WAC 220-220-140 License sales—Dishonored check and credit card transaction penalties. All license sales by the department, and by department contract vendors in the case of nonsalmon delivery licenses, are subject to the following provisions.

(1) Definitions. The following definitions apply to this section:

(a) "Collection procedures" means sending a payment on demand notice thirty, sixty, and ninety days after the notice of dishonored instrument has been sent, during which period the person who issued the check or used the credit card will accrue a one percent per month interest fee in addition to the dishonored instrument fee. If the accrued fees have not been paid within thirty days after the mailing of the ninety-day notice, the account will be turned over for collection.

(b) "Dishonored instrument" means a check issued to the department for purchase of a license that has been returned for any reason, including, but not limited to, insufficient funds or closed account, or a credit card transaction with the department for purchase of a license that is not approved by the entity that issued the credit card.

(c) "Dishonored instrument fee" means the additional fee required to be paid for a license that was paid for with a dishonored instrument. The dishonored instrument fee is thirty dollars.

(d) "Notice of dishonored instrument" means the notice sent to a person who attempted purchase of a license with a dishonored instrument. This notice will be mailed to the person at the address given at the time of the license transaction.

(2) Commercial license sales:

(a) All commercial license sales will be made through the Olympia licensing office, except for nonsalmon delivery licenses, which will also be sold through department-approved contract vendors at selected ports.

(b) Commercial licensees who tender a dishonored instrument to the department will not be issued another commercial license of any kind until the license fee, dishonored instrument fee, and, if applicable, interest and collection fees, have been paid.

(c) Commercial licensees who have tendered a dishonored instrument may only replace the dishonored instrument and pay the dishonored instrument fee, and any future license purchases, by cash, certified

check or money order for the subsequent two licensing years after the licensing year in which the dishonored instrument was issued.

(d) Except for commercial fishing licenses which require annual renewal in order to purchase subsequent year licenses, commercial licensees who have tendered a dishonored instrument have fifteen days from the mailing date of the notice of dishonored instrument to pay the license and dishonored instrument fee, during which period the license will remain valid if the payment is received by the department by 5:00 p.m. on the fifteenth day, or by 5:00 p.m. on the next working day if the fifteenth day falls on a weekend or holiday. If the fees are not presented within fifteen days, the license will be voided as of the date of issuance, and any deliveries that have been made under the license will be treated as deliveries without a valid license.

(e) Commercial fishing licensees who are renewing a license which requires annual renewal in order to be renewed in a subsequent year, and who tender a dishonored instrument, must pay the license fee and the dishonored instrument fee by December 31st in order to have a valid license for purposes of subsequent renewal.

(f) Commercial licensees who do not replace a dishonored instrument within fifteen days from the mailing date of the notice of dishonored instrument are subject to collection procedures.

(g) Fishers who deliver shellfish or food fish other than salmon on a nonsalmon delivery license, which license has been paid for with a dishonored check from the contract vendor, are not subject to the penalties of this section.

(3) Recreational license sales:

(a) Recreational licensees who have tendered a dishonored instrument have fifteen days from the mailing date of the notice of dishonored instrument to pay the license and dishonored instrument fee, during which period the license will remain valid if the payment is received by the department by 5:00 p.m. on the fifteenth day, or by 5:00 p.m. on the next working day if the fifteenth day falls on a weekend or holiday. If the fees are not presented within fifteen days, the license will be voided as of the date of issuance, and any recreational activities that occurred within the fifteen days will be treated as having occurred without having a valid license, tag or permit.

(b) Recreational licensees who have tendered a dishonored instrument may only replace the dishonored instrument and pay the dishonored instrument fee, and, if applicable, interest, by cash, certified check or money order.

(c) Recreational licensees who do not replace a dishonored instrument within fifteen days from the mailing date of the notice of dishonored instrument are subject to collection procedures.

WAC 220-220-220 Fishing contests. (1) Contest defined: By definition, a fishing contest exists when 6 or more licensed persons fish competitively and determine winners, regardless of prize value.

(2) Application:

(a) Fishing contest permit applications should be submitted to the department by July 1 of each year for contests that are to take place the following calendar year. After July 1, applications must be submitted not less than 30 days prior to the date for which the contest is proposed.

(b) Applications must include the permit fee required by RCW 77.65.480. The fee will be returned if the permit is denied. No more than seven permits will be issued to any one permittee during a calendar year.

