This chapter is enacted to implement chapter 19.02 RCW the Business License Center Act, chapter 319, Laws of 1977 ex. sess., wherein the department of licensing has been directed to establish a consolidated master license system for businesses in the state. It is the belief of the department of licensing that the passage of the Business License Center Act by the legislature has, in certain instances, modified existing statutes and rules in those areas addressed by the act.

Therefore, the following rules are promulgated and published pursuant to the authority granted by sections 3(6) and 6 of the Business License Center Act RCW 19.02.030(6) and 19.02.060 to interpret for affected businesses and state agencies the process by which the licenses, permits, registrations, certificates, and other forms of licensing authorization referred to in this chapter of the regulations are to be administered by the department of licensing.

The department of licensing hereby phases the grocery related consolidated licensing program heretofore operated by the department of commerce and economic development into the department of licensing division entitled the business license center, to further the purposes of the Business License Center Act.

Notification shall be made in advance of the change where possible, and in no event shall be received at the business license center later than thirty days following the change.

Where the rules of the granting agency require notice of a change in advance of a change, or a certain period of time in advance of the change, that requirement shall be met by the licensee.

Where changes require the approval of the granting agency before implementing the change (for example, as is often the case with a change of name or a change of location of the business), the change shall not be implemented until the licensee receives written notice of approval of the change from the state.

Where a fee is required by a granting agency in connection with the change, that fee shall be submitted with notice of the change. Such fees will be processed in the same manner as those fees received with license applications.

Where the change is of such magnitude or character as to require a new master license or a new license from any granting agency or agencies under the rules of such agency or agencies, the person or persons seeking the license shall submit a new master application, setting out the particular licenses sought, together with the total of all fees required by the granting agency for such license.
