (1) When an individual is transferred between facilities, all essential information concerning the individual, their condition, regimen of care and training must be transmitted, in writing, by the sending facility to the receiving facility at the time of the transfer.

(2) "Transferred between facilities" means transferred from:

(a) An ICF/MR to ICF/MR;

(b) An ICF/MR to a hospital;

(c) A hospital to an ICF/MR; or

(d) An ICF/MR or hospital to alternative community placement.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0075, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0080 What if an ICF/MR facility is closed? (1) When a facility plans to close, it must notify the department, in writing, at least one hundred and eighty days before the date of closure.

(2) Upon receipt of a notice of closure, the department must stop referring individuals to the facility and begin the orderly transfer of its residents.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0080, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0085 Why is an individual transferred or discharged? An individual admitted to a facility can be transferred or discharged only for:

(1) Medical reasons;

(2) A change in the individual's habilitation needs;

(3) The individual's welfare;

(4) The welfare of other residents;

(5) At the request of the resident or legal guardian;

(6) Partial closure of the facility; or

(7) Closure of the facility.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-835-0085, filed 7/23/04, effective 8/23/04. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0085, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0090 What is the basis of the decision to transfer or discharge an individual? The decision to transfer or discharge an individual must be based on:

(1) An assessment of the resident in consultation with the service provider and the parent or guardian; and

(2) A review of the relevant records; or

(3) Partial closure of the facility; or

(4) Closure of the facility.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-835-0090, filed 7/23/04, effective 8/23/04. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0090, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0095 Is a transfer plan required for each resident? (1) DDD must prepare a written plan for each resident to be transferred.

(2) These plans must:

(a) Identify the location of available facilities that provide services appropriate and consistent with the resident's needs;

(b) Provide for coordination between the staffs of the old and new agencies;

(c) Allow for a pre-transfer visit, when the resident's condition permits, to the new facility, so the resident can become familiar with the new surroundings and residents;

(d) Encourage active participation by the resident's guardian or family in the transfer preparation;

(e) Facilitate discussions between the staffs of the old and new facilities regarding expectations;

(f) Provide opportunities for consultations on request between the two staffs; and

(g) Require follow-up by DDD to monitor the effects of the transfer.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0095, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0100 Why would an individual move? An individual may move if:

(1) The services provided to an individual do not meet their needs;

(2) A facility's ICF/MR certification or license is revoked or suspended;

(3) Medical reasons dictate relocation;

(4) A resident's welfare would be improved;

(5) The welfare of the other residents would be enhanced;

(6) There is no payment for services provided to the resident during their stay at the facility;

(7) The resident and/or guardian make a formal request;

(8) The facility is partially closing; or

(9) The facility is closing.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-835-0100, filed 7/23/04, effective 8/23/04. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0100, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0105 What are DSHS' responsibilities for placing individuals? (1) When services available to an individual do not meet their needs, the department is responsible for initiating and facilitating the resident's relocation.

(2) The department may enforce immediate movement of a resident from an ICF/MR facility when the facility's ICF/MR certification or license is revoked or suspended.

(3) The department must notify a resident and their guardian, next of kin, or responsible party, in writing, when:

(a) DSHS or Health Care Financing Administration (HCFA) determines a facility no longer meets certification requirements as an ICF/MR;

(b) DSHS determines the facility does not meet contract requirements; or

(c) A facility voluntarily terminates their contract with DSHS or stops participating in the ICF/MR program.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0105, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0110 Is DSHS required to give written notice when it intends to transfer an individual? (1) WAC 388-835-0055 requires that DSHS give the resident and their guardian, next of kin, or responsible party thirty days notice, in writing, of its intent to transfer the resident.

(2) If there is a serious and immediate threat to the resident's health or safety, DSHS is not required to give the resident and their guardian, next of kin, or responsible party thirty days notice of it's intent to transfer the resident.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0110, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0110, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0115 Can a facility request that an individual be transferred? Facilities can request that a resident be transferred for the following reasons:

(1) Medical reasons;

(2) A change in the individual's habilitation needs;

(3) The individual's welfare;

(4) The welfare of the other residents;

(5) Nonpayment for services provided to the resident during the resident's stay at the facility;

(6) The facility is partially closing; or

(7) The facility is closing.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-835-0115, filed 7/23/04, effective 8/23/04. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0115, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0120 What steps must be followed when a facility makes a transfer request? The following steps apply when a facility wants a resident transferred:

(1) The facility must send their request to the department in writing. The request must explain why the relocation is necessary and document that the interdisciplinary team responsible for developing the resident's habilitation plans agrees with the request.

(2) DSHS must approve or deny the request within fifteen working days of receiving it. The department's decision must be based upon:

(a) An on-site visit with the resident; and

(b) A review of the resident's records.

(3) The facility administrator must be informed of the department's decision.

(4) If the facility's request is approved, the department must give the resident and their guardian, next of kin, or responsible party thirty days notice, in writing, of it's intent to transfer the resident.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0120, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0125 Can residents request a transfer? (1) Every resident has a right to:

(a) Request a transfer; and

(b) Select where they wish to move.

(2) If the resident's selection is available and appropriate to their habilitation and health care needs, the department must make all reasonable attempts to accomplish transfer.

(3) If the selection is neither appropriate nor available, the resident may make another selection.

(4) All requests by the resident or their guardian must be in writing.

(5) DDD is solely responsible for arranging the resident's transfer.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0125, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0130 What rights are available to a resident regarding a proposed transfer? (1) A resident, their guardian, next-of-kin, or responsible party must be notified in writing at least thirty days before any transfer occurs.

(2) The transfer notice must include:

(a) The reasons supporting the proposed transfer;

(b) A statement that the resident or any other individual designated by the resident has a right to a conference with a DDD representative within twenty-eight days of receipt of the notice;

(c) A statement that the resident has the right to request a hearing to contest the department's decision within thirty days of the notice;

(d) Information as to how a hearing can be requested;

(e) A statement that the resident has the right to be represented at the hearing by an authorized representative; and

(f) Information regarding the availability and location of legal services within the resident's community.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0130, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0140 Do residents always have a right to a hearing? Advance notice and planning does not include a right to a hearing for a resident when the department concludes that the facility where the resident resides cannot provide Title XIX services due to:

(1) Termination of the facility's contract;

(2) Decertification of the facility;

(3) Nonrenewal of the facility's contract;

(4) Revocation of the facility's license;

(5) An emergency suspension of the facility's license;

(6) Partial closure of the facility; or

(7) Closure of the facility.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205 04-16-018, § 388-835-0140, filed 7/23/04, effective 8/23/04. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0140, filed 4/20/01, effective 5/21/01.]

DISCHARGE/READMISSION AND INCIDENT REPORTING

WAC 388-835-0145 Does a facility have a responsibility to report incidents involving residents? Any facility that has an ICF/MR contract with DSHS must immediately contact their DDD regional services office regarding unauthorized leaves, disappearances, serious accidents, or other traumatic incidents effecting a resident or the resident's health or welfare.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0145, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0150 When does DSHS require discharge and readmission of a resident? DSHS requires discharge and readmission for all residents admitted as hospital inpatients.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0150, filed 4/20/01, effective 5/21/01.]

SOCIAL LEAVE FOR ICF/MR RESIDENTS

WAC 388-835-0155 What requirements apply to social leaves for ICF/MR residents? (1) All social leaves should be consistent with the goals and objectives in the resident's individual habilitation plan.

(2) Any facility vacancies resulting from a resident's social leave will be reimbursed if the leave complies with the individual habilitation plan and the following conditions:

(a) The facility must notify the DDD director or their designee of all social leaves exceeding fifty-three hours.

(b) All social leaves exceeding seven consecutive days must receive prior written approval from the DDD director or their designee.

(c) The DDD director or their designee must give written approval before a resident can accumulate more than seventeen days of social leave per year.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0155, filed 4/20/01, effective 5/21/01.]

SUPERINTENDENT'S AUTHORITY TO DETAIN A RESIDENT

WAC 388-835-0160 Can residential habilitation center (RHC) superintendents involuntarily detain residents? (1) When an RHC resident decides to initiate a voluntarily discharge, the superintendent must determine if the discharge is harmful to the resident.

(2) If the superintendent concludes that the discharge is harmful, they may detain the resident for up to forty-eight hours until the harm passes. The superintendent may also refer the resident to a mental health professional as defined in RCW 71.05.150.

(3) At the end of the forty-eight hour detention period, the superintendent must release the resident.

(4) If, within six months, the superintendent detains the resident a second time, they must refer the resident to a mental health professional within eight hours of the second detention. During this second detention, the resident may only be held until the mental health professional:

(a) Investigates and evaluates the specific facts surrounding the situation; and

(b) Determines if further detention is necessary (see RCW 71.05.150).

(5) Nothing in this section prevents a superintendent or their designee from allowing a resident to leave the RHC for specified periods necessary for their habilitation or care.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0160, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0165 Is a superintendent required to give notice when they detain a resident? (1) When a superintendent detains an RHC resident, the superintendent or their designee must notify the resident and their legal representative as required in RCW 71A.10.070.

(2) If the resident's legal representative is not available, the superintendent must also notify one or more of the following persons in the order of priority listed:

(a) A parent of the resident;

(b) Other persons of close kinship relationship to the resident;

(c) The Washington protection and advocacy agency for the rights of a person with a developmental disability, appointed in compliance with 42 USC section 6042; or

(d) A person, who is not a DSHS employee or an ICF/MR but who, in the superintendent's opinion, is concerned with the resident's welfare.

(3) Nothing in this section prevents a superintendent from notifying:

(a) A mental health professional;

(b) Local law enforcement;

(c) Adult protective services;

(d) Child protective services;

(e) Other agencies as appropriate; or

(f) Director, division of developmental disabilities, or designee.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0165, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0170 What is a superintendent's responsibility when a resident voluntarily leaves an RHC? When a resident voluntarily leaves RHC programs and services, the superintendent must initiate discharge proceedings.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0170, filed 4/20/01, effective 5/21/01.]

ICR/MR CONTRACTS

WAC 388-835-0175 What if a facility violates its ICF/MR contract? (1) If a facility violates the terms of their contract, DSHS may temporarily suspend referring residents to it.

(2) Whenever DSHS suspends referrals it must notify the facility immediately, in writing, and give the reasons for its action.

(3) The suspension may continue until DSHS determines that the circumstances leading to it have been corrected.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0175, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0180 What if an ICF/MR contract is terminated? (1) Before a contract is terminated, the provider must give DSHS one hundred and eighty days written notice of the termination.

(2) When a contract is terminated, the provider must submit final reports to DSHS according to the requirements of WAC 388-835-0185.

(3) When notified of a contract termination, DSHS must determine, by preliminary or final settlement calculations, the amount of any overpayments made to the provider, including overpayments disputed by the provider. If preliminary or final settlements are not available for any periods before the termination date of the contract, DSHS must use available relevant information to make a reasonable estimate of any overpayments or underpayments.

(4) The provider must file a properly completed final cost report (see the requirements in WAC 388-835-0225, 388-835-0230, and 388-835-0235). This report may be audited by DSHS. A final settlement must be determined within ninety days after the audit process is completed (including any administrative review of the audit requested by the provider) or within twelve months of the termination of the contract if an audit is not performed.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0180, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0180, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0185 Does DSHS withhold payment for services when a contract is terminated? (1) Payment for services provided before a contract was terminated, equal to the amount determined in WAC 388-835-0180(3), may be withheld by DSHS until the provider files a properly completed final annual cost report and a final settlement has been calculated.

(2) Instead of withholding payments, DSHS may allow a provider to offer security equal to the determined and/or estimated overpayments even when the overpayments are being disputed in good faith. Types of security acceptable to DSHS are:

(a) A surety bond issued by a bonding company acceptable to DSHS;

(b) An assignment of funds to DSHS;

(c) Collateral acceptable to DSHS;

(d) A purchaser's assumption of liability for the provider's overpayment; or

(e) Any combination of (a) through (d) of this subsection.

(3) DSHS must release any payments withheld if a provider gives acceptable security equal to the determined and/or estimated overpayments.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0185, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0190 What happens to withheld payments and security from a provider when a final settlement is determined? (1) When a final settlement is determined, security held by DSHS must be released to the provider after any related overpayments owed to the department have been paid.

(2) If the provider disagrees with the settlement and does not repay any overpayments owed, DSHS must retain security equal to the amount of the disputed overpayments until the administrative appeal process is completed.

(3) If the total of withheld payments, bonds, and assignments is less than the total of the determined and/or estimated overpayments, the unsecured portion of the overpayments is a debt owed to the state of Washington. This debt becomes a lien against the provider's real and personal property when DSHS files with the auditor in the county where the provider resides or owns property. This lien has preference over all unsecured creditor claims against the provider.

(4) If the total existing overpayments exceed the value of the security held by DSHS, DSHS may use whatever legal means are available to recover the difference.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0190, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0195 What requirements apply to surety bonds or assigned funds used as security by a provider? All surety bonds or assignment of funds, offered as security, must be:

(1) At least equal in amount to the determined and/or estimated overpayments minus any withheld payments even if the overpayments are the subject of a good faith dispute;

(2) Issued or accepted by a bonding company or financial institution licensed to transact business in Washington state;

(3) For a term sufficient to cover the time period needed to determine a final settlement and exhaust administrative and judicial remedies;

(4) Forfeited to DSHS if the term proves insufficient and the bond or assignment is not renewed for an amount equal to any remaining overpayment in dispute;

(5) Paid to DSHS if a properly completed final cost report is not filed by the provider or if financial records supporting this report are not retained and available to the auditor; and

(6) Paid to DSHS if the provider does not pay the refund owed within sixty days following receipt of a written demand to do so or the conclusion of any administrative or judicial proceedings held to settle the dispute.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0195, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0200 Does decertification, termination or nonrenewal of a contract stop payment of Title XIX funds? A decertification, termination, or nonrenewal of a contract stops the payment of Title XIX funds. Actions such as these do not affect a facility's right to operate as a nursing home or boarding home, but they do disqualify the facility from operating as an ICF/MR facility and receiving federal funds.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0200, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0205 How does a change in ownership affect an ICF/MR contract with DSHS? (1) On the effective date of a change of ownership, DSHS's contract with the former owner is terminated. The former owner must give DSHS one hundred and eighty days written notice before the contract is terminated. When a certificate of need is required for the new owner and the new owner wishes to continue to provide services to residents without interruption, a certificate of need must be obtained before the former owner submits their notice of termination (see chapter 70.38 RCW for certificate of need requirements).

(2) If the new provider plans to participate in the cost related reimbursement system, they must meet the conditions specified in WAC 388-835-0215 and submit the projected budget required in WAC 388-835-0220. The new owner's CF/MR contract is effective on the date ownership changes.

(3) When a contract is terminated, the provider must reverse any accumulated liabilities assumed by a new owner against the appropriate accounts.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0205, filed 4/20/01, effective 5/21/01.]

PROSPECTIVE COST RELATED REIMBURSEMENT SYSTEM

WAC 388-835-0210 What is the prospective cost related reimbursement system (PCRRS)? PCRRS is the system used by DSHS pay for ICF/MR services provided to ICF/MR residents. Reimbursement rates for such services are determined according to the principles, methods, and standards contained in this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0210, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0215 What are the requirements for participating in PCRRS? To participate in PCRRS, an entity responsible for operating an ICF/MR facility must:

(1) Obtain a state certificate of need as required by chapter 70.38 RCW, Health planning and development;

(2) Possess a current license to operate an appropriate facility (e.g., nursing home, boarding home);

(3) Be currently certified under Title XIX to provide ICF/MR services;

(4) Hold a current contract to provide ICF/MR services and comply with all of its provisions; and

(5) Comply with all applicable federal and state regulations, including the requirements of this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0215, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0220 What are the projected budget requirements for new providers? (1) Unless the DDD director approves a shorter period, each new provider must submit a one-year projected budget to DSHS at least sixty days before the contract will become effective.

(2) The projected budget must cover the twelve months immediately following the date the provider will enter the program.

(3) The projected budget must:

(a) Be prepared according to DSHS instructions;

(b) Be completed on the forms provided by DSHS; and

(c) Include all earnest money, purchase, and lease agreements involved in the change of ownership transaction.

(4) A new provider must also clearly identify, in their projected budget, all individuals and organizations having a beneficial ownership interest in the:

(a) Current operating entity;

(b) Land, building, or equipment used by the facility; and

(c) Purchasing or leasing entity.

(5) For purposes of this section, a "new provider" is one:

(a) Operating a new facility;

(b) Acquiring or assuming responsibility for operating an existing facility; or

(c) Obtaining a certificate of need approval due to an addition to or renovation of a facility.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0220, filed 4/20/01, effective 5/21/01.]

FILING COST REPORTS

WAC 388-835-0225 How should cost reports be prepared? (1) All cost reports must be legible and reproducible. All entries must be in black or dark blue ink or submitted in an acceptable, indelible copy.

(2) All providers must complete reports according to the instructions provided by DSHS. If no specific instruction covers a particular situation, generally accepted accounting principles must be followed.

(3) All providers must use the accrual method of accounting, except for governmental institutions operated on a modified accrual basis.

(4) All revenue and expense accruals not received or paid within one hundred twenty days after the accrual is made must be reversed against the appropriate accounts, unless special circumstances are documented that justify continuing to carry all or part of the accrual (e.g., contested billings). Accruals for vacation pay, holiday pay, sick pay and taxes may be carried for longer periods if it is the provider's usual policy to do so and generally accepted accounting principles are followed.

(5) Methods of allocating costs, including indirect and overhead costs, must be consistently applied. Providers operating multiservice facilities or facilities incurring joint facility costs must allocate those costs according to the benefits received from the resources represented by those costs.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0225, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0230 Must a cost report be certified? (1) Every provider cost report required by DSHS must be accompanied by a certification signed on behalf of the provider who was responsible to DSHS during the reporting period.

(2) If a provider files a federal income tax return, the person normally signing the return and the ICF/MR facility administrator must sign the certification.

(3) If someone, who is not an employee of the provider, prepares the cost report, they must submit, as part of the certification, a signed statement indicating their relationship to the provider.

(4) Only original signatures must be affixed to certifications submitted to DSHS.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0230, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0235 When are cost reports due to DSHS? (1) Each private provider must submit an annual cost report to DSHS for the period January 1 through December 31 (calendar year) of the preceding year.

(2) Annual calendar year cost reports for a private facility must be submitted to DSHS by March 31 of the following year.

(3) Each state facility must submit an annual cost report to DSHS for the period from July 1 of the preceding year through June 30 of the current year (state fiscal year).

(4) Annual fiscal year cost reports for state facilities must be submitted to DSHS by December 31 following the end of the fiscal year.

(5) If a contract is terminated, the provider must submit a final cost report and any other reports due under subsection (2) within one hundred twenty days after the effective date of termination or the expiration of the final extension granted by DSHS (see WAC 388-835-0340). For these reports, the reporting period is January 1 of the year of termination to the effective date of termination.

(6) A new provider must submit a cost report to DSHS by March 31 of the year following the effective date of their contract or the expiration of the final extension granted by DSHS (see WAC 388-835-0340). The period to be reported is the period extending from the contract's effective date through December 31 of that year.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0235, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0240 Does DSHS grant extensions for cost reporting deadlines? (1) DSHS, after receiving a written request stating why an extension is necessary, may grant a maximum of two thirty-day extensions for filing any required reports. However, the written request must be received at least ten days before the due date of the reports.

(2) DSHS grants extensions only when it is clear why the due date cannot be met and the circumstances requiring the extension were not foreseeable by the provider.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0240, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0245 What if a provider fails to submit a final report? (1) If a provider does not submit a final report, all payments received by the provider for the unreported period become a debt owed to DSHS. After receiving DSHS's written demand for repayment, the provider has thirty days to repay this debt.

(2) Interest, at the rate of one percent per month on any unpaid balance, will begin to accrue thirty days after the provider receives DSHS's written demand for repayment.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0245, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0250 What if a provider submits improperly completed or late reports? (1) All providers must submit an annual report, including their proposed settlement by cost center, that is prepared according to this chapter's requirements and DSHS instructions. If an annual cost

report is not properly prepared, DSHS may return it, in whole or in part, to the provider for correction and/or completion.

(2) If DSHS does not receive a properly completed report, including any approved extensions, on or before its due date, all or part of any payments due under the contract may be withheld until the report is properly completed and received by DSHS.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0250, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0255 What if a provider files a report containing false information? (1) Knowingly filing a report with false information (or with reason to know) is cause for termination of a provider's contract with DSHS.

(2) Any required adjustments to reimbursement rates because a false report was filed will be made according to WAC 388-835-0900.

(3) DSHS may refer for prosecution under applicable statues, any provider who files a false report.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0255, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0260 Can providers amend annual cost reports filed with DSHS? DSHS must consider amendments to annual reports only when:

(1) Determining allowable costs affecting a final settlement computation, and

(2) Filed before the provider receives notification that a DSHS field audit has been scheduled.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0260, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0265 Can providers file amendments if a DSHS field audit has been scheduled? (1) A provider may file amendments after receiving a notice of a field audit only when reimbursement rates need to be adjusted because significant errors or omissions were made when they were calculated.

(2) Errors of omissions are considered "significant" if they result in a net difference of two cents or more per resident day or one thousand dollars or more in reported costs, whichever is higher, in any cost area.

(3) Only the pages requiring changes and the certification required by WAC 388-835-0335 must be filed with the amendment.

(4) Any adjustments to reimbursement rates resulting from an amended report will be made according to WAC 388-835-0885.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0265, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0265, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0270 Can providers file amendments if DSHS does not conduct a field audit? If DSHS does not conduct a field audit and the preliminary settlement report becomes the final report, DSHS must consider amendments only when filed within thirty days after the provider receives the final settlement report.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0270, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0275 What requirements apply when amendments are filed? (1) When amendments are filed, a provider must report:

(a) The circumstances surrounding the amendments;

(b) The reasons why the amendments are needed; and

(c) All relevant supporting documentation.

(2) DSHS may refuse to consider any amendment that gives a provider a more favorable settlement or rate if the amendment is the result of:

(a) Circumstances over which the provider has control; or

(b) Good-faith error using the system of cost allocation and accounting in effect during the reporting period in question.

(3) Acceptance or use by DSHS of an amendment to a cost report does not a release a provider from civil or criminal liability.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0275, filed 4/20/01, effective 5/21/01.]

MAINTAINING COST REPORT RECORDS

WAC 388-835-0280 Do ICF/MR providers have to maintain records related to their contracts? (1) A provider must, according to the terms of their contract, maintain adequate records so DSHS can audit reported data to verify provider compliance with generally accepted accounting principles and DSHS reimbursement principles and reporting instructions.

(2) If a provider maintains records based upon a chart of accounts other than the one established by DSHS, they must give DSHS a written schedule clearly illustrating how their individual account numbers correspond to those used by DSHS.

(3) After filing a report with DSHS, a provider must keep for five years, at a location in Washington state specified by the provider, all records supporting the report.

(4) If at the end of five years there are unresolved audit issues related to the report, the records supporting the report must be kept until the issues are resolved.

(5) Providers, according to the terms of their contract, must make records available for review upon demand by authorized personnel from DSHS and the United States Department of Health and Human Services during normal business hours at a location in Washington state specified by the provider.

(6) When a contract is terminated, final settlement must not be made until accessibility to and preservation of the provider's records within Washington state is assured.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0280, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0285 What if a provider fails to maintain records or refuses to let them be reviewed? (1) If a provider fails to maintain adequate records or fails to allow their inspection by authorized personnel, DSHS may suspend all or part of subsequent reimbursement payments due under the contract.

(2) Once the provider complies with the recording keeping and inspection provisions of their contract, DSHS must

resume current contract payments and must release payments suspended while the provider was out of compliance.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0285, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0290 Does DSHS have a responsibility to retain provider reports? (1) DSHS must retain required reports for five years following their filing date.

(2) If at the end of five years there are unresolved audit issues surrounding a report, the report must be retained until those issues are resolved.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0290, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0295 Are the reports submitted to DSHS by providers available to the public? According to chapter 388-01 WAC, all required financial and statistical reports submitted by ICF/MR facilities to DSHS are public documents and available to the public upon request.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0295, filed 4/20/01, effective 5/21/01.]

FIELD AUDITS

WAC 388-835-0300 What is an ICF/MR field audit? A field audit consists of an on-site audit of the provider's financial records to verify that information provided on the cost report for the period being audited is accurate and represents allowable cost.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0300, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0305 When does DSHS schedule a field audit? (1) DSHS may schedule cost report field audits using auditors employed by or under contract with DSHS. DSHS must notify a facility selected for an audit within one hundred twenty days after the facility submits a completed and correct cost report.

(2) DSHS must give priority to field audits of final annual reports and, whenever possible, must begin these audits within ninety days after a properly completed final annual report is received.

(3) DSHS normally notifies a provider at least ten working days before the field audit begins.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0305, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0310 When does DSHS complete a field audit? (1) If auditors are given timely access to a ICF/MR facility and to all records necessary to conducting their audit, DSHS must complete an audit within one year:

(a) Of receiving a properly completed annual cost report; or

(b) After the facility is notified it has been selected for an audit.

(2) For a state ICF/MR, DSHS must complete a field audit within three years after a properly completed cost report is received if auditors are given timely access to the facility and all records necessary to conducting their audit.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0310, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0315 How should a provider prepare for a field audit? (1) A provider must allow auditors access to the ICF/MR facility and all financial and statistical records. These records must be available at a location in the state of Washington specified by the provider. They must include:

(a) All income tax returns relating to the audited cost report and work papers supporting the report's data; or

(b) Work papers related to resident trust funds.

(2) The provider must reconcile reported cost data with:

(a) Applicable federal income and payroll tax returns; and

(b) The financial statements for the period covered by the report.

(c) The reconciliation must be in a form that facilitates verification by the auditors.

(3) The provider must designate and make available to the auditors at least one individual familiar with the internal operations of the facility being audited. The designated individual(s) must have sufficient knowledge and access to records to effectively respond to auditor questions and requests for information and documentation.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0315, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0320 What is the scope of a field audit? (1) Auditors must review a provider's record keeping and accounting practices and, where appropriate, make written recommendations for improvements.

(2) Auditors must examine a provider's financial and statistical records to verify that:

(a) Supporting records are in agreement with reported data; and

(b) Only assets, liabilities, and revenue and expense items that DSHS has specified as allowable costs have been included by the provider when computing the cost of services provided under the contract;

(c) Allowable costs have been accurately determined and are necessary, ordinary, and related to resident care;

(d) Related organizations and beneficial ownership interests have been correctly disclosed; and

(e) Resident trust funds have been properly maintained.

(3) Auditors must give the provider a draft of their audit narrative and summaries for review and comment before the final narratives and summaries are prepared.

(4) When an audit discloses material discrepancies, undocumented costs, or mishandling of patient trust funds, DSHS auditors, in order to determine if similar problem exist and take corrective action, may:

(a) Reopen a maximum of two prior unaudited cost reporting or trust fund periods; and/or

(b) Select future periods for audit.

(c) DSHS auditors may select reported costs and trust fund accounts for audit on a random or other basis.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0320, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0325 What if an auditor discovers that provider reports are inadequately documented? (1) An auditor must disallow any assets, liabilities, revenues, or expenses reported as allowable that are not supported by adequate documentation in the provider's financial records.

(2) Adequate documentation must show that reported costs were:

(a) Incurred during the period covered by the report;

(b) Related to resident care and training; and

(c) Necessary, ordinary and prudent.

(3) Adequate documentation must also show that reported assets were used to provide resident care and training.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0325, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0330 Are final audit narratives and summaries available to the public? The auditor's final audit narrative and summaries are considered public documents and will be available to the public through the public disclosure process in chapter 388-01 WAC.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0330, filed 4/20/01, effective 5/21/01.]

RESIDENT TRUST ACCOUNTS

WAC 388-835-0335 What general requirements apply to accounting for resident trust accounts? (1) A provider must establish and maintain a bookkeeping system for all resident money received by the facility on behalf of the resident.

(2) This system must be incorporated into the facility's business records and be capable of being audited.

(3) The bookkeeping system must apply to residents that are:

(a) Incapable of handling their money and whose guardian, relative, DDD regional service office administrator, or physician requests in writing that the facility accept this responsibility. (If the Social Security Form SSA-780, "Certificate of Applicant for Benefits on Behalf of Another," is used as documentation, it must be signed by one of the persons designated in this subsection.)

(b) Capable of handling their own money, but they ask the facility, in writing, to accept this responsibility for them.

(4) It is the facility's responsibility to maintain written authorization requests in a resident's file.

(5) A resident must be given at least a quarterly reporting of all financial transactions affecting their account. The resident's representative payee, guardian and/or other designated agents must be sent a copy of this quarterly report or any other reports related to the resident's account.

(6) Facilities must purchase surety bonds, or otherwise provide assurances or security satisfactory to DSHS, that assures the security of all resident personal funds deposited with them.

(7) Facilities may not require residents to deposit personal funds with them. A facility may hold a resident's personal funds only if the resident or resident's guardian gives written authorization to do so.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0335, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0340 What specific accounting procedures apply to resident trust accounts? (1) A provider must maintain a subsidiary ledger with an account for each resident for whom the provider holds money in trust.

(2) Each account and related supporting information must be:

(a) Maintained at the facility;

(b) Kept current;

(c) Balanced each month; and

(d) Detailed, with supporting verification, showing all money received on behalf of the individual resident and how that money was used.

(3) A provider must make each resident trust account available to DSHS representatives for inspection and audit.

(4) A provider must maintain each resident trust accounts for a minimum of five years.

(5) A provider must notify the DDD regional service office when an individual's account balance is within one hundred dollars of the amount listed on their award letter.

(6) A resident can accumulate funds by:

(a) Not spending their entire clothing and personal incidentals allowance; and

(b) Saving other income DSHS specifically designates as exempt.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0340, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0345 Can residents overdraw their trust account? (1) A resident may not overdraw their account (show a debit balance).

(2) If residents want to spend an amount greater than the balance in their trust account, the facility may loan the residents money from facility funds.

(3) The facility can collect loans to residents by installments from the portion of the resident's allowance remaining at the end of each month.

(4) The facility cannot charge residents interest on these loans.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0345, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0350 Can a resident trust account be charged for Title XIX services? Resident trust accounts cannot be charged for services provided under Title XIX.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0350, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0355 Can a resident trust account be charged for medical services, drugs, therapy and equipment? (1) Any properly made charge to a resident's trust account for medical services must be supported by a written denial from DSHS.

(2) Any request for additional equipment such as a walker, wheelchair or crutches must have a written denial from DSHS before a resident's trust account can be charged.

(3) A request for physical therapy, certain drugs or other medical services must have a written denial from DSHS before a resident's trust account can be charged.

(4) A written denial from DSHS is not required when the pharmacist verifies a drug is not covered by the program (e.g., items on the FDA list of ineffective or possible effec-

tive drugs, nonformulary over-the-counter (OTC) medications such as vitamins, nose drops, etc.) The pharmacist's notation that the program does not cover the drugs is sufficient.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0355, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0360 Can providers create petty cash funds for residents? (1) Providers may maintain petty cash funds for residents.

(2) The fund must be an imprest type fund.

(3) The cash for the fund must come from trust money.

(4) The amount of the fund must be reasonable and necessary for the size of the facility and the needs of the residents, but must not exceed five hundred dollars.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0360, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0365 Can providers create checking accounts for residents? (1) A provider must deposit all money, over and above the trust fund petty cash amount, intact into a trust fund checking account that is separate and apart from any other bank account(s) of the facility or other facilities.

(2) Deposits of resident allowances must be made intact into the trust checking account within one week from the time payment is received from DSHS, Social Security Administration, or any other payor.

(3) A provider must make any related bankbooks, bank statements, check book, check register, all voided and all canceled checks available to DSHS representatives for audit and inspection. The provider must retain these supporting records and documents for at least five years.

(4) Resident trust money cannot be used to pay checking account service charges.

(5) Each banks trust account must be reconciled each month to the trust account ledger for each resident.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0365, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0370 What controls must a provider use to ensure the safety of trust fund money? (1) A provider must not release trust fund money to anyone other than the:

(a) Resident or, with their written consent, their guardian;

(b) Resident's designated agent as appointed by power of attorney; or

(c) Appropriate DSHS personnel designated by the DDD regional services administrator.

(2) A provider must complete a receipt, in duplicate, when money is received. One copy must be given to the person making the payment or deposit and the other copy must remain in the receipt book for easy reference.

(3) All residents must endorse, with their own signature, any checks or state warrants they receive. Only when a resident is incapable of signing their own name may the provider use the resident's "X" mark followed by their printed name and the signature of two witnesses.

(4) When both a general fund account and a trust fund account are kept at the same bank, the trust account portion of any deposit can be deposited directly to the trust account.

(5) A provider must credit a resident's trust account ledger sheet when the resident's allowance is received. This entry must be referenced with the receipt number and must be supported by a copy of the deposit slip (one copy for all deposits made).

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0370, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0375 Can a resident withdraw trust money? Any money held in trust for a resident must be available to them for their personal and incidental needs upon their request or the request of one of the individuals designated in WAC 388-835-0335.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0375, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0380 What happens to resident funds when a change of ownership occurs? (1) When a facility is sold or some other transfer of ownership takes place, the former provider must provide the new provider with a written accounting, based upon generally accepted auditing standards, of all resident funds being transferred. The former provider must also obtain a written receipt for the funds from the new provider.

(2) Before any transfer of ownership occurs, the facility must give each resident, or their representative, a written accounting of any personal funds held by the facility.

(3) If there is disagreement regarding the accounting offered by the former provider, the resident retains all rights and remedies provided under state law.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0380, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0385 How are trust fund moneys refunded? When a resident is discharged and/or transferred, the balance of their trust account, along with a receipt, will be returned to the individual designated in WAC 388-835-0335 within thirty days of the resident's transfer or discharge.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0385, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0390 How are trust funds liquidated? (1) In the case of deceased resident, the provider must obtain a receipt from the next-of-kin, guardian, or duly qualified agent when the balance of the trust fund is released. If the next-of-kin, guardian or duly qualified agent cannot be identified, the DDD regional service office must be contacted, in writing within seven days of the resident's death, to assist in the release of the resident's trust fund money. A check or other document showing payment to the next-of-kin, guardian, or duly qualified agent will serve as a receipt.

(2) In situations where the resident leaves the ICF/MR facility without authorization and their whereabouts is unknown, the facility:

(a) Will make a reasonable attempt to locate the missing resident. A "reasonable attempt" includes, but is not limited

to, contacting friends, relatives, police, the guardian, and the DDD regional office in the area; and

(b) If the resident cannot be located after ninety days, the facility must notify the department of revenue regarding the existence of "abandoned property" (see chapter 63.29 RCW Uniform Unclaimed Property Act). The facility must deliver to the department of revenue the balance of the resident's trust fund account within twenty days following their notification.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0390, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0395 How must a facility maintain resident property records? (1) A facility must maintain a current, written record for each resident that includes written receipts for all personal property entrusted to the facility by the resident.

(2) All property records must be available to the resident or designated resident representative (see WAC 388-835-0380).

(3) A facility must issue or obtain written receipts when taking possession or disposing of a resident's personal property. The facility must retain copies and/or originals of these receipts.

(4) A facility must maintain all resident property records so they are available to auditors and in a manner that facilitates the audit process.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0395, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0395, filed 4/20/01, effective 5/21/01.]

ALLOWABLE AND UNALLOWABLE COSTS

WAC 388-835-0400 What are allowable costs? (1) Allowable costs are documented costs that are necessary, ordinary, related to providing ICF/MR services to ICF/MR residents, and not expressly declared nonallowable by applicable statutes or regulations. Costs are ordinary if they are of the nature and magnitude that a prudent and cost conscious management would pay.

(2) Allowable costs do not include increased costs resulting from transactions or the application of accounting methods which circumvent the principles of the prospective cost-related reimbursement system.

(3) DSHS does not allow increased costs resulting from a series of transactions between the same parties and involving the same assets (e.g., sale and leaseback, successive sales or leases of a single facility or piece of equipment).

(4) When a provider requests a rate adjustment according to WAC 388-835-0900 or 388-835-0905, any cost audited previously and not disallowed is subject to DSHS review and reconsideration according to the criteria in this section.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0400, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0405 What are unallowable costs? (1) Costs are unallowable if they are not documented, necessary, or ordinary and do not relate to providing services to ICF/MR residents.

(2) Examples of unallowable costs include, but are not limited to, the following:

(a) Costs of items or services not covered by the medicaid program. Costs of nonprogram items or services will not be allowed even if indirectly reimbursed by DSHS as a result of an authorized reduction in resident contribution.

(b) Costs of services and items provided to ICF/MR residents covered by DSHS's medical care program but not included in ICF/MR services.

(c) Costs associated with a capital expenditure subject to Section 1122 approval (part 100, Title 42 CFR) if DSHS found the expenditure was not consistent with applicable standards, criteria, or plans. If DSHS was not given timely notice of a proposed capital expenditure, all associated costs will not be allowed as of the date the costs were determined to be nonreimbursable under applicable federal regulations.

(d) Costs associated with a construction or acquisition project that requires certificate of need approval according to chapter 70.38 RCW and that approval was not obtained.

(e) Costs associated with outside activities (e.g., costs allocable to the use of a vehicle for personal purposes, or related to the part of a facility leased out for office space).

(f) All salaries or other compensation of officers, directors, stockholders, and others associated with the provider or home office, except compensation paid for services related to resident care and training.

(g) Costs in excess of limits set in this chapter or costs violating principles contained in this chapter.

(h) Costs resulting from transactions or the application of accounting methods used to circumvent the principles of the prospective cost-related reimbursement system.

(i) Costs applicable to services, facilities, and supplies furnished by a related organization in excess of the lower of cost to the related organization or market meaning the price paid for comparable services, facilities or supplies when purchased in an arms length transaction.

(j) Balances of accounts that cannot be collected (bad debts or uncollectable accounts).

(k) Charity and courtesy allowances.

(l) Cash, assessments, or other contributions to political parties, and cost incurred to improve community or public relations. Dues to charitable organizations, professional organizations and trade associations are allowable costs.

(m) Any portion of trade association dues for legal and consultant fees and costs related to lawsuits or other legal action against DSHS.

(n) Travel expenses for trade association boards of directors in excess of the twelve allowable meetings per calendar year.

(o) Vending machine expenses.

(p) Expenses for barber or beautician services not included in routine care.

(q) Funeral and burial expenses.

(r) Costs of gift shop operations and inventory.

(s) Personal items such as cosmetics, smoking materials, newspapers and magazines, and clothing, except items used in resident activity programs or in ICF/MR programs where clothing is a part of routine care.

(t) Fund-raising expenses except those directly related to the resident activity program.

(u) Penalties and fines.

(v) Expenses related to telephones, televisions, radios, and similar appliances in a resident's private accommodations.

(w) Federal, state, and other income taxes.

(x) Costs of special care services, except where authorized by DSHS.

(y) Expenses for "key-person" insurance and other insurance or retirement plans not available to all employees.

(z) Expenses of profit-sharing plans.

(aa) Expenses related to the purchase and/or use of private or commercial aircraft that exceed what a prudent provider would spend for ordinary and economical transportation when conducting resident care business.

(bb) Personal expenses and allowances of owners or relatives.

(cc) All expenses of maintaining professional licenses or membership in professional organizations.

(dd) Costs related to agreements not to compete.

(ee) Goodwill and the amortization of goodwill.

(ff) Expenses related to vehicles in excess of what a prudent provider would expend for the ordinary and economic provision of transportation needs related to resident care.

(gg) Legal and consultant fees related to a fair hearing against DSHS. Including but not limited to, fees for accounting services used to prepare for an administrative judicial review resulting in a final administrative decision favorable to DSHS or where DSHS's decision is allowed to stand.

(hh) Legal and consultant fees related to a lawsuit against DSHS, including suits appealing administrative decisions.

(ii) Lease acquisition costs and other intangibles not related to resident care and training.

(jj) Interest charges assessed by the state of Washington for failure to make timely refund of overpayments and interest expenses incurred for loans obtained to make such refunds.

(kk) Travel expenses outside the states of Idaho, Oregon, and Washington and the Province of British Columbia except travel to and from the home and central office of a chain organization operation outside those areas if the travel is necessary, ordinary, and related to resident care and training.

(ll) Moving expenses of employees when a demonstrated, good-faith effort has not been made to recruit employees within the states of Idaho, Oregon, and Washington and Province of British Columbia.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0405, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0410 Can a provider offset miscellaneous revenues against allowable costs? (1) A provider must reduce allowable costs whenever the item, service, or activity covered by the costs generate revenue or financial benefits (e.g., purchase discounts or rebates) other than through the provider's normal billing for ICF/MR services.

(2) A provider must not deduct unrestricted grants, gifts, endowments, and interest earned from them from the allowable costs of a nonprofit facility.

(3) When goods or services are sold, the reduction in allowable costs must be the actual cost of the item, service, or activity. If actual cost cannot be accurately determined, the reduction must be the full amount of the revenue received. When financial benefits such as purchase discounts or rebates are received, the reduction must be the amount of the discount or rebate.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0410, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0415 Are the costs of meeting required standards allowable costs? (1) All necessary and ordinary expenses incurred by a provider to meet required standards associated with providing ICF/MR services are allowable costs.

(2) Examples are the cost of:

(a) Meeting licensing and certification standards;

(b) Fulfilling accounting and reporting requirements imposed by this chapter; and

(c) Performing any resident assessment activity required by DSHS.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0415, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0420 Are costs associated with related organizations allowable costs? (1) DSHS allows costs applicable to services, facilities, and supplies furnished to a provider by a related organization only to the following extent:

(a) The costs do not exceed the lower of the cost to the related organization; or

(b) Market, meaning the price paid for comparable services, facilities, or supplies when purchased in an arm's length transaction.

(2) Private facilities must make all cost documentation regarding related organizations available to the auditors at the time and place the entity's financial records are audited. State facilities must make all cost documentation regarding related organizations available to the auditors at DSHS's offices of accounting services, financial recovery, or budget when the facility is audited.

(3) DSHS disallows all payments to or for the benefit of a related organization where the cost to the related organization cannot be documented.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0420, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0425 Are start-up costs allowable costs? DSHS allows all necessary and ordinary start-up costs in the administration and operations rate component. Start-up costs must be amortized over at least sixty consecutive months beginning with the month the first resident is admitted for care.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0425, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0430 Are organizational costs allowable costs? (1) DSHS allows necessary and ordinary costs directly related to the creation of a provider's corporation or other form of business that are incurred before the admission of the first resident.

(2) DSHS allows these costs in the administration and operation cost area if they are amortized over at least sixty

consecutive months beginning with the month in which the first resident is admitted for care.

(3) Examples of allowable organization costs include, but are not limited to, legal fees incurred in establishing the corporation or other organization and fees paid to states for incorporation.

(4) Organization costs do not include costs relating to the issuance and sale of shares of stock or other securities.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0430, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0435 Are education and training costs allowable costs? (1) DSHS allows ordinary expenses associated with on-the-job and in-service training required for employee orientation and certification when those expenses directly relate to performing an employee's assigned duties.

(2) Ordinary expenses for staff training are allowable costs.

(3) Necessary and ordinary expenses for recreational and social activity training conducted by a provider for volunteers are allowable costs.

(4) Training program expenses for other nonemployees are not allowable costs, except the costs associated with training county-contracted training program employees by an ICF/MR as a condition of the ICF/MR's agreement with the county-contracted training program.

(5) DSHS must allow expenses for travel in the states of Idaho, Oregon, and Washington and Province of British Columbia associated with education and training if the expenses meet the requirements of this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0435, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0440 Are operating lease costs allowable costs? Facility and/or equipment rental or lease costs associated with an arm's length operating lease are allowable costs.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0440, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0445 Are rental expenses paid to related organizations allowable costs? The expense of renting facilities or equipment from a related organization are allowable to the extent that the rent paid does not exceed the related organization's costs of owning (e.g., depreciation, interest on a mortgage) or leasing the assets. Computing the related organization's cost of owning or leasing the asset must be according to the requirements of this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0445, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0450 What is allowable interest? (1) DSHS allows a provider's necessary and ordinary interest costs incurred for working capital loans and capital indebtedness.

(a) "Necessary" means the interest expense must be incurred in connection with a loan satisfying a financial need of the provider and for a purpose related to resident care and training. Interest expense related to a business opportunity or goodwill is unallowable.

(b) "Ordinary" means the interest rate for the loan must not exceed the rate a prudent borrower would pay, in an arm's length transaction, for a comparable loan in the money market at that time.

(c) Interest expense must include amortization of bond discounts and expenses related to the bond issue. The amortization period must be the period from the date the bonds are sold to their maturity date or their date of extinguishment if they are retired before they mature.

(d) Interest expense for assets acquired in a change of ownership after September 30, 1984, is disallowed on any loan principal in excess of the former owner's depreciation base on July 18, 1984.

(2) Interest that is paid to or for the benefit of a related organization is allowed but only to the extent that the actual interest does not exceed the related organization's cost of using the funds.

(3) For construction loans, a provider must capitalize interest expense and loan origination fees incurred during the period of construction. Such costs must be amortized over the life of the constructed asset beginning with the date the first resident is admitted or the date the asset is put into service, whichever occurs first.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0450, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0455 Can a provider offset interest income against allowable costs? Except for nonprofit facilities, a provider must deduct from allowable interest expense all interest income earned from either investing or lending nonrestricted and restricted funds.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0455, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0460 How does DSHS calculate total compensation for owners and relatives? (1) Total compensation means the compensation provided in the employment contract, including benefits. The employment contract can be written, verbal, or inferred from the acts of the parties.

