WAC 182-502-0022 Provider preventable conditions (PPCs)—Payment policy. (1) This section establishes the agency's payment policy for services provided to medicaid clients on a fee-for-service basis or to a client enrolled in a managed care organization (defined in WAC 182-538-050) by health care professionals and inpatient hospitals that result in provider preventable conditions (PPCs).

(2) The rules in this section apply to:

(a) All health care professionals who bill the agency directly; and

(b) Inpatient hospitals.

(3) Definitions. The following definitions and those found in chapter 182-500 WAC apply to this section:

(a) Agency - See WAC 182-500-0010.

(b) Health care-acquired conditions (HCAC) - A condition occurring in any inpatient hospital setting (identified as a hospital acquired condition by medicare other than deep vein thrombosis/pulmonary embolism as related to a total knee replacement or hip replacement surgery in pediatric and obstetric patients.) Medicare's list of hospital acquired conditions is also available at: http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalAcqCond/Hospital-Acquired-Conditions.html.

(c) Other provider preventable conditions (OPPC) - The list of serious reportable events in health care as identified by the department of health in WAC 246-302-030 and published by the National Quality Forum.

(d) Present on admission (POA) indicator - A status code the hospital uses on an inpatient claim that indicates if a condition was present at the time the order for inpatient admission occurs.

(e) Provider preventable condition (PPC) - An umbrella term for hospital and nonhospital acquired conditions identified by the agency for nonpayment to ensure the high quality of medicaid services. PPCs include two distinct categories: Health care-acquired conditions (HCACs) and other preventable-preventable conditions (OPPCs).

(f) Health care-acquired condition (HCAC) - The agency will deny or recoup payment to health care professionals and inpatient hospitals for care related only to the treatment of the consequences of a HCAC.

(a) HCAC conditions include:

(i) Foreign object retained after surgery;

(ii) Air embolism;

(iii) Blood incompatibility;

(iv) Stage III and IV pressure ulcers;

(b) Hospitals must include the present on admission (POA) indicator when submitting inpatient claims for payment. The POA indicator is to be used according to the official coding guidelines for coding and reporting and the CMS guidelines. The POA indicator may prompt a review, by the agency or the agency's designee, of inpatient hospital claims with an HCAC diagnosis code when appropriate according to the CMS guidelines. The agency will identify professional claims using the information provided on the hospital claims.

(c) HCACs are based on current medicare inpatient prospective payment system rules with the inclusion of POA guidelines. Health care professionals and inpatient hospitals must report HCACs on claims submitted to the agency for consideration of payment.

(5) Other provider preventable condition (OPPC) - The agency will deny or recoup payment to health care professionals and inpatient hospitals for care related only to the treatment of consequences of an OPPC when the condition:

(a) Could have reasonably been prevented through the application of nationally recognized evidence based guidelines;

(b) Is within the control of the hospital;

(c) Occurred during an inpatient hospital admission;

(d) Has a negative consequence for the beneficiary;
(e) Is auditable; and
(f) Is included on the list of serious reportable events in health care as identified by the department of health in WAC 246-302-030 effective on the date the incident occurred. The list of serious reportable events in health care, as of the publishing of this rule, includes:

(12/10/14)
with chapter 70.56 RCW. Notifications must be in writing, addressed to the agency's chief medical officer, and include the PPC, date of service, and client identifier. Providers must complete the appropriate portion of the HCA 12-200 form to notify the agency of the PPC. Agency forms are available for download at http://www.hca.wa.gov/medicaid/forms/Pages/index.aspx.

(1) Failure to report, code, bill or claim PPCs according to the requirements in this section will result in loss or denial of payments.

(7) Identifying PPCs. The agency may identify PPCs as follows:

(a) Through the department of health (DOH); or
(b) Through the agency's program integrity efforts, including:
(i) The agency's claims payment system;
(ii) Retrospective hospital utilization review process (see WAC 182-550-1700);
(iii) The agency's provider payment review process (see WAC 182-502-0230);
(iv) The agency's provider audit process (see chapter 182-502A WAC); and
(v) A provider or client complaint.

