WAC 132Z-141-010 Purpose. The colocated campus of Cascadia College and the University of Washington, Bothell, operates joint facilities that provide benefits to each educational institution. The purpose of this chapter is to define the facilities jointly operated by the institutions and to ensure that these joint facilities are reserved primarily for activities related to the educational missions of the institutions. Further, the joint facilities may be used for a variety of activities, providing the primary function the facility or space was intended to serve is not compromised. Reasonable time, place, and manner restrictions may be placed on the use of joint facilities.

The rules set forth in this chapter have been jointly developed and agreed upon by the two institutions of higher education, and adopted and codified in separate chapters of the Washington Administrative Code by each of the institutions. Rules for the use of dedicated facilities of Cascadia College and the University of Washington, Bothell, are governed by chapter 132Z-140 WAC and chapter 478-136 WAC, respectively.

WAC 132Z-141-030 Administrative authority. (1) The board of trustees for Cascadia College and the board of regents of the University of Washington have delegated to the president of the college and the chancellor of the university, respectively, the authority to regulate the use of facilities on the colocated campus.

(2) Under this authority, the president of the college and the chancellor of the university designate the coordination for use of joint facilities to an appointed joint committee on facility use and designate the use of the wetlands to the wetlands oversight committee. The president of the college and the chancellor of the university shall each appoint representatives to the joint committee on facility use to develop suggested event procedures. Each designee shall review the use of the facilities; establish administrative procedures governing such use that are consistent with these rules; approve or disapprove requested uses and establish policies regarding fees and rental schedules unique to joint facilities as appropriate. (3) Preliminary approval of an event by an academic or administrative unit of the college or university implies that a responsible official has applied his or her professional judgment to the content of the program, the qualifications of the individuals conducting the event, the manner of presentation, and has concluded that the event is consistent with the teaching, research, and/or public service mission of the institutions.

(4) Final approval of a joint facilities use request by the appropriate designee on the use of joint facilities implies that the designee has reviewed the proposed event with regard to: The rules in this chapter; the direct and indirect costs to the institutions; environmental, health and safety concerns; wear and tear on the facilities; appropriateness of the event to the specific facility; and the impact of the event on the institutions, surrounding neighborhoods and the general public.

(5) The institutions will not make their joint facilities or services available to organizations that do not assure the institutions that they will comply with the terms of the Americans with Disabilities Act (ADA, 42 U.S.C. 12132, 12182) and the Rehabilitation Act of 1973 (RA, 29 U.S.C. 794). Uses must not impose restrictions nor alter facilities in a manner which would violate the ADA or RA.

(6) The institutions will not make their joint facilities or services available to organizations which do not assure the institution that they do not discriminate on the basis of race, color, religion, gender and/or sex, sexual orientation, national origin, citizenship status, age, marital or veteran status, or the presence of any sensory, mental or physical disability, or genetic information, and is prohibited from discrimination in such a manner by college policy and state and federal law.

(7) Individuals who violate the institutions' use of joint facilities regulations and approved users who violate the institutions' contract terms for use of joint facilities may be advised of the specific nature of the violation and individuals may be requested to leave the property or be refused future use of joint facilities. Failure to comply with a request to leave the property may subject such individuals to arrest and criminal prosecution under provisions of applicable state, county, and city laws.

[Statutory Authority: RCW 28B.50.140. WSR 15-07-090, § 132Z-141-030, filed 3/17/15, effective 4/17/15; WSR 06-14-013, § 132Z-141-030, filed 6/23/06, effective 7/24/06.]

WAC 132Z-141-040 Use of joint facilities. When allocating use of joint facilities, the highest priority shall be given to activities specifically related to the institutions' missions. No arrangements will be made that may interfere with or operate to the detriment of the institutions' own instruction, research, public assembly, and student activities. In particular, joint facilities are used primarily for:

(1) The regularly established instruction, research, public assembly, and student activities of the institutions and their departments.

(2) Cultural, educational, or recreational activities of the students, faculty, or staff of the college or university.

(3) Short courses, conferences, seminars, or similar events, when arranged under the sponsorship of the institutions or their departments.

(4) Public events of a cultural or professional nature brought to the campus at the request of institution departments or committees or institutionally sanctioned student organizations and presented with their active sponsorship and active participation.

(5) Activities or programs sponsored by other educational institutions, by state or federal agencies, by charitable agencies or civic or community organizations whose activities are of widespread public service and of a character appropriate to the institutions. However, joint facilities will not be made available for instructional or related purposes that compete with courses or programs offered by the institutions.