(2) In the absence of a contract, total compensation includes gross salary or wages and fringe benefits (e.g., health insurance) available to all employees.

(3) Total compensation does not include payroll taxes paid by the provider.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0460, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0465 How does DSHS define owner or relative compensation? (1) DSHS limits the total compensation of an owner or an owner's relative to the ordinary compensation for necessary services actually performed.

(a) Compensation is ordinary if it is the amount usually paid for comparable services in a comparable facility to an unrelated employee, and does not exceed limits established in this chapter.

(b) A service is necessary if it is related to resident care and training and would have to be performed by another person if the owner or relative did not perform it.

(2) A provider, in maintaining customary time records adequate for audit, must include time records for owners and

relatives receiving compensation. These records must document how compensated time was spent performing necessary services.

(3) For purposes of this section, if the provider is a corporation, "owner" includes all corporate officers and directors.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0465, filed 4/20/01, effective 5/21/01.]

CAPITALIZED COSTS AND DEPRECIATION

WAC 388-835-0470 What requirements apply to capitalizing equipment, including furniture and furnishings? A provider must capitalize equipment, including furniture and furnishings according to the following table:

Equipment, including furniture and furnishings	Historical cost	Useful life
For settlement purposes beginning January 1, 1881 and for rate setting purposes beginning July 1, 1982	At least $500 per item	At least one year from date asset is put into service
For settlement purposes beginning January 1, 1990 and for rate setting purposes beginning July 1, 1990	At least $1,000 per item	At least one year from date asset is put into service
For settlement purposes beginning January 1, 1996 and for rate setting purposes beginning July 1, 1996	At least $500 per item	At least one year

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0470, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0475 What requirements apply to capitalizing buildings, other real property items, components, improvements and leasehold improvements? Buildings and other real property items, components, improvements and leasehold improvements must be capitalized if they are:

(1) Required or authorized by the lease agreement;

(2) Cost more than five hundred dollars; and

(3) Involve at least one of the following:

(a) Increase the interior floor space of the structure;

(b) Increase or renew paved areas outside the structure that are either adjacent to the structure or provide access to it;

(c) Modification to the exterior or interior walls of the structure;

(d) Installation of additional heating, cooling, electrical, water-related, or similar fixed equipment;

(e) Landscaping or redecorating; or

(f) Increasing the structure's useful life by at least two years.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0475, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0480 How are the useful lives of leasehold improvements determined? The useful lives for all leasehold improvements are based upon the American Hospital Association (AHA) guidelines for the applicable asset.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0480, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0485 What are depreciable assets? Depreciable assets are tangible assets that are subject to depreciation and in which a provider has an ownership interest.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0485, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0490 What are some examples of depreciable assets? Some examples of depreciable assets are:

(1) Buildings, meaning the basic structure or shell and additions to it.

(2) Equipment such as elevators, heating system, and air conditioning system that are attached to a building and characterized by:

(a) An economic useful life of at least three years but shorter than the life of the building to which it is attached;

(b) Incapable of being removed from the building to which it is attached;

(c) A unit cost sufficiently large enough to justify ledger control; and

(d) A physical size and identity that makes control by identification tags possible.

(3) Equipment not attached to buildings.

(4) Land improvements such as paving, tunnels, underpasses, on-site sewer and water lines, parking lots, shrubbery, fences, wall, etc., where replacement is the responsibility of the provider.

(5) Leasehold improvements and additions made by the lessee belong to the lessor after the lease expires.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0490, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0495 What is "minor equipment"? (1) Minor equipment includes items such as wastebaskets, bedpans, syringes, catheters, silverware, mops, and buckets.

(2) Minor equipment is generally characterized as:

(a) Not occupying a fixed location and is used by a variety of departments;

(b) Small in size and unit cost;

(c) Subject to inventory control;

(d) A fairly large number of items are in use; and

(e) Possessing a useful life of one to three years.

(3) If properly capitalized (see WAC 388-835-0230), minor equipment is depreciated. If not properly capitalized, minor equipment is expensed when acquired.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0495, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0500 Is land a depreciable asset? Because the economic useful life of land is considered to be unlimited, land is not a depreciable asset.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0500, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0505 What costs are included in the capitalized cost of land? Examples of costs that are capitalized as land costs include the cost of:

(1) Off-site sewer and water lines;

(2) Public utility charges necessary to service the land;

(3) Government assessments for street paving and sewers;

(4) Permanent roadways and grading of a nondepreciable nature; and

(5) Curbs and sidewalks, the replacement of which is not the responsibility of the provider.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0505, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0510 What is the depreciation base of a tangible asset? (1) The depreciation base of a tangible asset is the asset's historical cost at the time it is acquired by the provider in an arm's length transaction:

(a) Plus the cost of preparing the asset for use;

(b) Less the asset's estimated salvage value, if any, where the straight-line or sum-of-the-years digits methods of depreciation is used;

(c) Less any goodwill; and

(d) Less any accumulated depreciation incurred during periods the asset was used by the provider personally or in another business.

(2) When depreciable assets are acquired from a related organization, the provider's depreciation base cannot exceed the base the related organization had or would have had under a contract with DSHS.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0510, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0515 Can an appraisal be used to establish historical cost? (1) If DSHS challenges the historical cost of an asset or if a provider is unable to adequately document the historical cost of an asset, the department may use an appraisal process to establish the asset's fair market value at the time of purchase.

(2) If an appraisal process is used to establish the fair market value of equipment, vendors dealing in that particular type of equipment must perform the appraisals.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0515, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0520 What is the depreciation base of a donated or inherited asset? (1) The depreciation base of donated and/or inherited assets is the lesser of:

(a) Fair market value at the date of donation or death, less goodwill. (Any estimated salvage value must be deducted from fair market value when either the straight-line or sum-of-the-years digits method of depreciation is used); or

(b) The historical cost of the last owner to contract with DSHS, if any.

(2) If the donation or distribution is between related organization, the base must be the lesser of:

(a) Fair market value, less goodwill and, where appropriate, salvage value, or

(b) The depreciation base the related organization used or would have used when contracting with DSHS.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0520, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0525 How is the useful life of a depreciable asset determined? (1) Except for buildings, a provider must not adopt useful lives shorter than the guideline lives contained in the Internal Revenue Service class life ADR system or published by the American Hospital Association. Thirty years is the shortest useful life a provider can adopt for buildings.

(2) Useful life is measured from the date of the most recent arm's length acquisition of the asset.

(3) Building improvements to owned or leased buildings must be depreciated over the remaining useful life of the building or fifteen years, whichever is greater, except for improvements to licensed boarding home facilities required by the Fire Safety Evaluation System (FSES) of the 1984 Life Safety Code. Improvements to these licensed boarding home facilities must be depreciated for at least five years. A provider must receive DSHS approval before following this exception.

(4) Improvements to leased property that are, according to the lease agreement, the responsibility of the provider must be depreciated over the useful life of the improvement, except for improvements to licensed boarding home facilities required by the Fire safety Evaluation System (FSES) of the 1984 Life Safety Code. Improvements to these licensed boarding home facilities must be depreciated for at least five years. A provider must receive DSHS approval before following this exception.

(5) A provider may change the estimated useful life of an asset to a longer period if necessary.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0525, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0530 What depreciation methods are approved by DSHS? (1) Buildings, building improvements, land improvements, leasehold improvements, and fixed equipment must be depreciated using the straight-line method.

(2) Equipment must be depreciated using the straight-line method, the sum-of-the-years digits method, or the declining balance method at a rate not to exceed one hundred fifty percent of the straight-line rate. Providers electing to use either the sum-of-the-years digits method or the declining balance method may change to the straight-line method without permission of the department.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0530, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0535 What is depreciation expense? (1) Depreciation expense on tangible assets used to provide ICF/MR services is an allowable cost.

(2) Depreciation expense must be:

(a) Identifiable and recorded in the provider's accounting records; and

(b) Computed using the depreciation base, useful lives and methods specified in this chapter.

(3) If a provider reports annual depreciation expense that includes depreciation on assets unrelated to resident care and

training, the annual reported expense must be reduced accordingly.

(4) Once a tangible asset is fully depreciated, no additional depreciation can be claimed unless a new depreciation base is established according to the rules of this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0535, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0540 Can providers claim depreciation on assets that are abandoned, retired or disposed of in some other way? (1) Depreciation cannot be claimed on tangible assets that are sold, traded, scrapped, exchanged, stolen, wrecked or destroyed by fire or some other casualty.

(2) Depreciation cannot be claimed on permanently abandoned assets.

(3) If an asset has been retired from active use but is being held for stand-by or emergency service and DSHS has determined that the asset is needed and can be effectively used in the future, depreciation may be claimed by the provider.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0540, filed 4/20/01, effective 5/21/01.]

GAINS AND LOSSES ON RETIRED ASSETS

WAC 388-835-0545 How must providers account for gains and losses on the retirement of tangible assets? For settlement purposes beginning with January 1, 1981 and for rate setting purposes beginning with the July 1, 1982 rate period, the rules in WAC 388-835-0265 through 388-835-0275 apply.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0545, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0550 How are gains and losses calculated when a tangible asset is retired? When a tangible asset is retired, the difference between the assets undepreciated base and any proceeds received from its retirement is considered a gain or loss on retirement.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0550, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0555 How must providers account for gains and losses on retired assets that are replaced? If a provider replaces a retired asset, any gain or loss on retirement must be deducted from or added to the cost of the replacement asset, respectively. However, a loss on retirement can only be added to the replacement asset's cost if the provider makes a reasonable effort to recover at least the outstanding book value of the retired asset.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0555, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0560 How must providers account for gains and losses on retired assets that are not replaced? (1) If a retired asset is not replaced the gain or loss on retirement must be spread over the actual life of the asset up to the date of retirement. However, a loss can only be spread if the provider has made a reasonable effort to recover at least the outstanding book value of the retired asset.

(2) DSHS will calculate any difference between the actual reimbursements paid and the amount of reimbursement that should be paid after the gain or loss is spread. If the difference results from a gain DSHS must recover the difference from the provider. If the difference results from a loss the difference will be added to allowable costs when determining the settlement.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0560, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0565 How must providers account for gains and losses on retired assets if they terminate their contract with DSHS? If a retired asset is not replaced and the provider is terminating their contract with DSHS, the gain or loss on retirement must be accounted for according to the requirements in WAC 388-835-0280.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0565, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0570 Can DSHS recover reimbursements for depreciation expense? If a provider terminates their contract without selling or otherwise retiring equipment that was depreciated using an accelerated method, depreciation schedules for this equipment for those periods when the provider participated in the ICF/MR program must be adjusted. DSHS will recover any difference between reimbursement actually paid for depreciation and the reimbursement that would have been paid if the straight-line method had been used.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0570, filed 4/20/01, effective 5/21/01.]

REIMBURSEMENT RATES

WAC 388-835-0575 What requirements apply to calculating ICF/MR reimbursement rates? (1) Medicaid program reimbursement rates established according to this chapter apply only to facilities holding appropriate state licenses and certified to provide ICF/MR services according to state and federal laws and regulations.

(2) All rates must be reasonable and adequate to meet the costs incurred by economically and efficiently operated facilities providing ICF/MR services according to state and federal laws and regulations.

(3) For private facilities:

(a) Final payments must be the lower of the facility's prospective rate or allowable costs.

(b) Prospective rates must be determined according to WAC 388-835-0845, 388-835-0850, 388-835-0860, 388-835-0865, 388-835-0870, 388-835-0875, and 388-835-0880.

(c) Final payments must be determined according to WAC 388-835-0880.

(4) For state facilities:

(a) Final payments must be the facility's allowable costs.

(b) Interim rates must be calculated using the most recent annual reported costs (see WAC 388-835-0845) divided by the total resident days during the reporting period. These costs may be adjusted to incorporate federal, state, or department changes in program standards or services.

(c) Final payments must be determined according to WAC 388-835-0880.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0575, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0575, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0580 What program services are not covered by DSHS prospective reimbursement rates? Medical services that are part of DSHS's medical care program but not included in ICF/MR services are not covered by prospective reimbursement rates. Payments are made directly to the service provider according to WAC 388-835-0835 requirements.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0580, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0585 What requirements apply to prospective reimbursement rates for new providers? (1) A prospective reimbursement rate for a new provider must be established within sixty days after DSHS receives a properly completed projected budget from the provider. The effective date of the reimbursement rate must be the same as the effective date of the contract.

(2) The prospective reimbursement rate must be based on the:

(a) Provider's projected cost of operation;

(b) Costs and payment rates of the prior provider, if any; and/or

(c) Costs and payment rates, taking into account applicable lids or maximums, of other providers in comparable circumstances.

(3) If DSHS does not receive a properly completed projected budget at least sixty days before the contract's effective date, a preliminary rate, based on information from former and/or comparable providers, will be prepared by DSHS. This preliminary rate must remain in effect until an initial prospective rate can be set.

(4) If a change of ownership takes place that does not result from an arm's length transaction, the new provider's prospective rates for administration, operations and property costs cannot exceed the former provider's rates. The former provider's rates can be adjusted, if necessary, to reflect changes in economic trends.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0585, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0590 How are reimbursement rates calculated? (1) Each provider's reimbursement rate must be recalculated once each calendar year. The recalculated rate will be implemented prospectively. The recalculated rate will be effective on July 1 of the calendar year in which it was computed. Rates may be recalculated to reflect legislative inflation adjustments or to comply with the requirements of WAC 388-835-0900.

(2) If a provider participated in the ICF/MR program for at least six months during the previous calendar year, their rates must be based on the prior period's allowable costs. If the provider participated in the program for less than six months in the previous calendar year, their rates must be calculated according to WAC 388-835-0840 requirements.

(3) Unless circumstances beyond DSHS's control interfere, all providers submitting correct and complete cost reports by March 31 must receive notification of their new rates by July 1.

(4) When calculating a provider's rate, DSHS must use data from the most recent and complete cost report submitted by the provider and reviewed by DSHS as described in WAC 388-835-0700.

(5) Inflation factor adjustments are based on the Implicit Price Deflator for Personal Consumption from the state of Washington, Economic and Revenue Forecast prepared by the Office of the Forecast Council.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0590, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0595 When does DSHS review a provider's annual cost report? DSHS must review and analyze each annual cost report within six months after it is properly completed and filed with the department.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0595, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0600 What is the purpose of reviewing a provider's annual cost report? DSHS reviews and analyzes annual cost reports to determine if the information contained in them is correct, complete, and reported according to generally accepted accounting principles, the requirements of this chapter and any other applicable rules and instructions issued by the department.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0600, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0605 What is the scope of an annual cost report review? (1) DSHS' review and analysis may include, but is not limited to:

(a) An examination of prior years reported costs;

(b) An examination of any cost report review adjustments made in prior years and their final disposition;

(c) An examination of findings, if any, from prior year cost report field audits; and

(d) Findings, if any, from the field audit of the cost report currently being reviewed.

(2) If it appears that a provider incorrectly calculated or reported their costs, DSHS may:

(a) Request additional information from the provider;

(b) Schedule a special field audit of the provider; or

(c) Make adjustments to the reported information. If adjustments are made, DSHS must give the provider a schedule of the adjustments including an explanation for each one and the dollar amount associated with each one.

(3) If the provider believes that DSHS adjustments are incorrect, the adjustments must be reviewed according to WAC 388-835-0900. If this review does not satisfactorily resolve the dispute, the adjustment must be further reviewed according to WAC 388-835-0910.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0605, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0610 Can DSHS accumulate cost report information and use if for department purposes? DSHS may accumulate data from properly completed cost reports for:

(1) Use in exception profiling and establishing rates; and

(2) Analytical, statistical, or informational purposes that the department considers important.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0610, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0615 What are component rates and cost centers? (1) A provider's overall ICF/MR resident reimbursement rate consists of five component rates within three cost centers.

(2) The five component rates are:

(a) Resident care and habilitative services;

(b) Food;

(c) Administration and operations;

(d) Property; and

(e) Return on equity.

(3) The three cost centers are:

(a) Resident care and habilitation;

(b) Administration, operations, and property; and

(c) Return on equity.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0615, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0620 What reimbursement requirements apply to resident care and habilitation cost centers? (1) Resident care and habilitation cost centers at facilities with at least sixteen residents and licensed as a nursing facility, must, according to applicable federal and state regulations, reimburse for resident living services, habilitative and training services, recreation services, and nursing services.

(2) Resident care and habilitation cost centers at facilities with less than sixteen residents and licensed as a boarding home, must, according to applicable federal and state regulations, reimburse for resident living services, habilitative and training services, recreation services, and nursing services. These cost centers must also reimburse for resident care and training staff who perform any of the administration and operations functions specified in WAC 388-835-0870.

(3) A facility's resident care and habilitation cost center rate must be its most recent reported costs per resident day adjusted for inflation.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0620, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0625 What requirements apply to administration, operations and property cost center rates? Administration, operations, and property cost center rates are the sum of three separate rate components:

(1) The food rate component established by WAC 388-835-0865;

(2) The administration and operations rate component established by WAC 388-835-0870; and

(3) The property rate component established by WAC 388-835-0875.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0625, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0630 What is the food rate component? The food rate component reimburses for the necessary and ordinary costs of a resident's bulk and raw food, dietary supplements, beverages with meals and nourishment between meals.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0630, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0635 Is there a limit to the allowable cost for administrative personnel? Compensation for administrative personnel is an allowable cost within the limits contained in this section:

(1) For purposes of this section "compensation" means gross salaries, wages, and the applicable cost of fringe benefits made available to all employees. Compensation does not include payroll taxes paid by the provider.

(2) A licensed administrator's total compensation for actual services rendered to an ICF/MR facility on a full-time basis (at least forty hours per week, including reasonable vacation, holiday, and sick time) is allowable at the lower of:

(a) Actual compensation received; or

(b) For calendar year 2000, the amount specified in the following table that corresponds to the number of set-up beds in the facility.

Number of set-up beds	Maximum compensation
15 or less	$42,886
16 to 79	$47,739
80 to 159	$52,832
160 and up	$56,163

(c) The maximum compensation amounts will be adjusted annually for inflation. Inflation factor adjustments are based on the Implicit Price Deflator for Personal Consumption from the state of Washington, Economic and Revenue Forecast prepared by the Office of the Forecast Council.

(d) A licensed administrator's compensation will be allowed only if DSHS is notified in writing within ten days following the start of their employment.

(3) Total compensation of not more than one full-time licensed assistant administrator will be allowed if there are at least eighty set-up beds in the ICF/MR facility. Compensation is allowable at the lower of:

(a) Actual compensation received; or

(b) Seventy-five percent of the amount specified in the above table.

(4) Total compensation of not more than one full-time registered administrator-in-training is allowed at the lower of:

(a) Actual compensation received; or

(b) Sixty percent of the amount specified by DDD in the above table.

(5) The cost of a licensed administrator, assistant administrator, or administrator-in-training is not an allowable expense in ICF/MR facilities with fifteen beds or less. The facility's qualified mental retardation professional (QMRP) will provide administrative services.

(6) A QMRP's total compensation of wages and/or salary is allowable at the lower of:

(a) Actual compensation received; or

(b) The amount specified in DDD in the above table.

(7) If a licensed administrator, licensed assistant administrator, registered administrator-in-training, or QMRP are employed on a less than full-time basis, allowable compensation must be the lower of:

(a) Actual compensation received; or

(b) The maximum amount allowed multiplied by the percentage derived from dividing actual hours worked plus reasonable vacation, holiday and sick time, by two thousand and eighty hours.

(8) A provider must maintain time records for any licensed administrators, assistant administrators, administrators-in-training, or QMRPs they employ.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0635, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0640 Can a provider hire an individual or firm to manage their ICF/MR facility? (1) A provider can enter into an agreement with an individual or firm to manage their ICF/MR facility as the provider's agent, however, the provider must submit a copy of the agreement to DSHS at least sixty days before it becomes effective.

(2) Copies of any amendments to a management agreement must be received by DSHS at least thirty days before the amendment become effective.

(3) Management fees for periods before DSHS receives a copy of the agreement are not allowable costs.

(4) The department may waive the sixty-day notice requirement to protect the health and safety of facility residents. Any waiver of the sixty-day notice requirement by DSHS must be in writing.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0640, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0645 Are management fees allowable costs? Management fees are allowable costs only when there is:

(1) A written management agreement that:

(a) Creates a principal and/or agent relationship between the provider and the manager; and

(b) Identifies the items, services, and activities that the manager will provide.

(2) Documentation that verifies the management service was performed.

(3) Assurance that the service performed was necessary and did not duplicate any service provided by the provider.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0645, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0650 Are all management fee's allowable? Providers must limit the amount of allowable fees for general management services (including corporate management fees, business entity management fees, board of director fees and overhead and indirect costs associated with providing general management services) to:

(1) The maximum allowable compensation for a licensed administrator and, if the facility has at least eighty set-up beds, an assistant administrator even if one is not employed minus the actual compensation received by the licensed administrator and assistant administrator.

(2) The maximum allowable compensation for a QMRP at a ICF/MR facilities with fifteen beds or fewer, minus the actual compensation received by the QMRP.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0650, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0655 Are management fees involving a related organization allowable costs? (1) A management fee paid to or for the benefit of a related organization is allowable if it does not exceed the lesser of:

(a) The limits set out in WAC 388-835-0400; or

(b) The lower of the related organization's actual cost of providing necessary resident care and training services under the management agreement or the cost of comparable services purchased in an arm's length transaction elsewhere.

(2) If related organization costs are joint facility costs, their measurement must comply with the requirements of WAC 388-835-0400.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0655, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0660 How do overhead and indirect costs relate to allowable costs? (1) For general administrative and management services, costs such as central office costs, owner compensation, and other fees or compensation, including joint facility costs, must include the overhead and indirect costs associated with providing general management services that are not allocated to specific services.

(2) General administrative and management service costs as described in subsection (1) of this section are subject to the management fee limits established in WAC 388-835-0405.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0660, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0665 Are travel and housing expenses of nonresident staff working at a provider's ICF/MR facility allowable costs? (1) All necessary travel and housing expenses of nonresident staff working at a provider's ICF/MR facility are allowable costs if their visit does not exceed three weeks.

(2) If the nonresident staff visit extends beyond three weeks, any travel and housing expenses are subject to the management fee limits established in WAC 388-835-0405.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0665, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0670 Are bonuses paid to a provider's employees allowable costs? (1) Bonuses paid to employees at a provider's ICF/MR facility are compensation.

(2) Bonuses paid to central office employees are management costs that are subject to the management fee limits established in WAC 388-835-0405.

(3) Bonuses paid to other employees not located at an ICF/MR facility and performing managerial services are management costs that are subject to the management fee limits established in WAC 388-835-0405.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0670, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0675 Are fees paid to members of the board of directors or corporations allowable costs? Fees paid to board of director members or corporations operating ICF/MR facilities are management costs subject to the management fee limits established in WAC 388-835-0405.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0675, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0680 How is the administration and operations rate component computed? (1) The administration and operations rate component includes reimbursement for the necessary and ordinary costs of:

(a) Overall administration and management of the facility;

(b) Operations and maintenance of the physical plant;

(c) Resident transportation;

(d) Dietary service (other than the cost of food and beverages);

(e) Laundry service;

(f) Medical and habilitative supplies;

(g) Taxes; and

(h) Insurance.

(2) An ICF/MR facility's administration and operations rate component is the lesser of:

(a) It's most recent reported cost per resident day adjusted for inflation; or

(b) The calculated rate that is at or above eighty-five percent of state and private facilities' most recent reported cost per resident day adjusted for inflation. This ranking must be based on cost reports used to determine rates for facilities with an occupancy level of at least eighty-five percent during the cost report period.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0680, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0685 How is the property rate component computed? (1) The property rate component reimburses an ICF/MR facility for the necessary and ordinary costs of leases, depreciation, and interest.

(2) It is the facility's most recent desk-reviewed cost per resident day.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0685, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0690 Does DSHS pay a return on equity to providers? DSHS pays a return on equity to proprietary providers.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0690, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0695 How is a return on equity calculated? Calculating return on equity is a three-step process.

(1) First, a provider's net equity is calculated using appropriate items from the provider's most recent cost report and relevant medicare rules and regulations. Note: Goodwill is not included in the calculation of net equity. Also, monthly equity calculations will not be used.

(2) Second, the medicare rate of return for the twelve-month period ending on the provider's cost report-closing date is multiplied by the provider's net equity.

(3) Finally, the amount calculated in subsection (2) is divided by the provider's annual resident days for the cost report period to determine a return on equity rate per resident day.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0695, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0700 What if a provider's cost report covers a period shorter than twelve months? If a provider's cost report covers less than a twelve-month period, annual resident days are estimated by using the actual resident days reported by the provider. The provider will then be paid a prospective rate per resident day. The prospective rate will either be the rate per resident day calculated in WAC 388-835-0010 or two dollars per resident day whichever is less.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0700, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0705 Are return on equity calculations subject to field audits? (1) All information used to calculate return on equity is subject to field audit.

(2) A field audit can be used to determine whether the providers reported equity exceeds the equity calculated according to medicare and the rules of this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0705, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0710 How does DSHS use field audit results? DSHS can use the field audit results to recalculate the provider's return on equity rate for the reported rate period. Any payments received by the provider in excess of the return on equity rate must be refunded to DSHS as part of the settlement procedure established in WAC 388-835-0720.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0710, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0715 Does DSHS place upper limits on the reimbursement rates it pays providers? DSHS limits its reimbursement rates to the following:

(1) Reimbursement rates for providers cannot exceed the provider's customary charge to the general public for the type of service covered by the rate.

(2) Public facilities rendering services for free or for a nominal charge will be reimbursed according to the methods and standards established in this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0715, filed 4/20/01, effective 5/21/01.]

SETTLEMENTS

WAC 388-835-0720 What general requirements apply to settlements between DSHS and providers? (1) Except as otherwise provided in this chapter, settlements must be calculated at the lower of a provider's prospective reimbursement rate or audited allowable costs.

(2) Each provider must complete a proposed preliminary settlement as part of their annual cost report. The due date for the proposed preliminary settlement is the same as the due date for the annual cost report. After reviewing the proposed

preliminary settlement, DSHS must issue a preliminary settlement report to the provider.

(3) If a field audit is conducted, DSHS must evaluate the audit findings and issue a final settlement that incorporates the auditor's findings and DSHS's evaluation.

(4) If according to a preliminary or final settlement and the procedures in this chapter, a provider received overpayments from DSHS, they must refund those overpayments to the department. Conversely, DSHS must pay provider for any underpayments for which the department is responsible.

(5) Following a preliminary or final settlement, payment for services must be at the most recent available settlement rate.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0720, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0725 What requirements apply to paying overpayments and underpayments? (1) Within thirty days after submitting a preliminary or final settlement report to the provider, DSHS must pay any underpayments it owes.

(2) If a provider received overpayments or payments in error from DSHS, they must refund those payments within thirty days after receiving the preliminary or final settlement report.

(3) If a provider fails to comply with subsection (2) and the contract has not been terminated, DSHS must deduct the amount the provider owes, plus interest, from the department's current monthly payment due to the provider. The interest rate charged by DSHS on any unpaid balance is one percent per month.

(4) If a provider fails to comply with subsection (2) and the contract has been terminated, DSHS may:

(a) Deduct the amount owed by the provider, plus interest, from any amounts due to the provider from the department. (The interest rate on any unpaid balance is of one percent per month); or

(b) Use whatever legal means is available to recover the overpayment or erroneous payment plus interest on the unpaid balance at the rate of one percent per month.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0725, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0730 What if the amount of overpayment or underpayment is being disputed? (1) A provider does not have to refund any disputed amounts if they, in good faith, disagree with a settlement report and file a timely request for an administrative or judicial hearing.

(2) DSHS cannot withhold any amount owed by a provider, plus interest, from current payments due to the provider if the provider's debt is being administratively reviewed or judicially appealed.

(3) DSHS may recover portions of refunds and assess interest on amounts not specifically disputed by a provider in an administrative hearing or judicial appeal.

(4) If the administrative or judicial remedy sought by the provider is not granted or is partially granted after all appeals are exhausted or terminated by mutual agreement, the provider must refund all amounts owed to DSHS. These amounts, plus interest, must be paid within sixty days following the date of an administrative or judicial decision or the date the dispute process was mutually terminated. Interest accrues on the amount owed from the date a review was requested to the date the debt is repaid.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0730, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0735 What requirements apply to a provider's proposed preliminary settlement? (1) Proposed preliminary settlements submitted by providers must use the prospective rate for the resident care and habilitation cost center at which the provider was paid during the report period, including any resident specific payment adjustments. Resident specific payments must be weighted by the number of paid resident days each rate was in effect and compared to the provider's allowable costs for the cost center divided by total resident days.

(2) A provider's administration, operations, and property cost center settlement rate must be the prospective rate for the report period, including any payment adjustments, weighted by the number of paid resident days each rate was in effect.

(3) A provider's return on equity settlement rate must be the prospective rate for the report period weighted by the number of paid resident days the rate was in effect.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0735, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0740 How must DSHS respond to a provider's proposed preliminary settlement? (1) DSHS has one hundred twenty days after receiving a proposed preliminary settlement to review it for accuracy and either accept or reject it.

(2) If accepted, the proposed preliminary settlement becomes the preliminary settlement report.

(3) If rejected, DSHS must issue a preliminary settlement report by cost center that fully substantiates disallowed costs, refunds, or underpayments due and adjustments to the proposed preliminary settlement.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0740, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0745 What recourse does a provider have if DSHS rejects their proposed preliminary settlement? A provider has thirty days after receiving a preliminary settlement report to contest it (see WAC 388-835-0950 and 388-835-0955). After thirty days, if the preliminary settlement report has not been contested, it cannot be reviewed.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0745, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0745, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0750 What requirements apply to final settlements? (1) A final settlement must be by cost center and must fully substantiate all:

(a) Disallowed costs;

(b) Refunds;

(c) Underpayments; or

(d) Adjustments to cost reports, financial statements, other reports, and schedules submitted by the provider.

(2) A final settlement report must use the prospective rate at which the provider was paid during the report period,

including any resident specific payment adjustments made for resident care and training cost center. Resident specific payments must be weighted by the number of paid resident days reported for the period each rate was in effect. DSHS must compare these payments to the provider's audited allowable costs for the period.

(3) A provider's administration operations and property cost center settlement rate is the prospective rate for the period weighted by the number of paid resident days each rate was in effect.

(4) A provider's return of equity rate is the prospective rate for the report period weighted by the number of paid resident days the rate was in effect.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0750, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0755 Can a provider disagree with a final settlement report? A provider has thirty days after receiving a final settlement report to contest it (see WAC 388-835-0950 and 388-835-0955). After thirty days, if the final settlement report has not been contested, it cannot be reviewed.

[Statutory Authority: RCW 71A.16.010, 71A.16.030, 71A.12.030, chapter 71A.20 RCW, RCW 72.01.090, and 72.33.125. 02-16-014, § 388-835-0755, filed 7/25/02, effective 8/25/02. Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0755, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0760 What if DSHS conducts an audit during the final settlement process? (1) If DSHS conducts an audit, it must issue a final settlement report to the provider after the audit process is completed. Completing the audit process includes exhausting or mutual terminating the reviews and/or appeals of audit findings or determinations.

(2) If a provider, in good faith, is disputing audit findings or determinations through the administrative review or judicial appeal process, DSHS may issue a partial final settlement report to recover overpayments based on audit findings or determinations not being disputed.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0760, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0765 Why is a state facility settlement important? The state facility settlement is determined to establish a state facility's final payment.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0765, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0770 How is a state facility settlement calculated? The settlement must be calculated as follows:

(1) If the state facility's allowable costs for the report period are greater than their interim payment, the amount owed to the facility is the allowable cost amount minus the interim payment.

(2) If the state facility's allowable costs for the report period are less than their interim payment, the amount owed by the department is the interim payment minus the allowable cost amount.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0770, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0775 How is a state facility settlement implemented? (1) The settlement is implemented in a two-step process consisting of the facility first submitting a proposed preliminary settlement to DSHS and DSHS responding with a final settlement report that it submits to the state facility.

(2) The proposed preliminary settlement must be:

(a) Submitted to DSHS when the state facility submits their cost report.

(b) Responded to by DSHS within one hundred twenty days after they receive it from the state facility. DSHS must verify the accuracy of the facility's proposal and issue a preliminary settlement substantiating the settlement amount.

(3) The final settlement is the preliminary settlement issued by DSHS if an audit is not conducted.

(4) If an audit is conducted, DSHS must submit a final settlement report to the state facility after the audit process is completed. This report must substantiate all disallowed costs, refunds, underpayments, or adjustments to the provider's financial statements, cost report, and final settlement.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0775, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0780 Does DSHS have a responsibility to notify each provider regarding prospective reimbursement rates? (1) DSHS must give written notification to each provider regarding DSHS's prospective reimbursement rate.

(2) Unless specified at the time the reimbursement rate is issued, the rate will be effective from the first day of the month the rate is issued until a new rate becomes effective.

(3) If a rate is changed because of a successful provider appeal, the effective date of the new rate is the same as the effective date of the old rate.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0780, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0785 Can DSHS increase prospective reimbursement rates? (1) Except for the situations described in subsection (3) and (4) of this section, DSHS prospective reimbursement rates are the maximum provider payment rates for those periods to which they apply.

(2) DSHS does not grant rate adjustments for cost increases that are or were subject to management control or negotiations. Examples include, but are not limited to, all lease cost increases or any cost increases not expressly authorized in subsection (3) and (4).

(3) DSHS does adjust rates for any capitalized additions or replacements made as a condition for licensure or certification.

(4) DSHS does adjust rates for cost increases that must be incurred and cannot be met through the provider's prospective rate. Examples of such cost increases are:

(a) Program changes required by DSHS;

(b) Changes in staffing levels or consultants at a facility required by DSHS;

(c) Changes required by a survey; and

(d) Changes in revenue assessments required by the state legislature.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0785, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0790 How does a provider request a rate increase? (1) Any provider requesting a rate adjustment must submit a:

(a) Financial analysis showing the increased cost and an estimate of the rate increase needed to cover the increased cost. The estimated rate increase must be computed according to allowable methods;

(b) Written justification for granting the rate increase; and

(c) Certification and documentation that show the staffing changes and/or other improvements started or completed.

(2) Provider's requesting adjustments under WAC 388-835-0900 must submit a written plan identifying the staff they are going to add and the resident needs they have not met because of insufficient staffing.

(3) When reviewing provider requests made under WAC 388-835-0900, DSHS considers:

(a) If the additional staff requested by a provider is appropriate for meeting resident needs;

(b) Staffing level comparisons with facilities having similar characteristics;

(c) The facility's physical layout;

(d) Supervision and management of current staff;

(e) Historical trends regarding the facility's underspending for resident care and habilitation;

(f) Number and position of existing staff; and

(g) Other resources available to the provider.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0790, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0795 What requirements apply to providers who receive rate increases? (1) Providers that receive prospective rate increases may be required to submit quarterly reports showing how the additional funds were spent. If required, a quarterly report would begin on the first day of the month following the date the rate increase is granted.

(2) If the additional funds resulting from the rate increase are not spent on DSHS approved changes or improvements approved, DSHS may ask that they be returned immediately.

(3) If a facility gives written notice to DSHS that it intends to close by a specific date and that returning the funds would jeopardize its ability to provide for the health, safety, and welfare of its residents, it may not have to return the additional funds.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0795, filed 4/20/01, effective 5/21/01.]

ERRORS AND OMISSIONS

WAC 388-835-0800 What if DSHS discovers that a prospective rate calculation was affected by an error or omission? (1) DSHS may adjust prospective rates resulting from cost report errors, computational errors or omissions by either DSHS or the provider.

(2) In addition to adjusting the rate, DSHS must notify the provider in writing:

(a) Regarding the nature and substance of each adjustment;

(b) That the effective date of each adjustment is the same as the effective date of the original rate; and

(c) Of any amount due to either DSHS or the provider as a result of an adjustment.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0800, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0805 What if a provider discovers an error or omission that affected their cost report? (1) If a provider discovers an error or omission that caused their cost report to be incorrect, the provider must submit amended cost report pages.

(2) Amended cost report pages must be certified and accompanied by a written explanation why the amendment is necessary. Amendments are not accepted by DSHS unless they comply with the requirements in WAC 388-835-0815.

(3) If DSHS concludes that the amendment changes are material, the amended pages must be audited by a field audit.

(4) If DSHS concludes that the amendments are incorrect or unacceptable as a result of the field audit or other information it receives, any rate adjustment based on the amendments is null and void. Any scheduled future rate payment increases resulting from the amendments must be canceled immediately.

(5) Any rate adjustment payments must be made according to the repayment provisions in WAC 388-835-0905.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0805, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0810 What other requirements apply to rate adjustments resulting from errors or omissions? (1) No adjustment can be made to a rate more than:

(a) One hundred twenty days after the field audit narrative and summary is sent to the provider; or

(b) One hundred twenty days after a preliminary settlement becomes a final settlement.

(2) A final settlement that is concluded within the one hundred twenty-day time limits could only be reopened to adjust prospective rates that are based upon errors or omissions.

(3) Only adjustments to prospective rates (and the related computations) resulting from errors or omissions can be reviewed if a timely request is filed according to the provisions of WAC 388-835-0950.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0810, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0815 What requirements apply to repayment of amounts owed due to errors or omissions? (1) Repayment (or starting repayment) of any amount owed to DSHS by a provider as a result of an error or omission rate adjustment must occur:

(a) Within sixty days after the provider receives a rate adjustment notification from DSHS; or

(b) According to a repayment schedule developed by DSHS.

(2) If a provider does not repay its debt to DSHS when it is due, DSHS may deduct the amount owed from the providers current DSHS payment.

(3) If a provider unsuccessfully contests the rate adjustment (see WAC 388-835-0950, they must repay DSHS (or

start repayment) within sixty days after the administrative or judicial proceedings are completed.

(4) If DSHS owes a provider as a result of a rate adjustment, DSHS must pay the provider within thirty days after notifying the provider of the adjustment.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0815, filed 4/20/01, effective 5/21/01.]

PUBLIC REVIEW—PUBLIC DISCLOSURE

WAC 388-835-0820 What role does the public play in setting prospective reimbursement rates? Each year before prospective reimbursement rates are set, DSHS will give all interested members of the public an opportunity to review and comment on the department's proposed rate setting methods and standards.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0820, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0825 What is DSHS' public disclosure responsibility regarding rate setting methodology? Without identifying individual ICF/MR facilities and in compliance with public disclosure statute and rule requirements, DSHS will provide the public with full and complete information regarding its rate setting methodology.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0825, filed 4/20/01, effective 5/21/01.]

BILLING PROCEDURES AND PAYMENTS

WAC 388-835-0830 How does a provider bill DSHS for services provided? (1) A provider must bill DSHS each month, from the first through the last day, for care provided to medical care recipients by completing and returning an IMR statement filed according to department instructions.

(2) A provider cannot bill DSHS for services provided to a resident until they receive a DSHS resident award letter. When the provider receives the award letter, they can bill for services provided since the resident's admission or eligibility date.

(3) A provider cannot bill DSHS for the day of a resident's death, discharge, or transfer from the ICF/MR facility.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0830, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0835 How does DSHS pay a provider? (1) DSHS will reimburse a provider for billed service rendered under the ICF/MR contract according to the appropriate rate assigned to the provider.

(2) For each resident, DSHS will pay an amount equal to the appropriate rates multiplied by the number of resident days each rate was in effect, less any amount a resident is required to pay (see WAC 388-835-0940).

(3) A provider must accept DSHS's reimbursement rates as full compensation for all services the provider is obligated to provide under their contract. The provider must not seek or accept additional compensation any contracted services from or on behalf of a resident.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0835, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0840 Can DSHS withhold provider payments? DSHS cannot withhold a provider payment until the provider is given written notification explaining why the payment is being withheld.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0840, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0845 Can DSHS terminate medicaid Title XIX payments to providers? DSHS must terminate all medicaid Title XIX payments to a provider no later than sixty days after a:

(1) Contract expires, is terminated or is not renewed;

(2) Facility license is revoked; or

(3) Facility is decertified as a Title XIX facility.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0845, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0850 Who is responsible for collecting from residents any amounts they may own for their care? (1) DSHS will notify a provider of the amount each resident is required to pay for care provided under the contract and the date the payment is due.

(2) The provider is responsible for:

(a) Collecting from the resident; and

(b) Accounting for, according to procedures established by DSHS, any authorized reduction in the resident's contribution.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0850, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0855 What if a resident's circumstances change causing a provider to contribute more to the resident's care? (1) If a provider receives documentation verifying a change in a resident's income or resources that will reduce the resident's ability to contribute to the cost of their care, the provider must report this information in writing to the DDD regional services office within seventy-two hours.

(2) Any necessary corrections should be made in the next ICF/MR statement and a copy of the supporting documentation should be attached.

(3) If a provider receives increased funds for a resident, the normal amount must be allowed for clothing, personal, and incidental expenses and the balance must be applied to the cost of care.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0855, filed 4/20/01, effective 5/21/01.]

RECEIVERSHIP

WAC 388-835-0860 What is the role of a receiver when an ICF/MR facility is placed in receivership? If an ICF/MR facility is providing care to state medical assistance recipients and is placed under receivership, the receiver:

(1) Becomes the medicaid provider during the receivership period;

(2) Assumes all new provider reporting responsibilities;

(3) Assumes all other new provider responsibilities established in this chapter; and

(4) Is responsible, during the receivership period, for refunding any medicaid rate payments received that exceed cost of services provided.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0860, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0865 How does DSHS determine prospective reimbursement rates during receivership? When establishing prospective reimbursement rates during receivership, DSHS must consider:

(1) Court ordered compensation, if any, for the receiver. Receiver compensation may already be available through the:

(a) Return on equity cost center rate, or

(b) Facility administrator salary where the receiver is also the facility's administrator.

(c) In order to satisfy the court order when existing sources of compensation are less than the compensation ordered by the court, DSHS could consider the difference as an additional allowable cost when establishing prospective reimbursement rates.

(2) Start-up costs and costs of repairs, replacements, and additional staff needed for resident health, training, security, and welfare. No additional money will be added to the rate if these costs can be covered through the return on equity cost center rate; and

(3) Any other allowable costs contained in this chapter.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0865, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0870 What if the court asks DSHS to recommend a receiver's compensation? If asked for a recommendation regarding receiver compensation by the court, DSHS must consider the:

(1) Range of compensation for private ICF/MR facility managers;

(2) Experience and training of the receiver;

(3) Size, location, and current condition of the facility; and

(4) Additional factors considered appropriate.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0870, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0875 Can DSHS give emergency or transitional financial assistance to a receiver? (1) In response to a court order, DSHS must give up to thirty thousand dollars of emergency or transitional financial assistance to a receiver.

(2) DSHS must recover any emergency or transitional assistance given to a receiver from facility generated revenue that is not obligated for facility operations.

(3) If DSHS has not fully recovered the emergency or transitional assistance when the receivership ends, DSHS may file:

(a) An action against the former licensee or owner to recover what is owed; or

(b) A lien against the facility or the proceeds from the sale of the facility.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0875, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0880 What happens when a receivership ends? When a receivership ends, DSHS may revise the facility's medicaid reimbursement as follows:

(1) The medicaid reimbursement rate for the former owner or licensee must be what it was before receivership unless the former owner or licensee requests prospective rate revisions according to the requirements of this chapter.

(2) The medicaid reimbursement rate for licensed replacement operators must be established according to the rules in this chapter governing prospective reimbursement rates for new providers.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0880, filed 4/20/01, effective 5/21/01.]

DISPUTE RESOLUTION

WAC 388-835-0885 What disputes between providers and DSHS can be resolved through the administrative review process? A provider can use the administrative review process to contest:

(1) An "errors or omissions" reimbursement rate adjustment issued to the provider (see WAC 388-835-0845) or DSHS's refusal to adjust a rate the provider believes is incorrect due to errors or omissions. The provider must request an administrative review within thirty days of receiving notification that a rate has been adjusted or that DSHS refuses to adjust the rate.

(2) The way in which a DSHS rule, contract provision, or policy statement was applied when calculating the provider's prospective cost related reimbursement system's rate.

(3) An audit finding, other audit determination, a rate review or other settlement determination.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0885, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0890 What disputes cannot be resolved through the administrative review and fair hearing processes? DSHS' administrative review and fair hearing processes cannot be used to challenge the adequacy of any prospective or settlement reimbursement rate or rate component, either individually or collectively.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0890, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0900 How does a provider request an administrative review? (1) A provider challenging an audit or settlement determination has a maximum of thirty days after receiving the finding or decision to file a written request for an administrative review.

(2) Written requests must be filed with the:

(a) Office of financial recovery services when the provider challenges an audit finding (adjusting journal entries or AJEs) or other audit determination; or

(b) DDD director when the provider challenges a rate, desk review, or other settlement determination.

(3) The written request must:

(a) Be signed by the provider or facility administrator;

(b) Identify the specific determination being challenged and the date it was issued;

(c) State, as specifically as possible, the issues and regulations involved and why the provider claims the determination was erroneous; and

(d) Be accompanied by any documentation that will be used to support the provider's position.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0900, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0905 What happens after a provider requests an administrative review? (1) After receiving a provider's request, DSHS must schedule a conference between the provider and appropriate department representatives.

