Chapter 173-455 WAC
AIR QUALITY FEE RULE

WAC
173-455-010 Overview. The purpose of this chapter is to consolidate most of the air quality related fees into one chapter. This will allow the regulated community easier access to applicable fees. (Statutory Authority: RCW 70.94.151, chapter 70.94 RCW, 2011 1st sp.s. c 50 § 302(2), and section 302(9), chapter 158, 2012 2nd sp.s. c 7. WSR 12-24-051, § 173-455-110, filed 5/3/07, effective 6/3/07.) Repealed by WSR 12-24-051 (Order 11-07), § 173-455-030, filed 11/30/12, effective 12/31/12. Statutory Authority: RCW 70.94.181, [70.94.]152, [70.94.]331, [70.94.]650, [70.94.]745, [70.94.]892. WSR 07-11-018 (Order 06-14), § 173-455-110, filed 5/3/07, effective 6/3/07.)

WAC 173-455-020 Definitions. The definitions of terms contained in chapter 173-400 WAC are incorporated by reference. Unless a different meaning is clearly required by context, the following words and phrases as used in this chapter shall have the following meanings:

(1) "Fossil fuel" means natural gas, petroleum, coal, or any form of solid, liquid, or gaseous fuel derived from such material to produce heat for the generation of electricity.

(2) "Solid fuel burning device" (same as solid fuel heating device) means a device that burns wood, coal, or any other nongaseous or nonliquid fuels, and includes any device burning any solid fuel except those prohibited by WAC 173-433-120. This also includes devices used for aesthetic or space-heating purposes in a private residence or commercial establishment, which has a heat input less than one million British thermal units per hour.

(3) "Weather modification and control" means changing or attempting to change or control by artificial methods, the natural development of any or all atmospheric cloud forms or precipitation forms which occur in the troposphere.

WAC 173-455-030 Applicability. (1) The provisions of this chapter apply to air quality related activities regulated by the department of ecology.

(2) The solid fuel retail sales fee in WAC 173-455-060 and the weather modification fee in WAC 173-455-070 apply statewide. All other provisions of this chapter do not apply in counties regulated by a local air agency.

WAC 173-455-035 Fee requirement. All programs and services in this chapter require a fee. Unless otherwise stated, no approval of a permit or service for any activity covered in this chapter will be valid until the required fee is paid in full.

WAC 173-455-036 Fee increases. (1) Ecology must follow the processes in subsections (2) and (3) of this section for increasing any of the following fees:

(a) Air contaminant source registration fees in WAC 173-455-040;

(b) Carbon dioxide mitigation program fees in WAC 173-455-050;

(c) Weather modification fees in WAC 173-455-070;

(d) Control technology fees in WAC 173-455-100;

(e) New source review fees in WAC 173-455-120;

(f) Air pollution standards variance fee in WAC 173-455-140;

(g) Nonroad engine permit fee in WAC 173-455-140.

(2) Ecology may propose fee increases in even-numbered years for each year in the upcoming biennium. A workload analysis must support the fee increase. Prior to making any changes, ecology will post the new fees on the agency web site no later than November 30th of the year preceding the date on which the new fees will take place. If directed by RCW 43.135.055, fee increases will only occur after the legislature authorizes the increase.

(3) Ecology may adjust fees by the fiscal growth factor calculated under chapter 43.135 RCW as follows:

\[
\text{New fee} = \text{Existing fee} \times (1 + \text{FGF})
\]

Where FGF means the annual fiscal growth factor calculated under chapter 43.135 RCW (expressed as a decimal).
WAC 173-455-038 Fees not included. This chapter contains all fees required by the air quality program except the following:

1. Air operating permit - Fees can be found in chapter 173-401 WAC.
2. Agricultural burning - Fees can be found in chapter 173-430 WAC.
3. Motor vehicle emission inspection - Fees can be found in chapter 173-422A WAC.

WAC 173-455-040 Air contaminant source registration fees. (1) Ecology will charge a yearly registration fee to cover the cost of implementing the registration program.

(2) Ecology will determine fee eligibility based on the most current emission inventory information available for each source.

