The reasons that the department may modify your current assessment without conducting an in-person interview in your home or place of residence include but are not limited to the following:

(a) Errors made by department staff in coding the information from your in-person interview;
(b) New information requested by department staff at the time of your assessment and received after completion of the in-person interview (e.g. medical diagnosis);
(c) Changes in the level of informal support available to you; or
(d) Clarification of the coding selected.

(3) When the department modifies your current assessment, it will notify you using a Planned Action Notice of the modification regardless of whether the modification results in a change to your benefits. You will also receive a new service summary and assessment details, if requested.

1. Will assess you using a department-prescribed assessment tool, titled the comprehensive assessment reporting evaluation (CARE).
2. May request the assessment be conducted in private. However, you have the right to request that third parties be present.

WAC 388-106-0075 How is my need for personal care services assessed in CARE? The department gathers information from you, your caregivers, family members and other sources to assess your abilities to perform personal care tasks. The department will also consider developmental milestones for children as defined in WAC 388-106-0130 when individually assessing your abilities and needs for assistance. The department will assess your ability to perform:

1. Activities of daily living (ADL) using self-performance support provided, status and assistance available, as defined in WAC 388-106-0010. Also, the department determines your need for "assistance with body care" and "assistance with medication management," as defined in WAC 388-106-0010; and
2. Instrumental activities of daily living (IADL) using self-performance difficulty, status and assistance available, as defined in WAC 388-106-0010.

CARE CLASSIFICATION

WAC 388-106-0080 How is the amount of long-term care services I can receive in my own home or in a residential facility determined? The amount of long-term care services you can receive in your own home or in a residential facility is determined through a classification system. Seventeen classifications apply to clients served in residential and in-home settings. The department has assigned each classification a residential facility daily rate or a base number of hours you can receive in your own home.

[Statutory Authority: 2008 c 329. WSR 08-19-102, § 388-106-0080, filed 9/17/08, effective 10/18/08. Statutory Authority: RCW 74.08.090, 74.09.520.]
WAC 388-106-0085 What criteria does the CARE tool use to place me in one of the classification groups? The department uses CARE to assess your characteristics. Based on this assessment, the CARE tool uses the following criteria to place you in one of the classification groups:

2. Clinical complexity.
4. Activities of daily living (ADLs).

[Statutory Authority: RCW 74.08.090, 74.09.520. WSR 05-11-082, § 388-106-0085, filed 5/17/05, effective 6/17/05.]

WAC 388-106-0090 How does the CARE tool measure cognitive performance? (1) The CARE tool uses a tool called the cognitive performance scale (CPS) to evaluate your cognitive impairment. The CPS results in a score that ranges from zero (intact) to six (very severe impairment). Your CPS score is based on:

(a) Whether you are comatose.
(b) Your ability to make decisions, as defined in WAC 388-106-0010 "Decision making."
(c) Your ability to make yourself understood, as defined in WAC 388-106-0010 "Ability to make self understood."
(d) Whether you have short-term memory problem (e.g., can you remember recent events?) or whether you have delayed recall; and
(e) Whether you score as total dependence for self-performance in eating, as defined in WAC 388-106-0010 "Self-performance of ADLs."

(2) You will receive a CPS score of:

(a) Zero when you do not have problems with decision-making ability, making yourself understood, or recent memory.
(b) One when you meet one of the following:
   (i) Your decision-making ability is scored as modified independence or moderately impaired;
   (ii) Your ability to make yourself understood is usually, sometimes, or rarely/never understood;
   (iii) You have a recent memory problem.
(c) Two when you meet two of the following:
   (i) Your decision-making ability is scored as modified independence or moderately impaired;
   (ii) Your ability to make yourself understood is usually, sometimes, or rarely/never understood; and/or
   (iii) You have a short-term memory problem or delayed recall.
(d) Three when you meet at least two of the criteria listed in subsection (2)(b) of this section and one of the following applies:
   (i) Your decision making is moderately impaired; or
   (ii) Your ability to make yourself understood is sometimes or rarely/never understood.
(e) Four when both of the following criteria applies:
   (i) Your decision making is moderately impaired; and
   (ii) Your ability to make yourself understood is sometimes or rarely/never understood.
(f) Five when your ability to make decisions is scored as severely impaired.

