(e) Has not failed to notify the commissioner of any action taken by any commissioner of any other state similar to that under (d) of this subsection.

(f) The commissioner may accept equivalent qualifications in place of those in (a) and (b) of this subsection if the individual has otherwise demonstrated his or her actuarial competence to the satisfaction of the commissioner, and meets the qualifications in (c), (d), and (e) of this subsection.

(2) "Appointed actuary" means a qualified actuary who is appointed or retained to prepare the statement of actuarial opinion required by this regulation; either directly by, or by the authority of, the board of directors through an executive officer of the company.

(a) The company shall give the commissioner timely written notice of the following: The name, title (and, in the case of a consulting actuary, the name of the firm), and manner of appointment or retention of each person appointed or retained by the company as an appointed actuary.

(b) The company must state in its notice that the appointed actuary meets the requirements set forth in subsection (1) of this section.

(d) If any person appointed or retained as an appointed actuary replaces a previously appointed actuary, the notice must include that information and give the reasons for replacement.

(3) Standards for asset adequacy analysis: Unless the commissioner approves equivalents in advance, the asset adequacy analysis required by this regulation:

(b) Must be based on methods of analysis that are deemed appropriate for such purposes by the Actuarial Standards Board.

(4) Liabilities to be covered:

(a) As required by RCW 48.74.025, the statement of actuarial opinion applies to all in force business on the statement date regardless of when or where issued, including reserves of Exhibits 5, 6, and 7, and claim liabilities in Exhibit 8, Part 1 and equivalent items in the separate account statement or statements.

(b) If the appointed actuary determines as the result of asset adequacy analysis that a reserve should be held in addition to the aggregate reserve held by the company calculated in accordance with methods set forth in RCW 48.74.040, 48.74.070, 48.74.080, and 48.74.090, the company must establish the appropriate additional reserve.

(c) Additional reserves established under (b) of this subsection and deemed not necessary in subsequent years may be released. Any amounts released must be disclosed in the actuarial opinion for the applicable year. The release of these reserves will not be deemed an adoption of a lower standard of valuation.
