

WAC 479-10-580 How is the work plan determined? Staff will work with the local government to determine eligible items that may be approved on the work plan. Projects may include work that is contracted out or work that is performed by local government staff for construction, installation, and significant repair of street or road related infrastructure, and capital planning processes that include an implementation plan for such infrastructure work. Automobile, freight access requirements, impact on sensitive environmental areas, and preserving the community character may also be taken into consideration.
