

WAC 388-97-2360 Linen storage on resident care units. The nursing home must provide:

(1) A clean area for storage of clean linen and other bedding. This may be an area within the clean utility room;

(2) A soiled linen area for the collection and temporary storage of soiled linen. This may be within the soiled utility room; and

(3) **In new construction**, storage for linen barrels and clean linen carts.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. WSR 08-20-062, § 388-97-2360, filed 9/24/08, effective 11/1/08.]
