

WAC 246-847-340 Philosophy governing voluntary substance abuse monitoring programs. The board recognizes the need to establish a means of proactively providing early recognition and treatment options for occupational therapists and occupational therapy assistants whose competency may be impaired due to the abuse of drugs or alcohol. The board intends that such occupational therapists or occupational therapy assistants be treated and their treatment monitored so that they can return to or continue to practice their profession in a way which safeguards the public. To accomplish this the board shall approve voluntary substance abuse monitoring programs and shall refer occupational therapists and occupational therapy assistants impaired by substance abuse to approved programs as an alternative to instituting disciplinary proceedings as defined in RCW 18.130.160.