(c) For purposes of application for a fishing contest permit, "permittee" means a "person" as defined in RCW 77.08.010. All applications from a permittee must be in a single name.

(3) Approval:

(a) Fishing contests which adversely affect fish or wildlife resources or other recreational opportunity may be denied.

(b) Contests will not be allowed on sea-run cutthroat trout, wild steelhead, Dolly Varden or bull trout.

(c) During fishing contests, where anglers target tiger muskies, no retention of caught fish is allowed. Tiger muskies may be caught, measured for length, photographed and all fish must be immediately released alive.

(4) Prize value: Total prize value per contest will not exceed \$5,000 when trout, steelhead, char, whitefish, grayling, tiger muskie, or kokanee are included as target species; provided that contests wherein other species not listed above are targeted, or where bass or walleye are the targeted species and at least 90 percent of bass or walleye are released alive and in good condition after the contest, may qualify for no limitation on amount of prize.

(5) Legal requirements, all contests:

(a) Fishing contest permits must be in the possession of the contest sponsor or official at the contest site.

(b) Contests are restricted to the species and waters approved on the permit. Only those species listed as a target of the contest may be retained by contest participants during bass or walleye contests where all contestants fish at the same time and place.

(c) Sponsors must report contest information requested by the department within 30 days after the contest has ended. Subsequent contest permits will not be issued for one year after the date of the contest for which the report was not returned if this requirement is not fulfilled.

(d) Contest participants may not restrict public access at boat launches.

(e) Contests for bass and walleye where participants expect to fish at the same time from boats on lakes or reservoirs will not last longer than four consecutive days and have the following limits per water:

ACRES	CONTESTS PER DAY	BOATS PER CONTEST DAY
Less than 300	1	15
301 - 3,000	1	35
3,001 - 6,000	2	75
6,001 - 10,000	2	120
More than 10,000	3	250

* No more than four weekend days per month nor more than two weekends per month may be scheduled on any water when contestants fish at the same time, and are allowed to fish from boats.

(f) It is unlawful for the fishing contest permittee or any of the contest participants to fail to comply with the conditions of the fishing contest permit, or of general fishing rules not specifically exempted by this permit. Failure of the permittee or any of the contestants to comply with all provisions of the contest permit or of other fishing regulations during a contest may lead to revocation of the permit and result in denial of fishing contest permits to the permittee and related organizations or individuals sponsoring contests for two years.

(6) Special regulations, bass and walleye contests:

(a) In any contest targeting either bass or walleye, all live bass or walleye must be released alive into the water from which they were caught after being weighed and/or measured. At the end of each day's competition, if the mortality of target fish caught that day exceeds 10%, the contest will be suspended. Suspended contests may be continued (within assigned permit dates) only if the cause of the high mortality can be positively identified, and the cause of the mortality (high waves, equipment deficiency, etc.) ceases or is corrected by contest officials.

(b) During bass and walleye contests only, participants may continue to fish while holding up to five fish in possession, as long as one fish is released immediately upon catching a fish which would make the angler in excess of five fish if kept. The fish released may come either from the one just caught, or from the livewell, but at no time may the angler have more than five fish in the livewell.

(c) During bass contests, contestants may not use live bait.

(d) During bass and walleye contests participants may retain up to five bass and walleye of any size to be weighed in. A tournament angler may not be in possession of more than five bass or walleye from the water being fished, except as authorized under (6)(e) below.

(e) The contest director or director designee may exceed possession limits for bass or walleye for the purpose of transporting fish from a weigh-in site to an open-water area. During transportation, the transport boat must not leave the water the fish were caught from and a copy of the contest permit must be on board during actual fish transport.

(f) Boat identification: All boats used for fishing in bass and walleye contests must be clearly identified according to criteria established by the department.

(7) Aquatic invasive species decontamination. Prior to launching into any Washington state body of water:

(a) All contest participants are required to sign an aquatic invasive species decontamination statement that their boats and/or boat trailers have or have not been in physical contact with any waters outside of Washington state for thirty days immediately preceding the contest and, if the boat and/or trailer has been in contact with such waters, the participant must complete an aquatic invasive species decontamination report indicating that the following actions have been taken:

(i) A physical inspection has been made of the hull, motor, trailer, livewell and bilge by the contest director or designee, according to criteria established by the department; and

(ii) Any aquatic invasive species, if found, have been disposed of in a garbage container; and

(iii) The hull, motor, trailer, livewell, and bilge have been decontaminated according to criteria established by the department.