(8) Payment adjustment for PPCs. The agency or its designee conducts a review of the PPC prior to reducing or denying payment.

(a) The agency does not reduce, recoup, or deny payment to a provider for a PPC when the condition:
(i) Existed prior to the initiation of treatment for that client by that provider. Documentation must be kept in the client's medical record to clearly support that the PPC existed prior to initiation of treatment; or
(ii) Is directly attributable to a comorbid condition(s).
(b) The agency reduces payment to a provider when the following applies:
(i) The identified PPC would otherwise result in an increase in payment; and
(ii) The portion of the professional services payment directly related to the PPC, or treatment of the PPC, can be reasonably isolated for nonpayment.

(c) The agency does not make additional payments for services on claims for covered health care services that are attributable to HCACs and/or are coded with POA indicator codes "N" or "U."

(d) Medicare crossover claims. The agency applies the following rules for these claims:
(i) If medicare denies payment for a claim at a higher rate for the increased costs of care under its PPC policies:
(A) The agency limits payment to the maximum allowed by medicare;
(B) The agency does not pay for care considered nonallowable by medicare; and
(C) The client cannot be held liable for payment.
(ii) If medicare denies payment for a claim under its national coverage determination agency from Section 1862 (a)(1)(A) of the Social Security Act (42 U.S.C. 1395) for an adverse health event:
(A) The agency does not pay the claim, any medicare deductible or any coinsurance related to the inpatient hospital and health care professional services; and
(B) The client cannot be held liable for payment.

(9) The agency will calculate its reduction, denial or recoupment of payment based on the facts of each OPPC or HCAC. Any overpayment applies only to the health care professional or hospital where the OPPC or HCAC occurred and does not apply to care provided by other health care professionals and inpatient hospitals, should the client subsequently be transferred or admitted to another hospital for needed care.

(10) Medicaid clients are not liable for payment of an item or service related to an OPPC or HCAC or the treatment of consequences of an OPPC or HCAC that would have been otherwise payable by the agency, and must not be billed for any item or service related to a PPC.

(11) Provider dispute process for PPCs.

(a) A health care professional or inpatient hospital may dispute the agency's reduction, denial or recoupment of payment related to a PPC as described in chapter 182-502A WAC.

(b) The disputing health care professional or inpatient hospital must provide the agency with the following information:
(i) The health care professional or inpatient hospital's assessment of the PPC; and
(ii) A complete copy of the client's medical record and all associated billing records, to include itemized statement or explanation of charges.

WAC 182-502-0025 Electronic health records (EHR) incentive program. The purpose of this section is to establish the medicaid electronic health records (EHR) incentive program in accordance with the American Recovery and Reinvestment Act of 2009 (ARRA). The medicaid EHR incentive program promotes the adoption and meaningful use of certified EHR technology by offering financial incentives to eligible professionals and hospitals. This program is administered by the department.

(1) The department provides incentive payments to eligible providers and hospitals that adopt and meaningfully use certified EHR technology in accordance with the provisions of 42 C.F.R. Parts 412, 413, 422, and any other federal regulations that apply.

(2) Providers and hospitals eligible to participate in EHR incentive program are identified in 42 C.F.R. Part 495.304 and other applicable rules.

(3) As authorized by 42 C.F.R. Parts 412, 413, 422, chapters 43.20B and 74.09 RCW, and any other federal or state rules that apply, the department monitors and reviews all providers and hospitals participating in the EHR incentive program. By the same authority, the department reviews all practices, documentation, and/or data related to EHR technology to determine whether professionals and hospitals participating in the EHR incentive program are eligible and complying with state and federal rules and regulations.

