#### CITATION

Cite all material in the Washington State Register by its issue number and sequence within that issue, preceded by the acronym WSR. Example: the 37th item in the August 5, 1981, Register would be cited as WSR 81-15-037.

# PUBLIC INSPECTION OF DOCUMENTS

A copy of each document filed with the code reviser's office, pursuant to chapter 34.05 RCW, is available for public inspection during normal office hours. The code reviser's office is located on the ground floor of the Legislative Building in Olympia. Office hours are from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. Telephone inquiries concerning material in the Register or the Washington Administrative Code (WAC) may be made by calling (360) 786-6697.

# REPUBLICATION OF OFFICIAL DOCUMENTS

All documents appearing in the Washington State Register are prepared and printed at public expense. There are no restrictions on the republication of official documents appearing in the Washington State Register. All news services are especially encouraged to give wide publicity to all documents printed in the Washington State Register.

## **CERTIFICATE**

Pursuant to RCW 34.08.040, the publication of rules or other information in this issue of the Washington State Register is hereby certified to be a true and correct copy of such rules or other information, except that headings of public meeting notices have been edited for uniformity of style.

DENNIS W. COOPER Code Reviser

#### STATE MAXIMUM INTEREST RATE

(Computed and filed by the State Treasurer under RCW 19.52.025)

The maximum allowable interest rate applicable for the month of January 1999 pursuant to RCW 19.52.020 is twelve point zero percent (12.00%).

NOTICE: FEDERAL LAW PERMITS FEDERALLY INSURED FINANCIAL INSTITUTIONS IN THE STATE TO CHARGE THE HIGHEST RATE OF INTEREST THAT MAY BE CHARGED BY ANY FINANCIAL INSTITUTION IN THE STATE. THE MAXIMUM ALLOWABLE RATE OF INTEREST SET FORTH ABOVE MAY NOT APPLY TO A PARTICULAR TRANSACTION.

# WASHINGTON STATE REGISTER

(ISSN 0164-6389) is published twice each month by the Statute Law Committee, Office of the Code Reviser, Olympia, WA 98504-0552, pursuant to RCW 34.08.020. Subscription rate is \$210.60 per year, sales tax included, postpaid to points in the United States. Periodical postage paid at Olympia, Washington.

WASHINGTON STATE REGISTER

Code Reviser's Office Legislative Building P.O. Box 40552 Olympia, WA 98504-0552

The Washington State Register is an official publication of the state of Washington. It contains proposed, emergency, and permanently adopted administrative rules, as well as other documents filed with the code reviser's office pursuant to RCW 34.08.020 and 42.30.075. Publication of any material in the Washington State Register is deemed to be official notice of such information.

# STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

#### 1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following nine sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Intent that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **EXPEDITED REPEAL**-includes the Preproposal Statement of Inquiry that lists rules being repealed using the expedited repeal process. Expedited repeals are not consistently filed and may not appear in every issue of the register.
- (c) PROPOSED-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (d) **EXPEDITED ADOPTION**-includes the full text of rules being changed using the expedited adoption process. Expedited adoptions are not consistently filed and may not appear in every issue of the Register.
- (e) **PERMANENT**-includes the full text of permanently adopted rules.
- (f) EMERGENCY-includes the full text of emergency rules and rescissions.
- (g) MISCELLANEOUS-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (h) TABLE-includes a cumulative table of the WAC sections that are affected in the current year.
- (i) INDEX-includes a cumulative index of Register Issues 01 through 24.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. Each filing is listed under the agency name and then describes the subject matter, type of filing and the WSR number. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

# 2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
  - (i) <u>underlined material</u> is new material;
  - (ii) deleted material is ((lined out between double parentheses));
- (b) Complete new sections are prefaced by the heading <u>NEW SECTION</u>;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

# 3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

# 4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

# 5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

<sup>&</sup>lt;sup>1</sup>All documents are due at the code reviser's office by 12:00 noon on or before the applicable closing date for inclusion in a particular issue of the Register; see WAC 1-21-040.

<sup>&</sup>lt;sup>2</sup>A filing of any length will be accepted on the closing dates of this column if it has been prepared and completed by the order typing service (OTS) of the code reviser's office; see WAC 1-21-040. Agency-typed material is subject to a ten page limit for these dates; longer agency-typed material is subject to the earlier non-OTS dates.

<sup>&</sup>lt;sup>3</sup>At least twenty days before the rule-making hearing, the agency shall cause notice of the hearing to be published in the Register; see RCW 34.05.320(1). These dates represent the twentieth day after the distribution date of the applicable Register.

<sup>&</sup>lt;sup>4</sup>A minimum of forty-five days is required between the distribution date of the Register giving notice of the expedited adoption and the agency adoption date. No hearing is required, but the public may file written objections. See RCW 34.05.230, as amended by section 202, chapter 409, Laws of 1997.

# REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

# Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

# Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

# When is an SBEIS Required?

# When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

# When is an SBEIS Not Required?

## When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

There is less than minor economic impact on business;

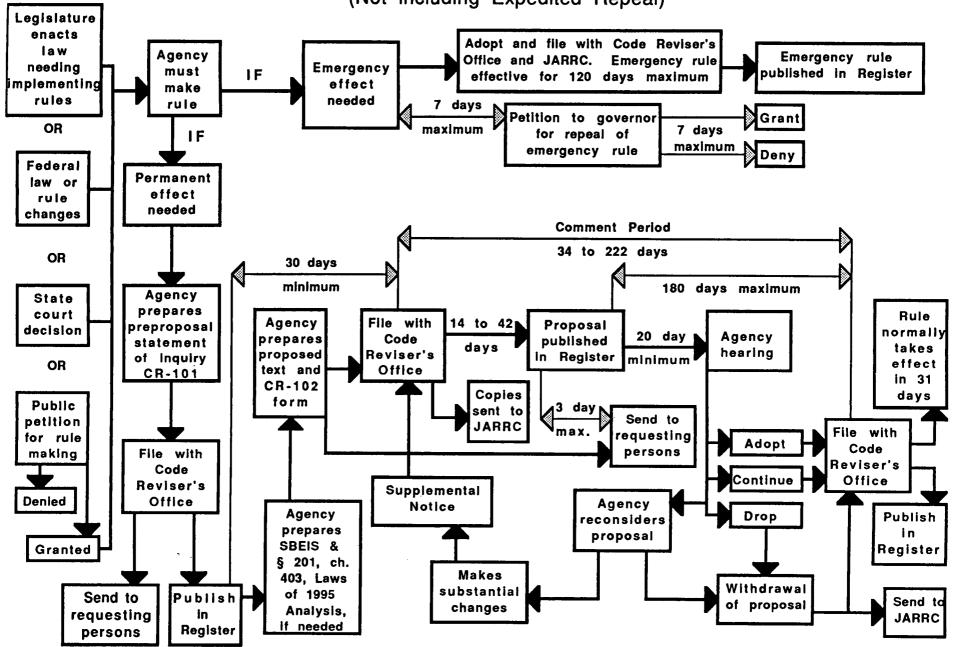

The rule REDUCES costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

# RULE-MAKING PROCESS

(Not including Expedited Repeal)

# WSR 99-02-021 PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF AGRICULTURE

(Pesticide Management Division)
[Filed December 30, 1998, 10:33 a.m.]

Subject of Possible Rule Making: Removal/elimination of blooming plants from the cultivated crop, and/or the cover crop of orchards and drift areas to protect pollinating insects.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 17.21.030 (1)(a).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Rules are necessary to protect pollinating insects relative to long residual pesticide applications. Blooms yielding nectar and pollen attract pollinators into the application area and border. Bloom elimination will negate this problem. Applying a pesticide identified to have residues toxic to pollinating insects when bloom is present would constitute a violation. Labels do not adequately protect pollinating insects from long residual pesticides. Labels of long residual pesticides toxic to pollinating insects do not adequately inform pesticide applicators that these pesticides are toxic up to days or weeks past the application when applied to open bloom. A major misconception is the myth that applying long residual pesticides in late evening will prevent economic losses to beekeepers, yet the section 3 labels continue to allow this common practice. Beekeepers have experienced bee mortalities for several years. Some of the bee mortalities are a direct result of pesticides residues left on blooming plants in and around orchards after pesticide applications have been made to the orchard. By removing/eliminating all bloom on the orchard floor and bloom surrounding the orchard prior to a pesticide application, there would be no forage which would be visited by bees exposed to pesticide residue. When all bloom is removed/ eliminated no residues result on plants visited by bees, therefore bees are thoroughly protected.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The Environmental Protection Agency (EPA) regulates the use of pesticides primarily through the pesticide label. EPA has delegated WSDA pesticide management as the state lead agency for the enforcement of pesticides in Washington state. EPA will be appraised during the entire rule-making process and be offered an opportunity to provide comments. No other state agencies are involved.

Process for Developing New Rule: At the end of the comment period for this CR-101, a committee of approximately ten individuals will be formed. This committee will be comprised of individuals who represent orchardists, beekeepers, as well as Washington State University staff. The committee will review all comments received by the department and make recommendations.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication: The Pesticide Management Division is seeking written comments concerning this proposal. The comment period will be for thirty days, ending on February 5, 1999. If you are interested in being on the committee, please indicate so in writing. Also please indicate in writing if you want continued information concerning the activities of the commit-

You may comment by writing to Washington State Department of Agriculture, Pesticide Management Division, P.O. Box 42589, Olympia, WA 98502-2589, or fax (360) 902-2093, phone (360) 902-2036 or e-mail cweed@agr.wa. gov.

December 30, 1998

Bob Arrington

Assistant Director

# WSR 99-02-033 PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF FINANCIAL INSTITUTIONS

[Filed December 30, 1998, 3:25 p.m.]

Subject of Possible Rule Making: Increasing fees of the Division of Banks (DOB).

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 30.04.030, 30.04.070, 30.08.095, 33.04.025, 43.320.040.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Certain developments have affected the ability of DOB to carry out its statutory mission at current funding levels. As a result, DOB must seek a significant increase in the rate of its fees. Because of the Initiative 601 limits on annual fee increases, DOB cannot reach the necessary revenue level with one fee increase. DOB must implement annual fee increases, up to Initiative 601-permitted limits, over a period of time, in order to reach the necessary revenue level.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Consultation with stakeholders.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Scott Jarvis, Special Assistant to the Director, Department of Financial Institutions, P.O. Box 41200, Olympia, WA 98504-1200, phone (360) 902-8794, fax (360) 704-6994.

December 30, 1998 John L. Bley Director

# WSR 99-02-062 PREPROPOSAL STATEMENT OF INQUIRY WINE COMMISSION

[Filed January 6, 1999, 10:23 a.m.]

Subject of Possible Rule Making: Amending the rate of assessments levied on wine and wine grapes to increase funding for programs of the Wine Commission.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 66.24.215 and chapter 303, Laws of 1997.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The Washington Wine Commission collects assessments on wine and wine grapes produced in the state to fund advertising and promotional programs. The costs of these programs have increased substantially since the current assessment rate went into effect in 1989. The assessment rate increase is necessary to maintain and expand markets for Washington wines.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The Washington Liquor Control Board collects assessments on sales of packaged Washington wine and remits to the Washington Wine Commission.

Process for Developing New Rule: The increase in assessments are subject to approval by a majority of the wine producers and wine grape growers in a referendum supervised by the Department of Agriculture.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Steve Burns, Executive Director, Washington Wine Commission, 500 Union Street, Seattle, WA 98101, phone (206) 667-9463, fax (206) 583-0593. Public hearings will be held to give interested parties the opportunity to participate and comment on the proposed rule.

Executive Director
Wine Commission

# WSR 99-02-070 PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF LICENSING

(Board of Registration for Professional Engineers and Land Surveyors) [Filed January 6, 1999, 11:04 a.m.]

Subject of Possible Rule Making: Amendment of WAC 196-26-020 Engineer and land surveyor fees and charges.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.43.035.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Under Executive Order No. 97-02 this rule was scheduled for evaluation and possible amendment. Charges for examinations have been increased by the vendor used by the board. The increases are in charges for the examination, not an increase in the agency fee.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Rick Notestine, Program Director, P.O. Box 9649, Olympia, WA 98507-9649, fax (360) 664-2551, phone (360) 586-7298.

Persons may comment by mail or phone as noted. Draft language of any proposed changes will be distributed at the mailing of the CR-102 in approximately thirty days after the filing of this notice. Distribution of the rule filings is made to our rule-making mailing list.

George A. Twiss
Executive Director, Board of Registration
for Professional Engineers and Land Surveyors

# WSR 99-02-074 PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF LICENSING

(Board of Registration for Professional Engineers and Land Surveyors) [Filed January 6, 1999, 11:06 a.m.]

Subject of Possible Rule Making: Amendment of WAC 196-25-040 Provisions pertaining to both corporations and limited liability companies.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.43.035.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: After this rule was implemented in 1998, it was found that the business license requested in subsection (7) for renewal, did not show all of the information needed for the board to renew an organization's certificate of authorization to practice. The subsection will be rewritten to request a document showing that the organization has been renewed by authority of the secretary of state and that the expiration date is current.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Rick Notestine, Program Director, P.O. Box 9649, Olympia, WA 98507-9649, fax (360) 664-2551, phone (360) 586-7298.

Persons may comment by mail or phone as noted. Draft language of any proposed changes will be distributed at the mailing of the CR-102 in approximately thirty days after the filing of this notice. Distribution of the rule filings is made to our rule-making mailing list.

# WSR 99-02-075 PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF LICENSING

(Board of Registration for Professional Engineers and Land Surveyors) [Filed January 6, 1999, 11:07 a.m.]

Subject of Possible Rule Making: Amendment of WAC 196-24-090 Branch offices.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.43.035.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Under Executive Order No. 97-02 this rule was scheduled for evaluation and possible amendment. The current language does not fully address industry practices on the operation of various business offices that provide engineering and land surveying.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Rick Notestine, Program Director, P.O. Box 9649, Olympia, WA 98507-9649, fax (360) 664-2551, phone (360) 586-7298.

Persons may comment by mail or phone as noted. Draft language of any proposed changes will be distributed at the mailing of the CR-102 in approximately thirty days after the filing of this notice. Distribution of the rule filings is made to our rule-making mailing list.

# WSR 99-02-080 EXPEDITED REPEAL DEPARTMENT OF HEALTH

(Veterinary Board of Governors)
[Filed January 6, 1999, 11:11 a.m.]

The Following Sections are Proposed for Expedited Repeal: WAC 246-935-140.

Rules Proposed for Expedited Repeal Meet the Following Criteria: Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

Any person who objects to the repeal of the rule must file a written objection to the repeal within thirty days after publication of this preproposal statement of inquiry.

Address Your Objection to: Karen Burgess, Department of Health, P.O. Box 47868, Olympia, WA 98504-7868.

Reason the Expedited Repeal of the Rule is Appropriate: WAC 246-935-140 Disciplinary reinstatement procedures is covered in the Uniform Disciplinary Act, RCW 18.130.150 Reinstatement and chapter 246-12 WAC, Administrative procedures and requirements for credentialed health care providers, WAC 246-12-165 How to return to active status following a disciplinary suspension. Therefore, WAC 246-935-140 should be repealed because it is redundant.

# WSR 99-01-033 PROPOSED RULES YAKIMA REGIONAL CLEAN AIR AUTHORITY

[Filed December 9, 1998, 9:47 a.m.]

Original Notice.

Title of Rule: Regulation I of the Yakima Regional Clean Air Authority—1999.

Purpose: To enable the authority to assist Yakima County to restore and maintain air quality which conforms to applicable air quality standards with minimal community disruption.

Statutory Authority for Adoption: Chapter 70.94 RCW. Statute Being Implemented: Chapter 70.94 RCW.

Summary: This new regulation should do the following:

- (1) Enable the authority to demonstrate attainment for two air pollutants to United States Environmental Protection agency through selected new rules.
- (2) Clarify, correct and supplement the existing regulation text.
  - (3) Create a regulation in a clearer reading style.

Name of Agency Personnel Responsible for Drafting: Charlie Stansel, Six South Second Street, Suite 1016, Yakima, WA 98901, (509) 574-1410; Implementation: Les Ornelas, Six South Second Street, Suite 1016, Yakima, WA 98901, (509) 574-1410; and Enforcement: Gary Pruitt, Six South Second Street, Suite 1016, Yakima, WA 98901, (509) 574-1410.

Name of Proponent: Yakima Regional Clean Air Authority, governmental.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: Parts of the regulation have been reviewed by the legal council for the authority and he has no concern about the style or language used.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The new regulation will replace Restated Regulation I of the Yakima County Clean Air Authority. See Summary above.

Proposal Changes the Following Existing Rules: New rules or changes to existing rules are highlighted with underscored text.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Does not apply to local air control authorities.

RCW 34.05.328 does not apply to this rule adoption. Does not apply to local air control authorities.

Hearing Location: Room 420, Yakima County Courthouse, 128 North Second Street, Yakima, WA 98901, on February 10, 1999, at 2:00 p.m.

Assistance for Persons with Disabilities: Contact Dema Harris by 12:00 noon, (509) 574-2215.

Submit Written Comments to: Yakima Regional Clean Air Authority, Six South Second Street, Suite 1016, Yakima, WA 98901, fax (509) 574-1411, by February 10, 1999.

Date of Intended Adoption: Local adoption February 10, 1999.

December 3, 1998 Les Ornelas APCO

Reviser's note: The following material was submitted by the agency using auto-number formatting on the text. After submission to the Code Reviser's Office, the agency found that the auto-number formatting had not worked properly and some of the subsections are numbered incorrectly. This problem will be fixed when the agency adopts these rules permanently.

1. Protect human health and safety;

- 2. Prevent injury to plant and animal life and property;
- 3. Foster the comfort and convenience of the inhabitants of Yakima County;
- 4. Promote the economic and social development; of Yakima County;
- 5. Facilitate the enjoyment of the natural attractions therein:
- 6. Ensure equity and consistency with the FCAA (App. B) and WCAA (App. B);
  - 7. Educate and inform on air quality matters;
- 8. Maintain accurate and current policies, regulations, and rules;
- 9. Perform administrative actions in a timely and effective manner; and
- 10. Therein, and further to Cooperate with the local governments, the Yakama Indian Nation, organizations or citizens on air quality matters in achieving the policy objectives as set forth herein throughout the whole of Yakima County.
- B. PROCEDURES AND STANDARDS. Controlling air pollution through procedures, standards, permits, and programs necessary.
- C. COMPLIANCE WITH ADOPTED STANDARDS. Ensuring compliance with all rules and standards applicable to a source by all agencies, businesses and citizens.
- D. COOPERATION AND COORDINATION. Cooperating and coordinating with federal, state, county, local, and tribal governments; governmental agencies; organizations; businesses; and the public in all matters related to air pollution characterization, measurement, and control.
- E. STRATEGIC PLANNING. Developing strategies to which avoid, reduce, or prevent air pollution through:
  - 1. Innovative solutions;
  - 2. Early planning; and
- 3. The integration of air pollution control in the work of other agencies and businesses.
- F. GUIDELINES. Preparing guidelines which interpret, implement, and enforce these regulations.
- G. BUSINESS ASSISTANCE POLICY. Providing reasonable business and technical assistance to the community.
- H. STATE ENVIRONMENTAL POLICY ACT (SEPA). Fully complying with all the requirements of the SEPA (App. B) and to hold other agencies, businesses, and individuals accountable.
- I. STATE IMPLEMENTATION PLAN (SIP). Fully complying with the SIP (App. B). Changes in the SIP will be implemented through general rules or regulatory orders.

# 1.04 CAUSING OR PERMITTING AIR POLLUTION UNLAWFUL EXCEPTION GENERAL APPLICABILITY (2.01)

Except where specified in a variance permit, as provided herein, it shall be unlawful for any person to cause air pollution or permit it to be caused in violation of these rules and Regulations.

All activities, persons, and businesses under the jurisdiction of this authority are subject to all provisions of these regulations except as described in a variance issued under subsection 3.00D or granted exemptions or waivers from specific subsections. Implementation of these regulations may be through executed contracts, permits, or orders that provide

for equal or greater effectiveness in resolving an existing or potential source of air pollution.

# 1.05 ROLES AND RESPONSIBILITIES (New Section)

- A. THE AUTHORITY. The authority is a municipal corporation with the rights described in WCAA (App. B) and exercising, jurisdiction within Yakima County, WA.
- B. THE BOARD OF DIRECTORS. The governing body of the authority is the board of directors, and the board has the power to:
- 1. Adopt, amend and repeal its own rules and regulations in accordance with RCW 42.30, Open Public Meeting Act and RCW 34.05, Administrative Procedure Act;
- 2. Hold hearings relating to any aspect related to the administration of WCAA and other applicable law;
- 3. Issue any orders necessary to carry out the functions of WCAA and enforce them by all appropriate administrative and judicial proceedings:
- 4. Require access to records, books, files and other information specific to the control, recovery or release of air contaminants into the atmosphere;
- 5. Obtain necessary scientific, technical, administrative and operational services, including laboratory facilities, by contract or otherwise;
- 6. Prepare and develop comprehensive plans for the prevention, abatement and control of air pollution;
- 7. Encourage voluntary cooperation by persons or affected groups to achieve the purposes of the state and federal laws and regulations:
- 8. Encourage and conduct studies, investigation and research relating to air pollution and its causes, effects, prevention, abatement and control;
- 9. Collect and disseminate information and conduct educational and training programs relating to air pollution;
- 10. Consult, cooperate, or contract with other agencies, departments, educational institutions, governments, and interested persons or groups; and
- 11. Accept, receive, disburse and administer grants or other funds or gifts from any source, including public and private agencies and the United States government for the purpose of carrying out the functions of WCAA and other applicable laws.
- C. THE AIR POLLUTION CONTROL OFFICER. (2.02 A) The air pollution control officer (APCO) is appointed by the board. The Control Officer shall APCO observes and enforces state and federal laws, orders, ordinances, resolutions or rules and regulations of the authority pertaining to the control and prevention of air pollution.
- <u>D.</u> ADVISORY COUNCIL. (2.05) The board of the Authority may in its discretion appoint an advisory council to advise and consult with the board and with the Control Officer APCO in effectuating implementing the purposes of these regulations. The board may submit to the advisory council recommendations for the adoption or modification or of regulations or emission standards or other matters that it considers appropriate, but shall not be required to do so.

# 1.06 RECORDS (New Section)

[3]

E. PURPOSE. To define the policy for records management, protection, and availability to the public.

F. APPLICATION. To provide full access to information concerning the business of the authority. The provisions of this section shall be liberally interpreted to promote full access to public records and assure continuing public confidence in the authority.

## G. PUBLIC RECORDS.

- 12. Availability. All public records of the authority are available for public inspection and copying during normal working hours at the office of the authority in the Larson Building, Suite 1016, Six South Second Street, Yakima, WA 98901.
- 13. Legal Exemptions. Availability of public records is subject to exemptions and requirements of RCW 42.17.310.
- 14. Invasion of Privacy. When the disclosure of information in a public record would lead to an unreasonable invasion of privacy and the authority becomes aware of this fact, the authority shall delete such information before making the record available.

# H. CONFIDENTIAL RECORDS. (2.04)

- 1. Availability. Whenever the authority obtains any records or other information, other than ambient air quality data or emission data, are furnished to or obtained by the Yakima County Clean Air Authority under this regulation which:
- a. The owners or operators certify in writing that the release of the information will likely affect the competitive position of the source; and
- b. The authority agrees the information contains trade secrets or proprietary information; then
- c. relates to processes or production unique to the owner or operator, or is likely to (adversely) affect the competitive position of such owner or operator (of said processes or production,) and the owner or operator of such processes or production so certifies, such records or The information shall be is only for the confidential use of the Board authority.
- 2. <u>Summaries for Publication</u>. Nothing herein shall be construed to prevent The authority may use of records or confidential information by the Board in to compile or publishing analyses or summaries relating to the general condition of the outdoor atmosphere; if
- <u>a.</u> provided, that such <u>The</u> analyses or summaries do not reveal any information otherwise confidential under the provisions of this section trade secrets or proprietary information; and
- <u>b.</u> provided further, that <u>The</u> emission data furnished given to or obtained by the Board shall be the authority is correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at the office of the Board authority.

# I. GENERAL REQUIREMENTS FOR ALL RECORDS.

# 1. Request for Records.

- a. All requests for inspection or copying of records must contain the following information:
- 1) The name and address of the person or organization making the request;
- 2) The time of day and time the person wishes to inspect the records;
  - 3) A specific description of the records requested;

- 4) A statement whether access to copying equipment is desired;
  - 5) A phone number where the person can be reached:
- 6) A statement that the record will not be used for commercial purposes.
- b. All requests for inspection or copying of records must be received by the authority at least three business days before the requested date of inspection. This will provide time to:
  - 1) Log the request:
- 2) Allow the authority to review the requested records for confidential or proprietary information; and
  - 3) To contact the person requesting inspection.
- c. If the requested records are not readily available for inspection, the authority shall notify the requester when the records will be available.

# 2. Records Index.

- a. The authority does not maintain an index of the records listed in RCW 42.17.260. This is because a significant and integral portion of the records of the authority are exempt from public inspection and copying pursuant to RCW 42.17.310.
- b. The authority is in substantive compliance with RCW 42.17.260 by making available for public inspection and copying public records listed in RCW 42.17.260 (2)(a)  $\rightarrow$  (f). These include;
  - 1) Promulgated regulations of the authority:
  - 2) Final opinions made in adjudicated cases;
  - 3) Minutes and resolutions of the board;
  - 4) Monthly activity reports:
  - 5) Policy memorandums;
  - 6) Logs of NOV's (App. B) issued;
  - 7) Upset, breakdown and startup reports;
  - 8) Assessment of penalties;
  - 9) Index of registered sources:
  - 10) Annual emission inventories;
  - 11) Summaries of ambient air monitoring data:
  - 12) Annual state and federal grant applications;
  - 13) Annual program plan for the authority;
  - 14) Certifications to operate:
  - 15) Inspection reports for air pollution sources;
  - 16) Variances granted; and
- 17) New source review records with confidential records and information deleted.
- c. Assistance in Obtaining Records. The APCO (App. B) shall assist any person to obtain public records requested from the files of the authority.
- 3. Protection of Records. Anyone inspecting public records must adhere to the following:
- a. No one may remove records form the offices of the authority.
- b. The APCO must be present during the inspection of any public records.
- c. No one may mark or deface any public record during inspection.
- d. Only the APCO may disassemble public records which are kept in a file or jacket.

e. Only the APCO is granted access to file cabinets, shelves, vaults, and other storage areas unless prior arrangements are made with the APCO.

# 4. Denial of Records Request.

- a. When the authority refuses, in whole or part, a written request for inspection of any record, the written reply denying the request shall;
- 1) Include a statement of the specific exemption authorizing the refusal; and
- 2) A brief explanation of how the exemption applies to the record withheld.
  - b. Reviews of Denials.
- 1) Any person who objects to the refusal of a written request for a record may petition for review of such decision by a written request.
- 2) The request shall specifically refer to the written statement by the APCO which constituted or accompanied the refusal.
- 3) Immediately after receiving a request for review of a decision denying a public record, the APCO shall refer the request to the board.
- 4) The board shall promptly consider the matter and either affirm or reverse the refusal.
- 5) The final decision shall be sent to the objecting persons.

#### 5. Fees.

- a. Inspection of Records. There is no fee for the inspection of public records.
- b. Copying. The copying costs are in app. F., and they are payable at the time the copies are furnished.

# 1.07 GENERAL PROVISIONS

- J. COMPLIANCE. Failure to comply with any of the following is a violation, and may result in either civil or criminal penalties:
  - 1. FCAA (App. B).
  - 2. WCAA (App. B),
- 3. Any section, subsection, or appendix of this regulation.
  - 4. Any permit requirement, or
  - 5. Any order or approval issued by the authority.
- K. FALSE OR MISLEADING STATEMENTS. (2.03A) No person shall willfully make a false or misleading statement to the board or the authority in either written or oral communication as to any matter within the jurisdiction of the board.
- L. ALTERED DOCUMENTS. (2.03 B) No person shall reproduce or alter or cause to be reproduced or altered any order, registration certificate, or other paper issued by the authority if the purpose of such the reproduction or alteration is to evade or violate any provision of this regulation or any other law.
- M. AVAILABILITY OF ORDERS. (2.03C) Any order or registration certificate required to be obtained by this regulation, shall be available on the premises designated on the order or certificate.
- N. POSTING OF NOTICES. (2.03D) In the event that the authority requires a notice to be displayed, it shall be posted. No person shall mutilate, obstruct or remove any notice posted by the authority unless authorized to do so by the board.

- O. PRIMA FACIE EVIDENCE. (5.02B) The person who owns or controls the property on which outdoor burning where an activity which may violate this regulation occurs has allowed or caused the burning is presumed to have allowed or caused the activity.
- P. SEVERABILITY. (8.05) If (any phrase, clause, subsection, or) a section of this regulation (shall be) is declared unconstitutional or the application is held invalid, (by any court of competent jurisdiction to any person shall be conclusively presumed that the Board of Directors would have enacted this Regulation without the phrase, clause, subsection, or section so held unconstitutional or invalid and) the remainder of the regulation shall not be affected as a result of said part being held unconstitutional or invalid, nor shall that provision be affected by other persons or circumstances.
- O. WAIVER. (5.12C) Nothing in this regulation shall be construed is intended to impair any cause of action or legal remedy therefore of biy a person or the public, for or the injury or damage arising from the emission from any air contaminant in such place, manner or concentration as to constitute air pollution or a common law nuisance.

## R. REVISIONS.

- 1. As Needed Revisions. The board may elect to open the entire regulation, an article, individual sections, specific subsections, or appendices for future revision without opening the remainder of the regulation.
- 2. Annual Revisions. Each year in July the authority shall give public notice for the consideration of any revisions to portions of the regulation at the August board meeting. The scope of the revisions shall be the same as subsection 1.0711.
- S. DISCLAIMER. Nothing in this regulation prevents the compliance with laws, regulations, and standards created by state or federal agencies at a future date.

# T. DEFINITIONS, ACRONYMS, AND ABBREVIATIONS.

- 1. Commonly Used Definitions. The definition of terms and phrases used in more than one section of the regulation are located in appendix A, and they are identified in the text with (App. A) following the term. When a definition is copied or abstracted from another source, the source is identified.
- 2. Commonly Used Acronyms and Abbreviations. Commonly used acronyms and abbreviations are defined in appendix B, and they are identified in the text with (App. B).
- 3. Specific Definitions. The definition of terms and phrases used in only one section of the regulation are located in the beginning of the section, and they are identified in text with a (\*) following the term.
- 4. Part of the Regulation. The definitions of terms, phrases, acronyms, and abbreviations are an integral part of this regulation.

1.08 EFFECTIVE DATE. These regulations are effective April 1.1999.

1.09 REVOCATIONS. The following are revoked or replaced by sections of this regulation:

- A. Restated Regulation 1 of the Yakima County Clean Air Authority with the following effective dates:
  - 1. November 18, 1993.

- 2. January 13, 1994.
- 3. June 20, 1994.
- 4. October 20, 1994.
- 5. December 15, 1995.
- B. Board Resolutions. None
- C. Board Decisions. None.

# **ARTICLE 2 - GENERAL REGULATIONS**

# 2.01 AIR POLLUTION CONTROL OFFICER - POWERS AND DUTIES

A. POWERS AND DUTIES. The board shall appoint an air pollution control officer (APCO) competent in the field of air pollution control whose sole responsibility shall be to implement these regulations in a manner consistent with:

- 1. Applicable federal and state laws and regulations:
- 2. Local regulations; and
- 3. The air pollution control officer and assistants, in the performance of their duties, shall in all respects be subject to the direction of the board and take no action that has been prohibited by the board. (2.02E) Policies and directives of the board unless specifically limited elsewhere in this regulation or by other laws or regulations.
- B. DELEGATED AUTHORITY. When the term "APCO" is used in this regulation, it also applies to any authorized representative of the authority conducting official business for the APCO (App. B) and the authority.
- C. REASONABLE INVESTIGATION. (2.02B) The control officer APCO or his duly authorized agent may make any reasonable investigation or study which is necessary for the purpose of to enforceing this regulation or any amendment or revision of this regulation. hereto or controlling or reducing the amount of or kind of air contaminant. The Control Officer shall be required to maintain appropriate records and prepare periodic reports to the Board.

# D. POWER TO ENTER. (2.02C)

- 1. General Power. For the purpose of investigating conditions for specific to the control, recovery or release of air contaminants into the atmosphere, the control officer APCO or his a duly authorized representative, shall have the power to enter at reasonable times upon any private or public property.
- 2. Limitations of the Power to Enter. excepting Non-multiple unit private dwellings housing two (2) families, or less may not to be entered without the permission of the occupant(s) of the dwelling(s).
- 3. Refusal of Entry. No person shall refuse entry or access to the APCO air pollution control officer or his duly authorized representatives who request entry for the purpose of inspection, and who when the APCO presents appropriate credentials.
- 4. Obstruction of an Inspection. Nor shall any No person shall obstruct, hamper or interfere with such an inspection.

# E. RIGHT TO OBTAIN SAMPLES. (2.02D)

1. Notification of Owner or Lessee. If during the course of an inspection the APCO a(n) authorized employee of the authority, during the course of an inspection, desires to obtain a sample of air contaminant, fuel, process material or other material which affects or may affect the emission of air

- contaminants, he the APCO shall notify the owner or lessee of the time and place of obtaining a sample.
- 2. Owner/Lessee Sampling. So The owner or operator lessee has the opportunity to may take a similar sample at the same time and place as the sample taken by the APCO authority.
- <u>3.</u> Receipt for Sample. <u>The APCO</u> authorized employee of the authority shall give a receipt to the owner or lessee operator for the sample obtained.
- **F. Maintain Records.** (2.02B) The APCO shall maintain appropriate records and prepare periodic reports to the board.
- G. Signing Authority. The APCO is authorized by the board to sign official complaints, issue violations, and/or apply to any court for necessary orders. When the board approves, the APCO may commence legal action. Nothing in this regulation may be construed to limit the APCO from using any other legal means to enforce the provisions of these regulations.

# 2.02 AUTHORITY TO COLLECT FEES (All New section)

- A. LEGAL AUTHORITY. WCAA (App. B) authorizes the authority to assess fees and recover costs for permits, registrations, and professional services.
- **B. CHARGES.** Charges include but are not limited to the following:
- 1. Reimbursement of authority staff time for review of complex projects or lengthy enforcement actions:
- 2. Operational costs incurred by the authority for administering and enforcing the air operating permit program;
- 3. Reimbursement of authority staff time for costs for notices of construction and initial synthetic minor regulatory orders;
- 4. Reimbursement to a minimum of 50% of the cost for annual registrations including periodic inspections; and
- 5. Charges from Ecology (App. B) for state level support and oversight work.

# C. REFUNDS.

- 1. The following fees are non-refundable:
- a. Actual costs incurred by the authority.
- b. Application fees.
- 2. The following refunds are made without interest:
- a. Fees collected in excess of actual costs.
- b. Fees collected in error.

#### D. FEES.

- 1. Fee schedules are in appendix F.
- 2. (13.05D) The workload analysis budget billing rate schedule for reimbursable fees and fee allocations schedule shall be made available upon request. Any proposed revisions to the annual fee schedule shall be presented to the board for adoption after public notice has been given.

# 2.03 ADOPTION OF STATE AND FEDERAL REGULATIONS

The Yakima County Clean Air authority hereby adopts by reference and incorporates herein, as if specifically set forth herein; into these regulations all of the terms and provisions of the following The Yakima County Clean Air authority hereby adopts by reference and incorporates herein, (as if specifically set forth herein,) all of the terms and provisions of the as identified below: (Washington) state administrative

codes and code of federal regulations as of the effective date of the regulation in section 1.08. identified below, except. as When the same may be less stringent than the provisions of this regulation of the Yakima County Clean Air Authority is more stringent than the federal or state laws and regulations, the regulation of the authority shall have precedent.

A. STATE REGULATIONS. (12.01)

Chapter 173-400 WAC General Regulations for Air Pollution Sources:

Chapter 173-401 WAC Operating Permit Regulation;

Chapter 173-420 WAC Conformity of Transportation Activities to Air Quality Implementation Plans

Chapter 173-425 WAC Open Burning;

Chapter 173-430 WAC Agricultural Burning:

Chapter 173-433 WAC Solid Fuel Burning Device Standards;

Chapter 173-434 WAC Solid Waste Incineration Facilities:

Chapter 173-435 WAC Emergency Episode Plans;

Chapter 173-450 WAC Establishing Requirements for the Receipt of Financial Aid

Chapter 173-460 WAC Controls for New Sources of Toxic Air Pollutants;

Chapter 173-470 WAC Ambient Air Quality Standards For Particulate Matter;

Chapter 173-474 WAC Sulphur Oxide Standards;

Chapter 173-475 WAC Photochemical Oxidant, Hydrocarbons, Nitrogen Dioxide (Ambient Standards);

Chapter 173-490 WAC Emission Standards and Controls for Sources Emitting Volatile Organic Compounds (VOC);

Chapter 173-491 WAC Emission Standards and Controls for Sources Emitting Gasoline Vapors.

Chapter 173-802 WAC Ecology SEPA (App. B) Procedures

Chapter 173-806 WAC Model Ordinance for Use in Integration of SEPA Guidelines

Chapter 197-11 WAC SEPA Rules

**B. FEDERAL REGULATIONS.** (12.02)

Title 40 CFR Part 60, (New Source Performance) Standards of Performance for New Stationary Sources ((NSPS)) except provisions withheld from delegation by EPA (App. B);

Title 40 CFR Part 61, National Emissions Standards for Hazardous Air Pollutants (NESHAPS).

<u>Title 40 CFR Part 63, National Emission Standards for Hazardous Air Pollutants for Source Categories except provisions withheld from delegation by EPA (App. B).</u>

<u>Title 40 CFR Part 503, Standards for the Use or Disposal of Sewage Sludge.</u>

Subpart A. General Provisions: and

Subpart E, Incineration.

2.04 PUBLIC PARTICIPATION. (New Section, WAC 173-400-171)

- A. PURPOSE. To involve the public prior to making decisions.
- **B. APPLICABILITY.** This section applies to the following actions or situations:
  - 1. When required by federal or state law or regulation; or

- 2. NSR (App. B) applications for a new or modified source or emissions unit if the application proposesd source would cause an annual increase of ten TPY (App. B) tons of any air pollutant contaminant for which has established the ambient air quality standards have been established;
- 3. Regulatory orders which have had no previous public review:
- 4. Orders to determine RACT (App. B) for major sources:
  - 5. Orders to establish variances:
  - 6. Changes to the SIP (App. B):
  - 7. Substantive changes to regulations:
  - 8. Proposed air operating permits:
  - 9. SEPA (App. B) determinations; or
- 10. Actions where there is a substantial public interest as determined by the APCO (App. B).
- C. EARLY REVIEW. May be initiated by either the authority or the public by a written request.
- 1. Purpose. Provides a forum for dialogue at early stages of authority decision making.
  - 2. Methods.
  - c. Public meetings or workshops:
  - d. Advisory committees;
  - e. Peer review groups;
  - f. Discussion groups; or
  - g. Public hearings.
- **D. PUBLIC NOTICE PROCESS.** (4.02H) The following is the public notice process:
  - H. Public Notice.
- 1. Notice of Construction applications shall be subject to public notice under the following conditions:
- a. If otherwise required by state or federal laws or regulations; or

b. or

- e. If the Yakima County Clean Air Authority determines that such public comment would be appropriate.
- 2. Within fifteen days of receipt of a complete application for a Notice of Construction the Authority shall determine whether public notice is required, and if so it shall publish notice to the public of an opportunity to submit written comments during a thirty (30) day period. Such public notice shall contain the following information:
  - a. The name and address of the owner;
  - b. A brief description of the proposed construction;
- e. The location at which a copy of the preliminary determination and a summary of the information considered in making such preliminary determination are available to the public.
  - 1. Public Notice Is Issued.
- a. After all information required by the authority is available; and
  - b. All preliminary determinations are made.
- 2. Who Pays For Public Notice. The owner or applicant pays the cost of providing public notice.
  - 3. Content.
- a. Publication in a Newspaper. Notices are published in a newspaper with a general circulation in the area, and they contain:
  - 1) A brief description of the proposal;

- 2) The location of the documents available for public inspection;
- 3) The 30 day period for submitting written comments to the authority;
- 4) The public hearing dates and locations if hearings are required.
  - b. Information Available for Public Inspection:
- 1) Nonproprietary information submitted by the applicant:
  - 2) Applicable preliminary determinations:
  - 3) Analyses of the air quality effects; and
  - 4) Other relevant information.
- c. Copies of the Notice. Are sent to EPA (App. B) and ecology (App. B) for any application or action which requires public notice.

# 4. Public Comments.

- a. Public comments are received during the published period.
- b. If a public hearing is held, the public comment period will extend through the hearing date and the period specified by the notice.

# 5. Public Hearings.

- a. Interested persons may request a public hearing in writing within the 30 day public comment period.
  - b. The authority must respond to all requests.
  - c. The authority decides to hold a public hearing.
- d. The time and place of the hearing(s) are published in a newspaper with general circulation in the area. The method and content of the notice will comply with subsection 2.04D3a.
- 6. Response to Public Comment. The authority shall provide a written response to the public comments.

## 2.05 APPEALS

- A. PURPOSE. To define the local policy for appeals of decisions by the APCO (App. B) or board.
- **B.** APPLICABILITY. Any final written decision, order, or fee issued by the APCO or the board.

# C. POLICY.

- 1. Finality. (3.02) Any order issued by the Board or Control Officer shall become final, unless such order is appealed to the Pollution Control Hearings board, as provided in RCW 43.21B. Any decision or order shall be final 30 days after the decision or order is issued unless:
- a. A petition for review or appeal is filed with a higher level of authority; or
- **b.** A petition for judicial review is filed with a superior court.
- 2. Status During Appeal. (3.03) Any order of the Control Officer or Board shall be stayed pending final determination of any hearing or appeal taken in accordance with the provisions herein, unless after notice and hearing, the Superior Court shall determine that an emergency exists which is of such nature as to require that such order be in effect during the pendency of such hearing or appeal.
- a. The implementation of any decision or order shall be stayed pending the final resolution of the appeal unless:
- **b.** Superior court determines that an emergency exists that requires the implementation of the decision or order during the appeal period.

3. Mutual Settlement. (3.04) Nothing in this article shall prevent the Control Officer APCO or board from making efforts to obtain voluntary compliance through warning, conference or any other appropriate means.

# D. APPEAL OPTIONS.

# 1. From Decisions Made by the APCO.

- a. Request a review of the decision by the APCO;
- b. Appeal the decision to the board;
- c. Appeal the decision to the pollution control hearings board; or
- d. File a petition with superior court requesting a judicial review of the decision.

# 2. From Decisions Made by the Board.

- a. Request a review of the decision by the board:
- b. Appeal the decision to the pollution control hearings board; or
- c. File a petition with superior court requesting a judicial review of the decision.
- E. APPEAL PROCESS. The specific details for appeals are in RCW 34.04, RCW 43.21, and WAC 173-400-250.

# **ARTICLE 3 - RULES**

## 3.00 GENERAL RULES

A. PURPOSE. To define rules of a general nature.

B. APPLICABILITY. Applies to the rules in articles 3 and

# <u>4..</u>

# C. EXCLUSIONS.

1. Ambient Air Quality Standards. Ecology (App. B) is responsible for establishing, administering, and enforcing the ambient air standards.

# <u>D.</u> VARIANCES. (7.01 & <u>RCW 70.94.181)</u>

- A. Any person who owns or is in control of any plant, building, structure, establishment, process or equipment, may apply to the Board for a variance from the provisions of these Regulations governing the quality, nature, duration or extent of discharge of air contaminants in accordance with the provisions of RCW 70.94.181. The application shall be accompanied by such information and data as the Board may require. The Board may grant such variance, but only after public hearing or due notice if the Board finds that:
- 1. The emissions occurring or proposed to occur do not endanger public health or safety or the environment; and
- 2. Compliance with the rules and regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.
- 3. Provided, however, that the Board will not grant variances to state rules unless the same have been approved by the Washington State Department of Ecology prior to being issued by the Yakima County Clean Air Authority.
- 4. Total time period for a variance and a renewal of such variance shall not exceed one year.
- B. No variance shall be granted pursuant to this section until the Board has considered the relative interest of the applicant, other owners of property likely to be affected by the emissions, and the general public.
- C. Any variance or renewal thereof shall be granted within the requirements of subsection A and for time periods and under conditions consistent with the reasons therefore, and within the following limitations:

- 1. If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternative measures that the Department of Ecology or Board may prescribe.
- 2. If the variance is granted on the ground that compliance with the particular requirements or requirement from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time, as in the view of the Department of Ecology or Board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.
- 3. If the variance is granted on the ground that it is justified to relieve or prevent hardships of a kind, other than that provided for in Subsections 7.01 (A) (1), (2), and (3), it shall be for not more than one (1) year.
- D. If renewal is made to the Board on account of the variance, no renewal thereof shall be granted unless, following a public hearing on the complaint on due notice, the Board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty (60) days prior to the expiration of the variance:

Immediately upon the receipt of the application for renewal the Board shall give public notice of such application in accordance with the rules and regulations of the Board.

E. A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the Board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for variance or renewal of a variance by the Board, may obtain judicial review thereof under the provisions of Chapter 34.05 of RCW as now or hereafter amended.

F. Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the applications of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or their property.

G. An application for variance or for the renewal thereof submitted to the Department of Ecology or Board pursuant to this section, shall be approved or disapproved by the Board within sixty (60) days of receipt, unless the applicant and the Board agree to a continuance

- 1. Purpose. To provide a process for obtaining relief from these regulations.
- 2. Applicability. Any person who is subject to these regulations.
  - 3. Requests for Variances or Renewals.
  - a. General Process.
- 1) Petitioner submits the written application and documentation to the APCO (App. B):
- 2) APCO reviews to application and submits it to the board with a recommendation;
  - 3) Board makes a decision.

- 4) If the requested variance is to an authority rule which is not duplicated in the SIP (App. B) or the WAC (App. B), the decision shall be made by the board.
- 5) If the requested variance is to a state rule, the decision is referred to ecology (App. B) for final approval (7.01A3).
- 6) The variance is granted by the authority after the final approval by either the board or ecology.
- b. Application. The following information is required in the application:
  - 1) Specific regulation which relief is requested:
- 2) Detailed explanation that justifies relief from compliance with the regulation;
- 3) Plans to bring the source into compliance with the regulation prior to the expiration of the variance;
  - 4) Location of any sensitive receptor sites;
- 5) Air pollution source, equipment, and control apparatus subject to the variance;
- 6) Any equipment connected to, serving, or served by the air pollution source, equipment, and control apparatus subject to the variance;
- 7) Plot plan showing the distance and height of buildings within 200 feet or other distance specified by the APCO from the location of the contaminant source; and
- 8) Estimated amount that the emissions will exceed standards as result of the variance.
  - c. Additional Documentation.
  - 1) Any additional information required by the APCO.
  - 2) Any information volunteered by the petitioner.
- d, Review Criteria. (7.01B) Before granting a variance, the board must consider the interests of:
  - 1) The applicant:
- 2) Owners of adjacent property likely to be affected by the variance; and
  - 3) The general public.
- e. Review Period. (7.01 G) Any application for variance or renewal must be approved or disapproved by the board within 60 days of receipt unless the applicant and the board agree to a continuance.
- f. Public Involvement. Shall be done as required in section 2.04.
  - 4. Conditions for Granting a Variance. (7.01A1&2)
- a. The emissions proposed do not endanger public health, safety, or the environment; and
- b. Compliance with the rules or regulations without a variance would produce serious hardship without equal or greater public benefits.
- 5. Limitations for Granting a Variance or Renewal. (7.01C)
  - a. No Practicable Technology Available.
- 1) Adequate prevention, abatement or control of the pollution is not available;
- 2) The variance is granted only until the necessary technology for prevention, abatement or control becomes available.
- 3) When the control technology becomes reasonably available:
  - a) The variance may be rescinded; and
- b) Ecology or the board may prescribe alternate meaures.
  - b. Compliance with Requirements will be Difficult.

- 1) Will require taking measures which are extensive or costly;
  - 2) Must be accomplished over a long time period;
- 3) The variance must be granted for a reasonable time to complete the required measures;
- 4) The variance must contain a schedule for completing the measures in a timely manner; and
- 5) Must include conditions requiring adherence the schedule.
- 6. Expiration. (7.01A4) Variances and renewals shall expire one year or less after the issuance, or when;
- a. The conditions of the variance or renewal are fulfilled; or
  - b. Replaced by a new law or regulation.
- 7. Renewals (7.01D & RCW 70.94.181(1)) Any variance may be renewed for the same terms, conditions, and period as when the variance was granted up to one year from the initial issuance of the variance.
- a. Application for Renewal. (7.01D) Must be submitted at least 60 days prior to the expiration of the variance. Immediately upon the receipt of the application the board must give public notice of the application.
- b. The process for the renewal will follow subsection 3.00E3.
- c. Renewals After Complaints Concerning Variances. (7.01D & RCW 70.94.181(1)) If ecology or the board receives a complaint about the variance, a renewal must not be granted until the board issues a notice and holds a public hearing on the complaint. Based upon results of the public hearing, the board will grant a renewal if it finds the renewal is justified.
- d. Applications for renewals beyond one year must apply for a new variance.
- 8. Judicial Review. (7.01 E) A variance or its renewal is not the right of the applicant or holder, but is granted at the discretion of the board. Any applicant who is adversely affected by the denial or the conditions of a variance or its renewal may obtain judicial review under the provisions of Chap. 34.05 of RCW.
- **9. Emergency Provisions.** (7.01F) Nothing in this section or any variance or renewal granted under this section is construed to limit the applications of the emergency provisions and procedures of air pollution episodes as described in WCAA (App. B).

#### E. OPERATION AND MAINTENANCE.

- 1. Purpose. To define operation and maintenance standards for all process and control equipment to prevent avoidable emissions.
- 2. Applicability. Any person who is subject to these regulations.
- 3. Exemption. Process or control equipment which is out of service.
- 4. Requirement. The owner or operator of an air pollution source shall:
- a. Operate and maintain all process and control equipment which has the potential to create emissions according to the specifications of the manufacturer:
- b. Maintain this equipment in good repair and working condition;

- c. Operate this equipment to minimize emissions; and
- d. Keep a current copy of the manufacturer's manuals and specifications on the site.

# 3.01 EMISSION STANDARDS

# A. PURPOSE. To control and prevent air pollution.

B. APPLICABILITY. (5.06) To all sources and emissions units. are required to meet the emission standards of this chapter. Where a more stringent an emission standard listed exists, in another chapter is applicable to a specific emissions unit, such the more stringent standard will apply, take precedent over a general emission standard listed in this chapter.

# C. GENERAL EMISSION STANDARDS FOR MAXIMUM PERMISSIBLE EMISSIONS.

All sources are required to comply with the general emission standards unless a general standard is replaced by another subsection.

# 1. Prohibitions. (5.06)

a. Visible Emissions. (5.06, 5.07A, & 5.09B) No person shall cause or permit visible emissions (App. A) plume from any source that exceeds twenty percent (20%) opacity for three minutes in any one hour period except:

1) (5.06A1 & 5.09B1) When the emissions occur due to soot blowing/and grate cleaning from hog fuel boilers, and the operator can demonstrate that the emissions will not exceed twenty percent (20%) opacity (App. A) for more than fifteen (15) minutes in any eight (8) consecutive hours. The intent of this provision is to permit allow the soot blowing and grate cleaning necessary to the operation of boiler facilities. This practice, except for testing and trouble shooting, is to be scheduled for the same approximate times each day, and the authority must be advised of the schedule.

- 2) (5.06A2) When the owner or operator of the source supplies valid data to show that the opacity exceeds twenty percent (20%) as the result of the presence of condensed water droplets. The visible emission shall be acceptable if:
- a) The concentration of particulate matter as shown by a source test approved by the authority must be is less than 0.23 grams/dscm (App. B) or one-tenth (0.1) grains per dry standard cubic foot dscf (App. B). For combustion emissions the exhaust gas volume shall be corrected to seven percent (7%) oxygen O<sub>2</sub> (App. B); or
- b) A certified opacity reader determines the excess opacity is due to the presence of water vapor.
- 3) (5.06A3) As provided for in WAC 173 433 110 "Opacity Standards For Solid Fuel Burning Devices". The opacity standard for wood heaters is in subsection 3.04E1(a).
  - b. Particulate Matter.
- 1) Preventing Particulate Matter from becoming airborne: (5.06B). No person shall cause or allow permit the emission of particulate matter PM (App. B) from any source which is transported or becomes deposited beyond the source property under direct control of the owner or operator of the source in sufficient quantity to interfere unreasonably with the use or and enjoyment of another the property upon which the material was transported or deposited.
- 2) (5.12A) No person shall cause or, let, allow, permit or suffer particulate matter PM to be stored, handled, or trans-

ported without taking reasonable precautions to prevent air pollution.

- 3) (5.12B) No person shall cause or let, allow permit, or suffer a building or its appurtenances or road to be constructed, altered, repaired or demolished without taking reasonable precautions to prevent air pollution.
- c. Material Handling. (5.06C) No person shall cause or permit material the handling of any material without taking reasonable precautions to prevent the release of contaminants pollutants (App. A) to the ambient air (App. A).
- d. Objectionable Odors. (5.06D) Any person who shall causes or allows the generation of any objectionable odor from any source which may unreasonably interfere with an the adjoining property owner's use or and enjoyment of another his property must use recognized good practice and procedure to reduce these objectionable odors to a reasonable minimum.
- e. Air contaminants or water vapor Detrimental Emissions. to persons or property. (5.06 E) No person shall cause or allow an permit the emission of any air contaminant or water vapor from any source, including any air contaminant whose emission is not otherwise prohibited by this Regulation, if the air contaminant or water vapor causes detrimental to the health, safety, or welfare of any person; or causes damage to the property or business of another person.

# f. Sulfur Dioxide (SO<sub>2</sub>) (App. B) (5.06 F)

- 1) (5.06 F1) No person shall cause or permit the emission of a gas containing sulfur dioxide SO<sub>2</sub> in excess of 1,000 parts per million (ppm). (App. B).
- 2) (5.06 F2) All concentrations of sulfur dioxide SO<sub>2</sub> referred to above are by volume, dry standard conditions. and For combustion emissions the exhaust gas volume shall be corrected to seven percent (7%) oxygen O<sub>2</sub> (App. B) and based on the average of any period of sixty 60 consecutive minutes.
- g. Concealment and Masking. (5.06G) No person shall cause or permit the installation or use of any device, or the use of any means which, without resulting in a reduction in the total amount of air contaminant emitted, conceals an emission of an air contaminant pollutant which would otherwise violate any requirements provisions of this regulation chapter.
- h. Sale or Installation of Air Pollution Source. (5.061)
  No person shall hereafter sell or install within the jurisdiction of the Yakima County Clean Air Authority any continuous, stationary an air contaminant pollution source in which the air contaminant emitted therefrom cannot be restricted to not capable of meeting the standards of this regulation as set forth in Sections 5.06(A) and 5.08.

#### 2. Requirements.

a. Two or More Emission Units. (5.06) When two or more emissions units are connected to a common stack, and the operator elects not to provide the means or facilities to sample emissions from the individual emissions units, and the relative contributions of the individual emissions units to the common discharge are not readily distinguishable, then the emissions of the common stack must meet the most restrictive standard of any of the connected emissions units.

- b. Reasonably Available Control Technology (RACT) (App. A). (5.06, 5.09B2, & 5.09H) Further, All emissions sources units are required to use reasonably available control technology (RACT) where available.
- 1) This which may be determined for some sources or source categories to be more stringent than the applicable emission limitations of any chapter of *Title 173 WAC*.
- 2) Where current controls are determined to be less than RACT, the authority shall, on a case by case basis, define RACT for each source or source category and issue a regulatory order to the source or sources for installation of RACT.
  - c. Fugitive Dust Sources. (5.06H)
- 1) (5.06H1) The owner or operator of a source of fugitive dust must shall take reasonable precautions to prevent fugitive dust from becoming airborne and shall maintain and operate the source to minimize emissions.
- 2) (5.06 H. 2) The owner(s) or operator(s) of any existing source(s) of fugitive dust that has been identified as a significant contributor to a Category I PM<sub>10</sub> or PM<sub>25</sub> nonattainment area, shall be required to must use reasonably available control technology RACT to control emissions. Significance will be determined by the definition found in 40 CFR Part 51, Appendix S, as amended July 1, 1990.
  - 3) Specific dust control requirements are in section 3.08.
- d. Opacity Measurement. (5.06J) The density or opacity of an air contaminant shall emission must be measured at the point of its emission. except When the point of emission cannot be readily observed it may be measured at an observable point on a plume nearest the point of emission.
- e. Maintenance and Operation. As required in subsection 3.00E.
- f. Compliance Testing. As required in subsection 3.11E2.
  - g. Inspection. As authorized in subsection 5.00C.
- h. Permitting. Owners or operators of sources may be required to obtain permits from the authority under sections 4.03, 4.04, or 4.05.
- D. MINIMUM ADDITIONAL EMISSION STANDARDS FOR COMBUSTION AND INCINERATION SOURCES (App. A) (5.07) These standards are in addition to or replace a general standard in subsection 3.01C.
  - 1. Particulate Matter.
- a. Sources Burning Wood Derived Fuels. (5.09B1) The emission of PM from a unit combusting wood derived fuels for the production of steam must not exceed 0.46 gram per dscm (0.2 grain per dscf).
- b. All Other Sources. The emission of PM must not exceed 0.23 gram per dscm (0.1 grain per dscf).
  - c. Measurement.
- 1) The concentration of PM will be measured by a currently approved EPA (App. B) method; or
- 2) Procedures which have received advance written approval by the authority.
- 3) (5.07C) Stated Concentrations for combustion and incineration sources will be determined calculated after the volumes are corrected to seven percent (7%)  $O_2(App. B)$  exygen except when the authority decides that an alternate  $O_2$  correction factor is more representative of normal operations.
  - 2. Incineration Sources. (App. A)

[ 11 ] Proposed

- a. Total Unburned Hydrocarbons Carbonyls. (5.07B) For all Incinerator sources, no person shall cause or permit emissions must not emit unburned carbonyls in excess of 100 ppm (App. A). This of total unburned hydrocarbons as must be measured by applicable EPA methods or acceptable procedures contained in "Source Test Manual Procedure for Compliance Testing". State of Washington. Department of Ecology on file with the Authority or Ecology which have been approved in advance by the Authority received advance written approval by the authority.
- b. Hours of Operation. (5.07B) Incinerators shall will be operated only during daylight hours unless written permission to operate at other times is obtained received from the authority.
- c. Large Incinerators. (5.07D) All incinerators designed to burn twelve tons per day of materials shall be are subject to the standards set forth in WAC 173-434 if they are:
- 1) Designed to burn  $\geq$  (App. B) 12 tons per day of materials; and
  - 2) Constructed after to January 1, 1985.
- E. MINIMUM EMISSION ADDITIONAL STANDARDS FOR GENERAL PROCESS SOURCES, (App. A) (5.07E & 5.08) These standards are in addition to or replace a general standard in subsection 3.01C. No person shall cause or permit emissions in excess of Section 5.08. General Process Units are required to meet all applicable provisions of Section 5.06. No person shall cause or permit the Emissions of particulate matter from any general process operation sources must not exceed in excess of one tenth (0.10) grains per standard cubic foot of dry exhaust gas 0.23 gram per dscm (0.1 grain per dscf) as tested by in accordance with 40 CFR Part 60 Appendix A. Method 5. "Determination of Particulate Emissions from Stationary Sources", a currently approved EPA method or procedures which have received advance written approval by the authority.
- PROCEDURES FOR CERTAIN SOURCE Categories (5.09 & WAC 173-400-070) The authority finds that reasonable regulation of sources within certain categories requires separate standards applicable to such categories. The standards set forth in this section shall be the minimum allowable standards for sources within the categories listed, and Except as specifically provided in this Section, such sources shall be required to meet the provisions of Section 5.06, Section 5.07., and Section 5.08. These standards are in addition to or replace a standards in subsection 3.01C, D, or E.

# 1. Hogged Fuel Boilers. (5.09B)

(5.09 B1) No person shall operate a hogged fuel boiler that will cause or permit an emission for more than three (3) minutes in any one (1) hour of an air contaminant from any source which, at the emission point or within a reasonable distance of the emission point, exceeds twenty percent (20%) opacity or which causes an emission of particulate matter in excess of one fifth (0.20) grains per standard dry cubic foot. Particulate matter emissions shall be measured by EPA Method 5 or approved procedures contained in "Source Test Manual Procedure for Compliance Testing", State of Washington Department of Ecology on file at the Authority or Ecology. Provided that emissions may exceed twenty per-

- eent opacity (20%) for up to fifteen (15) consecutive minutes once in any eight (8) hours. The intent of this provision is to permit the soot blowing and grate cleaning necessary to the operation of these units. This practice is to be scheduled for the same specific times each day and the authority shall be notified of the schedule or any changes.
- (5.09B2) All hogged fuel boilers shall utilize Reasonably Available Control Technology and shall be maintained and operated to minimize emissions.
- (5.09B3) The authority may establish additional requirements for hogged fuel boilers located in or proposed for location in sensitive areas which can be implemented through permitting or enforcement actions. These additional requirements may include, but shall not be limited to:
- a. (5.09B3a) A requirement to meet additional provisions of subsection 5.07 3,01D;
- b. (5.09B3b) A requirement to utilize Best Available Control Technology BACT (App. B);
- c. (5.09B3c) A requirement to reduce or eliminate emissions if the authority establishes that such emissions unreasonably interfere with the use or enjoyment of the property of others or if such reductions or eliminations are necessary to meet ambient air quality standards; or
  - d. A requirement to comply with section 3.12.
- 2. Orchard Heating. (5.09C) The following are prohibited:
- a. (5.09C1) Burning of rubber materials, asphaltic products, crankcase oil or petroleum wastes, plastic, or garbage; is prohibited; and
- b. (5.09C2) It shall be is unlawful to Burning any material or operating any orchard heating device that causes visible emissions exceeding twenty percent (20%) opacity, except during the first thirty (30) minutes after such the device or material is ignited.
- 3. Grain Elevators. (5.09 D2) The authority may establish additional requirements for grain elevators located, or proposed for location, in sensitive areas near sensitive receptor sites as required in section 3.12. These requirements may include, but shall not be limited to a requirement to meet the provisions of Section 5.06 and Section 5.08. standards of subsection 3.01E. (5.09D1) Any grain elevator which is primarily classified as a materials handling operation shall meet all the provisions of Section 5.06, B, C, D, and E.
  - 4. Catalytic Cracking Units. (5.09G)
- a. Existing Units. (5.09G1) All existing entalytic cracking units shall meet all provisions of Sections 5.06 (B), (C), (D), (E) and (G) and:
- 1) No person shall cause or permit the emission for more than three (3) minutes, in any one hour, of an air eontaminant pollutant from any catalytic cracking unit which at the emission point, or within a reasonable distance of the emission point, exceeds forty percent 40% opacity.
- 2) No person shall cause or permit the emission of particulate material in excess of 0.46 grams per dry cubic meter of standard conditions dscm (0.-20 grains per dscf) of exhaust gas.
- b. All New Catalytic Cracking Units. (5.09G2) Must shall meet all provisions of WAC 173-400-115 and section 4.02.

- 5. Sulfuric Acid Plants (H<sub>2</sub>SO<sub>4</sub>). No person will cause to be discharged into the atmosphere from a H<sub>2</sub>SO<sub>4</sub> plant, any gases which contain acid mist, expressed as H<sub>2</sub>SO<sub>4</sub>, in excess of 0.15 pounds per ton of acid produced. Sulfuric acid production shall be expressed as 100% H<sub>2</sub>SO<sub>4</sub>.
- 6. Sewage Sludge Incinerators. The standards for the incineration of sewage sludge are listed in 40 CFR 503 subpart A General Provisions and subpart E Incineration.
- 7. Asbestos. (5.09E) No person shall remove or otherwise disturb asbestos, to the extent that asbestos fibers may become airborne, without notifying the Authority ten (10) business days prior to removal. If removal is necessary due to an emergency, the ten day waiting period may be waived by the Authority.

# 1. Private Residents.

Private homeowners, when removing friable asbestos materials from their normally occupied or will be normally occupied homes, may be required to remove the asbestos materials according to the National Emission Standard for Hazardous Air Pollutants (NESHAPS) as set forth in Title 40 Code of Federal Regulations part 61, as the same now exists or may be amended. Removal and disposal of non friable asbestos materials shall be conducted in accordance with practices and procedures approved by the Authority.

# 2. Small Quantity Asbestos Material.

Asbestos Materials in quantities less than 160 square feet or 260 linear feet must be removed and disposed of according to practices and procedures approved by the Authority.

3. Commercial, Industrial or other sources.

No person shall demolish any commercial, institutional, or industrial building, or any residential facility constructed to house four (4) or more families without first performing a thorough inspection, to be conducted by a qualified expert to determine the quantities and types of asbestos materials present. If it is determined that such building contains asbestos, no person shall commence the demolition of such facility without complying with the requirements of NESHAPS, the Federal Rule stated in E (1) above.

# 4. Fees or Administrative Charges.

Fees associated with this subsection (5.09(E)) shall be in accordance with Article XIII. Section 13.04 of this regulation.

- 8. Wigwam Burners. (5.09F)
- a. All wigwam burners shall meet all provisions of Section 5.06 (B), (C), (D), (E), (F) and (G).
- b. All wigwam burners shall use RACT. All emissions units shall be operated and maintained to minimize emissions. These requirements may include a controlled tangential vent over fire air system, an adequate under fire system, elimination of all unnecessary openings, a controlled feed and other modifications determined necessary by Ecology or the Authority.
- e. It shall be unlawful to install or increase the existing use of any burner that does not meet all requirements for new sources including those requirements specified in Section 5.06 and Section 5.07, except operating hours.
- d. Ecology may establish additional requirements for wigwam burners located in sensitive areas as defined by

- chapter 173-440 WAC These requirements may include but shall not be limited to:
- i. A requirement to meet all provisions of in Section 5.06 and Section 5.07. Wigwam burners will be considered to be in compliance if they meet the requirements contained in Section 5.06(A). An exception is made for a startup period not to exceed thirty (30) minutes in any eight (8) consecutive hours.
  - ii; A requirement to apply BACT.
- iii. A requirement to reduce or eliminate emissions if Ecology establishes that such emissions unreasonably interfere with the use and enjoyment of the property of others or are a cause of violation of ambient air standards.
  - 9. Asphalt Batch Plants. (5.09 A)
- a. All batch plants shall meet all requirements of Title 40 CFR 60.90 Subpart I, "Standards of Performance for Hot Mix Asphalt Facilities".
- b. Asphalt batch plants shall utilize Best Available Control Technology and shall be maintained and operated to minimize emissions
- 10. Other Wood Waste Burners. (509H) Wood waste burners not specifically provided for in this section shall meet all provision of Section 5.06. Such wood waste burners shall utilize RACT and shall be operated and maintained to minimize emissions.

## 3.02 STANDARDS FOR SOURCES OF HAZARDOUS AIR POLLUT-ANTS. (WAC 173-400-075 & WAC 173-460) (New Section)

- A. PURPOSE. To control and prevent emissions of hazardous air pollutants.
- B. APPLICABILITY. Applies to the owners or operators of any stationary source subject to the requirements of *Title* 40 CFR Parts 61 and 63.
- C. ADOPTION BY REFERENCE. Subsection 2.03B adopts Title 40 CFR Parts 61 and 63 except provisions withheld from delegation by EPA (App. B) as of the effective date of the regulation in section 1.08.
- D. EMISSION STANDARDS FOR PERCHLOROETHYLENE (PCE) DRY CLEANERS. (WAC 173-400-075(6))
- 1. Purpose. To define specific standards for dry cleaners using the solvent PCE (App. B) which supplement 40 CFR Part 63, Subpart M, National Perchloroethylene Emission Standards for Dry Cleaning Facilities.
- 2. Applicability. Any dry cleaning operations that uses PCE.
- 3. Requirements. The annual use of PCE (App. B) determines the source category, venting, and leak inspection frequency requirements.
  - a. Source Categories. Are shown in tables 3.02-1.

# Table 3.02-1. PCE Dry Cleaner Source Categories

Applicability	Small Area Sources (a)	Large Area Sources (b)	Major Area Sources (c)
Dry cleaning Facilities with	Using less than	Using between:	Using more than
(1) Only Dry-to-Dry Machines	140 gallons PCE/yr	140-2.100 gal- lons PCE/yr	2.100 gallons PCE/yr

(2) Only Trans-	200 gallons	200-1,800 gal-	1,800 gallons
fer Machines	PCE/yr	lons PCE/yr	PCE/yr
(3) Both Dry-to-Dry & Transfer Machines	140 gallons	140-1,800 gal-	1,800 gallons
	PCE/yr	lons PCE/yr	PCE/yr

b. Change in PCE Consumption. If there is an increase or decrease in the amount of PCE used that changes the source category, the owner or operator of the source must notify the authority within 180 days.

c. Venting and Leak Inspection. Are shown in table 3.02-2.

<u>Table 3.02-2. PCE Dry Cleaner Venting and Leak</u>
<u>Inspection Requirements.</u>

Requirement	Small Area Sources (a)	Large Area Sources (b)	Major Area Sources (c)
Air-PCE Vapor Venting System (1) Installed on or before Sept. 21, 1993. (2) Installed after Sept. 21, 1993.	No requirement  Thru a refrigerated condenser.	Thru a refrigerated condenser. Thru a refrigerated condenser.	Thru a refrigerated condenser. Thru a refrigerated condenser followed by a small carbon adsorber.
PCE Leak Inspection Frequency (3) <\$75,000 / year in revenue  (4) ≥\$75,000 / year in revenue	No requirement.  Weekly.	N/A Weekly.	N/A Weekly.

## d. Registration is required as specified in section 4.01.

# e. Operation and Maintenance.

- 1) As required by subsection 3.00E; and
- 2) Close the door of each dry cleaning machine except when transferring articles to or from the machine.
- f. Leak Repair. Leaks musts be repaired within 24 hours of detection, and the parts to repair a leak must be installed within 48 hours after receiving them.

# g. Storage of PCE.

- 1) Store all PCE and wastes containing PCE in a closed container; and
- 2) Drain cartridge filters in the housing or other sealed container for at least 24 hours before discarding the cartridges.
- h. Recordkeeping Requirements. The following requirements are in addition to the requirements in section 3.11. Documents and records must be kept on-site at the dry cleaning facility for at least:
- 1) As long as the PCE dry cleaning and process vent control equipment or control systems are in operation:
  - a) Design specifications and operating manuals;
  - b) Maintenance plans;

- c) Design specifications and operating manuals for any modifications to these systems.
  - 2) Five years after the close of the business year.
- a) A record of dates and results of all monitoring, inspections, and repairs of the PCE dry cleaning system;
- b) A record of the amount of PCE purchased each month including the receipts for the PCE purchases;
- c) A calculation of the amount of PCE used during the previous 12 months.
- d) If a refrigerated condenser is used on a dry-to-dry machine, dryer, or reclaimer, a weekly record of the air temperatures measured at the outlet of the refrigerated condenser during the cool-down period to verify compliance with subsection 3.02D3i.
- e) If a refrigerated condenser is used on a washer, a weekly record of the differences between the air temperatures measured at the inlet and outlet of the refrigerated condenser to verify compliance with subsection 3.02D3i.
- f) If a carbon adsorber is used on a dry cleaning system, a weekly record of measuring the concentration of outlet PCE to verify compliance with subsection 3.02D3i.

# i. Requirements for Refrigerated Condensers.

- 1) Have temperature sensors permanently installed prior to September 23, 1996, if the PCE dry cleaning system was built prior to December 9, 1991;
- 2) Have permanently installed temperature sensors that are accurate to within 2°F (1°C) (App. B) so the temperatures can be seen at all times;
- 3) Have an air temperature at the outlet of the refrigerated; condenser installed on a dry-to-dry machine, dryer or reclaimer  $\leq 45$ °F (App. B) (7°C) during the cool-down period;
- 4) Have a difference in the air temperatures between the inlet and outlet of a refrigerated condenser installed on a washer ≥ 20°F (11°C).
- 5) Have a diverter valve which prevents air drawn into the dry cleaning machine from passing through the refrigerated condenser when the door of the machines is open; and
- 6) Must not release the air-PCE-vapor stream into the atmosphere while the dry cleaning machine drum is rotating or, if installed on a washer, until the washer door is opened.
- j. Requirements for Carbon Adsorbers. Must meet all of the following requirements:
- 1) Have PCE measurements at the exhaust of the carbon adsorber  $\leq 100 \text{ ppm } (App. B)$ ; and
- 2) Weekly measure and record the concentration of PCE at the outlet of the carbon adsorber using a colorimetric detector tube that is accurate to within 25 ppm.
- 3) Begun monitoring temperature sensors by September 23, 1996, if the PCE dry cleaning was installed prior to December 9, 1991.
  - 4. Additional Requirements for Major Area Sources.
- a. If a dry cleaning system is located at a source which emits 10 tons or more of PCE annually, the source must meet additional requirements in 40 CFR Part 63, Subpart M; and
  - b. Must comply with sections 4.04 or 4.05.

# 3.03 OUTDOOR AND AGRICULTURAL BURNING

SECTION 5.01 OUTDOOR RURNING

Outdoor burning in Yakima County shall, unless specifically exempted in Section 5.03(D), be conducted only by permit issued by the local responsible jurisdiction and shall be subject to the limitations set forth herein.

- A. The issuance of outdoor burning permits for the following activities shall be governed by the Authority, local city, town or fire protection district in which such fire or fires are being conducted.
  - 1. Residential Burning;
- 2. Outdoor burning of less than 500 tons of residue of natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects.
  - 3. Agricultural burning as defined in WAC 173-430-030.
- B. The issuance of permits for the following outdoor burning shall be governed by the Washington State Department of Natural Resources or by federal authorities for lands under federal control:
  - 1. Abating of forest fire hazard;
  - 2. Prevention of fire hazard;
- 3. Instruction of public officials in the method of forest fire fighting;
- 4. Any silviculture operation to improve the forest lands of the state;
- 5. All silvicultural burning used to promote regeneration of rare and endangered plants found within natural area preserves, as identified under Chapter 79.70 RCW or used to maintain fire dependent ecosystems for rare plants or animals within the state, federal and private natural park area preserves, natural resource conservation areas, parks and other wildlife areas.
- C. Except as set forth in subsection 5.03(D) hereof, all other outdoor burning will be governed by permits issued by the Yakima County Clean Air Authority.
- D. Except as set forth in subsection 5.03(D) hereof, it is a violation of these Regulations for any person to conduct outdoor burning without obtaining a permit from the responsible jurisdiction as set forth above.
- E. Any person requesting a permit from a local responsible jurisdiction, such as local city, town, fire protection district, conservation district or the Authority, for an outdoor burning permit shall pay a fee as governed by the fee schedule of that agency then in effect. The fee schedule in effect for the Yakima County Clean Air Authority is as shown in Article XIII, Section 13.03 of this regulation.

# SECTION 5.02 REGULATIONS APPLICABLE TO ALL OUTDOOR BURNING

- A. The Regulations in this Section are applicable to all outdoor burning whether conducted under the jurisdiction of the Yakima County Clean Air Authority, local cities, towns, fire protection districts or conservation districts, or the Department of Natural Resources.
- 1. It shall be unlawful for any person to ignite, cause or permit to be ignited or to suffer, allow or maintain any outdoor burning within the jurisdiction of any of the above authorities as provided in Section 5.01 and in addition thereto, it shall be unlawful and not within any of the exemptions of subsection 5.03(D) and Section 5.04 for any person to ignite, cause or permit or suffer to be ignited or allow or

maintaining any outdoor burning within any of the jurisdictions described above as follows:

- e. Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, paper (other than what is necessary to start a fire), cardboard, treated wood, construction debris, metal, or any substance other than natural vegetation that normally emits dense smoke or obnoxious odors.
- b. During any forecast, alert, warning or emergency condition as defined in RCW 70.94.715.
- e. During any impaired air quality condition as defined in RCW 70.94.473.
- B. It shall be prima facie evidence that the person who owns or controls property on which outdoor burning occurs has allowed or caused such open fire.

SECTION 5.03 REGULATIONS APPLICABLE TO ALL OUT DOOR BURNING WITHIN THE JURISDICTION OF THE YAKIMA COUNTY CLEAN AIR AUTHORITY, LOCAL CITIES, TOWNS, FIRE PROTECTION DISTRICTS AND CONSERVATION DISTRICTS

A. The Yakima County Clean Air Authority finds that it is consistent with its policy of reducing outdoor burning to the greatest extent possible to prohibit outdoor burning in certain areas subject to the exceptions as set forth in subsection 5.03(D) hereof.

B. Except as set forth in subsection 5.03(D) hereof, no outdoor burning shall be allowed in any area of Yakima County, Washington which exceeds federal or state ambient air quality standards for pollutants emitted by outdoor burning which includes the Yakima Urban Area and the city limits of the city of Selah, Washington.

- C. Except as provided in subsection 5.03(D) hereof, outdoor burning shall not be allowed in any urban growth area as defined in RCW 36.70(a).030 and RCW 36.70(a).110, or in any city in the Authority's jurisdiction having a population greater than 10,000 persons if:
- 1. Such areas threaten to exceed state or federal air quality standards, and;
- 2. Alternative disposal practices consisting of a good solid waste management plan are reasonably available or practices eliminating production of organic refuse are reasonably available.
  - D. Outdoor burning shall be allowed without permit-for:
- 1. Small outdoor fires on an occasional basis for ceremonial, religious, or cooking purposes or like social purposes;
- 2. Fires from barbeeues, flares, torehes, gas burners, incense burners and insect pots.
- 3. Structure fires for instruction in methods of fire fighting, conducted by fire districts or city fire department or any government controlled fire fighting agency, and outside any urban growth area as defined in RCW 36.70(a).930 and RCW 36.70(a).110, if all of the following conditions are met:
- a. The fire conforms with any other permits, licenses, or approvals that are required;
- d. The fire is not located in an area that is declared to be in an air pollution episode or any state of an impaired air quality as defined in RCW 70.,94.715 and 70.94.473;
- e. Nuisance laws are applicable to the fire, including nuisances related to the unreasonable interference with the

[15] Proposed

enjoyment of life and property and the depositing of particulate matter or ash on other property;

- f. Notice of the fire is provided to the owners of property adjoining the property where the fire will occur, to the persons who potentially will be impacted by the fire;
- g. Each structure that is proposed to be set on fire must be identified specifically as a structure to be set on fire. Each other structure on the same parcel of property that is not proposed to be set on fire must be identified specifically as a structure that is not proposed to be set on fire; and
- h. Before setting a structure on fire, a good faith inspection is conducted to determine if materials containing asbestos are present, the inspection is documented in writing and forwarded to the Authority, and asbestos that is found is removed prior to the burning.

# SECTION 5.04 - REGULATIONS APPLICABLE TO PERMITS ISSUED BY THE YAKIMA COUNTY CLEAN AIR AUTHORITY FOR ALL OTHER OUTDOOR BURNING

- E. Outdoor burning permits will be issued by the Yakima County Clean Air Authority pursuant to restrictions and limitations on outdoor burning as set forth in these Regulations as follows:
- 1. Except as set forth in Section 5.03(D) hereof, agricultural burning to control diseases and insects or developments of physiological conditions conducive to increase erop yield.
- a. All applications for permits to set fire for such agricultural burning shall be acted upon by the Authority within seven (7) days from the date such application is filed.
- b. When burning is necessary to control disease or insect infestation and alternative methods are not available and the Yakima County Agricultural Extension Agency so certifies.
- 2. Except as set forth in Section 5.03(D) hereof, instruction in methods of fire fighting conducted by fire districts or eity fire departments or any government controlled fire fighting agency.
- F. Permits issued for burning under this Section shall be drafted to minimize emissions, including denial of permission to burn during periods of adverse meteorological conditions.
- G. All permits issued by the Authority will contain conditions to insure that public interest in air, water and land pollution and safety to life and property is fully considered and will be designed to minimize air pollution as practicable.
- D. All applications for permits must demonstrate that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life and property and no other reasonable alternative (as defined in the WAC 173-425) is available to successfully carry out the enterprise in which the applicant is engaged.

# SECTION 5.05 ADDITIONAL RESTRICTIONS ON OUTDOOR BURNING

All outdoor burning conducted pursuant to this Regulation shall be conducted between the hours of sunrise and sunset, except that burning for pest or disease control or for land clearing purposes, and of which the combustible material consists primarily of wood more than twelve (12) inches in diameter, may be conducted after sunset, but such fires shall not be ignited or fed after 12:00 noon on any day they are

- ignited. For the purpose of this provision a fire shall be deemed to be out and extinguished when there is not a visible flame coming from the fire.
- A. No open burning shall be conducted when the Control Officer, acting on guidelines for air quality control which are hereafter established by the Board, has prohibited such burning by a curtailment call or Ecology has declared an Air Pollution Episode.
- 1. Any person or entity responsible for an open fire shall immediately proceed to extinguish such fire to prevent visible smoke when notified of the existence of an air pollution episode by any of the means set forth hereafter. Notice will be deemed sufficient to the public for all purposes of these Regulations after three (3) hours have clapsed from the time such notice has been delivered to and published by a newspaper of general circulation in the area where such limitation applies, or has been delivered to and broadcasted by a radio or television station serving the area, for a small fire and ten (10) hours for the remaining fires.
- B. Any person responsible for fires set in accordance with this Section must abide by all rules and procedures set by other agencies having any jurisdiction over the practice of open burning.
- A. PURPOSE. To reduce and control outdoor and agricultural burning (App. A) and the resulting air pollution. (Chaps. 173-425 & 173-430 WAC)
- **B.** APPLICABILITY. (5.01B) Applies to all outdoor and agricultural burning on private, county, state, and federal land in Yakima County unless exempted or another public agency has an effective program in place for the control of outdoor and agricultural burning.
- 1. This section applies to burning requiring a written permit, a general rule permit, or exempted from permitting.
- 2. The agricultural burning portions of this section apply only to agricultural operations (App. A) and government agencies with burning requirements related to agriculture.
- C. GENERAL PROVISIONS FOR ALL BURNING. The following applies to all outdoor and agricultural burning unless granted a limited exemption or waived by the APCO (App. B):
- 1. Prohibitions. Burning is prohibited in the following areas and conditions:
- a. Woodsmoke Control Zone (App. A). Prohibited during burn bans (App. A). The area is described in app. H.
- b. Urban Growth Areas (App. A) (5.03C). Prohibited after December 31, 2000, and sooner if alternate disposal methods are reasonably available in:
  - 1) County-designated urban growth areas; or
- 2) Cities having a population greater than 10,000 people if; (5.03C)
- a) Such The areas threaten to exceed state or federal air quality standards, and:
- <u>b</u>) Alternative disposal practices consisting of a good solid waste management plan <del>are reasonably available</del> or practices eliminating production of organic refuse are reasonably available.
- 3) Except urban growth areas for cities which have a population less than 5,000 people that are neither within nor contiguous with a nonattainment or former nonattainment

area shall stop allowing outdoor burning after December 31, 2006.

- c. (5.03 B) Yakima urban area as described in app. H., the city of Selah, and the city of Sunnyside.
- d. Sensitive Receptor Sites. Prohibited within 1/4 mile of a sensitive receptor site as defined in section 3.12.
- e. Burn Ignition. If a permit is required in table 3.03-1 or 2 for any type of outdoor or agricultural burning, the fire shall not be ignited without first obtaining the permit.
- f. Hours of Burning. (5.05) All burning shall be conducted between the hours of sunrise and sunset.

# **2. Requirements.** (5.05)

- a. Confirmation of Daily Burning Status. Prior to igniting the fire and each subsequent day, the person supervising the fire must confirm the burn ban status.
- b. Demonstration of No Reasonable Alternative. (App. A) (5.04D) Anyone applying for a permit must demonstrate that there is no reasonable alternate for:
  - 1) Safeguarding the environment; and
  - 2) Economic viability.
  - c. Burning Without an Individual Permit.
- 1) Conditions. Burning is allowed without an individual permit or a general rule permit under the conditions shown in table 3.03-2.
- 2) Reporting. Prior to setting the fire, inform the authority of the location, quantity and type of material to burn, and duration for the burn.
- d. Minimize Adverse Effects. All permits issued by the authority will must contain requirements to insure that public interest in air, water and land pollution and safety to life and property is fully considered and will must be designed to minimize air pollution as practicable. (5.04C) Permits shall be drafted to minimize emissions. This includinges the denial of permission to burn during periods of adverse meteorological conditions. (5.04B)
- e. Supervision of the Fire. The fire must be supervised by a person who is responsible for and capable of extinguishing the fire. The fire must not be left unattended.
  - f. Cessation of Burning. (5.05A)
- 1) During Burn Bans. (5.02A1b&c) No open burning shall be done when the APCO (App. B) has declared an impaired air quality condition or ecology (App. B) has declared an air pollution episode as described in section 3.05.
- 2) Extinguishing the Fire. When burning is prohibited the person responsible for the fire must extinguish the fire.
- 3) Notification. Notification of the prohibition of burning is done by publishing a notice in a newspaper of general circulation in the area, and broadcasting the notice on radio or television stations.
  - 4) Lapse Time.
- a) Land clearing, storm and flood debris, and orchard removal burns shall be extinguished within eight hours of notification of a burn ban.
- b) All other burns shall be extinguished within three hours of the notification.
- g. Extinguished Fire. (5.05) A fire shall be considered extinguished when there is no visible flame or smoke coming from the fire, and the burned material can be handled with bare hands.

- h. Additional Requirements. Additional requirements for various types of burning are listed in subsections 3.03D2, 3.03E2, and the footnotes for tables 3.03-1 & 2.
- i. Requirements of Other Agencies. (5.05B) Any person responsible for fires must abide by all rules and procedures set by other agencies having any jurisdiction over outdoor and agricultural burning.

# D. SPECIFIC PROVISIONS FOR OUTDOOR BURNING.

#### 1. Prohibitions.

- a. Materials. (WAC 173-425-040) (5.02A1a) Materials prohibited from burning:
  - 1) Garbage,
  - 2) Dead animals, or parts of dead animals,
  - 3) Asphalt,
  - 4) Petroleum products,
  - 5) Paints,
  - 6) Rubber products,
  - 7) Plastics.
  - 8) Paper other than what is necessary to start a fire,
  - 9) Cardboard,
  - 10) Treated wood,
  - 11) Construction/demolition debris,
  - 12) Metal, or
- 13) Any substance other than natural vegetation that normally emits dense smoke or obnoxious odors.
- b. Hauled Material. Other than firewood for use in wood heaters (App. A), ceremonial fires, or recreational fires (App. A), material shall not be transported from a prohibited area for burning in subsection 3.03C1 for outdoor burning in another area.

## 2. Requirements.

- a. All Outdoor Burning.
- 1) When the burn is primarily wood > (App. B) 12 in. dia., the burn must not be ignited or fed after 12:00 noon on the day ignited.
  - b. Residential Burning.
- 1) Location of Fire. Located on a non-combustible surface not less than 50 feet from buildings, fences, other combustible materials, and other fires.
  - 2) Burn one pile at a time.
  - 3) Pile size is smaller than 4 ft. x 4 ft. x 3 ft. high.
  - c. Storm and Flood Debris Burning.
- 1) Material proposed for burning was deposited by a storm that resulted in a declared emergency by a governmental authority.
  - 2) The permit shall contain a time period for the burning.
- 3) The maximum time limit to obtain a permit for this type of burning is four years after the event that deposited the debris.
- 4) The following variables shall be considered in determining an appropriate maximum time limit after the flood event:
- a) Size of the material and the amount of drying time needed to create good burning conditions with lower emissions; and
  - b) Time of year that the storm event occurred.
  - d. Structure Fires for Fire Fighting Training. (5.03D3)
- 1) Conforms with any other permits, licenses, or approvals that are required;

[17] Proposed

- 2) Not located in an area that is declared to be in an air pollution episode or impaired air quality.
- 3) Nuisance laws are applicable to the fire, including nuisances related to the unreasonable interference with the enjoyment of life and property and the depositing of particulate matter or ash on other property;
- 4) Notice of the fire is provided to the owners of property adjoining the property, and to the persons who potentially will be impacted;
- <u>5)</u> On each parcel of land where an exercise is planned each structure to be burned or not burned must be identified to the authority, and;
- 6) A good faith inspection is conducted to determine if materials containing asbestos are present, the inspection is documented in writing and forwarded to the authority, and asbestos that is found is removed prior to the burning.
- E. SPECIFIC PROVISIONS FOR AGRICULTURAL BURN-ING.
  - 1. Prohibitions. No additional prohibitions...

# 2. Requirements.

- a. A farmer must show that the burning is needed to meet a BMP (App. B), and there is no reasonably available practical alternative.
  - b. Burning is limited to natural vegetation.
- c. Natural vegetation intended for agricultural burning may be transported to a stockpile site for drying and future burning providing there is no prohibition against burning at the stockpile site.
- d. Burning must be done only when the wind will take the smoke away from roads, homes, population centers, and other public areas,
- e. On the day planned for burning and prior to igniting a burn, provide the authority with the location, size, and type of material for each burn.

# F. LIMITED EXEMPTIONS.

## 1. All Burning.

- a. Individual Permit Required. The specific exemptions will be established in the permit after discussing the burn, the prohibitions, and the requirements with the proponent.
- b. General Rule Permits and Permits Not Required. Limited exemptions are identified in subsections 3.03F2&3, table 3.03-1, and the footnotes for this table.

#### 2. Outdoor Burning.

- a. Diseased animals may be burned when a health officer orders the burning of all or part of the animal or other infected material to stop the spread of a disease infestation.
- b. Dangerous materials may be burned when a fire protection authority orders the burning of dangerous materials because there is no approved alternative method of disposal.
- c. Residential burning is granted a limited exemption from the requirement to demonstrate no reasonable alternative as required in subsection 3.03C2b.
- 3. Agricultural Burning. All exemptions are identified elsewhere.
- G. WAIVERS. The APCO (App. B) may grant a written waiver for a specific subsection if the waiver will:
- 1. Create no more air pollution than the alternatives required by the subsection; and

- 2. Create no adverse environmental, health, or public safety effects:.
  - 3. The waiver document must contain:
  - a. The specific conditions of the waiver;
- b. The duration of the waiver is limited to no more 30 consecutive days; and
- c. The signature of the owner or operator of the property indicating agreement to the conditions of the waiver.
  - 4. Waivers will not be extended.
- H. PROGRAM DELEGATIONS. Table 3.03-2 shows which types of agencies or businesses the authority may use to implement outdoor and agricultural burning programs if the co-operating agency / business is agreeable to the controls in subsection 3.03H1&3...
- 1. Permitting by Other Agencies. A local, county, state, or federal agency may qualify for an residential and recreational outdoor burning permit program if:
- a. The agency agrees to accept all of the outdoor burning program available for permitting as shown in table 3.03-2;
- b. The agency enters into a written agreement with the authority to adopt and enforce the regulations of the authority;
- c. The authority finds that agency program is as or more effective;
- d. The agency provides annual reports by Feb. 1st of each year which describe:
  - 1) Total number of permits issued:
  - 2) Total number of complaints received;
  - 3) Total number of NOV (App. B) issued;
  - 4) Total number of penalties issued:
  - 5) Total dollar receipts:
- 6) Suggestions for improvement of the program in the future; and
  - 7) An estimate of the total amount of material burned.
- 2. General Rule Permits. General rule permits may be issued under section 4.07 when:
- a. There is a limited use or risk of air pollution from the type of burning, or;
- b. The type of burning is exempted from a written permit by the WCAA (App. B) or the WAC (App. B), but the authority believes some controls are needed to minimize air pollution.
- 3. Vending. Local county state or federal governmental agencies or businesses may be delegated the authority to sell residential burning permits after agreeing to the administrative procedures for sale of the permits. Violations or non-performance of the agreement may result in the cancellation of the vending agreement or a citation issued under article 5.

# 4. Permitting by the Authority.

- a. Additional information on outdoor and agricultural permits issued by the authority is in section 4.03.
  - b. Outdoor and agricultural burning fees are in app. F.

Proposed [18]

# **Table 3.03-1 Limited Exemptions** for Outdoor and Agricultural Burning.

Yes - Limited exemption is granted.

No - Limited exemption is not granted

N/A - Not Applicable because the

authority does not regulate this type of burning

A number - See the corresponding footnote number at the bottom of the table for the type of exemption that is granted.

15.2 Orchard removal		<u>Yes</u>			<u>No</u>		

# Footnotes for table 3.03-2:

- 1/ A permit shall be required if the proposed burn includes materials prohibited in subsection 3.03D1a. The purpose of the permit shall be to identify the prohibited materials, limit them to only those needed for the training exercise, and any air pollution from the exercise.
- 2/ The need for a permit is dependent on the planned type of non-structural training fire.
  - 3/ Applies when only tumbleweeds are burned in the fire.
- 4/ Vendors shall not be authorized to issue permits for burns requiring a limited exemption
  - 5/ May be used for specific types of agricultural burns.

# 3.04 WOODSTOVES AND FIREPLACES SOLID FUEL BURNING DEVICES (SFBD) WOOD HEATERS

- A. Purpose (9.01) Without limiting the power of the Yakima County Clean Air Authority or its Director or Agents, the Authority states that it shall be its policy, to the extent that it is compatible with the enforcement of the regulations, to instruct and educate the public and violators of the hazards to health caused by woodsmoke, and to authorize educational materials concerning those dangers. To define a program to control and reduce woodsmoke emissions from wood heaters.
- B. Applicability (New section) This section applies to any device which burns wood, wood products, or other nongaseous or nonliquid fuels and is rated less than one million Btu per hour.
- <u>C. LIMITATIONS ON SALES, ADVERTISEMENT, AND INSTALLATION OF SOLID-FUEL BURNING DEVICES. WOOD HEATERS.</u> (9.04)
- A. After January 1, 1992, no used solid fuel burning devices shall be installed in new or existing buildings unless such device is either Oregon Department of Environment Quality Phase II or EPA certified, or a pellet stove either certified or exempt from certification by the EPA or a fireplace furnace with a letter of exemption from the Washington State

Department of Ecology and the United States Environmental Protection Agency.

**B. Solid Fuel Burning Devices.** 

After January 1, 1995, a person shall not advertise to sell, offer to sell, sell, bargain, exchange, or give away a solid fuel burning device unless it has been certified and labeled in accordance with procedures and criteria specified in "40 CFR 60 Subpart AAA - Standards of Performance for Residential Wood Heaters" as amended through July 1, 1990, and meets the following particulate air contaminant emission standards and the test methodology of the EPA in effect on January 1, 1991, or an equivalent standard under any test methodology adopted by the EPA subsequent to such date:

- 5. Two and one half (2 1/2) grams per hour for catalytic woodstoves; and
- 6. Four and one half (4 1/2) grams per hour for all other solid fuel burning devices.
- 7. For purposes of this subsection, "equivalent" shall mean the emissions limits specified in this subsection multiplied by a statistically reliable conversion factor determined by ecology that relates the emission test results from the methodology established by the EPA prior to May 15, 1991, to the tests results from the methodology subsequently adopted by that agency.

# C. Fireplaces.

After January 1. 1997, a person shall not advertise to sell, offer to sell, sell, bargain, exchange, or give away a factory built fireplace unless it meets the 1990 EPA standards for woodstoves or equivalent standard that may be established by he state building code council by rule. Subsection 9.04(A) shall not apply to fireplaces, including factory built fireplaces, and masonry fireplaces.

- 1. Restrictions on Sales, Advertisement, and Installation. Uncertified wood heaters shall not be sold, advertised, or installed. The enforcement of the installation requirements are the responsibility of other agencies.
- 2. Educational Materials. (9.04D) (WAC 173 433-110(5)) Persons Retailers who selling new solid fuel heating

devices wood heaters shall distribute must provide and verbally explain educational materials to customers. purchasing new wood stoves describing when a stove can and cannot be legally used. The educational information should include information that opacity levels of ten percent or less can be achieved through proper operation. If necessary, the retailer should verbally explain the educational materials to assure that the purchaser understands the information.

- 3. Installation of Uncertified Wood Heaters. (OAPCA Reg 1, 8.15) (App. B) It is unlawful to install an uncertified wood heater, unless granted a limited exemption in subsection 3.04D, in new or existing buildings or structures. Uncertified wood heaters installed after January 1, 1992, are a violation of this subsection and must be promptly removed from the structure.
- 4. Sale and Disposal of Uncertified Wood Heaters. (OAPCA Reg 1, 8.17) When a wood heater is to be permanently removed from its location it shall be made inoperable. A removed wood heater shall not be sold, bartered, traded, or given away for a purpose other than recycling of the materials.
- <u>D. LIMITED</u> EXEMPTIONS (9.04E) The following solid fuel devices wood heaters shall be are granted a limited exemption from the installation requirements of Section 9.04B of subsection 3.04C3:
  - 1. Boilers:
  - 2. Furnaces:
- 3. Cookstoves; Antique Wood Stoves and Heaters. Antique wood cookstoves and heaters manufactured prior to 1940 may be installed and used in the manner of their original design. (1997 UBC, Chap. 51-40-510.3 WAC) (App. B)...
- 4. Historic Sites. Any building or structure listed on the National Register of Historic Sites or on the Washington State Register of Historic Places is allowed to burn wood, coal, or wood products in the same manner when it was a functional facility. Use will not be permitted during a burn ban as described in section 3.05.
- 5. Existing Uncertified Wood Heater. Owners of an uncertified wood heater installed prior to January 1, 1992 may continue to use these devices at the original locations as long as they meet the provisions of the general requirements in subsection 3.04E.
  - E. GENERAL REQUIREMENTS.
  - 1. Opacity. (9.02)
- a. Opacity Standard. (9.02) No person owning, operating or in control of a residential It is a violation to operate a solid fuel burning device wood heater in a manner that emits a smoke plume exceeding shall cause, allow or discharge to the ambient air any emissions from such device which are of an opacity greater than twenty percent (20%) opacity for six consecutive minutes in any one-hour period. except for the purposes of public education, then the opacity level shall not be greater than ten percent (10%). except during the starting of a new fire for a period not to exceed twenty minutes in any four-hour period.
- b. Test Method and Procedures. The authority will use the procedures specified in 40 CFR 60 Appendix A, Reference Method 9, Visual Determination of The Opacity of

Emissions From Stationary Sources, to determine compliance with subsection 3.04E1.

- 2. Prohibitive Fuel Types (9.03) A person shall not eause or It is prohibited to allow any of the following materials to be burned in a solid fuel burning device wood heater:
  - a. Garbage;
  - b. Treated wood;
  - c. Plastic and plastic products;
  - d. Rubber products;
  - e. Animals; Dead animals, or parts of dead animals;
  - f. Asphaltic products;
  - g. Waste petroleum products;
  - h. Paints and chemicals, or;
- i. Any substance, other than <u>properly</u> seasoned wood, <del>Fuel</del> which normally emits dense smoke or obnoxious odors.
- 3. Burning During Burn Bans. Wood heaters must not be used during a burn ban as describe in section 3.05. Smoke visible from a chimney, flue or exhaust duct constitutes evidence of unlawful operation. This presumption may be refuted by demonstration that the smoke was not caused by a wood heater. The provisions of this requirement are enforceable on a complaint or surveillance basis.
  - 4. Nuisance Standards. (WAC 173-433-130)
- a. Emissions detrimental to persons or property. It is prohibited to cause or allow the emission of any air contaminant from an identifiable wood heater, including any air contaminant not otherwise prohibited by this section, if the emission causes damage, loss or injury to the health, safety, or welfare of a person, plant or animal, or causes damage to property or business.
- b. Odors. Any person who allows the generation of any odor from a wood heater to interfere with another property owner's use or enjoyment of his property must use recognized good practice and procedures to reduce these odors to a reasonable minimum.