(g) Six when one of the following applies:
   (i) Your ability to make decisions is severely impaired and you require total dependence in eating; or
   (ii) You are comatose.

[Statutory Authority: RCW 74.08.090, 74.09.520. WSR 05-11-082, § 388-106-0090, filed 5/17/05, effective 6/17/05.]

388-106-0100 How does the CARE tool measure mood and behaviors?

1. When you do not meet the criteria for the clinically complex classification group, or the criteria for exceptional care, or for in-home only have a cognitive performance scale score of five or six, then the mood and behavior criteria listed in subsections (3) and (4) below determines your classification group. If you are eligible for more than one "B" group classification based on the two methodologies, CARE will place you in the highest group for which you qualify.

2. For each behavior that the CARE tool has documented, the department will determine a status as "current" or "past" as defined in WAC 388-106-0095.

3. CARE places you in the mood and behavior classification group only if you have one or more of the behavior/moods that also meets the listed status, frequency, and alterability as identified in the following chart:

[Ch. 388-106 WAC p. 12]
Each current behavior (as shown in the table below) has a value from .5 to 6 depending on the severity and alterability. Each status combination (shown in the table above) has a weight from 0 to 1. Behavior points are determined by multiplying the value of each current behavior (from the list below) by the weight of the status combination (above). Behavior points for past behaviors will be determined by multiplying the easily altered value of the behavior from the table below by the appropriate weight from the table above (0 or .25).

The list of behaviors below is divided into categories. Each category has a point limit of how many points can be counted toward the total behavior point score as detailed below. The total behavior point score is determined by totaling the weight-adjusted values for each category below.

WAC 388-106-0105 How does the CARE tool measure activities of daily living (ADLs)? (1) CARE determines an ADL score ranging from zero to twenty-eight for each of the following ADLs.

(a) Personal hygiene;
(b) Bed mobility;
(c) Transfers;
(d) Eating;
(e) Toilet use;
(f) Dressing;
(g) Locomotion in room;
(h) Locomotion outside room; and
(i) Walk in room.

(2) The department through the CARE tool determines the ADL score by using the definitions in WAC 388-106-1000 under "Self-performance for ADLs." The CARE tool assigns the following points to the level of self performance for each of the ADLs listed in subsection (1) of this section. For the locomotion in room, locomotion outside of room and walk in room, the department uses the highest score of the three in determining the total ADL score.
Although assessed by CARE, the department does not score bathing and medication management to determine classification groups.

**WAC 388-106-0110 How does the CARE tool evaluate me for the exceptional care classification of the E Group?** CARE places you in the exceptional care E Group classifications when the following criteria are met in either diagram 1 or 2:

**Diagram 1**

You have an ADL score of greater than or equal to 22.

AND

You need a turning/repositioning program.

AND

You need at least one of the following:

- External catheter;
- Intermittent catheter;
- Indwelling catheter care;
- Bowel program;
- Ostomy care; or
- Total in self performance for toilet use.

AND

You need one of the following services provided by an individual provider, agency provider, a private duty nurse, or through self-directed care when in the in home setting, or provided by AFH/boarding home staff, facility RN/LPN, facility staff or private duty nursing when living in a residential setting:

- Active range of motion (AROM); or
- Passive range of motion (PROM).

**WAC 388-106-0115 How does CARE use criteria to place me in a classification group for residential facilities?**

The CARE tool uses the criteria of cognitive performance as determined under WAC 388-106-0090, clinical complexity as determined under WAC 388-106-0095, mood/behaviors as determined under WAC 388-106-0100, ADLs as determined under WAC 388-106-0105 and exceptional care under WAC 388-106-0110 to place you into one of the following seventeen residential classification groups:

CARE classification is determined first by meeting criteria to be placed into a group, then you are further classified based on ADL score or behavior point score into a classification subgroup following a classification path of highest possible group to lowest qualifying group.

