

WAC 110-90-0090 What is a "documented medical condition"? A "documented medical condition" is any physical or mental health condition documented by a licensed health care provider that may be temporary or permanent, including but not limited to, a physical injury or a physical or behavioral health condition. A "documented medical condition" may include physiological, mental, or psychological conditions or disorders, including but not limited to, orthopedic, visual, speech, and hearing impairments.