F. PROHIBITION OF VISIBLE EMISSIONS DURING AIR POL-LUTION EPISODE

## 3.05 BURN BANS (9.05)

- A. PURPOSE. To define the legal conditions for outdoor and agricultural burning and the use of wood heaters during burn bans (App. A).
- B. APPLICABILITY. Applies to all outdoor and agricultural and wood heater use unless exempted elsewhere in this section.

# C. REQUIREMENTS.

- 1. Initiation of Burn Bans. Burn bans may be declared locally by the APCO (App. B) or for the state by the director of ecology or the governor.
- a. Impaired Air Quality. This is a local designation which applies only to the woodsmoke control zone as defined in app. H. It indicates air contaminants above threshold levels.
  - 1) The first or yellow stage indicates the presence of:
- a)  $PM_{10}$  (App. B) > an ambient level of 60 micrograms per cubic meter; or
  - b) CO (App. B) > an ambient level of eight ppm.
- 2) The second or red stage indicates the presence of PM<sub>10</sub> > an ambient level of 105 micrograms per cubic meter.

Proposed [22]

b. Air Pollution Episodes. Air pollution episodes are declared during meteorological conditions when there is a possible danger that normal operations at air contaminant sources will be detrimental to public health and safety.

1) Stages. The four stages of an air pollution episode are forecast, alert, warning, and emergency.

2) Declaration and Termination. The director of ecology may declare and terminate the first three stages. Only the governor may declare and terminate the emergency stage of an episode.

### 2. Required Action.

- a. Outdoor and Agricultural Burning. Extinguish all burning as required in subsection 3.03C2 and do not ignite any burns.
- b. Heating with a Wood Heater. (9.05A1) Any person in a residence or commercial establishment which has an adequate source of heat other than a SFBD wood heater shall burn the wood heater according to table 3.05-1.
- e. Not use any SFBD whenever the Department of Ecology or the Authority has determined under RCW 70.94.715 that any Air Pollution Episode exists in that area.
- b. Not use any solid fuel burning device except those which are either Oregon Department of Environmental Quality Phase II or United States Environmental Protection Agency certified or certified by the Department of Ecology under RCW 70.94.457(1) or a pellet stove either certified or issued an exemption by the United States Environmental Protection Agency in accordance with Title 40, Part 60 of the Code of Federal Regulations in the geographic area and for the period of time that a first stage of impaired air quality has been determined by the Department of Ecology or by the Yakima County Clean Air Authority. The geographic area

affected by a first stage of impaired air quality is the Woodsmoke Control Zone as defined in Section 1.03(84). A first stage of impaired air quality is reached when particulates ten microns and greater in diameter are at an ambient level of 75 micrograms per cubic meter measured on a 24 hour average or when CO is at an ambient level of 8 parts of contaminant per million parts of air by volume measured on an 8 hour average.

d. Not use any solid fuel burning device, including those that meet the standards set forth in RCW 70.94.457, in any geographic area for the period of time that a second stage of impaired air quality has been determined by the Department of Ecology or the Yakima County Clean Air Authority. The geographic area affected by a second stage of impaired air quality is the Woodsmoke Control Zone as defined in Section 1.03 (84). A second stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of 90 micrograms per cubic meter measured on a 24 hour average or when CO is at an ambient level of 8 parts of contaminant per million parts of air by volume measured on an 8 hour average.

#### G. EXEMPTIONS.

- 1. Outdoor and Agricultural Burning. There are no exemptions during a burn ban.
- 2. Wood Heater is the Only Heat Source. Homes or commercial establishments with no source of adequate heat other than a wood heater are exempt from the prohibition in this section. Adequate heat means a system that can maintain a temperature of 70°F three feet off the floor in normally inhabited areas of a dwelling when the heater is operating as designed.

Table 3.05-1 Outdoor and Agricultural Burning and Wood Heater Use Permitted During Burn Bans..

Yes - Burning or use is permitted, No - Burning or use is not permitted.

# 3.06 CHLOROFLUOROCARBONS STRATOSPHERIC OZONE-DEPLETING CHEMICALS (10.01)

A. PURPOSE. To prevent the unnecessary release of stratospheric ozone-depleting chemicals. The Board recognizes that the release of chlorofluorocarbons into the atmosphere contributes to the destruction of stratospheric ozone and such destruction threatens plant and animal life. The Board further recognizes that unnecessary release of chlorofluorocarbons should be eliminated when such times as chlorofluorocarbon extraction equipment are readily available to local businesses and the Department of Ecology has adopted rules to control chlorofluorocarbon emission sources including performance specifications for chlorofluorocarbon extraction and/or recycling equipment

#### B. APPLICABILITY.

- 1. General. All persons who manufacture, handle, store, use, or dispose of stratospheric ozone depleting chemicals.
- 2. Specific. Ozone-depleting chemicals are listed in section 602 of Title VI of the FCAA.
- <u>C. PROHIBITION.</u> The willful release of ozone-depleting chemicals is prohibited.

# SECTION 5.08 - MINIMUM STANDARDS OR PROCEDURES FOR CERTAIN SOURCE CATEGORIES

## 3.07 ASBESTOS CONTROL (5.09E)

E. Asbestos.

No person shall remove or otherwise disturb asbestos, to the extent that asbestos fibers may become airborne, without notifying the Authority ten (10) business days prior to removal. If removal is necessary due to an emergency, the ten day waiting period may be waived by the Authority.

1. Private Residents.

Private homeowners, when removing friable asbestos materials from their normally occupied or will be normally occupied homes, may be required to remove the asbestos materials according to the National Emission Standard for Hazardous Air Pollutants (NESHAPS) as set forth in Title 40 Code of Federal Regulations part 61, as the same now exists or may be amended. Removal and disposal of non friable asbestos materials shall be conducted in accordance with practices and procedures approved by the Authority.

2. Small Quantity Asbestos Material.

Asbestos Materials in quantities less than 160 square feet or 260 linear feet must be removed and disposed of according to practices and procedures approved by the Authority.

3. Commercial, Industrial or other sources.

No person shall demolish any commercial, institutional, or industrial building, or any residential facility constructed to house four (4) or more families without first performing a thorough inspection, to be conducted by a qualified expert to determine the quantities and types of asbestos materials present. If it is determined that such building contains asbestos, no person shall commence the demolition of such facility without complying with the requirements of NESHAPS, the Federal Rule stated in E (1) above:

4. Fees or Administrative Charges.

Fees associated with this subsection (5.09(E)) shall be in accordance with Article XIII, Section 13.04 of this regulation.

A. PURPOSE. To control asbestos emissions from the disturbance of asbestos-containing materials (\*). (SCAPCA Art. IX, Sect.  $9.01 \rightarrow 9.08$ ).

B. APPLICABILITY. This section is applicable to the use, maintenance, renovation, or demolition of any facility (\*) or vessel with ACM (\*) or suspect ACM (\*). It also applies to any activity which could disturb ACM.

C. DEFINITIONS. The following are the definitions for words and phrases used only in this section.

1. AHERA (App. B) Building Inspector. A person who has successfully completed the training requirements for a building inspector established by EPA (App. B) and whose certification is current.

- 2. AHERA Project Designer. A person who has successfully completed the training requirements for an abatement project designer established by EPA and whose certification is current.
- 3. Asbestos. The asbestiform varieties of actinolite, amosite, tremolite, chrysotile, crocidolite, or anthophyllite.
- 4. Asbestos-Containing Material (ACM). Any material containing more than one percent (1%) asbestos.
- 5. Asbestos Project. Any activity involving the abatement, renovation, demolition, removal, salvage, clean-up or disposal of ACM or ACM waste or any other action that disturbs or is likely to disturb any ACM. It does not include the application of duct tape, rewettable glass cloth, canvas, cement, paint, or other non-asbestos materials to seal or fill exposed areas where asbestos fibers may be released; or the removal of sealants, coatings, and mastic bound in asphalt roofing with no felt layers containing ACM.
- 6. Asbestos Survey. A written report describing an inspection using the procedures in EPA regulations, or an alternate method that has received the prior written approval from the APCO (App. B), to determine whether materials or structures to be worked on, renovated, removed, or demolished contain asbestos (\*).

- 7. Competent Person. A person who is capable of identifying asbestos hazards and selecting the appropriate asbestos control strategy; has the authority to take prompt corrective measures to eliminate the hazards; and has been trained and is currently certified in accordance with the standards established by the L&I (App. B), OSHA (App. B), or EPA. (App. B)
- 8. Component. Any equipment, pipe, structural member, or other item covered or coated with, or manufactured from ACM.
- 9. Demolition. Wrecking, razing, leveling, dismantling, or burning of a structure, and making the structure permanently uninhabitable or unusable.
- 10. Facility. Any institutional, commercial, public, industrial, or residential structure, installation, or building.
- 11. Friable Asbestos-Containing Material. ACM that, when dry, can be crumbled, disintegrated, or reduced to powder by hand pressure.
- 12. Leak-Tight Container. A dust and liquid tight container at least 6-mil thick that encloses ACM waste and prevents solids or liquids from escaping. Such containers may include sealed plastic bags, metal or fiber drums, and sealed polyethylene plastic bags.
- 13. Nonfriable Asbestos-Containing Material. ACM that, when dry, cannot be crumbled, disintegrated, or reduced to powder by hand.
- 14. Owner-Occupied, Single-Family Residence. Any non-multiple unit building containing living space that is currently occupied by one family who owns the property as their domicile. This includes houses, mobile homes, trailers, detached garages, houseboats, and houses with a "mother-in-law apartment" or "guest room".
- 15. Renovation. Altering a structure or component (\*) any way, other than demolition.
- 16. Suspect Asbestos-Containing Material. Material that has historically contained asbestos.

# D, MANAGEMENT OF ACM.

#### 1. Condition.

- a. ACM which is not likely to be disturbed by renovation (\*) or demolition (\*) does not have to be removed.
- b. The ACM in these locations must be maintained in a stable and damage free condition to prevent asbestos emissions.
- c. ACM in an unstable, friable condition needs to be removed, encapsulated, or enclosed.
- <u>2. Practices.</u> Acceptable practices to insure stable ACM conditions are:
- a. Avoiding the ACM by restricting access and/or signing:
  - b. Enclosing the ACM with a wall or other barrier;
- c. Treating the ACM with a bridging encapsulation compound; or
- d. Conducting periodic inspections to insure the ACM is still in a stable condition.

#### E. ASBESTOS SURVEY REQUIREMENTS.

- 1. Survey Requirements. Before doing any renovation or demolition an asbestos survey is required in the areas planned for work.
  - 2. Renovation.

- a. Asbestos survey (\*) must be performed by an AHERA building inspector (\*) except:
- b. Surveys for an owner-occupied, single-family residence (\*) need not be performed by an AHERA building inspector.
- 3. <u>Demolition</u>. <u>Survey must be performed by an AHERA building inspector.</u>

#### 4. Records.

- a. Posting. Post a summary at the work site or communicate in writing to all persons who may come into contact with the material.
- b. Retention. Retain a copy of all asbestos survey records for at least two years.
- c. Maintenance. Record the condition and location of ACM remaining in the survey after completion of the work.

#### F. NOTIFICATION.

- 1. General Requirements. Work must not be done on any project which could disturb ACM unless a complete notification has been submitted to the authority on approved forms.
- a. Duration of the project shall be commensurate with the amount of work.
  - b. Notification is not required for:
- 1) Asbestos projects involving less than 10 lf (App. B) or 48 sf (App. B) per structure of ACM in a calendar year.
  - 2) Removal and disposal of caulking or window-glazing.
- 3) Renovation or demolition of detached sheds, garages, or out-buildings located at a owner-occupied single family dwelling.
  - c. Notification is required and the following apply:
- 1) The renovation or demolition of a facility (\*) or vessel containing ACM or suspect ACM (\*) more than the limits in subsection 3.07F1b(1).
- 2) A copy of the notification, all amendments, the asbestos survey, and any order of approval (App. A) for an alternate means of compliance must be available at all times at the asbestos project site.
- 3) Notification or amendment must be filed at least ten days prior to the planned start date.
- 4) A copy of all asbestos notification records must be retained for at least two years.
- d. Multiple Projects. Notification for multiple asbestos projects may be filed on one form if:
  - 1) Applies only to contiguous properties;
  - 2) Work is performed by the same contractor; and
  - 3) A work plan is submitted that includes:
  - a. A map of the structures:

[ 25 ]

- b. The site address for each structure;
- c. The amount and type of ACM in each structure;
- d. The schedule for performing the asbestos project work.
- e. Annual Notification. A property owner or owner's agent may file one annual notification for asbestos projects at one or more facilities in one calendar year if:
  - 1) The notification applies only to a contiguous property;
- 2) The annual notification is filed before commencing work on any asbestos project; and
- 3) The total amount of ACM for all asbestos projects is less than 260 lf or 160 sf.

Proposed

f. Duration. Notifications are valid for no more than twelve months from the original notification date. A new notification must be submitted for work performed beginning more than twelve months from the original notification start date.

#### 2. Amendments.

- a. Mandatory. Must be submitted for any of the following and must be accompanied by the appropriate fee.
- 1) Increase in the project type or job size that increases the fee; or
  - 2) Changes in the type of ACM that will be removed; or
- 3) Changes in the start date, completion date, or work schedule, including hours or days of work.
- b. Optional. May be submitted for any other change in a notification.
- 1) Submitted by phone or fax and there is a minimal effort required to review it, an amendment fee will not be charged.
- 2) Submitted in writing on notification forms, an amendment fee will be charged.
- c. Opportunity. Will not be accepted after the completion date on record. If there is additional work after the completion date, a new notification must be submitted.

#### 3. Emergencies.

- a. The APCO may waive the advance notification period, if:
- 1) A sudden, unexpected event that resulted in a public health or safety hazard; or
- 2) The project must proceed immediately to protect equipment, ensure continuous vital utilities, or minimize property damage; or
- 3) ACM was encountered that was not identified during the asbestos survey; or
- 4) The project must proceed to avoid imposing an unreasonable financial burden.
- b. A notification shall be filed not later than the first working day after the asbestos project is commenced and must be accompanied by a written request from the property owner demonstrating the need for the emergency project.

# **G.** ASBESTOS REMOVAL.

- 1. Renovation Projects. Except as provided in subsection 3.0713, renovation work which does not remove ACM must;
  - a. Enclose or encapsulate the ACM in place; or
  - b. Leave the ACM in an unaltered and stable form.
- 2. Demolition Projects. Except as provided in subsection 3.0713, work that could disturb ACM must not be done without first removing all ACM.

#### 3. Exceptions.

- a. Wrap and Cut Procedures. ACM need not be removed if the component is removed, stored for reuse or disposal, or transported without disturbing or damaging the ACM by wrapping and cutting out the component.
- b. Hazardous Conditions. ACM need not be removed prior to demolition, if the property owner demonstrates that it is not accessible because of hazardous conditions.
  - 1) Examples.
- a) Facilities or vessels that are structurally unsound and in danger of imminent collapse, or

- b) Other conditions that are immediately dangerous to life and health.
  - 2) Documentation for Hazardous Conditions.
- a) Submit written documentation of the hazard by an authorized government official or a licensed structural engineer, and
- b) Submit procedures that will be followed for controlling emissions during demolitions and disposal of the ACM.

#### H. PROCEDURES FOR ASBESTOS PROJECTS.

- 1. Training Requirements. Work must be performed by persons trained and certified in accordance with the standards established by L&I, OSHA, or EPA and whose certification is current. Subsection 3.07H1 does not apply to asbestos projects conducted in an owner-occupied, single-family residence performed by the resident owner.
- 2. Asbestos Removal Work Practices. The following are the requirements for ACM removal projects:
- a. Conduct work in a controlled area, marked by barriers and asbestos warning signs.
  - b. Restrict access to authorized personnel.
- c. Equip with transparent viewing ports when a negative pressure enclosure is used, if feasible,
- d. Saturate absorbent materials with a liquid wetting agent prior to removal.
- e. Wet unsaturated surfaces exposed during removal immediately.
- f. Coat nonabsorbent materials continuously with a liquid wetting agent.
- g. Metal components that have internal ACM do not require wetting if:
  - 1) All access points are welded shut; or
- 2) Component has mechanical seals which cannot be removed by hand; and
  - 3) ACM is separated from the environment.
- h. Wet and seal all ACM waste (\*) in leak-tight containers as soon as possible after removal but no later than the end of each work shift.
- g. The exterior of each leak-tight container must be free of all asbestos residue and shall be permanently labeled with an asbestos warning sign as specified by L&I or OSHA.
- i. Immediately after sealing each leak-tight container shall be permanently marked with:
  - 1) Date the material was collected for disposal;
  - 2) Name of the waste generator; and
  - 3) Address where the ACM waste was generated.
- This marking must be readable without opening the container.
- j. Leak-tight containers shall not be dropped, thrown, slid, or otherwise damaged.
- k. The ACM waste must be stored in a controlled area until transported to an approved waste disposal site.
- 3. Removal of Nonfriable Asphalt ACM Roofing. The following asbestos removal methods must be employed for ACM roofing that has been determined to be nonfriable (\*) by a competent person (\*) or a AHERA building inspector:
- a. The roofing must be removed using methods which do not render the material friable. Removal methods such as sawing or grinding must not be employed.
- b. Dust control methods must be used as necessary to assure no fugitive dust is generated.

- c.. The roofing must be carefully lowered to the ground to prevent fugitive dust.
- d. After being lowered to the ground, the roofing must be immediately transferred to a disposal container.
- e. Each disposal container must have a sign identifying the material as nonfriable ACM.

#### I. ALTERNATE MEANS OF COMPLIANCE.

- 1. Friable ACM Removal. An alternate asbestos removal method may be employed for friable ACM (\*) if:
- a. An AHERA project designer has evaluated the work area, the type of ACM, projected work practices, and engineering controls, and demonstrates to the APCO that the planned control method will be equally as effective as the work practices contained in subsection 3.07H;
- b. The property owner or the owner's agent prepares an air monitoring plan which is approved in writing by the APCO; and
- 1) It is necessary to prevent unavoidable danger to workers or damage to equipment from wetting agents contacting high temperature steam lines or electrical components which can not be disconnected or de-energized during abatement.
- 2) Will be done as an alternate means of removal after all wet removal methods have been evaluated by an AHERA project designer; and
  - 3) Prior written approval is granted by the APCO.
- 2. Nonfriable ACM. An alternate asbestos removal method may be employed for nonfriable ACM if:
- a. A competent person or AHERA project designer has evaluated the work area, the type of ACM, the proposed work practices, and the engineering controls; and
- b. The planned control method will be equally as effective as the work practices contained in subsection 3.07H in controlling asbestos emissions.
- 3. Leaving Nonfriable ACM in Place. Nonfriable ACM may be left in place during renovation or demolition if:
- a. An AHERA project designer has evaluated the work area, the type of ACM, the proposed work practices, and the engineering controls; and
- b. The ACM will remain nonfriable during all renovation or demolition activities and subsequent disposal of the debris.

# 4. Approval for Alternate Methods.

- a. The APCO will issue an order of approval requiring conditions that are reasonably necessary to assure the planned control method is as effective as the work practices in subsection 3.07H.
- b. The APCO may revoke the order of approval for cause.

#### J. DISPOSAL OF ACM WASTE.

- 1. Except as provided in subsections 3.07J3 and 3.07J4, it shall be unlawful for any person to dispose of ACM waste unless it is deposited within ten days of removal at an authorized waste disposal site.
- 2. Waste Tracking Requirements. It is unlawful for any person to dispose of ACM waste unless all of the following requirements are met:
- a. Maintain shipment records starting prior to shipping the waste:
- b. Use a form that includes all of the following information:

- 3) The name, address, and telephone number of the waste generator;
- 4) The approximate quantity in cubic meters or cubic yards;
- 5) The name and telephone number of the disposal site operator:
  - 6) The name and physical location of the disposal site;
  - 7) The date transported:
- 8) The name, address, and telephone number of the transporter; and
- 9) A certification that the contents of the consignment are fully and accurately described by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition to transport by highway according to applicable waste transport regulations.
- c. Provide a copy of the waste shipment record to the disposal site owner or operator at the same time the ACM waste is delivered.
- d. Retain a copy of all waste shipment records for at least 2 years, including a copy of the waste shipment record signed by the owner or operator of the designated waste disposal site.
- 3. Temporary Storage Site. A person may establish a facility to collect and store ACM waste if the facility is approved by the APCO and the following conditions are met:
- a. Accumulated ACM waste is kept in a controlled storage area posted with asbestos warning signs and accessible only to authorized persons;
- b. Stored in leak-tight containers which are maintained in leak-tight condition;
- c. Stored in a locked area except during transfer of ACM waste;
- d. Storage, transportation, disposal, and return of the waste shipment record to the waste generator shall not exceed 90 days.
- 4. Disposal of Asbestos Cement Pipe. Asbestos cement pipe may be buried in place if the pipe is left intact and covered with at least three feet or more of non-asbestos fill material.
- K. FEES. The current fees for asbestos notification are in app. F.

### 3.08 SPECIFIC DUST CONTROLS (New Section)

#### A. CONSTRUCTION DUST

- 1. Purpose. To control and reduce fugitive dust emissions from construction.
- 2. Applicability. Applies to any owner or operator engaged in the construction, repair, or demolition of any building; construction or maintenance of a road; site preparation work on a property.

#### 3. Exemptions.

- e. From Requirements in subsection 3.08A4. None.
- f. From Submitting a Dust Control Plan.
- 1) A single family residence or duplex dwelling shall be exempt provided the site is not a phase of a project that involves more than one dwelling.
- 2) Projects causing complaints of dust emissions that result in a determination by the authority that reasonable precautions to prevent dust emissions are not being utilized shall not be exempt from the requirement for a dust control plan.

[27] Proposed

#### 4. Requirements.

- a. Visible Emissions. Sources are required to comply with subsection 3.01C1a.
- g. Preventing Particulate Matter From Becoming Airborne. Sources are required to comply with subsection 3.01C1b.
- h. Material Handling. Sources are required to comply with subsection 3.01C1c.
- i. Emissions Detrimental to Persons or Property. Sources are required to comply with subsection 3.01Cle.
- e. Fugitive Dust. Sources are required to comply with subsection 3.01C2c.
- j. Water for Dust Control. (5.12D) Any person engaged in the doing construction, repair, remodeling or demolishing of any building; or engaging in any road construction or repair within any incorporated town or city in Yakima County, Washington, or within an area of one (1) mile of the city limits of the city of Yakima, Washington, or within one-quarter (1/4) of a mile of the city limits of any other town or city in Yakima County, Washington, shall take such measures as are reasonably necessary to reduce air pollution. including the use of water and the sprinkling of water to control dust so that the same is not emitted and deposited upon the property of others in quantities which unreasonably interfere with the enjoyment of their property. No work as above defined shall be commenced without having must have an adequate supply of water available at the job site in sufficient quantities to control dust air pollution at the time of commencement of such work. at all times.
- k. Site or Project Dust Control Plans. Where the potential exists for fugitive dust emissions, an owner or operator must prepare a site dust control plan and submit it to the authority 15 days prior to the start of any work that will disturb soil stability, cover, or cause fugitive dust emissions.
- 1) Dust control plans must identify management practices and
- operational procedures which will effectively control fugitive dust emissions.
  - 2) Contain the following information:
  - a) A detailed map or drawing of the site:
- b) A description of the water source to be made available to the site, if any;
- c) A description of preventive dust control measures to be implemented, specific to each area or process:
- d) A description of contingency measures to be implemented in the event any of the preventive dust control measures become ineffective:
- e) A statement, signed by the owner or operator of the site, accepting responsibility for the implementation and maintenance of the dust control plan;
- f) The name and telephone number of person(s) available 24 hours a day to mitigate any episodes of dust emissions; and
- g) If the ownership or control of all or part of the site changes, the plan must be resubmitted by the new party and approved by the authority.
- 3) The authority will review the plan and either approve or require modification of the plan.
- 4) An owner or operator must implement effective dust control measures outlined in approved plans.

- h. Master Dust Control Plan. As an alternative to a site dust control plan, an owner or operator may submit a master dust control plan that applies to more than one site or project. The master plan shall:
  - 1) Address all the requirements in subsection 3.08A4g.
- 2) Provide for effective control of fugitive dust emissions to all sites and projects;
- 3) An additional notification is submitted as soon as possible, prior to the commencement of work, at any site or project covered by the master plan. The master plan or the additional notification shall;
- a) Give the name and phone number of a person responsible for the implementation of dust control measures for each of the sites; and
- b) Address any unique site qualities or project operations that would impair the effectiveness of dust control measures.
- 5. Additional Information. Additional information is available from the authority.
  - 6. Fees. The fees for this subsection are in app. F.
  - B. FEEDLOT DUST
- 1. Purpose. To control and reduce fugitive dust emissions from cattle feedlots.
- 2. Applicability. Applies to any owner or operator of a beef or dairy replacement feedlot;
  - a. During the months of April through October; and
- b. An average of 1,000 or more of cattle confined and fed; or
- c. Any feedlot which receives a verified fugitive dust complaint.
  - 3. Requirements.
- a. Visible Emissions. Sources are required to comply with
- subsection 3.01C1a.
- b. Preventing Particulate Matter From Becoming Airborne. Sources are required to comply with subsection 3.01C1b.
- c. Material Handling. Sources are required to comply with subsection 3.01C1c.
- d. Odor. Sources are required to comply with subsection 3.01C1d.
- e. Emissions Detrimental to Persons or Property. Sources are required to comply subsection 3.01C1e.
- g. Fugitive Dust. Sources are required to comply with subsection 3.01C2c.
- h. Dust Control Plans. Prepare and submit an annual dust control plan to the authority no later than April 15th. Dust control plans must include:
  - 1) A map or drawing of the feedlot;
  - 2) The operational capacity of the feedlot;
  - 3) The maximum number of cattle which are confined;
  - 4) The water available to the feedlot for dust control;
- 5) The site-specific features which could complicate or prevent implementation of BMPs (App. B);
  - 6) Which BMPs will be used;
  - 7) Where will the BMPs be used:
- 8) The equipment and materials to be used to implement a BMP; and
- 9) An operational plan and schedule to implement each BMP.

- i. Plan Implementation.
- 1) The authority will approve or require modification of the plan within 30 days of receipt.
- 2) A feedlot operator must implement an approved dust control plan.
- 3) A feedlot operator may change practices from those in an approved dust control plan as long as the effectiveness of the plan is not reduced.
- 4. Additional Information. Additional information is available from the authority.
  - 5. Fees. The fees for this subsection are in app. F
- C. TRACTION SANDING DUST. (SCAPCA, Art. VI, Sect. 6.14)
- 1. Purpose. To control and reduce fugitive dust emissions created by the application and use of traction sanding materials.
- 2. Applicability. This section applies to any state, county, city or local government or private company that purchases or applies traction sanding material in Yakima County and any company which supplies these materials.

#### 3. Definitions:

- a. Durability index means the percent loss of weight as determined using ASTM (App. B) "Standard Test Method for Resistance to Degradation of Small-Size Coarse Aggregate by Abrasion and Impact in the Los Angeles Machine", designated C131-89, or other approved ASTM procedure.
- b. Percent fines means the percent material passing a #100 sieve as determined by the ASTM "Standard Method for Sieve Analysis of Fine and Coarse Aggregates". Designation C136-84a (1988) (American Highway and Transportation Officials designation T27-88), or other approved ASTM procedure.
- c. Priority roadway means any street, arterial, or highway, within the urban growth areas of Yakima County with more than 15,000 average daily traffic count and any connecting entrance or exit ramp.
- d. Recycled sanding materials means previously used sanding materials which have been collected from roadway or paved areas and are then re-used as is, after washing, or after blending with new sanding materials.
- e. Traction sanding materials means natural geologic materials excluding salt and other de-icing chemicals.
- 4. Exemptions. Salt and chemical de-icing compounds are exempt from this subsection.

#### 5. Materials Specifications.

- a. Material Standards. New or recycled traction sanding materials which equal or exceed 3% fines and 25% durability index shall not be used.
- <u>b. Documentation.</u> When requested by the authority, suppliers and users must provide documentation of laboratory tests confirming compliance with subsection 3.08C3a&b.
- c. Contractual Requirements. After the effective date of this regulation, no user shall execute a contract for the purchase of traction sanding materials unless the contract includes standards at least as stringent as those set forth in subsection 3.08C3a&b.

# 6. Testing.

a. Supplier Testing Requirement.

- 1) Suppliers of sanding materials shall have tests performed by an approved laboratory (App. A) to determine the percent fines and durability index on representative samples of their traction sanding materials which are supplied to users.
- 2) The sampling and test frequency and methodology used shall ensure that the samples are representative and enable the supplier to certify to the user that the materials supplied for use will meet the requirements of the ASTM procedures in subsection 3.08C3a&b.
- 3) Test samples must be taken from the material after processing and not the pit source of the material.
- b. User Requirements. Users of traction sanding material or their contractors, shall have at least one test performed by an approved laboratory to determine the percent fines and durability index on all recycled materials at least once for the first 250 tons of recycled materials used each season and at least once for every 500 tons of recycled materials used thereafter during the same season.
- c. Testing Results. Users of traction sanding materials shall maintain copies of the testing results conducted, and if requested provide copies to the authority.
- d. Authority Audits. The authority may enter the site of any user or supplier of traction sanding materials subject to this subsection for the purpose of obtaining a sample of sanding materials to determine if the materials meet the requirements this subsection.
- e. Alternate Test Methods and Standards. Alternate percent fines and durability index test procedures may be approved by the authority should they be determined to provide a measure that is equivalent to the test procedures of this subsection.

#### 7. Reporting.

- a. Supplier Reporting Requirements. Prior to, or upon, delivery of sanding materials, suppliers shall provide the users of traction sanding materials a report demonstrating that the supplier has met all testing requirements of this subsection.
- b. Annual Reports for Public Users. No later than Sept. 30th, of each year, governmental users of traction sanding material shall submit a report to the authority containing the following information from the preceding season;
- 1) The total amounts of new and recycled traction sanding material applied by the public user or contractors. The volume reported can be either tons or cubic yards, but the units of measure shall not change between annual reports.
  - 2) Any other pertinent information.
  - 3) A certification signed by a responsible official that;
  - a) The testing was done and reported to the user; and
- b) All traction sanding material used complied with this subsection.
- c. Authority Audits. All records generated under the provisions of this subsection shall be made available for inspection upon request by the authority.
- 8. Alternate Sanding Materials. Experimentation with new sanding materials may be approved by provided the authority finds that the impact of such experiments will not cause or contribute to a violation of the NAAOS (App. B) or subsection 3.01C1 or 3.01C2.
  - 9. Fees. The fees for this subsection are in app. F.

[29] Proposed

# D. ROAD, HIGHWAY, AND PARKING LOT SWEEPING. (SCAPCA Art. VI., Sect. 6.14)

- 1. Purpose. To control and reduce fugitive dust emissions created by the removal of traction sanding materials or cleaning paved surfaces.
- 2. Applicability. This section applies to any state, county, city or local government or private company that removes traction sanding material or cleans paved surfaces in the Yakima, Union Gap, Selah, Toppenish, Sunnyside, and Grandview urban growth areas.
- 3. Definitions. This subsection uses the same definitions as subsection 3.08C.

#### 4. Standards.

- a. Time for Removal of Traction Sanding Material. Cities listed in subsection 3.08D2, Yakima County, and the DOT (App. B), or their contractors, shall clean all priority roadways in an expeditious manner following each sanding event when road conditions are appropriate and safety and mobility requirements have been satisfied.
- b. Equipment. Cleaning shall be accomplished with a scrubbing system equipped with a water spray bar, particulate filtering system, or more effective technique approved by the authority after October 1, 2001. When the cleaning equipment is equipped with water spray bars or particulate filtering systems, these systems shall be operational during all cleaning operations.
- 5. Annual Reporting Requirements. No later than Sept. 30th of each year any government agency or company doing road, highway, or parking lot sweeping will report to the authority the following information:
- a. The total amount of material removed from roads, highways, or parking lots by the agency or contractors. This can be either tons or cubic yards, but the units of measure shall not change between annual reports.
  - b. Number of sweeping machines used by ownership.
- c. Number of sweeping machines used by ownership equipped with water spray bars or particulate filtering systems.
- d. Equipment acquisition or modification plans to replace machines not equipped with water spray bars or particulate filtering systems.
  - e. Any other pertinent information.
- f. A certification signed by a responsible official that attests to:
- 1) Work was performed to the standards of this subsection.
  - 2) Correctness of the report.
  - 6. Fees. The fees for this subsection are in app. F.
- E. DUST FROM UNPAVED ROADS. (SCAPCA, Art. VI. Sect. 6.15)
- 1. Purpose. To control fugitive dust from unpaved roads and minimize the adverse health, safety, and nuisance impacts of this dust.
- 2. Applicability. The provisions of this subsection apply to:
- a. All unpaved roads administered by the Yakima County, or cities or towns in Yakima County.

b. Any public, private, or NF system road open for passenger or light truck vehicle use where the vehicle use creates a violation of subsections 3.01C1 or 3.01C2.

#### 3. Definitions.

a. Effective dust control means the management of the road surfacing to prevent fugitive dust emissions which endanger public health, safety, or create a nuisance as defined in subsection 3.01C1b.

#### 3. Definitions.

- a. Effective dust control means the management of the road surfacing to prevent fugitive dust emissions which endanger public health, safety, or create a nuisance as defined in subsection 3.01C1b.
- b. Palliative means salts and other hygroscopic materials, petroleum resins, asphalt emulsions, adhesives, chemical soil stabilizers or other surface treatment materials acting as a method of dust control, and not prohibited for use by any local, state, or federal law, rule, or regulation.
- b. Paved means application of concrete, asphaltic concrete, asphalt, or combination thereof as a means of forming a permanent surface for a road.

# 4. Effective Dust Control Plans.

- a. Each governmental road management agency cited in subsection 3.08E2a shall submit an effective dust control plan for approval by the authority, which includes the following for each applicable unpaved road:
- 1) Location of sensitive receptor sites as defined in section 3.12.
- 2) A schedule for creating effective dust control (\*) by paving, periodic application of palliative (\*), or other control measures according to the following priorities:
- a) Public streets and roads within 1/4 mile of a sensitive receptor site as defined in section 3.12;
  - b) Public streets and roads in the urban growth areas; and c) Public alleys in the urban growth areas.
- 3) Priorities for the work planned in subsection 3.08E4a(2).
- 4) Specification of the type of palliative to be applied and its application rate, paving specifications, or specifications of other control measures with sufficient detail for the authority to determine emission reductions.
- b. Any government or private citizen which owns or controls a road subject to subsection 3.08E2b may be required to prepare an effective dust control plan as part of the resolution of a CN (App. B) or a NOV (App. B) for a fugitive emission violation.
- 5. Effective dates. The applicable governmental agencies shall comply with the following effective dates whenever an unpaved road is identified under subsection 3.08E2a:
- a. Any unpaved road identified prior to the effective date of this regulation, the entity shall submit the effective dust control plan within 120 days after the effective date of the regulation in section 1.08.
- b. Any unpaved road identified after the effective date of this regulation, the entity shall submit the effective dust control plan within 120 days after notification by the authority.

#### 6. Approval and Implementation.

a. The authority shall review the effective dust control plan and within 60 days after approval by the authority, the

applicable governmental agency shall begin the implementation of the plan.

- 7. Reporting. Annually by Sept. 30th each applicable governmental agency shall submit a written report to the authority which reports the progress in implementing the effective dust control plans and proposed changes for the following year. Any changes in the plan are subject to review and approval by the authority.
- 8. Local Ordinances. County, city, and town governments are requested to enact an ordinance prohibiting the acceptance of new unpaved roads into their road systems.
  - 9. Fees. The fees for this subsection are in app. F.

## 3.09 MOBILE SOURCE EMISSIONS (New Section)

- A. PURPOSE. To establish rules to control and minimize air pollution from all types of motor vehicles.
- B. OXYGENATED GASOLINE. (SCAPCA Art. VI, Sect. 6.16)
- 1. Purpose. Establishes motor fuel specifications to reduce winter CO (App. B) emissions from gasoline powered highway and non-highway vehicles.
- 2. Applicability. Applies to all blenders, wholesalers, and all retail sellers of gasoline within Yakima County.
- 3. Definitions. The following words and phrases are used only in this subsection:
- b. Control Period. Oct. 1st through March 1st of each year.
- c. Maximum Allowable Oxygenate. The maximum amount of an oxygenate which may be added to gasoline without exceeding the limits for fuel additives.
- 4. Gasoline with Non-ethanol Oxygenates. Gasoline shall contain the maximum allowable oxygenate (\*) for the control period (\*) unless the oxygenate is ethanol.
- 5. Gasoline with Ethanol as an Oxygenate. Oxygen in the gasoline shall be no less than 3.2% weight for the control period.
- 6. Verification. The authority shall verify the amount of oxygenate in gasoline offered for sale by either of the following:
- a. Documentation. Documentation provided by the seller that the gasoline offered for sale meets requirements of this subsection.
- b. Alternate Test Method. ASTM 4815-89; Determination of  $C_1$  and  $C_2$  Alcohols and MTBE (App. B) in Gasoline by Gas Chromatography, or other test methods as approved by ecology may be used as an alternate test for verification.
- 7. Public Notification. When gasoline with an oxygenate is offered for sale, each retail seller will sign each gasoline pump informing the public of the type and percentage of oxygenate added to the fuel.
  - 8. Fees. Fees are in app. F.
- 3.10 GENERAL RULE FOR MINOR SOURCES. Reserved for later use.
- 3.11 MONITORING, RECORDKEEPING, AND SPECIAL REPORTING (5.11)
- A. PURPOSE. To ensure the authority has sufficient information to determine compliance with emission limitations and control measures.

- B. APPLICABILITY. To the owners or operators of air pollution sources upon notification by the authority or specified by federal or state law or regulation.
  - C. NOTIFICATION. Methods of notification are:
  - 9. NSR (App. B) approval orders;
  - 10. Requirements imposed by an AOP (App. B):
  - 11. Regulatory orders issued by the APCO (App. B);
- 12. Compliance orders or corrective action orders issued by the APCO; or
  - 13. Required by the APCO.
  - D. GENERAL REQUIREMENTS.
- 1. Installation of Monitoring Equipment. Categories of sources or individual sources may be directed by the APCO to install, operate, and maintain equipment to monitor air pollutants for just cause.
- 2. Excess Emissions. (5.11D & WAC 173-400-107) All excess emissions are a violation of the standards for the source.
  - c. Unavoidable Excess Emissions.
- 1) The equipment or process causing the emission was properly planned, designed, operated, and maintained.
- 2) Types of Acceptable Excess Emissions. Created from:
  - a) Scheduled maintenance.
  - b) Equipment startup or shut down.
- 3) The emission was not part of a recurring pattern of excess emissions other than subsection 3.11D2a(2) when determined by the APCO.
- 4) The operator took the required actions under subsection 3.11D2c (1) & (2).
- b. Avoidable Excess Emissions. If an equipment breakdown or upset condition occurs resulting in emissions in excess of applicable limits set by this Regulation or resulting in emissions which violate an applicable compliance schedule. Any excess emission which does not meet the conditions in subsection 3.11D2a.
  - c. Required Action by the Owner or Operator.
- 1) The owner or operator of the affected source shall take immediate corrective action; and
- 2) Shall report such breakdown to the authority by the next working day after the breakdown occurs.
- 3) Shall prove to the authority that the excess emissions were unavoidable.
- 4) When requested by the authority, submit a detailed written report which addresses the following:
  - a) Known causes of the emission;
  - b) Corrective action taken;
- c) Preventive measures taken to minimize the risk of a reoccurrence.
  - d. Response by the Authority.

An initial breakdown or upset condition shall not be subject to penalties for emissions in excess of the limits set by this chapter, providing the owner or operator complies with the provisions of this subsection and providing the breakdown or upset was not the result of gross negligence. If an extended time period is required to complete the corrective action, the Authority or its authorized representative may require that the operation be curtailed or shut down. Repeated breakdowns may be subject to all penalties authorized.

rized by law. The Authority or its authorized representative may issue regulatory orders specifying maintenance and operating procedures.

- 1) Shall make a determination of avoidable or unavoidable excess emission within 30 days after all information has been submitted by the owner or operator of the source.
  - 2) Take appropriate enforcement action including;
- a) Issuing a CN (App. B), NOV (App. B), or regulatory order.
- b) Waiving all or part of the penalty for an unavoidable excess emission.
- c) Taking enforcement action for avoidable excess emissions.
- 3) May require shut down of the equipment or process if the corrective action will require an extended time period.
  - 3. Change in Raw Material or Fuels. (5.11K)
- a. Any change or series of changes in raw material or fuel which will result in a cumulative increase in emissions of  $\underline{SO_2}$  (App. B) sulfur dioxide of forty 40  $\underline{TPY}$  tons per year or more over that stated in the initial inventory required by WAC 173-400-105(1) shall require the submittal of sufficient information to  $\underline{Eeology}$  or the authority to determine the effect of the increase upon ambient concentrations of  $\underline{SO_2}$  sulfur dioxide.
- b. Ecology or The authority may issue regulatory orders requiring controls to reduce the effect of such the increases.
- c. Cumulative changes in raw material or fuel of less than 0.5 percent increase in average annual sulfur content over the initial inventory shall not require such a notice.
- 4. Monitoring System Malfunctions. (5.111) A source may be temporarily exempted from the monitoring and reporting requirements of this Regulation during periods of monitoring system malfunctions provided that if the source owner or operator shows demonstrates in writing to the satisfaction of the authority that the real malfunction was unavoidable and is being repaired as expeditiously as practicable.

#### E. EMISSIONS SAMPLING.

## 1. Ambient Air Monitoring. (5.11 A)

- <u>a.</u> Purpose. The Authority shall conduct a continuous surveillance program To monitor the quality of the ambient atmosphere as to for the concentrations and movements of air contaminants pollutants as approved by the Board.
- b. Monitoring. As part of this program, The Authority APCO (App. B) or its authorized representative may require any source under the jurisdiction of the Authority to conduct stack and/or ambient air monitoring, and to report the results to the Authority when there is credible evidence that the source is creating significant emissions that contributes to a violation of the NAAQS (App. B).
- c. Quality Control. The monitoring equipment shall be operated and maintained to meet the QA/QC (App. B) requirements of 40 CFR Part 58.
- d. Reporting Requirements. The reporting requirements and due date for the reports will be specified by the APCO.
- 2. Compliance Testing. (5.11 C) In order to demonstrate compliance with this Regulation, the Authority or its authorized representative may require that a test be con-

- ducted of the source using approved EPA methods from 40 CFR-60 Appendix A on file at the Authority or Ecology.
- a. Purpose. To determine source compliance with various emission standards when there is creditable evidence that limits will be exceeded.
  - b. Sampling Requirements.
- 1) Test Methods. A test be conducted of the source using approved EPA methods from 40 CFR Part 60, Appendix A, Test Methodology. on file at the Authority or Ecology. Where there is no federal method, testing must be performed in accordance with a method approved by the APCO (App. B).
- 2. Sample Collection by the Authority. The operator of a source may be required to provide the necessary platform and sampling ports to perform a test of the source. The Authority shall be allowed to obtain a sample from any source. The operator of the source shall be given an opportunity to observe the sampling and to obtain a sample at any time. As specified in subsection 2.01E.
- 3. Sample Collection by the Owner or Operator. The owner or operator of a source shall notify the authority in writing at least 14 days prior to any compliance test and provide the authority an opportunity to review the test plan and observe the test.
- c. Test Results. The owner or operator of any source required to perform a compliance test must submit a report to the authority no later than 60 days after the test. The report must include:
  - 1) A description of the source and the sampling location;
  - 2) The time and date of the test;
- 3) A summary of results, reported in units and for averaging periods consistent with the applicable emission standard;
- 4) A description of the test methods and quality assurance procedures employed;
- 5) The amount and type of fuel burned or raw material processed by the source during the test;
- 6) The operating parameters of the source and control equipment during the test;
  - 7) Field data and example calculations; and
- 8) A statement signed by the senior management official of the testing firm certifying the validity of the source test report.
- d. Required by the Authority. As a condition of a NSR (App. B) approval, a permit, regulatory order, or order of approval, the authority may require the source to provide a compliance test.

# 3. Emission Inventory. (5.11 J)

- a. Purpose. To maintain a current and accurate inventory of emissions from air pollution sources.
- b. Inventory Requirements. The owner(s) or operator(s) of any air contaminant source subject to permit or registration shall must submit an inventory of emissions from the source each year.
- 1) Emission Types. The inventory may include stack and fugitive emissions of particulate matter, PM-10, sulfur dioxide, earbon monoxide, total reduced sulfur compounds (TRS), fluorides, lead, VOCs, and other contaminants, and shall be submitted (when required) no later than one hundred five (105) days after the end of the calendar year., The

owner(s) or operator(s) shall-maintain records of information necessary to substantiate any reported emissions, consistent with the averaging times for the applicable standards. The required emissions to be monitored will be specified by the authority.

- 2) Records Maintenance. The owner(s) or operator(s) shall must maintain records of information necessary to substantiate any reported emissions consistent with the averaging times for the applicable standards.
- 3) Due Date. and shall The inventory must be submitted (when required) no later than one hundred five (105) days after the end of the calendar April 1st of each year or as directed by the APCO.
- 4) Review by the Authority. Emission inventories are subject to review and approval by the authority.
- F. CONTINUOUS MONITORING AND RECORDING REQUIREMENTS FOR CERTAIN SOURCES. (5.11 E)
- 1. Purpose. (5.11A) The Authority shall conduct a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations of air contaminants as approved by the Board.

As part of this program, the Authority or its authorized representative may require any source under the jurisdiction of the Authority to conduct stack and/or ambient air monitoring, and to report the results to the Authority. To continuously monitor the emissions and ambient air conditions at certain sources for specific pollutants.

2. Applicability. Applies to the categories of stationary sources and the emissions specified in table 3.11-1.

#### 3. Specific Requirements.

- a. Monitoring Equipment. Prior to the start of emitting air pollutants from a source, owners and operators of the following categories of stationary sources listed must install, calibrate, maintain, and operate equipment for continuously monitoring and recording equipment those emissions specified for:
  - 1) Sources categories in table 3.11-1; or
  - 2) Sources or source categories directed by the APCO.
- b. Waiver or Extensions. (5.11 F) All sources subject to this Regulation shall procure and install equipment and commence monitoring and recording activities. no later than eighteen (18) months after adoption of this Regulation by the Authority. Any waiver or extension to this time requirement shall must be requested as a negotiated through the a variance procedure of. WAC 173-400-180 under subsection 3.00D.
  - 4. Exemptions. (5.11H) Are listed in table 3.11-2.
- a. A source subject to a New Source Performance Standard:
- b. A source not subject to an applicable emission standard:
- 5. Equipment and Performance Specifications. (5.11) E. 5) Owners and operators of those sources required to install continuous monitoring equipment under this regulation or the SIP (App. B) shall must demonstrate to the Authority compliance with the equipment and performance specifications, and observe the reporting requirements, contained in:
- a. Title 40 Code of Federal Regulations, CFR Part 51 (App. B), Appendix P, Section 3, 4, and 5, promulgated on

October 6, 1975, which is by this reference adopted and incorporated herein;

b. 40 CFR Part 60, App. B. Performance Specifications; and

c. OA/OC requirements in 40 CFR Part 60, App. F.

#### 6. Special Considerations. (5.11 G)

a. If for reason of physical plant limitations or extreme economic situations, the authority determines that continuous monitoring is not a reasonable requirement, alternative monitoring and reporting procedures will be established on an individual basis.

b. These will generally be of the form of stack tests conducted at a frequency sufficient to establish the emission levels over time and to monitor the <u>variability of the emissions</u> deviations in these levels.

Table 3.11-1 Source Categories which Require Continuous Emissions Monitoring.

Stationary Source Cate- gory	Emission to be Monitored
Fossil fuel-fired steam	Opacity
generators	Sulfur dioxide (SO <sub>2</sub> )
	% O <sub>2</sub> or CO <sub>2</sub> (where such mea-
	surements are necessary for
	the conversion of SO <sub>2</sub> continu-
	ous emission monitoring data)
Sulfuric acid plants	SO <sub>2</sub> where production capacity
	is > 300 tons/day, expressed as 100% acid
Fluid bed catalytic crack-	Opacity
ing units catalyst regener-	
ators at petroleum refiner-	
ies	
Wood residue fuel-fired	Opacity. See exemption in
steam generators.	table 3.11-2.

Table 3.11-2 Source Categories Exempt from Continuous **Emissions Monitoring.** 

Stationary Source Category	Exemptions to Monito	ring Requirement
Fossil fuel-fired steam generators	Steam generator capacity < 250 million BTU/hr heat input (App. B)	General exception. These requirements do not apply to a fossil fuel-fired steam gener-
	Only gaseous fuel is burned	ator with an annual average capacity factor
	Steam generator capacity < 250 million BTU/hr heat input	of less than 30% as reported to the Federal Power Commission for
	SO <sub>2</sub> (App. B) control equipments not required	the calendar year 1974, or as otherwise dem- onstrated to the author-
	If such measurements are not necessary for the conversion of SO <sub>2</sub> continuous emission monitoring data	ity by the owner or operator.

Sulfuric acid plants	Facilities where conversion to sulfuric acid is utilized primarily as a means of preventing emissions to the atmosphere of SO <sub>2</sub> or other sulfur compounds.
Fluid bed catalytic cracking units catalyst regenerators at petro- leum refineries	Fresh feed capacity $\leq 20,000$ barrels/day (App. B)
Wood residue fuel-fired steam gener-	Steam generator capacity < 100 million BTU/hr heat input.
ators.	When the control equipment causes the exhaust plume to be water vapor that prevents a correct opacity reading.

# 3.12 SENSITIVE AREA DESIGNATION RECEPTOR SITES (5.10)

In order to control the emission of air contaminants in a manner which takes into account the severity of the air pollution problem in the different areas in which the sources are, or may be located, the Authority, after public hearing upon due notices to all interested parties, may designate sensitive areas. Designation of such areas shall be based on a consideration of present and predicted ambient air quality; population density and trends; distance of sources from public roads; recreational areas and areas of human habitation; topographic and meteorological conditions and other pertinent variables. Sources within a designated sensitive area shall be subject to more stringent standards or compliance schedule than sources located outside such areas. This section applies only to those geographical areas and source categories under the direct jurisdiction of the Authority.

- G. PURPOSE. To implement a program to provide increased protection from air pollution for the occupants of sensitive receptor sites..
- H. APPLICABILITY. This section applies only to those geographical areas and source categories under the direct jurisdiction of the Authority. The following sources and agencies are subject to this section:

# 7. Sources Permitted by the Authority.

- c. Any source (App. B) subject to sections 4.02, 4.04, or 4.05 shall comply with subsections 3.12El and 3.12F when obtaining a new, renewing, or modifying a permit.
- d. Outdoor and agricultural burning shall comply as directed in sections 3.03 and 4.03.
- 8. Sources Registered by the Authority. Any source subject to section 4.01 shall comply with subsection 3.12D1 when proposing a project that requires a SEPA (App. B) review.
- **9. Governmental Agencies.** Co-operating governmental agencies are requested to provide the assistance and information described in subsection 3.12D to the authority. These agencies are:
- a. State, county, or local government agencies which function as SEPA (App. B) lead agencies; or.
- b. State county, or local government agencies which regulate the construction and/or operation of sensitive receptor sites (\*).

#### I. DEFINITIONS.

1. Sensitive Receptor. People most vulnerable to the effects of air pollution including the young, elderly, and people suffering from chronic impaired heart or lung conditions.

- 2. Sensitive Receptor Site. A location or facility which has:
  - a. At least ten sensitive receptors at one time; and
- b. Sensitive receptors remain at the site for at least five hours per day, five days per week for at least six months of the year.
  - c. Site categories.
  - 1) Hospitals:
  - 2) Nursing homes:
  - 3) Retirement homes;
  - 4) Public schools for grades K 12:
  - 5) State licensed private schools for grades K 12;
- 6) Subsidized group housing for senior citizens and persons with disabilities;
  - 7) State licensed child care centers.
  - J. ASSISTANCE FROM GOVERNMENTAL AGENCIES.
- 1. SEPA Lead Agencies. Are requested to do the following:
- a. Have the SEPA project proponent provide a complete survey as described in subsection 3.12E2a or b:
- b. Include a list of supplemental questions in the SEPA review that addresses air pollution and sensitive receptor sites:
- c. Disclose to the proponent, authority, and the public the risk to the occupants of sensitive receptor sites of implementing the proposed action; and any mitigating measures.
- d. The risk can be assessed by using the process in subsection 3.12F or a comparable system.
- 2. Regulatory Agencies for Sensitive Receptor Sites.

  Are requested to do the following at the time of permitting a new sensitive receptor site:
- a. Have the project proponent to provide a complete air pollution source survey as described in subsection 3.12E3;
- b. Disclose to the proponent, authority, and the public the risk to the occupants of sensitive receptor sites of implementing the proposed action; and any mitigating measures
- c. The risk can be assessed by using the process in subsection 3.12F or a comparable system.
- K. SURVEYS. The following are the types or surveys needed:
- 1. Sources Permitted by the Authority. All sensitive receptor sites within 1/4 mi. of the exterior boundary of the source when directed by the authority.
  - 2. SEPA Lead Agencies. If the project proponent is:
- a. Sensitive Receptor Site. All sources of air pollution within 1/4 mi. of the exterior boundary of the proposed project.
- b. Registered Source of Air Pollution. All sensitive receptor sites within 1/4 mi, of the exterior boundary of the source.
- 3. Regulatory Agencies for Sensitive Receptor Sites.

  All sources of air pollution within 1/4 mi, of the exterior boundary of the proposed project.

#### 4. Survey Resources.

a. Sensitive Receptor Catalog. The authority has prepared a catalog of sensitive receptor sites which is available for use in conducting a survey. The catalog is subject to change, and using it does not relieve anyone of the need to

- verify the current sensitive receptor sites at the time of the proposed action.
- b. Inventories of Air Pollution Sources. The authority has an inventory of all registered and permitted sources of air pollution which can be made available for survey use.
- L. PROTECTION OF SENSITIVE RECEPTOR SITES. The authority, SEPA lead agencies, and regulatory agencies have the choice of two strategies to protect sensitive receptor sites and assess risk.
- 1. Risk Assessment Analysis. Sensitive receptor sites and emissions sources must be separated by a safe distance to protect the sensitive population. The safe distance is determined by:
  - a. Identify all sensitive receptor sites within 1/4 mi.
- b. Identify the source of all air pollutants from the proposed project which could impact the occupants of the sensitive receptor sites;
- c. Identify the ambient air conditions which influence the impact of the proposed air pollutants:
- d. Identify the typical meteorological conditions that could affect the impact of these air pollutants on the occupants of the sensitive receptor site including time of year, average duration, and known weather variables:
- e. Identify topographic and structural features that affect air movement patterns;
- f. Calculate or model the risk using an accepted analytical or subjective model for each pollutant or groups of similar pollutants;
- g. Evaluate the modeling results for the potential impacts on occupants of sensitive receptor sites:
- h. Compare the modeling results to the ASIL (App. B) value in chap. 173-460 WAC for toxic air pollutants. NAAOS (App. B), or other appropriate health based standard approved by the authority.
- i. Determine mitigation measures to reduce the impacts to acceptable levels:
- j. Subject the completed analysis, findings, mitigations, and conclusions to a review by an independent competent professional.
- 2. Avoidance. Avoid each sensitive receptor site by keeping the pollution source(s) for the proposed project at least 1/4 mile away from the property line of the location of each sensitive receptor site.
  - 3. Assistance from the Authority.
- a. Advice. Is available to advise an agency or project proponents limited by expertise and availability.
- b. Risk Assessment Analysis. Is not the intention of the authority to do this work.

#### **ARTICLE 4 - PERMITS & REGISTRATION**

4.00 REQUIREMENTS COMMON TO ALL PERMITS (Reserved for later use)

#### 4.01 REGISTRATION PROGRAM (4.01)

- A. PURPOSE. (WAC 173-400-099) To develop and maintain a current and accurate record of air contaminant sources.
- B. APPLICABILITY. (4.01 A) Applies to the owner or operator of each source within the following source categories in app. G. that does not hold an operating permit, shall register the source with the Authority:

C. RESPONSIBILITY. (4.01D) The owner or operator of the source is responsible to notify the authority of the existence of the source except when exempted in subsection 4.01D.

#### D, EXEMPTIONS,

- 1. Air Operating Permit Sources. Sources or emission units which are permitted according to section 4.04.
- 2. Criteria Exempt Sources. Air contaminant sources which emit less than the emissions rates shown in table 4.01-1.
- 3. Gasoline Marketing Operations. Any facility listed in app. G, para. C with a total gasoline storage ≤10,000 gallons.

#### 4. Toxic Air Pollutants.

- a. Source does not emit a quantifiable amount of toxic air pollutants listed in app, G, para, D; or
- b. Source emits a level less than the de Minimus (App. A) level established in chap. 173-460 WAC.

Table 4.01-1 Criteria For Defining Exempt Sources

Pollutant	TPY	
CO (App. B)	<u>5.0</u>	
$NO_{\underline{x}}(App. B)$	2.0	
SO <sub>2</sub> (App. B)	2.0	
PM(App. A)	1.25	
PM <sub>10</sub> (App. A)	0.75	
VOC(App. B)	2.0	
Pb (App. B)	0.005	

#### E. LIMITED EXEMPTIONS. (RCW 70.94.151(3)

- 1. A grain warehouse or elevator emission source with an annual volume of < 10,000,000 bushels is granted an exemption from registering, reporting, or paying a registration fee after:
- a. Filing an initial registration according to subsection 4.01F1;
  - b. Initial reporting according to subsection 4.01F2; and
- c. Paying the initial registration fee according to subsection 4.01G.
- 2. The exemption remains until the source increases the licensed capacity.
- 3. If the licensed capacity is increased, the source must register, report, and pay the registration fee again prior to the start of the first harvest season after the date of change in the licensed capacity.
- 4. The source is not exempted from the requirements of 4.01F5&6.
- **F.** REGISTRATION AND REPORTING PROCEDURE. (WAC 173-400-101, 102, & 103)
- 1. Registration. (4.01E) The owner or operator of any proposed new source shall register the source with the Authority. Initial registration and reporting shall be on forms supplied by the Authority within the time specified thereon.
- a. Sources required to register are defined in subsections 4.01B, D, & E.
- b. The registration shall use forms and directions supplied by the authority.

[35] Proposed

- c. The forms must be completed and returned within the time specified. The forms will provide for the submission of information concerning locations, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information relevant to air pollution as the Authority may require. A separate registration shall be required for each source of contaminant provided that an owner or lessee has the option to register a process with a detailed inventory of contaminant sources and emissions related to said process and provided further than an owner need not make a separate registration for identical units or equipment or control apparatus installed, altered or operated in an identical manner on the same premises.
- d. (4.01 F) Emission units within the facility must be listed separately unless they meet the following conditions:
- 1) The authority determines that certain emission units may be combined into process streams for purposes of registration and reporting; or
- 2) There are identical units of equipment or control facilities installed, altered, or operated in an identical manner on the same process; the number of the units may be reported.
- 2. Reporting. (4.01 E) After initial registration and reporting, subsequent general Reports shall must be filed annually during January on using forms and directions supplied by the authority in accordance with the terms of the Pollution Disclosure Act of 1971, Chapter 160, Laws of 1971, Extraordinary Session.
  - a. Detailed Annual Reporting.
- 1) The source emits one or more pollutants at rates greater than those listed in table 4.01-2;
- 2) Reporting is necessary to comply with federal requirements and emission standards;
- 3) Reporting is required in a RACT (App. B) determination for the source category:
- 4) The APCO determines that the source poses a threat to human health and the environment.; or
- 5) Sources who qualified for three-year reporting, but failed to comply with the regulations or orders issued by the authority.
  - b. Three-Year Reporting.
- 1) The source emits one or more pollutants at rates greater than the rates in table 4.01-1 but less than the rates in table 4.01-2; or
- 2) The source emits a quantifiable amount of one or more class A or B toxic air pollutants listed in app. G, para. D.

Table 4.01-2 Significant Pollutant Emission Levels

<u>Pollutant</u>	TPY
CO(App. B)	100
NO <sub>x</sub> (App. B)	<u>40</u>
SO <sub>x</sub> (App. B)	40
<u>PM(App. A)</u>	25
$PM_{10}(App. A)$	15
VOC(App. B)	40
Pb(App. B)	0.6
Fluorides	3

H <sub>2</sub> SO <sub>4</sub> (App. B) mist	7
$H_2S(App. B)$	<u>10</u>
TRS(App. B) including H <sub>2</sub> S	<u>10</u>
Municipal waste combustor organics measured as total tetra-through octa-chlorinated	
dibenso-p-dioxins and dibenzofurans.	<u>.0000035</u>
Municipal waste combustor metals mea-	
sured as PM.	<u>15</u>
Municipal waste combustor acid gases	
measured as SO <sub>2</sub> and HCl (App. B)	<u>40</u>

- c. Report Contents.
- 1) Detailed annual reports shall contain:
- a) Annual emissions inventory;
- b) Operation and maintenance plans:
- c) Plan showing the plant layout; and
- d) Changes in operations since the last detailed report.
- 2) Three-year reports shall contain the annual emissions inventory.
- 3) The APCO (App. B) will schedule the detailed annual and three-year reports cycles.
- 3. Operational and Maintenance Plan. Owners or operators of registered air contaminant sources must develop and maintain an operation and maintenance plan for process and control equipment. The plan must:
  - a. Reflect good industrial practice;
- b. Include a record of performance and periodic inspections of process and control equipment;
- c. Be reviewed and updated by the source owner or operator at least annually; and
  - d. Be made available to the authority upon request.
- e. In most instances, a manufacturer's operations manual or an equipment operation schedule may be considered a sufficient operation and maintenance plan.
- 4. Signature. (4.01G) Each registration shall be signed by the owner or lessee or agent for such owner or lessee. The owner or the lessee of the source shall be responsible for the registration and the correctness of the information submitted. The owner, operator, or a designated representative must sign the registration or reporting form for each source. The owner or lessee of the source is responsible for the accuracy, completeness, and timely submittal of this information.
- 5. Closure Report. (4.01 B) A special closure report of elosure shall must be filed with the authority within 90 days whenever the operations producing of an emissions source is are permanently ceased for any source listed in Section 4.01(A) above.
- 6. Change of Ownership. A new owner or operator must report to the authority within 90 days of any change of ownership or operator.
- G. FEES. (4.01 H) All registrants shall must pay a fee in accordance with the registration fee schedule in Article XIII, Section 13.01 app. F.

A. PURPOSE. To explain the requirements and processes for a new source review (NSR) application, a notification to install a temporary source, and the resulting review and approval process.

B. APPLICABILITY. (4.02A) No person shall construct, install, establish, or modify a new air contaminant source, except those sources excluded in Section 4.03 of this Regulation, without first filing with the Authority a "Notice of Construction, Installation or Establishment of New Air Contaminant Source", on forms prepared and furnished by the Authority. For the purpose of this section, addition to or enlargement or replacement of an air contaminant source, or any major alteration therein, shall be construct as construction, installation or establishment of a new air contaminant source. Applies to the following stationary sources unless exempted in subsection 4.02C:

- 1. All new air pollution sources;
- 2. All existing air pollution sources subject to NSR (App. B):
- 3. Any replacement or alteration of air emission control equipment or a change in process that effects emissions;
- 4. Any project that qualifies as a construction, reconstruction, or modification of a facility within the meaning of 40 CFR Part 60 except Subpart AAA, Woodstoves:
- 5. Any project that qualifies as a new or modified source within the meaning of 40 CFR Part 61.02 except for asbestos demolition and renovation projects subject to 40 CFR Part 61.145;
- 6. Any project qualifies as new source within the meaning of 40 CFR Part 63.2:
- 7. Any project that qualifies as a major stationary source or major modification of a source as defined in chap. 173-400 WAC;
- 8. Any project that requires an increase in a plant-wide cap or unit specific emission limit.
- <u>C. EXEMPTIONS.</u> (4.03) Neither registration nor notice of construction shall be required for the following air contaminant sources:
- 1. Air conditioning or ventilating systems not designed to remove contaminant generated by or released from equipment:
- 2. Blast cleaning equipment which uses a suspension of abrasive in liquid water.
- 3. Fuel burning equipment if used solely for a private dwelling serving three (3) families or less.
  - 4. Insecticide and herbicide spray equipment.
- 5. Non-stationary internal combustion engines, including gas turbine and jet engines.
- 6. Laboratory equipment used exclusively for chemical or physical analysis.
- 7. Laundry driers, extractors or tumblers used exclusively for the removal of water from fabric.
- 8. Application of surface coatings by use of an aqueous solution or suspension if used on external or internal walls of residential, commercial or industrial facilities.
- 9. Steam cleaning equipment used exclusively for that purpose.

10. Vacuum producing devices used in laboratory operations, and vacuum producing devices which do not remove or convey air contaminant from or to another source.

#### 11. Vents used exclusively for:

- f. Sanitary or storm drainage systems;
- g. Safety valves; or
- h. Washing or drying equipment used for products fabricated from metal or glass, if no volatile organic material is used in the process.
  - i. Construction of single family or duplex dwellings.
- 1. Emission Unit and Activity Exemptions. Are listed in app. K, para. A.

#### 2. Exemptions Based on Emissions Thresholds.

- a. A new emissions unit with a potential to emit below each of the threshold levels listed in table 4.02-1 is exempt from NSR provided the conditions of subsection 4.02C2c are met.
- b. A modification to an existing emissions unit that increases the unit's actual emissions by less than each of the threshold levels listed in the table 4.02-1 is exempt from NSR provided the conditions of 4.02C2c of this subsection are met.
- c. The owner or operator seeking to exempt a project from NSR shall notify, and upon request, file a brief project summary with the authority prior to beginning actual construction on the project. If the authority determines that the project will have more than a de minimis (App. A) impact on air quality, the authority may require the filing of a NSR application. The authority may require the owner or operator to demonstrate that the emissions increase from the new emissions unit is smaller than all of the thresholds listed in table 4.02-1
- d. The owner/operator may begin actual construction on the project 31 days after the authority receives the project summary, unless the authority notifies the owner/operator within 30 days that the proposed new source requires a NSR application.

Table 4.02-1 Exemption Threshold Table

<u>Pollutant</u>	Threshold Level TPY(App. B)
PM (App. B)	1.250
PM <sub>10</sub> (App. B)	0.750
SO <sub>s</sub> (App. B)	2.000
NO <sub>z</sub> (App. B)	2.000
Total VOC(App. B)	2.000
CO(App. B)	<u>5.000</u>
Pb(App. B)	0.005
Ozone Depleting Substances in	1.000
Aggregate	
(the sum of Call I and/or Class II sub-	
stances as defined In FCAA Title VI	
and 40 CFR Part 82)	
Toxic Air Pollutants	As specified in Ch
	173-460 WAC &
	app. G.¶D.

- 3. Gasoline Stations. Any new station with  $\leq 10,000$  (App. B) gallons of total storage capacity.
  - 4. Source Emitting Only Toxic Air Pollutants.
- a. Source does not emit a quantifiable amount of toxic air pollutants listed in app. G, para. D; or
- b. Source emits a level less than the *de minimis* level established in *chap. 173-460 WAC*.
- <u>D.</u> TEMPORARY SOURCES. (4.02G) For Sources, such as asphalt batch plants, with multiple locations which locate temporarily at particular multiple sites, the owner or operator shall be permitted to operate at a temporary location without filing a notice of construction providing that after filing a notification to install a temporary source when:
- 1. Information Provided by the Owner or Operator. The owner or operator must provide the following:
- <u>a.</u> Notification to the <u>authority</u> of intent to operate at the new location at least thirty (30) days prior to starting the operation; and
- b. and supplies Sufficient information to enable the authority to determine that the operation will comply with:
  - 1) The emission standards for a new source;
  - 2) and The applicable ambient air standards; and
- 3) If in a non-attainment area, it will not interfere with scheduled attainment of ambient standards.
- 2. Limited Operation Time. The permission to operate shall must be for a limited period of time (one year or less).
- 3. Conditions of Operation. and The authority may set specific conditions for operation during said period which shall include a requirement to comply with all applicable emission standards.
- 4. Technology Requirement. Must use BACT (App. B).
- 5. SEPA Compliance. No permit will be issued without fulfilling the SEPA (App. B) requirements.
- 6. Action on Application. Within 30 days of receipt by the authority of a complete application, the authority must issue a final decision on the application.
- E. NSR APPLICATION. This applies to stationary sources.
  - 1. Information Required.
- a. Application Form. NSR application forms furnished by the authority must be used and be completed.
  - b. Additional Documentation.
- 1) Completed sensitive receptor site survey required in subsection 3.12E.
- 2) Any additional information required by the APCO (App. A) to show that the proposed air contaminant source will meet the applicable emissions standards.
- c. Signature. (SCAPCA Sect 5.04) Each NSR application must be signed by the owner, operator, or designated representative of the air contaminant source.
- 2. Public Involvement. (4.02 H2) Within fifteen days of receipt of a complete application for a Notice of Construction the Authority shall determine whether public notice is required., and if so it shall publish notice to the public of an opportunity to submit written comments during a thirty (30) day period Shall follow the requirements of section 2.04.
- 3. Limitation of Review. (4.02 D) Any Notice of Construction review of a modification shall will be limited to the

- emission unit(s) or units proposed to be modified and the air contaminants pollutants whose emissions would increase as the result of the modification described in the NSR application.
- 4. Operation and Maintenance. (4.02 D) Any features, machines and devices constituting parts of or called for by plans, specifications or other information submitted pursuant to this section shall be maintained and operated in good working order. The owner or operator will operate and maintain the process and control equipment subject to the NSR application according to the specifications of the manufactures and subsection 3.00E to prevent avoidable emissions.

# 5. Time Limits.

- a. Completeness Determination. (4.02B) Within thirty (30) days after the receipt of Notice of Construction the NSR application the authority shall must either notify the applicant in writing:
  - 1) That additional information is necessary; or
  - 2) That the application is complete.
- 3) The Authority may require the submission of plans, specifications, and such other information as it deems necessary concerning the proposed construction, installation and establishment of such source. After the request for additional information, the applicant shall:
  - a) Provide the requested information within 30 days; or
- b) Within 15 days provide a date when the information will be available.
- 4) An application that doesn't meet these time limits may be canceled. Any continuation shall require a new NSR application.
  - 5) An applicant may withdraw an application at anytime.
- b. Action on Application. (4.02C) Within sixty (60) days of receipt by the authority of a complete Notice of Construction NSR application the authority shall must either:
- 1) Initiate <u>public</u> notice <del>and comment</del> on a proposed decision for those Notice of Construction application reviews subject to public notice and issue thereafter a final decision as promptly as possible for projects qualifying under section 2.04; or
  - 2) Issue a final decision on the application;
- 6. SEPA Compliance. No NSR application will be approved without complying with the SEPA (App. B) requirements.
  - F. APPROVAL OF A NSR. The authority shall:
- 1. Technology Requirements. An approved NSR must include the following:
- <u>a.</u> (4.02D2) Include A determination of whether that the operation of the new air contaminant source at the location proposed location will not cause any ambient air quality standard to be exceeded or cause a potential hazard to public health.
- b. (4.02 D2) Include A determination that the proposed new source will comply with all applicable new source performance standards and National Emission Standards for Hazardous Air Pollutants federal, state, and authority laws and regulations.
- c. An evaluation of the operational feasibility and economic viability of the proposed emission control devices.

- d. (4.02E) A determination of which emission control devices will be used.
- e. New Sources in Nonattainment Areas. For New sources in nonattainment areas, Best Available Control technology (BACT) will be employed, except that if must do the following if they are:
  - 1) Minor Sources. Use BACT for all air pollutants;
- 2) Major Sources. The new source is a major stationary source; or
- a) The proposed modification is a major modification it will achieve the LAER (App. A) for the contaminants for which the area has been designated nonattainment. Use LAER (App. B) for the pollutant(s) for which the area has been designated in non-attainment; and
  - b) Use BACT for all other pollutants.
- e. New Sources in Attainment or Nonclassifiable Areas. For new sources in attainment or nonclassifiable areas (App. A) Best Available Control technology (BACT) will be employed for all pollutants not previously emitted or whose emissions would increase as a result of the new source or modification must be used for all pollutants subject to a NSR.
- f. Operation and Maintenance Requirements. For an existing stationary source when the emission control technology is replaced or substantially altered, but does not constitute a major modification, Best Available Control technology (BACT) and Reasonable operation and maintenance conditions procedures for the process and control equipment may be required by the Authority.
- 2. Equipment, Supplier, or Manufacturer Specification. (4.02 D) Nothing in this regulation shall be construed to interpreted as authorizing the Board authority to require the use of emission control equipment or other equipment, machinery or devices of any particular type from any particular supplier or produced by any particular manufacturer.
- 3. Conditions. Review. (4.02 (D)(1)) Every order of approval of a NSR issued pursuant to this section shall must be reviewed prior to issuance by a licensed professional engineer in the employ of the authority or the Washington State Department of ecology.
- 4. Expiration of An Approval of a NSR. Expires for the following reasons:
- a. Construction not begun within 12 months after the receipt of the approval of the NSR;
- b. Construction is discontinued for 12 months or more: or
- c. Construction is not completed within six months following the approved completion date.
  - 5. Extension of An Approval of a NSR.
- a. The source must apply for an extension at least 30 days prior to the expiration date.
- b. An expired approval of a NSR is invalid, and the source must submit a new NSR application.
- 6. Absence of Rule or Order. (4.02 D) The absence of any ordinance, resolution, rule or regulation or the failure to issue an order pursuant to this section shall not relieve a person from his or her the obligation to comply with applicable emission control requirements or with any other provision of the law.

- 7. Appeals. Shall follow the requirements of section 2.05.
- 8. Notice of Completion Notice of Violation. (4.02 F) The owner or applicant shall must notify the Board or Control Officer APCO in writing of the completion of construction, installation or establishment and the date upon which operation will commence within 30 days after the start of operations for the process and control equipment on the NSR application.
- 9. Final Inspection. (4.02 F) Within thirty (30) days of receipt of notice of completion, the Board or Control Officer APCO may, inspect the construction, installation, or establishment the work approved by the NSR, and the Board or Control Officer may issue a Notice of Violation, NOV (App. B) if he finds that the construction, installation, or establishment the work is not in accordance with the plans, specifications or other information submitted to approved by the authority.
- 10. Sensitive Receptor Site Determination. The applications complies with section 3.12.
- G. Fees Assessment. (4.02 I) Any person submitting a Notice of Construction pursuant to the terms of this Regulation shall be assessed a fee by the Authority in accordance with the fee schedule in Article XIII, Section 13.02 of this regulation. The fee schedule for a NSR application is in app. F.
- <u>4.03 OPEN BURN OUTDOOR AND AGRICULTURAL BURNING</u>
  <u>PERMITS</u> (5.01, 5.02, 5.03, 5.04, 5.05, & Chaps. 173-425 & 173-430 WAC)
- A. PURPOSE. To establish the controls to implement the rules in section 3.03 through outdoor burning and agricultural burning permits.
- **B.** APPLICABILITY. (5.02 A) The Regulations in this section are applicable
- 1. Applies to all outdoor burning or agricultural burning permits whether conducted under the jurisdiction of the Yakima County Clean Air Authority issued by the authority. local cities, towns, fire protection districts, or conservation districts, or the Department of Natural Resources.
- 2. If another governmental agency proposes to have a residential and recreational burning program under subsection 3.03H1, the authority and proposing agency shall prepare a separate written agreement detailing the requirements for a burning program, and the permitting and enforcement processes.
- <u>C. EXEMPTIONS.</u> (5.03 D) <u>Section 3.03 has granted the following types of exemptions for outdoor and agricultural burning:</u>
  - 1. Total Exemptions. None.
- 2. Limited Exemptions. Listed in Table 3.03-1 and footnotes in Section 3.03.
- 3. Individual Permits. Tables 3.03-1 & 2 show the types of burning requiring individual permits and the types exempt from permitting.
- **D. PROVISIONS FOR BURNING.** The prohibitions and requirements for all burning permits are in the following subsections of section 3.03 unless exempted or modified in other subsections of section 3.03 or table 3.03-1 and footnotes.

- 1. All Burning. Section 3.03C.
- 2. Outdoor Burning. Section 3.03D.
- 3. Agricultural Burning. Section 3.03E.
- E. PERMIT CONDITIONS. The authority will establish any additional conditions for all permits in order to minimize air pollution as much as practical.
- 1. Specific Permit Conditions. Special permit conditions may include additional requirements beyond the requirements of section 3.03. They may include any of the following:
  - a. All Burning.
  - 1) Restricting the hours of burning:
  - 2) Restricting burning to a defined season;
  - 3) Restricting the size of fires:
  - 4) Imposing requirements for good combustion practice;

<u>or</u>

- 5) Restricting burning to specified weather conditions.
- b. Outdoor Burning.
- 1) Permit Duration.
- a) Residential. Expires Dec. 31st of the current calendar year.
- b) All Other Outdoor Burning Permits. 30 days maximum from the date of issuance unless approved for an alternate duration.
- 2) Permit Extension. Permits other than residential may be extended for an additional 30 days for due cause by the APCO (App. B).
  - c. Agricultural Burning.
- 1) Requiring the use of all or part of the agricultural burning BMPs established by the ag task force.
- 2) Encouraging the use of locally approved BMPs for specific crops.
- 3) Permit Duration. A farmer may elect either of the following forms for agricultural burning permits:
- a) Annual Permit. Expires Dec. 31st of the current calendar year; or
- b) Specific Permit. Expires 30 days after issuance with no provisions for extension.
  - 4) Reporting Requirements for annual permits.
- a) On the day planned for burning and prior to igniting a burn, provide the authority with the location, size, and type of material for each burn; and
  - b) Determine the burn ban status on the day of the burn.
- c) Farmers who fail to report burns shall have an annual permit canceled.
- 2. Permit Conditions Added after Issuance. If additional limitations are needed to prevent air pollution and/or protect property, health, safety, and comfort of persons from the effects of burning:
- a. The authority shall amend the permit or issue a general rule, and
- b. The authority must notify the permittee or responsible person.
- c. Any limitation imposed will become a condition of the permit.
- F. PERMIT APPLICATION PROCESS. Permits are available from the authority during normal working hours. The application may be submitted in person or by mail, and it

must be accompanied by the application fee when one is required.

G. FEES (5.01 E)

1. Any person requesting a permit from a local responsible jurisdiction, such as local city, town, fire protection district, conservation district or the authority, for an outdoor burning permit or an agricultural burning permit shall pay a fee as shown in governed by the fee schedule of that agency in App. F. then in effect. The fee schedules in effect for the Yakima County Clean Air Authority is as shown in Article XIII. Section 13.03

2. Annual agricultural burning permit fees are non-refundable.

# 4.04 AIR OPERATING PERMITS (AOP), (Chap. 173-401 WAC)

A. PURPOSE. (6.01) The Yakima County Clean Air Authority shall administer an air operating permit program upon approval of its delegation request, pursuant to Chapter 173-401 WAC. Under this program any air contaminant source subject to Chapter 173-401-300 WAC-shall be required to have an air operating permit. (WAC 173-401-100) To define any additional requirements or changes to implement a local AOP (App. B) program in accordance with chap. 173-401 WAC...

- B. APPLICABILITY. As defined in WAC 173-401-300.
- C. REQUIREMENTS. Where the WAC and local rules are cited, the more stringent requirements will apply.
- D. DEFINITIONS. As defined in WAC 173-401-200 and appendix A of this regulation.
- E. PERMIT APPLICATIONS. As defined in chap. 173-401 WAC. Part V.
- F. PERMIT CONTENT. As defined in chap. 173-401 WAC, Part VI; and
- 1. Emissions Standards. As required in WAC 173-401-605 and sections 3.01 and 3.02 of this regulation.
- 2. Monitoring, Recordkeeping, and Reporting. As required in WAC 173-401-615 and section 3.11 of this regulation.
- 3. Terms and Conditions. As required in WAC 173-401-620; and
  - a. General Rules. Section 3.00.
  - 1) Subsection 3.00A, Purpose.
  - 2) Subsection 3.00B, Applicability.
  - 3) Subsection 3.00C, Exclusions.
  - 4) Subsection 3.00D, Variances.
  - 5) Subsection 3.00E, Operation and Maintenance.
- b. Stratospheric Ozone-Depleting Chemicals. Section 3.06.
  - c. Specific Dust Controls. Section 3.08.
  - 1) Subsection 3.08A, Construction Dust.
  - 2) Subsection 3.08B, Feedlot Dust.
  - 3) Subsection 3.08C, Traction Sanding Dust,
- 4) Subsection 3.08D, Road, Highway, and Parking Lot Sweeping.
  - 5) Subsection 3.08E, Dust from Unpaved Roads.
  - d. Sensitive Receptor Sites. Section 3.12.
  - 4. Compliance.
  - a. As required in WAC 173-401-630; or
- b. Subsection 1.07A, article 5, and section 2.05 of this regulation.

- G. PERMIT ISSUANCE, RENEWAL, REOPENINGS, AND REVISIONS. As defined in chap. 173-401 WAC, Part VII.
- H. GENERAL PERMITS. As defined in chap. 173-401 WAC, Part VIII.
- I. PUBLIC INVOLVEMENT. As defined in *chap.* 173-401 WAC, Part IX and section 2.04 of this regulation.
- I. FEES. (6.02) Pursuant to RCW 70.94.161(14), the Authority shall allocate its fiscal 1994 air operating permit program development costs among the sources under its jurisdiction emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 and shall collect interim fees from these sources. Interim air operating permit fees collected by the Authority on behalf of the Department of Ecology shall be remitted to the Department by March 1, 1994. Pursuant to RCW 70.94, (Bill 1089), the Authority shall determine, assess, and collect annual fees sufficient to cover the Authority's direct and indirect costs of implementing its air operating permit program.

Upon receiving delegation authority, air operating permit fees collected by the Authority on behalf of the Department of Ecology shall be collected from each source in two equal payments and shall be remitted to the Department by March 1 and June 30, respectively, of each year. All air operating permit fees collected by the Authority on its own behalf shall be deposited into an air operating permit account dedicated exclusively to the support of its Air Operating Permit Program. The payment schedule for all air operating permit fees collected by the Authority on its own behalf shall be four equal payments with each payment due at the beginning of the respective fiscal quarter. The fiscal year for the Authority begins July First.

All air operating permit fees collected by the Authority on behalf of itself shall be calculated according to Article XIII, Section 13.05 of this regulation.

- 1. As defined by chap. 173-401 WAC, Part X; and
- 2. Section 2.02 and app. F. para. F of this regulation.

# 4.05 SYNTHETIC MINOR SOURCES. (WAC 173-400-091)

- A. PURPOSE. To establish a rule for major point sources who desire to limit the potential to emit prescribed pollutants below applicable threshold levels.
- B. APPLICABILITY. Any source which volunteers for classification as a synthetic minor and accepts emission limits less than the threshold levels of:
  - 1. 100 TPY (App. B) of criteria pollutants (App. A); or
  - 2. 10 TPY of one toxic air pollutant (App. A); or
  - 3. 25 TPY of two or more toxic air pollutants.
- C. EXCLUSIONS. Fugitive emissions are excluded from the determination of the threshold level for a synthetic minor.
  - D. PROHIBITIONS. None.
  - E. ADMINISTRATIVE PROCEDURES.
- 1. Public participation in the permitting is defined in section 2.04.
- 2. The synthetic minor status is granted by a regulatory order.
- 3. The conditions of the order or decision to grant or deny synthetic minor status may be appealed as defined in section 2.05.
  - F. CONDITIONS OF THE REGULATORY ORDER.

- 1. Limits the potent to emit any air contaminants below the threshold levels in subsection 4.05B.
  - 2. Shall be federally enforceable.
- 3. Shall require a revision or revocation of the order for any proposed deviation. This will done by:
  - a. Regulatory order:
  - b, NOC (App. B); or
  - c. SIP (App. B).
- 4. Shall require monitoring, record keeping, and reporting as defined in section 3.11.
- 5. The owner or operator of the source voluntarily accepts the conditions of the order.
  - G. FEES. The fees are in app. F.

# 4.06 EMISSION REDUCTION CREDITS AND BANKING (RCW 70.94.850; WAC 173-400-120; & 40 CFR Part 51, Subpart I & Subpart U)

- A. PURPOSE. To provide an administrative system for quantifying, certifying, and banking surplus emission reduction credits (ERC), and providing for transfers of ownership.
- B. APPLICABILITY. Applies to owners or operators of any source of emission that proposes to reduce its actual emissions rate for any pollutant regulated by the authority state, or federal laws or regulations in excess of any existing standards. This section is applicable to sources in and out of Yakima Co.
- C. EXCEPTIONS. The following pollutants and types of sources are not applicable to this section:
  - 1. Toxic air pollutants.
  - 2. Mobile sources.
  - 3. Temporary sources.
- <u>D. DEFINITIONS.</u> The following words and terms apply to only this section:
- 1. Banking. The system of quantifying, adjusting, certifying, recording, and storing an ERC (App. B) for future use and transfer.
- 2. Bubble. A set of emission limits which allows an increase in emissions from a given emissions unit(s) in exchange for a decrease in emissions from another emissions unit(s).
- 3. Certified. ERC which have been evaluated under the requirements of this regulation, other applicable regulations, and authorized by the APCO (App. B).
- 4. ERC Certificate. A document certifying title to a defined quantity and type of ERC issued by the authority to the owners identified on the certificate.
- 5. Offset. The use of an ERC to compensate for an emission increase of an affected pollutant from a new or modified source subject to subsection 4.06F2&3.
- 6. Quantifiable. Ability to estimate emission reductions in terms of their amount and characteristics. The same method of estimating emissions should generally be used to quantify the emissions before and after the reduction.
- 7. Register. The information management system that records all ERC deposits, withdrawals, transfers, transactions, and balances.
- **8. Transfer.** The change in ownership of an ERC from one person to another.

- E. PROHIBITIONS. The following acts are prohibited and subject to enforcement action under article 5:
- 1. Using an ERC outside of the conditions stated on the certificate.
  - 2. Any of the prohibited uses in subsection 4.0F3b.
- F. REOUIREMENTS. The program follows the EPA (App. B) direction for:
- 1. Conditions to Qualify for a ERC. The source must demonstrate that:
  - a. There is a real and permanent emission reduction;
  - b. The emissions are quantifiable:
  - c. The reduction can be replicated by another source:
- d. The emissions are excess to the source, and not subject to other controls;
- e. The emission reduction was voluntary and federally enforceable after the credit is issued;
  - f. No part of the ERCs claimed shall have been used as:
  - 1) A determination of net emission increase;
- 2) An offsetting transaction (\*) under WAC 173-400-112(4);
  - 3) A bubble transaction (\*) under WAC 173-400-120;
- 4) To satisfy NSPS, NESHAPS, BACT, or LAER (App. B).
- g. The ERC granted shall be the lesser of the old allowable emissions rate or the old actual emissions rate minus the new allowable emissions rate; and
- h. The emission controls were installed and operating after January 1, 1997.
  - 2. Source and User Characteristics.
  - a. A permanent, stationary or area source.
  - b. Agrees with the procedures of the ERC bank (\*).
  - 3. Using ERCs.
  - a. Permissible Uses.
- 1) An ERC may be used to satisfy the requirements for authorization of a bubble (\*) under WAC 173-400-120, as a part of a determination of net emissions increase;
- 2) As an offsetting reduction to satisfy the requirements for NSR (App. B) per WAC 173-400-112, 173-400-113 (3) or (6);
- 3) To satisfy requirements for PSD (App. B) review per WAC 173-400-113(4); or
  - 4) May be banked (\*) for later use as an offset (\*).
  - b. Prohibited Uses.
- 1) Replace emissions from preexisting control equipment.
- 2) To substitute for required BACT (App. B) or LAER emissions reductions.
- 3) To avoid the installation or use of federally required control equipment.
- 4) Within 1/4 mi. Of a sensitive receptor site as defined in section 3.12 unless demonstrated to the APCO that the excess emissions (App. B) will have no effect on the occupants of the site.
  - 5) To meet the requirements of RACT.
- c. Only ERCs certified (\*) by the authority can be bought, sold, traded, or exchanged for credit through the bank.
- d. The use of any ERC shall be consistent with all federal, state, and local laws and regulations.

#### 4. Measurement of Emission Reductions.

- a. Year long reductions and credits will be measured in TPY (App. B) to the nearest 0.01 ton.
- b. Seasonal reductions and credits will be measured in lbs. per day to the nearest one pound.

### **G.** ADMINISTRATIVE PROCEDURES.

- 1. Issuing ERCs. The owner or operator of any source may apply for an ERC if the source proposes to reduce its actual emissions rate for any applicable pollutant.
  - a. Application Process.
  - 1) Time of Application.
- a) Before January 1, 2000. Will accept applications for ERCs created after January 1, 1997.
- b) After January 1, 2000. Must be made within 180 days after the emission reduction was created.
  - 2) Information Required.
  - a) Name of the source;
  - b) Street and mailing address of the source:
  - c) Voice and fax phone numbers;
  - d) Individual pollutants claimed;
- e) Type of process and/or controls that created the emission reduction for each pollutant;
- f) Cost per ton to create the emission reduction for each pollutant being claimed;
- g) Date the emission reduction was certified by a source test or control equipment certification;
- h) Signature and certification for correctness by the owner or operator of the source.
- 3) Withdrawal of Application. Withdrawal of application for certification of an ERC by the applicant shall result in cancellation. The applicant will be billed for work done by the authority prior to the withdrawal of the application.
- b. Review Process. The authority shall determine whether the ERC application package is complete within 30 days after receipt of a complete application which includes all supporting data and documentation.
  - 1) Incomplete Applications.
- a) The applicant shall be notified in writing of the information required.
- b) If the specified information is not submitted within 60 days of the notification, the application shall be canceled.
- c) The applicant may request in writing an extension of time prior to the end of the 60 day period.
- 2) Resubmitted Applications. Upon receipt of a resubmitted application, a new 30 day period shall begin.
- 3) Completeness Criteria. Completeness shall be evaluated on the information requirements in subsection 4.06kG1a.
- 4) Verification of Information. The authority reserves the right to independently verify any information in the application.
  - c. Decision and Notification.
  - 1) Preliminary Decision. The APCO shall:
- a) Perform the evaluations required to determine compliance with all applicable authority rules and regulations; and
- b) Make a preliminary decision as to whether the emission reductions should be certified as an ERC.
  - c) The decision shall be supported by a written analysis.

- 2) Publication and Public Comment. Within ten working days following a preliminary decision the APCO shall publish the preliminary decision as required in section 2.04.
- 3) Public Inspection. Subsection 4.06G1c(2) applies if the application for ERC is more than:

<u>Pollutant</u>	TPY
$NO_{X}(App. B)$	<u>20.00</u>
VOC (App. B) -	<u>20.00</u>
Reactive organic compounds	
SO <sub>x</sub> (App. B)	<u>20.00</u>
$PM_{10}(App. B)$	<u>15.00</u>
CO (App. B)	100.00

- d. Final Approval. Within 30 days after all required information has been received, the authority shall approve or deny the application.
- e. ERC Certificate. (\*) Following final approval of the ERC application and verification that the proposed emission reductions have been implemented, the authority shall issue an ERC certificate to the owner(s).
- 1) Evidence of Compliance. Issuance of an ERC certificate shall not constitute evidence of compliance with rules and regulations of the authority, or a representation that the ERC represented by the certificate is marketable.
  - 2) ERC Certificate Components.
  - a) Certificate number;
  - b) Date of issue;
  - c) Name and address of the register owner;
- d) Street address of the site creating the surplus emissions for which the ERC certificate is issued:
- e) Pollutants involved, quantities, and number of ERCs registered;
  - f) Conditions of use:
  - g) Nonattainment area involved, if applicable;
- h) Expiration date as identified in subsection 4.06G3h; and
  - i) Signature of the APCO.
- 3) ERC Certificate Conditions. The APCO shall establish conditions for each ERC as needed to ensure the permanence and federal enforceability of the reduction. No credits shall be used if any of conditions can not be accomplished. The conditions may include assurance:
- a) That the emissions from the source will not exceed the allowable emission rates claimed in the ERC application for each emission unit:
  - b) That subsection 4.06F2 will be satisfied;
- c) If the ERC depends in whole or in part upon the shutdown of equipment, the ERC certificate shall prohibit operation of the affected equipment;
  - d) The earliest date the ERC can be used; and
  - e) The season of the year the ERC may be used.
- 4) ERC Certificate Copy. A copy of each ERC certificate shall be maintained in the ERC bank (\*).
- 2. ERC Bank. A register (\*) shall be maintained to manage information for the ERC bank.
- a. Records. Will be maintained in registered ERCs after discounting for the public benefit.

- b. ERC Register. Shall be maintained to manage the information for the ERC bank, and it shall contain the information in subsection 4.06G1e(2)
  - 3. Use of ERC Credits.
- a. Discounting Emission Reductions. The authority shall discount the emission reductions and the registered ERCs according to the factors and procedures in app. J for:
  - 1) Public benefit;
- 2) Additional public benefit for use in a nonattainment area for a pollutant in nonattainment status;
  - 3) Elapsed time since the ERC was created;
  - 4) Distance from the source that created the ERC; and
  - 5) Any seasonal use factors.
- b. Discount Due to Change in SIP. An ERC may be discounted by the authority after public involvement if:
- 1) Reductions in emissions beyond those identified in the SIP (App. B) are required to meet an ambient air quality standard; and
- 2) The standard cannot be met through controls on operating sources, and
  - 3) The SIP must be revised.
- 4) Any such discount shall not exceed the percentage of additional emission reduction needed to reach attainment.
- c. All Discounting shall be done prior to the approval of use of an ERC.
- d. Conditions of Use. The authority may impose conditions of use to account for temporal and spatial differences between the emissions unit(s) that generated the ERC and use the ERC.
- e. Transfer of an ERC. An ERC may be sold or traded to another person. The transfer is effective when approved by the APCO. Upon notice of a transfer of an ERC certificate, the following information shall be entered in the register:
  - 1) Original ERC certificate number:
  - 2) New ERC certificate number(s):
  - 3) Name and address of new owner(s), if applicable;
  - 4) Number of ERCs being transferred; and
  - 5) Number of ERCs remaining with the original owner.
- 6) The authority may refuse to recognize any transfer that does not comply with the requirements of this section.
- f. Use for Offsets. The following information shall be entered in the register when an ERC is used for an offset:
  - 1) All information required in subsection 4.06G3e;
  - 2) Date ERC certificate was surrendered;
  - 3) Name and address of ERC user;
- 4) Name and address, if applicable, of site where ERC is being used as offsets;
  - 5) Number of ERC being used for offsets.
- g. Surrender of ERC Certificate. When an ERC is used, the registered owner must surrender the ERC certificate. The certificate surrendered by the owner shall be filed in the register. If only a portion of the ERC is used, a new ERC certificate shall be issued to the original owner.
- h. Expiration. The maximum life of an ERC from the time of issuance is:
  - 1) Major stationary sources (App. A) 30 years;
- 2) All other stationary point or fugitive sources 10 years.
  - H. FEES. The fees for ERC banking are in app. F.

# 4.07 PERMITS BY GENERAL RULE (New Section)

A. PURPOSE. To authorize the APCO (App. B) to issue permits to control emissions from sources, groups of sources, or activities which are not otherwise permitted.

B. APPLICABILITY. Any lawful activity or source subject to WCAA (App. B) within the jurisdiction of the authority.

#### C. DURATION.

- 3. The permit is void one year after issuance; or
- 4. When the board issues a rule or order to replace the permit.

**D. REOUIREMENTS.** The permit requirements shall be as effective in controlling emissions as any other similar permit issued by the authority. The APCO may use any lawful permit conditions to control a source or activity permitted by this section.

E. FEES. May be charged to cover the costs of preparing and enforcing the permit under app. F. para. G.

# ARTICLE 5 - COMPLIANCE AND ENFORCEMENT (New Section)

## 5.00 GENERAL INFORMATION.

A. PURPOSE. To establish the general compliance and enforcement procedures.

B. APPLICABILITY. Applies to all sources regulated by the authority or any violation of this regulation, any applicable law, or any permit, order or condition of approval issued by the authority.

C. INVESTIGATION. The authority will conduct investigations for the purpose of determining compliance with this regulation, any of the laws or regulations adopted by the authority, any permit issued by the authority, any order issued by the authority, or any condition of approval issued by the authority.

- **D. EVIDENCE.** As proof of a violation, the authority may use evidence:
- 1. Gathered and documented by authority staff or persons contracted by the authority;
- 2. Gathered and documented by other government agencies; or
- 3. Provided by means of sworn affidavit of first hand observation by any credible person.

#### 5.01 WRITTEN NOTICES

- A. PURPOSE. To describe the procedure for notifying persons alleged to be in violation.
- B. APPLICABILITY. The authority will serve a written notice to any person that has caused or allowed an alleged violation of this regulation, any applicable law, or any permit, order or condition of approval issued by the authority.
- C. NOTICE OF VIOLATION (NOV). The authority will issue a NOV (App. B) to an alleged violator when any of the following conditions exist:
- 1. The person has previously been given notice of the same or similar type of violation:
- 2. Compliance is not achieved by the date established in a previously issued corrective action order;
- 3. The violation has a reasonable probability of placing a person in danger of death or bodily harm;

- 4. The violation has a reasonable probability of causing more than minor environmental harm; or
- 5. The violation has a reasonable probability of causing physical damage to the property of another in an amount greater than \$1,000.
- D. Correction Notice (CN). The authority may issue a CN (App. B) to an alleged violator, and no civil penalty will be issued, if none of the conditions in subsection 5.01C exist.

# 5.02 ADDITIONAL OR ALTERNATIVE ENFORCEMENT ACTIONS

- A. Purpose. To describe other provisions to use with or in addition to civil or criminal penalties to avoid violation or gain compliance.
- B. Applicability. Any person found to be in violation of this regulation, any applicable law, or any permit, order or condition of approval issued by the authority. This section also applies to any situation where an imminent health threat exists.
- C. Compliance Order. The authority may issue a compliance order that describes the actions necessary to correct or avoid a violation. The order may be included as part of a written notice or issued as a separate document.
- D. Prohibitory Order. The authority may issue a prohibitory order for the purpose of protecting human health or safety. The order will prohibit specific actions from being taken at a specific location.

#### E. INJUNCTIVE RELIEF.

### SECTION 8.04 RESTRAINING ORDER INJUNCTIONS

Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of these Regulations or order issued thereunder, the Board, after providing notice to such person and an opportunity to comply. The APCO (App. B) may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order, or a temporary or permanent injunction or other appropriate order when a violation is occurring or is about to occur.

# F. ASSURANCE OF DISCONTINUANCE.

# SECTION 8.03 ASSURANCE OF DISCONTINUANCE

As an additional means of enforcing these regulations, the APCO Board may accept an assurance of discontinuance of any act or practice deemed in violation of this regulation. The from any person engaging in, or who has engaged in, such act or practice. Any such The assurance must shall specify a time limit during which such the discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of these regulation, or order issued pursuant hereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the Superior Court as provided in RCW 70.94.425.

#### 5.03 PENALTY FOR VIOLATION PENALTIES (8.01)

A. PURPOSE. To describe the provisions for assessing penalties for violations.

Proposed [44]

B. APPLICABILITY. Any person found to be in violation of this regulation, any applicable law, or any permit, order or condition of approval issued by the authority.