(3) A registration program source that shut down during the previous year and is not operating in the current year is not subject to a fee for the current calendar year.

(4) Periodic registration program source eligibility and fees are determined as follows:

(a) A source is a periodic registration program source if all of these statements are true:

(i) A source is included on the source classification list in WAC 173-400-100(1) or the equipment classification list in WAC 173-400-100(2);

(ii) The source emits at least one pollutant in Table 173-455-040 (4)(c) within the rates in the table; and

(iii) The source does not emit any pollutant at a rate higher than those in Table 173-455-040 (4)(c).

(b) The registration fee category and fee for periodic registration program source are determined as follows:

(i) Ecology will determine whether the periodic sources is in the small, medium, or large category based on the source's most current emissions inventory information.

(ii) Ecology will determine whether the source's category based on the emission rate of the air contaminant that falls in the category with the highest fee.

(c) A periodic registration program source must pay the applicable yearly registration fee on Table 173-455-040 (4)(c).

</tr>
</tbody>
</table>

* "De minimis emissions" means trivial levels of toxic air emissions that do not pose a threat to human health or the environment. WAC 173-460-150 contains the de minimis emission rate of a toxic air pollutant in pounds per averaging period (year, 24-hour, 1-hour).

(5) Annual registration program source fees are determined as follows:

(a) Ecology will determine the annual registration fee based on the most current emissions inventory information.

(b) A source that is included on the source classification list in WAC 173-400-100(1) or the equipment classification list in WAC 173-400-100(2) is an annual registration program source if it meets any of the following criteria:

(i) The source emits one or more air pollutants in Table 173-455-040 (5)(b) at rates greater than those in the table; or

Table 173-455-040 (5)(b) Annual Registration Emission Rate Table

<table>
<thead>

<tr>
<td>Particulate matter</td>
<td>25 tons per year</td>
</tr>
</tbody>
</table>
A source subject to fees in this section must pay those fees within thirty days of receipt of ecology's billing statement.

(b) A late fee of sixty-eight dollars or ten percent of the fee, whichever is more, may be assessed for any fee not received within the thirty-day period.

(c) A source may request to pay an ecology fee on a payment plan. A late fee will not apply for fees paid by a payment plan as long as the following two conditions are met:

(i) The source requests a payment plan within thirty days of the receipt of ecology's billing statement.

(ii) The source pays the fee on time as outlined in the payment plan.

(9) Additional registration fee for fossil-fueled electric generating facilities. Fossil-fueled electric generating facilities must pay registration fees required in this section in addition to carbon dioxide mitigation program fees required in WAC 173-455-050.

(ii) Annual registration and reporting is necessary to comply with federal reporting requirements or emission standards; or

(iii) Annual registration and reporting is required in a reasonably available control technology determination for the source category; or

(iv) The director of ecology determines that the source poses a potential threat to human health and the environment.

(c) Annual registration program sources must pay a yearly registration fee comprised of the following three components:

<table>
<thead>
<tr>
<th>Component</th>
<th>Fee Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Flat fee</td>
<td>$1,057 per year</td>
</tr>
<tr>
<td>Complexity</td>
<td>$469 per complexity rating point</td>
</tr>
<tr>
<td>Emissions</td>
<td>$16 per ton</td>
</tr>
</tbody>
</table>

(i) Flat fee component. Each source must pay the flat fee component plus the other fees.

(ii) Complexity component. Each source is assigned a complexity rating of 1, 3, or 5 which is based on the estimated amount of time needed by ecology to review and inspect the source. The source's complexity rating is multiplied by the complexity fee rate to determine the complexity portion of the yearly registration fee.

(iii) Emissions component. Billable emissions (in tons per year) include nitrogen oxides, sulfur dioxide, particulate matter (except total suspended particulate), and volatile organic compounds. The source's billable emissions are multiplied by the emissions fee rate to determine the emissions portion of the yearly registration fee.

(6) Registration fees for gasoline dispensing facilities. Gasoline dispensing facilities must pay a yearly registration fee of one hundred thirty dollars for each storage tank dispensing gasoline.