1. If you meet the criteria for exceptional care, then CARE will place you in Group E. CARE then further classifies you into:
   (a) Group E High if you have an ADL score of 26-28; or
   (b) Group E Medium if you have an ADL score of 22-25.
2. If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in Group C regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:
   (a) Group C High if you have an ADL score of 25-28; or
   (b) Group C Medium-High if you have an ADL score of 18-24; or
   (c) Group C Medium if you have an ADL score of 13-17; or
   (d) Group C Low if you have an ADL score of 2-12.
3. If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in Group C regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:
   (a) Group C High if you have an ADL score of 25-28; or
   (b) Group C Medium-High if you have an ADL score of 18-24; or
   (c) Group C Medium if you have an ADL score of 13-17; or
   (d) Group C Low if you have an ADL score of 2-12.
(c) Group C Medium if you have an ADL score of 9-17;

(d) Group C Low if you have an ADL score of 2-8.

(4) If you meet the criteria for mood and behavior qualification and do not meet the classification for C, D, or E groups, then you are classified into Group B. CARE further classifies you into:

(a) Group B High if you have an ADL score of 15-28; or

(b) Group B Medium if you have an ADL score of 5-14; or

(c) Group B Low if you have an ADL score of 0-4.

(5) If you meet the criteria for behavior points and have a CPS score of greater than 2 and your ADL score is greater than 1, and do not meet the classification for C, D, or E groups, then you are classified in Group B. CARE further classifies you into:

(a) Group B High if you have a behavior point score 12 or greater; or

(b) Group B Medium-High if you have a behavior point score greater than 6; or

(c) Group B Medium if you have a behavior point score greater than 4; or

(d) Group B Low if you have a behavior point score greater than 1.

(6) If you are not clinically complex and you do not qualify under either mood and behavior criteria, then you are classified in Group A. CARE further classifies you into:

(a) Group A High if you have an ADL score of 10-28; or

(b) Group A Medium if you have an ADL score of 5-9; or

(c) Group A Low if you have an ADL score of 0-4.

[WAC 388-106-0125  How does CARE use criteria to place me in a classification group for in-home care? CARE uses the criteria of cognitive performance score as determined under WAC 388-106-0090, clinical complexity as determined under WAC 388-106-0095, mood/behavior and behavior point score as determined under WAC 388-106-0100, ADLs as determined under WAC 388-106-0105, and exceptional care as determined under WAC 388-106-0110 to place you into one of the following seventeen in-home groups. CARE classification is determined first by meeting criteria to be placed into a group, then you are further classified based on ADL score or behavior point score into a classification sub-group following a classification path of highest possible base hours to lowest qualifying base hours. Each classification group is assigned a number of base hours as described below based upon the level of funding provided by the legislature for personal care services, and based upon the relative level of functional disability of persons in each classification group as compared to persons in other classification groups.

(1) If you meet the criteria for exceptional care, then CARE will place you in Group E. CARE then further classifies you into:

(a) Group E High with 393 base hours if you have an ADL score of 26-28; or

(b) Group E Medium with 327 base hours if you have an ADL score of 22-25.

(2) If you meet the criteria for clinical complexity and have cognitive performance score of 4-6 or you have cognitive performance score of 5-6, then you are classified in Group D regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

(a) Group D High with 260 base hours if you have an ADL score of 25-28; or

(b) Group D Medium-High with 215 base hours if you have an ADL score of 18-24; or

(c) Group D Medium with 168 base hours if you have an ADL score of 13-17; or

(d) Group D Low with 120 base hours if you have an ADL score of 2-12.

(3) If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in Group C regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

(a) Group C High with 176 base hours if you have an ADL score of 25-28; or

(b) Group C Medium-High with 158 base hours if you have an ADL score of 18-24; or

(c) Group C Medium with 115 base hours if you have an ADL score of 9-17; or

(d) Group C Low with 73 base hours if you have an ADL score of 2-12.

(4) If you meet the criteria for mood and behavior qualification and do not meet the classification for C, D, or E groups, then you are classified into Group B. CARE further classifies you into:

(a) Group B High with 129 base hours if you have an ADL score of 15-28; or

(b) Group B Medium with 94 base hours if you have an ADL score of 9-14; or

(c) Group B Low with 39 base hours if you have an ADL score of 0-4.