(6) Faculty, staff, registered or official student organizations of the institutions may use joint facilities to hold events for college or university faculty, staff and students provided such uses comply with these rules on use of joint facilities. These events do not, however, require either preliminary approval by an academic or administrative unit or final approval by the joint committee on facility use.

(7) Faculty, staff, registered or official student organizations of the institutions may use joint facilities to hold events to which

the general public is invited when the event has preliminary approval by an academic or administrative unit of one of the institutions and final approval of the appropriate designee. The appearance of an invited speaker on campus does not represent an endorsement by the institutions of the speaker's views.

(8) Noninstitution organizations and individuals may use joint facilities to hold events which have received preliminary approval by an academic or administrative unit of one of the institutions and final approval of the appropriate designee. The general public may be invited to such events.

(9) Reasonable conditions may be imposed to regulate the timeliness of requests, to determine the appropriateness of space assigned, time of use, and proper maintenance of the facilities. Subject to the same limitations, joint facilities shall be made available for assignment to individuals or groups within the institutions. Arrangements by both organizations and individuals must be made through the appropriate facility designee. Allocation of space shall be made in accordance with these rules and on the basis of time, space, priority of request and the demonstrated needs of the applicant.

[Statutory Authority: RCW 28B.50.140. WSR 06-14-013, § 132Z-141-040, filed 6/23/06, effective 7/24/06.]

WAC 132Z-141-050 Limitations on use. (1) Freedom of expression is a highly valued and indispensable quality of college and university life. However, joint facilities may not be used in ways that obstruct or disrupt the institutions' operations, the freedom of movement, or any other lawful activities. Additionally, use of joint facilities may be subject to reasonable time, place and manner restrictions.

(2) Joint facilities may be used for events and forums regarding ballot propositions and/or candidates who have filed for public office providing the event has received preliminary approval by an administrative or academic unit of one of the institutions and final approval by the appropriate facility designee. There are, however, certain limitations on the use of joint facilities for these political activities.

(a) First priority for the use of joint facilities shall be given to regularly scheduled college and university activities.

(b) Joint facilities may be used for political purposes such as events and forums regarding ballot propositions and/or candidates who have filed for public office only when the full rental cost of the facility is paid. Use of state funds for payment of facility rental costs is prohibited.

(c) Forums or debates may be scheduled at full facility rental rates if all parties to a ballot proposition election or all candidates who have filed for office for a given position, regardless of party affiliation, are given equal access to the use of facilities within a reasonable time.

(d) No person shall solicit contributions on joint property for political uses, except in instances where this limitation conflicts with applicable federal law regarding interference with the mails.

(e) Public areas outside joint facility buildings may be used for political purposes such as events and forums regarding ballot propositions and/or candidates who have filed for public office, excluding solicitation of funds, provided the other normal business of the in-

stitutions is not disrupted and entrances to and exits from buildings are not blocked.

(f) Joint facilities or services may not be used to establish or maintain offices or headquarters for political candidates or partisan political causes.

(3) Joint facilities may not be used for private or commercial purposes such as sales, advertising, or promotional activities unless such activities are consistent with the institution's mission, as determined by the appropriate designee.

(4) Nothing in these rules is intended to alter or affect the regular advertising, promotional, or underwriting activities carried on, by, or in the regular media or publications of the institutions. Policies concerning advertising, promotional or underwriting activities included in these media or publications are under the jurisdiction of and must be approved by their respective management or, where applicable, advisory committees, in accordance with applicable state and federal laws.

(5) In accordance with WAC 132Z-141-010 the institutions will make their joint facilities available only for purposes related to their educational missions, including but not limited to instruction, research, public assembly, community programs, and student activities. When permission is granted to use joint facilities for approved instructional or related purposes, as a condition of approval, the user of joint facilities agrees to include in all materials nonendorsement statements in the form approved by the appropriate designee. "Materials" includes all communications, advertisement, and any other printed, electronic, or broadcast/telecast information related to the user's activities offered in joint facilities. The designee will determine the content, size of print and placement of the nonendorsement language. The institutions will not make their joint facilities available for instructional or related purposes that compete with courses or programs offered by the college or university.

(6) Solicitation, or distribution of handbills, pamphlets and similar materials by anyone, whether a member of the college and university community or of the general public, is not permitted in those areas of campus to which access by the public is restricted or where such solicitation or distribution would significantly impinge upon the primary business being conducted.

(7) Electronic amplification on the grounds of the campus shall not be permitted unless approved by the joint committee on facility use.

(8) No person may use joint facilities to camp. "Camp" means to remain overnight, to erect a tent or other shelter, or to use sleeping equipment, a vehicle, or a trailer camper, for the purpose of or in such ways as will permit remaining overnight. Violators are subject to arrest and criminal prosecution under applicable state, county and city laws. This provision does not prohibit use of joint facilities where a college or university employee remains overnight to fulfill the responsibilities of his or her position.

