STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following eight sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Inquiry that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **EXPEDITED REPEAL**-includes the Preproposal Statement of Inquiry that lists rules being repealed using the expedited repeal process. Expedited repeals are not consistently filed and may not appear in every issue of the Register.
- (c) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (d) **PERMANENT**-includes the full text of permanently adopted rules.
- (e) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (f) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (g) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (h) **INDEX**-includes a cumulative index of Register Issues 01 through 24.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. Each filing is listed under the agency name and then describes the subject matter, type of filing and the WSR number. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) ~~deleted material is ((lined out between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading **NEW SECTION**;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading **REPEALER**.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

¹ All documents are due at the code reviser's office by 12:00 noon on or before the applicable closing date for inclusion in a particular issue of the Register; see WAC 1-21-040.

² A filing of any length will be accepted on the closing dates of this column if it has been prepared and completed by the order typing service (OTS) of the code reviser's office; see WAC 1-21-040. Agency-typed material is subject to a ten page limit for these dates; longer agency-typed material is subject to the earlier non-OTS dates.

³ At least twenty days before the rule-making hearing, the agency shall cause notice of the hearing to be published in the Register; see RCW 34.05.320(1). These dates represent the twentieth day after the distribution date of the applicable Register.

⁴ A minimum of forty-five days is required between the distribution date of the Register giving notice of the expedited adoption and the agency adoption date. No hearing is required, but the public may file written objections. See chapter 25, Laws of 2001 and RCW 1.12.040.

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

There is less than minor economic impact on business;