#### C. CRIMINAL PENALTIES

- 1. (8.01B) Any person who knowingly violates any of the provisions of these regulations or any ordinance, resolution, statute or regulation in force pursuant thereto shall be guilty of a crime and upon conviction thereof shall be punished by a fine of not more than Ten Thousand Dollars (\$10.000) or by imprisonment in the county jail for not more than one (1) year, or both.
- 2. (8.01C) Any person who negligently releases into the ambient air any substance listed by the Department of ecology or EPA (App. B) as a hazardous air pollutant other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm shall be guilty of a crime and shall, upon conviction, be punished by a fine of not more than Ten Thousand Dollars (\$10,000) or by imprisonment for not more than one (1) year, or both.
- 3. (8.01C) Any person who knowingly releases into the ambient air any substance listed by the Department of ecology or EPA as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm shall be guilty of a crime and shall, upon conviction, be punished by a fine of not more than Fifty Thousand Dollars (\$50,000) or by imprisonment for not more than five (5) years, or both.
- 4. (8.01D) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70.94.100 shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not more than Five Thousand Dollars (\$5.000).

# D. CIVIL PENALTIES, SECTION 8.02 ADDITIONAL OR ALTERNATIVE PENALTIES

- 1. (8.02A) In addition to or as an alternate to any other penalty provided by law, any person who violates the provisions of Chapter 70.94 RCW, Chapter 70.120 RCW, or any other of the rules or and regulations, the Yakima County Clean Air authority may enforce under the RCW (App. B) a civil penalty in an amount not to exceed Ten Thousand Dollars (\$10,000) per day for each violation. Each such violation shall be a separate and distinct event, and, in the case of a continuing violation, each days continuance day shall be a separate and distinct violation.
- 2. Any person who fails to take action as specified by an order issued pursuant to this Chapter article shall be liable for a civil penalty of not more than Ten Thousand Dollars (\$10,000) per day for each day of continued noncompliance.
- E. INTEREST ON PENALTIES. (8.02B) Penalties incurred but not paid shall accrue interest beginning on the ninety first (91st) day following the date that the penalty becomes due and payable at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed interest shall not begin to accrue until the thirty-first (31st) day following the final resolution of the appeal.

- F. AIDING OR ABETTING. (8.02C) Each act of commission or omission which procures, aids or abets the a violation described herein shall be considered a separate violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.12(B).300.
- G. UNDER-REPORTING. (8.02D) In addition to the other penalties provided above, any person knowingly under-reporting emissions or other information used to set fees or persons required to pay emissions or permit fees who are more than ninety (90) days late with such payments may be subject to a penalty equal to three (3) times the amount of the original fee owed.
- H. DISBURSEMENT. (8.02E) All penalties recovered under this section by the authority shall be paid into the treasury of the authority and rendered into its funds.
- F. In addition to the other provisions of this Section, a specific Civil Penalty may be imposed in violation of other Sections of this Regulation in accordance to the following schedule: (see page 8-3)
- I. WITHHOLDING GRANTS. (8.02G) Public or private entities that are recipients or potential recipients of department grants from the authority, whether for air quality related activities or not, may have such the grants rescinded or withheld by the department authority for failure to comply with provisions of this chapter regulation.
- J. PENALTY DETERMINATION. The worksheets in appendix I will be used to determine the amount of a penalty.

# APPENDIX A Definitions of Words and Phrases

This appendix contains a list of definitions for words and phrases used in more than one section of the regulation. Defined words or phrases are identified with "(App. A)" in the text. The source of the definition is identified in *italics*.

Actual Emissions (WAC 173-400-030(1)) - The actual rate of emissions of a pollutant from an emission unit, as determined in accordance with (a) through (c) of this subsection by:

- 1. In general, actual emissions as of a particular date shall equal the average rate, in tons per year TPY (App. B), at which the emissions unit actually emitted the pollutant during a two-year period which precedes the particular date and which is representative of normal source operation. Ecology or an the authority shall allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the emissions unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period.
- 2. Ecology or an the authority may presume that sourcespecific allowable emissions for the unit are equivalent to the actual emissions of the emissions unit.
- 3. For any emissions unit which has not begun normal operations on the particular date, actual emissions shall equal the potential to emit of the emissions unit on that date.

Adequate Source of Heat (WAC 173-433-030(1)) - The ability to maintain 70 degrees <u>°Fahrenheit</u> at a point three (3)

feet above the floor in all normally inhabited areas of the dwelling.

Adverse Impact on Visibility (WAC 173-400-030(2)) - Visibility impairment which interferes with the management, protection, preservation, or enjoyment of the visitor's visual experience of the Federal Class I area. This determination must be made on a case by case basis taking into account the geographic extent, intensity, duration, frequency, and time of visibility impairment, and how these factors correlate with (a) times of visitor use of the Federal Class I area, and (b) the frequency and timing of natural conditions that reduce visibility. This term does not include effects on integral vistas.

Agricultural Burning (WAC 173-430-030(1)) - The burning of vegetative debris from an agricultural operation necessary for disease or pest control, necessary for crop propagation and/or crop rotation, or where identified as a best management practice by the agricultural burning practices and research task force established in RCW 70.94.650 or other authoritative source on agricultural practices.

Agricultural Operation - The growing of crops, the raising of fowl, animals or bees as a gainful occupation. (WAC 173-430-030(2)) - A farmer who can substantiate that the operation is commercial agriculture by showing the most recent year's IRS (App. B) schedule F form or proof that the land is designated in a classification for agricultural use. It also includes burning conducted by irrigation district or drainage district personnel as part of water system management.

Ag Task Force (WAC 173-430-030(3)) - The state agricultural burning practices and research task force.

Air Contaminant (WAC 173-400-030(3)) - Dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substance, or any combination thereof. "Air pollutant" means the same as "air contaminant".

Air Pollution (WAC 173-400-030(4)) - The presence in the outdoor atmosphere of one or more contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interfere with enjoyment of life and property. For the purpose of this regulation, air pollution shall not include air contaminants emitted in compliance with Chapter 17.21 RCW (App. B).

Air Pollution Episode - A period of impaired air quality as determined by the Director of the Yakima County Clean Air authority, or the Washington State Department of ecology.

Allowable Emissions (WAC 173-400-030(5)) - The emission rate of a stationary source calculated using the maximum rated capacity of the stationary source (unless the stationary source is subject to federally enforceable limits which restrict the operating rate, or hours of operation, or both) and the most stringent of the following:

- 1. The applicable standards as set forth in 40 CFR Part 60 or 61 (App. B);
- 2. Any applicable state implementation plan SIP (App. B) emissions limitation including those with a future compliance date; or

3. The emissions rate specified as a federally enforceable permit condition, including those with a future compliance date.

Ambient Air (WAC 173-400-030(6)) - The surrounding outside air.

Ambient Air Quality Standard (WAC 173-400-030(7)) - An established concentration, exposure time, and frequency of occurrence of air contaminant(s) in the ambient air which shall not be exceeded.

Approved Laboratory (SCAPCA Art. VI, Sect. 6.14) (App. B) - Means a certified or approved facility capable of performing the specified tests in a competent, professional, or unbiased manner in accordance with ASTM (App. B) testing procedures.

Authority - The Yakima Regional Clean Air Authority.

Best Available Control Technology (BACT) (WAC 173-400-030(10)) - An emission limitation based on the maximum degree of reduction for each air pollutant subject to regulation under chap.ter 70.94 RCW (App. B) emitted from or which results from any new or modified stationary source, which the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such source or modification through application of production processes and available methods, systems, and techniques, including fuel cleaning, clean fuels, or treatment or innovative fuel combustion techniques for control of each such pollutant. In no event shall application of the BACT (App. B) result in emissions of any pollutants which will exceed the emissions allowed by any applicable standard under 40 CFR Part 60 and Part 61 (App. B), as they exist on March 1, 1996, or their later enactments as adopted by reference by the authority. Emissions from any source utilizing clean fuels, or any other means, to comply with this definition shall not be allowed to increase above levels that would have been required under the definition of BACT in FCAA (App. B) as it existed prior to enactment of the FCAA Amendments of

Best Management Practice (BMP) (WAC 173-430-030(4))

- The criteria established by the state ag task force.

**Board** - The Board of Directors of the Yakima Regional Clean Air Authority.

Bon Fires - A recreational fire for public events with a diameter > (App. B) three ft. and a height > 2 ft.

Burn Bans - Periods when ecology or the authority determine air contaminant levels are approaching or have the potential to approach a level which is harmful to public health or safety. Outdoor burning and burning with wood or coal heaters is severely curtailed during these periods.

Burning Conditions - The fuel and atmospheric conditions which determine how a fire burns and the types and levels of air pollutantion emissions.

<u>Ceremonial Fires (WAC 173-425-030(9))</u> - Small fires associated with native american ceremonies or the sending of smoke signals for a religious ritual.

Class I Area (WAC 173-400-030(14)) - Any area designated pursuant to §§ 162 or 164 of FCAA (App. B) as a class I area. The following areas are the class I areas in Washington state:

- 1. Alpine Lakes Wilderness Area;
- 2. Glacier Peak Wilderness Area;
- 3. Goat Rock Wilderness Area:
- 4. Mount Adams Wilderness Area;
- 5. Mount Rainier National Park:
- 6. North Cascades National Park:
- 7. Olympic National Park;
- 8. Pasayten Wilderness Area; and
- 9. Spokane Indian Reservation.

Combustible Refuse - Any burnable waste material containing carbon in a free or combined state other than liquid or gases.

Combustion and Incineration Sources (WAC 173-400-030(15)) - Units using combustion for waste disposal, steam production, chemical recovery or other process requirements; but excludes open outdoor burning and wood heaters.

Commenced Construction (WAC 173-400-030(16)) - The owner or operator has all the necessary preconstruction approvals or permits and either has:

- 1. Begun, or caused to begin, a continuous program of actual on-site construction of the source, to be completed within a reasonable time; or
- 2. Entered into binding agreements or contractual obligations, which cannot be canceled or modified without substantial loss to the owner or operator, to undertake a program of actual construction of the source to be completed within a reasonable time.

Compliance Order - An order issued by the authority for the purpose of causing a person to be in compliance with cited authority regulations. The order will specify actions to be taken within a specific time.

Concealment (WAC 173-400-030(17)) - Any action taken to reduce the observed or measured concentrations of a pollutant in a gaseous effluent while, in fact, not reducing the total amount of pollutant discharged.

Construction/Demolition Debris (WAC 173-425-030(2)) - All material resulting from the construction, renovation, or demolition of buildings, roads, and other man-made structures.

Control Apparatus - Any device which prevents or controls the emission of any air contaminant.

Control Officer - The Air Pollution Control Officer of the Yakima Regional Clean Air Authority, or his duly authorized agents.

Criteria Pollutant - PM<sub>10</sub>, PM<sub>25</sub>, CO, O<sub>3</sub>, Pb, SO<sub>2</sub>, and NO<sub>2</sub> (App. B).

<u>De Minimis</u> - The minimum threshold levels that exempts sources or source categories from complying with specific requirements.

**DEQ Phase 2 Woodstove** - A woodstove meeting the "Oregon Department of Environmental Quality Phase 2" emissions standards contained in Subsections (2) and (3) of Section 340-21-115, and certified in accordance with "Oregon Administrative Rules, Chapter 340, Division 21 - Woodstove Certification" dated November 1984.

#### **Director** - Executive Director and Control Officer.

Emission (WAC 173-400-030(21)) - A release of air contaminants into the ambient air.

Emission Reduction Credit (ERC) (WAC 173-400-030(22)) - A credit granted pursuant to WAC 173-400-131. This is a voluntary reduction in emissions.

Emission Standards - A limitation on the release of a contaminant or multiple contaminants into the ambient air. (WAC 173-400-030(23)) A requirement established under FCAA (App. B) or WCAA (App. B) which limits the quantity, rate, or concentration of emissions of air contaminants on a continuous basis, including any requirement relating to the operation or maintenance of a source to assure continuous emission reduction and any design, equipment work practice, or operational standard promulgated under FCAA or WCAA.

Emissions Unit (WAC 173-400-030(24)) - Any part of a stationary source or source which emits or would have the potential to emit any pollutant subject to regulation under the FCAA (App. B), chap.ter 70.94 or 70.98 RCW (App. B).

EPA Certified Woodstove (WAC 173-433-030(2)) - A woodstove certified and labeled meeting the emission performance standards when tested by an accredited independent laboratory and labeled according to procedures specified by the EPA (App. B) under 40 CFR Part 60, Subpart AAA (App. B) - Standards of Performance for Residential Wood Heaters as amended through July 1, 1990.

EPA Exempted Device - A device that is not required to be tested under 40 CFR Part 60, Subpart AAA.

**Equipment** - Any stationary or portable device or any part thereof capable of causing the emission of any air contaminant into the ambient air.

Excess Emissions (WAC 173-400-030(25)) - Emissions of an air pollutant in excess of any applicable emissions standard.

Farmer (WAC 173-430-030(6)) - Any person engaged in the business of growing or producing for sale upon their own lands, or upon the land in which they have a present right of possession, any agricultural product. Farmer does not mean persons using such products as ingredients in a manufacturing process, or persons growing or producing such products primarily for their own consumption.

Federal Land Manager (WAC 173-400-030(29)) - With respect to any lands in the United States, the Secretary of the department with authority over such lands.

[47] Proposed

Fire Department - Fire control agency such as city fire departments, local fire districts or the Washington State Department of Natural Resources DNR (App. B).

Fire Fighting Instructional Fires (WAC 173-425-030(5)) - Fires for the instruction in methods of fire fighting, including but not limited to training to fight structural fires, flight aircraft fires, and forest fire training. Fires for the prevention of a fire hazard are not considered fire fighting instructional fires.

Fires for Prevention of a Fire Hazard (WAC 173-425-030(6)) - Outdoor burning authorized by the DNR (App. B) or an appropriate fire protection agency to dispose of material that is susceptible to catching fire, burning, endangering nearby structures, forest areas, life, and/or property.

Fireplace (RCW 70.94.453(3)) - Any permanently installed masonry fireplace; or any factory-built metal solid fuel burning device designed to be used with an open combustion chamber and without features to control the air to fuel ratio.

First Stage of Impaired Air Quality - Can be declared by the authority wWhen particulate ten microns PM<sub>10</sub> and smaller in aerodynamic diameter are is at an ambient level of seventy-five 60 micrograms per cubic meter of air measured on a twenty-four 24 hour average, or when earbon monoxide CO (App. B) is at an ambient level of eight ppm parts of contaminant per million parts of air by volume measured on an eight-hour average.

Fossil Fuel-fired Steam Generator (WAC 173-400-030(30)) - A device, furnace, or boiler used in the process of burning fossil fuel for the primary purpose of producing steam by heat transfer.

Fugitive Dust (WAC 173-400-030(31)) - A particulate emission made airborne by forces of wind, man's activity, or both. Unpaved roads, construction sites, and tilled land are examples or areas that originate fugitive dust. Fugitive dust is a type of fugitive emission.

Fugitive Emissions (WAC 173-400-030(32)) - Emissions which do not pass and which could not reasonable pass through a stack, chimney, vent, or other functionally equivalent opening.

**Garbage** - Putrescible animal and vegetable wastes resulting from the handling, preparation, cooking or serving of food.

General Process Unit Source (WAC 173-400-030(33)) - An emissions unit using a procedure or a combination of procedures for the purpose of causing a change in material by either chemical or physical means, excluding combustion.

Good Engineering Practice (GEP) (WAC 173-400-030(34)) - A calculated stack height based on the equation specified in WAC 173-400-200 (2)(a)(ii).

Hearings Board - Pollution control hearings board as established by RCW 43.21B (App. B).

Backyard Home Barbecues - A small wood, charcoal, LP (App. B) gas, or natural gas fire for the purpose of cooking.

Impaired Air Quality (WAC 173-425-030(8)) - A condition declared by the authority in accordance with the following criteria:

- 1. Meteorological conditions are conducive to an accumulation air contamination concurrent with:
- a. PM<sub>10</sub> (App. B) at an ambient level of 60 micrograms per cubic meter on a 24-hour average, or
- b, CO (App. B) at an ambient level of eight ppm (App. B) of air by volume on an eight-hour average; or
- 2. Air quality threatens to exceed other limits established by ecology or the authority.
- 3. The condition applies to only the woodsmoke control zone.

Incinerator (WAC 173-400-030(35)) - A furnace for the destruction of waste, or oxidizing a waste to facilitate disposal used primarily for the thermal destruction of waste.

Land Clearing Burning (WAC 173-425-030(10)) - Outdoor burning natural vegetation from land clearing projects. It does not include agricultural or silvicultural burning, but it does include any burning associated with class - IV, general forest practices.

Lowest Achievable Emission Rate (LAER) (WAC 173-400-030(38)) - The rate of emissions for any source which reflects the more stringent of:

- 1. The most stringent emission limitation which is contained in the SIP (App. B) for such class or category of source, unless the owner or operator of the proposed new or modified source demonstrates that such limitations are not achievable; or
- 2. The most stringent emission limitation which is achieved in practice by such class or category of source.

In no event shall the application of this term permit a proposed new or modified source to emit any pollutant in excess of the amount allowable under applicable new source performance standards.

Major Modification (WAC 173-400-030(40)) - Any physical change in or change in the method of operation of a major stationary source that would result in a significant net emissions increase of any pollutant subject to regulation under the FCAA (App. B). Any net emissions increase that is considered significant for volatile organic compounds VOCs (App. B) or nitrogen oxides NO<sub>x</sub> (App. B) shall be considered significant for ozone  $O_3$  (App. B). A physical change or change in the method of operation shall not include:

- 1. Routine maintenance, repair, and replacement;
- 2. Use of an alternative fuel or raw material by reason of an order under Sections 2 (a) and (b) of the Energy Supply and Environmental Supply Coordination Act of 1974 (or any superseding legislation) or by reason of a natural gas curtailment plan pursuant to the Federal Power Act:
- 3. Use of an alternative fuel by reason of an order or rule under section 125 of the FCAA, 42 U.S.C. 7425 (App. B);
- 4. Use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste;
- 5. Use of an alternative fuel or raw material by a stationary source which:

- a. The stationary source was capable of accommodating before December 21, 1976, unless such change would be prohibited under any federally enforceable permit condition which was established after December 12, 1976, in a prevention of significant deterioration permit or notice of construction approval; or
- <u>b.</u> The stationary source is approved to use under any federally-enforceable <del>notice of construction</del> <u>NSR (App. B)</u> approval or a PSD (App. B) permit issued by the environmental protection agency EPA (App. B);
- 6. An increase in the hours of operation or in the production rate, unless such change is prohibited under any federally enforceable permit condition which was established after December 21, 1976, in a prevention of significant deterioration permit or a notice of construction NSR approval;
  - 7. Any change in ownership at a stationary source.

# Major Stationary Source (WAC 173-400-030(41)) -

- 1. Any stationary source which:
- a. Emits or has the potential to emit one hundred tons per year 100 TPY (App. B) or more of any air contaminant regulated by the state WCAA (App. B) of Federal Clean Air Acts FCAA (App. B); or
- <u>b.</u> Is located in a "marginal" or "moderate" ozone O<sub>3</sub> (App. B) nonattainment area and which emits or has the potential to emit one hundred tons per year 100 TPY (App. B) or more of volatile organic compounds VOCs (App. B) or oxides of nitrogen NO<sub>x</sub> (App. B).
- 2. Any stationary source (or group of stationary sources) which:
- <u>a.</u> Is located in a "serious" earbon monoxide <u>CO</u> (App. B) nonattainment area where stationary sources contribute significantly to earbon monoxide <u>CO</u> levels and which emits or has the potential to emit fifty tons per year <u>50 TPY</u> (App. B) or more of earbon monoxide <u>CO</u>; or
- <u>b.</u> Is located in a "serious" particulate matter  $(PM_{10})$  (App. B) nonattainment area and which emits or has the potential to emit seventy tons per year 70 TPY or more of  $PM_{10}$  emissions.
- 3. Any physical change that would occur at a stationary source not qualifying under (a) or (b) parts 1 or 2 of this subsection definition as a major stationary source, if the change would constitute a major stationary source by itself;
- 4. A major stationary source that is major for VOCs or NO, shall be considered major for exone  $O_3$  (App. B);
- 5. The fugitive emissions of a stationary source shall not be included in determining whether it is a major stationary source, unless the stationary source belongs to one of the following categories of stationary sources or the source is a major stationary source due to (b) part 2 of this subsection definition;
  - a. Coal cleaning plants (with thermal dryers);
  - b. Kraft pulp mills;
  - c. Portland cements plants;
  - d. Primary zinc smelters;
  - e. Iron and steel mills;
  - f. Primary aluminum ore reduction plants;
  - g. Primary copper smelters;
- h. Municipal incinerators capable of charging more than two hundred fifty 250 tons of refuse per day;

- i. Hydrofluoric, sulfuric, or nitric acid plants;
- i. Petroleum refineries;
- k. Lime plants;
- 1. Phosphate rock processing plants;
- m. Coke oven batteries;
- n. Sulfur recovery plants;
- o. Carbon black plants (furnace process);
- p. Primary lead smelters;
- q. Fuel conversion plants;
- r. Sintering plants;
- s. Secondary metal production plants;
- t. Chemical process plants;
- <u>u.</u> Fossil-fuel boilers (or combination thereof) totaling more than two hundred fifty million 250,000,000 British thermal units BTUs (App. B) per hour heat input;
- v. Petroleum storage and transfer units with a total storage capacity exceeding three hundred thousand 300,000 barrels:
  - w. Taconite ore processing plants;
  - x. Glass fiber processing plants;
  - y. Charcoal production plants;
- z. Fossil fuel-fired steam electric plants of more than two hundred fifty million 250,000,000 British thermal units BTUs per hour heat input; and
- <u>aa.</u> Any other stationary source category which, as of August 7, 1970, was being regulated under sections 111 or 112 of the Federal Clean Air Act FCAA (App. B).
- 6. For purposes of determining whether a stationary source is a major stationary source, the term "building, structure, facility, or installation" means all the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same major group (i.e., which have the same two digit code) as described in the Standard Industrial Classification Manual, 1972, as amended by the 1977 Supplement.

Materials Handling (WAC 173-400-030(43)) - The handling, transporting, loading, unloading, storage, and transfer of materials with no significant chemical or physical alteration.

Maximum Available Control Technology (MACT) - A standard developed for the control of hazardous air pollutant emissions from specific source categories regulated under 40 CFR Part 63.

Modification (WAC 173-400-030(44)) - Any physical change in or change in the method of operation of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted. The term modification shall be construed consistent with the definition of modification in Section 7411, Title 42, United State Code USC (App. B) and with rules implementing that section.

Multiple Chamber Incinerator - Any incinerator consisting of three or more refractory-lined combustion chambers in series, physically separated by refractory walls, intercon-

nected by gas passage ports or ducts and employing adequate design parameters necessary for maximum combustion of the material to be burned.

National Emission Standards for Hazardous Air Pollutants (NESHAPS) (WAC 173-400-030(45)) - The federal regulations set forth in 40 CFR Part 61 and 63 (App. B).

Natural Vegetation (WAC 173-425-030(12)) - Unprocessed plant material from herbs, shrubbery, trees, grass, weeds, leaves, clippings, prunings, brush, branches, roots, stumps, or trunk wood.

## Net Emissions Increase (WAC 173-400-030(47)) -

- 1. The amount by which the sum of the following exceeds zero:
- a. Any increase in actual emissions from a particular change or change in method of operation at a source; and
- b. any other increases and decreases in actual emissions at the source that are contemporaneous with the particular change and are otherwise creditable.
- 2. An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs between the date ten years before construction on the particular change commences and the date that the increase from the particular change occurs.
- 3. An increase or decrease in actual emissions is creditable only if:
- a. It occurred no more than one year prior to the date of submittal of a complete notice of construction application for the particular change, or it has been documented by an emission reduction credit, in which case the credit shall expire ten years after the date of original issue of the ERC (App. B). Any emissions increases occurring between the date of issuance of the ERC and the date when a particular change becomes operational shall be counted against the ERC.
- b. Ecology or the authority has not relied on it in issuing any permit or order of approval for the source under regulations approved pursuant to 40 CFR 51 Subpart 1 or the EPA (App. B) has not relied on it in issuing a PSD (App. B) permit pursuant to 40 CFR 52.21, which order or permit is in effect when the increase in actual emissions from the particular change occurs.
- 4. An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.
- 5. A decrease in actual emissions is creditable only to the extent that:
- <u>a.</u> The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions;
- <u>b.</u> It is federally enforceable at and after the time that actual construction on the particular change begins;
- c. It has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change; and
- d. Ecology or the authority has not relied on it in issuing any permit or order of approval under regulations approved pursuant 40 CFR 51 Subpart I (App. B), the EPA (App. B) has not relied on it in issuing a PSD (App. B) permit pursuant to

40 CFR 52.21, or ecology or the authority has not relied on it in demonstrating attainment or reasonable further progress.

6. An increase that results from a physical change at a source occurs when the emission unit on which construction occurred becomes operational and begins to emit a particular pollutant. Any replacement unit that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed one hundred eighty 180 days.

#### New Source (WAC 173-400-030(48))

- 1. The construction or modification of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted, and;
- 2. Any other project that constitutes a new source under the Federal Clean Air Act FCAA (App. B).

New Source Performance Standards (NSPS) (WAC 173-400-030(49)) - The federal regulations set forth in 40 CFR Part 60 (App. B).

New Source Review (NSR) - The process for the review and approval or denial of a new source review application.

New Source Review Application - Has the same meaning as notice of construction application.

New Wood Stove (RCW 70.94.453(4)) - A wood stove or wood heater that is sold at retail, bargained, exchanged, or given away for the first time by the manufacturer, the manufacturer's dealer or agency, or a retailer: and has not been so used to have become what is commonly known as "second hand" within the ordinary meaning of that term.

Nonattainment Area (WAC 173-400-030(50) & WAC 173-425-030(13) 9/8/98 draft) - A clearly delineated geographic area which has been designated by EPA promulgation as exceeding a national ambient air quality standard or standards because it does not meet (or it contributes to ambient air quality in a nearby area that does not meet) a NAAQS(s) (App. B) for one or more of the criteria pollutants (App. A).

Nonclassifiable Area - An area that has not been designated as attainment or non-attainment by EPA (App. B) for a criteria pollutant (App. A).

Notice of Construction Application (NOC) (WAC 173-400-030(51)) - A written application to permit construction of a new source, modification of an existing source or replacement or substantial alteration of control technology at an existing stationary source. Replacement or substantial alteration of control technology does not include routine maintenance, repair, or parts replacement. This application has the same meaning as a NSR application.

Nuisance (WAC 173-425-030(15) 9/8/98 draft) - The presence in the outdoor atmosphere of one or more air pollutants from outdoor burning in sufficient quantities and of such characteristics and duration as is, or is likely, to unreasonably interfere with enjoyment of life or property.

**Opacity** (WAC 173-400-030(52)) - The degree to which an object seen through a plume is obscured, stated as a percentage.

Open Burning - The combustion of material of any type in an open fire or in an outdoor container without providing for the control of combustion or the control of emissions from the combustion. Has the same meaning as "outdoor burning".

Open Fire —A fire where any material is burned in the open or in a receptacle other than a furnace, incinerator, or other equipment connected to a stack or chimney.

Order (WAC 173-400-030(54)) - An order issued by ecology or the authority pursuant to chapter 70.94 RCW (App. B), including, but not limited to RCW 70.94.332, 70.94.152, 70.94153, and 70.94.141(3), and includes, where used in the generic sense, the terms order, corrective action order, order of approval, and regulatory order.

Order of Approval or "Approval Order" (WAC 173-400-030(55)) - A regulatory order issued by ecology or the authority to approve the notice of construction NSR (App. B) application for a proposed new source or modification, or the replacement or substantial alteration of control technology at an existing stationary source, or to approve alternative methods of ACM (App. B) removal.

Other Burning - Any type of outdoor or agricultural burning not specified in this regulation.

Outdoor Burning (WAC 173-400-030(53) & WAC 173-425-030(10)) - The combustion of material of any type in an open fire or in an outdoor container without providing for the control of combustion or the control of emissions from the combustion. Wood waste disposal in wigwam burners is not considered outdoor burning.

Owner - Includes the person who leases, supervises or operates the equipment or control apparatus.

Particle - A small discrete mass of solid or liquid matter-(with a general size range from submicron to 2000 micron).

Particulate Matter or Particulate (PM) (WAC 173-400-030(56)) - Any airborne finely divided solid or liquid material with an aerodynamic diameter smaller than 100 micrometers.

Particulate Matter Emissions (WAC 173-400-030(57)) - All finely divided solid or liquid material, other than uncombined water, emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method specified in 40 CFR Part 60 (App. B) or by a test method specified in the Washington state implementation plan SIP (App. B).

Parts Per Million (ppm) (WAC 173-400-030(58)) - Parts of a contaminant per million parts of gas, by volume, exclusive of water or particulate.

Pellet Stove (WAC 173-433-030(6)) - A pellet stove with an air-to-fuel ratio equal to or greater than  $\geq$  (App. B) 35.0 when tested by an accredited laboratory in accordance with methods and procedures specified by the EPA in 40 CFR Part 60 Appendix A, Reference Method 28A - Measurement of Air to Fuel Ratio and Minimum Achievable Burn Rates for Woodfired Appliances as amended through July 1, 1990.

**Person** (WAC 173-400-030(59)) - Any individual, firm, public or private corporation, association, partnership, political subdivision, municipality or governmental agency.

PM<sub>25</sub>-Ultra finely divided solid or liquid material, including condensible particulate matter, with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers emitted to the ambient air.

PM<sub>10</sub> (WAC 173-400-030(60)) - Particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method based on 40 CFR Part 50 Appendix J (App. B) and designated in accordance with 40 CFR Part 53 or by an equivalent method designated in accordance with 40 CFR Part 53.

PM<sub>10</sub> Emissions (WAC 173-400-030(61)) - Finely divided solid or liquid material, including condensible particulate matter, with an aerodynamic diameter less than or equal to a nominal 10 micrometers emitted to the ambient air as measured by an applicable reference method, or an equivalent or alternate method, specified in appendix M of 40 CFR Part 51 or by a test method specified in the Washington state implementation plan SIP (App. B).

Potential to Emit (WAC 173-400-030(62)) - The maximum capacity of a stationary source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as part of its design only if the limitation or the effect it would have on emissions is federally enforceable. Secondary emissions do not count in determining the potential to emit of a stationary source.

Prevention of Significant Deterioration (PSD) (WAC 173-400-030(63)) - The program set forth in WAC 173-400-141.

Rare and Endangered Plant Regeneration Fires (WAC 173-425-030(19)) - Fires necessary to promote the regeneration of fare and endangered plants found within natural area preserves.

Reasonable Alternative (WAC 173-425-030 (11)) - Disposal alternatives to outdoor burning that cost less than \$8.50 per cubic yard. After July 1993, this amount shall be adjusted periodically by ecology policy.

Reasonably Available Control Technology (RACT) (WAC 173-400-030(66)) - The lowest emission limit that a particular source or source category is capable of meeting by the application of control technology that is reasonably available considering technological and economic feasibility. RACT is determined on a case-by-case basis for an individual source or source category taking into account the impact of the source upon air quality, the availability of additional controls, the emission reduction to be achieved by additional controls, the impact of additional controls on air quality, and the capital and operating costs of the additional controls. RACT requirements for any source or source category shall be

[51] Proposed

adopted only after notice and opportunity for comment are afforded.

Recreational Fire (WAC 173-425-030(20)) - Cooking fires, campfires and bonfires using natural wood which occur in designated areas or on private property for cooking, pleasure, or ceremonial purposes. Fires used for debris disposal are not considered recreational fires.

Regulation - Any regulation and subsequently adopted additions or amendments revisions thereto of the Restated Regulation I of Yakima County Regional Clean Air Authority.

Regulatory Order (WAC 173-400-030(67)) - An order issued by ecology or the authority to an air contaminant source which applies to that source, any applicable provision of chap. 70.94 RCW, or the rules adopted thereunder, or the regulations of the authority.

Residential Burning (WAC 173-425-030(21)) - Burning eonsisting of leaves, clippings, and prunings, and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by property owner or their designee.

Salvage Operation - An operation conducted in whole, or in part, for the salvaging or reclaiming of any product or material.

**Seasoned Wood** (WAC 173-433-030(8)) - Wood of any species that has been sufficiently dried so as to contain twenty percent (20%) moisture by weight.

Second Stage of Impaired Air Quality - Can be declared by the authority when particulate ten microns and smaller in aerodynamic diameter  $PM_{10}$  is are at an ambient level of one hundred and five 105 micrograms per cubic meter of air measured on a twenty-four 24 hour average.

Significant (WAC 173-400-030(68)) - In reference to a net emissions increase or the potential of a source to emit any of the following pollutants, a rate of emission equal to or greater than  $\geq (App.\ B)$  any one of the following rates:

Pollutant	Tons/Year TPY (App. B)
Carbon monoxide CO (App. B)	100
Nitrogen oxides NO <sub>x</sub> (App. B)	40
Sulfur dioxide SO <sub>x</sub> (App. B)	40
Particulate matter(PM) (App. B)	25
Fine particulate matter (PM <sub>10</sub> )	
(App. B)	15
Volatile organic compounds	
(VOC) (App. B)	40
<u>Lead Pb (App. B)</u>	0.6
Fluorides	3
Sulfuric acid H <sub>2</sub> SO <sub>4</sub> (App. B) mist	7
Hydrogen sulfide (H <sub>2</sub> S) (App. B)	10
Total reduced sulfur TSR (App. B)	
(including H <sub>2</sub> S)	10

Municipal waste combustor organics	
(measured as total tetra-through octa-	
chlorinated dibenzo-p-dioxins and	
dibenzofurans)	0.0000035
Municipal waste combustor metals	
(measured as PM)	15
Municipal waste combustor acid gases	
(measured as SO <sub>2</sub> and hydrogen chlo-	
ride HCl (App. B)	40

#### Significant Visibility Impairment (WAC 173-400-030(69))

- Visibility impairment which interferes with the management, protection, preservation, or enjoyment of visitor visual experience of the class I area. The determination must be made on a case-by-case basis, taking into account the geographic extent, intensity, duration, frequency, and time of the visibility impairment, and how these factors correlate with the time of visitor use of the class I area and frequency and timing of natural conditions that reduce visibility.

Silvicultural Burning - Burning on any land the Department of Natural Resources protects per Chapter 70.94 RCW and pursuant to Chapter 76.04 RCW. (WAC 173-425-030(22)) - Outdoor burning relating to the following activities for the protection of life or property and/or the public health, safety, and welfare:

- 1. Abating a forest fire hazard;
- 2. Instruction of public officials in methods of forest fire fighting:
- 3. Any silivicultural operation to improve the forest lands of the state; and
- 4. Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within, state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

State Implementation Plan (SIP) - Plans required by EPA (App. B) to submitted by ecology (App. B) to either maintain or obtain compliance with existing NAAQS (App. B).

Storm and Flood Debris Burning (WAC 173-425-030(23)) - Outdoor burning of natural vegetation from storms or floods that resulted in an emergency being declared or proclaimed in the area by the city, county, or state government. Fires for prevention of a fire hazard are not considered storm or flood debris burning fires.

Small Business - Any business enterprise employing twenty (20) or less persons; the operation of which does not present any potential hazard to public health.

Solid Fuel Burning Device (RCW 70.94.453(5)) - A device that burns wood, coal, or other nongaseous or nonliquid fuels, which includes any device burning any solid fuel except those prohibited by WAC 173-433-120. This also includes devices used for aesthetic or space heating purposes in a private residence or commercial establishment which has a heat input less than 1.000.000 Btu per hour including a woodstove and fireplace. In this regulation the term "wood or coal heater" is intended to have the same meaning as solid fuel burning device.

Source (WAC 173-400-030(70)) - All of the emissions unit(s), including quantifiable fugitive emissions, that are located on one or more contiguous or adjacent properties and are under the control of the same person or persons under common control whose activities are ancillary to the production of a single product or functionally related group of products. Activities shall be considered ancillary to the production of a single product or functionally related group of products if they belong to the same major group (i.e., which have the same two digit code) as described in the Standard Industrial Classification Manual, 1972, as amended by the 1977 Supplement.

Stack (WAC 173-400-030(72)) - Any point in a source designed to emit solids, liquids, or gases into the air, including a pipe or duct.

**Stack Height** (WAC 173-400-030(73)) - The height of an emission point measured from the ground-level elevation at the base of the stack.

Standard Conditions (WAC 173-400-030(74)) - A temperature of 20°C (68°F) and a pressure of 760 mm (29.92 inches) of mereury Hg (App. B).

Stationary Source (WAC 173-400-030(75)) - Any building, structure, facility or installation that emits or may emit any air contaminant. This term does not include emissions resulting directly from an internal combustion engine for transportation purposes or from a nonroad engine or nonroad vehicle as defined in Section 216 of the FCAA.

Synthetic Minor (WAC 173-400-030(77)) - Any source whose potential to emit has been limited below applicable thresholds by means of a federally enforceable order, rule, or permit condition.

Threshold Level - The level that delineates whether or not a source must comply with applicable requirements.

Toxic Air Pollutant (TAP) (WAC 173-400-030(80)) - or "toxic air contaminant" - Any class A or B toxic air pollutant listed in WAC 173-460-150 and 173-460-160. The term toxic air pollutant may include PM (App. B) and VOCs (App. B) if an individual substance or a group of substances within either of these classes is listed in WAC 173-460-150 and/or 173-460-160. The term toxic air pollutant does not include PM and VOCs as generic classes of compounds.

Treated Wood - Any species of wood that has been chemically impregnated, painted, or similarly modified to prevent weathering and deterioration.

Tumbleweed Burning (WAC 173-425-030(24)) - Outdoor burning to dispose of dry plants typically Russian thistle and tumbleweed mustard that have been broken off and rolled about by the wind.

Uncertified Wood Stove (WAC 173-433-030(2)) - A woodstove that does not meetemission performance standards when tested by an accredited independent laboratory or is not labeled according to procedures specified by EPA in 40 CFR Part 60, Subpart AAA, Standards of Performance for Residential Wood Heaters as amended through July 1, 1990.

<u>Urban Growth Area (WAC 173-425-030(14)) - An area defined by RCW 36.70A.030.</u>

Volatile Organic Compound (VOC) (WAC 173-400-030(84)) - includes: Any compound of carbon, excluding CO, CO<sub>2</sub>, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, which participates in atmospheric photochemical reactions. This includes:

1. Any such organic compound other than the following, which have been determined to have negligible photochemical reactivity:

- a. Methane;
- b. Ethane:
- c. Methylene chloride (dichloromethane);
- d. 1,1,1-trichloroethane (methyl chloroform);
- e. 1,1,+2-trichloro 1,2,2-trifluoroethane (CFC-113);
- f. Tricholorfluoromethane (CFC-11);
- g. Dichlorodifluoromethane (CFC-12);
- h. Chlorodifluoromethane (HCFC-22);
- i. Trifluoromethane (HFC-23);
- i. 1,2-dichloro 1,1,2,2-tetrafluoroethane (CFC-114);
- k, Chloropentafluoroethane (CFC-115);
- 1, 1,1,-trifluoro 2,2-dichloroethane (HCFC-123);
- m. 1,1,1,2-tetrafluoroethane (HFC-134a);
- n. 1,1-dichloro 1-fluoroethane (HCFC-141b);
- o. 1-chloro 1,1-difluoroethane (HCFC-142b);
- p. 2-chloro 1,1,1,2-tetrafluoroethane (HCFC-124);
- q. Pentafluoroethane (HFC-125);
- r. 1,1,2,2-tetrafluoroethane (HFC-134);
- s. 1,1,1-trifluoroethane (HFC-143a);
- t. 1,1-difluoroethane (HFC-152a);
- u. Parapchlorobenzotrifljouride PCBTF);
- v. Cyclic, branched, or linear completely methylated siloxanes;
- w. Acetones perchloroethylene (tetrachloroethylene); and
- $\underline{x}$ . Perfluorocarbon compounds which fall into these classes:
- 1) Cyclic, branched, or linear completely flourinated alkanes;
- 2) Cyclic, branched, or linear completely flourinated ethers with no unsaturations; and
- 3) Sulfur containing perfluorocarbons with no unsaturations and with sulfur bonds only to carbon and fluorine.
- 2. For the purpose of determining compliance with emission limits, VOC (App. B) will be measured by the appropriate methods in 40 CFR Part 60 Appendix A. Where such a method also measures compounds with negligible photochemical reactivity, these negligibly-reactive compounds may be excluded as VOC if the amount of such compounds is accurately quantified, and such exclusion is approved by ecology or the authority.
- 3. As a precondition to excluding these negligibly-reactive compounds as VOC or at any time thereafter, ecology or the authority may require an owner or operator to provide monitoring or testing methods and results demonstrating, to the satisfaction of ecology or the authority, the amount of negligibly-reactive compounds in the source's emissions.

[53] Proposed

Weed Abatement Fire (WAC 173-425-030(263)) - Outdoor burning to dispose of weeds that is not considered agricultural burning.

Wood Heater - Has the same meaning as "solid fuel burning device".

Woodsmoke Control Zone - An area where the use of wood heaters and outdoor and agricultural burning is further restricted to reduce the impact of air pollution during an impaired air quality or air pollution episode. The legal land description is located in app. H.

Wood Stove (RCW 70.94.453(2)) - A solid fuel burning device other than a fireplace not meeting the requirements of RCW 70.94.457, including any fireplace insert, wood stove, wood burning heater, wood stick boiler, coal fired furnace, coal stove, or similar device burning any solid fuel used for aesthetic or space-heating purposes in a private residence or commercial establishment, which has a heat input less than 1.000.000 BTUs per hour. A wood stove is a type of wood heater in this regulation. The term "wood stove" does not include wood cook stoves.

Yakima Urban Area - The legal land description is located in Appendix H.

#### APPENDIX B

#### **Definitions of Acronyms and Abbreviations**

This appendix contains the definitions for acronyms and abbreviations used in more than one section of the regulation. Defined acronyms or abbreviations are identified with "(App. B)" in the text. The source is identified in *italics*.

#### ac. - Acre

ACM - Asbestos Containing Material.

AHERA - Asbestos Hazard Emergency Response Act also known as Title II of Toxic Substances Control Act (TSCA).

AOP - Air Operating Permit.

APCO - Air Pollution Control Officer.

ASIL - Acceptable Source Impact Level.

ASTM - American Society for Materials Testing.

BACT - Best Available Control Technology.

BMP - Best Management Practice.

BTU - British Thermal Unit.

cf - Cubic Feet.

**CFR - Code of Federal Regulations** 

CN - Correction Notice.

CO - Carbon Monoxide.

°C - Degrees Centigrade.

°F - Degrees Fahrenheit.

<u>DNR - Washington State Department of Natural Resources.</u>

**DOA - Washington State Department of Agriculture.** 

**DOT - Washington State Department of Transportation.** 

dscf - Dry Standard Cubic Foot.

dscm - Dry Standard Cubic Meter.

**Ecology - Washington State Department of Ecology** 

EPA - U.S. Environmental Protection Agency.

ERC - Emission Reduction Credit(s).

F/CC - Fibers per cubic centimeter

FCAA - Federal Clean Air Act also know as Public Law 88-206, 77 Stat. 392, December 17, 1963, 42 U.S.C. 7401 et swq., as last amended by the Clean Air Act Amendments of 1990, P.L.. 101-549, November 15, 1990.

**GEP - Good Engineering Practice.** 

GIS - Geographic Information System.

IRS - U.S. Internal Revenue Service

Hcl - Hydrogen Chloride.

Hg - Mercury.

H<sub>2</sub>S - Hydrogen Sulfide

H<sub>2</sub>SO<sub>4</sub> - Sulfuric Acid

IRS - Internal Revenue Service.

<u>L&I - Washington State Department of Labor and Industries.</u>

LAER - Lowest Achievable Emission Rate.

lbs - Pounds.

lf - Linear Feet.

LP - Liquid Propane.

MACT - Maximum Available Control Technology.

mm - Millimeter.

MTBE - Methyl Tertiary Butyl Ether.

NAAQS - National Ambient Air Quality Standard.

NESHAPS - National Emission Standards for Hazardous Air Pollutants.

NF - National Forest.

## APPENDIX F Fee Schedules

The following are the fee schedules for the authority. The effective dates for each fee are shown in each paragraph.

## A. COPYING DOCUMENTS

## 4. Fees

- y. Standard size records
- 1) \$0.15 per page for single sided documents.
- 2) \$0,20 per page for two-sided documents.

z. Nonstandard size records will be charged at the actual costs and calculated according to app. F. para. G.

## 2. References

- a. RCW 42.17.260 and .300
- b. Subsection 1.06E5
- c. Section 2.02.
- 3. Effective Date. As stated in Section 1.08.
- B. REGISTRATION FEE SCHEDULE (13.01) Sources required to register according to the requirements of Article IV of this regulation shall pay annual registration fees according to the following schedule:

Criteria	Class	Fee
Potential Controlled Emissions > 100 tons per year	A-1	<del>\$550</del>
Potential Uncontrolled Emissions > 100 tons per-year	A-2	<del>\$550</del>
Potential Uncontrolled Emissions < 100 tons per year	<del>B</del>	<del>\$75</del>
Potential Controlled Toxic Emissions > 10/25* tons per year	A-1 toxic	<del>\$550</del>

Potential Uncontrolled Toxic Emissions > 10/25* tons per year		<del>\$550</del>
Potential Uncontrolled Toxic Emissions < 10/25* tons per year	B-toxic	<del>\$75</del>

\*10 tons of a single toxic pollutant or a combined total of 25 tons of two or more toxic pollutants.

### 1. Annual Fees

a. Major Sources (App. A) - See app. F, para. F1.

## b. Minor Sources (App. A)

1) All \$190.00 2) Sources exempted in subsection 4.01D \$0.00 c. Synthetic Minor Source (App. A) - \$860.00

### 2. References

- a. WAC 173-400 & 401.
- b. Sections 2.02, 4.01, and 4.05.
- 3. Effective Date. January 1, 2000.
- C. NOTICE OF CONSTRUCTION NEW SOURCE REVIEW FEE SCHEDULE (13.02) Sources required to file a "Notice of Construction, Installation or Establishment of New Air Contaminant Source" shall pay a fee according to the following schedule:

Filing Fee (for all sources):	<del>\$50</del>

### 1. Fees

- a. Application \$200.00
- b. Remaining Costs. Actual costs incurred and calculated according to app. F, para. G.

### 2. References

- a. Sections 2.02 & 4.01.
- 3. Effective Date. As stated in Section 1.08.
- D. OUTDOOR AND AGRICULTURAL BURNING PERMITS FEES (13.03)

The Authority shall assess fees for each outdoor burning permit it issues under the requirements of Article V of this regulation in accordance with the following fee schedule:

PERMIT TYPE OR ACTIVITY	QUANTITY OF MATERIAL	FEE	EXPIRATION DATE
Residential	Any Amount	\$ <del>5</del>	31-Dec of Current Year
Agricultural	Per WAC 173-430		

Fire Dept. Training	Any Amount	<del>\$100</del>	30 Days After Issuance
All Others <sup>1</sup>	10 Acres Or Less	<del>\$25</del>	30 Days After Issuance
	More Than 10 Acres	\$2.50 Per Aere	30 Days After Issuance
	10 Cubic Yards Or Less	<del>\$50</del>	30 Days After Issuance
	More Than 10 Cubic Yards	\$8.50 Per Cubic Yard	30 Days After Issuance
Re-inspection-2	-	<del>\$25</del>	-
Application 3	-	<del>\$25</del>	-

- 1. Fees will be assessed on a volume basis when the material to be burned is consolidated into piles. Fees will be assessed on an acreage basis when the material is to be burned in place (e.g. weeds burned along ditch banks or fence lines).
- 3. Required for all non-residential outdoor burning permits.
  - 1. Fees
  - a. For Permits Issued by the Authority

2. If required.			
Type of Burning	Period of Permit & Quantity of Material	<u>Fee</u>	Expiration
	Outdoor Bu	rning Permits	
Residential	Annual permit	\$5.00	December 31 of year issued
Recreational bon fires	Permit for each bon fire	\$5.00	Up to 30 days after issuance
Ceremonial fires	Annual permit	\$5.00	December 31 of year issued
Rare & endanger. plant regen. & weed abatement fires	Permit for each fire	\$50.00	Up to 30 days after issuance
	Reinspection fee 2/	\$25.00 per reinspection	
Land clearing & storm & flood debris	Permit fee for each project (includes 10 or less cubic yards)	<u>\$100.00</u>	Up to 30 days after issuance
	Permit fee for > 10 cubic yards	\$10.00/cubic yard	Up to 30 days after issuance
	Reinspection fee 2/	\$25.00 per reinspection	
Structural Fire Training Inside an Urban Growth Area	Permit fee for each exercise	\$100,00 per exercise	Up to 30 days after issuance
	Reinspection fee 2/	\$25.00 per reinspection	
Structural Fire Train- ing Outside an Urban Growth Area	Fee	None	Not applicable
	Reinspection fee	None	
All Non-Structural Fire Training		Permit required	
	Permit fee for each exercise	\$100.00 per exercise	Up to 30 days after issuance
	Reinspection fee 2/	\$25.00 per reinspection	
		Permit not required	
	<u>Fee</u>	<u>None</u>	Not applicable
4: 0 10	Reinspection fee	None	
Aircraft crash fire training inside an urban growth area	Permit fee for each exercise	\$100.00 per exercise	Up to 30 days after issuance
	Reinspection fee 2/	\$25.00 per inspection	
Aircraft crash fire training outside an urban growth area	Fee	None	Not applicable

	Reinspection fee	<u>None</u>	
	Agricultural B	Burning Permits	
All annual burning ≤ 10 ac.	Fee	<u>None</u>	Not applicable
Irrigation or drainage ditches	Fee	None	Not applicable
All annual burning > 10 ac.	Permit fee	\$100.00	December 31 of year issued

**Footnotes** 

1/ Use for material burned in place.

2/ If required.

b. For Residential Burning Permits Issued by an Agent

Type of Burning	Period of Per- mit & Quan- tity of Mate- rial	<u>Fee</u>	Expiration
Residential burning	Annual permit	\$5.00 to the authority+ reasonable additional charge for cost of administering the pro- gram for the vendor.	December 31 of year issued

c. Permitting by Other Agencies with Delegated Outdoor Burning Programs. The agency may set appropriate fees and expiration dates.

a. Sections 2.02 and 3.07.

3. Effective Date. As stated in Section 1.08.

F. Air-Operating Permit Fee Determination Major Sources (13.05)

A. Workload Analysis.

The Authority shall conduct an annual workload analysis of its air operating permit program to determine the adequacy and fairness of the air operating permit fees. The workload analysis shall identify all permit administration activities that the Authority will perform during that year. Permit Administration activities included all activities listed in RCW 70.94.162(2)(a). The workload analysis shall be based on the

Authority's historical record of time and resource expenditures attributable to the air operating permit program.

B. Budget Development.

The Authority shall prepare an annual operating permit program budget. The budget shall-included both the direct and indirect costs of the permit administration activities identified in the workload analysis, and shall take into account projected fund balances at the start of each fiscal year.

C. Fee Allocation.

Fees sufficient to cover the costs of the Authority's air operating permit program shall be assessed such that each source shall pay an amount equal to that source's portion of the total annual emissions (determined from the previous year's emission inventory) of the fee applicable pollutants from all the permit program source's within the Authority's jurisdiction. The fee applicable pollutants shall be as follows:

- 1) Total Suspended Particulate (TSP)
- 2) Sulfur Oxides (SO.)
- 3) Nitrogen Oxides (NO.)
- 4) Volatile Organic Compounds (VOC)
- 5) Hazardous Air Pollutants (HAPs)

The air operating permit fee for an individual source shall be calculated according to the following formula:

 $F = B \times SE/TE$ .

where:

F = Source's annual air operating permit fee;

B = The Authority's budget for the air operating permit program;

SE = The sum of the annual emissions of fee applicable pollutants in tons per year from the source:

TE = The sum of annual emissions of fee applicable pollutants in tons per year from all permit program sources.

D. Public Notice.

The workload analysis budget and fee allocations shall be made available upon request. Any proposed revisions to the annual fee schedule shall be presented to the Board for adoption after public notice has been given.

1. Annual Fees. The air operating permit fees for an individual source shall be calculated according to the following formula; The annual fee shall be the actual costs of the authority calculated according to app. F. para. G1.

- 2. References
- a. 40 CFR 70.9 (2)(i)
- b. Sections 2.02 and 4.04.
- 3. Effective Date. January 1, 2000.
- G. REIMBURSABLE COSTS (New Paragraph)
- 1. Fees. Billed at actual costs for salaries, mileage, equipment, and travel plus overhead costs. The current billing rate schedule is available at the authority.

### APPENDIX G

## Registration Program Information

- A. The owner or operator of each source within the following source categories, that does not hold an operating permit, shall register the source with the Authority: The following sources and equipment classes are subject to registration under section 4.01:
  - 1. Agricultural drying and dehydrating operations;
  - 2. Asphalt plants;
  - 3. Beverage can surface coating operations;
  - 4. Bulk gasoline terminals:
- 5. Cattle feed lots; for the purposes of registration a cattle feed lot is a place with facilities for 1,000 or more head of eattle which are kept closely confined for commercial purposes and substantially all feed used is delivered to them;
  - 6. Chemical plants:
  - 7. Ferrous foundries:
  - 8. Fertilizer plants;
- 9. Flexible vinyl and urethane coating and printing operations:
- 10. Grain handling, seed processing, pea and lentil proeessing;
  - 11. Metallic mineral processing plants;
  - 12: Mineralogical processing plants;
  - 13: Nonferrous foundries:
  - 14. Other metallurgical processing plants;
  - 15. Petroleum refineries;
  - 16. Power boilers;

Note: For fossil fuel fired steam generators referenced by Subpart D and Da above, units greater than 250 megawatts are governed by the energy facility site.

strates facilities:

29. Any source which emits a contaminant subject to a National Emission Standard for Hazardous Air Pollutants (NESHAPS);

30. Any major stationary source as defined below;

"Major source" means any stationary source (or any group of stationary sources) that are located on one or more contiguous or adjacent properties, and are under common control of the same person (or persons under common control) belonging to a single major industrial grouping and that are described in (a), (b), or (c) of this subsection. For the purposes of defining "major source," a stationary source or group of stationary sources shall be considered part of a single industrial grouping if all of the pollutant emitting activities at such source or group of sources on contiguous or adjacent properties belong to the same major group (i.e., all have the same two-digit code) as described in the Standard Industrial Classification Manual, 1987.

(a) A major source under section 112 of the FCAA, which is defined as any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the

aggregate, ten tons per year (tpy) or more of any hazardous air pollutant which has been listed pursuant to section 112(b) of the FCAA, twenty five tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as the Administrator may establish by rule. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such units or stations are major sources; or

(b) A major stationary source of air pollutants, as defined in section 302 of the FCAA, that directly emits or has the potential to emit, one hundred tpy or more of any air pollutant (including any major source of fugitive emissions of any such pollutant, as determined by rule by the Administrator).

(c) A major stationary source as defined in part D of title I of the FCAA, including:

(i) For ozone nonattainment areas, sources with the potential to emit one hundred tpy or more of volatile organic compounds or oxides of nitrogen in areas classified as "marginal" or "moderate," fifty tpy or more in areas classified as "serious," twenty five tpy or more in areas classified as "severe," and ten tpy or more in areas classified as "extreme"; except that the references in this paragraph to one hundred, fifty, twenty five, and ten tpy of nitrogen oxides shall not apply with respect to any source for which the Administrator has made a finding, under section 182(f)(1) or (2) of the FCAA, that requirements under section 182(f) of the FCAA do not apply;

(ii) For ozone transport regions established pursuant to section 184 of the FCAA, sources with the potential to emit fifty tpy or more of volatile organic compounds;

(iii) For earbon monoxide nonattainment areas (A) that are classified as "serious," and (B) in which stationary sources contribute significantly to carbon monoxide levels, sources with the potential to emit fifty tpy or more of carbon monoxide; and

(iv) For particulate matter (PM-10) nonattainment areas classified as "serious," sources with the potential to emit seventy tpy or more of PM-10.

31. Any of the following eategories of sources which are listed in WAC 173-460-030(1):

Standard industrial classifications:

Major group 10-Metal mining.

Major group 12-Bituminous coal and lignite mining.

Major group 13 Oil and gas extraction.

Manufacturing industries major groups 20-39.

Major group 49-Electric, gas, and sanitary services except 4971 irrigation systems.

Dry cleaning plants, 7216.

General medical surgical hospitals, 8062.

Specialty hospitals, 8069.

National Security, 9711.

Any Source category listed in WAC 173-490-030(1) except WAC 173-490-030 (1)(e) Gasoline dispensing facilities:

WAC-173-490-030(1) eategories:

a. Petroleum refineries.

- b. Petroleum liquid storage tanks.
- e. Gasoline loading terminals.
- d. Bulk gasoline plants.
- f. Surface coaters.
- g. Open top vapor degreasers.
- h. Conveyerized degreasers.
- i. Gasoline tansport tanks.
- i. Vapor collection systems.
- k. Perchloroethlene dry cleaning systems.
- I. Graphic arts systems.
- m. Surface coaters of miscellaneous metal parts and products.
  - n. Synthesized pharmaceutical manufacturing facilities.
- o. Flatwood panel manufacturers and surface finishing

Any of the following sources:

Landfills.

Sites subject to chapter 173-340 WAC Model Toxics Control Act Cleanup regulation.

- A. SOURCE CLASSIFICATION LIST. (WAC 173-400-100(1))
- 1. Agricultural chemical facilities engaging in the manufacturing of liquid or dry fertilizers or pesticides;
  - 2. Agricultural drying and dehydrating operations;
- 3. Any category of stationary sources to which a federal standard of performance (NSPS) under 40 CFR Part 60 (App. B) as of the effective date in section 1.08, other than Subpart AAA (Standards of Performance for New Residential Wood Heaters) applies;
- 4. Any source category subject to a National Emission Standard for Hazardous Air Pollutants (NESHAPS) under 40 CFR Part 61 as of the effective date in section 1.08, other than Subpart M (National Emission Standard for Asbestos) or a Maximum Achievable Control Technology (MACT) standard in 40 CFR Part 63 as of the effective date in section 1.08 established under Section 112 of the FCAA (App. B);
- 5. Any source, stationary source or emission unit with a significant emission as defined by WAC 173-400-030(67);
  - 6. Asphalt and asphalt products production facilities;
- 7. Brick and clay manufacturing plants, including tiles and ceramics;
- 8. Casting facilities and foundries, ferrous and nonferrous:
- 9. Cattle feedlots with operational facilities which have an inventory of 1,000 or more cattle in operation between June 1 and October 1, where vegetation forage growth is not sustained over the majority of the lot during the normal growing season;
  - 10. Chemical manufacturing plants;
- 11. Composting operations, including commercial, industrial and municipal, but exempting residential composting activities;
- 12. Concrete product manufacturers and ready mix and premix concrete plants;
  - 13. Crematoria or animal carcass incinerators;
  - 14. Dry cleaning plants;
- 15. Materials handling and transfer facilities that generate fine particulate, which may include pneumatic conveying,

- cyclones, baghouses, and industrial housekeeping vacuuming systems that exhaust to the atmosphere;
- 16. Flexible vinyl and urethane coating and printing operations;
- 17. Grain, seed, animal feed, legume, and flour processing operations, and handling facilities;
  - 18. Hay cubers and pelletizers;
  - 19. Hazardous waste treatment and disposal facilities;
  - 20. Ink manufacturers:
  - 21. Insulation fiber manufacturers;
- 22. Landfills, active and inactive, including covers, gas collection systems or flares;
  - 23. Metal plating and anodizing operations;
- 24. Metallic and nonmetallic mineral processing plants, including rock crushing plants;
- 25. Mills such as lumber, plywood, shake, shingle, woodchip, veneer operations, dry kilns, pulpwood insulating board, or any combination thereof;
  - 26. Mineralogical processing plants;
  - 27. Other metallurgical processing plants;
  - 28. Paper manufacturers;
  - 29. Petroleum refineries;
  - 30. Plastics and fiberglass product fabrication facilities;
  - 31. Rendering plants;
  - 32. Soil and groundwater remediation projects;
  - 33. Surface coating manufacturers;
- 34. Surface coating operations including: Automotive, metal, cans, pressure sensitive tape, labels, coils, wood, plastic, rubber, glass, paper and other substrates;
  - 35. Synthetic fiber production facilities;
- 36. Synthetic organic chemical manufacturing industries;
  - 37. Tire recapping facilities;
  - 38. Wastewater treatment plants;
- 39. Any source that has elected to opt-out of the operating permit program by limiting its potential-to-emit (synthetic minor) or is required to report periodically to demonstrate nonapplicability to EPA requirements under Sections 111 or 112 of FCAA.
- B. Equipment Classification List. (WAC 173-400-100(2)) 1. Boilers, all solid and liquid fuel burning boilers with the exception of those utilized for residential heating;
- 2. Boilers, all gas fired boilers above 10 million Btu (App. B) per hour input;
  - 3. Chemical concentration evaporators;
- 4. Degreasers of the cold or vapor type in which more than 5% of the solvent is comprised of halogens or such aromatic hydrocarbons as benzene, ethylbenzene, toluene or xylene;
  - 5. Ethylene oxide (ETO) sterilizers;
  - 6. Flares utilized to combust any gaseous material;
- 7. Fuel burning equipment with a heat input of more than 1,000,000 Btu per hour; except heating, air conditioning systems, or ventilating systems not designed to remove contaminants generated by or released from equipment;
- 8. Incinerators designed for a capacity of 100 pounds per hour or more;
  - 9. Ovens, burn-out and heat-treat;

rated at 500 horsepower or more;  11. Storage tanks for organic liquids associated with commercial or industrial facilities with capacities equal to or greater than 40,000 gallons;  12. Vapor collection systems within commercial or industrial facilities;  13. Waste oil burners above 0.5 mm Btu heat output;  14. Woodwaste incinerators,  C. GASOLINE MARKETING OPERATIONS. (WAC 173-469-8 l. L. Loading terminals.  2. Bulk plants; or  3. Gasoline Dispensing facilities.  D. TOXIC AIR POLLUTANTS,  1. Class A. 1300-73-8	Xylidine
C7440-65-5	Yttrium, metal and cpds as Y
7646-85-7	Zinc chloride fume
13530-65-9	Zinc chromates
1314-13-2	Zinc oxide, fume
C7440-67-7	Zirconium compounds, as Zr

## APPENDIX H Legal Land Descriptions

D. WOODSMOKE CONTROL ZONE - An area located in Yakima County, Washington, as shown in Attachment 1, which is legally described as follows: Beginning at a point on a line which is herein called the Western boundary, and which line is a straight line drawn through the following points:

Point A - Where the South right-of-way line of Highway 410 intersects with the North right-of-way line of Highway 12.

Point B - Where the South right-of-way line of the North Fork of Ahtanum Road intersects with the North right-of-way line of the South Fork of Ahtanum Road.

Which line further extends in a Southwesterly direction to a point where it intersects with the South boundary line of Sections 19, 20, 21, 22, 23, 24 or Township 12 North, Range 16, E.W.M. as such boundary line is extended both Easterly and Westerly, and thence Easterly along said South boundary line of said Sections as extended to the Southeast corner of Section 19, Township 12 North, Range 18, E.W.M.; thence North along the East boundary line of said section to the Northeast corner thereof; thence East along the North boundary line of Sections 20, 21, 22, 23, 24, of Township 12 North, Range 18, E.W.M. as extended Easterly to the Northeast corner of Section 21, Township 12 North, Range 20, E.W.M.; thence North along the East boundary line of Sections 16, 9 and 4 of Township 12 North, Range 20, E.W.M.: thence East to the Southeast corner of Section 34, Township 13 North, Range 20, E.W.M.; thence North along the Easterly boundary line of said Section to the intersection with the U.S. Military Reservation, Yakima Firing Center; thence Northerly and Westerly along the boundary line of the U.S. Military Reservation to the Southern boundary of Kittitas County; thence West to the Southeast corner of Section 36, Township 15 North, Range 18, E.W.M.; thence North to the Northeast corner of Section 24, Township 15 North, Range 18, E.W.M.; thence West to the Southeast corner of Section 18, Township 15 North, Range 18, E.W.M. thence West to the intersection of the West boundary line as herein described; thence Southwesterly along said West boundary line to the point of beginning.

E. YAKIMA URBAN AREA - An area located in Yakima County, Washington, as shown in Attachment 2, which is legally described (Yakima City Code-Title 15A, Ord.# 10-1985) as follows:

Beginning at the southwest corner of Government Lot 5, Section 17, Township 12 North, Range 19 East W.M.; thence north along the west line of said Section 17 to the southeast corner of Section 7. Township 12 North, Range 19 East W.M., thence west along the south line of said Section 7 to the southwest corner of the southeast quarter of said Section 7; thence north along the west line of the east half of said Section 7 to Ahtanum Creek, thence following Ahtanum Creek in a generally westerly direction to the west line of the southwest quarter of the south-east quarter of Section 2, Township 12 North, Range 18 E.M.W; thence north along said west line to the northwest corner of the southwest quarter of the southeast quarter of said Section 2; thence west along the east-west centerline of the south half of said Section 2 to the west line of said Section 2; thence continuing west along the east-west centerline of the south half of Section 3, Township 12 North, Range 18 East W.M. to South 34th Avenue; thence north along South 34th Avenue to Ahtanum Road - thence west along Ahtanum Road to 38th Avenue; thence north along 38th Avenue to the north line of Section 3. Township 12 North, Range 18 East W.M.; thence west along said north line to the northeast corner of Section 4, Township 12 North. Range 18 East W.M.; thence continuing west along the north line of said Section 4 to the southeast corner of Section 33, Township 13 North, Range 18 East W.M.; thence continuing west along the south line of said Section 33 to 64th Avenue; thence north along 64th Avenue to the east-west centerline of Sections 32 and 33, Township 13 North. Range 18 East

W.M.; thence west along said east-west centerline to the north-south centerline of the west half of said Section 32; thence north along said north-south centerline to Zier Road; thence west along Zier Road to South 80th Avenue; thence north along South 80th Avenue to Wide Hollow Road; thence west along Wide Hollow Road to the north-south centerline of the east half of Section 30, Township 13 North, Range 18 East W.M.; thence north along said north-south centerline to the east-west centerline of said Section 30; thence west along said east-west centerline to the north-south centerline of the west half of said Section 30; thence north along said north-south centerline to the Yakima Valley Canal; thence following the Yakima Valley Canal in a generally westerly direction to its intersection with Tieton Drive; thence west on Tieton Drive to 96th Avenue; thence north on 96th Avenue to the northwest corner of the southwest quarter of Section 19, Township 13 North, Range 18 East W.M.; thence north along the west section line of said Section 19 to a point 250 feet south of the northwest corner of the southwest quarter of the northwest quarter of said Section 19; thence north 89°33' East to the Tieton Canal; thence following the Tieton Canal in a generally northeasterly direction to the north-south centerline of the east half of said Section 19; thence north along said north-south centerline to the north-south centerline of the east half of Section 18, Township 13 North, Range 18 East W.M.; thence north along said north-south centerline of said Section 18 to the east-west centerline of the south half of said Section 18; thence east along said east-west centerline to the west line of Section 17, Township 13 North, Range 18 East W.M.; thence north along said west line to the east-west centerline of said Section 17; thence east along said east-west centerline to the east line of said Section 17; thence north along said east line to the south right-of-way line of the Burlington Northern Railroad, Cowiche Branch; thence following said south right-of-way line in a generally northeasterly direction to the north right-of-way line of State Route 12; thence following said north right-of-way line in a generally southeasterly direction to Cowiche Creek; thence following Cowiche Creek in a generally northeasterly direction to its confluence with the Naches River; thence following the south bank of the Naches River and the south bank of the Yakima River in a generally easterly direction to the north-south centerline of the east half of Section 12, Township 13 North, Range 18 East W.M.; thence north along said north-south centerline to Rest Haven Road; thence following Rest Haven Road in a generally southeasterly direction to the south line of Section 8, Township 13 North, Range 19 East W.M.; thence east along the south line of Sections 8 and 9 to the southwest corner of Lot 3 of that certain short plat recorded in Volume 81, Page 133, Short Plat Records of Yakima County; thence continuing east 260 feet along said south section line; thence North 0°022'34" east 270.51 feet; thence north 38°30'50" east 146.66 feet; thence north 47°30'24" east 63.80 feet; thence north 77°58'20" east 1,026.46 feet; thence north 71°00' east 255.38 feet; thence north 59°00' east to the north line of the southwest quarter the southwest quarter of Section 10, Township 13 north, Range 19 E.W.M., thence easterly along said north line to the Northeast corner of said subdivision; thence southerly along the east line of the south-west quarter of the southwest quarter of said Section 10 to the south-east corner

of said subdivision; thence westerly along the south line of said Section 10 to the northwest corner of Section 15, Township 13 North, Range 19 E.W.M., thence southerly along the west line of said Section 15 to the southwest corner of the northwest quarter of said Section 15; thence easterly along said east-west centerline to the southeast corner of the northeast quarter of said Section 15; thence easterly along the eastwest centerline of Section 14, Township 13 North, Range 19 E.W.M. to the northeast corner of the northwest quarter of the southwest quarter of said Section 14; thence southerly along the north-south centerline of the west half of said Section 14 to the southeast corner of the southwest quarter of the southwest quarter of said Section 14; thence easterly along the south line of said Section 14 to the northeast corner of Section 23, Township 13 North, Range 19 E.W.M.; thence southerly along the east line of said Section 23 to the southeast corner of said Section 23; thence westerly along the south lines of Sections 23, 22, 21 and 20, Township 13 North, Range 19 E.W.M. to the west bank of the Yakima River; thence following said west bank in a generally southerly direction to a point where it intersects the east right-of-way line of Interstate Highway 82; thence westerly to the point where the west right-of-way line of said interstate highway intersects the south line of Government Lot 2 of Section 17, Township 12 North, Range 19 E.W.M.; thence westerly along the south line of said Government Lot 2 and of Government Lot 5 of said Section 17 to the south-west corner of said Government Lot 5 and the point of beginning.

E. YAKIMA CO NONATTAINMENT AREA. The boundaries and UTM (App. B) coordinates are described as the following:

UTMX	UTMY	Street - Intersection
689.06	5160.91	S 16th Ave/W Mead Ave
688.92	5165.05	S 16th Ave/Hthwy Ave
690.35	5465.10	E "I" St/N 1st St
690.49	5164.63	N 1st St/E "G" St

### ASBESTOS CIVIL PENALTY GRAVITY CRITERIA

## 1. Did the violation result in a public health risk or property damage?

Answer "no" if the violation was not the result of an emission. Answer "possibly" if the emission violation involved nonfriable ACM. Answer "probably" if the emission violation involved friable ACM. Answer "definitely" if there was an emission of friable ACM in an area where the public could be exposed.

## 2. Was it a willful or knowing violation?

Answer "no" if the violator obviously did not know that the action or inaction constituted a violation. Answer "possibly" if it is likely the violator knew. Answer "probably" if the violator should have known. Answer "definitely" if the violator clearly knew.

## 3. Was the violator unresponsive in correcting the violation?

Answer "no" if the violation was corrected as soon as the violator learned of it. Answer "possibly" if the violation was corrected in a less timely and cooperative fashion. Answer "probably" if the violator attempted to correct the problem, but did not correct the problem. Answer "definitely" if the violator did not attempt to correct the problem.

## 4. Did the violator have a history of same or similar violation?

Answer "no" if the violation did not occur previously. Answer "possibly" if the violation may have occurred before, but has not previously been cited. Answer "probably" if the violation occurred before, but has not previously been cited. Answer "definitely" if the violation had previously been cited.

## 5. Did the violator benefit economically from the violation?

Answer "no" if the violator clearly did not gain any economic benefit. Answer "possibly" if the violator may have benefitted. Answer "probably" if the violator benefitted, but the benefit is not quantifiable. Answer "definitely" if the economic benefit to the violator is quantifiable.

### 6. Was the activity subject to the EPA NESHAP?

Answer "no" if the activity involved a residence. Answer "possibly" if the activity involved less than the NES-HAPS quantity of ACM. Answer "probably" if the facility is subject to the NESHAPS, but the quantity of ACM cannot be conclusively demonstrated. Answer "definitely" if the facility is subject to the NESHAPS and the quantity of ACM involved meets the NESHAPS threshold.

## INDUSTRIAL CIVIL PENALTY GRAVITY CRITERIA

### 1. Did the violation result in air pollution?

Answer "no" if the violation was not the result of an emission. Answer "possibly" if there was an emission that was not verified. Answer "probably" if the emission was verified. Answer "definitely" if the emission was quantified as being above an enforceable standard.

### 2. Was it a willful or knowing violation?

Answer "no" if the violator obviously did not know that the action or inaction constituted a violation. Answer "possibly" if it is likely the violator knew. Answer "probably" if the violator should have known. Answer "definitely" if the violator clearly knew.

## 3. Was the violator unresponsive in correcting the violation?

Answer "no" if the violation was corrected as soon as the violator learned of it. Answer "possibly" if the violation was corrected in a less timely and cooperative fashion. Answer "probably" if the violator attempted to correct the problem, but did not correct the problem. Answer "definitely" if the violator did not attempt to correct the problem.

## 4. Did the violator have a history of same or similar violation?

Answer "no" if the violation did not occur previously. Answer "possibly" if the violation may have occurred before, but has not previously been cited. Answer "probably" if the violation occurred before, but has not previously been cited. Answer "definitely" if the violation had previously been cited.

## 5. Did the violator benefit economically from the violation?

Answer "no" if the violator clearly did not gain any economic benefit. Answer "possibly" if the violator may have benefitted. Answer "probably" if the violator benefitted, but the benefit is not quantifiable. Answer "definitely" if the economic benefit to the violator is quantifiable.

## 6. Was the violation a result of improper operation or inadequate maintenance?

Answer "no" if the violator was following an acceptable O & M plan. Answer "possibly" if the violator was following an O & M plan that was not adequate. Answer "probably" if the violator did not have an O & M plan. Answer "definitely" if the violator did not have an O & M plan and the violation was clearly a result of improper O & M.

## OUTDOOR and AGRICULTURAL BURNING CIVIL PENALTY GRAVITY CRITERIA

## 1. Did the violation result in a public health risk or property damage?

Answer "no" if the violation was not the result of an emission. Answer "possibly" if there was an emission that was not verified. Answer "probably" if the emission was verified. Answer "definitely" if the emission was verified and it or the fire was the direct cause of an adverse health effect or damage to property.

## 2. Was it a willful or knowing violation?

Answer "no" if the violator obviously did not know that the action or inaction constituted a violation. Answer "possibly" if it is likely the violator knew. Answer "probably" if the violator should have known. Answer "definitely" if the violator clearly knew.

## 3. Was the violator unresponsive in correcting the violation?

Answer "no" if the violation was corrected as soon as the violator learned of it. Answer "possibly" if the violation was corrected in a less timely and cooperative fashion. Answer "probably" if the violator attempted to correct the problem, but did not correct the problem. Answer "definitely" if the violator did not attempt to correct the problem.

## 4. Did the violator have a history of same or similar violation?

Answer "no" if the violation did not occur previously. Answer "possibly" if the violation may have occurred before, but has not previously been cited. Answer "probably" if the violation occurred before, but has not previously been cited. Answer "definitely" if the violation had previously been cited.

## 5. Did the violator benefit economically from the violation?

Answer "no" if the violator clearly did not gain any economic benefit. Answer "possibly" if the violator may have benefitted. Answer "probably" if the violator benefitted, but the benefit is not quantifiable. Answer "definitely" if the economic benefit to the violator is quantifiable.

## 6. Did the fire result in economic cost to the fire department?

Answer "no" if a fire department clearly did not experience any economic loss as a result of the fire. Answer "possibly" if a fire department may have experienced economic loss. Answer "probably" if a fire department experienced economic loss, but did not quantify or ask YRCAA to recover their costs. Answer "definitely" if the fire department quantified their economic costs and asked the YRCAA to recover their costs.

## APPENDIX J ERC Discounting Factors

**A. PURPOSE.** This appendix contains the discounting factors for ERCs issued or used under section 4.06.

**B.** DISCOUNTING WHEN ERCS ARE ISSUED. All emission reductions will be discounted - 10% for the public benefit at the time of issuance.

## C. DISCOUNTING WHEN ERCS ARE USED

- 3. Additional Public Benefit Factors. Based on where the ERCs will be used.
  - a. In attainment and nonclassified areas--0%.
- b. In nonattainment areas for the pollutant in nonattainment status 10%.

## 4. Elapsed Time Factor Since Creation.

Factor = 1 - Elapsed whole years following registration of the ERCs

Maximum life of the ERCs in subsection 04.06G3h

- **5. Distance.** Distance from the source to a point where the ERCs no longer have a value for use, sale, or trade.
  - a. CO 3 mi.
  - b. PM<sub>10</sub> 25 mi.
  - c. SO<sub>x</sub> 50 mi.
  - d. NO, 50 mi.
  - e. VOC 50 mi.

Factor = 1 - (Straight line distance from the source to the proposed user /

Maximum distance in app. J. ¶ C3)

The distance factor for use at the same source is 1.00.

- **6. Seasonal Use.** Adjust factors for ERCs planned for use outside of the season of creation will be determined by the APCO on a case- by case basis.
- **D.** ERCS FOR SALE, TRADE, OR USE. The following formulae will be used to change the emission reductions to ERCs registered in the bank and to ERCs available for sale, trading, or use:

ERCs registered = Emission reductions x 0.90

ERCs for use = ERCs registered x

Additional public benefit (0.90 or 1.00) x

Elapsed time factor x

Distance factor x

Season of use factor if any.

### APPENDIX K

## **New Source Review Application Information**

- A. EMISSION UNIT AND ACTIVITY EXEMPTIONS, (WAC 173-400-110(4) 1. Maintenance/Construction.
  - a. Cleaning and sweeping of streets and paved surfaces;
  - b. Concrete application, and installation;
  - c. Dredging wet spoils handling and placement;
- d. Paving application and maintenance, excluding asphalt plants;
- e. Plant maintenance and upkeep activities (ground keeping, general repairs, routine house keeping, routine plant painting, welding, cutting, brazing, soldering, plumbing, retarring roofs, etc.):
- f. Plumbing installation, plumbing protective coating application and maintenance activities;
  - g. Roofing application;
- h. Insulation application and maintenance, excluding products for resale;
- i. Janitorial services and consumer use of janitorial products.
  - 2. Storage Tanks.
- a. Lubricating oil storage tanks except those facilities that are wholesale or retail distributors of lubricating oils;

- b. Polymer tanks and storage devices and associated pumping and handling equipment, used for solids dewatering and flocculation.
- c. Storage tanks, reservoirs, pumping and handling equipment of any size containing soaps, vegetable oil, grease, animal fat, and nonvolatile aqueous salt solutions;
  - d, Process and white water storage tanks;
- e. Operation, loading and unloading of storage tanks, and storage vessels, with lids or other appropriate closures and less than 260 gallon capacity (45 cf);
- f. Operation, loading and unloading of storage tanks, ≤ gallon capacity, with lids or other appropriate closure, not for use with materials containing toxic air pollutants, as defined in chapter 173-460 WAC, max. VP 550 mm Hg @ 21°C (App. B);
- g. Operation, loading and unloading storage of butane, propane, or LP gas (App. B) with a vessel capacity less than 40,000 gallons;
- h. Tanks, vessels and pumping equipment, with lids or other appropriate closure for storage or dispensing of aqueous solutions of inorganic salts, bases and acids.
- 3. A project with combined aggregate heat inputs of combustion units, ≤ all of the following:
- a.  $\leq$ 500.00 Btu/hr (App. B) using coal with  $\leq$  0.5% sulfur or other fuels with  $\leq$  0.5% sulfur;
- b. ≤500,000 Btu/hr used oil, per the requirements of RCW 70.94.610;
  - c. ≤400,000 Btu/hr wood waste or paper;
- d. <1,000,000 Btu/hr using kerosene, #1 or #2 fuel oil and with  $\leq 0.05\%$  sulfur.
- e. ≤4,000,000 Btu/hr using natural gas, propane, or LP gas.
  - 4. Material Handling:
  - a. Continuous digester chip feeders;
- b. Grain elevators not licensed as warehouses or dealers by either the DOA (App. B) or USDA (App. B);
- c. Storage and handling of water based lubricants for metal working where organic content of the lubricant is ≤ 10%;
- d. Equipment used exclusively to pump, load, unload, or store high boiling point organic material in tanks less than 1,000,000 gallon, material with initial atmospheric boiling point not less than 150°C or vapor pressure not more than 5 mm Hg @ 21°C, with lids or other appropriate closure.
  - 5. Water Treatment:
- a. Septic sewer systems, not including active wastewater treatment facilities;
- b. NPDES (App. B) permitted ponds and lagoons used solely for the purpose of settling suspended solids and skimming of oil and grease:
- c. De-aeration (O<sub>2</sub> scavenging) of water where toxic air pollutants as defined in *chap. 173-460 WAC* are not emitted:
- d. Process water filtration system and demineralize vents;
- e. Sewer manholes, junction boxes, sumps, and lift stations associated with wastewater treatment systems;
  - f. Demineralize tanks;
  - g. Alum tanks;

- h. Clean water condensate tanks.
- 6. Environmental chambers and laboratory equipment:
- a. Environmental chambers and humidity chambers not using toxic air pollutant gases, as regulated under chap. 173-460 WAC;
- b. Gas cabinets using only gases that are not toxic air pollutants regulated under 173-460 WAC;
- c. Installation or modification of a single laboratory fume hood;
  - d. Laboratory calibration and maintenance equipment.
  - 7. Monitoring/quality assurance/testing:
- a. Equipment and instrumentation used for quality control/assurance or inspection purpose;
  - b. Hydraulic and hydrostatic testing equipment;
  - c. Sample gathering, preparation, and management;
- d. Vents from continuous emission monitors and other analyzers.
  - 8. Miscellaneous:
  - a. Single-family residences and duplexes;
  - b. Plastic pipe welding;
- c. Primary agricultural production activities including soil preparation, planting, fertilizing, week and pest control, and harvesting;
  - d. Comfort air conditioning;
  - e. Flares used to indicate danger to public;
- f. Natural and forced air vents and stacks for bath-room/toilet activities;
  - g. Personal care activities;
- h. Recreational fireplaces including the use of barbecues, campfires, and ceremonial fires;
  - I. Tobacco smoking rooms and areas:
  - j. Noncommercial smokehouses:
  - k. Blacksmith forges for single forges;
- <u>l. Vehicle maintenance activities, not including vehicle surface coating;</u>
- m. Vehicle or equipment washing (see © of this subsection for threshold for boilers);
  - n. Wax application;
- o. Oxygen, nitrogen, or rare gas extraction and liquefaction equipment not including internal and external combustion equipment;
  - p. Ozone generators and ozonation equipment:
  - q. Solar simulators;
- r. Ultraviolet curing processes, to the extent that toxic air pollutant gases as defined in chap. 173-460 WAC are not emitted;
- s. Electric circuit breakers, transformers, or switching equipment installation or operation;
  - t. Pulse capacitors:
- u. Pneumatically operated equipment, including tools and hand held applicator equipment for hot melt adhesives;
  - v. Recovery boiler blow-down tank;
  - w. Screw press vents;
- x. Drop hammers or hydraulic presses for forging or metal working;
- y. Production of foundry sand molds, unheated and using binders less than 0.25% free phenol by sand weight;
  - z. Kraft lime mud storage tanks and process vessels:
  - aa. Lime grits washers, filters and handling;
  - bb. Lime mud filtrate tanks;

cc. Lime mud water;

dd. Stock cleaning and pressurized pulp washing down process of the brown stock washer;

ee. Natural gas pressure regulator vents, excluding venting at oil and gas production facilities and transportation marketing facilities:

ff. Nontoxic air pollutant, as defined in chap. 173-460 WAC, solvent cleaners less than 10 sf (App. B) air-vapor interface with solvent vapor pressure not more than 30 mm Hg @ 21°C;

gg. Surface coating, aqueous solution or suspension containing  $\leq 1\%$  (by weight) VOCs (App. B), and/or toxic air pollutants as defined in chap. 173-460 WAC;

hh. Cleaning and stripping activities and equipment using solutions having ≤ 1% VOCs (by weight); on metallic substances, acid solutions are not exempt;

ii. Dip coating operations, using materials less than 1% VOCs (by weight) and/or toxic air pollutants as defined in chap. 173-460 WAC.

# WSR 99-01-161 PROPOSED RULES EMPLOYMENT SECURITY DEPARTMENT

[Filed December 23, 1998, 10:31 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-18-090.

Title of Rule: Filing applications for unemployment benefits, filing weekly benefit claims, filing appeals and petitions for review, and notices provided to claimants.

Purpose: Beginning in February 1999, the department will implement a new process whereby applications for unemployment benefits will be filed by telephone rather than in person. The proposed changes are needed to identify how information will be provided to claimants, and how claimants are to request or provide information to the department, when claims are processed in an unemployment claims telecenter rather than in a local office.

Statutory Authority for Adoption: RCW 50.20.010, 50.12.040.

Statute Being Implemented: RCW 50.20.140.

Summary: The rules describe how applications for unemployment benefits, weekly benefit claims, appeals, and commissioner approved training requests, are to be filed when the department transitions to unemployment claims telecenters. They also describe the information and written notices that will be provided by the department to individuals claiming unemployment benefits.

Reasons Supporting Proposal: The 1998 legislature passed HB [SSB] 6420 authorizing the department to accept unemployment applications by means other than in writing.

The proposals provide for filing of applications and claims by telephone.

Name of Agency Personnel Responsible for Drafting: Juanita Myers, 212 Maple Park, Olympia, WA 98506, (360) 902-9665; Implementation and Enforcement: Dale Ziegler, 212 Maple Park, Olympia, WA 98506, (360) 902-3030.

Name of Proponent: Employment Security Department, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed rules provide instructions on filing applications for unemployment benefits, weekly benefit claims, and commissioner approved training, as well as appeals and petitions for review. They also describe the information that will be provided by the department to claimants, and how that information will be provided. These instructions are being modified because, beginning in February 1999, the department will begin taking applications for unemployment benefits via telephone calls to centralized unemployment claims telecenters, rather than claimants filing applications in person or by mail to a local office in their community. Authorization for the department to accept applications by means other than a written request was provided by the 1998 legislature in SSB 6420. It is anticipated that implementation of unemployment claims telecenters will result in improved customer services, reduced costs to the department, and more consistent application of the laws and rules governing unemployment benefits.

Proposal Changes the Following Existing Rules: The rules on filing appeals and petitions for review are amended to delete references to in-person filings. This is because unemployment claims processing will be done at the unemployment claims telecenters, which will not be available for in-person reporting. All transactions are being conducted via telephone, mail, or electronic telefacsimile. In addition, the rule is clarified regarding the agency records that will be maintained in the local employment centers.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The proposed changes make no significant policy changes regarding how eligibility for unemployment benefits will be determined. They merely change the method by which applications and claims are filed. We do not anticipate the changes will result in more than minor costs on businesses in any industry.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The proposed rules do not constitute "significant legislative rules" within the meaning of RCW 34.05.328. They pertain only to the method by which individuals file their applications and claims for unemployment benefits, and do not impact eligibility requirements. The proposed rules best fit within the definition of "procedural rules" described in the statute.

Hearing Location: Employment Security Department, Public Affairs Conference Room, 2nd Floor, 212 Maple Park, Olympia, WA, on February 10, 1999, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Karen LaFreniere by February 9, 1999, TDD (360) 902-9589, or (360) 902-9582.

Submit Written Comments to: Barney Hilliard, Rules Coordinator, Employment Security Department, P.O. Box 9046, Olympia, WA 98504-9046, fax (360) 438-3226, by February 9, 1999.

Date of Intended Adoption: February 12, 1999.

December 22, 1998
Dale Ziegler
Assistant Commissioner

AMENDATORY SECTION (Amending WSR 95-18-055, filed 8/31/95, effective 10/1/95)

WAC 192-04-060 Appeals—Petitions for hearing—Petitions for review—Time limitation—Forms. Any interested party who is aggrieved by any decision of the department set forth in WAC 192-04-050 may file a written appeal or petition for hearing ((in person at, or)) by mailing it or sending it via electronic telefacsimile to((, any job service center or district tax office or the unemployment compensation agency in any other state or territory in which he or she then resides)) the unemployment claims telecenter indicated on the determination notice or order and notice of assessment. The appeal or petition for hearing shall be filed within thirty days of the date the decision is delivered or mailed, whichever is the earlier. ((If t)) The appeal and/or petition for hearing ((is mailed, it)) shall be filed in accordance with the provisions of RCW 50.32.025.

Any interested party who is aggrieved by a decision of the office of administrative hearings, other than an order approving a withdrawal of appeal, an order approving a withdrawal of a petition for hearing, a consent order, or an interim order, may file a written petition for review in accordance with the provisions of WAC 192-04-170. The petition for review shall be filed within thirty days of the date of delivery or mailing of the decision of the office of administrative hearings, whichever is the earlier. ((If-t)) The petition for review ((is mailed it)) shall be filed in accordance with the provisions of RCW 50.32.025.

At the request of an interested, aggrieved party, the employment security department shall furnish forms for the filing of a notice of appeal, petition for hearing, or petition for review, but the use of such forms is not a jurisdictional requirement.

AMENDATORY SECTION (Amending WSR 95-18-055, filed 8/31/95, effective 10/1/95)

WAC 192-04-170 Decision of commissioner—Petition for review—Filing—Reply. (1) The written petition for review shall be filed ((in person at any job service center or)) by mailing it to the ((a))Agency ((f))Records ((e))Center. ((of the)) ((e))Employment ((s))Security ((d))Department. Post Office Box 9046, Olympia, WA 98504-9046, within thirty days of the date of mailing or delivery of the decision of the office of administrative hearings, whichever is the earlier. ((Out-of-state residents may file the petition for review in person at the unemployment compensation agency of the state or territory in which they then reside or by mailing it to the agency records center of the employment security department within thirty days of the date of the mailing or delivery

of the decision of the office of administrative hearings, whichever is the earlier.))

- (2) Any written argument in support of the petition for review must be attached to the petition for review and be filed contemporaneously therewith. The commissioner's review office will acknowledge receipt of the petition for review by assigning a review number to the case, entering the review number on the face of the petition for review, and setting forth the acknowledgement date on the petition for review. The commissioner's review office will also mail copies of the acknowledged petition for review and attached argument in support thereof to the petitioning party, nonpetitioning party and their representatives of record, if any.
- (3) Any reply to the petition for review and any argument in support thereof by the nonpetitioning party shall be ((filed in person at, or)) mailed to((7)) the ((e))Commissioner's ((f))Review ((f))Office, Employment Security Department, Post Office Box 9046, Olympia, WA 98504-9046. The reply must be received by the commissioner's review office within fifteen days of the date of mailing of the acknowledged petition for review. An informational copy shall be mailed by the nonpetitioning party to all other parties of record and their representatives, if any.
- (4) The petition for review and argument in support thereof and the reply to the petition for review and argument in support thereof shall:
- (a) Be captioned as such, set forth the docket number of the decision of the office of administrative hearings, and be signed by the party submitting it or by his or her representative.
  - (b) Be legible, reproducible and five (5) pages or less.
- (5) Arrangements for representation and requests for copies of the hearing record and exhibits will not extend the period for the filing of a petition for review, argument in support thereof, or a reply to the petition for review.
- (6) Any argument in support of the petition for review or in reply thereto not submitted in accordance with the provisions of this regulation shall not be considered in the disposition of the case absent a showing that failure to comply with these provisions was beyond the reasonable control of the individual seeking relief.

AMENDATORY SECTION (Amending WSR 89-24-030, filed 11/30/89, effective 1/1/90)

WAC 192-04-190 Petition for reconsideration—Filing—Consideration—Disposition—Judicial review. (1) A written petition for reconsideration and argument in support thereof may be filed within ten days of the date of mailing or delivery of the decision of the commissioner, whichever is the earlier. It shall be mailed ((or delivered)) to the ((e))Commissioner's (( $\neq$ 1))Review (( $\neq$ 6))Office, Employment Security Department, (( $\neq$ 12) Maple Park Drive)) Post Office Box 9046, Olympia, WA(( $\neq$ 7)) 98504-9046, and to all other parties of record and their representatives.

(2) No matter will be reconsidered by the commissioner unless it clearly appears from the face of the petition for reconsideration and the argument submitted in support thereof that (a) there is obvious material, clerical error in the decision or (b) the petitioner, through no fault of his or her

[89] Proposed

own, has been denied a reasonable opportunity to present argument or respond to argument pursuant to WAC 192-04-170

- (3) A petition for reconsideration shall be deemed to have been denied if, within twenty days from the date the petition for reconsideration is filed, the commissioner does not either (a) dispose of the petition for reconsideration or (b) mail or deliver to the parties a written notice specifying the date by which he or she will act on the petition for reconsideration. If no action is taken by the date specified in such written notice, the petition will be deemed to have been denied.
- (4) A petition for reconsideration does not stay the effectiveness of the decision of the commissioner. The filing of a petition for reconsideration is not a prerequisite for filing a petition for judicial review. An order denying reconsideration or a written notice specifying the date upon which action will be taken on the petition for reconsideration is not subject to judicial review.

AMENDATORY SECTION (Amending WSR 91-19-007, filed 9/6/91, effective 9/8/91)

WAC 192-12-330 Predetermination procedure—Separation issue. (1) No determination on a separation issue (RCW 50.20.050, 50.20.060) will be issued until both parties to the separation have had an opportunity to present information and rebuttal, if necessary and appropriate, on the matters at issue.

- (2) If an employer does not respond within ten days to the notice required by WAC 192-12-310, the department may at that time make a determination based on available information.
- (3) If the department receives information from the employer after the end of the ten-day response period, but before the determination has been made, the information provided by the employer will be considered prior to making the determination if the information was mailed to the ((job service center where the claim was filed)) unemployment claims telecenter identified on the notice.
- (4) If the department receives information from the employer after the end of the ten-day period and within thirty days following the mailing of a determination, the department will consider that information for the purposes of a redetermination under RCW 50.20.160 or as an appeal of the determination.
- (5) Any information received within thirty days of the mailing of the notice required by WAC 192-12-310 may be considered a request for relief of benefit charges under RCW 50.29.020.

AMENDATORY SECTION (Amending WSR 80-07-026, filed 6/12/80)

WAC 192-15-150 Records index—Available material. The department finds that it would be unduly burdensome and would interfere with agency operations to maintain an index of records as specified in RCW 42.17.260(2), because of the complexity and diversity of its operations and the resulting volume of correspondence reports, survey, staff

studies and other materials. The department will make available for public inspection and copying all indexes which may at a future time be developed for agency use.

The following records shall be available for inspection and copying through the office of the public records officer and, in addition, those marked with an asterisk (\*) shall be available for inspection ((at)) through the department's ((job service)) local employment centers.

- (1) Laws relating to employment security.\*
- (2) Employment security department rules ((and regulations))\* Title 192 WAC.
  - (3) Digest commissioner's decisions.\*
- (4) ((Employer field)) Unemployment insurance tax administration audit manual (((Tax))).
- (5) ((Field office operations)) <u>Tax branch policy</u> manual ((<del>(Tax)</del>)).
  - (6) Benefit((s)) policy guide.\*
- (7) ((Manual of local office benefit functions.\*)) <u>Unemployment insurance procedures manual.</u>
  - (8) Inventory of equipment.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

### Chapter 192-110 WAC

## Applying for unemployment benefits

### **NEW SECTION**

WAC 192-110-005 Applying for unemployment benefits—General. (1) How do I apply for benefits? (a) File your application for benefits by placing a telephone call to the unemployment claims telecenter listed in your local telephone directory.

- (b) In situations involving individuals with physical or sensory disabilities that make filing by telephone difficult, or in other unusual circumstances, the commissioner can authorize other methods for filing an application for benefits.
- (2) When can I apply? You may apply at any time between the hours of 8:00 a.m. and 5:00 p.m. (Pacific Time) Monday through Friday (excluding state holidays), even if you are working. Your claim is effective on the Sunday of the week you file your claim.
- (3) What information am I required to provide? The minimum information needed to process your application is:
  - (a) Your legal name; and
  - (b) Your social security account number.

You should also be prepared to provide the names, addresses, dates worked, and reasons for job separation for all of your employers during the past two years. Other information may be requested in individual circumstances.

(3) Will I receive benefits immediately? The first week you are eligible for benefits is your waiting week. You will not be paid for this week. However, you must file a claim for this week before any benefits for future weeks can be paid to you.

## **NEW SECTION**

WAC 192-110-010 Applications for benefits by interstate claimants. (1) What is an "interstate claimant"? An "interstate claimant" is a person who files a claim for one state's unemployment benefits from another state. The state that pays your claim is the "liable state". For example:

- (a) You are an interstate claimant if you live in Oregon and file a claim from Oregon for benefits that will be paid by Washington.
- (b) You are an interstate claimant if you live in Washington and file a claim in Washington for benefits that will be paid by Oregon.
- (c) You are NOT an interstate claimant if you live in Oregon but file your claim for Washington benefits in Washington; this is because your claim was filed in the same state that will be paying your benefits.
- (2) Where can I apply for benefits? You can file your application for benefits from any state, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, or Canada.
- (3) How do I apply for benefits? Place a telephone call to the unemployment claims telecenter in Washington. You will be asked whether you worked in any state other than Washington within the last two years. This will help decide which state will be paying your claim.
- (a) If Washington will be paying your claim, your application for benefits will be taken over the telephone;
- (b) If another state will be paying your claim, you will be told how to file your claim with that state.
- (4) Who decides if I am eligible for benefits? Every state has its own laws which control eligibility for benefits. If you file a claim for Washington benefits, your eligibility for benefits will be decided by Washington state law even if you file from another state. If you file for benefits against another state, your eligibility for benefits will be decided under that state's laws.
- (5) When can I apply for benefits? You can apply for benefits at any time, even if you are working. However, if you already have a valid claim in one state, you must continue with that claim as long as benefits are available before a new claim against another state can be established. A "valid" claim is one that has not been denied, terminated, or the benefits exhausted (paid out).
- (6) How do I file an appeal? If you wish to file an appeal about your claim, do so by mailing your appeal directly to the state that is paying your claim (liable state). Your appeal will be considered filed on the postmarked date. All appeal hearings will be conducted by the liable state by telephone. The liable state will notify you of the date, time, and telephone number of the hearing.

### NEW SECTION

WAC 192-110-015 Applications by partially unemployed or standby workers—RCW 50.04.310, 50.20.010, and 50.20.130. (1) Definitions:

- (a) "Employer" means any person or business for which you work in exchange for wages.
  - (b) "Partially unemployed" means that during a week:

- (i) You worked for your regular employer less than full time because of lack of work; and
- (ii) You earned less than one and one-third times your weekly benefit amount plus five dollars.
- (c) "Standby" means you are temporarily unemployed due to lack of work but expect to return to work with your regular employer.
  - (2) Your rights when you are partially unemployed:
- (a) You may file your application or claim for benefits as many as five weeks after your hours are reduced without it being considered late.
  - (b) You do not need to register for work.
  - (3) Your rights when you are on standby:
  - (a) You can ask to be on standby for up to four weeks.
  - (b) You do not have to register for work.
- (c) We will ask your employer to verify that you are on standby and your expected return to work date:
- (i) If your employer does not respond, you can be on standby for up to four weeks;
- (ii) If your employer confirms you are on standby, you can be on standby for up to four weeks or until the return to work date given by your employer, whichever is earlier;
- (iii) If your employer responds that you are not on standby, you will be required to immediately register for work and to look for work.
- (d) Your regular employer must request to extend your standby status for more than four weeks. This request is subject to approval by the department. We will look at the following before deciding whether to extend standby status for more than four weeks:
  - (i) How long you have been out of work;
  - (ii) Whether other suitable work is available;
- (iii) The impact on you and your employer if you accept other work; and
  - (iv) Other factors that apply to your situation.