(2) Unless both parties agree, in writing, to a specific later date, the conference must be scheduled at least fourteen days after DSHS notifies the provider that a conference will be held and no later than ninety days after DSHS receives the provider's review request.

(3) The conference may be conducted by telephone unless DSHS or the provider requests, in writing, that it be held in person.

(4) The provider and DSHS representatives must participate in the conference.

(5) Either at the conference or before, the provider must give DSHS any documentation:

(a) Requested by DSHS that the provider is required to maintain for audit purposes under WAC 388-835-0270; and

(b) The provider intends to use to support their position.

(6) At the conference DSHS and the provider must clarify the issues and attempt to resolve them.

(7) If additional documentation is necessary to resolve the issues, a second conference meeting must be scheduled. Unless both parties agree, in writing, to a specific later date, this second conference meeting must be scheduled not later than thirty days after the first session.

(8) Regardless of whether an agreement is reached, DSHS must give the provider a written decision within sixty days after the conference ends.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0905, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0910 What if a provider disagrees with the administrative review decision? (1) If they disagree with the administrative review decision, a provider has a right to request an adjudicative proceeding within thirty days of receiving the decision.

(2) To request an adjudicative proceeding, a provider must:

(a) File a written request with the office of administrative hearings (OAH);

(b) Sign the request or have it signed by the facility administrator;

(c) State as specifically as possible the issues and regulations involved;

(d) State the reasons for disagreeing with the administrative review decision; and

(e) Attach a copy of the contested decision and any documentation the provider will use to support their position.

(3) The adjudicative proceeding must be governed by the Administrative Procedure Act (chapter 34.05 RCW), this chapter, and chapter 388-02 WAC. If any part of this chapter conflict with chapter 388-02 WAC, this chapter prevails.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0910, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0915 Can DSHS withhold an undisputed overpayment amount from a current ICF/MR payment? DSHS is authorized to withhold from an ICF/MR's current payment all amounts found by a preliminary or final settlement to be overpayments if they are not identified by the ICF/MR as overpayments and challenged in an administrative or judicial review.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0915, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0920 Can DSHS withhold a disputed overpayment amount from a current ICF/MR payment? Once administrative and judicial review processes are complete, contested overpayments retained by an ICF/MR may be withheld from the ICF/MR's current payment but only to the extent DSHS's position or claims are upheld.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0920, filed 4/20/01, effective 5/21/01.]

COST OF CARE OF MENTALLY DEFICIENT PERSONS RESIDING IN STATE INSTITUTIONS

WAC 388-835-0925 What is the purpose of this section? The purpose of this chapter is to regulate the costs of care of mentally/physically deficient persons.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0925, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0930 How is the payment for residential facilities set? The department sets the payment for residential facilities by the methodology noted in chapter 388-835 WAC.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0930, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0935 How much of a resident's income is exempt from paying their care? Residents whose total resources are insufficient to pay the actual cost of care must be entitled to a monthly exemption from income in the amount of twenty-five dollars.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0935, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0940 What if the estate of a resident is able to pay all or a portion of their monthly cost? (1) If DSHS finds that the estate of a resident is able to pay all or a portion of their monthly costs for care, support, and treatment, they must serve a written notice of finding of responsibility (NFR) on the:

(a) Guardian of the resident's estate; or

(b) If a guardian has not been appointed, resident's spouse or parent or other person acting in a representative capacity and in possession of the resident's property; and

(c) The superintendent of the state school.

(2) If a resident is an adult and is not under a legal disability, the department must personally serve the NFR on the resident.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0940, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0945 If a resident or guardian is served by DSHS with a NFR when is payment due? If a resident or guardian is served by DSHS with an NFR, payment is due thirty days after receiving the notice.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0945, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0950 May a resident or guardian request a hearing if they disagree with the NFR? If a resident or guardian disagrees with the NFR, they have the right to ask for a hearing under chapter 34.05 RCW. They must file a written hearing request within thirty days of receipt with the secretary of DSHS, ATTN: Determination Officer, P.O. Box 9768, Olympia, WA 98504.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0950, filed 4/20/01, effective 5/21/01.]

WAC 388-835-0955 What information must be included in the request for a hearing? The request for hearing must include:

(1) A specific statement of the issues and law involved;

(2) The grounds for contesting the department decision; and

(3) A copy of the NFR being contested.

[Statutory Authority: RCW 71A.20.140. 01-10-013, § 388-835-0955, filed 4/20/01, effective 5/21/01.]

Chapter 388-837 WAC

RESIDENTIAL HABILITATION CENTER (RHC) ICF/MR PROGRAM

WAC

WAC 388-837-9005 What is the purpose of this chapter? (1) The purpose of this chapter is to establish rules authorized by Title 71A RCW for RHC ICF/MR programs, rules that:

(a) Regulate the purchase and provision of services in state operated intermediate care facility for the mentally retarded (ICF/MR); and

(b) Assure adequate ICF/MR care, service, and protection are provided through certification procedures; and

(c) Establish standards for providing habilitative training, health-related care, supervision, and residential services to eligible persons.

(2) Except where specifically referenced, this chapter supersedes and replaces any and all sections affecting ICF/MR facilities or programs contained in chapter 388-96 WAC.

(3) Except as referenced, definitions in WAC 388-835-0010 apply to this chapter.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-837-9005, filed 7/23/04, effective 8/23/04.]

WAC 388-837-9015 What does a transfer from one RHC to another RHC mean? A transfer means the discharge of a resident from the current RHC in which the resident resides and the admission of that resident to another RHC.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.-140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-837-9015, filed 7/23/04, effective 8/23/04.]

WAC 388-837-9020 Do residents have a right to a hearing when transferring from a residential habilitation center (RHC) to another RHC? Notwithstanding hearing rights set forth in WAC 388-825-120 (1)(d), there is no right to an adjudicative proceeding for a resident when the department concludes that the facility where the resident resides cannot provide services due to:

(1) Decertification of the RHC;

(2) Revocation of the RHC's certification; or

(3) An emergency suspension of the RHC's certification;

(4) Partial closure of the RHC; or

(5) Closure of the RHC.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.-140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-837-9020, filed 7/23/04, effective 8/23/04.]

WAC 388-837-9030 What rights are available to a resident regarding a proposed transfer from one RHC to another RHC? (1) A resident, their guardian, next-of-kin, or responsible party must be notified in writing at least thirty days before any transfer occurs.

(2) The transfer notice must include the reason for the proposed transfer.

(3) A resident, their guardian, next of kin, or responsible party has a right to an informal administrative review before the division director or designee.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-837-9030, filed 7/23/04, effective 8/23/04.]

WAC 388-837-9040 What rights are available to a resident regarding a proposed transfer from an RHC to the community, per RCW 71A.20.080? (1) A resident, or the resident's authorized representative has a right to a hearing regarding the proposed transfer from an RHC to the community, per RCW 71A.20.080 and under chapter 34.05 RCW and chapter 388-02 WAC. DSHS must send a hearing request form with the notice of transfer.

(2) If the resident requests a hearing within the thirty-day time period, DSHS may not transfer the resident until a hearing decision is reached or appeal rights have been exhausted unless the transfer is warranted by the resident's health or safety needs or the welfare of the other residents.

(3) If the secretary or the secretary's designee concludes that the transfer is not appropriate, no further action is to be taken to transfer unless there is a change in the situation or circumstances surrounding the transfer request. If there is a change in the situation or circumstances, the request may be resubmitted.

(4) If the secretary or the secretary's designee affirms the decision to transfer the resident and no petition for judicial review is filed within thirty days, DSHS may proceed with the planned action.

(5) If the secretary or secretary's designee affirms the decision to transfer the resident and a petition for judicial review has been filed, any proposed transfer must be delayed until the appeal process is complete unless a delay jeopardizes the resident's health or safety or the welfare of other residents, or as otherwise provided in RCW 71A.20.080.

[Statutory Authority: Chapter 71A.20 RCW, RCW 71A.12.080, 71A.20.-140, 2003 1st sp.s. c 25 § 205. 04-16-018, § 388-837-9040, filed 7/23/04, effective 8/23/04.]

WORK PROGRAMS FOR RESIDENTS OF RESIDENTIAL HABILITATION CENTERS IN THE DIVISION OF DEVELOPMENTAL DISABILITIES

(Formerly chapter 275-41 WAC)

WAC

WAC 388-840-005 Purpose. The regulations provide guidelines for the operation of work programs at residential habilitation centers or for programs contracted on behalf of residents of residential habilitation centers within the division of developmental disabilities as required under RCW 43.20A.445.

[99-19-104, recodified as § 388-840-005, filed 9/20/99, effective 9/20/99. Statutory Authority: RCW 71A.20.060. 91-17-005 (Order 3230), § 275-41-005, filed 8/9/91, effective 9/9/91.]

WAC 388-840-010 Definition. (1) "Compensate" means the resident's receipt of money for work done at a work program.

(2) "Department" means the Washington state department of social and health services.

(3) "Division" means the developmental disabilities division of the department of social and health services.

(4) "Prevailing wage" means the amount paid to a nondisabled worker in a nearby industry or surrounding community for essentially the same type, quality, and quantity of work or work requiring comparable skills.

(5) "Residential habilitation center (RHC)" means a residential habilitation center operated by the developmental disabilities division.

(6) "Work program" means a directed vocational activity or series of related activities provided on a systematic, organized basis for developing and maintaining individual resident work skills, and providing remuneration to resident employees. Work programs must result in:

(a) Benefit to the economy of the facility; or

(b) A contribution to the facility's maintenance; or

(c) Produce articles or services for sale.

[99-19-104, recodified as § 388-840-010, filed 9/20/99, effective 9/20/99. Statutory Authority: RCW 71A.20.060. 91-17-005 (Order 3230), § 275-41-010, filed 8/9/91, effective 9/9/91.]

WAC 388-840-015 Establishment of new work programs. The requirements of RCW 43.20A.445 shall be followed before the department establishes new residential habilitation center work programs.

WAC 388-840-020 Protection of residents. (1) When a resident participates in a work program, the resident shall be employed in work and subjected to work conditions where reasonable precautions are taken to ensure the resident's health and safety.

(2) Resident work programs shall be consistent with the resident's individual habilitation plan objectives.

[99-19-104, recodified as § 388-840-020, filed 9/20/99, effective 9/20/99. Statutory Authority: RCW 71A.20.060. 91-17-005 (Order 3230), § 275-41-020, filed 8/9/91, effective 9/9/91.]

WAC 388-840-025 Compensation for persons participating in work programs. (1) The department shall compensate a person participating in a work program at the prevailing minimum wage except when an appropriate certificate has been obtained by the RHC or contract program in accordance with current regulations and guidelines issued under the Fair Labor Standards Act (29 CFR Ch. V, 525 and 529) as amended.

(2) The department shall not be required to compensate a person participating in the shared domiciliary activities of maintaining the person's own immediate household or residence.

[99-19-104, recodified as § 388-840-025, filed 9/20/99, effective 9/20/99. Statutory Authority: RCW 71A.20.060. 91-17-005 (Order 3230), § 275-41-025, filed 8/9/91, effective 9/9/91.]

A necessary supplemental accommodation representative is identified by a client of DDD when the client does not have a legal guardian and the client is requesting or receiving DDD services.

"Plan of care (POC)" means the primary tool DDD uses to determine and document your needs and to identify services to meet those needs until the DDD assessment is administered and the individual support plan is developed.

"Providers" means an individual or agency who meets the provider qualifications and is contracted with ADSA to provide services to you.

"Respite assessment" means an algorithm within the DDD assessment that determines the number of hours of respite care you may receive per year if you are enrolled in the Basic, Basic Plus, or Core waiver.

"SSI" means Supplemental Security Income, an assistance program administered by the federal Social Security Administration for blind, disabled and aged individuals.

"SSP" means state supplementary payment, a benefit administered by the department intended to augment an individual's SSI.

"State funded services" means services that are funded entirely with state dollars.

WAC 388-845-0005 What are home and community based services (HCBS) waivers? (1) Home and community based services (HCBS) waivers are services approved by the Centers For Medicare and Medicaid Services (CMS) under section 1915 (c) of the Social Security Act as an alternative to intermediate care facility for the mentally retarded (ICF/MR) care.

(2) Certain federal regulations are "waived" enabling the provision of services in the home and community to individuals who would otherwise require the services provided in an ICF/MR as defined in chapters 388-835 and 388-837 WAC.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0005, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0010 What is the purpose of HCBS waivers? The purpose of HCBS waivers is to provide services in the community to individuals with ICF/MR level of need to prevent their placement in an ICF/MR.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0010, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0015 What HCBS waivers are provided by the division of developmental disabilities (DDD)? DDD provides services through four HCBS waivers:

(1) Basic waiver;

(2) Basic Plus waiver;

(3) CORE waiver; and

(4) Community protection waiver.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0015, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0015, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0020 When were these four HCBS waivers effective? The four DDD HCBS waivers were effective April 1, 2004.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0020, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0030 Do I meet criteria for HCBS waiver-funded services? You meet criteria for DDD HCBS waiver-funded services if you meet all of the following:

(1) You have been determined eligible for DDD services per RCW 71A.10.020(3).

(2) You have been determined to meet ICF/MR level of care per WAC 388-845-0070, 388-828-3060 and 388-828-3080.

(3) You meet disability criteria established in the Social Security Act.

(4) You meet financial eligibility requirements as defined in WAC 388-515-1510.

(5) You choose to receive services in the community rather than in an ICF/MR facility.

(6) You have a need for waiver services as identified in your plan of care or individual support plan.

(7) You are not residing in hospital, jail, prison, nursing facility, ICF/MR, or other institution.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0030, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0030, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0031 Can I be enrolled in more than one HCBS waiver? You cannot be enrolled in more than one HCBS waiver at the same time.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0031, filed 9/26/07, effective 10/27/07.]

WAC 388-845-0035 Am I guaranteed placement on a waiver if I meet waiver criteria? (1) If you are not currently enrolled in a waiver, meeting criteria for the waiver does not guarantee access to or receipt of waiver services.

(2) If you are currently on a waiver and you have been determined to have health and welfare needs that can be met only by services available on a different waiver, you are not guaranteed enrollment in that different waiver.

(3) WAC 388-845-0041, 388-845-3080 and 388-845-3085 describe DDD's responsibilities to provide services.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0035, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0035, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0040 Is there a limit to the number of people who can be enrolled in each HCBS waiver? Each waiver has a capacity limit on the number of people who can be served in a waiver year. In addition, DDD has the authority to limit capacity based on availability of funding for new waiver participants.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0040, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0040, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0041 What is DDD's responsibility to provide my services under the waivers administered by DDD? If you are enrolled in an HCBS waiver administered by DDD, DDD must meet your assessed needs for health and welfare.

(1) DDD must address your assessed health and welfare needs in your plan of care or the individual support plan, as specified in WAC 388-845-3055.

(2) You have access to DDD paid services that are provided within the scope of your waiver, subject to the limitations in WAC 388-845-0110 and 388-845-0115.

(3) DDD will provide waiver services you need and qualify for within your waiver.

(4) DDD will not deny or limit your waiver services based on a lack of funding.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0041, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0041, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0045 When there is capacity to add people to a waiver, how does DDD determine who will be enrolled? When there is capacity on a waiver and available funding for new waiver participants, DDD may enroll people from the statewide data base in a waiver based on the following priority considerations:

(1) First priority will be given to current waiver participants assessed to require a different waiver because their identified health and welfare needs have increased and these needs cannot be met within the scope of their current waiver.

(2) DDD may also consider any of the following populations in any order:

(a) Priority populations as identified and funded by the legislature.

(b) Persons DDD has determined to be in immediate risk of ICF/MR admission due to unmet health and welfare needs.

(c) Persons identified as a risk to the safety of the community.

(d) Persons currently receiving services through state-only funds.

(e) Persons on an HCBS waiver that provides services in excess of what is needed to meet their identified health and welfare needs.

(f) Persons who were previously on an HCBS waiver since April 2004 and lost waiver eligibility per WAC 388-845-0060(9).

(3) For the Basic waiver only, DDD may consider persons who need the waiver services available in the Basic waiver to maintain them in their family's home or in their own home.

WAC 388-845-0050 How do I request to be enrolled in a waiver? (1) You can contact DDD and request to be enrolled in a waiver or to enroll in a different waiver at any time.

(2) If you are assessed as meeting ICF/MR level of care as defined in WAC 388-845-0070 and chapter 388-828 WAC, your request for waiver enrollment will be documented by DDD in a statewide data base.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0050, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0050, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0051 How will I be notified of the decision by DDD to enroll me in a waiver? DDD will notify you in writing of its decision to enroll you in a waiver or its decision to deny your request to be enrolled in a waiver.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0051, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0052 What is the process if I am already on a waiver and request enrollment onto a different waiver? (1) If you are already enrolled in a DDD HCBS waiver and you request to be enrolled in a different waiver DDD will do the following:

(a) Assess your needs to determine whether your health and welfare needs can be met with services available on your current waiver or whether those needs can only be met through services offered on a different waiver.

(b) If DDD determines your health and welfare needs can be met by services available on your current waiver your enrollment request will be denied.

(c) If DDD determines your health and welfare needs can only be met by services available on a different waiver your service need will be reflected in your ISP.

(d) If DDD determines there is capacity on the waiver that is determined to meet your needs, DDD will place you on that waiver.

(2) You will be notified in writing of DDD's decision under subsection (1)(a) of this section and if your health and welfare needs cannot be met on your current waiver, DDD

will notify you in writing whether there is capacity on the waiver that will meet your health and welfare needs and whether you will be enrolled on that waiver. If current capacity on that waiver does not exist, your eligibility for enrollment onto that different waiver will be tracked on a statewide data base.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0052, filed 9/26/07, effective 10/27/07.]

WAC 388-845-0055 How do I remain eligible for the waiver? Once you are enrolled in a DDD HCBS waiver, you can remain eligible if you continue to meet eligibility criteria in WAC 388-845-0030.

(1) DDD completes a reassessment at least every twelve months to determine if you continue to meet all of these eligibility requirements; and

(2) You must either receive a waiver service at least once in every thirty consecutive days, as specified in WAC 388-513-1320 (3)(b) or your health and welfare needs require monthly monitoring, which will be documented in your client record; and

(3) Your DDD assessment/reassessment interview must be administered in person and in your home. See WAC 388-828-1520.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0055, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0055, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0060 Can my waiver enrollment be terminated? DDD may terminate your waiver enrollment if DDD determines that:

(1) Your health and welfare needs cannot be met in your current waiver or for one of the following reasons:

(a) You no longer meet one or more of the requirements listed in WAC 388-845-0030;

(b) You do not have an identified need for a waiver service at the time of your annual plan of care or individual support plan;

(c) You do not use a waiver service at least once in every thirty consecutive days and your health and welfare do not require monthly monitoring;

(d) You are on the community protection waiver and choose not to be served by a certified residential community protection provider-intensive supported living services (CP-ISLS);

(e) You choose to disenroll from the waiver;

(f) You reside out-of-state;

(g) You cannot be located or do not make yourself available for the annual waiver reassessment of eligibility;

(h) You refuse to participate with DDD in:

(i) Service planning;

(ii) Required quality assurance and program monitoring activities; or

(iii) Accepting services agreed to in your plan of care or individual support plan as necessary to meet your health and welfare needs.

(i) You are residing in a hospital, jail, prison, nursing facility, ICF/MR, or other institution and remain in residence at least one full calendar month, and are still in residence:

(i) At the end of the twelfth month following the effective date of your current plan of care or individual support plan, as described in WAC 388-845-3060; or

(ii) On March 31st, the end of the waiver fiscal year, whichever date occurs first.

(j) Your needs exceed the maximum funding level or scope of services under the Basic or Basic Plus waiver as specified in WAC 388-845-3080; or

(k) Your needs exceed what can be provided under the CORE or community protection waiver as specified in WAC 388-845-3085; or

(2) Services offered on a different waiver can meet your health and welfare needs and DDD enrolls you on a different waiver.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0060, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0060, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0065 What happens if I am terminated or choose to disenroll from a waiver? If you are terminated from a waiver or choose to disenroll from a waiver, DDD will notify you.

(1) DDD cannot guarantee continuation of your current services, including medicaid eligibility.

(2) Your eligibility for nonwaiver state-only funded DDD services is based upon availability of funding and program eligibility for a particular service.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0065, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0070 What determines if I need ICF/MR level of care? DDD determines if you need ICF/MR level of care based on your need for waiver services. To reach this decision, DDD uses the DDD assessment as specified in chapter 388-828 WAC.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0070, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0070, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0100 What determines which waiver I am assigned to? If there is capacity, DDD will assign you to the waiver with the minimum service package necessary to meet your health and welfare needs, based on its evaluation of your DDD assessment as described in chapter 388-828 WAC and the following criteria:

(1) For the Basic waiver:

(a) You must live with your family or in your own home;

(b) Your family/caregiver's ability to continue caring for you can be maintained with the addition of services provided in the Basic waiver; and

(c) You do not need out-of-home residential services.

(2) For the Basic Plus waiver, your health and welfare needs exceed the amount allowed in the Basic waiver or require a service that is not contained in the Basic waiver; and

(a) You are at high risk of out-of-home placement or loss of your current living situation; or

(b) You require out-of-home placement and your health and welfare needs can be met in an adult family home or adult residential care facility.

(3) For the Core waiver:

(a) You are at immediate risk of out-of-home placement; and/or

(b) You have an identified health and welfare need for residential services that cannot be met by the Basic Plus waiver.

(4) For the community protection waiver, refer to WAC 388-845-0105.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0100, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0100, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0105 What criteria determine assignment to the community protection waiver? DDD may assign you to the community protection waiver only if you are at least eighteen years of age, not currently residing in a hospital, jail or other institution, and meet the following criteria:

(1) You have been identified by DDD as a person who meets one or more of the following:

(a) You have been convicted of or charged with a crime of sexual violence as defined in chapter 71.09 RCW;

(b) You have been convicted of or charged with acts directed towards strangers or individuals with whom a relationship has been established or promoted for the primary purpose of victimization, or persons of casual acquaintance with whom no substantial personal relationship exists;

(c) You have been convicted of or charged with a sexually violent offense and/or predatory act, and may constitute a future danger as determined by a qualified professional;

(d) You have not been convicted and/or charged, but you have a history of stalking, sexually violent, predatory and/or opportunistic behavior which demonstrates a likelihood to commit a sexually violent and/or predatory act based on current behaviors that may escalate to violence, as determined by a qualified professional; or

(e) You have committed one or more violent offense, as defined in RCW 9.94A.030.

(2) You receive or agree to receive residential services from certified residential community protection provider-intensive supported living services (CP-ISLS); and

(3) You comply with the specialized supports and restrictions in your:

(a) Plan of care or individual support plan;

(b) Individual instruction and support plan (IISP); and/or

(c) Treatment plan provided by DDD approved certified individuals and agencies.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-0105, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0105, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0110 Are there limitations to the waiver services I can receive? There are limitations to waiver services. In addition to the limitations to your access to nonwaiver services cited for specific services in WAC 388-845-0115, the following limitations apply:

(1) A service must be offered in your waiver and authorized in your plan of care or individual support plan.

(2) Mental health stabilization services may be added to your plan of care or individual support plan after the services are provided.

(3) Waiver services are limited to services required to prevent ICF/MR placement.

(4) The cost of your waiver services cannot exceed the average daily cost of care in an ICF/MR.

(5) Waiver services cannot replace or duplicate other available paid or unpaid supports or services.

(6) Waiver funding cannot be authorized for treatments determined by DSHS to be experimental.

(7) The Basic and Basic Plus waivers have yearly limits on some services and combinations of services. The combination of services is referred to as aggregate services or employment/day program services.

(8) Your choice of qualified providers and services is limited to the most cost effective option that meets your health and welfare needs.

(9) Services provided out-of-state, other than in recognized bordering cities, are limited to respite care and personal care during vacations.

(a) You may receive services in a recognized out-of-state bordering city on the same basis as in-state services.

(b) The only recognized bordering cities are:

(i) Coeur d'Alene, Moscow, Sandpoint, Priest River and Lewiston, Idaho; and

(ii) Portland, The Dalles, Hermiston, Hood River, Rainier, Milton-Freewater and Astoria, Oregon.

(10) Other out-of-state waiver services require an approved exception to rule before DDD can authorize payment.

WAC 388-845-0111 Are there limitations regarding who can provide services? The following limitations apply to providers for waiver services:

(1) Your spouse cannot be your paid provider for any waiver service.

(2) If you are under age eighteen, your natural, step, or adoptive parent cannot be your paid provider for any waiver service.

(3) If you are age eighteen or older, your natural, step, or adoptive parent cannot be your paid provider for any waiver service with the exception of:

(a) Personal care;

(b) Transportation to and from a waiver service;

(c) Residential habilitation services per WAC 388-845-1510 if your parent is certified as a residential agency per chapter 388-101 WAC; or

(d) Respite care if you and the parent who provides the respite care live in separate homes.

WAC 388-845-0115 Does my waiver eligibility limit my access to DDD nonwaiver services? If you are enrolled in a DDD HCBS waiver:

(1) You are not eligible for state-only funding for DDD services; and

(2) You are not eligible for medicaid personal care.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-0115, filed 12/13/05, effective 1/13/06.]

WAC 388-845-0120 Will I continue to receive state supplementary payments (SSP) if I am on the waiver? Your participation in the new waivers does not affect your continued receipt of state supplemental payment from DDD.

WAC 388-845-1620 Are there limits to the respite care I can receive? The following limitations apply to the respite care you can receive:

(1) The DDD assessment will determine how much respite you can receive per chapter 388-828 WAC.

(2) Prior approval by the DDD regional administrator or designee is required:

(a) To exceed fourteen days of respite care per month; or

(b) To pay for more than eight hours in a twenty-four hour period of time for respite care in any setting other than your home or place of residence. This limitation does not prohibit your respite care provider from taking you into the community, per WAC 388-845-1610(2).

(3) Respite cannot replace:

(a) Daycare while your parent or guardian is at work; and/or

(b) Personal care hours available to you. When determining your unmet need, DDD will first consider the personal care hours available to you.

(4) Respite providers have the following limitations and requirements:

(a) If respite is provided in a private home, the home must be licensed unless it is the client's home or the home of a relative of specified degree per WAC 388-825-345;

(b) The respite provider cannot be the spouse of the caregiver receiving respite if the spouse and the caregiver reside in the same residence; and

(c) If you receive respite from a provider who requires licensure, the respite services are limited to those age-specific services contained in the provider's license.

(5) Your caregiver will not be paid to provide DDD services for you or other persons at the same time you receive respite services.

(6) If your personal care provider is your parent, your parent provider will not be paid to provide respite services to any client in the same month that you receive respite services.

(7) DDD cannot pay for any fees associated with the respite care; for example, membership fees at a recreational facility, or insurance fees.

(8) If you require respite from a licensed practical nurse (LPN) or a registered nurse (RN), services may be authorized as skilled nursing services per WAC 388-845-1700 using an LPN or RN. If you are in the Basic Plus waiver, skilled nursing services are limited to the dollar limits of your aggregate services per WAC 388-845-0210.

ASSESSMENT AND INDIVIDUAL SUPPORT PLAN

WAC 388-845-3000 What is the process for determining the services I need? Your service needs are determined through the DDD assessment and the service planning process as defined in chapter 388-828 WAC. Only identified health and welfare needs will be authorized for payment in the ISP.

(1) You receive an initial and annual assessment of your needs using a department-approved form.

(a) You meet the eligibility requirements for ICF/MR level of care.

(b) The "comprehensive assessment reporting evaluation (CARE)" tool will determine your eligibility and amount of personal care services.

(c) If you are in the Basic, Basic Plus or CORE waiver, the DDD assessment will determine the amount of respite care available to you.

(2) From the assessment, DDD develops your waiver plan of care or individual support plan (ISP) with you and/or your legal representative and others who are involved in your life such as your parent or guardian, advocate and service providers.

WAC 388-845-3015 How is the waiver respite assessment administered? The waiver respite assessment is administered by department staff during an in-person interview with you if you choose to be present, and at least one other person with knowledge of you, such as your primary caregiver.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3015, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3020 Who can be the respondent for the waiver respite assessment? The respondent for your waiver respite assessment must be an adult who is well acquainted with you and can provide the information needed to complete the assessment, such as your primary caregiver.

(1) You cannot be the respondent for your own respite assessment.

(2) The department may select and interview additional respondents as needed to get complete and accurate information.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3020, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3055 What is a waiver individual support plan (ISP)? (1) The individual support plan (ISP) replaces the plan of care and is the primary tool DDD uses to determine and document your needs and to identify the services to meet those needs. Your plan of care remains in effect until a new ISP is developed.

(2) Your ISP must include:

(a) Your identified health and welfare needs;

(b) Both paid and unpaid services approved to meet your identified health and welfare needs as identified in WAC 388-828-8040 and 388-828-8060; and

(c) How often you will receive each waiver service; how long you will need it; and who will provide it.

(3) For an initial ISP, you or your legal representative must sign or give verbal consent to the plan indicating your agreement to the receipt of services.

(4) For a reassessment or review of your ISP, you or your legal representative must sign or give verbal consent to the plan indicating your agreement to the receipt of services.

(5) You may choose any qualified provider for the service, who meets all of the following:

(a) Is able to meet your needs within the scope of their contract, licensure and certification;

(b) Is reasonably available;

(c) Meets provider qualifications in chapters 388-845 and 388-825 WAC for contracting; and

(d) Agrees to provide the service at department rates.

WAC 388-845-3056 What if I need assistance to understand my plan of care or individual support plan? If you are unable to understand your plan of care or individual support plan and the individual who has agreed to provide assistance to you as your necessary supplemental accommodation representative is unable to assist you with understanding your individual support plan, DDD will take the following steps:

(1) Consult with the office of the attorney general to determine if you require a legal representative or guardian to assist you with your plan of care or individual support plan.

(2) Continue your current waiver services.

(3) If the office of the attorney general or a court determines that you do not need a legal representative, DDD will continue to try to provide necessary supplemental accommodations in order to help you understand your plan of care or individual support plan.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3056, filed 9/26/07, effective 10/27/07.]

WAC 388-845-3060 When is my plan of care or individual support plan effective? (1) For an initial plan of care or individual support plan, the plan is effective the date DDD signs and approves it after a signature or verbal consent is obtained.

(2) For a reassessment or review of a plan of care or individual support plan, the plan is effective the date DDD signs and approves it after a signature or verbal consent is obtained.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3060, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3060, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3061 Can a change in my plan of care or individual support plan be effective before I sign it? If you verbally request a change in service to occur immediately, DDD can sign the plan of care or individual support plan and approve it prior to receiving your signature.

(1) Your plan of care or individual support plan will be mailed to you for signature.

(2) You retain the same appeal rights as if you had signed the plan of care or individual support plan.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3061, filed 9/26/07, effective 10/27/07.]

WAC 388-845-3062 Who is required to sign or give verbal consent to the plan of care or individual support plan? (1) If you do not have a legal representative, you must sign or give verbal consent to the plan of care or individual support plan.

(2) If you have a legal representative, your legal representative must sign or give verbal consent to the plan of care or individual support plan.

(3) If you need assistance to understand your plan of care or individual support plan, DDD will follow the steps outlined in WAC 388-845-3056 (1) and (3).

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3062, filed 9/26/07, effective 10/27/07.]

WAC 388-845-3065 How long is my plan effective? (1) Your plan of care is effective until it is replaced by your individual support plan.

(2) Your individual support plan is effective through the last day of the twelfth month following the effective date or until another ISP is completed, whichever occurs sooner.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3065, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3065, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3070 What happens if I do not sign or verbally consent to my individual support plan (ISP)? If DDD is unable to obtain the necessary signature or verbal consent for an initial, reassessment or review of your individual support plan (ISP), DDD will take one or more of the following actions:

(1) If this individual support plan is an initial plan, DDD will be unable to provide waiver services. DDD will not assume consent for an initial plan and will follow the steps described in WAC 388-845-3056 (1) and (3).

(2) If this individual support plan is a reassessment or review and you are able to understand your ISP:

(a) DDD will continue providing services as identified in your most current plan of care or ISP until the end of the ten-day advance notice period as stated in WAC 388-825-105.

(b) At the end of the ten-day advance notice period, unless you file an appeal, DDD will assume consent and implement the new ISP without the required signature or verbal consent as defined in WAC 388-845-3062 above.

(3) If this individual support plan is a reassessment or review and you are not able to understand your ISP, DDD will continue your existing services and take the steps described in WAC 388-845-3056.

(4) You will be provided written notification and appeal rights to this action to implement the new ISP.

(5) Your appeal rights are in WAC 388-845-4000 and 388-825-120 through 388-825-165.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3070, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3070, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3075 What if my needs change? You may request a review of your plan of care or individual support plan at any time by calling your case manager. If there is a significant change in your condition or circumstances, DDD must reassess your plan of care or individual support plan with you and amend the plan to reflect any significant changes. This reassessment does not affect the end date of your annual plan of care or individual support plan.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3075, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3075, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3080 What if my needs exceed the maximum yearly funding limit or the scope of services under the Basic or Basic Plus waiver? (1) If you are on the Basic or Basic Plus waiver and your assessed need for services exceeds the maximum permitted, DDD will make the following efforts to meet your health and welfare needs:

(a) Identify more available natural supports;

(b) Initiate an exception to rule to access available nonwaiver services not included in the Basic or Basic Plus waiver other than natural supports;

(c) Authorize emergency services up to six thousand dollars per year if your needs meet the definition of emergency services in WAC 388-845-0800.

(2) If emergency services and other efforts are not sufficient to meet your needs, you will be offered:

(a) An opportunity to apply for an alternate waiver that has the services you need;

(b) Priority for placement on the alternative waiver when there is capacity to add people to that waiver;

(c) Placement in an ICF/MR.

(3) If none of the options in subsections (1) and (2) above is successful in meeting your health and welfare needs, DDD may terminate your waiver eligibility.

(4) If you are terminated from a waiver, you will remain eligible for nonwaiver DDD services but access to state-only funded DDD services is limited by availability of funding.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3080, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3085 What if my needs exceed what can be provided under the CORE or community protection waiver? (1) If you are on the CORE or community protection waiver and your assessed need for services exceeds the scope of services provided under your waiver, DDD will make the following efforts to meet your health and welfare needs:

(a) Identify more available natural supports;

(b) Initiate an exception to rule to access available nonwaiver services not included in the CORE or community protection waiver other than natural supports;

(c) Offer you the opportunity to apply for an alternate waiver that has the services you need, subject to WAC 388-845-0045;

(d) Offer you placement in an ICF/MR.

(2) If none of the above options is successful in meeting your health and welfare needs, DDD may terminate your waiver eligibility.

(3) If you are terminated from a waiver, you will remain eligible for nonwaiver DDD services but access to state-only funded DDD services is limited by availability of funding.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3085, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3090 What if my identified health and welfare needs are less than what is provided in my current waiver? If your identified health and welfare needs are less than what is provided in your current waiver, DDD may terminate you from your current waiver and enroll you in a waiver that meets but does not exceed your assessed need for waiver services.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3090, filed 12/13/05, effective 1/13/06.]

WAC 388-845-3095 Will I have to pay toward the cost of waiver services? (1) You are required to pay toward board and room costs if you live in a licensed facility or in a companion home as room and board is not considered to be a waiver service.

(2) You will not be required to pay towards the cost of your waiver services if you receive SSI.

(3) You may be required to pay towards the cost of your waiver services if you do not receive SSI. DDD determines what amount, if any, you pay in accordance with WAC 388-515-1510.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-3095, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-3095, filed 12/13/05, effective 1/13/06.]

WAC 388-845-4000 What are my appeal rights under the waiver? In addition to your appeal rights under WAC 388-825-120, you have the right to appeal the following decisions:

(1) Disenrollment from a waiver under WAC 388-845-0060, including a disenrollment from a waiver and enrollment in a different waiver.

(2) A denial of your request to receive ICF/MR services instead of waiver services; or

(3) A denial of your request to be enrolled in a waiver, subject to the limitations described in WAC 388-845-4005.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-4000, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-4000, filed 12/13/05, effective 1/13/06.]

WAC 388-845-4005 Can I appeal a denial of my request to be enrolled in a waiver? (1) If you are not enrolled in a waiver and your request to be enrolled in a waiver is denied, your appeal rights are limited to the decision that you are not eligible to have your request documented in a statewide data base because you do not need ICF/MR level of care per WAC 388-845-0070, 388-828-8040 and 388-828-8060.

(2) If you are enrolled in a waiver and your request to be enrolled in a different waiver is denied, your appeal rights are limited to DDD's decision that the services contained in a different waiver are not necessary to meet your health and welfare needs and that the services available on your current waiver can meet your health and welfare needs.

(3) If DDD determines that the services offered in a different waiver are necessary to meet your health and welfare needs, but there is not capacity on the different waiver, you do not have the right to appeal any denial of enrollment on a different waiver when DDD determines there is not capacity to enroll you on a different waiver.

[Statutory Authority: RCW 71A.12.030, 71A.12.120 and Title 71A RCW. 07-20-050, § 388-845-4005, filed 9/26/07, effective 10/27/07. Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-4005, filed 12/13/05, effective 1/13/06.]

WAC 388-845-4010 How do I appeal a department action? (1) Your rights to appeal a department decision are in RCW 71A.10.050 and WAC 388-825-120 and are limited to an applicant, recipient, or former recipient of services from the division of developmental disabilities.

(2) If you want to appeal a department action, you must request an appeal within ninety days from receipt of the department notice of the action you are disputing.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-4010, filed 12/13/05, effective 1/13/06.]

WAC 388-845-4015 Will my services continue during an appeal? Services may continue according to the provisions contained in WAC 388-825-145.

[Statutory Authority: RCW 71A.12.030, 71A.12.12 [71A.12.120] and chapter 71A.12 RCW. 06-01-024, § 388-845-4015, filed 12/13/05, effective 1/13/06.]

WAC 388-850-020 Plan development and submission. (1) All dates in this section refer to the twenty-four-month period prior to the start of the state fiscal biennium.

(2) Before July 1, in the odd year of each biennium, the department shall negotiate with and submit to counties the biennial plan guidelines.

(3) Before July 1, the department shall submit to counties needs assessment data, and before December 31, updated needs assessment data in the odd year of each biennium.

(4) Before April 1, of the even year of each biennium, each county shall submit to the department a written plan for developmental disabilities services for the subsequent state fiscal biennium. The county's written plan shall be in the form and manner prescribed by the department in the written guidelines.

(5) Within sixty days of receipt of the county's written plan, the department shall acknowledge receipt, review the plan, and notify the county of errors and omissions in meeting minimum plan requirements.

(6) Within thirty days after receipt, each county shall submit a response to the department's review when errors and omissions have been identified within the review.

(7) Before December 15 of the even year of each biennium, the department shall announce the amount of funds included in the department's biennial budget request to each county. The department shall announce the actual amount of funds appropriated and available to each county as soon as possible after final passage of the Biennial Appropriations Act.

(8) Each county shall submit to the department a contract proposal within sixty days of the announcement by the department of the actual amount of funds appropriated and available.

(9) The department may modify deadlines for submission of county plans and responses to reviews or contract proposals when, in the department's judgment, the modification enables the county to improve the program or planning process.

(10) The department may authorize the county to continue providing services in accordance with the previous plan and contract, and reimburse at the average level of the previous contract, in order to continue services until the new contract is executed.

WAC 388-850-025 Program operation—General provisions. (1) The provisions of this section shall apply to all programs operated under authority of the acts.

(2) The county and all contractors and subcontractors must comply with all applicable law or rule governing the department's approval of payment of funds for the programs. Verification may be in the manner and to the extent requested by the secretary.

(3) State funds shall not be paid to a county for costs of services provided by the county or other person or organization who or which was not licensed, certified, and approved as required by law or by rule whether or not the plan was approved by the secretary.

(4) The secretary may impose such reasonable fiscal and program reporting requirements as the secretary deems necessary for effective program management.

(5) **Funding.**

(a) The department and county shall negotiate and execute a contract before the department provides reimbursement for services under contract, except as provided under WAC 388-850-020(10).

(b) Payments to counties shall be made on the basis of vouchers submitted to the department for costs incurred under the contract. The department shall specify the form and content of the vouchers.

(c) The secretary may make advance payments to counties, where such payments would facilitate sound program management. The secretary shall withhold advance payments from counties failing to meet the requirements of WAC 388-850-020 until such requirements are met. Any county failing to meet the requirements of WAC 388-850-020 after advance payments have been made shall repay said advance payment within thirty days of notice by the department that the county is not in compliance.

(d) If the department receives evidence a county or subcontractor performing under the contract is:

(i) Not in compliance with applicable state law or rule; or

(ii) Not in substantial compliance with the contract; or

(iii) Unable or unwilling to provide such records or data as the secretary may require, then the secretary may withhold all or part of subsequent monthly disbursement to the county until such time as satisfactory evidence of corrective action is forthcoming. Such withholding or denial of funds shall be subject to appeal under the Administrative Procedure Act (chapter 34.05 RCW).

(6) **Subcontracting.** A county may subcontract for the performance of any of the services specified in the contract. The county's subcontracts shall include:

(a) A precise and definitive work statement including a description of the services provided;

(b) The subcontractor's specific agreement to abide by the acts and the rules;

(c) Specific authority for the secretary and the state auditor to inspect all records and other material the secretary deems pertinent to the subcontract; and agreements by the subcontractor that such records will be made available for inspection;

(d) Specific authority for the secretary to make periodic inspection of the subcontractor's program or premises in order to evaluate performance under the contract between the department and the county; and

(e) Specific agreement by the subcontractor to provide such program and fiscal data as the secretary may require.

(7) **Records: Maintenance.** Client records shall be maintained for every client for whom services are provided and shall document:

(a) Client demographic data;

(b) Diagnosis or problem statement;

(c) Treatment or service plan; and

(d) Treatment or services provided including medications prescribed.

(8) **Liability.**

(a) The promulgation of these rules or anything contained in these rules shall not be construed as affecting the relative status or civil rights or liabilities between:

(i) The county and community agency; or

(ii) Any other person, partnership, corporation, association, or other organization performing services under a contract or required herein and their employees, persons receiving services, or the public.

(b) The use or implied use herein of the word "duty" or "responsibility" or both shall not import or imply liability other than provided for by the statutes or general laws of the state of Washington, to any person for injuries due to negligence predicated upon failure to perform on the part of an applicant, or a board established under the acts, or an agency, or said agency's employees, or persons performing services on said agency's behalf.

(c) Failure to comply with any compulsory rules shall be cause for the department to refuse to provide the county and community agency funds under the contract.

WAC 388-850-030 Appeal procedure. (1) Any agency making application to participate in a county program operated under authority of the act(s), which is dissatisfied with the disposition of its application, or the community board(s) as defined in the act(s) or the community social services board, which is dissatisfied with any aspect of the plan, may appeal for a hearing before the county governing body. The county governing body shall review the appeal and notify the agency or board of its disposition within thirty days after the appeal has been received.

(2) A county which is dissatisfied with the department's disposition of its plan may request an administrative review.

(3) All requests for administrative reviews shall:

(a) Be made in writing to the appropriate program office within the department;

(b) Specify the date of the decision being appealed;

(c) Specify clearly the issue to be resolved by the review;

(d) Be signed by, and include the address of the county or its representative;

(e) Be made within thirty days of notification of the decision which is being appealed.

(4) An administrative review and redetermination shall be provided by the department within thirty days of the submission of the request for review, with written confirmation of the findings and the reasons for the findings to be forwarded to the county as soon as possible.

(5) Any county dissatisfied with the finding of an administrative review or who chooses not to request an administrative review may initiate proceedings pursuant to the Administrative Procedure Act (chapter 34.05 RCW).

WAC 388-850-045 Funding formula—Developmental disabilities. (1) For the purposes of this section, "county" shall mean the legal subdivision of the state, regardless of any agreement with another county to provide developmental disabilities services jointly.

(2) The allocation of funds to counties shall be based on the following criteria:

(a) Each county shall receive a base amount of funds. The amount shall be based on the prior biennial allocation, including any funds from budget provisos from the prior biennium, and subject to the availability of state and federal funds;

(b) The distribution of any additional funds provided by the legislature or other sources shall be based on a distribution formula which best meets the needs of the population to be served as follows:

(i) On a basis which takes into consideration minimum grant amounts, requirements of clients residing in an ICF/MR or clients on one of the division's Title XIX home and community-based waivers, and the general population of the county, and special education enrollment as well as the population eligible for county-funded developmental disabilities services;

(ii) On a basis that takes into consideration the population numbers of minority groups residing within the county;

(iii) A biennial adjustment shall be made after these factors are considered; and

(iv) Counties not receiving any portion of additional funds pursuant to this formula shall not have their base allocation reduced due to application of this formula.

(c) Funding appropriated through legislative proviso, including vendor rate increases, shall be distributed to the population directed by the legislature utilizing a formula as directed by the legislature or using a formula specific to that population or distributed to identified people;

(d) The ability of the community to provide funds for the developmental disability program provided in chapter 71A.14 RCW may be considered with any or all of the above.

(3) A county may utilize seven or less percent of the county's allocated funds for county administrative expenses. A county may utilize more than seven percent for county administration with approval of the division director. A county electing to provide all services directly, in addition to county administration, is exempt from this requirement.

(4) The department may withhold five or less percent of allocated funds for new programs, for statewide priority programs, and for emergency needs.

