

WAC 388-101D-0655 What type of tuberculin test must a group training home employee complete? (1) A group training home employee required to complete a tuberculin test must complete:

(a) A tuberculin skin test with results read by a qualified medical professional between forty-eight and seventy-two hours after placing the test; or

(b) Another FDA-approved tuberculin test.

(2) A group training home employee must complete a blood test for tuberculosis if the employee declines a skin test.