(4) The department may determine that a participating professional or hospital has not met the eligibility or performance requirements to receive an EHR incentive payment, or should receive an incentive payment in an amount less than the amount anticipated by the provider or hospital. Areas of
possible dispute in the EHR incentive program include, at a minimum, any of the following:
(a) Patient volume thresholds and calculations, as outlined in 42 C.F.R. Part 495.304 and 495.306.
(b) Eligibility criteria and payment limitations, as outlined in 42 C.F.R. Part 495.10, 495.304, 495.306, and 495.310.

(c) Attestations and compliance demonstrations including, at a minimum:
(i) Attestations that certified EHR technology has been adopted, implemented, or upgraded; and
(ii) Demonstrations of meaningful use, as outlined in 42 C.F.R. Part 495.6, 495.8, 495.306, 495.310, and in any future published federal regulations and requirements, as applicable.
(d) The payment process and incentive payment amounts, as outlined in 42 C.F.R. Part 495.310, 495.312, and 495.314.
(e) Additional issues regarding EHR incentive program eligibility, participation, documentation, and compliance as outlined in 42 C.F.R. Parts 412, 413, 422 et al. and in any future published federal regulations and requirements, as applicable.
(5) All matters of dispute are subject to the administrative procedure act (APA) appeal process per chapter 34.05 RCW. A provider who disagrees with a department action under this section may request a hearing. The hearing request must:
(a) Be in writing;
(b) Be received by the agency, at the address identified in the notice of action, within twenty-eight days of the date of the notice of action by certified mail (return receipt); and
(c) State the reason(s) why the provider thinks the action is incorrect.

(4) The department bases its outlier policy on the methodology described in the department's Title XIX state plan, methods, and standards used for establishing payment rates for hospital inpatient services.

(5) The department pays, according to department rules and billing instructions, for medicaid covered services when the client exhausts medicare benefits.

(1) Providers who are enrolled as contractors with the department’s medical care programs may be assessed interest on excess benefits or other inappropriate payments. Nursing home providers are governed by WAC 388-96-310 and are not subject to this section.

(2) The department assesses interest when:

(a) The excess benefits or other inappropriate payments were not the result of department error; and
(b) A provider is found liable for receipt of excess benefits or other payments under RCW 74.09.220; or
(c) A provider is notified by the department that repayment of excess benefits or other payments is due under RCW 74.09.220.

TIME LIMITS FOR BILLING

WAC 182-502-0150 Time limits for providers to bill the department. Providers must bill the department for covered services provided to eligible clients as follows:

(1) The department requires providers to submit initial claims and adjust prior claims in a timely manner. The department has three timeliness standards:

(a) For initial claims, see subsections (3), (4), (5), and (6) of this section;
(b) For resubmitted claims other than prescription drug claims and claims for major trauma services, see subsections (7) and (8) of this section;
(c) For resubmitted prescription drug claims, see subsections (9) and (10) of this section; and
(d) For resubmitting claims for major trauma services, see subsection (11) of this section.

(2) The provider must submit claims to the department as described in the department’s current published billing instructions.

(3) Providers must submit the initial claim to the department and have a transaction control number (TCN) assigned by the department within three hundred sixty-five calendar days from any of the following:

(a) The date the provider furnishes the service to the eligible client;
(b) The date a final fair hearing decision is entered that impacts the particular claim;
(c) The date a court orders the department to cover the service; or
(d) The date the department certifies a client eligible under delayed certification criteria.

(4) The department may grant exceptions to the time limit of three hundred sixty-five calendar days for initial claims when billing delays are caused by either of the following:

(a) The department’s certification of a client for a retroactive period; or
(b) The provider proves to the department’s satisfaction that there are other extenuating circumstances.

(5) The department requires providers to bill known third parties for services. See WAC 388-501-0200 for exceptions. Providers must meet the timely billing standards of the liable third parties in addition to the department’s billing limits.

(6) When a client is covered by both Medicare and Medicaid, the provider must bill Medicare for the service before billing the initial claim to the department. If Medicare:

(a) Pays the claim the provider must bill the department within six months of the date Medicare processes the claim; or
(b) Denies payment of the claim, the department requires the provider to meet the three hundred sixty-five-day requirement for timely initial claims as described in subsection (3) of this section.