Chapter 388-855 WAC

LIABILITY FOR COSTS OF CARE AND HOSPITALIZATION OF THE MENTALLY ILL

(Formerly chapter 275-16 WAC)

WAC

WAC 388-855-0010 Authority. The following rules regarding hospitalization charges are hereby adopted under the authority of Title 71 RCW.

[Statutory Authority: RCW 43.20B.335, 43.20B.325, 72.01.090. 01-01-007, recodified as § 388-855-0010, filed 12/6/00, effective 1/6/01. WAC 388-855-0015 Definitions. "Adjusted charges" are those [charges levied upon] [amounts charged to] a patient who is or has been confined to a state hospital for the mentally ill, either by voluntary or involuntary admission, and their estates and responsible relatives, which are less than the actual cost of hospitalization as reflected in the schedule of charges herein and which has been established by the issuance of a notice of finding of responsibility.

"Adjusted gross income" is that gross income of the estate of the patient and responsible relatives less any deductions, contributions or payments mandated by law including, but not necessarily limited to, income tax and social security.

"Dependent" means any spouse, minor son or daughter, or permanently disabled son or daughter, of the patient living in the patient's household. If the patient is a minor, then the same definitions shall apply in determining the dependency of members of the parent's household. If a minor son or daughter is not living in the patient's household, that son or daughter shall not be considered a dependent unless the patient is in fact contributing more than fifty percent of that child's support in accordance with a court order or court-recognized agreement.

"Department" means the department of social and health services.

"Determination officer" is that duly appointed and qualified claims investigator who is delegated authority by the secretary to conduct or cause to have conducted an investigation of the financial condition of the estate of the patient

and responsible relatives; to evaluate the results of such investigations; to make determinations of the ability to pay hospitalization changes from such investigations and evaluations; and to issue notices of findings of responsibility to the responsible parties.

"Estate of patient and responsible relative" means the total assets available to the patient and his responsible relatives to reimburse the department for hospitalization charges incurred by the patient in a state hospital for the mentally ill in accordance with these regulations.

"Gross income" means the total assets available to the estate of the patient and responsible relatives expressed in terms of their cash equivalent on a monthly basis. The total assets available to the estate of the patient and responsible relatives are converted to a monthly cash equivalent figure by dividing those assets by twelve months. Gross income includes all of the following calculated prior to any mandatory deductions; gross wages for service; net earnings from self-employment; and all other assets divided by twelve months.

"Responsible relative" includes the spouse of a patient, or the parent of a patient who is under eighteen years of age.

"Secretary" means the secretary of the department of social and health services.

[Statutory Authority: RCW 43.20B.335, 43.20B.325, 72.01.090. 01-01-007, amended and recodified as § 388-855-0015, filed 12/6/00, effective 1/6/01. Statutory Authority: RCW 81.02.412 [71.02.412]. 81-08-020 (Order 1627), § 275-16-015, filed 3/25/81.]

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 388-855-0030 Schedule of charges. Under RCW 43.20B.325, the department shall base hospitalization charges for patients in state hospitals on the actual operating costs of such hospitals. The department shall require patient's hospitalization charges due and payable on or before the tenth day of each calendar month for services rendered to department patients during the preceding month. A schedule of each hospital's charge rates will be computed under this section based on actual operating costs of the hospital for the previous year. The schedule will be prepared by the secretary's designee, from financial and statistical information contained in hospital records. The schedule will be updated at least annually. All changes under this section shall be prepared in advance of the effective date. Each hospital will make available the schedule of current charge rates upon request.

WAC 388-855-0035 Available assets of estate of patients and responsible relatives. (1) The department will include, but not necessarily be limited to, in their determination of the assets of the estates of present and former patients of state hospitals for the mentally ill and their responsible relatives, cash, stocks, bonds, savings, security interests, insurance benefits, guardianship funds, trust funds, governmental benefits, pension benefits and personal property.

(2) Real property shall also be an available asset to the estate: Provided, That the patient's home shall not be considered an available asset if that property is owned by the estate and serves as the principal dwelling and actual residence of the patient, the patient's spouse, and/or minor children and disabled sons or daughters: Provided further, That if the home is not being used for residential purposes by the patient, the patient's spouse, and/or minor children and disabled sons or daughters, and in the opinion of two physicians, there is no reasonable expectancy that the patient will be able to return to the home during the remainder of his life, the home shall be considered an asset available to the estate.

WAC 388-855-0055 Notice and finding of responsibility (NFR)—Appeal procedure. (1) The determination officer's assessment of the ability and liability of a person or of the person's estate to pay hospitalization charges shall be issued in the form of a notice and finding of responsibility (NFR) as prescribed by RCW 43.20B.340.

(2) When the NFR is for full hospitalization charges as specified under WAC 388-855-0030, the department shall:

(a) Inform the financially responsible person of the current charges; and

(b) Periodically recompute the financially responsible person's charges.

(3) When the NFR is for adjusted charges, the department shall:

(a) Express the charges in a daily or monthly rate; and

(b) Set aside charges for ancillary services.

(4) The right to an adjudicative proceeding to contest the NFR is contained in RCW 43.20B.340.

(a) A financially responsible person wishing to contest the NFR shall, within twenty-eight days of receipt of the NFR:

(i) File a written application for an adjudicative proceeding showing proof of receipt with the Secretary, DSHS, Attn: Determination Officer, P.O. Box 9768, Olympia, WA 98504; and

(ii) Include in or with the application:

(A) A specific statement of the issues and law involved;

(B) The grounds for contesting the department decision; and

(C) A copy of the contested NFR.

(b) The proceeding shall be governed by the Administrative Procedure Act (chapter 34.05 RCW), RCW 43.20B.340, this chapter, and chapter 388-02 WAC. If any provision in this chapter conflicts with chapter 388-02 WAC, the provision in this chapter governs.

WAC 388-855-0065 Determination of liability. (1) In determining the ability of the estate of the patient and responsible relative to pay hospitalization charges, first priority shall be given to any third party benefits which might be available. The availability of third party benefits, such as medical insurance, health insurance, medicare, medicaid, CHAMPUS, CHAMPVA, shall be considered as an available asset of the estate and shall justify a finding for actual costs of hospitalization during such period as the coverage is in effect.

(2) In the absence of third party benefits, charges shall be based upon the available assets of the estate giving consideration to any unusual and exceptional circumstances and other pertinent factors. No financial determination of the ability of the estate to pay hospitalization charges shall conflict with the eligibility requirements for medicaid for those patients who are eligible or potentially eligible for such benefits.

(3) The ability of the estate to pay adjusted charges will be determined by applying the following formula:

X = (Z-E)F
Where Z = (A-Y-N-R)÷D
Z = available income per family member
X = adjusted charges (daily)
A = gross income
Y = mandatory deductions
N = allowance for unusual and exceptional circumstances
R = allowance for other pertinent factors
D = number of dependents
E = exempt income
F = a factor which converts the monthly figures to a daily rate (.0328767).

All calculations are expressed in monthly terms except the final adjusted charge which is converted to a daily rate. All final figures are rounded out to the nearest cent.

(4) The adjusted gross income (A-Y) is determined by first developing the gross income of the estate of the patient and the responsible relative. Gross income (A) includes not only gross wages for services rendered, and/or net earnings from self-employment, but all other available assets which have been divided by twelve months to convert them to a monthly cash equivalent figure. All mandatory deductions (Y), such as income tax and social security, are deducted from the gross income to arrive at the adjusted gross income.

(5) Approved allowances for unusual and exceptional circumstances (N) and for other pertinent factors (R) are then subtracted from the adjusted gross income.

(6) The available income (A-Y-N-R) is then divided by the number of dependents in the household of the patient (D) to determine the available income per family member.

(7) Exempt income (E) as defined in WAC 388-855-0045 is then subtracted from the available income per family member to arrive at the monthly adjusted charges.

(8) The monthly adjusted charges are multiplied by the factor of .0328767 which converts the monthly figure to a daily rate.

WAC 388-855-0075 Unusual and exceptional circumstances. Unusual and exceptional circumstances for these purposes will cover those expenses other than usual or common; rare and extraordinary; that are of a medical nature and *must* be supplied to the patient for his health, medical or physical well being. Such expenses do not include those expenses that are reimbursable from insurance benefits or can be reasonably obtained from welfare agencies, health maintenance organizations, free clinics, or other free private or governmental sources. The existence and necessity of such unusual and exceptional circumstances must be attested to in writing, by the institution superintendent, that those expenses resulting therefrom are an integral part of the patient's treatment plan and that allowance for such circumstances is necessary for the medical and/or mental well-being of the patient. Upon such written certification, the resources necessary to meet the unusual and exceptional circumstances will not be considered as an asset available to the estate of the patient and responsible relatives for these purposes: Provided, That any such attestation by the institution superintendent must conform with the eligibility criteria of medicaid if the patient is eligible or potentially eligible for such benefits.

[Statutory Authority: RCW 43.20B.335, 43.20B.325, 72.01.090. 01-01-007, recodified as § 388-855-0075, filed 12/6/00, effective 1/6/01. Statutory Authority: RCW 81.02.412 [71.02.412]. 81-08-020 (Order 1627), § 275-16-075, filed 3/25/81.]

WAC 388-855-0085 Other pertinent factors. The determination officer may consider the following other pertinent factors in determining the ability of the estate of the patient and responsible relatives to pay.

(1) The determination officer may consider those factors related to the well-being, education and training, child support obligations set by court order or by administrative finding under chapter 74.20A RCW, and/or rehabilitation of the patient and the patient's immediate family, to whom the patient owes a duty of support. The patient and/or responsible relatives shall show the existence and the necessity for the pertinent factors as defined. Upon such a showing, the determination officer may consider such resources necessary to reasonably provide for such pertinent factors as assets not available to the estate of the patient and responsible relatives.

(2) Consistent with RCW 43.20B.335, the determination officer shall consider a judgment owed by the patient to any victim of an act that would have resulted in criminal conviction of the patient but for a finding of the patient's criminal insanity. A victim shall include an estate's personal representative who has obtained judgment for wrongful death against the criminally insane patient.

WAC 388-855-0095 Failure to cooperate with department. Any patient, former patient, guardian, or other responsible party or parties who, after diligent effort by the department, has been shown to have failed to cooperate with the financial investigation by the department; or fails to comply with, or ignores, departmental correspondence; or supplies false or misleading information; or willfully conceals assets or potential assets; will be subject to a determination by the department that the estate of the patient and responsible relatives has the ability to pay full hospitalization charges: Provided, That no person adjudged incompetent by a court of this state at the time of said investigation shall be penalized by his or her actions: Provided further, That such a finding of liability to pay full hospitalization charges shall in no way diminish the responsible party's right to appeal such a finding of responsibility.

WAC 388-855-0105 Petition for review. (1) After a finding of responsibility becomes final in accordance with RCW 43.20B.340, the responsible party may petition for a review of such findings to the secretary. The petitioner must show a substantial change in the financial ability of the estate to pay the charges in a petition for review. The burden of proof of a change in financial ability rests with the petitioner.

(2) A petition for review shall be in writing and to the following address:

Secretary, DSHS
Attn: Determination Officer
P.O. Box 9768 MS HJ-21
Olympia, WA 98504

(3) The determination officer, upon receipt of the petition for review, may conduct or cause to have conducted such investigation as may be necessary to verify the alleged changes in financial status or to determine any other facts which would bear upon the financial ability of the estate to pay.

(4) Based upon the review of the facts, the determination officer may modify or vacate the NFR under the provisions of RCW 43.20B.350.

(5) The NFR will not be modified or vacated, if such modification or vacation inflicts or causes the loss of medicaid eligibility; jeopardizes the eligibility for other third-party benefits; or has the potential end result of diminishing or jeopardizing the recovery of hospitalization cost by the department without a clear showing of real benefit, financial or otherwise, to the patient and/or responsible relatives.

(6) Nothing herein is intended to preclude the reinvestigation and/or review of the finding of responsibility by the department of its own volition.

WAC 388-865-0100 Purpose. Chapter 388-865 of the Washington Administrative Code implements chapters 71.05, 71.24, and 71.34 RCW, and the mental health Title XIX Section 1915 (b) medicaid waiver provisions.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0100, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0105 What the mental health division does and how it is organized. (1) The department of social and health services is designated by the legislature as the state mental health authority, and has designated the mental health division to administer the state mental health program.

(2) Local services are administered by regional support networks or by the mental health division.

(3) Telephone numbers for the mental health division or regional support networks are located in the local telephone directory and can also be obtained by calling the mental health division at the telephone number in subsection (4) of this section.

(4) To request an organizational chart, contact the mental health division at 1-888-713-6010 or (360) 902-8070, or write to the Mental Health Division Director, P.O. Box 45320, Olympia, WA 98504.

[Statutory Authority: RCW 71.05.560, 71.24.035, 71.34.380, and 74.08.090. 09-02-030, § 388-865-0105, filed 12/30/08, effective 1/30/09. Statutory Authority: RCW 71.24.035, 71.05.560, and chapters 71.24 and 71.05 RCW. 06-17-114, § 388-865-0105, filed 8/18/06, effective 9/18/06. WAC 388-865-0106 When local services are administered by the mental health division. (1) The mental health division administers local services if:

(a) A regional support network fails to meet state minimum standards or refuses to exercise responsibilities under RCW 71.24.045; or

(b) The DSHS secretary assumes the duties assigned to a nonparticipating regional support network under RCW 71.24.035(16).

(2) Consumers residing within the boundaries of a nonparticipating regional support network who are eligible for the Title XIX medicaid program are entitled to receive medically necessary services without charge to the consumer;

(3) Within available resources as defined in RCW 71.24.025(2), consumers residing within the boundaries of a nonparticipating regional support network may receive services from any provider of community support services that is contracted with the department under the provisions of chapter 388-502 WAC and licensed by or certified by the mental health division;

(4) When the DSHS secretary assumes the duties assigned to a nonparticipating regional support network, the following standards and services continue to apply:

(a) WAC 388-865-0217 Psychiatric indigent inpatient program;

(b) WAC 388-865-0222 Advisory board;

(c) WAC 388-865-0225 Resource management;

(d) WAC 388-865-0229 Inpatient services;

(e) WAC 388-865-0230 Community support services;

(f) WAC 388-865-0235 Residential and housing services;

(g) WAC 388-865-0240 Consumer employment services;

(h) WAC 388-865-0245 Administration of ITA;

(i) WAC 388-865-0250 Ombuds services;

(j) WAC 388-865-0255 Consumer grievance process; and

(k) WAC 388-865-0284 Standards for contractors and subcontractors.

[Statutory Authority: RCW 71.05.560, 71.24.035, 71.34.380, and 74.08.090. 09-02-030, § 388-865-0106, filed 12/30/08, effective 1/30/09.]

WAC 388-865-0107 Peer counselor certification. The mental health division certifies consumers to provide peer support services.

(1) In order to be certified as a peer counselor, all applicants must meet the following requirements:

(a) Be a self-identified consumer of mental health services, as defined;

(b) Maintain registration as a counselor under chapter 18.19 RCW;

(c) Complete specialized training provided or contracted by the mental health division; and

(d) Successfully pass an examination administered by the mental health division or an authorized contractor.

(2) The training requirement specified in (2)(c) of this subsection is waived for consumers who were trained prior to October 1, 2004 by trainers approved by the mental health division, provided that all of the other requirements are met by January 31, 2005.

(3) A consumer whose request for certification is denied has the right to contest this decision by submitting a written request to the mental health division within twenty-eight calendar days of the date of notification:

(a) The request should include the consumer's name, address, and telephone number and a brief explanation of the issue and resolution being requested;

(b) The consumer also has the right to use the state administrative hearing process as described in chapter 388-02 WAC;

(c) A consumer who completes the administrative hearing process may request reconsideration in accordance with chapter 388-02 WAC but does not have recourse to review by the DSHS board of appeals.

[Statutory Authority: RCW 71.24.035 (5)(c), 71.24.037. 05-17-156, § 388-865-0107, filed 8/22/05, effective 9/22/05.]

WAC 388-865-0110 Access to records of registration. The mental health division, regional support networks, mental health prepaid health plans, and service providers must ensure that information about the fact that a consumer has or is receiving mental health services is not shared or released except as specified under RCW 71.05.390 and other laws and regulations about confidentiality as noted below in WAC 388-865-0115.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0110, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0115 Access to clinical records. There are numerous federal and state rules and regulations on the subjects of confidentiality and access to consumer clinical records. Many of the rules are located in chapter 70.02 RCW, RCW 71.05.390, 71.05.400, 71.05.410, 71.05.420, 71.05.-430, 71.05.440, 71.05.445, 71.05.610 through 71.05.680, 71.34.160, 71.34.162, 71.34.170, 71.34.200, 71.34.210, 71.34.220, 71.34.225, 13.50.100(4)(b), and 42 C.F.R. 431 and 438, and 42 C.F.R. Part 2 of the Code of Federal Regulations and are not repeated in these rules.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0115, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0120 Waiver of a minimum standard of this chapter. (1) A regional support network, mental health prepaid health plan, service provider or applicant subject to the rules in this chapter may request a waiver of any sections or subsections of these rules by submitting a request in writing to the director of the mental health division. The request must include:

(a) The name and address of the entity that is making the request;

(b) The specific section or subsection of these rules for which a waiver is being requested;

(c) The reason why the waiver is necessary, or the method the entity will use to meet the desired outcome of the section or subsection in a more effective and efficient manner;

(d) A description of the plan and timetable to achieve compliance with the minimum standard or to implement, test, and report results of an improved way to meet the intent of the section or subsection. In no case will the mental health division write a waiver of minimum standards for more than the time period of the entity's current license and/or certificate.

(2) For agencies contracting with a regional support network or mental health prepaid health plan, a statement by the regional support network or mental health prepaid health plan recommending mental health division approval of the request, including:

(a) Recommendations, if any, from the quality review team or ombuds staff; and

(b) A description of how consumers will be notified of changes made as a result of the exception.

(3) The mental health division makes a determination on the waiver request within thirty days from date of receipt. The review will consider the impact on accountability, accessibility, efficiency, consumer satisfaction, and quality of care and any violations of the request with state or federal law.

(4) When granting the request, the mental health division issues a notice to the person making the request, and the involved regional support network if the regional support network is not the applicant, that includes:

(a) The section or subsection waived;

(b) The conditions of acceptance;

(c) The time frame for which the waiver is approved;

(d) Notification that the agreement may be reviewed by the mental health division and renewed, if requested.

(5) When denying the request, the mental health division includes the reason for the decision in the notice sent to the person making the request.

(6) The mental health division does not waive any requirement that is part of statute.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0120, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0150 Definitions. "Adult" means a person on or after their eighteenth birthday. For persons eligible for the medicaid program, adult means a person on or after his/her twenty-first birthday.

"Certified peer counselor" is defined as a consumer of mental health services who has met the registration, experience, and training requirements, has satisfactorily passed the

examination, and has been issued a certificate by the mental health division as specified in WAC 388-865-0107.

"Child" means a person who has not reached his/her eighteenth birthday. For persons eligible for the medicaid program, child means a person who has not reached his/her twenty-first birthday.

"Clinical services" means those direct age and culturally appropriate consumer services which either:

(1) Assess a consumer's condition, abilities or problems;

(2) Provide therapeutic interventions which are designed to ameliorate psychiatric symptoms and improve a consumer's functioning.

"Consumer" means a person who has applied for, is eligible for or who has received mental health services. For a child, under the age of thirteen, or for a child age thirteen or older whose parents or legal guardians are involved in the treatment plan, the definition of consumer includes parents or legal guardians.

"Consultation" means the clinical review and development of recommendations regarding the job responsibilities, activities, or decisions of, clinical staff, contracted employees, volunteers, or students by persons with appropriate knowledge and experience to make recommendations.

"Cultural competence" means a set of congruent behaviors, attitudes, and policies that come together in a system or agency and enable that system or agency to work effectively in cross-cultural situations. A culturally competent system of care acknowledges and incorporates at all levels the importance of language and culture, assessment of cross-cultural relations, knowledge and acceptance of dynamics of cultural differences, expansion of cultural knowledge and adaptation of services to meet culturally unique needs.

"Ethnic minority" or **"racial/ethnic groups"** means, for the purposes of this chapter, any of the following general population groups:

(1) African American;

(2) An American Indian or Alaskan native, which includes:

(a) A person who is a member or considered to be a member in a federally recognized tribe;

(b) A person determined eligible to be found Indian by the secretary of interior, and

(c) An Eskimo, Aleut, or other Alaskan native.

(d) A Canadian Indian, meaning a person of a treaty tribe, Metis community, or nonstatus Indian community from Canada.

(e) An unenrolled Indian meaning a person considered Indian by a federally or nonfederally recognized Indian tribe or off reservation Indian/Alaskan native community organization.

(3) Asian/Pacific Islander; or

(4) Hispanic.

"Medical necessity" or **"medically necessary" -** A term for describing a requested service which is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions in the recipient that endanger life, or cause suffering or pain, or result in illness or infirmity, or threaten to cause or aggravate a handicap, or cause or physical deformity or malfunction, and there is no other equally effective, more conservative or substantially less costly course of treatment available or suitable for the person requesting service. For the purpose of this chapter "course of treatment" may include mere observation or, where appropriate, no treatment at all.

"Mental health division" means the mental health division of the Washington state department of social and health services (DSHS). DSHS has designated the mental health division as the state mental health authority to administer the state and medicaid funded mental health program authorized by chapters 71.05, 71.24, and 71.34 RCW.

"Mental health professional" means:

(1) A psychiatrist, psychologist, psychiatric nurse or social worker as defined in chapters 71.05 and 71.34 RCW;

(2) A person with a masters degree or further advanced degree in counseling or one of the social sciences from an accredited college or university. Such person shall have, in addition, at least two years of experience in direct treatment of persons with mental illness or emotional disturbance, such experience gained under the supervision of a mental health professional;

(3) A person who meets the waiver criteria of RCW 71.24.260, which was granted prior to 1986;

(4) A person who had an approved waiver to perform the duties of a mental health profession that was requested by the regional support network and granted by the mental health division prior to July 1, 2001; or

(5) A person who has been granted a time-limited exception of the minimum requirements of a mental health professional by the mental health division consistent with WAC 388-865-0265.

"Mental health specialist" means:

(1) A **"child mental health specialist"** is defined as a mental health professional with the following education and experience:

(a) A minimum of one hundred actual hours (not quarter or semester hours) of special training in child development and the treatment of children and youth with serious emotional disturbance and their families; and

(b) The equivalent of one year of full-time experience in the treatment of seriously emotionally disturbed children and youth and their families under the supervision of a child mental health specialist.

(2) A **"geriatric mental health specialist"** is defined as a mental health professional who has the following education and experience:

(a) A minimum of one hundred actual hours (not quarter or semester hours) of specialized training devoted to the mental health problems and treatment of persons sixty years of age or older; and

(b) The equivalent of one year of full-time experience in the treatment of persons sixty years of age or older, under the supervision of a geriatric mental health specialist.

(3) An **"ethnic minority mental health specialist"** is defined as a mental health professional who has demonstrated cultural competence attained through major commitment, ongoing training, experience and/or specialization in serving ethnic minorities, including evidence of one year of service specializing in serving the ethnic minority group under the supervision of an ethnic minority mental health specialist; and

(a) Evidence of support from the ethnic minority community attesting to the person's commitment to that community; or

(b) A minimum of one hundred actual hours (not quarter or semester hours) of specialized training devoted to ethnic minority issues and treatment of ethnic minority consumers.

(4) A **"disability mental health specialist"** is defined as a mental health professional with special expertise in working with an identified disability group. For purposes of this chapter only, **"disabled"** means an individual with a disability other than a mental illness, including a developmental disability, serious physical handicap, or sensory impairment.

(a) If the consumer is deaf, the specialist must be a mental health professional with:

(i) Knowledge about the deaf culture and psychosocial problems faced by people who are deaf; and

(ii) Ability to communicate fluently in the preferred language system of the consumer.

(b) The specialist for consumers with developmental disabilities must be a mental health professional who:

(i) Has at least one year's experience working with people with developmental disabilities; or

(ii) Is a developmental disabilities professional as defined in RCW 71.05.020.

"Older person" means an adult who is sixty years of age or older.

"Regional Support Network (RSN)" means a county, a combination of counties, or a private nonprofit entity that administers and provides publicly funded mental health services for a designated geographic area within the state.

"Service recipient" means for the purposes of a mental health prepaid health plan, a consumer eligible for the Title XIX medicaid program.

"Substantial hardship" means that a consumer will not be billed for emergency involuntary treatment if he or she meets the eligibility standards of the psychiatric indigent inpatient program that is administered by the DSHS economic services administration.

"Supervision" means monitoring of the administrative, clinical, or clerical work performance of staff, students, volunteers, or contracted employees by persons with the authority to give direction and require change.

"Underserved" means consumers who are:

(1) Minorities;

(2) Children;

(3) Older adults;

(4) Disabled; or

(5) Low-income persons.

SECTION TWO—REGIONAL SUPPORT NETWORKS

WAC 388-865-0200 Regional support networks. The mental health division contracts with certified regional support networks to administer all mental health services activities or programs within their jurisdiction using available resources. The regional support network must ensure services are responsive in an age and culturally competent manner to the mental health needs of its community. To gain and maintain certification, the regional support network must comply with all applicable federal, state and local laws and regulations, and all of the minimum standards of this section. The community mental health program administered by the regional support network includes the following programs:

(1) Administration of the involuntary treatment program, including investigation, detention, transportation, court related and other services required by chapters 71.05 and 71.34 RCW;

(2) Resource management program as defined in RCW 71.24.025(15) and this section;

(3) Community support services as defined in RCW 71.24.025(7);

(4) Residential and housing services as defined in RCW 71.24.025(14);

(5) Ombuds services;

(6) Quality review teams;

(7) Inpatient services as defined in chapters 71.05 and 71.34 RCW; and

(8) Services operated or staffed by consumers, former consumers, family members of consumers, or other advocates. If the service is clinical, the service must comply with the requirements for licensed services. Consumer or advocate run services may include, but are not limited to:

(a) Consumer and/or advocate operated businesses;

(b) Consumer and/or advocate operated and managed clubhouses;

(c) Advocacy and referral services;

(d) Consumer and/or advocate operated household assistance programs;

(e) Self-help and peer support groups;

(f) Ombuds service; and

(g) Other services.

WAC 388-865-0205 Initial certification of a regional support network. An entity is initially certified if it is selected to be a regional support network for a designated geographic area through a Request for Proposal process. In order to gain certification as a regional support network under circumstances other than through a Request for Proposal, an entity must submit to the department:

(1) A statement of intent to become a regional support network;

(2) A preliminary operating plan which meets departmental guidelines and complies with the requirements of RCW 71.24.045 and 71.24.300.

(3) If the entity proposes to serve more than one county or the designated geographic area includes a tribal authority, the entity must also include a joint operating agreement that includes the following:

(a) Identification of a single authority with final responsibility for all available resources and performance of the

contract with the department consistent with chapters 71.05, 71.24, and 71.34 RCW;

(b) Assignment of all responsibilities required by RCW 71.24.300; and

(c) Participation of tribal authorities in the agreement at the request of the tribal authorities.

(4) Within thirty days of the submission the department will provide a written response either:

(a) Certifying the regional support network; or

(b) Denying certification because the requirements are not met.

[Statutory Authority: RCW 71.24.035, 71.05.560, and chapters 71.24 and 71.05 RCW. 06-17-114, § 388-865-0205, filed 8/18/06, effective 9/18/06. Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0205, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0210 Renewal of regional support network certification. At least biennially the mental health division reviews the compliance of each regional support network with the statutes, applicable rules and regulations, applicable standards, and state minimum standards as defined in this chapter:

(1) If the regional support network is in compliance with the statutes, applicable rules and regulations, applicable standards, and state minimum standards, the mental health division provides the regional support network with a written certificate of compliance.

(2) If the regional support network is not in compliance with the statutes, applicable rules and regulations, the mental health division will provide the regional support network written notice of the deficiencies. In order to maintain certification, the regional support network must develop a plan of corrective action approved by the mental health division.

(3) If the regional support network fails to develop an approved plan of corrective action or does not complete implementation of the plan within the time frames specified, the mental health division may initiate procedures to suspend, revoke, limit, or restrict certification consistent with the provisions of RCW 71.24.035 (7) through (11) and of 43.20A.-205. The mental health division sends a written decision to revoke, suspend, or modify the former certification, with the reasons for the decision and informing the regional support network of its right to an administrative hearing.

(4) The mental health division may suspend or revoke the certification of a regional support network immediately if the mental health division determines that deficiencies imminently jeopardize the health and safety of consumers.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0210, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0215 Consumer eligibility and payment for services. (1) Within available resources as defined in RCW 71.24.025(2), the regional support network must serve consumers in the following order of priority as defined in RCW 71.24.035 (5)(b):

(a) Acutely mentally ill persons;

(b) Chronically mentally ill adults and severely emotionally disturbed children;

(c) Seriously disturbed persons.

(2) Consumers eligible for the Title XIX medicaid program are entitled to receive covered medically necessary services from a mental health prepaid health plan without charge to the consumer;

(3) The consumer or the parent(s) of a child who has not reached their eighteenth birthday, the legal guardian, or the estate of the consumer is responsible for payment for services provided. The consumer may apply to the following entities for payment assistance:

(a) DSHS for medical assistance;

(b) The community support provider for payment responsibility based on a sliding fee scale; or

(c) The regional support network for authorization of payment for involuntary evaluation and treatment services for consumers who would experience a substantial hardship as defined in WAC 388-865-0150.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0215, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0217 Psychiatric indigent inpatient program. (1) The psychiatric indigent inpatient (PII) program is a state funded, limited casualty (LCP) program specifically for mental health clients identified in need of inpatient psychiatric care by the regional support network (RSN).

(2) The psychiatric indigent inpatient (PII) program pays only for emergent voluntary inpatient psychiatric care in community hospitals within the state of Washington. Psychiatric indigent inpatient (PII) does not cover ancillary charges for physician, transportation, pharmacy or other costs associated with an inpatient psychiatric hospitalization.

(3) To be eligible for the psychiatric indigent inpatient (PII) program, a client is subject to the following conditions and limitations:

(a) The client must have a voluntary inpatient psychiatric admission authorized by a regional support network (RSN) in the month of application or within the three months immediately preceding the month of application.

(b) Consumers applying for the psychiatric indigent inpatient (PII) program are subject to the income and resource rules for TANF and TANF-related clients in chapters 388-450 and 388-470 WAC.

(c) If a client's income and/or resources exceed the standard for medically needy (MN), as described in WAC 388-478-0070, the client must spend down the excess amount as described in WAC 388-519-0110 for the client to be eligible for the psychiatric indigent inpatient (PII) program. Spenddown is a client financial obligation for medical expenses. The department deducts the spenddown from payments to providers (see WAC 388-502-0100).

(d) A client who is voluntarily admitted must have incurred an emergency medical expense requirement (EMER) of two thousand dollars over a twelve-month period. EMER is a client financial obligation. The department deducts the EMER from payments to providers (see WAC 388-502-0100).

(i) Qualifying emergency medical expense requirement (EMER) expenses are psychiatric inpatient services in a community hospital.

(ii) The emergency medical expense requirement (EMER) period lasts for twelve calendar months, beginning

on the first day of the month of certification for psychiatric indigent inpatient (PII) and continuing through the last day of the twelfth month.

(e) A client is limited to a single three-month period of psychiatric indigent inpatient (PII) eligibility per twelve-month emergency medical expense requirement (EMER) period.

(4) Clients are not eligible for the psychiatric indigent inpatient (PII) program if they:

(a) Are eligible for, or receiving, any other cash or medical program; or

(b) Entered Washington state specifically to obtain medical care; or

(c) Are inmates of a federal or state prison; or

(d) Are committed under the Involuntary Treatment Act (ITA).

WAC 388-865-0220 Standards for administration. The regional support network must demonstrate that it meets the requirements of chapters 71.05, 71.24, and 71.34 RCW, and ensures the effectiveness and cost effectiveness of community mental health services in an age and culturally competent manner. The regional support network must:

(1) Establish a governing board that includes, where applicable, representation from tribal authorities, consistent with RCW 71.24.300;

(2) For multicounty regional support networks, function as described in the regional support network joint operating agreement;

(3) Ensure the protection of consumer and family rights as described in this chapter, and chapters 71.05 and 71.34 RCW; and other applicable statutes for consumers involved in multiservice systems;

(4) Collaborate with and make reasonable efforts to obtain and use resources in the community to maximize services to consumers;

(5) Educate the community regarding mental illness to diminish stigma;

(6) Maintain agreement(s) with sufficient numbers of certified involuntary inpatient evaluation and treatment facilities to ensure that persons eligible for regional support network services have access to inpatient care;

(7) Develop publicized forums in which to seek and include input about service needs and priorities from community stakeholders, including:

(a) Consumers;

(b) Family members and consumer advocates;

(c) Culturally diverse communities including consumers who have limited English proficiency;

(d) Service providers;

(e) Social service agencies;

(f) Organizations representing persons with a disability;

(g) Tribal authorities; and

(h) Underserved groups.

(8) Maintain job descriptions for regional support staff with qualifications for each position with the education, experience, or skills relevant to job requirements; and

(9) Provide orientation and ongoing training to regional support network staff in the skills pertinent to the position and the treatment population, including age and culturally competent consultation with consumers, families, and community members.

(10) Identify trends and address service gaps;

(11) The regional support network must provide an updated two-year plan biennially to the mental health division for approval consistent with the provisions of RCW 71.24.300(1). The biennial plan must be submitted to the regional support network governing board for approval and to the advisory board for review and comment.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0220, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0221 Public awareness of mental health services. The regional support network or its designee must provide public information on the availability of mental health services. The regional support network must:

(1) Maintain listings of services in telephone directories and other public places such as libraries, community services offices, juvenile justice facilities, of the service area. The regional support network or its designee must prominently display listings for crisis services in telephone directories;

(2) Publish and disseminate brochures and other materials or methods for describing services and hours of operation that are appropriate for all individuals, including those who may be visually impaired, limited English proficient, or unable to read;

(3) Post and make information available to consumers regarding the ombuds service consistent with WAC 388-865-0250, and local advocacy organizations that may assist consumers in understanding their rights.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0221, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0222 Advisory board. The regional support network must promote active engagement with persons with mental disorders, their families and services providers by soliciting and using their input to improve its services. The regional support network must appoint an advisory board that:

(1) Is broadly representative of the demographic character of the region and the ethnicity and broader cultural aspects of consumers served;

(2) Is composed of at least fifty-one percent:

(a) Current consumers or past consumers of public mental health services, including those who are youths, older adults, or who have a disability; and

(b) Family, foster family members, or care givers of consumers, including parents of emotionally disturbed children.

(3) Independently reviews and provides comments to the regional support network governing board on plans, budgets, and policies developed by the regional support network to implement the requirements of this section, chapters 71.05,

71.24, 71.34 RCW and applicable federal law and regulations.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0222, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0225 Resource management. The regional support network must establish mechanisms which maximize access to and use of age and culturally competent mental health services, and ensure eligible consumers receive appropriate levels of care. The regional support network must:

(1) Authorize admission, transfers and discharges for eligible consumers into and out of the following services:

(a) Community support services;

(b) Residential services; and

(c) Inpatient evaluation and treatment services.

(2) Ensure that services are provided according to the consumer's individualized service plan;

(3) Not require preauthorization of emergency services and transportation for emergency services that are required by an eligible consumer;

(4) Identify in the agreement with the mental health division any of these duties it has delegated to a subcontractor.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0225, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0229 Inpatient services. The regional support network must develop and implement age and culturally competent services that are consistent with chapters 71.24, 71.05, and 71.34 RCW. The regional support network must:

(1) For voluntary inpatient services: Develop and implement formal agreements with inpatient services funded by the regional support network regarding:

(a) Referrals;

(b) Admissions; and

(c) Discharges.

(2) For involuntary evaluation and treatment services:

(a) Maintain agreements with sufficient numbers of certified involuntary evaluation and treatment facilities to ensure that consumers eligible for regional support network services have access to involuntary inpatient care. The agreements must address regional support network responsibility for discharge planning;

(b) Determine which service providers on whose behalf the regional support network will apply on behalf of for certification by the mental health division;

(c) Ensure that all service providers or its subcontractors that provide evaluation and treatment services are currently certified by the mental health division and licensed by the department of health;

(d) Ensure periodic reviews of the evaluation and treatment service facilities consistent with regional support network procedures and notify the appropriate authorities if it believes that a facility is not in compliance with applicable statutes, rules and regulations.

(3) Authorize admissions, transfers and discharges into and out of inpatient evaluation and treatment services for eligible consumers including:

(a) State psychiatric hospitals:

(i) Western state hospital;

(ii) Eastern state hospital;

(iii) Child study and treatment center.

(b) Community hospitals;

(c) Residential inpatient evaluation and treatment facilities licensed by the department of health as adult residential rehabilitation centers; and

(d) Children's long-term inpatient program.

(4) Receive prior approval from the mental health division in the form of a single bed certification for services to be provided to consumers on a ninety- or one hundred eighty-day community inpatient involuntary commitment order consistent with the exception criteria in WAC 388-865-0502; and

(5) Identify in the agreement with the mental health division any of these duties is has delegated to a subcontractor.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0229, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0230 Community support services. The regional support network must develop and coordinate age and culturally competent community support services that are consistent with chapters 71.24, 71.05, and 71.34 RCW:

(1) Provide the following services directly, or contract with sufficient numbers and variety of licensed and/or certified service providers to ensure that persons eligible for regional support network services have access to at least the following services:

(a) Emergency crisis intervention services;

(b) Case management services;

(c) Psychiatric treatment including medication supervision;

(d) Counseling and psychotherapy services;

(e) Day treatment services as defined in RCW 71.24.300 (5) and 71.24.035(7);

(f) Consumer employment services as defined in RCW 71.24.035 (5)(e); and

(g) Peer support services.

(2) Conduct prescreening determinations for providing community support services for persons with mental illness who are being considered for placement in nursing homes (RCW 71.24.025(7) and 71.24.025(9)); and

(3) Complete screening for persons with mental illness who are being considered for admission to residential services funded by the regional support network (RCW 71.24.025 and 71.24.025(9)).

WAC 388-865-0245 Administration of the Involuntary Treatment Act. The regional support network must establish policies and procedures for administration of the involuntary treatment program, including investigation, detention, transportation, court related and other services required by chapters 71.05 and 71.34 RCW. This includes:

(1) Designating mental health professionals to perform the duties of involuntary investigation and detention in accordance with the requirements of chapters 71.05 and 71.34 RCW.

(2) Documenting consumer compliance with the conditions of less restrictive alternative court orders by:

(a) Ensuring periodic evaluation of each committed consumer for release from or continuation of an involuntary treatment order. Evaluations must be recorded in the clinical record, and must occur at least monthly for ninety and one hundred eighty-day commitments.

(b) Notifying the designated mental health professional if noncompliance with the less restrictive order impairs the individual sufficiently to warrant detention or evaluation for detention and petitioning for revocation of the less restrictive alternative court order.

(3) Ensuring that when a peace officer or designated mental health professional escorts a consumer to a facility, the designated mental health professional must take reasonable precautions to safeguard the consumer's property including:

(a) Safeguarding the consumer's property in the immediate vicinity of the point of apprehension;

(b) Safeguarding belongings not in the immediate vicinity if there may be possible danger to those belongings;

(c) Taking reasonable precautions to lock and otherwise secure the consumer's home or other property as soon as possible after the consumer's initial detention.

WAC 388-865-0250 Ombuds services. The regional support network must provide unencumbered access to and maintain the independence of the ombuds service as set forth in this section and in the agreement between mental health division and the regional support network. The mental health division and the regional support network must include representatives of consumer and family advocate organizations when revising the terms of the agreement regarding the requirements of this section. Ombuds members must be current consumers of the mental health system, past consumers or family members. The regional support network must maintain an ombuds service that:

(1) Is responsive to the age and demographic character of the region and assists and advocates for consumers with resolving complaints and grievances at the lowest possible level;

(2) Is independent of service providers;

(3) Receives and investigates consumer, family member, and other interested party complaints and grievances;

(4) Is accessible to consumers, including a toll-free, independent phone line for access;

(5) Is able to access service sites and records relating to the consumer with appropriate releases so that it can reach out to consumers, and resolve complaints and/or grievances;

(6) Receives training and adheres to confidentiality consistent with this chapter and chapters 71.05, 71.24, and 70.02 RCW;

(7) Continues to be available to investigate, advocate and assist the consumer through the grievance and administrative hearing processes;

(8) Involves other persons, at the consumer's request;

(9) Assists consumers in the pursuit of formal resolution of complaints;

(10) If necessary, continues to assist the consumer through the fair hearing processes;

(11) Coordinates and collaborates with allied systems' advocacy and ombuds services to improve the effectiveness of advocacy and to reduce duplication of effort for shared clients;

(12) Provides information on grievance experience to the regional support network and mental health division quality management process; and

(13) Provides reports and formalized recommendations at least biennially to the mental health division and regional support network advisory and governing boards, quality

review team, local consumer and family advocacy groups, and provider network.

WAC 388-865-0255 Consumer grievance process. The regional support network must develop a process for reviewing consumer complaints and grievances. A complaint is defined as a verbal statement of dissatisfaction with some aspect of mental health services. A grievance is a written request that a complaint be heard and adjudicated, usually undertaken after attempted resolution of a complaint fails. The process must be submitted to the mental health division for written approval and incorporation into the agreement between the regional support network and the mental health division. The process must:

(1) Be age, culturally and linguistically competent;

(2) Ensure acknowledgment of receipt of the grievance the following working day. This acknowledgment may be by telephone, with written acknowledgment mailed within five working days;

(3) Ensure that grievances are investigated and resolved within thirty days. This time frame can be extended by mutual written agreement, not to exceed ninety days;

(4) Be published and made available to all current or potential users of publicly funded mental health services and advocates in language that is clear and understandable to the individual;

(5) Encourage resolution of complaints at the lowest level possible;

(6) Include a formal process for dispute resolution;

(7) Include referral of the consumer to the ombuds service for assistance at all levels of the grievance and fair hearing processes;

(8) Allow the participation of other people, at the grievant's choice;

(9) Ensure that the consumer is mailed a written response within thirty days from the date a written grievance is received by the regional support network;

(10) Ensure that grievances are resolved even if the consumer is no longer receiving services;

(11) Continue to provide mental health services to the grievant during the grievance and fair hearing process;

(12) Ensure that full records of all grievances are kept for five years after the completion of the grievance process in confidential files separate from the grievant's clinical record. These records must not be disclosed without the consumer's written permission, except as necessary to resolve the grievance or to DSHS if a fair hearing is requested;

(13) Provide for follow-up by the regional support network to assure that there is no retaliation against consumers who have filed a grievance;

(14) Make information about grievances available to the regional support network;

(15) Inform consumers of their right to file an administrative hearing with DSHS without first accessing the contractor's grievance process. Consumers must utilize the regional support network grievance process prior to requesting disenrollment;

(16) Inform consumers of their right to use the DSHS prehearing and administrative hearing processes as described in chapter 388-02 WAC. Consumers have this right when:

(a) The consumer believes there has been a violation of DSHS rule;

(b) The regional support network did not provide a written response within thirty days from the date a written request was received;

(c) The regional support network, mental health prepaid health plan, the department of social and health services, or a provider denies services.

WAC 388-865-0260 Mental health professionals and specialists. The regional support network must assure sufficient numbers of mental health professionals and specialists are available in the service area to meet the needs of eligible consumers. The regional support network must:

(1) Document efforts to acquire the services of the required mental health professionals and specialists;

(2) Ensure development of a training program using in-service training or outside resources to assist service providers to acquire necessary skills and experience to serve the needs of the consumer population;

(3) If more than five hundred persons in the total population in the regional support network geographic area report in the U.S. census that they belong to racial/ethnic groups as defined in WAC 388-865-0150, the regional support network must contract or otherwise establish a working relationship with the required specialists to:

(a) Provide all or part of the treatment services for these populations; or

(b) Supervise or provide consultation to staff members providing treatment services to these populations.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0260, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0265 Mental health professional—Exception. The regional support network may request an exception of the requirements of a mental health professional for a person with less than a masters degree level of training. The mental health division may grant an exception of the minimum requirements on a time-limited basis and only with a demonstrated need for an exception under the following conditions:

(1) The regional support network has made a written request for an exception including:

(a) Demonstration of the need for an exception;

(b) The name of the person for whom an exception is being requested;

(c) The functions which the person will be performing;

(d) A statement from the regional support network that the person is qualified to perform the required functions based on verification of required education and training, including:

(i) Bachelor of Arts or Sciences degree from an accredited college or university;

(ii) Course work or training in making diagnoses, assessments, and developing treatment plans; and

(iii) Documentation of at least five years of direct treatment of persons with mental illness under the supervision of a mental health professional.

(2) The regional support network assures that periodic supervisory evaluations of the individual's job performance are conducted;

(3) The regional support network submits a plan of action to assure the individual will become qualified no later than two years from the date of exception. The regional support network may apply for renewal of the exception. The exception may not be transferred to another regional support network or to use for an individual other than the one named in the exception;

(4) If compliance with this rule causes a disproportionate economic impact on a small business as defined in the Regulatory Fairness Act, chapter 19.85 RCW, and the business does not contract with a regional support network, the small business may request the exception directly from the mental health division.

