

WAC 296-17A-4109 Classification 4109.

4109-10 Sign painting or lettering inside buildings

Applies to establishments engaged in sign painting or lettering inside a customer's building. This type of painting includes, but is not limited to, names, addresses and office hours on a door or window, and signs in the form of lettering/illustrations on an interior wall. Work contemplated by this classification includes preparing the surface by cleaning, sanding, etc., applying the lettering/illustrations by appropriate method (brushing, rolling, spraying, etc.), and applying a protective finish. This classification includes the painting of scenery, by a contractor, in a shop or theater (if done by the employees of a theater or television broadcasting station it would be an inclusion in classification 4504 or 4502 as applicable), and the painting of an interior mural.

This classification excludes sign painting shops that paint on, or apply vinyl lettering to, precut backings which are to be reported separately in classification 4109-18; painting in a shop that is not covered by another classification which is to be reported separately in classification 3603-12; and the painting, repair or erection of signs or murals on any part of the exterior of a building which is to be reported separately in classification 0403.

4109-18 Sign painting in shop

Applies to establishments engaged in providing sign painting services in their shop. The use of this classification is limited to painting on, or applying vinyl lettering to, precut mediums (sign backings) provided by the customer or purchased elsewhere; it does not contemplate the manufacture of the sign backing. (Vinyl lettering or designs are usually computerized. Lettering or designs are entered into a computer; a plotter/cutter attached to the computer cuts the programmed design or lettering from rolls of vinyl.) Work contemplated by this classification includes preparing the surface by cleaning, sanding, etc., applying the lettering/illustrations by appropriate method (such as brushing, rolling, spraying, applying vinyl designs), and applying a protective finish. This classification includes making and applying vinyl lettering in place of painted lettering and lettering/illustrating on vehicles not in connection with auto body repair or painting.

This classification excludes the painting or lettering of signs in buildings which is to be reported separately in classification 4109-10; painting in a shop which is to be reported separately in classification 3603 (unless the painting is included in another classification); the painting, repair or erection of signs on any part of the exterior of a building which is to be reported separately in classification 0403; and sign painting in connection with sign manufacturing operations which is to be reported separately in the applicable manufacturing classification.

Special note: An employee who creates vinyl lettering or designs on computerized equipment in an office environment, and is not involved in the further manufacturing of signs, could qualify for class 4904 provided that all the conditions of WAC 296-17-31018 are met.