### **NEW SECTION**

WAC 192-110-020 How will the department verify my identity? When you file your application for benefits, we will ask you questions based on information in our records, such as your work history.

- (1) If we are able to verify your identity with these questions, your application for benefits will be filed.
- (2) If we are not able to verify your identity through questioning, we will send you a verification request form:
- (a) If the verification form is completed, returned to the department, and provides satisfactory evidence of your identity, your claim will be effective based on the date of your first telephone call;
- (b) If the verification form is not completed and returned, or does not satisfy the department of your identity, your benefits will be denied.

### **NEW SECTION**

[91]

WAC 192-110-050 How do I reopen my claim? If you do not file a claim for one or more weeks, you must reopen your claim by placing a telephone call to the unemployment claims telecenter and asking to have your claim reopened.

Benefits will be denied for any week preceding the week in which you reopened your claim, unless you can show good cause for not reopening your claim earlier.

### Chapter 192-120 WAC

#### Claimant notices

### **NEW SECTION**

WAC 192-120-001 Information for claimants. (1) The department will provide you with information necessary for filing your weekly claims for benefits.

- (2) The department will provide assistance to any person who needs help in filing claims.
- (3) You will be responsible for following written information provided by the department for the duration of your claim, and will be presumed to understand the information unless you ask for help in understanding it.

## **NEW SECTION**

WAC 192-120-010 Claimant information booklet. (1) The department will publish an Information for Claimants booklet, form number EMS 8139, to provide basic information on the laws, rules and procedures about claims for unemployment insurance benefits. Single copies of the booklet will be available to the public at no charge.

- (2) Each person who files an application for benefits will be mailed a copy of the most recent version of the Information for Claimants booklet.
- (3) Each person who is mailed a copy of the information booklet will be responsible for filing claims in accordance with its instructions.
- (4) A replacement booklet will be mailed to any person who requests one.
- (5) Each person who is mailed a booklet is responsible for reporting and filing claims according to the information in the booklet for the duration of the claim unless other specific information is given to the person in writing.
- (6) The department will assist any person who may have difficulty understanding the booklet.
- (7) If you fail to ask for help in understanding the booklet, you will be presumed to understand its contents and held responsible for any failure to act as directed by the booklet.

### **NEW SECTION**

WAC 192-120-020 Presentation of benefit rights. (1) When you file an application for benefits, the department will give you a presentation of benefit rights. At a minimum, the presentation of benefit rights will include information regarding:

- (a) Your statement of wages and hours (monetary determination);
  - (b) Instructions on filing weekly claims;
  - (c) Reemployment services; and
  - (d) How eligibility questions are adjudicated.
- (2) You will be responsible for filing claims and providing information as directed in the presentation of benefit

rights unless other written instructions are given to you after the presentation of benefit rights.

(3) If there is a conflict between written and spoken information given to you, the written information will apply.

### **NEW SECTION**

WAC 192-120-030 Will I be told if my eligibility for benefits is questioned? Whenever we have a question regarding whether you (the claimant) are eligible for benefits, we will give you adequate notice before making a decision. This notice will tell you:

- (1) Why we question your eligibility for benefits;
- (2) That you have the right to a fact-finding interview about your eligibility for benefits and that the interview will be conducted by telephone except:
- (a) When you specifically ask to be interviewed in person, or
- (b) In unusual circumstances where we decide an in-person interview is necessary;
- (3) That you can have someone, including an attorney, assist you at the interview;
- (4) That you can have witnesses on your behalf, provide evidence, and cross-examine other witnesses or parties;
- (5) That, prior to the interview, you may ask for copies of any records or documents we have that we will consider in making a decision about your eligibility for benefits;
- (6) The date by which you must reply to the notice (which will be no earlier than reasonable mailing time plus five working days); and
- (7) That if you do not respond to the written notice by the date shown, your benefits may be denied and you may have to repay any benefits already paid to you.

## **NEW SECTION**

WAC 192-120-035 How will adequate notice be provided? (1) A written notice will be mailed to your most recent address in our files; or

(2) When you file your weekly claim for benefits by telephone, you will receive a verbal notice. If you do not reply by the last working day of the week in which your claim was filed, a written notice will be mailed to you. The date by which you must reply to this written notice will be no earlier than reasonable mailing time plus five working days, starting from the date your weekly claim for benefits was filed.

## **NEW SECTION**

WAC 192-120-040 Will I be interviewed before a decision about my eligibility is made? Before any decision is made regarding your eligibility for benefits, you will be given an opportunity to be heard. "Opportunity to be heard" is an offer to hold a fact-finding interview to resolve our questions about your (the claimant's) eligibility for benefits.

- (1) At the interview, before you are asked to answer any questions, we will tell you all the facts we have that we will consider in making a decision.
- (2) We will not use any facts received after the interview to make our decision unless:

- (a) We tell you about the new information, and
- (b) Give you the chance to respond to the new information.

## Chapter 192-140 WAC

## Reporting requirements to receive benefits

## **NEW SECTION**

- WAC 192-140-005 Filing weekly claims for benefits.

  (1) How do I file my weekly claim for benefits? You may file your claim by placing a telephone call to the unemployment information and weekly claims line. The department can approve other methods of filing a weekly claim in individual circumstances.
- (2) When do I file my claim? You must file a claim for every week for which you want to be paid or have counted as your waiting week. Every week begins at 12:01 a.m. on Sunday and ends at midnight on Saturday. Your claim must be filed after the end of the week(s) you are claiming.
- (a) File your telephone claim after 12:01 a.m. Sunday, but before 5:00 p.m. on Friday, following the week you are claiming. (In case of a legal holiday, file your claim before 5:00 p.m. on the last working day of the week.)
- (b) If you file by mail, file your claim anytime Sunday through Saturday following the week you are claiming. Your claim is considered filed on the postmarked date.
- (3) How often do I file my claim? File your claim weekly. The department may approve other filing schedules in cases of emergency or in unusual circumstances.
- (4) What happens if I miss a week? If you do not claim a week, you will have to contact the unemployment claims telecenter to reopen your claim.
- (5) What information do I have to report? Your claim must include:
  - (a) The Saturday date of the week you are claiming;
  - (b) Answers to the questions:
- (i) A claim filed by telephone cannot be processed unless all questions are answered;
- (ii) A claim filed in writing will be processed if at least one question is answered and other information required by this subsection is included, but your eligibility for benefits will be in question and you will be asked to provide complete information, which could result in a denial of benefits;
- (c) Your personal identification number if filing by telephone, or your signature if you filed your claim in writing;
- (d) The amount and source of any pension you are receiving for the week claimed;
- (e) Any holiday earnings received during the week claimed;
- (f) Any vacation pay received during the week claimed, including:
- (i) The dates for which payment was received, if applicable, or
- (ii) Whether payment was a cash-out of accrued vacation leave; and
- (g) Any earnings and the number of hours you worked during the week claimed.

- (6) What happens if I don't provide this information? A telephone claim that does not meet these requirements cannot be processed and you will receive verbal instructions to contact your unemployment claims telecenter. A written claim that does not meet these requirements is incomplete and will be returned to you with a request for additional information
- (7) What happens if I file my claim late? (a) Until you receive your first payment, your claim is late if it is filed more than seven days (one week) after the Saturday of the week being claimed. You will not be paid for these weeks unless you can prove you had a good reason for filing late.
- (b) After you have received your first payment, your claim is late if it is filed more than 28 days (four weeks) after the Saturday of the week being claimed. Any week that is filed late may be conditionally paid. This means you will be paid benefits, but you will be asked to prove you had a good reason for filing late. If you cannot do so, you will receive a notice directing you to repay benefits for the week(s) you filed late.

### **NEW SECTION**

## WAC 192-140-010 Personal identification number.

- (1) The first time you call the unemployment information and weekly claims line to obtain information about your claim or to file a weekly claim for benefits, you must establish a personal identification number (PIN). This number is your electronic signature on all claims filed by telephone and its use is equivalent to your signature on written forms.
- (2) Security of the PIN is your responsibility. You are responsible for any payments made as a result of the use of this PIN. If you forget your PIN or if someone else, including an employee of the department, learns your PIN, it must be reset. You are responsible for contacting the unemployment claims telecenter to establish a new PIN.

### **NEW SECTION**

WAC 192-140-020 Will I be required to report in person? You may be instructed to report in person for any reason the department deems necessary, such as to receive reemployment services. If you do not report in person, benefits will be denied for the week unless:

- (1) You have returned to full-time work and cannot report in person, or
- (2) You can show you had good cause for not reporting in person. "Good cause" is any factor which would cause another person in similar circumstances to be unable to report in person.

## **NEW SECTION**

WAC 192-140-025 What does "failure to respond" mean? (1) If you do not report in person when directed to do so, or do not provide all requested information by the date indicated in a written request for information, the department will consider that you have failed to respond to a request for information.

(2) If the request for information requires you to report in person and you respond in writing, you will be deemed to have failed to respond unless your written response provides specific information that will establish good cause for not reporting in person.

### **NEW SECTION**

WAC 192-140-030 What happens if I do not report in person when directed? (1) If you do not report in person when directed to do so, and do not provide information to explain why you did not report in person, the department will presume you failed to report in person without good cause and benefits will be denied under RCW 50.20.010(1).

(2) This denial of benefits is a denial for a definite period of time, which is the week or weeks in which you failed to report in person.

### Chapter 192-150 WAC

### Job separations

### **NEW SECTION**

WAC 192-150-090 How to qualify for benefits after leaving work for marital or domestic reasons. RCW 50.20.050(4) says that benefits will be denied if you quit your job for family reasons. In such cases, the law provides an alternative means for qualifying for benefits other than through work and earnings. Under this alternative method, you must report in person to your local employment center in ten different weeks and establish that you are able to work, available for work, and actively seeking work each week.

If you are an interstate claimant or living in a remote area, you can qualify for benefits under this alternative method by calling the unemployment information and weekly claims line in each of ten different weeks and certifying that you are able to work, available for work, and actively seeking work each week. For purposes of this section, you are living in a remote area if a round trip of more than two hours by reasonably available public or private transportation is required to reach the nearest local employment center and return.

### Chapter 192-200 WAC

### School or training

### **NEW SECTION**

WAC 192-200-020 Commissioner approval of training—RCW 50.20.043. (1) How do I apply for commissioner approved training? If you wish to attend school or training while you receive unemployment benefits, and the training will interfere with your availability for full-time work, the training must be approved by the department. Contact the department and ask for an application for commissioner approved training. Your completed application must be returned to the unemployment claims telecenter. You will

receive a decision, in writing, denying or approving your training application.

- (2) What factors will the department consider when reviewing my application? The department will consider the following factors:
  - (a) Your plan for completion of the training;
- (b) The nature of the training facility and the quality of the training;
- (c) Whether the training relates to an occupation or skill for which there are, or are expected to be, reasonable employment opportunities in the labor markets in which you intend to seek work;
  - (d) Whether an oversupply of qualified workers exists;
- (e) Whether you have the qualifications and aptitudes to successfully complete such training; and
- (f) Whether your employment prospects in occupations in which you have training or experience do not exist or have substantially diminished in the labor market to the extent that the department determines you will probably be unemployed for a lengthy period. These diminished prospects could be the result of business or economic conditions in the area, or due to personal reasons such as your health, physical fitness, criminal background, or other circumstances of a similar nature.
- (3) What about training that is required by my job? The commissioner will approve training that is required within an occupation if:
- (a) The training is a condition of your continued employment;
- (b) The scheduling of the training is determined by your employer or a work related entity, and not by you (the claimant); and
- (c) The training meets the requirements of subsections (2)(a), (b), (c), (d), and (e) of this section.
- (4) Can academic training be approved? An academic training course may be approved if the conditions of subsections (1) and (2) of this section are met, and the training meets specific requirements for certification, licensing, or specific skills necessary for the occupation.
- (5) Can these requirements be waived? In the case of individuals with physical or sensory handicaps, or in other unusual individual circumstances, a written decision of the commissioner may waive any of the requirements of this section on an individual basis.

### **REPEALER**

The following sections of the Washington Administrative Code are repealed:

WAC 192-12-005	Adequate notice and opportunity to be heard defined.
WAC 192-12-130	Unemployment benefits for interstate claimants.
WAC 192-12-141	Applying for unemployment benefits.
WAC 192-12-150	Payment of benefits to par- tially unemployed persons

# WSR 99-01-169 PROPOSED RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(Medical Assistance Administration) [Filed December 23, 1998, 10:46 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-08-074.

Title of Rule: Chapter 388-535 WAC, Dental-related services.

Purpose: The department is amending these rules per the Governor's Executive Order 97-02 which requires rules to be rewritten for clarity, concision, foundation in law, fairness, readability, and with public involvement. In addition, the department is expanding the geographic of the access to baby and child dentistry (ABCD) program, and requiring more prior authorization requirements of certain high-cost crowns for back teeth.

Statutory Authority for Adoption: RCW 74.08.090, 74.09.035, 74.09.520, and 74.09.700; 42 USC 1396d(a); 42 CFR 440.100 and 42 CFR 440.225.

Statute Being Implemented: RCW 74.09.035, 74.09.520, and 74.09.700; 42 USC 1396d(a); 42 CFR 440.100 and 42 CFR 440.225.

Summary: Medicaid clients may receive dental-related services, under limitations, including evaluations, cleaning, extractions, crowns, dentures, orthodontics, and referrals. Dentists, denturists, dental laboratories, and related professionals are paid for these services under specific limitations including medical/dental necessity, prior authorization from MAA in some cases, adequate record keeping, and post-pay reviews. State-funded clients receive a more limited range of services, including dentures and hospital-based dental services for emergencies and major trauma. Preventive services are offered to children.

Reasons Supporting Proposal: Congress and the state legislature authorized the department to offer these services, to protect the general health of Washington's noninsured population that is eligible for Medicaid or state-funded medical programs.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Carree Moore, DSHS/MAA/Family Services, Mailstop 45530, (360) 586-2763.

Name of Proponent: Department of Social and Health Services, Medical Assistance Administration, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Medicaid clients may receive dental-related services, under limitations, including evaluations, cleaning, extractions, crowns, dentures, orthodontics, and referrals. Dentists, denturists, dental laboratories, and related professionals are paid for these services under specific limitations including medical/dental necessity, prior authorization from MAA in some cases, adequate record keeping, and post-pay reviews. State-funded clients receive a much more limited range of services, including dentures and hospital-based dental services for emergencies and major trauma. Preventive services are offered to children.

Proposal Changes the Following Existing Rules: Expands the access to baby and child dentistry (ABCD) program for infants and toddlers from just Spokane County, to any area targeted by MAA as needing that program.

Requires prior authorization from MAA for crowns, except for stainless steel crowns (any teeth) and resin crowns (for primary teeth).

No small business economic impact statement has been prepared under chapter 19.85 RCW. The department has determined that no small businesses will be significantly affected.

RCW 34.05.328 applies to this rule adoption. A costbenefit analysis (CBA) was prepared. A copy of that CBA is available from Allen Richards, Regulatory Improvement, Medical Assistance Administration, P.O. Box 45530, Olympia, WA 98504-5530, phone (360) 586-1008, fax (360) 753-7315, e-mail richaa@dshs.wa.gov.

Hearing Location: Lacey Government Center (behind Tokyo Bento Restaurant), 1009 College Street S.E., Room 104-B, Lacey, WA 98503, on February 9, 1999, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Paige Wall by January 29, 1999, phone (360) 902-7540, TTY (360) 902-8324, e-mail pwall@dshs.wa.gov.

Submit Written Comments to: Identify WAC Numbers, Paige Wall, Rules Coordinator, Rules and Policies Assistance Unit, P.O. Box 45850, Olympia, WA 98504-5850, fax (360) 902-8292, by February 9, 1999.

Date of Intended Adoption: February 24, 1999.

December 18, 1998 Marie Myerchin-Redifer, Manager Rules and Policies Assistance Unit

### **GENERAL**

### **NEW SECTION**

WAC 388-535-1010 Dental-related program introduction. This chapter describes:

- (1) The dental-related services that the medical assistance administration (MAA) offers to its eligible clients;
  - (2) Limitations to those services:
- (3) Provider requirements, including prior authorizations; and
- (4) MAA's methods for paying providers for dental-related services.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

- WAC 388-535-1050 Dental-related definitions. This section contains definitions of words and phrases in bold that the department uses in ((rules for the medical assistance administration dental program)) this chapter. See also chapter 388-500 WAC for other definitions and abbreviations. Further dental definitions used by the department may be found in the Current Dental Terminology (CDT-2) and the Current Procedural Terminology (CPT). Where there is any discrepancy between the CDT-2 or CPT and this section, this section prevails.
- (((1))) "Access to baby and child dentistry (ABCD)" is a ((Spokane County pilot initiative)) demonstration project to increase access to dental services in targeted areas for Medicaid eligible infants, toddlers, and preschoolers up through the age of five. See WAC 388-535-1300 for specific information.
- (((2))) "Adult" means a client nineteen years of age or older.
- "Anterior" means teeth in the front of the mouth. In relation to crowns, only these permanent teeth are anterior:
- (1) "Lower anterior," teeth twenty-two, twenty-three, twenty-four, twenty-five, twenty-six, and twenty-seven; and
- (2) "Upper anterior." teeth six, seven, eight, nine, ten, and eleven.
- "Arch" means the curving structure formed by the crowns of the teeth in their normal position, or by the residual ridge after loss of the teeth.
  - (((3))) "Asymptomatic" means having no symptoms.
- "Banding" means the application of orthodontic brackets to the teeth ((and/or face)) for the purpose of correcting dentofacial abnormalities.
- (((4))) <u>"Base metal"</u> means dental alloy containing no precious metals.
- "Behavior management" means managing the behavior of a client during treatment using the assistance of additional professional staff, and professionally accepted restraints ((such as a papeose board)) or sedative agent, to protect the client from self-injury.
- (((5) "Buccal" means pertaining to or directed toward the cheek.)) "Bicuspid" means teeth four, five, twelve, thirteen, twenty, twenty-one, twenty-eight, and twenty-nine.

- (((6))) "By report" a method of payment for a covered service, supply, or equipment ((for which the medical assistance administration has not established a maximum allowable, either because the service or supply is new and its use is not yet considered standard, or it)) which:
  - (1) Has no maximum allowable established by MAA,
  - (2) Is a variation on a standard practice, or
- (3) Is rarely provided.((Payment for a "by report" service or item is made on a case-by-case basis.
- (7))) "Caries" means ((a disease of the calcified tissues of the teeth resulting from the action of microorganisms on carbohydrates, characterized by a decalcification of the inorganic portion of the tooth and accompanied or followed by disintegration of the organic portion)) tooth decay.
- (((8))) "Child"((-for purposes of the dental program, a child is defined as a person zero through)) means a client eighteen years of age or younger.
- (((9))) "Cleft" means ((a longitudinal)) an opening or fissure involving significant dental processes, especially one occurring in the embryo. ((Also see "facial eleft."
  - (10))) These can be:
  - (1) Cleft lip,
  - (2) Cleft palate (at the roof of the mouth), or
  - (3) Transverse facial cleft (macrostomia).
- "Comprehensive oral evaluation" means a thorough evaluation and recording of the ((extraoral and intraoral)) hard and soft tissues((. Includes)) in and around the mouth, including the evaluation and recording of the patient's dental and medical history and a general health assessment.
- (((11))) "Corona" is the portion of a tooth that is covered by enamel, and is separated from the root or roots by a slightly constricted region, known as the ((neck)) cemento-enamel junction.
- (((12))) "Craniofacial anomalies" means abnormalities of the head and face, either congenital or acquired, involving significant dental processes.
- (((13))) "Craniofacial team" means a department of health and MAA recognized cleft palate/maxillofacial team which is: Responsible for management (review, evaluation, and approval) of patients with cleft palate craniofacial anomalies to provide integrated case management, promote parent-professional partnership, making appropriate referrals to implement and coordinate treatment plans.
- "Current dental terminology (CDT), second edition (CDT-2)," a systematic listing of descriptive terms and identifying codes for reporting dental services and procedures performed by dental practitioners. CDT is published by the Council on Dental Benefit Programs of the American Dental Association (ADA).
- (((14) "Dental analgesia" means the use of agents to induce insensibility to or relief from dental pain without loss of consciousness)) "Current procedural terminology (CPT)," means a description of medical procedures and is available from the American Medical Association of Chicago, Illinois.
- (((15))) "Dental general anesthesia" means the use of agents to induce loss of feeling or sensation, a controlled state of unconsciousness, in order to allow dental services to be

rendered to the client. ((The term is applied especially to the loss of sensation of pain through general anesthesia)).

- (((16))) "Dentally necessary" means diagnostic, preventive, or corrective services that are accepted dental procedures appropriate for the age and development of the client to prevent the incidence or worsening of conditions that endanger teeth or periodontium (tissues around the teeth) or cause significant malfunction or impede reasonable development or homeostatis (health) in the stomatognathic (mouth and jaw) system:
- (1) Which may include simple observation with no treatment, if appropriate; and
  - (2) Includes use of less costly, equally effective services.
- "Dentin" is the ((ehief substance or)) mineralized tissue of the teeth, which surrounds the tooth pulp and is covered by enamel on the crown and by cementum on the roots of the teeth
- (((17) "Dental prosthesis" means a replacement for one or more of the teeth or other oral structure, ranging from a single tooth to a complete denture.
- (18)) "Dentures" are a set of ((natural or)) prosthetic artificial teeth((; ordinarily used to designate an artificial replacement for the natural teeth)). See WAC 388-535-1240 for specific information.
- $((\frac{19}{0}))$  "Dysplasia" means an abnormality  $(\frac{19}{0})$  in the development of the teeth.
- (((20))) "Enamel" is the white, compact, and very hard substance that covers and protects the dentin of the crown of a tooth.
- (((21) "Facial clefts" are the elefts between the embryonic processes which normally unite to form the face. Failure of such union, depending on its site, causes such developmental defects as eleft lip (harelip), eleft mandible, oblique facial eleft, and transverse facial eleft (macrostomia).
- (22))) "Endodontic" means a root canal treatment and related follow-up.
- "EPSDT/healthy kids" means the department's early periodic screening, diagnosis, and treatment program for clients twenty years of age and younger as described in WAC 388-86-027.
- <u>"Fluoride varnish"</u> means a substance containing dental fluoride, for painting onto teeth. When painted onto teeth, it sticks to tooth surfaces.
  - "Gingiva" means the gums.
- "Hemifacial microsomia" means half or part of the face is smaller-sized.
- "High noble metal" means dental alloy containing at least sixty percent pure gold.
- "High risk child" means any child who has been identified through an oral evaluation or assessment as ((having)) being at a high risk for developing dental disease because of caries in the child's dentin; or a child identified by the department as developmentally disabled.
- (((23))) "Hypoplasia" means the incomplete or defective development of the enamel of the teeth.
- (((24) "Limited oral evaluation" means an evaluation or reevaluation limited to a specific oral health situation or problem.

- (25) "Limited visual oral assessment" A service preformed by dentists which involves assessing the need for sealants to be placed by dental hygienists; screening children in Head Start or ECEAP programs; providing triage services; or in circumstances referring a child to another dentist for treatment. These assessments are also used by dental hygienists performing intraoral screening of soft and hard tissues to assess the need for prophylaxis, scalants, fluoride varnish, or refers to a dentist for other dental treatment.
- (26))) "Low risk child" means any child who has been identified through an oral evaluation or assessment as ((having)) being at a low risk for dental disease because of the absence of white spots or caries in the enamel or dentin. This category includes children with restorations who are otherwise without disease.
- (((27) "Macrostomia" means a greatly exaggerated width of the mouth, resulting from failure of union of the maxillary and mandibular processes, with extension of the oral orifice to the ear. The defect may be unilateral or bilateral.
- (28))) "Major bone grafts" means a transplant of solid bone tissue(s), such as buttons or plugs.
- "Malocclusion" means the contact between the ((maxillary and mandibular)) upper and lower teeth ((as will)) that interferes with the highest efficiency during the ((excursive)) movements of the jaw that are essential to ((mastication)) chewing. The abnormality is categorized into four classes, graded by Angle's classification. For coverage, see WAC 388-535-1250.
- (((29))) "Maxillofacial" means relating to the jaws and face.
- "Minor bone grafts" means a transplant of nonsolid bone tissue(s), such as powdered bone.
- "Moderate risk child" means a child who has been identified through an oral evaluation or assessment as ((having)) being at a moderate risk for dental disease, based on presence of white spots, enamel caries or hypoplasia.
  - ((<del>(30)</del>)) <u>"Molars"</u> means:
- (1) Permanent teeth one, two, three, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, thirty, thirty-one, and thirty-two; and
  - (2) Primary teeth A, B, I, J, K, L, S and T.
- "Noble metal" means a dental alloy containing at least twenty-five percent but less than sixty percent pure gold.
- "Occlusion" means the relation of the ((maxillary and mandibular)) upper and lower teeth when in functional contact during ((activity of the mandible)) jaw movement.
- (((31))) "Oral evaluation" is ((an evaluation performed on a client, new or established, to determine the patient's dental and/or medical health status, or changes to that status.
- (32) "Oral health assessment or screening" is)) a comprehensive oral health and developmental history; an assessment of physical and oral health development and nutritional status; and health education, including anticipatory guidance.
- (((33))) "Oral health assessment or screening" means a screening of the hard and soft tissues in the mouth.
- "Oral health status" refers to the client's risk or susceptibility to dental disease at the time an oral evaluation is done by a dental practitioner. This risk is designated as low, mod-

erate or high based on the presence or absence of certain indicators.

- (((34) "Oral sedation" means the use of oral agents to produce a sedative or ealming effect.
- (35) "Orthodontia")) "Orthodontic" is a treatment involving the use of any appliance, ((intraoral or extraoral)) in or out of the mouth, removable or fixed, or any surgical procedure designed to ((move)) redirect teeth and surrounding tissues.
- (((35))) "((Partial dentures)) Partials" means a prosthetic appliance replacing one or more missing teeth in one jaw, and receiving its support and retention from both the underlying tissues and some or all of the remaining teeth. See WAC 388-535-1240 for specific information.
- (((36))) "Posterior" means teeth and tissue towards the back of the mouth. Specifically, only these permanent teeth: one, two, three, four, five, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, twenty-eight, twenty-nine, thirty, thirty-one, and thirty-two.

"Prophylaxis" ((is a preventive)) means intervention which includes the scaling and polishing of teeth to remove coronal plaque, calculus, and stains.

- (((37) "Rebase" means to replace the base material of a denture without changing the occlusal relations of the teeth.
- (38))) "Reline" means to resurface the tissue side of a denture with new base material in order to achieve a more accurate fit.
- (((39) "Restorative services" means services or treatments to restore a tooth to its original condition by the filling of a cavity and replacement of lost parts, or the material used in such a procedure.
- (40))) "Root planing" is a procedure designed to remove microbial flora, bacterial toxins, calculus, and diseased cementum or dentin from the teeth's root surfaces and pockets.
- (((41))) "Scaling" means the removal of calculous material from the exposed tooth surfaces and that part of the teeth covered by the marginal gingiva.
- (((42))) "Sealant" is a material applied to teeth to prevent dental caries.
- (((43) "Space management therapy" is a treatment to hold space for missing first and/or second primary molars and maintain position for permanent teeth.
- (44))) "Sequestrectomy" means removal of dead or dying bone that has separated from healthy bone.
- "Therapeutic pulpotomy" means the surgical removal of a portion of the pulp (inner soft tissue of a tooth), to retain the healthy remaining pulp.

"Usual and customary" means the fee that the provider usually charges ((his or her)) non-Medicaid customers for ((a)) the same service or item. This is the maximum amount that the provider may bill MAA ((for the same service or item)).

"Wisdom teeth" means teeth one, sixteen, seventeen, and thirty-two.

**Reviser's note:** RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

Reviser's note: The typographical errors in the above section occurred in the copy filed by the agency and appear in the Register pursuant to the requirements of RCW 34.08.040.

### **COVERAGE**

### **NEW SECTION**

WAC 388-535-1060 Eligible dental-related clients.
(1) Subject to the specific limitations described in WAC 388-535-1080, Covered services, clients of the following MAA programs are eligible for the dental-related services described in this chapter:

- (a) Categorically needy (CN or CNP), including:
- (i) Children's health; and
- (ii) Pregnant undocumented aliens.
- (b) Medically needy (MN).
- (2) Clients with the following state-only funded eligibility programs receive the coverage described in WAC 388-535-1260:
  - (a) General assistance unemployable (GAU); and
- (b) Alcohol and drug abuse treatment and support act (ADATSA).
- (3) Clients of the medically indigent (MI) program are limited to emergency hospital-based services only.

### **NEW SECTION**

WAC 388-535-1080 Covered dental-related services.
(1) MAA pays only for covered dental and dental-related services, equipment, and supplies listed in this section when they are:

- (a) Within the scope of an eligible client's medical care program;
  - (b) Dentally necessary:
- (c) Within accepted dental or medical practice standards and are:
- (i) Consistent with a diagnosis of dental disease or condition; and
- (ii) Reasonable in amount and duration of care, treatment, or service.
  - (2) The following dental-related services are covered:
  - (a) Oral health evaluations and assessments.
- (i) Oral health evaluations no more than once every six months.
- (ii) The evaluation services must be documented in the client's dental file.
  - (iii) These evaluations must include:
- (A) A comprehensive oral health and developmental history;
- (B) An assessment of physical and oral health development status;
- (C) Health education, including anticipatory guidance; and
  - (D) Oral health status.
- (b) Dentally necessary services for the identification of dental problems or the prevention of dental disease subject to limitations of this chapter;
  - (c) Prophylaxis treatment is allowed:

- (i) Once every twelve months for adults including nursing facility clients.
  - (ii) Once every six months for children.
- (iii) Three times a calendar year for clients of the division of developmental disabilities.
- (d) Dental services or treatment necessary for the relief of pain and infections, including removal of symptomatic wisdom teeth. Routine removal of asymptomatic wisdom teeth without justifiable medical indications is not covered;
- (e) Restoration of teeth and maintenance of dental health subject to limitations of WAC 388-535-1100, Dental services not covered;
- (f) Complex **orthodontic** treatment for severe handicapping dental needs as specified in WAC 388-535-1250, Orthodontic coverage for DSHS clients;
- (g) Complete and partial dentures, and necessary modifications, repairs, rebasing, relining and adjustments of dentures subject to the limitations of WAC 388-535-1240, Dentures:
- (h) **Dentally necessary** oral surgery when coordinated with the client's managed care plan (if any);
- (i) Endodontic (root canal) therapies for permanent teeth;
- (j) Nitrous oxide only when medically justified and a component of **behavior management**;
- (k) Crowns as described in WAC 388-535-1230, Crowns;
  - (1) Therapeutic pulpotomies, once per tooth; and
  - (m) Sealants for:
- (i) Occlusal surfaces of teeth, two, three, four, fourteen, fifteen, eighteen, nineteen, thirty and thirty-one;
  - (ii) Lingual pits of teeth seven and ten;
  - (iii) Teeth with no decay;
  - (iv) Children only; and
  - (v) Once per tooth in a three-year period.
- (3) For clients identified by the department as developmentally disabled, the following preventive services may be allowed more frequently than the limits listed in (3) of this section:
  - (a) Fluoride application, varnish or gel;
  - (b) Root planing; and
  - (c) Prophylaxis scaling and coronal polishing.
- (4) Panoramic radiographs are allowed only for oral surgical or **orthodontic** purposes.
- (5) The department covers **dentally necessary** services provided in a hospital under the direction of a physician or dentist for:
- (a) The care or treatment of teeth, jaws, or structures directly supporting the teeth if the procedure requires hospitalization; and
- (b) Short stays when the procedure cannot be done in an office setting. See WAC 388-550-1100(4), Hospital coverage.
- (6) For clients residing in nursing facilities or group homes:
- (a) Dental services must be requested by the client or a referral for services made by the attending physician, facility nursing supervisor, or the client's legal guardian;

- (b) Mass screening for dental services of clients residing in a facility is not permitted; and
- (c) Nursing facilities must provide dental-related necessary services per WAC 388-97-225, Nursing facility care.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

- WAC 388-535-1100 ((Noncovered)) Dental-related services not covered. (1) Dental-related services described in subsection (2) of this section are not covered unless:
- (a) Required by a physician as a result of ((a)) an EPSDT/Healthy Kids screen((,included as part of a managed care plan service package;)):
- (i) Except that all of the orthodontic limitations of WAC 388-535-1250, Orthodontic coverage for DSHS clients, still apply; and
  - (ii) Such services must be dentally necessary
  - (b) Included in a waivered program; or
- (c) Part of one of the Medicare programs for ((the)) qualified Medicare beneficiaries((; the)) (QMB) except for QMB-only which is not covered.
- (2) MAA ((may exclude from the scope of covered dental-related services)) does not cover:
- (a) Services, procedures, treatment, devices, drugs, or application of associated services which MAA or the Health Care Financing Administration (HCFA) consider investigative or experimental on the date the services are provided;
- (b) Cosmetic treatment or surgery, except for medically or dentally necessary reconstructive surgery to correct defects attributable to an accident, birth defect, or illness;
  - (c) ((Orthodontia)) Teeth whitening:
- (d)Orthodontic care for adults((, except that Medicaid eligible clients nineteen and twenty years of age who meet the criteria in WAC 388-535-1250 shall be covered));
  - (((d) Orthodontia))
- (e) Orthodontic care for cosmetic reasons and for children who do not meet the criteria in WAC 388-535-1250, ((or who request orthodontia for cosmetic reasons)) Orthodontic coverage for DSHS clients;
  - (((e))) (f) Any service specifically excluded by statute;
- (((<del>(t)</del>)) (g) More costly services when less costly equally effective services as determined by the department are available:
- (((g))) (h) Nonmedical equipment, supplies, personal or comfort items and/or services;
- (((h) Prophylaxis, for children seven years of age or younger, unless developmentally disabled;))
- (i) Root planing for children((-eighteen years of age or younger)) unless clients of the division of developmental disabilities:
- (j) ((Molar endodonties for clients nineteen years of age or older:
- (k) Endodontie)) Root canal services for ((anterior)) primary teeth((, except that new therapeutic pulpotomy shall be eovered; and
- (1) For a persons nineteen years of age and older, unless developmentally disabled:
  - <del>(i)</del>));

- (k) Routine fluoride treatments for adults, unless developmentally disabled;
  - (((ii) Molar endodonties; or
  - (iii) Orthognathic surgery))
  - (1) Extraction of asymptomatic teeth:
- (i) Except as a necessary part of orthodontic treatment, or (ii) Unless their removal is the most cost effective dental procedure related to dentures;
  - (m) Crowns for wisdom teeth; and
  - (n) Amalgam or acrylic build-up for wisdom teeth.
- (((2))) (3) MAA does not pay for the following services/supplies:
  - (a) Missed or canceled appointments;
  - (b) Provider mileage or travel costs;
  - (c) Take-home drugs;
- (d) Dental supplies such as toothbrushes((5)) (manual ((67))), automatic, or electric), toothpaste, floss, or whiteners;
  - (e) Educational supplies;
- (f) Reports, client charts, insurance forms, copying expenses;
  - (g) Service charges/delinquent payment fees;
- (h) Dentist's <u>time</u> writing prescriptions or calling in prescriptions or prescription refills to a pharmacy; ((and))
- (i) ((Medical)) Supplies used in conjunction with an office visit;
  - (j) Transitional/immediate dentures:
  - (k) Teeth implants including follow up and maintenance;
  - (I) Bridges;
- (m) Nonemergent oral surgery for adults performed in an inpatient setting;
  - (n) Minor bone grafts; or
  - (o) Temporary crowns.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

- WAC 388-535-1150 ((Eligible)) Becoming a DSHS dental provider((s-defined)). (1) The following providers ((shall-be)) are eligible for enrollment to provide and be ((reimbursed)) paid for dental-related ((medical)) services to eligible clients:
- (a) Persons currently licensed by the state of Washington to:
  - (i) Practice dentistry or specialties of dentistry:
  - (ii) Practice medicine and osteopathy((7)) for:
  - (A) Oral surgery procedures;
- (((b) Persons currently licensed by the state of Washington to practice dentistry;
- (c) Persons currently licensed by the state of Washington to)) or
  - (B) Fluoride varnish under EPSDT/Healthy Kids.
  - (iii) Practice as dental hygienists;
- (((d) Persons currently licensed by the state of Washington to)) (iv) Provide denture services (((denturists)));
  - (((e))) (v) Practice anesthesiology; or
- (vi) Provide conscious sedation, when providing that service in dental offices for dental treatments and when certified by the department of health.
  - (b) Facilities which are:

- (i) Hospitals currently licensed by the department of health;
  - (((f))) (ii) Federally-qualified health centers;
  - ((g) Participating health departments;
- (h))) (iii) Medicare-certified ambulatory surgical centers;
  - (((i))) (iv) Medicare-certified rural health clinics;
- (((j) Public health providers of dental screening services who have a signed agreement with the department to provide such services to persons eligible for EPSDT/healthy kids services)) or
  - (v) Community health centers.
  - (c) Participating local health jurisdictions; and
- (((k))) (d) Border area or out-of-state providers of dentalrelated services qualified in their states to provide these services.
- (2) ((A)) Licensed providers participating in the MAA dental program may be ((reimbursed)) paid only for those services that are within ((his or her)) their scope of practice.
- (((3) The provider shall bill the department and its elients according to WAC 388-87-010 and 388-87-015.))

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

- WAC 388-535-1200 <u>Dental services requiring prior</u> authorization.  $(((\frac{1}{1})))$  The following services require prior approval:
- (((a) Nonemergent surgical procedures as described under WAC 388-86-095;
- (b))) (1) Nonemergent inpatient hospital dental admissions as described under WAC ((388-86-050 and 388-87-070)) 388-550-1100(1) Hospital coverage;
- (((e))) (2) Orthodontic treatment as described under WAC ((388-535-1000 (3)(f))) 388-535-1250;
  - (((d) Cast base partial))
  - (3) Dentures as described in WAC 388-535-1240;
- (((e) Coronal-polishing and scaling-for children seven years of age and under; or
- (f))) (4) Crowns as described in WAC 388-535-1230; and
- (5) Selected procedures ((determined by the department)) identified by MAA, published in its current dental billing instructions, available from MAA at Olympia, Washington.
- (((2) When requesting prior approval, the department shall require the dental provider to submit, in writing, sufficient objective clinical information to establish medical necessity including, but not limited to:
- (a) A physiological description of the disease, injury, impairment, or other ailment;
  - (b) Pertinent laboratory findings:
  - (c) X-ray reports; and
  - (d) Patient profiles.
- (3) The department shall approve a request when the requested service meets the criteria in WAC 388-535-1000(2), Scope of coverage.
- (4) The department shall deny a request for dental services when the requested service is:

- (a) Not medically necessary as defined under WAC 388-500-0005; or
- (b) A service, procedure, treatment, device, drug, or application of associated service which MAA or the Health Care Financing Administration (HCFA) consider investigative or experimental on the date the service is provided.
- (5) The department may require a second opinion and/or consultation before the approval of any elective oral surgical procedure.))

### **NEW SECTION**

WAC 388-535-1220 Obtaining prior authorization for dental services. Authorization by MAA only indicates that the specific treatment is dentally necessary. Authorization for dental services does not guarantee payment.

- (1) When requesting prior authorization, the dental provider must submit to MAA, in writing, sufficient objective clinical information to establish dental necessity including, but not limited to:
- (a) Physiological description of the disease, injury, impairment, or other ailment;
  - (b) X-ray(s);
  - (c) Treatment plan;
  - (d) Study model, if requested; and
  - (e) Photographs, if requested.
- (2) When the requested service meets the criteria in WAC 388-535-1080, Covered services, it will be authorized.
- (3) A request for dental services will be denied when the requested service is:
  - (a) Not dentally necessary; or
- (b) A service, procedure, treatment, device, drug, or application of associated service which MAA or the Health Care Financing Administration (HCFA) consider investigative or experimental on the date the service is provided.
- (4) Second opinions and/or consultations may be required before the authorization of any elective procedure.
- (5) Authorization is valid only if the client is eligible for the date of service.
- (6) Miscellaneous or unspecified procedures may require prior authorization at MAA's discretion.

### **NEW SECTION**

WAC 388-535-1230 Crowns. (1) The following crowns do not need authorization and are covered:

- (a) Stainless steel, and
- (b) Nonlaboratory resin for primary anterior teeth.
- (2) The following crowns are limited to single restorations for permanent **anterior** (upper and lower) teeth and require prior authorization by MAA:
  - (a) Porcelain fused to a high noble metal;
  - (b) Porcelain fused to a predominately base metal;
  - (c) Porcelain fused to a noble metal;
  - (d) Porcelain with ceramic substrate;
  - (e) Full cast high noble metal;
  - (f) Full cast predominately base metal;
  - (g) Full cast noble metal; and
  - (h) Resin (laboratory).
  - (3) Criteria for crowns:

- (a) Crowns may be authorized when the tooth meets the criteria of **dentally necessary**.
- (b) Coverage is based upon a supportable five year prognosis that the client will retain the tooth if crowned. The provider must submit the following information:
  - (i) The overall condition of the mouth;
  - (ii) Oral health status;
  - (iii) Patient maintenance of good oral health status;
  - (iv) Arch integrity; and
- (v) Prognosis of remaining teeth (that is, no more involved than periodontal case type II).
- (c) Anterior teeth must show traumatic or pathological destruction to loss of at least one incisal angle.
- (4) The laboratory processed crowns described in subsection (2):
- (a) Are covered only once per permanent tooth in a five year period:
- (b) Are covered for **endodontically** treated **anterior** teeth only after satisfactory completion of the root canal therapy. Post-**endodontic** treatment X-rays must be submitted for prior authorization of these crowns; and
- (c) Including tooth and soft tissue preparation, amalgam or acrylic build-ups, temporary restoration, cement base, insulating bases, impressions, and local anesthesia; and
- (d) Are covered when a lesser service will not suffice because of extensive **coronal** destruction, and treatment is beyond **intracoronal** restoration.

### **NEW SECTION**

WAC 388-535-1240 Dentures. (1) Initial dentures do not require prior authorization except as described in subsection (4).

- (2) Partial dentures are covered under these limits:
- (a) Cast base partials only when replacing three or more teeth per arch excluding wisdom teeth; and
- (b) No partials are covered when they replace wisdom teeth only.
- (3) Prior authorization for replacement dentures or partials is not required when:
  - (a) The client's existing dentures or partials are:
- (i) No longer serviceable and cannot be **relined** or rebased;
  - (ii) Are lost; or
  - (iii) Are damaged beyond repair.
- (b) The client's health would be adversely affected by absence of dentures:
- (c) The client has been able to wear dentures successfully; and
  - (d) The denture meets the criteria of dentally necessary.
- (4) Payment (which may be partial) for laboratory and professional fees for dentures and partials requires prior authorization when the client:
  - (a) Dies;
  - (b) Moves from the state;
  - (c) Cannot be located; or
  - (d) Does not participate in completing the dentures.
- (5) The provider must document in the client's medical or dental record:

- (a) Justification for replacement of dentures; and
- (b) Charts of missing teeth, for replacement of partials.
- (6) The impression date may be used as the service date for dentures including partials only when:
- (a) Related dental services including laboratory services were provided during a client's eligible period; and
  - (b) The client is not eligible at the time of delivery.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

WAC 388-535-1250 Orthodontic coverage for DSHS ((elients)) children. ((The department shall cover orthodontia care when:)) Complex orthodontic treatment for severe handicapping dental needs is covered only for categorically needy children subject to the limits of this section.

- (1) Prior ((authorized;)) authorization is not required for cleft lip, cleft palate, or craniofacial anomalies when the client is:
- (a) Being treated by a department-recognized cleft lip, cleft palate or craniofacial anomaly team; and
  - (b) Eligible per WAC 388-535-1060.
- (2) ((A client is eligible for EPSDT/healthy kids services; and)) Orthodontic care must be prior authorized for children with severe malocclusions.
- (3) A client ((meets)) must meet one of the following categories to be eligible for **orthodontic** care:
- (a) A child with clefts ((and congenital or acquired)) (lip or palate) craniofacial anomalies and severe malocclusions when followed by an MAA-recognized cleft lip, cleft palate, or craniofacial team for:
- (i) Cleft lip and palate, cleft palate, ((and)) or cleft lip with alveolar process involvement;
- (ii) Craniofacial anomalies, including but not limited to:
  - (A) Hemifacial microsomia;
  - (B) Craniosynostosis syndromes;
  - (C) Cleidocranial dysplasia;
  - (D) Arthrogryposis;
  - (E) Marfans syndrome; or
  - (F) Other syndromes by MAA review;
- (iii) Other diseases/dysplasia with significant facial growth impact, e.g., juvenile rheumatoid arthritis (JRA); or
- (iv) Post traumatic, post radiation, or post burn jaw deformity.
- (b) A child with severe malocclusions which include one or more of the following:
  - (i) A severe skeletal disharmony;
  - (ii) A severe overjet resulting in functional impairment;
- (iii) A severe vertical overbite resulting in palatal impingement( $(\frac{1}{7})$ ) and/or damage to the mandibular labial tissues.
- (((e))) (d) A child with other <u>dental</u> malformations resulting in severe <u>dental</u> functional impairment ((shall be reviewed)). MAA reviews each of these cases for ((medical)) <u>dental</u> necessity.
- (4) Interceptive orthodontic treatment is covered once per client's lifetime for clients with cleft palate, craniofacial anomaly, or severe malocclusions.

- (5) Limited transitional orthodontic care is covered for a maximum of one year from original placement. Follow up treatment is allowed in three-month increments after the initial treatment.
- (6) Full orthodontic care is limited to a maximum of two years from original banding. Six follow up treatments are allowed in three month increments, beginning six months after original bonding.
- (8) Orthodontic removal is covered for a client whose appliance was placed by a provider not participating with MAA, or whose payment was not covered by MAA.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

### **NEW SECTION**

WAC 388-535-1260 Dental-related limits of stateonly funded programs. (1) Clients with the following statefunded only eligibility programs receive only the limited coverage described in this section:

- (a) General assistance unemployable (GAU); and
- (b) Alcohol and drug abuse treatment and support act (ADATSA) (GAU-W).
- (2) The dental services described and limited in this chapter are covered for clients eligible for GAU or GAU-W only when provided as part of a medical treatment for:
- (a) Apical abscess verified by clinical examination, and treated by:
  - (i) Open and drain palliative treatment;
  - (ii) Tooth extraction; or
  - (iii) Root canal;
- (b) Radiation therapy for cancer of the mouth, only for a total dental extraction performed prior to and because of that radiation therapy;
  - (c) Tooth fractures (limited to extraction);
  - (d) Maxillofacial fracture;
- (e) Systemic or presystemic cancer, only for oral hygiene related to those conditions;
  - (f) Cysts or tumor therapies; or
  - (g) Sequestrectomies.
- (3) MAA may require prior authorization for any dental treatment provided to a GAU or GAU-W client.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

WAC 388-535-1300 Access to baby and child dentistry (ABCD) program. (1) The access to baby and child dentistry (ABCD) program is a demonstration project ((in Spokane County,)) established to increase access to dental services in targeted areas for Medicaid eligible infants, toddlers, and preschoolers.

- (2) Children eligible for the ABCD program ((shall)) must be ((four)) five years of age ((and under)) or younger and residing in ((Spokane County)) targeted areas selected by MAA.
- (3) ((Dental providers certified by the University of Washington continuing education program shall provide

- ABCD services)) MAA pays enhanced fees to ABCD-certified participating providers for the targeted services. The University of Washington continuing education program certifies dental providers for ABDC services.
- (4) In addition to services provided under the ((medical assistance administration ())MAA(())) dental care program, the following services are provided:
  - (a) Family oral health education; and
  - (b) Case management services.
- (5) Clients who do not comply with program requirements may be disqualified from the **ABCD** program. The client remains eligible for regular MAA dental coverage((:
- (6) MAA pays enhanced fees to ABCD-certified participating providers for the targeted services)).

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

### **PAYMENT**

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

WAC 388-535-1350 ((Payment methodology—))
Dental-related services—Payment methodology. The department uses the dental services described in the Current Dental Terminology, 2nd edition (CDT-2), and the Current Procedure Terminology (CPT). The department uses state-assigned procedure codes to identify services not fully described in the CDT-2 or CPT descriptions.

- (1) For covered services provided to eligible clients, MAA ((shall reimburse)) pays dentists and related providers on a fee-for-service or ((eontract)) contractual basis, subject to the exceptions and restrictions listed under WAC 388-535-1100, ((Noneovered)) Dental services not covered, and WAC 388-535-1400, Dental payment limits.
- (2) ((In general maximum allowable fees (MAFs) for dental services provided to adult clients are based on the department's historical reimbursement rates, updated for legislatively authorized vendor rate increases.
- (3))) MAA may pay providers a higher reimbursement rate for selected dental services provided to **children** ((eighteen years and younger)) in order to increase **children's** access to dental services.
- (((4))) (3) Maximum allowable fees (((MAFs))) for dental services provided to **children** are set as follows:
- (a) The department's historical reimbursement rates for various procedures are compared to usual and customary charges.
- (b) The department consults with and seeks input from representatives of the provider community to identify program areas((f)) and concerns that need to be addressed.
- (c) The department consults with dental experts and public health professionals to identify and prioritize dental services((f)) and procedures in terms of their effectiveness in improving ((and f)) or promoting children's dental health.
- (d) Legislatively authorized vendor rate increases and/or earmarked appropriations for children's dental services are

- allocated to specific procedures based on this priority list and considerations of access to services.
- (e) Larger percentage increases ((are)) may be given to those procedures which have been identified as most effective in improving ((and/))or promoting children's dental health
- (f) Budget-neutral rate adjustments are made as appropriate based on the department's evaluation of utilization trends, effectiveness of interventions, and access issues.
- (((5))) (4) **Dental general** anesthesia services for all eligible clients are reimbursed on the basis of base anesthesia units (((BAU))) plus time. Payment for dental general anesthesia is calculated as follows:
- (a) Dental procedures are assigned ((five base)) an anesthesia base unit((s)) of five;
- (b) Twelve minutes constitute one unit of time. When a dental procedure requiring <u>dental general</u> anesthesia results in multiple time units and a remainder (less than twelve minutes), the remainder or fraction ((shall be)) is considered as one time unit;
- (c) Time units are added to the ((five base)) anesthesia base unit((s)) of five and multiplied by the anesthesia conversion factor;
- (d) The formula for determining ((reimbursement)) payment for dental general anesthesia is: (5.0 base anesthesia units + time units) x conversion factor = payment.
- (5) Anesthesiologists may be paid for general dental anesthesia provided in dental offices. Only anesthesiologists specially contracted by MAA will be paid an additional fee for that service.
- (6) Dental hygienists ((shall be)) are paid at the same rate as dentists for services allowed under The Dental Hygienist Practice Act available from the department of health, Olympia, Washington.
- (7) Licensed denturists or dental laboratories billing independently ((shall be)) are paid at MAA's allowance for ((prosthodonties)) prosthetics (dentures and partials) services.
- (8) Fee schedule changes are made whenever vendor rate increases or decreases are authorized by the legislature.
- (9) ((The department uses the American Dental Association's Current Dental Terminology, Second Edition (CDT-2) as the basis for identification of dental services. The department supplements this list with state-assigned procedure eodes to identify services which do not fit exactly into the CDT-2 descriptions.
- (10))) The department may adjust maximum allowable fees to reflect changes in the services or procedure code descriptions.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

- WAC 388-535-1400 Dental payment limits. (1) Provision of covered dental services to ((a client)) an eligible ((for a medical care program)) client constitutes acceptance by the provider of the department's rules and fees.
- (2) Participating providers ((shall)) must bill the department their usual and customary fees.

[ 103 ] Proposed

- (3) Payment for dental services is based on the department's schedule of maximum allowances. Fees listed in the MAA fee schedule are the maximum allowable fees.
- (4) Payment to the provider will be the lesser of the billed charge (usual and customary fee) or the department's maximum allowable fee.
- (5) If a covered service is performed for which no fee is listed, the service ((shall be)) is paid "By Report((-))" on a case-by-case basis as determined by MAA
- (6) ((Clients shall be responsible for payment as described under WAC 388-087-010 for services not covered under the client's medical care program)) If eligibility for dental services ends before the conclusion of the dental treatment, payment for any remaining treatment is the client's responsibility.

The client is responsible for payment of any dental treatment or service received during any period of ineligibility with the exception described in WAC 388-535-1240(4) even if the treatment was started when the client was eligible.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

WAC 388-535-1450 ((Payment—)) Denture laboratory services -Payment. (((+1))) A dentist using the services of an independent denture laboratory ((shall request services for an MAA client in the same manner he or she requests services for his or her private patient)) must bill MAA for the services of the laboratory.

(((2) An independently practicing denturist may bill the department directly.)) No.((reimbursement shall be)) payment will be made to a dentist for services performed and billed by an independent denturist.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

WAC 388-535-1500 ((Payment—))Dental-related hospital services—Payment. ((The department shall pay for medically)) Dentally necessary ((dental-related)) hospital inpatient and outpatient services ((aecording to)) in accord with WAC ((388-87-070 and 388-87-072)) 388-550-1100.

AMENDATORY SECTION (Amending Order 3931, filed 12/6/95, effective 1/6/96)

WAC 388-535-1550 Dental care provided out-of-state—Payment. (1) ((The department shall authorize and provide comparable dental care services to)) Clients, except those receiving medical care services (state-only funding), who are temporarily outside ((of)) the state ((to the same extent that such)) receive the same dental care services ((are furnished to)) as clients in the state, subject to the same exceptions and limitations ((as in-state clients)).

(2) ((The department shall not provide)) Qut-of-state dental care ((to)) received by clients receiving medical care services ((as defined under WAC 388-500-0005. The department shall cover dental services in designated bordering cities for)) (state-only funding) is not covered.

(3) Eligible clients in MAA-designated border areas may receive the same dental services as if provided in state.

(((3) Out-of-state))

(4) Dental providers ((shall)) who are out-of-state must meet the same criteria for payment as in-state providers, including the requirements to contract with MAA.

### REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 388-535-1000

Dental-related services— Scope of coverage.

### WSR 99-02-012 PROPOSED RULES DEPARTMENT OF LICENSING

[Filed December 28, 1998, 3:03 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-16-072.

Title of Rule: Vessel registration and certificate of title. Purpose: 1. To meet the criteria set forth in Governor Locke's Executive Order 97-02.

2. To clarify rules and help make them more comprehensible.

Statutory Authority for Adoption: RCW 88.02.070 and 88.02.100.

Summary: Amending WAC 308-93-520 Owner deceased—Community property agreement, 308-93-530 Owner incompetent and 308-93-540 Owner bankrupt; and repealing WAC 308-93-550 Owner deceased—Signature of personal representative, 308-93-560 Owner deceased—Estate administered, 308-93-570 Owner deceased—No will left, 308-93-580 Owner deceased—To spouse "in lieu of homestead," 308-93-590 Owner deceased—In name of estate, and 308-93-600 Owner deceased—Estate not administered.

Reasons Supporting Proposal: Meet criteria supporting Governor Locke's Executive Order 97-02.

Name of Agency Personnel Responsible for Drafting: Patrick J. Zlateff, 1125 Washington Street S.E., Olympia, 902-3718; Implementation: Nancy Kelly, 1125 Washington Street S.E., Olympia, 902-3754; and Enforcement: Eric Andersen, 1125 Washington Street S.E., Olympia, 902-4045.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Disposition of vessels when owner is deceased, incompetent or bankrupt.

The anticipated effects will be a clarification of the above-mentioned requirements.

Proposal Changes the Following Existing Rules: Clarify sections needed and repeal those no longer required.

No small business economic impact statement has been prepared under chapter 19.85 RCW. A small business economic impact statement is not required pursuant to RCW 19.85.030 (1)(a). The proposed rule making does not impose more than a minor cost on businesses in an industry.

RCW 34.05.328 does not apply to this rule adoption. The contents of the proposed rules are explicitly and specifically dictated by statute.

Hearing Location: Highways-Licenses Building, Conference Room 303, 1125 Washington Street S.E., Olympia, WA 98507, on February 9, 1999, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Patrick J. Zlateff by February 8, 1999, TDD (360) 664-8885, or (360) 902-3718.

Submit Written Comments to: Patrick J. Zlateff, Rules Coordinator, Title and Registration Services, P.O. Box 2957, Olympia, WA 98507-2957, fax (360) 664-0831, by February 8, 1999.

Date of Intended Adoption: March 8, 1999.

December 28, 1998
Nancy Kelly, Administrator
Title and Registration Services
by Phyllis Mercer

AMENDATORY SECTION (Amending Order 736-DOL, filed 11/18/83)

WAC 308-93-520 Owner deceased—((Community property agreement)) Release of interest by personal representative. ((If the prior owner of record of a vessel is deceased and a valid community property agreement exists, the surviving spouse may release the interest of the deceased's estate in the vessel. The following shall be attached to any application for certificate of title:

- (1) A copy of the community property agreement;
- (2) A certified copy of the death certificate.)) (1) What is a personal representative?

A personal representative is an individual named in the last will and testament or appointed and confirmed by the court to manage the estate of a deceased person.

### (2) How is the interest of the owner of record released on a vessel ownership document if an owner is deceased?

Interest is released by the signature of the personal representative on vessel ownership documents. Any unreleased registered or legal owners shall remain as such on the new certificate of ownership issued by the department.

# (3) What do I need as proof of legal authority to release interest in a vessel acquired from an estate of a deceased person?

If the estate is:

(a) Administered:

(i) Certified letters of testamentary; or

(ii) Letter of administration; or

(iii) Certificate of county clerk.

(b) Joint tenants with rights of survivorship:

Certified copy of death certificate.

(c) Community property:

(i) Certified copy of the death certificate; and

(ii) A copy of the community property agreement; or

(iii) Affidavit of inheritance.

(d) Estate not administered:

(i) Certified copy of death certificate; and

(ii) Affidavit of inheritance; or

(iii) Affidavit of succession.

AMENDATORY SECTION (Amending Order 736-DOL, filed 11/18/83)

WAC 308-93-530 Owner incompetent—Release of interest. ((On any application for certificate of title where the former owner of record of the vessel has been declared legally incompetent, the incompetent's interest in the vessel shall be released by signature of the court appointed guardian. A certified copy of the court order appointing the guardian shall be attached to the application.)) Who is eligible to release interest on a vessel ownership document if the owner is declared incompetent?

Only the court appointed guardian may release interest in a vessel owned by an individual who has been declared incompetent. The release of interest must be accompanied by a certified copy of the court order appointing the guardian.

<u>AMENDATORY SECTION</u> (Amending Order 736-DOL, filed 11/18/83)

WAC 308-93-540 Owner bankrupt—Release of interest. ((On any application for certificate of title where the prior owner's interest has been terminated through bankruptey proceedings, the interest of the bankrupt in the vessel may be released by his/her trustee. If the release is by his/her trustee, a certified copy of the court order appointing the trustee shall be attached to the application.)) Who has the authority to release interest in a vessel when an owner has been declared bankrupt?

A trustee appointed by the court has the authority to release interest on a vessel for the owner who has been declared bankrupt. The release of interest shall be accompanied by a certified copy of the court order appointing the trustee.

### **REPEALER**

The following sections of the Washington Administrative Code are repealed:

WAC 308-93-5	50	Owner deceased—Signature of personal representative.
WAC 308-93-50	60	Owner deceased—Estate administered.
WAC 308-93-5	70	Owner deceased—No will left.
WAC 308-93-58	80	Owner deceased—To spouse "in lieu of homestead."
WAC 308-93-59	90	Owner deceased—In name of estate.
WAC 308-93-60	00	Owner deceased—Estate not administered.

# WSR 99-02-014 WITHDRAWAL OF PROPOSED RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(By the Code Reviser's Office) [Filed December 29, 1998, 8:31 a.m.]

WAC 388-444-0080, proposed by the Department of Social and Health Services in WSR 98-11-084 appearing in issue 98-13 of the State Register, which was distributed on July 1, 1998, is withdrawn by the code reviser's office under RCW 34.05.335(3), since the proposal was not adopted within the one hundred eighty day period allowed by the statute.

Kerry S. Radcliff, Editor Washington State Register

# WSR 99-02-015 WITHDRAWAL OF PROPOSED RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(By the Code Reviser's Office) [Filed December 29, 1998, 8:32 a.m.]

WAC 388-501-0150, proposed by the Department of Social and Health Services in WSR 98-13-082 appearing in issue 98-13 of the State Register, which was distributed on July 1, 1998, is withdrawn by the code reviser's office under RCW 34.05.335(3), since the proposal was not adopted within the one hundred eighty day period allowed by the statute.

Kerry S. Radcliff, Editor Washington State Register

### WSR 99-02-016 WITHDRAWAL OF PROPOSED RULES DEPARTMENT OF ECOLOGY

(By the Code Reviser's Office) [Filed December 29, 1998, 8:33 a.m.]

WAC 173-202-020, proposed by the Department of Ecology in WSR 98-13-115 appearing in issue 98-13 of the State Register, which was distributed on July 1, 1998, is withdrawn by the code reviser's office under RCW 34.05.335(3), since the proposal was not adopted within the one hundred eighty day period allowed by the statute.

Kerry S. Radcliff, Editor Washington State Register

### WSR 99-02-052 PROPOSED RULES DEPARTMENT OF LICENSING

[Filed January 5, 1999, 2:08 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-23-077.

Title of Rule: WAC 308-104-109 Extension of driver's license

Purpose: To authorize the extension of driver licenses of persons who are outside of the state at the time their licenses expire.

Statutory Authority for Adoption: RCW 43.24.140. Statute Being Implemented: RCW 43.24.140.

Summary: The rule establishes the procedure to be used by persons applying for driver license extensions and authorizes the director to require documentation evidencing a person's ability to operate a motor vehicle safely.

Reasons Supporting Proposal: License extension allows persons who are outside the state when their licenses expire to continue to drive legally.

Name of Agency Personnel Responsible for Drafting: Judith Giniger, Department of Licensing, Highways-Licenses Building, Olympia, (360) 902-3850; Implementation and Enforcement: Debbie Schmidt, Department of Licensing, Highways-Licenses Building, Olympia, (360) 902-3837.

Name of Proponent: Department of Licensing, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule will allow drivers who are out of state at the time their licenses expire to apply for extension of their licenses. A number of individuals are military dependants or spouses, or are employed by public or private employers and cannot return to Washington to renew their licenses before expiration. This rule authorizes the director to extend licenses to enable persons to continue to drive legally.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The rule does not impact small businesses.

RCW 34.05.328 does not apply to this rule adoption. The department is not one of the agencies to which RCW 34.05.328 applies.

Hearing Location: Highways-Licenses Building, Room 303, Third Floor, on February 10, 1999, at 9:00 a.m.

Assistance for Persons with Disabilities: Contact Rosa Kimmerly by February 1, 1999, TDD (360) 664-8885, or (360) 902-3847.

Submit Written Comments to: Judith Giniger, Department of Licensing, P.O. Box 9020, Olympia, WA 98507-9020, fax (360) 586-8351, by February 5, 1999.

Date of Intended Adoption: February 10, 1999.

January 5, 1999 Judith Giniger Assistant Director

### **NEW SECTION**

WAC 308-104-109 Extension of driver's license. A person who is outside the state when his or her driver's license expires may extend the driver's license for the period he or she is outside of the state, plus sixty days. Regardless of the length of time for which it has been extended, a license that has been extended must be renewed within sixty days of

the person's return to the state. No license shall be extended for more than four years beyond the date of its expiration.

To extend his or her driver's license, an applicant must apply in writing on a form provided by the department. The form shall require the applicant to state under penalty of perjury that he or she will be out of the state when his or her license expires and that he or she will be unable to return to the state to renew his or her license before it expires. The director may require such information or examination as the director deems necessary to determine whether any facts exist which would bar the issuance of an extension or to determine the applicant's fitness to operate a motor vehicle safely, including a medical examination or a vision examination.

An extension of a person's driver's license does not change the expiration date of a license for purposes of RCW 46.20.181.

### WSR 99-02-053 PROPOSED RULES PERSONNEL RESOURCES BOARD

[Filed January 5, 1999, 2:18 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: New WAC 356-05-012 Affected group members; repealing WAC 356-05-327 Protected group members; and amending WAC 356-05-013 Affirmative action, 356-05-207 Job categories, 356-05-447 Underutilization, 356-09-010 Affirmative action program—Purpose, 356-09-030 Affirmative action program—Affirmative action plan— Elements, 356-09-040 Affirmative action program—Responsibilities—Department of personnel, 356-09-050 Affirmative action program—Testing, 356-22-010 Examination— Announcements, 356-22-040 Applications—Contents— Restrictions, 356-22-090 Examinations—Composition, 356-22-180 Examination—Oral examining panel, 356-26-010 Registers—Responsibility—Duration—Maintenance, 356-26-060 Certification—General methods, 356-26-070 Certification—Registers—Order of rank—Exception, and 356-30-010 Appointments—Bona fide occupational qualifications.

Purpose: See Title of Rule above.

Statutory Authority for Adoption: Chapter 41.06 RCW. Statute Being Implemented: RCW 41.06.150.

Summary: These changes are proposed to bring general government rules into compliance with Initiative 200.

Name of Agency Personnel Responsible for Drafting: Sharon Peck, 521 Capitol Way South, Olympia, WA, (360) 753-0468; Implementation and Enforcement: Department of Personnel.

Name of Proponent: Department of Personnel, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: These changes are proposed to bring general government rules into compliance with Initiative 200.

Proposal Changes the Following Existing Rules: See above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Not required.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. These rules relate to internal government operations that are not subject to violation by a nongovernmental party. Therefore, pursuant to RCW 34.05.328 [(5)](b)(ii), section 201 does not apply.

Hearing Location: Department of Personnel, 521 Capitol Way South, Olympia, WA, on February 11, 1999, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Department of Personnel by February 4, 1999, TDD (360) 753-4107, or (360) 586-0509.

Submit Written Comments to: Sharon Peck, Department of Personnel, P.O. Box 47500, fax (360) 586-4694, by February 9, 1999.

Date of Intended Adoption: February 11, 1999.

January 5, 1999 Dennis Karras Secretary

### **NEW SECTION**

WAC 356-05-012 Affected group members. Affected groups for affirmative action purposes are: Persons age forty and above, people with disabilities, Vietnam Era and disabled veterans, women, Asians and Pacific Islanders, Blacks, Hispanics, Native Americans and Alaska Natives.

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-05-013 Affirmative action. Procedures by which ((protected)) affected group members are provided with increased employment opportunities designed to correct underutilization. Affirmative action shall not mean any sort of quota system.

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-05-207 Job categories. The eight categories designated by the equal employment opportunity commission for ((affirmative action)) reporting to federal agencies: Officials and administrators, professionals, technicians, protective service workers, paraprofessionals, office and clerical, skilled craft workers, and service and maintenance.

### **REPEALER**

((WAC 356 05 327 Protected group members. Protected groups for affirmative action purposes are: Persons age forty and above, people with disabilities, Vietnam Era veterans, disabled veterans, women, Asians and Pacific Islanders, Blacks, Hispanics, Native Americans and Alaska Natives.))

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-05-447 Underutilization. ((Employment of protected group members in a class or job category at a rate below their workforce availability, and other approved criteria when applicable, as identified in the agency's approved affirmative action plan.)) Having fewer racial/ethnic minorities, women, persons age 40 and over. Vietnam Era and disabled veterans, or persons of disability in a particular job group than reasonably would be expected based upon their availability.

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-09-010 Affirmative action program—Purpose. The purpose of this chapter is to ensure compliance by state agencies with the provisions of chapter 41.06 RCW and executive orders, which provide for affirmative action and equal employment opportunity in appointment, promotion, transfer, recruitment and career development; development and implementation of affirmative action goals ((and timetables)), and monitoring progress toward achieving those goals ((and timetables)).

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-09-030 Affirmative action program—Affirmative action plan—Elements. (1) Agencies that are required to maintain an affirmative action plan shall develop them in accordance with the department of personnel affirmative action program guidelines. Affirmative action plans will be submitted for review to the department of personnel ((and the human rights commission)).

- (2) Affirmative action plan updates will be submitted annually to the department of personnel ((and the human rights commission)) for review and approval in accordance with the department of personnel guidelines.
- (3) Affirmative action plans must contain, but are not limited to the following elements:
- (a) Equal employment opportunity/affirmative action policy statement endorsed by the agency head.
- (b) Designation of responsibility for implementation and maintenance of the plan.
  - (c) Dissemination of plan and policy.
  - (d) Utilization analysis.
  - (e) Goals ((and timetables)).
  - (f) Identification of problem areas.
  - (g) Action programs to achieve goals.
  - (h) Monitoring and reporting procedures.

<u>AMENDATORY SECTION</u> (Amending WSR 87-02-038 [98-19-034] (Order 267), filed 1/2/87 [9/10/98])

WAC 356-09-040 Affirmative action program—Responsibilities—Department of personnel. The department of personnel is responsible for administering the state's affirmative action program and providing technical assistance to state agencies in the development and implementa-

tion of their affirmative action programs. In keeping with these responsibilities, the department of personnel will accomplish the following:

- (1) Publish guidelines that will assist agencies in developing and implementing their affirmative action plan.
- (2) Provide agencies with the data required to develop and implement affirmative action goals ((and timetables)).
- (3) Review agency affirmative action plans and equal employment opportunity policy statements for compliance with applicable merit system rules and established affirmative action guidelines, and recommend changes as appropriate.
- (4) When plans and policy statements are in compliance, recommend them for approval to the governor's affirmative action policy committee.
- (((5) Monitor for adverse impact on protected group members in the areas of recruitment, testing, appointment, promotion, transfer, termination, formal disciplinary actions, and career development. Records in these areas will be maintained by protected group status.))
- (((6))) (5) With the assistance of state agencies, initiate the recruitment of ((protected)) affected group members, including target recruitment ((when the representation of protected group members on the register is less than their availability)) when appropriate.
- (((7))) (6) Monitor items submitted to the personnel board for possible negative effect on affirmative action.
- (((8))) (7) Monitor ((protected)) affected group participation in agencies' human resource development activities.
- (((9))) (8) ((Conduct an annual audit to assess)) Monitor agencies' progress in meeting goals and addressing problems identified in their affirmative action program. ((The audit will be conducted in accordance with the established department of personnel affirmative action program guidelines.))

**Reviser's note:** The bracketed material preceding the section above was supplied by the code reviser's office.

**Reviser's note:** RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

<u>AMENDATORY SECTION</u> (Amending WSR 91-20-034 (Order 388), filed 9/23/91, effective 11/1/91)

WAC 356-09-050 Affirmative action program— Testing. (1) The department of personnel will make reasonable accommodations for persons of disability who require such during test procedures.

- (2) The department of personnel may test ((a protected group member)) persons with disabilities. Vietnam era and disabled veterans, and persons age 40 and above after the closing date of the recruitment announcement, provided:
  - (a) A register exists for the class; and
- (b) The employing agency or the state has not met affirmative action goals for ((a)) the specific ((protected group)) category for that class or job ((eategory)); and
- (c) The ((protected group's)) category's representation ((on the register)) in the state workforce is less than ((the)) its availability ((for the protected group)); and

- (d) The applicant is a member of the ((protected group)) category identified in (b) and (c) of this subsection, and met minimum qualifications at the time of application; and
- (e) The ((protected group member)) applicant being examined has not been tested under the same recruitment announcement within the past thirty calendar days.
- (f) The test may not be taken more than three times within a 12-month period unless the examination content has been substantially changed.

AMENDATORY SECTION (Amending WSR 90-05-029 (Order 338), filed 2/13/90, effective 4/1/90)

# WAC 356-22-010 Examination—Announcements. (1) Recruitment shall be conducted publicly in any manner which the director or designee determines will attract a sufficient number of qualified persons to meet the needs of the classified service, and shall include methods designed to attract ((protected)) affected group members. Recruitment announcements shall be posted publicly, as selected by the director, and at all offices of the department of personnel. Each recruitment announcement shall give the title and salary range of the class, a general description of the duties performed, the applicable minimum or desirable qualifications, the expected type of examination, and shall encourage ((protected)) affected group members to apply.

- (2) The director may limit recruitment to applicants meeting selective criteria.
- (3) The director may limit open competitive recruitment to applicants available for employment to specific geographic locations.
- (4) Registers established under subsections (2) and (3) of this section will be used exclusively for filling positions for which such recruitment has been conducted.

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

- WAC 356-22-040 Applications—Contents—Restrictions. (1) All applications shall be on a form prescribed by the department of personnel. The applicant's signature shall certify the truth of the stated information.
- (2) The application shall include pertinent information regarding experience, training, and other information as deemed necessary by the director of personnel. A certificate of physical fitness from one or more licensed physicians based upon job-related criteria may be required by the director of personnel or designee.
- (3) No information shall be solicited or accepted which reveals an applicant's religious or political affiliations. Information regarding an applicant's ((protected)) affected group status shall be solicited only for use in an affirmative action program and shall be accepted only if it is voluntarily given by the applicant.
- (4) Information regarding the nature and extent of a ((handicap)) disability including a physician's statement, may be requested for affirmative action purposes and/or admittance to modified examinations under conditions specified in ((Merit System Rule)) WAC 356-22-130.

<u>AMENDATORY SECTION</u> (Amending WSR 91-20-036 (Order 390), filed 9/23/91, effective 11/1/91)

WAC 356-22-090 Examinations—Composition. (1) The director of personnel, or designated representative, shall determine, by uniform standards, the appropriate examination for a register for a class and the tests, or combination of tests and relative weights to be assigned. Examinations shall be practical in nature and of such character as to determine the capacity of the applicant to perform the duties of the particular class of positions for which the applicant is competing as well as the applicant's general background and related knowledge, and shall be rated objectively. Examinations will be developed and administered in a manner that minimizes bias due to cultural differences. A passing score may be required on each test included in the examination.

Examinations shall normally consist of one or a combination of the following:

- (a) A written test.
- (b) A performance test.
- (c) An oral test.
- (d) An evaluation of experience and training.
- (2) When the director of personnel determines that the number of applicants responding to an examination announcement is excessive in relation to the number of projected job openings, the director may limit admission to the oral test to those scoring highest on a preliminary test which may be a written test, performance test, or an evaluation of experience and training. The number admitted to the oral test shall be at least twice the number of anticipated vacancies for the subsequent year or 20% of those applicants with passing scores, whichever is greater; but never less than 16 or the entire body of passing applicants, whichever is less.
- (((3) When the director of personnel determines that the number of applicants to be admitted to the oral examination will be limited by a screening procedure as authorized by WAC 356-22-090(2), the department will ensure that, in addition, a representative number of those protected group members who were accepted under the examination announcement and who passed the preliminary test are also admitted to the oral examination.))

AMENDATORY SECTION (Amending WSR 98-19-034, filed 9/10/98, effective 10/12/98)

WAC 356-22-180 Examination—Oral examining panel. (1) The members of oral examining panels shall be chosen primarily for their ability to judge the qualifications of applicants objectively. At least one member by past experience and training shall be generally familiar with the nature of the work for which the examination is being given. Emphasis will be placed on including at least one ((proteeted)) affected group member on each oral examining board.

(2) No examining panel shall have fewer than two members. No person holding political office or any officer or committee member of any political organization shall serve as a member of such panel.

- (3) If conditions require establishing multiple panels, tests and instructions shall be structured to ensure uniformity of examining conditions and rating standards.
- (4) Members of oral examining panels shall disclose each instance in which they know an applicant to the extent that they have formed a prior personal bias for or against an applicant and shall disqualify themselves without rating the applicant or biasing the remaining members.

**Reviser's note:** RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-26-010 Registers—Responsibility—Duration—Maintenance. (1) The establishment, maintenance, and adequacy of all ranked and unranked registers shall be the responsibility of the director of personnel.

- (2) A person's standing on a register shall be measured from the date that person's name is placed on the register.
- (3) Each register shall indicate the person's geographic availability, available information on ((protected)) affected group status, and other appropriate considerations as determined by the director of personnel.
- (4) The director of personnel may, as requested, designate agency personnel officers to act as agents of the department of personnel for the purposes of establishing and/or maintaining ranked and unranked local list registers unique to the employing agency and certifying names therefrom under these ((merit system)) rules. The director of personnel will be responsible for establishing the necessary procedures which shall include ((a periodic audit of)) monitoring agency activity. Applicants shall have appeal rights to the director in accordance with all other provisions of the rules.

AMENDATORY SECTION (Amending WSR 93-19-147 (Order 432), filed 9/22/93, effective 10/23/93)

WAC 356-26-060 Certification—General methods. Upon receipt of a request for certification, the director of personnel shall normally certify to the appointing authority a list of names equal in number to six more than there are vacancies to be filled from the ranked registers except:

- (1) One name will constitute a complete certification when referrals are made from the agency reduction in force register, the service-wide reduction in force register, or the dual agency reversion register. When an appointing authority requests a selective certification for specialized qualifications, the eligible candidate must meet the selective criteria in order to be referred to the position, provided:
- (a) The criteria were approved when the position was established, reallocated, or last filled; or
- (b) The specialized qualifications were previously required for a classification that was later merged with other classifications that did not require them; or
- (c) It has been determined that the position involves new duties that would warrant future selective certification. Such selective criteria shall not be applied for certification pur-

poses until six months after the department of personnel approves the selective criteria for the position.

- (d) In the case of (a), (b), or (c) of this subsection, the director of personnel or designee must determine that the specialized qualifications are still required for successful job performance and cannot be learned within a reasonable length of time.
- (2) Where all names are certified exclusively from an open competitive register, the director of personnel may certify in ranked order up to all of the names from the open competitive register: *Provided*, That the appointing authority shall select from those eligibles available from the highest ranking names which constitute seven names per vacancy to be filled.
- (3) The names of candidates from the same register who have the same score as the lowest score to be certified will also be certified.
- (4) An unranked register may be used to complete a certification. An agency may request the transfer, reemployment, and/or voluntary demotion register(s) to complete a certification. In such cases, all names appearing on the specified register shall be certified. Subsequent unranked registers shall not be used until the certification is again incomplete.
- (5) When the vacancy to be filled is identified as part of an agency's affirmative action goals as established by their approved affirmative action plan, the director of personnel may, except where there are employees on the reduction in force register, refer up to three additional names per vacancy of individuals who are on existing registers and who are ((members of the protected groups)) persons with disabilities, Vietnam era and disabled veterans, and persons age 40 and above. More than three additional names per vacancy will be certified if there are ((protected group candidates)) eligibles in these categories with the same score as the lowest score to be certified. This action may be taken when necessary to comply with the best standards of personnel administration as contemplated by chapter 41.06 RCW.

Prior to the utilization of this subsection, the agency shall determine if there are ((protected group members)) eligibles in these categories on the existing registers. If there are fewer than three ((protected group members)) such eligibles on the register, the agency shall:

- (a) Appoint one of the eligibles from the register; or
- (b) Request assistance from the department of personnel in completing the certification. The department of personnel and the agency will then initiate targeted recruitment.
- (6) When one or more of the following conditions exist, the director of personnel or designee may certify a sufficient number of names to assure that the requesting agency has not less than seven names available for consideration:
  - (a) The position is in an isolated or undesirable location.
  - (b) The position has undesirable working conditions.
  - (c) The agency needs to fill several positions in the class.
- (d) One or more agencies have had difficulty filling positions in the class.
- (e) The director of personnel or designee determines that such certification is necessary to provide the requesting agency with efficient service.

If such certification contains seven or more available promotional candidates, agencies shall appoint from the promotional candidates.

(7) Permanent employees certified from a ranked register for consideration of appointment shall be notified by the agency at the time of the referral. Upon appointment the agency shall advise those employees certified but not appointed of the action taken.

AMENDATORY SECTION (Amending WSR 95-19-098, filed 9/20/95, effective 11/1/95)

WAC 356-26-070 Certification—Registers—Order of rank—Exception. The director of personnel will normally certify names from the registers in the following order:

- (1) Agency reduction in force register.
- (2) Service-wide reduction in force register.
- (3) Dual-agency reversion register.
- (4) Agency promotional register.
- (5) Higher education reduction in force register.
- (6) Service-wide reversion register.
- (7) Transfer register.
- (8) Voluntary demotion register.
- (9) Service-wide promotional register.
- (10) Reemployment unranked register.
- (11) Inter-system employment register.
- (12) Open competitive register.

However, if the director of personnel or agency designee with local list authority establish that it is in the best interest of the state to broaden the competition, agencies may request the director of personnel or agency designee to certify names combined from registers (4), (9), (11), and (12) provided:

- (a) The written request to the director or agency designee shall be evidence of assurance that:
- (i) Such a request will not harmfully affect utilization of ((protected)) affected group members who are applicants for this class.
- (ii) If the position is within a collective bargaining unit, the exclusive representative has been provided a copy of the request.
- (iii) That the request is in the best interest of the state and not solely intended to circumvent the policy of promotion from within the state as provided in WAC 356-30-150.
- (b) Request for combined registers must be made on a position-by position or a class basis and prior to recruitment or referral.

AMENDATORY SECTION (Amending WSR 87-02-038 (Order 267), filed 1/2/87)

WAC 356-30-010 Appointments—Bona fide occupational qualifications. All appointments and assignments of work in the state service shall be made on the basis of merit. However, restrictions based on creed, sex, or disability may be considered by the appointing authority when such restrictions have been approved by the human rights commission as bona fide occupational qualifications. Appointing authorities need not obtain approval from the human rights commission when taking action to reasonably accommodate a person of disability or when appointing ((a protected group member))

persons with disabilities, Vietnam era and disabled veterans, and persons age 40 and above from a supplemental referral.

# WSR 99-02-054 PROPOSED RULES PERSONNEL RESOURCES BOARD

[Filed January 5, 1999, 2:20 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: New WAC 251-01-014 Affected groups; repealing WAC 251-01-330 Protected groups and 251-01-420 Timetables; and amending WAC 251-01-015 Affirmative action, 251-01-040 Availability, 251-01-190 Goals, 251-01-400 Supplemental certification, 251-01-440 Underutilization, 251-17-090 Examination—Eligibility, 251-23-010 Affirmative action—Authority, 251-23-030 Affirmative action plans—Monitoring progress—Reporting, 251-23-040 Affirmative action plans—Content, 251-23-050 Affirmative action—Goals, 251-23-060 Affirmative action—Supplemental certification, and 251-24-030 Training and development programs—Contents.

Purpose: See Title of Rule above.

Statutory Authority for Adoption: Chapter 41.06 RCW. Statute Being Implemented: RCW 41.06.150.

Summary: These changes are proposed to bring higher education rules into compliance with Initiative 200.

Name of Agency Personnel Responsible for Drafting: Sharon Peck, 521 Capitol Way South, Olympia, WA (360) 753-0468; Implementation and Enforcement: Department of Personnel.

Name of Proponent: Department of Personnel, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: These changes are proposed to bring higher education rules into compliance with Initiative 200.

Proposal Changes the Following Existing Rules: See above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Not required.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. These rules relate to internal government operations that are not subject to violation by a nongovernmental party. Therefore, pursuant to RCW 34.05.328 [(5)](b)(ii), section 201 does not apply.

Hearing Location: Department of Personnel, 521 Capitol Way South, Olympia, WA, on February 11, 1999, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Department of Personnel by February 4, 1999, TDD (360) 753-4107, or (360) 586-0509.

Submit Written Comments to: Sharon Peck, Department of Personnel, P.O. Box 47500, fax (360) 586-4694, by February 9, 1999.

[ 111 ] Proposed

Date of Intended Adoption: February 11, 1999.

January 5, 1999 Dennis Karras Secretary

### **NEW SECTION**

WAC 251-01-014 Affected groups. For affirmative action purposes means racial/ethnic minorities (Black, Asian/Pacific Islander, Hispanic, Native American Indian), women, persons age 40 and over, persons with disabilities, Vietnam-era and disabled veterans.

AMENDATORY SECTION (Amending WSR 86-09-078 (Order 147), filed 4/22/86)

WAC 251-01-015 Affirmative action. A procedure by which racial/ethnic minorities, women, persons of disability, persons ((in the protected)) age ((eategory)) 40 and over, Vietnam-era veterans, and disabled veterans are provided with ((increased)) employment opportunities designed to correct underutilization. It shall not mean any sort of quota system.

AMENDATORY SECTION (Amending WSR 87-16-045 (Order 158), filed 7/29/87, effective 9/1/87)

WAC 251-01-040 Availability. An estimate, based on the best data available, of the number of women, racial/ethnic minorities, persons ((in the protected)) age ((eategory)) 40 and over, Vietnam-era and disabled veterans, and persons ((of disability)) with disabilities who have the skills and abilities required for employment in a particular job group as determined from an analysis of relevant data. The determination of the availability of ((protected)) affected group members shall be based on consideration of the following factors:

- (1) The ((protected)) affected group population of the relevant labor market.
- (2) The size of the ((protected)) affected group unemployment force in the relevant labor market.
- (3) The percentage of the ((protected)) affected group work force as compared with the total work force in the relevant labor market.
- (4) The general availability of ((protected)) affected group members having requisite skills in the relevant labor market.
- (5) The availability of ((protected)) affected group members having requisite skills in an area in which the institution can reasonably recruit.
- (6) The availability of promotable and transferable ((protected)) affected group members within the institution.
- (7) The existence of training institutions capable of training persons in the requisite skills.
- (8) The degree of training which the institution is reasonably able to undertake as a means of making all job classes available to ((protected)) affected group members.

The availability estimates shall be based upon an analysis of the factors determined to be relevant to the particular job class/category.

AMENDATORY SECTION (Amending WSR 87-02-036 (Order 154), filed 1/2/87, effective 2/1/87)

WAC 251-01-190 Goals. (((Hiring and/or promotion.) The projected number of hires and/or promotions needed to correct identified areas of underutilization.)) Flexible targets where good faith efforts are used for hiring and promoting affected group members in job groups where underutilization exists.

### **REPEALER**

((WAC 251-01-330 Protected groups. For affirmative action purposes means racial/ethnic minorities (Black, Asian/Pacific Islander, Hispanie, Native American Indian), women, persons in the protected age class, persons of disability, Vietnam-era and disabled veterans.))

AMENDATORY SECTION (Amending WSR 87-02-036 (Order 154), filed 1/2/87, effective 2/1/87)

WAC 251-01-400 Supplemental certification. A process by which ((eligible members of protected groups)) persons with disabilities, Vietnam era and disabled veterans, and persons age 40 and over can be referred to employing officials for the filling of position vacancies in job classes/categories where it has been determined that underutilization exists.

### **REPEALER**

((WAC 251-01-420 Timetables. Established time periods during which identified areas of underutilization will be corrected.))

AMENDATORY SECTION (Amending WSR 86-09-078 (Order 147), filed 4/22/86)

WAC 251-01-440 Underutilization. Having fewer racial/ethnic minorities, women, persons ((in the protected)) age ((entegory)) 40 and over, Vietnam-era and disabled veterans, or persons ((of disability)) with disabilities in a particular job group than would reasonably be expected by their availability.

AMENDATORY SECTION (Amending WSR 93-19-078, filed 9/14/93, effective 10/1/93)

- WAC 251-17-090 Examination—Eligibility. (1) Open-competitive examinations shall be open to all persons who apply according to the provisions of these rules and meet the minimum qualifications for the class.
- (2) Promotional examinations shall be limited to those current permanent employees of the classified service at the institution, and those former permanent employees of the institution seeking to return from separation pursuant to WAC 251-10-080, who apply according to the provisions of these rules and meet the minimum qualifications for the class. The personnel officer may open promotional examinations on either an organizational unit or institution-wide basis,

Proposed [112]

whichever the personnel officer determines to be in the interest of the service.

- (3) When the number of qualified applicants for a class in the competitive service is expected to result in an eligible list in excess of the institution's current needs, the personnel officer may limit the applications to be admitted to the intermediate and/or final phase(s) of the examination to those most qualified, based on an assessment of qualifications in the initial and/or intermediate phase(s) of the examination. Such limitation must be specified in the recruitment notice. If no such limitation is specified, all applicants who pass the entire examination shall be placed on the eligible list for the class.
- (4) The personnel officer may add ((members of underutilized groups)) persons with disabilities, Vietnam era and disabled veterans, and persons age 40 and over to all eligible lists, except layoff lists, at anytime when underutilized in accordance with the institution's affirmative action program as provided in WAC 251-23-040 (7)(b), provided such persons pass the examination for the class. The personnel officer shall also add the names of those former permanent employees of the institution seeking to return from separation pursuant to WAC 251-10-080 to all eligible lists at any time, provided such persons pass the examination for the class.
- (5) The personnel officer may add employees who complete institution-approved training programs to the appropriate eligible list at any time, provided such employees meet the minimum qualifications and pass the examination for the class.
- (6) The personnel officer may add to the institution-wide promotional list at any time:
- (a) Current employees on layoff status or scheduled for layoff;
- (b) Former employees laid off from the institution per WAC 251-10-030 who are on an institution-wide layoff list.

However, persons covered in (a) and (b) of this subsection meet the minimum qualifications and pass the examination for the class.

AMENDATORY SECTION (Amending WSR 86-06-034 [98-19-035] (Order 145), filed 2/28/86 [9/10/98], effective 4/1/86 [10/12/98])

WAC 251-23-010 Affirmative action—Authority. The rules contained in this chapter follow from the authority of RCW 41.06.150, which provides in part, "... The board shall adopt rules, consistent with the purposes and provisions of this chapter ... regarding the basis and procedures to be followed for ..."; RCW 41.06.150, which provides in part, "... Affirmative action in appointment, promotion, transfer, recruitment, training, and career development; development and implementation of affirmative action goals ((and timetables)); and monitoring of progress against those goals ((and timetables)) ..."

**Reviser's note:** The bracketed material preceding the section above was supplied by the code reviser's office.

AMENDATORY SECTION (Amending WSR 86-06-034 [98-19-035] (Order 145), filed 2/28/86 [9/10/98], effective 4/1/86 [10/12/98])

WAC 251-23-030 Affirmative action plans—Monitoring progress—Reporting. Each higher education institution/related board shall monitor progress under its affirmative action plan/program and, when requested, shall submit a report to the director((, at least annually,)) reflecting progress against goals ((and timetables)) and containing such other information as required by the director.

**Reviser's note:** The bracketed material preceding the section above was supplied by the code reviser's office.

AMENDATORY SECTION (Amending WSR 87-02-036 (Order 154), filed 1/2/87, effective 2/1/87)

WAC 251-23-040 Affirmative action plans—Content. Each higher education institution/related board shall apply affirmative action plans/programs to increase the representation of protected group members in their workforce when it is determined that a particular group is underutilized. Affirmative action plans/programs shall address recruitment, appointment, promotion, transfer, training and career development, and shall include but not be limited to the following:

- (1) An equal employment opportunity/affirmative action policy statement.
- (2) An identification of the individual responsible for implementing the affirmative action plan/program and the specific responsibilities of that individual.
- (3) Provisions for internal and external communication of the affirmative action plan/program.
- (4) A workforce profile by race/ethnic origin, sex, age, disability, Vietnam-era and disabled veteran status and job class/category and provisions for ascertaining the same.
- (5) The development and implementation of utilization analyses( $(\frac{1}{2})$ ) and goals( $(\frac{1}{2}$  and timetables)) based on availability.
- (6) An identification of the causes of underutilization and/or problem areas related to underutilization.
- (7) The development and implementation of specific programs for correcting the identified causes of underutilization and/or problem areas, in order to achieve goals, such as:
- (a) Provision for supplemental certification of underutilized ((groups)) persons with disabilities. Vietnam era and disabled veterans, and persons age 40 and over from all eligible lists, except institution-wide layoff lists, in accordance with WAC 251-23-060;
- (b) Provision that, when goals exist for a class and when it is determined by the personnel officer that an eligible list does not contain sufficient numbers of ((members of underutilized protected groups)) persons with disabilities, Vietnam era and disabled veterans, and persons age 40 and over, applicants who are members of such groups and who meet the minimum qualifications for the class may be admitted to the examination at any time. Those who pass the examination for the class shall be placed on the appropriate eligible list;
- (c) Provision for members of protected groups to enter the employment process, but not to exclude others from it;

[ 113 ] Proposed

- (d) Provision for special employee training and development programs ((and selective appointment of employees who are members of protected groups into the programs)), in accordance with WAC 251-24-030(8).
- (8) A system for monitoring and evaluating progress under the affirmative action plan/program including reports to the president/chief executive officer of the institution/related board.
- (9) Supportive programs, internally and externally, which will enhance the achievement of affirmative action goals.

AMENDATORY SECTION (Amending WSR 87-02-036 (Order 154), filed 1/2/87, effective 2/1/87)

WAC 251-23-050 Affirmative action—Goals ((and timetables)). Each higher education institution/related board shall develop and implement goals ((and timetables)) for hiring and/or promoting members of ((protected)) affected groups into job classes/categories where it has been determined that underutilization exists.

- (((1))) Goals shall be established based on the relevant availability statistics and in direct relationship to the institution's/related board's workforce profile and utilization analysis.
- (((2) Timetables shall be developed on both a short-range (one year) and/or a long-range (three to five years) basis, whichever is determined to be appropriate for correcting identified areas of underutilization.))

AMENDATORY SECTION (Amending WSR 87-02-036 (Order 154), filed 1/2/87, effective 2/1/87)

WAC 251-23-060 Affirmative action—Supplemental certification. ((When an institution/related board is utilizing an approved affirmative action program in accordance with WAC 251-23-020 and 251-23-040 (7)(a), and when the initial certification process does not provide the names of at least three eligibles who are members of the specific underutilized protected group(s), the personnel officer shall eertify from the eligible list up to three additional eligibles who meet the applicable affirmative action criteria. Such additional certification shall be made in strict order of standing on the eligible list. Certification of additional eligibles shall not result in more than a total of three eligibles from the specific underutilized protected group(s).)) The personnel officer shall certify from the eligible list up to a total of three additional eligibles who are persons with disabilities, Vietnam era and disabled veterans, and persons age 40 and over who meet the applicable affirmative action criteria when:

- (a) an institution/related board is utilizing an approved affirmative action program in accordance with WAC 251-23-020 and 251-23-040 (7)(a), and
- (b) the initial certification process does not provide the names of at least three eligibles who are members of the specific underutilized categories.

Such additional certification shall be made in order of standing on the eligible list. Certification of additional eligibles shall not result in more than a total of three eligibles from the specific underutilized categories.

<u>AMENDATORY SECTION</u> (Amending WSR 91-10-001 [98-19-035], filed 4/18/91 [9/10/98], effective 6/1/91 [10/12/98])

WAC 251-24-030 Training and development programs—Contents. Each institution will develop and maintain on file with the board (subject to approval by the director) an employee training and development plan that provides as a minimum:

- (1) The policy and objectives of the institution concerning training and development programs;
- (2) The institution's policy regarding training program expenses;
- (3) Identification of the person(s) responsible for employee training and development programs;
- (4) Provision for the identification and appraisal of training and development needs;
- (5) The identification of proposed training activities in the following areas:
  - (a) New employee orientation;
- (b) Functional training, such as in accounting, data processing, office administration and job skills;
- (c) System training, such as affirmative action, labor relations and safety;
  - (d) Professional/technical training;
  - (e) Management and organizational development;
- (f) The institution's off-hour training or continuing education program;
- (g) Specific training in the prevention, transmission, and treatment of HIV and AIDS for those employees who have a substantial likelihood of on-the-job exposure to the human immunodeficiency virus or acquired immunodeficiency syndrome virus;
- (h) Training of supervisors on implementation of the institution return-to-work policy, including but not limited to assessment of the appropriateness of the return-to-work job for the employee;
- (6) Provision specifying the manner of selecting employees for training or development programs;
- (7) Provision for training records of employee participation:
- (8) Provision for training ((and upgrading of skills of women and members of racial or ethnic minority groups)) employees as part of the institution's affirmative action program((, including special training programs to achieve corrective action for underutilization of minority or female employees));
- (9) Involvement of a representative group of employees in the development of the institution's training policy and plans;
- (10) Provision for evaluation of training and development programs;
- (11) The criteria by which the institution may provide employees the opportunity to attend class instruction in academic session during regular working hours;
- (12) The institution's policy regarding release time during work hours for training course attendance;
- (13) Provision for access to in-house training and development programs for former permanent employees returning from separation as set forth in WAC 251-10-070.

Reviser's note: The bracketed material preceding the section above was supplied by the code reviser's office.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

# WSR 99-02-057 PROPOSED RULES DEPARTMENT OF HEALTH

[Filed January 6, 1999, 9:00 a.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: WAC 246-802-990 Acupuncture fees, 246-808-990 Chiropractor fees, 246-810-990 Fees and renewal cycle (counselors), 246-817-990 Dental fees, 246-822-990 Dietitian and nutritionist fees, 246-830-990 Massage fees, 246-845-990 Nursing pool fees, 246-847-990 Occupational therapy fees, 246-849-990 Ocularist fees, 246-851-990 Optometry fees, 246-915-990 Physical therapy fees, 246-924-990 Psychology fees, 246-926-990 Certification fees (radiological technicians), 246-928-990 Respiratory care fees, and 246-930-990 Sex offender treatment provider fees.

Purpose: Reduce fees for eighteen health care credentials so the revenue generated by the fees is brought into alignment with the costs.

Statutory Authority for Adoption: RCW 43.70.250.

Statute Being Implemented: Chapter 43.70 RCW.

Summary: The changes to the rules will lower fees for certain health professions, including application fees, renewal fees, and late penalties. Five late penalties will be increased to align them with department policy. The sum of all changes will result in a reduction in fees.

Reasons Supporting Proposal: Fee reductions will lower the cost of certain practitioners in obtaining their credentials and it will bring revenue into alignment with expenses.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: P. Lovinger, 1300 Quince Street, Olympia, WA, (360) 236-4985.

Name of Proponent: Department of Health, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule changes will lower fees for eighteen health care credentials. Fee reductions will lower revenues and it will bring revenue into alignment with expenses.

Proposal Changes the Following Existing Rules: Fees will be lowered.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

Small Business Economic Impact Statement

# Economic Impact Analysis and Small Business Economic Impact Statement

### Fee Rules for Selected Credentialed Health Care Providers

### I. Background

All credentialed health care professions charge fees that are intended to cover the expenses of operating the program. Some operating costs include: Application verification, renewing credentials, auditing continuing education requirements, and disciplining practitioners. Each credentialed profession has separate fees, one profession cannot subsidize another. RCW 43.70.250 states:

"It shall be the policy of the state of Washington that the cost of each ... licensing program be fully borne by the members of that profession ... The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions ... administered by the department. In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program."

Fee studies are done periodically, especially when revenue and expenses diverge for more than a year. A fee study analyzes expenses, the number of credentialed providers, and projects revenue. In simplistic terms, fees are determined by adding up the total expenses for operating a program and dividing the expenses by the number of credentialed providers.

A number of health professions programs have been generating fees in excess of revenues. After an audit by State Auditor's Office, the department was notified that specific programs must reduce fees so that revenue and expenses are brought into alignment. Copies of the fee studies which document the reduction in fees are included in the rule-making file.

Fees must be set in rule. To change a fee, the rule describing the fees must be amended. The following program's rules will be changed to reduce fees:

Acupuncture, WAC 246-802-990; chiropractor, WAC 246-808-990; counselors, WAC 246-810-990¹; dental, WAC 246-817-990; diet/nutritionist, WAC 246-822-990; massage therapy, WAC 246-830-990; nursing pools, WAC 246-845-990; occupational therapy, WAC 246-847-990; ocularist, WAC 246-849-990; optometry, WAC 246-851-990; physical therapy, WAC 246-915-990; psychologists, WAC 246-924-990; radiological technicians, WAC 246-926-990; respiratory therapy, WAC 246-928-990; sex offender treatment providers, WAC 246-930-990.

Including fees for marriage and family therapists, mental health counselors, and social workers but not registered counselors

[115] Proposed

### II. Financial Impact on Regulated Parties

Recordkeeping and Reporting: No additional recordkeeping or reporting will be required as a result of the fee reduction.