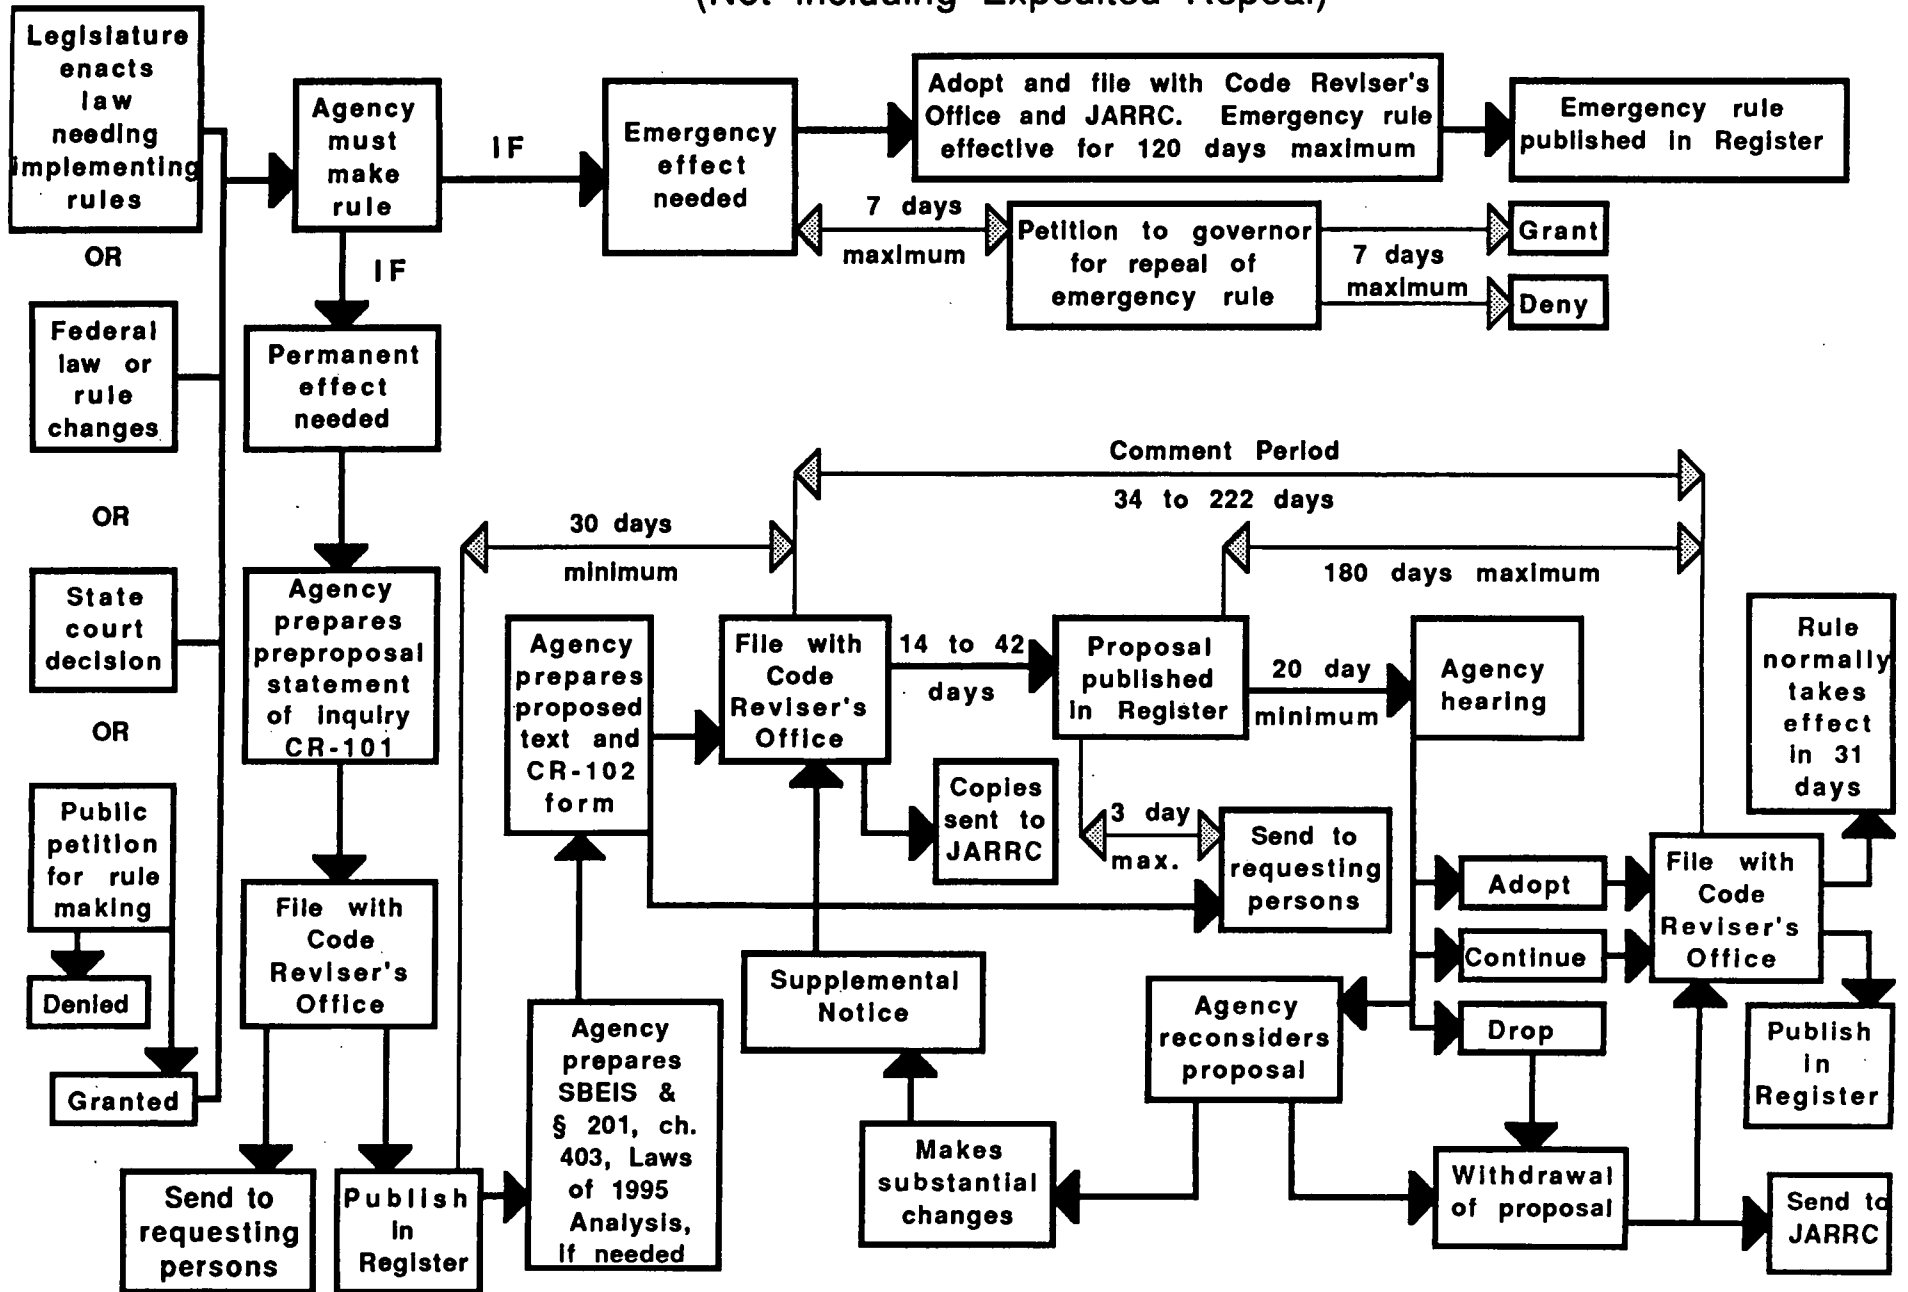

The rule **REDUCES** costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

Subject of Possible Rule Making: Raffles.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 9.46.070.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Currently, each alternative drawing format and discount scheme for raffles is approved by commission staff. The proposed change would allow raffle licensees to utilize discount schemes and alternative drawing formats, which have been approved in the past, without seeking additional commission approval, when the activity is identical to what was previously approved.

Subject of Possible Rule Making: Chapter 250-66 WAC, Washington state scholars program.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 28B.80 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Current rules do not address nomination and selection procedures in the event that nominations received are insufficient for the naming of three Washington scholars and one Washington scholars-alternate in each of the state's legislative districts, as directed by statute. A rule change may be advisable to better establish nomination and selection procedures whereby a full complement of Washington scholars and Washington scholars-alternates is ensured to be named each year.

Subject of Possible Rule Making: Licensing requirements for crisis nurseries/emergency respite centers.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 74.15.030.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: There is a growing need for overnight childcare for infants and young children in emergent situations not appropriate for child welfare intervention. No other type of licensed childcare resource currently exists. The 2001 legislature passed a bill allowing for the development of emergency respite centers for children birth through seventeen years old.

The development of licensing rules for crisis nurseries will provide consistent standards for all programs and provide for regular monitoring of the health and safety of children [who] receive care from these programs.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Representatives of the Department of Health, State Fire Marshal's Office, and DSHS—Economic Services Administration will be involved in the development of these standards.

Process for Developing New Rule: Meetings with stakeholders will be held in several locations in the state. Work groups will be developed from those meetings. Additionally, DSHS welcomes the public to take part in developing the standards of care for crisis nurseries. Anyone interested in participating should contact the staff person indicated below. After the rules are drafted, DSHS will file a copy of the rules with the Office of the Code Reviser with a notice of proposed rule making. A copy will be sent to everyone currently on the mailing list and anyone else who requests a copy.

Subject of Possible Rule Making: Licensing standards for special model foster homes.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 74.15.030.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: This resource has developed over time to care for children with special needs. The requiring skills and supports are beyond those of the general foster parent. Appropriate licensing standards do not currently exist for this resource.

The development of licensing standards for special model foster homes will provide consistent standards for all of these foster homes and provide for regular monitoring of the health and safety of children receiving care from them.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Department of Health and Office of the State Fire Marshal. Representatives of these agencies will participate in the development of the standards.

**PREPROPOSAL STATEMENT OF INQUIRY
OFFICE OF THE
INSURANCE COMMISSIONER**

[Insurance Commissioner Matter No. R 2001-06—Filed July 18, 2001, 9:25 a.m.]

Subject of Possible Rule Making: In response to concerns and inquiries by interested parties, and in an attempt to open this issue to full public discussion, the agency will con-

sider whether to adopt new rules and to amend or repeal existing rules governing unfair sex discrimination and health care services for pregnancy, maternity and pregnancy related conditions.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 48.02.060, 48.18.480, 48.20.450, 48.20.460, 48.21.045, 48.30.010, 48.30.300, 48.41.110, 48.41.170, 48.42.010, 48.42.040, 48.42.100, 48.43.012, 48.43.025, 48.43.035, 48.43.041, 48.43.115, 48.44.020, 48.44.023, 48.44.050, 48.44.220, 48.46.060, 48.46.066, 48.46.110, 48.46.200, 49.60.010, 49.60.030, 49.60.120, 49.60.178, 49.60.220.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: (1) Carriers may need guidance on how to comply with state and federal laws that prohibit sex discrimination in insurance transactions and health plan benefits. There are a number of state and federal laws that prohibit sex discrimination in health insurance benefits, including health care services for pregnancy, maternity and pregnancy related conditions. The laws include 42 U.S.C. 2000 and chapter 49.60 RCW, in addition to provisions of the state insurance code. Office of the Insurance Commissioner (OIC) rules governing sex discrimination may need to be amended and new rules may need to be adopted to provide clear guidance to carriers and consumers as to what are prohibited discriminatory practices. (2) Carriers are required by various laws to provide health care services for pregnancy, maternity and pregnancy related conditions. Existing OIC rules may need to be amended to provide clear guidance to carriers and consumers as the minimum standards for these benefits.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The United States Equal Employment Opportunity Commission and the Washington State Human Rights Commission administer unfair discrimination laws applicable to employers and employee health benefits. In addition, the insurance commissioner and the Washington State Human Rights Commission have concurrent jurisdiction over the issue of unfair practices in insurance, including practices that aid and abet violations of the state Civil Rights Act. The commissioner's staff will confer with representatives of these agencies.