WAC 388-865-0270 Financial management. The regional support network must be able to demonstrate that it ensures the effectiveness and cost effectiveness of community mental health services. The regional support network must:

(1) Spend funds received by the mental health division in accordance with its contract and to meet the requirements of chapters 71.05, 71.24, 71.34 RCW, and the State Appropriations Act;

(2) Use accounting procedures that are consistent with applicable state and federal requirements and generally accepted accounting principles (GAAP), with the following additional requirements:

(a) Include as assets all property, equipment, vehicles, buildings, capital reserve funds, operating reserve funds, risk reserve funds, or self-insurance funds.

(b) Interest accrued on funds stated in this section must be accounted for and kept for use by the regional support network.

(c) Property, equipment, vehicles, and buildings must be properly inventoried with a physical inventory conducted at least every two years.

(d) Proceeds from the disposal of any assets must be retained by the regional support network for purposes of subsection (1) of this section.

(3) Comply with the 1974 county maintenance of effort requirement for administration of the Involuntary Treatment Act (chapter 71.05 RCW) and 1990 county maintenance of effort requirement for community programs for adults consistent with RCW 71.24.160, and in the case of children, no state funds shall replace local funds from any source used to finance administrative costs for involuntary commitment procedures conducted prior to January 1, 1985 (chapter 71.34 RCW);

(4) Maintain accounting procedures to ensure that accrued interest and excess reserve balances are returned to the regional support network for use in the public mental health system.

WAC 388-865-0275 Management information system. The regional support network must be able to demonstrate that it collects and manages information that shows the effectiveness and cost effectiveness of mental health services. The regional support network must:

(1) Operate an information system and ensure that information about consumers who receive publicly funded mental health services is reported to the state mental health information system according to mental health division guidelines.

(2) Ensure that the information reported is:

(a) Sufficient to produce accurate regional support network reports; and

(b) Adequate to locate case managers in the event that a consumer requires treatment by a service provider that would not normally have access to treatment information about the consumer.

(3) Ensure that information about consumers is shared or released between service providers only in compliance with state statutes (see chapters 70.02, 71.05, and 71.34 RCW) and this chapter. Information about consumers and their individualized crisis plans must be available:

(a) Twenty-four hours a day, seven days a week to designated mental health professionals and inpatient evaluation and treatment facilities, as consistent with confidentiality statutes; and

(b) To the state and regional support network staff as required for management information and program review.

(4) Maintain on file a statement signed by regional support network, county or service provider staff having access to the mental health information systems acknowledging that they understand the rules on confidentiality and will follow the rules.

(5) Take appropriate action if a subcontractor or regional support network employee willfully releases confidential information, as required by chapter 71.05 RCW.

WAC 388-865-0280 Quality management process. The regional support network must implement a process for continuous quality improvement in the delivery of culturally competent mental health services. The regional support network must submit a quality management plan as part of the written biennial plan to the mental health division for approval. All changes to the quality management plan must be submitted to the mental health division for approval prior to implementation. The plan must include:

(1) Roles, structures, functions and interrelationships of all the elements of the quality management process, including but not limited to the regional support network governing board, clinical and management staff, advisory board, ombuds service, and quality review teams.

(2) Procedures to ensure that quality management activities are effectively and efficiently carried out with clear management and clinical accountability, including methods to:

(a) Collect, analyze and display information regarding:

(i) The capacity to manage resources and services, including financial and cost information and compliance with statutes, regulations and agreements;

(ii) System performance indicators;

(iii) Quality and intensity of services;

(iv) Incorporation of feedback from consumers, allied service systems, community providers, ombuds and quality review team;

(v) Clinical care and service utilization including consumer outcome measures; and

(vi) Recommendations and strategies for system and clinical care improvements, including information from exit interviews of consumers and practitioners.

(b) Monitor management information system data integrity;

(c) Monitor complaints, grievances and adverse incidents for adults and children;

(d) Monitor contracts with contractors and to notify the mental health division of observations and information indicating that providers may not be in compliance with licensing or certification requirements;

(e) Immediately investigate and report allegations of fraud and abuse of the contractor or subcontractor to the mental health division;

(f) Monitor delegated administrative activities;

(g) Identify necessary improvements;

(h) Interpret and communicate practice guidelines to practitioners;

(i) Implement change;

(j) Evaluate and report results;

(k) Demonstrate use of all corrective actions to improve the system;

(l) Consider system improvements based on recommendations from all on-site monitoring, evaluation and accreditation/certification reviews;

(m) Review update, and make the plan available to community stakeholders.

(3) Targeted improvement activities, including:

(a) Performance measures that are objective, measurable, and based on current knowledge/best practice including at least those defined by the mental health division in the agreement with the regional support network;

(b) An analysis of consumer care covering a representative sample of at least ten percent of consumers or five hundred consumers, whichever is smaller;

(c) Efficient use of human resources; and

(d) Efficient business practices.

WAC 388-865-0282 Quality review teams. The regional support network must establish and maintain unencumbered access to and maintain the independence of a quality review team as set forth in this section and in the agreement between mental health division and the regional support network. The quality review team must include current consumers of the mental health system, past consumers or family members. The regional support network must assure that quality review teams:

(1) Fairly and independently review the performance of the regional support network and service providers to evaluate systemic customer service issues as measured by objective indicators of consumer outcomes in rehabilitation, recovery and reintegration into the mainstream of social, employment and educational choices, including:

(a) Quality of care;

(b) The degree to which services are consumer-focused/directed and are age and culturally competent;

(c) The availability of alternatives to hospitalization, cross-system coordination and range of treatment options; and

(d) The adequacy of the regional support network's cross system linkages including, but not limited to schools, state and local hospitals, jails and shelters.

(2) Have the authority to enter and monitor any agency providing services for area regional support network consumers, including state and community hospitals, freestanding evaluation and treatment facilities, and community support service providers;

(3) Meet with interested consumers and family members, allied service providers, including state or community psychiatric hospitals, regional support network contracted service providers, and persons that represent the age and ethnic diversity of the regional support network to:

(a) Determine if services are accessible and address the needs of consumers based on sampled individual recipient's perception of services using a standard interview protocol developed by the mental health division. The protocol will query the sampled individuals regarding ease of accessing services, the degree to which services address medically necessary needs (acceptability), and the benefit of the service received; and

(b) Work with interested consumers, service providers, the regional support network, and DSHS to resolve identified problems.

(4) Provide reports and formalized recommendations at least biennially to the mental health division, the mental health advisory committee and the regional support network advisory and governing boards and ensure that input from the quality review team is integrated into the overall regional support network quality management process, ombuds services, local consumer and family advocacy groups, and provider network; and

(5) Receive training and adhere to confidentiality standards.

WAC 388-865-0284 Standards for contractors and subcontractors. The regional support network must not subcontract for clinical services to be provided using state funds unless the subcontractor is licensed and/or certified by the mental health division for those services or is personally licensed by the department of health as defined in chapter 48.43, 18.57, 18.71, 18.83, or 18.79 RCW. The regional support network must:

(1) Require and maintain documentation that contractors and subcontractors are licensed, certified, or registered in accordance with state or federal laws;

(2) Follow applicable requirements of the regional support network agreement with the mental health division;

(3) Demonstrate that it monitors contracts with contractors and notifies the mental health division of observations and information indicating that providers may not be in compliance with licensing or certification requirements; and

(4) Terminate its contract with a provider if the mental health division notifies the regional support network of a provider's failure to attain or maintain licensure or certification, if applicable.

WAC 388-865-0286 Coordination with a mental health prepaid health plan. If the regional support network is not also a mental health prepaid health plan, the regional support network must ensure continuity of services between itself and the mental health prepaid health plan by maintaining a working agreement about coordination for at least the following services:

(1) Community support services;

(2) Inpatient evaluation and treatment services;

(3) Residential services;

(4) Transportation services;

(5) Consumer employment services;

(6) Administration of involuntary treatment investigation and detention services; and

(7) Immediate crisis response after presidential declaration of a disaster.

WAC 388-865-0288 Regional support networks as a service provider. A regional support network may operate as a community support service provider under the following circumstances:

(1) Meeting the criteria specified in RCW 71.24.037 and 71.24.045;

(2) Maintaining a current license as a community support service provider from the mental health division.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0288, filed 5/31/01, effective 7/1/01.]

SECTION THREE—MENTAL HEALTH PREPAID HEALTH PLANS

WAC 388-865-0300 Mental health prepaid health plans. A mental health prepaid health plan is an entity that contracts with the mental health division to administer mental health services for people who are eligible for the Title XIX medicaid program. The mental health prepaid health plan must ensure services are responsive in an age and culturally competent manner to the mental health needs of its community. To be eligible for a contract as a mental health prepaid health plan, the entity must:

(1) Provide documentation of a population base of forty-one thousand six hundred medicaid eligible persons (covered lives) within the service area or receive approval from the mental health division based on submittal of an actuarially sound risk management profile;

(2) Maintain certification as a regional support network or licensure by the Washington state office of the insurance commissioner as a health care service contractor under chapter 48.44 RCW.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0300, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0305 Regional support network contracting as a mental health prepaid health plan. A regional support network contracting with the mental health division as a mental health prepaid health plan must comply with all requirements for a regional support network and the additional requirements for a prepaid health plan.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0305, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0310 Mental health prepaid health plans—Minimum standards. To be eligible for a contract, a mental health prepaid health plan must comply with all applicable federal, state, and local statutes and regulations and meet all of the minimum standards of WAC 388-865-300 through 388-865-355. The mental health prepaid health plan must:

(1) Provide medically necessary mental health services that are age and culturally competent for all medicaid recipients in the service area within a capitated rate;

(2) Provide outreach to consumers, including homeless persons and families as defined in Public Law 100-77, and home-bound individuals;

(3) Demonstrate working partnerships with tribal authorities for the delivery of services that blend with tribal values, beliefs and culture;

(4) Develop and maintain written subcontracts that clearly recognize that legal responsibility for administration of the service delivery system remains with the mental health prepaid health plan, as identified in the agreement with the mental health division;

(5) Retain responsibility to ensure that applicable standards of state and federal statute and regulations and this chapter are met even when it delegates duties to subcontractors;

(6) Ensure the protection of consumer and family rights as described in chapters 71.05 and 71.34 RCW;

(7) Ensure compliance with the following standards:

(a) WAC 388-865-0220, Standards for administration;

(b) WAC 388-865-0225, Resource management program;

(c) WAC 388-865-0229, Inpatient services and treatment services;

(d) WAC 388-865-0230, Community support services;

(e) WAC 388-865-0250, Ombuds services;

(f) WAC 388-865-0255, Consumer grievance process;

(g) WAC 388-865-0260, Mental health professionals or specialists;

(h) WAC 388-865-0265, Mental health professional—Exception;

(i) WAC 388-865-0270, Financial management;

(j) WAC 388-865-0275, Management information system;

(k) WAC 388-865-0280, Quality management process;

(l) WAC 388-865-0282, Quality review teams; and

(m) WAC 388-865-0284, Standards for contractors and subcontractors.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0310, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0315 Governing body. The mental health prepaid health plan must establish a governing body responsible for oversight of the mental health prepaid health plan. The governing body must:

(1) Be free from conflict of interest and all appearance of conflict of interest between personal, professional and fiduciary interests of a governing body member and the best interests of the prepaid health plan and the consumers it serves.

(2) Have rules about:

(a) When a conflict of interest becomes evident;

(b) Not voting or joining a discussion when a conflict of interest is present; and

(c) When the body scan assign the matter to others, such as staff or advisory bodies.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0315, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0320 Utilization management. Utilization management is the way the mental health prepaid health plan authorizes or denies mental health services, monitors services, and follows the level of care guidelines. To demonstrate the impact on enrollee access to care of adequate quality, a mental health prepaid health plan must provide utilization management of the community mental health rehabilitation services (42 C.F.R. 440) that is independent of service providers. This process must:

(1) Provide effective and efficient management of resources;

(2) Assure capacity sufficient to deliver appropriate quality and intensity of services to enrolled consumers without a wait list consistent with the agreement with the mental health division;

(3) Plan, coordinate, and authorize community support services;

(4) Ensure that services are provided according to the individual service plan;

(5) Ensure assessment and monitoring processes are in place by which service delivery capacity responds to changing needs of the community and enrolled consumers;

(6) Develop, implement, and enforce written level of care guidelines for admission, placements, transfers and discharges into and out of services. The guidelines must address:

(a) A clear process for the mental health prepaid health plan's role in the decision-making process about admission and continuing stay at various levels is available in language that is clearly understood by all parties involved in an individual consumer's care, including laypersons;

(b) Criteria for admission into various levels of care, including community support, inpatient and residential services that are clear and concrete;

(c) Methods to ensure that services are individualized to meet the needs for all medicaid consumers served, including consumers of different ages, cultures, languages, civil commitment status, physical abilities, and unique service needs; and

(d) To the extent authorization of care at any level of care or at continuing stay determinations is delegated, the mental health prepaid health plan retains a sufficiently strong and regular oversight role to assure those decisions are being made appropriately.

(7) Collect data that measures the effectiveness of the criteria in ensuring that all eligible people get services that are appropriate to his/her needs;

(8) Report to the mental health division any knowledge it gains that the mental health prepaid health plan or service provider is not in compliance with all state and federal laws and regulations.

WAC 388-865-0325 Risk management. The mental health prepaid health plan must:

(1) Assume the financial risk of providing community mental health outpatient rehabilitation services, community hospital services and operation of a capitated mental health managed care system for the medicaid eligible persons in the service area;

(2) Maintain a risk reserve of annual premium payments as defined by chapter 48.44 RCW or the actuarial analysis submitted with the formal request for waiver for mental health approved by the Health Care Financing Administration. All other mental health reserves and undesignated fund balances shall be limited to no more than ten percent of annual revenues supporting the prepaid health plan's mental health program;

(3) Demonstrate solvency and manage all fiscal matters within the managed care system, including:

(a) Current pro forma;

(b) Financial reports;

(c) Balance sheets;

(d) Revenue and expenditure; and

(e) An analysis of reserve account(s) and fund balance(s) information including a detailed composition of capital, operating, and risk reserves and or fund balances.

(4) Maintain policies for each reserve account and have a process for collecting and disbursing reserves to pay for costs incurred by the mental health prepaid health plan;

(5) Demonstrate capacity to process claims for members of the contracted provider network and any emergency service providers accessed by consumers while out of the mental health prepaid health plan service area within sixty days using methods consistent with generally accepted accounting practices;

(6) Comply with the requirements of section 1128 (b) of the Social Security Act, which prohibits making payments

directly or indirectly to physicians or other providers as an inducement to reduce or limit services provided to consumers;

(7) In accordance with the medicaid section 1915b waiver, the mental health prepaid health plan is required to pay for psychiatric inpatient services in community hospitals either through a direct contract with community hospitals or through an agreement with the department. In the event that the mental health prepaid health plan chooses to use the department as its fiscal agent, the plan agrees to abide by all policies, rules, payment requirements, and levels promulgated by the medical assistance administration. If the plan chooses to direct contract, the plan is responsible for executing contracts for sufficient hospital capacity pursuant to a plan approved by the mental health division.

WAC 388-865-0330 Marketing/education of mental health services. The mental health prepaid health plan must demonstrate that it provides information to eligible persons so that they are aware of available mental health services and how to access them. The mental health prepaid health plan must:

(1) Develop and submit marketing/education plan(s) and procedures to the mental health division within the time frames in the agreement with the mental health division for approval prior to issuance. The plan shall, at a minimum, include information on the following:

(a) Consumer rights and responsibilities;

(b) The service recipient's right to disenroll;

(c) Cross-system linkages;

(d) Access to mental health services for diverse populations, including other languages than English;

(e) Use of media;

(f) Stigma reduction;

(g) Subcontractor participation/involvement;

(h) Plan for evaluation of marketing strategy;

(i) Procedures and materials, and any revisions thereof; and

(j) Maintain listings of mental health services with toll-free numbers in the telephone and other public directories of the service area.

(2) Describe services and hours of operations through brochures and other materials and other methods of advertising;

(3) Assure that the materials and methods are effective in reaching people who may be visually impaired, have limited comprehension of written or spoken English, or who are unable to read. At a minimum, all written materials generally available to service recipients shall be translated to the most commonly used languages in the service area;

(4) Post and otherwise make information available to consumers about ombuds services and local advocacy organizations that may assist consumers in understanding their rights;

(5) Ensure distribution of written educational material(s) to consumers, allied systems and local community resources including:

(a) Annual brochure(s) containing educational material on major mental illnesses and the range of options for treatment, supports available in the system, including medication and formal psychotherapies, as well as alternative approaches that may be appropriate to age, culture and preference of the service recipient;

(b) Information regarding the scope of available benefits (e.g., inpatient, outpatient, residential, employment, community support);

(c) Service locations, crisis response services; and

(d) Service recipients' responsibilities with respect to out-of-area emergency services; unauthorized care; noncovered services; complaint process, grievance procedures; and other information necessary to assist in gaining access.

(6) Ensure marketing plans, procedures and materials are accurate and do not mislead, confuse or defraud the service recipient.

WAC 388-865-0335 Consumer enrollment. (1) DSHS enrolls a medicaid recipient in a mental health prepaid inpatient health plan when the person resides in the contracted service area of the prepaid inpatient health plan. The assigned prepaid inpatient health plan is responsible to provide outpatient medically necessary state medicaid plan approved services to medicaid service recipients in the contracted service area and to assure inpatient medically necessary state medicaid plan approved services are received;

(2) An enrolled medicaid service recipient who requests or receives medically necessary nonemergency community mental health rehabilitation services may request and receive such service from the assigned mental health prepaid inpatient health plan through authorized providers only;

(3) An enrolled medicaid service recipient is automatically transferred from the assigned prepaid inpatient health plan when the recipient moves from the contracted service area of one mental health prepaid inpatient health plan to the contracted service area of another;

(4) Services to medicaid recipients may be provided through alternative means if currently contracted authorized providers are not able to provide those services when:

(a) The services are state medicaid plan approved services and are medically necessary for the medicaid service recipient; and

(b) Services are or should be available to other medicaid service recipients in the local mental health prepaid inpatient health plan; and

(c) The medicaid service recipient has made reasonable attempts to utilize services through authorized providers; or

(d) The medicaid service recipient has received a choice of providers and has made an informed decision to request medically necessary services through a provider outside the prepaid inpatient health plan provider network that has cultural or linguistic expertise or both needed to meet medical necessity that are not sufficient within the provider network; or

(e) The medicaid service recipient has utilized the prepaid inpatient health plan grievance or appeal process and the state administrative hearing process, and a decision has been

made in favor of the medicaid service recipient that medicaid plan approved services continue to be medically necessary.

WAC 388-865-0345 Choice of primary care provider. The mental health prepaid health plan must ensure that each consumer who is receiving nonemergency community mental health rehabilitation services has a primary care provider who is responsible to carry out the individualized service plan. The mental health prepaid health plan must allow consumers, parents of consumers under the age of thirteen, and guardians of consumers of all ages to select a primary care provider from the available primary care provider staff within the mental health prepaid health plan.

(1) For an enrolled client with an assigned case manager, the case manager is the primary care provider;

(2) If the consumer does not make a choice, the mental health prepaid health plan or its designee must assign a primary care provider no later than fifteen working days after the consumer requests services;

(3) The mental health prepaid health plan or its designee must allow a consumer to change primary care providers in the first ninety days of enrollment with the mental health prepaid health plan and once during a twelve-month period for any reason;

(4) Any additional change of primary care provider during the twelve-month period may be made with documented justification at the consumer's request by:

(a) Notifying the mental health prepaid health plan (or its designee) of his/her request for a change, and the name of the new primary care provider; and

(b) Identifying the reason for the desired change.

(5) A consumer whose request to change primary care providers is denied may submit a grievance with the plan, or request an administrative hearing.

SECTION FOUR—COMMUNITY SUPPORT SERVICE PROVIDERS

WAC 388-865-0400 Community support service providers. The mental health division licenses and certifies community support service providers. To gain and maintain licensure or certification, a provider must meet applicable local, state and federal statutes and regulations as well as the requirements of WAC 388-865-400 [388-865-0400] through 388-865-450 [388-865-0450] as applicable to services offered. The license or certificate lists service components the provider is authorized to provide to publicly funded consumers and must be prominently posted in the provider reception area. In addition, the provider must meet minimum standards of the specific service components for which licensure is being sought:

(1) Emergency crisis intervention services;

(2) Case management services;

(3) Psychiatric treatment, including medication supervision;

(4) Counseling and psychotherapy services;

(5) Day treatment services;

(6) Consumer employment services; and/or

(7) Peer support services.

WAC 388-865-0405 Competency requirements for staff. The licensed service provider must ensure that staff are qualified for the position they hold and have the education, experience, or skills to perform the job requirements. The provider must maintain documentation that:

(1) All staff have a current Washington state department of health license or certificate or registration as may be required for their position;

(2) Washington state patrol background checks are conducted for employees in contact with consumers consistent with RCW 43.43.830;

(3) Mental health services are provided by a mental health professional, or under the clinical supervision of a mental health professional;

(4) Staff performing mental health services (not including crisis telephone) must have access to consultation with a psychiatrist or a physician with at least one year's experience in the direct treatment of persons who have a mental or emotional disorder;

(5) Mental health services to children, older adults, ethnic minorities or persons with disabilities must be provided by, under the supervision of, or with consultation from the appropriate mental health specialist(s) when the consumer:

(a) Is a child as defined in WAC 866-865-0150 [388-865-0150];

(b) Is or becomes an older person as defined in WAC 388-865-0150;

(c) Is a member of a racial/ethnic group as defined in WAC 866-865-0105 and as reported:

(i) In the consumer's demographic data; or

(ii) By the consumer or others who provide active support to the consumer; or

(iii) Through other means.

(d) Is disabled as defined in WAC 388-865-0150 and as reported:

(i) In the consumer's demographic data; or

(ii) By the consumer or others who provide active support to the consumer; or

(iii) Through other means.

(6) Staff receive regular supervision and an annual performance evaluation; and

(7) An individualized annual training plan must be implemented for each direct service staff person and supervisor in the skills he or she needs for his/her job description and the population served.

WAC 388-865-0410 Consumer rights. (1) The provider must document that consumers, prospective consumers, or legally responsible others are informed of consumer rights at admission to community support services in a manner that is understandable to the individual. Consumer rights must be written in alternative format for consumers who are blind or deaf, and must also be translated to the most commonly used languages in the service area consistent with WAC 388-865-0260(3);

(2) The provider must post a written statement of consumer rights in public areas, with a copy available to consumers on request. Providers of telephone only services (e.g., crisis lines) must post the statement of consumer rights in a location visible to staff and volunteers during working hours;

(3) The provider must develop a statement of consumer rights that incorporates the following statement or a variation approved by the mental health division: "You have the right to:

(a) Be treated with respect, dignity and privacy;

(b) Develop a plan of care and services which meets your unique needs;

(c) The services of a certified language or sign language interpreter and written materials and alternate format to accommodate disability consistent with Title VI of the Civil Rights Act;

(d) Refuse any proposed treatment, consistent with the requirements in chapters 71.05 and 71.34 RCW;

(e) Receive care which does not discriminate against you, and is sensitive to your gender, race, national origin, language, age, disability, and sexual orientation;

(f) Be free of any sexual exploitation or harassment;

(g) Review your clinical record and be given an opportunity to make amendments or corrections;

(h) Receive an explanation of all medications prescribed, including expected effect and possible side effects;

(i) Confidentiality, as described in chapters 70.02, 71.05, and 71.34 RCW and regulations;

(j) All research concerning consumers whose cost of care is publicly funded must be done in accordance with all applicable laws, including DSHS rules on the protection of human research subjects as specified in chapter 388-04 WAC;

(k) Make an advance directive, stating your choices and preferences regarding your physical and mental health treatment if you are unable to make informed decisions;

(l) Appeal any denial, termination, suspension, or reduction of services and to continue to receive services at least until your appeal is heard by a fair hearing judge;

(m) If you are medicaid eligible, receive all services which are medically necessary to meet your care needs. In the event that there is a disagreement, you have the right to a second opinion from:

(i) A provider within the regional support network about what services are medically necessary; or

(ii) For consumers not enrolled in a prepaid health plan, a provider under contract with the mental health division.

(n) Lodge a complaint with the ombuds, regional support network, or provider if you believe your rights have been violated. If you lodge a complaint or grievance, you must be free of any act of retaliation. The ombuds may, at your request, assist you in filing a grievance. The ombuds' phone number is:_____;

(o) Ask for an administrative hearing if you believe that any rule in this chapter was incorrectly applied in your case."

WAC 388-865-0415 Access to services. The community support service provider must document and otherwise ensure that eligible consumers have access to age and culturally competent services when and where those services are needed. The provider must:

(1) Identify and reduce barriers to people getting the services where and when they need them;

(2) Comply with the Americans with Disabilities Act and the Washington State Antidiscrimination Act, chapter 49.60 RCW;

(3) Assure that services are timely, appropriate and sensitive to the age, culture, language, gender and physical condition of the consumer;

(4) Provide alternative service delivery models to make services more available to underserved persons as defined in WAC 388-865-0150;

(5) Provide access to telecommunication devices or services and certified interpreters for deaf or hearing impaired consumers and limited English proficient consumers;

(6) Bring services to the consumer or locate services at sites where transportation is available to consumers; and

(7) Ensure compliance with all state and federal nondiscrimination laws, rules and plans.

WAC 388-865-0420 Intake evaluation. (1) The intake evaluation or brief intake evaluation must be provided by a mental health professional and:

(a) Be initiated prior to the provision of any noncrisis mental health services;

(b) Be initiated within ten working days of the request for services;

(c) Be developed in collaboration with the consumer;

(d) Be inclusive of input of people who provide active support to the consumer, if the consumer requests or if the consumer is under age thirteen;

(e) Be completed within thirty working days of the initiation of the intake evaluation; and

(f) Include a consent for treatment or a copy of detention or involuntary treatment order.

(2) Except as when a brief intake evaluation as described in WAC 388-865-0420(4) is provided, a full intake evaluation must include:

(a) A description of the presenting problem, presented needs;

(b) A description of the consumer's and family's strengths;

(c) Consumer's needs and desired outcomes in the consumer's own words;

(d) Consumer's culture/cultural history (including, but not limited to, ethnicity or race, and religion);

(e) History of other disorders, substance/alcohol abuse, developmental disability, any other relevant disability, and treatment, if any;

(f) Medical history, hospitalizations, treatment, past and current medications;

(g) Mental health services history, past and current medication;

(h) Assessment of suicide/homicide and self harm risk. A referral for provision of emergency/crisis services, consistent with WAC 388-865-0452, must be made if indicated in the risk assessment;

(i) Sufficient information to justify the provisional diagnosis;

(j) Documentation showing the consumer has been asked if they are under the supervision of the department of corrections or juvenile court;

(k) If the consumer is a child:

(i) Developmental history;

(ii) Parental goals and desired outcomes (if consent is obtained or not required due to age or state custody); and

(iii) Family and/or placement issues, including, if appropriate, family dynamics, placement disruptions, and current placement needs.

(3) If seeking any of the information required in subsection (2) of this section presents a barrier to the provision of services for the consumer, any portion of the intake may be left incomplete providing the reason for the omission is clearly documented in the clinical record.

(4) A brief intake evaluation may be used when it is reasonably believed services to the consumer will be completed within a six-month period. A brief intake evaluation may also be substituted for a full intake evaluation if a consumer is resuming services after being out of services for a period of less than twelve months and had received a full intake evalu-

ation as part of the previous service provision. A brief intake evaluation must include:

(a) A description of presenting problem, presented needs, desired outcomes, and consumer strengths identified by both the consumer and the clinician;

(b) Sufficient information to justify the provisional diagnosis;

(c) The consumer's current physician and prescribed medications;

(d) Current and historical substance use/abuse or other co-occurring disorders including developmental disabilities;

(e) Mental health services history including past and current medications;

(f) Assessment of suicide/homicide and self-harm risk. A referral for provision of emergency/crisis services, consistent with WAC 388-865-0452, must be made if indicated in the risk assessment;

(g) Documentation that the consumer has been asked if they are under the supervision by the department of corrections or juvenile court; and

(h) Identification of mutually agreed upon outcomes that are expected to be accomplished within the six-month period that will be the treatment plan. This treatment plan will be used in place of the treatment plan required in WAC 388-865-0425.

(5) In cases where a consumer initially receives services based on a brief intake evaluation, the community support service provider must complete the additional elements required in a full intake evaluation if the consumer is expected to continue to receive services after six months. In these cases a treatment plan must be developed that meets all the requirements of WAC 388-865-0425.

(6) If seeking any of the information required in subsection (4) of this section presents a barrier to the provision of services for the consumer, any portion of the intake may be left incomplete providing the reason for the omission is clearly documented in the clinical record.

WAC 388-865-0425 Individual service plan. Community support service providers must provide consumers with an individual service plan that meets his or her unique needs. Individualized and tailored care is a planning process that may be used to develop a consumer-driven, strength-based, individual service plan. The individual service plan must:

(1) Be developed collaboratively with the consumer and other people identified by the consumer within thirty days of starting community support services. The service plan should be in language and terminology that is understandable to consumers and their family, and include goals that are measurable;

(2) Address age, cultural, or disability issues of the consumer;

(3) Include measurable goals for progress toward rehabilitation, recovery and reintegration into the mainstream of social, employment and educational choices, involving other systems when appropriate;

(4) Demonstrate that the provider has worked with the consumer and others at the consumer's request to determine his/her needs in the following life domains:

(a) Housing;

(b) Food;

(c) Income;

(d) Health and dental care;

(e) Transportation;

(f) Work, school or other daily activities;

(g) Social life; and

(h) Referral services and assistance in obtaining supportive services appropriate to treatment, such as substance abuse treatment.

(5) Document review by the person developing the plan and the consumer. If the person developing the plan is not a mental health professional, the plan must also document review by a mental health professional. If the person developing the plan is not a mental health specialist required per WAC 388-865-405(5) there must also be documented consultation with the appropriate mental health specialist(s);

(6) Document review and update at least every one hundred eighty days or more often at the request of the consumer;

(7) In the case of children:

(3) The mental health division conducts an on-site review to examine agency policies and procedures, personnel records, clinical records, financial documents, and any other information that may be necessary to confirm compliance with minimum standards of this section;

(4) The consumer chart review is conducted during a second site review within twelve months of the issuance of the provisional license for the agency or service component if the site review is being conducted in response to a license application for a new agency or a new service component in a currently licensed agency;

(5) The mental health division may include representatives of the regional support network or mental health prepaid health plan in the licensing review process. If a provider is licensed based on deemed status as outlined in WAC 388-865-0476, input from the accrediting agency may be considered;

(6) The on-site review concludes with an exit conference that includes:

(a) Discussion of findings, if any;

(b) Statement of deficiencies requiring a plan of correction;

(c) A plan of correction signed by the applicant agency director and the mental health division review team representative with a completion date no greater than sixty days from the date of the exit conference, unless otherwise negotiated with the review team representative. Consumer health and safety concerns may require immediate corrective action.

(7) If the provider fails to correct the deficiencies noted within the agreed-upon time frames, licensure will be denied. The mental health division notifies the applicant in writing of the reasons for denial and the right to a review of the decision in an administrative hearing;

(8) If licensure is denied, the applicant must wait at least six months following the date of notification of denial before reapplying.

WAC 388-865-0472 Licensing categories. The mental health division assigns the community support service applicant or licensee one of the following types of licenses:

(1) Provisional license. This category is given only to a new applicant. The mental health division may grant a provisional license for up to one year if the provider, has:

(a) An acceptable detailed plan for the development and operation of the services;

(b) The availability of administrative and clinical expertise required to develop and provide the planned services;

(c) The fiscal management and existence or projection of resources to reasonably ensure stability and solvency; and

(d) A corrective action plan approved by the mental health division, if applicable, for any deficiencies.

(2) Full License. Full licensure means that the applicant or licensee is in substantial compliance with the law, applicable rules and regulations, and state minimum standards.

(3) Probationary license. The mental health division may issue a probationary license if the service provider is substantially out of compliance with the requirements of state and federal law, applicable rules and regulations and state minimum standards. The mental health division provides the service provider with a written notice of the deficiencies.

(a) If the deficiency has caused or is likely to cause serious injury, harm, impairment or death to a consumer, the deficiencies must be corrected within a time frame specified by the mental health division;

(b) If the provider fails to complete a corrective action plan or correct deficiencies according to the corrective action plan, the license may be suspended or revoked;

(c) To regain full licensure, a service provider in probationary status must provide a written statement to the mental health division when it has made all required corrective actions and now complies with relevant federal and state law, applicable rules and regulations, and state minimum standards;

(d) The mental health division may conduct an on-site review to confirm that the corrections have been made.

(4) The mental health division may perform an onsite visit to determine the validity of a complaint or notice that a community support service provider is out of compliance with law, applicable rules and regulations, and state minimum standards.

(5) If the service provider does not demonstrate compliance with the requirements of this section, the mental health division may initiate procedures to suspend or revoke a license consistent with state and federal laws, rules and regulations consistent with the provisions of RCW 71.24.035 (7) through (11) and of 43.20A.205.

(6) A regional support network or prepaid health plan may choose to contract with a service provider with a provisional license, full license, or probationary license, but may not contract with a provider with a suspended or revoked license.

WAC 388-865-0474 Fees for community support service provider licensure. (1) Fees are due with an initial application or for annual license renewal;

(2) Fees must be paid for a minimum of one year;

(3) If an application is withdrawn prior to issuance or denial, one-half of the fees may be refunded at the request of the applicant;

(4) A change in ownership requires a new license and payment of fees;

(5) Fee payments must be made by check, electronic fund transfer, or money order made payable to the mental health division;

(6) Fees will not be refunded if a license or certificate is denied, revoked, or suspended;

(7) Failure to pay fees when due will result in suspension or denial of the license;

(8) The following fees must be sent with the application for a license or renewal:

Range	Service Hours	Annual Fee
1	0-3,999	$291.00
2	4,000-14,999	422.00
3	15,000-29,999	562.00
4	30,000-49,999	842.00
5	50,000 or more	1,030.00

(9) Annual service hours are computed on the most recent year. For new entities, annual service hours equals the projected service hours for the year of licensure. The provider must report the number of annual service hours based on the mental health division consumer information system data dictionary.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0474, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0476 Licensure based on deemed status. (1) The mental health division may deem compliance with state minimum standards and issue a community support service license based on the provider being currently accredited by a national accreditation agency recognized by and having a current agreement with the mental health division. Deeming will be in accordance with the established agreement between the mental health division and the accrediting agency.

(2) The mental health division will only grant licensure based on deemed status to providers with a full license as defined in WAC 388-865-0472.

(3) Specific requirements of state regulation, contract or policy will be waived through a deeming process consistent with the working agreement between the mental health division and the accrediting agency;

(4) Specific requirements of state or federal law, or regulation will not be waived through a deeming process.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0476, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0478 Renewal of a community support service provider license. (1) Each year the community support service provider must renew its license. The community support service provider sends the reapplication for licensure to mental health division along with the required fee.

(2) If the service provider contracts with the regional support network or prepaid health plan it must send a copy of the application to the regional support network or mental health prepaid health plan. The regional support network or mental health prepaid health plan may make written comments to the mental health division about renewing the service provider's license. They must send the service provider a copy.

(3) The mental health division considers the request for renewal, along with any recommendations from the regional support network or mental health prepaid health plan and the results of any onsite reviews completed.

(4) If the provider is in compliance with applicable laws and standards, the mental health division sends the service provider a renewed license, with a copy to the regional support network or mental health prepaid health plan if applicable.

(5) Failure to submit the annual application for renewal license and/or to pay fees when due results in expiration of the license and the provider will be placed on probationary status.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.-047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0478, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0480 Procedures to suspend, or revoke a license. (1) The mental health division may suspend, revoke, limit or restrict the license of a community support service provider, or refuse to grant or renew a license for failure to conform to the law, applicable rules and regulations, or state minimum standards.

(2) The mental health division may suspend, revoke, limit or restrict the license of a service provider immediately if there is imminent risk to consumer health and safety.

(3) The mental health division sends a written decision to revoke, suspend, or modify the former licensure status under RCW 43.20A.205, with the reasons for the decision and informing the service provider of its right to an administrative hearing. A copy of the letter will be sent to the area regional support network.

(4) A regional support network or mental health prepaid health plan must not contract with a service provider with a suspended or revoked license.

(5) The mental health division may suspend or revoke a license when a service provider in probationary status fails to correct the health and safety deficiencies as agreed in the corrective action plan with the mental health division.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0480, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0482 Procedures to contest a licensing decision. To contest a decision by the mental health division, the service provider, regional support network, or mental health prepaid health plan must, within twenty-eight calendar days:

(1) File a written application for a hearing with a method that shows proof of receipt to: The Board of Appeals, P.O. Box 2465, Olympia, WA 98504; and

(2) Include in the appeal:

(a) The issue to be reviewed and the date the decision was made;

(b) A specific statement of the issue and law involved;

(c) The grounds for contesting a decision of the mental health division; and

(d) A copy of the mental health division decision that is being contested.

(3) The appeal must be signed by the director of the service provider and include the address of the service provider.

(4) The decision will be made following the requirements of the Administrative Procedure Act, chapter 34.05 RCW and chapter 388-02 WAC.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0482, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0484 Process to certify providers of involuntary services. In order to be certified to provide services to consumers on an involuntary basis, the provider must comply with the following process:

(1) Be licensed as a community support provider consistent with this section or licensed as a community hospital by the department of health;

(2) Complete and submit an application for certification to the regional support network or the mental health division if the DSHS secretary has assumed the duties assigned to the nonparticipating regional support network;

(3) The regional support network selects providers for certification and makes a request to the mental health division for certification;

(4) The mental health division conducts an on-site review to examine agency policies and procedures, personnel records, clinical records, financial documents, and any other information that may be necessary to confirm compliance with minimum standards of this section;

(5) The mental health division grants certification based on compliance with the minimum standards of this section and chapter 71.05 RCW;

(6) The certificate may be renewed annually if:

(a) Requested by the regional support network or those providers contracted with the mental health division directly; and

(b) The provider continues to comply with the minimum standards of this section;

(7) The procedures to suspend or revoke a certificate are the same as outlined in WAC 388-865-0468;

(8) The appeal process to contest a decision of the mental health decision is the same as outlined in WAC 388-865-0482.

SECTION FIVE—INPATIENT EVALUATION AND TREATMENT FACILITIES

WAC 388-865-0500 Inpatient evaluation and treatment facilities. (1) The mental health division certifies facilities to provide involuntary inpatient evaluation and treatment services for more than twenty-four hours within a general hospital, psychiatric hospital, inpatient evaluation and treatment facility, or child long-term inpatient treatment facility.

(2) Compliance with the regulations in this chapter does not constitute release from the requirements of applicable federal, state, tribal and local codes and ordinances. Where regulations in this chapter exceed other local codes and ordinances, the regulations in this chapter will apply.

(3) This chapter does not apply to state psychiatric hospitals as defined in chapter 72.23 RCW or facilities owned or operated by the department of veterans affairs or other agencies of the United States government.

[Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0500, filed 3/4/04, effective 4/4/04. Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0500, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0511 Evaluation and treatment facility certification. To obtain and maintain certification to provide inpatient evaluation and treatment services under chapter 71.05 and 71.34 RCW, a facility must meet the following requirements:

(1) Be licensed by the department of health as:

(a) A hospital as defined in chapter 70.41 RCW;

(b) A psychiatric hospital as defined in chapter 246-322 WAC;

(c) A mental health inpatient evaluation and treatment facility consistent with chapter 246-337 WAC; or

(d) A mental health child long-term inpatient treatment facility consistent with chapter 246-337 WAC.

(2) Be approved by the regional support network, or the mental health division. Child long-term inpatient treatment facilities can only be approved by the mental health division.

(3) Successfully complete a provisional and annual on-site review by the mental health division to determine facility compliance with the minimum standards of this section and chapters 71.05 and 71.34 RCW.

[Statutory Authority: RCW 71.05.560, 71.24.035, 71.34.380, and 74.08.090. 09-02-030, § 388-865-0511, filed 12/30/08, effective 1/30/09. Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0511, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0516 Certification fees. Inpatient facilities certified to provide inpatient evaluation and treatment services are assessed an annual certification fee of thirty-two dollars per bed, payable to the mental health division.

[Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0516, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0520 Certification based on deemed status. The mental health division may deem compliance with state minimum standards for facilities that are currently accredited by a national accreditation agency recognized by and having a current agreement with the mental health division.

(1) Deeming will be in accordance with the established agreement between the mental health division and the accrediting agency, to include the minimum standards of this section and chapters 71.05 and 71.34 RCW.

(2) The mental health division retains all responsibilities relating to applications of new providers, complaint investigations, suspensions and revocations.

[Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0520, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0526 Single bed certification. At the discretion of the mental health division, an exception may be granted to allow treatment to an adult on a seventy-two hour detention or fourteen-day commitment in a facility that is not certified under WAC 388-865-0500; or for a maximum of thirty days to allow a community facility to provide treatment to an adult on a ninety- or one hundred eighty-day inpatient involuntary commitment order. For involuntarily detained or committed children, the exception may be granted to allow treatment in a facility not certified under WAC 388-865-0500 until the child's discharge from that setting to the community, or until they transfer to a bed in a children's long-term inpatient program (CLIP).

(1) The regional support network or its designee must submit a written request for a single bed certification to the mental health division prior to the commencement of the order. In the case of a child, the facility must submit the written request directly to the mental health division. If the DSHS secretary has assumed the duties assigned to a nonparticipating regional support network, a single bed certification may be requested by a mental health division designee contracted to provide inpatient authorization or designated crisis response services.

(2) The facility receiving the single bed certification must meet all requirements of this section unless specifically waived by the mental health division.

(3) The request for single bed certification must describe why the consumer meets at least one of the following criteria:

(a) The consumer requires services that are not available at a facility certified under this chapter or a state psychiatric hospital; or

(b) The consumer is expected to be ready for discharge from inpatient services within the next thirty days and being at a community facility would facilitate continuity of care, consistent with the consumer's individual treatment needs.

(4) The mental health division director or the director's designee makes the decision and gives written notification to the requesting entity in the form of a single bed certification. The single bed certification must not contradict a specific provision of federal law or state statute.

(5) The mental health division may make site visits at any time to verify that the terms of the single bed certification are being met. Failure to comply with any term of this exception may result in corrective action. If the mental health division determines that the violation places consumers in imminent jeopardy, immediate revocation of this exception can occur.

(6) Neither consumers nor facilities have fair hearing rights as defined under chapter 388-02 WAC regarding single bed certification decisions by mental health division staff.

[Statutory Authority: RCW 71.05.560, 71.24.035, 71.34.380, and 74.08.090. 09-02-030, § 388-865-0526, filed 12/30/08, effective 1/30/09. Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0526, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0531 Exception to rule—Long-term certification. (1) For adults: At the discretion of the mental health division, a facility may be granted an exception to WAC 388-865-0229 in order to allow the facility to be certified to provide treatment to adults on a ninety- or one hundred eighty-day inpatient involuntary commitment orders.

(2) For children: At the discretion of the mental health division, a facility that is certified as a 'mental health inpatient evaluation and treatment facility' may be granted an exception to provide treatment to a child on a one hundred and eighty-day inpatient involuntary treatment order only until the child is discharged from his/her order to the community, or until a bed is available for that child in a child long-term inpatient treatment facility (CLIP). The child cannot be assigned by the CLIP placement team in accordance with RCW 71.34.100 to any facility other than a CLIP facility.

(3) The exception certification may be requested by the facility, the director of the mental health division or his/her designee, or the regional support network for the facility's geographic area.

(4) The facility receiving the long-term exception certification for ninety- or one hundred eighty-day patients must meet all requirements found in WAC 388-865-0500.

(5) The exception certification must be signed by the director of the mental health division. The exception certification may impose additional requirements, such as types of

consumers allowed and not allowed at the facility, reporting requirements, requirements that the facility immediately report suspected or alleged incidents of abuse, or any other requirements that the director of the mental health division determines are necessary for the best interests of residents.

(6) The mental health division may make unannounced site visits at any time to verify that the terms of the exception certification are being met. Failure to comply with any term of the exception certification may result in corrective action. If the mental health division determines that the violation places residents in imminent jeopardy, immediate revocation of the certification can occur.

(7) Neither consumers nor facilities have fair hearing rights as defined under chapter 388-02 WAC regarding the decision to grant or not to grant exception certification.

[Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0531, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0536 Standards for administration. The inpatient evaluation and treatment facility must develop a policy to implement the following administrative requirements:

(1) A description of the program, including age of consumers to be served, length of stay and services to be provided.

(2) An organizational structure including clear lines of authority for management and clinical supervision.

(3) Designation of a physician or other mental health professional as the professional person in charge of clinical services at that facility.

(4) A quality management plan to monitor, collect data and develop improvements to meet the requirements of this chapter.

