WAC 314-55-035 What persons or entities have to qualify for a marijuana license? A marijuana license must be issued in the name(s) of the true party(ies) of interest.

1) True parties of interest - For purposes of this title, "true party of interest" means:

<table>
<thead>
<tr>
<th>True party of interest</th>
<th>Persons to be qualified</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sole proprietorship</td>
<td>Sole proprietor and spouse.</td>

<td>Limited liability company</td>
<td>All limited partners and spouses.</td>
</tr>
<tr>
<td>Nonprofit corporations</td>
<td>All individuals and spouses, and entities having membership rights in accordance with the provisions of the articles of incorporation or the bylaws</td>
</tr>
</tbody>
</table>

(2) For purposes of this section, "true party of interest" does not mean:

(a) A person or entity receiving reasonable payment for rent on a fixed basis under a bona fide lease or rental obligation, unless the lessor or property manager exercises control over or participates in the management of the business.

(b) A person who receives a bonus as an employee, if: The employee is on a fixed wage or salary and the bonus is
not more than twenty-five percent of the employee's pre-bonus annual compensation; or the bonus is based on a written incentive/bonus program that is not out of the ordinary for the services rendered.

(c) A person or entity contracting with the applicant(s) to sell the property, unless the contract holder exercises control over or participates in the management of the licensed business.

(3) **Financiers** - The board will conduct a financial investigation as well as a criminal background of financiers. This may include both a financial investigation and/or a criminal history background.

(4) **Persons who exercise control of business** - The board will conduct an investigation of any person or entity who exercises any control over the applicant's business operations. This may include both a financial investigation and/or a criminal history background.

[Statutory Authority: RCW 69.50.325, 69.50.331, 69.50.342, 69.50.345. WSR 13-21-104, § 314-55-035, filed 10/21/13, effective 11/21/13.]

**WAC 314-55-040** What criminal history might prevent a marijuana license applicant from receiving or keeping a marijuana license? (1) When the board processes a criminal history check on an applicant, it uses a point system to determine if the person qualifies for a license. The board will not normally issue a marijuana license or renew a license to an applicant who has accumulated eight or more points as indicated below:

<table>
<thead>
<tr>
<th>Description</th>
<th>Time period during which points will be assigned</th>
<th>Points assigned</th>
</tr>
</thead>
<tbody>

</tr>
<tr>

<td>n/a</td>
<td>8 points</td>
</tr>
<tr>
<td>Nondisclosure of any of the above</td>
<td>n/a</td>
<td>4 points each</td>
</tr>
</tbody>
</table>

(2) If a case is pending for an alleged offense that would earn eight or more points, the board will hold the application for the disposition of the case. If the disposition is not settled within ninety days, the board will administratively close the application.

(3) The board may not issue a marijuana license to anyone who has accumulated eight or more points as referenced above. This is a discretionary threshold and it is further recommended that the following exceptions to this standard be applied:

**Exception to criminal history point assignment.** This exception to the criminal history point assignment will expire on July 1, 2014:

(a) Prior to initial license application, two federal or state misdemeanor convictions for the possession only of marijuana within the previous three years may not be applicable to the criminal history points accumulated. All criminal history must be reported on the personal/criminal history form.

(i) Regardless of applicability, failure to disclose full criminal history will result in point accumulation;

(ii) State misdemeanor possession convictions accrued after December 6, 2013, exceeding the allowable amounts of marijuana, usable marijuana, and marijuana-infused products described in chapter 69.50 RCW shall count toward criminal history point accumulation.

(b) Prior to initial license application, any single state or federal conviction for the growing, possession, or sale of marijuana will be considered for mitigation on an individual basis. Mitigation will be considered based on the quantity of product involved and other circumstances surrounding the conviction.

(4) Once licensed, marijuana licensees must report any criminal convictions to the board within fourteen days.

[Statutory Authority: RCW 69.50.325, 69.50.331, 69.50.342, 69.50.345. WSR 13-21-104, § 314-55-040, filed 10/21/13, effective 11/21/13.]

**WAC 314-55-045** What marijuana law or rule violation history might prevent an applicant from receiving a marijuana license? The board will conduct an investigation of all applicants' marijuana law or rule administrative violation history. The board will not normally issue a marijuana license to a person, or to an entity with a true party of interest, who has the following violation history; or to any person who has demonstrated a pattern of disregard for laws or rules.

To reduce the risk to public health, food defined as potentially hazardous food in WAC 246-215-0115(88) may not be infused with marijuana. These foods are potentially hazardous as they require time-temperature control to keep them safe for human consumption and prevent the growth of pathogenic microorganisms or the production of toxins. The board may designate other food items that may not be infused with marijuana. Any food that requires refrigeration, freezing, or a hot holding unit to keep it safe for human consumption may not be infused with marijuana.

314-55-081 Marijuana Licenses

WAC 314-55-081 Who can apply for a marijuana retailer license? (1) Using estimated consumption data and population data obtained from the office of financial management (OFM) population data, the liquor control board will determine the maximum number of marijuana retail locations per county.