**Training and Education:** No additional training or education is required as a result of the fee reduction. Practitioners will be notified of the new fees when they receive their renewal notices.

**New Equipment Requirements:** No new equipment is required.

**Inspections - Audits:** No new inspections or audits are planned as a result of the fee reduction.

New Licenses/Fees: No new fees are planned. Existing fees will be reduced. The following types of fees may be lowered: Initial fees, renewal fees, late renewal penalty fees, inactive credential fees, and retired active renewal fees.

Certain late renewal penalty fees will be increased to standardize them according to department policy. These fees are charged when providers renew credentials which have already expired. These fees may be avoided through timely renewals.

If the annual renewal	The late renewal penalty fee
is:	is:
From \$1 to \$50	100% of the renewal fee
From \$51 to \$100	\$50 flat fee
\$101 or more	50% of the renewal fee, but no more than \$300

The increases are minor. The overall effect of the rule changes will result in a decrease in fees.

Administration Expenses and Professional Services: No additional administrative expenses or professional services will be incurred by providers as a result of the fee reduction.

**Reduced Production:** No reduction in production is anticipated as a result of the fee reduction.

Summary: The total costs of the requirements to individual providers exceeds the Minor Cost Threshold determined by the Standard Industrial Code Classification, Miscellaneous Health and Allied Services (809). A small business economic impact statement is necessary.

### III. Cost to DOH

Administration Costs: A temporary increase in administrative costs will occur as the computer system, which tracks all credentials, is programmed with the reduced fees. However, the additional expense will only occur during the transition and is not expected to be significant.

Through the fee reductions, department revenue will decline by \$1,922,519 per biennium. This will help the department achieve its goal of matching program revenue to program expenses.

### **Small Business Economic Impact Statement**

Most providers pay the fees for their own credentials. Individual providers qualify as small businesses since less than fifty people are employed. Since most providers qualify

as small businesses, there is no disproportionate impact to small businesses. When there is no disproportionate impact, mitigation is not necessary.

Some practitioners are employed by large health care organizations and medical centers. Some of these large health care organizations are for profit businesses. However, the Regulatory Fairness Act states that mitigation is required only "where legal and feasible in meeting the stated objectives of the statutes upon which the rule is based," RCW 19.85.030(3). Since the statute requires fees to cover program expenses, and the rule changes lower the fees, mitigation is not necessary.

A copy of the statement may be obtained by writing to F. Whelahan, HPQA, Department of Health, P.O. Box 47860, Olympia, WA 98504-7860, phone (360) 236-4982, fax (360) 753-0657.

RCW 34.05.328 does not apply to this rule adoption. It does not apply because these rule changes are exceptions noted under RCW 34.05.328 (5)(b)(vi).

Hearing Location: 1102 S.E. Quince Street, Olympia, WA, on February 9, 1999, at 9:00 a.m.

Assistance for Persons with Disabilities: Contact Fawn Whelahan by January 26, 1999, TDD (800) 525-0127, or (360) 236-4982.

Submit Written Comments to: P. Lovinger, fax (360) 236-4985, by February 5, 1999.

Date of Intended Adoption: February 10, 1999.

January 5, 1999 Kristine Van Gorkom Deputy Secretary

AMENDATORY SECTION (Amending WSR 98-05-060, filed 2/13/98, effective 3/16/98)

WAC 246-802-990 Acupuncture fees and renewal cycle. (1) Licenses must be renewed every year on the practitioner's birthday as provided in chapter 246-12 WAC, Part 2.

### WSR 99-02-063 PROPOSED RULES DEPARTMENT OF AGRICULTURE

[Filed January 6, 1999; 10:27 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-23-086

Title of Rule: WAC 16-532-030(3) Hop Board, board membership.

Purpose: The proposed amendment will clarify the qualifications of hop producers who are also handlers and who serve on the board of the Hop Commission.

Statutory Authority for Adoption: RCW 15.65.050.

Statute Being Implemented: Chapter 15.65 RCW.

Summary: The Hop Board has recommended an amendment to the hop marketing order that would allow hop growers who are also dealers, as defined in the marketing order, to serve on the board of the commission. The hop industry is consolidating and the rule will allow qualified individuals to continue to serve on the board of the commission.

Reasons Supporting Proposal: The rule is authorized in the Agricultural Enabling Act of 1961, chapter 15.65 RCW.

Name of Agency Personnel Responsible for Drafting: Walter Swenson, 1111 Washington Street, Natural Resources Building, Olympia, WA 98504, (360) 902-1928; Implementation and Enforcement: Ann George, Hop Commission, 504 North Naches Avenue, #11, Yakima, WA 98901, (509) 453-4749.

Name of Proponent: Washington Hop Commission, a designee of the director of agriculture, governmental.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: Adoption of the rule may be subject to approval of the growers in a referendum conducted in compliance with procedures in chapter 15.65 RCW.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The hop industry in the state is consolidating and the vertical integration of the industry requires that there be changes in the composition and qualifications of board membership. The rule change will allow producers who are handlers of the affected commodity to serve on the board as producer representatives.

Proposal Changes the Following Existing Rules: The current rule, WAC 16-536-020(3) does not allow a grower who is also a handler to represent growers on the board of the Hop Commission. This rule will allow growers who are also handlers to serve on the board.

No small business economic impact statement has been prepared under chapter 19.85 RCW. No small business economic impact statement was prepared. The rule will only affect hop growers in the state and only become effective with the approval of a majority of the hop growers voting in a referendum. The rule will not increase cost in equipment, supplies, labor or administrative expenses.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The Washington State Department of Agriculture is not a listed agency in section 201.

[ 121 ] Proposed

Hearing Location: Masonic Center, 504 North Naches Avenue, Yakima, WA, on February 23, 1999, at 1:30 p.m.

Assistance for Persons with Disabilities: Contact Cathy Jensen by February 19, 1999, TDD (360) 902-1996, or (360) 902-1976.

Submit Written Comments to: Walter Swenson, Agricultural Programs Administrator, Washington Department of Agriculture, P.O. Box 42560, Olympia, WA 98504-2560, fax (360) 902-2092, by February 23, 1999.

Date of Intended Adoption: May 5, 1999.

January 6, 1999 Walter Swenson Programs Administrator

[AMENDATORY SECTION (Amending WSR 92-09-068, filed 4/14/92)]

WAC 16-532-020 Hop board. (1) Administration. The provisions of this order and the applicable provisions of the act shall be administered and enforced by the board as the designee of the director.

### (2) Board membership.

- (a) The board shall consist of ten members. Nine members shall be affected producers elected as provided in this section. The director shall appoint one member of the board who is neither an affected producer nor a handler to represent the department and the public.
- (b) For the purpose of nomination and election of producer members of the board, the affected area shall be the entire state of Washington.

### (3) Board membership qualifications.

The affected producer members of the board shall be practical producers of hops and shall be citizens and residents of the state of Washington, over the age of twenty-five years, each of whom is and has been actually engaged in producing hops within the state of Washington for a period of five years and has during that time derived a substantial portion of his income therefrom ((and who is not engaged in business, directly or indirectly, as a handler or other dealer)).

### (4) Term of office.

- (a) The term of office for members of the board shall be three years and one-third of the membership as nearly as possible shall be elected each year.
- (b) Membership positions on the board shall be designated numerically; affected producers shall have positions one through nine and the member appointed by the director position ten.
- (c) The term of office for the initial board members shall be as follows:

Positions one, two, three and ten - until June 30, 1967 Positions four, five and six - until June 30, 1966 Positions seven, eight and nine - until June 30, 1965

(d) Terms of office for the board members serving at the time of the 1992 amendment of this section shall be as follows:

Positions one, two, three and ten - until December 31, 1994 Positions four, five and six - until December 31, 1993 Positions seven, eight and nine - until December 31, 1992

(5) Nomination and election of board members. Each year the director shall call for a nomination meeting. Such meeting shall be held at least thirty days in advance of the date set by the director for the election of board members. Notice of every such meeting shall be published in a newspaper of general circulation within the major production area not less than ten days in advance of the date of such meeting and in addition, written notice of every such meeting shall be given to all affected producers according to the list maintained by the director pursuant to RCW 15.65.200 of the act. Nonreceipt of notice by any interested person shall not invalidate the proceedings at such nomination meeting. Any qualified affected producer may be nominated orally for membership on the board at such nomination meetings. Nominations may also be made within five days after any such meetings by written petition filed with the director signed by not less than five affected producers. At the inception of this order nominations may be made at the issuance hearing.

### (6) Election of board members.

- (a) Members of the board shall be elected by secret mail ballot within the month of November under the supervision of the director. Affected producer members of the board shall be elected by a majority of the votes cast by the affected producers. Each affected producer shall be entitled to one vote.
- (b) If a nominee does not receive a majority of the votes on the first ballot a run-off election shall be held by mail in a similar manner between the two candidates for such position receiving the largest number of votes.
- (c) Notice of every election for board membership shall be published in a newspaper of general circulation within the major production area not less than ten days in advance of the date of such election. Not less than ten days prior to every election for board membership, the director shall mail a ballot of the candidates to each affected producer entitled to vote whose name appears upon the list of such affected producers maintained by the director in accordance with RCW 15.65.200. Any other affected producer entitled to vote may obtain a ballot by application to the director upon establishing his qualifications. Nonreceipt of a ballot by any affected producer shall not invalidate the election of any board member.
- (7) Vacancies prior to election. In the event of a vacancy on the board, the remaining members shall select a qualified person to fill the unexpired term.
- (8) **Quorum.** A majority of the members shall constitute a quorum for the transaction of all business and the carrying out of all duties of the board.
- (9) **Board compensation.** No member of the board shall receive any salary or other compensation, but each member shall be reimbursed for actual subsistence and traveling expenses incurred through attendance at meetings or other board activities: *Provided*, That such expenses shall be authorized by resolution by unanimous approval of the board at a regular meeting.
- (10) **Powers and duties of the board.** The board shall have the following powers and duties:
- (a) To administer, enforce and control the provisions of this order as the designee of the director.

- (b) To elect a chairman and such other officers as the board deems advisable.
- (c) To employ and discharge at its discretion such personnel, including attorneys engaged in the private practice of law subject to the approval and supervision of the attorney general, as the board determines are necessary and proper to carry out the purpose of the order and effectuate the declared policies of the act.
- (d) To pay only from moneys collected as assessments or advances thereon the costs arising in connection with the formulation, issuance, administration and enforcement of the order. Such expenses and costs may be paid by check, draft or voucher in such form and in such manner and upon the signature of the person as the board may prescribe.
- (e) To reimburse any applicant who has deposited money with the director in order to defray the costs of formulating the order.
- (f) To establish a "hop board marketing revolving fund" and such fund to be deposited in a bank or banks or financial institution or institutions, approved for the deposit of state funds, in which all money received by the board except as the amount of petty cash for each day's needs, not to exceed one hundred dollars, shall be deposited each day or as often during the day as advisable.
- (g) To keep or cause to be kept in accordance with accepted standards of good accounting practice, accurate records of all assessments, paid outs, moneys and other financial transactions made and done pursuant to this order. Such records, books and accounts shall be audited at least annually subject to procedures and methods lawfully prescribed by the state auditor. Such books and accounts shall be closed as of the last day of each fiscal year of the state of Washington. A copy of such audit shall be delivered within thirty days after the completion thereof to the governor, the director, the state auditor and the board.
- (h) To require a bond of all board members and employees of the board in a position of trust in the amount the board shall deem necessary. The premium for such bond or bonds shall be paid by the board from assessments collected. Such bond shall not be necessary if any such board member or employee is covered by any blanket bond covering officials or employees of the state of Washington.
- (i) To prepare a budget or budgets covering anticipated income and expenses to be incurred in carrying out the provisions of the order during each fiscal year.
- (j) To establish by resolution, a headquarters which shall continue as such unless and until so changed by the board. All records, books and minutes of board meetings shall be kept at such headquarters.
- (k) To adopt rules and regulations of a technical or administrative nature, subject to the provisions of chapter 34.05 RCW (Administrative Procedure Act).
- (1) To carry out the provisions of RCW 15.65.510 covering the obtaining of information necessary to effectuate the provisions of the order and the act, along with the necessary authority and procedure for obtaining such information.
- (m) To bring actions or proceedings upon joining the director as a party for specific performance, restraint, injunction or mandatory injunction against any person who violates

- or refuses to perform the obligations or duties imposed upon him by the act or order.
- (n) To confer with and cooperate with the legally constituted authorities of other states and of the United States for the purpose of obtaining uniformity in the administration of federal and state marketing regulations, licenses, agreements or orders.
- (o) To carry out any other grant of authority or duty provided designees and not specifically set forth in this section.
  - (11) Procedures for board.
- (a) The board shall hold regular meetings, at least quarterly, with the time and date thereof to be fixed by resolution of the board.
- (b) The board shall hold an annual meeting, at which time an annual report will be presented. The proposed budget shall be presented for discussion at the meeting. Notice of the annual meeting shall be given by the board at least ten days prior to the meeting by written notice to each producer and by regular wire news services and radio-television press.
- (c) The board shall establish by resolution, the time, place and manner of calling special meetings of the board with reasonable notice to the members: *Provided*, That the notice of any special meeting may be waived by a waiver thereof by each member of the board.

**Reviser's note:** The bracketed material preceding the section above was supplied by the code reviser's office.

# WSR 99-02-066 PROPOSED RULES DEPARTMENT OF AGRICULTURE

[Filed January 6, 1999, 10:50 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-18-044.

Title of Rule: Weights and measures—Hops.

Purpose: The rule will specify standard weights and tare weights for hop bales.

Statutory Authority for Adoption: RCW 19.94.190.

Statute Being Implemented: Chapter 19.94 RCW.

Summary: The rule will specify tare weight for the materials used in baling hops, provide a standard for tare weights and provide bale size rules.

Reasons Supporting Proposal: The statute, chapter 19.92 RCW, governing bread and hops is outdated and will likely be repealed by the legislature during the 1999 session. Upon repeal hops will not be covered by statute. The rule will provide regulation for weighting and measuring aspects of this commodity.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Jerry Buendel, 1111 Washington Street, Olympia, WA 98504, (360) 902-1856.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule specifies standard sizes for hop bales and fixes tare weights for baling materials. The current bread and hop law, chapter 19.92 RCW may be repealed during the cur-

rent legislative session. The rule would insure hop standards are set and regulated by the state.

Proposal Changes the Following Existing Rules: This proposal promulgates a new rule to regulate the weights and measures aspect [of the] hops industry.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule does not impose any additional costs to small businesses.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The Washington State Department of Agriculture is not a listed agency in section 201.

Hearing Location: Washington State Department of Agriculture, Second Floor Conference Room, 21 North 1st Avenue, Yakima, WA, on February 11, 1999, at 1:00 p.m.

Assistance for Persons with Disabilities: Contact Cathy Jensen by February 9, 1999, TDD (360) 902-1996, or (360) 902-1976.

Submit Written Comments to: Washington State Department of Agriculture, Jerry Buendel, Program Manager, P.O. Box 42560 or 1111 Washington Street, Olympia, WA 98504-2506, fax (360) 902-2086, by February 9, 1999.

Date of Intended Adoption: February 26, 1999.

January 4, 1999 Julie C. Sandberg Assistant Director

### **NEW SECTION**

WAC 16-645-005 Hops—Bale. The standard weight for a bale of hops is fixed at from one hundred seventy-five to two hundred ten pounds.

### **NEW SECTION**

WAC 16-645-010 Hops—Tare. (1) The amount of tare to be deducted from the gross weight of each bale of hops grown and sold is fixed at five pounds per bale for bales wrapped in burlap cloth. The tare for bales wrapped in plastic baling cloth is fixed at zero.

(2) Any vendor of hops using heavier sacking than specified above or using any extraneous material in the baling thereof shall have the additional sacking or extraneous material deducted as additional tare.

### WSR 99-02-081 PROPOSED RULES HORSE RACING COMMISSION

[Filed January 6, 1999, 11:38 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 97-04-058.

Title of Rule: WAC 260-48-600 Refunds, 260-48-620 Pools dependent upon betting interests, 260-48-910 Superfecta pools, and new sections WAC 260-48-700, 260-48-710, and 260-48-720.

Purpose: Clarifying and conform to nationally accepted model rules.

Statutory Authority for Adoption: RCW 67.16.040.

Summary: To bring into conformance with nationally accepted rules, add clarifying language and to add new sections WAC 260-48-700, 260-48-710, and 260-48-720 dealing with common pools.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Bruce Batson, Olympia, Washington, (360) 459-6462.

Name of Proponent: Washington Horse Racing Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: To add additional clarifying language to existing mutuel rules, to bring into conformance with nationally accepted model rules, add additional sections to deal with common pool wagering in an interjurisdictional circumstance as a guest and as a host.

Proposal Changes the Following Existing Rules: See above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The changes will not affect more than 20% or less than 10% of the population. A small business economic impact statement was not prepared.

RCW 34.05.328 does not apply to this rule adoption.

Hearing Location: Auburn City Council Chambers, 25 West Main, Auburn, WA 98001, on February 10, 1999, at 10:00 a.m.

Submit Written Comments to: Bruce Batson, Executive Secretary, Washington Horse Racing Commission, 7912 Martin Way #D, Olympia, WA 98516-5703, fax (360) 459-6461, by February 9, 1999.

Date of Intended Adoption: February 10, 1999.

January 6, 1999 Bruce Batson Executive Secretary

AMENDATORY SECTION (Amending WSR 96-10-014, filed 4/19/96)

WAC 260-48-600 Refunds. (1) Notwithstanding other provisions of these rules, refunds of the entire pool shall be made on:

- (a) Win pools, exacta pools, and first-half double pools, offered in races in which the number of betting interests has been reduced to fewer than two.
- (b) Place pools and quinella pools, offered in races in which the number of betting interests has been reduced to fewer than three.
- (c) Show pools, in races in which the number of betting interests has been reduced to fewer than four.
- (d) <u>Superfecta pools</u>, t(<del>T</del>)rifecta pools and first half twin trifecta pools, offered in races in which the number of betting interests has been reduced to fewer than six.
- (2) Authorized refunds shall be paid upon presentation and surrender of the affected parimutuel ticket.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending WSR 96-10-014, filed 4/19/96)

- WAC 260-48-620 Pools dependent upon betting interests. Unless the commission otherwise provides, at the time the pools are opened for wagering, the association:
- (1) Shall offer win, place, and show wagering on all races with five or more betting interests.
- (2) May be allowed to prohibit show wagering on any race with four or fewer betting interests.
- (3) May be allowed to prohibit place wagering on any race with three or fewer betting interests.
- (4) May be allowed to prohibit quinella wagering on any race with three or fewer betting interests.
- (5) May be allowed to prohibit exacta wagering on any race with three or fewer betting interests.
- (6) Shall prohibit trifecta wagering on any race with seven or fewer betting interests scheduled to start one hour prior to the first scheduled post time of the day.
- (7) Shall prohibit twin trifecta wagering on any race with seven or fewer betting interests scheduled to start one hour prior to the first scheduled post time of the day.
- (8) Shall prohibit superfecta wagering on any race with seven or fewer betting interests scheduled to start one hour prior to the first scheduled post time of the day.

### **NEW SECTION**

### WAC 260-48-700 Inter-jurisdictional common pool wagering (1) DEFINITIONS

- (a) The host association is the association conducting a licensed parimutuel meeting from which authorized contests or entire performances are simulcast.
- (b) The guest association is the association that offers licensed parimutuel wagering on contests conducted by the host association.
- (2)(a). Except as otherwise authorized by the commission, a request for simulcasting must be filed on a form provided by the commission not later than 7 business days before the first simulcast race covered by the request. The executive secretary may approve a request for simulcasting, subject to rescission of the approval by the commission at its next regular meeting.
  - (b). The application must include at a minimum:
- (i) The simulcast agreement between the host and guest association;
- (ii) The approval by the horsemen's association represented at the host and guest site;
  - (iii) The alternate jurisdiction approval;
- (iv) When acting as the host site, approval also requires a list of all locations that will be receiving and/or wagering on the races under the guest site; and
- (v). The executive secretary may require the association to submit additional information if the executive secretary determines the additional information is necessary to effectively evaluate the request.
- (3) A Class 1 association shall not be allowed to simulcast until the following are filed with the commission.
  - (a) A written agreement with the local horsemens group.

- (b) A description of how simulcast purse monies are to be maintained
- (c) A description of how breeder awards are to be maintained.
- (d) A monthly statement showing amounts contributed to and balance in the purse fund and the breeders awards fund. This statement shall be filed with the commission no later than ten days after the end of each month.
- (4) The approval of any particular simulcasting or wagering on particular simulcast races or programs is not binding on the commission for other requests for approval of simulcasting or wagering on simulcast races or programs.
- (5) In determining whether to approve an inter-jurisdiction common pool which does not include the host track or which includes contests from more than one association, the commission shall consider and may approve use of a bet type which is not utilized at the host track, application of a takeout rate not in effect at the host track, or other factors which are presented to the commission.
- (6) No Class 1 racing association shall enter a contractual agreement that is in violation of, or may be construed as waiving any provision of Chapter 67.16 RCW, Title 260 WAC and any federal, state or local law.
- (7) The mutuel manager or the mutuel manager's designee shall be present on association grounds at all times that the association is accepting wagers on simulcast races. He/she shall be responsible for communicating all errors or omissions regarding simulcast wagering to the board of stewards or the commissions on duty mutuel inspector.
- (8) There shall be a facsimile machine located in each mutuel area or tote room and a direct, private telephone line to be located in the tote room. Phone access to the tote room shall not require routing through the switchboard.
- (9) Every Class 1 racing association shall file with the commission an annual report of its simulcast operations including financial data as specified by the commission.
- (10) Not less than 30 minutes prior to the commencement of transmission of the performance of parimutuel contests for each day or night, the guest association shall initiate a test program of its transmitter, encryption and decoding, and data communication to assure proper operation of the system.
- (11) The audio or the video signals must be present at the start of a wagering event in order for wagering to begin and shall continue to be displayed to the public during the entire wagering card.
- (12) In the event of the loss of both the audio and video signals the Class 1 association mutuel manager shall ensure that wagering and racing information is provided through the public address system or totalisator information screens.
- (13) If a guest association is unable to establish or to maintain the audio or video signal from the host association, the guest association may continue to accept wagers while attempting to establish the signal provided:
- (a) An announcement is made to the public informing them of the technical difficulties;
- (b) The totalisator system licensee transmits the odds on the affected race to the video department to be displayed to the patrons; and

[ 125 ] Proposed

- (c) The totalisator system licensee locks all wagering on the affected race at zero minutes to post to ensure the integrity and transfer of the wagering pools.
- (14) Wagering may not take place without the presence of both the audio and the video signals on a performance day following a performance day in which either the audio or the video was missing.
- (15) If the host association loses the ability to transmit the audio or video signal, the host association:
- (a) Shall notify all receiving locations of the technical difficulties being experienced;
- (b) May continue to accept wagers from the receiving location on that days races; and
- (c) May not accept wagers from the receiving locations for subsequent race days until the technical difficulties have been corrected.
- (16) The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the inter-jurisdiction common pool need not be identical to the similar information permitted or required to be displayed under these rules.
- (17) Washington intratrack breakage and minus pools shall be prorated based on amounts wagered.
- (18) The commission may permit adjustment of the takeout from the parimutuel pool so that the takeout rate in this jurisdiction is identical to that at the host jurisdiction, or identical to that of other jurisdictions participating in a merged pool
- (19) Any surcharges or withholdings in addition to the takeout shall only be applied in the jurisdiction otherwise imposing such surcharges or withholdings.
- (20) Where takeout rates in the merged pool are not identical, the net price calculation may be the method by which the differing takeout rates are applied.
- (21) Parimutuel pools may be combined for computing odds and calculating payouts but will be held separate for auditing and all other purposes.

### **NEW SECTION**

- WAC 260-48-710 Participation in common pools as guest. (1) With the prior approval of the commission, parimutuel-wagering pools may be combined with corresponding wagering pools in the host jurisdiction, or with corresponding pools established by one or more other jurisdictions.
- (2) Rules established in the jurisdiction of the host association designated for a parimutuel pool shall apply.
- (3) The guest association and all authorized receivers shall conduct parimutuel wagering pursuant to the applicable jurisdiction rules.
- (4) Class 1 associations which import races and propose to offer types of wagers other than those currently defined in Chapter 260-48 WAC, shall submit to the commission a copy of the host jurisdiction's rule governing the wager.
- (5) If, after the close of wagering, it becomes impossible to successfully merge the bets placed into the interjurisdiction common pool, the association shall make payouts in accordance with payout prices that would have been in effect if prices for the pool of bets were calculated without regard to

- wagers placed elsewhere: In the event the host association has offered a wager not covered by chapter 260-48 WAC, the ARCI model rules regarding such wager shall govern. Information regarding this emergency procedure shall be posted throughout the Class 1 association facility and published in its racing program.
- (6) An authorized Class 1 racing association when acting as a guest association shall provide:
- (a) A voice communication system between each guest association and the host association, providing timely voice contact among the commission designees and parimutuel departments.
- (b) Parimutuel terminals and odds displays, modems and equipment enabling parimutuel data transmissions, and data communications between the host and guest associations.
- (c) Adequate transmitting and receiving equipment of acceptable broadcast quality, which shall not interfere with the closed circuit TV system of the host association for providing any host facility patron information.

#### **NEW SECTION**

- WAC 260-48-720 Participation in common pools as host. (1) A host association is responsible for content of the simulcast and shall use all reasonable effort to present a simulcast that offers the viewers an exemplary depiction of each performance.
- (2) Unless otherwise permitted by the commission, every simulcast will contain in its video content the date, a digital display of actual time of day, the host facility's name from where it emanates and the number of the contest being displayed.
- (3) The host association shall maintain such security controls including encryption over its uplink and communications systems as directed or approved by the commission.
- (4) Any contract of interjurisdiction common pools entered into by the association shall contain a provision to the effect that if, for any reason, it becomes impossible to successfully merge the bets placed in another jurisdiction into the interjurisdiction common pool formed by the Class 1 association, or if, for any reason, the commission's or the association's representative determines that attempting to effect transfer of pool data from the guest jurisdiction may endanger the association's wagering pool, the association shall have no liability for any measures taken which may result in the guest's wagers not being accepted into the pool.
- (5) If for any reason it becomes impossible to successfully merge pool data into the interjurisdiction common pool of the Class 1 association, or it is determined that attempting to effect transfer of pool data from the guest jurisdiction may endanger the Class 1 associations wagering pool, or cause an unreasonable delay of the racing program, the Class 1 association representative shall determine under the circumstances whether to manually merge guests pools, exclude guests pools or delay the Washington pools.
- (6) Scratched horses must be communicated via facsimile machine, telephone or other approved method by the host mutuel manager to all guest mutuel managers except when the operating totalisator protocol performs these functions automatically or when the information is disseminated to the

wagering network via satellite or video display. The host mutuel manager must communicate program changes to all guest sites via facsimile machine, telephone or other approved method.

### **NEW SECTION**

WAC 260-48-910 Superfecta pools (1) The superfecta requires selection of the first four finishers, in their exact order, for a single race.

- (2) The net superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
- (a) As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
- (b) As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then
- (c) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
- (d) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
- (e) The entire pool shall be refunded on superfecta wagers for that race.
- (3) If less than four betting interests finish and the race is declared official, payoffs will be made based upon the order of finish of those betting interests completing the race. The balance of any selection beyond the number of betting interests completing the race shall be ignored.
  - (4) If there is a dead heat for first involving:
- (a) Horses representing four or more betting interests, all of the wagering combinations selecting four betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split.
- (b) Horses representing three betting interests, all of the wagering combinations selecting the three dead-heated betting interests, irrespective of order, along with the fourth-place betting interest shall share in a profit split.
- (c) Horses representing two betting interests, both of the wagering combinations selecting the two dead-heated betting interests, irrespective of order, along with the third-place and fourth-place betting interests shall share in a profit split.
  - (5) If there is a dead heat for second involving:
- (a) Horses representing three or more betting interests, all of the wagering combinations correctly selecting the winner combined with any of the three betting interests involved in the dead heat for second shall share in a profit split.
- (b) Horses representing two betting interests, all of the wagering combinations correctly selecting the winner, the two dead-heated betting interests, irrespective of order, and the fourth-place betting interest shall share in a profit split.
- (6) If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers, in correct sequence, along with any two of the betting interests involved in the dead heat for third shall share in a profit split.
- (7) If there is a dead heat for fourth, all wagering combinations correctly selecting the first three finishers, in correct

sequence, along with any of the betting interests involved in the dead heat for fourth shall share in a profit split.

(8) Coupled entries and mutuel fields shall be prohibited in superfecta races.

There shall be only one instance of two horses having common ties through a trainer in any superfecta race, stakes races are excepted with permission of the stewards.

### WSR 99-02-082 PROPOSED RULES HORSE RACING COMMISSION

[Filed January 6, 1999, 11:39 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-16-102.

Title of Rule: WAC 260-44-110 Weighing in—Procedure and 260-44-120 Weighing in—Weigh in/weigh out—Tolerances—Penalties.

Purpose: Conform to nationally accepted uniform rules. Statutory Authority for Adoption: RCW 67.16.040.

Summary: Adding additional clarifying language to existing rule.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Bruce Batson, Olympia, Washington, (360) 459-6462.

Name of Proponent: Washington Horse Racing Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Adding additional clarifying language to existing rules, plus additional language to render the rules gender generic.

Proposal Changes the Following Existing Rules: See above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The changes will not affect more than 20% or less than 10% of the population. A small business economic impact statement was not prepared.

RCW 34.05.328 does not apply to this rule adoption.

Hearing Location: Auburn City Council Chambers, 24 [25] West Main, Auburn, WA 98001, on February 10, 1999, at 10:00 a.m.

Submit Written Comments to: Bruce Batson, Executive Secretary, Washington Horse Racing Commission, 7912 Martin Way #D, Olympia, WA 98516-5703, fax (360) 459-6461, by January [February] 9, 1999.

Date of Intended Adoption: February 10, 1999.

January 6, 1999
Bruce Batson
Executive Secretary

AMENDATORY SECTION (Amending Rules of racing, §§ 309 through 312, filed 4/21/61)

WAC 260-44-110 Weighing in—Procedure. (1) After a race has been run and after ((he)) the jockey has pulled up

the horse he <u>or she</u> has ridden, the jockey shall ride promptly to the winner's circle and there dismount, after obtaining permission from the judges and present himself to the clerk of the scales to be weighed in <u>accordance with a method approved by the commission</u>. If a jockey is prevented from riding his mount to the judge's stand because of an accident or of illness either to himself or his horse, he may walk or be carried to the scales, or he may be excused by the stewards from weighing.

- (2) Except by permission of the stewards, every jockey must, upon returning to the placing judge's stand, unsaddle the horse he has ridden, and no person shall touch the jockey or the horse except by his bridle, nor cover the horse in any manner until the jockey has removed the equipment to be weighed.
- (3) No person shall assist a jockey in removing from his horse the equipment that is to be included in the jockey weight, except by permission of the stewards.
- (4) Each jockey shall, in weighing in, carry over to the scales all pieces of equipment with which he weighed out. Thereafter he may hand it to his attendant.

AMENDATORY SECTION (Amending Rules of racing, §§ 313, 314, filed 4/21/61)

WAC 260-44-120 Weighing in—Weigh in/weigh out—Tolerances—Penalties. (1) Each jockey shall weigh in at the same weight as that at which he weighed out, and if short of it by more than two pounds his mount shall be disqualified. Should a weight discrepancy arise after a race has been declared official, a change in the order of finish will not affect the parimutuel payoffs.

(2) If any jockey weighs in at more than two pounds over his proper or declared weight, he shall be fined or suspended or ruled off at the discretion of the stewards, who shall have regard for any excess weight caused by rain or mud, and the case shall be reported to the commission for such action as it may deem proper to take.

## WSR 99-02-065 EXPEDITED ADOPTION DEPARTMENT OF TRANSPORTATION

[Filed January 6, 1999, 10:32 a.m.]

Title of Rule: Description of central and field organization of the Washington State Department of Transportation, WAC 468-06-040.

Purpose: Reflects changes in chain of command since the last update of WAC.

Statutory Authority for Adoption: Chapter 42.17 RCW and RCW 47.01.101.

Statute Being Implemented: WAC 468-06-040.

Summary: Reflects changes in chain of command within the Department of Transportation.

Reasons Supporting Proposal: To be in compliance with RCW 42.17.250, Duty to publish procedures.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: William D. Richeson, Olympia, Washington, (360) 705-7761.

Name of Proponent: Washington State Department of Transportation, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: To reflect changes in the chain of command within the Department of Transportation since the last update of the WAC.

Proposal Changes the Following Existing Rules: Shows new chain of command structure within the Department of Transportation.

### **NOTICE**

THIS RULE IS BEING PROPOSED TO BE ADOPTED USING AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS RULE BEING ADOPTED USING THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO William D. Richeson, Department of Transportation, P.O. Box 47410, Olympia, WA 98504-7410, AND RECEIVED BY March 6, 1999.

January 4, 1999 Gerald E. Smith Deputy Secretary, Operations

AMENDATORY SECTION (Amending Order 163, filed 7/24/96, effective 8/24/96)

WAC 468-06-040 Description of central and field organization of the Washington state department of transportation. (1) The department of transportation is a statutorily created agency of the state of Washington. The central office of the department of transportation is located in the Transportation Building, Olympia, WA 98504.

(2) The department of transportation is headed by a secretary who is the executive head of the department and is

appointed by the Washington state transportation commission.

- (a) Serving directly under the secretary are the deputy secretary for operations, deputy secretary for policy ((and the)), audit office, equal opportunity office and the ombudsman. There are also assistant attorney generals assigned to the department who provide legal services in department matters.
- (b) Reporting directly to the deputy secretary for ((policy)) operations are the following offices: Communications and public involvement, governmental liaison office, ((office of equal opportunity, office of)) human resources office and Q2000 office.
- (c) The following service centers report to the deputy ((secretaries)) secretary for operations depending upon their needs: Environmental and engineering, field operations support, finance and administration, planning and programming and transaid. Also reporting to the deputy ((secretaries)) secretary are the aviation division, transportation economic partnerships division, highways and local roadways division, public transportation and rail division and Washington state ferries.
- (d) The department field functions are carried out by six regions which are each headed by a region administrator and report directly to the deputy secretary for operations. The central regional office locations are: Seattle, Wenatchee, Tumwater, Vancouver, Yakima, and Spokane. The regions have various project and maintenance area offices which are headed by a supervisor.

Note: The board may waive late filing fees for good cause.

# WSR 99-02-019 PERMANENT RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Filed December 29, 1998, 3:07 p.m., effective July 1, 1999]

Date of Adoption: December 29, 1998.

Purpose: Chapter 296-27 WAC, Safety standards for recordkeeping and reporting.

Subject of this rule making: Abatement verification.

The Department of Labor and Industries has adopted federal-initiated abatement certification procedures that employers must follow to verify that cited violations of workplace safety and health rules have been corrected. The new rules bring Washington state into compliance with federal requirements adopted last year (as published in Federal Register Volume 62, Number 61, dated 3/31/97). In keeping with the agency's on-going effort to make WISHA regulations easier to read, understand and voluntarily use, the department rewrote the regulation in everyday language and in a question and answer format. Because the new state standard is written more clearly than the federal rule, nonmandatory federal Appendix A, Sample Abatement Certification Letter, and Appendix B, Sample Abatement Plan or Progress Report were not included in the state standard. Federal Appendix C, Sample Warning Tag, is included as Appendix A in the state standard. In addition, the federal rule has been modified to reflect the state, rather than the federal, appeals process. Major provisions of the new standard include:

- Abatement Certification: The adopted rule requires employers to certify in writing when and how all cited violations have been abated.
- Additional Documentation: On all willful and repeat violations, the adopted rule requires employers to submit documentation of abatement such as photographs, receipts for materials purchased, etc. The department may also require employers to provide documentation of abatement on serious violations.
- Abatement Plan: The adopted rule allows the agency to direct employers to prepare abatement plans and to submit progress reports when more than ninety days is allowed to correct the hazard.
- Notice to Employees: The adopted rule spells out procedures for informing affected employees and requires employers to make copies of abatement notices, documentation and abatement plans available to them.

• Movable Equipment: The adopted rule requires that when a cited violation relates to equipment that can be moved within or between worksites, the employer is required to attach a copy of the violation or a tag to ensure that employees are aware of the hazardous condition. This notice or tag is to remain on the equipment until the violation is abated and the department notified, or the equipment is removed from service, or the violation is vacated. This requirement applies during any appeal.

#### **NEW SECTIONS**

WAC 296-27-21001, What is the purpose of this rule? This federal-initiated adopted new section states that L&I inspections are expected to eliminate violations of the Washington Industrial Safety and Health Act (WISHA) making sure that cited violations have been abated. This section describes obligations of the employer to certify abatement and to provide additional documentation.

WAC 296-27-21005 When does this rule apply? This federal-initiated adopted new section states that the standard applies to anyone who is cited for a WISHA violation.

WAC 296-27-21010 What definitions apply to this rule? This federal-initiated adopted new section gives definitions of several words or terms used in the standard.

WAC 296-27-21015 What must an employer do when asked to abate a violation? This federal-initiated adopted new section requires employers who are cited to certify to the department that each violation has been abated, within 10 calendar days following the abatement date. This section also lists items that are required in the employer's certification that abatement is complete.

WAC 296-27-21020 When must an employer submit additional documentation of abatement? This federal-initiated adopted new section requires employers to submit additional documentation of abatement when the violation is a willful or repeat violation. The department may also require additional documentation for any serious violation when the citation says the documentation is required.

WAC 296-27-21025 When must an employer provide abatement plans? This federal-initiated adopted new section states that the department may require employers to submit abatement plans for cited violations (other than general violations) that take more than ninety calendar days to abate. Abatement plans must be submitted within twenty-five calendar days from the final order date. Required elements of an abatement plan are listed. This section states that the department will write to employers to inform them of inadequate abatement plans and how they are inadequate.

WAC 296-27-21030 When must an employer submit progress reports? This federal-initiated adopted new section states that the department may require employers to submit periodic progress reports for each cited violation. The progress report must identify the action taken to abate the violation and the date the action was taken.

WAC 296-27-21035 What must an employer do to keep employees informed about abatement activities? This federal-initiated adopted new section requires employers to inform affected employees and their representatives

about abatement activities covered by this section. Posting requirements are described and require employers use other means of communication to employees and their representatives if posting is not effective. Employers are required to inform employees and their representatives of their right to examine and copy abatement documents. This section also contains time frames within which requests to examine or copy abatement documents by employees or employee representatives must be met.

WAC 296-27-21040 How will the department determine the date that documents are submitted? This federal-initiated adopted new section states that, for mailed documents, the postmark date is the date of submission. For documents transmitted by means other than mail, the date of receipt is the date of submission.

WAC 296-27-21045 What are the requirements related to movable equipment? This federal-initiated adopted new section requires the employer to attach a copy of the violation or a tag to ensure that employees are aware of hazardous condition(s) relating to equipment that can be moved within or between worksites. This notice or tag is to remain on the equipment until the violation is abated and the department notified, or the equipment is removed from service, or the violation is vacated. This requirement applies during any appeal.

WAC 296-27-21050 Appendix A (Nonmandatory). What can a warning tag for movable equipment involved in serious, repeat, or willful violations look like? This federal-initiated adopted section provides a sample of a warning tag for employer reference.

Statutory Authority for Adoption: RCW 49.17.040.

Adopted under notice filed as WSR 98-18-080 on September 1, 1998.

Changes other than editing from proposed to adopted version. No public comments were received that led to any changes of this proposal. Therefore, the amendments are adopted as proposed.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 11, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 11, Amended 0, Repealed 0.

Effective Date of Rule: July 1, 1999.

December 29, 1998
Gary Moore
Director

#### **NEW SECTION**

WAC 296-27-210 Abatement verification.

#### **NEW SECTION**

WAC 296-27-21001 What is the purpose of this rule? Among other purposes, our inspections are expected to result in the elimination of violations under the Washington Industrial Safety and Health Act (WISHA), chapter 49.17 RCW. This section describes how we will make sure that cited violations have been abated. It also describes your obligations as an employer to certify abatement and, in some cases, to provide additional documentation.

#### **NEW SECTION**

WAC 296-27-21005 When does this rule apply? The provisions of WAC 296-27-210 through 296-27-21045 apply to you if we cite you for a WISHA violation.

#### **NEW SECTION**

WAC 296-27-21010 What definitions apply to this rule? Abatement means correcting the cited violation.

Abatement date means the date by which you must correct a violation. It is established by any final order or by an extension of abatement date(s), granting additional time to correct the violation. However, the abatement date established as a result of an order of the board of industrial insurance appeals remains in effect during any appeal to a court unless the court specifically orders the date to be stayed.

Affected employees means those employees who are exposed to the hazard(s) identified as violation(s) in a citation.

Certification means your written statement describing when and how abatement was achieved.

Department means those portions of the department of labor and industries responsible for enforcing the Washington Industrial Safety Act (WISHA). When this rule refers to "we" or "us," it means the department.

**Documentation** means material you submit that shows that abatement is complete. This includes, but is not limited to, photographs, receipts for materials and/or labor.

Employer means a business entity having one or more employees. Also, any person, partnership, or business entities with no employees but having industrial insurance coverage is both an employer and an employee. When this rule refers to "you," it means the employer or a designated representative.

**Final order** means any of the following documents unless you or another party files a timely appeal:

- A citation and notice;
- A corrective notice of redetermination;
- A decision and order from the board of industrial insurance appeals;
- A denial of petition for review from the board of industrial insurance appeals; or
- A decision from a Washington state superior court, court of appeals, or the state supreme court.

[3] Permanent

Final order date means the issue date of a final order.

**Movable equipment** means a hand-held or nonhandheld machine or device, powered or unpowered, that can be moved within or between worksites.

#### **NEW SECTION**

WAC 296-27-21015 What must an employer do when asked to abate a violation? (1) Within ten calendar days after the abatement date, you must certify to us that each violation has been abated. Exception: You do not need to certify abatement if our compliance officer indicates in the citation that he or she observed abatement.

- (2) Your certification that abatement is complete must include the following:
  - Your name and address;
  - The inspection number to which your certification applies;
  - The citation and item numbers to which your certification applies;
  - The date and method of abatement of each violation;
  - A statement that affected employees and their representatives have been informed of the abatement of each violation;
  - A statement that the information submitted is accurate; and
  - Your signature (or that of your authorized representative).

#### **NEW SECTION**

WAC 296-27-21020 When must an employer submit additional documentation of abatement? For each willful or repeat violation, you must submit to us additional documentation demonstrating that abatement is complete. You must also submit this documentation for any serious violation when we require you to do so in the citation. Such documentation may include, but is not limited to, evidence of the purchase or repair of equipment, photographic or video evidence of abatement, or other written records.

#### **NEW SECTION**

WAC 296-27-21025 When must an employer provide abatement plans? (1) When the time permitted for abatement is more than ninety calendar days, we may require you to submit an abatement plan for each cited violation other than general violations. If we require an abatement plan, the citation must say so.

- (2) When the citation indicates that an abatement plan is required, you must submit the plan within twenty-five calendar days from the final order date.
  - (3) Your abatement plan must:
  - Identify the violation;
  - List the steps you will take to correct the violation;
  - Include a schedule to complete the steps; and
  - Describe how employees will be protected until abatement is complete.
- (4) If we find your plan inadequate, we must inform you in writing and indicate how your plan is inadequate.

#### **NEW SECTION**

WAC 296-27-21030 When must an employer submit progress reports? (1) If you are required to submit an abatement plan, we may also require you to submit periodic progress reports for each cited violation. Our citation will include:

- The citation items for which periodic progress reports are required;
- The date on which an initial progress report must be submitted (no sooner than thirty calendar days after you submit an abatement plan);
- Whether additional progress reports are required;
   and
- The date(s) on which you must submit any additional progress reports.
- (2) For each violation, your progress report must briefly identify the action taken to achieve abatement and the date the action was taken. A single sentence should normally be adequate for each violation.

#### **NEW SECTION**

WAC 296-27-21035 What must an employer do to keep employees informed about abatement activities? (1) You must inform affected employees and their representative(s) about abatement activities covered by this section by posting a copy of each document you submit to us or a summary of the document near the place where the violation occurred.

- (2) Where such posting does not effectively inform employees and their representatives about abatement activities (for example, if you have mobile work operations), you must:
  - Post each document or a summary of the document in a location where it will be readily observable by affected employees and their representatives; or
  - Take other steps to communicate fully to affected employees and their representatives about abatement activities.
- (3) You must inform employees and their representatives of their right to examine and copy all abatement documents submitted to the department.
- (4) You must comply with any request by an employee or employee representative to examine and copy abatement documents within five days of receiving the request, if the employee or employee representative makes the request within three working days of receiving notice that the documents have been submitted to us.
- (5) You must ensure that notice to employees and employee representatives is provided on or before the date you provide the information to us.
- (6) You must ensure that these abatement documents remain posted for at least three working days after you submit them to us and that they are not altered, defaced, or covered by other material.

#### **NEW SECTION**

WAC 296-27-21040 How will the department determine the date that documents are submitted? The date of

postmark is the date of submission for documents you send by mail. For documents you transmit by other means, the date we receive the document is the date of submission.

#### **NEW SECTION**

WAC 296-27-21045 What are the requirements related to movable equipment? (1) For serious, repeat, and willful violations involving movable equipment, you must attach a warning tag or a copy of the citation to the operating controls or to the cited component of equipment if the violation has not already been abated. You must do this for handheld equipment immediately after you receive the citation, and you must do this for other equipment before moving it within the worksite or between worksites.

- (2) You must use a warning tag that properly warns employees about the nature of the violation involving the equipment and that tells them where the citation is posted. Nonmandatory Appendix A contains a sample tag that you may use to meet this requirement.
- (3) For the construction industry, a tag designed and used in accordance with WAC 296-155-300(8) and 296-24-14011 meets the requirements of this section when the information required by subsection (2) of this section is included on the tag.
- (4) You must make sure that the tag or copy of the citation attached to movable equipment is not altered, defaced, or covered by other material.
- (5) You must make sure that the tag or copy of the citation attached to movable equipment remains attached until:
  - You have abated the violation and you have submitted all abatement verification documents required by this regulation to us;
  - You have permanently removed the cited equipment from service;
  - You no longer have control over the cited equipment; or
  - A final order vacates the violation.

#### **NEW SECTION**

WAC 296-27-21050 Appendix A (Nonmandatory). What can a warning tag for movable equipment involved in serious, repeat, or willful violations look like? You may use a warning tag similar to the sample shown below. You must make sure the warning tag meets the requirements of and is used in accordance with the requirements of WAC 296-27-21045.

### WSR 99-02-020 PERMANENT RULES

### UTILITIES AND TRANSPORTATION COMMISSION

[General Order No. R-452, Docket No. UT-970301—Filed December 29, 1998, 3:42 p.m.]

In the matter of amending WAC 480-120-021, 480-120-138 and 480-120-141; and repealing WAC 480-120-137, 480-120-142 and 480-120-143, relating to pay phone and operator services providers.

STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission (commission or WUTC) takes this action under Notice No. WSR 98-17-068, filed with the code reviser on August 17, 1998. This commission brings this proceeding pursuant to RCW 80.04.160, 80.36.520, and 80.01.040.

STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 34.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

DATE OF ADOPTION: The commission adopted this rule on October 28, 1998.

CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: The proposal requires pay phone service providers and operator service providers to provide a consistent level of service and to meet intrastate standards that are consistent with federal requirements. The rules will also preserve, to the extent possible, continued consumer protections in a largelyderegulated environment by measures including adequate disclosure to consumers at the pay phone itself, at the time of a call. The rules recognize federal mandates lifting economic regulation from pay telephones and operator services. Rule amendments delete provisions that are no longer applicable or are unduly burdensome, maintain a minimum level of service, provide a means to obtain limitations on service when needed for public purposes, impose consumer protections through disclosure at the pay phone, and inform consumers of their rights as pay phone users. The rules also reduce the level of bureaucratic involvement in this business to the minimum consistent with adequate consumer protection. Rules revisions are designed to meet standards set out in Executive Order 97-02.

REFERENCE TO AFFECTED RULES: This rule repeals, amends, or suspends the following sections of the Washington Administrative Code:

Amends WAC 480-120-021 Glossary, 480-120-138 Pay telephones—Local and intrastate and 480-120-141 Alternate operator services; and repeals WAC 480-120-137 Customerowned pay telephones—Interstate, 480-120-142 Alternate operator services—Enforcement, and 480-120-143 Local service to aggregators.

PREPROPOSAL STATEMENT OF INQUIRY AND ACTIONS THEREUNDER: The commission filed a preproposal statement of inquiry (CR-101) on March 27, 1998, at WSR 97-08-036.

ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PRE-PROPOSAL STATEMENT: The statement advised interested persons that the commission was considering entering a rule making relating to pay telephones and alternate operator service providers. The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3), by sending notice to all registered telecommunications companies, and by providing notice to the commission's list of telecommunications attorneys.

Pursuant to the notice, the commission held a workshop on May 5, 1997. The commission on July 3, 1997, wrote interested persons, summarizing the workshop and requesting comments. On September 12, 1997, the commission staff circulated a draft of possible rule changes, based on the discussions and comments, to interested persons, requesting further comments. Commission staff received comments, and prepared and sent a second draft of possible rules to interested persons on April 28, 1998, and requested comments on the possible changes.

Staff convened a meeting of interested persons on June 2, 1998, to discuss the economic impact of this rule making. Representatives from the Northwest Payphone Association, local and long distance telephone companies, and public counsel were invited to attend. Commission staff also circulated a questionnaire to gain more information about the cost impacts of the rule. Five companies responded to the ques-

tionnaire. This information and their participation in the discussion led to the results summarized in the small business economic impact statement.

NOTICE OF PROPOSED RULE MAKING: The commission filed a notice of proposed rule making (CR-102) on August 17, 1998, at WSR 98-17-068. The commission scheduled this matter for oral comment and adoption under Notice No. WSR 98-17-068 at 9:30 a.m., Wednesday, October 28, 1998, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice also provided interested persons the opportunity to submit written comments to the commission.

COMMENTERS (WRITTEN COMMENTS): The commission received written comments from Fullers of Chehalis and Centralia, Jeffrey D. Glick of Seattle, GTE Northwest Inc. (GTE-NW), McDonalds in Vancouver, the Northwest Payphone Association (NWPA), William Paine of Maple Valley, the Public Counsel section of the Washington Attorney General (public counsel), the City of Seattle, Sentury Market in Goldendale, United Telephone Company of the Northwest (Sprint), Teltrust Communications Services, Inc. (Teltrust), US WEST Communications, Inc. (US WEST), the Washington Independent Telephone Association (WITA), and Washington State Representative Philip E. Dyer.

Based on the comments received, commission staff suggested revised language without changing the intent or ultimate effect of the proposed rule.

RULE-MAKING HEARING: The rule changes were considered for adoption, pursuant to the notice, at the commission's regularly scheduled open public meeting on October 28, 1998, before Chairwoman Anne Levinson and Commissioner Richard Hemstad. The commission heard oral comments from Suzanne Stillwell, representing commission staff; Brooks Harlow, representing the NWPA; Matt Steuerwalt, representing public counsel; and Theresa Jensen, representing US WEST. Oral commenters repeated concerns that were stated in their previous written comments.

SUGGESTIONS FOR CHANGE THAT ARE REJECTED: Although all participants worked diligently to achieve consensus, the participants and commission staff did not reach complete agreement on some topics. A summary of those areas follows.

1. Jurisdictional issues. Several commenters assert that the commission does not have jurisdiction over pay phones at all because, they argue, the Telecommunications Act of 1996 removed all regulation from the state. Commenters believe that the proposed rules are inconsistent with federal law and regulation and that the incumbent local exchange companies (LECs) will be disadvantaged in the competitive market. The commission rejects these arguments. While FCC rules ended state regulation of the local coin rate, it left to the states the authority to regulate other aspects of the pay phone industry, especially in the area of consumer protection. The rules are consistent with the intent of Congress and the FCC, and are competitively neutral as it relates to incumbent LECs.

2. Disclosure at the pay phone. Commenters argued that the disclosure that the rules require from both the pay phone service provider and operator service provider is unnecessary and costly, that too many numbers must be posted, and that

Permanent [6]

technical limitations may affect their ability to offer ondemand verbal rate quotes. The commission strongly believes that adequate disclosure at the pay phone site is essential to promote effective competition and to inform and protect users appropriately of pay phone services. The amount of posting will be nearly the same as prior rule language (adding one telephone number while removing other language). Adding the commission's compliance number is a necessary consumer protection measure. The commission will consider requests for waivers of the rules pursuant to WAC 480-120-141 (2)(b) if technical limitations reasonably prevent offering on-demand verbal rate quotes on request.

- 3. Compensation for incoming calls. Commenters argued that pay phone providers should be allowed to charge customers for calls made to pay phones (incoming calls), and that the rules' prevention of such charges violates federal law. The commission rejects this argument. Federal statute and FCC orders are at most ambiguous about the existence of an obligation to compensate incoming calls, and the commission finds no legal or policy reason to allow such charges.
- 4. Restrictions on call length. Some pay phone providers (PSPs) and/or location providers want the authority to restrict the length of local calls. These PSPs argue that all customers should have reasonable access to a phone. The rules require that a basic local call be a minimum of fifteen minutes, which will allow persons ample time to conduct business, wait on "hold," or deal with exceptional circumstances. Public counsel urges that there be no restrictions on length of local calls, except to meet needs due to illicit activity. The rule does not require the restriction of calls to fifteen minutes, but offers a balance between customer turnover and individual callers' needs. The requirement does not affect the <u>rate</u> for a local call, which pursuant to federal requirements is not regulated.

Other specific comments that the commission rejected in adopting the rules include the following:

WAC 480-120-138 Pay phone service providers (PSPs)

WAC 480-120-138 (3)(d), required access to telecommunications relay service calls for the hearing impaired. Public counsel urged retaining the broader language of the existing rule, WAC 480-120-138(8), to require that "...installation complies with all applicable federal, state, and local laws and regulations concerning the use of telephones by disabled persons." Although the commission does not support other violations of law, and if it learns of such violations will report them appropriately, it has no jurisdiction to act upon such violations. Other agencies have the responsibility for ensuring compliance with other federal, state and local laws.

WAC 480-120-138 (4)(a), posting of rates. The rule requires that the rate and any call length limitations be clearly and legibly posted on or near the front of the pay phone. Public counsel asks that all placards bear the rate in thirty-point or larger type and contrasting color. Contrasting colors can be an effective means of highlighting the local call charge, as well as larger type, and either one is reasonable.

WAC 480-120-138 (4)(c), notice that no change is provided. GTE argues that it is a commonly known fact that pay phones do not make change and that it needlessly uses space on an already overloaded placard. The commission rejects the argument; virtually all contemporary-technology coin-

operated devices offer change, and there is no technological reason why the telephone instrument cannot be provisioned to do so. GTE can avoid the disclosure requirement by providing instruments that make change.

WAC 480-120-138 (4)(g) and (k), posting requirements. Subsection (4)(g) requires the PSP to post the name, address, and without-charge telephone number of all presubscribed operator service providers serving the instrument, and that the placard be updated within thirty days after a change. GTE argues that the thirty-day requirement will be burdensome in parts of its rural territory. In some areas, the company may only maintain telephones on an "as needed" basis. As to WAC 480-120-138 (4)(k), requiring updated placarding within sixty days after the effective date of a rule change, GTE asks that it be amended to permit change at the time of the next regularly scheduled visit to the pay phone. The commission rejects the suggestion that the time periods be extended. The trade-offs here are between consumer information and PSP convenience and expense. From the time of the change until the correct information is posted, consumers will not have on-site access to accurate information. The commission recognizes that an "immediate change" requirement would impose hardships on PSPs and sizeable expense. The time periods set in the rule appropriately balance the affected interests. PSP information shows that the time periods will allow changes to be made during "routine" site visits in the vast majority of instances. Thirty days is appropriate to change out placards when there has been a change in a presubscribed operator service provider, and sixty days is a reasonable time period to change out placards as a result of this or comparable rule changes.

WAC 480-120-138 (4)(j), commission toll-free number. This subsection requires posting, in contrasting colors, the commission's consumer complaint compliance number, to include a statement that, "If you have a complaint about service from this pay phone and are unable to resolve it with the pay phone owner/operator, please call the WUTC at 1-888-333-WUTC (9882)." NWPA, US WEST, and GTE object to printing a Washington-specific placard that puts another number in very limited space. They contend that the public may become confused and fail to follow instructions for routine calls. They fear that this will lead to a costly level of misdirected complaints that should be managed by the PSP. The commission rejects this view. The commission compliance number is necessary to support its compliance efforts and to get information from consumers about pay phone problems.

Public counsel suggests retaining the existing rule language of WAC 480-120-138(14) that requires credit-card operated phones to identify all credit cards accepted. The commission believes that in today's market this is not critical for consumer protection, and the marketplace will address this issue.

WAC 480-120-138 (5)(c), one line per instrument. This subsection requires that a PSP obtain a separate pay phone access line (PAL) for each pay phone instrument. Pay phone providers oppose this, suggesting that it may stifle innovation and prevent PSPs from obtaining the most efficient and cost-effective service. The problem addressed by this rule is assuring that the pay phone is available for service - if a single line serves more than one instrument, the line cannot be

available for both instruments at the same time. The rule was modified in response to this objection and now specifically provides for commission waiver if a company demonstrates that technology accomplishes the same result as the rule's requirement.

WAC 480-120-138 (5)(d) and (e), extension, cordless or tabletop telephones. US WEST argues that the WUTC should not regulate the operational characteristics of extension telephones, cordless, or tabletop telephones because such phones, as customer provided equipment (CPE), are deregulated. We reject this argument. The rule does not regulate CPE. It does not prohibit such equipment, set a rental rate for such equipment, or regulate the dimensions, color, form, or style of the equipment. The rule regulates the services provided to the customer, a matter that remains within the commission's jurisdiction.

WAC 480-120-138 (5)(f), keypad restriction. The rule requires that a pay phone may not restrict the number of digits or letters that may be dialed. US WEST argues that the restriction is inconsistent with marketplace demands, and that whether or not to apply keypad restriction should be a decision between the PSP and location providers. The commission rejects US WEST's arguments. In today's environment. consumers need keypad access after dialing the number to enter billing codes, to retrieve voice messages, use pagers, access bank accounts and credit card accounts, call offices that use automated menus, etc. Keypad restrictions often mean that the cost of a call is wasted and the consumer has no means to conduct her or his activities. Keypad restriction is of little value in preventing professional crime, because portable tone generators are readily available to persons who know they will need them. If location-specific problems call for keypad restrictions, waiver is available under subsection (6) of the rule.

WAC 480-120-138 (5)(g), coin and credit operation. Pay phones may provide credit-only service, or coin and credit service. US WEST again states that it is inconsistent with marketplace demands, and should be a decision between the PSP and location providers to determine type of restrictions. A company may apply for waiver of the rules if necessary.

WAC 480-120-138(6), authorizing restrictions. provision allows the commission to direct limitations on pay phone service upon request of local governing jurisdictions to support their efforts to prevent or limit criminal or illicit activities. Restrictions may include, but are not limited to, blocking of incoming calls, limiting touch tone capabilities, and imposing coin restriction during certain hours. US WEST argues that this is beyond the commission's jurisdiction and inconsistent with federal law; it argues that PSPs will implement such restrictions appropriately and willingly at the request of local communities, property owners, neighborhood groups, or others at the discretion of the company. The commission rejects the suggestion that such restrictions must be available without commission oversight. The commission does have the jurisdiction and the authority to ensure consumer protection and the minimum service and quality standards provided from pay phones. While the commission should not be an impediment to effective local police and

safety regulation, interests of consumers must be a factor in the process.

WAC 480-120-138(7), telephone directories. The PAL provider must furnish without charge one current directory each year and the PSP must ensure that a current directory is available at every pay phone. GTE argues that this is costly and burdensome, and suggested that the PSP need only make "a reasonable effort" to make a current directory available at every pay phone location. We disagree. Providing a directory is a part of pay phone service. Consumers should not be forced to use directory assistance for numbers that are readily available in a local directory.

WAC 480-120-138(8). correcting malfunctions and rule violations. The rule imposes a five-day limit for correcting reported malfunctions or rule violations. US WEST argues that "Malfunction" aspect should be removed because it is beyond the WUTC's jurisdiction since pay phones are deregulated. As noted repeatedly in this order, the commission disagrees sharply with US WEST's limited view of our jurisdiction. Public counsel suggests retaining provisions of the existing WAC 480-120-138(18) that make a LEC responsible to ensure that its PSP customers comply with rules regarding the use of its PAL line. We reject this suggestion; in today's competitive marketplace it is inappropriate to require the LEC to police the activities of a competitor. Each company is independently responsible for compliance with WUTC rules.

WAC 480-120-141 Operator service providers (OSPs)

WAC 480-120-141 (2)(a), posting - rates. Public counsel asks the commission to retain the language from the prior rule that "Service on this instrument may be provided at rates that are higher than normal. You have the right to contact the operator for information regarding charges before placing your call..." The commission rejects the request. The adopted disclosures provide needed notice, especially coupled with the opportunity to receive an on-demand verbal rate quote.

GTE, NWPA, US WEST expressed the same concerns discussed above in WAC 480-120-138(4) on disclosure requirements for pay phone service providers. The commission notes that disclosure is reasonably required for consumer protection, and resolves these concerns in the same way.

WAC 480-120-141 (2)(b), verbal disclosure of rates. Before an operator-assisted call from an aggregator location may be connected by a presubscribed OSP, the OSP must verbally advise the caller how to receive a rate quote, such as by pressing a specific key or keys, but no more than two keys, or by staying on the line. The rate quoted for the call must include any applicable surcharge, and charges must not exceed the quote.

Teltrust argues that the proposal is premature in light of the FCC's reconsideration of the parallel federal rule, which is subject to change. It argues that the rule is burdensome and expensive and that it threatens to harm OSPs as well as consumers by leading to rate increases. GTE states that it does not have the technology to comply, but that it should be able to do so by late 1999. The NWPA does not object to the verbal requirement as long as it is consistent with federal requirements both in substance and in the timing of imple-

Permanent [8]

mentation. US WEST argues that the WUTC should postpone adoption of rule language concerning this issue until the FCC adopts its final rule, stating that the needed technology is not currently available for US WEST, and will take about fifteen months to implement once a final decision is made to use it. US WEST also argues that the rule generates costs and expenses to the company that they do not face today. Public counsel argues that provisions of existing rules, WAC 480-120-141 (10)(b) and (11) containing limits on OSP rates should be retained.

The commission adopts the FCC's verbal disclosure requirement on an intrastate basis. Staff recognizes that the FCC granted limited waivers and extensions of time to come into compliance to several specific petitioners for automated calls, collect call and inmate services (October 31, 1998, and December 31, 1998, for collect call and inmate services, respectively). Further, the FCC permitted OSPs that use store-and-forward technology, until October 1999, to come into compliance with its rules. The federal rule is stayed only as it applies to interstate intraLATA operator services until sixty days after release of the FCC's reconsideration order.

The verbal rate disclosure option is necessary to better inform consumers, fosters a more competitive environment, and it serves the public interest. Petitioners to the FCC rule have indicated they can use live operators for rate quotes during the interim period. Staff's intent is that the WUTC rules be as consistent with the FCC as local conditions permit. If there are significant changes to the FCC rule resulting from the FCC's review and resulting order, the commission will do an expedited rule making at that time to consider changes needed for consistency. Waivers will be considered during the interim period, consistent with the FCC approach.

WAC 480-120-141 (6)(b), operational capabilities - adequate facilities. This rule requires the OSP to determine cause of excessive blockage and take steps to correct the problem. US WEST argues this is not enforceable, stating that the responsible party is the Interexchangee Carrier (IXC), since the IXC is provisioning trunking. The commission believes that the OSP needs to pursue any service problem directly with the IXC or other responsible party to resolve a blocking problem.

WAC 480-120-141 (6)(c), operator service standards. US WEST asks the commission to reject this language as ambiguous and not measurable. The commission believes that the language as stated is a reasonable public expectation and that it is stated with sufficient clarity.

WAC 480-120-141 (6)(d), operational capabilities reorigination. The rule requires an OSP to reoriginate calls to another carrier upon request and without charge when equipment that will accomplish reorigination with screening and allow billing from the point of origin of the call, is in place. If reorigination is not available, the OSP must give dialing instructions for the consumer's preferred carrier. US WEST asks the commission to eliminate this provision because its operators do not have dialing instructions for customers who wish to reoriginate a call to another carrier. Customers are transferred to directory assistance to learn their preferred carrier's access number. The company argues that OSPs should not have to incur the expense of increased call handling time. The commission notes that this is not new rule language and

that it requires no new technology. The required service is appropriate and should continue to be required.

WAC 480-120-141(9), enforcement. Public counsel asks the WUTC to retain language from WAC 480-120-142, which includes specific RCWs and WACs detailing minimum service levels. The commission rejects the proposal because revised rule incorporates needed references.

COMMISSION ACTION: After considering all of the information regarding this proposal, the commission repealed the three rules proposed for repeal and adopted the proposed rule amendments, with the changes described and discussed in this order. Appendix A of this order sets out the rule as adopted.

CHANGES FROM PROPOSAL: The commission adopted the proposal with the following changes from the text noticed at WSR 98-17-068. Note that the changes described below are in addition to nonsubstantive grammatical, editorial, and minor clarifying changes.

#### WAC 480-120-021 Glossary

Pay phone services definition was changed to "provision of pay phone equipment to the public for placement of local exchange, interexchange, or operator service calls." This amendment was offered by the NWPA. We adopt it for the reasons advocated in its support.

WAC 480-120-138 Pay phone service providers (PSPs)

WAC 480-120-138 (4)(b) is changed to state that "notice must be posted that directory assistance charges may apply, and to ask the operator for rates," rather than the proposed requirement to state the rate. Public counsel asks that the commission retain a rate cap at dominant carrier's rates. The FCC requirement appears to be clear that PSPs, if charged for directory assistance, may pass those costs on to the consumer/caller. The adopted language is consistent with the intent of the rule and the need for appropriate disclosure from pay phones.

WAC 480-120-138 (5)(h), one way call restriction. Many commenters want the flexibility to deal on their own with the question of whether or not to ban incoming calls. They argue that pay phone owners and location providers should be allowed to restrict phones against incoming calls whenever they choose. The commission believes that, generally, two-way service should be available from pay phones. However, the commission proposed exceptions to this policy to meet concerns that were expressed. Present exceptions allowing restricting incoming calls in libraries and hospitals, where quiet is necessary for the operation of the institution, would continue. The commission proposed a new exception, inside the building of a private business, where the pay phone provider and the location owner may decide whether to restrict against incoming calls. Phones located outside such private business locations, and in or on premises where people have access to public transportation such as airports, bus and train stations, must provide two-way service unless the commission grants a waiver. Adopted language addresses concerns heard in the comments, and it is consistent with the intent of the rule and appropriate consumer protection.

WAC 480-120-138(6) is revised to remove repetitive and unnecessary language, to correctly identify the appropriate subsection for requesting a waiver, and to shorten the

[9] Permanent

comment period from thirty to twenty days when there has been a request to restrict a pay phone, as the City of Seattle suggests. It is consistent with the intent of the rule and with appropriate consumer protection.

STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE: In reviewing the entire record, the commission determined that WAC 480-120-021, 480-120-138, and 480-120-141 should be amended to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, and WAC 480-120-137, 480-120-142, and 480-120-143 should be repealed, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the code reviser.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, amended 3, repealed 3; Federal Rules or Standards: New 0, amended 0, repealed 0; or Recently Enacted State Statutes: New 0, amended 0, repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, amended 0, repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, amended 0, repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, amended 3, repealed 3.

Number of Sections Adopted Using Negotiated Rule Making: New 0, amended 0, repealed 0; Pilot Rule Making: New 0, amended 0, repealed 0; or Other Alternative Rule Making: New 0, amended 0, repealed 0.

#### **ORDER**

THE COMMISSION ORDERS:

- 1. WAC 480-120-021, 480-120-138, and 480-120-141 are amended to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, and WAC 480-120-137, 480-120-142, and 480-120-143 are repealed, to take effect on the thirty-first day after the date of filing with the code reviser pursuant to RCW 34.05.380(2).
- 2. This order and the rule set out below, after being recorded in the register of the Washington Utilities and Transportation Commission, shall be forwarded to the code reviser for filing pursuant to chapters 80.01 and 34.05 RCW and chapter 1-21 WAC.
- 3. The commission adopts the commission staff memoranda, presented when the commission considered filing a preproposal statement of inquiry, when it considered filing the formal notice of proposed rule making, and when it considered adoption of this proposal in conjunction with the text of this order, as its concise explanatory statement of the reasons for adoption of the proposed changes, as required by RCW 34.05.025.

DATED at Olympia, Washington, this 28th day of December 1998.

Washington Utilities and Transportation Commission
Anne Levinson, Chair
Richard Hemstad, Commissioner
William R. Gillis, Commissioner

#### APPENDIX "A"

AMENDATORY SECTION (Amending Order R-384, Docket No. UT-921192, filed 2/26/93, effective 3/29/93)

WAC 480-120-021 Glossary. Access line - a circuit between a subscriber's point of demarcation and a serving switching center. Access code - sequence of numbers that, when dialed, connect the caller to the provider of operator telecommunication services associated with that sequence.

Aggregator - is referenced in these rules as a call aggregator, defined below.

Alternate operator services company - ((any corporation, company, partnership, or person other than a local exchange company providing a connection to intrastate or interstate long-distance or to local services from locations of call aggregators. The term "operator services" in this rule means any intrastate telecommunications service provided to a call aggregator location that includes as a component any automatic or live assistance to a consumer to arrange for billing or completion, or both, of an intrastate telephone call through a method other than: Automatic completion with billing to the telephone from which the call originated; or completion through an access code used by the consumer with billing to an account previously established by the consumer with the carrier)) is referenced in these rules as an operator service provider (OSP), defined below.

Applicant - any person, firm, partnership, corporation, municipality, cooperative organization, governmental agency, etc., applying to the utility for new service or reconnection of discontinued service.

Automatic dialing-announcing device - any automatic terminal equipment which incorporates the following features:

- (1)(a) Storage capability of numbers to be called; or
- (b) A random or sequential number generator that produces numbers to be called; and
  - (c) An ability to dial a call; and
- (2) Has the capability, working alone or in conjunction with other equipment, of disseminating a prerecorded message to the number called.

Automatic location identification/data management system (ALI/DMS) - ALI/DMS is a feature that forwards to the public safety answering point (PSAP) a caller's telephone number, the name and service address associated with the telephone number, and supplementary information as defined in the DMS for automatic display at the PSAP. The DMS is a combination of manual procedures and computer programs used to create, store, manipulate, and update data required to provide selective routing, ALI, emergency service numbers, and other information associated with the calling party's telephone number.

Billing agent - a person such as a clearing house which facilitates billing and collection between a carrier and an entity such as a local exchange company which presents the bill to and collects from the consumer.

Base rate area or primary rate area - the area or areas within an exchange area wherein mileage charges for primary exchange service do not apply.

Call aggregator - ((a)) any corporation, company, partnership, or person, who, in the ordinary course of its operations, makes telephones available ((for intrastate service)) to the public or to users of its premises for telephone calls using a provider of operator services, including but not limited to hotels, motels, hospitals, campuses, and pay ((telephones)) phones (see also pay phone service provider).

Centrex - a telecommunications service providing a subscriber with direct inward dialing to telephone extensions and direct outward dialing from them.

Central office - a switching unit in a telephone system having the necessary equipment and operating arrangements for terminating and interconnecting subscribers' lines, farmer lines, toll lines and interoffice trunks. (More than one central office may be located in the same building or in the same exchange.)

Commission (agency) - in a context meaning a state agency, the Washington utilities and transportation commission.

Commission (financial) - in a context referring to compensation for telecommunications services, a payment from an AOS company to an aggregator based on the dollar volume of business, usually expressed as a percentage of tariffed message toll charges.

Competitive telecommunications company - a telecommunications company which is classified as such by the commission pursuant to RCW 80.36.320.

Competitive telecommunications service - a service which is classified as such by the commission pursuant to RCW 80.36.330.

Consumer - user not classified as a subscriber.

Customer premises equipment (CPE) - telecommunications terminal equipment, including inside wire, located at a subscriber's premises on the subscriber's side of the standard network interface/point of demarcation (excluding pay telephones provided by the serving local exchange company).

Emergency calling - the ability to access emergency services by dialing 911, or dialing a local number to police and/or fire where 911 is not available, without the use of a coin or the entering of charge codes. Where enhanced 911 is operational, the address displayed to the public safety answering point (PSAP) shall be that of the phone instrument if different from the public access line demarcation point and the phone number must be that of the pay phone.

Exchange - a unit established by a ((utility)) telecommunications company for communication service in a specific geographic area, which unit usually embraces a city, town or community and its environs. It usually consists of one or more central offices together with the associated plant used in furnishing communication service to the general public within that area.

Exchange area - the specific area served by, or purported to be served by an exchange.

Farmer line - outside plant telephone facilities owned and maintained by a subscriber or group of subscribers, which line is connected with the facilities of a telecommunications company for switching service. (Connection is usually made at the base rate area boundary.)

Farmer station - a telephone instrument installed and in use on a farmer line.

Foreign exchange service - a communications exchange service that uses a private line to connect a subscriber's local central office with a distant central office in a community outside the subscriber's local calling area.

Interexchange telecommunications company - a telecommunications company, or division thereof, that does not provide basic local service.

Interoffice facilities - facilities connecting two or more telephone switching centers.

<u>Local coin call - a connection from a pay phone within</u> the local calling area of not less than fifteen minutes.

Location surcharge - a flat, per-call charge assessed by an ((alternate operator services company)) operator service provider (OSP) on behalf of a call aggregator/pay phone service provider in addition to message toll charges, local call charges, and operator service charges. A location surcharge is remitted, in whole or in part, to the call ((aggregator-customer)) aggregator/pay phone service provider.

Operator service charge - a charge, in addition to the message toll charge or local call charge, assessed for use of a calling card, a credit card, or for automated or live operator service in completing a call.

Operator service provider (OSP) - any corporation, company, partnership, or person providing a connection to intrastate or interstate long-distance or to local services from locations of call aggregators. The term "operator services" in this rule means any intrastate telecommunications service provided to a call aggregator location that includes as a component any automatic or live assistance to a consumer to arrange for billing or completion, or both, of an intrastate telephone call through a method other than: Automatic completion with billing to the telephone from which the call originated; or completion through an access code used by the consumer with billing to an account previously established by the consumer with the carrier.

Outside plant - the telephone equipment and facilities installed on, along, or under streets, alleys, highways, or on private rights-of-way between the central office and subscribers' locations or between central offices.

Pay phone or pay telephone - any telephone made available to the public on either a fee-per-call basis, independent of any other commercial transaction, for the purpose of making telephone calls, whether the telephone is coin-operated or is activated by calling collect or using a calling card.

Pay phone access line, public access line, pay telephone access line, pay station service, pay phone service (PAL) - is referenced in these rules as an access line, see above.

Pay phone services - provision of pay phone equipment to the public for placement of local exchange, interexchange, or operator service calls.

Pay phone service provider (PSP) - any corporation, company, partnership, or person who owns or operates and makes pay phones available to the public.

Presubscribed provider of operator services - the provider of operator services to which the consumer is connected when a call is placed without dialing an access code.

Person - unless the context indicates otherwise, any natural person or an entity such as a corporation, partnership, municipal corporation, agency, or association. Private branch exchange (PBX) - customer premises equipment installed on the subscriber's premises that functions as a switch, permitting the subscriber to receive incoming calls, to dial any other telephone on the premises, to access a tie trunk leading to another PBX or to access an outside trunk to the public switched telephone network.

Private line - a dedicated, nonswitched telecommunications channel provided between two or more points.

Public safety answering point (PSAP) - an answering location for enhanced 911 (E-911) calls originating in a given area. PSAPs are designated as a primary or secondary. Primary PSAPs receive E-911 calls directly from the public; secondary PSAPs receive E-911 calls only on a transfer or relay basis from the primary PSAP. Secondary PSAPs generally serve as centralized answering locations for a particular type of emergency call.

Reverse search of ALI/DMS data base - a query of the automatic location identification (ALI/DMS) data base initiated at the public safety answering point (PSAP) to obtain electronically the ALI data associated with a known telephone number for purposes of handling an emergency call when the searched telephone line is not connected to the PSAP.

Special circuit - an access line specially conditioned to give it characteristics suitable for handling special or unique services.

Standard network interface (SNI) - the point of interconnection between telecommunications company communications facilities and terminal equipment, protective apparatus, or wiring at a subscriber's premises. The network interface or demarcation point is located on the subscriber's side of the telecommunications company's protector, or the equivalent thereof in cases where a protector is not employed.

Station - a telephone instrument installed for the use of a subscriber to provide toll and exchange service.

Subscriber - any person, firm, partnership, corporation, municipality, cooperative organization, governmental agency, etc., supplied with service by any utility.

Toll station - a telephone instrument connected for toll service only and to which message telephone toll rates apply for each call made therefrom.

Trunk - a single or multichannel telecommunications medium between two or more switching entities which may include a PBX.

Utility - any corporation, company, association, joint stock association, partnership, person, their lessees, trustees or receivers appointed by any court whatsoever, owning, controlling, operating or managing any telephone plant within the state of Washington for the purpose of furnishing telephone service to the public for hire and subject to the jurisdiction of the commission.

AMENDATORY SECTION (Amending Order R-422, Docket No. UT-940049, filed 9/22/94, effective 10/23/94)

WAC 480-120-138 ((Pay telephones — Local and intrastate.)) Pay phone service providers (PSPs). ((Every telecommunications company operating an exchange within the state of Washington may allow pay telephones to be connected to the company's network for purposes of interconnec-

tion and use of registered devices for local and intrastate communications. Every such telecommunications company offering such service shall file tariffs with the commission setting rates and conditions applicable to the connection of pay telephones to the local and intrastate network under the following terms and conditions. Local exchange companies that do not have a public access line tariff on file with the commission shall not be subject to these rules.

For purposes of these rules "pay telephone" is defined as equipment connected to the telephone network in one of the following modes:

- (a) Coin operated: A telephone capable of receiving nickels, dimes, and quarters to complete telephone calls. Credit card or other operator assisted billing may be used from a coin-operated instrument.
- (b) Coinless: A pay telephone where completion of ealls, except emergency calls, must be billed by an alternative billing method such as credit card, calling cards, collect, third-party billing, or billed in connection with the billing of meals, goods, and/or services. These pay phones include, but are not limited to, charge a call, cordless, tabletop, and credit card stations. The term does not include in room telephones provided by hotels, motels, hospitals, campuses or similar facilities for the use of guests or residents.

For purposes of these rules, the term "subscriber" is defined as a party requesting or using a public access line for the purpose of connecting a pay telephone to the telephone network.

- (1) Pay telephones connected to the company network must comply with Part 68 of the Federal Communications Commission rules and regulations and the National Electric Code and National Electric Safety Code as they existed on January 1, 1991, and must be registered with the Federal Communications Commission, or installed behind a coupling device which has been registered with the Federal Communications Commission.
- (2) All pay telephones shall provide dial tone first to assure emergency access to operators without the use of a coin.
- (3) The caller must be able to access the operator and 911 where available without the use of a coin.
- (4) The charge for each directory assistance call paid by the consumer shall not exceed the prevailing per call charge for comparable directory assistance. In the absence of persuasive contrary evidence, the charge of U S WEST Communications for intraLATA directory assistance or AT&T for interLATA directory assistance shall be accepted as the prevailing charge. A location surcharge is not permitted.
- (5) Emergency numbers (e.g., operator assistance and 911) must be clearly posted on each pay telephone.
- (6) Information consisting of the name, address, telephone number of the owner, or the name of the owner and a toll-free telephone number where a caller can obtain assistance in the event the pay telephone malfunctions in any way, and procedures for obtaining a refund from the subscriber must be displayed on the front of the pay telephone.

The following information shall also be posted on or adjacent to the telephone instrument:

- (a) The method by which the consumer may obtain without charge an accurate quotation of rates, fees and surcharges; and
  - (b) The notices required by WAC 480-120-141(4).

In no case will the charges to the user exceed the quoted eosts.

- (7) The telephone number of the pay telephone must be displayed on each instrument.
- (8) The subscriber shall ensure that the pay telephone is compatible for use with hearing aids and its installation complies with all applicable federal, state, and local laws and regulations concerning the use of telephones by disabled persons.
- (9) The pay telephone, if coin operated, must return the coins to the caller in the case of an incomplete call and must be capable of receiving nickels, dimes, and quarters. Local exchange company pay telephones shall not be subject to the requirements of this subsection.
- (10) All pay telephones must provide access to all interexchange carriers where such access is available. If requested by the subscriber, the local exchange company providing the public access line shall supply, where available, (a) restriction which prevents fraud by selective blocking of 10XXX 1+codes and (b) call screening to identify the line as one to which charges may not be billed, at appropriate tariffed rates.
- (11) Except for service provided to hospitals, libraries, or similar public facilities in which a telephone ring might cause undue disturbance, or upon written request of a law enforcement agency, coin-operated pay telephones must provide two-way service, and there shall be no charge imposed by the subscriber for incoming calls. This subsection will not apply to pay telephones arranged for one-way service and in service on May 1, 1990. Should an existing one-way service be disconnected, change telephone number, or change financial responsibility, the requirements of this subsection shall apply. All pay telephones confined to one-way service shall be clearly marked on the front of the instrument.
- (12) Pay telephones shall be connected only to public access lines in accordance with the approved tariffs offered by the local exchange company. Local exchange company pay telephones are not subject to this requirement.
- (13) A subscriber must order a separate pay telephone access line for each pay telephone installed. Extension telephones may be connected to a pay telephone access line when the instrument:
- (a) Prevents origination of calls from the extension station; and
- (b) Prevents third party access to transmission from either the extension or the pay telephone instrument.

Local exchange companies are exempted from (b) of this subsection.

- (14) Credit card operated pay telephones shall clearly identify all credit cards that will be accepted.
- (15) Involuntary changes in telephone numbers upon conversion of pay telephones from local exchange companyowned to privately owned pay telephones are prohibited.
- (16) No fee shall be charged for nonpublished numbers on a public access line.

- (17) Cordless and tabletop pay telephones shall not be connected to the telephone network except under the following conditions:
- (a) The bill for usage is tendered to the user before leaving the premises where the bill was incurred or alternatively billed at the customer's request; and
- (b) The user is notified verbally or on the instrument that privacy on cordless and tabletop telephones is not guaranteed: and
- (e) When other electrical devices are equipped with filters, as necessary, to prevent interference with the pay telephone.
- (18) Violations of the tariff, commission rules pertaining to pay telephone service, or other requirements contained in these rules, including interexchange carrier access requirements, will subject the pay telephone to disconnection of service as follows. When the local exchange company becomes aware of a violation, prior to disconnection of service, it shall immediately send written notification to the subscriber outlining all deficiencies. If any deficiency is not corrected within five days from the date of written notification to the subscriber, the local exchange company shall discontinue service. Prior to effecting the disconnection of service, the local exchange company shall make two bona fide attempts to reach the subscriber by telephone to advise the subscriber of the impending disconnection. WAC 480-120-081 shall not apply to such disconnections. The local exchange company shall ensure that any costs associated with the field visits for public access lines services be recovered from the subscriber of the public access line service in question.

It shall be the responsibility of every local exchange company to assure that any subscriber taking service pursuant to these rules and to tariffs filed pursuant to these rules meets all of the terms and conditions contained within these rules and the tariffs so filed. It shall be the duty of the local exchange company to enforce the terms and conditions contained herein.

It shall be the responsibility of the local exchange company to provide free of charge one current telephone directory each year for each public access line. It shall be the responsibility of the subscriber to make a reasonable effort to assure a current directory is available at every pay telephone location.

Public access lines will be charged at rates according to the relevant tariff as approved by the commission.

(19) Disconnection of, or refusal to connect, a pay telephone for violation of these rules may be reviewed by the commission in a formal complaint under WAC 480-09-420(5) through an adjudicative or a brief adjudicative proceeding under the provisions of chapters 34.05 RCW and 480-09 WAC.)) (1) General. This section sets out the standards applicable to providing pay phone service in the state of Washington. All pay phone service providers (PSPs) must comply with this and all other rules relating to pay phone services.

Every local exchange company within the state of Washington must allow pay phones to be connected to its network, and must file a tariff or price list with the commission to include the rates and conditions applicable to providing service to pay phones via its network.

The absence from these rules of specific requirements of the Americans with Disabilities Act and of other local, state or federal requirements does not excuse PSPs from compliance with those requirements.

- (2) Registration and application of rules.
- (a) Pay phone service providers (PSPs) operating a pay phone within the state of Washington must register by:
- (i) Submitting a master business application to the master license service, department of licensing; and
- (ii) Obtaining a unified business identifier (UBI) number. A PSP that already has a UBI number need not reapply.
- (b) Except where pay phone services or PSPs are specifically referenced, the rules of general applicability to public service companies or telecommunications companies do not apply to pay phone services. This does not exempt pay phone service providers from rules applicable to remedies or sanctions for violations of rules applicable to PSP operations.
  - (3) Access. Pay phones must provide access to:
  - (a) Dial tone;
  - (b) Emergency calling;
  - (c) Operator;
- (d) Telecommunications relay service calls for the hearing impaired;
  - (e) All available subscriber toll-free services; and
- (f) All available interexchange carriers, including the local exchange company.

Access to services (a) through (e) of this subsection, must be provided at no charge to the calling party.

- (4) Disclosure What must be posted. The following information must be clearly and legibly posted on or near the front of the pay phone, and must not be obstructed by advertising or otherwise:
- (a) The rate for local calls, including any restrictions on the length of calls. Clear and legible posting of the rate can be accomplished by using 30 point or larger type print, or contrasting color;
- (b) Notice that directory assistance charges may apply, and to ask the operator for rates;
- (c) Notice that the pay phone does not make change, if applicable;
  - (d) The emergency number (911):
- (e) The name, address, phone number, and unified business identifier (UBI) number of the owner or operator;
- (f) A without-charge number to obtain assistance if the pay phone malfunctions, and procedures for obtaining a refund:
- (g) The name, address, and without-charge number of all presubscribed operator service providers, as registered with the commission. This information must be updated within thirty days of a change in the OSP.
- (h) Notice to callers that they can access other long distance carriers;
- (i) The phone number including area code of the pay phone. When the pay phone is in an area that has had an area code change, that area code change must be reflected on the pay phone within thirty days of the area code conversion;
- (j) In contrasting colors, the commission compliance number for consumer complaints, to include the following information: "If you have a complaint about service from this pay phone and are unable to resolve it by calling the

- repair/refund number or operator, please call the commission at 1-888-333-WUTC (9882); and
- (k) Placarding shall be in place within sixty days after the effective date of an applicable rule change.

#### (5) Operation and functionality.

- (a) The pay phone, if coin operated, must return coins to the caller in the case of an incomplete call and must be capable of receiving nickels, dimes, and quarters.
- (b) Pay phone keypads must include both numbers and letters.
- (c) A PSP must order a separate pay phone access line (PAL) for each pay phone installed. The commission may waive this requirement if a company demonstrates that technology accomplishes the same result as one to one ratio by means other than through a PAL, that the service provided to consumers is fully equivalent, and that all emergency calling requirements are met. This PAL must pass the appropriate screening codes to the connecting carrier to indicate that the call is originating from a pay phone.
- (d) Extension telephones may be connected to a pay phone access line for the purpose of monitoring emergency use only. An extension phone must be activated only when 911 is dialed from the pay phone, and the extension phone must be equipped with a "push to talk" switch or other mechanism to prevent inadvertent interruption of the caller's conversation with the public safety answering point. The pay phone must be clearly labeled to indicate that "911 calls are monitored locally."
- (e) Cordless and tabletop pay phones may be connected to the telephone network only when the bill is presented to the user before leaving the premises where the bill was incurred, unless the consumer requests that the call be alternatively billed.
- (f) The pay phone may not restrict the number of digits or letters that may be dialed.
- (g) Pay phones may provide credit-only service, or coin and credit service.
- (h) Pay phones must provide two-way service, and no charge may be imposed by the PSP for incoming calls. Exceptions to two-way service are allowed under the following circumstances:
- (i) Service provided to hospitals and libraries where a telephone ring might cause undue disturbance;
- (ii) Service provided within a building on the premises of a private business establishment, in the discretion of the business owner. For purposes of this section, premises where people have access to public transportation such as airports, bus and train stations are not considered private business establishments; and
- (iii) Service at locations where local governing jurisdictions or law enforcement find that incoming calls may be related to criminal or illicit activities and have obtained an order under subsection (6) of this section. Each pay phone confined to one-way service must be clearly marked on or near the front of the pay phone.
- (6) Restrictions. A PSP must limit the operational capabilities of pay phones only when directed by the commission. The commission may direct such limitations upon request of local governing jurisdictions (or other governmental agencies) in their efforts to prevent or limit criminal or illicit

Permanent [14]

activities. Restrictions may include, but are not limited to, blocking of incoming calls, limiting touch tone capabilities and coin restriction during certain hours.

Requests for a commission order directing the restriction of a pay phone (or pay phones in a certain geographic area) must be made by petition to the commission for waiver of subsection (5) of this section to allow one or more specific restrictions and for an order directing restriction of the phone. The petition may be made on a form provided by the commission. The petition must include a request for the restriction signed by an agent of the local government jurisdiction in which the pay phone is located who has authority from the jurisdiction to submit the request and must state the jurisdiction's reasons for the request.

The petitioner must serve a copy of the petition on the pay phone service provider no later than the date the petition is filed with the commission. The petitioner must post a notice prominently visible at the pay phone(s) of the proposed restriction, no later than the day it is filed with the commission, and maintain it at the location until the commission acts on the petition. The notice must explain what is proposed and how to file an objection to the petition with the commission. The petition is for an administrative, and not an adjudicative, decision and will be processed administratively.

If no objection is made by any person or by commission staff within the twenty-day comment period, the commission will enter an order directing the restriction. If an objection is filed, the commission will hear the petition after notice to the objector and the petitioner.

Once restrictions are in place at the telephone, the PSP must post on or near each pay phone so limited, in legible and prominent type, a description of each limitation in effect, times when the restrictions will be in effect, and the name and without-charge number of the governmental agency that recommended the restriction.

(7) **Telephone directories.** The provider of the pay phone access line must furnish without charge one current telephone directory each year for each pay phone access line (PAL).

The PSP must ensure that a current directory is available at every pay phone.

- (8) Malfunctions and rule violations. Malfunctions of the pay phone, or rule violations reported to the repair/refund number or the commission, must be corrected within five days.
- (9) Complaints and disputes. Complaints and disputes regarding pay phone service providers shall be treated in accordance with WAC 480-120-101.

AMENDATORY SECTION (Amending Order R-430, Docket No. UT-950134, filed 4/28/95, effective 5/29/95)

WAC 480-120-141 ((Alternate operator services.))

Operator service providers (OSPs). ((All telecommunications companies providing alternate operator services (AOS), as defined in WAC 480-120-021, shall comply with this and all other rules relating to telecommunications companies not specifically waived by order of the commission.

(1) Each alternate operator services company shall maintain, revise and provide to the commission upon request a

eurrent list of operator services customers which it serves and the locations and telephone numbers to which such service is provided to each customer. A customer list provided pursuant to this rule is proprietary information and, if identified when filed as required in WAC-480-09-015, is subject to the protections of that rule.

- (2) Each AOS company is responsible for assuring that each of its customers complies fully with contract and tariff provisions which are specified in this rule. Failure to secure compliance constitutes a violation by the AOS company.
- (a) The AOS company shall withhold on a location-by-location basis the payment of compensation, including commissions, from a call aggregator, if the AOS company reasonably believes that the call aggregator is blocking access to interexchange carriers in violation of these rules.
- (b) Violations of tariff, contract or other statements of conditions of service, in commission rules pertaining to AOS company service, or of other requirements contained in these rules, including interexchange carrier access requirements, will subject an aggregator to termination of alternate operator services as follows. When the AOS becomes aware of a violation, prior to disconnection of service, it shall immediately send written notification to the aggregator outlining all deficiencies. If any deficiency is not corrected within five days from the date of written notification to the aggregator, the AOS shall terminate service. Prior to effecting the termination of service, the AOS company shall make two bona fide attempts to reach the subscriber by telephone to advise the subscriber of the impending termination. WAC 480-120-081 shall not apply to such terminations.
- (c) AOS company actions in furtherance of this rule may be reviewed by the commission in a formal complaint under WAC 480 09 420 through an adjudicative or a brief adjudicative proceeding under the provisions of chapters 34.05 RCW and 480 09 WAC.
- (d) An AOS company shall refuse to provide operator services to a call aggregator who the commission has found to have knowingly and repeatedly violated commission rules regarding the provision of alternate operator service until the commission has found that the call aggregator will comply with relevant law and rule.
- (3) For purposes of this section, "consumer" means the party initiating and/or paying for an interexchange or local call. "Customer" means the call aggregator, i.e., the hotel, motel, hospital, prison, campus, pay telephone, etc., contracting with an AOS for service.
- (4) An alternate operator services company shall require, as a part of any contract with its customer and as a term and condition of service stated in its tariff, that the customer:
- (a) Post on the telephone instrument in plain view of anyone using the telephone, in eight point or larger Stymie Bold type, the information provided in the following notice:

SERVICE ON THIS INSTRUMENT MAY BE PROVIDED AT RATES THAT ARE HIGHER THAN NORMAL. YOU HAVE THE RIGHT TO CONTACT THE OPERATOR FOR INFORMATION REGARDING CHARGES BEFORE PLACING YOUR CALL. INSTRUCTIONS FOR REACHING YOUR PREFERRED CARRIER ARE ALSO AVAILABLE FROM THE OPERATOR.

- (b) Post and maintain in legible condition on or near the telephone:
- (i) The name, address, and without charge number of the alternate operator services company, as registered with the commission:
- (ii) Dialing directions so that a consumer may reach the AOS operator without charge to receive specific rate information; and
- (iii) Directions to allow the consumer to reach the consumer's preferred carrier and to make it clear that the consumer has access to the other providers.
- (c) Provide access from every instrument to 1-800 services and all available interexchange carriers; and
- (d) Shall post, on or near the instrument, a notice stating whether a location surcharge or any other fee is imposed for telecommunications access through the instrument, the amount of any fee or location surcharge, and the circumstances when it will apply.
- (e) Posting under these rules shall begin no later than October 1, 1991, and shall be completed no later than January 31, 1992. In the interim, posting in compliance with the immediate prior posting provisions of WAC 480-120-141 is required and shall constitute compliance with this rule.
  - (5) The alternate operator services company shall:
- (a) Identify the AOS company providing the service audibly and distinctly at the beginning of every call, and again before the call is connected, including an announcement to the called party on calls placed collect.
- (i) For purposes of this rule the beginning of the call is no later than immediately following the prompt to enter billing information on automated calls and, on live and automated operator calls, when the call is initially routed to the operator.
- (ii) The message used by the AOS company shall state the name of the company as registered with the commission whenever referring to the AOS company. Terms such as "company," "communications," "incorporated," "of the northwest," etc., when not necessary to clear consumer identification of the entity providing service may be omitted when authorized by letter from the secretary of the commission.
- (iii) The consumer shall be permitted to terminate the telephone call at no charge before the call is connected.
- (iv) The AOS company shall immediately, upon request, and at no charge to the consumer, disclose to the consumer:
- (A) A quote of the rates or charges for the call, including any surcharge;
- (B) The method by which the rates or charges will be collected; and
- (C) The methods by which complaints about the rates, charges, or collection practices will be resolved.
- (b) Provide to the local exchange company such information as may be necessary for billing purposes, as well as an address and toll free telephone number for consumer inquiries.
- (c) Reoriginate calls to another carrier upon request and without charge, when equipment is in place which will accomplish reorigination with screening and allow billing from the point of origin of the call. If reorigination is not available, the AOS company shall give dialing instructions for the consumer's preferred carrier.

- (d) Assure that a minimum of ninety percent of all calls shall be answered by the operator within ten seconds from the time the call reaches the carrier's switch.
- (c) Maintain adequate facilities in all locations so the overall blockage rate for lack of facilities, including as pertinent the facilities for access to consumers' preferred interexchange carriers, does not exceed one percent in the time consistent busy hour. Should excessive blockage occur, it shall be the responsibility of the AOS company to determine what caused the blockage and take immediate steps to correct the problem. This subsection does not apply to blockage during unusually heavy traffic, such as national emergency, local disaster, holidays, etc.
- (6) The alternate operator services company shall assure that persons are not billed for calls which are not completed. For billing purposes, calls shall be itemized, identified, and rated from the point of origination to the point of termination. No call shall be transferred to another carrier by an AOS which cannot or will not complete the call, unless the call can be billed in accordance with this subsection.
- (7) For purposes of emergency calls, every alternate operator services company shall have the following capabilities:
- (a) Automatic identification at the operator's console of the location from which the call is being made;
- (b) Automatic identification at the operator's console of the correct telephone numbers of emergency service providers that serve the telephone location, including but not limited to, police, fire, ambulance, and poison control;
- (c) Automatic ability at the operator's console of dialing the appropriate emergency service with a single keystroke;
- (d) Ability of the operator to stay on the line with the emergency call until the emergency service is dispatched.

No charge shall be imposed on the caller by the telephone company or the alternate operator services company for the emergency call.

- If the alternate operator services company does not possess these capabilities, all calls in which the consumer dials zero (0) and no other digits within five seconds shall be routed directly to the local exchange company operator, or to an entity fully capable of complying with these requirements. AOS companies lacking sufficient facilities to provide such routing shall cease operations until such time as the requirements of this section are met.
- (8) Complaints and disputes shall be treated in accordance with WAC 480-120-101, Complaints and disputes.
- (9) Charges billed to a credit card company (e.g., American Express or Visa) need not conform to the call detail requirements of this section. However, the AOS shall provide specific call detail in accordance with WAC 480-120-106 upon request.
- (10) "Public convenience and advantage"; surcharges; variable rates.
- (a) For services, public convenience and advantage means at a minimum that the provider of alternate operator services offers operator services which equal or exceed the industry standards in availability, technical quality and response time and which equal or exceed industry standards in variety or which are particularly adapted to meet unique needs of a market segment. In the absence of other persuasive

Permanent [16]

evidence, a demonstration that operator service equals or exceeds that provided by US-WEST Communications for intraLATA services or AT&T for interLATA services will be accepted as demonstrating public convenience and advantage.

- (b) Charges no greater than those prevailing charges in the relevant market intraLATA or interLATA will be accepted as demonstrating that charges are for the public convenience and advantage. In the absence of persuasive contrary evidence, \$0.25 higher per call than AT&T daytime charges for intraLATA and interLATA service will be accepted as the prevailing charges.
- (e) Surcharges; variable rates. No location surcharge may be added to without-charge calls nor to a charge for directory assistance. No tariff may provide for rate levels which vary at the option of a call aggregator, provided, that an aggregator may waive application of the surcharge to calls from its instruments, and provided further, that an AOS company may establish a tariff rate for high-cost locations if the conditions for application of the rate confine it to locations with substantially higher than average operating costs.
- (11) Rates to the consumer for the provision of alternate operator services, including directory assistance, shall not exceed the prevailing rates for such services in the relevant market—intraLATA or interLATA—unless need for the excess to produce rates which are fair, just and reasonable is demonstrated to the satisfaction of the commission. In the absence of persuasive contrary evidence, \$0.25 higher per call than AT&T daytime charges for intraLATA and interLATA service will be considered the prevailing rate.