(5) A policy management structure that establishes:

(a) Procedures for maintaining and protecting resident medical/clinical records consistent with chapter 70.02 WAC, "Medical Records Health Care Information Access and Disclosure Act" and Health Insurance Portability and Accountability Act (HIPAA);

(b) Procedures for maintaining adequate fiscal accounting records consistent with generally accepted accounting principles (GAAP);

(c) Procedures for management of human resources to ensure that residents receive individualized treatment or care by adequate numbers of staff who are qualified and competent to carry out their assigned responsibilities;

(d) Procedures for admitting consumers needing inpatient evaluation and treatment services seven days a week, twenty-four hours a day, except that child long-term inpatient treatment facilities are exempted from this requirement;

(e) Procedures to assure appropriate and safe transportation for persons who are not approved for admission to his or her residence or other appropriate place;

(f) Procedures to detain arrested persons who are not approved for admission for up to eight hours in order to enable law enforcement to return to the facility and take the person back into custody;

(g) Procedures to assure access to necessary medical treatment, emergency life-sustaining treatment, and medication;

(h) Procedures to assure the protection of consumer and family rights as described in this chapter and chapters 71.05 and 71.34 RCW;

(i) Procedures to inventory and safeguard the personal property of the consumer being detained, including a process to limit inspection of the inventory list by responsible relatives or other persons designated by the detained consumer;

(j) Procedures to assure that a mental health professional and licensed physician are available for consultation and communication with both the consumer and the direct patient care staff twenty-four hours a day, seven days a week;

(k) Procedures to provide warning to an identified person and law enforcement when an adult has made a threat against an identified victim;

(l) Procedures to ensure that consumers detained for up to fourteen or ninety additional days of treatment are evaluated by the professional staff of the facility in order to be prepared to testify that the consumer's condition is caused by a mental disorder and either results in likelihood of serious harm or the consumer being gravely disabled;

(m) Procedures to assure the rights of consumers to make mental health advance directives, and facility protocols for responding to consumer and agent requests consistent with RCW 71.32.150.

[Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0536, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0541 Admission and intake evaluation. (1) For consumers who have been involuntarily detained, the facility must obtain a copy of the petition for initial detention stating the evidence under which the consumer was detained.

(2) The facility must document that each resident has received timely evaluations to determine the nature of the disorder and the treatment necessary, including:

(a) A health assessment of the consumer's physical condition to determine if the consumer needs to be transferred to an appropriate hospital for treatment;

(b) Examination and medical evaluation within twenty-four hours by a licensed physician, advanced registered nurse practitioner, or physician assistant-certified;

(c) Psychosocial evaluation by a mental health professional;

(d) Development of an initial treatment plan;

(e) Consideration of less restrictive alternative treatment at the time of admission; and

(f) The admission diagnosis and what information the determination was based upon.

(3) A consumer who has been delivered to the facility by a peace officer for evaluation must be evaluated by a mental health professional within the following time frames:

(a) Three hours of an adult consumer's arrival;

(b) Twelve hours of arrival for a child in an inpatient evaluation and treatment facility; or

(c) At any time for a child who has eloped from a child long-term inpatient treatment facility and is being returned to the facility.

(4) If the licensed physician and mental health professional determine that the needs of an adult consumer would be better served by placement in a chemical dependency treatment facility then the consumer must be referred to an

approved treatment program defined under chapter 70.96A RCW.

[Statutory Authority: RCW 71.05.560, 71.34.800, and chapters 71.05 and 71.34 RCW. 04-07-014, § 388-865-0541, filed 3/4/04, effective 4/4/04.]

WAC 388-865-0545 Use of seclusion and restraint procedures—Adults. Consumers have the right to be free from seclusion and restraint, including chemical restraint. The use of restraints or seclusion must occur only when there is imminent danger to self or others and less restrictive measures have been determined to be ineffective to protect the consumer or others from harm and the reasons for the determination are clearly documented. The evaluation and treatment facility must develop policies and procedures to assure that restraint and seclusion procedures are utilized only to the extent necessary to ensure the safety of patients and others:

(1) Staff must notify, and receive authorization by, a physician within one hour of initiating patient restraint or seclusion;

(2) The consumer must be informed of the reasons for use of seclusion or restraint and the specific behaviors which must be exhibited in order to gain release from these procedures;

(3) The clinical record must document staff observation of the consumer at least every fifteen minutes and observation recorded in the consumer's clinical record;

(4) If the use of restraint or seclusion exceeds twenty-four hours, a licensed physician must assess the consumer and write a new order if the intervention will be continued. This procedure is repeated again for each twenty-four hour period that restraint or seclusion is used;

(5) All assessments and justification for the use of seclusion or restraint must be documented in the consumer's medical record.

[Statutory Authority: RCW 71.05.560, 71.24.035 (5)(c), 71.34.800, 9.41.047, 43.20B.020, and 43.20B.335. 01-12-047, § 388-865-0545, filed 5/31/01, effective 7/1/01.]

WAC 388-865-0546 Use of seclusion and restraint procedures—Children. Consumers have the right to be free from seclusion and restraint, including chemical restraint. The use of restraints or seclusion must occur only when there is imminent danger to self or others and less restrictive measures have been determined to be ineffective to protect the consumer or others from harm and the reasons for the determination are clearly documented. The evaluation and treatment facility must develop policies and procedures to assure that restraint and seclusion procedures are utilized only to the extent necessary to ensure the safety of patients and others:

(1) In the event of an emergency use of restraints or seclusion, a licensed physician must be notified within one hour and must authorize the restraints or seclusion;

(2) No consumer may be restrained or secluded for a period in excess of two hours without having been evaluated by a mental health professional. Such consumer must be directly observed every fifteen minutes and the observation recorded in the consumer's clinical record;

(3) If the restraint or seclusion exceeds twenty-four hours, the consumer must be examined by a licensed physician. The facts determined by his or her examination and any resultant decision to continue restraint or seclusion over twenty-four hours must be recorded in the consumer's clinical record over the signature of the authorizing physician. This procedure must be repeated for each subsequent twenty-four hour period of restraint or seclusion.

WAC 388-865-0566 Rights of consumers receiving involuntary services. The provider must ensure that consumers who are receiving inpatient services involuntarily are informed of the following rights orally and provided with a copy in the primary language spoken/used/understood by the person. "You have the right to:

(1) Remain silent and any statement you make may be used against you.

(2) Access to attorneys, courts and other legal redress, including the name and address of the attorney the mental health professional has designated for you.

(3) Immediately be informed of your right to speak with an attorney and a review of the legality of your detention including representation at the probable cause hearing.

(4) Have access to a qualified language interpreter in the primary language understood by you, consistent with chapter 388-03 WAC.

(5) Have a responsible member of your immediate family if possible, guardian or conservator, if any, and such person as designated by you be given written notice of your inpatient status, and your rights as an involuntary consumer.

(6) A medical and psychosocial evaluation within twenty-four hours of admission to determine whether continued detention in the facility is necessary.

(7) A judicial hearing before a superior court if you are not released within seventy-two hours (excluding Saturday, Sunday, and holidays), to decide if continued detention within the facility is necessary.

(8) Not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided.

(9) Not to be denied treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination.

(10) Refuse psychiatric medication, except medications ordered by the court under WAC 388-865-0570 but not any other medication previously prescribed by an authorized prescriber.

(11) Refuse treatment, but not emergency lifesaving treatment unless otherwise specified in a written advance directive provided to the facility.

(12) Be given a copy of WAC 388-865-0585 outlining limitations on the right to possess a firearm."

WAC 388-865-0570 Rights related to antipsychotic medication. All consumers have a right to make an informed decision regarding the use of antipsychotic medication consistent with the provisions of RCW 71.05.370(7) and 71.05.-215. The provider must develop and maintain a written protocol for the involuntary administration of antipsychotic medications, including the following requirements:

(1) The clinical record must document:

(a) The physician's attempt to obtain informed consent;

(b) The consumer was asked if he or she wishes to decline treatment during the twenty-four hour period prior to any court proceeding wherein the consumer has the right to attend and is related to his or her continued treatment. The answer must be in writing and signed when possible. In the case of a child under the age of eighteen, the physician must be able to explain to the court the probably effects of the medication.

(c) The reasons why any anti-psychotic medication is administered over the consumer's objection or lack of consent.

(2) The physician may administer anti-psychotic medications over a consumer's objections or lack of consent only when:

(a) An emergency exists, provided there is a review of this decision by a second physician within twenty-four hours. An emergency exists if:

(i) The consumer presents an imminent likelihood of serious harm to self or others;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and

(iii) In the opinion of the physician, the consumer's condition constitutes an emergency requiring that treatment be instituted before obtaining an additional concurring opinion by a second physician.

(b) There is an additional concurring opinion by a second physician for treatment up to thirty days;

(c) For continued treatment beyond thirty days through the hearing on any one hundred eighty-day petition filed under RCW 71.05.370(7), provided the facility medical director or director's medical designee reviews the decision to medicate a consumer. Thereafter, antipsychotic medication may be administered involuntarily only upon order of the court. The review must occur at least every sixty days.

(3) The examining physician must sign all one hundred eighty-day petitions for antipsychotic medications files under the authority of RCW 71.05.370(7);

(4) Consumers committed for one hundred eighty days who refuse or lack the capacity to consent to antipsychotic medications have the right to a court hearing under RCW 71.05.370(7) prior to the involuntary administration of antipsychotic medications;

(5) In an emergency, antipsychotic medications may be administered prior to the court hearing provided that an examining physician files a petition for an antipsychotic medication order the next judicial day;

(6) All involuntary medication orders must be consistent with the provisions of RCW 71.05.370 (7)(a) and (b), whether ordered by a physician or the court.

WAC 388-865-0575 Special considerations for serving children. Inpatient evaluation and treatment facilities serving children must develop policies and procedures to address special considerations for serving children, including:

(1) Adults must be separated from children who are not yet thirteen years of age;

(2) Children who have had their thirteenth birthday, but are under the age of eighteen, may be served with adults only if the child's clinical record contains a professional judgment saying that placement in an adult facility will not be harmful to the child or adult.

(3) Examination and evaluation by a children's mental health specialist within twenty-four hours of admission.

(4) Provisions for evaluation of children brought to the facility for evaluation by their parents.

(5) Procedures to notify child protective services any time the facility has reasonable cause to believe that abuse, neglect, financial exploitation or abandonment of a child has occurred.

(6) For a child thirteen years or older who is brought to an inpatient evaluation and treatment facility or hospital for immediate mental health services, the professional person in charge of the facility must evaluate the child's mental condition, determine a mental disorder, need for inpatient treatment, and willingness to obtain voluntary treatment. The facility may detain or arrange for the detention of the child up to twelve hours for evaluation by a designated mental health professional to commence detention proceedings.

(7) Admission of children thirteen years or older admitted without parental consent must have concurrence of the professional person in charge of the facility and written review and documentation no less than every one hundred eighty days.

(8) Notice must be provided to parents when a child is voluntarily admitted to inpatient treatment without parental consent within twenty-four hours of admission in accordance with the requirements of RCW 71.34.510.

(9) Children who have been admitted on the basis of a designated mental health professional petition for detention must be evaluated by the facility providing seventy two hour evaluation and treatment to determine the child's condition and either admit or release the child. If the child is not approved for admission, the facility must make recommendations and referral for further care and treatment as necessary.

(10) Examination and evaluation of a child approved for inpatient admission to include:

(a) The needs to be served by placement in a chemical dependency facility;

(b) Restricting the right to associate or communicate with parents; and

(c) Advising the child of rights in accordance with chapter 71.34 RCW.

(11) Petition for fourteen-day commitment in accordance with the requirements of RCW 71.34.730.

(12) Commitment hearing requirements and release from further inpatient treatment which may be subject to reasonable conditions if appropriate in accordance with RCW 71.34.740.

(13) Discharge and conditional release of a child in accordance with RCW 71.34.770, provided that the professional person in charge gives the court written notice of the release within three days of the release. If the child is on a one hundred eighty-day commitment, the children's long-term inpatient program administrator must also be notified.

(14) Rights of children undergoing treatment and posting of such rights must be in accordance with RCW 71.34.355, 71.34.620, and 71.34.370.

(15) Release of a child who is not accepted for admission or who is released by an inpatient evaluation and treatment facility in accordance with RCW 71.34.365.

(16) Information concerning treatment of children and all information obtained through treatment under this chapter may be disclosed only in accordance with RCW 71.34.340.

(17) Availability of court records and files in accordance with RCW 71.34.335.

(18) Mental health services information must only be released in accordance with RCW 71.34.345 and other applicable state and federal statutes.

WAC 388-865-0580 Child long-term inpatient treatment facilities. Child long-term inpatient treatment facilities must develop a written plan for assuring that services provided are appropriate to the developmental needs of children and youth, including:

(1) If there is not a child psychiatrist on the staff, there must be a child psychiatrist available for consultation.

(2) There must be a psychologist with documented evidence of skill and experience in working with children and youth available either on the clinical staff or by consultation, responsible for planning and reviewing psychological services and for developing a written set of guidelines for psychological services.

(3) There must be a registered nurse, with training and experience in working with psychiatrically impaired children and youth, on staff as a full-time or part-time employee who must be responsible for all nursing functions.

(4) There must be a social worker with experience in working with children and youth on staff as a full-time or part-time employee who must be responsible for social work functions and the integration of these functions into the individualized treatment plan.

(5) There must be an educational/vocational assessment of each resident with appropriate educational/vocational programs developed and implemented or assured on the basis of that assessment.

(6) There must be an occupational therapist available who has experience in working with psychiatrically impaired children and youth responsible for occupational therapy functions and the integration of these functions into treatment.

(7) There must be a recreational therapist available who has had experience in working with psychiatrically impaired children and youth responsible for the recreational therapy functions and the integration of these functions into treatment.

(8) Disciplinary policies and practices must be stated in writing:

(a) Discipline must be fair, reasonable, consistent and related to the behavior of the resident. Discipline, when needed, must be consistent with the individualized treatment plan;

(b) Abusive, cruel, hazardous, frightening or humiliating disciplinary practices must not be used. Seclusion and restraints must not be used as punitive measures. Corporal punishment must not be used;

(c) Disciplinary measures must be documented in the medical record.

(9) Residents must be protected from assault, abuse and neglect. Suspected or alleged incidents of nonaccidental injury, sexual abuse, assault, cruelty or neglect to a child must be reported to a law enforcement agency or to the department of social and health services and comply with chapter 26.44 RCW.

(10) Orientation material must be made available to facility personnel, clinical staff and/or consultants informing practitioners of their reporting responsibilities and requirements. Appropriate local police and department phone numbers must be available to personnel and staff.

(11) When suspected or alleged abuse is reported, the medical record must reflect the fact that an oral or written report has been made to the child protective services of DSHS or to a law enforcement agency. This note must include the date and time that the report was made, the agency to which it was made and the signature of the person making the report. Contents of the report need not be included in the medical record.

WAC 388-865-0630 Time frame. The mental health service provider shall provide the requested relevant records, reports and information to the authorized department of corrections person in a timely manner, according to the purpose of the request:

(1) Presentence investigation - within seven calendar days of the receipt of the request. If some or all of the requested relevant records, reports and information are not available within that time period the mental health service provider shall notify the authorized department of corrections person prior to the end of the seven-day-period and provide the requested relevant records, reports or information within a mutually agreed to time period; or

(2) All other purposes - within thirty calendar days of the receipt of the request. If some or all of the requested relevant records, reports and information are not available within that time period the mental health service provider shall notify the authorized department of corrections person prior to the end of the thirty-day period and provide the requested relevant records, reports or information within a mutually agreed to time period; or

(3) Emergent situation requests - When an offender subject has failed to report for department of corrections supervision or in an emergent situation that poses a significant risk to the public, the mental health provider shall upon request, release information related to mental health services delivered to the offender and, if known, information regarding the whereabouts of the offender. Requests if oral must be subsequently confirmed in writing the next working day, which includes e-mail or facsimile so long as the requesting person at the department of corrections is clearly defined. The request must specify the information being requested. Disclosure of the information requested does not require the consent of consumer.

(a) Information that can be released is limited to:

(i) A statement as to whether the offender is or is not being treated by the mental health services provider; and

(ii) Address or information about the location or whereabouts of the offender.

WAC 388-865-0700 Clubhouse certification. The mental health division certifies clubhouses under the provision of RCW 71.24.035. International center for clubhouse development certification is not a substitute for certification by the state of Washington.

[Statutory Authority: RCW 71.24.025, 71.24.035, and 2007 c 414. 08-14-080, § 388-865-0700, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0705 Definitions. The following definitions apply to clubhouse certification rules:

"Absentee coverage"—The clubhouse provides a temporary replacement for the clubhouse member who is currently employed in a time-limited, part-time community job managed by the clubhouse.

"Certification"—Official acknowledgement from the mental health division that an organization meets all state standards to operate as a clubhouse, and demonstrates that those standards have been implemented.

"Clubhouse"—A community-based, recovery-focused program designed to support individuals living with the effects of mental illness, through employment, shared contributions, and relationship building. A clubhouse operates under the fundamental principle that everyone has the potential to make productive contributions by focusing on the strengths, talents, and abilities of all members and fostering a sense of community and partnership.

"Recovery"—The process in which people are able to live, work, learn, and participate fully in their communities (RCW 71.24.025).

"Work-ordered day"—A model used to organize clubhouse activities during the clubhouse's normal working hours. Members and staff are organized into one or more work units which provide meaningful and engaging work essential to running the clubhouse. Activities include unit meetings, planning, organizing the work of the day, and performing the work that needs to be accomplished to keep the clubhouse functioning. Members and staff work side-by-side as colleagues. Members participate as they feel ready and according to their individual interests. While intended to provide members with working experience, work in the clubhouse is not intended to be job-specific training, and members are neither paid for clubhouse work nor provided artificial rewards. Work-ordered day does not include medication clinics, day treatment, or other therapy programs.

[Statutory Authority: RCW 71.24.025, 71.24.035, and 2007 c 414. 08-14-080, § 388-865-0705, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0710 Required clubhouse components. Required clubhouse components include all of the following:

(1) Voluntary member participation. Clubhouse members choose the way they use the clubhouse and the staff with whom they work. There are no agreements, contracts, schedules, or rules intended to enforce participation of members. All member participation is voluntary. Clubhouse policy and procedures must describe how members will have the opportunity to participate, based on their preferences, in the clubhouse.

(2) The work-ordered day.

(3) Activities, including:

(a) Personal advocacy;

(b) Help with securing entitlements;

(c) Information on safe, appropriate, and affordable housing;

(d) Information related to accessing medical, psychological, pharmacological and substance abuse services in the community;

(e) Outreach to members during periods of absence from the clubhouse and maintaining contact during periods of inpatient treatment;

(f) In-house educational programs that use the teaching and tutoring skills of members;

(g) Connecting members with adult education opportunities in the community;

(h) An active employment program that assists members to gain and maintain employment in:

(i) Full- or part-time competitive jobs in integrated settings developed in partnership with the member, the clubhouse, and the employer; and

(ii) Time-limited, part-time community jobs managed by the clubhouse with absentee coverage provided.

(i) An array of social and recreational opportunities.

(4) Operating at least thirty hours per week on a schedule that accommodates the needs of the members.

[Statutory Authority: RCW 71.24.025, 71.24.035, and 2007 c 414. 08-14-080, § 388-865-0710, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0715 Management and operational requirements. The requirements for managing and operating a clubhouse include all of the following:

(1) Members, staff, and ultimately the clubhouse director, are responsible for the operation of the clubhouse. The director must ensure opportunities for members and staff to be included in all aspects of clubhouse operation, including setting the direction of the clubhouse.

(2) Location in an area, when possible, where there is access to local transportation and, when access to public transportation is limited, facilitate alternatives.

(3) A distinct identity, including its own name, mailing address, and phone number.

(4) A separate entrance and appropriate signage that make the clubhouse clearly distinct, when co-located with another community agency.

(5) An independent board of directors capable of fulfilling the responsibilities of a not-for-profit board of directors, when free-standing.

(6) An administrative structure with sufficient authority to protect the autonomy and integrity of the clubhouse, when under the auspice of another agency.

(7) Services are timely, appropriate, accessible, and sensitive to all members.

(8) Members are not discriminated against on the basis of any status or individual characteristic that is protected by federal, state, or local law.

(9) Written proof of a current fire/safety inspection:

(a) Conducted of all premises owned, leased or rented by the clubhouse; and

(b) Performed by all required external authorities (e.g., State Fire Marshall, liability insurance carrier).

(10) All applicable state, county, and city business licenses.

(11) All required and current general liability, board and officers liability, and vehicle insurance.

(12) An identifiable clubhouse budget that includes:

(a) Tracking all income and expenditures for the clubhouse by revenue source;

(b) Quarterly reconciliation of accounts; and

(c) Compliance with all generally accepted accounting principles.

(13) Track member participation and daily attendance.

(14) Assist member in developing, documenting, and maintaining the member's recovery goals and providing monthly documentation of progress toward reaching them.

(a) Both member and staff must sign all such plans and documentation; or

(b) If a member does not sign, staff must document the reason.

(15) A mechanism to identify and implement needed changes to the clubhouse operations, performance, and administration, and to document the involvement of members in all aspects of the operation of the clubhouse.

(16) Evaluate staff performance by:

(a) Ensuring that paid employees:

(i) Are qualified for the position they hold, including any licenses or certifications; and

(ii) Have the education, experience and/or skills to perform the job requirements.

(b) Maintaining documentation that paid clubhouse staff:

(i) Have a completed Washington state patrol background check on file; and

(ii) Receive regular supervision and an annual performance evaluation.

[Statutory Authority: RCW 71.24.025, 71.24.035, and 2007 c 414. 08-14-080, § 388-865-0715, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0720 Certification process. The mental health division (MHD) grants certification based on compliance with the minimum standards set forth in this chapter.

(1) To be certified to provide clubhouse services, an organization must comply with the following:

(a) Meet all requirements for applicable city, county and state licenses and inspections.

(b) Complete and submit an application for certification to MHD.

(c) Successfully complete an on-site certification review by MHD to determine compliance with the minimum clubhouse standards, as set forth in this chapter.

(d) Initial applicants that can show that they have all organizational structures and written policies in place, but lack the performance history to demonstrate that they meet minimum standards, may be granted initial certification for up to one year. Successful completion of an on-site certification review is required prior to the expiration of initial certification.

(2) Upon certification, clubhouses will undergo periodic on-site certification reviews.

(a) The frequency of certification reviews is determined by the on-site review score as follows:

(i) A compliance score of ninety percent or above results in the next certification review occurring in three years;

(ii) A compliance score of eighty percent to eighty-nine percent results in the next certification review occurring in two years;

(iii) A compliance score of seventy percent to seventy-nine percent results in the next certification review occurring in one year; or

(iv) A compliance score below seventy percent results in a probationary certification.

(b) Any facet of an on-site review resulting in a compliance score below ninety percent requires a corrective action plan approved by MHD.

(3) Probationary certification may be issued by MHD if:

(a) A clubhouse fails to conform to applicable law, rules, regulations, or state minimum standards; or

(b) There is imminent risk to consumer health and safety;

(4) MHD may suspend or revoke a clubhouse's certification, or refuse to grant or renew a clubhouse's certification if a clubhouse fails to correct deficiencies as mutually agreed to in the corrective action plan with MHD.

(5) A clubhouse may appeal a certification decision by MHD.

(a) To appeal a decision, the clubhouse must submit a written application asking for an administrative hearing. An application must be submitted through a method that shows written proof of receipt to: Office of Administrative Hearings, P.O. Box 42489, Olympia, WA 98504-2489. An application must be received within twenty-eight calendar days of the date of the contested decision, and must include:

(i) The issue to be reviewed and the date the decision was made;

(ii) A specific statement of the issue and regulation involved;

(iii) The grounds for contesting the decision;

(iv) A copy of MHD's decision that is being contested; and

(v) The name, signature, and address of the clubhouse director.

(b) The hearing decision will be made according to the provisions of chapter 34.05 RCW and chapter 388-02 WAC.

[Statutory Authority: RCW 71.24.025, 71.24.035, and 2007 c 414. 08-14-080, § 388-865-0720, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0725 Employment-related services—Requirements. The following employment support activities must be offered to clubhouse members:

(1) Collaboration on creating, revising, and meeting individualized job and career goals.

(2) Information about how employment will affect income and benefits.

(3) Information on other rehabilitation and employment services, including but not limited to:

(a) The division of vocational rehabilitation;

(b) The state employment services;

(c) The business community;

(d) Job placement services within the community; and

(e) Community mental health agency-sponsored supported employment services.

(4) Assistance in locating employment opportunities which are consistent with the member's skills, goals, and interests.

(5) Assistance in developing a resume, conducting a job search, and interviewing.

(6) Assistance in:

(a) Applying for school and financial aid; and

(b) Tutoring and completing course work.

(7) Information regarding protections against employment discrimination provided by federal, state, and local laws and regulations, and assistance with asserting these rights, including securing professional advocacy.

[Statutory Authority: RCW 71.24.025, 71.24.035, and 2007 c 414. 08-14-080, § 388-865-0725, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0750 Crisis stabilization unit certification. (1) To obtain and maintain certification as a crisis stabilization unit (defined in RCW 71.05.020) under chapter 71.05 RCW, a facility must:

(a) Be licensed by the department of health;

(b) Ensure that the unit and its services are accessible to all persons, pursuant to federal, state, and local laws; and

(c) Successfully complete a provisional and annual on-site review by the mental health division to determine facility compliance with the minimum standards of this section and chapter 71.05 RCW.

(2) If a crisis stabilization unit is part of a jail, the unit must be located in an area of the building that is physically separate from the general population. "Physically separate" means:

(a) Out of sight and sound of the general population at all times;

(b) Located in an area with no foot traffic between other areas of the building, except in the case of emergency evacuation; and

(c) Has a secured entrance and exit between the unit and the rest of the facility.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0750, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0755 Standards for administration. The crisis stabilization unit must ensure that the following standards for administration are met:

(1) A description of the program, including age of persons to be served, length of stay, and services to be provided.

(2) An organizational structure that demonstrates clear lines of authority for administrative oversight and clinical supervision.

(3) The professional person in charge of administration of the unit is a mental health professional.

(4) A management plan to monitor, collect data and develop improvements to meet the requirements of this chapter.

(5) A policy management structure that establishes:

(a) Procedures for maintaining and protecting personal medical/clinical records consistent with chapter 70.02 WAC, "Medical records—Health care information access and disclosure," and the Health Insurance Portability and Accountability Act (HIPAA);

(b) Procedures for managing human resources to ensure that persons receive individualized evaluation and crisis stabilization services by adequate numbers of staff who are qualified and competent to carry out their assigned responsibilities;

(c) Procedures for ensuring a secure environment appropriate to the legal status of the person(s), and necessary to protect the public safety. "Secure" means having:

(i) All doors and windows leading to the outside locked at all times;

(ii) Visual monitoring, either by line-of-sight or camera as appropriate to the individual;

(iii) Adequate space to segregate violent or potentially violent persons from others;

(iv) The means to contact law enforcement immediately in the event of an elopement from the facility; and

(v) Adequate numbers of staff present at all times that are trained in facility security measures.

(d) Procedures for admitting persons needing crisis stabilization services seven days a week, twenty-four hours a day;

(e) Procedures to ensure that for persons who have been brought to the unit involuntarily by police, the stay is limited to twelve hours unless the individual has signed voluntarily into treatment.

(f) Procedures to ensure that within twelve hours of the time of arrival to the crisis stabilization unit, individuals who have been detained by a designated mental health professional or designated crisis responder under chapter 71.05 or 70.96B RCW are transferred to a certified evaluation and treatment facility.

(g) Procedures to assure appropriate and safe transportation of persons who are not approved for admission or detained for transfer to an evaluation and treatment facility, and if not in police custody, to their respective residence or other appropriate place;

(h) Procedures to detain arrested persons who are not otherwise detained and transferred to an evaluation and treatment facility for a period of up to eight hours in order to enable law enforcement to return to the facility and take the person back into custody;

(i) Procedures to ensure access to emergency life-sustaining treatment, necessary medical treatment, and medication;

(j) Procedures to ensure the protection of personal and familial rights as described in WAC 388-865-0561 and chapter 71.05 RCW;

(k) Procedures to inventory and safeguard the personal property of the persons being detained;

(l) Procedures to ensure that a mental health professional (as defined in chapter 388-865 WAC) is on-site twenty-four hours a day, seven days a week;

(m) Procedures to ensure that a licensed physician is available for consultation to direct care staff and patients twenty-four hours a day, seven days a week;

(n) Procedures to provide warning to an identified individual and law enforcement when an individual has made a threat against an identified victim, in accordance with RCW 71.05.390(10);

(o) Procedures to ensure the rights of persons to make mental health advance directives; and

(p) Procedures to establish unit protocols for responding to the provisions of the advanced directives consistent with RCW 71.32.150.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0755, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0760 Admission and intake evaluation. (1) For persons who have been brought to the unit involuntarily by police:

(a) The clinical record must contain:

(i) A statement of the circumstances under which the person was brought to the unit;

(ii) The admission date and time; and

(iii) The date and time when the twelve hour involuntary detention period ends.

(b) The evaluation required in subsection (2)(c) of this section must be performed within three hours of arrival at the facility.

(2) The facility must document that each person has received timely evaluations to determine the nature of the disorder and the services necessary, including at a minimum:

(a) A health screening by an authorized healthcare provider as defined in WAC 246-337-005(22) to determine the healthcare needs of a person.

(b) An assessment for chemical dependency and/or a co-occurring mental health and substance abuse disorder, utilizing the global appraisal of individual needs - short screener (GAIN-SS) or its successor.

(c) An evaluation by a mental health professional to include at a minimum:

(i) Mental status examination;

(ii) Assessment of risk of harm to self, others, or property;

(iii) Determination of whether to refer to a designated mental health professional (DMHP) or designated crisis responder (DCR) to initiate civil commitment proceedings.

(d) Documentation that an evaluation by a DMHP/DCR was performed within the required time period, the results of the evaluation, and the disposition of the person.

(e) Review of the person's current crisis plan, if applicable and available.

(f) The admission diagnosis and what information the determination was based upon.

(3) If the mental health professional determines that the needs of a person would be better served by placement in a chemical dependency treatment facility then the person must be referred to an approved treatment program defined under chapter 70.96A RCW.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0760, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0765 Use of seclusion and restraint procedures within the crisis stabilization unit. (1) Persons have the right to be free from seclusion and restraint, including chemical restraint within the crisis stabilization unit.

(2) The use of restraints or seclusion must occur only when there is imminent danger to self or others and less restrictive measures have been determined to be ineffective to protect the person or others from harm. The reasons for the determination must be clearly documented in the clinical record.

(3) The crisis stabilization unit must develop policies and procedures to assure that restraint and seclusion are utilized only to the extent necessary to ensure the safety of patients and others, and in accordance with WAC 246-337-110, 246-322-180, 246-320-745(6), and 388-865-0545.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0765, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0770 Assessment and stabilization services—Documentation requirements. (1) For all persons admitted to the crisis stabilization unit, the clinical record must contain documentation of:

(a) Assessment and stabilization services provided by the appropriate staff;

(b) Coordination with the person's current treatment provider, if applicable;

(c) A plan for discharge, including a plan for follow up that includes:

(i) The name, address, and telephone number of the provider of follow-up services; and

(ii) The follow up appointment date and time, if known.

(2) For persons admitted to the crisis stabilization unit on a voluntary basis, a crisis stabilization plan developed collaboratively with the person within twenty-four hours of admission that includes:

(a) Strategies and interventions to resolve the crisis in the least restrictive manner possible;

(b) Language that is understandable to the person and/or members of the person's support system; and

(c) Measurable goals for progress toward resolving the crisis and returning to an optimal level of functioning.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0770, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0775 Qualification requirements for staff. The provider is responsible to ensure that staff and clinical supervisors are qualified for the positions they hold at the crisis stabilization unit.

(1) The provider must document that all staff have:

(a) A current job description.

(b) A current Washington state department of health license or registration as may be required for his/her position.

(c) Washington state patrol background checks for employees in contact with persons consistent with RCW 43.43.830.

(d) An annual performance evaluation.

(e) An individualized annual training plan, to include at minimum:

(i) The skills he or she needs for his/her job description and the population served;

(ii) Training regarding the least restrictive alternative options available in the community and how to access them;

(iii) Methods of person care;

(iv) Management of assaultive and self-destructive behaviors, including proper and safe use of seclusion and/or restraint procedures;

(v) Methods to ensure appropriate security of the facility; and

(vi) Requirements of chapters 71.05 and 71.34 RCW, this chapter, and protocols developed by the mental health division.

(vii) If contract staff is providing direct services, the facility must ensure compliance with the training requirements outlined in subsection (1)(i) through (vii) in this section.

(2) Clinical supervisors must meet the qualifications of mental health professionals as defined in WAC 388-865-0150.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0775, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0780 Posting of rights. The rights outlined in WAC 388-865-0561 must be prominently posted within the crisis stabilization unit and provided in writing to the person.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0780, filed 6/26/08, effective 7/27/08.]

WAC 388-865-0785 Rights related to antipsychotic medications. All persons have a right to make an informed decision regarding the use of antipsychotic medication consistent with the provisions of RCW 71.05.215 and 71.05.217. The crisis stabilization unit must develop and maintain a written protocol for the involuntary administration of antipsychotic medications, including the following requirements:

(1) The clinical record must document:

(a) The physician's attempt to obtain informed consent for antipsychotic medication;

(b) The reasons why any antipsychotic medication is administered over the person's objection or lack of consent.

(2) The physician may administer antipsychotic medications over a person's objections or lack of consent only when:

(a) An emergency exists. An emergency exists if:

(i) The person presents an imminent likelihood of serious harm to self or others;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and

(iii) In the opinion of the physician, the person's condition constitutes an emergency requiring that treatment be instituted before obtaining a concurring opinion by a second physician.

(b) There is a concurring opinion by a second physician for treatment up to thirty days.

[Statutory Authority: RCW 71.05.020, 71.24.035, and 2007 c 375. 08-14-079, § 388-865-0785, filed 6/26/08, effective 7/27/08.]

CRIMINALLY INSANE PERSON COMMITTED TO THE CARE OF THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—EVALUATION, PLACEMENT, CARE AND DISCHARGE

(Formerly chapter 275-59 WAC)

WAC

WAC 388-875-0010 Purpose. These regulations are adopted pursuant to and in accordance with chapter 117, Laws of 1973 1st ex. sess. They are adopted to provide procedures for the evaluation, placement, care and discharge of persons committed to the care of the department of social and health services, under the aforementioned Act, relating to the criminally insane.

[Statutory Authority: Chapter 10.77 RCW. 01-01-008, recodified as § 388-875-0010, filed 12/6/00, effective 1/6/01; Order 846, § 275-59-010, filed 8/9/73.]

WAC 388-875-0020 Definitions. "Department" means the state department of social and health services.

"Division" means the mental health division, department of social and health services.

"Evaluation" means the initial procedure when a court requests the department to provide an opinion if a person charged with a crime is competent to stand trial or, if indicated and appropriate, if the person was suffering under a mental disease or defect excluding responsibility at the time of the commission of the crime.

"Indigent" means any person who is financially unable to obtain counsel or other necessary expert or professional services without causing substantial hardship to himself or his family.

"Professional person" means:

(1) A psychiatrist. This is defined as a person having a license as a physician and surgeon in this state, who has in addition, completed three years of graduate training in psychiatry in a program approved by the American Medical Association or the American Osteopathic Association and who is certified or is eligible to be certified by the American Board of Psychiatry and Neurology or the American Osteopathic Board of Neurology and Psychiatry.

(2) A psychologist. This is defined as a person who has been licensed as a psychologist pursuant to chapter 18.83 RCW.

(3) A social worker. This is defined as a person with a master's or further advanced degree from an accredited school of social work or a degree deemed equivalent under rules adopted by the secretary.

"Secretary" means the secretary of the department of social and health services or his designee.

"Superintendent" means the person responsible for the functioning of a treatment facility.

"Treatment facility" means any facility operated or approved by the department of social and health services for the treatment of the criminally insane. Such definition shall not include any state correctional institution or facility.

WAC 388-875-0030 Mental health division. The secretary designates to the division the responsibility for:

(1) Evaluation and treatment of any person committed to the secretary for evaluation or treatment, under chapter 10.77 RCW;

(2) Assisting the court in obtaining nondepartmental experts or professional persons to participate in the evaluation or a hearing on behalf of the defendant and supervising the procedure whereby such professionals will be compensated, according to fee schedule if the person being evaluated or treated is an indigent;

(3) Assuring that any nondepartmental expert or professional person requesting compensation has maintained adequate evaluation and treatment records which justify compensation;

(4) Assisting the court by designation of experts or professional persons to examine the defendant and report to the court when the defendant is not committed to the secretary;

(5) Determination of what treatment facility shall have custody of persons committed to the secretary under chapter 10.77 RCW.

(6) If the court is advised by any party that the defendant may be developmentally disabled, at least one of the experts or professional persons appointed shall be a developmental disabilities professional.

[Statutory Authority: Chapter 10.77 RCW. 01-01-008, amended and recodified as § 388-875-0030, filed 12/6/00, effective 1/6/01. Statutory Authority: RCW 72.01.090. 79-03-038 (Order 1373), § 275-59-030, filed 3/1/79; Order 846, § 275-59-030, filed 8/9/73.]

WAC 388-875-0040 Schedule of maximum payment for defendant expert or professional person. Department payments to an expert or professional person for department services an indigent person receives shall not exceed:

(1) One hundred dollars an hour for services; or

(2) Eight hundred dollars total payment for services.

The department shall only approve an exception to this section ruling when the exception is approved, in writing, by the division director. The department shall only approve payment for one mental health examination per indigent person in each six month period.

WAC 388-875-0060 Individualized treatment. (1) Whenever a person is committed to the secretary as criminally insane, the treatment facility to which the person is assigned shall, within fifteen days of admission to the facility, evaluate and diagnose the committed person for the purpose of devising an individualized treatment program.

(2) Every person, committed to the secretary as criminally insane, shall have an individualized treatment plan formulated by the treatment facility. This plan shall be developed by appropriate treatment team members and implemented as soon as possible but no later than fifteen days after the person's admission to the treatment facility as criminally insane. Each individualized treatment plan shall include, but not be limited to:

(a) A statement of the nature of the specific problems and specific needs of the patient;

(b) A statement of the physical setting necessary to achieve the purposes of commitment;

(c) A description of intermediate and long-range treatment goals, with a projected timetable for their attainment;

(d) A statement and rationale for the plan of treatment for achieving these intermediate and long-range goals;

(e) A specification of staff responsibility and a description of proposed staff involvement with a patient in order to attain these treatment goals;

(f) Criteria for recommendation to the court for release.

(3) This individualized treatment plan shall be reviewed by the treatment facility periodically, at least every six months, and a copy of the plan shall be sent to the committing court.

WAC 388-875-0070 Transfer of a patient between state-operated facilities for persons with mental illness. In some instances, it is appropriate for the department to transfer a patient currently residing in a state facility to another state facility for ongoing treatment. The department shall accomplish the transfer with the utmost care given to the therapeutic needs of the patient. This section describes the procedures for handling a patient transfer between state facilities in a manner consistent with the best interest of the patient.

(1) The department may use the following criteria when determining the appropriateness of a patient transfer:

(a) The patient's family resides within the receiving facility's catchment area; or

(b) The patient's primary home of residence is in the receiving facility's catchment area; or

(c) A particular service or need of the patient is better met at the receiving facility; or

(d) Transfer to the receiving facility may facilitate community discharge due to the availability of community service in the receiving facility's catchment area; or

(e) The county, regional support network, or patient requests a transfer.

(2) Prior to any proposed transfer of a patient, the state facility shall comply with the following:

(a) The sending facility, at the request of the superintendent, shall in writing forward information necessary to make a decision on whether transfer is appropriate to the receiving facility's liaison and the regional support network liaison;

(b) The receiving facility's liaison and the regional support network liaison shall recommend appropriate action to the superintendent of the sending facility in writing within five calendar days of receipt of the request;

(c) If the receiving facility accepts the proposed patient transfer, the sending facility shall notify the patient, guardian, regional support network liaison, and attorney, if known, at least five days before the proposed patient transfer;

(d) The sending facility is responsible for all patient transfer arrangements, e.g., transportation, staff escort, etc., and shall coordinate the day and time of arrival with the receiving facility's liaison; and

(e) The sending facility shall arrange for the transfer of patient's medical record to the receiving facility.

(3) The sending state facility shall document the following in the patient's record:

(a) Physician documentation of the medical suitability of the patient for transfer; and

(b) Social worker documentation regarding:

(i) Justification as to why the transfer is considered in the patient's best interests; and

(ii) The patient's wishes regarding transfer.

(4) The sending facility shall contact the prosecuting attorney's office of the committing county prior to the transfer.

WAC 388-875-0080 Restoration procedure for a former involuntarily committed person's right to firearm possession. (1) The department and mental health professionals implementing chapter 10.77 RCW shall recognize and affirm that a person is entitled to the immediate restoration of the right to firearm possession, as described under RCW 9.41.040 (6)(c), when the person no longer requires treatment or medication for a condition related to the commitment.

(2) Mental health professionals implementing the provisions of chapter 71.05 RCW shall provide to the court of competent jurisdiction such relevant information concerning the commitment and release from commitment as the court may request in the course of reaching a decision on the restoration of the person's right to firearm possession. (See RCW 9.41.097.)

(3) A person who has been barred from firearm possession under RCW 9.41.040(6) and who wishes to exercise this right, may petition the court which ordered involuntary treatment or, the superior court of the county in which the person resides for restoration of the right to possess firearms. At a minimum, such petition shall include:

(a) The fact, date, and place of involuntary treatment;

(b) The fact, date, and release from involuntary treatment;

(c) A certified copy of the order of final discharge entered by the committing court.

(4) A petitioner shall show that the petitioner no longer requires treatment or medication for a condition related to the commitment.

WAC 388-875-0090 Conditional release. (1) Any person committed to the secretary as criminally insane may make application to the secretary for conditional release.

(2) The secretary designates the superintendent of the treatment facility, if no superintendent, then the director of the division, as the person to receive and act on such application for conditional release.

(3) The person making application for conditional release shall not, under any circumstances, be released until there is a court hearing on the application and recommendations and a court order authorizing conditional release has been issued.

(4) If conditional release is denied by the court the person making the applications may reapply after a period of six months from the date of denial.

(5) If the court grants conditional release and places the person making application under the supervision of a department employee, that supervising department employee shall make monthly reports, unless indicated otherwise by the court, concerning the conditionally released person's progress and compliance with the terms and conditions of conditional release. Such reports shall be forwarded to the committing court, the division, the prosecuting attorney, and the treatment facility in which the person was most recently housed.

(6) The following persons are designated to exercise power and authority of the secretary contained in RCW 10.77.190:

(a) The director or designee of the division;

(b) The probation and parole office, if any, supervising the conditionally released person; and

(c) The treatment facility supervising the conditionally released person or from which the person was conditionally released.

Statutory Authority: RCW 71.09.040(4).

WAC 388-880-005 Special commitment of sexually violent predators—Legal basis. (1) Chapter 71.09 RCW authorizes the department to develop a sexual predator program (SPP) for a person the court determines to be a sexually violent predator.

(2) The department's SPP shall provide:

(a) Custody, supervision, and evaluation of a person court-detained to the SPP to determine if the person meets the definition of a sexually violent predator under chapter 71.09 RCW; and

(b) Treatment, care, evaluation and control of a person court-committed as a sexually violent predator.

(3) Evaluations and evaluation procedures may be established in coordination with the department, the department of corrections and the end of sentence review committee.

(4) Secure facilities operated by the department for the sexual predator program include the special commitment center (SCC) total confinement facility, the secure community transition facility, and any community-based facilities established under chapter 71.09 RCW and operated by the secretary or under contract with the secretary.

(5) The secretary or designee may execute such agreements as appropriate and necessary to implement this chapter.

WAC 388-880-007 Purpose. These rules carry out the legislative intent of chapter 71.09 RCW, authorizing the department to provide evaluation, care, control, and treatment of persons court-detained or court-committed to the sexual predator program.

[Statutory Authority: RCW 71.09.040(4). 03-23-022, § 388-880-007, filed 11/10/03, effective 12/11/03. Statutory Authority: Chapter 71.09 RCW, 2000 c 44, 2001 c 286. 02-02-054, § 388-880-007, filed 12/27/01, effective 1/27/02.]

WAC 388-880-010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

"Appropriate facility" means the total confinement facility the department uses to hold and evaluate a person court-detained under chapter 71.09 RCW.

"Care" means a service the department provides during a person's detention or commitment within a secure facility toward adequate health, shelter, and physical sustenance.

"Control" means a restraint, restriction, or confinement the department applies protecting a person from endangering self, others, or property during a period of custody under chapter 71.09 RCW.

"Department" means the department of social and health services.

"Escorted leave" means a leave of absence from a facility housing persons court-detained or court-committed under chapter 71.09 RCW under the continuous supervision of an escort.

"Evaluation" means an examination, report, or recommendation by a professionally qualified person to determine if a person has a personality disorder and/or mental abnormality which renders the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

"Immediate family" includes a resident's parents, stepparents, parent surrogates, legal guardians, grandparents, spouse, brothers, sisters, half or stepbrothers or sisters, children, stepchildren, and other dependents.

"Indigent" means a resident who has not been credited with twenty-five dollars or more total from any source for

deposit to the resident's trust fund account during the thirty days preceding the request for an escorted leave and has less than a twenty-five dollar balance in his/her trust fund account on the day the escorted leave is requested, and together with his/her requesting immediate family member affirm in writing that they cannot afford to pay the costs of the escorted leave without undue hardship. A declaration of indigency shall be signed by the resident and the resident's requesting immediate family member on forms provided by the department.

