

WAC 296-19A-040 What vocational rehabilitation services require authorization?

(1) All vocational rehabilitation services must be preauthorized. For state fund claims, the department may make one or more of the following type of referrals: Vocational recovery; ability to work assessment ("AWA" or "assessment"); plan development; plan implementation; forensic services; or stand alone job analysis. Self-insurers may also make any of the listed referrals and/or provide any other services they consider appropriate to address priorities listed in RCW 51.32.095(2). Each referral is a separate authorization for vocational rehabilitation services.

(2) Option 2 vocational services are considered authorized for state fund and self-insured claims once the department accepts the worker's election of Option 2. However, the services can only be provided upon request from the worker to the vocational provider.
