Chapter 16-730 WAC

ASPARAGUS EQUIPMENT LEASE PROGRAM

WAC
16-730-005 What is the purpose of the asparagus equipment lease program? (1) The Washington state department of agriculture is establishing the asparagus equipment lease program to implement section 308(10), chapter 276, Laws of 2004 (ESHB 2459), which directs the Washington state department of agriculture to purchase agricultural products packing equipment to negotiate an appropriate agreement with the agricultural industry for the use of that equipment.

(2) The asparagus equipment lease program allows Washington state packers and handlers of Washington asparagus to lease with an opportunity to purchase automated labor saving equipment that will strengthen their post-harvest efforts to efficiently handle or pack fresh, frozen or pickled asparagus.

[Statutory Authority: Chapters 15.04 and 34.05 RCW, 2004 c 276. WSR 05-14-049, § 16-730-005, filed 6/28/05, effective 7/29/05.]

WAC 16-730-007 How does the department ensure that program participants comply with the program's purpose? To ensure that program participants are in compliance with the terms of the program and to ensure that the leased equipment is being used only to pack and process fresh, frozen or pickled asparagus, the participating handlers must, during each year of their participation, give the department or its agent a letter:

(1) Certifying that the leased equipment is being used for the program's intended purpose; and

(2) Summarizing the cost and labor savings for that year.

[Statutory Authority: Chapters 15.04 and 34.05 RCW, 2004 c 276. WSR 05-14-049, § 16-730-007, filed 6/28/05, effective 7/29/05.]

[Ch. 16-730 WAC p. 2]
application was denied have ten days from the date they received the director's decision denying their application to reapply.

(2) Applicants must reapply by following the procedures outlined in WAC 16-730-025.

(3) When reapplying, the applicant must request different equipment and/or a different mix of equipment from that listed on their original application.

WAC 16-730-045 What is the process the program will follow to distribute equipment leasing money to approved applicants? The program's equipment leasing money will be distributed indirectly to approved applicants as follows:

(1) The department, in consultation with the Washington asparagus commission, the Washington asparagus council and the asparagus industry at large, will determine the amount of equipment leasing money allocated to each approved applicant and then distribute this money to a department approved equipment leasing company.

(2) The approved leasing company will then purchase the equipment and subsequently lease it to an approved applicant.

WAC 16-730-050 How will the program's equipment leasing money be allocated in 2004? (1) The initial allocation of equipment leasing money for 2004 will be distributed based upon documented annual average pounds of asparagus an approved handler/packer reported from 2001 through 2004.

Note: If additional application cycles are needed to administer current and future equipment lease allocations and distributions, the department may adjust the initial four-year annual average production period (2001–2004).

(2)(a) Unless the department, in consultation with the Washington asparagus commission, the Washington asparagus council and the asparagus industry at large, determines that the allocation formula be changed, all approved applicants will receive either a base amount of at least $75,000 for their initial 2004-program allocation or an amount adjusted to reflect an appropriate base for future program offerings.

(b) If the department does change the allocation formula, it will notify the Washington state asparagus industry and, specifically, Washington state asparagus handler/packers.

(3) The department has developed the following categories to help allocate the equipment lease program's initial 2004 offering:

<table>
<thead>
<tr>
<th>Handler/Packer Categories*</th>
<th>Pounds of Asparagus Handled Annually</th>
</tr>
</thead>
<tbody>
<tr>
<td>Small</td>
<td>Less than 1,000,000 pounds</td>
</tr>
<tr>
<td>Medium</td>
<td>1,000,000 to 2,000,000 pounds</td>
</tr>
<tr>
<td>Large</td>
<td>2,000,001 to 5,000,000 pounds</td>
</tr>
</tbody>
</table>

*Note: These categories could change. If they do, the department will notify asparagus handler/packers and the industry.

WAC 16-730-055 For the initial leasing program, what are the base distribution amounts for each category of handler/packers?

Note: The department will always work with the review committee to assure that the distributions to approved applicants are fair and equitable and based on the pounds processed formula.

(1) The final handler/packer allocation for 2004 is illustrated in the following table:

<table>
<thead>
<tr>
<th>Handler/Packer Size</th>
<th>Dollar Allocation per Handler/Packer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Small</td>
<td>$87,000.00</td>
</tr>
<tr>
<td>Medium</td>
<td>$110,500.00</td>
</tr>
<tr>
<td>Large</td>
<td>$154,500.00</td>
</tr>
</tbody>
</table>

(2) Future distributions will be determined by the:

(a) Amount of program funds available after all administrative and contract-leasing costs are subtracted from the total program allocation received from the legislature; and

(b) Number of participants in the program; and

(c) Department consultations with the Washington asparagus commission, the Washington asparagus council and the asparagus industry at large.

WAC 16-730-060 What requirements apply to equipment leasing program lease agreements? (1) The department will follow office of financial management (OFM) procurement guidelines when selecting a leasing company to act as its agent to purchase and manage all equipment leasing arrangements for all approved handler/packers.

(2) All approved handler/packers will complete a lease agreement with the department approved leasing firm.

(3) All equipment lease agreements:

(a) Must be exclusive to the approved handler/packers for the term of the contract with the leasing company; and

(b) Are not transferable without the written approval of the department.

(4) Lease agreements cannot be paid off before the leasing company's contract termination date.

(5) In addition to the leasing requirements contained in this chapter, the department, in its contract with the leasing company, will include other lease requirements that approved handler/packers must follow.

WAC 16-730-062 What happens if an approved handler/packer defaults on a lease? (1) If an approved handler/packer defaults on a lease agreement, the department...
retains ownership of the equipment and will make the equipment available to other asparagus handlers through a selection process determined by the department in consultation with the Washington asparagus commission, the Washington asparagus council and asparagus industry representatives.

(2) The selection process used by the department to redistribute defaulted lease equipment to approved handler/packers must comply with any applicable state and federal laws and regulations.

**WAC 16-730-065** How long will the initial asparagus equipment leasing program be in operation? (1) How long the initial equipment leasing program will be in operation will be determined by:

(a) An office of financial management (OFM) approved depreciation schedule for each type of equipment that will be available for leasing; and

(b) The period of time needed to:
   (i) Surplus and transfer equipment; and
   (ii) Complete program closeout activities.

(2) For any distributions following the initial one, the department may modify the program length, depreciation schedules, contract requirements or leasing agreements.

**WAC 16-730-070** Who develops the depreciation schedules for the program’s leased equipment? The department, with final approval from OFM, will develop depreciation schedules for the program's leased equipment. These schedules will be based upon the characteristic economic useful lives of asparagus processing and handling equipment used by the industry.

[Statutory Authority: Chapters 15.04 and 34.05 RCW, 2004 c 276. WSR 05-14-049, § 16-730-070, filed 6/28/05, effective 7/29/05.]

**WAC 16-730-075** Will the equipment used in the asparagus equipment leasing program be offered for sale to the handler/packer who leased it? (1) At the end of its depreciation period, the equipment leased to a handler/packer will be declared "surplus" and offered for sale to the handler/packer or their designee.

(2) If a handler/packer wants to sell their leased equipment to a designee, they must complete a designee form and have the form approved by the department.