(7) The following applies to claims with a date of service or admission before July 1, 2009:

(a) Within thirty-six months of the date the service was provided to the client, a provider may resubmit, modify, or adjust any claim, other than a prescription drug claim or a claim for major trauma services, with a timely TCN. This applies to any claim, other than a prescription drug claim or a
WAC 182-502-0160 Billing a client. (1) The purpose of this section is to specify the limited circumstances in which:

(a) Fee-for-service or managed care clients can choose to self-pay for medical assistance services; and

(b) Providers (as defined in WAC 182-500-0085) have the authority to bill fee-for-service or managed care clients for medical assistance services furnished to those clients.

(2) The provider is responsible for:

(a) Verifying whether the client is eligible to receive medical assistance services on the date the services are provided;

(b) Verifying whether the client is enrolled with a medicaid agency-contracted managed care organization (MCO);

(c) Knowing the limitations of the services within the scope of the eligible client's medical program (see WAC 182-501-0050 (4)(a) and 182-501-0065);

(d) Informing the client of those limitations;

(e) Exhausting all applicable medicaid agency or agency-contracted MCO processes necessary to obtain authorization for requested service(s);

(f) Ensuring that translation or interpretation is provided to clients with limited English proficiency (LEP) who agree to be billed for services in accordance with this section; and

(g) Retaining all documentation which demonstrates compliance with this section.

(3) Unless otherwise specified in this section, providers must accept as payment in full the amount paid by the agency or agency-contracted MCO for medical assistance services furnished to clients. See 42 C.F.R. § 447.15.

(4) A provider must not bill a client, or anyone on the client's behalf, for any services until the provider has completed all requirements of this section, including the conditions of payment described in the agency's rules, the agency's fee-for-service billing instructions, and the requirements for billing the agency-contracted MCO in which the client is enrolled, and until the provider has then fully informed the client of his or her covered options. A provider must not bill a client for:

(a) Any services for which the provider failed to satisfy the conditions of payment described in the agency's rules, the agency's fee-for-service billing instructions, and the requirements for billing the agency-contracted MCO in which the client is enrolled.

(b) A covered service even if the provider has not received payment from the agency or the client's MCO.

(c) A covered service when the agency or its designee denies an authorization request for the service because the required information was not received from the provider or the prescriber under WAC 182-501-0165 (7)(c)(i).

(5) If the requirements of this section are satisfied, then a provider may bill a fee-for-service or a managed care client for a covered service, defined in WAC 182-501-0050(9), or a noncovered service, defined in WAC 182-501-0050(10) and 182-501-0070. The client and provider must sign and date the HCA form 13-879, Agreement to Pay for Healthcare Services, before the service is furnished. Form 13-879, including translated versions, is available to download at http://hrsa.
(a) The agreement must:
(i) Indicate the anticipated date the service will be provided, which must be no later than ninety calendar days from the date of the signed agreement;
(ii) List each of the services that will be furnished;
(iii) List treatment alternatives that may have been covered by the agency or agency-contracted MCO;
(iv) Specify the total amount the client must pay for the service;
(v) Specify what items or services are included in this amount (such as pre-operative care and postoperative care).

(b) The provider must:
(i) Keep documentation of the client's declaration of medical coverage. The client's declaration must be signed and dated by the client, the client's legal guardian, or the client's legal representative;
(ii) Give a copy of the document to the client and maintain the original for six years from the date of service, for agency or its designee review upon request.

(c) For clients with limited English proficiency, the agreement must be the version translated in the client's primary language and interpreted if necessary. If the agreement is translated, the interpreter must also sign it;
(d) The provider must give the client a copy of the agreement and maintain the original and all documentation which supports compliance with this section in the client's file for six years from the date of service. The agreement must be made available to the agency or its designee for review upon request; and
(e) If the service is not provided within ninety calendar days of the signed agreement, a new agreement must be completed by the provider and signed by both the provider and the client.