(5) If you meet the criteria for behavior points and have a CPS score of greater than 2 and your ADL score is greater than 1, and do not meet the classification for C, D, or E groups, then you are classified in Group B. CARE further classifies you into:

(a) Group B High with 129 base hours if you have a behavior point score 12 or greater; or

(b) Group B Medium-High with 84 base hours if you have a behavior point score greater than 6; or

(c) Group B Medium with 39 base hours if you have a behavior point score greater than 4; or
(d) **Group B Low** with 39 base hours if you have a behavior point score greater than 1.

(6) If you are not clinically complex and your CPS score is less than 5 and you do not qualify under either mood and behavior criteria, then you are classified in **Group A.** CARE further classifies you into:

(a) **Group A High** with 59 base hours if you have an ADL score of 10-28; or

(b) **Group A Medium** with 47 base hours if you have an ADL score of 5-9; or

(c) **Group A Low** with 22 base hours if you have an ADL score of 0-4.

**WAC 388-106-0130 How does the department determine the number of hours I may receive for in-home care?**

(1) The department assigns a base number of hours to each classification group as described in WAC 388-106-0125.

(2) The department will deduct from the base hours to account for informal supports, as defined in WAC 388-106-0010, or other paid services that meet some of an individual's need for personal care services, including adult day health, as follows:

(a) The CARE tool determines the adjustment for informal supports by determining the amount of assistance available to meet your needs, assigns it a numeric percentage, and reduces the base hours assigned to the classification group by the numeric percentage. The department has assigned the following numeric values for the amount of assistance available for each ADL and IADL:

(b) To determine the amount of reduction for informal support, the value percentages are totaled and divided by the number of qualifying ADLs and IADLs needs. The result is value A. Value A is then subtracted from one. This is value B. Value B is divided by three. This is value C. Value A and Value C are summed. This is value D. Value D is multiplied by the "base hours" assigned to your classification group and the result is the number of in-home hours reduced for informal supports.

(3) Also, the department will adjust in-home base hours when:

(a) There is more than one client receiving ADSA-paid personal care services living in the same household, the status under subsection (2)(a) of this section must be met or partially met for the following IADLs:

(i) Meal preparation;
(ii) Housekeeping;
(iii) Shopping; and
(iv) Wood supply.

(b) You are under the age of eighteen, your assessment will be coded according to age guidelines codified in WAC 388-106-0213.

(4) After deductions are made to your base hours, as described in subsections (2) and (3), the department may add on hours based on your living environment:

WAC 388-106-0135  What are the maximum hours that I can receive for in-home services? The maximum hours that you may receive is the base hours assigned to your classification group and adjusted per WAC 388-106-0130. For chore program clients, the maximum personal care hours per month the department will pay is one hundred sixteen.

WAC 388-106-0140  What may change the maximum number of hours that I can receive for in-home personal care services? The maximum number of in-home personal care hours you can receive may change:

(1) When you have a change in any of the criteria listed in WAC 388-106-0115 or/and WAC 388-106-0110;

(2) Because you meet the criteria in WAC 388-440-0001, an exception to rule is approved by the department for in-home personal care hours in excess of the amount determined to be available to you by the CARE tool.

MEDICAID PERSONAL CARE (MPC)

WAC 388-106-0200  What services may I receive under medicaid personal care (MPC)? You may be eligible to receive only the following services under medicaid personal care (MPC):

(1) Personal care services, as defined in WAC 388-106-0010, in your own home and, as applicable, assistance with personal care tasks while you are out of the home accessing community resources or working.

(2) Personal care services in one of the following residential care facilities:

(a) Adult family homes; or

(b) A licensed boarding home that has contracted with the department to provide adult residential care services.

(3) Nursing services, if you are not already receiving this type of service from another resource. A registered nurse may visit you and perform any of the following activities. The fre-
Long-Term Care Services 388-106-0210

quency and scope of the nursing services is based on your individual need as determined by your CARE assessment and any additional collateral contact information obtained by your case manager:

(a) Nursing assessment/reassessment;
(b) Instruction to you and your providers;
(c) Care coordination and referral to other health care providers;
(d) Skilled treatment, only in the event of an emergency. A skilled treatment is care that would require authorization, prescription, and supervision by an authorized practitioner prior to its provision by a nurse, for example, medication administration or wound care such as debridement. In non-emergency situations, the nurse will refer the need for any skilled medical or nursing treatments to a health care provider, a home health agency or other appropriate resource;
(e) File review; and/or
(f) Evaluation of health-related care needs affecting service planning and delivery.