(7) Fee reductions for economic hardship. If a small business owner who is subject to a periodic registration program fee under subsection (4) of this section or a gasoline dispensing facility subject to subsection (6) of this section thinks the registration fee results in an extreme economic hardship, the small business owner may request a fee reduction. The owner or operator must provide sufficient evidence to support a claim of an extreme hardship. The registration fee may be reduced by no more than fifty percent.

(8) Fee payments.

WAC 173-455-050 Carbon dioxide mitigation program fees. (1) Statutory authorization. RCW 70.94.892 authorizes the department to determine, assess, and collect fees sufficient to cover costs to review and approve or deny the carbon dioxide mitigation plan components of an order of approval. The order of approval will specify costs to monitor conformance related to the carbon dioxide mitigation plan.

(2) Fees. The fees for the carbon dioxide mitigation program are described in this section and listed in the table below. The fees listed are added to the fees established in WAC 173-455-120, when the carbon dioxide mitigation plan requirements are triggered.

<sup>1</sup>Estimated using an EE3 per hour rate with a cap.

<sup>2</sup>Small fee primarily to check math and that the source is using an EFSEC approved qualified organization.

<sup>3</sup>Estimated EE3 per hour rate to check that the credits purchased will be verifiable and from a reputable trading or marketing organization.

<sup>4</sup>Estimated using an EE3 per hour rate.

[Statutory Authority: RCW 70.94.151, chapter 70.94 RCW, 2011 1st sp.s. c 50 § 302(2), and section 302(9), chapter 158, 2012 2nd sp.s. c 7. WSR 12-24-051 (Order 11-07), § 173-455-040, filed 11/30/12, effective 12/31/12. Statutory Authority: RCW 70.94.181, [70.94.]152, [70.94.]331, [70.94.]650, [70.94.]745, [70.94.]892. WSR 07-11-018 (Order 06-14), § 173-455-040, filed 5/3/07, effective 6/3/07.]

(11/30/12) [Ch. 173-455 WAC p. 3]
(3) The department or authority may use RCW 70.94-085 to structure a cost-reimbursement agreement with the applicant.

[Statutory Authority: RCW 70.94.181, [70.94.][152, [70.94.][331, [70.94.-650, [70.94.][745, [70.94.][892. WSR 07-11-018 (Order 06-14), § 173-455-050, filed 5/3/07, effective 6/3/07.]

WAC 173-455-060 Solid fuel retail sales fee. (1) A person selling a solid fuel burning device at retail shall collect a fee from the buyer, pursuant to RCW 70.94.483.

(2) The fee shall be:
   (a) Set at a minimum of thirty dollars on January 1, 1992. Thereafter, ecology may annually adjust the fee to account for inflation as determined by the office of the state economic and revenue forecast council. Adjustments in the fee should be rounded down to the nearest dollar.
   (b) Applicable to all new and used solid fuel burning devices.
   (c) Procedures for masonry fireplaces. Generally, contractors will collect, pay, and report the fee to the department of revenue on the combined excise tax return for the tax reporting period during which the retail sales tax is billed to the customer for the construction of the masonry fireplace. (See WAC 458-20-170 for a detailed explanation.) Collection and payment of the fee by contractors shall be in accordance with the following:
      (i) A masonry contractor or other subcontractor who builds a masonry fireplace. The retail sale occurs at the time the general or prime contractor or customer is billed for the work. The masonry contractor or other subcontractor must collect the fee and pay it to the department of revenue, unless the masonry contractor or other subcontractor has received a reseller permit from the general or prime contractor. The fee shall be reported on the combined excise tax return.
      (ii) A general or prime contractor building a custom building. The retail sale occurs at the time the customer is billed for the construction. The fee is charged and reported with the first progress payment after the masonry fireplace has been substantially completed. If a general or prime contractor subcontracts the work on a custom building to a masonry or other contractor, the general or prime contractor may give the masonry or other subcontractor a reseller permit. The general or prime contractor is responsible to collect the fee and pay it to the department of revenue. The fee is reported on the combined excise tax return.
      (iii) A general or prime contractor building a speculation building. The fee is required to be paid at the time the fireplace is complete. The fee must be reported to the department of revenue on a combined excise tax return and paid to the department of revenue. If the prime or general contractor subcontracts the building of the masonry fireplace to a masonry contractor or other subcontractor, the general or prime contractor may not give a reseller permit to the masonry or other subcontractor. The masonry or subcontractor must collect and pay the fee to the department of revenue as provided in (c)(i) of this subsection.
   (d) Procedures for all other solid fuel burning devices. Collected by the retailer at the time of sale and remitted to the department of revenue in conjunction with the retail sales tax under chapter 82.08 RCW.