"Individual treatment plan (ITP)" means an outline the SCC staff persons develop detailing how control, care, and treatment services are provided to a court-committed person or to a court-detained person.

"Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total confinement which satisfies the conditions stated in RCW 71.09.092.

"Less restrictive alternative facility" means a secure community transition facility as defined under RCW 71.09.-020(1).

"Mental abnormality" means a congenital or acquired condition, including a personality disorder, affecting the person's emotional or volitional capacity, predisposing the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.

"Oversight" means official direction, guidance, review, inspection, investigation, and information gathering activities conducted for the purposes of program quality assurance by persons or entities within, or external to, the SCC.

"Personality disorder" carries the same definition as found in the DSM-IV-TR and includes psycopathy as assessed using the Hare PCL-R or similar instrument.

"Predatory" means acts a person directs toward:

(1) Strangers;

(2) Individuals with whom a relationship has been established or promoted for the primary purpose of victimization; or

(3) Persons of casual acquaintance with whom no substantial personal relationship exists.

"Professionally qualified person" means:

(1) **"Psychiatrist"** means a person licensed as a physician in this state, or licensed or certified in another state, in accordance with chapters 18.71 and 18.57 RCW. In addition, the person shall:

(a) Have completed three years of graduate training in a psychiatry program approved by the American Medical Association or the American Osteopathic Association; and

(b) Be certified, or eligible to be certified, by the American Board of Psychiatry and Neurology.

(2) **"Psychologist"** means a person licensed as a doctor of psychology in this state, or licensed or certified in another state, in accordance with chapter 18.83 RCW;

(3) **"Clinical practitioner"** means a sex offender treatment provider certified by the department of health under chapter 18.155 RCW.

"Resident" means a person court-detained or court-committed pursuant to chapter 71.09 RCW.

"Secretary" means the secretary of the department of social and health services or the secretary's designee.

"Secure community transition facility" means a residential facility for persons civilly committed and conditionally released to a less restrictive alternative under chapter 71.09 RCW. A secure community transition facility has supervision and security, and either provides or ensures the provision of sex offender treatment services. Secure community transition facilities include, but are not limited to, the facilities established in RCW 71.09.201 and any community-based facilities established under chapter 71.09 RCW and operated by the secretary or under contract with the secretary.

"Secure facility" means a residential facility for persons court-detained or court-committed under the provisions of chapter 71.09 RCW that includes security measures sufficient to protect the community. Such facilities include total confinement facilities, secure community transition facilities, and any residence used as a court-ordered placement in RCW 71.09.096.

"Sexual predator program" means a department-administered and operated program including the special commitment center (SCC) established for:

(1) A court-detained person's custody and evaluation; or

(2) Control, care, and treatment of a court-committed person defined as a sexually violent predator under chapter 71.09 RCW.

"Sexually violent offense" means an act defined under chapter 9A.28 RCW, RCW 9.94A.030 and 71.09.020.

"Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

"Superintendent" means the person delegated by the secretary of the department to be responsible for the general operation, program, and facilities of the SCC.

"Total confinement facility" means a facility that provides supervision and sex offender treatment services in a total confinement setting. Total confinement facilities include the special commitment center and any similar facility designated as a secure facility by the secretary.

WAC 388-880-031 Sexual predator program annual evaluation. (1) Annually or as required by court order, the department shall conduct an evaluation and examine the mental condition of each person court-committed under chapter 71.09 RCW.

(2) The annual evaluation must include consideration of whether:

(a) The person currently meets the definition of a sexually violent predator; and

(b) Conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that would adequately protect the community.

(3) The report of the department shall be in the form of a declaration or certification in compliance with the requirements of RCW 9A.72.085 and shall be prepared by a professionally qualified person as defined herein.

(4) The department shall file this periodic report with the court that detained or committed the person under chapter 71.09 RCW.

(5) A copy of this report shall be served on the prosecuting agency involved in the initial hearing or commitment and upon the detained or committed person and his or her counsel.

WAC 388-880-034 Evaluator—Pretrial evaluation responsibilities. The evaluation done in accordance with WAC 388-880-030(1) in preparation for a trial or hearing must be based on the following:

(1) Examination of the resident, including a forensic interview and a medical examination, if necessary;

(2) Review of the following records, tests or reports relating to the person:

(a) All available criminal records, to include arrests and convictions, and records of institutional custody, including city, county, state and federal jails or institutions, with any records and notes of statements made by the person regarding criminal offenses, whether or not the person was charged with or convicted of the offense;

(b) All necessary and relevant court documents;

(c) Sex offender treatment records and, when permitted by law, substance abuse treatment program records, including group notes, autobiographical notes, progress notes, psycho-social reports and other material relating to the person's participation in treatment;

(d) Psychological and psychiatric testing, diagnosis and treatment, and other clinical examinations, including records of custody in a mental health treatment hospital or other facility;

(e) Medical and physiological testing, including plethysmography and polygraphy;

(f) Any end of sentence review report, with information for all prior commitments upon which the report or reports were made;

(g) All other relevant and necessary records, evaluations, reports and other documents from state or local agencies;

(h) Pertinent contacts with collateral informants;

(i) Other relevant and appropriate tests that are industry standard practices;

(j) All evaluations, treatment plans, examinations, forensic measures, charts, files, reports and other information made for or prepared by the SCC which relate to the resident's care, control, observation, and treatment.

WAC 388-880-036 Pretrial evaluation—Reporting. (1) The evaluation must be in the form of a declaration or certification in compliance with the requirements of RCW 9A.72.085 and must be prepared by a professionally qualified person.

(2) The report of the evaluation must include:

(a) A description of the nature of the examination;

(b) A diagnosis of the mental condition of the person;

(c) A determination of whether the person suffers from a mental abnormality or personality disorder;

(d) An opinion as to whether the person meets the definition of a sexually violent predator.

(3) The department shall file the evaluation with the court that detained or committed the person under chapter 71.09 RCW.

(4) A copy of the evaluation must be served on the prosecuting agency involved in the initial hearing or commitment, and upon the court-detained or court-committed person and his or her counsel.

[Statutory Authority: RCW 71.09.040(4). 03-23-022, § 388-880-036, filed 11/10/03, effective 12/11/03.]

WAC 388-880-040 Individual treatment. (1) When the court detains a person or commits a person to the SCC, SCC staff persons shall develop an individual treatment plan (ITP) for the person.

(2) The ITP shall be based upon, but not limited to, the following information as may be available:

(a) The person's offense history;

(b) A psycho-social history;

(c) The person's most recent evaluation; and

(d) A statement of high risk factors for potential reoffense, as may be ascertained over time.

(3) The ITP shall include, but not be limited to:

(a) A description of the person's specific treatment needs in:

(i) Sex offender specific treatment;

(ii) Substance abuse treatment;

(iii) Supports to promote psychiatric stability;

(iv) Supports for medical conditions and disability;

(v) Social, family, and life skills.

(b) An outline of intermediate and long-range treatment goals, with cognitive and behavioral measures for achieving the goals;

(c) The treatment strategies for achieving the treatment goals;

(d) A description of SCC staff persons' responsibilities; and

(e) A general plan and criteria, keyed to the resident's achievement of long-range treatment goals, for recommending to the court whether the person should be released to a less restrictive alternative.

(4) SCC staff persons shall review the person's ITP every six months.

(5) A court-detained person's plan may include access to program services and opportunities available to persons who are court-committed, with the exception that the court-detained person may be restricted in employment and other activities, depending on program resources and incentives reserved for persons who are court-committed and/or actively involved in treatment.

(6) Nothing in this chapter shall exclude a court-detained person from engaging in the sex offender treatment program and, should the person elect to engage in treatment prior to the person's commitment trial:

(a) The person shall be accorded privileges and access to program services in a like manner as are accorded to a court-committed person in treatment; and

(b) Shall not, solely by reason of the person's voluntary participation in treatment, be judged nor assumed by staff, administrators or professional persons of the SCC or of the department to meet the definition of a sexually violent predator under chapter 71.09 RCW.

WAC 388-880-042 Resident records—Purposes. (1) The SCC shall maintain records for each person court-detained for evaluation or court-committed for treatment as a sexually violent predator. Such records shall include:

(a) All evaluations, records, reports, and other documents obtained from other agencies relating to the person prior to the person's detention and/or commitment to the SCC;

(b) All evaluations, clinical examinations, forensic measures, charts, files, reports, and other information made for or prepared by SCC personnel, contracted professionals, or others which relate to the person's care, control, and treatment during the person's detention or commitment to, the SCC.

(2) Records made by contracted professional persons providing treatment or residential services may be maintained in their professional files, subject to contractual arrangement for SCC or department access to those records.

[Statutory Authority: RCW 71.09.040(4). 03-23-022, § 388-880-042, filed 11/10/03, effective 12/11/03. Statutory Authority: Chapter 71.09 RCW, 2000 c 44, 2001 c 286. 02-02-054, § 388-880-042, filed 12/27/01, effective 1/27/02.]

WAC 388-880-043 Resident clinical records—Location and custody. (1) Records pertaining to residents of the SCC shall be kept in a location accessible only to assigned treatment providers and authorized staff persons.

(2) During the period of a person's residence at the SCC secure facility or LRA facility:

(a) The person's treatment records shall be maintained in the facility wherein the resident is housed.

(b) The person's medical and psychiatric records shall be maintained in the facility wherein the resident is housed and directly available to medical and emergency treatment providers and authorized staff persons.

(3) During the period of a person's residence in a less restrictive alternative facility operated by the department, the person's treatment records shall be maintained in a safe location accessible only by authorized staff.

(4) During a period of a resident's less restrictive alternative placement in a private home or in a facility operated by a contracting agency:

(a) Original behavioral and treatment records and evaluations shall be maintained by the contracted professional person providing treatment and copies thereof shall be made available to the SCC or the department by contract requirement; and

(b) Copies of documents held by the SCC may be made available as necessary to the contracting agency, the contracted treatment provider, and the assigned community corrections officer.

WAC 388-880-044 Resident records—Access. (1) Upon request and proper showing, the department shall provide to the following persons access to a court-detained or court-committed person for an evaluation and access to all records and reports related to the person's detention, commitment, control, care, and treatment:

(a) The person's attorney;

(b) The person's professionally qualified person, if any;

(c) The prosecuting attorney, or the attorney general, if requested by the prosecuting attorney;

(d) The professionally qualified person; and

(e) Any entity, person or agency having lawful access to such records.

(2) Upon documented request by a resident, the SCC shall provide the resident supervised access to all records and reports, or to redacted copies thereof, related to the person's commitment, control, care, and treatment. The SCC may reasonably limit conditions, frequency and duration of the person's access to the person's records and reports.

(3) A policy on access to resident records shall be maintained and published to residents of the SCC.

WAC 388-880-045 Resident records—Retention. (1) The SCC shall create schedules and requirements, consistent with department policy, for the retention, storage, and disposal of records, documents, evaluations, reports, and other material related to SCC residents, to include:

(a) While a person is currently court-detained or court-committed to the SCC;

(b) Following a court ruling that a person does not meet the definition of a sexually violent predator within chapter 71.09 RCW and upon the person's release from the custody of the department;

(c) Following a resident's unconditional discharge from commitment;

(d) Following a resident's death.

(2) All original records specified herein and held by the SCC shall be retained in the SCC total confinement facility for a period of five years, and in the records center of the Secretary of State for a period consistent with department administrative policy, after a resident's:

(a) Release following a court ruling that the person does not meet the definition of a sexually violent predator within chapter 71.09 RCW;

(b) Unconditional discharge from commitment; or

(c) Death.

WAC 388-880-050 Rights of a person court-detained or court-committed to the special commitment center. (1) During a person's period of detention or commitment, the department shall:

(a) Apprise the person of the person's right to an attorney and to retain a professionally qualified person to perform an evaluation on the person's behalf;

(b) Provide access to the person and the person's records in accordance with RCW 71.09.080 and WAC 388-880-044.

(2) A person the court detains for evaluation or commits to the SCC shall:

(a) Receive adequate care and individualized treatment;

(b) Be permitted to wear the person's own clothing except as may be required during an escorted leave from the secure facility, and to keep and use the person's own possessions, except when deprivation of possessions is necessary for the person's protection and safety, the protection and safety of others, or the protection of property within the SCC;

(c) Be permitted to accumulate and spend a reasonable amount of money in the person's SCC account;

(d) Have access to reasonable personal storage space within SCC limitations;

(e) Be permitted to have approved visitors within reasonable limitations;

(f) Have reasonable access to a telephone to make and receive confidential calls within SCC limitations; and

(g) Have reasonable access to letter writing material and to:

(i) Receive and send correspondence through the mail within SCC limitations and according to established safeguards against the receipt of contraband material to include, in the resident's presence, opening and inspecting packages and fanning written material; and

(ii) Send written communication regarding the fact of the person's detention or commitment.

(3) A person the court commits to the SCC shall have the following procedural rights to:

(a) Have reasonable access to an attorney and be informed of the name and address of the person's designated attorney;

(b) Petition the court for release from the SCC; and

(c) Receive annual written notice of the person's right to petition the committing court for release. The department's written notice and waiver shall:

(i) Include the option to voluntarily waive the right to petition the committing court for release; and

(ii) Annually be forwarded to the committing court by the department.

WAC 388-880-070 Escorted leave—Purpose. The purpose of WAC 275-155-070 through 275-155-140 is:

(1) To set forth the conditions under which residents will be granted leaves of absence;

(2) To provide for safeguards to prevent escape, the obtaining of contraband, and the commission of new crimes, while on leaves of absence; and

(3) To outline the process for the reimbursement of the state by the resident and the resident's family for the costs of the leave of absence.

[99-21-001, recodified as § 388-880-070, filed 10/6/99, effective 10/6/99. Statutory Authority: RCW 71.09.230. 97-24-054, § 275-155-070, filed 12/1/97, effective 1/1/98.]

WAC 388-880-080 Reasons allowed. An escorted leave of absence may be granted by the superintendent, or designee, subject to the approval of the secretary, to residents to:

(1) Go to the bedside of a member of the resident's immediate family as defined in WAC 275-155-010, who is seriously ill;

(2) Attend the funeral of a member of the resident's immediate family as defined in WAC 275-155-010; and

(3) Receive necessary medical or dental care which is not available in the institution.

[99-21-001, recodified as § 388-880-080, filed 10/6/99, effective 10/6/99. Statutory Authority: RCW 71.09.230. 97-24-054, § 275-155-080, filed 12/1/97, effective 1/1/98.]

WAC 388-880-090 Conditions. (1) An escorted leave shall be authorized only for trips within the boundaries of the state of Washington.

(2) The duration of an escorted leave to the bedside of a seriously ill member of the resident's immediate family or attendance at a funeral shall not exceed forty-eight hours unless otherwise approved by the superintendent, or designee.

(3) Other than when housed in a city or county jail or state institution the resident shall be in the visual or auditory contact of an approved escort at all times.

(4) The resident shall be housed in a city or county jail or state institution at all times when not in transit or actually engaged in the activity for which the escorted leave was granted.

(5) Unless indigent, the resident and immediate family member shall, in writing, make arrangements to reimburse the state for the cost of the leave prior to the date of the leave.

(6) The superintendent, or designee, shall notify county and city law enforcement agencies with jurisdiction in the area of the resident's destination before allowing any escorted leave of absence.

[99-21-001, recodified as § 388-880-090, filed 10/6/99, effective 10/6/99. Statutory Authority: RCW 71.09.230. 97-24-054, § 275-155-090, filed 12/1/97, effective 1/1/98.]

WAC 388-880-100 Application requests and approval for escorted leave. The superintendent, or designee, shall establish a policy and procedures governing the method of handling the requests by individual residents. The superintendent, or designee, shall evaluate each leave request and, in writing, approve or deny the request within forty-eight hours of receiving the request based on:

(1) The nature and length of the escorted leave;

(2) The community risk associated with granting the request based on the resident's history of security or escape risk;

(3) The resident's overall history of stability, cooperative or disruptive behavior, and violence or other acting out behavior;

(4) The resident's degree of trustworthiness as demonstrated by his/her performance in unit assignments, security level, and general cooperativeness with facility staff;

(5) The resident's family's level of involvement and commitment to the escorted leave planning process;

(6) The rehabilitative or treatment benefits which could be gained by the resident; and

(7) Any other information as may be deemed relevant.

The resident's, and family's, ability to reimburse the state for the cost of the escorted leave shall not be a determining factor in approving or denying a request.

[99-21-001, recodified as § 388-880-100, filed 10/6/99, effective 10/6/99. Statutory Authority: RCW 71.09.230. 97-24-054, § 275-155-100, filed 12/1/97, effective 1/1/98.]

WAC 388-880-110 Escort procedures. (1) Only persons approved by the superintendent, or designee, will be authorized to serve as escorts. All escorts from the total confinement facility must be employees of either the department of social and health services or the department of corrections and must have attained permanent employee status. At least one of the escorts must be experienced in the escort procedures.

(2) The superintendent, or designee, shall determine the use and type of restraints necessary for each escorted leave on an individual basis.

(3) Escorted leaves supervised by department of corrections staff shall require the approval of the SCC superintendent, or designee, and be done in accordance with applicable department of corrections policy and procedures. The department of corrections shall be reimbursed, according to rates and procedures established between the department of social and health services and the department of corrections. Correctional officers may wear civilian clothing when escorting a resident for a bedside visit or a funeral.

WAC 388-880-130 Expenses—Paid by resident. (1) The expenses of the escorted leave as enumerated in WAC 275-155-120 shall be reimbursed by the resident or his/her immediate family member unless the superintendent, or designee, has authorized payment at state expense in accordance with WAC 275-155-140.

(2) Payments by the resident, or the resident's immediate family member, shall be made to the facility's business office and applied to the appropriate fund as defined by law, applicable provisions of the Washington Administrative Code, or department policy.

[99-21-001, recodified as § 388-880-130, filed 10/6/99, effective 10/6/99. Statutory Authority: RCW 71.09.230. 97-24-054, § 275-155-130, filed 12/1/97, effective 1/1/98.]

WAC 388-880-140 Expenses—Paid by department. The expenses of the escorted leave shall be absorbed by the state if:

(1) The resident and his/her immediate family are indigent as defined in WAC 275-155-010; or

(2) The expenses were incurred to secure medical care.

[99-21-001, recodified as § 388-880-140, filed 10/6/99, effective 10/6/99. Statutory Authority: RCW 71.09.230. 97-24-054, § 275-155-140, filed 12/1/97, effective 1/1/98.]

WAC 388-885-010 Definitions. (1) "Attorney cost" means the fully documented itemized hourly cost directly related to the violent sexual predator civil commitment process for:

(a) A single assigned prosecuting attorney;

(b) When the person is indigent, a single court-appointed attorney;

(c) Additional counsel, for the defense or prosecution, when additional defense counsel is approved by the trial judge for good cause; and

(d) Paralegal services and other costs, itemized based on a schedule of reimbursements as described in WAC 388-885-035.

(2) "Department" means the department of social and health services.

(3) "Evaluation by expert cost" is as described in WAC 388-885-013.

(4) "Incidental cost" means county-incurred efforts or costs that are not otherwise covered and are exclusively attributable and necessary to the trial of a person alleged to be a "sexually violent predator."

(5) "Investigative cost" means a cost incurred by a police agency or other investigative service in the course of investigating issues specific to:

(a) Filing or responding to a petition alleging a person is a "sexually violent predator;" or

(b) Testifying at a hearing to determine if a person is a "sexually violent predator."

(6) "Medical cost" means a county-incurred extraordinary medical expense beyond the routine services of a jail.

(7) "Secretary" means the secretary of the department of social and health services.

(8) "Transportation cost" means the cost a county incurs when transporting a person alleged to be, or having been found to be, a "sexually violent predator," to and from a sexual predator program facility.

(9) "Trial cost" means the costs a county incurs as the result of filing a petition for the civil commitment of a person alleged to be a "sexually violent predator" under chapter 71.09 RCW. This cost is limited to fees for:

(a) Judges;

WAC 388-885-013 Limitations on reimbursement costs related to expert evaluations. (1) "Evaluation by expert cost" means a county-incurred itemized hourly service rate directly resulting from the completion of a comprehensive examination and/or a records review and other costs,

itemized based on the schedule of reimbursements as described in WAC 388-885-035, by a single examiner selected and appointed by the court of a person who is indigent, when:

(a) Investigated for "sexually violent predator" probable cause;

(b) Alleged to be a "sexually violent predator" and who has had a petition filed; or

(c) Committed as a "sexually violent predator" and under review for release.

(2) The department will reimburse a county for costs related to the evaluation of an indigent person by an additional examiner only upon a finding by the superior court that such appointment is for good cause. In making its finding of good cause the superior court shall consider and issue written findings on whether:

(a) Any previous expert(s) appointed to assist the indigent person lack expertise to address a new area of concern;

(b) The request for an additional expert is being requested merely because the opinion of a prior expert was not favorable to respondent's position;

(c) The request is being interposed for the purpose of delaying the proceeding; or

(d) The previously appointed expert is unavailable for testimony at trial.

(3) The department will not reimburse a county for expert evaluation costs under the following circumstances:

(a) Where the appointed expert lacks appropriate qualifications as provided for in WAC 388-880-033; or

(b) For any charges related to international travel by an expert to or from a destination outside of North America, including but not limited to, airfare, meals, hourly rates, and accommodations.

[Statutory Authority: Chapter 71.09 RCW and RCW 72.01.090. 08-19-042, § 388-885-013, filed 9/11/08, effective 10/12/08.]

WAC 388-885-015 Limitation of funds. The department shall:

(1) Reimburse funds to a county when funds are available;

(2) Limit a county's reimbursement to costs of civil commitment trials or hearings as described under this chapter;

(3) Restrict a county's reimbursement to documented investigation, expert evaluation, attorney, transportation, trial, incidental, and medical costs;

(4) Not pay a county a cost under the rules of this section when said cost is otherwise reimbursable under law;

(5) Pay a county's claim for a trial or hearing occurring during each biennium in the order in which the claim is received, until the department's biennial appropriation is expended.

[Statutory Authority: Chapter 71.09 RCW and RCW 72.01.090. 08-19-042, § 388-885-015, filed 9/11/08, effective 10/12/08. 99-21-002, recodified as § 388-885-015, filed 10/6/99, effective 10/6/99. WAC 388-885-020 Maximum allowable reimbursement for civil commitment cost. (1) The department shall reimburse a county for actual costs incurred up to the maximum allowable rate as specified in a biennial reimbursement rate schedule created and maintained by the department and approved by the legislature for reimbursement rates and expenses authorized under this chapter.

(2) The reimbursement schedule shall be developed and reviewed by the department for adequacy each biennium.

(a) In developing the reimbursement schedule, the special commitment center will accept input and comment from the public and counties in the form of written substantive documented evidence that reflects a need to change the reimbursement rates found in WAC 388-885-035.

(b) Substantive evidence may be submitted to the special commitment center during the month of June on even numbered years.

(c) Evidence of need should be sent to: DSHS Special Commitment Center, Attn: Chief Financial Officer, P.O. Box 88450, Steilacoom, WA 98388-0646.

(d) Evidence of need will be compiled and reviewed for reimbursement rate change consideration and budget proposal recommendations.

(3) A revised reimbursement schedule shall be presented for legislative review each biennial year as part of the budget proposal for the special commitment center.

(4) When the reimbursement schedule or the related budget is approved by the legislature:

(a) The reimbursement schedule rates found in WAC 388-885-035 will be updated;

(b) A notice of the revised reimbursement rates will be published by the department and sent to each county sheriff, superior court administrator, public defender and prosecutor's office; and

(c) The reimbursement schedule shall be included in any memorandum of understanding, contract, or other document related to reimbursements under this rule which may be communicated by the special commitment center, or entered into between the special commitment center and the counties.

(5) Included in the reimbursement schedule shall be rates for:

(a) Attorney fees;

(b) Legal assistant/paralegal;

(c) Evaluation by expert costs, reimbursable according to the nature of the work performed;

(d) Trial costs, to include the trial judge, court reporters, bailiff, court clerk, transcript preparation services, and compensation for nonexpert witnesses and jurors;

(e) Investigative services;

(f) Medical costs; and

(g) Jail costs.

(6) Travel costs and per diem shall be reimbursed for investigators, attorneys, judges, legal assistant/paralegal, expert evaluators, nonexpert witnesses, jurors, and transporting staff. Reimbursement rates shall be in accordance with applicable state law and state travel policy.

(7) With the submission of an itemized invoice, attorneys and expert evaluators and expert witnesses may also be reimbursed for reasonable time spent in travel.

WAC 388-885-025 Billing procedure. (1) When a county requests the department reimburse a county's cost, the county shall:

(a) Make a claim using the state of Washington invoice voucher, Form A 19 1-A;

(b) Attach to the claim necessary documentation, support, and justification materials (the department may require use of an itemized invoice);

(c) Report expenses billed by the hour in one-quarter hour increments unless smaller increments are provided to the county by the vendor; and

(d) Include the name of the person for whom the costs were incurred and the cause number when it exists.

(2) The department may subject a county's claim documentation to periodic audit at the department's discretion.

(3) Only an authorized administrator, or the county administrator's designee, may submit to the department a request for a county's cost reimbursement.

(4) A county shall submit a reimbursement claim to the department within thirty days of receipt of itemized expenditures for services incurred to assure proper handling of the claim.

(5) When a county submits a reimbursement claim on a state invoice voucher (Form A-19 1-A) sent to the Special Commitment Center, Attn: Business Office, P.O. Box 88450, Steilacoom, WA 98388-0646.

(6) If the department's reimbursement appropriation becomes exhausted before the end of a biennium, a county may continue to make a claim for reimbursement. The department may use the reimbursement claim to justify a request for adequate department funding during future biennia.

(7) Claims for reimbursement of costs associated with the subject of this rule will not be accepted if the span of time between the time the services were rendered and the bill was submitted is greater than twelve months.

(8) When the reimbursement fee schedule in WAC 388-885-035 changes following legislative approval there is a transitional period where bills are being received for services rendered prior to the approved increase to the reimbursement schedule rates, such as, bills received for services rendered shall be paid based on the reimbursement schedule rate that existed at the time services were rendered, not the rate that exists at the time the bill is submitted to SCC.

(9) In submitting bills for reimbursement under this rule, the billing entity agrees to maintain records of their billed services and make those records available for auditing by DSHS, or other state auditing service, for a period of thirty-six months following the submission of the bill.

WAC 388-885-030 Exceptions. (1) The secretary may grant exceptions to the rules of this chapter. Exceptions granted by the secretary may not include exceptions to the biennial reimbursement rate schedule which is set by legislative mandate.

(2) Exceptions may be allowed on a case-by-case basis for:

(a) Unanticipated expenditures;

(b) For a rate or cost increase related to a single commitment proceeding; or

(c) For a new type or class of expenditure.

(3) A request for exception may only be made by a county administration or an entity of county government that has been independently elected, not from a sub-agency of a county or contractor to a county. A county seeking an exception from the secretary shall request the exception, in writing, to the secretary, through the chief financial officer of the special commitment center.

(4) The department shall deny a claim which does not follow the rules of this chapter unless the secretary or secretary's designee granted an exception before the claim was filed.

Chapter 388-891 WAC

VOCATIONAL REHABILITATION SERVICES FOR INDIVIDUALS WITH DISABILITIES

(Formerly chapter 388-890 WAC (part))

WAC

PURPOSE

WAC 388-891-0005 What is the purpose of this chapter? This chapter explains the types of vocational rehabilitation services (referred to as **"VR services"** in this chapter) available to individuals who are eligible through the department of social and health services (DSHS), division of vocational rehabilitation (DVR).

VR services are offered to assist individuals with disabilities to prepare for, get, and keep jobs that are consistent with their strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice. This chapter is consistent with the Rehabilitation Act of 1973, as amended by the Rehabilitation Act Amendments of 1998 and codified in 34 Code of Federal Regulations, Parts 361 and 363 and with state laws and DSHS requirements.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0005, filed 12/20/02, effective 2/3/03.]

DEFINITIONS

WAC 388-891-0010 What definitions apply to this chapter? "Competitive employment" means:

(1) Part-time or full-time work;

(2) Work that is performed in an integrated setting;

(3) Work for which an individual is paid at or above the minimum wage; and

(4) Work for which an individual earns the same wages and benefits as other employees doing similar work who are not disabled.

"Employment outcome" means competitive employment, supported employment, self-employment, telecommuting, business ownership, or any other type of employment in an integrated setting that is consistent with an individual's strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice.

"Extended employment" means work in a nonintegrated or sheltered setting for a public or private nonprofit agency or organization that provides compensation in accordance with the Fair Labor Standards Act.

"Extreme medical risk" means medical conditions that are likely to result in substantial physical or mental impairments or death if services, including mental health services, are not provided quickly.

"Family member" means a person who is your relative or legal guardian; or someone who lives in the same household as you and has a substantial interest in your well being.

"Individual with a disability" means an individual:

(1) Who has a physical or mental impairment;

(2) Whose impairment results in a substantial impediment (medical, psychological, vocational, educational, communication, and others) hindering her or his ability to achieve an employment outcome; and

(3) Who can achieve an employment outcome as a result of receiving VR services.

"Integrated setting" means:

(1) The setting in which you receive a VR service is integrated if it is a setting commonly found in the community (such as a store, office or school) where you come into contact with nondisabled people while you are receiving the service. The nondisabled people you come into contact with are not the same people providing VR services to you.

(2) The setting in which you work is integrated if it is a setting commonly found in the community where you come into contact with nondisabled people as you do your work. The amount of contact you have with nondisabled people is the same as what a nondisabled person in the same type of job would experience.

"Most recent tax year" means the most recent calendar year for which you filed or were required to file an income tax return with the United States Internal Revenue Service (IRS).

"Physical, mental or sensory impairment" means:

(1) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological, musculo-skeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin, and endocrine; or

(2) Any mental or psychological disorder such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

"Representative" means any person chosen by an applicant or eligible individual, including a parent, family member or advocate, unless a representative has been appointed by a court to represent the individual, in which case the court-appointed representative is the individual's representative.

"Substantial impediment to employment" means the limitations you experience as a result of a physical, mental or sensory impairment that hinder your ability to prepare for, find, or keep a job that matches your abilities and capabilities.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0010, filed 12/20/02, effective 2/3/03.]

PROTECTION AND USE OF CONFIDENTIAL INFORMATION

WAC 388-891-0100 What personal information about me does DVR keep on file? DVR keeps a case service record while you are receiving services and for three years after your case is closed. The case service record includes, but is not limited to:

(1) The DVR application form or written request for VR services.

(2) Documentation explaining the need for the trial work experience or extended evaluation, if conducted, and the written plan for conducting the trial work experience or extended evaluation, and documentation of progress reviews.

(3) Documentation and records that support the determination of eligibility or ineligibility.

(4) Documentation supporting the severity of disability and priority category determination.

(5) Financial statement and/or related records.

(6) Plan for employment, amendments to the plan, if amended, and information supporting the decisions documented on the plan.

(7) Documentation describing how you used informed choice to make decisions throughout the process, including assessment services, selection of an employment outcome, VR services, service provider, type of setting and how to get VR services.

(8) If VR services are provided in a setting that is not integrated, documentation of the reason(s) for using a nonintegrated setting;

(9) If you achieve a competitive employment outcome, documentation to show:

(a) Your wages and benefits;

(b) That the job you have is:

(i) Described in your plan for employment;

(ii) Consistent with your strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice; and

(iii) In an integrated setting.

(c) That the services provided to you in your plan for employment helped you become employed;

(d) That you have been employed for at least ninety days and that you no longer need vocational rehabilitation services;

(e) That you and your VR counselor agree that your employment is satisfactory and that you are performing well; and

(f) That you have been informed, through appropriate modes of communication about the availability of post-employment services.

(10) If you are referred to another state or federal program for services to prepare for, find or keep a job, documen-

tation of the referral, the reason(s) for the referral, and the name of the program(s) to which you are referred.

(11) Documentation of case closure, including:

(a) Reasons for closing the case service record;

(b) How you were involved in the decision to close the case; and

(c) A copy of the closure letter that explains the reason(s) for case closure and your rights if you disagree with the decision.

(12) Documentation of the results of mediation or fair hearings, if held;

(13) Documentation of annual reviews after your case service record is closed as outlined in WAC 388-891-1330 if:

(a) You choose extended employment in a nonintegrated setting;

(b) You achieve a supported employment outcome in an integrated setting for which you are paid in accordance with section 14(c) of the Fair Labor Standards Act; or

(c) DVR determines you are ineligible because you are too severely disabled to benefit from VR services.

(14) Other documentation that relates to your participation in VR services, including your progress, throughout the VR process.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0100, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0103 Can DVR obtain personal information about you? (1) In order to serve you, DVR may obtain personal information about you from service providers and cooperating agencies. This personal information helps us better understand your disabilities, barriers to employment, abilities, interests and needs for VR services and to coordinate DVR services with the services you receive from other agencies and programs.

(2) DVR may obtain financial information about you from state and federal agencies to verify benefits you receive from other agencies or programs, earnings and income from employment or self-employment. DVR will only collect such information if the state or federal agencies have legal authority to release it to DVR. This may occur with or without your consent.

(3) If DVR collects information about you from service providers or other agencies, the information will not be released to others without your written consent.

[Statutory Authority: RCW 74.29.020, 74.08.090, and August 1998 Amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363. 07-10-023, § 388-891-0103, filed 4/23/07, effective 6/15/07.]

WAC 388-891-0110 What happens if DVR receives information that indicates I have a previous history of behavior involving violent or predatory acts? (1) If a VR counselor receives information or records that reasonably lead the VR counselor to believe you have a previous history of violent or predatory behavior, you must participate in an assessment conducted by a licensed psychiatrist, psychologist, counselor, certified sex offender treatment provider, or other qualified professional prior to developing a plan for employment. The assessment is for the purpose of determining the level of risk you present to yourself or others in an employment situation.

(2) The VR counselor must consider the results and recommendations of the assessment in developing the plan for employment, including any restrictions relating to employment outcome or employment setting.

(3) If the results of the assessment indicate a potential risk to a service provider or employer, the individual must consent to release information about the behavior to a potential service provider or potential employer prior to referral for services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0110, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0120 Can I ask DVR to change incorrect information in my case service record? You may ask DVR to correct information in your case service record that you believe is incorrect. DVR corrects the information, unless DVR disagrees that the information is incorrect. If there is a disagreement about the accuracy of the information, you may provide a written document explaining the information you believe incorrect. DVR puts the document in your case service record.

WAC 388-891-0130 Can DVR share personal information in my record with others? (1) DVR shares personal information with others only if:

(a) Another organization or program involved in your VR services needs the information to serve you effectively;

(b) You request information in the case service record be shared with another organization for its program purposes;

(c) You select an employment outcome in a field that customarily requires a criminal history background check as a condition of employment; and

(d) You sign a written consent giving DVR permission to release, exchange, or obtain the information.

(2) DVR may release personal information without your written consent only under the following conditions:

(a) If required by federal or state law;

(b) To a law enforcement agency to investigate criminal acts, unless prohibited by federal or state law;

(c) If given an order signed by a judge, magistrate, or authorized court official;

(d) If DVR reasonably believes you are a danger to yourself or others;

(e) To the DSHS division of child support; or

(f) To an organization, agency or person(s) conducting an audit, evaluation or research.

WAC 388-891-0140 Can I obtain copies of information in my case service record? (1) You may review or obtain copies of information contained in your case service record by submitting a request to DVR. DVR provides access to or provides copies of records upon request, except in the following circumstances:

(a) If DVR believes the medical, psychological, or other records in your case service record may be harmful to give to you, DVR only releases the records to a third party that you choose, such as your representative, parent, legal guardian or a qualified medical professional.

(b) If DVR receives personal information about you from another agency or service provider, DVR may share the records only by, or under the conditions established by the agency or service provider that provided the information.

(c) If a representative has been appointed by a court to represent you, the information must be released to the representative.

(2) DVR provides access or gives you copies of records within five business days of receiving your request. If DVR cannot fulfill your request within five business days, DVR will send you a written notice of the reason(s) the request cannot be met and the date you are granted access or the date the requested information will be provided.

WAC 388-891-0150 How does DVR protect personal information that is released for audit, evaluation or research? DVR may release personal information for audit, evaluation or research if the results would improve the quality of life or VR services for people with disabilities. Before any personal information is shared, the organization, agency, or individual must agree to the following conditions:

(1) The information must only be used by people directly involved in the audit, evaluation or research;

(2) The information must only be used for the reasons approved by DVR in advance;

(3) The information must be kept secure and confidential;

(4) The information must not be shared with any other parties, including you or your representative; and

(5) The final product or report must not contain any personal information that would identify you without your written consent.

CUSTOMER RIGHTS

WAC 388-891-0200 Can a guardian or another representative act on my behalf with DVR? (1) You may select someone to act as your representative, as appropriate, during the VR program.

(2) If you have a legal guardian or a court-appointed representative, he or she must act as your representative.

(a) A legal guardian or court-appointed representative must provide DVR with documentation of guardianship.

(b) Your legal guardian or court-appointed representative must sign the application and other documents that require your signature.

WAC 388-891-0205 How do I ask for an exception to a rule in this chapter? (1) A request for exception to a rule in this chapter is submitted to the DVR director or designee in writing, and must include:

(a) A description of the exception being requested;

(b) The reason you are asking for the exception; and

(c) The duration of the exception, if applicable.

(2) An exception requesting a medical service that is otherwise not provided by DVR may only be requested on a trial basis or for a short duration to be specified in the request.

WAC 388-891-0210 What happens after I submit a request for an exception? (1) After receiving your request for an exception, the DVR director or designee decides whether to approve the request based on:

(a) The impact of the exception on accountability, efficiency, choice, satisfaction, and quality of services;

(b) The degree to which your request varies from the WAC; and

(c) Whether the rule or condition is a federal regulation that cannot be waived.

(2) The DVR director or designee responds to the request for an exception within ten working days of receiving the request.

(a) If the request is approved, the DVR director or designee provides a written approval that includes:

(i) The specific WAC for which an exception is approved;

(ii) Any conditions of approval; and

(iii) Duration of the exception.

(b) If the request is denied, the DVR director or designee will provide a written explanation of the reasons for the denial.

WAC 388-891-0215 What if a DVR counselor makes a decision about my VR services that I don't agree with? (1) If a DVR counselor makes a decision that affects the VR services provided to you that you don't agree with, you may try to resolve the disagreement by any one of the following or a combination of the following:

(a) Seek assistance from the client assistance program, talk to the VR counselor, talk to the VR supervisor, or talk to the DVR director or his or her designee;

(b) Request mediation; and/or

(c) Request a fair hearing.

(2) You may request a fair hearing and/or mediation while you continue to work with the DVR counselor, VR supervisor or DVR director or designee to resolve the disagreement. If you reach agreement prior to the date of the scheduled mediation or fair hearing, the request may be withdrawn.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0215, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0220 What is the client assistance program (CAP)? The client assistance program (CAP) is a program independent of DVR that offers information and advocacy about your rights as a DVR customer and offers assistance to help you receive services. You may ask for help or information from CAP at any time during the rehabilitation process by asking a DVR staff person for information about how to contact CAP or by calling CAP toll free at 1-800-544-2121 voice/TTY. A CAP representative may represent you with DVR if a disagreement occurs that you cannot resolve on your own. CAP attempts to resolve disagreements informally through discussions with the DVR employee(s) involved as a first step. If informal efforts are not successful, CAP may represent you in mediation and/or a fair hearing. CAP services are available at no cost to you.

WAC 388-891-0225 What is mediation? (1) Mediation is a process in which a trained mediator conducts a meeting with you and a representative from DVR, usually your DVR counselor to help you settle a disagreement.

(a) The mediator does not work for DVR.

(b) The mediator does not make decisions about your case.

(c) Mediation is voluntary for all parties.

(2) During mediation:

(a) Each party presents information or evidence;

(b) The mediator reviews and explains the laws that apply; and

(c) The mediator helps you and the VR representative reach an agreement, if possible.

(3) You may ask someone to represent you during the mediation, including a CAP representative, however, you must be present.

(4) Agreements you and DVR reach through mediation are not legally binding.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0225, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0230 When can I ask for mediation? You may ask for mediation any time you disagree with a decision DVR makes that affects the VR services that DVR provides to you. Mediation is not used to deny or delay your right to a fair hearing. You may request both mediation and a fair hearing at the same time. If an agreement is reached during mediation, the fair hearing is cancelled.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0230, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0235 Who arranges and pays for mediation? DVR schedules mediation in a timely manner at a location that is convenient to all parties. DVR pays for costs related to mediation, except costs related to a representative or attorney you ask to attend. DVR may pay for VR services you require to participate in mediation, such as transportation or child care.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0235, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0240 Is information discussed during mediation confidential? Discussions during mediation are confidential and may not be used in a later fair hearing or civil proceeding, if one is held. Before beginning a mediation session, all parties must sign a statement of confidentiality.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0240, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0245 If the mediation session results in an agreement, do I receive a written statement of the results? If you and the DVR representative reach an agreement during mediation:

(1) The agreement is documented in writing;

(2) You and the DVR representative sign the written agreement; and

(3) DVR provides you with a copy of the agreement.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0245, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0250 What is a fair hearing? A fair hearing is a review process outlined under the Administrative Procedure Act, chapter 34.05 RCW and chapter 388-02 WAC that is conducted by an administrative law judge who works for the office of administrative hearings. During a fair hearing, both you and DVR may present information, witnesses, and/or documents to support your position. You may ask someone to represent you, such as an attorney, a friend, a relative, a representative from the client assistance program, or someone else you choose. The administrative law judge makes a decision after hearing all of the information presented; reviewing any documents submitted, and reviewing relevant laws and regulations.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0250, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0255 How do I request a fair hearing? (1) To ask for a fair hearing, send a written request to the office of administrative hearings. You must include the following information in your written request:

(a) Your name, address, and telephone number;

(b) The name of the DSHS program that the fair hearing involves (such as DVR);

(c) A written statement describing the decision and the reasons you disagree; and

(d) Any other information or documents that relate to the matter.

(2) You must submit your request for a fair hearing within forty-five calendar days of the date the VR counselor makes the decision with which you disagree.

(3) You may ask any DVR employee for instructions or assistance to submit a request for a fair hearing.

[Statutory Authority: RCW 74.29.020, 74.08.090, and August 1998 Amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363. 07-10-023, § 388-891-0255, filed 4/23/07, effective 6/15/07. WAC 388-891-0260 After I submit a request for a fair hearing, when is it held? The office of administrative hearings holds a fair hearing within sixty days of receipt of your written request for a hearing, unless you or DVR ask for a later hearing date and the office of administrative hearings determines there is a reasonable cause for the delay.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0260, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0265 What is a prehearing meeting? After you submit a request for a fair hearing, DVR offers you a prehearing meeting. The prehearing meeting can be conducted in person, by telephone, or by another method agreeable to all parties. The purpose of the prehearing meeting is to:

(1) Clarify the decision with which you disagree;

(2) Exchange copies of laws, rules or other information to be presented in the fair hearing;

(3) Explain how the fair hearing is conducted; and

(4) Settle the disagreement, if possible.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0265, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0270 Do I receive a written fair hearing decision? The office of administrative hearings sends you a written report of the findings and decision within thirty days of the fair hearing.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0270, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0275 Is the fair hearing decision final? (1) The office of administrative hearings decision is final and DVR must implement the decision.

(2) If you do not agree with the office of administrative hearings decision, you may pursue civil action through superior court to review that decision.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0275, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0295 Can DVR suspend, reduce or terminate my services if I request a fair hearing? DVR may not suspend, reduce, or terminate agreed upon services if you have requested a fair hearing, unless DVR provides evidence that you provided false information, committed fraud or other criminal acts involving VR services.

PAYING FOR VR SERVICES

WAC 388-891-0300 Under what conditions does DVR provide and/or pay for vocational rehabilitation services to individuals? DVR provides and pays for VR services if:

(1) You have completed the application requirements;

(2) You have provided documents that verify your identity and legal work status;

(3) DVR authorizes the services before the services begin;

(4) The services are needed to:

(a) Determine your eligibility for services;

(b) Identify your vocational rehabilitation needs; and/or

(c) Help you get and/or keep a job.

(5) The services to be provided, except services listed in WAC 388-891-0310, are not provided to you or paid for, in whole or in part, by other federal, state, or local public agencies, by health insurance, or by employee benefits;

(6) You have completed the financial statement, if required, and have agreed upon what portion, if any, you are required to for your VR services; and

(7) The service provider meets all federal, state, and agency requirements for approval as a DVR service provider.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0300, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0310 What VR services are provided without determining whether services or benefits are available from another program or organization? DVR is not required to determine whether the following services or benefits can be provided to you or paid for, in whole or in part, by other federal, state, or local public agencies, by health insurance, or by employee benefits:

(1) Assessment services to determine eligibility and/or VR needs;

(2) Counseling and guidance, including information and referral;

(3) Independent living services and evaluations provided by DVR staff;

(4) Job placement and job retention services;

(5) Rehabilitation technology services;

(6) Post-employment services when providing the services listed in subsection (1) through (5) above.

WAC 388-891-0320 What if looking for services and benefits available from another program would delay or interrupt my progress toward achieving an employment outcome? (1) A DVR counselor may begin providing VR services without conducting a review to determine whether services or benefits can be provided to you or paid for, in whole or in part, by other federal, state, or local public agencies, by health insurance, or by employee benefits if the review would delay or interrupt:

(a) VR services to an individual determined to be at extreme medical risk, based on medical evidence provided by a qualified professional;

(b) An immediate job placement; or

(c) Your progress toward achieving the employment outcome identified on your individual plan for employment.

