

WAC 296-307-14840 Provide training. The employer must make sure employees have received training before initial medical monitoring. The training must include at least the following:

(1) The human health hazards and physical symptoms of overexposure to organophosphate and N-methyl-carbamate cholinesterase-inhibiting pesticides.

(2) The purpose and requirements for medical monitoring.

Note: Training required by this rule may be combined with other pesticide handler training as required by WAC 296-307-13025, Pesticide safety training—Standards for pesticide handlers.