(3) If the retailer or contractor fails to collect and remit the fee to the department of revenue as prescribed in chapter 82.08 RCW, the retailer or contractor shall be personally liable to the state for the amount of the fee, with subsequent actions taken in accordance with the collection provisions of chapter 82.32 RCW.

(4) Beginning July 1, 1990, and each calendar quarter thereafter, the funds collected under RCW 70.94.483 shall be used solely for the purposes of public education and enforcement of the solid fuel burning device program. The department shall distribute the funds from the woodstove education and enforcement account as follows:
   (a) Sixty-six percent of the funds shall be distributed to those local air authorities with enforcement programs, based upon the fraction of the total state population residing in the counties within their respective jurisdictions. Population figures used to establish this fraction shall be determined by the office of financial management. Where an activated local air authority does not exist or does not implement an enforcement program, or elects not to receive the funds, ecology shall retain the funds that would otherwise be distributed under this subsection; and
   (b) Thirty-four percent of the funds shall be distributed to ecology for the purposes of enforcement and educating the public about:
      (i) The effects of solid fuel burning device emissions upon health and air quality; and
      (ii) Methods of achieving better efficiency and emission performance from solid fuel burning devices.

[Statutory Authority: RCW 70.94.152 and 2011 c 5 § 301(28). WSR 11-12-077 (Order 10-04), § 173-455-060, filed 5/31/11, effective 7/1/11. Statutory Authority: RCW 70.94.181, [70.94.][152, [70.94.][331, [70.94.-650, [70.94.][745, [70.94.][892. WSR 07-11-018 (Order 06-14), § 173-455-060, filed 5/3/07, effective 6/3/07.]

WAC 173-455-070 Weather modification fees. (1) Procedures for issuing license. In accordance with WAC 173-495-060, an applicant shall pay a fee of one hundred dollars to the state of Washington to obtain a license.

(2) Period of license. In accordance with WAC 173-495-060, an applicant shall pay a fee of one hundred dollars made payable to the state of Washington for a license renewal.

(3) Permit requirements. In accordance with WAC 173-495-070, the applicant shall pay a permit fee of one and one-half percent of the estimated cost of the operation. The estimated cost will be computed by ecology from available data.

[Statutory Authority: RCW 70.94.181, [70.94.][152, [70.94.][331, [70.94.-650, [70.94.][745, [70.94.][892. WSR 07-11-018 (Order 06-14), § 173-455-070, filed 5/3/07, effective 6/3/07.]

WAC 173-455-100 Control technology fees. (1) General. Ecology may assess and collect a fee as authorized in RCW 70.94.153 or 70.94.154 and described in subsections (2) through (5) of this section.

(2) Fee schedule for source-specific determinations where RACT analysis and determination are performed by ecology.

   (a) Basic RACT analysis and determination fee:
(i) Low complexity (the analysis addresses one type of emission unit) - One thousand five hundred dollars;
(ii) Moderate complexity (the analysis addresses two to five types of emission units) - Seven thousand five hundred dollars;
(iii) High complexity (the analysis addresses more than five types of emission units) - Fifteen thousand dollars.

(b) Additional charges based on criteria pollutant emissions: In addition to those fees required under (a) of this subsection, a fee will be required for a RACT analysis and determination for an emission unit or multiple emission units of uniform design that, individually or in the aggregate, emit one hundred tons per year or more of any criteria pollutant - Two thousand dollars.