Process for Developing New Rule: Agency study; and please send any comments regarding this rule to Kacy Brandeberry, P.O. Box 40255, Olympia, WA 98504-0255, e-mail Kacyb@oic.wa.gov, fax (360) 664-2782.

(e) Education records may be used for legitimate academic research; provided that

(i) The procedures utilized and the reported findings do not violate the student's confidence;

WASHINGTON STATE UNIVERSITY: CAMPUS TRAFFIC AND PARKING REGULATIONS FOR WASHINGTON STATE UNIVERSITY VANCOUVER

AMENDATORY SECTION (Amending WSR 96-15-050, filed 7/15/96, effective 8/15/96)

WAC 504-19-050 Emergencies. The president delegates to the WSUV campus dean the authority to suspend, modify, or repeal any or all provisions in this chapter for an authorized WSU special event or in the event of an emergency, disaster, or other like contingency. Such action shall be limited in duration and scope to meet ~~((ing))~~ the institutional needs of WSUV and/or address the dangers of the contingency.

AMENDATORY SECTION (Amending WSR 96-15-050, filed 7/15/96, effective 8/15/96)

WAC 504-19-830 Other violations and sanctions. (1) Late payment of fines: Failure to pay fines and charges will result in the total amount assessed being referred for collection. Forty-five days after issuance of a notice of violation a ten-dollar charge shall be added to all unpaid parking violations.

If a student or staff member fails to pay the fine assessed for any violation, the fine will be referred to the WSU controller's office for collection. The controller may, if other collection efforts fail, deduct outstanding fines from the salary warrants of employees or withhold the amount of the outstanding fines from damage deposits or other funds held for any student in order to secure payment. Where collection efforts are unsuccessful, the controller may notify the registrar to refrain from issuing student transcripts or to withhold permission to reenroll for a subsequent term until outstanding fines are paid. The procedures discussed above are not exclusive, however, and failure by anyone to pay fines may lead to towing or use of the wheel lock device described in these regulations. The procedures discussed above are not a precondition to towing or use of the wheel lock.

(2) Impound by wheel lock or towing:

(a) Any vehicle with an accumulation of three or more unpaid parking violations or any vehicle displaying a lost or stolen permit may be temporarily immobilized by use of a wheel lock device placed on a wheel. A fifty-dollar fee will be assessed on vehicles which are immobilized with a wheel lock.

(b) Any vehicle may be towed away at owner's/operator's expense if the vehicle:

(i) Has been immobilized by wheel lock more than twenty-four hours; or

(ii) Is illegally parked in a marked tow-away zone; or

(iii) Is a hazard or obstruction to vehicular or pedestrian traffic (including, but not limited to, vehicles parked at curbs or rails painted yellow or red or in crosswalks); or

(iv) Cannot be impounded with a wheel lock device; or

(v) Is illegally parked in a disability space.

(c) The driver and/or owner of a towed vehicle shall pay towing and storage expenses.

(d) Any vehicle immobilized by use of the wheel lock device in excess of twenty-four hours will be assessed a storage fee of ten dollars for each calendar day or portion thereof, beyond the first twenty-four hours.

(e) The university assumes no responsibility in the event of damages resulting from towing, use of wheel lock devices, storage, or attempts to move a vehicle with a wheel lock device installed.

(f) No vehicle impounded by towing or wheel lock devices shall be released until the following fines are paid in cash:

(i) All unpaid parking violation penalties against said vehicle and any other vehicle registered to the violator;

(ii) A fifty-dollar wheel lock fee;

(iii) All towing and storage fees.

(g) Any vehicle impounded pursuant to these regulations in excess of thirty calendar days shall be considered an aban-

PROPOSED

doned vehicle and shall be disposed of in accordance with chapter 46.55 RCW.

(h) A person wishing to challenge the validity of any fines or fees imposed under this subsection may appeal such fines or fees as elsewhere provided in these regulations. However, in order to secure release of the vehicle, such person must pay the amount of such fines or fees as a bond which will be refunded to the extent the appeal is successful.

(i) An accumulation of six unpaid violations during any twelve-month period, exclusive of meter violations, and overtime in time zone violations, will subject the violator to revocation or denial of parking privileges. Vehicles without permits which accumulate the above number of violations may be prohibited from parking on university property.

(3) Failure to pay fines: Failure to pay a fine or comply with other penalties assessed pursuant to these regulations after exhausting or failing to exercise appeals provided for in these regulations constitutes a violation of RCW 28B.10.560. A citation or complaint for such violations may be issued and filed with the district court. Upon request of the university, the department of licensing may withhold vehicle registration pending the payment of outstanding parking fines.

(15) Service zone. Parking spaces designated for the use of university vehicles, other government-owned vehicles, and vehicles displaying a service indicator or commercial permit. Authorized vehicles may park in these zones for a maximum of fifteen minutes, except for vehicles that display a service indicator issued for an extended time. Service zones are restricted at all times.

(16) Staff. For the purposes of these regulations, "staff" includes all faculty, classified staff, administrative and professional employees, temporary employees, and other support personnel employed by the university, and the personnel of other activities located on campus. Teaching assistants, research assistants, and other students employed by the university are not "staff." They are considered as students for the purpose of these rules.

(18) Summer session. The summer session includes all summer school sessions beginning on the first day of the earliest session and ending on the last day of the latest session.

PART II: ENFORCEMENT

NEW SECTION

WAC 504-14-200 Enforcement authority. WSU Spokane public safety is charged with the impartial enforcement

of these regulations. Enforcement personnel have authority to issue parking citations, to impound vehicles, and to control access to areas.

NEW SECTION

WAC 504-14-210 Times of enforcement. Parking regulations are subject to enforcement at all times.

