FAMILY, CHILDREN, PREGNANCY AND WOMEN'S MEDICAL PROGRAMS

WAC 182-505-0100  Medical programs—Monthly income standards based on the federal poverty level (FPL). (1) Each year, the federal government publishes new federal poverty level (FPL) income standards in the Federal Register found at http://aspe.hhs.gov/poverty/index.shtml. The income standards for the following medical programs change on the first day of April every year based on the new FPL:

(a) Pregnant women's program up to one hundred eighty-five percent of FPL;

(b) A program included in apple health for kids up to two hundred percent of FPL;

(c) Health care for workers with disabilities (HWD) up to two hundred twenty percent of FPL; and

(d) Premium-based coverage under a program included in apple health for kids over two hundred percent of FPL, but not over three hundred percent of FPL.

(2) The department uses the FPL income standards to determine:

(a) The mandatory or optional medicaid status of an individual; and

(b) Premium amount, if any, for a child.

(3) There are no resource limits for the programs under this section.

WAC 182-505-0215 Purpose and scope of premium-based health care coverage under programs included in apple health for kids. The department administers the programs included in apple health for kids that provide premium-based coverage through a combination of state and federal funding sources as described below:

(1) Federally matched health care coverage as authorized by Title XXI of the Social Security Act state children’s health insurance program (SCHIP) and RCW 74.09.450 for citizen and federally qualified immigrant children whose family income is above two hundred percent of the federal poverty level (FPL) but is not above three hundred percent FPL.

(2) State funded health care coverage for children with family income above two hundred percent FPL, but not above three hundred percent FPL, who are ineligible for Title XXI federally matched health care coverage due to immigration issues.

WAC 182-505-0220 Definitions for premium-based health care coverage under programs included in apple health for kids. The following definitions, as well as those found in WAC 388-538-050 and in 388-500-0005 Medical definitions, apply to premium-based coverage under programs included in apple health for kids.

"Creditable coverage" means most types of public and private health coverage, except Indian health services, that provides access to physicians, hospitals, laboratory services, and radiology services. This term applies to the coverage whether or not the coverage is equivalent to that offered under premium-based programs included in apple health for kids. "Creditable coverage" is described in 42 U.S.C. Sec. 1397jj.

"Employer-sponsored dependent coverage" means creditable health coverage for dependents offered by a family member's employer or union, for which the employer or union may contribute in whole or part towards the premium. Extensions of such coverage (e.g., COBRA extensions) also...
WAC 182-505-0225 Premium requirements for premium-based health care coverage under programs included in apple health for kids. (1) For the purposes of this chapter, "premium" means an amount paid for health care coverage under programs included in apple health for kids as described in WAC 388-505-0210 (4) and (5).

(2) Payment of a premium is required as a condition of eligibility for premium-based coverage under programs included in apple health for kids, as described in WAC 388-505-0210 (4) and (5), unless the child is:

(a) Pregnant; or
(b) An American Indian or Alaska native.

(3) The premium requirement begins the first of the month following the determination of eligibility. There is no premium requirement for medical coverage received in a month or months before the determination of eligibility.

(4) The premium amount for the assistance unit (AU) is based on the net countable income as described in WAC 388-505-0210 and the number of children in the AU. If the household includes more than one AU, the premium amount billed for the AUs may be different amounts.

(5) The premium amount is limited to a monthly maximum of two premiums for households with two or more children.

(6) The premium amount for each U.S. citizen or lawfully present alien child described in WAC 388-505-0210(4) is:

(a) Twenty dollars per month per child for households with income above two hundred percent FPL, but not above two hundred and fifty percent FPL; or
(b) Thirty dollars per month per child for households with income above two hundred and fifty percent FPL, but not above three hundred percent FPL.

(7) The premium amount for each noncitizen child described in WAC 388-505-0210(5) who is not a lawfully present qualified or nonqualified alien is no greater than the average of the state-share of the per capita cost for state-funded children's health coverage. The premium amount is set every two years, based on the forecasted per capita costs for that period.

(8) All children in an AU are ineligible for health care coverage when the head of household fails to pay required premium payments for three consecutive months.

(9) When the agency or the agency's designee terminates the medical coverage of a child due to nonpayment of premiums, the child's eligibility is restored only when the: (a) Past due premiums are paid in full prior to the end of the certification period; or
(b) The child becomes eligible for coverage under a non-premium-based CN health care program.

(10) The agency or the agency's designee writes off past-due premiums after twelve months.

(11) If all past due premiums are paid after the certification period is over:

(a) Eligibility for prior months is not restored; and
(b) Children are not eligible for premium-based coverage under apple health for kids until:

(i) The month the premiums are paid or the agency writes off the debt; and
(ii) The family reapplies and is found eligible.

(12) A family cannot designate partial payment of the billed premium amount as payment for a specific child in the AU. The full premium amount is the obligation of the head of household of the AU. A family can decide to request health care coverage only for certain children in the AU, if they want to reduce premium obligation.

(13) A change that affects the premium amount is effective the month after the change is reported and processed.

(14) A sponsor or other third party may pay the premium on behalf of the child or children in the AU. The premium payment requirement remains the obligation of the head of household of the AU. The failure of a sponsor or other third party to pay the premium does not eliminate the obligation of the head of household to pay past due premiums.

WAC 182-505-0230 Waiting period for premium-based health care coverage under programs included in apple health for kids following employer coverage. (1) The department requires applicants to serve a waiting period of four full consecutive months before receiving premium-based coverage under programs included in apple health for kids if the client or family:

(a) Chooses to end employer sponsored dependent coverage. The waiting period begins the day after the employment-based coverage ends; or
(b) Fails to exercise an optional coverage extension (e.g., COBRA) that meets the following conditions. The waiting period begins on the day there is a documented refusal of the coverage extension when the extended coverage is:

(i) Subsidized in part or in whole by the employer or union; and
(ii) Available and accessible to the applicant or family; and

(2) The department does not require a waiting period prior to premium-based coverage under a program included in apple health for kids when:

(a) The client or family member has a medical condition that, without treatment, would be life-threatening or cause serious disability or loss of function; or

(b) The loss of employer-sponsored dependent coverage is due to any of the following:

(i) Loss of employment with no post-employment subsidized coverage as described in subsection (1)(b);

(ii) Death of the employee;

(iii) The employer discontinues employer-sponsored dependent coverage;

(iv) The family's total out-of-pocket maximum cost for employer-sponsored dependent coverage is two and one-half percent or more of the family's countable monthly income;

(v) The plan terminates employer-sponsored dependent coverage for the client because the client reached the maximum lifetime coverage amount;

(vi) Coverage under a COBRA extension period expired;

(vii) Employer-sponsored dependent coverage is not reasonably available (e.g., client would have to travel to another city or state to access care); or

(viii) Domestic violence caused the loss of coverage for the victim.