WAC 388-106-0210 Am I eligible for MPC-funded services? You are eligible for MPC-funded services when the department assesses your functional ability and determines that you meet all of the following criteria:

(1) You are certified as noninstitutional categorically needy, as defined in WAC 388-500-0005. Categorically needy medical institutional programs described in chapter 388-513 WAC do not meet this criteria.

(2) You are functionally eligible which means one of the following applies:
(a) You have an unmet or partially met need for assistance with at least three of the following activities of daily living, as defined in WAC 388-106-0010:

(2) To be eligible, the department must assess your needs in CARE per chapter 388-106 or 388-845 WAC and you must:

(a) Have a continuous stay of at least 90 days in a qualified institutional setting (hospital, nursing home, residential habilitation center);

WAC 388-106-1110 Am I eligible for SCSA-funded services at no cost? To be eligible for SCSA-funded services at no cost, you must:

(1) Be age:

(a) Sixty-five or older; or

(b) Sixty or older, and:

(i) Either unemployed, or

(ii) Working twenty hours a week or less;

1. Your home, and the lot it is upon;

(1) Even if your income is above the forty percent SMI limit to receive SCSA-funded services at no cost, you may receive SCSA-subsidized services. The department uses a sliding fee schedule to determine what percentage the department pays for the cost of your services. You pay the remaining amount, but not more than the usual rate paid for services, as negotiated by the AAA or the department. The formula for determining the department's share of the cost of the services is:

\[
\text{Department's Share} = \frac{100\% - \text{SMI}}{100\%} \times \text{Household Income} \times 100
\]

(2) Service providers must be responsible for collecting fees owed by eligible persons and reporting to area agencies all fees paid or owed by eligible persons.

(3) Some services are provided at no charge regardless of income or need requirements. These services include, but are not limited to, nutritional services, health screening, services under the long-term care ombudsman program, and access to adult clinic services. Note: Well adult clinic services may be provided in lieu of health screening services if such clinics use the fee schedule established by this section.

WAC 388-106-1420 How do I remain eligible for New Freedom consumer directed services (NFCDs)? (1) In order to remain eligible for NFCDs, you must be in need of services in accordance with WAC 388-106-1410, as determined through a CARE assessment, and continue to meet the financial eligibility requirements in WAC 182-513-1315.

(a) The CARE assessment must be performed at least annually or more often when there are significant changes in your functional or financial circumstances.

(b) Your continued financial eligibility is reviewed annually.

(2) When eligibility statutes, regulations, and/or rules for NFCDs change, irrespective of whether your functional or financial circumstances have changed, if you do not meet the changed eligibility requirements, the department will terminate your NFCDs services.

WAC 388-106-1422 What happens to my New Freedom service dollar budget if I am temporarily hospitalized, placed in a nursing facility or intermediate care facilities for the mentally retarded (ICF/MR)? If you are admitted to a hospital, nursing home or ICF/MR, you cannot access or accumulate funds to your New Freedom service budget during your stay.

If you are institutionalized for forty-five days or less and you intend to return to New Freedom when discharged, your service budget will be temporarily suspended. Upon discharge home, your service budget will be reinstated if you are still eligible for New Freedom services.

WAC 388-106-1425 How do I pay for New Freedom consumer directed services (NFCDs)? (1) Depending on your income, you may be required to pay participation toward the cost of your care, as described in WAC 182-515-1505. If you have nonexempt income that exceeds the cost of NFCDs services, you may keep the difference. Since you are receiving services in your own home, you are allowed to keep some of your income for a maintenance allowance.

(2) You are responsible to pay for your goods and services received up to your participation amount determined by the department. Any approved budget expenditures for goods and services you receive, which exceed your participation amount, will be paid by the department once your participation, if any, is accounted for.
WAC 388-106-1430 Can I be employed and receive New Freedom consumer directed services (NFCDs)? You can be employed and receive NFCDs, if eligible, per WAC 182-515-1505.