(1) Permit areas: All parking zones are limited to authorized permit holders during specific hours. These hours are posted in each parking zone either at the entrance to parking areas or along roadways where parking is marked. Restricted spaces are enforced at all times.

(2) Restricted spaces: These spaces are restricted for their designated purpose at all times (twenty-four hours a day, seven days a week):

- (a) Disability.
- (b) Load/unload.
- (c) Service.
- (d) Reserved.
- (e) Reserved (bagged) meters.
- (f) Specially signed areas.

(3) Metered spaces: Parking meters are in effect during the times posted on each meter. During these times the meter must be paid the posted amount. Additional time cannot be purchased beyond the meter's posted time limit (e.g., a thirty-minute meter will allow a maximum of thirty minutes to be purchased at one time).

NEW SECTION

WAC 504-14-220 Signed and marked areas. (1) Parking on campus is allowed only in the marked and/or signed spaces in areas and on streets. All other areas outside these designated areas are "no parking zones." Each parking area has signs or markings to indicate the type of permit or permits required and the times they are required.

(2) Individual parking spaces are marked, and no vehicle may be parked so as to occupy any portion of more than one parking space. The fact that other vehicles were parked in a manner requiring a vehicle to occupy a portion of more than one space shall not constitute an excuse for a violation of this rule.

(3) Should there be a conflict between these regulations, map designation, and on-site signs regarding parking instructions, the on-site sign takes precedence.

(4) Permit areas and restricted spaces are not always signed individually.

NEW SECTION

WAC 504-14-250 Motorcycles, mopeds, and bicycles.

(1) The general traffic regulations applicable to motor vehicles apply equally to motorcycles, mopeds, and bicycles. Motorcycles or mopeds may not be driven on sidewalks or in the mall area. Bicycles may be used on sidewalks, though pedestrians always have the right of way. Owners of motorcycles and mopeds are responsible for all violations including violations issued even if said vehicle is moved by someone else after being legally parked.

(2) Motorcycles and mopeds: Motorcycles and mopeds may park only in spaces which are marked by signs or the letter "M" painted on the parking surface. Motorcycles and mopeds must display a valid WSU Spokane motorcycle permit during posted times. During all other times, these spaces are restricted to use by motorcycles and mopeds only.

NEW SECTION

WAC 504-14-300 Responsibility for citations. (1) Each permit registrant shall be responsible for parking citations on vehicles:

- (a) Registered with WSU Spokane public safety, and/or
- (b) Displaying the registrant's permit.

(2) Owners of vehicles will be held primarily liable for citations.

NEW SECTION

WAC 504-14-350 Use of areas for emergency, maintenance, or special needs. WSU Spokane reserves the right to close any campus parking area at any time it is deemed necessary for maintenance, safety, or to meet special needs. WSU Spokane public safety will provide notice to users when possible.

Public safety and maintenance personnel performing official duties may deviate from these regulations as required to conduct emergency procedures.

NEW SECTION

WAC 504-14-360 Liability. The university assumes no responsibility for the care and protection of any vehicle or its contents at any time the vehicle is on university property.

PART III: PARKING PERMITS

NEW SECTION

WAC 504-14-410 Issuance and use of permits. Parking permits are available at various locations upon application and payment of the appropriate fees. A parking permit and/or indicator which specifies parking area(s) where the vehicle may be parked will be issued.

NEW SECTION

WAC 504-14-420 Consent to withholding of fines. All permit applications shall provide that the university may withhold unpaid fines from any sums owed the permit holder and to treat the same as a debt.

NEW SECTION

WAC 504-14-430 Change in residence or license plates. Permit holders changing residence or license plates after initial application must contact WSU Spokane public safety and complete the necessary forms. Failure to do so may result in continued responsibility for citations issued to the old license plate and a loss of parking privileges.

NEW SECTION

WAC 504-14-440 Term of permit—Transfer of permit. Permits are valid up to and including the expiration date on the permit.

The ownership of permits is generally not transferable, but exceptions can be made by WSU Spokane public safety provided that the:

(1) Person relinquishing ownership and the eligible purchaser appear in person at WSU Spokane public safety when requesting such a transfer;

(2) Former owner relinquishes all ownership or claim to the permit and pays all outstanding fines; and

(3) New owner completes a new application form for the permit.

If a replacement permit is requested, the old permit must be removed and presented to WSU Spokane public safety to be eligible for a replacement or a refund.

NEW SECTION

WAC 504-14-450 Replacement permits and indicators. (1) Sold or traded vehicles. Failure to advise WSU Spokane public safety of a sale or trade for registration purposes may result in continued responsibility to the permit holder for citations received on that permit.

The permit holder has responsibility for removing parking permits prior to selling or trading a vehicle. The identifiable remnants of the original permit must be presented to WSU Spokane public safety to receive a free replacement. Persons failing to comply with this requirement shall pay the cost of a new permit.

(2) Lost/stolen permits. Permit holders are responsible for the security of their permits. The theft or loss of a parking permit should be reported to WSU Spokane public safety immediately upon discovery. A stolen permit will be replaced once at no cost, but only if a theft report of the permit has been filed in the appropriate police jurisdiction and verified by WSU Spokane public safety. The second time the permit is reported stolen, the replacement fee will be ten dollars; the third time, twenty dollars; and thereafter, the original cost of the stolen permit. A lost permit will be replaced once for ten dollars; the second time, twenty dollars; and thereafter at the original cost of the permit. Lost or stolen permits must be returned to the WSU Spokane public safety office immediately if recovered.

(3) Windshield replacements. When a permit-bearing windshield is replaced, the permit replacement fee will be waived if proof of replacement is presented.

NEW SECTION

WAC 504-14-460 False information. No person shall obtain, attempt to obtain, or use in a manner contrary to these regulations, a modified or counterfeit parking permit or a permit issued upon false information. A violation of this section includes giving a false name, address, and/or other information known to be false. It also includes the use of a visitor, conference, and commercial permit by staff or students. Vio-

PROPOSED

lation of this provision shall constitute the illegal use of a parking permit and will be subject to citation and fine.

NEW SECTION

WAC 504-14-470 Revocation or suspension of permits. Parking permits are the property of WSU Spokane and may be revoked or suspended for violations of any of the following by WSU Spokane public safety when:

- (1) The purpose for which the permit was issued changes or no longer exists;
 - (2) A permit is used on an unauthorized vehicle or by an unauthorized person;
 - (3) A parking permit application is falsified;
 - (4) A counterfeit, modified, or lost/stolen permit is used;
- or
- (5) The parking fee is unpaid.