(c) Additional charges based on toxic air pollutant emissions: In addition to those fees required under (a) and (b) of this subsection, the following fees will be required as applicable:

(i) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than two tons per year but not more than ten tons per year of any toxic air pollutant - One thousand dollars; or
(ii) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than ten tons per year of any toxic air pollutant - One thousand dollars;

(i) Low complexity (the analysis addresses one type of emission unit) - One thousand dollars;
(ii) Moderate complexity (the analysis addresses two to five types of emission units) - Five thousand dollars;
(iii) High complexity (the analysis addresses more than five types of emission units) - Ten thousand dollars.

(b) Additional charges based on toxic air pollutant emissions: In addition to those fees required under (a) of this subsection, a fee will be required for a RACT analysis and determination for an emission unit or multiple emission units of uniform design that, individually or in the aggregate, emit more than two tons per year but not more than ten tons per year of any toxic air pollutant - One thousand dollars; or

(i) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than two tons per year but not more than ten tons per year of any toxic air pollutant - Five hundred dollars; or
(ii) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than ten tons per year of any toxic air pollutant - One thousand dollars.

(4) Fee schedule for reviews authorized under RCW 70.94.153 for the replacement or substantial alteration of control technology.
(ii) By an authorized partner in the case of a limited or
general partnership; or
(iii) By the proprietor in the case of a sole proprietorship.
(c) Ecology may verify the application information and
if the owner or operator has made false statements, deny the
fee reduction request and revoke previously granted fee
reductions.
(d) For small businesses determined to be eligible under
(a) of this subsection, the RACT analysis and determination
fee shall be reduced to the greater of:
(i) Fifty percent of the RACT analysis and determination
fee; or
(ii) Two hundred fifty dollars.
(e) If due to special economic circumstances, the fee
reduction determined under (d) of this subsection imposes an
extreme hardship on a small business, the small business may
request an extreme hardship fee reduction. The owner or
operator must provide sufficient evidence to support a claim
requesting the fee reduction. The owner or operator's ability to pass the cost
of the RACT analysis and determination fees through to cus-
tomers; and average annual profits. In no case will a RACT
analysis and determination fee be reduced below one hundred
dollars.

(7) Fee reductions for pollution prevention initiatives.
Ecology may reduce RACT analysis and determination fees
for an individual source if that source is using approved pol-
lution prevention measures.

(8) Fee payments. Fees specified in subsection (4)(a) of
this section shall be paid at the time a notice of construction
applications is submitted to the department. Other fees speci-
ified in subsections (2) through (7) of this section shall be paid
within thirty days from the date of the invoice. For fees specified in subsection (5) of this section, ecology shall track time and expenditures on a source-category basis.

(11) Periodic review. Ecology shall review and, as
appropriate, update this section at least once every two years.

[Statutory Authority: RCW 70.94.151, chapter 70.94 RCW, 2011 1st sp.s. c
50 § 302(2), and section 302(9), chapter 158, 2012 2nd sp.s. c 7. WSR 12-
24-051 (Order 11-07), § 173-455-100, filed 11/30/12, effective 12/31/12.

[70.94.]745, [70.94.]382. WSR 07-11-018 (Order 06-14), § 173-455-100,
filed 5/3/07, effective 6/3/07.]
Permit fees.

Minor new source review.

(2) Review of new source or modification of an existing source with an emissions increase. (WAC 173-400-110 and 173-400-110(3).)

(a) Basic project: One thousand five hundred dollars plus an hourly rate of ninety-five dollars after sixteen hours.

This fee covers up to sixteen hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above sixteen hours.

(b) Complex project: Ten thousand dollars plus an hourly rate of ninety-five dollars after one hundred six hours.

(i) This fee covers up to one hundred six hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above one hundred six hours.

(ii) An application is considered complex if the emissions associated with the application include at least one pollutant for which emissions increases are greater than the levels in the following table:

<table>
<thead>
<tr>

(iii) Ecology may determine that a project is complex based on consideration of factors that include, but are not limited to:

(A) Number and complexity of emission units;

(B) Volume of emissions, including toxicity of emissions;

(C) Amount and complexity of modeling; or

(D) Number and kind of applicable state and federal requirements.