WAC 388-106-1435 Who can direct New Freedom consumer directed services (NFCDs)? You, as an NFCDs participant, direct your services. You may also designate, or a court may appoint, a representative to assist you in directing your services, or to direct your services on your behalf. A New Freedom designated representative cannot also be your paid provider.

WAC 388-106-1440 What is an individual budget? An individual budget means the maximum amount of funding authorized by the department and allocated to the participant for the purchase of New Freedom consumer directed services.

WAC 388-106-1445 How is the amount of the individual budget determined? The department will calculate your individual budget amount after you are assigned a number of monthly hours resulting from completion of the comprehensive assessment reporting and evaluation tool, CARE. The calculation will be based on the average wage, including a mileage allowance, as determined by the collective bargaining agreement for individual provider personal care paid by the department multiplied by the number of units generated by the assessment, multiplied by a factor of .93, plus an amount equal to the average per participant expenditures for nonpersonal care supports purchased in the COPES waiver.

WAC 388-106-1450 Is the individual budget intended to fully meet all of my needs? The program provides funds in an amount proportionate to the amount of resources you would receive through COPES, and gives you flexibility to self-direct the purchase of goods and services to address your long-term care needs. The degree to which the budget meets your needs depends on the supports you identify and prioritize in your spending plan. Depending on your decisions, after your budget is exhausted, some of your needs may be unmet, or you may find other resources to address them.

WAC 388-106-1455 What happens to individual budget funds when I don’t use them? (1) The balance of individual budget funds that were not allocated for purchase of personal care may be used to purchase other goods and services in accordance with the approved New Freedom spending plan or saved for future purchase as described in (2) below.

(2) Up to three thousand five hundred dollars may be held in savings for future purchases documented in the New Freedom spending plan.

(3) Reserves in excess of three thousand five hundred dollars may only be maintained for exceptional, planned purchases with pre-approval from the department.

(4) Unused funds will revert back to the department under the following circumstances:
   (a) You have savings funds in excess of three thousand five hundred dollars that are not identified for exceptional, preapproved purchases in your spending plan;
   (b) You dis-enroll from New Freedom;
   (c) You lose eligibility for New Freedom;
   (d) You are hospitalized and/or placed in a nursing home or ICM/FR for over forty-five days; or
   (e) You have personal care funds not used in the month for which you allocated them.

WAC 388-106-1458 How do I create and use my spending plan? (1) You create your spending plan with the assistance of the Care Consultant using the New Freedom self-assessment and the CARE assessment.

(2) The spending plan must be approved by both you and the Care Consultant.

(3) You and your Care Consultant must identify how many personal care service units you intend to purchase prior to the month you plan to use them (service month). The value of those units is deducted from your New Freedom budget. The rest of funds can be used for other covered goods and services or saved.
   (a) Once a service month begins, the number of personal care units may not be altered during that month.
   (b) The maximum number of personal care units that can be purchased from the monthly budget is calculated from the individual budget as described in WAC 388-106-1445, divided by the individual provider average wage including mileage.

(c) Prior to the service month, you may elect to use savings funds to buy additional personal care.

(d) You can choose to have your personal care provided by an individual provider (IP) or a home care agency. Each unit will be deducted from your New Freedom budget at the average IP wage rate including mileage.

(e) The balance of your individual New Freedom budget will be available in your NFCSP to save or purchase other...
goods and services up to the limit described in WAC 388-106-1455(2).

(f) If you have a change of condition or situation and your New Freedom budget increases due to a new assessment or Exception to Rule, you may purchase additional personal care from an IP or home care agency mid-month at the average IP rate, including mileage during the month your budget changed.

(g) You may assign your predetermined personal care units to a different provider during the month of service.

(1) Nursing home residents who are returning home and are assessed for NFCDS waiver services will be ranked first on the waiting list by date of application for services;

(2) Individuals living in the community with a higher level of need, as determined by the CARE assessment, will be ranked higher on the wait list over participants with a lower level of need; and