NEW SECTION

WAC 504-14-510 Permits—General. WSU Spokane public safety will issue permits for designated areas of the campus. Any vehicle parked on WSU Spokane property, other than a pay area or metered space, must clearly display a valid permit for a given area during the posted hours when permits are required.

NEW SECTION

WAC 504-14-520 Permits—Form and display. All permits must be displayed in the approved position on the vehicle with permit numbers visible. Permits not displayed in accordance with the provisions of this section are not valid, and vehicles displaying them improperly are subject to citation.

(1) Autos and trucks:

(a) Hanging permits, both annual and temporary, must be displayed hanging from the rear-view mirror post.

(b) Transferable cards and affixed decals must be displayed on the front windshield at the lower left corner (driver's side). Decals must be mounted completely by means of their own adhesive (not by tape).

(2) Motorcycles and mopeds: Motorcycle and moped permits must be mounted completely by means of their own adhesive and prominently displayed on the left rear side of the vehicle or on top of the rear tail light.

NEW SECTION

WAC 504-14-540 Zone permits—Availability and use. Staff and students are generally assigned to specific parking areas called zones. Parking zones are color-coded with respect to their price and numbered with respect to the specific parking area assignment of each permit holder. Permit holders may park in their assigned zone as reflected by the combination of color and number on their permit and corresponding sign, or they may park in other zones as signed.

NEW SECTION

WAC 504-14-560 Other permits—Availability and use. (1) Visitor permits: Visitor permits may be used only by bona fide visitors as defined by this chapter. Use by any other person constitutes illegal use of a parking permit. Visitor permits are valid in any zone and parking spaces signed for visitors only. Visitor permits are not valid at meters or restricted spaces.

(2) Golden cougar permits: Golden cougar permits are special visitor permits that are issued to retired faculty and staff free of charge. They are issued on an annual basis and are valid in any zone. Faculty and staff who remain regularly employed by the university after formal retirement are not eligible to use a golden cougar permit in lieu of a regular paid permit. Comparable permits from other campus institutions will be honored.

(3) President's associates decals: President's associates decals are issued to eligible members of the WSU foundation. They are valid in any zone. However, WSU faculty, staff, and students may not use a president's associates decal in lieu of a paid zone permit.

(4) Conference permits: Conference permits are available to visitors who participate in conferences held on the WSU Spokane campus. They are available on a daily basis only. Conference permits are valid in any assigned zone.

(5) Motorcycle permits: Motorcycle permits are valid within boundaries of areas specifically posted and/or marked for motorcycle permits.

(6) Construction permits: A construction permit is issued to personnel who are working on a construction site on campus. Construction permits are assigned to a specific parking area.

(7) Carpool: Upon completion of application, bona fide carpools with three or more participants will be given preference in the assignment of parking zones, and will be issued a permit instrument that will facilitate the carpool. Obtaining or using a carpool permit under false pretenses constitutes the illegal use of a permit.

NEW SECTION

WAC 504-14-580 Special indicator decals/hangers. Special indicator decals or hangers may be issued to staff and student permit holders who have otherwise valid parking permits in the following cases:

(1) Service indicator decals/hangers which are valid for a maximum of fifteen minutes in a marked service zone. A separate mall service indicator allows a maximum of fifteen-minute parking in the pedestrian mall. These are available to staff or students who must use a private vehicle for university business.

(2) Reserved parking indicator decals/hangers which are valid in parking spaces that are signed for the corresponding permit and indicator.

NEW SECTION

WAC 504-14-600 Disability permits. WSU Spokane strives to comply with the Americans with Disabilities Act (ADA) parking standards.

There are two types of disability permits:

(1) Permanent physical disability. Disability permits are available to permanently disabled WSU Spokane staff and students at the established fee. Disability permit holders may park in any zone and meter spaces if disability parking spaces are not available. They may not park in service zones or reserved spaces if disability parking spaces are not available.

(2) Temporary physical disability. Disability permits are available to temporarily disabled staff and students at the established fee for a maximum of six weeks, although they may be renewed.

Staff and students must obtain temporary disability forms from WSU Spokane public safety. These disabled parking privileges will be granted only after submission of the forms that show the applicants meet criteria established by the ADA. The forms must be completed by health care providers. WSU Spokane public safety will not accept substitute forms or letters.

NEW SECTION

WAC 504-14-650 Permit fees. Schedules for parking fees, parking administrative fees, meter rates, prorate and refund schedules, and the effective date thereof will be posted in the public area of WSU Spokane public safety and filed with the university rules coordinator.

will be reduced by one-half. Eligible violations received on Friday or Saturday can be paid on the following Monday to satisfy the twenty-four-hour requirement. Mailed fines must be postmarked within twenty-four hours to receive the one-half reduction. If a permit holder of record neglects to display his/her permit and receives a notice of violation for no parking permit, (subsection (1)(c) of this section), that fine will be reduced to five dollars when possession of a valid parking permit for the location is verified by WSU Spokane public safety within twenty-four hours.

(3) Visitors: The first violation of the notices listed in subsection (1)(c) of this section, no parking permit, and subsection (1)(d) of this section, no parking permit for this area, issued to visitors are considered warning notices upon presentation to WSU Spokane public safety.

(4) Inoperable vehicles: It is the owner's responsibility to immediately contact WSU Spokane public safety in the event that the owner's vehicle becomes inoperable.

NEW SECTION

WAC 504-14-830 Other violations and sanctions. (1) Late payment of fines: Failure to pay fines and charges will result in the total amount assessed being referred the WSU controller's office for collection. Forty-five days after issuance of a notice of violation a ten-dollar charge shall be added to all unpaid parking violations.

(a) If a WSU student or staff member fails to pay the fine assessed for any violation, the fine will be referred to the WSU controller's office for collection. The controller may, if other collection efforts fail withhold the amount of the outstanding fines from damage deposits or other funds held for any student in order to secure payment. Where collection efforts are unsuccessful, the controller may notify the registrar to refrain from issuing student transcripts or to withhold permission to reenroll for a subsequent term until outstanding fines are paid.

(b) The procedures discussed above are not exclusive, however, and failure by anyone to pay fines may lead to towing or use of the wheel lock device described in these regulations. The procedures discussed above are not a precondition to towing or use of the wheel lock.

(2) Impound by wheel lock or towing:

(a) Any vehicle with an accumulation of three or more unpaid parking violations or any vehicle displaying a lost or stolen permit may be temporarily immobilized by use of a wheel lock device placed on a wheel. A fifty-dollar fee will be assessed on vehicles which are immobilized with a wheel lock.