(11/30/12)
(C) Perchloroethylene dry cleaners using less than 2100 gallons per year (No. 06-AQG-003);
(D) Stationary and portable rock crushers (No. 11AQ-GO-001);
(E) Small water heaters and steam generating boilers (No. 08-AQG-003); and
(F) Automobile body repair and refinishing shops (No. 08-AQG-001).

(b) Category B general order.
(i) SEPA review complete: Eight hundred seventy-five dollars.
(ii) SEPA review required: One thousand one hundred fifty dollars.
(iii) Category B includes a general order of approval developed on or after January 1, 2011. Category B covers, but is not limited to, the following general order of approval, including any subsequent updating or replacement:
(A) Portable and stationary asphalt plants (No. 10AQ-GO-01 [10AQ-GO-01]); and
(B) Dairy manure anaerobic digesters (No. 12AQ-GO-01).

(a) This fee applies to a portable source who intends to relocate in ecology’s jurisdiction with an approval order from another permitting authority.
(i) SEPA review complete: One hundred fifty dollars.
(ii) SEPA review required: Four hundred thirty-five dollars.

(b) This fee applies to a portable source who intends to relocate in ecology’s jurisdiction and has operated under an ecology issued approval order or is approved for coverage under an ecology issued general order of approval.
(i) SEPA review complete: No fee.
(ii) SEPA review required: Two hundred eighty-five dollars.

(7) Request to establish a voluntary emission limit (WAC 173-400-091): Five hundred dollars plus an hourly rate of ninety-five dollars after six hours.

(a) This fee covers up to six hours of staff time to review the request and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the request above six hours.
(b) This fee applies to a regulatory order issued under WAC 173-400-091 that places a limit on emissions.
(i) This fee applies to a request to establish the emission limit in a stand-alone regulatory order.
(ii) This fee does not apply when an emission limit is included as a condition in an approval order for a notice of construction application.

(8) Request to replace or substantially alter control technology: Refer to WAC 173-455-100(4) for fee schedule.

Major new source review preapplication and permit fees.

(9) Request for a written prevention of significant deterioration applicability determination (WAC 173-400-720) or preapplication assistance: Five hundred dollars plus an hourly rate of ninety-five dollars after six hours.

This fee covers up to six hours of staff time to review the request and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the request above six hours.

(10) Prevention of significant deterioration (PSD) (WAC 173-400-720 and 173-400-730).

(a) PSD permit application: Fifteen thousand dollars plus an hourly rate of ninety-five dollars after one hundred fifty-eight hours.

This fee covers one hundred fifty-eight hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above one hundred fifty-eight hours.

(b) PSD permit application where greenhouse gases are the sole PSD pollutant being reviewed: Seven thousand five hundred dollars plus an hourly rate of ninety-five dollars after seventy-nine hours.

This fee covers seventy-nine hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above seventy-nine hours.

(11) Revision to a prevention of significant deterioration permit (WAC 173-400-750).

(a) Administrative revision as defined in WAC 173-400-750(3): One thousand nine hundred dollars plus an hourly rate of ninety-five dollars after twenty hours.

This fee covers twenty hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above twenty hours.

(b) All other revisions (except major modification): Seven thousand five hundred dollars plus an hourly rate of ninety-five dollars after seventy-nine hours.

This fee covers seventy-nine hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above seventy-nine hours.

(c) The fee for a major modification of a PSD permit (as defined in WAC 173-400-720) is located in subsection (10)(a) of this section.

(12) Request to extend the following major source approvals that are set to expire: Five hundred dollars. This provision applies to each of the following:
(a) PSD permit, including a major modification;
(b) PSD permit revision;
(c) Approval order for major source nonattainment area permitting; and
(d) A change to an approval order for major source nonattainment area permitting.

(13) Nonattainment area major new source review.

(a) A notice of construction application subject to WAC 173-400-830: Fifteen thousand dollars plus an hourly rate of ninety-five dollars after one hundred fifty-eight hours.

This fee covers one hundred fifty-eight hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above one hundred fifty-eight hours.

(b) Change to an approval order issued under WAC 173-400-830:
(i) Request to change permit conditions under WAC 173-400-111(8) that is not subject to mandatory public comment in WAC 173-400-171: One thousand nine hundred dollars plus an hourly rate of ninety-five dollars after twenty hours.