(2) If you receive VR services before services or benefits are available from another program, you begin using the services and benefits from the other program when they become available.

WAC 388-891-0325 Does DVR pay for a VR service if services and benefits are available from another program or organization, but I don't want to use them? Except for the services outlined in WAC 388-891-0310, DVR does not pay for services or benefits that can be provided to you or paid for, in whole or in part, by other federal, state, or local public agencies, by health insurance, or by employee benefits. If you choose not to apply for and use the services or benefits, you are responsible for the cost of the services.

WAC 388-891-0340 How does DVR determine whether I must pay part of my VR services using my own financial resources? (1) To determine whether you are required to pay a portion of VR services using your own financial resources:

(a) You must complete a DVR financial statement to document your financial status, except for the services outlined in WAC 388-891-0365;

(b) You must provide copies of financial records requested by DVR to establish your financial status.

(2) Depending on your income tax filing status for the most recent tax year, you must provide financial information based on your own individual resources or based on your family resources.

(a) If your income tax status was reported as married filing jointly, married filing separately, or you were listed as a dependent of another person, complete the financial statement based on family resources.

(b) If your income tax status was reported as single, complete the financial statement based on your own financial resources.

(3) If you fail to report your financial status accurately or fail to provide the required information, DVR may deny or suspend services at any time in the rehabilitation process, except the services listed under WAC 388-891-0365.

WAC 388-891-0345 Do I have to pay a portion of my VR services if I receive assistance or income support from another public program? If you provide verification that you receive benefits from one of the following programs, you are not required to pay any portion of your VR services.

(1) Department of social and health services (DSHS) income assistance;

(2) Medicaid; or

(3) Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI).

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0345, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0350 What financial information does DVR use to decide if I need to help pay for VR services? (1) You complete a DVR financial statement to disclose the following information used to determine whether you must pay any part of the cost of VR services:

(a) Income from all sources, assets, including but not limited to bank accounts, vehicles, personal property, stocks, bonds, and trusts; and

(b) Living expenses, including household expenses, credit or loan payments, disability-related expenses and other financial obligations.

(2) If the results of the financial statement show that you do not have resources available to help pay for your VR services, DVR provides the services at no cost to you.

(3) If you decline to complete the financial statement or decline to contribute to the cost of VR services, DVR provides only those services listed under WAC 388-891-0365.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0350, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0355 How is the amount I pay for VR services determined? After completing the financial statement, you and a DVR counselor agree how to use the resources identified on the financial statement to help pay for VR services. The costs you agree to pay are documented on the individualized plan for employment (IPE). If your financial status changes, you are required to report the changes to your DVR counselor.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0355, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0360 What personal resources are not counted in the decision about whether I have to help pay for services? DVR does not count the following resources when deciding whether you need to help pay for DVR:

(1) The value of your primary home and furnishings;

(2) The value of items that you keep because of personal attachment, rather than because of monetary value;

(3) The value of one vehicle per household member needed for work, school, or to participate in VR services;

(4) Retirement, insurance, or trust accounts that do not pay a current benefit to you or your family;

(5) If a retirement, insurance or trust account pays a current benefit, only the monthly benefit is counted as income and the balance of the account is excluded;

(6) Up to five thousand dollars of your total assets are excluded as exempt;

(7) Equipment or machinery used to produce income;

(8) Livestock used to produce income; and

(9) Disability-related items and/or services.

WAC 388-891-0365 What VR program services am I not required to help pay for? You are not required to pay any portion of the following VR services, regardless of your financial status:

(1) Assessment services to determine eligibility or VR needs, including independent living evaluations;

(2) Counseling and guidance services provided by DVR staff;

(3) Information and referral services;

(4) Interpreter and reader services;

(5) Personal assistance services;

(6) Job placement;

(7) Job retention services;

(8) Independent living services provided directly by DVR staff; and

(9) Post-employment services that include any of the services in subsections (1) through (8) above.

WAC 388-891-0370 Can I select the services and service provider of my choice? (1) You may select VR services that you need to achieve an employment outcome that is consistent with your strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice.

(2) You may select the service provider of your choice if the service provider meets the following conditions:

(a) DVR pays for services that meet your needs at the least cost possible.

(i) If two or more service providers or programs offer comparable services but differ in cost, and you choose the higher cost service or program, you are responsible for those costs in excess of the lower cost service. You can use resources other than DVR funds to pay the remaining cost.

(ii) DVR may pay for a service or program at a higher cost than another service or program if the costs are reasonably comparable.

(b) The service provider meets all federal, state, and DVR requirements for DVR approval.

INFORMED CHOICE

WAC 388-891-0400 What is informed choice? Informed choice is the process by which an individual receiving services from DVR makes decisions about VR goals and the VR services and service providers necessary to reach those goals. The decision-making process takes into account the individual's values, lifestyle, and characteristics, the availability of resources and alternatives, and general economic conditions. Informed choice involves communicating clearly with an individual receiving VR services to assure the individual understands and uses pertinent information in the decision making process. The intent of informed choice is to ensure VR services are provided in a manner that promotes respect for individual dignity, personal responsibility, self-determination, and the pursuit of meaningful careers.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0400, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0410 How does DVR support the informed choice process? DVR supports the informed choice process by providing counseling and guidance, information and support to help you make choices that match your strengths, resources, priorities, concerns, abilities, capabilities, and interests, including:

(1) Explaining what choices you can make throughout the rehabilitation process;

(2) Assisting you to identify and get the information you need to explore the options available; and

(3) Helping you understand and evaluate the options.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0410, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0420 What if I don't know how to use the informed choice decision making process? DVR explains how to use informed choice to make decisions about VR goals and services. If it is difficult for you to make informed choices, DVR can help you understand the options available and choose the one that meets your needs.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0420, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0430 What decisions can I make using informed choice? You have the right to make informed choices about VR goals and services throughout the rehabilitation process, including but not limited to:

(1) What assessment services and/or service provider(s) you will use to get the information necessary for DVR to determine eligibility and/or identify your VR needs;

(2) What to include on your individualized plan for employment (IPE), including:

(a) Type of employment outcome and setting;

(b) VR services needed to achieve the employment outcome;

(c) Service provider(s) that will provide the service and setting in which to receive the services; and

(d) Method(s) of arranging and paying for services, from the methods available to DVR under state law and agency policy.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0430, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0440 What information and assistance will DVR provide to help me make informed choices about VR services and service providers? To help you select the VR services you need to achieve an employment outcome and the service provider(s) to use, DVR will help you get the following information, to the extent the information is available and/or appropriate:

(1) Cost, accessibility, and duration of services;

(2) Consumer satisfaction with those services;

(3) Qualifications of potential service providers;

(4) Type(s) of services offered by each service provider;

(5) Type of setting in which the services are provided, including whether the setting is integrated or nonintegrated; and

(6) Outcomes achieved by others served by the service provider.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0440, filed 12/20/02, effective 2/3/03.]

ORDER OF SELECTION

WAC 388-891-0500 What happens if DVR cannot serve every eligible person? If DVR cannot serve all eligible individuals, because there are not enough funds or other resources, DVR must:

(1) Establish a statewide waiting list for services;

(2) Implement a process called order of selection that establishes the order in which DVR selects eligible individuals from the waiting list to begin receiving VR services; and

(3) Provide you with information and guidance (which may include counseling and referral for job placement) about other federal or state programs that offer services to help you meet your employment needs, if available.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130,

and chapter 26.44 RCW. 03-02-014, § 388-891-0500, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0510 How are individuals selected for services when DVR is operating under an order of selection? When DVR is operating under an order of selection, individuals are selected for services as follows:

(1) At the time you are determined eligible for VR services, a DVR counselor establishes a priority for services category based on the severity of your disability.

(2) As resources become available for DVR to serve additional individuals, DVR selects names from the waiting list in the priority category being served at that time.

(3) The priority categories include:

(a) Priority category 1—Individuals with most severe disabilities;

(b) Priority category 2—Individuals with severe disabilities; and

(c) Priority category 3—Individuals with disabilities.

(4) Within a priority category, the date you applied for VR services determines the order in which you are selected from the waiting list.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0510, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0520 What are the criteria for priority category 1—Individuals with most severe disabilities? DVR determines you are in priority category 1—Individuals with most severe disabilities, if you are determined eligible for vocational rehabilitation services and you meet the following criteria:

(1) You require two or more VR services over an extended period of time (twelve months or more); and

(2) You experience serious functional losses in four or more of the following areas in terms of an employment outcome:

(a) Mobility;

(b) Communication;

(c) Self-care;

(d) Cognition and learning (self-direction);

(e) Interpersonal;

(f) Work tolerance; or

(g) Work skills.

WAC 388-891-0530 What are the criteria for priority category 2—Individuals with severe disabilities? DVR determines you are in priority category 2—Individuals with severe disabilities if you are determined eligible for vocational rehabilitation services and you meet the following criteria:

(1) You require two or more VR services over an extended period of time (twelve months or more); and

(2) You experience serious functional losses in one to three of the following areas in terms of an employment outcome:

(a) Mobility;

(b) Communication;

(c) Self-care;

(d) Cognition and learning (self-direction);

(e) Interpersonal;

(f) Work tolerance; or

(g) Work skills.

WAC 388-891-0770 Under what conditions does DVR provide a vehicle? (1) DVR provides a vehicle as a transportation service only in exceptional circumstances to support another VR service on the IPE and must be approved by the director or his or her designee.

(2) A vehicle issued to you remains the property of DVR until you achieve an employment outcome that requires the vehicle and you maintain the employment for at least ninety days.

(3) The director or his or her designee approves the purchase of a vehicle only if:

(a) A DVR counselor determines, based on disability-related documentation that your disability is stable or slowly progressive, and is not likely to impair your ability to drive in the future;

(b) You and a DVR counselor agree it is a necessary service under your individualized plan for employment (IPE) because:

(i) No other transportation options are available and it is not feasible for you to relocate to live closer to employment or other transportation options; or

(ii) A vehicle is required as a condition of employment.

(c) You do not have a vehicle or your vehicle cannot be modified or repaired to the extent that you can drive it.

(4) Prior to issuing a vehicle to you, you must submit the following documents to DVR and you must agree to provide ongoing verification upon request of a DVR counselor:

(a) A copy of your current, valid driver's license;

(b) A copy of your driving record disclosing any moving violations and indicating no criminal convictions related to driving a vehicle;

(c) A copy of your motor vehicle insurance coverage with the following minimum coverage and conditions:

(i) Liability in the amount of fifty thousand dollars/one hundred thousand dollars/fifty thousand dollars;

(ii) Uninsured motorist in the amount of fifty thousand dollars/one hundred thousand dollars/fifty thousand dollars;

(iii) Personal injury in the amount of one hundred thousand dollars;

(iv) Replacement cost of the vehicle, including special equipment and modifications, if applicable;

(v) DVR is listed as the lien holder; and

(vi) All drivers who use the vehicle are listed on the policy.

(d) You have signed a written agreement with your DVR counselor that outlines how you will pay for vehicle maintenance and repair, as this is a requirement for subsequent ownership of the vehicle;

(e) You have signed an agreement to return the vehicle to DVR upon request as long as DVR owns the vehicle.

(5) Before DVR transfers ownership of a vehicle to you, you must submit documentation to verify:

(a) You are the registered owner of the vehicle;

(b) The vehicle is insured to cover the cost of replacement for loss or damage at the time ownership is transferred.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0770, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0775 What happens if DVR has a question about my driving safety? (1) DVR does not provide services to facilitate your driving or that of a driver using your vehicle if:

(a) Either you or the driver are uninsured; or

(b) DVR is aware of any fact which raises a question regarding driving safety.

(2) Services to facilitate your driving include, but are not limited to, vehicle modifications provided as a rehabilitation technology service, car repairs, gasoline money, driver license, and license tabs.

WAC 388-891-0780 What other services does DVR provide? DVR can provide other services not identified in this chapter when the service is needed for you to achieve an employment outcome.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0780, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0790 What are post-employment services? Post-employment services include one or more vocational rehabilitation services provided if:

(1) Your case was closed within the past three years because you achieved an employment outcome;

(2) Your rehabilitation needs are limited in scope and duration;

(3) You need post-employment services to maintain, regain or advance in employment that is consistent with your strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0790, filed 12/20/02, effective 2/3/03.]

SUPPORTED EMPLOYMENT

WAC 388-891-0800 What is supported employment? (1) Supported employment is:

(a) Competitive work; or

(b) Work in an integrated setting while you work toward competitive work consistent with your strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice; or

(c) Transitional employment for an individual with a most severe disability due to chronic mental illness.

(2) Supported employment is for an individual with a most severe disability who:

(a) Has not traditionally worked in competitive employment; or

(b) Has worked in competitive employment, but the disability has caused the individual to stop working, or work off and on; and

(c) Needs intensive supported employment services and extended services to work because of the nature and severity of the disability.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0800, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0810 Who is eligible for supported employment? You are eligible for supported employment services if:

(1) You are eligible for vocational rehabilitation services under WAC 388-891-1000;

(2) You have been determined to be an individual with a most severe disability; and

(3) Supported employment is appropriate for you based on a comprehensive assessment of your needs, including an evaluation of your rehabilitation, career and job needs.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0810, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0815 Who decides if I am eligible for supported employment? DVR decides if you are eligible for supported employment services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0815, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0820 What is competitive work in supported employment? Competitive work, as used in supported employment, is:

(1) Work in the competitive labor market that you perform on a full-time or part-time basis in an integrated setting; and

(2) Work for which you are paid at or above the minimum wage, but not less than the usual wage your employer pays to nondisabled employees who do the same or similar work as you.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0820, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0825 What is an integrated setting in supported employment? An integrated setting in supported employment is a work setting commonly found in the community in which you interact with nondisabled people to the same extent that a nondisabled person in the same type of job interacts with other persons.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0825, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0830 Is my work setting integrated if my interactions at the work site are with nondisabled supported employment service providers? Interactions at your work site between you and a nondisabled supported employment service provider do not meet the requirement for an integrated setting.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0830, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0835 What is transitional employment? Transitional employment is a supported employment work model using a series of consecutive jobs in competitive employment for individuals with the most severe disabilities due to mental illness. In transitional employment, ongoing support services must include continuing sequential job placement until job permanency is achieved.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0835, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0840 What are supported employment services? Supported employment services are:

(1) Ongoing support services as described in WAC 388-891-0845; and

(2) Vocational rehabilitation services listed in WAC 388-891-0600.

(3) These services may be provided to you:

(a) As part of your individualized plan for employment;

(b) To support and maintain you in supported employment;

(c) For a period of time not to exceed eighteen months, unless under special circumstances, you and the VR counselor jointly agree to extend the time in order to achieve the employment goals in your rehabilitation plan for employment. This eighteen month period begins from job placement until transition to extended services.

[Statutory Authority: RCW 74.29.020, 74.08.090, and August 1998 Amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363. 07-10-023, § 388-891-0840, filed 4/23/07, effective 6/15/07. WAC 388-891-0845 What are ongoing support services? Ongoing support is a type of supported employment service to help you get and keep a job. Ongoing support services include:

(1) An assessment of your employment situation at least twice a month, or under special circumstances and especially at your request, an assessment regarding your employment situation that takes place away from your worksite at least twice a month to:

(a) Determine what is needed to maintain job stability; and

(b) Coordinate services or provide specific intensive services that are needed at or away from your worksite to help you maintain job stability.

(2) Intensive job skill training for you at your job site by skilled job trainers;

(3) Job development, job placement and job retention services;

(4) Social skills training;

(5) Regular observation or supervision;

(6) Follow-up services such as regular contact with your employer, you, your representatives, and other appropriate individuals to help strengthen and stabilize the job placement;

(7) Facilitation of natural supports at the worksite;

(8) Other services similar to services described in subsection (1) through (7) above; and

(9) Any other vocational rehabilitation service.

WAC 388-891-0860 Who provides the extended services I need? Extended services are provided by nonprofit private organizations such as community rehabilitation programs, state and local public agencies, employers, or any other appropriate resources.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0860, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0865 What is natural support? Natural support is a method used to help you keep your job after DVR stops providing supported employment services. Natural support uses the people who you ordinarily come into contact with at work and/or at home to help you with work routines and social interactions at the worksite.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0865, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0875 What is required for me to change from supported employment services to extended services? Prior to helping you change from supported employment services to extended services, a DVR counselor must ensure the following:

(1) You have made substantial progress toward meeting the number of work hours per week you want to work as documented on your individualized plan for employment;

(2) You are stabilized in the job; and

(3) Extended services are readily available and can be provided to you without an interruption in services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0875, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0880 What if my counselor and I cannot secure a source of extended services or natural supports? If a DVR counselor determines that you require supported employment and has explored all available options for securing resources for extended services or natural supports and there is no reasonable expectation these services will become available, DVR must close your case service record.

[Statutory Authority: RCW 74.29.020, 74.08.090, and August 1998 Amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363. 07-10-023, § 388-891-0880, filed 4/23/07, effective 6/15/07. Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0880, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0885 Under what conditions does DVR close my case service record for supported employment? If you have achieved a supported employment outcome, DVR must wait at least ninety days after helping you change from supported employment services to extended services before closing your case service record.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0885, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0890 Under what conditions does DVR provide supported employment services as post-employment services? DVR provides supported employment services to you as post-employment services following the change from supported employment services to extended services if:

(1) Your extended service provider cannot provide the services; and

(2) You need such services as job station redesign, repair and maintenance of assistive technology devices and replacement of prosthetic and orthotic devices to keep your job.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0890, filed 12/20/02, effective 2/3/03.]

APPLYING FOR VR SERVICES

WAC 388-891-0900 Who can apply for vocational rehabilitation services? Any individual who intends to achieve an employment outcome may apply for VR services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0900, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0910 Am I required to provide proof of my identity and work status? Before DVR pays for VR services, including assessment services, you must provide copies of documents requested by DVR that verify your identity and, if you are not a United States citizen, your legal work status.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0910, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0920 If I don't live in Washington, can I receive VR services? The state in which you live has the primary responsibility to provide VR services to you. If you are not a resident of Washington state, you may receive VR services if you maintain a home, are registered to vote, or are otherwise present in the state.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0920, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0930 Can I receive VR services if I am legally blind? The Washington state department of services for the blind, under an agreement with DVR, is the primary agency responsible for providing vocational rehabilitation services to individuals who are blind or have a visual impairment resulting in an impediment to employment. DSB and DVR may coordinate to provide joint services if you would benefit from such coordination.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0930, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0940 Can I receive VR services if I am Native American? DVR serves eligible Native Americans, including Native Americans who belong to an Indian tribe. If you live on an Indian reservation that operates a vocational rehabilitation program, you may apply for VR services from the tribe or from DVR, or from both agencies.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0940, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0950 How do I contact DVR if I don't speak English? If you don't speak English, you may request another type of communication to enable you to meet with DVR. DVR arranges and pays for services you need to communicate with DVR to apply for or receive VR services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0950, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0960 What other methods of communication does DVR use? DVR uses equipment, devices or other services you need to understand and respond to information. Methods DVR can use to communicate with you include, but are not limited to, the use of:

(1) Interpreters;
(2) Readers;
(3) Captioned videos;
(4) Telecommunications devices and services;
(5) Taped text;
(6) Braille and large print materials; and
(7) Electronic formats.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0960, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0970 Does DVR translate written communication for people who don't speak English? (1) DVR translates the following written communication into the primary language of an applicant or eligible individual:

(a) Application for VR services;
(b) Notification of eligibility or ineligibility;
(c) Plan for employment;
(d) Notification of case closure;
(e) Notification of annual review, if appropriate; and
(f) Any notice requiring a response or a signature from the individual to continue receiving services.

(2) DVR translates the Washington Administrative Code (WAC) regarding VR services or service providers into the primary language of an applicant or eligible individual upon his or her request.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-0970, filed 12/20/02, effective 2/3/03.]

WAC 388-891-0980 How do I apply for VR services? You have completed the application requirements when you:

(1) Have provided information needed to begin an assessment of eligibility and VR needs.

(2) Are available to participate in assessment services necessary to determine if you are eligible for VR services.

(3) Have signed an application form provided by DVR or provided a written request that includes the following information:

(a) Your name, address and county;
(b) The nature of your disability;
(c) Your birth date and gender;
(d) The date of application; and
(e) Your Social Security Number (optional).

ELIGIBILITY

WAC 388-891-1000 Who is eligible to receive VR services? You are eligible for VR services if a DVR counselor determines that you meet all of the following criteria:

(1) You have a physical, mental, or sensory impairment that results in a substantial impediment to employment;

(2) You require VR services to prepare for, get or keep a job that matches your strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice; and

(3) You are capable of working as a result of receiving VR services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1000, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1005 How does DVR determine if I am eligible? (1) A DVR counselor reviews and assesses information and records about the current status of your disability and determines whether you meet the eligibility requirements outlined in WAC 388-891-1000. A DVR counselor bases the determination on observations, education records, medical records, information provided by you or your family, and information provided by other agencies or professionals.

(a) If information or records are not current, not available, or not sufficient for a DVR Counselor to determine if you are eligible, DVR provides the assessment services necessary to get the information needed to make a decision.

(b) VR services used to collect additional information and records to determine eligibility can include trial work, assistive technology, personal assistant services, or any other support services necessary to determine if you are eligible.

(c) DVR assists you to make informed choices in the decisions related to assessment services needed to make an eligibility determination.

(d) If you refuse to provide or consent to the release of records or if you refuse to participate in VR services necessary to obtain information required to make an eligibility determination your VR case service record is closed.

(2) If you receive Social Security benefits under Title II or Title XVI of the Social Security Act and you are capable of working after receiving VR services, DVR determines you are eligible upon verification of benefits.

(a) If you cannot provide appropriate evidence, such as an award letter or other type of verification, DVR may request the verification for you, with your consent.

(b) DVR makes maximum efforts to obtain the verification in a reasonable period of time and to determine eligibility within sixty days from the date you complete the application requirements.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1005, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1010 After I submit my application to DVR, how long does it take DVR to make an eligibility decision? (1) DVR makes an eligibility decision as soon as enough information is available, but no longer than sixty days after you complete the application requirements.

(2) If DVR does not have enough information to determine your eligibility within sixty days, you and a DVR counselor must agree to:

(a) Extend the eligibility period to collect additional information or records; or

(b) Conduct a trial work experience or extended evaluation, if a DVR counselor is not certain whether VR services will enable you to achieve an employment outcome because of the severity of your disability

(3) If you do not agree to extend the eligibility period, DVR must close your case service record.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1010, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1015 What if a DVR counselor cannot presume that I am capable of working as a result of receiving VR services because of the severity of my disability? If a DVR counselor cannot presume VR services will enable you to achieve an employment outcome because of the severity of your disability, DVR will assess your ability to perform work using a trial work experience or an extended evaluation. The DVR counselor will evaluate the results of the trial work experience or extended evaluation to determine whether you can work as a result of receiving VR services and whether you are eligible for VR services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1015, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1020 Am I eligible for VR services if I receive Social Security disability benefits? If you receive disability benefits under Title II or XVI of the Social Security Act (SSI or SSDI), DVR presumes that you are an eligible individual.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1020, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1025 What criteria are not considered in the eligibility decision? In making an eligibility decision, DVR does not consider your:

(1) Type of disability;

(2) Age, gender, race, color, creed, religion, national origin, or sexual orientation;

(3) Rehabilitation needs;

(4) Type of employment outcome you expect to achieve;

(5) Source of referral;

(6) Anticipated cost of services;

(7) Income.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1025, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1030 What is involved in a trial work experience? (1) During a trial work experience, you perform in a realistic work situation with appropriate VR services and/or supports to address your rehabilitation needs, such as supported employment, on-the-job training, assistive technology or personal assistant services. A DVR counselor develops a written plan describing the VR services to be used in the trial work experience.

(2) You participate in one or more trial work experiences over a period of time necessary to produce clear and convincing evidence for a DVR counselor to determine:

(a) You can benefit from VR services and achieve an employment outcome and are eligible for VR services; or

(b) You cannot benefit from VR services and achieve an employment outcome because of the severity of your disability and you are ineligible for VR services.

(3) Trial work experiences occur in the most integrated setting possible, based on your informed choice and rehabilitation needs.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1030, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1035 What if I cannot participate in a trial work experience? If you cannot participate in a trial work experience or if DVR has exhausted efforts to arrange a trial work experience, DVR conducts an extended evaluation to obtain the information necessary to determine whether you are eligible for VR services or to enable you to participate in a trial work experience.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1035, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1040 What is an extended evaluation? An extended evaluation involves one or more VR services designed to assess whether you are capable of working as a result of receiving VR services. A DVR counselor develops a written plan outlining the VR services to be used during the extended evaluation. Only those services necessary to make an eligibility determination are provided. VR services are provided in the most integrated setting possible, based on your informed choice and rehabilitation needs.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1040, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1045 What happens if DVR determines that I am not eligible or no longer eligible for VR services? (1) Before determining that you are not eligible for VR services or that you are no longer eligible for VR services, a DVR counselor consults with you and gives you an opportunity to discuss the decision.

(2) DVR sends you a notice in writing, or using another method of communication, if needed. The notice includes:

(a) An explanation of the reason(s) you are not eligible or no longer eligible;

(b) Your rights to appeal the decision; and

(c) An explanation of the services available from the client assistance program.

(3) If you are ineligible based on a determination that you cannot achieve employment because of the severity of your disability, DVR reviews the decision within twelve months.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1045, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1050 If I am not eligible for VR services, can DVR help me find other services and programs to meet my needs? If DVR determines that you are not eligible for VR services, DVR provides you with information and refers you to other agencies or organizations that may provide services to meet your employment-related needs. This may include a referral to community rehabilitation programs offering extended employment (sheltered work) if you are determined ineligible based on a determination that you are too severely disabled to achieve employment as a result of receiving VR services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1050, filed 12/20/02, effective 2/3/03.]

IPE DEVELOPMENT

WAC 388-891-1100 What is an assessment for determining vocational rehabilitation needs? Each person determined eligible for VR services completes an assessment of VR needs that may include:

(1) An assessment for determining vocational rehabilitation needs includes a variety of services, including counseling and guidance, to determine your unique strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice.

(2) The purpose of the comprehensive assessment is to collect and review information you need to select the type of employment outcome to achieve and the VR services you need to achieve the employment outcome.

(3) The comprehensive assessment is limited to services necessary to select an employment outcome and to develop a plan for employment.

(4) DVR uses existing information gathered to determine eligibility, including information provided by you and your family, to the maximum extent possible and appropriate.

(5) The comprehensive assessment may include, as needed:

(a) An assessment of the personality, interests, interpersonal skills, intelligence and related functional abilities, educational abilities, work experience, vocational aptitudes, personal and social adjustments, employment opportunities, and other vocational, educational, cultural, social, recreational, and environmental factors that affect your employment and rehabilitation needs.

(b) Work in real job situations to evaluate and/or develop work behavior and capacities necessary to achieve an employment outcome, including work skills, attitudes, habits, tolerances and social behavior.

(c) Referral for assistive technology services to assess whether services or devices could increase your ability to perform work.

ters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1100, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1105 Do I have to disclose criminal history information to DVR? (1) You must disclose information to DVR before you develop a plan for employment about conditions or circumstances, such as a criminal record, identity and work status, that restrict the type of employment you can legally perform.

(2) If you select an employment outcome in a field that customarily requires a background check as a condition of employment, DVR must obtain a criminal history background check that verifies you are not excluded from employment in the field and/or specific job prior to IPE development.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1105, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1110 What other assessments might be required? (1) If you have a documented history of violent or predatory behavior that reasonably leads a DVR counselor to believe you may be a threat to yourself or others, you must participate in VR services necessary to determine the level of risk.

(2) If a VR counselor determines, based on an assessment conducted by a qualified professional, that your employment may pose a threat to the safety of you or others because you meet the conditions outlined in WAC 388-891-0110, the employment outcome and employment setting you choose must be evaluated for risk by an appropriate qualified professional.

(3) If a VR counselor becomes aware of a condition or circumstance after you have developed an IPE that may affect your ability to achieve an employment outcome, the VR counselor may conduct necessary assessment services to determine whether you are capable of achieving the employment outcome identified on your IPE.

(4) If you decline to authorize the release of information to DVR or participate in VR services necessary to collect pertinent information which prevents the development of an appropriate IPE, the VR counselor may close your case service record.

WAC 388-891-1115 What is an individualized plan for employment (IPE)? An individualized plan for employment (IPE) is a DVR form that documents important decisions you and a VR counselor make about vocational rehabilitation services. The decisions documented on the IPE include, but are not limited to:

(1) The employment outcome you plan to achieve;

(2) Each major step you need to accomplish to reach the employment outcome;

(3) Your responsibilities in accomplishing each step of the plan;

(4) DVR's responsibilities in assisting you to accomplish each step of the plan;

(5) VR services needed to complete each step;

(6) Terms and conditions you and your VR counselor agree are required for continued support from DVR.

WAC 388-891-1120 Who develops an IPE? Each eligible individual develops an IPE, unless DVR is operating under an order of selection. If DVR is operating under an order of selection, each eligible individual in the priority category being served develops an IPE.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1120, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1125 What information does DVR provide to help me develop my IPE? DVR provides the following information to help you develop an IPE:

(1) Information about the options available for developing an IPE.

(2) Information that must be included in the IPE.

(3) Financial conditions or restrictions that apply to an IPE.

(4) How to get help completing forms required by DVR.

(5) Information about your rights if you disagree with a decision a DVR counselor makes relating to the IPE.

(6) Information about the client assistance program (CAP) and how to contact the program.

(7) Other information you request.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1125, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1130 What are the options for developing an IPE? (1) You may develop an individualized plan for employment (IPE) with support and assistance from:

(a) A VR counselor employed by DVR.

(b) A VR counselor not employed by DVR, but who meets the minimum qualifications for a VR counselor established by DVR.

(c) Another person you choose, such as a representative, family member, advocate, or other individual.

(2) If you choose to develop the IPE with someone other than a DVR counselor, DVR can help you identify individuals that may help you develop your IPE, to the extent resources are available.

(3) You may develop an IPE on your own.

(4) DVR does not pay for any related costs or fees charged by other parties to develop an IPE.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130,

and chapter 26.44 RCW. 03-02-014, § 388-891-1130, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1135 Does DVR support any job I choose? (1) The employment outcome you choose must be consistent with the information and results of the assessment of your VR needs.

(2) DVR supports an individual to achieve an employment outcome as defined in WAC 388-891-0010. If you choose another type of employment, DVR refers you to other programs or organizations that offer the type of employment you choose, when available.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1135, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1137 What if the employment goal I choose is religious in nature? DVR is prohibited from supporting education or training for an employment goal that is religious in nature under the Washington State Constitution, Article 1, Subsection 11.

[Statutory Authority: RCW 74.29.020, 74.08.090, and August 1998 Amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363. 07-10-023, § 388-891-1137, filed 4/23/07, effective 6/15/07.]

WAC 388-891-1140 What must be included on the IPE form? An IPE must include:

(1) An employment outcome that is consistent with the definition of employment outcome in WAC 388-891-0010;

(2) The VR services you need to achieve the employment outcome;

(3) Timeline for each service on your IPE and for achieving the employment outcome;

(4) The name of the person or organization selected to provide each service included on the IPE and how you will obtain the services;

(5) Criteria you will use to evaluate whether you are making progress toward achieving the employment outcome;

(6) Terms and conditions, including:

(a) A description of what DVR has agreed to do to support your IPE; and

(b) A description of what you have agreed to do to reach your employment outcome, including:

(i) Steps you will take to achieve your employment goal;

(ii) Services you agree to help pay for, and how much you agree to pay; and

(iii) Services you agree to apply for and use that are available to you at no cost from another program.

(7) Expected need for post-employment services prior to closing the case service record and, if appropriate, a statement of how post employment services are arranged using comparable services and benefits;

(8) An IPE that includes a supported employment outcome must also document:

(a) Supported employment services to be provided;

(b) Extended services or natural supports that are likely to be needed;

(c) Who will provide and pay for natural supports or extended services. If it is not known who will provide and/or pay for extended services or natural supports at the time the IPE is developed, the IPE must include a statement explaining the basis for determining that a resource is likely to become available;

(d) A goal for the number of hours per week you are going to work and a plan to monitor your progress toward meeting the goal;

(e) A description of how the services on your IPE are coordinated with other federal or state services you get under an individualized plan;

(f) If job skills training is provided, the IPE must reflect that the training is provided on-site;

(g) Placement in an integrated setting for the maximum number of hours possible based on your strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice.

(9) An IPE for a high school student who is receiving special education services is coordinated with the individualized education plan in terms of the goals, objectives, and services identified to the extent possible.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1140, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1145 When does the IPE become effective? The IPE becomes effective when it is signed by you and a DVR counselor. DVR gives you a copy of the signed IPE, in writing or in another method of communication, if needed.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1145, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1150 Is the IPE reviewed and updated? You and a qualified VR counselor review the IPE at least once a year, or more often if needed, to assess your progress in achieving an employment outcome. You and a VR counselor amend the IPE if there are major changes in the employment goal, VR services, or service provider(s). Changes to an IPE take effect when you and a DVR counselor sign the amended IPE.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1150, filed 12/20/02, effective 2/3/03.]

LOANING EQUIPMENT

WAC 388-891-1200 Under what conditions does DVR loan equipment, devices or other items to me? If you need a device, tool, piece of equipment or other item to participate in VR services or to go to work, DVR loans a new or used item to you until you achieve an employment outcome. DVR loans a used item from the DVR inventory if available at the time needed and DVR determines it is adequate to meet your needs.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130,

and chapter 26.44 RCW. 03-02-014, § 388-891-1200, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1210 What if I need an item customized for my own personal needs? A DVR counselor determines whether to loan or issue a device, tool, piece of equipment or other item based on the reasonable likelihood that the item could be used by another individual if returned to DVR. If the DVR counselor determines an item could not be used by another individual if it were returned to DVR, the DVR counselor may issue the item directly to you without a loan agreement and the item is owned by you at the time of issue.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1210, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1220 What conditions apply to the use of a device, tool, piece of equipment or other item that is loaned to me? Before DVR loans an item to you, you must sign an agreement with DVR to comply with the following conditions:

(1) You agree to immediately return the item upon request or to pay for the item if you cannot return it to DVR;

(2) You agree to maintain the item according to DVR instructions and manufacturer's guidelines, if applicable, and keep it secure from damage, loss or theft.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1220, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1230 What happens if I fail to return a device, tool, piece of equipment or other item if requested by DVR? If DVR directs you to return an item loaned to you and you do not immediately return it, DVR reports the loss to the DSHS office of financial recovery (OFR). The OFR attempts to recover the item or payment for the item from you. If the OFR cannot recover the item or payment for the item from you, the OFR may report the loss to the local county prosecutor for legal action.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1230, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1240 What happens to a device, tool, piece of equipment or other item if I need it when my DVR case service record is closed? DVR may transfer ownership of the device, tool, piece of equipment or other item to you at the time a DVR counselor closes your case service record if you have achieved an employment outcome and you need the item to keep your job.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1240, filed 12/20/02, effective 2/3/03.]

CASE CLOSURE

WAC 388-891-1300 Why does DVR close a case service record? A DVR counselor closes your case service record for any of the following reasons:

(1) You achieve an employment outcome;

(2) DVR determines that you are not eligible or no longer eligible;

(3) You are no longer available to participate in services;

(4) You decline VR services;

(5) You cannot be located;

(6) You ask DVR to close your case service record;

(7) You refuse to cooperate in required or agreed upon conditions or services; or

(8) You require supported employment services and you and your VR counselor have explored all available options for securing resources for extended services or natural supports and there is no reasonable expectation these services will become available.

[Statutory Authority: RCW 74.29.020, 74.08.090, and August 1998 Amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363. 07-10-023, § 388-891-1300, filed 4/23/07, effective 6/15/07. WAC 388-891-1310 How does DVR determine that I have achieved an employment outcome? DVR determines that you have achieved an employment outcome and no longer need VR services if:

(1) You received services under an IPE that helped you achieve the employment outcome on your employment plan;

(2) Your job matches your strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice;

(3) You have been working at the same job for at least ninety days to ensure the stability of your employment; and

(4) You and a DVR counselor agree the job is satisfactory, that you are performing the job well, and that you no longer need VR services.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1310, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1320 Am I involved in the decision to close my case? Before closing your case, a DVR counselor gives you an opportunity to discuss the decision. DVR notifies you in writing, or another method of communication, if needed, about the reason your case is being closed and your rights if you disagree with the decision.

[Statutory Authority: RCW 74.29.020, 74.08.090, August 1998 amendments to the Rehabilitation Act of 1973, 34 C.F.R. Parts 361 and 363, chapters 74.29, 43.19 RCW, RCW 43.43.832, 4.24.550, 71.09.340, 9A.44.130, and chapter 26.44 RCW. 03-02-014, § 388-891-1320, filed 12/20/02, effective 2/3/03.]

WAC 388-891-1330 Under what conditions does DVR follow up with me after my case is closed? (1) DVR contacts you within twelve months after your case service record is closed and annually for two years after that to

review whether anything has changed to affect your eligibility if:

(a) DVR closes your case after determining you are ineligible because you are too severely disabled to achieve an employment outcome as a result of VR services;

(b) You achieve a supported employment outcome and earn wages under section 14(c) of the Fair Labor Standards Act while working toward competitive employment;

(c) You choose extended employment; or

(d) You and your DVR counselor cannot find a source for extended services and/or cannot establish natural supports during the initial eighteen months of your individualized plan for supported employment.

(2) After DVR completes the reviews annually for two years, you or your representative may request additional annual reviews.

Chapter 388-892 WAC

PURCHASE OF SERVICES—SELECTION CRITERIA—DVR VOCATIONAL REHABILITATION SERVICE CONTRACTS

WAC

VOCATIONAL REHABILITATION SERVICES DVR PURCHASES BY CONTRACT

WAC 388-892-0100 What vocational rehabilitation (VR) services does DVR purchase by contract? DVR purchases the following VR services by contract:

(1) Vocational evaluation services,

(2) Job placement/retention services,

(3) Transitional employment services.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0100, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0110 What are vocational evaluation services? There are three types of vocational evaluation services:

(1) "Brief" vocational assessment services are:

(a) Paper and pencil tests, such as psychometric testing, personality testing, preference and interest inventories that identify an individual's work interests and abilities; and

(b) Typically completed in one day or less.

(2) Comprehensive vocational evaluation services:

(a) Consist of tests and/or assessment methods designed to measure and document an individual's interests, values, work related-behaviors, aptitudes, skills, physical capacities, learning styles and training needs;

(b) Are performed using a variety of techniques, i.e., assessment of functional/occupational performance in real or simulated environments, work samples, psychometric testing, preference and interest inventories, personality testing, personal interviews and analysis of prior work experience and transferable skills;

(c) Identify at least three employment options that the individual could successfully perform either with or without training and long-term employment supports; and

(d) May be completed in three days or less but may vary, more or less, to accommodate the unique needs and abilities of individuals receiving this service.

(3) Situational assessment services are:

(a) Experiences in which individuals perform work in an actual paid employment setting or other realistic work setting to identify an individual's unique work interests and abilities;

(b) Conducted over a negotiated period of time depending on the individual's needs.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0110, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0120 What are job placement/retention services? (1) Job placement/retention services mean referral of an individual to a specific job that results in a competitive employment job placement, training activities that enable an individual to adequately perform essential job functions and provision of services after job placement and training to enable an individual to retain their job for a minimum of ninety calendar days.

(2) There are two types of job placement/retention services—"general" and "specialized."

(a) General job placement/retention services are provided for individuals who need job placement assistance without additional on-the-job supports.

Individuals requiring general job placement/retention services may include, but are not limited to, those who meet one or more of the following conditions:

(i) Graduated from high school or attained a GED;

(ii) Successfully completed some post high school training, such as vocational/technical school or college academic program;

(iii) Have a recent and/or stable work history;

(iv) Were employed at the time of application for DVR services; or

(v) Have a high level of gross motor skills and/or cognitive functioning.

(b) Specialized job placement/retention services are provided for individuals who, as determined by DVR, require a high level of support prior to or during the initial phases of job placement and/or additional supports after job placement to achieve satisfactory job performance and retain the job.

Individuals requiring specialized job placement/retention services may include, but not limited to, those who meet one or more of the following conditions:

(i) Have received SSI/SSDI or other types of public assistance;

(ii) Have received special education services;

(iii) Did not graduate from high school or attain a GED;

(iv) Have little or no work history;

(v) Have not worked in the previous two years;

(vi) Experience significant cognitive or sensory impairments; or

(vii) Have a criminal history and/or are subject to a community protection order.

DVR VOCATIONAL REHABILITATION SERVICE CONTRACT PROCUREMENT

WAC 388-892-0200 How does DVR procure vocational evaluation, job placement/retention and transitional employment services? (1) DVR contracts with qualified service providers for the provision of vocational evaluation, job placement/retention and transitional employment services through a request for qualifications (RFQ) contract procurement process that is administered by DVR.

(2) A qualified provider is one that meets all DVR qualifications for a VR service contract as outlined in the RFQ.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0200, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0210 How does an RFQ work? (1) RFQs are issued on a periodic cycle to be determined by DVR, for example, every two years. The duration of the VR service contracts resulting from the RFQ will be announced in the RFQ. DVR reserves the right to extend the contracts by offering up to three one-year extensions.

(2) DVR may advertise the RFQ in a variety of ways, including but not limited to the DVR web site, newspapers, and notices sent to potentially interested contractors.

(3) The scope of work, fee to be paid, and contractor qualifications are defined in a separate RFQ and contract for each specific type of VR service:

(a) Brief vocational assessment,

(b) Comprehensive vocational evaluation,

(c) Situational assessment,

(d) General job placement/retention,

(e) Specialized job placement/retention level 1,

(f) Specialized job placement/retention level 2, and

(g) Transitional employment.

(4) Service providers, that are interested in obtaining a VR service contract as outlined in the RFQ, are instructed to submit their qualifications.

(5) First time respondents that demonstrate full conformance to the uniform VR service contract qualifications, as outlined in this chapter, may be granted an initial VR service contract.

(6) DVR may limit the number of VR service contracts it issues in a service delivery area as a result of an RFQ.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0210, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0310 How long does an initial VR service contract last? An initial VR service contract may be granted for a period of up to two years or for a duration as announced in the RFQ.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0310, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0320 Can an initial VR service contract be granted between RFQs? DVR may add VR service contractors between RFQs if DVR determines the contract is needed and the contractor meets all uniform VR service contract qualifications outlined in this chapter.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0320, filed 9/12/03, effective 10/13/03.]

SUBSEQUENT DVR VOCATIONAL REHABILITATION SERVICE CONTRACTS

WAC 388-892-0400 How does a contractor receive a subsequent VR service contract after completing their initial VR service contract? (1) To receive subsequent VR service contracts, a contractor must respond to each RFQ by submitting a proposal showing that they:

(a) Continue to meet all uniform VR service contract qualifications;

(b) Have met DVR's performance standards established in the prior VR service contract; and

(c) Meet the additional qualifications for each VR service to be offered.

(2) Contractors that have been granted an initial VR service contract between RFQs have two years from the effective date of their initial VR service contract to meet the additional qualifications outlined in this chapter. If the contractor fails to provide documentation of conformance to the additional qualifications within two years from the effective date of the initial contract, DVR may terminate the existing VR service contract with ten days notice to the contractor.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0400, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0410 What are the additional qualifications for VR service contracts? (1) In addition to the uniform VR service contract qualifications, additional contractor qualifications apply to each specific type of VR service contract.

(2) A separate RFQ is published for each specific type of VR service contract that outlines the additional contractor qualifications that are pertinent to that service.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0410, filed 9/12/03, effective 10/13/03.]

DVR VOCATIONAL REHABILITATION SERVICE CONTRACTS—GENERAL OPERATIONS

WAC 388-892-0500 What is DVR's payment system for VR service contracts? DVR establishes fixed fees for VR contract services as follows:

(1) DVR identifies geographic VR service delivery areas based on economic cost of living data.

(2) Every two years or on an interval as announced in the contract RFQ, with input received from the service providers, DVR will establish and publish a scheduled of fixed payment fee for each contracted VR service.

(3) All VR service contractors, within each geographic VR service delivery area, are paid the fixed payment fee for each contracted VR service.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0500, filed 9/12/03, effective 10/13/03.]

WAC 388-892-0510 Can VR service contracts be denied or terminated? (1) DVR may decide not to accept a bid or an offer by a person or organization seeking to provide contracted VR services if the bid or offer does not meet minimum RFQ requirements. The DSHS bid protest procedures set forth in the request for qualifications shall be the exclusive administrative remedy for refusal to accept a bid or offer.

(2) VR service contracts may be terminated for cause or convenience at any time by DVR or the contractor in accordance with the terms of the contract. The contractor's administrative remedies shall be limited to those specified in the contract.

(3) Additionally, DVR may terminate all DVR individual case service delivery plans that are open with the contractor at the time their VR service contract is terminated. Termination provisions are outlined in the VR service contracts.

[Statutory Authority: RCW 43.20A.310(2), 74.29.020(3) and 74.29.080(8). 03-19-075, § 388-892-0510, filed 9/12/03, effective 10/13/03.]