(b) Any vehicle may be towed away at owner's/operator's expense if the vehicle:

(i) Has been immobilized by wheel lock more than twenty-four hours; or

(ii) Is illegally parked in a marked tow-away zone; or

(iii) Is a hazard or obstruction to vehicular or pedestrian traffic (including, but not limited to, vehicles parked at curbs or rails painted yellow or red or in crosswalks); or

(iv) Cannot be impounded with a wheel lock device; or

(v) Is illegally parked in a disability space.

PROPOSED

(c) The driver and/or owner of a towed vehicle shall pay towing and storage expenses.

(d) Any vehicle immobilized by use of the wheel lock device in excess of twenty-four hours will be assessed an additional storage fee of ten dollars for each calendar day or portion thereof, beyond the first twenty-four hours.

(e) The university assumes no responsibility in the event of damages resulting from towing, use of wheel lock devices, storage, or attempts to move a vehicle with a wheel lock device installed.

(f) No vehicle impounded by towing or wheel lock devices shall be released until the following fines are paid in cash:

(i) All unpaid parking violation penalties against said vehicle and any other vehicle registered to the violator;

(ii) A fifty-dollar wheel lock fee;

(iii) All towing and storage fees.

(g) Any vehicle impounded pursuant to these regulations in excess of thirty calendar days shall be considered an abandoned vehicle and shall be disposed of in accordance with chapter 46.55 RCW.

(h) A person wishing to challenge the validity of any fines or fees imposed under this subsection may appeal such fines or fees as elsewhere provided in these regulations. However, in order to secure release of the vehicle, such person must pay the amount of such fines or fees as a bond which will be refunded to the extent the appeal is successful.

(i) An accumulation of six unpaid violations during any twelve-month period, exclusive of meter violations, and overtime in time zone violations, will subject the violator to revocation or denial of parking privileges. Vehicles without permits which accumulate the above number of violations may be prohibited from parking on university property.

(3) Failure to pay fines: Failure to pay a fine or comply with other penalties assessed pursuant to these regulations after exhausting or failing to exercise appeals provided for in these regulations constitutes a violation of RCW 28B.10.560. A citation or complaint for such violations may be issued and filed with the district court. Upon request of the university, the department of licensing may withhold vehicle registration pending the payment of outstanding parking fines.

NEW SECTION

WAC 504-14-860 Appeals procedure. (1) Purpose: The parking appeals committee serves two primary functions:

(a) To assure an impartial evaluation of the circumstances relating to a particular parking violation; and

(b) To aid in the appraisal of parking and traffic problems.

(2) Procedure: Any person who has received notice of a parking violation may appeal the alleged violation. The appellant may request more information from WSU Spokane public safety. The appeal must be in writing and received at WSU Spokane public safety within ten calendar days after receipt of notice of the violation. Forms for this purpose are available from WSU Spokane public safety. The parking appeals committee will make an initial decision on the appeal within twenty calendar days during the academic year and

forty-five calendar days during the summer months after receipt of the appeal. The committee will serve a brief statement of the reasons for its decision on appellant within ten days of the decision.

(3) Review of initial decision: If the appellant is dissatisfied with the initial decision, he/she may request a hearing before a hearing officer or appeals committee. Such request must be made within ten calendar days of service of the notice of the initial decision. If no such request is received, the initial decision shall be final. During the review hearing the appellant and representatives of WSU Spokane public safety may present and cross-examine witnesses. The hearing officer or appeals committee shall render a decision in writing and serve appellant with the decision within five calendar days after the review hearing.

(4) Appeal to district court: RCW 28B.10.560 provides that a person who is not satisfied with the final decision of the university may appeal to district court. The application for appeal to district court shall be in writing and must be filed at the WSU Spokane public safety office within ten calendar days after service of written notice of the final decision. WSU Spokane public safety will forward the documents relating to the appeal to the district court.

(a) If the vehicle was acquired from an agency of the United States government, the original or a copy of the bill of sale issued by the United States government must accompany the application for certificate of ownership. When a bill of sale covers more than one vehicle, a photocopy may be accepted.

(i) United States federal government already registered and/or titled in Washington with an FED use class the purchaser needs a bill of sale and the current registration for an NTI or when title issued, Washington title properly released.

(ii) A secured odometer disclosure completed only by the transferee/buyer if the vehicle falls within the federal odometer criteria.

(c) If a vehicle is titled in another country, the application for certificate of ownership must be accompanied by the most current title or ownership document issued by that jurisdiction. If the country from which the vehicle is imported cancels the vehicle title and/or registration for export, the application for certificate of ownership must be accompanied by documents showing proof of ownership and evidence of the cancellation.

(d) If a member of the United States armed forces owns the vehicle and the vehicle has been registered by the United States government military entity, the application for certificate of ownership shall be accompanied by the registration certificate as proof of ownership. (b)) Reported destroyed since the last certificate of ownership was issued;

(c)) (b) A homemade, assembled, or rebuilt vehicle not previously titled as such;

(d)) (c) One whose identification number needs verification as requested by the department, county auditor, or authorized agent, for example, if there is a reason to believe the vehicle identification number has been removed, defaced, altered, destroyed, or if it has become illegible or is missing;

(e)) (d) One with a structural change in, or modification of, body or frame changing the class designation or body type currently shown on the record;

(f)) (e) A used vehicle and no Washington record can be found unless the vehicle is titled or registered in a state or jurisdiction other than Washington;

(g)) (f) A kit vehicle not previously titled as such (if no vehicle identification number previously assigned);

(h)) (g) A street rod not previously titled as such;

(i)) (h) A glider kit not previously titled as such; ~~((or~~

(j)) (i) Questionable as to ownership~~((-));~~

(k) One which the Washington crime information center (WACIC) or National Crime Information Center (NCIC) indicates may be stolen; or

(l) One for which the WACIC/NCIC has failed to respond to the stolen vehicle search required by chapter 46.12 RCW.

(2) ~~((Is a fee always charged for a certificate of vehicle inspection? No, a fee may be charged when a vehicle has been referred for inspection for any reason other than subsection (1) of this section; and a fee may also be charged if the request for inspection is made by a commissioned law enforcement officer, an employee of the department of licensing, a vehicle license agent or other competent inspecting agency designated by the director.))~~ **What fee is charged for a Washington state patrol VIN inspection?**

The VIN inspection fee is fifty dollars as authorized by chapter 46.12 RCW unless:

(a) The out-of-state fee authorized by chapter 46.12 RCW has been collected on the same application; or

(b) The Washington state patrol or department of licensing has determined that the fee is not due.

