

WAC 246-808-050 Early remediation program—Purpose. The purpose of the early remediation program is to address minor practice deficiencies that have not resulted in patient harm. The early remediation program may include education, training, and monitoring to improve the quality of care and reduce the risk of patient harm.

WAC 246-808-060 and 246-808-070 establish the early remediation program and its eligibility criteria and procedures.

The commission intends to use the early remediation program only in cases in which there is no evidence of patient harm as a direct result of the licensee's practice-related deficiencies. The commission may resolve allegations of practice deficiencies through early remediation during an investigation.