The number of retail locations will be determined using a method that distributes the number of locations proportionate to the most populous cities within each county. Locations not assigned to a specific city will be at large. At large locations can be used for unincorporated areas in the county or in cities within the county that have no retail licenses designated. Once the number of locations per city and at large have been identified, the eligible applicants will be selected by lottery in the event the number of applications exceeds the allotted amount for the cities and county. Any lottery conducted by the board will be witnessed by an independent third party.

(2) The number of marijuana retail licenses determined by the board can be found on the liquor control board web site at www.liq.wa.gov.

(4) As a condition of certification, labs must follow the most current version of the Cannabis Inflorescence and Leaf monograph published by the American Herbal Pharmacopoeia or notify the board what alternative scientifically valid testing methodology the lab is following for each quality assurance test. The board may require third-party validation of any monograph or analytical method followed by the lab to ensure the methodology produces scientifically accurate results prior to them using those standards when conducting required quality assurance tests.

(5) As a condition of certification, the board may require third-party validation and ongoing monitoring of a lab's basic proficiency to correctly execute the analytical methodologies employed by the lab. (10) Independent testing labs may request additional sample material in excess of amounts listed in the table in subsection (9) of this section for the purposes of completing required quality assurance tests. Labs certified as meeting the board's accreditation requirements may retrieve samples from a marijuana licensee's licensed premises and transport the samples directly to the lab and return any unused portion of the samples.

(11) Labs certified as meeting the board's accreditation requirements are not limited in the amount of usable marijuana and marijuana products they may have on their premises at any given time, but they must have records to prove all marijuana and marijuana-infused products only for the testing purposes described in WAC 314-55-102.

(12) At the discretion of the board, a producer or processor must provide an employee of the board or their designee samples in the amount listed in subsection (9) of this section or samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks. (15) If a lot of marijuana flowers fail a quality assurance test, any marijuana plant trim, leaf and other usable material from the same plants automatically fails quality assurance testing also. Upon approval of the board, a lot that fails a quality assurance test may be used to make a CO₂ or solvent based extract. After processing, the CO₂ or solvent based extract must still pass all required quality assurance tests in WAC 314-55-102.

(16) At the request of the producer or processor, the board may authorize a retest to validate a failed test result on a case-by-case basis. All costs of the retest will be borne by the producer or the processor.

(17) Labs must report all required quality assurance test results directly into LCB's seed to sale traceability system within twenty-four hours of completion. Labs must also record in the seed to sale traceability system an acknowledgment of the receipt of samples from producers or processors and verify if any unused portion of the sample was destroyed or returned to the licensee.

(7) Processors may use food grade glycerin, ethanol, and propylene glycol solvents to create extracts.

(8) Processors creating marijuana extracts must develop standard operating procedures, good manufacturing practices, and a training plan prior to producing extracts for the marketplace. (3) Marijuana, usable marijuana, and marijuana-infused products set for destruction shall not reenter the traceability system or market place.

WAC 314-55-505 What are the procedures for notifying a licensee of an alleged violation of a liquor control board statute or regulation? (1) When an enforcement officer believes that a licensee has violated a board statute or regulation, the officer may prepare an administrative violation notice (AVN) and mail or deliver the notice to the licensee, licensee's agent, or employee.

(2) The AVN notice will include:

(a) A complete narrative description of the violation(s) the officer is charging;

(b) The date(s) of the violation(s);

(c) A copy of the law(s) and/or regulation(s) allegedly violated;

(d) An outline of the licensee's options as outlined in WAC 314-55-510; and

(e) The recommended penalty.

(i) If the recommended penalty is the standard penalty, see WAC 314-55-520 through 314-55-535 for licensees.

(ii) For cases in which there are aggravating or mitigating circumstances, the penalty may be adjusted from the standard penalty.

WAC 314-55-506 What is the process once the board summarily suspends a marijuana license? (1) The board may summarily suspend any license after the board's enforcement division has completed a preliminary staff investigation of the violation and upon a determination that immediate cessation of the licensed activities is necessary for the protection or preservation of the public health, safety, or welfare.

(2) Suspension of any license under this provision shall take effect immediately upon personal service on the licensee or employee thereof of the summary suspension order unless otherwise provided in the order.

(3) When a license has been summarily suspended by the board, an adjudicative proceeding for revocation or other action must be promptly instituted before an administrative law judge assigned by the office of administrative hearings. If a request for an administrative hearing is timely filed by the licensee or permit holder, then a hearing shall be held within ninety days of the effective date of the summary suspension order issued by the board.

WAC 314-55-507 How may a licensee challenge the summary suspension of his or her marijuana license? (1) Upon summary suspension of a license by the board pursuant to WAC 314-55-506, an affected licensee may petition the board for a stay of suspension pursuant to RCW 34.05.467 and 34.05.550(1). A petition for a stay of suspension must be received by the board within fifteen days of service of the summary suspension order. The petition for stay shall state the basis on which the stay is sought.

(2) A hearing shall be held before an administrative law judge within fourteen days of receipt of a timely petition for stay. The hearing shall be limited to consideration of whether a stay should be granted, or whether the terms of the suspension may be modified to allow the conduct of limited activities under current licenses or permits.

