

WAC 110-145-1695 Are there different construction and fire safety requirements for facilities that have multiple licenses in the same building?

(1) A facility with multiple Washington state licenses or certifications for the care of children in the same building must comply with the most stringent construction and fire safety requirements for the physical structure, if children share the same space.

(2) If the same facility has multiple Washington state licenses the licensee must notify:

- (a) The Washington state patrol fire protection bureau inspector; and
- (b) All licensing and certification agents.