(h) A fee-for-service client chooses to receive nonemergency services from a provider who is not contracted with the agency or its designee after being informed by the provider that he or she is not contracted with the agency or its designee.
and that the services offered will not be paid by the client's health care program; and

(i) An agency-contracted MCO enrollee chooses to receive nonemergency services from providers outside of the MCO's network without authorization from the MCO, i.e., a nonparticipating provider.

(7) Under chapter 182-519 WAC, an individual who has applied for medical assistance is required to spend down excess income on health care expenses to become eligible for coverage under the medically needy program. An individual must incur health care expenses greater than or equal to the amount that he or she must spend down. The provider is prohibited from billing the individual for any amount in excess of the spenddown liability assigned to the bill.

(8) There are situations in which a provider must refund the full amount of a payment previously received from or on behalf of an individual and then bill the agency for the covered service that had been furnished. In these situations, the individual becomes eligible for a covered service that had already been furnished. Providers must then accept as payment in full the amount paid by the agency or its designee or managed care organization for medical assistance services furnished to clients. These situations are as follows:

(a) The individual was not receiving medical assistance on the day the service was furnished. The individual applies for medical assistance later in the same month in which the service was provided and the agency or its designee makes the individual eligible for medical assistance from the first day of that month;

(b) The client receives a delayed certification for medical assistance as defined in WAC 182-500-0025; or

(c) The client receives a certification for medical assistance for a retroactive period according to 42 C.F.R. § 435.914(a) and defined in WAC 182-500-0095.

(9) Regardless of any written, signed agreement to pay, a provider may not bill, demand, collect, or accept payment or a deposit from a client, anyone on the client's behalf, or the agency or its designee for:

(a) Copying, printing, or otherwise transferring health care information, as the term health care information is defined in chapter 70.02 RCW, to another health care provider. This includes, but is not limited to:

(i) Medical/dental charts;

(ii) Radiological or imaging films; and

(iii) Laboratory or other diagnostic test results.

(b) Missed, canceled, or late appointments;

(c) Shipping and/or postage charges;

(d) "Boutique," "concierge," or enhanced service packages (e.g., newsletters, 24/7 access to provider, health seminars) as a condition for access to care; or

(e) The price differential between an authorized service or item and an "upgraded" service or item (e.g., a wheelchair with more features; brand name versus generic drugs).

PROVIDER REPORTS

WAC 182-502-0210 Statistical data-provider reports. (1) At the request of the department, all providers enrolled with department programs must submit full reports, as specified by the department, of goods and services furnished to eligible medical assistance clients. The department furnishes the provider with a standardized format to report these data.

(2) The department analyzes the data collected from the providers' reports to secure statistics on costs of goods and services furnished and makes a report of the analysis available to the department's advisory committee, the state welfare medical care committee, representative organizations of provider groups enrolled with the department, and any other interested organizations or individuals.

APPEAL—RATE REIMBURSEMENT

WAC 182-502-0220 Administrative appeal contractor/provider rate reimbursement. (1) Any enrolled contractor/provider of medical services has a right to an administrative appeal when the contractor/provider disagrees with the department reimbursement rate. The exception to this is nursing facilities governed by WAC 388-96-904.

(2) The first level of appeal. A contractor/provider who wants to contest a reimbursement rate must file a written appeal with the department.

(a) The appeal must include all of the following:

(i) A statement of the specific issue being appealed;

(ii) Supporting documentation; and

(iii) A request for the department to recalculate the rate.

(b) When a contractor/provider appeals a portion of a rate, the department may review all components of the reimbursement rate.

(c) In order to complete a review of the appeal, the department may do one or both of the following:

(i) Request additional information; and/or

(ii) Conduct an audit of the documentation provided.

(d) The department issues a decision or requests additional information within sixty calendar days of receiving the rate appeal request.

(i) When the department requests additional information, the contractor/provider has forty-five calendar days from the date of the department's request to submit the additional information.

(ii) The department issues a decision within thirty calendar days of receipt of the completed information.

