

Chapter 136-14 WAC

STANDARD OF GOOD PRACTICE—PRIORITY PROGRAMMING

WAC

136-14-010	Purpose and authority.
136-14-020	Application.
136-14-030	Process.
136-14-040	Application of process.
136-14-050	Certification.
136-14-060	Inventory records.

WAC 136-14-010 Purpose and authority. The requirement to develop and adopt both long range and short range programs as a prerequisite to road construction is established in RCW 36.81.121 and 36.81.130. Numerous studies have shown that road construction needs far exceed available revenue. Priority programming is the development and application of techniques designed to rank any array of potential projects in order of importance to serve as a guide in assisting a county legislative authority in the formulation of road programs and distribution of limited resources. Priority programming procedures for counties must be adaptable to a wide variety of situations.

[Statutory Authority: Chapter 36.79 RCW. 99-01-021, § 136-14-010, filed 12/7/98, effective 1/7/99. Statutory Authority: RCW 36.78.070. 90-07-075 (Order 75), § 136-14-010, filed 3/21/90, effective 4/21/90; Order 16, § 136-14-010, filed 7/22/71.]

WAC 136-14-020 Application. Priority programming techniques shall be applied in the ranking of all potential projects on the arterial road system of each county. They may be applied to all arterial projects combined in a single group, or may be applied to individual functional classes of arterials and further subdivided into rural and urban systems if desired. Priority programming will not be required, but is recommended, for the local access road system.

[Statutory Authority: RCW 36.78.070. 90-07-075 (Order 75), § 136-14-020, filed 3/21/90, effective 4/21/90; Order 16, § 136-14-020, filed 7/22/71.]

WAC 136-14-030 Process. Each county engineer will be required to develop a priority programming process tailored to meet the overall roadway system development policy determined by his or her county legislative authority. Items to be included and considered in the technique for roads shall include, but need not be limited to the following:

- (1) Traffic volumes;
- (2) Roadway condition;
- (3) Geometrics;
- (4) Safety and accident history; and
- (5) Matters of significant local importance.

The manner in which these various items are treated may vary from county to county.

Bridge priorities shall be established in accordance with WAC 136-20-060. Accident records may be considered where their use will make a legitimate contribution. A description of the priority programming technique to be used

(12/7/98)

shall be submitted by each county engineer to the county road administration board.

The county road administration board, upon request, will provide assistance to counties in the development, evaluation or modification of their priority programming process in order to meet the requirements of this rule.

[Statutory Authority: Chapter 36.79 RCW. 99-01-021, § 136-14-030, filed 12/7/98, effective 1/7/99. Statutory Authority: RCW 36.78.070 and 36.79.060. 96-17-013, § 136-14-030, filed 8/12/96, effective 9/12/96. Statutory Authority: RCW 36.78.070. 90-07-075 (Order 75), § 136-14-030, filed 3/21/90, effective 4/21/90; Order 3388, § 136-14-030, filed 4/7/72; Order 16, § 136-14-030, filed 7/22/71.]

WAC 136-14-040 Application of process. The priority programming process for roads shall be applied by the county engineer to all potential arterial projects in the county, and to local access road projects if directed by the legislative authority. The resulting priority array shall be updated not later than June 1st of each odd-numbered year and shall be consulted together with bridge priorities by the county legislative authority and county engineer during the preparation of the proposed six-year transportation program as described in chapter 136-15 WAC.

[Statutory Authority: Chapter 36.79 RCW. 99-01-021, § 136-14-040, filed 12/7/98, effective 1/7/99. Statutory Authority: RCW 36.78.070 and 36.79.060. 96-17-013, § 136-14-040, filed 8/12/96, effective 9/12/96. Statutory Authority: RCW 36.78.070. 90-07-075 (Order 75), § 136-14-040, filed 3/21/90, effective 4/21/90; Order 25, § 136-14-040, filed 1/27/75; Order 3388, § 136-14-040, filed 4/7/72; Order 16, § 136-14-040, filed 7/22/71.]

WAC 136-14-050 Certification. In order to assure that priority arrays were available and were consulted during the preparation of the proposed six-year transportation program each year, the resolution of adoption of such program by each legislative authority shall include assurances to this effect. A copy of the adopting resolution shall be forwarded to the county road administration board together with the six-year transportation program.

[Statutory Authority: RCW 36.78.070 and 36.79.060. 96-17-013, § 136-14-050, filed 8/12/96, effective 9/12/96. Statutory Authority: RCW 36.78.070. 90-07-075 (Order 75), § 136-14-050, filed 3/21/90, effective 4/21/90; Order 25, § 136-14-050, filed 1/27/75; Order 16, § 136-14-050, filed 7/22/71.]

WAC 136-14-060 Inventory records. Each priority programming process will be based, at least in part, on existing road conditions. It is required, therefore, that in each county an adequate road inventory system be maintained. The inventory system shall be updated no later than May 1st of each year to reflect work done and improvements made during the previous year in accordance with requirements of chapter 136-60 WAC.

[Statutory Authority: Chapter 36.79 RCW. 99-01-021, § 136-14-060, filed 12/7/98, effective 1/7/99. Statutory Authority: RCW 36.78.070 and 36.79.060. 96-17-013, § 136-14-060, filed 8/12/96, effective 9/12/96. Statu-

tory Authority: RCW 36.78.070. 90-07-075 (Order 75), § 136-14-060, filed 3/21/90, effective 4/21/90; Order 16, § 136-14-060, filed 7/22/71.]
