

**WAC 246-836-080 Continuing competency program.** (1) General provisions. Each licensed naturopathic physician must complete sixty hours of continuing education every two years, as provided in chapter 246-12 WAC, Part 7.

(2)(a) A license holder's first sixty hour continuing education requirement is due on the third renewal date after the license is issued. After that, it is due every other year on the licensee's renewal date.

(b) A licensee may begin to accrue continuing education from the date of initial licensure and apply it toward the fulfillment of their first continuing education requirement.

(c) License reissuance. When applying for reissuance of an expired license, a naturopathic physician must attest to sixty hours of continuing education for the two years preceding the reissuance application. Upon reissuance, the licensee's continuing education sequence will resume based on the last active license continuing education cycle.

(3) Licensees must complete a minimum of fifteen continuing education hours over two years on the subject of pharmacology consistent with naturopathic scope of practice in this state. Course content, or a portion thereof, must be designated as pharmacology by an entity listed in subsection (5)(a)(i) or (b)(i) of this section. Examples of eligible pharmacology course content include:

(e) Contraindications or interactions of drug-to-drug, drug-to-herb, or drug-to-nutrient; or

(f) Other subjects approved by the board.

(4) Suicide prevention requirements. As part of continuing education, a licensed naturopathic physician must complete a board-approved one-time training that is at least six hours long in suicide assessment, treatment, and management. This training must be completed by the end of the first full continuing education reporting period after January 1, 2016, or the first full continuing education reporting period after initial licensure, whichever is later.

(a) Until July 1, 2017, a board-approved training must be an empirically supported training in suicide assessment, including screening and referral, suicide treatment, and suicide management, and meet any other requirement in RCW 43.70.442.

(b) Beginning July 1, 2017, training accepted by the board must be on the department's model list developed in accordance with rules adopted by the department that establish minimum standards for training programs. The establishment of the model list does not affect the validity of training completed prior to July 1, 2017.

(c) A board-approved training must be at least six hours in length and may be provided in one or more sessions.

(d) The hours spent completing the training in suicide assessment, treatment, and management under this subsection count toward meeting any applicable continuing education requirements.

(e) Nothing in this subsection is intended to expand or limit the naturopathic scope of practice.
