WAC 392-117-020 School district and educational service district reporting responsibilities. Each school district, charter school, and educational service district shall provide, upon written request of the superintendent of public instruction, such data as the superintendent deems appropriate. These requirements include, but are not limited to, data for determining the financial condition and results of operation of the school districts, charter schools, and educational service districts of the state, data for substantiating appropriation requests to the state legislature, data for administering state legal requirements, data for substantiating the district's and charter school's entitlement to state basic education apportionment, and educational data for the superintendent's comprehensive education data and research system (CEDARS).

WAC 392-117-030 Failure to submit timely general apportionment data. In the event any school district or educational service district fails to submit data by the due date established or in the form required by the superintendent of public instruction and the data are unavailable for calculations pursuant to this chapter or the biennial Operating Appropriations Act, the superintendent of public instruction shall either:

(1) Perform calculations and make payments as if the school district or educational service district reported zero data; or
(2) Delay calculations and payments to the school district or educational service district until the next monthly apportionment payment or until after data are submitted in the form required.

If a school district or educational service district is unable to report by the due date or in the form required by the superintendent of public instruction due to extenuating circumstances, the district may request to make a tentative report. If the superintendent of public instruction agrees that extenuating circumstances exist and if the tentative report is received in time for the calculations, the superintendent of public instruction may use such tentative report for calculations and payments until such time as the district submits the final required data: Provided, That a tentative report shall not...
be used for more than one monthly apportionment calculation without consent of the superintendent of public instruction.

WAC 392-117-035 Failure to submit timely annual financial statements. A school district's apportionment payments shall be delayed by the superintendent of public instruction if a school district fails to submit its annual financial statements (Report F-196) to the superintendent of public instruction by the established due date. An educational service district's apportionment payments shall be delayed by the superintendent of public instruction if an educational service district fails to submit its annual financial statements (Report F-185) to the superintendent of public instruction by the established due date. The first apportionment payment to be delayed will be for the month in which the annual financial statements are due. The first apportionment payment shall be delayed no less than thirty days. The first apportionment payment and subsequent apportionment payments shall be delayed until the annual financial statements are filed in approvable form.

[Statutory Authority: RCW 28A.150.290 and 28A.300.040. WSR 91-13-054 (Order 91-09), § 392-117-035, filed 6/14/91, effective 7/15/91.]

WAC 392-117-038 Failure to meet CEDARS submission requirements. School districts, charter schools, tribal schools, and other local education agencies receiving state funds who fail to meet CEDARS reporting requirements as outlined in the annual CEDARS data manual are subject to the following course of action. Upon the superintendent of public instruction's determination that a local education agency has failed to meet CEDARS reporting requirements, the superintendent will provide notice of the determination to the local education agency. The local education agency will have ninety days from the receipt of the notice to correctly report CEDARS data. If the local education agency's failure to meet CEDARS reporting requirements is not corrected within forty-five days of the superintendent's first notice, the superintendent will provide a second notice to the local education agency. The second notice will describe the superintendent's determination and will identify the deadline for corrective action. If the local education agency does not correctly report CEDARS data within ninety days of its receipt of the superintendent's first notice, the superintendent may withhold the local education agency's subsequent monthly apportionment payment until CEDARS reporting requirements are met.

WAC 392-117-040 Extension of time for filing annual financial statements. The superintendent of public instruction may grant an extension of the due date of the annual financial statements. The due date may be extended a maximum of thirty days. However, extensions may be granted for a period greater than thirty days when records necessary for the preparation of the annual financial statement have been destroyed as the result of an extenuating circumstance. A school district or educational service district's request for a due date extension must be received by the superintendent of public instruction at least ten days before the due date. The superintendent of public instruction may grant an extension only because of extenuating circumstances.
