

WAC 392-172A-07015 Performance goals and indicators. (1) The OSPI has established goals for the performance of students eligible for special education that promote the purposes of the act, and are consistent, to the maximum extent appropriate, with the state's learning goals for all students under section 1111 (b)(2)(C) of the ESEA, 20 U.S.C. Sec. 6311. The performance goals are identified in the state's performance plan, which is based upon district data provided to the OSPI.

(2) In addition, the OSPI has established performance indicators that are used to assess the state's and school districts' progress toward achieving those goals that at a minimum address the performance of eligible students on assessments, dropout rates, transition, and graduation rates.

(3) The state reports annually to the department of education and to the public through its annual performance report on the progress of the state, and of students eligible for special education in the state, toward meeting the goals established under subsection (1) of this section.
