

**WAC 388-823-0610 If I have another neurological or other condition similar to intellectual disability, how do I meet the definition of substantial functional limitations?** If you have an eligible condition of another neurological or other condition similar to intellectual disability, in order to meet the definition of substantial functional limitations you must have impairments in both intellectual abilities and adaptive skills, which are separate from any impairment due to an unrelated mental illness, or emotional, social, or behavioral disorder.

(1) For a neurological or chromosomal disorder, evidence of substantial functional limitations requires documentation of (a) and (b) below:

(a) For impairment in intellectual abilities, either subsection (i) or (ii) or (iii) of this section:

(i) An FSIQ score of more than 1.5 standard deviations below the mean under WAC 388-823-0720 and subject to all of WAC 388-823-0720 and WAC 388-823-0730;

(ii) If you are under the age of 20, significant academic delays defined as delays of more than two standard deviations below the mean at the time of testing in both broad reading and broad mathematics; or

(iii) A written statement from a licensed physician, a licensed psychologist, or a school psychologist that your condition prevents you from completing FSIQ testing.

(b) For impairment in adaptive skills, a score of more than two standard deviations below the mean under WAC 388-823-0740 and subject to all of WAC 388-823-0740 and WAC 388-823-0750.

(2) For the medically intensive children's program, you do not need additional evidence of your substantial functional limitations if your eligible condition is solely due to your eligibility and participation in the fee-for-service medically intensive children program under chapter 182-551 WAC.

(3) For developmental delays, evidence of substantial functional limitations requires documentation of (a) or (b) or (c) below:

(a) You are under the age of three and have one or more developmental delays under WAC 388-823-0770;

(b) You are under the age of three and meet the ESIT eligibility requirements; or

(c) You are under the age of 20 and have three or more developmental delays under WAC 388-823-0770.