#### (12) Fraud prevention.

- (a) A company providing interexchange telecommunications service may not bill a call aggregator for charges billed to a line for calls which originated from that line through the use of 10XXX+0; 10XXX+01; 950-XXXX; or 1-800 access codes, or when the call originating from that line otherwise reached an operator position, if the originating line subscribed to outgoing call screening and the call was placed after the effective date of the outgoing call screening order.
- (b) A company providing interexchange telecommunications service may not bill to a call aggregator any charges for collect or third number billed calls, if the line serving to which the call was billed was subscribed to incoming call screening and the call was placed after the effective date of the call screening service order.
- (e) Any calls billed through the local exchange carrier in violation of subparagraphs (a) or (b) above must be removed from the call aggregator's bill by the local exchange company upon identification. If investigation by the local exchange company determines that the pertinent call screening was operational when the call was made, the local exchange company may return the charges for the call to the interexchange telecommunications company as not billable.
- (d) Any call billed directly by an alternate operator service company, or through a billing method other than the local exchange company, which is billed in violation of subparagraphs (a) and (b), above, must be removed from the call aggregator's bill. The telecommunications company providing the service may request an investigation by the local exchange company. If the local exchange company, after

- investigation, determines that call screening which would have protected the call, which is offered by the LEC and was subscribed to by the call aggregator, was not operational at the time the call was placed, the AOS company shall bill the LEC for the call.)) (1) General. This section gives information to operator service providers (OSPs) that provide operator services from pay phones and other aggregator locations within Washington. All telecommunications companies providing operator services (both live and automated) must comply with this and all other rules relating to telecommunications companies not specifically waived by order of the commission. The absence from these rules of specific requirements of the Americans with Disabilities Act and of other local, state or federal requirements does not excuse OSPs from compliance with those requirements.
- (a) Each operator service provider (OSP) must maintain a current list of the customers it serves in Washington and the locations and telephone numbers where the service is provided.
- (b) No OSP may provide service to a PSP that is not fully in compliance with the rules.
- (c) For purposes of this section, "consumer" means the party initiating and/or paying for a call using operator services. In collect calls, both the originating party and the party on the terminating end of the call are consumers. "Customer" means the call aggregator or pay phone service provider, i.e., the hotel, motel, hospital, correctional facility/prison, or campus, contracting with an OSP for service.

#### (2) Disclosure.

- (a) What must be posted. The following information must be clearly and legibly posted on or near the front of a pay phone, and must not be obstructed by advertising or other messages:
- (i) The name, address, and without-charge number of all presubscribed operator service providers, as registered with the commission. This information must be updated within thirty days after a change of OSPs;
- (ii) Notice to consumers that they can access other long distance carriers;
- (iii) In contrasting colors, the commission compliance number for consumer complaints, to include the following information: "If you have a complaint about service from this pay phone and are unable to resolve it by calling the repair/refund number or operator, please call the commission at 1-888-333-WUTC (9882)"; and
- (iv) Placarding as a result of rule changes shall be in place within sixty days after the effective date of the rule change.
- (b) Verbal disclosure of rates. Before an operator-assisted call from an aggregator location may be connected by a presubscribed OSP, the OSP must verbally advise the consumer how to receive a rate quote, such as by pressing a specific key or keys, but no more than two keys, or by staying on the line. This message must precede any further verbal information advising the consumer how to complete the call, such as to enter the consumer's calling card number. This rule applies to all calls from pay phones or other aggregator locations, including prison phones, and store-and-forward pay phones or "smart" telephones. After hearing an OSP's message, a consumer may waive their right to obtain specific

- rate quotes for the call they wish to make by choosing not to press the key specified in the OSP's message to receive such information or by hanging up. The rate quoted for the call must include any applicable surcharge. Charges to the user must not exceed the quoted rate.
- (3) Access. Pay phones must provide access to the services identified in WAC 480-120-138(3).
  - (4) Branding. The operator service provider must:
- (a) Identify the OSP providing the service audibly and distinctly at the beginning of every call, including an announcement to the called party on calls placed collect.
- (b) Ensure that the beginning of the call is no later than immediately following the prompt to enter billing information on automated calls and, on live and automated operator calls, when the call is initially routed to the operator.
- (c) State the name of the company as registered with the commission (or its registered "doing business as" name) whenever referring to the OSP. Terms such as "company," "communications," "incorporated," "of the northwest," etc., may be omitted when not necessary to identify clearly the OSP.
  - (5) Billing. The operator service provider must:
- (a) Provide to the billing company applicable call detail necessary for billing purposes, as well as an address and toll free telephone number for consumer inquiries.
- (b) Ensure that consumers are not billed for calls that are not completed. For billing purposes, calls must be itemized, identified, and rated from the point of origination to the point of termination. No call may be transferred to another carrier by an OSP unless the call can be billed from the point of origin of the call.
- (c) Charges billed to a credit card need not conform to the call detail requirements of this section. However, the OSP must provide specific call detail in accordance with WAC 480-120-106, Form of bills, upon request.
- (6) Operational capabilities. The operator service provider must:
- (a) Answer at least ninety percent of all calls within ten seconds from the time the call reaches the carrier's switch.
- (b) Maintain adequate facilities in all locations so the overall blockage rate for lack of facilities, including as pertinent the facilities for access to consumers' preferred interexchange carriers, does not exceed one percent in the time-consistent busy hour. Should excessive blockage occur, it is the responsibility of the OSP to determine what caused the blockage and take immediate steps to correct the problem.
- (c) Offer operator services that equal or exceed the industry standards in availability, technical quality, response time, and that also equal or exceed industry standards in variety or are particularly adapted to meet unique needs of a market segment.
- (d) Reoriginate calls to another carrier upon request and without charge when the capability to accomplish reorigination with screening and allow billing from the point of origin of the call, is in place. If reorigination is not available, the OSP must give dialing instructions for the consumer's preferred carrier.
- (7) Emergency calls. For purposes of emergency calls, every OSP must have the following capabilities:

- (a) Be able to transfer the caller into the appropriate E-911 system and to the public safety answering point (PSAP) serving the location of the caller with a single keystroke from the operator's console, to include automatic identification of the exact location and address from which the call is being made:
- (b) Have the ability for the operator to stay on the line with the emergency call until the PSAP representative advises the operator that they are no longer required to stay on the call; and
- (c) Be able to provide a without-charge number for direct access to public safety answering points should additional information be needed when responding to a call for assistance from a phone utilizing the provider's services. That emergency contact information must not be considered proprietary.

#### (8) Fraud protection.

- (a) A company providing telecommunications service may not bill a call aggregator for the following:
- (i) Charges billed to a line for calls which originated from that line through the use of carrier access codes (i.e., 10XXX+0, 10XXX+01, 950-XXXX), toll-free access codes, or when the call originating from that line otherwise reached an operator position, if the originating line subscribed to outgoing call screening or pay phone specific ANI coding digits and the call was placed after the effective date of the outgoing call screening or pay phone specific ANI coding digits order; or
- (ii) Collect or third-number billed calls, if the line serving the call that was billed had subscribed to incoming call screening (also termed billed number screening) and the call was placed after the effective date of the call screening service order.
- (b) Any calls billed through the access line provider in violation of (a)(i) or (ii) of this subsection must be removed from the call aggregator's bill by the access line provider. If investigation by the access line provider determines that the pertinent call screening or pay phone specific ANI coding digits was operational when the call was made, the access line provider may return the charges for the call to the telecommunications company as not billable.
- (c) Any call billed directly by an OSP, or through a billing method other than the access line provider, which is billed in violation of (a)(i) and (ii) of this subsection, must be removed from the call aggregator's bill. The telecommunications company providing the service may request an investigation by the access line provider. If the access line provider determines that call screening or pay phone specific ANI coding digits (which would have protected the call) was subscribed to by the call aggregator and was not operational at the time the call was placed, the OSP must bill the access line provider for the call.
- (9) Enforcement. Operator service providers are subject to all pertinent provisions of law.
- (a) Suspension. The commission may suspend the registration of any company providing operator services if the company fails to meet minimum service levels or fails to provide disclosure to consumers of protection available under chapter 80.36 RCW and pertinent rules.

Permanent [18]

- (i) Suspension may be ordered following notice and opportunity for hearing as provided in RCW 80.04.110 and the procedural rules of the commission.
- (ii) No operator service provider may operate while its registration is suspended.
- (iii) Except as required by federal law, no provider of pay phone access line service may provide service to any operator service provider whose registration is suspended.
- (b) Penalty. The commission may assess a penalty as provided in RCW 80.36.522 and 80.36.524, upon any company providing operator services if the company fails to meet minimum service levels or fails to provide disclosure to consumers of protection available under chapter 80.36 RCW.
- (c) Alternatives. The commission may take any other action regarding a provider of operator services as authorized by law.
- (d) Complaints. Complaints and disputes will be treated in accordance with WAC 480-120-101.

#### REPEALER

The following sections of the Washington Administrative Code are repealed:

WAC 480-120-137	Customer-owned pay tele- phones—Interstate.
WAC 480-120-142	Alternate operator services— Enforcement.
WAC 480-120-143	Local service to aggregators.

## WSR 99-02-023 PERMANENT RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Filed December 30, 1998, 11:00 a.m., effective March 30, 1999]

Date of Adoption: December 30, 1998.

Purpose: Chapter 296-24 WAC, General safety and health standards.

Subject: First aid relating to longshore, stevedore, and related waterfront operations. State-initiated adopted amendments are made to delete a reference to chapter 296-56 WAC in WAC 296-24-06105, which exempts applicability of chapter 296-24 WAC first aid requirements to longshore, stevedore, and related waterfront industries. This exemption previously existed because first aid requirements were included in the vertical standard.

However, under a separate rule amendment adoption (see this Washington State Register for other WISHA rule adoptions), the department replaced existing first aid requirements in chapter 296-56 WAC with a reference to first aid requirements in chapter 296-24 WAC. Deletion of the exemption in chapter 296-24 WAC was necessary to make first aid requirements applicable to longshore, stevedore and related waterfront operations.

Both rules are adopted and become effective on March 30, 1999.

Citation of Existing Rules Affected by this Order: Amending WAC 296-24-06105 What workplaces does this rule apply to?

Statutory Authority for Adoption: RCW 49.17.040.

Adopted under notice filed as WSR 98-20-079 on October 6, 1998.

Changes Other than Editing from Proposed to Adopted Version: No public comments were received on this proposal. Therefore, WISHA is adopting the rule as proposed.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 1, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 1, Repealed 0.

Effective Date of Rule: March 30, 1999.

December 30, 1998 Gary Moore Director

AMENDATORY SECTION (Amending WSR 98-06-061, filed 3/2/98, effective 6/1/98)

WAC 296-24-06105 What workplaces does this rule apply to? This rule applies to all workplaces, except for the ones listed below. They are, instead covered by separate individual rules (vertical standards):

	Rule Title	<u>Chapter</u>
•	Agriculture	296-307 WAC
•	Compressed Air Work	296-36 WAC
•	Construction	296-155 WAC
•	Fire Fighters	296-305 WAC
•	Logging	296-54 WAC
((•	Longshoring/Stevedoring	<del>296-56 WAC</del> ))
•	Sawmills	296-78 WAC
•	Shipbuilding and Repairing	296-304 WAC

# WSR 99-02-024 PERMANENT RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Filed December 30, 1998, 11:05 a.m., effective March 30, 1999]

Date of Adoption: December 30, 1998.

Purpose: Chapter 296-56 WAC, Safety standards for longshore, stevedore and related waterfront operations.

Subject: Longshoring and marine terminals.

The Occupational Safety and Health Administration (OSHA) adopted federal requirements for longshore, stevedore and related waterfront operation industries after a lengthy nationwide consultation with the marine cargo handling industry. Federal-initiated amendments, as published in Federal Register Volume 62, Number 143, dated July 25, 1997, are made to be at least as effective as the federal standard. The federal-initiated amendments will establish additional compliance requirements.

OSHA requires that worker protection rules adopted under authority of the Washington Industrial Safety and Health Act (WISHA) be "at least as effective as" federal requirements. These adopted amendments will bring WISHA's existing rules into compliance with the new federal requirements.

Also, in keeping with the agency's on-going effort to make WISHA regulations easier to read and understand, state-initiated adopted amendments update, simplify and streamline existing rules by making minor housekeeping corrections and clarifications.

Amended section WAC 296-56-60001 Scope and applicability.

Federal-initiated adopted amendments are made to:

- Add a requirement relating to employee emergency plans and fire prevention plans by adding a reference to chapter 296-24 WAC.
  - State-initiated adopted amendments are made to:
- Delete outdated language relating to the department.
- Add a requirement relating to first-aid by adding a reference to chapter 296-24 WAC.

Amended section WAC 296-56-60005 Definitions.

State-initiated adopted amendments are made to:

- Replace outdated language relating to the department.
- Delete numbering of definitions according to code reviser guidelines.

New section WAC 296-56-60006 Personnel.

State-initiated adopted amendments are made to add existing requirements from WAC 296-56-60069 for better organization of information.

Amended section WAC 296-56-60009 Accident prevention program.

Federal-initiated adopted amendments are made to:

 Add a requirement relating to employee emergency plans and fire prevention plans by adding a reference to chapter 296-24 WAC.

State-initiated adopted amendments are made to:

- Replace outdated language relating to the department.
- Add a requirement relating to first-aid by adding a reference to chapter 296-24 WAC.

Amended section WAC 296-56-60011 Slinging.

Federal-initiated adopted amendments relating to slinging are made to replace existing language with federal-identical language. No new federal requirements are added. Amended section WAC 296-56-60057 Fumigants, pesticides, insecticides and hazardous preservatives.

Federal-initiated adopted amendments relating to shipments of fumigated tobacco are made to be identical to the federal standard. Amendments will add the following federal requirements:

- Containerized shipments of fumigated tobacco shall be aerated by opening the container doors for a period of forty-eight hours after the completion of fumigation and prior to loading.
- A written warranty from the fumigation facility stating that the appropriate aeration period has been met.

Amended section WAC 296-56-60073 Miscellaneous auxiliary gear.

Federal-initiated adopted amendments relating to miscellaneous auxiliary gear is made to be identical to the federal standard, which add federal requirements. This amendment:

Adds a requirement that synthetic web slings shall be removed from service if they display visible warning threads or markers designed to indicate excessive wear.

Amended section WAC 296-56-60077 Powered industrial trucks.

Federal-initiated adopted amendments relating to powered industrial trucks are made to be identical to the federal standard. This amendment will add the following federal requirement:

 Bulk cargo-moving vehicles are required to be equipped with rollover protection after July 26, 1999.

Amended section WAC 296-56-60079 General rules applicable to vehicles.

Federal-initiated adopted amendments relating to vehicle general rules are made to replace existing language with federal-identical language. This amendment is made to correct a measurement.

Amended section WAC 296-56-60083 Cranes and derricks.

Federal-initiated adopted amendments are made to either replace existing language with federal-identical language or add federal language to be identical to the federal standard. These amendments add the following federal requirements:

- A seat (lap) belt shall be installed on the operator's seat of high speed container gantry cranes where the seat trolleys.
- Limit switch bypass systems shall be secured during all cargo operations.
- Employees shall not be hoisted on intermodal container spreaders while a load is engaged.

State-initiated adopted amendments are made to:

- Clarify that WAC 296-56-60083 through 296-56-60103 apply to every kind of crane and derrick and to any other type of equipment performing the functions of a crane or derrick, except as noted.
- Clarify that WAC 296-56-60083 through 296-56-60099 apply to cranes, derricks and crane operations.

Amended section WAC 296-56-60085 Crane load and limit devices.

State-initiated adopted amendments are made to:

Permanent [ 20 ]

- Clarify that limit switches shall be installed on the main line and whip line assemblies of all cranes and derricks.
- Require malfunctioning line limit switches be repaired prior to use.

Amended section WAC 296-56-60087 Winches.

State-initiated adopted amendments are made to correct a reference.

Amended section WAC 296-56-60093 Certification of marine terminal material handling devices.

State-initiated adopted amendments are made to replace outdated language relating to the department.

Amended section WAC 296-56-60097 Unit proof load test and inspection.

State-initiated adopted amendments are made to clarify the need for manufacturer or engineer approved design specifications.

Amended section WAC 296-56-60098 Examination and inspection of cranes and derricks.

Federal-initiated adopted amendments relating to examination and inspection of cranes and derricks are made to be identical to the federal standard. These amendments add the following federal requirements:

- Special stevedoring gear must be inspected and tested as a unit before initial use.
- Cargo handling gear with a SWL greater than five short tons are required to be proof load tested.
- The safe working gear load, as specified in the standard, shall not be exceeded.
- All cargo handling gear with a safe working load greater than five short tons shall have its safe working load plainly marked on it.

State-initiated adopted amendments are made to be at least as effective as and consistent with the federal standard. These amendments:

- Require (in the absence of specific requirements) that wire rope and replacement wire rope shall be of a size and construction suitable for the purpose, and shall have the capacity to handle 5 (currently 4) times the expected load. Due to wire rope deterioration in the marine environment, a 5 to 1 safety factor is more appropriate. This amendment is consistent with federal requirements, as well as other existing WISHA requirements in chapter 296-56 WAC and other standards, and is "at least as effective as" the federal standard.
- Delete the second sentence in subsection (10). Currently, cranes and derricks brought into the state from another jurisdiction are not required to be recertified in Washington provided they were certified with requirements similar to WISHA requirements. Because WISHA's existing certification requirements are more effective than those in other federal and state jurisdictions, it has historically been WISHA's practice to require recertification upon initial transfer of cranes and derricks to this state.
- Replace outdated language relating to the department.

Amended section WAC 296-56-60103 Terminals handling intermodal containers or roll-on roll-off operations.

Federal-initiated adopted amendments are made to either replace existing language with federal-identical language or to add federal language to be identical to the federal standard. These amendments add the following federal requirements:

- Containers must carry only completely assembled vehicles and no other cargo.
- Containers must be marked on the outside indicating the container is carrying vehicles.
- Vehicles must be loaded into a container at the marine terminal.
- Each employee working in the immediate area of container handling equipment or in the terminal's traffic lanes shall wear a high visibility vest.
- When hoisting containers by the top fittings, a less than vertical lift is permitted only:
  - If the container being lifted is an ISO closed box container.
  - The condition of the box is sound.
  - The speed of hoisting and lowering is moderated when heavily ladened containers are encountered.
  - The lift angle is at 80 to 90 degrees.
  - The distance between the lifting beam and the load is at least 8 feet and 2.4 inches.
  - The length of the spreader beam is at least 16.3 feet for a 20-foot container, and at least 36.4 feet for a 40-foot container.
- Flat bed, low boy trailers and other similar equipment used to transport containers shall be marked with their cargo capacities.
- Each tractor shall have all brake air lines connected when pulling trailers equipped with air brakes and have the brakes tested before operations.

Amended section WAC 296-56-60113 Foot protection.

Federal-initiated adopted amendments relating to foot protection are made to be identical to the federal standard. These amendments add the following federal requirements:

- The employer shall ensure that each employee wears protective footwear when working in areas where there is a danger of foot injuries.
- An ANSI reference is updated.

Amended section WAC 296-56-60115 Other protective measures.

State-initiated adopted amendments are made to:

Correct the spelling of "flotation."

Amended section WAC 296-56-60123 Guarding of edges.

Federal-initiated adopted amendments relating to guarding of edges are made to correct a centimeter measurement.

Amended section WAC 296-56-60211 Portable ladders.

Federal-initiated adopted amendments relating to portable ladders are made to:

- Update ANSI standards.
- Correct Newton value measurements.

Amended section WAC 296-56-60217 Spiral stairways.

Federal-initiated adopted amendments relating to spiral stairways are made to correct Newton value measurements.

[21] Permanent

Repealed section WAC 296-56-60059 First-aid and lifesaving facilities.

State-initiated adopted amendments are made to:

- Move requirements relating to reporting injuries, stretchers, communication readily available, personal flotation devices, and life ladders to WAC 296-56-60115.
- Delete this section and the requirements for first-aid. Requirements for first-aid are incorporated by referencing chapter 296-24 WAC, General safety and health standards, Part A-1, in other areas of chapter 296-56 WAC.

Repealed section WAC 296-56-60060 First-aid training and certification.

State-initiated adopted amendments are made to delete this section. Requirements for first-aid are incorporated by referencing chapter 296-24 WAC, General safety and health standards, Part A-1, in other areas of chapter 296-56 WAC.

Repealed section WAC 296-56-60062 First-aid kit.

State-initiated adopted amendments are made to delete this section. Requirements for first-aid are incorporated by referencing chapter 296-24 WAC, General safety and health standards, Part A-1, in other areas of chapter 296-56 WAC.

Repealed section WAC 296-56-60065 First-aid station.

State-initiated adopted amendments are made to delete this section. Requirements for first-aid are incorporated by referencing chapter 296-24 WAC, General safety and health standards, Part A-1, in other areas of chapter 296-56 WAC.

Repealed section WAC 296-56-60067 First-aid room.

State-initiated adopted amendments are made to delete this section. Requirements for first-aid are incorporated by referencing chapter 296-24 WAC, General safety and health standards, Part A-1, in other areas of chapter 296-56 WAC.

Repealed section WAC 296-56-60069 Personnel.

State-initiated adopted amendments are made to move existing requirements from this section to WAC 296-56-60006 for better organization of information. This section number is proposed to be deleted.

Citation of Existing Rules Affected by this Order: Amending WAC 296-56-60001 Scope and applicability, 296-56-60005 Definitions, 296-56-60009 Accident prevention program, 296-56-60011 Slinging, 296-56-60057 Fumigants, pesticides, insecticides and hazardous preservatives, 296-56-60073 Miscellaneous auxiliary gear, 296-56-60077 Powered industrial trucks, 296-56-60079 General rules applicable to vehicles, 296-56-60083 Cranes and derricks, 296-56-60085 Crane load and limit devices, 296-56-60087 Winches. 296-56-60093 Certification of marine terminal material handling devices, 296-56-60097 Unit proof load test and inspection, 296-56-60098 Examination and inspection of cranes and derricks, 296-56-60103 Terminals handling intermodal containers or roll-on roll-off operations, 296-56-60113 Foot protection, 296-56-60115 Other protective measures, 296-56-60123 Guarding of edges, 296-56-60211 Portable ladders and 296-56-60217 Spiral stairways; and repealing WAC 296-56-60059 First-aid and lifesaving facilities, 296-56-60060 First-aid training and certification, 296-56-60062 First-aid kit, 296-56-60065 First-aid station, 296-56-60067 First-aid room, and 296-56-60069 Personnel.

Statutory Authority for Adoption: RCW 49.17.040.

Adopted under notice filed as WSR 98-17-079 on August 18, 1998.

Changes Other than Editing from Proposed to Adopted Version: WAC 296-56-60083 Cranes and derricks, the department added a reference to chapter 296-24 WAC following subsection (10) for clarification.

Effective Date of Rule: March 30, 1999.

December 30, 1998 Gary Moore Director

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

WAC 296-56-60001 Scope and applicability. (1) The rules included in this chapter apply throughout the state of Washington, to any and all waterfront operations under the jurisdiction of the department of labor and industries((, division of consultation and compliance)).

- (2) These minimum requirements are promulgated in order to augment the general safety and health standards, and any other safety and health standards promulgated by the department of labor and industries which are applicable to all places of employment under the jurisdiction of the department of labor and industries. The rules of this chapter, and the rules of chapters 296-24 and 296-62 WAC are applicable to all longshore, stevedore and related waterfront operations: *Provided*, That such rules shall not be applicable to those operations under the exclusive safety jurisdiction of the federal government.
- (3) The provisions of this chapter shall prevail in the event of a conflict with, or duplication of, provisions contained in chapters 296-24 and 296-62 WAC. Specific standards which are applicable include, but are not limited to:
  - (a) Electrical—Chapter 296-24 WAC Part L.
- (b) Toxic and hazardous substances are regulated by chapter 296-62 WAC. Where references to this chapter are given they are for informational purposes only. Where specific requirements of this chapter conflict with the provisions of chapter 296-62 WAC this chapter prevails. Chapter 296-62 WAC does not apply when a substance or cargo is contained

Permanent [22]

within a manufacturer's original, sealed, intact means of packaging or containment complying with the department of transportation or International Maritime Organization requirements.

- (c) Hearing conservation—Chapter 296-62 WAC Part K.
- (d) Standards for commercial diving operations—Chapter 296-37 WAC.
- (e) Safety requirements for scaffolding—Chapter 296-24 WAC Part J-1.
- (f) Safe practices of abrasive blasting operations—Chapter 296-24 WAC Part H-2.
- (g) Access to employee exposure and medical records—Chapter 296-62 WAC Part B.
- (h) Respiratory protection—Chapter 296-62 WAC Part E.
- (i) Safety standards for grain handling facilities—Chapter 296-99 WAC.
- (j) Hazard communication purpose—Chapter 296-62 WAC Part C.
- (k) Asbestos—Chapters 296-62 Part I-1 and 296-65 WAC.
- (1) Permit required confined spaces and confined space—Chapter 296-62 WAC Part M.
- (m) Servicing multi-piece and single-piece rim wheels—Chapter 296-24 WAC Part D.
- (n) First aid requirements—Chapter 296-24 WAC Part A-1.
- (o) Employee emergency plans and fire prevention plans—Chapter 296-24 WAC Part G-1.
- (4) The provisions of this chapter do not apply to the following:
- (a) Fully automated bulk coal handling facilities contiguous to electrical power generating plants.
- (b) Facilities subject to the regulations of the office of pipeline safety regulation of the materials transportation bureau, department of transportation, to the extent such regulations apply.
- (5) WAC 296-62-074 shall apply to the exposure of every employee to cadmium in every employment and place of employment covered by chapter 296-56 WAC in lieu of any different standard on exposures to cadmium that would otherwise be applicable by virtue of those sections.

### AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

- WAC 296-56-60005 Definitions.  $((\frac{(1)}{(1)}))$  "Apron" means that open portion of a marine terminal immediately adjacent to a vessel berth and used in the direct transfer of cargo between the terminal and vessel.
- (((2))) "Assistant director for the division of ((eonsultation and eompliance)) <u>WISHA services</u>" means the assistant director of ((eonsultation and eompliance)) <u>WISHA services</u>, department of labor and industries or his/her authorized representative.
- $((\frac{3}{)})$  "Authorized," in reference to an employee's assignment, means selected by the employer for that purpose.

- (((4))) "Cargo door" (transit shed door) means a door designed to permit transfer of cargo to and from a marine terminal structure.
- (((5))) "Cargo packaging" means any method of containment for shipment, including cases, cartons, crates and sacks, but excluding large units such as intermodal containers, vans or similar devices.
  - (((6))) "Confined space" means a space that:
- (((a))) Is large enough and so configured that an employee can bodily enter and perform assigned work; and
- (((b))) Has limited or restricted means for entry or exit (for example, tanks, vessels, silos, storage bins, hoppers, vaults, and pits are spaces that may have limited means of entry); and
- (((e))) Is not designed for continuous employee occupancy.
- (((7))) "Conveyor" means a device designed exclusively for transporting bulk materials, packages or objects in a predetermined path and having fixed or selective points of loading or discharge.
- (((8))) "Danger zone" means any place in or about a machine or piece of equipment where an employee may be struck by or caught between moving parts, caught between moving and stationary objects or parts of the machine, caught between the material and a moving part of the machine, burned by hot surfaces or exposed to electric shock. Examples of danger zones are nip and shear points, shear lines, drive mechanisms, and areas beneath counterweights.
- (((9))) "Designated person" means a person who possesses specialized abilities in a specific area and is assigned by the employer to perform a specific task in that area.
- (((10))) "Dock" means a wharf or pier forming all or part of a waterfront facility, including marginal or quayside berthing facilities; not to be confused with "loading dock" as at a transit shed or container freight station, or with the body of water between piers or wharves.
- (((11))) "Dock facilities" includes all piers, wharves, sheds, aprons, dolphins, cranes, or other gear or equipment owned or controlled by the dock or facility owner, where cargo or materials are loaded, moved or handled to or from a vessel.
- (((12))) "Dockboard" (bridge plate or car plate) means a device utilized to span the gap between railroad cars, or between railroad cars or highway vehicles and the loading dock or platform. A car plate may be fixed, adjustable, portable, powered, or unpowered.
- (((13))) "Enclosed space" means an indoor space, other than a confined space, that may contain or accumulate a hazardous atmosphere due to inadequate natural ventilation. Examples of enclosed spaces are trailers, railcars, and storage rooms.
- (((14))) "Examination," as applied to material handling devices required to be certified by this chapter, means a comprehensive survey consisting of the criteria outlined in WAC 296-56-60093 through 296-56-60097. The examination is supplemented by a unit proof test in the case of annual survey.
- (((15))) "Flammable atmosphere" means an atmosphere containing more than ten percent of the lower flammable limit (LEL) of a flammable or combustible vapor or dust

[23] Permanent

mixed with air. Such atmospheres are usually toxic as well as flammable.

- (((16))) "Front-end attachments."
- (((a))) As applied to power-operated industrial trucks, means the various devices, such as roll clamps, rotating and sideshifting carriages, magnets, rams, crane arms or booms, load stabilizers, scoops, buckets, and dumping bins, attached to the load end for handling lifts as single or multiple units.
- (((b))) As applied to cranes, means various attachments applied to the basic machine for the performance of functions such as lifting, clamshell or magnet services.
- (((17))) "Fumigant" is a substance or mixture of substances, used to kill pests or prevent infestation, which is a gas or is rapidly or progressively transformed to the gaseous state even though some nongaseous or particulate matter may remain and be dispersed in the treatment space.
- (((18))) "Hazardous cargo, material, substance or atmosphere" means:
  - (((a))) Any substance listed in chapter 296-62 WAC;
- (((b))) Any material in the hazardous materials table and hazardous materials communications regulations of the Department of Transportation, 49 CFR Part 172;
- (((e))) Any article not properly described by a name in the hazardous materials table and hazardous materials communications regulations of the Department of Transportation, 49 CFR Part 172, but which is properly classified under the definition of those categories of dangerous articles given in 49 CFR Part 173;
- (((d))) Atmospheres having concentrations of airborne chemicals in excess of permissible exposure limits as defined in chapter 296-62 WAC; or
- (((e))) Any atmosphere with an oxygen content of less than nineteen and one-half percent by volume.
- (((19))) "House falls" means spans and supporting members, winches, blocks, and standing and running rigging forming part of a marine terminal and used with a vessel's cargo gear to load or unload by means of married falls.
- (((20))) "Inspection," as applied to material handling devices required to be certified by this chapter, includes a complete visual examination of all visible parts of the device.
- (((21))) "Intermodal container" means a reusable cargo container of rigid construction and rectangular configuration intended to contain one or more articles of cargo or bulk commodities for transportation by water and one or more other transport modes without intermediate cargo handling. The term includes completely enclosed units, open top units, fractional height units, units incorporating liquid or gas tanks and other variations fitting into the container system, demountable or with attached wheels. It does not include cylinders, drums, crates, cases, cartons, packages, sacks, unitized loads or any other form of packaging.
- (((22))) "Loose gear" means removable or replaceable components of equipment or devices which may be used with or as a part of assembled material handling units for purposes such as making connections, changing line direction and multiplying mechanical advantage. Examples include shackles and snatch blocks.
- (((23))) "Marina" means a small harbor or boat basin providing dockage, supplies, and services for small craft.

- (((24))) "Marine terminal" means wharves, bulkheads, quays, piers, docks and other berthing locations and adjacent storage or contiguous areas and structures associated with the primary movement of cargo or materials from vessel to shore or shore to vessel. It includes structures which are devoted to receiving, handling, holding, consolidation, loading or delivery of waterborne shipments and passengers, and areas devoted to the maintenance of the terminal or equipment. The term does not include production or manufacturing areas having their own docking facilities and located at a marine terminal nor storage facilities directly associated with those production or manufacturing areas.
- (((25))) "Permit-required confined space (permit space)" means a confined space that has one or more of the following characteristics:
- (((a))) Contains or has a potential to contain a hazardous atmosphere;
- (((<del>b)</del>)) Contains a material that has the potential for engulfing an entrant;
- (((e))) Has an internal configuration such that an entrant could be trapped or asphyxiated by inwardly converging walls or by a floor which slopes downward and tapers to a smaller cross-section; or
- (((d))) Contains any other recognized serious safety or health hazard.

#### **NEW SECTION**

WAC 296-56-60006 Personnel. (1) Qualifications of machinery operators.

- (a) Only those employees determined by the employer to be competent by reason of training or experience, who understand the signs, notices, and operating instructions and are familiar with the signal code in use shall be permitted to operate a crane, winch, or other power-operated cargo handling apparatus, or any power-operated vehicle, or give signals to the operator of any hoisting apparatus. Employees being trained and supervised by a designated individual may operate such machinery and give signals to operators during training.
- (b) No employee known to have defective uncorrected eyesight or hearing, or to be suffering from heart disease, epilepsy, or similar ailments which may suddenly incapacitate the employee shall be permitted to operate a crane, winch, other power-operated cargo handling apparatus, or a power-operated vehicle.
- (c) Persons who have recovered from a heart attack shall be exempted from the provisions of (b) of this subsection, as it pertains to their heart condition, provided:
- (i) A medical release is obtained from their attending medical doctor.
- (ii) The release shall state that the operation of a crane, winch, power-operated cargo handling apparatus, or power-operated vehicle, will not present a hazard to themselves or others.
- (iii) An examination by a medical doctor, and renewal of the work release certification is required annually.
  - (2) Supervisory accident prevention proficiency.
- (a) Immediate supervisors of cargo-handling operations of more than five persons shall satisfactorily complete a

course in accident prevention. Employees newly assigned to supervisory duties shall be required to meet the provisions of this subsection (2)(a) within ninety days of such assignment.

- (b) The course shall consist of instruction suited to the particular operations involved.
- (c) No minor under eighteen years of age shall be employed in occupations involving the operation of any power-operated hoisting apparatus or assisting in such operations by performing work such as hooking on or landing drafts, rigging gear, etc.

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

## WAC 296-56-60009 Accident prevention program. (1) An accident prevention program, which provides equitable management-employee participation, shall be established in all establishments, industrial plants, or operations.

- (2) It shall be the responsibility of the employer to initiate and maintain the accident prevention program necessary to comply with this section. The division of ((eonsultation and compliance)) WISHA services may be contacted for assistance in initiating and maintaining an effective accident prevention program.
- (3) All accident prevention programs shall be tailored to the needs of the particular operation.
- (4) Employer and employee representatives, as elected, delegated or appointed, shall attend and actively take part in frequent and regular safety committee meetings.
- (5) Accident prevention programs shall provide for employer-employee safety meetings and frequent and regular safety inspections of job sites, materials, equipment, and operating procedures.
- (6) A record of safety activities, such as inspections and meetings, shall be maintained by the employer for a period covering the previous twelve months and shall be made available, upon request, to noncompliance personnel of the department of labor and industries.
- (7) Employees shall individually comply with all safety rules and cooperate with management in carrying out the accident prevention program.
- (8) To make effective the preceding statement and promote on-the-job accident prevention, committees shall be established in each port. These committees shall consist of an equal number of port or stevedore company and longshoremen representatives at the job level with the industry or company safety supervisor serving as secretary and coordinator. Some functions of the committee are to maintain the interest of the workers in accident prevention by providing for their actual participation in the program, to direct their attention to the real causes of accidents, and to provide a means for making practical use of their intimate knowledge of working conditions and practices.
- (9) It is intended that this program will produce mutually practical and effective recommendations regarding correction of accident-producing circumstances and conditions.

Note: For first aid requirements, see chapter 296-24 WAC Part A-

Note: For emergency plan and fire prevention plan requirements, see chapter 296-24 WAC Part G-1.

AMENDATORY SECTION (Amending Order 86-02, filed 1/17/86)

- WAC 296-56-60011 Slinging. (1) Drafts shall be safely slung before being hoisted. Loose dunnage or debris hanging or protruding from loads shall be removed.
- (2) Bales of cotton, wool, cork, wood pulp, gunny bags, or similar articles shall be hoisted only by straps strong enough to support the weight of the bale. At least two hooks, each in a separate strap, shall be used.
- (3) Unitized loads bound by bands or straps shall only be hoisted by the banding or strapping if the banding or strapping is suitable for hoisting and is strong enough to support the weight of the load.
- (4) Additional means of hoisting shall be employed to ensure safe lifting of unitized loads having damaged banding or strapping.
- (5) Case hooks shall be used only with cases designed to be hoisted by these hooks.
- (6) Loads requiring continuous manual guidance during handling shall be guided by guide ropes (tag lines) that are long enough to control the load.
- (7) Intermodal containers shall be handled in accordance with WAC 296-56-60103.
- (8) The employer shall require employees to stay clear of the area beneath overhead drafts or descending lifting gear.
- (9) Employees shall not be permitted to ride the hook or the load.
- (10) Cargo handling bridles, such as pallet bridles, which are to remain attached to the hoisting gear while hoisting successive drafts, shall be attached by shackles, or other positive means shall be taken to prevent them from becoming accidentally disengaged from the cargo hook.
- (((9))) (11) Drafts of lumber, pipe, dunnage and other pieces, the top layer of which is not bound by the sling, shall be slung in such a manner as to prevent sliders. Double slings shall be used on unstrapped dunnage, except, when due to the size of hatch or deep tank openings, it is impractical to use them.
- (((10))) (12) Hand loaded buckets, tubs, bins and baskets used in handling bulk cargo shall not be loaded above their rim.

AMENDATORY SECTION (Amending Order 92-06, filed 10/30/92, effective 12/8/92)

WAC 296-56-60057 Fumigants, pesticides, insecticides and hazardous preservatives. (1) Whenever cargo in a space is or has been stowed, handled, or treated with a fumigant, pesticide, insecticide, or hazardous preservative, a determination shall be made as to whether a hazardous atmosphere is present in the space. Only employees protected as required in subsection (5) of this section shall enter the space if it is hazardous.

- (2) Tests to determine the atmospheric concentration of chemicals used to treat cargo shall be:
  - (a) Appropriate for the hazard involved;
  - (b) Conducted by designated persons; and

[ 25 ] Permanent

- (c) Performed at the intervals necessary to ensure that employee exposure does not exceed the permissible exposure limit for the chemical involved, see chapter 296-62 WAC.
- (3) Results of any tests shall be available for at least thirty days.
- (4) Chemicals shall only be applied to cargoes by designated persons.
- (5) Only designated persons shall enter hazardous atmospheres. Whenever a hazardous atmosphere is entered the following provisions apply.
- (a) Persons entering a space containing a hazardous atmosphere shall be protected by respiratory and emergency protective equipment meeting the requirements of ((subpart)) part G of this standard; and
- (b) Persons entering a space containing a hazardous atmosphere shall be instructed in the nature of the hazard, precautions to be taken, and the use of protective and emergency equipment. Standby observers, similarly equipped and instructed, shall continuously monitor the activity of employees within such a space.
- (6) Signs shall be clearly posted where fumigants, pesticides or hazardous preservatives have created a hazardous atmosphere. These signs shall note the danger, identify specific chemical hazards, and give appropriate information and precautions, including instructions for the emergency treatment of employees affected by any chemical in use.
- (7) In the case of containerized shipments of fumigated tobacco, the contents of the container shall be aerated by opening the container doors for a period of forty-eight hours after the completion of fumigation and prior to loading. When tobacco is within shipping cases having polyethylene or similar bag liners, the aeration period shall be seventy-two hours. The employer shall obtain a written warranty from the fumigation facility stating that the appropriate aeration period has been met.

### ((PART D—FIRST-AID, OPERATOR QUALIFICATIONS))

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

WAC 296-56-60073 Miscellaneous auxiliary gear. (1) Routine inspection.

- (a) At the completion of each use, loose gear such as slings, chains, bridles, blocks, and hooks shall be so placed as to avoid damage to the gear. Loose gear shall be inspected and any defects corrected before re-use.
- (b) All loose gear shall be inspected by the employer or his/her authorized representative before each use and, when necessary, at intervals during its use, to ensure that it is safe. Any gear which is found upon inspection to be unsafe shall not be used until it is made safe.
- (c) Defective gear shall not be used. Distorted hooks, shackles, or similar gear shall be discarded.
- (d) Chains or other gear which have been lengthened, altered, or repaired by welding shall be properly heat treated, and before again being put into use, shall be tested and reexamined in the manner set forth in WAC 296-56-60097 and 296-56-60098.

- (2) The employer shall maintain a record of the dates and results of the tests with each unit of gear concerned clearly identified. The records shall be available for examination by division of consultation and compliance personnel and the employee safety committee.
  - (3) Wire rope and wire rope slings.
- (a) The employer shall ascertain and adhere to the manufacturer's recommended ratings for wire rope and wire rope slings and shall have such ratings available at the terminal. When the manufacturer is unable to supply such ratings, the employer shall use the tables for wire rope and wire rope slings found in American National Safety Standard for Slings, ANSI/ASME B30.9-1984. A design safety factor of at least five shall be maintained for the common sizes of running wire used as falls, in purchases or in such uses as light load slings. Wire rope with a safety factor of less than five may be used only:
- (i) In specialized equipment, such as cranes designed to be used with lesser wire rope safety factors;
- (ii) In accordance with design factors in standing rigging applications; or
- (iii) For heavy lifts or other purposes for which a safety factor of five is impractical and for which the employer can demonstrate that equivalent safety is ensured.
- (b) Wire rope or wire rope slings exhibiting any of the following conditions shall not be used:
- (i) Ten randomly distributed broken wires in one rope lay or three or more broken wires in one strand in one rope lay;
- (ii) Kinking, crushing, bird caging, or other damage resulting in distortion of the wire rope structure;
  - (iii) Evidence of heat damage;
- (iv) Excessive wear, corrosion, deformation or other defect in the wire or attachments, including cracks in attachments;
- (v) Any indication of strand or wire slippage in end attachments; or
- (vi) More than one broken wire in the close vicinity of a socket or swaged fitting.
- (c) Four by twenty-nine (4 x 29) wire rope shall not be used in any running rigging.
- (d) Protruding ends of strands in splices on slings and bridles shall be covered or blunted. Coverings shall be removable so that splices can be examined. Means used to cover or blunt ends shall not damage the wire.
- (e) Where wire rope clips are used to form eyes, the employer shall adhere to the manufacturer's recommendations, which shall be available at the terminal. If "U" bolt clips are used and the manufacturer's recommendations are not available, Table C-1 shall be used to determine the number and spacing of clips. "U" bolts shall be applied with the "U" section in contact with the dead end of the rope.

Table C-1— Number and Spacing of U-Bolt Wire Rope Clips

	-		
Improved plow		number of lips	Minimum spacing
steel, rope diam- eter	C.	ips	spacing

1 3/8 (3.5)	7	8	8 1/4 (21.0)
1 1/2 (3.8)	7	9	9 (22.9)

- (f) Wire rope shall not be secured by knots.
- (g) Eyes in wire rope bridles, slings, bull wires, or in single parts used for hoisting shall not be formed by wire rope clips or knots.
- (h) Eye splices in wire ropes shall have at least three tucks with a whole strand of the rope and two tucks with one-half of the wire cut from each strand. Other forms of splices or connections which are demonstrated to be equally safe may be used.
- (i) Except for eye splices in the ends of wires and for endless rope slings, each wire rope used in hoisting or lowering, or in bulling cargo, shall consist of one continuous piece without knot or splice.
  - (4) Natural fiber rope.
- (a) The employer shall ascertain the manufacturer's ratings for the specific natural fiber rope used and have such ratings available at the terminal. The manufacturer's ratings shall be adhered to and a minimum design safety factor of five maintained.
- (b) Eye splices shall consist of at least three full tucks. Short splices shall consist of at least six full tucks, three on each side of the center line.
  - (5) Synthetic rope.
- (a) The employer shall adhere to the manufacturer's ratings and use recommendations for the specific synthetic fiber rope used and shall have such ratings available at the terminal.
- (b) Unless otherwise recommended by the manufacturer, when synthetic fiber ropes are substituted for manila ropes of less than three inches (7.62 cm) circumference, the substitute shall be of equal size. Where substituted for manila rope of three inches or more in circumference, the size of the synthetic rope shall be determined from the formula:

$$C = \sqrt{.6(C_s^2) + .4(C_m^2)}$$

Where C= the required circumference of the synthetic rope in inches, C<sub>s</sub>= the circumference to the nearest one-quarter inch of a synthetic rope having a breaking strength not less than that of the size manila rope that would be required by subsec-

- tion (4) of this section, and  $C_m$ = the circumference of manila rope in inches which would be required by subsection (4) of this section. In making such substitution, it shall be ascertained that the inherent characteristics of the synthetic fiber are suitable for hoisting.
- (6) Removal of natural and synthetic rope from service. Natural or synthetic rope having any of the following defects shall be removed from service:
  - (a) Abnormal wear;
  - (b) Powdered fiber between strands;
- (c) Sufficient cut or broken fibers to affect the capacity of the rope;
  - (d) Variations in the size or roundness of strands;
- (e) Discolorations other than stains not associated with rope damage;
  - (f) Rotting; or
  - (g) Distortion or other damage to attached hardware.
- (7) Thimbles. Properly fitting thimbles shall be used where any rope is secured permanently to a ring, shackle or attachment, where practical.
  - (8) Synthetic web slings.
- (a) Slings and nets or other combinations of more than one piece of synthetic webbing assembled and used as a single unit (synthetic web slings) shall not be used to hoist loads in excess of the sling's rated capacity.
- (b) Synthetic web slings shall be removed from service if they exhibit any of the following defects:
  - (i) Acid or caustic burns;
  - (ii) Melting or charring of any part of the sling surface;
  - (iii) Snags, punctures, tears or cuts;
  - (iv) Broken or worn stitches; ((or))
  - (v) Distortion or damage to fittings; or
- (vi) Display of visible warning threads or markers designed to indicate excessive wear or damage.
- (c) Defective synthetic web slings removed from service shall not be returned to service unless repaired by a sling manufacturer or similar entity. Each repaired sling shall be proof tested by the repairer to twice the slings' rated capacity prior to its return to service. The employer shall retain a certificate of the proof test and make it available for examination.
- (d) Synthetic web slings provided by the employer shall only be used in accordance with the manufacturer's recommendations, which shall be made available upon request.
- (e) Fittings shall have a breaking strength at least equal to that of the sling to which they are attached and shall be free of sharp edges.
  - (9) Chains and chain slings used for hoisting.
- (a) The employer shall adhere to the manufacturer's recommended ratings for safe working loads for the sizes of the wrought iron and alloy steel chains and chain slings used and shall have such ratings available. When the manufacturer is unable to provide such ratings, the employer shall use the tables for chains and chain slings found in American National Safety Standard for Slings, ANSI B30.9-1971.
- (b) Proof coil steel chain, also known as common or hardware chain, and other chain not recommended by the manufacturer for slinging or hoisting shall not be used for slinging or hoisting.

- (c)(i) Sling chains, including end fastenings, shall be inspected for visible defects before each day's use and as often as necessary during use to ensure integrity of the sling.
- (ii) Thorough inspections of chains in use shall be made quarterly to detect wear, defective welds, deformation, increase in length or stretch. The month of inspection shall be indicated on each chain by color of paint on a link or by other effective means.
- (iii) Chains shall be removed from service when maximum allowable wear, as indicated in Table C-2, is reached at any point of link.
- (iv) Chain slings shall be removed from service when stretch has increased the length of a measured section by more than five percent; when a link is bent, twisted or otherwise damaged; or when a link has a raised scarf or defective weld.
- (v) Only designated persons shall inspect chains used for slinging and hoisting.

Table C-2 — Maximum Allowable Wear at Any Point of Link

Chair	n size	Maximum allowable wear			
Inches		Inches	(cm)		
1/4 (9/32)	(0.6)	3/64	(0.1)		
3/8	(1.0)	5/64	(0.2)		
1/2	(1.3)	7/64	(0.3)		
5/8	(1.6)	9/64	(0.4)		
3/4	(1.9)	5/32	(0.4)		
7/8	(2.2)	11/64	(0.4)		
1	(2.5)	3/16	(0.5)		
1 1/8	(2.9)	7/32	(0.6)		
1 1/4	(3.2)	1/4	(0.6)		
1 3/8	(3.5)	9/32	(0.7)		
1 1/2	(3.8)	5/16	(0.8)		
1 3/4	(4.4)	1 1/32	(0.9)		

- (d) Chains shall only be repaired under qualified supervision. Links or portions of chain defective under any of the criteria of WAC 296-56-60073 (9)(c) shall be replaced with properly dimensioned links or connections of material similar to that of the original chain. Before repaired chains are returned to service, they shall be tested to the proof test load recommended by the manufacturer for the original chain. Tests shall be performed by the manufacturer or shall be certified by an agency accredited for the purpose under WAC 296-56-60093. Test certificates shall be available at the terminal.
- (e) Wrought iron chains in constant use shall be annealed or normalized at intervals not exceeding six months. Heat treatment certificates shall be available at the terminal. Alloy chains shall not be annealed.
- (f) Kinked or knotted chains shall not be used for lifting. Chains shall not be shortened by bolting, wiring or knotting. Makeshift links or fasteners such as wire, bolts or rods shall not be used.

- (g) Hooks, rings, links and attachments affixed to sling chains shall have rated capacities at least equal to that of the chains to which they are attached.
- (h) Chain slings shall bear identification of size, grade and rated capacity.
  - (10) Shackles.
- (a) If available, the manufacturer's recommended safe working loads for shackles shall not be exceeded. In the absence of manufacturer's recommendations, Table C-3 shall apply.
- (b) Screw pin shackles used aloft in house fall or other gear, except in cargo hook assemblies, shall have their pins moused or otherwise effectively secured.

Table C-3 — Safe Working Loads for Shackles

Material size		Pin d	liameter	Safe working
Inches		Inches	(cm)	load in 2,000 lb
				tons
1/2	(1.3)	5/8	(1.6)	1.4
5/8	(1.6)	3/4	(1.9)	2.2
3/4	(1.9)	7/8	(2.2)	3.2
7/8	(2.2)	1	(2.5)	4.3
1	(2.5)	1 1/8	(2.9)	5.6
1 1/8	(2.9)	1 1/4	(3.2)	6.7
1 1/4	(3.2)	1 3/8	(3.5)	8.2
1 3/8	(3.5)	1 1/2	(3.8)	10.0
1 1/2	(3.8)	1 3/4	(4.4)	11.9
1 3/4	(4.4)	2	(5.0)	16.2
2	(5.0)	2 1/4	(5.7)	21.2

(c) Tables G-2 through G-5 shall be used to determine the safe working loads of various sizes and classifications of improved plow steel wire rope slings with various types of terminals. For sizes, classifications and grades not included in these tables the safe working load recommended by the manufacturer for specific, identifiable products shall be followed, however, a safety factor of not less than five shall be maintained.

(a) The manufacturer's recommendations shall be followed in determining the safe working loads of the various sizes and types of specific and identifiable hooks. All hooks for which no applicable manufacturer's recommendations are available shall be tested to twice the intended safe working load before they are initially put into use. The employer shall maintain a record of the dates and results of such tests.

- (b) Loads shall be applied to the throat of the hook since loading the point may overstress, bend, or spring the hook.
- (c) Hooks shall be inspected once a month to see that they have not been bent by overloading. Bent or sprung hooks shall not be used.
- (d) Crane hooks. Magnetic particle or other suitable crack detecting inspection shall be performed at least once each year. When testing by x-ray, the pertinent provisions of the Nuclear Regulatory Commission's standards for protection against radiation, relating to protection against occupational radiation exposure, shall apply.
- (e) Any activity which involves the use of radioactive materials or x-rays, whether or not under license from the Nuclear Regulatory Commission, shall be performed by competent persons specially trained in the proper and safe operation of such equipment. In the case of materials used under commission license, only persons actually licensed, or competent persons under direction and supervision of the licensee, shall perform such work.
- (f) Teeth of case hooks shall not be split, cracked, or deformed.
- (g) Jaws of patent clamp type plate hooks shall be kept in safe condition so that they will grip plates securely.
  - (12) Pallets.
- (a) Pallets shall be made and maintained to safely support and carry loads being handled. Fastenings of reusable pallets used for hoisting shall be bolts and nuts, drive screws (helically threaded nails), annular threaded nails or fastenings of equivalent holding strength.
- (b) Damaged pallets shall be stored in designated areas and identified.
- (c) Reusable wing or lip-type pallets shall be hoisted by bar bridles or other suitable gear and shall have an overhanging wing or lip of at least three inches (76.2 mm). They shall not be hoisted by wire slings alone.

- (d) Loaded pallets that do not meet the requirements of this paragraph shall be hoisted only after being placed on pallets meeting such requirements or shall be handled by other means providing equivalent protection.
- (e) Bridles for handling flush end or box-type pallets shall be designed to prevent disengagement from the pallet under load.
- (f) Pallets shall be stacked or placed to prevent falling, collapsing or otherwise causing a hazard under standard operating conditions.
- (g) Disposable pallets intended only for one use shall not be re-used for hoisting.

### <u>AMENDATORY SECTION</u> (Amending Order 86-02, filed 1/17/86)

WAC 296-56-60077 Powered industrial trucks. (1) Applicability. This section applies to every type of powered industrial truck used for material or equipment handling within a marine terminal. It does not apply to over-the-road vehicles.

- (2) General.
- (a) Modifications, such as adding counterweights, that might affect the vehicle's capacity or safety shall not be performed without either the manufacturer's prior written approval or the written approval of a professional engineer experienced with the equipment who has consulted with the manufacturer, if available. Capacity, operation and maintenance instruction plates, tags or decals shall be changed to conform to the equipment as modified.
- (b) Unauthorized personnel shall not ride on powered industrial trucks. A safe place to ride shall be provided when riding is authorized.
- (c) When a powered industrial truck is left unattended, load-engaging means shall be fully lowered, controls neutralized and brakes set. Unless the truck is in view and within twenty-five feet (7.6 m) of the operator, power shall be shut off. Wheels shall be blocked or curbed if the truck is on an incline.
- (d) Powered industrial trucks shall not be operated inside highway vehicles or railcars having damage which could affect operational safety.
- (e) Powered industrial trucks shall be marked with their rated capacities, which shall be visible to the operator.
- (f) Only stable and safely arranged loads within the rated capacity of the truck shall be handled.
  - (g) Drivers shall ascend and descend grades slowly.
- (h) Drivers shall slow down and sound the horn at crossaisles and other locations where visibility is obstructed.
- (i) If the load obstructs the forward view drivers shall travel with the load trailing.
- (j) Steering knobs shall not be used unless the truck is equipped with power steering.
- (k) When powered industrial trucks use cargo lifting devices that have a means of engagement hidden from the operator, a means shall be provided to enable the operator to determine that the cargo has been engaged.
- (1) When cargo is being towed on pipe trucks or similar equipment, a safe means shall be provided to protect the driver from sliding loads.

- (3) Maintenance.
- (a) Only designated persons shall perform maintenance and repair.
- (b) Batteries on all powered trucks shall be disconnected during repairs to the primary electrical system unless power is necessary for testing and repair. On trucks equipped with systems capable of storing residual energy, that energy shall be safely discharged before work on the primary electrical system begins.
- (c) Replacement parts whose function might affect operational safety shall be equivalent in strength and performance capability to the original parts which they replace.
- (d) Braking systems or other mechanisms used for braking shall be operable and in safe condition.
- (e) Powered industrial trucks shall be maintained in safe working order. Safety devices shall not be removed or made inoperative except as otherwise provided in this section. Trucks with a fuel system leak or any other safety defect shall not be operated.
- (f) Those repairs to the fuel and ignition systems of industrial trucks which involve fire hazards shall be conducted only in locations designated as safe for such repairs.
  - (4) Approved trucks.
- (a) "Approved power-operated industrial truck" means one listed or approved for the intended use by a nationally recognized testing laboratory.
- (b) Approved trucks acquired and used after February 15, 1972, shall bear a label or other identification indicating testing laboratory approval.
- (c) When the atmosphere in an area is hazardous and the provisions of United States Coast Guard regulations at 33 CFR 126.15(e) do not apply, only power-operated industrial trucks approved for such locations shall be used.
  - (5) Duties of operator.
  - (a) A power-driven vehicle operator's special duties are:
  - (i) To operate the vehicle in a safe manner.
- (ii) To test brakes, steering gear, lights, horns, or other warning devices, clutches, etc., before starting work.
- (iii) To have the vehicle at all times under control so that it can be brought to an emergency stop in the clear space in front of the vehicle.
- (iv) To back down any incline of two percent or more when traveling with a load on the fork lift jitney.
- (b) Unobstructed view. When traveling, power-propelled vehicles shall at all times be operated in a manner giving the operator a reasonably unobstructed view in the direction of travel. Where this is impractical, the operator shall be directed in travel, by a person designated to do so.
- (c) Employee riding safety. Operators and authorized passengers shall not be permitted to ride with legs or arms extending outside any vehicle nor shall they be permitted to ride while standing unless the vehicle is designed to be operated from a standing position.
- (d) Moving vehicles. Vehicles shall be controlled manually while being pushed or towed except when a tow bar is used. Special precautions shall be taken when pushing vehicles where view is obstructed. Vehicles shall not be pushed with blades of a forklift.
- (e) Moving highway trailers. In all cargo operations involving the use of highway trailers, trailers shall be moved

in such a manner that the moving trailer is completely under control at all times. Special caution shall be exercised when such trailers are moving on inclines. Trailers shall be loaded in a manner which will prevent the cargo from shifting, and the load in the trailer shall be evenly distributed so as not to cause the trailer to tip to one side.

- (f) Prohibited forms of riding. Riding on tongue or handles of trailers or forks of power-propelled vehicles is prohibited.
- (g) Regular seats for riders. No one except the operator shall ride on power-driven vehicles unless regular seats are provided to accommodate passengers.
- (h) Jumping on or off moving vehicles. Employees shall not jump on or off moving vehicles.
- (i) Reporting defects. If a power-driven vehicle is at any time found to be in any way unsafe, the operator shall report same immediately to the person in charge and such vehicle shall not be used for production work until it has been made safe.
  - (6) Vehicle equipment and maintenance.
- (a) Horns and lights. All power-propelled vehicles shall be provided with horns or other warning devices.
- (b) Power-propelled vehicles used for night work, when required to travel away from an illuminated work area shall be equipped with a light or lights directed in the direction of travel in order to safely travel about the area.
- (c) Guards on operator's platform. Every power truck operated from an end platform or standing position shall be equipped with a substantial guard securely attached to the platform or frame of the vehicle in such a manner as to protect the operator from falling objects and so designed that the operator can easily mount or dismount from the operating station.
- (d) Seat cushions. All vehicles having a driver's seat shall be provided with resilient seat cushions fixed in place.
- (e) Securing of counterbalances. Counterbalances of all power-driven vehicles shall be positively secured to prevent accidental dislodging, but may be a removable type which may be removed, if desired, prior to hoisting the vehicle.
- (f) Exhaust pipes and mufflers. Exhaust pipes and mufflers of internal combustion engines, where workers are exposed to contact shall be isolated or insulated. Exhaust pipes shall be constructed to discharge not less than seventy-two inches above the floor on jitneys and eighty-four inches on forklifts or less than twenty inches from the floor.
- (g) Ventilation where internal combustion vehicles are used. Internal combustion engines may be used only in areas where adequate ventilation is provided.
- (h) Concentration levels of carbon monoxide gas created by powered industrial truck operations shall not exceed the levels specified in WAC 296-56-60055.
- (i) When disputes arise concerning degree of concentration, methods of sampling to ascertain the conditions should be referred to a qualified industrial hygienist.
- (j) Cargo truck couplings. Couplings installed on cargo trucks (four-wheelers) shall be of a type which will prevent accidental disengaging.
- (k) Operating levers. Operating levers on power-driven vehicles shall be so placed as not to project toward the operator's body.

- (l) Front axle assembly. The front axle assembly on all trailers shall be securely fastened to the truck bed.
- (m) Air line hook-up. Tractors hauling heavy duty highway trailers shall have an air line brake hook-up.
- (n) Floor mats. On power-driven vehicles where the operator stands on a platform, resilient foot mats shall be securely attached.
- (o) Cleaning vehicles. All power-propelled vehicles shall be cleaned at frequent intervals to remove any accumulation of dust and grease that may present a hazard.
  - (7) Forklift trucks.
  - (a) Overhead guards.
- (i) When operators are exposed to overhead falling hazards, forklift trucks shall be equipped with securely attached overhead guards. Guards shall be constructed to protect the operator from falling boxes, cartons, packages, or similar objects.
- (ii) Overhead guards shall not obstruct the operator's view, and openings in the top of the guard shall not exceed six inches (15.2 cm) in one of the two directions, width or length. Larger openings are permitted if no opening allows the smallest unit of cargo being handled to fall through the guard.
- (iii) Overhead guards shall be built so that failure of the vehicle's mast tilting mechanism will not displace the guard.
- (iv) An overhead guard, otherwise required by this paragraph, may be removed only when it would prevent a truck from entering a work space and if the operator is not exposed to low overhead obstructions in the work space.
- (v) Overhead guards shall be large enough to extend over the operator during all truck operations, including forward tilt
- (b) Supplies to ship's rail. Cargo or supplies shall not be hoisted to or from ship's rail with a forklift. This does not apply to ramp or side port loading.
- (c) Position of forks. When standing, lift forklift forks shall be lowered to floor. When moving, lift forklift forks shall be kept as low as possible.
- (d) Forklift use in gangplank moving. Not less than two forklifts shall be used to place or remove gangplanks unless fork width prevents tipping and manufacturer's rated lifting capacity of the forklift is not exceeded.
- (e) Forklift seat covers. Seats on forklifts shall be provided with a removable waterproof cover when they are exposed to the weather.
- (f) Raised equipment to be blocked. Workers shall not work below the raised bed of a dump truck, raised buckets of front end loaders, raised blades of tractors or in similar positions without blocking the equipment in a manner that will prevent it from falling. When working under equipment suspended by use of jacks, safety stands or blocking shall be used in conjunction with the jack.
- (g) Maximum speed. The maximum speed for forklifts on all docks shall not exceed eight miles per hour. The speed limit shall be prominently posted on such docks.
- (h) Load backrest extensions. Where necessary to protect the operator, forklift trucks shall be fitted with a vertical load backrest extension to prevent the load from hitting the mast when the mast is positioned at maximum backward tilt. For this purpose, a "load backrest extension" means a device

extending vertically from the fork carriage frame to prevent raised loads from falling backward.

- (i) Forks. Forks, fork extensions and other attachments shall be secured so that they cannot be accidentally dislodged, and shall be used only in accordance with the manufacturer's recommendations.
- (j) Counterweights. Counterweights shall be so affixed that they cannot be accidentally dislodged.
  - (k) Capacities and weights.
- (i) Forklift truck rated capacities, with and without removable counterweights, shall not be exceeded. Rated capacities shall be marked on the vehicle and shall be visible to the operator. The vehicle weight, with and without counterweight, shall be similarly marked.
- (ii) If loads are lifted by two or more trucks working in unison, the total weight of the load shall not exceed the combined rated lifting capacity of all trucks involved.
- (l) Lifting of employees. Employees may be elevated by forklift trucks only when a platform is secured to the lifting carriage or forks. The platform shall meet the following requirements:
- (i) The platform shall have a railing complying with WAC 296-56-60123(3).
- (ii) The platform shall have toeboards complying with WAC 296-56-60123(4), if tools or other objects could fall on employees below.
- (iii) When the truck has controls which are elevated with the lifting carriage, means shall be provided for employees on the platform to shut off power to the vehicle.
- (iv) Employees on the platform shall be protected from exposure to moving truck parts.
  - (v) The platform floor shall be skid resistant.
- (vi) A truck operator shall be at the truck's controls when employees are elevated unless the truck's controls are elevated with the lifting carriage.
- (vii) While employees are elevated, the truck may be moved only to make minor placement adjustments.
  - (8) Bulk cargo-moving vehicles.
- (a) Where a seated operator may come into contact with projecting overhead members, crawler-type bulk-cargo-moving vehicles that are rider operated shall be equipped with operator guards.
- (b) Guards and their attachment points shall be so designed as to be able to withstand, without excessive deflection, a load applied horizontally at the operator's shoulder level equal to the drawbar pull of the machine.
- (c) After July 26, 1999, bulk cargo-moving vehicles shall be equipped with rollover protection of such design and construction as to prevent the possibility of the operator being crushed because of a rollover or upset.
  - (9) Straddle trucks.
- (a) Accessibility. Straddle trucks shall have a permanent means of access to the operator's station, including any handholds necessary for safe ascent and descent.
  - (b) Guarding.
- (i) Main sprockets and chains to the wheels shall be guarded as follows:
  - (A) The upper sprocket shall be fully enclosed;
- (B) The upper half of the lower sprocket shall be enclosed; and

- (C) The drive chain shall be enclosed to a height of eight feet (2.6 m) except for that portion at the lower half of the lower sprocket.
- (ii) Gears shall be fully enclosed and revolving parts which may be contacted by the operator shall be guarded.
- (iii) When straddle trucks are used in the vicinity of employees, personnel-deflecting guards shall be provided around leading edges of front and rear wheels.
- (c) Visibility. Operator visibility shall be provided in all directions of movement.
  - (10) Trailer-spotting tractors.
- (a) Trailer-spotting tractors (fifth wheels) shall be fitted with any hand grabs and footing necessary for safe access to the fifth wheel.
- (b) Rear cab windows shall be of safety glass or equivalent material.

<u>AMENDATORY SECTION</u> (Amending Order 92-06, filed 10/30/92, effective 12/8/92)

# WAC 296-56-60079 General rules applicable to vehicles. (1) The requirements of this section apply to general vehicle use within marine terminals except in cases where the provisions of subsections (3) and (13) of this section are preempted by regulations of the department of transportation.

- (2) Private vehicle parking in marine terminals shall be allowed only in designated areas.
- (3) Trailers shall not be disconnected from tractors at loading docks until the road wheels have been immobilized. The road wheels shall be immobilized from the time the brake system is disconnected until braking is again provided. Supplementary front end support shall be employed as necessary to prevent tipping when a trailer is entered by a material handling vehicle. Rear end support shall be employed if rear wheels are so far forward as to allow tipping when the trailer is entered.
- (4) The employer shall direct motor vehicle operators to comply with any posted speed limits, other traffic control signs or signals, and written traffic instructions.
- (5) Stop signs shall be posted at main entrances and exits of structures where visibility is impaired, and at blind intersections, unless direct traffic control, warning mirror systems or other systems of equivalent safety are provided.
- (6) Vehicular routes, traffic rules and parking areas shall be established, identified and used.
- (7) Vehicle drivers shall warn anyone in traffic lanes of the vehicle's approach.
- (8) Signs indicating pedestrian traffic shall be clearly posted at vehicular check-in and check-out lines and similar locations where employees may be working.
- (9) A distance of not less than twenty feet (((4.5 m))) (6.1 m) shall be maintained between the first two vehicles in a check-in ((0 f)), check-out  $((\frac{\text{line}}{\text{line}}))$ , road ability, or vessel loading ((0 f))/discharging line. This distance shall be maintained between any <u>subsequent</u> vehicles behind which employees <u>are required to</u> work.
- (10) No unattended vehicle shall be left with its engine running unless secured against movement (see WAC 296-56-60077 for powered industrial trucks).

- (11) When the rear of a vehicle is elevated to facilitate loading or discharging, a ramp shall be provided and secured. The vehicle shall be secured against accidental movement during loading or discharging.
  - (12) Only vehicle floors in safe condition shall be used.
- (13) When flatbed trucks, platform containers or similar conveyances are loaded or discharged and the cargo consists of pipe or other products which could spread or roll to endanger employees, the cargo shall be contained to prevent movement.
- (14) Vehicles used to transport employees within a terminal shall be maintained in safe working order and safety devices shall not be removed or made inoperable.

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

#### WAC 296-56-60083 Cranes and derricks. (1) Scope.

- (a) This section through WAC 296-56-60103 applies to every kind of crane and derrick and to any other type of equipment performing the functions of a crane or derrick except as noted in (b) of this subsection.
- (b) This section does not apply to small industrial trucktype cranes, container handling toploaders and sideloaders, chain hoists, and mobile straddle-type cranes incapable of straddling two or more intermodal containers (sixteen feet (4.88 m) in width).
  - (2) Ratings.
- (a) Except for bridge cranes covered by subsection (7) of this section, cranes and derricks having ratings that vary with boom length, radius (outreach) or other variables shall have a durable rating chart visible to the operator, covering the complete range of the manufacturer's (or design) capacity ratings. The rating chart shall include all operating radii (outreach) for all permissible boom lengths and jib lengths as applicable, with and without outriggers, and alternate ratings for optional equipment affecting such ratings. Precautions or warnings specified by the owner or manufacturer shall be included.
- (b) The manufacturer's (or design) rated loads for the conditions of use shall not be exceeded.
- (c) Designated working loads shall not be increased beyond the manufacturer's ratings or original design limitations unless such increase receives the manufacturer's approval. When the manufacturer's services are not available or where the equipment is of foreign manufacture, engineering design analysis shall be performed or approved by a person accredited for certifying the equipment under WAC 296-56-60093. Cranes shall conform with the manufacturer's specifications or any current ANSI standards that apply. Engineering design analysis shall be performed by a registered professional engineer competent in the field of cranes and derricks. Any structural changes necessitated by the change in rating shall be carried out.
- (3) Radius indicator. When the rated load varies with the boom radius, the crane or derrick shall be fitted with a boom angle or radius indicator visible to the operator.
  - (4) Prohibited usage.
- (a) Equipment shall not be used in a manner that exerts sideloading stresses upon the crane or derrick boom.

- (b) No crane or derrick having a visible or known defect that affects safe operation shall be used.
  - (5) Protective devices.
- (a) When exposed moving parts such as gears, chains and chain sprockets present a hazard to employees during crane and derrick operations, those parts shall be securely guarded.
- (b) Crane hooks shall be latched or otherwise secured to prevent accidental load disengagement.
- (c) When hoisting personnel in an approved man basket, the hook shall have a positive safety latch to prevent rollouts.
  - (6) General.
  - (a) Operating controls.
- (i) Crane and derrick operating controls shall be clearly marked, or a chart indicating their function shall be posted at the operator's position.
- (ii) All crane controls shall operate in a uniform manner within a given port.
- (iii) Overhead bridge and container gantry crane operating control levers shall be self-centering so that they will automatically move to the "off" position when the operator releases the control.
- (b) Booms. Cranes with elevatable booms and without operable automatic limiting devices shall be provided with boom stops if boom elevation can exceed maximum design angles from the horizontal.
  - (c) Foot pedals. Foot pedals shall have a nonskid surface.
- (d) Access. Ladders, stairways, stanchions, grab irons, foot steps or equivalent means shall be provided as necessary to ensure safe access to footwalks, cab platforms, the cab and any portion of the superstructure which employees must reach.
- (i) Footwalks shall be of rigid construction, and shall be capable of supporting a load of one hundred pounds (4.79 kPa) per square foot.
- (ii) If more than twenty feet (6.1 m) in height, vertical ladders shall comply with WAC 296-56-60209 (4), (5)(a), (5)(b)(iii) and (5)(b)(iv).
- (iii) Stairways on cranes shall be equipped with rigid handrails meeting the requirements of WAC 296-56-60123 (5)(a).
- (iv) If the top of a ladder or stairway or any position thereof is located where a moving part of a crane, such as a revolving house, could strike an employee ascending or descending the ladder or stairway, a prominent warning sign shall be posted at the foot of the ladder or stairway. A system of communication (such as a buzzer or bell) shall be established and maintained between the foot of the ladder or stairway and the operator's cab.
- (e) Operator's station. The cab, controls, and mechanism of the equipment shall be so arranged that the operator has a clear view of the load or signal person, when one is used. Cab glass, when used, shall be safety plate glass or equivalent and good visibility shall be maintained through the glass. Clothing, tools and equipment shall be stored so as not to interfere with access, operation, or the operator's view.
- (f) A seat (lap) belt, meeting the requirements of 49 CFR 571.208-210 for a Type 1 seat belt assembly, shall be installed on the operator's seat of high speed container gantry cranes where the seat trolleys.

- (g) Counterweights or ballast. Cranes shall be operated only with the specified type and amount of ballast or counterweights. Ballast or counterweight shall be located and secured only as provided in the manufacturer's or design specifications, which shall be available.
- (((g))) (h) Outriggers. Outriggers shall be used according to the manufacturer's specifications or design data, which shall be available. Floats, when used, shall be securely attached to the outriggers. Wood blocks or other support shall be of sufficient size to support the outrigger, free of defects that may affect safety and of sufficient width and length to prevent the crane from shifting or toppling under load.
- (((h))) (i) Exhaust gases. Engine exhaust gases shall be discharged away from the normal position of crane operating personnel.
- (((i))) (j) Electrical equipment shall be so located or enclosed that live parts will not be exposed to accidental contact. Designated persons may work on energized equipment only if necessary during inspection, maintenance, or repair.
  - (((i))) (k) Fire extinguisher.
- (i) At least one portable fire extinguisher of at least 5-BC rating or equivalent shall be accessible in the cab of the crane or derrick.
- (ii) No portable fire extinguisher using carbon tetrachloride or chlorobromomethane extinguishing agents shall be used.
- (((k))) (1) Rope on drums. At least three full turns of rope shall remain on ungrooved drums, and two turns on grooved drums, under all operating conditions. Wire rope shall be secured to drums by clamps, U-bolts, shackles, or equivalent means. Fiber rope fastenings are prohibited.
- ((<del>(1)</del>)) (m) Assembly or disassembly of boom sections. Mobile crane booms being assembled or disassembled on the ground with or without the support of the boom harness shall be blocked to prevent dropping of the boom or boom sections.
  - ((<del>(m)</del>)) (n) Brakes.
- (i) Each independent hoisting unit of a crane shall be equipped with at least one holding brake, applied directly to the motor shaft or gear train.
- (ii) Each independent hoisting unit of a crane, except worm geared hoists, the angle of whose worm is such as to prevent the load from accelerating in the lowering direction, shall, in addition to a holding brake, be equipped with a controlled braking means to control lowering speeds.
- (iii) Holding brakes for hoist units shall have not less than the following percentage of the rated load hoisting torque at the point where the brake is applied:
- (A) One hundred twenty-five percent when used with a controlled braking means.
- (B) One hundred percent when used with a mechanically-controlled braking means.
- (C) One hundred percent when two holding brakes are provided.
- (iv) All power control braking means shall be capable of maintaining safe lowering speeds of rated loads.
- (((n))) (o) Each crane or derrick shall be equipped with sufficient lights to maintain five foot candles in the working area around the load hook. All crane ladders and machinery

- houses shall be illuminated at a minimum of two candle power.
- (((0))) (p) Light fixtures connected to the boom, gantry legs, or machinery house shall be provided with safety devices which will prevent the light fixture from falling in case of bracket failure.
- (((<del>p)</del>)) (q) Electronic devices may be installed to prevent collision subject to approval of the accredited certification agency.
- (((<del>(q)</del>))) (<u>r</u>) On all rail gantry cranes, truck guards shall extend on the ends of the trucks, close to the top of the rail to prevent worker's feet from being caught between the rail and wheel. This subsection does not apply if rail sweeps are present.
- (((<del>r)</del>)) (<u>s</u>) All hydraulic cylinders used to control crane booms or to provide crane stability (outriggers) shall be equipped with a pilot operated check valve or a device which will prevent the boom or outrigger from retracting in case of failure of a component of the hydraulic system.
- (((9))) (t) Gantry cranes shall be provided with automatic rail clamps or other devices to prevent the crane from moving when not being used or when power is off.
  - (7) Rail-mounted cranes (excluding locomotive types).
- (a) For the purposes of this section, rail-mounted cranes include bridge cranes and portal cranes.
- (b) Rated load marking. The rated loads of bridge cranes shall be plainly marked on each side of the crane and in the cab. If there is more than one hoisting unit, each hoist shall have its rated load marked on it or on its load block. Marking shall be legible from the ground level.
  - (c) Wind-indicating devices.
- (i) Each rail-mounted bridge and portal crane located outside of an enclosed structure shall be fitted with an operable wind-indicating device.
- (ii) The wind indicating device shall provide a visible or audible warning to alert the operator of high wind conditions. That warning shall be transmitted whenever the following circumstances are present:
- (A) When wind velocity reaches the warning speed, not exceeding the crane manufacturer's recommendations; and
- (B) When wind velocity reaches the shutdown speed, not exceeding the crane manufacturer's recommendations, at which work is to be stopped and the crane secured.
- (iii) Instructions. The employer shall post operating instructions for high wind conditions in the operator's cab of each crane. Operators shall be directed to comply with these instructions. The instructions shall include procedures for responding to high wind alerts and for any coordination necessary with other cranes.
  - (d) Securing of cranes in high winds.
  - (i) When the wind reaches the crane's warning speed:
  - (A) Gantry travel shall be stopped; and
  - (B) The crane shall be readied for shutdown.
  - (ii) When the wind reaches the crane's shutdown speed:
- (A) Any portion of the crane spanning or partially spanning a vessel shall be moved clear of the vessel if safe to do so; and
- (B) The crane shall be secured against travel, using all available means of securing.

- (e) The employer shall monitor local weather conditions by subscribing to a weather service or using equally effective means.
  - (f) Stops and bumpers.
- (i) The ends of all tracks shall be equipped with stops or bumpers. If a stop engages the tread of the wheel, it shall be of a height not less than the radius of the wheel.
- (ii) When more than one crane operates on the same runway or more than one trolley on the same bridge, each crane or trolley shall be equipped with bumpers or equivalent devices at adjacent ends subject to impact.
- (g) Employee exposure to crane movement. When employees may be in the vicinity of the tracks, crane trucks shall be equipped with personnel-deflecting guards.
- (h) Pedestrian clearance. If the track area is used for employee passage or for work, a minimum clearance of three feet (0.9 m) shall be provided between trucks or the structures of rail-mounted cranes and any other structure or obstruction. When the required clearance is not available on at least one side of the crane's trucks, the area shall not be used and shall be marked and identified.
- (i) Warning devices. Rail-mounted cranes shall be equipped with an effective audible and visible travel warning device which shall be used to warn employees who may be in the path of the moving crane.
  - (j) Communications.
- (i) Means of communication shall be provided between the operator's cab and the base of the gantry of all railmounted cranes. This requirement may be met by telephone, radio, sound-signaling system or other effective methods, but not solely by hand-signaling.
- (ii) All rail-mounted cranes thirty ton and above capacity shall be equipped with a voice hailing device (PA system) from the operator to the ground, audible within one hundred feet.
- (k) Limit switch bypass systems shall be secured during all cargo operations. Such bypass systems shall not be used except in an emergency or during noncargo handling operations such as stowing cranes or derricks or performing repairs. When a situation requiring the use of a bypass system or the readjustment of a limit switch arises, it shall be done only under the direction of a crane mechanic.
- (1) Cranes and crane operations—Scope and application. The sections of this chapter, WAC 296-56-60083 through 296-56-60099, apply to cranes, derricks, and crane operations.
- (((+))) (m) Signal persons. A signal person shall be required when a crane operator's visibility is obstructed. When a signal person is required to transmit hand signals, they shall be in such a position that the operator can plainly see the signals.
- (((m))) (n) Signals. All operators and signal persons shall use standard signals as illustrated for longshore crane operations. (See Appendices C and D, at the end of this chapter.)
- (((n))) (o) Signal person for power units. Where power units, such as cranes and winches are utilized and signaling is required, the operator shall be instructed as to who is authorized to give signals. The operator shall take signals only from such authorized person. In case of emergency, any worker shall be authorized to give a stop signal.

- (i) No draft shall be hoisted unless the winch or crane operator can clearly see the draft itself or see the signals of any signal person associated with the operation.
- (ii) Loads requiring continuous manual guidance while in motion shall be provided with tag lines.
- (((o))) (p) Landing loads. Persons assisting in landing a load shall face the load and use caution to prevent themselves from getting in a position where they may be caught between the load and a fixed object.
- (8) Stabilizing of locomotive cranes. Loads may be hoisted by locomotive cranes only if outriggers are in place, unless means are taken to prevent the load being carried by the truck springs of the crane.
  - (9) Operations.
- (a) Use of cranes together. When two or more cranes hoist a load in unison, a designated person shall direct the operation and instruct personnel in positioning, rigging of the load and movements to be made.
- (b) Guarding of swing radius. Accessible areas within the swing radius of the body of a revolving crane shall be physically guarded during operations to prevent an employee from being caught between the body of the crane and any fixed structure or between parts of the crane.
- (c) Securing mobile crane components in transit. The crane's superstructure and boom shall be secured against rotation and carried in line with the direction of travel except when negotiating turns with an operator in the cab or when the boom is supported on a dolly. The empty hook or other attachment shall be secured.
- (d) Unattended cranes. The following steps shall be taken before leaving a crane unattended between work periods:
- (i) Suspended loads, such as those hoisted by lifting magnets or clamshell buckets, shall be landed unless the storage position or maximum hoisting of the suspended device will provide equivalent safety;
  - (ii) Clutches shall be disengaged;
  - (iii) The power supply shall be shut off;
- (iv) The crane shall be secured against accidental travel; and
- (v) The boom shall be lowered or secured against movement.
  - (e) Operating near electric power lines.
- (i) Clearance. Unless electrical distribution and transmission lines are deenergized and visibly grounded at point of work, or unless insulating barriers not a part of or an attachment to the crane have been erected to prevent physical contact with lines, cranes may be operated near power lines only in accordance with following:
- (A) For lines rated 50 kV or below, minimum clearance between the lines and any part of the crane or load shall be ten feet (3 m);
- (B) For lines rated over 50 kV, minimum clearance between the lines and any part of the crane or load shall be either 10 feet (3 m) plus 0.4 inch (10 mm) for each 1 kV over 50 kV, or twice the length of the line insulator, but never less than ten feet; and
- (C) In transit with no load and boom lowered, the clearance shall be a minimum of four feet (1.2 m).

- (ii) Boom guards. Cage-type boom guards, insulating links or proximity warning devices may be used on cranes, but they shall not be used in place of the clearances required by subsection (9)(e)(i) of this section.
- (iii) Determination of energized lines. Any overhead line shall be presumed to be energized until the owner of the line indicates that it is not energized.
  - (10) Protection for employees being hoisted.
- (a) No employee shall be hoisted by the load hoisting apparatus of a crane or derrick except:
- (i) On intermodal container spreaders, equipped in accordance with this subsection; or
- (ii) In a boatswain's chair or other device rigged to prevent it from accidental disengagement from the hook or supporting member; or
  - (iii) On a platform meeting the following requirements:
- (A) Enclosed by a railing or other means providing protection equivalent to that described in WAC 296-56-60123(3). If equipped with open railings, the platform shall be fitted with toe boards;
- (B) Having a safety factor of four based on ultimate strength;
- (C) Bearing a plate or permanent marking indicating maximum load rating, which shall not be exceeded, and the weight of the platform itself;
- (D) Equipped with a device to prevent access doors, when used, from opening accidentally;
- (E) Equipped with overhead protection for employees on the platform if they are exposed to falling objects or overhead hazards:
- (F) Secured to the load line by means other than wedge and socket attachments, unless the free (bitter) end of the line is secured back to itself by a clamp placed as close above the wedge as possible.
- (b) Except in an emergency, the hoisting mechanism of all overhead and container gantry cranes used to hoist personnel shall operate in power up and power down, with automatic brake application when not hoisting or lowering.
- (c) Variable radius booms of a crane or derrick used to hoist personnel shall be so constructed or secured as to prevent accidental boom movement.
- (d) Platforms or devices used to hoist employees shall be inspected for defects before each day's use and shall be removed from service if defective.
- (e) Employees being hoisted shall remain in continuous sight of and communication with the operator or signal person.
- (f) Operators shall remain at the controls when employees are hoisted.
- (g) Cranes shall not travel while employees are hoisted, except in emergency or in normal tier to tier transfer of employees during container operations.
- (h) When intermodal container spreaders are used to transfer employees to or from the tops of containers, the spreaders shall be equipped with a personnel platform equipped with fixed railings, provided that the railings have one or more openings for access. The openings shall be fitted with a means of closure, such as chains with hooks. Existing railings shall be at least thirty-six inches (0.91 m) in height. New railings installed after October 3, 1983 shall be forty-

- two inches (1.07 m), plus or minus three inches (7.6 cm), in height. The provisions of (a)(iii)(C), (D), and (F) of this subsection also apply to personnel platforms when container spreaders are used.
- (i) Positive safety latch-type hooks or moused hooks shall be used.
- (j) Employees shall not be hoisted on intermodal container spreaders while a load is engaged.

Additional requirements are located in WAC 296-24-23533.

- (11) Routine inspection.
- (a) Designated persons shall visually inspect each crane and derrick on each day of use for defects in functional operating components and shall report any defect found to the employer. The employer shall inform the operator of the findings.
- (b) A designated person shall thoroughly inspect all functional components and accessible structural features of each crane or device at monthly intervals.
- (c) Any defects found during such inspections which may create a safety hazard shall be corrected before further use. Repairs shall be performed only by designated persons.
- (d) A record of monthly inspections shall be maintained for six months in or on the crane or derrick or at the terminal.

AMENDATORY SECTION (Amending Order 92-06, filed 10/30/92, effective 12/8/92)

WAC 296-56-60085 Crane load and limit devices. (1) Except as provided in subsection (8) of this section, every crane shall be fitted with a load indicating device or alternative device in proper working condition.

The type or model or any load indicating or alternate device which is used shall provide:

- (a) A direct indication in the cab of actual weight hoisted or a means of determining this by referencing a weight indication to crane ratings posted and visible to the operator. The use of a dynamometer or simple scale alone shall not meet this requirement; or
- (b) Indications in the cab according to the radius and load at the moment; or
- (c) A direct means to prevent an overload from occurring.
- (2) Accuracy of the devices required by this section shall be such that any indicated load (or limit), including the sum of actual weight hoisted and additional equipment or "add ons" such as slings, sensors, blocks, etc., is within the range from no less than ninety-five percent of the actual true total load (five percent overload) to one hundred ten percent of the actual true total load (ten percent underload). Such accuracy shall be required over the range of the daily operating variables to be expected under the conditions of use.
- (3) The device shall permit the operator to determine, before making any lift, that the indicating or substitute system is operative. In the alternative, if a device is so mounted or attached to preclude such a determination, it may not be used unless it has been certified by the manufacturer to remain operable within the limits stated in subsection (2) of this section for a specific period of use. Checks for accuracy, using known values of load, shall be performed at the time of

every certification survey (see WAC 296-56-60093) and at such additional times as may be recommended by the manufacturer.

- (4) When a load indicating device or alternative system is so arranged in the supporting system (crane structure) that its failure could cause the load to be dropped, its strength shall not be the limiting factor of the supporting system (crane structure).
- (5) Marking shall be conspicuously placed giving: Units of measure in pounds or both pounds and kilograms, capacity of the indicating system, accuracy of the indicating system. and operating instructions and precautions. In the case of systems utilizing indications other than actual weights, the marking shall include data on: The means of measurement, capacity of the system, accuracy of the system, operating instructions and precautions. If the system used provides no readout, but it is such as to automatically cease crane operation when the rated load limit under any specific condition of use is reached, marking shall be provided giving the make and model of the device installed, a description of what it does, how it is operated, and any necessary precautions regarding the system. All weight indications, other types of loading indications, and other data required shall be readily visible to the operator.
- (6) All load indicating devices shall be operative over the full operating radius. Overall accuracy shall be based on actual applied load and not on full scale (full capacity) load.

Explanatory note. For example, if accuracy of the load indicating device is based on full scale load and the device is arbitrarily set at plus or minus ten percent, it would accept a reading between ninety thousand and one hundred ten thousand pounds, at full capacity of a machine with one hundred thousand pounds, maximum rating, but would also allow a reading between zero and twenty thousand pounds, at that outreach (radius) at which the rating would be ten thousand pounds capacity—an unacceptable figure. If, however, accuracy is based on actual applied load under the same conditions, the acceptable range would remain the same with the one hundred thousand pound load but becomes a figure between nine thousand and eleven thousand pounds, a much different and acceptable condition, at the ten thousand pound load.

- (7) When the device uses the radius as a factor in its use or in its operating indications, the indicated radius (which may be in feet and/or meters, or degrees of boom angle, depending on the system used) shall be a figure which is within the range of a figure no greater than one hundred ten percent of the actual radius to a figure which is no less than ninety-seven percent of the actual (true) radius. A conversion chart shall be provided whenever it is necessary to convert between degrees of radius and feet or meters.
- (8) The load indicating device requirements of this section do not apply to a crane:
- (a) Of trolley equipped bridge type while handling container known to be and identified as empty, or loaded, and in either case in compliance with the provisions of WAC 296-56-60103, or while hoisting other lifts by means of a lifting beam supplied by the crane manufacturer for the purpose, and in all cases within the crane rating;

- (b) While handling bulk commodities or cargoes by means of clamshell bucket or magnet;
- (c) While used to handle or hold hoses in connection with transfer of bulk liquids or other hose handled products; or
- (d) While the crane is used exclusively to handle cargo or equipment the total actual gross weight of which is known by means of marking of the unit or units hoisted, when such total actual gross weight never exceeds eleven thousand two hundred pounds, and when eleven thousand two hundred pounds, is less than the rated capacity of the crane at the maximum outreach that is possible under the conditions of use at the time.
- (9) Limit switches shall be installed on the main line and whip line assemblies, of all cranes and derricks, which will deactivate the hoisting power when a load reaches the upper limits of travel and at such other places as required by this chapter. Line limit switches shall be tested prior to or at the beginning of each shift to determine if they are functioning properly. Any malfunction shall be reported to the person in charge immediately and shall be repaired ((at the first reasonable opportunity)) prior to use.

AMENDATORY SECTION (Amending Order 86-02, filed 1/17/86)

WAC 296-56-60087 Winches. (1) Moving winch parts which present hazards to employees shall be guarded.

- (2) Winches shall have clearly identifiable and readily accessible stop controls.
- (3) Portable winches shall be secured against accidental shifting while in use.
- (4) Portable winches shall be fitted with limit switches if employees have access to areas from which it is possible to be drawn into the winch.
- (5) The provisions of WAC 296-56-60083 (6)(((k))) (1) apply to winches.

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

WAC 296-56-60093 Certification of marine terminal material handling devices. (1) The employer shall not use any material handling device listed in WAC 296-56-60098(8) until he/she has ascertained that the device has been certified, as evidenced by current and valid documents attesting to compliance with the requirements of WAC 296-56-60097 and 296-56-60098.

- (2) Certification surveys are to be completed for the conditions of use found at the time such surveys are performed. Equipment owners or users may change the configurations of the equipment according to the manufacturer's specifications without affecting the established certification status for the equipment.
- (3) These rules apply to employment within a marine terminal including the loading, unloading, movement, or other handling of cargo, ship's stores, or gear within the terminal or into or out of any land carrier, holding or consolidation area, or any other activity within and associated with the overall

operation and functions of the terminal, such as the use and routine maintenance of facilities and equipment.

- (4) Inspection and test certificates shall be issued only for that equipment which meets or exceeds the requirements specified in these rules. All inspection and test certificates shall be issued through the office of the assistant director of the division of consultation and compliance, department of labor and industries, and shall be valid for a period not to exceed one year from the date of issuance.
- (5) Equipment requiring certification shall be inspected by ((representatives of the division of consultation and compliance; or)) individuals who have received a "certificate of competency" from the assistant director, division of ((eonsultation and compliance)) WISHA services indicating that they are qualified and capable of performing such work.
- (6) When deficiencies are found they shall be noted on forms provided for such purpose by the division of consultation and compliance. Copies shall be delivered to the owner of the equipment and the division of consultation and compliance at the headquarter's office by the person conducting such tests or inspections.
- (7) A certificate of unit test or examination of equipment shall not be issued for any equipment found not to be in compliance with the provisions of this chapter.
- (8) Persons desiring a "certificate of competency" shall demonstrate and document their capabilities and qualifications to the assistant director of the division of consultation and compliance, who will issue certificates to those persons who have demonstrated competency. The assistant director reserves the right to revoke such certificates at any time for cause. A "certificate of competency" shall be issued for a period of not more than three years. Applications for renewal may be made not more than sixty days prior to the expiration date shown on the certificate.
- (9) The assistant director of the division of consultation and compliance or his/her representative, reserves the right to inspect such equipment or to witness or attend any test or inspection in order to ascertain the adequacy of any certification activity performed.
- (10) Unless otherwise exempted, all cranes or derricks required to be certificated by these regulations shall have a current test certificate posted in the operator's cab or station. No person shall operate such crane or derrick unless a current valid certificate is posted.

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

WAC 296-56-60097 Unit proof load test and inspection. Cranes and derricks shall be proof load tested, rated and certified in tons (2,000 lbs.= 1 ton). Cranes and derricks shall be inspected and unit proof load tested prior to being put into use, after any significant modification or repairs of structural parts, or when deemed necessary by the assistant director of consultation and compliance or his/her designee. However, each crane or derrick shall be unit proof load tested at least once during each twelve-month period. Unit proof load tests shall be carried out by the use of weights as a dead load. When use of weights for unit proof load tests is not possible or reasonable a dynamometer or other recording test equip-

ment may be used. Such equipment shall be tested for accuracy with certified calibrating equipment within twelve months prior to being used and a copy of the certified calibration test shall be made available to authorized representatives of the division of consultation and compliance upon request.

The weight of the objects used for a dead load weight test shall be certified and a record of the weight shall be made available upon request. Any replacements or repairs deemed necessary by the person conducting a test shall be carried out before application of the required proof load unit test.

(1) The proof load tests for derricks shall be conducted as follows:

Safe Working Load	Proof Load
to 20 tons	25% in excess
20-50 tons	5 tons in excess
over 50 tons	10% in excess of manufacturer's recommended lifting capacity.

Proof load shall be applied at the designed maximum and minimum boom angles or radii, or if this is impractical, as close to these as practical. The angles or radii of test shall be stated in the certificate of test. Proof loads shall be swung as far as possible in all directions. The weight of auxiliary handling devices such as spreader bars, robots, clams, magnets, or other gear shall be considered a part of the load. Brakes shall be tested by holding the proof load suspended without other mechanical assistance. After satisfactory completion of a unit proof load test the derrick and all component parts thereof shall be carefully examined and nondestructive tests may be conducted to assure that the equipment is safe for use and has not been damaged in the unit proof load testing process.

(2) Unit proof load tests for cranes shall be carried out with the boom in the least stable direction relative to the mounting, based on the manufacturer's specifications.

Unit proof load tests for cranes shall be based on the manufacturer's load ratings for the conditions of use and shall, except in the case of bridge type cranes utilizing a trolley, consist of application of a proof load of ten percent in excess of the load ratings at maximum and minimum radius, and at such intermediate radii as the certifying authority may deem necessary in the circumstances. (The manufacturer's load ratings are usually based upon percentage of tipping loads under some conditions and upon limitations of structural competence at others, as well as on other criteria such as type of crane mounting, whether or not outriggers are used, etc. Some cranes utilizing a trolley may have only one load rating assigned and applicable at any outreach. It is important that the manufacturer's ratings be used.) Trolley equipped cranes shall be subject to a proof load of twenty-five percent in excess of the manufacturer's load rating. In cases of foreign manufacture, the manufacturer's specifications shall be subject to approval by the certifying authority. The weight of all auxiliary handling devices such as magnets, hooks, slings, and clamshell buckets shall be considered part of the load.

(3) ((In the event neither manufacturer's data nor design data on safe working loads (including any applicable limitations) are obtainable, the safe working load ratings assigned

shall be based on the owner's information and warranty that those so assigned are correct. Unit test certificates shall state the basis for any safe working load assignment.

- (4))) If the operation in which equipment is engaged never utilizes more than a fraction of the safe working load rating, the owner of the equipment may, at his/her option, have the crane or derrick certified for and operated at a lesser maximum safe working load in keeping with the use and based on radius and other pertinent factors, however, the equipment concerned shall be physically capable of operation at the original load rating and the load reduction shall not be for the purpose of avoiding correction of any deficiency.
- (((5))) (4) Safe working load ratings shall not be increased beyond the manufacturer's ratings or original design limitations without prior approval by the accredited certification agency. Such prior approval shall be based on the manufacturer's approval of such increase or documented engineering design analysis or both. All necessary structural changes shall be completed prior to approval by the accredited certification agency.

AMENDATORY SECTION (Amending WSR 95-04-007, filed 1/18/95, effective 3/1/95)

WAC 296-56-60098 Examination and inspection of cranes and derricks. (1) An examination shall be carried out in conjunction with each annual unit proof load test. The accredited person, or their authorized representative, shall make a determination as to correction of deficiencies found. The examination shall include the following: (Refer to WAC 296-56-60093(8) for definition of accredited person.)

- (a) All functional operating mechanisms shall be examined for improper function, maladjustment, and excessive component wear, with particular attention to sheaves, pins, and drums. The examinations shall include operation with partial load, in which all functions and movements, including maximum possible rotation in both directions, are checked.
  - (b) All safety devices shall be examined for malfunction.
- (c) Lines, tanks, valves, drains, pumps, and other parts of air or hydraulic systems shall be examined for deterioration or leakage.
- (d) Rope reeving shall comply with the manufacturer's recommendations.
- (e) Deformed, cracked, or excessively corroded members in crane structure and boom shall be repaired or replaced as necessary.
- (f) Loose bolts, rivets, or other connections shall be corrected.
- (g) Worn, cracked, or distorted parts affecting safe operation shall be corrected.
- (h) All brakes, used to control the load, boom or travel of the crane, shall be tested. Air, hydraulic, or electrically operated brakes shall be of such design as to set and stop the load if the source of power fails.
- (i) Brake and clutch system parts, linings, pawls, and ratchets shall be examined for excessive wear and free operation.
- (j) Load, boom angle, or other indicators shall be checked over their full range. Defects in such indicators shall be immediately corrected.

- (k) Where used, clamshell buckets or other similar equipment, such as magnets, shall be carefully examined in all respects, with particular attention to closing line wires and sheaves. The accredited person may supplement such examination by requesting any operational tests deemed appropriate
- (l) Careful examination of the junction areas of removable boom sections, particularly for proper seating, cracks, deformities, or other defects in securing bolts and in the vicinity of such bolts, shall be made.
- (m) All platforms, steps and footwalks located on cranes where workers are exposed to the hazard of slipping shall be of a nonslip material. Wire rope used for railings on cranes shall be kept taut at all times.

Note: In critical areas such as footwalks along booms, a grating material should be used.

- (n) No counterweights in excess weight of the manufacturer's specifications shall be fitted or used.
- (o) Such other examination or supplemental functional tests shall be made as may be deemed necessary by the accredited person under the circumstances.
  - (2) Wire rope.
- (a) All wire rope shall be inspected at least once a month, dependent upon conditions to which the wire ropes are subjected, and at intervals not exceeding a twelve-month period. Records of inspection of wire rope shall be kept and shall be available to the department of labor and industries representative. Records shall be kept for one year. Refer to the general safety and health standards, WAC 296-24-24013.
- (b) Wire rope shall not be used if in any length of eight diameters, the total number of visible broken wires exceeds ten percent of the total number of wires, or if the rope shows other signs of excessive wear, corrosion, or defect. Particular attention shall be given to the condition of those sections of wire rope adjacent to any terminal connections, those sections exposed to abnormal wear, and those sections not normally exposed for examination.
- (c) Documentation available for inspection shall include wire rope test certificates relating to any replacements made since the last unit test or annual examination as required.
- (d) Wire rope and replacement wire rope shall be of the same size, same or better grade, and same construction as originally furnished by the equipment manufacturer or contemplated in the design, unless otherwise recommended by the equipment or wire rope manufacturer due to actual working conditions. In the absence of specific requirements, wire rope shall be of a size and construction suitable for the purpose, and shall have the capacity to handle ((four)) five times the heaviest expected load, verified by wire rope test certificate.
- (e) Wire rope in use on equipment previously constructed and prior to initial certification of said equipment shall not be required to be tested but shall be subject to thorough examination at the time of initial certification of the equipment.
- (3)(a) Accessory components. Container spreader bar twist locks shall be carefully examined periodically and at the time of annual examination and inspection. Cracked or

deformed hooks shall be discarded immediately and not reused.