(e) The department may adjust rates retroactively to the effective date of a new rate or a rate change. In order for a rate
increase to be retroactive, the contractor/provider must file
the appeal within sixty calendar days of the date of the rate
notification letter from the department. The department does
not consider any appeal filed after the sixty day period to be
eligible for retroactive adjustment.

(f) The department may grant a time extension for the
appeal period if the contractor/provider makes such a request
within the sixty-day period referenced under (e) of this sub-
section.

(g) Any rate increase resulting from an appeal filed
within the sixty-day period described in subsection (2)(e) of
this section is effective retroactively to the rate effective
date in the notification letter.

(h) Any rate increase resulting from an appeal filed after
the sixty-day period described in subsection (2)(e) of this sec-
ton is effective on the date the rate appeal is received by the
department.

(i) Any rate decrease resulting from an appeal is effec-
tive on the date specified in the appeal decision letter.

(j) Any rate change that the department grants that is the
result of fraudulent practices on the part of the contractor/pro-
vider as described under RCW 74.09.210 is exempt from the
appeal provisions in this chapter.

(3) The second level of appeal. When the contractor/pro-
vider disagrees with a rate review decision, it may file a
request for a dispute conference with the department. For this
section "dispute conference" means an informal adminis-
trative hearing for the purpose of resolving contractor/provider
disagreements with a department action as described under
subsection (1) of this section, and not agreed upon at the first
level of appeal. The dispute conference is not governed by
the Administrative Procedure Act, chapter 34.05 RCW.

(a) If a contractor/provider files a request for a dispute
conference, it must submit the request to the department
within thirty calendar days after the contractor/provider
receives the rate review decision. The department does not
consider dispute conference requests submitted after the
thirty-day period for the first level decision.

(b) The department conducts the dispute conference
within ninety calendar days of receiving the request.

(c) A department-appointed conference chairperson
issues the final decision within thirty calendar days of the
conference. Extensions of time for extenuating circumstances
may be granted if all parties agree.

(d) Any rate increase or decrease resulting from a dispute
conference decision is effective on the date specified in the
dispute conference decision.

(e) The dispute conference is the final level of adminis-
trative appeal within the department and precede judicial
action.

(4) The department considers that a contractor/provider
who fails to attempt to resolve disputed rates as provided in
this section has abandoned the dispute.

WAC 182-502-0260 Appeals and dispute resolution for providers with contracts other than core provider agreements. (1) Providers of medical services who have a contract, other than a core provider agreement, with a dispute resolution provision must follow the dispute resolution process described in the contract. 
(2) See WAC 388-502-0220 for disputes involving rates. See WAC 388-502-0240 for disputes involving audits. See WAC 388-502-0230 for disputes involving provider reviews and termination.

WAC 182-502-0270 Review of agency's provider dispute decision. (1) This section applies only when agency rules allow review of an agency dispute decision under this section. The director of the health care authority or designee conducts the review.
(2) Providers and former providers may request a review of an agency dispute decision. The request must be in writing and sent to: Health Care Authority, Attn: Appeals Administrator, P.O. Box 45504, Olympia, WA 98504-5504. The agency must receive the written dispute review request within twenty-eight calendar days of the date on the agency's written dispute decision.
(3) When the agency receives a timely dispute review request, the director or designee may schedule a dispute review conference. "Dispute review conference" means an informal conference for the purpose of resolving disagreements between the agency and a provider or former provider who is dissatisfied with an agency decision. The dispute review conference is not governed by the Administrative Procedure Act, chapter 34.05 RCW. If the director or designee chooses to schedule a dispute review conference, the director or designee will conduct the conference within ninety calendar days of the dispute review request unless the director or designee and the party requesting review agree to an extension.
(4) The director or designee will issue a dispute review decision to the provider or former provider requesting review within thirty calendar days of receiving the dispute review request or within thirty calendar days of the dispute review conference, whichever is later, unless both parties agree to an extension.
(5) The director review is the final level of agency review for disputes to which this section applies.
