(f) Referral of enforcement actions against entities that have committed fraud or abuse to law enforcement agencies, or licensing agencies, or both;

(g) Technical assistance and education to prevent and identify potential FWA;

(h) Outreach to and education for entities and client communities, including how to report suspected fraud, explaining federal, state, and agency rules and requirements, conducting entity self-audits and implementing compliance programs; and

(i) Initiating and reviewing entity self-audits under WAC 182-502A-0501.

(2) **Location.** Program integrity activities occur at the agency, an entity's premises, or at both locations.

(3) **Timing.** The agency may begin program integrity activities concerning any current or former agency-contracted entity or that entity's agent at any time up to six years after the date of service.

(4) **Notice.**

(a) The agency provides thirty-calendar-days' notice to entities before an on-site visit, except in those instances identified in (c) of this subsection.

(b) Hospitals are entitled to notice as described in RCW 70.41.045(4).

(c) The agency is not required to give notice of an on-site visit if evidence exists of danger to public health and safety or fraudulent activities.

(5) **Scope.** The agency determines the scope of a program integrity activity.

(6) **Selecting information to evaluate.**

(a) The agency may evaluate any records or other information relevant to validating that the entity received only those funds to which it is legally entitled.

(b) The agency may select information to evaluate by:

(i) Conducting a risk assessment of claim or encounter data;

(ii) Applying algorithms;

(iii) Data mining;

(iv) Claim-by-claim review;

(v) Encounter-by-encounter review;

(vi) Stratified random sampling;

(vii) Nonstratified random sampling; or

(viii) Applying any other method, or combination of methods, designed to identify relevant information.

(7) **Collecting records and other information to evaluate.**

(a) After the agency serves notice, an entity must submit a copy of all records and other information requested to the agency by the date stated in the request.

(b) The entity must submit records electronically or by facsimile and must follow the instructions for records submission included in the agency's notice, unless the agency gives the entity permission to submit a hard copy of the records.

(c) If sent electronically, records must be:

(i) Copied to secured media (e.g., CD or DVD) and sent to the address stated in the notice; or

(ii) Uploaded to the agency's secure file transfer protocol (SFTP) site.

(d) If an entity submits hard copy records without prior approval, the agency destroys the records and requires the entity to resubmit them in an electronic format.

(e) If an entity fails to timely comply with the request, the agency may:

- (i) Deny the entity's claim under a prepay review process;
- (ii) Issue a preliminary finding; or
- (iii) Issue a final notice.

(f) Once a program integrity activity begins, the entity must retain all original records and supportive materials until the program integrity activity is completed and all issues resolved, even if the retention period for those records and materials extends beyond the period otherwise required by law.

(g) Unless instructed to do so by the agency, the entity must not adjust or rebill a claim or encounter that is within the scope of a program integrity activity until that activity ends and any resulting appeals are exhausted.

(8) **Cooperation with on-site visits, audits, and investigations.** For an on-site visit, audit, or investigation, the entity must allow the agency access to its premises and provide any records or other information requested while on-site.

(9) **Evaluating information.**

(a) The agency may evaluate relevant information by applying any method or combination of methods reasonably calculated to determine whether an entity has complied with an applicable law, regulation, or agreement.

(b) A health care provider's bill for services, appointment books, accounting records, or other similar documents alone do not qualify as appropriate documentation of services rendered.

(c) The agency provides the entity a description of the method or combination of methods used by the agency to select information to evaluate.

(10) **Nonbilled services.** Nonbilled services include any item, drug, code, or payment group that a provider does not submit on the provider's claim to the agency or contractor. When calculating improper payments, the agency does not include nonbilled services in its calculations.

(11) **Paid-at-zero services.** The agency considers paid-at-zero services or supplies only when conducting program integrity activities involving payment groups or encounters.

(12) **Conducting on-site audits.** The agency may conduct on-site audits at any entity location.

(a) During an on-site audit, the agency may create a copy of an entity's records that are potentially relevant to the audit.

(b) Failure to grant the agency access to the entity's records or premises constitutes failure to comply with a program integrity activity.

(13) **Conducting interviews.** The agency may interview any person it reasonably believes has relevant information regarding a program integrity activity. Interviews may consist of one or more sessions.

(14) **Costs.** The agency does not reimburse the costs an entity incurs complying with program integrity activities.

(15) **Conducting on-site visits.** The agency may conduct on-site inspections of any entity location to determine whether the entity is complying with all applicable laws, rules, regulations, and agreements.

(a) The agency gives written notice of the instruction to self-audit.

(b) The entity must acknowledge receipt of the notice within thirty calendar days of receiving it.

(c) The entity must comply with all terms included in the notice; failure to timely comply with the notice constitutes failure to comply with a program integrity activity.

(d) The agency does not require an entity to self-audit any services or encounters that are included in an active state or federal program integrity activity, rate adjustment, cost settlement, or other payment adjustment.

(e) The agency reviews the self-audit and states in writing whether it accepts or rejects the results of the self-audit. If the agency rejects the results it may:

(i) Instruct the entity to repeat the self-audit; or

(ii) Audit the entity.

(2) When an entity self-discloses overpayments, it must:

(a) Submit to the agency written notice of the self-audit and identify each claim included in the self-audit.

(b) Report and repay the overpayment to the agency within sixty calendar days of identifying the overpayment, unless the overpayment is:

(i) Included in an active state or federal program integrity activity; or

(ii) Related to a state-initiated rate adjustment, cost settlement, or other payment adjustment.

(c) The entity's overpayment report must include:

(i) The reason for the overpayment;

(ii) How the entity calculated the overpayment; and

(iii) A list of claims associated with the overpayment.

(d) The agency reviews the self-audit and states in writing whether it accepts or rejects the methodology and findings. If the agency rejects the findings it may:

(i) Instruct the entity to repeat the self-audit; or

(ii) Audit the entity.

(e) The agency does not accept any identified overpayment as full or final repayment before the completion of its review of the entity's self-audit findings.

(3) The entity's dispute and appeal rights under this section are identical to its rights during an audit conducted by the office of program integrity.

**WAC 182-502A-0601 Extrapolation.** (1) To determine an improper payment from a sample, the medicaid agency may extrapolate to the universe from which the sample was drawn:

(a) If the audit identifies a sustained high level of payment error involving the provider; or

(b) When the agency has documented educational intervention to the provider and the education has failed to correct the provider's level of payment error.

(2) If during the course of the audit, an entity adjusts or re-bills a claim or encounter that is part of the audit sample or universe, the original claim or encounter amount remains in the audit sample or universe.

(3) When the agency uses the results of an audit sample to extrapolate the amount to be recovered, the agency provides the entity with the following information:

(a) The sample size.

(b) The method used to select the sample.

(c) The universe from which the sample was drawn.

(d) Any formulas or calculations used to determine the amount of the improper payment.

(b) Recover an improperly paid claim.

(c) Instruct the entity to submit:

(i) Additional documentation; or

(d) Request a refund of an improper payment to the agency by check.

(e) Refer an overpayment to the office of financial recovery for collection.

(f) Issue a preliminary finding, which the entity may dispute under WAC 182-502A-0801.

(i) If an entity agrees with the preliminary finding before the deadline stated in the notice, the entity must notify the agency in writing. The agency then issues a final notice.