- (b) Crane hooks and container spreader bar twist lock. Magnetic particle or other suitable crack detecting inspection shall be performed at least once each year. When testing by x-ray, the pertinent provisions of the Nuclear Regulatory Commission's standards for protection against radiation, relating to protection against occupational radiation exposure, shall apply.
- (4) In the event that heat treatment of any loose gear is recommended by the manufacturer, the latest heat treatment certificate attesting to compliance with the manufacturer's specifications shall be part of the available documentation. Heat treatment shall be carried out in accordance with the specifications of the manufacturer by persons competent to perform such work.
- (5) Replacement parts shall be of equal or better quality than the original equipment and suitable for the purpose. Repairs or modifications shall be such as to render the equipment equal to or better than the original construction or design.
- (6) In cases of foreign manufactured cranes, there shall be an owner's warranty that the design is adequate for the intended use. The warranty shall be based on a thorough examination of the design specifications by a registered professional engineer familiar with the equipment.
- (7) The certifications required by this section shall be performed in accordance with WAC 296-56-60093 by persons accredited by the assistant director of ((eonsultation and eompliance)) WISHA services.
- (8) The marine terminal material handling devices listed below shall be certified in the following manner:
- (a) Each crane and derrick shall be tested and examined as a unit annually. A copy of the certificate of tests and examinations shall be posted in the crane operator's cab.
- (b) Bulk cargo spouts and suckers, together with any portable extensions and rigging or outriggers supporting them vertically, shall be examined annually. Certificates attesting to the required examination shall be made readily available for inspection.
- (c) Vertical pocket or bucket conveyors such as banana, sugar, and grain marine legs (other than those within a grain elevator structure) used within a marine terminal facility shall be examined annually. The annual examination shall include all supporting structures, rigging, mechanical components and observation of all steps of operations. Certificates attesting to the required examinations shall be readily available for inspection.
- (d)(i) House fall cargo-handling gear shall be proof load tested as a unit upon initial certification and every fourth year thereafter. An examination shall be carried out in conjunction with each unit proof load test and annually thereafter. The unit test shall consist of a proof load of twenty-five percent in excess of the rated safe working load. Examinations shall include all supporting structures and components. Certificates attesting to the required tests and examinations shall be readily available for inspection.
- (ii) House fall span beams or other house fall block supports shall be marked with the safe working load, which shall not be exceeded.

- (e) Special gear.
- (i) Special stevedoring gear provided by the employer, the strength of which depends upon components other than commonly used stock items such as shackles, ropes or chains, shall be tested as a unit in accordance with the following table before initially being put into use.

Table A

Safe Working Load	Proof Load
Up to 20 short tons	25 percent in excess
Over 20 to 50 short tons	5 short tons in excess
Over 50 short tons	10 percent in excess

- (ii) Special stevedoring gear provided by the employer that has a SWL of five short tons (10,000 or 4.5 metric tons) or less shall be inspected and tested as a unit before initial use according to (d) and (e) of this subsection or by a designated person (see Table A).
- (iii) Every spreader not a part of ship's gear and used for hoisting intermodal containers shall be tested to a proof load equal to twenty-five percent in excess of its rated capacity. Additionally, any spreader which suffers damage necessitating structural repair shall be retested after repair and before being returned to service.
- (((iii))) (iv) Certificates attesting to the required tests shall be available for inspection.
- (v) All cargo handling gear covered by this section with a SWL greater than five short tons (10,000 lbs. or 4.5 metric tons) shall be proof load tested according to Table A every four years in accordance with subsection (7) of this section or by a designated person.
- (f) Wire rope and loose gear used for material handling shall be tested and certified before being placed into use in accordance with the provisions of WAC 296-56-60097. Certificates attesting to the required tests, inspections and examinations shall be available.
- (9) Disassembly and reassembly of equipment does not require recertification of the equipment provided that the equipment is reassembled and used in a manner consistent with its certification.
- (10) Equipment certified in Washington and transferred to a site in another state does not require recertification in this state upon its return, until the next inspection or examination becomes due as if it had not been moved. ((Equipment certified in accordance with similar provisions of another jurisdiction and moved to a site in this state does not require certification upon initial transfer to this state.))
- (11) Certification procedures shall not be construed as a substitute for, or cause for elimination of, normal operational inspection and maintenance routine throughout the year.
- (12)(a) Every unit of equipment requiring annual certification shall have had such annual certification within the previous twelve months. Equipment requiring annual certification shall have had such annual certification within the previous twelve months, except that no annual certification is required within twelve months after any required certification. Annual examinations for certification may be accom-

plished up to one month early without effect on subsequent due dates.

- (b) When certified equipment is out of service for six months or more beyond the due date of a certification inspection, an examination equivalent to an initial certification, including unit proof load test, shall be performed before the equipment re-enters service.
- (13) Loose gear shall bear a legible mark indicating that it has been tested (see WAC 296-56-60097). Single sheave blocks shall be marked with safe working loads and proof test loads. Marks relating to testing shall be identifiable on the related certificates, which shall be available.
- (14) The certification requirements of this section do not apply to the following equipment:
- (a) Industrial trucks and small industrial crane trucks; and
- (b) Any straddle truck not capable of straddling two or more intermodal containers sixteen feet (4.88 m) in width.
  - (15) Safe working load.
- (a) The safe working load of gear as specified in this section shall not be exceeded.
- (b) All cargo handling gear provided by the employer with a safe working load greater than five short tons (10,000 lbs, or 4.5 metric tons) shall have its safe working load plainly marked on it.

AMENDATORY SECTION (Amending Order 92-06, filed 10/30/92, effective 12/8/92)

WAC 296-56-60103 Terminals handling intermodal containers or roll-on roll-off operations. (1) Every intermodal container shall be legibly and permanently marked with:

- (a) The weight of the container when empty, in pounds;
- (b) The maximum cargo weight the container is designed to carry, in pounds; and
- (c) The sum of the maximum weight of the container with cargo, in pounds (gross container capacity).
- (2) No container shall be hoisted by any crane or derrick unless the following conditions have been met:
- (a) The employer shall ascertain from the carrier whether a container to be hoisted is loaded or empty. Empty containers shall be identified before loading or discharge in such a manner as will inform every supervisor and foreman on the site and in charge of loading or discharging, and every crane or other hoisting equipment operator and signalman, if any, that the container is empty. Methods of identification may include cargo plans, manifests or markings on the container.
  - (b) In the case of a loaded container:
- (i) The actual gross weight shall be plainly marked so as to be visible to the crane operator, other hoisting equipment operator, signalman, and to every supervisor and foreman on the site and in charge of the operation; or
- (ii) The cargo stowage plan or equivalent permanently recorded display serving the same purpose, containing the actual gross weight and the serial number or other positive identification of that specific container, shall be provided to the crane or other hoisting equipment operator and signalman, if any, and to every supervisor and foreman on the site and in charge of the operation.

- (c) Every outbound loaded container which is received at a marine terminal ready to load aboard a vessel without further consolidation or loading shall be weighed to obtain the actual gross weight before being hoisted.
- (d)(i) When container weighing scales are located at a marine terminal, any outbound container with a load consolidated at that terminal shall be weighed to obtain an actual weight before being hoisted.
- (ii) If the terminal has no scales, the actual gross weight may be calculated on the basis of the container's contents and the container's empty weight. The weights used in the calculation shall be posted conspicuously on the container, with the name of the person making the calculation and the date.
- (iii) Container weights shall be subject to random sample weight checks at the nearest weighing facility. In cases where such weight checks or experience otherwise indicate consistently inaccurate weights, the weight of containers so calculated at the source from which the inaccurate weights originated shall no longer be recognized as true gross weights. Such containers shall not be hoisted unless actual gross weights have been obtained by weighing.
- (e) The following containers are exempted from the requirements of (c) and (d) of this subsection:
  - (i) Open type vehicle containers.
- (ii) ((Dry, or closed type containers, which are being used to transport vehicles and which contain no other cargo, and have the contents clearly marked on the outside)) The container is marked on the outside in such a manner that an employee can readily discern that the container is carrying vehicles.
- (iii) Containers built specifically for the carriage of compressed gases.
- (iv) The container carries only completely assembled vehicles and no other cargo.
- (v) The vehicles were loaded into the container at the marine terminal.
- (f) The weight of loaded inbound containers from foreign ports shall be determined by weighing or by the method of calculation described in (d)(ii) of this subsection or by shipping documents.
- (g) Any scale used within Washington state to weigh containers for the purpose of the requirements of this section shall meet the accuracy standards of the state or local public authority in which the scale is located.
- (3) No container shall be hoisted if its actual gross weight exceeds the weight marked as required in subsection (1)(c) of this section, or if it exceeds the capacity of the crane or other hoisting device intended to be used.
- (4)(a) Marked or designated areas shall be set aside within a container or roll-on roll-off terminal for passage of employees to and from active cargo transfer points, except where transportation to and from those points is provided by the employer.
- (b) The employer shall direct employees to stay clear of the area beneath a suspended container. Employees shall stay clear of the area beneath a suspended container.
- (5) <u>Each employee((s))</u> working in the immediate area of container handling equipment or in the terminal's traffic lanes shall wear <u>a</u> high visibility vest((s, deeals, reflectors)) (or equivalent protection).

Permanent [42]

Note to subsection (5): High visibility vests or equivalent protection means high visibility/retroreflective materials which are intended to provide conspicuity of the user by day through the use of high visibility (fluorescent) material and in the dark by vehicle headlights through the use of retroreflective material. The minimum area of material for a vest or equivalent protection is .5m(2)(760 in.(2)) for fluorescent (background) material and .13m(2)(197 in.(2)) for retroreflective material.

- (6) Containers shall be handled using lifting fittings or other arrangements suitable and intended for the purposes as set forth in (a) and (c) of this subsection, except when damage to an intermodal container makes special means of handling necessary.
- (a) Loaded intermodal containers of twenty feet (6.1 m) or more in length shall be hoisted as follows:
- (i) When hoisting by the top fittings, the lifting forces shall be applied vertically from at least four top fittings or by means which will safely lift the container without damage. The lifting fittings provided shall be used.
- (A) The container being lifted is an ISO closed box container;
  - (B) The condition of the box is sound;
- (C) The speed of hoisting and lowering is moderated when heavily ladened containers are encountered;
  - (D) The lift angle is at eighty to ninety degrees:
- (E) The distance between the lifting beam and the load is at least eight feet and 2.4 inches (2.5m); and
- (F) The length of the spreader beam is at least 16.3 feet (5 m) for a twenty-foot container, and at least 36.4 feet (11 m) for a forty-foot container.
- (ii) If hoisted from bottom fittings, the hoisting connections shall bear on the fittings only, making no other contact with the container. The angles of the four bridle legs shall not be less than thirty degrees to the horizontal in the case of forty foot (12.2 m) containers, thirty-seven degrees in the case of thirty foot (9.1 m) containers, or forty-five degrees in the case of twenty foot (6.1 m) containers.
- (iii) Lifting containers by fork lift trucks or by grappling arms from above or from one side may be done only if the container is designed for this type of handling.
- (b) Other means of hoisting may be used only if the containers and hoisting means are designed for such use.
- (c)(i) When using intermodal container spreaders that employ lanyards for activation of load-disengagement, all possible precautions shall be taken to prevent accidental release of the load.
- (ii) Intermodal container spreader twistlock systems shall be designed and used so that a suspended load cannot accidentally be released.
- (d) Flat bed trucks or container chassis used to move intermodal containers shall be equipped with pins, flanges, or other means to prevent the container from shifting.
- (e) Flat bed, low boy trailers (mafis) and other similar equipment used to transport containers shall be marked with their cargo capacities and shall not be overloaded.
- (f) Each tractor shall have all brake air lines connected when pulling trailers equipped with air brakes and shall have the brakes tested before commencing operations.

- (7)(a) Intermodal containers shall be inspected for defects in structural members or fittings before handling.
- (b) Any intermodal container found to be unsafe shall be identified as such, promptly removed from service and repaired before being returned to service.
- (8) Containers shall not be hoisted unless all engaged chassis twist locks are released.

### AMENDATORY SECTION (Amending Order 86-02, filed 1/17/86)

- WAC 296-56-60113 Foot protection. (1) The employer shall ((direct that employees exposed to impact, falling objects, or puncture hazards wear safety shoes, or equivalent protection)) ensure that each affected employee wears protective footwear when working in areas where there is a danger of foot injuries due to falling or rolling objects or objects piercing the sole.
- (2) Protective shoes shall bear identifying marks or labels indicating compliance with the manufacturing provisions of American National Standard for Men's Safety Toe Footwear, ANSI Z41.1-((1983)) 1991.
- (3) The employer shall, through means such as vendors or local stores, make safety shoes readily available to all employees.

### AMENDATORY SECTION (Amending Order 92-06, filed 10/30/92, effective 12/8/92)

## WAC 296-56-60115 Other protective measures. (1) Protective clothing.

- (a) Employees performing work that requires special protective clothing shall be directed by the employer to wear the necessary special protective clothing.
- (b) When necessary, protective clothing previously worn shall be cleaned and disinfected before reissuance.
  - (2) Personal ((floatation)) flotation devices.
- (a) The employer shall provide, and shall direct the wearing of personal ((floatation)) flotation devices for those employees, such as line handlers, who are engaged in work in which they may fall into the water:
  - (i) When such employees are working in isolation: or
- (ii) Where physical limitations of available working space creates a hazard of falling into the water; or
- (iii) Where the work area is obstructed by cargo or other obstacles so as to prevent employees from obtaining safe footing for their work.
- (b) Employees working on, over or along water, where the danger of drowning exists, shall be provided with and shall wear approved personal flotation devices.
- (i) Employees are not considered exposed to the danger of drowning when:
- (A) The water depth is known to be less than chest deep on the exposed individual;
- (B) Working behind standard height and strength guardrails;
- (C) Working inside operating cabs or stations which eliminate the possibility of accidental falling into the water;
- (D) Wearing approved safety belts with lifeline attached so as to preclude the possibility of falling into the water.

- (ii) Prior to and after each use, personal ((floatation)) flotation devices shall be inspected for defects which would reduce their designed effectiveness. Defective personal ((floatation)) flotation devices shall not be used.
- (iii) To meet the requirement of (b) of this subsection, a personal ((floatation)) flotation device shall be approved by the United States Coast Guard as a Type I PFD, Type II PFD, Type III PFD, or Type V PFD, or equivalent, pursuant to 46 CFR 160 (Coast Guard Lifesaving Equipment Specifications) and 33 CFR 175.23 (Coast Guard Table of Devices Equivalent to Personal ((floatation)) flotation Devices). Ski belt or inflatable type personal ((floatation)) flotation devices are specifically prohibited.
  - (c) Life rings.
- (i) Along docks, walkways or other fixed installations on or adjacent to open water more than five feet deep, approved life rings with line attached shall be provided. The life rings shall be spaced at intervals not to exceed two hundred feet and shall be kept in easily visible and readily accessible locations.
- (ii) When employees are assigned work at other casual locations where exposure to drowning exists, at least one approved life ring with line attached shall be provided in the immediate vicinity of the work.
- (iii) Work assigned over water where the vertical drop from an accidental fall exceeds fifty feet, is subject to specific procedures approved by the department.
- (iv) Lines attached to life rings shall be at least ninety feet in length, at least one-quarter inch in diameter and have a minimum breaking strength of five hundred pounds.
- (v) Life rings must be United States Coast Guard approved thirty inch size.
- (vi) Life rings and attached lines must be maintained to retain at least seventy-five percent of their designed buoyancy and strength.
- (3) Emergency facilities. When employees are exposed to hazardous substances which may require emergency bathing, eye washing or other facilities, the employer shall provide such facilities and maintain them in good working order.
- (4) Employers shall instruct employees to report every injury, regardless of severity, to the employer.
- (5) Stretchers permanently equipped with bridles for hoisting shall be readily accessible. A blanket or other suitable covering shall be available.
- (6) Telephone or equivalent means of communication shall be readily available.
- (7) Employees working on any bridge or structure leading to a detached vessel berthing installation shall wear United States Coast Guard approved personal flotation devices except where protected by railings, nets, or safety belts and lifelines.
- (8) Life ladders. On all docks there shall be substantial built-in-place ladders, spaced at intervals not to exceed four hundred feet, to reach the lowest water use. When portable ladders are to be used, ladders may be bolted to the bullrail or dock structure, or ladders can be secured to an embedded eye bolt in a concrete dock surface. The immediate area where such ladders or fastenings are located shall be painted with a bright color or of a color which contrasts with the surrounding area. There shall be a ladder at each end of the dock.

AMENDATORY SECTION (Amending Order 92-06, filed 10/30/92, effective 12/8/92)

## WAC 296-56-60123 Guarding of edges. (1) Vehicle protection.

- (a) Vehicle curbs, bull rails, or other effective barriers at least six inches (((13.74)) 15.24 cm) in height and six inches in width, shall be provided at the waterside edges of aprons and bulkheads, except where vehicles are prohibited. Curbs or bull rails installed after January 1, 1985, shall be at least ten inches (22.9 cm) in height.
- (b) The provisions of (a) of this subsection also apply at the edge of any fixed level above the common floor area from which vehicles may fall, except at loading docks, platforms and skids where cargo is moved by vehicles.
  - (2) Employee protection.
- (a) Guardrails shall be provided at locations where employees are exposed to falls of more than four feet from floor or wall openings or waterside edges, including bridges or gangway-like structures leading to pilings, vessel mooring or berthing installations.
  - (b) Guardrails are not required:
  - (i) At loading platforms and docks;
- (ii) At waterside edges used for cargo or mooring line handling;
- (iii) On the working sides of work platforms, skids, or similar workplaces which abut the work area; or
- (iv) On railroad rolling stock, highway vehicles, intermodal containers, or similar equipment.
- (c) Where guardrails are impractical due to machinery requirements or work processes, an alternate means of fall protection, such as nets, shall be used.
- (3) Criteria for guardrails. Guardrails shall meet the following criteria:
- (a) They shall be capable of withstanding a force of at least two hundred pounds (890 N) applied in any direction at mid-span of the top rail (when used), or at the uppermost point if there is no guard rail.
- (b) If not of solid baluster, grillwork, slatted, or similar construction, guardrails shall consist of top rails and midrails. Midrails, when used, shall be positioned at approximately half the height of the top rail.
- (c) The top surface of guardrails installed before October 3, 1983, shall be at least thirty-six inches (.091 m) high. Those installed after October 3, 1983, shall be forty-two inches (1.07 m) high, plus or minus two inches (5.1 cm), high.
- (d) Any nonrigid railing such as chain or wire rope shall have a maximum sag, at the mid-point between posts, of not more than six inches (15.2 cm).
- (e) Top rails shall be free of sharp edges and maintained in good repair.
- (f) Rail ends shall not overhang. This does not prohibit scrollwork, boxed ends or similar nonhazardous projections.
- (4) Toeboards. Toeboards shall be provided when employees below could be exposed to falling objects such as tools. Toeboards shall be at least three and one-half inches (8.9 cm) in height from top edge to floor level, and be capable of withstanding a force of fifty pounds (220 N) applied in any

direction. Drainage clearance not in excess of one-eighth inch under toeboards is permitted.

- (5) Stair railings. Stair railings shall be capable of withstanding a force of at least two hundred pounds (890 N) applied in any direction, and shall not be more than thirty-six inches (0.9 m) nor less than thirty-two inches (0.8 m) in height from the upper top rail surface to the tread surface in line with the leading edge of the tread. Railings and midrails shall be provided at any stairway having four or more risers, as follows:
- (a) For stairways less than forty-four inches (1.12 m) wide, at least one railing; and
- (b) For stairways more than forty-four inches (1.12 m) but less than eighty-eight inches (2.24 m) wide, a stair rail or handrail on each side, and if eighty-eight or more inches wide, an additional intermediate handrail.
- (6) Condition. Railings shall be maintained free of sharp edges and in good repair.

## AMENDATORY SECTION (Amending Order 86-02, filed 1/17/86)

WAC 296-56-60211 Portable ladders. (1) Scope and applicability. This section applies to all portable ladders, including job-made ladders for temporary use, unless otherwise specified.

- (2) Standards for existing manufactured portable ladders.
- (a) Rungs of manufactured portable ladders obtained before October 3, 1983, shall be capable of supporting a two hundred pound (((896)) 890 N) load without deformation.
- (b) Rungs shall be evenly spaced from nine to sixteen and one-half inches (22.9 to 41.9 cm), center to center.
- (c) Rungs shall be continuous members between rails. Each rung of a double-rung ladder (two side rails and a center rail) shall extend the full width of the ladder.
- (d) Width between side rails at the base of the ladder shall be at least twelve inches (30 cm) for ladders ten feet (3.05 m) or less in overall length, and shall increase at least one-fourth inch (0.6 cm) for each additional two feet (0.61 m) of ladder length.
- (3) Standards for manufactured portable ladders. Manufactured portable ladders obtained after October 3, 1983, shall bear identification indicating that they meet the appropriate ladder construction requirements of the following standards:

ANSI A14.1-((1981)) 1990 Safety Requirements for Portable Wood Ladders

ANSI A14.2-((1982)) 1990 Safety Requirements for Portable Metal Ladders

ANSI A14.5-((1981)) 1992 Safety Requirements for Portable Reinforced Plastic Ladders

- (4) Standards for job-made portable ladders. Job-made ladders shall:
- (a) Have a minimum and uniform distance between rungs of twelve inches (30 cm), center to center;
- (b) Be capable of supporting a two hundred fifty pound ((( $\frac{1100}{1}$ ))  $\frac{1112}{1}$  N) load without deformation; and
- (c) Have a minimum width between side rails of twelve inches (30 cm) for ladders ten feet (3.05 m) in height. Width

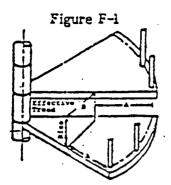

between rails shall increase at least one-fourth inch (0.6 cm) for each additional two feet (0.61 m) of ladder length.

- (5) Maintenance and inspection.
- (a) The employer shall maintain portable ladders in safe condition. Ladders with the following defects shall not be used and either shall be tagged as unusable if kept on the premises or shall be removed from the worksite:
  - (i) Broken, split or missing rungs, cleats, or steps;
  - (ii) Broken or split side rails;
  - (iii) Missing or loose bolts, rivets, or fastenings;
  - (iv) Defective ropes; or
  - (v) Any other structural defect.
- (b) Ladders shall be inspected for defects prior to each day's use, and after any occurrence, such as a fall, which could damage the ladder.
  - (6) Ladder usage.
- (a) Ladders made by fastening rungs or devices across a single rail are prohibited.
  - (b) Ladders shall not be used:
  - (i) As guys, braces, or skids; or
  - (ii) As platforms, runways, or scaffolds.
- (c) Metal and wire-reinforced ladders with wooden side rails shall not be used when employees on the ladder might come into contact with energized electrical conductors.
- (d) Individual sections from different multisectional ladders or two or more single straight ladders shall not be tied or fastened together to achieve additional length.
- (e) Except for combination ladders, self-supporting ladders shall not be used as single straight ladders.
- (f) Unless intended for cantilever operation, nonself-supporting ladders shall not be used to climb above the top support point.
- (g) Ladders shall extend at least thirty-six inches (0.91 m) above the upper support level if employees are to leave or mount the ladder at that level, except that where such extension is impractical other equivalent means such as grab bars may be used to provide a hand grip.
- (h) Ladders shall be securely positioned on a level and firm base.
- (i) Ladders shall be fitted with slip-resistant bases and secured at top or bottom to prevent the ladder from slipping.
- (j) Ladders shall be placed so that employees climbing are not exposed to injury from projecting objects or doors that open toward the ladder.

### AMENDATORY SECTION (Amending Order 86-02, filed 1/17/86)

- WAC 296-56-60217 Spiral stairways. (1) Definition. "Spiral stairway" means one with closed circular form, uniform sector-shaped treads and a supporting column.
- (2) Requirements. Spiral stairways shall meet the following requirements:
- (a) Stairways shall conform to the minimum dimensions of Figure F-1;

[ 45 ] Permanent

Spiral Stairway—Minimum Dimensions

	A (Half-tread width)	В
Normal use by employees Limited access	11 inches (27.9 cm) 9 inches (22.9 cm)	6 inches (15.2 cm) 5 inches (12.7 cm)

- (b) Stairway risers shall be uniform and shall range from six and one-half to ten and one-half inches (16.5 to 26.7 cm) in height;
- (c) Minimum loading capability shall be one hundred pounds per square foot (((448)) 445 N), and minimum tread center concentrated loading shall be three hundred pounds (((1344)) 1334 N);
- (d) Railing shall conform to the requirements of WAC 296-56-60123(3). If balusters are used, there shall be a minimum of one per tread. Handrails shall be a minimum of one and one-fourth inches (3.3 cm) in outside diameter; and
- (e) Vertical clearance shall be at least six feet, six inches (1.98 m) above the top step.
- (3) Maintenance. Spiral stairways shall be maintained in safe condition.

### **REPEALER**

The following sections of the Washington Administrative Code are repealed:

WAC 296-56-60059	First-aid and lifesaving facilities.
WAC 296-56-60060	First-aid training and certification.
WAC 296-56-60062	First-aid kit.
WAC 296-56-60065	First-aid station.
WAC 296-56-60067	First-aid room.

Personnel

# WSR 99-02-030 PERMANENT RULES DEPARTMENT OF REVENUE

[Filed December 30, 1998, 3:02 p.m., effective January 1, 1999]

Date of Adoption: December 30, 1998.

Purpose: WAC 458-40-540 contains the forest land values for 1999. County assessors use these published land values for property tax assessments made January 1, 1999. A statutory formula adjusts values annually and requires adoption by the beginning of January each year.

Citation of Existing Rules Affected by this Order: Amending WAC 458-40-540.

Statutory Authority for Adoption: RCW 82.32.300 and 84.33.096.

Other Authority: RCW 84.33.120.

Adopted under notice filed as WSR 98-22-036 on October 29, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 1, Repealed 0.

Other Findings Required by Other Provisions of Law as Precondition to Adoption or Effectiveness of Rule: The forest land value rule is required by statute (RCW 84.33.120) to be effective on January 1st of each year.

Effective Date of Rule: January 1, 1999.

December 30, 1998
Russell W. Brubaker
Assistant Director
Legislation and Policy Division

AMENDATORY SECTION (Amending WSR 98-02-014, filed 12/30/97, effective 1/1/98)

WAC 458-40-540 Forest land values—((1998)) 1999. The forest land values, per acre, for each grade of forest land for the ((1998)) 1999 assessment year are determined to be as follows:

Permanent [46]

		(( <del>1998</del> ))
		<u>1999</u>
LAND	<b>OPER ABILITY</b>	VALUES
GRADE	CLASS	ROUNDED
	1	(( <del>\$245</del> )) <u>\$251</u>
1	2	(( <del>238</del> )) <u>244</u>
	3	(( <del>227</del> )) <u>232</u>
	4	(( <del>164</del> )) <u>168</u>
	1	(( <del>207</del> )) <u>212</u>

# WSR 99-02-032 PERMANENT RULES DEPARTMENT OF REVENUE

[Filed December 30, 1998, 3:08 p.m., effective January 1, 1999]

Date of Adoption: December 30, 1998.

Purpose: WAC 458-40-660 contains the stumpage values for the first half of 1999. Harvesters of timber use these values to calculate the timber excise tax.

Citation of Existing Rules Affected by this Order: Amending WAC 458-40-660.

Statutory Authority for Adoption: RCW 82.32.300 and 84.33.096.

Other Authority: RCW 84.33.091.

Adopted under notice filed as WSR 98-22-038 on October 29, 1998.

Changes Other than Editing from Proposed to Adopted Version: The values for True Firs were decreased from \$23 MBF to \$20 MBF in Tables 7 and 8. These values were revised based upon valuation data submitted by interested industry members for those valuation areas in Eastern Washington.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 1, Repealed 0.

Other Findings Required by Other Provisions of Law as Precondition to Adoption or Effectiveness of Rule: The stumpage value rule is required by statute (RCW 84.33.091) to be effective on January 1, 1999.

Effective Date of Rule: January 1, 1999.

December 30, 1998 Russell W. Brubaker Assistant Director Legislation and Policy Division

AMENDATORY SECTION (Amending WSR 98-14-083, filed 6/30/98, effective 7/1/98)

WAC 458-40-660 Timber excise tax—Stumpage value tables—Stumpage value adjustments. (1) Introduction. This section sets forth the stumpage value tables and the stumpage value adjustments that are used to calculate the amount of timber excise tax owed by a timber harvester.

(2) Stumpage value tables. The following stumpage value tables are hereby adopted for use in reporting the taxable value of stumpage harvested during the period ((July)) January 1 through ((December 31, 1998)) June 30, 1999:

- <sup>+</sup> Log-scale conversions Western and Eastern Washington: See conversion mothods WAC 458 40 684 and 458 40 686.
- <sup>2</sup> Includes-Alaska-Codar.
- <sup>3</sup> Includes Western Hemlock, Mountain Homlock, Pacific Silver Fir, Moble Fir, Grand Fir, and Subalpine Fir. Pacific Silver Fir, Moble Fir, Grand Fir, and Subalpine Fir. are all commonly referred to as White Grand Fir, and Subalpine Fir are all commonly referred to as White Err.
- Stumpage value per 8 lineal feet or portion thereof.
- 5 Stumpage value per lineal foot.

- <sup>5</sup> Stumpage value per 8 lineal feet or portion thereof.
- <sup>6</sup> Stumpage value per lineal foot.
- (3) Harvest value adjustments. Harvest value adjustments relating to the various logging and harvest conditions shall be allowed against the stumpage values as set forth in subsection (2) of this section for the designated stumpage value areas. See WAC 458-40-670 for more information about these adjustments.

The following harvest adjustment tables are hereby adopted for use during the period of ((July)) January 1 through ((December 31, 1998)) June 30, 1999:

# TABLE 9—Harvest Adjustment Table Stumpage Value Areas 1, 2, 3, 4, 5, and 10 ((July)) January 1 through ((December 31, 1998)) June 30, 1999

Type of Adjustment	Definition	Dollar Adjustment Per Thousand Board Feet Net Scribner Scale
I. Volume per	acre	
Class 1	Harvest of more than 40 thousand board feet per acre.	\$0.00
Class 2	Harvest of 20 thousand board feet to 40 thousand board feet per acre.	- \$4.00
Class 3	Harvest of 10 thousand board feet to but not including 20 thousand board feet per acre.	- \$7.00
Class 4	Harvest of 5 thousand board feet to but not including 10 thousand board feet per acre.	- \$9.00
Class 5	Harvest of less than 5 thousand board feet per acre.	- \$10.00

II. Logging conditions

Class 2 Most of the harvest unit has slopes between 30% and 60%. Some rock outcrops or swamp barriers.  Class 3 Most of the harvest unit has rough, broken ground with slopes over 60%. Numerous rock outcrops and bluffs.  - \$25.00  Class 4 For logs that are yarded from stump to landing by helicopter. This does not include special forest products.  Note: A Class 2 adjustment may be used for slopes less than 30% when cable logging is required by a duly promulgated forest practice regulation. Written documentation of this requirement must be provided by the taxpayer to the department.  III. Remote island adjustment:  For timber harvested from a remote island  - \$50.00  IV. Thinning (see WAC 458-40-610(21))  Class 1 Average log volume of 50 board feet or more.  - \$25.00		crops or swamp barriers.	\$ 0.00
broken ground with slopes over 60%. Numerous rock outcrops and bluffs.  - \$25.00  Class 4 For logs that are yarded from stump to landing by helicopter. For logs that are yarded from stump Class 4

to landing by helicopter. This does not include special forest products.

- \$145.00

Note: A Class 2 adjustment may be used for slopes less than 40% when cable logging is required by a duly promulgated forest practice regulation. Written documentation of this requirement must be provided by the taxpayer to the department.

### III. Remote island adjustment:

For timber harvested from a remote island

- \$50.00

#### TABLE 11-Domestic Market Adjustment

**Public Timber** 

Harvest of timber not sold by a competitive bidding process that is prohibited under the authority of state or federal law from foreign export may be eligible for the domestic market adjustment. The adjustment may be applied only to those species of timber that must be processed domestically. According to type of sale, the adjustment may be applied to the following species:

Federal Timber Sales: All species except Alaska Yellow Cedar. (Stat. Ref. - 36 CFR 223.10)

State, and Other Nonfederal, Public Timber Sales: Western Red Cedar only. (Stat. Ref. - 50 USC appendix 2406.1)

### Private Timber

Harvest of private timber that is legally restricted from foreign export, under the authority of The Forest Resources Conservation and Shortage Relief Act (Public Law 101-382), (16 U.S.C. Sec. 620 et seq.); the Export Administration Act of 1979 (50 U.S.C. App. 2406(i)); a Cooperative Sustained Yield Unit Agreement made pursuant to the Act of March 29, 1944, (16 U.S.C. Sec. 583-583i); or Washington Administrative Code (WAC 240-15-015(2)) is also eligible for the Domestic Market Adjustment.

The adjustment amounts shall be as follows:

Class 1:

SVA's 1 through 6, and 10

\$0.00 per MBF

Class 2:

SVA 7

\$0.00 per MBF

Note: The adjustment will not be allowed on special forest products.

### WSR 99-02-035 PERMANENT RULES DEPARTMENT OF AGRICULTURE

[Filed December 30, 1998, 3:40 p.m.]

Date of Adoption: December 30, 1998.

Purpose: These rules are enacted to (1) define new terms necessary to carry out the 1998 amendments to chapter 15.54 RCW; (2) list the information which must accompany a registration application; (3) establish the sample preparation and

total metals analysis methods which must be used for submitting metals information with a commercial fertilizer registration application; (4) publish a reference table setting forth the Washington standards for metals in pounds per acre per year; (5) describe how the department will determine whether a commercial fertilizer meets the Washington standards for metals; and (6) clarify unlawful acts under chapter 15.54 RCW. To do so these rules add four new sections to chapter 16-200 WAC and amend three sections of chapter 16-200 WAC.

Citation of Existing Rules Affected by this Order: Chapter 16-200 WAC, Feeds, fertilizers and livestock remedies; amending WAC 16-200-695, 16-200-705, and 16-200-708.

Statutory Authority for Adoption: Chapter 15.54 RCW. Adopted under notice filed as WSR 98-19-128 on September 23, 1998; WSR 98-23-096 on November 18, 1998; and WSR 99-01-048 on December 10, 1998.

Changes Other than Editing from Proposed to Adopted Version: Based on information received during the public comment period the department added the definition of organic waste-derived material, to match what is already in existing statute and added the appropriate sample preparation method for mercury that is associated with the atomic absorption analysis method for mercury listed in WAC 16-200-7062.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 4, Amended 3, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 4, Amended 3, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

December 30, 1998 James M. Jesernig Director

AMENDATORY SECTION (Amending Order 2066, filed 12/7/90, effective 1/7/91)

WAC 16-200-695 Definitions. The definitions set forth in this section shall apply throughout this chapter unless context otherwise requires:

- (1) "Organic" means a material containing carbon and one or more elements (other than hydrogen and oxygen) essential for plant growth. When the term "organic" is utilized in the label or labeling of any commercial fertilizer, it shall be qualified as either "synthetic organic" or "natural organic," with the percentage of each specified.
- (2) "Natural organic" means a material derived from either plant or animal products containing carbon and one or

more elements (other than hydrogen and oxygen) essential for plant growth.

- (3) "Synthetic organic" means a material that is manufactured chemically (by synthesis) from its elements and other chemicals, containing carbon and one or more elements (other than hydrogen and oxygen) essential for plant growth.
  - (4) "Unit" means one percent (by weight) of a ton.
- (5) "AOAC" means the association of official analytical chemists.
- (6) "Commercial fertilizer" means ((any)) a substance containing one or more recognized plant nutrients and ((which)) that is used for its plant nutrient content ((and/)) or ((which)) that is designated for use or claimed to have value in promoting plant growth, and shall include limes, gypsum, and manipulated animal and vegetable manures. It ((shall)) does not include unmanipulated animal and vegetable manures, organic waste-derived material, and other products exempted by the department by rule((s)).
- (7) "Fertigation" means a method of applying commercial fertilizers with irrigation water to fertilize land or plants.
- (8) "Fertilizer component" means a commercial fertilizer ingredient containing one or more recognized plant nutrients which is incorporated in the commercial fertilizer for its plant nutrient value.
- (9) "Maximum acceptable cumulative metals additions to soil" means the amount of total metals that can be added to soil over a forty-five-year period of time without exceeding the Canadian standards which have been adopted in RCW 15.54.800(3) as Washington standards for metals.
- (10) "Organic waste-derived material" means grass clippings, leaves, weeds, bark, plantings, prunings, and other vegetative wastes, uncontaminated wood waste from logging and milling operations, food wastes, food processing wastes, and materials derived from these wastes through composting. "Organic waste-derived material" does not include products that include biosolids.

AMENDATORY SECTION (Amending Order 2066, filed 12/7/90, effective 1/7/91)

WAC 16-200-705 Purpose. The following sections concerning the protection of ground water, labeling requirements and examination of fertilizer minerals and limes (WAC 16-200-708 through 16-200-742) are established in

this chapter under the authority of the Commercial Fertilizer Act, chapter 15.54 RCW.

This chapter also describes the requirements for registration of commercial fertilizers, including the information which must be submitted as part of the registration application, the analysis methods which must be used, the maximum use rates the department will use to determine whether a commercial fertilizer may be registered, the Washington standards for metals (in pounds per acre per year), and the acts which are unlawful under this chapter.

### **NEW SECTION**

WAC 16-200-7061 What information must I include with my registration application concerning total metals? (1) You are required to submit the following metals information with your registration application:

- (a) Total concentration of each metal in each commercial fertilizer reported in parts per million (PPM) which is equivalent to milligrams of metal per kilogram of fertilizer (mg/kg), or micrograms per gram:
- (b) Copy of the laboratory report on total metals analysis;
  - (c) Method of analysis;
  - (d) Method of sample preparation; and
  - (e) Minimum detection limits for each method used.
- (2) The department may request quality assurance and quality control documentation for analytical procedures and/or for the laboratory which performed the analyses.
- (3) The analytical data and maximum application rate will be used to determine if a commercial fertilizer meets or exceeds the Washington standards for metals.

### **NEW SECTION**

WAC 16-200-7062 What method must I use to analyze the total metals contained in my commercial fertilizer? (1) You must prepare your sample of commercial fertilizer using U.S. Environmental Protection Agency ("EPA") sample preparation method 3050B (except when preparing a sample for analysis of mercury\*). You must analyze your commercial fertilizer for the total concentration of each of the following nine metals in each commercial fertilizer using one or more of the EPA analysis methods listed in Table 1. All methods are described in EPA's SW-846, Third Edition.

Table 1. Acceptable Sample Preparation and Analysis Methods for Total Metals

Metal	Inductively Coupled Plasma (ICP)	Atomic Absorption	Inductively Coupled Plasma Mass Spectroscopy (ICP/MS)
Arsenic (As)	6010, 6010A, 6010B	7060A, 7061A	6020
Cadmium (Cd)	6010, 6010A, 6010B	7131A	6020
Cobalt (Co)	6010, 6010A, 6010B	7201	6020
Lead (Pb)	6010, 6010A, 6010B	7420, 7421	6020
Molybdenum (Mo)	6010, 6010A, 6010B	7480	6020
Nickel (Ni)	6010, 6010A, 6010B	7520, 7521	6020
Selenium (Se)	6010, 6010A, 6010B	7740, 7741A	6020

Zinc (Zn)	6010, 6010A, 6010B	7951	6020
Mercury (Hg)		7470A*, 7471A*	
Sample Preparation	3050B	3050B	3050B

Copies of SW-846 Third Edition and all associated updates are available from: The Government Printing Office, Superintendent of Documents, Washington, DC 20402, (202) 512-1800, and from the Department of Commerce, National Technical Information Center, 5285 Port Royal Road, Springfield, VA 22161, (703) 487-4650 or 800-553-NTIS.

- \*Since sample preparation method 3050B cannot provide for an analysis of mercury, when you prepare a sample for analysis of mercury you must use the sample preparation method established for analysis method 7470A when using method 7470A to analyze your sample and the sample preparation method established for analysis method 7471A when using method 7471A to analyze your product.
- (2) Other sample preparation and analysis methods for total concentration of each metal in each commercial fertilizer may be used only under the following conditions:
- (a) You must submit a request to the department, in writing, detailing the sample preparation and analysis methods, minimum detection limits and quality assurance, quality con-

trol documentation and a side-by-side comparison of the analysis results from the alternative method to one of the approved methods' analysis results of the same material; and

- (b) The department, after reviewing the request, may approve the sample preparation or analysis method only if the capability of the method meets or exceeds the sensitivity and accuracy of the applicable method listed in the Table 1.
- (3) Any commercial fertilizer product registered prior to the enactment of these provisions using any sample preparation or analysis method not authorized by subsection (1) or (2) must be registered in accordance with subsection (1) or (2) in the next annual commercial fertilizer registration cycle.

### **NEW SECTION**

WAC 16-200-7063 How will the department determine whether a commercial fertilizer meets Washington standards for metals? (1) To determine whether a commercial fertilizer meets Washington standards for metals, the department will use the following formula:

## Pounds of product applied per acre per year X metal content of product (ppm) 1,000,000

The number used for pounds of product applied per acre per year will be the maximum application rate allowed by the commercial fertilizer label. If specific label directions for use are not available, the department will use the Washington application rates listed in subsection (2) of this section, divided by four.

(2) Using normal agronomic rates that are representative of soil, crop rotation, and climatic conditions in Washington state, the department developed the following Washington application rates:

Nutrient	4 Yr. Cumulative Total (lbs/acre)	
Nitrogen (N)	1600	
Phosphorous (as P2O5)	700	
Potassium (as K2O)	1600	
Boron (B)	12	
Calcium (Ca)	800	
Chlorine (Cl)	300	
Copper (Cu)	10	
Iron (Fe)	80	
Magnesium (Mg)	400	
Manganese (Mn)	40	
Molybdenum (Mo)	4	
Sulfur (S)	400	
Zinc (Zn)	30	

Lime (CaCO3 equivalent)	20,000
Gypsum (CaSO4)	16,000

(3) To ensure that the maximum acceptable cumulative metals additions to soil are not exceeded, the department will assume the commercial fertilizer will be applied at the maximum rate as stated on the label or established in this rule.

### **NEW SECTION**

WAC 16-200-7064 What are the Washington standards for metals? (1) The standards for metals in Washington are the maximum acceptable annual metals additions to soils adopted in RCW 15.54.800 and are presented in Table 2. Because the Canadian standards contained in the Canadian Trade Memorandum T-4-93 dated August 1996 are based on long-term (forty-five-year) cumulative metals additions to soils, the maximum acceptable annual metals additions to soils are determined by dividing the Canadian standards by forty-five. The Washington standards are expressed as pounds per acre per year.

Table 2. Washington Standards For Metals.

Metals	Lbs./acre/yr.		
Arsenic (As)	.297		
Cadmium (Cd)	.079		
Cobalt (Co)	.594		

[61] Permanent

Mercury (Hg)	.019
Molybdenum (Mo)	.079
Nickel (Ni)	.713
Lead (Pb)	1.981
Selenium (Se)	.055
Zinc (Zn)	7.329

- (2) To be registered with the department and distributed in Washington, a commercial fertilizer must not exceed the above standards. Because cobalt (Co), molybdenum (Mo), and zinc (Zn) are also plant nutrients, higher concentrations than those presented in the table may be permitted. Commercial fertilizers which contain cobalt (Co), molybdenum (Mo), and/or zinc (Zn) concentrations may be registered and distributed in Washington if those metals are used as plant nutrients and those metals meet all applicable minimum guarantees and labeling requirements of chapter 15.54 RCW and the rules adopted thereunder.
- (3) If a commercial fertilizer contains cobalt (Co), molybdenum (Mo), or zinc (Zn) and any one or more of those metals are not intended to be used as a plant nutrient, then the nonplant nutrient metals must meet the Standards shown in Table 2.

AMENDATORY SECTION (Amending Order 2066, filed 12/7/90, effective 1/7/91)

WAC 16-200-708 Unlawful acts. (1) It shall be unlawful for any person to refuse or neglect to comply with the provisions of the applicable sections of chapter 15.54 RCW, the rules adopted thereunder, or any lawful order of the department.

- (2) It is unlawful to distribute a commercial fertilizer in Washington that exceeds the standards for nonnutritive substances established in RCW 15.54.800(3). The department will determine if a commercial fertilizer exceeds the standards by using the maximum application rates and by either:
- (a) Comparing data submitted by the registrant to the standards established in WAC 16-200-7064; or
- (b) Comparing the results of the analysis of an official sample to the standards established in WAC 16-200-7064. Official samples will be analyzed by the methods set forth in these rules.

# WSR 99-02-036 PERMANENT RULES UTILITIES AND TRANSPORTATION COMMISSION

[Docket No. TO-980905, General Order No. R-456—Filed December 30, 1998, 4:41 p.m.]

In the matter of amending WAC 480-75-005 and adopting WAC 480-75-223, relating to hazardous liquid pipeline safety.

STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 98-23-027 filed with the code reviser

on November 10, 1998. The commission brings this proceeding pursuant to RCW 80.01.040.

STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 34.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

DATE OF ADOPTION: The commission adopted this rule on December 23, 1998.

CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: The proposal is undertaken so that Washington state will comply with federal requirements to retain certification under the Pipeline Safety Law, 49 U.S.C. Section 60101, et seq., and to participate in the federal pipeline safety program. The proposal will adopt, by reference, the federal hazardous liquids pipeline safety standards (49 CFR Part 195) and the drug and alcohol testing regulations (49 CFR Part 199) to conform state regulation of intrastate hazardous liquids pipeline companies with existing federal regulations. Furthermore, it will require that the commission establish civil penalties at levels not to exceed the penalties specified in the Federal Pipeline Safety Law.

REFERENCE TO AFFECTED RULES: This rule repeals, amends, suspends, or adopts the following sections of the Washington Administrative Code: Amends WAC 480-75-005 Compliance with federal standards, and adopts WAC 480-75-223 Civil penalty for violation of chapter 81.88 RCW or regulations issued thereunder—Maximum amount.

PREPROPOSAL STATEMENT OF INQUIRY AND ACTIONS THEREUNDER: The commission filed a preproposal statement of inquiry (CR-101) on July 16, 1998, at WSR 98-15-092.

ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PRE-PROPOSAL STATEMENT: The notice advised interested persons that the commission was considering entering a rule making on the adoption of federal (hazardous liquids pipeline safety) rules by reference with added statute provisions to bring state rules into conformity with existing federal rules. The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3) and by sending notice to all persons and entities that commission staff identified as having a potential interest.

NOTICE OF PROPOSED RULE MAKING: The commission filed a notice of proposed rule making (CR-102) on November 10, 1998, at WSR 98-23-027. The commission scheduled this matter for oral comment and adoption under Notice No. WSR 98-23-027 at 9:30 a.m., Wednesday, December 23, 1998, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice provided interested persons the opportunity to submit written comments to the commission until December 11, 1998.

COMMENTS: The Federal Office of Pipeline Safety, Western Region, provided written comments supporting the rule making proposed by the commission. In addition, the Energy Facility Site Evaluation Council provided written comments supporting this proposed rule making. Ms. Claudia M. Newman with the law firm of Bricklin and Gendler,

LLP, representing the Cascade Columbia Alliance, provided a written response agreeing that the commission should increase the maximum level of penalties that may be assessed for hazardous liquid pipeline safety violations to the comparable federal level and should adopt existing federal amendments since the last adoption. Ms. Newman, however, encouraged the commission to adopt regulations that go beyond the requirements set forth in the federal law. Staff provided a written response to the suggested regulations and emphasized that the commission was advocating the adoption of existing federal regulations only at this time. Staff stressed that pursuant to Governor Locke's regulatory improvement executive order, the commission has implemented a schedule to review each of the commission's rules. Chapter 480-75 WAC has been placed on that schedule for review and clarification in 2000 and staff will welcome the opportunity to discuss additional, more stringent regulations in that forum. Ms. Newman voiced no opposition to that response.

Ms. Susan Harper, Executive Director of the Cascade Columbia Alliance, telephoned staff questioning the correlation between the legislative action that occurred last February and March and the rule-making process that is now occurring. Staff responded that the commission last February was seeking legislative authority to amend the appropriate sections in chapter 81.88 RCW and now the commission is proposing the amendment of chapter 480-75 WAC pursuant to the amendments authorized in chapter 81.88 RCW. Ms. Harper accepted that explanation. Ms. Harper, however, did voice concern pertaining to the language change proposed in WAC 480-75-005. Staff faxed documentation pertaining to the appropriate RCW and WAC chapters and provided a written response to that concern. Staff explained that the change from "Operators of pipeline facilities" to "Hazardous liquid pipeline companies" in WAC 480-75-005 was implemented to maintain consistency with the language in RCW 81.88.040. Staff has telephoned Ms. Harper on several occasions to ascertain if the explanation was sufficient to address her concerns. At this time, staff has received no response from Ms. Harper.

RULE-MAKING HEARING: The amended rule and the proposed rule was considered for adoption, pursuant to the notice, at the commission's regularly scheduled open public meeting on December 23, 1998, before Chair Anne Levinson, Commissioner Richard Hemstad, and Commissioner William R. Gillis. The commission heard oral comments from Steve Rieger, representing commission staff. No other interested persons made oral comment.

COMMISSION ACTION: After considering all of the information regarding this proposal, the commission adopted the proposed rule amendment, without changes from the text noticed at WSR 98-23-027. The adoption of these rules will extend existing federal/state gas pipeline safety cooperation to hazardous liquids pipeline safety and will provide coordinated local/state standards to promote continued safe operations of pipelines within the state of Washington. The existence of common standards offers benefits to the public, to regulatory agencies, and to the regulated industry.

STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE: In reviewing the entire record, the commission determines that WAC 480-75-005 and 480-75-223 should be

adopted to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the code reviser.

#### **ORDER**

THE COMMISSION ORDERS:

- 1. WAC 480-75-005 and 480-75-223 are adopted to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, to take effect on the thirty-first day after the date of its filing with the code reviser pursuant to RCW 34.05.380(2).
- 2. This order and the rule set out below, after being recorded in the register of the Washington Utilities and Transportation Commission, shall be forwarded to the code reviser for filing pursuant to chapters 80.01 and 34.05 RCW and chapter 480-09 WAC.
- 3. The commission adopts the commission staff memoranda, presented when the commission considered filing a preproposal statement of inquiry, when it considered filing the formal notice of proposed rule making, and when it considered adoption of this proposal in conjunction with the text of this order, as its concise explanatory statement of the reasons for adoption and for rejection of proposed changes, as required by RCW 34.05.325.

DATED at Olympia, Washington, and effective this 30th day of December 1998.

Washington Utilities and Transportation Commission Richard Hemstad, Commissioner William R. Gillis, Commissioner

### APPENDIX "A"

AMENDATORY SECTION (Amending General Order No. R-439, Docket No. TO-960810, filed 3/14/97, effective 4/14/97)

WAC 480-75-005 Compliance with federal standards. ((Operators of pipeline facilities)) Hazardous liquid pipeline companies transporting gasoline, oil, petroleum, or hazardous liquids in this state shall design, construct, maintain, and operate pipeline facilities in compliance with the provisions of 49 CFR, Parts 195 and 199, in effect on (((the date this rule is adopted), except that any specific provisions in this chapter control in the event of inconsistency between this chapter and the referenced federal rules)) the effective date of this rule. The provision in this chapter shall govern to the extent that the standards in the state regulations are compatible with the federal standards. The incorporation of 49 CFR, Part 195, Subpart B, Reporting Accidents and Safety-Related Conditions, is revised as follows:

- Include "Washington Utilities and Transportation Commission" where "Administrator, Office of Pipeline Safety, Research and Special Programs Administration, or Department of Transportation" appear.
- Include "Washington Utilities and Transportation Commission Pipeline Safety Section, at its office at 1300 S. Evergreen Park Drive SW, P.O. Box 47250, Olympia, Washington, 98504-7250," where telephone or addresses appear for the "Information

Officer, Information Resources Manager, or Office of Pipeline Safety."

((49 CFR, Parts 195 and 199, are available for public inspection at the commission branch of the Washington state library, located in the Olympia office of the commission. Copies are also)) Copies of the above referenced regulations can be viewed at the commission branch of the Washington state library or are available from the Government Printing Office Bookstore, Seattle, Washington.

### **NEW SECTION**

WAC 480-75-223 Civil penalty for violation of chapter 81.88 RCW or regulations issued thereunder—Maximum amount. (1) Any hazardous liquid pipeline company which violates any public safety provision of chapter 81.88 RCW or regulation issued thereunder, required for compliance with the federal Pipeline Safety Law, 49 U.S.C. § 60101, is subject to a civil penalty not to exceed twenty-five thousand dollars for each violation for each day that the violation persists. The maximum civil penalty under this subsection for a related series of violations is five hundred thousand dollars. This subsection applies to violations of public safety requirements including any commission order or chapter 480-75 WAC.

- (2) In determining the amount of the penalty, the commission shall consider:
- (a) The appropriateness of the penalty in relation to the position of the person charged with the violation;
  - (b) The gravity of the violation; and
- (c) The good faith of the person or company charged in attempting to achieve compliance after notification of the violation.
- (3) The commission may compromise any civil penalty pursuant to chapter 81.88 RCW.

# WSR 99-02-037 PERMANENT RULES UTILITIES AND TRANSPORTATION COMMISSION

[Docket No. UG-980962, General Order No. 457—Filed December 30, 1998, 4:44 p.m.]

In the matter of amending and adopting WAC 480-93-010, relating to natural gas pipeline safety.

STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 98-22-111 filed with the code reviser on November 4, 1998. The commission brings this proceeding pursuant to RCW 80.01.040.

STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 34.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

DATE OF ADOPTION: The commission adopted this rule on December 9, 1998.

CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: The proposal is undertaken so that Washington state will comply with federal requirements to retain certification under the Pipeline Safety Law, 49 U.S.C. Section 60101, et seq., and to participate in the federal pipeline safety program. The proposal will adopt, by reference, the recent federal amendments to the natural gas standards (49 CFR 192), liquefied natural gas pipeline safety standards (49 CFR Part 193), and the drug and alcohol testing regulations (49 CFR Part 199) to conform state regulations of intrastate pipeline companies with existing federal regulations.

REFERENCE TO AFFECTED RULES: This rule repeals, amends, suspends, or adopts the following sections of the Washington Administrative Code: Amends WAC 480-93-010 Compliance with federal standards.

PREPROPOSAL STATEMENT OF INQUIRY AND ACTIONS THEREUNDER: The commission filed a preproposal statement of inquiry (CR-101) on July 24, 1998, at WSR 98-16-011.

ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PRE-PROPOSAL STATEMENT: The notice advised interested persons that the commission was considering entering a rule making on the adoption of federal pipeline safety rules by reference to bring state rules into conformity with existing federal rules. The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3) and by sending notice to all registered gas companies and the commission's list of natural gas pipeline companies.

NOTICE OF PROPOSED RULE MAKING: The commission filed a notice of proposed rule making (CR-102) on November 4, 1998, as WSR 98-22-111. The notice provided interested persons the opportunity to submit written comments to the commission until November 30, 1998.

COMMENTS: The commission did not receive any comments concerning this rule making.

RULE-MAKING HEARING: The rule change proposal was considered for adoption, pursuant to the notice, at the commission's open public meeting on December 9, 1998, before Chair Anne Levinson and Commissioner Richard Hemstad. The commission heard oral comments from Dennis Lloyd, representing commission staff. No other interested persons made oral comment.

COMMISSION ACTION: The commission adopted the proposed rule amendment without changes from the text. The adoption of these rules will extend existing federal/state gas pipeline safety cooperation to liquefied pipeline facilities and will provide coordinated local/state standards to promote continued safe operations of pipelines within the state of Washington. The existence of common standards offers benefits to the public, to regulatory agencies, and to the regulated industry.

STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE: In reviewing the entire record, the commission determines that WAC 480-93-010, should be adopted to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the code reviser.

### **ORDER**

THE COMMISSION ORDERS That:

- 1. WAC 480-93-010 is adopted to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, to take effect on the thirty-first day after the date of its filing with the code reviser pursuant to RCW 34.05.380(2).
- 2. This order and the rule set out below, after being recorded in the register of the Washington Utilities and Transportation Commission, shall be forwarded to the code reviser for filing pursuant to chapters 80.04 and 34.05 RCW and WAC 480-09-210.
- 3. The commission adopts the commission staff memoranda, presented when the commission considered filing a preproposal statement of inquiry, when it considered filing the formal notice of proposed rule making, and when it considered adoption of this proposal in conjunction with the text of this order, as its concise explanatory statement of the reasons for adoption and for rejection of proposed changes, as required by RCW 34.05.325.

DATED at Olympia, Washington, and effective this 30th day of December 1998.

Washington Utilities and Transportation Commission Richard Hemstad, Commissioner William R. Gillis, Commissioner

#### APPENDIX "A"

AMENDATORY SECTION (Amending Order R-437, Docket No. UG-951453, filed 6/10/96, effective 7/11/96)

WAC 480-93-010 Compliance with federal standards. Gas companies' gathering, storage, distribution, and transmission facilities ((of all gas operators in this state shall)) must be designed, constructed, maintained, and operated in compliance with the provisions of Title 49 ((CFR)) Code of Federal Regulations (CFR), Parts 191, 192, 193 and 199 in effect on the effective date of this rule((, except that any specific provisions in this chapter control in the event of inconsistency between this chapter and the referenced federal rules. 49 CFR, Parts 191, 192 and 199, are available for publie inspection in the commission branch of the Washington state library, located with the headquarters office of the commission)). The provisions of this chapter shall govern to the extent that the standards in the state regulations are compatible with the federal standards. Copies of the above referenced regulations can be viewed at the commission branch of the Washington state library or are available from the Government Printing Office Bookstore, Seattle, Washington.

# WSR 99-02-039 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(Economic Services Administration) [Filed December 31, 1998, 10:41 a.m.]

Date of Adoption: December 31, 1998.

Purpose: Adds electronic benefit transfer as a method of payment for cash and food assistance benefits for public assistance recipients.

Citation of Existing Rules Affected by this Order: Amending WAC 388-412-0005, 388-412-0020, 388-412-0030, 388-412-0035, 388-412-0045, and 388-460-0010.

Statutory Authority for Adoption: RCW 74.04.510, 74.08.090, 74.04.055, and 74.04.057.

Other Authority: S. 825, Public Law 104-193, Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

Adopted under notice filed as WSR 98-23-094 on November 18, 1998.

Changes Other than Editing from Proposed to Adopted Version: Only made changes to clarify text.

Number of Sections Adopted in Order to Comply with Federal Statute: New 1, Amended 5, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 1, Amended 5, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

December 31, 1998 Marie Myerchin-Redifer Manager

AMENDATORY SECTION (Amending WSR 98-16-044, filed 7/31/98, effective 9/1/98)

WAC 388-412-0005 General information about ((C)) cash assistance payments. (1) Eligible clients may receive cash assistance ((payments, the state issues a warrant which looks similar to a check.

- (1))) by ((the following methods:
- (a) E)) electronic benefit transfer (EBT)((;)) or
- ((<del>(b)</del>)) warrants.
- (2) Each separate assistance <u>unit</u> receives a separate cash benefit grant, even if there are multiple assistance units in the same residence.
- (((2))) (3) A married couple who both receive any general assistance benefit must be considered one assistance unit.

However, cash payments are made individually and will not exceed one half of the two-person GA-U standard.

- (((3))) (4) Grants are rounded down to the next whole dollar amount with the following exceptions:
- (a) Clothing and personal incidental (CPI) allowance; and
- (b) Grants with a deduction for repayment of an overpayment.
- (((4))) (5) Grant payments are not issued for under ten dollars except:
- (a) Grants with a deduction for repayment of an overpayment;
  - (b) CPI allowances with income deducted; or
- (c) Supplemental Social Security (SSI) interim assistance payments.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

AMENDATORY SECTION (Amending WSR 98-16-044, filed 7/31/98, effective 9/1/98)

WAC 388-412-0020 ((Mail)) How ((delivery of)) cash assistance benefits ((issuances)) are delivered. Depending on the circumstances of the assistance unit, the department decides when cash assistance ((B)) benefits are:

- (1) Mailed by warrant to the address where clients live except when:
- (((1))) (a) The department redirects the benefit issuance to the local office;
- (((2))) (b) The department has established there are problems with receiving mail at the client's address;
- (((3))) (c) A client requests in writing that the benefit issuance be mailed to the local office, such as a homeless client without an address: or
- (((4))) (d) A client requests that the benefit issuance be sent to a temporary address for less than ninety days.
- (2) Deposited directly into an electronic benefit transfer account.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending 98-16-044, filed 7/31/98, effective 9/1/98)

WAC 388-412-0030 Returning a warrant. (1) A person who has possession of a warrant payable to a deceased payee must return the warrant to the department for cancellation.

(2) A person who has possession of a warrant payable to an assistance unit payee who has left the home and is not likely to return during the month to endorse the warrant, must return the warrant to the CSO. (((3))) The warrant ((will)) may be reissued to another eligible payee for the assistance unit.

AMENDATORY SECTION (Amending WSR 98-16-044, filed 7/31/98, effective 9/1/98)

- WAC 388-412-0035 Loss, theft, destruction or non-receipt of a warrant issued to clients and vendors. The following applies to replacements of warrants issued to clients and to vendors ((on behalf of clients)).
- (1) The department does not replace a warrant or the cash proceeds from a warrant which was endorsed by a client or vendor.
- (2) Clients or vendors asking for a replacement of a warrant which was not endorsed by them must:
- (a) Complete a notarized ((statement called an)) affidavit;
- (b) Provide all facts surrounding the loss, theft, destruction or nonreceipt of the warrant; and
- (c) File a report with the police or the post office, as appropriate.
- (3) If a client is eligible to receive a replacement, the warrant is issued:
- (a) On or before the tenth of the month in which the warrant was due; or
- (b) Within five working days of the date the decision is made to replace the warrant, whichever is later.
- (4) A client or vendor is issued the full amount of the original warrant if the warrant is replaced.

### **NEW SECTION**

WAC 388-412-0045 General information about cash and food assistance issued by ((Issuing benefits using)) electronic benefits transfer.

- (1) ((Benefits are issued by electronic benefits transfer (EBT). This means benefits are deposited into an EBT account)) The department may decide which assistance unit gets cash assistance payment by warrant or EBT.
  - (2) All food assistance benefits are issued by EBT.
- (3) The department ((does not replace benefits which have been deposited into an electronic benefit account and are available to the client. The benefits are considered to be eash)) establishes an EBT account for each assistance unit and provides information about how to use the account.
- (((3))) (4) EBT benefits reported lost or stolen are replaced for the amount of the loss only when:
- (a) The department makes an error that causes a loss of benefits; or
- (b) Both the EBT card and <u>personal identification number (PIN)</u> are stolen from the mail; and
- (c) The client never had the ability to access the benefits; and
- (d) The loss is reported within ten days from the date the client became aware of the loss.
- (((4))) (5) The ((replacement is the amount of the loss)) department does not replace benefits which have been deposited into an electronic benefit account and are available to the client. The benefits are considered to be cash or coupons.
- (((5))) (6) The EBT account ((will)) becomes inactive when it is not used for ninety days. After ninety days, the client must ask the department to reactivate the account to use the benefits.

Permanent [66]

 $((\frac{(6)}{)})$   $(\frac{7}{1})$   $(\frac{EBT}{)})$  Food assistance benefits are canceled and will not be replaced when the EBT  $(\frac{food\ assistance}{)}$  account is not used for two hundred seventy days.

(((7))) (8) ((The client may ask the department to convert EBT food assistance benefits to food coupons when the client moves to an area where EBT benefits cannot be used. After food assistance benefits are converted, any remaining benefits in the EBT account are canceled if not used within seven days from the date of conversion)) If a client moves to an area where EBT benefits cannot be used, the client may ask the department to convert EBT food assistance benefits to food coupons. Because food coupon books are certain values, there may be a small amount left in the EBT account after converting the benefits. If the remaining benefits are not used within seven days from the date of conversion, the remaining benefits will be canceled.

**Reviser's note:** The unnecessary underlining and deletion marks in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending WSR 98-16-044, filed 7/31/98, effective 9/1/98)

WAC 388-460-0010 Food assistance authorized representative—Treatment centers and group homes. (1) Residents in group homes may choose to have food assistance benefits authorized as follows:

- (a) On their own behalf;
- (b) Through an authorized representative of their choosing; or
- (c) Through a facility acting as authorized representative.
- (2) Residents in chemical dependency treatment centers are required to have a designated employee of the facility act as an authorized representative.
- (3) The authorized representative for residents in a chemical dependency treatment center or a group home must:
  - (a) Be aware of the resident's circumstances;
- (b) Notify the department of any changes in income, resources or circumstances within ten days of the change;
- (c) Use the resident's food assistance benefit allotment for meals served to the resident((-)); and
- (d) Maintain enough benefits in the facility electronic benefits transfer (EBT) account to allow the department to transfer one-half of a client's monthly allotment to the client's own account. The client is entitled to one-half of the food assistance benefits when the client leaves the facility on or before the fifteenth of the month.
- (4) When assigning an employee as the authorized representative for residents, a facility accepts responsibility for:
- (a) Any misrepresentation or intentional program violation; and
- (b) Liability for food assistance benefits held at the facility on behalf of the resident.

# WSR 99-02-040 PERMANENT RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-263—Filed December 31, 1998, 11:52 a.m., effective January 1, 1999]

Date of Adoption: December 5, 1998.

Purpose: To adopt WAC 220-20-070 and 220-140-050. Citation of Existing Rules Affected by this Order:

Amending WAC 220-20-070 and 220-140-050.

Statutory Authority for Adoption: RCW 75.54.140 and 75.32.370.

Adopted under notice filed as WSR 98-21-072 on October 21, 1998.

Changes Other than Editing from Proposed to Adopted Version: The adopted version of WAC 220-20-070 Recreational fisheries enhancement account—Funding, differs from the proposed version filed with the code reviser in the following specifics:

Delete subsections (1) and (2) and replace with the following language:

(1) The department shall deposit into the recreational fisheries enhancement group account 8.505% of the funds received from the sale of each saltwater license and freshwater, saltwater, shellfish combination license, but not including licenses issued to youths and seniors.

This adjustment allows for fluctuation in license sales without adversely effecting other programs funded by combination licenses.

The adopted version of WAC 220-140-050 Funding the fisheries enhancement group account, differs from the proposed version filed with the code reviser in the following specifies:

Delete subsections (1), (2), and (3) and replace with the following language:

(1) The department shall deposit into the regional fisheries enhancement groups account 1.927% of the funds received from the sale of each saltwater license and freshwater, saltwater, shellfish combination license, but not including licenses issued to youths and seniors.

This adjustment allows for fluctuation in license sales without adversely effecting other programs funded by combination licenses.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 2, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Other Findings Required by Other Provisions of Law as Precondition to Adoption or Effectiveness of Rule: Previously adopted license sales take effect on January 1, 1999.

Effective Date of Rule: January 1, 1999.

December 31, 1998
Lisa Pelly, Chair
Fish and Wildlife Commission

### **NEW SECTION**

WAC 220-20-070 Recreational fisheries enhancement account—Funding. Pursuant to RCW 75.54.140, effective January 1, 1999, the recreational fisheries enhancement account (account) shall be funded as follows:

The department shall deposit into the recreational fisheries enhancement group account 8.505% of the funds received from the sale of each saltwater license and freshwater, saltwater, shellfish combination license, but not including licenses issued to youths and seniors.

### **NEW SECTION**

WAC 220-140-050 Funding the fisheries regional enhancement group account. Pursuant to RCW 75.50.100, effective January 1, 1999, the dedicated fisheries regional enhancement group account (account) shall be funded as follows:

The department shall deposit into the regional fisheries enhancement group account 1.927% of the funds received from the sale of each saltwater license and freshwater, saltwater, shellfish combination license, but not including licenses issued to youths and seniors.

# WSR 99-02-041 PERMANENT RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Filed December 31, 1998, 2:42 p.m.]

Date of Adoption: December 31, 1998.

Purpose: The rules streamline the minor work permit process; modify time intervals for meal/rest breaks for sixteen-and seventeen-year-old minors; simplify the special variance process; and are clear-rule written for clarification.

Citation of Existing Rules Affected by this Order: Repealing WAC 296-125-020, 296-125-026, 296-125-028, 296-125-050, 296-125-060, and 296-125-070.

Statutory Authority for Adoption: RCW 49.12.121.

Adopted under notice filed as WSR 98-20-093 on October 7, 1998.

Changes Other than Editing from Proposed to Adopted Version: Deleted WAC 296-125-0287 [(1)](c), re "on duty" meal periods; added WAC 296-125-0275(4) re storage of required records; and deleted WAC 296-125-0630 re employee notification of variance application.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or

Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 46, Amended 0, Repealed 6.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 42, Amended 0, Repealed 4.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

December 21, 1998

Director

### MASTER BUSINESS LICENSE/ MINOR WORK PERMIT ENDORSEMENT

### **NEW SECTION**

WAC 296-125-0200 If I plan to employ minors in my business, what general requirements do I have to satisfy? (1) You must obtain, keep current and post valid minor work permit endorsements issued by the department.

- (2) If employing minors for house-to-house sales, you must satisfy the special requirements in WAC 296-125-024 for that activity.
- (3) You must obtain and keep on file a completed parent/school authorization form for each minor you employ.
- (4) You must keep on file any variances issued to you according to variance and/or special variance sections of this chapter.
- (5) If you sponsor bona fide *unpaid* work-based learning programs approved by the office of the superintendent of public instruction or a local school district, you are not required to obtain minor work permit endorsements for those programs.

### **NEW SECTION**

WAC 296-125-0210 Do I need minor work permit endorsements for my business? If you plan to employ one or more minors, you must obtain, keep current and post valid minor work permit endorsements before you:

- (1) Employ minors; or
- (2) Allow minors to work at your workplace; or
- (3) Allow minors to work under work conditions controlled by you.

### **NEW SECTION**

WAC 296-125-0211 What if I employ minors at several different workplaces? (1) You must obtain, keep current and post separate minor work permit endorsements for each workplace at which you employ minors.

(2) In those situations where you place minors in a workplace controlled by another employer, you and the other employer must obtain, keep current and post minor work permit endorsements at that workplace.

- (3) When you employ minors in multiple workplaces, you must obtain, keep current and post minor work permit endorsements at each workplace.
- (4) Unless modified or revoked, a single endorsement will allow you to employ any number of minors at the work-place specified on the endorsement.

### **NEW SECTION**

WAC 296-125-0220 Are there working condition restrictions which may be placed on my minor work permit endorsements? Minor work permit endorsements may include restrictions, consistent with this chapter, on minors' working conditions.

### **NEW SECTION**

WAC 296-125-0221 Do my minor work permit endorsements expire? Your minor work permit endorsements will expire one year from the date of issue.

### **NEW SECTION**

WAC 296-125-0222 Can I renew my minor work permit endorsements? You may renew your minor work permit endorsements. However, filing an application for renewal does not automatically result in an extension of your endorsement. The department may refuse to renew your endorsement if you have:

- (1) Failed to satisfy a condition related to the initial issuance of the endorsement; or
  - (2) Violated the requirements of this chapter; or
- (3) Any other condition that the department finds is or could be detrimental to the health, safety, or welfare of minors.

### **NEW SECTION**

WAC 296-125-0223 How long must my minor work permit endorsements stay in force? Unless revoked, suspended or modified by the department, your minor work permit endorsements must remain in full force and effect as long as:

- (1) You employ minors; or
- (2) Have minors working at your workplace; or
- (3) Have minors working under work conditions controlled by you.

### **NEW SECTION**

WAC 296-125-0224 Do I need to post my minor work permit endorsements? At least one copy of your minor work permit endorsements and a current copy of the poster required by WAC 296-126-080 must be posted in plain view of all employees at each workplace specified in each endorsement.

### **NEW SECTION**

WAC 296-125-0230 Can the department of labor and industries refuse to issue or renew, revoke, suspend or modify my minor work permit endorsements? The department may refuse to issue or renew, revoke, suspend, or modify your minor work permit endorsements if it finds:

- (1) A condition related to their issuance has not been satisfied; or
- (2) You have violated any requirements of this chapter; or
- (3) An existing condition that is or could be detrimental to the health, safety, or welfare of a minor. In this case, the department may issue an order of immediate restraint revoking, suspending or modifying your endorsements. If you appeal the department's action, the order of immediate restraint will remain in force until your appeal is resolved.

### **NEW SECTION**

WAC 296-125-0231 Can I appeal the department's refusal to issue or renew, or to revoke, suspend or modify my minor work permit endorsements? You have the right to appeal such actions by the department. However, your appeal must be filed with the department in writing within thirty days of the department's action according to the procedures established by RCW 49.12.161 and 49.12.400. Your appeal will not set aside an order of immediate restraint issued by the department according to RCW 49.12.390.

### PARENT/SCHOOL AUTHORIZATION FORMS

### **NEW SECTION**

WAC 296-125-0260 If I employ minors, do I need authorization from the parent or school? Before allowing a minor to begin work, you must obtain and keep on file, at the minor's workplace, a fully completed parent/school authorization form. As the employer, it is your responsibility to ensure that the parent/school authorization form is complete.

### **NEW SECTION**

WAC 296-125-0261 Where can I obtain a parent/school authorization form? Parent/school authorization forms are issued only to employers with a valid minor work permit endorsement and can be obtained by contacting the local labor and industries office or:

Department of Labor and Industries Employment Standards Section PO Box 44510 Olympia WA 98504-4510

### **NEW SECTION**

WAC 296-125-0262 Do parent/school authorization forms expire? All parent/school authorization forms expire each year on the thirtieth day of September. Therefore, each year, prior to September 30, you must:

(1) Obtain a new form for each of your minors; and

- (2) Make sure it is properly completed; and
- (3) File it where the minor works.

### **NEW SECTION**

WAC 296-125-0263 What information must a minor provide on the parent/school authorization form? A minor must provide the following personal information:

- (1) Name.
- (2) Address.
- (3) Date of birth\*.
- (4) Whether he or she is employed at any other job(s) and the total number of hours worked at that job(s).
  - (5) His or her signature.

\*Note: The date of birth must be supported by proof. Acceptable forms of proof are:

- A birth certificate and a social security card; or
- A driver's license; or
- A baptismal record and a Social Security card; or
- A notarized statement of a parent or guardian.

### **NEW SECTION**

WAC 296-125-0264 What information must an employer provide on the parent/school authorization form? As the employer, you must provide the following information:

- (1) The location of the minor's workplace(s).
- (2) A description of the minor's duties.
- (3) The earliest and latest hours the minor would be working.
- (4) The total number of hours the minor would work per week.
- (5) Your minor work permit endorsement number and expiration date.
  - (6) Your unified business identifier (UBI) number.
- (7) Your signature or the signature of your authorized agent.

### **NEW SECTION**

WAC 296-125-0265 What information must a parent or legal guardian provide on the parent/school authorization form? A parent or legal guardian of a minor must:

- (1) Indicate that he or she authorizes (or does not authorize) the minor to work according to the terms listed by the employer.
  - (2) Sign the form.

### **NEW SECTION**

WAC 296-125-0266 What information must a school provide on the parent/school authorization form? (1) If a minor will be working during the school year, an authorized school official from the minor's school must:

- (a) Indicate that the school authorizes (or does not authorize) the minor working according to the terms listed by the employer; and
  - (b) Sign the form as the school's authorized agent.
- (2) Furthermore, if a minor begins work during a school vacation and wishes to continue working after school

resumes, the employer must obtain school approval before the minor can continue. School approval must be based upon:

- (a) Maintaining an acceptable level of scholastic achievement; and
  - (b) Maintaining good school attendance; and
  - (c) Making satisfactory progress toward graduation.

### **NEW SECTION**

WAC 296-125-0267 What if a minor is no longer attending school? (1) A parent or guardian must certify a minor's nonenrolled status if the minor is:

- (a) Unmarried and living with a parent or legal guardian; and
  - (b) No longer enrolled in school; and
- (c) Has not obtained a certificate of educational competence according to RCW 28A.305.190 or is not enrolled in a bona fide college program.
- (2) If a minor is named on a valid marriage certificate or is living independently of a parent or legal guardian, the minor must:
- (a) Certify that he or she is either married or living independently of a parent or guardian; and
  - (b) Certify his or her nonenrolled status; and
- (c) Provide the name and location of the last school attended; and
- (d) Provide the name and address or telephone number of an adult emergency contact other than the minor's employer. This contact person must certify that the minor is living independently of a parent or legal guardian.

### **NEW SECTION**

WAC 296-125-0268 Can a parent, legal guardian or school revoke the work authorization previously given on the parent/school authorization form? A parent, legal guardian, or school may revoke authorization at any time by simply notifying the department and the other parties to the authorization.

#### RECORDKEEPING

### **NEW SECTION**

WAC 296-125-0275 When I employ minors, what recordkeeping requirements must I satisfy? (1) You must create and maintain a file for each minor.

- (2) The file must be maintained for three years from the last date of the minor's employment.
  - (3) The file must contain the following:
- (a) A copy of the completed parent/school authorization form with any attachments; and
- (b) Copies of any variances you obtained according the requirements of this chapter.
- (4) These records must be kept safe and accessible at the place of employment or at a central recordkeeping office where such records are customarily maintained.

### **NEW SECTION**

WAC 296-125-0280 What is the department's enforcement authority? To enforce the requirements of this chapter, the director or the director's authorized representatives can, without delay:

- (1) Enter any workplace where work is or has been performed by a minor, or where employment records are, or are required to be maintained; and
- (2) Inspect, transcribe, and copy all pertinent records; and
- (3) Inspect and investigate any workplace and all pertinent conditions, structures, machines, apparatus, devices, equipment, supplies, and materials located there; and
- (4) Question privately any employer, owner, operator, agent, or employee.

### MEAL AND REST BREAKS FOR MINORS

### **NEW SECTION**

WAC 296-125-0285 What regulations apply to meal and rest breaks for my fourteen-year-old and fifteen-year-old minors? (1) Since the purpose of meal periods and rest breaks is to provide rest from work, they must not be scheduled near the beginning of the work shift.

- (2) The following specific regulations apply to your minors who are fourteen-years-old and fifteen-years-old:
- (a) They must not work more than four hours without being given a meal period. This meal period must be at least thirty minutes in length and be separate and distinct from, and in addition to, the rest breaks mandated by this subsection.
- (b) They must be given, on your business's time, a rest break of at least ten minutes for every two hours worked.
- (c) When they work four-hour periods, they cannot be required to work more than two hours without being given either a ten-minute rest break or a thirty-minute meal period.

### **NEW SECTION**

WAC 296-125-0287 What regulations apply to meal and rest breaks for my sixteen-year-old and seventeen-year-old employees? (1) The following regulations apply to meal periods for your minors who are sixteen-years-old and seventeen-years-old:

- (a) They must be allowed meal periods of at least thirty minutes in length.
- (b) Their meal periods must start no less than two hours but no more than five hours from the beginning of their work shift.
- (c) They must not be required to work more than five consecutive hours without a meal period.
- (2) The following regulations apply to rest periods for your minors who are sixteen-years-old and seventeen-years-old:
- (a) They must be allowed a rest period of not less than ten minutes, on your time, for each four hours worked.
- (b) Their rest periods must be scheduled as near as possible to the midpoint of the work period.

(c) They must receive a rest period at least every three hours.

### **VARIANCES**

### **NEW SECTION**

WAC 296-125-0600 What is a variance? A variance is an exception to the rules of this chapter granted for good cause by the director of labor and industries or the director's designee.

### **NEW SECTION**

WAC 296-125-0610 How do I obtain a variance? You must submit a written application to the director requesting the variance(s). In your application you must specify the reasons why your request should be granted. If necessary, the director may request or receive additional information from you or other interested parties.

#### **NEW SECTION**

WAC 296-125-0611 What does "good cause" mean? At a minimum, "good cause" refers to those situations and circumstances that support your request for a variance. You must be able to demonstrate that the variance will not be harmful to the health, safety, and welfare (including school attendance and performance) of the minor(s) affected. "Good cause" may also include the financial need of the minor's family or an exceptional or special talent manifested by the minor.

### **NEW SECTION**

WAC 296-125-0620 Are there special requirements that I must satisfy if I request a variance to employ minors under the age of sixteen in house-to-house sales? If you are requesting a variance to employ minors under the age of sixteen in house-to-house sales, you must demonstrate good cause for the variance and file a signed sworn statement ensuring that the following minimum requirements will be in force at all times:

- (1) All house-to-house sales will be conducted only during daylight hours; and
- (2) A responsible adult who is at least twenty-one years of age will accompany the minor at all times; and
- (3) No house-to-house sales visits will be conducted in inclement weather; and
- (4) The minor will only be employed for a specific time period that cannot exceed six weeks.

### **NEW SECTION**

WAC 296-125-0640 What criteria will be used to evaluate my variance request? (1) The director or the director's designee may grant your variance request if you:

- (a) Possess a valid minor work permit endorsement; and
- (b) Demonstrate good cause.

[71] Permanent

- (2) Variances will be granted, as applicable, based on good cause shown, for residential schools, apprenticeship programs registered with the Washington state apprenticeship and training council, and vocational education, diversified career education, work experience, and cooperative education programs accepted and certified by the office of superintendent of public instruction or the local school district for circumstances other than those already exempted in WAC 296-125-030.
- (3) Variances from federal regulations will not be issued except where you can show exemption from federal statutes and regulations governing minor work.

### **NEW SECTION**

WAC 296-125-0650 Do my variances expire? Each of your variances will expire upon the expiration of the minor work permit endorsement that was in effect at the time the variance was issued unless the variance was issued with an earlier expiration date.

### **NEW SECTION**

WAC 296-125-0651 Can my variances be renewed? When you renew your minor work permit endorsements, you must also apply for new variances that are related to those endorsements.

### **NEW SECTION**

WAC 296-125-0660 Can the department of labor and industries revoke, suspend, or modify my variances? The department may revoke, suspend, or modify your variances if it finds:

- (1) A condition related to its issuance has not been satisfied; or
  - (2) You have violated any requirement of this chapter; or
- (3) An existing condition that is or could be detrimental to the health, safety, or welfare of a minor including an adverse impact upon their school attendance or performance.

### **NEW SECTION**

WAC 296-125-0670 Can I appeal the department's action to revoke, suspend or modify my variances? You have the right to appeal a department action to revoke, suspend or modify your variances. However, your appeal must be filed with the department in writing within thirty days of the department's action according to the procedures established by RCW 49.12.161 and 49.12.400. Your appeal will not set aside an order of immediate restraint issued by the department according to RCW 49.12.390.

### SPECIAL VARIANCES

### **NEW SECTION**

WAC 296-125-0700 What is a special variance? (1) A special variance is an exception to specific rules of this chapter. Special variances are granted by a designated school official of a school district or individual private school which has department approval to participate in the special variance process described in WAC 296-125-0720.

- (2) A special variance is used to facilitate flexibility in a sixteen-year-old or seventeen-year-old minor's school and work requirements and may be granted *only* for exceptions to the rules governing:
- (a) The maximum hours of work per week during a week when school is in session, up to a maximum of twenty-eight hours per week; and
- (b) The maximum hours of work per day during a week when school is in session, up to a maximum of six hours per day.
- (3) Special variances will not be granted for sixteenyear-old and seventeen-year-old minors working in house-tohouse sales.
- (4) When school is in session, minors must not work in excess of the maximum hours per week or per day illustrated in the following chart unless the employer has a current, fully completed and executed special variance on file at the minor's workplace.

### Hours of work--Nonagriculture

	14-year-olds and 15-year-olds		16-year-olds and 17-year-olds	
	School	Nonschool	School	Nonschool
Hours a day	3* (weekdays) 8 (FriSun.)	8	4** (weekdays) 8 (FriSun.)	. 8
Hours a week	16	40	20/28***	48
Days a week	6 days	6 days	6 days	6 days
Start	7 a.m.	7 a.m.	7 a.m.	5 a.m.
Quit	7 p.m. (weekdays)	9 p.m.	10 p.m. (SunThurs.) Midnight (Fri. & Sat.)	Midnight

- \* 14-year-olds and 15-year-olds can work up to 3 hours on a school day preceding a school day. All other days, 8 hours per day.
- \*\* 16-year-olds and 17-year-olds can work up to 4 hours on a school day preceding a school day. All other days, 8 hours per day.
- \*\*\* Up to 28 hours available through special variances.

WAC 296-125-0710 What criteria will be followed in evaluating my special variance request? The designated school official may grant your special variance request if you:

- (1) Possess a valid minor work permit endorsement; and
- (2) Demonstrate good cause; and
- (3) Request the variance for a minor whose school district or individual private school has department approval to participate in the special variance process discussed in WAC 296-125-0720.

# **NEW SECTION**

WAC 296-125-0720 How can a school district or individual private school qualify for participation in the special variance process? Each school district or individual private school seeking to participate in the special variance process must:

- (1) Complete an enrollment form provided by the department; and
  - (2) Be approved by the department; and
- (3) Agree to maintain a mandatory recordkeeping system specified by the department; and
- (4) Use the uniform criteria described in WAC 296-125-0750 to evaluate variance requests.

# **NEW SECTION**

WAC 296-125-0721 Where can a school district or individual private school obtain a copy of the special variance process enrollment form? The form can be obtained from:

Department of Labor and Industries Employment Standards Section PO Box 44510 Olympia WA 98504-4510

## **NEW SECTION**

WAC 296-125-0722 In addition to completing the enrollment form, what other requirements must be satisfied before a school district or private school can participate in the special variance program? At a minimum, a school district or private school must agree to all of the following:

- (1) Maintain the recordkeeping system required by the department.
- (2) Designate a school official at each school who is authorized to evaluate and approve/disapprove variance requests.

- (3) Use the uniform criteria discussed in WAC 296-125-0750 to evaluate variance requests.
- (4) Within thirty days of the school's action, forward a copy of each variance approved or denied to the department.
- (5) Give department agents immediate access to all variance files during normal school office hours.
- (6) Be responsible for ensuring that the employer completes all appropriate sections of the special variance request form.

# **NEW SECTION**

WAC 296-125-0723 What is the employer's responsibility in providing information to the minor, the minor's parent or legal guardian, and school officials? (1) The employer must obtain a special variance form from the participating school and provide the following information:

- (a) The minor's work-related duties;
- (b) The maximum hours to be worked each week;
- (c) The length of the minor's work shifts;
- (d) The latest afternoon or evening hour that the minor will work:
- (e) The number of days each week that the minor will be required to work the latest afternoon or evening hour;
- (f) The employer's unified business identifier (UBI) number:
- (g) The expiration dates of the employer's minor work permit endorsements.
- (2) The employer must agree to maintain all special variance records according to the terms of WAC 296-125-0275.
- (3) Upon completion, the employer must give the form to the minor to complete according to WAC 296-125-0730.

# **NEW SECTION**

WAC 296-125-0730 What other information about special variance requests is important? (1) To be valid, a special variance request form must be completed and signed by the employer, the minor, the minor's authorized school official and the minor's parent or legal guardian.

- (2) The special variance, unless revoked, suspended or modified, shall remain in force for the duration of the school year for which it was granted. While the special variance is in force, it is the school district's responsibility to monitor it to insure that the conditions under which it was granted are being met.
- (3) All minors must complete their section of the variance form *after* the employer section has been completed but *before* the form is submitted to the school, parent, or legal guardian.
- (4) All minors must explain why they are requesting a special variance.
- (5) The minor's parent or guardian must sign the request form. By signing, the parent or guardian approves or denies the request and attests to the reasons supporting it.

### **NEW SECTION**

WAC 296-125-0740 What are the consequences of submitting an incomplete special variance request form?

- (1) An incomplete special variance request form submitted to the department is:
  - (a) Invalid; and
  - (b) A violation of this chapter; and
- (c) Cause for a school district, an individual private school or an employer to be dropped from the special variance program.
- (2) When the department receives an incomplete special variance request form, it must give written notification to the school district or private school that its enrollment in the special variance program is being revoked.

WAC 296-125-0741 Can a school district or private school appeal the department's decision to revoke its participation in the special variance program? A school district or private school may appeal a notice of revocation; however, the appeal must be filed with the department in writing within thirty days of its receipt. The written appeal must be sent to the department according to the procedures established by RCW 49.12.161 and 49.12.400. Filing an appeal does not set aside a notice of revocation.

# **NEW SECTION**

WAC 296-125-0750 What are the criteria used by a school to evaluate special variance requests? In evaluating requests for special variances, a school must consider at least the following factors:

- (1) Does the employer hold a current valid minor work permit endorsement?
  - (2) What is the student's attendance pattern?
- (3) Is the student making satisfactory academic progress?
- (4) Will the student still have opportunities to participate in extracurricular activities?
  - (5) How many school nights will the student work?
  - (6) How late in the evening will the student work?
  - (7) How long a shift will the student work?
- (8) How sound is the student's rationale for requesting a variance from the work hour restrictions illustrated in the table in WAC 296-125-0700(4)?

# **NEW SECTION**

WAC 296-125-0760 Do special variances expire? (1) Since special variances will be issued only to employers holding valid minor work permit endorsements, each special variance expires on the expiration date of the endorsement that was in effect at the time the special variance was issued.

(2) Upon the renewal of a minor work permit endorsement, an employer must complete a new special variance request form.

# **NEW SECTION**

WAC 296-125-0770 Can the department of labor and industries revoke, suspend, or modify a special variance?

- (1) The department may revoke, suspend, or modify a special variance if it finds:
- (a) A condition related to its issuance has not been satisfied; or
  - (b) A violation of any requirement of this chapter; or
- (c) An existing condition that is or could be detrimental to the health, safety, or welfare of a minor.
- (2) If an employer violates the hour standards in WAC 296-125-027 or the hours specified in any special variance, they will forfeit their participation in the special variance process for one year from the finding of the violation by the department.

# **NEW SECTION**

WAC 296-125-0771 Can the parties to a special variance revoke it? A parent, legal guardian, or school may revoke a special variance at any time by simply giving written notification to the department and the other parties to the variance.

### **NEW SECTION**

WAC 296-125-0772 Can the department's action to refuse to issue or renew, revoke, suspend or modify a special variance be appealed? The department's refusal to issue or renew participation in the special variance process can be appealed, as well as, its decision to revoke or suspend participation. However, the appeal must be filed with the department in writing within thirty days of the department's action according to the procedures established by RCW 49.12.161 and 49.12.400. The appeal will not set aside an order of immediate restraint issued by the department according to RCW 49.12.390.

# REPEALER

The following sections of the Washington Administrative Code are repealed:

WAC 296-125-020	Minor work permits.
WAC 296-125-026	Parent/school authorization forms.
WAC 296-125-028	Meal and rest breaks for minors.
WAC 296-125-050	Posting, recordkeeping, and authority to enter, inspect, and investigate.
WAC 296-125-060	Variances.
WAC 296-125-070	Special variances.

Permanent [74]

# WSR 99-02-045 PERMANENT RULES WASHINGTON STATE PATROL

[Filed January 4, 1999, 12:41 p.m.]

Date of Adoption: December 23, 1998.

Purpose: To amend WAC 204-80-020 Scope (standards for headlamp flashing systems) to add "licensed ambulance companies" to the list of authorized emergency vehicles covered by this chapter.

Citation of Existing Rules Affected by this Order: Amending WAC 204-80-020 Scope, standards for headlamp flashing systems.

Statutory Authority for Adoption: RCW 46.37.005, 46.37.280, and 46.37.310.

Adopted under notice filed as WSR 98-23-040 on November 10, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 1, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

December 30, 1998 R. M. Leichner for Annette M. Sandberg Chief

<u>AMENDATORY SECTION</u> (Amending Order 81-08-02, filed 8/21/81)

WAC 204-80-020 Scope. This standard applies to headlamp flashing systems for authorized emergency vehicles owned and operated by law enforcement agencies ((and)), licensed ambulance companies, and fire departments.

# WSR 99-02-047 PERMANENT RULES SECRETARY OF STATE

[Filed January 4, 1999, 2:06 p.m.]

Date of Adoption: December 21, 1998.

Purpose: Implementing amendments to chapter 19.34 RCW based on chapter 33, Laws of 1998, and conforming our rule to changes in national standards.

Citation of Existing Rules Affected by this Order: Amending WAC 434-180-215 and 434-180-360.

Statutory Authority for Adoption: Chapter 19.34 RCW.

Other Authority: HB 2931, chapter 33, Laws of 1998.

Adopted under notice filed as WSR 98-22-112 on November 4, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 1, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 1, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 2, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 2, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

January 4, 1999
Tracy Guerin
Deputy Secretary of State

AMENDATORY SECTION (Amending WSR 98-16-031, filed 7/29/98, effective 8/29/98)

WAC 434-180-215 Certification of operative personnel. The secretary shall not issue or renew a license as a certification authority unless the licensee documents that every individual employed or acting as operative personnel qualifies to act as operative personnel. This documentation shall include:

- (1) Receipt of a completed form, signed by the individual under penalty of perjury, stating:
- (a) The name (including all other names used in the past), date of birth, and business address of the individual;
- (b) That the individual has not been convicted within the past seven years of a felony and has never been convicted of a crime involving fraud, false statement, or deception in any jurisdiction; and
- (c) If the individual has resided in any nation other than the United States during the previous five years, the name of that nation and the period of residency.
- (2) A criminal background check supporting the declaration required by subsection (1) of this section. This requirement is excused as to any individual for whom documentation satisfying this paragraph was submitted within the previous two years, even if the individual has changed employment. This check must include both of the following:
- (a) A criminal background check compiled by a private sector provider, documenting a background check reasonably sufficient to disclose any criminal convictions within the previous seven years in any state or federal jurisdiction in the United States, its territories, or possessions, and any other jurisdiction specified pursuant to subsection (1)(c) of this section. This background check must contain information that is current to within thirty days of its date of submission; and

[75] Permanent

- (b) The certified results of a criminal background check performed by the Washington state patrol or law enforcement agency where the operative personnel reside and are employed for the previous seven years, dated not more than thirty days prior to submission or such other jurisdictions as the secretary may reasonably request. Such check shall be performed using the individual's fingerprints.
- (3) Satisfactory completion by the individual of a written examination demonstrating knowledge and proficiency in following the requirements of the Washington Electronic Authentication Act and these rules. The secretary shall develop an open book written test covering the subject matter of the act, and provide it upon request, which may include electronic access. The secretary may update or modify the test from time to time. The secretary shall indicate at the top of the test the percentage or number of questions that must be answered correctly in order to constitute satisfactory completion. No individual may take the examination more than once within a period of thirty days. A certification by the secretary that an individual has successfully completed this examination shall be valid for two years, and shall continue to satisfy the requirements of this subsection even if the individual changes employment.
- (4) A licensed certification authority must remove a person from performing the functions of operative personnel immediately upon learning that the person has been convicted within the past ((fifteen)) seven years of a felony or has ever been convicted of a crime involving fraud, false statement, or deception, and must notify the secretary of this action within three business days.

AMENDATORY SECTION (Amending WSR 97-24-053, filed 11/26/97, effective 12/27/97)

WAC 434-180-360 Trustworthy system. A system shall be regarded as trustworthy if it materially satisfies the Common Criteria (CC) Protection Profile (PP) for Commercial Security 2 (CS2), (CCPPCS), developed by the National Institute of Standards and Technology (NIST). The determination whether a departure from CCPPCS is material shall be governed by WAC 434-180-240(2). For purposes of this chapter, CCPPCS shall be interpreted in a manner that is reasonable in the context in which a system is used and is consistent with other state and federal laws. Until such time as the referenced standard is adopted by NIST, the standard applicable for purposes of this chapter shall be the draft of CCPPCS dated ((May 23, 1997)) July 13, 1998.

# WSR 99-02-048 PERMANENT RULES SECRETARY OF STATE

[Filed January 4, 1999, 2:08 p.m.]

Date of Adoption: December 21, 1998.

Purpose: Changes and clarification to the Washington Electronic Authentication Act, chapter 19.34 RCW.

Citation of Existing Rules Affected by this Order: Amending WAC 434-180-265.

Statutory Authority for Adoption: Chapter 19.34 RCW. Adopted under notice filed as WSR 98-22-113 on November 4, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 1, Repealed 0.

January 4, 1999
Tracy Guerin
Deputy Secretary of State

AMENDATORY SECTION (Amending WSR 97-24-053, filed 11/26/97, effective 12/27/97)

WAC 434-180-265 Civil penalties. The secretary may, by order, impose and collect a civil monetary penalty against a licensed certification authority for a violation of chapter 19.34 RCW as provided by RCW 19.34.120.

(1) Penalties imposed under this section shall not exceed ten thousand dollars per incident, or ninety percent of the recommended reliance limit of a material certificate, whichever is less. In case of a violation continuing for more than one day, each day is considered a separate incident. In the case of a state agency authorized by law to become a licensed certification authority, the sole penalty imposed pursuant to this section shall consist of specific findings of noncompliance and an order requiring compliance with this chapter and the rules of the secretary. Any penalty imposed pursuant to this chapter and chapter 34.05 RCW shall be enforceable in the superior court.

- (2) In assessing penalties under this section, the secretary shall:
- (a) Issue to the licensed certification authority a notice of apparent noncompliance, specifying the provisions of statute or rule with which the certification authority is not in compliance and the range of possible sanctions;
- (b) Specify a time period of not less than thirty days during which the certification authority may respond in writing to the notice of apparent noncompliance;
- (c) If the certification authority does not respond in writing within the specified period, or obtain a written extension of that period, then the secretary may impose an order consistent with the notice, subject to review pursuant to WAC 434-180-500;
  - (d) If the certification authority does respond in writing:
- (i) If the secretary deems the response to satisfactorily demonstrate compliance with the provisions referenced in the

Permanent [76]

notice, then the secretary shall terminate this process without imposing any penalty;

- (ii) If the secretary does not deem the response satisfactory, then the secretary may either:
- (A) Issue a new or revised notice pursuant to (a) of this subsection; or
- (B) Impose an order consistent with the notice, subject to review pursuant to WAC 434-180-500.

# WSR 99-02-049 PERMANENT RULES DEPARTMENT OF LICENSING

[Filed January 5, 1999, 8:27 a.m.]

Date of Adoption: January 5, 1999.

Purpose: Amending current rules to define what the department considers to be the commencing date for purposes of title transfer by vehicle dealers. In addition, extending the allowable title transfer period for vehicles sold with current registrations to parallel the time allowed for vehicles sold on dealer temporary permits when a dealer has properly paid off a lien.

Citation of Existing Rules Affected by this Order: Amending WAC 308-66-190 and 308-56A-420.

Statutory Authority for Adoption: RCW 46.70.160.

Other Authority: RCW 46.70.110.

Adopted under notice filed as WSR 98-23-083 on November 17, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 2, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

January 5, 1999 Fred Stephens Director

AMENDATORY SECTION (Amending WSR 96-19-025, filed 9/9/96, effective 10/10/96)

WAC 308-66-190 Transfer of certificate of title by dealer. (1) When a vehicle displaying current Washington plates is sold or disposed of by a dealer, the dealer shall make an application for a certificate of title in the purchaser's name within forty-five calendar days ((following)) commencing with the sale or disposal of the vehicle. The date on which the

selling dealer physically delivers the vehicle to the customer/purchaser shall commence the forty-five day interval in which the selling dealer must make an application for a certificate of title in the purchaser's name. Under the following conditions a dealer may be granted an additional interval, not to exceed forty-five days in which to apply for title in the customer's name:

- (a) The lienholder fails to deliver the vehicle title to the dealer within the required time period; and
  - (b) The dealer has satisfied the lien; and
- (c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied; or
- (d) The director may excuse any situations in which applications are delayed for reasons beyond the control of the dealer.
- (2) The dealer shall in every case sign or type his/her name on the dealer's report of sale on the title application accompanying the transfer. If an authorized agent signs for the dealer, he/she shall give his/her title.
- (3) ((The name and address of the previous registered owner shall be shown on the application for transfer of title.
- (4))) The dealer shall provide a vehicle odometer disclosure statement with the title application as required by RCW 46.12.124.

