(d) There is a lack of adequate sewage pumpout station capacity within one-quarter mile.

(3) The commission may make exceptions to the eligibility to apply for funding for the installation of sewage pumpout and/or sewage dump station requirements under subsection (2) of this section if the marina, boat launch, or boater destination lacks available sewer, septic, water, or electrical services.

(4) State parks shall notify owners or operators of marinas, boat launches, and destination sites of the availability of funding to support installation of appropriate sewage pumpout or sewage dump stations. State parks shall also notify such operators or owners of which waters of the state have been designated as environmentally sensitive or polluted for the purpose of this program.

(5) State parks will provide all financial recipients with a set of financial guidelines for contract administration. These guidelines will include all state forms and will describe in detail state procedures for recordkeeping, reporting, reimbursement, and auditing.