This fee covers twenty hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above twenty hours.

(ii) All other permit changes (except major modification): Seven thousand five hundred dollars plus an hourly rate of ninety-five dollars after seventy-nine hours.

This fee covers seventy-nine hours of staff time to review the application and issue a final decision. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the application above seventy-nine hours.

(iii) The fee for a major modification (as defined in WAC 173-400-810) of an approval order is located in subsection (13)(a) of this section.

(14) Plant-wide applicability limits (WAC 173-400-720).

(a) Request to establish new plant-wide applicability limits: Fifteen thousand dollars plus an hourly rate of ninety-five dollars after one hundred fifty-eight hours.

This fee covers up to one hundred fifty-eight hours of staff time to review the request and establish a plant-wide applicability limit. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the request above one hundred fifty-eight hours.

(b) All other requests, such as increase or renew plant-wide applicability limits; or process an expired plant-wide applicability limit: Seven thousand five hundred dollars plus an hourly rate of ninety-five dollars after seventy-nine hours.

This fee covers up to seventy-nine hours of staff time to increase, renew or process a retired plant-wide applicability limit. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the request above seventy-nine hours.

Other fees.

(15) Second tier review (WAC 173-460-090): Ten thousand dollars plus an hourly rate of ninety-five dollars after one hundred six hours.

(a) This fee covers up to one hundred six hours of staff time to evaluate the health impact assessment protocol and second tier petition, and make a recommendation. Ecology will bill the applicant ninety-five dollars per hour for each additional hour spent on the second tier petition above one hundred six hours.

(b) This fee does not apply to a second tier petition that becomes a third tier petition.

(17) Ecology may enter into a written cost-reimbursement agreement with an applicant as provided in RCW 70.94.085. Ecology will be reimbursed at a rate of ninety-five dollars per hour.

(18) Small business fee reduction. The new source review fee identified in subsections (2) through (7) of this section may be reduced for a small business.

(a) To qualify for the small business new source review fee reduction, a business must meet the requirements of "small business" as defined in RCW 19.85.020. In RCW 19.85.020, "small business" means any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees.

(b) To receive a fee reduction, the owner or operator of a small business must include information in the application demonstrating that the conditions of (a) of this subsection have been met. The application must be signed:

(i) By an authorized corporate officer in the case of a corporation;

(ii) By an authorized partner in the case of a limited or general partnership; or

(iii) By the proprietor in the case of a sole proprietorship.

(c) Ecology may verify the application information and, if the owner or operator has made false statements, deny the fee reduction request and revoke previously granted fee reductions.

(d) For small businesses determined to be eligible under (a) of this subsection, the new source review fee shall be reduced to the greater of:

(i) Fifty percent of the new source review fee; or

(ii) Two hundred fifty dollars.

(e) If, due to special economic circumstances, the fee reduction determined under (d) of this subsection imposes an extreme hardship on a small business, the small business may request an extreme hardship fee reduction. The owner or operator must provide sufficient evidence to support a claim of an extreme hardship. The factors which ecology may consider in determining whether an owner or operator has special economic circumstances and in setting the extreme hardship fee include: Annual sales; labor force size; market conditions which affect the owner's or operator's ability to pass the cost of the new source review fees through to customers; and average annual profits. In no case will a new source review fee be reduced below one hundred dollars.

(19) Fee reductions for pollution prevention initiatives. Ecology may reduce the fees defined in subsections (2) through (7) of this section where the owner or operator of the proposed source demonstrates that approved pollution prevention measures will be used.

(20) Tracking revenues, time, and expenditures. Ecology must track revenues collected under this subsection on a source-specific basis.

(21) Periodic review. To ensure that fees cover the cost of processing the actions in this section, ecology shall review and update this section as necessary.
WAC 173-455-130  Air pollution standards variance fee. The department shall charge a fee of sixty-five dollars per hour to process a variance request in accordance with WAC 173-400-180.

WAC 173-455-140 Nonroad engine permit fee. The department shall charge a fee of ninety-five dollars per hour to process a notification of intent to operate under WAC 173-400-035.