AMENDATORY SECTION (Amending WSR 94-21-055, filed 10/13/94, effective 11/13/94)

WAC 308-56A-420 Delivery of vehicle on dealer temporary permit. (1) A vehicle dealer properly licensed pursuant to chapter 46.70 RCW may deliver a vehicle not currently registered or that does not bear valid Washington state license plates or tabs by utilizing a dealer temporary license permit.

- (2) The application for title portion of the permit form must be properly and completely filled out by the selling dealer, ((detailing all fees collected,)) including the dealer's report of sale and the date ((of sale)) on which the vehicle is physically delivered to the customer/purchaser. If license based on gross weight is required, the amount of gross weight purchased must be clearly shown. The application must be signed by the registered owner(s).
- (3) The dealer shall collect all fees required for titling and registration of a vehicle.
- (4) The dealer shall detach the hard copy of the dealer permit and shall record the date of expiration in dark, bold letters and numbers on the permit side of that copy. Date of expiration will be forty-five calendar days after date ((of sale of the vehicle)) on which the vehicle is physically delivered to the customer/purchaser.
- (5) The application copies shall be used by the dealer to apply for title ((application)) and to complete licensing of the vehicle. Except as provided in RCW 46.70.180(8), the selling dealer must submit the application and all title/licensing fees to the department of licensing or an authorized licensing agent within forty-five calendar days from the date ((of sale of the vehicle)) on which the vehicle is physically delivered

[77] Permanent

to the customer/purchaser. The date on which the selling dealer physically delivers the vehicle to the customer/purchaser shall commence the forty-five day interval in which the selling dealer must make an application for a certificate of title in the purchaser's name. Additionally, the director may excuse late applications only in situations where applications are delayed, for reasons beyond the control of the dealer.

- (6) The hard copy of the permit and a purchase order identifying the vehicle and ((date of sale)) the date on which the vehicle is physically delivered to the customer/purchaser must be carried in the vehicle or the towing vehicle at all times the vehicle is operated on the temporary permit.
- (7) The hard copy of the dealer temporary license permit shall be displayed on the inside of the rear window in the lower left corner, or enclosed in a moisture proof protective case securely attached in the rear license plate holder, with the expiration date visible to one standing or following at the rear of the vehicle.
- (8) The dealer temporary license permit is valid for not more than forty-five calendar days ((following)) commencing with the date ((of vehicle sale)) on which the vehicle is physically delivered to the customer/purchaser.
  - (9) The dealer temporary license permit shall not:
- (a) Be issued for a dealer inventoried or a dealer or dealer-employee operated vehicle;
  - (b) Be issued as a demonstration permit;
- (c) Be issued for a vehicle processed as a courtesy delivery.
- (10) Fees paid for dealer temporary license permit application forms are not refundable unless the dealer ceases doing business as a vehicle dealer. A credit, in the amount of the permit form fee, will be provided when the permit is used by the vehicle dealer to make application for a vehicle title.
- (11) The dealer shall maintain a record of each dealer temporary permit form acquisition and distribution including the following:
  - (a) Vehicle purchaser's names;
  - (b) Vehicle identification;
  - (c) Dates of vehicle sales and deliveries; and
- (d) Date and location of purchase of each permit form and the permit number.

# WSR 99-02-055 PERMANENT RULES DEPARTMENT OF REVENUE

[Filed January 5, 1999, 3:36 p.m.]

Date of Adoption: January 5, 1999.

Purpose: WAC 458-20-231 explains the internal distribution tax imposed by RCW 82.04.270 which was effective through June 30, 1998. The internal distribution tax applied to transfers of tangible personal property from a central location to retail outlets without a change of ownership.

Citation of Existing Rules Affected by this Order: Amending WAC 458-20-231 Tax on internal distribution.

Statutory Authority for Adoption: RCW 82.32.300.

Adopted under notice filed as WSR 98-22-046 on October 30, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 1, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 1, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

January 5, 1999

Russell W. Brubaker

Assistant Director

AMENDATORY SECTION (Amending WSR 90-23-020, filed 11/14/90, effective 12/15/90)

WAC 458-20-231 Tax on internal distribution. (1) Introduction. ((The intent of)) Effective July 1, 1998, the tax on internal distribution was repealed by chapter 329, Laws of 1998. Prior to July 1, 1998, RCW 82.04.270 ((is to impose)) imposed a tax equal to the wholesaler's tax upon persons doing functions essentially the same as those of a wholesaler. but not making sales. Persons engaged in the business of distributing articles of tangible personal property owned by them from their own warehouse or other central location in this state to two or more of their own retail stores or outlets in this state ((are)) were taxable under the internal distribution classification of the business and occupation tax. This tax ((applies)) applied to transfers of merchandise from a central location to retail outlets even if the goods ((are)) were preordered and there ((is)) was no inspection or opening of cartons or boxes at or by the central location.

- (2) Warehouse or other central location. The term "warehouse or other central location" generally means any facility regardless of the type of activity conducted there, which is operated in this state by a person who distributed tangible personal property from that facility to two or more of his or her own retail stores or outlets.
- (a) This term includes any retail outlet no matter how the distributed goods are inventoried or stored at such outlet. The term includes any facility, central distributing point, building, loading platform and adjacent areas operated by the taxpayer where articles of tangible personal property are received and from which they are distributed. Such facilities, distributing points, buildings, platforms and areas are included within the term regardless of how long such property may remain at such places and regardless of the nature of the activity performed at such places with respect to such property.
- (b) This term also includes any manufacturing or processing facility operated by the taxpayer from which such distribution is made. The term does not include facilities operated by other persons at which team track deliveries are

made into trucks for distribution to retail outlets nor does it include any individual trucks owned by the taxpayer from which deliveries are made at facilities or places not owned by the taxpayer to other trucks for distribution to retail outlets.

- (3) Two or more retail stores or outlets. The term "two or more of their own retail stores or outlets" means two or more retail stores operated within this state separate and apart from any "warehouse or other central location." The term does not include a retail store or retail outlet, a part of which is operated as a warehouse from which distribution is made. However, a retail store or outlet will be counted as separate and apart, even though it may be located within the same premises or under the same roof as a warehouse or central location, if it is operated separately, as evidenced for example by separate employee payrolls, accounting records, inventory control, or clearly defined work and retail sale areas. The term does not include trucks or vans used solely for delivery purposes. The term does include trucks or vans from which sales are made at retail such as sales of safety shoes or food through catering vans. The term "retail store or outlet" does not include vending machines or similar devices through which sales are made by coin deposits. However, the term includes business establishments which sell goods to consumers primarily through the use of such devices.
- (a) Transfers of merchandise for sale on consignment are not subject to the internal distributions tax when the merchandise is delivered to retail outlets operated by another retailer. Such transfers are not taxable because delivery is not made to the distributors own retail stores or outlets.
- (b) Shipments directly to a consumer from a warehouse or central location are not subject to the internal distributions tax even if the billing to the consumer is made from a branch location of the distributor. There must be a physical delivery of the merchandise to the branch location for the internal distributions tax to apply.
- (4) Articles of tangible personal property. The term "articles of tangible personal property" means all goods distributed from a warehouse or central location for sale, including particular articles which may be distributed to only one of two or more retail stores or outlets.
- (5) **Taxable distributions**. In cases where the taxpayer sells at both wholesale and retail, the internal distribution tax will not apply with respect to articles distributed for sale at wholesale and upon the sale of which tax will be due under the classification wholesaling—other. (((a))) Articles distributed from independent manufacturers or distributors directly to the taxpayer's retail stores or outlets, or the taxpayer's retail customers are not taxable distributions by the taxpayer. Only the first distribution of seasonal or other goods from a warehouse or central location is taxable, whether or not such goods were originally received in a retail store and later transferred to the warehouse or central location from which taxable distribution is later made.
- (6) Determination of the value of the articles distributed. The value of articles distributed shall correspond as nearly as possible to gross proceeds of sales at wholesale in this state by other taxpayers of similar articles of like quality and character and in similar quantities.

- (7) Methods for determining taxable value. One of the following methods must be used for determining the taxable value of internal distributions.
- (a) Method 1. Cost of production. The value of articles distributed may be computed upon the basis of the cost of manufacturing or producing such articles. In such case there shall be included every item of cost attributable to the particular article or articles manufactured or produced, including direct and indirect overhead costs and the cost of transportation to the local distribution point. In such event tax liability accrues during the period in which the articles are distributed.
- (b) Method 2. Purchase price. The value of articles distributed may be computed upon the basis of purchase price including delivery costs of such articles delivered at the local distribution point. The purchase price must include the amount of state and federal excise taxes imposed upon the distributor for the sale, handling or distribution of the articles distributed, whether such taxes are paid by the distributor to his vendor, or are paid by him directly to the taxing body. In such event tax liability accrues during the period in which the articles were purchased, even though the particular articles purchased may not be distributed until a later date. (Not available to those who manufacture or produce the articles distributed.)
- (c) Method 3. Invoice price to retail store. The value of articles distributed may be computed upon the basis of charges or memorandum invoices rendered to the retail stores at the time the articles are distributed, providing the amount of such charges or invoices is not less than the cost price of such articles. In computing the cost price, there must be included the amount of state and federal excise taxes imposed upon the distributor for the sale, handling or distribution of the articles distributed, whether such taxes are paid by the distributor to his vendor, or are paid by him directly to the taxing body. In such event tax liability accrues during the period in which the articles are distributed.
- (d) Method 4. Retail selling price less 15%. The value of articles distributed may be computed upon the basis of the retail selling price less 15%. In such event tax liability accrues during the period in which the articles are sold at retail.
- (e) Method 5. Corresponding wholesale sales. The value of articles distributed may be determined according to the gross proceeds of sales of similar articles of like quality, character and quantity where bona fide wholesale sales are made during the same period, either by the taxpayer or by others, and providing a general standard price is established for such articles during said period. In such event tax liability accrues during the period in which the articles are distributed.
- (8) Election to be made. A taxpayer may elect to report upon the basis of any one of the five above methods, providing that the method elected shall be applied to all articles distributed, and after such election is made such taxpayer shall not be permitted to change to any other method without securing the written consent of the department of revenue. Taxpayers who manufacture the product may use method 1 for those products and any one of the other methods for products which they do not manufacture. Intricate or unusual problems concerning determination of the value of articles

distributed should be submitted to the department for special ruling. (((a))) The statute ((provides)) provided that the internal distributions tax may not be assessed twice to the same person for the same article. In the absence of separate accounting for articles upon which the tax has or has not been paid, the taxpayer may use percentage formula computed according to a factual segregation of articles distributed for a test period of at least two representative months. Any such formula is subject to approval by the department.

# WSR 99-02-064 PERMANENT RULES DEPARTMENT OF AGRICULTURE

[Filed January 6, 1999, 10:29 a.m.]

Date of Adoption: January 6, 1999.

Purpose: Establish an agricultural commodity commission to represent turfgrass seed growers in Eastern Washington. The commission will have authority to collect assessments on turfgrass seed at the first point of sale to fund programs for (1) research in the production, processing or distribution of turfgrass seed, (2) provide for collection and dissemination of information pertaining to turfgrass seed and (3) establish and conduct programs to develop markets for turfgrass seed by-products.

Citation of Existing Rules Affected by this Order: New chapter 16-545 WAC.

Statutory Authority for Adoption: RCW 15.65.050.

Adopted under notice filed as WSR 98-19-118 on September 23, 1998.

Changes Other than Editing from Proposed to Adopted Version: WAC 16-545-010(9); fine fescue changed to hard fescue to clarify definition of turfgrass seed. WAC 16-545-020 (2)(ii); the words "value of" added for clarification of board membership. WAC 16-545-020 (11)(g); frequency of audit changed from annually to every five years.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 8, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 8, Amended 0, Repealed 0.

Effective Date of Rule: Thirty-one days after filing.

January 6, 1999 Jim Jesernig Director

# Chapter 16-545 WAC

# **Turfgrass Seed Commission**

## **NEW SECTION**

WAC 16-545-010 Definitions of terms. For the purpose of this marketing order:

- (1) "Director" means the director of agriculture of the state of Washington or the director's duly appointed representative.
- (2) "Department" means the department of agriculture of the state of Washington.
- (3) "Act" means the Washington State Agriculture Enabling Act of 1961 or chapter 15.65 RCW.
- (4) "Person" means any person, firm, association or corporation.
- (5) "Affected producer" means any person who produces, or causes to be produced, in commercial quantities, turfgrass seed in the state of Washington.
- (6) "Commercial quantity" means all the turfgrass seed produced for sale in any calendar year by any producer.
- (7) "Affected handler" means any person who acts as principal or agent or otherwise in processing, selling, marketing or distributing turfgrass seed not produced by the handler and shall include any lending agencies for a commodity credit corporation loan to producers.
- (8) "Turfgrass seed commodity board" referred to as "board" means the turfgrass seed commodity board formed under WAC 16-545-020.
- (9) "Turfgrass seed" means Kentucky bluegrass, perennial ryegrass, tall fescue, hard fescue, slender fescue, and creeping red fescue. Forage fescue and reclamation grass seed are excluded from this order.
- (10) "Turfgrass seed by-products" means turfgrass seed straw and screenings.
- (11) "Marketing season" or "fiscal year" means the twelve-month period beginning on June 1 of any year and ending with the last day of May, both dates being inclusive.
- (12) "Producer-handler" is both a "producer" and a "handler" with respect to turfgrass seed and is covered by this order as a producer when engaged in the business of producing turfgrass seed or a handler when engaged in processing, selling, marketing or distributing turfgrass seed.
- (13) "Affected area" or "production area" means that portion of the state of Washington located east of the summit of the Cascade Mountains.
- (14) "Sell" includes offer for sale, expose for sale, and have in possession for sale, exchange, barter or trade.
- (15) "Affected unit" means one pound net pay weight of turfgrass seed.

# **NEW SECTION**

WAC 16-545-015 Turfgrass seed districts. (1) District 1 consists of Chelan, Douglas, Ferry, Okanogan, Pend Orielle, Spokane and Stevens counties.

(2) District 2 consists of Asotin, Columbia, Garfield, Walla Walla, and Whitman counties.

- (3) District 3 consists of Adams, Franklin, Grant, and Lincoln counties.
- (4) District 4 consists of Benton, Kittitas, Klickitat, and Yakima counties.

WAC 16-545-020 Turfgrass seed board. (1) Administration. The provisions of this order and the applicable provisions of the act is administered and enforced by the board as the designee of the director.

# (2) Board membership.

- (a) The board consists of seven members. Five members are affected producers elected under provisions of this order. One member is an affected handler appointed by the elected producers. The director appoints one member of the board who is neither an affected producer nor an affected handler to represent the department and the public.
  - (b) Each district has one board member.
- (i) Positions one through four represent each of the numbered districts.
- (ii) Position five represents the district with the highest reported value of production of turfgrass seed the previous three years.
- (iii) Position six is a handler appointed by the elected producers.
- (iv) Position seven is the member appointed by the director.

# (3) Board membership qualifications.

- (a) The affected producer members of the board must be practical producers of turfgrass seed in the district in and for which they are nominated and elected and must be citizens and residents of the state of Washington, over the age of twenty-five years, each of whom is and has been actually engaged in producing turfgrass seed within the state of Washington for a period of three years and has during that time derived a substantial portion of his or her income therefrom and who is not engaged in business as a handler or other dealer.
- (b) The affected handler member of the board must be a practical handler of turfgrass seed and must be a citizen and resident of the state of Washington, over the age of twenty-five years and who is and has been, either individually or as an officer or an employee of a corporation, firm, partnership association or cooperative actually engaged in handling turfgrass seed within the state of Washington for a period of five years and has during that period derived a substantial portion of his or her income therefrom.
- (c) The qualifications of members of the board must continue during their term of office.

## (4) Term of office.

- (a) The term of office for members of the board is three years. One-third of the membership as nearly as possible must be elected each year.
- (b) Membership positions on the board are designated numerically; affected producers will have positions one through five, the affected handler will have position six and the member appointed by the director will have position seven.

(c) The term of office for the initial board members must be as follows:

Positions one and three - three years, ending on January 31, 2002.

Positions two and five - two years, ending on January 31, 2001.

Positions four and six - one year, ending on January 31, 2000.

- (d) No member of the board can serve more than two full consecutive three-year terms.
  - (5) Nomination and election of board members.
- (a) Each year the director shall call for nomination meetings in those districts whose board members term is about to expire. The meetings must be held at least thirty days in advance of the date set by the director for the election of board members. Notice of every meeting must be published in a newspaper of general circulation within the affected district at least ten days in advance of the date of the meeting and in addition, written notice of every meeting must be given to all affected producers within the affected district according to the list maintained by the director under RCW 15.65.200 of the act. Nonreceipt of notice by any interested person will not invalidate the proceedings at the nomination meeting. Any qualified affected producer may be nominated orally for membership on the board at the nomination meetings. Nominations may also be made within five days after the meeting by written petition filed with the director, signed by at least five affected producers. At the inception of this order, nominations may be made at the issuance hearing.
- (b) If the board moves and the director approves that the nomination meeting procedure be deleted, the director shall give notice of the vacancy by mail to all affected producers. Nominating petitions for producers must be signed by at least five affected producers of the district from which the candidate will be elected. The final date for filing nominations must be at least twenty days after the notice was mailed.

## (6) Election of board members.

- (a) Members of the board must be elected by secret mail ballot within the month of January under the supervision of the director. Affected producer members of the board must be elected by a majority of the votes cast by the affected producers within the affected district. Each affected producer is entitled to one vote.
- (b) If a nominee does not receive a majority of the votes on the first ballot a runoff election must be held by mail in a similar manner between the two candidates for the position receiving the largest number of votes.
- (c) Notice of every election for board membership must be published in a newspaper of general circulation within the affected district at least ten days in advance of the date of the election. At least ten days before every election for board membership, the director shall mail a ballot of the candidates to each affected producer entitled to vote whose name appears upon the list of the affected producers maintained by the director in accordance with RCW 15.65.200 of the act. Any other affected producer entitled to vote may obtain a ballot by application to the director upon establishing their qualifications. Nonreceipt of a ballot by an affected producer will not invalidate the election of any board member.

[81] Permanent

- (d) The appointed handler member of the initial board shall be elected by a majority of the elected members at the first meeting.
- (7) **Removal of board members**. A board member may be removed by a vote of the board if that member fails to attend any three consecutive meetings of the board, duly noticed.
- (8) Vacancies prior to election. In the event of a vacancy on the board, the remaining members shall select a qualified person to fill the unexpired term.
- (9) Quorum. A majority of the members is a quorum for the transaction of all business and to execute the duties of the board.
- (10) **Board compensation**. No member of the board will receive any salary or other compensation, but each member may be compensated for each day in actual attendance at or traveling to and from meetings of the board or on special assignment for the board, in accordance with RCW 43.03.230 together with travel expenses in accordance with RCW 43.03.050 and 43.03.060.
- (11) **Powers and duties of the board**. The board shall have the following powers and duties:
- (a) To administer, enforce and control the provisions of this order as the designee of the director.
- (b) To elect a chairman and other officers as the board deems advisable.
- (c) To employ and discharge at its discretion the personnel, including attorneys engaged in the private practice of law subject to the approval and supervision of the attorney general, as the board determines are necessary and proper to execute the purpose of the order and effectuate the declared policies of the act.
- (d) To pay only from moneys collected as assessments or advances thereon the costs arising in connection with the formulation, issuance, administration and enforcement of the order. The expenses and costs may be paid by check; draft or voucher in the form and the manner and upon the signature of the person as the board may prescribe.
- (e) To reimburse any applicant who has deposited money with the director to defray the costs of formulating the order.
- (f) To establish a "turfgrass seed board marketing revolving fund" and to deposit the fund in a bank or banks or financial institution or institutions, approved for the deposit of state funds, in which all money received by the board, except as the amount of petty cash for each day's needs, not to exceed one hundred dollars, shall be deposited each day or as often during the day as advisable.
- (g) To keep or cause to be kept in accordance with accepted standards of good accounting practice accurate records of all assessments, collections, receipts, deposits, withdrawals, disbursements, paid outs, moneys and other financial transactions made and done under this order. The records, books and accounts must be audited at least once every five years subject to procedures and methods lawfully prescribed by the state auditor. The books and accounts must be closed as of the last day of each fiscal year of the commission. A copy of the audit shall be delivered within thirty days after completion to the governor, the director, the state auditor and the board.

- (h) To require a bond of all board members and employees of the board in a position of trust in the amount the board may deem necessary. The board must pay the premium for the bond or bonds from assessments collected. The bond may not be necessary if any blanket bond covering officials or employees of the state of Washington covers any board member or employee.
- (i) To prepare a budget or budgets covering anticipated income and expenses to be incurred in carrying out the provisions of the order during each fiscal year.
- (j) To establish by resolution a headquarters, which shall continue unless, changed by the board. All records, books and minutes of board meetings must be kept at the headquarters.
- (k) To adopt rules of a technical or administrative nature, under chapter 34.05 RCW (Administrative Procedure Act).
- (l) To execute RCW 15.65.510 covering the obtaining of information necessary to effectuate the order and the act, along with the necessary authority and procedure for obtaining the information.
- (m) To bring actions or proceedings upon joining the director as a party for specific performance, restraint, injunction or mandatory injunction against any person who violates or refuses to perform the obligations or duties imposed by the act or order.
- (n) To confer with and cooperate with the legally constituted authorities of other states and of the United States to obtaining uniformity in the administration of federal and state marketing regulations, licenses, agreements or orders.
- (o) To execute any other grant of authority or duty provided designees and not specifically set forth in this section.
  - (p) To sue or be sued.
  - (12) Procedures for board.
- (a) The board shall hold regular meetings, at least quarterly, with the time and date fixed by resolution of the board and held in accordance with chapter 42.30 RCW (Open Public Meetings Act).
- (b) The board shall hold an annual meeting, at which time an annual report will be presented. The proposed budget must be presented for discussion at the meeting. Notice of the annual meeting must be filed in accordance with chapter 42.30 RCW (Open Public Meetings Act). Notice of the annual meeting must be given at least ten days prior to the meeting by written notice to each producer and by notifying the regular news media.
- (c) The board shall establish by resolution the time, place, and manner of calling special meetings of the board with twenty-four hours written notice to the members. A board member may waive in writing his or her notice of any special meeting.

WAC 16-545-030 Marketing order purposes. The order is to promote the general welfare of the state, to enable producers of turfgrass seed to help themselves establish orderly, fair, sound, efficient, unhampered marketing, grading and standardization of turfgrass seed. To execute the purposes of the order, the board shall provide for a program in one or more of the following areas:

Permanent [82]

- (1) Provide for research in the production, processing or distribution of turfgrass seed and expend the necessary funds for the purposes. Insofar as practicable, the research must be carried out by experiment stations of Washington State University, but if in the judgment of the board that the experiment stations do not have adequate facilities for a particular project or if some other research agency has better facilities therefor, the project may be carried out by other research agencies selected by the board.
- (2) Provide for collection and dissemination of information pertaining to turfgrass seed and turfgrass seed by-products.
- (3) Establish and conduct programs to develop markets for turfgrass seed by-products.
- (4) Under no circumstances are any sections of this marketing order to be construed as authorizing or permitting any programs pertaining to marketing or promotion of turfgrass seed.

WAC 16-545-040 Assessments and collections. (1) Assessments. (a) The assessment on all varieties of turfgrass seed subject to this marketing order shall be 0.3 percent (three tenths of one percent) of the net receipts at the first point of sale and shall be deducted by the first purchaser from the price paid to the grower. The assessment shall be remitted to the commission board in accordance with procedures adopted by the commission board.

- (b) The assessments shall not be payable on any turfgrass seed used by the affected producer on their premises for feed, seed and personal consumption.
- (2) Collections. Excess moneys collected by the board under the order during the fiscal year may be carried over and used during the next successive fiscal year. The board may also recommend that excess moneys at the close of a fiscal year be refunded on a pro rata basis to the affected producers from whom the moneys were collected.
- (3) **Penalties.** Any due and payable assessment levied in the specified amount as may be determined by the board under the act and the order, is a personal debt of the person assessed or who owes the debt, and it is due and payable to the board when payment is called for by the board. If a person fails to pay the board the full amount of the assessment by the date due, the board may add to the unpaid assessment or sum an amount not exceeding ten percent of the amount to defray the cost of enforcing the collecting the assessment. In the event of failure of the person or persons to pay the full amount due, the board may bring a civil action against the person or persons in a state court of competent jurisdiction for the collection thereof, together with the above specified ten percent thereon, and the action shall be tried and judgment rendered as in any other cause of action for debt due and payable.

# **NEW SECTION**

WAC 16-545-041 Time—Place—Method for payment and collection of assessments. Effective with the growing season of 1999, the following procedure is estab-

- lished for the reporting and paying of assessments levied pursuant to RCW 15.65.410 and WAC 16-545-040:
- (1) All first handlers of turfgrass seed grown in the state of Washington, or the person acting on behalf of a first buyer, shall withhold the amount of assessment from their remittance to growers of turfgrass seed and transmit it to the commission.
- (2) All assessments will be due and payable to the commission within thirty days of collection. With the submission of the assessments, a report listing the name, address, volume handled or purchased and amount deducted or collected for each producer must be submitted to the commission on forms provided by or approved by the commission.
- (3) Any assessments paid after the above deadlines shall be accompanied by an administrative fee of 10% in accordance with RCW 15.65.440 of the act.

# **NEW SECTION**

WAC 16-545-050 Obligations of the board. Obligations incurred by the board or employee or agent pertaining to their performance or nonperformance or misperformance of any matters or things authorized, required or permitted them by the act or this order, and any other liabilities or claims against them or any of them shall be enforced in the same manner as if the whole organization under the order were a corporation. No liability for the debts or actions of the board, employee or agent incurred in their official capacity under this order shall exist either against the board, officers, employees or agents in their individual capacity, nor against the state of Washington or any subdivision or instrumentality thereof nor against any other organization, administrator or board (or employee or agent) established under this act or the assets thereof. The board, and its agents and employees, shall not be held responsible individually in any way whatever to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person or employee, except for their own individual acts of dishonesty or crime. No person or employee shall be held responsible individually for any act or omission of any other board, member of the board, or other person. The liability of the members of the board shall be several and not joint and no member shall be liable for the default of any other member.

# **NEW SECTION**

WAC 16-545-080 Separability. If any provisions of the order are declared invalid, or the applicability to any person, circumstances or thing is held invalid, the validity of the remainder provisions or of the applicability to any other person, circumstances or thing shall not be affected.

# WSR 99-02-001 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-253—Filed December 23, 1998, 3:39 p.m., effective December 24, 1998, 12:01 a.m.]

Date of Adoption: December 21, 1998. Purpose: Commercial fishing rules.

Citation of Existing Rules Affected by this Order: Amending WAC 220-33-040.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The smelt return to the Columbia River Basin is expected to be poor in 1999. Season is reduced from seven days/week to one twelve-hour period per week to provide information on relative abundance and impacts to spawning escapement is expected to be very minor. There is insufficient time to promulgate permanent rules.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 1, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: December 24, 1998, 12:01 a.m.

December 21, 1998 Sara G. LaBorde for Larry Peck Acting Director

# **NEW SECTION**

WAC 220-33-04000H Smelt—Areas and seasons. Notwithstanding the provisions of WAC 220-33-040, effective 12:01 a.m. December 24, 1998, until further notice it is unlawful to take, fish for or possess smelt taken for commercial purposes, except as provided in this section:

**Dates:** Wednesdays, from 7:00 a.m. to 7:00 p.m. December 30, 1998 through February 10, 1999

**Area:** Salmon Management and Catch Reporting Areas 1A, 1B, 1C, 1D and 1E.

Gear: Gillnets, dipnets and trawl nets.

Allowable sales: Smelt.

Sanctuaries: Standard river mouth sanctuaries.

# WSR 99-02-002 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-255—Filed December 23, 1998, 3:41 p.m., effective January 1, 1999, 12:01 a.m.]

Date of Adoption: December 23, 1998.

Purpose: Personal use rules.

Citation of Existing Rules Affected by this Order: Amending WAC 220-56-350 and 220-56-380.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This regulation is necessary to shorten or close seasons to protect smaller than normal populations of clams and oysters. The exception is for Mystery Bay State Park which opens for clam harvest based on higher than normal population surveys. There is insufficient time to promulgate permanent rules.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 2, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: January 1, 1999, 12:01 a.m.

December 23, 1998 Sara G. LaBorde for Larry Peck Acting Director

# **NEW SECTION**

WAC 220-56-35000V Clams other than razor clams—Areas and seasons, Notwithstanding the provisions of WAC 220-56-350, effective 12:01 a.m. January 1, 1999 until further notice, it is unlawful to harvest or possess clams, cockles, or mussels taken for personal use from the following public tidelands during the closed periods herein, and lawful to harvest only during the open periods specified herein:

(1) Cline Spit - Closed until further notice

[1] Emergency

- (2) Dosewallips State Park Closed through February 28.
  - (3) Mystery Bay State Park Open until further notice.
- (4) North Sequim Bay State Park Closed until further notice
  - (5) Oak Bay County Park Closed until further notice.
  - (6) Potlatch DNR Closed through February 28.
  - (7) Potlatch State Park Closed through February 28.
  - (8) Sequim Bay State Park Closed until further notice.

WAC 220-56-38000P Oysters—Areas and seasons. Notwithstanding the provisions of WAC 220-56-380, effective 12:01 a.m. January 1, 1999 until further notice, it is unlawful to harvest or possess oysters taken for personal use from the following public tidelands except as provided below:

- (1) Dosewallips State Park Closed through February 28.
- (2) Point Whitney Tidelands Closed until further notice.
  - (3) Potlatch State Park Closed through February 28.

# WSR 99-02-004 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-259—Filed December 24, 1998, 8:03 a.m., effective December 31, 1998, 4:00 p.m.]

Date of Adoption: December 23, 1998.

Purpose: Commercial and personal use rules.

Citation of Existing Rules Affected by this Order: Amending WAC 220-52-046 and 220-56-330.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The closures in this emergency rule are necessitated by federal court order. The state may not authorize commercial shellfish harvests absent agreed planning or compliance with a process. Agreed plans with applicable tribes have been entered as required by the court order. Such plans have the effect of a federal court order. 898 F.Supp. 1453, 1466, 3.1. Pursuant to RCW 34.04.350 [34.05.350], the need to comply with such federal court orders in the form of allocative management plans constitutes an emergency that requires bypassing the time periods inherent in permanent rule making. Additionally, test fishing results from Marine Fish/Shellfish Management and Catch Reporting Area 24B, and portions of Areas 24C, and 26A do not meet hardshell criteria established by agreed state/tribal harvest plans. The agreed plans require fishery closures to prevent unacceptable handling mortality and resource loss when hardshell criteria are not met. Failure to comply with the conservation and/or allocation requirements of such plans may result in contempt of federal court or failure of all commercial crab fishing in a given region addressed by a plan. There is insufficient time to promulgate permanent rules.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 2, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: December 31, 1998, 4:00 p.m.

December 23, 1998 Sara G. LaBorde for Larry Peck Acting Director

# NEW SECTION

WAC 220-52-04600K Commercial crab fishery—Allocation/softshell closures. Notwithstanding the provisions of WAC 220-52-046, effective 4:00 p.m. December 31 until further notice, it is unlawful to fish for Dungeness crab for commercial purposes in Puget Sound in the following areas:

- (1) All waters of Marine Fish/Shellfish Management and Catch Reporting Areas 24A, 24B, 24C, 24D, 26A, 25B, and 25D.
- (2) Those waters of Marine Fish/Shellfish Management and Catch Reporting Area 25A west of a line from the new Dungeness Light to the mouth of Cooper Creek.

# **NEW SECTION**

WAC 220-56-33000L Personal use crab fishery—Allocation/ softshell closures. Notwithstanding the provisions of WAC 220-52-330, effective 4:00 p.m. December 31 until further notice, it is unlawful to fish for Dungeness crab taken for personal use from Catch Record Card Areas 8-1 and 8-2, and the portion of Catch Record Card Area 9 north and east of a line from Picnic Point to Possession Point on Whidbey Island.

# WSR 99-02-017 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-256—Filed December 29, 1998, 2:26 p.m., effective January 1, 1999, 12:01 a.m.]

Date of Adoption: December 28, 1998. Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-44-05000T; and amending WAC 220-44-050.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: These regulations are necessary to achieve conservation goals and to maintain consistency between state and federal regulations. There is insufficient time to promulgate permanent rules.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Effective Date of Rule: January 1, 1999, 12:01 a.m.

December 28, 1998 Sara G. LaBorde for Larry Peck Acting Director

## **NEW SECTION**

WAC 220-44-05000U Coastal bottomfish catch limits. Notwithstanding the provisions of WAC 220-44-050, effective 12:01 a.m. January 1, 1999 until further notice, it is unlawful to possess, transport through the waters of the state or land in any Washington State port bottomfish taken from Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A-1, 59A-2, 59B, 60A-1, 60A-2, 61, 62, or 63 in excess of the amounts or less than the minimum sizes shown below for the following species:

- 1. The following definitions apply to this section:
- a. Cumulative limit A cumulative limit is the maximum amount of fish that may be taken and retained, possessed or landed per vessel per calendar month or cumulative period,

without a limit on the number of landings or trips. The cumulative limit includes all fish harvested by a vessel during the cumulative period, whether taken in limited entry or open access fisheries. Once a cumulative limit has been achieved, an operator may begin fishing on the next cumulative limit so long as the fish are not landed until after the beginning of the next cumulative period. For B-platoon vessels a calendar month shall be the 16th of the month through the 15th of the following month. b. Cumulative period - Period 1 - January through March.

- c. Daily trip limit The maximum amount of fish that may be taken and retained, possessed or landed per vessel from a single fishing trip in 24 consecutive hours, starting at 0001 hours.
- d. Groundfish limited entry fishery Fishing activity by a trawl, setline or bottomfish pot equipped vessel that has received a federal limited entry permit issued by the National Marine Fisheries Service endorsed for the qualifying gear type.
- e. Groundfish open access fishery Fishing activity by a vessel equipped with setline or bottomfish pot gear that has not received a federal limited entry permit, or a vessel using gear other than trawl, setline or bottomfish pot gear.
- f. Shrimp trawl fishery includes pink shrimp and spot prawn.
- g. Vessel trip A vessel trip is defined as having occurred upon the initiation of transfer of catch from a fishing vessel.
- h. Vessel trip limit The amount of fish that may not be exceeded per vessel trip. All fish aboard a fishing vessel upon the initiation of transfer of catch are to be counted towards the vessel trip limit.
- i. Dressed length The dressed length of a fish is the distance from the anterior insertion of the first dorsal fin to the tip of the tail.
- 2. Groundfish limited entry fishery limits. The following limits apply to the groundfish limited entry fishery in Coastal Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A-1, 59A-2, 59B, 60A-1, 60A-2, 61, 62, and 63 (notwithstanding the provisions of WAC 220-44-030):
- a. **Pacific ocean perch** One-month cumulative limit of 4,000 pounds. No minimum size.
- b. **Widow rockfish** Cumulative period limits as follows: Period 1 70,000 pounds. No minimum size.
- c. Shortbelly rockfish No minimum size. No maximum poundage.
- d. **Black rockfish** The vessel trip limit for black rockfish for commercial fishing vessels using hook-and-line gear between the U.S. Canada border and Cape Alava (48°09'30" N. latitude) and between Destruction Island (47°40'00" N. latitude) and Leadbetter Point (46°38'10" N. latitude), is 100 pounds (round weight) or 30 percent by weight of all fish on board including salmon, whichever is greater, per vessel trip.
- e. Sebastes complex All species of rockfish except Pacific ocean perch, widow, shortbelly, and thornyhead (Sebastolobus spp.) Cumulative period limits as follows: Period 1 24,000 pounds of which no more than 15,000 pounds may be yellowtail rockfish and 9,000 pounds may be canary rockfish.

- f. DTS Complex (Dover sole, Thornyhead rockfish, and Sablefish) -
- (1) **Dover sole**, cumulative period limits as follows: Period 1 70,000 pounds.
- (2) Longspine thornyheads, cumulative period limits as follows: Period 1 12,000 pounds.
- (3) Shortspine thornyheads, cumulative period limits as follows: Period 1 3,000 pounds.
  - (4) Sablefish -
- (a) Trawl vessels Cumulative period limits as follows: Period 1 - 13,000 pounds. Not more than 500 pounds (round weight) of sablefish per trip may be smaller than 22 inches. Sablefish total length of 22 inches is equivalent to dressed length of 15.5 inches. To convert sablefish from dressed weight to round weight, multiply the dressed weight by 1.6.
- (b) **Non-trawl vessels** Daily trip limit of 300 pounds (round weight). Cumulative limit of 2,400 pounds per two-month period.
- g. Pacific Whiting Trip limit of 10,000 pounds. No minimum size.
- h. Lingcod Cumulative period limits as follows: Period 1 1,500 pounds. Total length minimum size limit of 24 inches. Lingcod total length of 24 inches is equivalent to dressed length of 19.5 inches. To convert lingcod from dressed weight to round weight, multiply the dressed weight by 1.5. To convert lingcod from dressed, head on (gutted only), weight, multiply the dressed weight by 1.1.
- (1) It shall be lawful to land up to 100 pounds of lingcod under 24 inches taken in the trawl fishery only.
- 3. Groundfish open access fishery limits. The following limits apply to the groundfish open access fishery in Coastal Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A-1, 59A-2, 59B, 60A-1, 60A-2, 61, 62, and 63 (notwithstanding the provisions of WAC 220-44-030). Notwithstanding the provisions of this subsection, no groundfish open access fishery limit may exceed a groundfish limited entry fishery daily, vessel or cumulative limit or more than 33% of any period 1 cumulative limit.
- (a) Sablefish Daily trip limit of 300 pounds (round weight) not to exceed two-month cumulative limit of 1,800 pounds. No minimum size.
- (b) Pacific ocean perch Cumulative limit of 100 pounds per calendar month.
- (c) Widow rockfish Cumulative limit of 2,000 pounds per calendar month.
- (d) Sebastes complex All species of rockfish except Pacific ocean perch, widow, shortbelly, and thornyhead (Sebastolobus spp.) Cumulative limit of 3,600 pounds per calendar month of which no more than 2,600 pounds may be yellowtail rockfish and 1,000 pounds may be canary rockfish.
- (e) Lingcod Illegal to take, possess, transport or land lingcod, except April 1st until further notice when there is a cumulative limit of 250 pounds per calendar month.
- (f) Pacific whiting Cumulative limit of 100 pounds per calendar month.
- (g) **Dover sole** Cumulative limit of 100 pounds per calendar month.
- (h) Shortspine thornyheads Illegal to take, possess, transport or land shortspine thornyheads.

- (i) Longspine thornyheads Illegal to take, possess, transport or land longspine thornyheads.
- 4. Shrimp trawl fishery limits: Trip limit of 300 pounds of groundfish, not to exceed any single open access species limit.
- 5. Vessels engaged in chartered research for National Marine Fisheries Service (NMFS) may land and sell bottomfish caught during that research without the catch being counted toward any trip or cumulative limit for the participating vessel. Vessels that have been compensated for research work by NMFS with an Exempted Fishing Permit (EFP) to land fish as payment for such research may land and sell fish authorized under the EFP without the catch being counted toward any trip or cumulative limit for the participating vessel. Any bottomfish landed during authorized NMFS research or under the authority of a compensating EFP for past chartered research work must be reported on a separate fish receiving ticket and not included on any fish receiving ticket reporting bottomfish landed as part of any trip or cumulative limit. Bottomfish landed under the authority of NMFS research work or an EFP compensating research with fish must be clearly marked "NMFS Compensation Trip" on the fish receiving ticket in the space reserved for dealer's use. The NMFS scientist in charge must sign the fish receiving ticket in the area reserved for dealer's use if any bottomfish are landed during authorized NMFS research. If the fish are landed under the authority of an EFP as payment for research work, the EFP number must be listed in the dealer's use space.
- 6. It is unlawful during the unloading of the catch and prior to its being weighed or leaving the unloading facility to intermix with any other species or category of bottomfish having a cumulative limit, vessel trip limit or daily trip limit.
- 7. The fisher's copy of all fish receiving tickets showing landings of species provided for in this section shall be retained aboard the landing vessel for 90 days after landing.

# **REPEALER**

[4]

The following section of the Washington Administrative Code is repealed effective 11:59 p.m. December 31, 1998:

WAC 220-44-05000T Coastal bottomfish catch limits. (98-236)

# WSR 99-02-022 EMERGENCY RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Filed December 30, 1998, 10:57 a.m.]

Date of Adoption: December 30, 1998.

Purpose: Declare a dividend that is to be distributed to all businesses that paid into the industrial insurance accident fund between July 1, 1997, through June 30, 1998.

Statutory Authority for Adoption: RCW 51.04.020, 51.16.035, 51.16.160.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Declare a dividend that is to be distributed to all businesses that paid into the industrial insurance accident fund between July 1, 1997, through June 30, 1998 (fiscal year 1998). The department is required to declare the dividend and formula to be used to calculate the dividend. It is essential to issue the dividend refunds quickly as the interest bearing market funds to produce the surplus dividend has a potential to be volatile. This rule is not to be promulgated on a permanent basis.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 1, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 1, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Immediately.

December 30, 1998 Gary Moore Director

# **NEW SECTION**

WAC 296-17-90501 Dividend declaration. Except as provided in WAC 296-17-905 and 296-17-907, the director declares a dividend on December 30, 1998, for employers insured by the industrial insurance accident fund for the fiscal year period beginning July 1, 1997, through June 30, 1998, in the amount of approximately two hundred million dollars.

The department will freeze and evaluate the accident fund premium data on December 31, 1998, to determine the exact amount of the dividend. Dividend payments shall be made to employers with reasonable efforts within sixty days from December 30, 1998, but not to exceed one hundred twenty days. The department shall distribute dividends to all employers that paid premiums into the accident fund for the fiscal year period beginning July 1, 1997, through June 30, 1998. Employers entitled to a dividend distribution who are not in default as of December 31, 1998, for failure to pay assessments owed to the department, including any over due premiums, interest and/or penalties owed to the department shall receive a dividend payment; other eligible employers will receive credit to their industrial insurance account.

The dividend has been determined by the actuaries of the department and an employer's share is to be calculated using the following formula:

Employer's Dividend = FY 1998 Accident fund premiums collected and assessed net of up-front discounts x 32.3%.

# WSR 99-02-025 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-260—Filed December 30, 1998, 2:16 p.m., effective January 2, 1999, 12:01 a.m.]

Date of Adoption: December 29, 1998.

Purpose: Personal use rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-56-27000C and 220-56-27000D; and amending WAC 220-56-270.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The smelt return to the Columbia River basin is expected to be poor in 1999. Season is reduced from seven days/week to two periods per week to provide information on relative abundance and impacts to spawning escapement is expected to be very minor. There is insufficient time to promulgate permanent rules.

# **NEW SECTION**

WAC 220-32-05700Z Columbia River sturgeon seasons above Bonneville Dam. Notwithstanding the provisions of WAC 220-32-057, effective immediately until further notice, it is unlawful to take, fish for or possess sturgeon taken for commercial purposes in Columbia River Salmon Management Catch Reporting Areas 1F, 1G, and 1H, except those individuals possessing treaty fishing rights under the Yakima, Warm Springs, Umatilla, and Nez Perce treaties may fish for sturgeon with set line gear under the following provisions:

- 1) From January 1, 1999 through January 31, 1999.
- 2) During the season specified in Section 1, it is unlawful to:
- a) retain for commercial purposes sturgeon less than 48 inches or greater than 60 inches in length.
- b) sell, barter, or attempt to sell or barter sturgeon eggs that have been removed from the body cavity of a sturgeon prior to sale of the sturgeon to a wholesale dealer licensed under chapter RCW 75.28, or to sell or barter sturgeon eggs at retail.
- c) deliver to a wholesale dealer licensed under chapter RCW 75.28 any sturgeon that are not in the round with the head and tail intact.
- 3) During the season specifies in Section 1, it is unlawful to use set line gear:
  - a) with more than 100 hooks per set line
  - b) with hooks less than the minimum size of 9/0
  - c) with treble hooks
- d) without visible buoys attached and with buoys that do not specify operator and tribal identification.

#### REPEALER

The following section of the Washington Administrative Code is repealed effective 11:59 p.m. January 31, 1999:

WAC 220-32-05700Z

Columbia River sturgeon seasons above Bonneville Dam.

# WSR 99-02-027 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 98-262—Filed December 30, 1998, 2:22 p.m.]

Date of Adoption: December 29, 1998. Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-07300I; and amending WAC 220-52-073.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable amounts of sea urchins exist in the areas described. Prohibition of all diving within two days of scheduled green sea urchin openings discourages the practice of fishing on closed days and hiding the unlawful catch underwater until the legal opening. There is insufficient time to promulgate permanent rules.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: Immediately.

December 29, 1998 Sara G. LaBorde for Larry Peck Acting Director

# **NEW SECTION**

WAC 220-52-07300J Sea urchins Notwithstanding the provisions of WAC 220-52-073, effective immediately until further notice, it is unlawful to take or possess sea urchins taken for commercial purposes except as provided for in this section:

- (1) Red sea urchins: Sea Urchin District 4 is open only on January 6, 1999. The Griffin Bay Special Management Area is only open on January 7, 1999. The maximum daily landing for a vessel on January 7, 1999 is 600 pounds of red sea urchins. It is unlawful to harvest red sea urchins larger or smaller than the following size (size in diameter exclusive of the spines):
  - (a) District 4 3.25 minimum to 5.0 maximum inches.
- (b) Griffin Bay Special Management Area 4.0 minimum to 5.5 maximum inches.
- (2) Green sea urchins: Sea Urchin Districts 1, 2, 3, 4 and Marine Fish/Shellfish Management and Catch Reporting Areas 24A, 24B, 24C, 24D are open only on Mondays, Tuesdays, and Wednesdays of each week. The minimum size for

green sea urchins is 2.25 inches in diameter exclusive of the spines.

- (3) It is unlawful to dive for any purpose from a commercially-licensed fishing vessel, except vessels actively fishing geoducks under contract with the Washington Department of Natural Resources, on Saturdays and Sundays of each week.
- (4) The following Sea Urchin district descriptions supercede the descriptions provided in WAC 220-52-073:
- (a) Sea Urchin District 1 (Northern San Juan Islands) is defined as Marine Fish-Shellfish Management and Catch Reporting Areas 20A, 20B, and those waters of Area 22A north of a line projected east-west one-quarter mile north of Lime Kiln Light on San Juan Island and west of a line projected true north from Limestone Point on San Juan Island.
- (b) Sea Urchin District 2 (Southern San Juans and Port Townsend) is defined as those waters of Marine Fish/Shell-fish Management and Catch Reporting Area 22A south of a line projected east-west one-quarter mile north of Lime Kiln Light on San Juan Island and east of a line projected true north from Limestone Point on San Juan Island, and Areas 21A, 21B, 22B, 23A, 23B, 25A, and 25B. The following areas within Sea Urchin District 2 are closed to the harvest of sea urchins when fishing is allowed in Sea Urchin District 2:
- (I) Those waters of Haro Strait north of a line projected east-west one-half mile south of Eagle Point on San Juan Island and south of a line projected east-west one-quarter mile north of Lime Kiln Light on San Juan Island.
- (ii) Those waters of San Juan Channel and Upright Channel within the following lines: north of a line from Cattle Point on San Juan Island to Davis Point on Lopez Island, south of a line projected from Flat Point on Lopez Island true west to Shaw Island, west of a line from Neck Point on Shaw Island to Steep Point on Orcas Island, and south of a line from Steep Point on Orcas Island to Limestone Point on San Juan Island.
- (c) Griffin Bay Special Management Area is defined as those waters of San Juan Channel and Upright Channel within the following lines: north of a line from Cattle Point on San Juan Island to Davis Point on Lopez Island, south of a line projected from Flat Point on Lopez Island to the northernmost point of Turn Island and thence projected true west to San Juan Island.
- (5) All shellfish diver gear rules in WAC 220-52-073 remain in effect.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

### **REPEALER**

The following section of the Washington Administrative Code is repealed:

WAC 220-52-07300I Sea urchins (98-258)

# WSR 99-02-031 EMERGENCY RULES

### DEPARTMENT OF REVENUE

[Filed December 30, 1998, 3:04 p.m., effective January 1, 1999]

Date of Adoption: December 30, 1998.

Purpose: This rule explains the basis and requirements for the property tax exemption, both partial and total, available to homes for the aging under RCW 84.36.041.

Citation of Existing Rules Affected by this Order: Amending WAC 458-16A-010 Nonprofit homes for the aging.

Statutory Authority for Adoption: RCW 84.36.041 and 84.36.865.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The amendments address the concerns of the Washington Association of Housing and Services for the Aging and the unintended results of the current set-aside requirements in the current rule. When the current rule was adopted in 1995, the participants in the rule-making process failed to consider that a brand new facility financed with exempt bonds, which initially met the low income setaside requirements, might need to refinance these bonds because of interest rate changes or market growth. If such a facility is required to meet the higher set-aside requirements for low-income residents regarding refinancing contained in the current rule, the facility may lose its capacity to serve low-income residents because it may either lose its tax exempt status or ability to refinance. The amendments to this rule will establish that a home initially financed by and granted exemption because of tax exempt bond financing will retain the same set-aside requirements for low-income residents if they refinance the original bond issue. The rule must take effect on January 1, 1999, the date upon which 1999 tax assessments are made, to ensure that no further unintended consequences result from the current rule.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Effective Date of Rule: January 1, 1999.

December 30, 1998
Claire Hesselholt
Rules Manager
Legislation and Policy Division

AMENDATORY SECTION (Amending WSR 95-06-041, filed 2/24/95, effective 3/27/95)

WAC 458-16A-010 Nonprofit homes for the aging. (1) Introduction. Under RCW 84.36.041, a nonprofit home for the aging may be totally or partially exempt from property tax. This section explains the exemptions allowed and the criteria that must be met in order to receive an exemption under this statute. Throughout this section, all requirements will pertain to all types of homes for the aging including, but not limited to, adult care homes, assisted living facilities, continuing care retirement communities (CCRC), and independent housing, unless a particular type of home is separately identified.

- (2) **Definitions.** For purposes of this section, the following definitions apply:
- (a) "Acquisition" means that an existing home for the aging (or home) currently in operation is acquired by a non-profit organization and the ownership of the facility will change as a result of a purchase, gift, foreclosure, or other method.
- (b) "Assistance with activities of daily living" means the home provides, brokers, or contracts for the provision of auxiliary services to residents, such as meal and housekeeping service, transportation, ambulatory service, and attendant care including, but not limited to, bathing and other acts related to personal hygiene, dressing, shopping, food preparation, monitoring of medication, and laundry services.
- (c) "Combined disposable income" means the disposable income of the person submitting the income verification form, plus the disposable income of his or her spouse, and the disposable income of each cotenant occupying the dwelling unit for the preceding calendar year, less amounts paid by the person submitting the income verification form or his or her spouse or cotenant during the previous year for the treatment or care of either person received in the dwelling unit or in a nursing home.
- (i) If the person submitting the income verification form was retired for two months or more of the preceding calendar year, the combined disposable income of the person will be calculated by multiplying the average monthly combined disposable income of the person during the months the person was retired by twelve.
- (ii) If the income of the person submitting the income verification form is reduced for two or more months of the preceding calendar year ((by reason)) because of the death of the person's spouse, the combined disposable income of the person will be calculated by multiplying the average monthly combined disposable income of the person after the death of the spouse by twelve.
- (d) "Complete and separate dwelling units" means that the individual units of a home contain complete facilities for living, sleeping, cooking, and sanitation.

- (e) "Construction" means the actual construction or building of all or a portion of a home that did not exist prior to the construction.
- (f) "Continuing care retirement community" or "CCRC" means an entity that provides shelter and services under continuing care contracts with its residents or includes a health care facility or health service.
- (g) "Continuing care contract" means a contract to provide a person, for the duration of that person's life or for a term in excess of one year, shelter along with nursing, medical, health-related or personal care services, that is conditioned upon the transfer of property, the payment of an entrance fee to the provider of the services, and/or the payment of periodic charges in consideration for the care and services provided. A continuing care contract is not excluded from this definition because the contract is mutually terminable or because shelter and services are not provided at the same location.
- (h) "Cotenant" means a person who resides with an eligible resident and who shares personal financial resources with the eligible resident.
- (i) "Disposable income" means adjusted gross income as defined in the federal Internal Revenue Code, as amended prior to January 1, 1994, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:
- (i) Capital gains, other than nonrecognized gain on the sale of a principal residence under section 1034 of the federal Internal Revenue Code, or gain excluded from income under section 121 of the federal Internal Revenue Code to the extent it is reinvested in a new principal residence;
  - (ii) Amounts deducted for loss;
  - (iii) Amounts deducted for depreciation;
  - (iv) Pension and annuity receipts;
- (v) Military pay and benefits other than attendant-care and medical-aid payments;
- (vi) Veterans benefits other than attendant-care and medical-aid payments;
- (vii) Federal Social Security Act and railroad retirement benefits:
  - (viii) Dividend receipts; and
  - (ix) Interest received on state and municipal bonds.
  - (j) "Eligible resident" means a person who:
- (i) Occupied the dwelling unit as a principal place of residence as of January 1st of the year in which the claim for exemption is filed. The exemption will not be nullified if the eligible resident is confined to a hospital or nursing home and the dwelling unit is temporarily unoccupied or occupied by a spouse, a person financially dependent on the claimant for support, or both;
- (ii) Is sixty-one years of age or older on December 31st of the year in which the claim for exemption is filed, or is, at the time of filing, retired from regular gainful employment by reason of physical disability. A surviving spouse of a person who was receiving an exemption at the time of the person's death will qualify for this exemption if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this subsection; and
- (iii) Has a combined disposable income that is no more than the greater of twenty-two thousand dollars or eighty per-

- cent of the median income adjusted for family size as determined by the federal Department of Housing and Urban Development (HUD) for the county in which the person resides and in effect as of January 1 of the year the application for exemption is submitted.
- (k) "Home for the aging" or "home" means a residential housing facility that:
- (i) Provides a housing arrangement chosen voluntarily by the resident, the resident's guardian or conservator, or another responsible person;
- (ii) Has only residents who are at least sixty-one years of age or who have needs for care generally compatible with persons who are at least sixty-one years of age; and
- (iii) Provides varying levels of care and supervision, as agreed to at the time of admission or as determined necessary at subsequent times of reappraisal.
- (l) "HUD" means the federal Department of Housing and Urban Development.
- (m) "Local median income" means the median income adjusted for family size as most recently determined by HUD for the county in which the home is located and in effect on January 1st of the year the application for exemption is submitted.
- (n) "Low income" means that the combined disposable income of a resident is eighty percent or less of the median income adjusted for family size as most recently determined by HUD for the county in which the home is located and in effect as of January 1st of the year the application for exemption is submitted.
- (o) "Occupied dwelling unit" means a living unit that is occupied on January 1st of the year in which the claim for exemption is filed.
- (p) "Property that is reasonably necessary" means all property that is:
  - (i) Operated and used by a home; and
- (ii) The use of which is restricted to residents, guests, or employees of a home.
- (q) "Refinancing" means the discharge of an existing debt with funds obtained through the creation of new debt. For purposes of this section, even if the application for tax exempt bond financing to refinance existing debt is treated by the financing agent as something other than refinancing, an application for a property tax exemption because of refinancing by tax exempt bonds will be treated as refinancing and the set-asides specific to refinancing will be applied. "Refinancing" shall include tax exempt bond financing in excess of the amount of existing debt that is obtained to modify, improve, restore, extend, or enlarge a facility currently being operated as a home.
- (r) "Rehabilitation" means that an existing building or structure, not currently used as a home, will be modified, improved, restored, extended, or enlarged so that it will be used as a home for elderly and disabled individuals. A project will be considered a rehabilitation if the costs of rehabilitation exceed five thousand dollars. If a home has acquired tax exempt bond financing and does not meet the definition of "rehabilitation" contained in this subsection, the home may be eligible for a total exemption under the "refinancing" definition and if it meets the "refinancing" set-aside requirements. If such a home is not eligible for a total exemption, the

department will determine the home's eligibility for a partial exemption in accordance with the pertinent parts of RCW 84.36.041 and this section.

- (s) "Set-aside(s)" means the percentage of dwelling units reserved for low-income residents when the construction, rehabilitation, acquisition, or refinancing of a home is financed under a financing program using tax exempt bonds.
- (t) "Shared dwelling units" or "shared units" means individual dwelling units of a home that do not contain complete facilities for living, eating, cooking, and sanitation.
- (u) "Taxable value" means the value of the home upon which the tax rate is applied in order to determine the amount of property taxes due.
- (v) "Total amount financed" means the total amount of financing required by the home to fund construction, acquisition, rehabilitation, or refinancing. Seventy-five percent of this amount must be supplied by tax exempt bonds to receive the total exemption from property tax available under the tax exempt bond financing provision of RCW 84.36.041.
- (3) General requirements. To be exempt under this section, a home for the aging must be:
- (a) Exclusively used for the purposes for which exemption is granted, except as provided in RCW 84.36.805;
- (b) Operated by an organization that is exempt from income tax under section 501(c) of the federal Internal Revenue Code; and
  - (c) The benefit of the exemption must inure to the home.
- (4) **Total exemption.** There are three ways in which a home may be totally exempt from property tax. All real and personal property used by a nonprofit home that is reasonably necessary for the purposes of the home is exempt if it meets the general requirements listed in subsection (3) of this section and:
- (a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents;
  - (b) The home is subsidized under a HUD program; or
- (c) The construction, rehabilitation, acquisition, or refinancing of a home is financed under a program using bonds exempt from federal income tax if at least seventy-five percent of the total amount financed uses tax exempt bonds and the financing program requires the home to reserve or setaside a percentage of all dwelling units so financed for low-income residents. See subsections (5), (6), and (7) of this section for tax exempt bond requirements and the percentage of units that must be set-aside for low-income residents in order for the home to be totally exempt.
- (5) Homes or CCRCs financed by tax exempt bonds—Generally. All real and personal property used by a nonprofit home or CCRC may be totally exempt from property tax if at least seventy-five percent of the total amount financed for construction, rehabilitation, acquisition, or refinancing uses tax exempt bonds and the financing program requires the home or CCRC to reserve or set-aside a percentage of all dwelling units so financed for low-income residents.
- (a) The percentage of set-aside units required will vary depending on whether the home is a CCRC, the purpose for which the tax exempt bond financing was obtained, the type of dwelling unit, and the receipt of Medicaid funds. The set-aside requirements for homes are set forth in subsection (6) of

- this section and for CCRCs are set forth in subsection (7) of this section.
- (b) The exemption will be granted in direct correlation between the total amount financed by tax exempt bonds and the portion of the home or CCRC that is constructed, acquired, rehabilitated, or refinanced by tax exempt bonds.
- (c) If tax exempt bonds are used for refinancing, the setaside requirements set forth in subsections (6) and (7) of this section will be applied to the actual area or portion of the home or CCRC to which the bonds correspond.
- (i) Example 1. A CCRC (that accepts Medicaid funds) is composed of a multistory building, six duplexes, and two independent homes and the CCRC has secured tax exempt bonds to satisfy an existing mortgage on the multistory building. Only the multistory building will be considered eligible for a total exemption from property tax because of tax exempt bond financing. To receive the exemption, at least twenty percent of the dwelling units of the multistory building must be set-aside for residents at or below fifty percent of the local median income or at least forty percent of the dwelling units must be set-aside for residents at or below sixty percent of the local median income.
- (ii) Example 2. A home obtains tax exempt bonds to refinance a portion of the home and to fund construction. The department will separately consider the area of the home that corresponds to the purpose for which the tax exempt bonds were obtained. The set-aside requirements related to refinancing will be applied to the portion of the home that corresponds to the mortgage being refinanced and the set-aside requirements related to construction will be applied to the area of the home to be newly constructed. The department will determine the eligibility for partial exemption of the remainder of the home that is not being refinanced or constructed.
- (d) If a total exemption is granted under the tax exempt bond financing provision, the total exemption will remain in effect as long as:
- (i) The home or CCRC remains in compliance with the requirements under which it received the tax exempt bonds;
  - (ii) The tax exempt bonds are outstanding; and
  - (iii) The set-aside requirements are met.
- (e) If a home or CCRC has obtained tax exempt bond financing to modify, improve, restore, extend, or enlarge its existing facility and the project does not meet the definition of rehabilitation contained in subsection (2) of this section, the project will not be considered a rehabilitation and the set-aside requirements related to refinancing or acquisition will be applied in determining eligibility for a total exemption.
- (f) When a home or CCRC no longer meets the criteria for exemption under the tax exempt bond financing portion of the statute, eligibility for exemption under RCW 84.34.041 will be determined by the other provisions of the statute. In other words, a home may receive a total or partial exemption depending on the number of residents who are deemed to be "eligible residents" or who require "assistance with activities of daily living." For example, if a home that previously received a total exemption due to the receipt of tax exempt bond financing has one hundred dwelling units and sixty of those dwelling units are occupied by eligible residents, the home may receive a total exemption.

- (6) Set-aside requirements related to homes and tax exempt bond financing. A specified number of dwelling units within a home must be set-aside for low income residents to obtain a total property tax exemption because of tax exempt bond financing. The set-aside requirements for homes will be determined according to the type of dwelling units contained in the home and the purpose for which the tax exempt bond financing was obtained. The provisions of this section do not apply to CCRCs. The specific set-aside requirements for CCRCs are described in subsection (7) of this section.
- (((a) Complete and separate dwelling units construction or rehabilitation. If financing was obtained for the construction or rehabilitation of a home with any complete and separate units, the following set-asides will apply:
- (i) Ten percent of the total dwelling units financed must be set-aside for residents with incomes at or below eighty percent of the local median income; and
- (ii) Ten percent of the total dwelling units must be setaside for residents at or below-fifty percent of the local median income.
- (b) Complete and separate dwelling units acquisition or refinancing. If financing was obtained to acquire or refinance a home with any complete and separate units, the following set-asides will apply:
- (i) Twenty percent of the total dwelling units financed must be set-aside for residents with incomes at or below fifty percent of the local median income; or
- (ii) Forty percent of the total dwelling units must be setaside for residents at or below sixty percent of the local median income.
- (e) Shared dwelling units—construction, rehabilitation, acquisition, or refinancing. If financing was obtained for the construction, rehabilitation, acquisition, or refinancing of a home with only shared units, the following set-asides apply:
- (i) Ten percent of the total dwelling units financed must be set-aside for residents with incomes at or below eighty percent of the local median income; and
- (ii) Ten percent of the total dwelling units must be setaside for residents at or below fifty percent of the local median income.)) A home must meet the following set-aside requirements to be totally exempt from property tax:

PURPOSE OF BOND FINANCING	TYPE OF  DWELLING UNIT	SET-ASIDE REQUIREMENTS
New construction or Rehabilitation	Complete Separate units	10% of total units set-aside for residents at or below 80% of local median income and 10% of total units set-aside for residents at or below 50% of local median income

- (7) Set-aside requirements related to CCRCs and tax exempt bond financing. A specified number of dwelling units of a CCRC must be set-aside for low income residents to obtain a total property tax exemption because of tax exempt bond financing. The set-aside requirements for CCRCs will be determined by whether the CCRC does or does not have Medicaid contracts for continuing care contract residents and the purpose for which the tax exempt bond financing was obtained. The provisions of this section do not apply to other homes. The specific set-aside requirements for other homes are described in subsection (6) of this section.
- (a) The continuing care contract between the resident and the CCRC is a contract to provide shelter along with nursing, medical, health-related or personal care services to the resident for the duration of the resident's life or for a term in excess of one year. A resident's tenancy may not be terminated due to inability of the resident to fully pay the monthly service fee when the resident establishes facts to justify a waiver or reduction of these charges. This provision shall not apply if the resident, without the CCRC's consent, has impaired his and/or her ability to meet financial obligations

required by the continuing care contract due to a transfer of assets, after signing the continuing care contract, other than to meet ordinary and customary living expenses, or by incurring unusual or unnecessary new financial obligations.

- (b) A CCRC without Medicaid contracts for continuing care contract residents may not receive Medicaid funds from Washington state or the federal government during the term that the bonds are outstanding, except during the initial transition period as allowed by state law or if the regulatory agreement with the tax exempt bond financier exempts the CCRC from compliance with this requirement.
- (c) The following set-aside requirements must be met by CCRCs not receiving Medicaid funds (including CCRCs that are permitted to receive Medicaid funds during an initial transition period only) ((-construction or rehabilitation. If financing was obtained for the construction or rehabilitation of a CCRC without Medicaid contracts for continuing care contract residents, the following set-asides apply:
- (i) Ten percent of the total dwelling units financed must be set-aside for residents with incomes at or below eighty percent of the local median income; and
- (ii) Fifteen percent of the total dwelling units must be set-aside for residents at or below one hundred percent of the local median income.
- (d) CCRCs not receiving Medicaid funds (including CCRCs that are permitted to receive Medicaid funds during an initial transition period only) acquisition or refinancing. If financing was obtained to acquire a CCRC or to refinance a CCRC without Medicaid contracts for continuing care contract residents, the following set-asides apply:
- (i) Twenty percent of the total dwelling units financed must be set-aside for residents with incomes at or below fifty percent of the local median income; or
- (ii) Forty percent of the total dwelling units must be setaside for residents at or below sixty percent of the local median income.)) to receive a total exemption:

<u>PURPOSE OF</u> BOND FINANCING	<u>SET-ASIDE</u> REQUIREMENTS
New construction or Rehabilitation	10% of total units set-aside for residents at or below 80% of local median income and 15% of total units set-aside for residents at or below 100% of local median income
Acquisition or Refinancing of dwelling units currently satisfying 10% and 15% set-aside requirements	10% of total units set-aside for residents at or below 80% of local median income and 15% of total units set-aside for residents at or below 100% of local median income
Acquisition or Refinancing of dwelling units not currently satisfying 10% and 15% set-aside requirements	20% of total units set-aside for residents at or below 50% of local median income or 40% of total units set-aside for residents at or below 60% of local median income

- (((e))) (d) The following set-aside requirements must be met by CCRCs receiving Medicaid funds((—construction or rehabilitation. If financing was obtained for the construction or rehabilitation of a CCRC with Medicaid contracts for continuing care contract residents, the following set-asides apply:
- (i) Ten percent of the total dwelling units financed must be set aside for residents with incomes at or below eighty percent of the local median income; and
- (ii) Ten percent of the total dwelling units must be setaside for residents at or below fifty percent of the local median income.
- (f) CCRCs receiving Medicaid funds acquisition or refinancing. If financing was obtained to acquire a CCRC or to refinance a CCRC with Medicaid contracts for continuing care contract residents, the following set asides apply:
- (i) Twenty percent of the total dwelling units financed must be set aside for residents with incomes at or below fifty percent of the local median income; or
- (ii) Forty percent of the total dwelling units must be setaside for residents at or below sixty percent of the local median income.)) to receive a total exemption:

	income

- (8) Partial exemption. If a home does not qualify for a total exemption from property tax, the home may receive a partial exemption for its real property on a unit by unit basis and a total exemption for its personal property.
- (a) Real property exemption. If the real property of a home is used in the following ways, the portion of the real property so used will be exempt and the home may receive a partial exemption for:
- (i) Each dwelling unit occupied by a resident requiring significant assistance with activities of daily living;

40 or .15

- (ii) Each dwelling unit occupied by an eligible resident; and
- (iii) Common or shared areas of the home that are jointly used for two or more purposes that are exempt from property tax under chapter 84.36 RCW.
- (b) Assistance with activities of daily living. A home may receive a partial exemption for each dwelling unit that is occupied by a resident who requires significant assistance with the activities of daily living and the home provides, brokers, facilitates, or contracts for the provision of this assistance. A resident requiring assistance with the activities of daily living must be a resident who requires significant assistance with at least three of the nonexclusive list of activities set forth below and who, unless he or she receives the assistance, would be at risk of being placed in a nursing home. Activities of daily living include, but are not limited to:
  - (i) Shopping;
  - (ii) Meal and/or food preparation;
  - (iii) Housekeeping;
  - (iv) Transportation;
  - (v) Dressing;
  - (vi) Bathing;
  - (vii) General personal hygiene;
  - (viii) Monitoring of medication;
  - (ix) Ambulatory services;
  - (x) Laundry services;
  - (xi) Incontinence management; and
  - (xii) Cuing for the cognitively impaired.
- (c) Examples of assistance with the activities of daily living:
- (i) If the resident of a home requires someone to assist him or her with daily dressing, bathing, and personal hygiene, weekly housekeeping chores, and daily meal preparation, he or she is a resident requiring significant assistance with activities of daily living and the home may receive a partial exemption for the dwelling unit in which he or she resides.
- (ii) If the resident of a CCRC only requires someone to clean his or her house weekly and to do the laundry weekly, the resident does not require significant assistance with activities of daily living and the CCRC may not receive a partial exemption for the dwelling unit.
- (d) Common or shared areas. Areas of a home that are jointly used for two or more purposes exempt from property tax under chapter 84.36 RCW will be exempted under RCW 84.36.041.
- (i) The joint use of the common or shared areas must be reasonably necessary for the purposes of the nonprofit organization, association, or corporation exempt from property tax under chapter 84.36 RCW. A kitchen, dining room, and laundry room are examples of the types of common or shared areas for which a partial property tax exemption may be granted.
- (ii) Example. A nonprofit organization uses its facility as a home for the aging and a nursing home. The home and nursing home jointly use the kitchen and dining room. The home may receive a property tax exemption for the common or shared areas under RCW 84.36.041. The eligibility of the other areas of the facility will be determined by the appropriate statute. The home's eligibility will be determined by RCW

84.36.041 and the nursing home's eligibility will be determined by RCW 84.36.040.

(e) Amount of partial exemption. The amount of partial exemption will be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home, minus/less the assessed value of any common or shared areas, by a fraction. The numerator of the fraction is the number of the dwelling units occupied on January 1st of the assessment year by eligible residents and by residents requiring assistance with activities of daily living. The denominator of the fraction is the total number of occupied dwelling units as of January 1st of the assessment year. Example:

Assessed value of home:	\$500,000
Less assessed value of common area:	- 80,000
Total	\$420,000
Number of units occupied on 1/1 by	

\$420,000 x .15= \$63,000 Amount of partial exemption \$420,000 - \$63,000= \$357,000 Taxable value of home

assistance with daily living activities =

Total of occupied units on 1/1

- (f) Valuation of the home. The assessor will value a home that receives a partial exemption by considering only the current use of the property during the period in which the partial exemption is received and will not consider any potential use of the property.
- (9) Income verification required from some residents. If a home seeks a total property tax exemption because at least fifty percent of the occupied dwelling units are occupied by eligible residents or seeks to receive a partial exemption based upon the number of units occupied by eligible residents, the residents must submit income verification forms. The department may request income verification forms from residents of homes receiving a total exemption because of tax exempt bond financing.
- (a) The income verification forms must be submitted to the assessor of the county in which the home is located by July 1st of the assessment year in which the application for exemption is made.
- (b) The income verification form will be prescribed and furnished by the department of revenue.
- (c) If an eligible resident filed an income verification form for a previous year, he or she is not required to submit a new form unless there is a change in status affecting the resident's eligibility, such as a significant increase or decrease in disposable income, or the assessor or the department requests a new income verification form to be submitted.
- (10) ((Three-year phase in for a home with increased taxable value. If the taxable value of a home is increased because of the change in the method of calculating the amount of partial exemption, the increased taxable value shall be phased in over a period of three years.
- (a) Eligibility requirements for phase in. If the home meets the following conditions the increased taxable value may be phased in:
- (i) The home was exempt or partially exempt for taxes levied in 1993 for collection in 1994;

(ii) The home is partially exempt for taxes levied in 1994 for collection in 1995; and

(iii) The taxable value of the home increased for taxes levied in 1994 for collection in 1995 due to the change prescribed by chapter 151, Laws of 1993 with respect to the

Column 1 Year	Column 2 Value after partial exemption	Column 3 Increase in Value (Col. 2 minus TV from Prior Year)
1993	<del>\$292,300</del>	
<del>1994</del>	<del>\$357,000*</del> -	<del>\$64,700</del>
<del>1995</del>	<del>\$336,000**</del>	<del>\$22,349</del>
<del>1996</del>	<del>\$325,500 -</del>	<del>\$674</del> —
<del>1997</del>	<del>\$367,500</del>	_

- This value is a continuation of the example in subsection (8)(e) of this section.
- \*\* For the purposes of this example, we are assuming that the home is located in a county on a four year revaluation cycle and that value of this home after the partial exemption will fluctuate each year because the number of eligible residents and residents who require assistance with the activities of daily living will change each year. In this example, the number of units exempt from property tax within the home used in the example in subsection (8)(e) are as follows: Eight in 1995, nine in 1996, and five in 1997.
- (i) For taxes levied in 1994 for collection in 1995, the home will pay taxes based on the taxable value in 1993 plus one-third of the increase in the taxable value from 1993 to the taxable value calculated under subsection (8)(e) of this section:
- (ii) For taxes levied in 1995 for collection in 1996, the home will pay taxes based on the taxable value in 1994 plus one half of the increase in the taxable value from 1994 to the taxable value calculated under subsection (8)(e) of this section.
- (iii) For taxes levied in 1996 for collection in 1997 and for taxes levied thereafter, this subsection does not apply and the home will pay taxes on the taxable value without reference to this subsection.
- (c) Example: Assume, for the purposes of this example, in 1993 the assessed value of a home was \$475,000, the value of the shared area was \$80,000, and twenty six percent of the units were exempt. Therefore, the assessed value minus the value of the shared area or \$395,000 multiplied by .74= a taxable value of \$292,300.
- (11))) Additional requirements. Any nonprofit home for the aging that applies for a property tax exemption under this section must also comply with the provisions of WAC 458-16A-020 and 458-16-165. WAC 458-16A-020 contains information regarding the initial application and renewal procedures relating to the exemption discussed in this section. WAC 458-16-165 sets forth additional requirements that must be complied with to obtain a property tax exemption pursuant to RCW 84.36.041.

numerator of the fraction used to determine the amount of partial exemption.

(b) Method of phase in. The increase in taxable value shall be phased in as follows:

Column 4 Annual % of Increase to be Paid	Column 5 Amount of Increase to be Paid (Col. 3 x Col 4)	Column 6 Taxable Value ("TV") (Col. 5 +TV from Prior Year)
_	_	<del>\$292,300</del>
<del>33.00%</del>	<del>\$21,351</del>	<del>\$313,651</del>
<del>50.00%</del>	<del>\$11,175</del>	<del>\$324,826</del>
<del>100.00%</del> -	<del>\$674—</del>	<del>\$325,500</del>
		\$367.500

# WSR 99-02-034 EMERGENCY RULES DEPARTMENT OF FINANCIAL INSTITUTIONS

[Filed December 30, 1998, 3:28 p.m., effective December 31, 1998]

Date of Adoption: December 30, 1998.

Purpose: To increase fees of the Division of Banks (DOB), in an amount up to the "fiscal growth factor" for the current fiscal year.

Statutory Authority for Adoption: RCW 30.04.030, 30.04.070, 30.08.095, 33.04.025, 43.320.040.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: As explained in more detail below, recent unforeseen and unprecedented developments threaten the ability of the Division of Banks (DOB), at current funding levels, to carry out its statutory mission, and to reach and maintain a target fund balance, and place at risk the viability of the existing federal-state dual chartering system of bank regulation. DOB's mission is to conduct full financial examinations of state chartered banks at least once during every eighteen-month period, as required by RCW 30.04.060, 32.04.211, and 33.04.020.

(1) In recent months, DOB has lost several of its most experienced examiners to the Federal Deposit Insurance Corporation (FDIC). The FDIC recently modified its long-standing practice and has begun actively recruiting experienced examiners from among state banking divisions. The departure of these examiners represents a reduction of approximately thirty percent of DOB's overall examiner force and a greater portion of its financial examination experience. The primary reason for these staff departures is that the FDIC offers a considerably higher compensation.

DOB is actively working on ways within state personnel rules, with the support and participation of its affected stake-holder groups, to increase the compensation package and career advancement opportunities of its experienced financial examiners. As recognized by DOB and stakeholder trade

organizations, it is critical to take immediate steps to obtain adequate resources to support a program designed to attract and retain experienced examiners to prevent further loss of key experienced examiners, within the parameters of Initiative 601.

- (2) With the participation and approval of the Office of Financial Management, DOB has established a target fund balance of approximately \$900,000 in order to handle reasonable foreseeable contingencies. DOB's financial projections for the next four fiscal years indicate that, absent an annual increase in fees beginning by December 31, 1998, and in each of the four succeeding fiscal years, up to the applicable fiscal growth factor determined by OFM, DOB will be unable to:
- · Maintain any fund balance, and
- Have the resources to provide a reasonable increase in examiner compensation in order to attract and retain experienced financial examiners.
- (3) State agencies are expected to raise fees within the fiscal growth factor defined in RCW 43.135.025(6) as necessary to cover basic costs. Modest state mandated salary increases over the last four years have eroded the fund balance to the point where fee increases are required to properly manage the programs of the DOB. Fiscal year 1998 is the first year fund balance targets were not achieved and projections show continued drops in the fund balance every year thereafter regardless of changes to examiner staff compensation.

This rule change allows DOB to address the examiner compensation issue and to maintain an examiner staff capable of carrying out the division mission, including the added examination burdens presented by Year 2000 financial examinations, while addressing the challenge of maintaining an adequate fund balance.

DOB and stakeholder trade associations recognize it is impossible for DOB to build toward the targeted fund balance while maintaining a well-trained and experienced examination staff through increasing financial examiner compensation, without increasing the rate of DOB's fees up to the fiscal growth factor, as of December 31, 1998.

The purpose of this rule is to increase the rate of DOB's fees effective December 31, 1998.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 2, Amended 0, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 0, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Effective Date of Rule: December 31, 1998.

December 30, 1998 John L. Bley Director

# **NEW SECTION**

WAC 50-44-035 Increase in charges and fees effective December 31, 1998. Effective December 31, 1998, the rate of charges and fees under WAC 50-12-045, 50-44-020 and 50-44-030 shall be increased as follows:

- (1) WAC 50-12-045 (1)(c) and (d) The fee shall be increased to \$104.18 for the issuance and filing of certificates.
- (2) WAC 50-12-045 (1)(e) The fee shall be increased to 52 cents per page.
- (3) WAC 50-12-045(2) The fee shall be increased to \$93.76 per employee hour expended.
- (4) WAC 50-44-020(1) The rates shall be increased to the following:

Over	But not Over	This Amount	Plus	Of Excess Over
Million	Million			Million

- (11) WAC 419-56-070 The fee shall be increased to \$1,041.80.

# WSR 99-02-038 EMERGENCY RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(Economic Services Administration)
[Filed December 31, 1998, 10:36 a.m., effective January 1, 1999]

Date of Adoption: December 31, 1998.

Purpose: Amend WAC 388-310-1300, describing the rules for the community jobs program, to simplify the program design and allow community jobs participants to receive the increased state minimum wage.

Citation of Existing Rules Affected by this Order: Amending WAC 388-310-1300.

Statutory Authority for Adoption: RCW 74.08.090, 74.04.050, and 74.08A.320.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Washington voters approved increases in the minimum wage on January 1, 1999, January 2000 and thereafter according to inflation. This WAC will allow the department to set participants' salaries at the new minimum wage - increasing their income by about \$50 per month. Additional program changes will allow more Work-First participants to benefit from the community jobs program.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 1, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 1, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 1, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 1, Repealed 0.

Effective Date of Rule: January 1, 1999.

December 31, 1998 Marie Myerchin-Redifer, Manager Rules and Policies Assistance Unit

AMENDATORY SECTION (Amending WSR 98-10-054, filed 4/30/98, effective 5/31/98)

WAC 388-310-1300 Community jobs ((wage subsidy)) program. (1) What is the community jobs program? The community jobs ((wage subsidy)) program ((is to allow)) helps WorkFirst participants ((to)) who receive TANF or SFA grants gain work skills and experience by enrolling them in a temporary ((position which)), subsidized job. Participants will also receive other services and support to help((s)) them move into unsubsidized employment as quickly as possible. ((In all instances, the term 'department' refers to the department of social and health services (DSHS). The state department of community, trade and economic development (DCTED) administers the community jobs program. DCTED selects community jobs contractors (CJC) by using a competitive "requests for proposal" (RFP) process. DCTED, based upon the successful proposals, develops contracts specific to each selected community jobs contractor.

- (1)) (a) The state department of community, trade, and economic development (DCTED) administers the community jobs program.
- (b) DCTED selects community jobs contractors (CJC) by using a competitive "requests for proposal" (RFP) process. DCTED, based upon the successful proposals, develops contracts specific to each selected community jobs contractor.
- (c) The CJCs develop and manage the CJ positions, pay the wages, provide support services and act as the "employer of record" while the participant is enrolled in a subsidized community job.
- (d) The department of social and health services funds the community jobs program and reimburses community jobs participants' wages to the CJCs.
- (2) How will I be affected if I am enrolled in the community jobs program?
- (a) WorkFirst case managers ((may)) will assign ((a TANF/SFA participant)) you to a community jobs (((CJ))) position for no more than nine months.
- (b) You may be assigned to a community jobs position when:
  - (((a) The participant has an unsuccessful job search;
- (b))) (i) You have gone through job search without finding a job; and/or
- (ii) The case manager ((determines the participant)) decides you need((s)) a supportive work environment to help ((them)) you become more employable((; and
- (e) The participant's monthly cash grant is sufficient to pay their community jobs wages for twenty hours per week at the federal minimum wage.
- (2) The department uses a participant's grant to provide a wage subsidy to the community jobs contractor.
- (3) The CJCs develop and manage the CJ-positions, pay the wages and provide support services.

- (4) Once hired, the department will authorize the participant's wage subsidy for no longer than nine TANF/SFA payment months in that specific position)).
- (((5) CJCs)) (c) You may not ((hire participants)) be enrolled into ((a)) any community jobs position that requires you to do work related to religious, electoral or partisan political activities.
- (((6) Community jobs participants are employees of the community jobs contractor(s).
- (7) Wages from the community jobs wage subsidy program are fully attributable to diverted public assistance funds. These wages are not "earned income" for purposes of eligibility for the WorkFirst fifty percent-carned income disregard. For the food stamp program, consider these wages and any grant supplement as TANF grant monies.
- (8) The department shall)) (d) You, your case manager and the CJC will review the appropriateness ((for continued participation in a)) of your community jobs position every ninety days during ((the)) your nine-month placement((. This review shall include)), looking at:
- (((a) A review of any earned or unearned income received by the participant or other member of the assistance unit: and
- (b) A review of)) (i) Your continued TANF/SFA eligibility; and
- (ii) Any earned or unearned income received by you or another member of your assistance unit.
- (((9) Community jobs participants)) (e) You may work ((an average of)) twenty or more hours per week ((at a gross wage of four hundred forty two dollars and ninety cents per month, which is at least equal to the federal minimum wage. CJ participants are eligible for a twenty percent "work expense" income disregard applied to their gross pay for DSHS purposes when determining TANF/SFA residual grant amounts. In no instance may the net wages carned in a community jobs position exceed the participant's authorized TANF/SFA monthly grant amount.
- (10) Community jobs participants)) in the community jobs position and will be paid the federal or state minimum wage, whichever is higher.
- (f) You will earn sick leave and annual leave ((according to)) at the rate((s designated for part-time employment by their employer (community jobs contractor). If the employer has no guidelines, participants earn sick leave at a rate of four hours each month and vacation leave at a rate of four hours each month. If they exhaust all leave and miss work time, a community jobs participant is expected to make up the missed time; total work is not to exceed forty hours per week. There is no eash out value to the participant for accrued sick and vacation leave hours remaining at the end of the community jobs assignment.
- (11))) agreed upon by DCTED and the CJC for community jobs participants.
- (g) The amount of ((the CJ participant's)) your TANF/SFA monthly grant ((shall)) will be determined ((as stated)) by following the rules in WAC ((388-218-1390(2).
- (12) Only those employers who take actions that enable a participant to move into other unsubsidized employment will be considered for additional subsidized employees.

- (13) The following categories of employers will be considered for employment sites for participants in the community jobs wage subsidy program:
- (a) Federal, state or local governmental agencies, and tribal governments; and
- (b) Private and tribal nonprofit businesses, charities, and educational institutions)) 388-450-0050 and 388-450-0215 (1), (3), (4), (5) and (6). Reconciliation of prospectively budgeted earnings, described in WAC 388-450-0215(2), does not apply to your community jobs wages.
- (3) Who will supervise me at the community jobs worksite and what rules must these employers follow?
- (a) The CJC may ask the following categories of employers to provide worksites for participants in the community jobs program:
- (i) Federal, state or local governmental agencies, and tribal governments; and
- (ii) Private and tribal nonprofit businesses, organizations, and educational institutions.
- (b) If these employers do not take actions to help you move into unsubsidized employment they will not be considered for additional community jobs employees.

#### WSR 99-02-003 ATTORNEY GENERAL'S OFFICE

[Filed December 23, 1998, 3:43 p.m.]

### NOTICE OF REQUEST FOR ATTORNEY GENERAL'S OPINION WASHINGTON ATTORNEY GENERAL

The Washington Attorney General issues formal published opinions in response to requests by the heads of state agencies, state legislators, and county prosecuting attorneys. When it appears that individuals outside the Attorney General's Office have information or expertise that will assist in the preparation of a particular opinion, a summary of that opinion request will be published in the state register. If you are interested in commenting on a request listed in this volume of the register, you should notify the Attorney General's Office of your interest by January 17, 1999. This is not the due date by which comments must be received. However, if you do not notify the Attorney General's Office of your interest in commenting on an opinion request by January 17, 1999, the opinion may be issued before your comments have been received. You may notify the Attorney General's Office of your intention to comment by calling (360) 586-4218, or by writing to the Solicitor General, Office of the Attorney General, P.O. Box 40100, Olympia, WA 98504-0100. When you notify the office of your intention to comment, you will be provided with a copy of the opinion request in which you are interested; information about the Attorney General's Opinion process; information on how to submit your comments; and a due date by which your comments must be received to ensure that they are fully considered.

The Attorney General's Office seeks public input on the following opinion request(s).

### 98-12-03 Request by Ralph Munro Secretary of State

If a candidate for a partisan office dies prior to a primary or election and no successor is appointed, should the deceased candidate's name still appear on the ballot, and if so, should votes be treated as legal for purposes of determining the outcome of election? Would that change if it was a judicial or other non-partisan office?

# WSR 99-02-005 NOTICE OF PUBLIC MEETINGS GREEN RIVER COMMUNITY COLLEGE

[Memorandum—December 23, 1998]

The following meeting schedule was adopted by the Green River Community College board of trustees at its December 17, 1998, regular meeting.

The board of trustees of Green River Community College will meet the third Thursday of each month as follows:

January 21 February 18 March 18 April 15 May 20 June 17 July 15

Miscellaneous [14]

August 19 September 16 October 21 November 18 December 16

The board of trustees of Community College District No. 10 does hereby set the regular meeting dates for the board of trustees on the third Thursday of each month, commencing at 4:00 p.m., in the Board Room of the Administration Building, Green River Community College, 12401 S.E. 320th Street, Auburn, WA 98092. Notice of any change from such meeting schedule shall be published in the state register for distribution at least twenty days prior to the rescheduled meeting date.

### WSR 99-02-006 NOTICE OF PUBLIC MEETINGS DEPARTMENT OF AGRICULTURE

(Hop Commission)
[Memorandum—December 22, 1998]

December 16, 1999	4:00 p.m.	Thursday

#### WSR 99-02-056 DEPARTMENT OF ECOLOGY

[Filed January 5, 1999, 3:48 p.m.]

Notice of Comment Period and Public Hearing on Washington State's Plan to Implement EPA's Emissions Guidelines and Compliance Schedules for Hospital, Medical and Infectious Waste Incinerators

The Washington State Department of Ecology is accepting comments on a proposed plan to implement EPA's emissions guidelines and compliance schedules for hospital, medical and infectious waste incinerators.

The department will accept written comments until the close of business on Friday, February 27, 1999.

The department will hear testimony at a public hearing:

Date:

Friday, February 19, 1999

Time:

1:30 p.m.

Location:

Department of Ecology

Room 1-S-16

A copy of the proposed plan, Washington State Plan to Implement EPA's Emissions Guidelines and Compliance Schedules for Hospital, Medical and Infectious Waste Incinerators, is available for public review at Spokane County Air Pollution Control Authority Spokane County Public Health Building, Room 403 West 1101 College Street

Spokane, WA 99201

Southwest Air Pollution Control Authority

1308 N.E. 134th Street

Vancouver, WA 98685-2747

Puget Sound Air Pollution Control Agency

110 Union Street, Suite 500

Seattle, WA 98101

To receive a copy of the proposed plan, or for more information, contact: Kitty Gillespie, Air Quality Program, Washington State Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, e-mail kgil461@ecy.wa.gov, phone (360) 407-6862, fax (360) 407-6802.

If you have special accommodation needs or require this information in alternative format, please call Tami Dahlgren, (360) 407-6830 (voice) or (360) 407-6006 (TDD only).

### WSR 99-02-058 INTERPRETIVE STATEMENT DEPARTMENT OF HEALTH

[Filed January 6, 1999, 9:03 a.m.]

#### NOTICE OF ADOPTION OF INTERPRETIVE STATEMENT

Title: May a Home Health Aid (NAC) perform simple trach care of cleansing around the site and changing the dressing of a well established, noncuffed tracheostomy if the task is delegated to a specific NAC for a specific patient?

Issuing Entity: Washington State Nursing Care Quality Assurance Commission.

Subject: The commission issued an advisory opinion in response to the request from Joan Watkins, RN, BSN, CIC.

Effective Date: November 13, 1998.

Contact Person: Jeanne E. Vincent, RN, MS, Associate Nurse Practice Manager, Department of Health, Nursing Care Commission, P.O. Box 47864, Olympia, WA 98504-7864, (360) 236-4725.

#### WSR 99-02-059 INTERPRETIVE STATEMENT DEPARTMENT OF HEALTH

[Filed January 6, 1999, 9:04 a.m.]

#### NOTICE OF ADOPTION OF INTERPRETIVE STATEMENT

Title: 1. Can a surgical technologist draw medications and inject them into a patient under the direction of a registered nurse or MD?

2. If an MD has established an MD/patient relationship, does the MD have to be present as the RN initiates conscious sedation? The RN has ACLS certification and the MD is

Miscellaneous [18]

notified of the nurse initiating the conscious sedation. The MD is in-house.

Issuing Entity: Washington State Nursing Care Quality Assurance Commission.

Subject: The commission issued an advisory opinion in response to the request from Marianne Houlne, RN.

Effective Date: November 13, 1998.

Contact Person: Jeanne E. Vincent, RN, MS, Associate Nurse Practice Manager, Department of Health, Nursing Care Commission, P.O. Box 47864, Olympia, WA 98504-7864, (360) 236-4725.

#### WSR 99-02-060 INTERPRETIVE STATEMENT DEPARTMENT OF HEALTH

[Filed January 6, 1999, 9:05 a.m.]

#### NOTICE OF ADOPTION OF INTERPRETIVE STATEMENT

Title: There were several questions related to nursing services in schools, supervision requirement for LPNs and questions related to liability for services rendered. The questions were 1. "How is indirect supervision defined?" 2. What are the supervision requirements for LPNs?" 3. "What should a certificated school nurse consider in terms of supervision and liability when a noncertificated school nurse is employed in the district?"

Issuing Entity: Washington State Nursing Care Quality Assurance Commission.

Subject: The commission issued an advisory opinion in response to the request from Marybelle Calhoun, RN, MSN.

Effective Date: November 13, 1998.

Contact Person: Jeanne E. Vincent, RN, MS, Associate Nurse Practice Manager, Department of Health, Nursing Care Commission, P.O. Box 47864, Olympia, WA 98504-7864, (360) 236-4725.

#### WSR 99-02-061 INTERPRETIVE STATEMENT DEPARTMENT OF HEALTH

[Filed January 6, 1999, 9:06 a.m.]

#### NOTICE OF ADOPTION OF INTERPRETIVE STATEMENT

Title: Joint Statement on Standing Orders and Protocols, by the Washington State Medical Quality Assurance Commission, Nursing Quality Assurance Commission, Board of Pharmacy and the Board of Osteopathic Medicine and Surgery.

Issuing Entity: Washington State Nursing Care Quality Assurance Commission, Medical Quality Assurance Commission, Board of Pharmacy, Board of Osteopathic Medicine and Surgery.

Subject: The joint statement defines protocols, standing orders, telephone nursing and prescription and gives an opinion.

Effective Date: September 25, 1998.

Contact Person: Jeanne E. Vincent, RN, MS, Associate Nurse Practice Manager, Department of Health, Nursing Care Commission, P.O. Box 47864, Olympia, WA 98504-7864, (360) 236-4725.

### WSR 99-02-067 RULES COORDINATOR WESTERN WASHINGTON UNIVERSITY

[Filed January 6, 1999, 11:02 a.m.]

There is a change of address for the rules coordinator for Western Washington University. The rules coordinator remains Gloria A. McDonald, with the new address of Mailstop 9011, Western Washington University, Bellingham, Washington 98225, phone (360) 650-3968, fax (360) 650-3037.

George A. Pierce Vice-President for Business and Financial Affairs

### WSR 99-02-068 NOTICE OF PUBLIC MEETINGS BELLINGHAM TECHNICAL COLLEGE

[Memorandum-January 6, 1999]

The regularly scheduled meeting of the board of trustees of Bellingham Technical College will be held on Thursday, January 21, 1999, 9-11 a.m., in the College Services Building Board Room on the Bellingham Technical College campus. Call 738-3105 extension 334 for information.

## WSR 99-02-069 INTERPRETIVE AND POLICY STATEMENT DEPARTMENT OF LABOR AND INDUSTRIES

[Filed January 6, 1999, 11:03 a.m.]

In accordance with RCW 34.05.230(12), the following policies and interpretive statements were recently issued by the department:

Plumber Certification Policy 98-11, "Medical Gas Piping Installer Endorsements," provides consistent interpretation of RCW 18.106.010 (5), (6), and (7) as revised by the legislature in 1997. These RCWs define medical gas piping, medical gas piping installer, and the activities involved in the craft of plumbing. Additionally, this policy clearly identifies specific work activity and installations relating to medical gas, hospitals, and clinics, and health care facilities that do not fall within the scope of "plumbing."

Contact:

Eralee Sawtell/Kevin Morris

Mailstop 4-4450

(360) 902-4666/902-5578

FAS (Factory Assembled Structures) Policy 98-02, provides clarification of RCW 43.22.450 through 43.22.490 regarding closed construction units, open construction units that arrive and are closed on site, and open construction units that remain open.

Contact:

Dan Wolfenbarger, Chief

Factory Assembled Structures

Mailstop 4-4440 (360) 902-5225

Electrical Inspection Policy 98-13, "Electrical Work Performed by Leaseholders," provides that for electrical installations or alterations to existing buildings, in accordance with RCW 19.28.610, any person or entity holding a valid, signed, lease from the property owner shall be allowed to do electrical work on or within the building or structure described in the lease: PROVIDED, that the lease is for a minimum term of twenty-four months, and, PROVIDED FURTHER, that the lessor has granted the lessee the right to do electrical maintenance and installation as a condition of the lease. The lessee and/or his/her full-time, nonproject employees shall make the electrical maintenance and installation. Leaseoptions shall not quality [qualify] as part of the term of the lease. The lessee must be the primary occupant of the building or structure for a period of not less than twenty-four months and shall not rent, lease, or sublease any portion of the building or structure to others. The conditions for wiring new buildings that are for rent, sale or lease are defined in RCW 19.28.610.

Contact:

Janet Lewis, Chief Electrical Inspector

Mailstop 4-4460 (360) 902-5249

Electrical Policy 98-14, "Performing Volunteer Electrical Work," provides that when assisting a householder, RCW 19.28.610(2) allows a friend, neighbor, relative, or other person to assist a householder, at his/her residence, in the performance of electrical work, on the condition that the person assisting the householder does not accept money or other forms of compensation for the volunteer work. When assisting other property owners, there are no exceptions from the electrical contractor license or electrician certification requirements to allow persons to perform volunteer electrical work for nonprofit organizations, i.e., churches, Habitat for Humanity, senior centers, etc.

For the purpose of RCW 19.28.610, if it can be demonstrated that the local nonprofit organization owns the building or structure, then the organization may engage an (01) electrical contractor, licensed in the state of Washington, to oversee the electrical installation, and the organizations' members or volunteers that have proper certification as electricians or trainees may perform the electrical work. The electrical contractor shall provide on-site supervision by an EL01 journeyman

electrician certified by the department and ensure the proper ratio of certified volunteer electricians and trainees is maintained at all times. The supervising journeyman electrician must be on the site at all times that the electrical work is being performed by the properly certified volunteers.

The electrical contractor shall purchase the electrical work permit. It is the responsibility of the electrical contractor and the electrical administrator to ensure that the electrical installation is in compliance with the requirements of chapter 19.28 RCW, chapters 296-46 and 296-401A WAC, and the currently adopted edition of the National Electrical Code.

Contact:

Janet Lewis, Chief Electrical Inspector

Mailstop 4-4460 (360) 902-5249

If you have any questions [and/or] need additional information, please call 902-4216.

#### **KEY TO TABLE**

This table covers the current calendar year through this issue of the Register and should be used to locate rules amended, adopted, or repealed subsequent to the publication date of the latest WAC or Supplement.

#### Symbols:

AMD = Amendment of existing section

A/R = Amending and recodifying a section

DECOD = Decodification of an existing section

NEW = New section not previously codified

OBJECT = Notice of objection by Joint Administrative

Rules Review Committee

PREP = Preproposal comments

RE-AD = Readoption of existing section

RECOD = Recodification of previously codified section

REP = Repeal of existing section

RESCIND = Rescind of existing section

REVIEW = Review of previously adopted rule

SUSP = Suspending an existing section

#### Suffixes:

-C = Continuance of previous proposal

-E = Emergency action

-P = Proposed action

-S = Supplemental notice

-W = Withdrawal of proposed action

-XA = Expedited adoption

-XR = Expedited repeal

No suffix means permanent action

WAC # Shows the section number under which an agency rule is or will be codified in the Washington Administrative Code.

WSR # Shows the issue of the Washington State Register where the document may be found; the last three digits identify the document within the issue.

### KEY TO TABLE

This table covers the current calendar year through this issue of the Register and should be used to locate rules amended, adopted, or repealed subsequent to the publication date of the latest WAC or Supplement.

### Symbols

AMD = Amendment of existing section

A/R = Amending and recodifying a section

DECOD = Decodification of an existing section

NEW = New section not previously codified

OBJECT = Notice of objection by Joint Administrative

Rules Review Committee

PREP = Preproposal comments

RE-AD = Readoption of existing section

RECOD = Recodification of previously codified section

REP = Repeal of existing section

RESCIND = Rescind of existing section

REVIEW = Review of previously adopted rule

SUSP = Suspending an existing section

### Suffixes:

-C = Continuance of previous proposal

-E = Emergency action

-P = Proposed action

-S = Supplemental notice

-W = Withdrawal of proposed action

-XA = Expedited adoption

-XR = Expedited repeal

No suffix means permanent action

WAC # Shows the section number under which an agency rule is or will be codified in the Washington Administrative Code.

WSR # Shows the issue of the Washington State Register where the document may be found; the last three digits identify the document within the issue.
