

**WAC 250-83-050 Determining the amount of the passport student scholarship.** (1) Eligible students may receive the passport scholarship.

(2) The scholarship shall not exceed the student's financial need, less a reasonable self-help amount. A reasonable self-help amount is equivalent to what a student can earn by working ten hours per week at minimum wage per term of enrollment.

The scholarship amount cannot be more than an amount equivalent to resident undergraduate tuition and fees at the highest-priced public institution of higher education in the state.

(3) In calculating need, initially based on an established cost of attendance, the institution is encouraged to further examine the student's costs on a case-by-case basis to identify any extenuating circumstances, so actual costs borne by the individual former foster care youth are recognized.
