

WAC 16-302-045 Applying for seed certification in Washington state. To participate in the Washington state seed certification program, submit an application for seed certification to the appropriate certifying agency.

(1) An application for seed certification must be submitted for each crop, variety and field.

(2) Applications may be obtained from a certified seed processor or the certifying agency listed in WAC 16-302-010.

(3) The applicant is responsible for payment of all fees. Washington State University, its official agents and USDA Plant Material Center are exempt from paying fees on seed stock.

(4) The applicant must attach to the application for seed certification official tags/labels and/or other verification from seed stock planted. The applicant must also attach proof of quarantine compliance when required, under chapter 16-301 WAC. Refer to chapter 16-303 WAC for appropriate fees.

(5) When it is necessary for a grower to reseed due to a failure to get a stand, the grower will retain records of seed lots used and the date of reseeding. Reseeding must be done within two years of the original planting date for grasses or within one year for all other crops. If seed stock of a different lot is used for reseeding, the grower must submit proof of seed stock used on a seedling application form. An additional application fee will be charged.
