

WAC 296-870-600 Section contents.

Summary

Important:

This section applies to permanent powered platform installations that meet **either** of the following:

(1) Were completed after July 23, 1990;

OR

(2) Have had major modifications done to an existing installation after July 23, 1990.

Note: If affected parts of the building meet the requirements of the edition of American National Standard Institute/American Society of Mechanical Engineers ANSI/ASME A120.1, Safety Requirements for Powered Platforms for Building Maintenance, that was in effect when the powered platform installation was completed, they will be considered to meet the requirements of this section.

Your responsibility:

To make sure new powered platform installations meet these building requirements.