(b) The aquatic invasive species decontamination statement and decontamination report shall be submitted to the department as part of the fishing contest report.

No license dealer may receive additional license inventory if they are in arrears on license payments.

(8) For licenses sold via an automated system, license dealers must have sufficient funds in their EFT account to cover all licenses

and other department property sold during the previous business week (12:01 a.m. Sunday until 11:59 p.m. Saturday) when funds are collected electronically per the announced schedule. If the amount due has not been paid on the date of the next scheduled collection from the account, the automated license terminal will be disabled and authorization to sell licenses will be withheld until all balances due have been paid. If there are insufficient funds in the account on more than three occasions in one license year, the dealer may lose their license dealership. "One license year" is defined as beginning on April 1 and ending on March 31 of the following year.

(9) License dealers using an automated licensing system are required to maintain and deposit license revenue into accounts established in banks designated as public depositories by the Public Deposit Protection Commission.

LICENSE REVOCATION AND PRIVILEGE SUSPENSION

WAC 220-220-400 Scope of rules—Definitions. The provisions of this chapter apply to the department's authority under chapter 77.15 RCW to issue orders that revoke licenses, tags, or permits issued by the department, or to suspend privileges administered by the department.

(1) "Revoke" and "revocation" mean issuance of a department order under chapter 77.15 RCW that takes away a license, tag, or permit. A revocation order nullifies all privileges represented by the license, tag, or permit, regardless of whether a revoked license is physically returned to the department, unless that order is withdrawn or reversed.

(2) "Suspend" and "suspension" mean issuance of a department order under chapter 77.15 RCW that prohibits a person from enjoying or exercising a privilege that is regulated by any licenses, tags, or permits issued by the department. When a person is subject to an order suspending privileges, then any license obtained in violation of the suspension is void.

(3) For purposes of suspending hunting privileges because of a person shooting another person or domestic livestock while hunting pursuant to RCW 77.15.720, a person is "hunting" if the person is in

transit to or from engaging in hunting activities, or the person is in the field engaging in hunting activities.

(c) Whether the period of revocation or suspension is consistent with the period required or allowed by law; and

(d) Any other issue that the presiding officer determines is necessary to review of the order or review of the discretion exercised by the director.

(2) The presiding officer may, after appropriate conference with the person seeking review and a representative of the department, enter a prehearing order to identify the issues that will be reviewed at the adjudicative proceeding, and to set the time, place, and manner of the proceeding. A prehearing order shall control all future proceedings and issues shall not be raised except as allowed by that order, except when the presiding officer determines that there is good cause. If no prehearing order is entered, then the adjudicative proceeding may occur and review the grounds stated in the request at a time, place, and manner set by the presiding officer. When there is no substantial prejudice to the appellant's ability to contest a department order, an adjudicative proceeding under this subsection may be conducted based on written submissions.

(3) Discovery and subpoenas. Discovery is not allowed except as provided in this rule. A party wishing to engage in discovery, or to compel the attendance of witnesses at the hearing or in discovery, must file a motion with the presiding officer to obtain permission. Such motion shall be served on all parties to the proceeding, and all parties shall have at least five days to respond to the motion before the presiding officer rules, unless the presiding officer shortens time for such a motion based upon a showing of good cause. In addition to the criteria set by RCW 34.05.446(3) for such motions, the moving party shall demonstrate that he or she has attempted in writing to

seek a stipulation to the fact or facts that the person seeks to prove using discovery. The presiding officer has discretion to condition or deny discovery.

If the presiding officer enters an order that includes any period of revocation or suspension, then the order shall expressly state the beginning and ending period of any period of revocation or suspension, and shall identify the licenses or privileges that are revoked or suspended.

(2) If the revocation or suspension was imposed with a finding of immediate effect pursuant to WAC 220-220-410, then the period shall include such time that the person has been suspended or revoked under WAC 220-220-410. However, if the revocation or suspension did not take effect due to the initiation of the adjudicative proceeding, then the period of revocation or suspension shall begin on the twenty-first day after service of the final order and continue through the period set by statute or applicable rule.