(3) Any hearing conducted pursuant to subsection (2) of this section shall be a brief adjudicative proceeding under RCW 34.05.485. The agency record for the hearing shall consist of the documentary information upon which the summary suspension was based. The licensee or permit holder shall have the burden of demonstrating by clear and convincing evidence that:

(a) The licensee is likely to prevail upon the merits at hearing;

(b) Without relief, the licensee will suffer irreparable injury. For purposes of this section, elimination of income from licensed activities shall not be deemed irreparable injury;

(c) The grant of relief will not substantially harm other parties to the proceedings; and

(d) The threat to the public health, safety, or welfare is not sufficiently serious to justify continuation of the suspension, or that modification of the terms of the suspension will adequately protect the public interest.

[Statutory Authority: RCW 69.50.342, 69.50.345. WSR 14-07-116, § 314-55-210, filed 3/19/14, effective 4/19/14.]
WAC 314-55-508  Review of orders on stay. (1) The licensee, or agency, may petition the board for review of an initial order on stay. Any petition for review must be in writing and received by the board within ten days of service of the initial order. If neither party has requested review within ten days of service, the initial order shall be deemed the final order of the board for purposes of RCW 34.05.467.

(2) If the board receives a timely petition for review, the board shall consider the petition within fifteen days of service of the petition for review. Consideration on review shall be limited to the record of the hearing on stay.

(3) The order of the board on the petition for review shall be effective upon personal service unless another date is specified in the order and is final pursuant to RCW 34.05.467. Final disposition of the petition for stay shall not affect subsequent administrative proceedings for suspension or revocation of a license.

WAC 314-55-510  What options does a licensee have once he/she receives a notice of an administrative violation? (1) A licensee has twenty days from receipt of the notice to:

(a) Accept the recommended penalty; or
(b) Request a settlement conference in writing; or
(c) Request an administrative hearing in writing. A response must be submitted on a form provided by the agency.

(2) What happens if a licensee does not respond to the administrative violation notice within twenty days?

(a) If a licensee does not respond to the administrative violation notice within twenty days, the recommended suspension penalty will go into effect.

(b) If the penalty does not include a suspension, the licensee must pay a twenty-five percent late fee in addition to the recommended penalty. The recommended penalty plus the late fee must be received within thirty days of the violation notice issue date.

(3) What are the procedures when a licensee requests a settlement conference?

(a) If the licensee requests a settlement conference, the hearing examiner or designee will contact the licensee to discuss the violation.

(b) Both the licensee and the hearing examiner or designee will discuss the circumstances surrounding the charge, the recommended penalty, and any aggravating or mitigating factors.

(c) If a compromise is reached, the hearing examiner or designee will prepare a compromise settlement agreement. The hearing examiner or designee will forward the compromise settlement agreement, authorized by both parties, to the board, or designee, for approval.

(i) If the board, or designee, approves the compromise, a copy of the signed settlement agreement will be sent to the licensee and will become part of the licensing history.

(ii) If the board, or designee, does not approve the compromise, the licensee will be notified of the decision. The licensee will be given the option to renegotiate with the hearing examiner or designee, of accepting the originally recommended penalty, or of requesting an administrative hearing on the charges.

(d) If the licensee and the hearing examiner or designee cannot reach agreement on a settlement proposal, the licensee may accept the originally recommended penalty, or the hearing examiner or designee will forward a request for an administrative hearing to the board's hearings coordinator.

WAC 314-55-515  What are the penalties if a marijuana license holder violates a marijuana law or rule? (1) The purpose of WAC 314-55-515 through 314-55-540 is to outline what penalty a marijuana licensee can expect if a licensee or employee violates a liquor control board law or rule. (WAC rules listed in the categories provide reference areas, and may not be all inclusive.)

(2) Penalties for violations by marijuana licensees or employees are broken down into four categories:

(a) Group One—Public safety violations, WAC 314-55-520.

(b) Group Two—Regulatory violations, WAC 314-55-525.

(c) Group Three—License violations, WAC 314-55-530.

(d) Group Four—Producer violations involving the manufacture, supply, and/or distribution of marijuana by nonretail licensees and prohibited practices between nonretail licensees and retail licensees, WAC 314-55-535.

(3) For the purposes of chapter 314-55 WAC, a three-year window for violations is measured from the date one violation occurred to the date a subsequent violation occurred.

(4) The following schedules are meant to serve as guidelines. Based on mitigating or aggravating circumstances, the liquor control board may impose a different penalty than the standard penalties outlined in these schedules. Based on mitigating circumstances, the board may offer a monetary option in lieu of suspension, or alternate penalty, during a settlement conference as outlined in WAC 314-55-510(3).

WAC 314-55-520  **Group 1 violations against public safety.** Group 1 violations are considered the most serious because they present a direct threat to public safety. Based on chapter 69.50 RCW, some violations have only a monetary option. Some violations beyond the first violation do not have a monetary option upon issuance of a violation notice. The liquor control board may offer a monetary option in lieu of suspension days based on mitigating circumstances as outlined in WAC 314-55-515(4).