(3) **Who is authorized to perform a vehicle inspection?** Vehicle inspections may be performed by:

(a) The Washington state patrol;
 (b) Other competent inspecting agencies designated by the director if the vehicle is located in a foreign state or ((province)) country and the requirement for inspection by the Washington state patrol will cause undue hardship.

(4) **How long is a vehicle certificate of inspection valid?** The vehicle certificate of inspection is valid for the following periods of time after the inspection date:

(a) Thirty days for vehicles:
 (i) Reported destroyed;
 (ii) Homemade, assembled, rebuilt, street rods, kit vehicles and glider kits;
 (iii) If the identification number needs verification, has been removed, defaced, altered, destroyed, illegible or missing;
 (iv) With structural change in, or modification of, body or frame changing the class designation or body type;
 (v) Referred for inspection for any reason not listed.

(b) Sixty days for vehicles:
 (i) From a foreign jurisdiction;
 (ii) With no Washington record or no manufacture statement of origin/manufacture certificate of origin.

(c) One year for vehicles required to be inspected under subsection (1)(a) through ((+)) (k) of this section and held for sale by a licensed dealer.

(5) Is the vehicle identification number inspection certificate provided by the Washington state patrol (WSP) valid other than in Washington state? In accordance with WSP rules, the inspection certificate provided by the WSP is valid only in Washington state except otherwise specified by the Washington state patrol.

(6) Why are the words "register" and "registered" used in place of "title" and "titled" in chapter 125, Laws of 2001? The words "register" and "registered" are used in place of "title" and "titled" in chapter 125, Laws of 2001 because RCW 46.12.010 requires vehicles registered in this state to also have a certificate of ownership. For the purposes of section 3, chapter 125, Laws of 2001, the registration process is not complete until it is confirmed that the vehicle is not stolen. Certificate of ownership will not be issued and the license tabs and registration certificate shall be invalid for vehicles which have been confirmed stolen.

AMENDATORY SECTION (Amending WSR 00-06-025, filed 2/23/00, effective 3/25/00)

WAC 308-56A-460 Destroyed or wrecked vehicle rebuilt. (1) **What is a destroyed or wrecked vehicle?** For the purposes of this section:

(a) A destroyed vehicle means vehicles of any age that have been reported wrecked or destroyed by the owner, licensed wrecker, scrap processor or insurance company and includes salvage vehicles as defined in RCW 46.12.005; and
 (b) A wrecked vehicle is defined in RCW 46.80.010(4).

(2) **Who may report destroyed or wrecked vehicles and how are those vehicles reported to the department?** Destroyed vehicles may be reported to the department by:

(a) Insurance companies. A vehicle becomes insurance destroyed under RCW 46.12.070 when:

(i) An insurance company in possession of a certificate of ownership ((to)) for a ((destroyed)) vehicle that has been destroyed submits to the department the current certificate of ownership indicating the vehicle is "DESTROYED," the insurance company name and address and the date of loss; or

(ii) The Total Loss Claim Settlement form (TD 420 074) completed in its entirety is received by the department (settlement is defined in subsection (4) of this section).

(b) Government or self-insured entities: Any government agency or self-insured entity reports the vehicle is a total loss by indicating on the certificate of ownership or affidavit of loss/release of interest that the vehicle is "DESTROYED" and, the date of loss. ~~((The document shall be submitted to the department.))~~

(c) Other owners (owner destroyed); and

A vehicle is considered destroyed by an individual when:

(i) The individual submits to the department the certificate of ownership, properly released by the registered and/or legal owner(s), when applicable, and indicates on the face of the ownership document "DESTROYED," the date and location of destruction on the front of the certificate of ownership; or

(ii) The owner submits an affidavit of loss/release of interest with a notation on the document in the same manner as (c)(i) of this subsection; and

(iii) A written statement indicating the vehicle has been destroyed, to include year, make, model, and vehicle identification number.

(d) Washington licensed vehicle wreckers. A vehicle becomes wrecker destroyed when the Washington licensed wrecker submits a written report to the department as required in RCW 46.80.090.

(3) **After the certificate of ownership has been surrendered, how do I sell my destroyed vehicle?** After the certificate of ownership has been surrendered, you may sell your destroyed vehicle in the following ways:

(a) After the vehicle has been reported destroyed under RCW 46.12.070, the insurer using a bill of sale instead of a release of interest on a certificate of ownership may sell the vehicle. The bill of sale shall be signed by a representative of the insurer and provide their title of office. The representative's signature need not be notarized certified.

(b) After a vehicle has been reported destroyed under RCW 46.12.070 and the registered owner retains the vehicle, the vehicle may be sold in its present condition using a bill of sale. The bill of sale must be signed by the owner and the owner's signature must be notarized.

(c) A motor vehicle wrecker licensed under chapter 46.80 RCW may utilize a bill of sale issued in accordance with (a) and (b) of this subsection in lieu of a certificate of ownership to comply with RCW 46.80.090.

(4) **When is an insurance claim considered settled?** For the purpose of this section, those vehicles described in RCW 46.12.070, the settlement of an insurance claim as a total loss, less salvage value shall mean the date on which an insurance company actually makes payment to the claimant for the damage.

(5) **If a vehicle has been reported to the department as destroyed or wrecked, may the license plate(s) remain**

with the vehicle? Depending on the situation the vehicle license plates may stay with the vehicle:

(a) If the vehicle has been reported insurance destroyed, regular vehicle license plates may remain with the vehicle unless the license plates assigned to the vehicle are severely damaged.

(b) If the owner of record has reported the vehicle as destroyed, regular vehicle license plates may remain with the vehicle unless the license plates assigned to the vehicle are severely damaged.

(c) If the vehicle has been reported destroyed by a Washington licensed wrecker, new vehicle license plates are required since the Washington licensed vehicle wrecker must remove the current license plates as required by WAC 308-63-070(7).

(6) What is required of a Washington licensed vehicle dealer before they can sell a vehicle that has been reported destroyed or wrecked? Except as permitted by RCW 46.70.101 (1)(b)(viii) before a vehicle dealer may sell a destroyed or wrecked vehicle under their Washington vehicle dealer license, the dealer must:

(a) Rebuild the vehicle to standards set by the state of Washington or the federal government pertaining to the construction and safety of vehicles; and

(b) Obtain a Washington state patrol inspection; and

(c) Apply for and receive a certificate of ownership for the vehicle, issued in the name of the vehicle dealer.

(7) What does "WAREBUILT" mean on a Washington certificate of ownership? The "WAREBUILT" designation, as required by RCW 46.12.075, on a vehicle certificate of ownership means that the vehicle is of a model year that is less than six years before the calendar year in which the vehicle was wrecked, destroyed, or damaged and has been reported as destroyed under RCW 46.12.070 or 46.80.010(4) and the vehicle has been rebuilt and inspected under RCW 46.12.030.