(9) The institutions are committed to maintaining a safe and healthful work and educational environment for all faculty, staff, students, and visitors. In accordance with the Washington Clean Indoor Air Act (chapter 70.160 RCW), the Cascadia College facility use (chapter 132Z-140 WAC) and Use of University of Washington facilities (chapter 478-136 WAC), the following smoking policy is intended to protect nonsmokers from exposure to smoke in their campus-associated environments and to protect life and property against fire hazards.

"Smoke" or "smoking" refers to the carrying or smoking of any kind of lighted pipe, cigar, cigarette, electronic cigarette, or any other kind of lighted smoking equipment.

(a) Smoking is prohibited inside all college or university vehicles, inside buildings and parking structures owned or occupied by the college or university and/or used by college or university faculty, staff or students and at any outside areas or locations that may directly or indirectly affect the air supply of buildings or carry smoke into buildings.

(b) The institutions may designate specific outdoor locations as smoking areas. Signage will be placed to indicate the designated locations.

(c) Any student, staff, or faculty member who violates the smoking policy may be subject to disciplinary action. In addition, violations of the smoking policy may be subject to appropriate enforcement.

(10) Alcoholic beverages may be possessed, sold, served, and consumed at joint facilities only if the procedures set forth in this section are followed.

(a) The appropriate permits/licenses for possession, sale, service, and consumption of alcohol must be obtained from the Washington state liquor control board.

(b) Permits/licenses must be displayed during the event and all other guidelines and restrictions established by the Washington state liquor control board must be followed.

(c) Alcoholic beverages may be possessed, sold, served, and consumed at joint facilities leased to a commercial tenant under a lease that includes authorization for the tenant to apply and hold a license issued by the Washington state liquor control board.

(d) Except as provided in (c) of this subsection, alcoholic beverages may be possessed, sold, served, and consumed at joint facilities only under permits/licenses issued by the Washington state liquor control board and only as follows:

(i) Events at which alcohol is to be sold must be approved by the joint committee on facility use and an application to the committee must be accompanied by a request for written authorization under (e) or (f) of this subsection or proof that the seller holds an appropriate license; and

(ii) A college or university unit or an individual or organization applying for a permit/license must have obtained approval under (e) or (f) of this subsection; and

(iii) Sale, service, and consumption of alcohol is to be confined to specified room(s) or area(s) specified on the license or permit.

(e) Written authorization to apply for a special occasion license to sell alcoholic beverages at joint facilities must be obtained from the joint committee on facility use prior to applying for a special occasion license from the Washington state liquor control board. Authorization should be requested through the facilities use coordinator for the joint committee on facility use sufficiently in advance of the program to allow timely consideration. (Note: Some license applications must be filed with the Washington state liquor control board at least forty-five days or more before the event.) Written authorization to apply for such license shall accompany the license application filed with the Washington state liquor control board.

(f) Written authorization to apply for a banquet permit to serve and consume alcoholic beverages at joint facilities must be obtained from the college president or university chancellor prior to applying for the permit from the Washington state liquor control board. Author-

ization should be requested sufficiently in advance of the program to allow timely consideration. Written authorization to apply for such permit shall accompany the permit application filed with the Washington state liquor control board.

(g) Consumption, possession, dispensation, or sale of alcohol is prohibited except for persons of legal age.

[Statutory Authority: RCW 28B.50.140. WSR 15-07-090, § 132Z-141-050, filed 3/17/15, effective 4/17/15; WSR 06-14-013, § 132Z-141-050, filed 6/23/06, effective 7/24/06.]

WAC 132Z-141-060 Safety and liability. (1) It is the responsibility of any person or organization requesting the use of joint facilities to comply with all applicable policies, procedures, rules and regulations of the institutions, and applicable local, state and federal laws, including but not limited to fire, health and safety regulations.

(2) Permission to an organization not affiliated with one of the institutions or to a registered or official student organization of the college or university for the use of joint facilities is granted with the express understanding and condition that such organization assumes full responsibility for any loss, damage or claims arising out of such use.

When the event involves physical activity, or otherwise will increase the risk of bodily injury above the level inherent in the facilities to be used, proof of appropriate liability insurance coverage with limits of at least one million dollars per occurrence must be provided to the state office of risk management before approval for the requested use will be granted.

[Statutory Authority: RCW 28B.50.140. WSR 06-14-013, § 132Z-141-060, filed 6/23/06, effective 7/24/06.]
