

**WAC 388-78A-2610 Infection control.** (1) The assisted living facility must institute appropriate infection control practices in the assisted living facility to prevent and limit the spread of infections.

(2) The assisted living facility must:

(a) Develop and implement a system to identify and manage infections;

(b) Restrict a staff person's contact with residents when the staff person has a known communicable disease in the infectious stage that is likely to be spread in the assisted living facility setting or by casual contact;

(c) Provide staff persons with the necessary supplies, equipment and protective clothing for preventing and controlling the spread of infections;

(d) Provide all resident care and services according to current acceptable standards for infection control;

(e) Perform all housekeeping, cleaning, laundry, and management of infectious waste according to current acceptable standards for infection control;

(f) Report communicable diseases in accordance with the requirements in chapter 246-100 WAC.