(8) For a vehicle described in subsection (7) of this section, will the certificate of ownership and registration always indicate "WAREBUILT"? Yes, the certificate of ownership and registration shall prominently display a "REBUILT" designation on the front of the document. This designation will continue to appear on every subsequent certificate of ownership and registration issued for this vehicle.

(9) If I purchase a vehicle that has been reported to the department as wrecked/destroyed/salvaged or a total loss and has not been retitled, what documentation ((is)) and fees are required to get a certificate of ownership? The documentation required to ((apply for)) obtain a certificate of ownership after the vehicle's destruction is:

(a) All ((other)) documents and fees required by chapters 46.01 ((and)), 46.12, and 46.16 RCW; and

(b) A notarized/certified release of interest or a notarized/certified bill of sale from the owner of the vehicle transferring ownership, except that a bill of sale from a licensed vehicle ((wrecked)) wrecker or insurer need not be notarized or certified;

(c) An inspection by the Washington state patrol or other person authorized by the director to perform vehicle inspection;

Note: Receipts of all parts used for reconstruction of the vehicle need to be kept and made available upon request at the time of inspection.

(d) An odometer statement, if applicable.

Summary: The proposal would adopt a new WAC section regarding unfair discrimination based on sex in the provision of health coverage. The area of prescription contraception is used as an example to clarify the application in that area.

Reasons Supporting Proposal: Many interested parties expressed concerns or made inquiries about previously adopted rules regarding this subject. The commissioner decided that a new rule making with a new opportunity to comment would be in the best interest of all parties. The proposed rules are clear, and this rule procedure has been focused on application of the principles of unfair discrimination.

PROPOSED

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Carriers need guidance on how to comply with state and federal laws that prohibit sex discrimination in insurance transactions and health plan benefits. There are a number of state and federal laws that prohibit sex discrimination in health insurance benefits, including but not limited to contraceptive health care services. The laws include 42 U.S.C. 2000 and chapter 49.60 RCW, in addition to provisions of the state insurance code. The proposal clarifies the Office of the Insurance Commissioner (OIC) regulation of unfair sex discrimination and provide clear guidance to carriers and consumers. Existing rule sections, WAC 284-43-821, 284-43-823, and 284-43-824 would be repealed prior to ever becoming effective.

Proposal Changes the Following Existing Rules: There is a proposed new section, WAC 284-43-822 that addresses the subject of unfair discrimination based on sex and illustrates the application of the principle in the area of prescription contraception. Existing sections WAC 284-43-821, 284-43-823, and 284-43-824 would be repealed.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

Small Business Economic Impact Statement

Overview: On February 21, 2001, Commissioner Kreidler filed a CR-101 for R 2001-02, a rule making to address unfair sex discrimination. The rule making was begun after the commissioner reviewed the comments, inquiries, and requests for reconsideration of interested parties regarding a previous rule making. The earlier rules (R 2000-03) were adopted January 9, 2001. After considering the adopted rules and the surrounding circumstances, Commissioner Kreidler decided to revisit the subject in a new rule making which would allow new opportunities to comment. An emergency rule was filed to delay the implementation of the adopted rules and allow time for new opportunities to comment and any permanent rule making to take place. The CR-101 noted that the previous rules may be amended or repealed in the existing rule making. The proposal in this rule making is for a new WAC section and to repeal the existing rules. However, if no adoption of permanent rules occurs in this rule making, the emergency will lapse and the existing rules would be allowed to become effective.

Federal law and federal regulation and other state law and regulation: This rule is not required by federal law or regulation. However, federal regulation and court cases do have an impact on this subject. Title VII of the Civil Rights Act of 1964 and the Pregnancy Discrimination Act prohibit unfair discrimination based on sex. Title VII of the Civil Rights Act of 1964, SEC. 2000e. (Section 701)(k) defines what the terms "because of sex" and "on the basis of sex" means. It states that women "shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected but similar in their ability or inability to work, and nothing in section 2000e-2(h) of this title (section 703(h)) shall be interpreted to permit otherwise."

A decision by the Equal Employment Opportunity Commission (EEOC) on December 14, 2000, addresses the subject of unfair discrimination based on sex. The EEOC ruled that to exclude prescription contraceptives while covering other prescription drugs was unfair discrimination. In a June 12, 2001, decision, *Erickson v. Bartell Drug Company*,¹ Judge Robert S. Lasnik of the U.S. District Court, Western District of Washington also held that excluding prescription contraceptives while covering other prescription drugs is unfair discrimination based on sex. The federal regulation applies to all employers providing group coverage for groups of fifteen and over.

In addition to the provisions in Title 48 RCW noted in the CR-102, chapter 49.60 RCW also regulates the subject of unfair discrimination. Chapter 49.60 RCW and chapter 162-30 WAC apply to employers providing group coverage for groups of eight and over. RCW 49.60.180(3) states that it is an unfair practice for an employer to "...discriminate against any person in compensation or in other terms or conditions of employment because of age, sex..."

The Washington State Human Rights Commission further elaborates on these concepts in chapter 162-30 WAC. That chapter addresses sex discrimination by employers. WAC 162-30-020(1) states that "The overall purpose of the law against discrimination in employment because of sex is to equalize employment opportunity for men and women. This regulation explains how the law applies to employment practices that disadvantage women because of pregnancy or childbirth.

(2) Findings and definitions. Pregnancy is an expectable incident in the life of a woman. Discrimination against women because of pregnancy or childbirth lessens the employment opportunities of women.

(a) "Pregnancy" includes, but is not limited to, pregnancy, the potential to become pregnant, and pregnancy related conditions.

(b) "Pregnancy related conditions" include, but are not limited to, related medical conditions, miscarriage, pregnancy termination, and the complications of pregnancy."

The WAC continues on in further detail. WAC 162-30-020(5) "Employee benefits provided in part or in whole by the employer must be equal for male and female employees. For example, it is an unfair practice to:

(a) Provide full health insurance coverage to male employees but fail to provide full health insurance coverage, including pregnancy and childbirth, to female employees."

Industry affected by the proposed rule: The industry codes directly affected by the proposed rules include Hospital and Medical Service Plans, industry code #6324 and health plans offered by Accident and Health Insurers, industry code #6321. In Washington, hospital and medical service plans are called health care service contractors (HCSCs) and health maintenance organizations (HMOs).

Purchasers of health plans could also be impacted. Possible cost impacts to the benefit offered by the directly regulated industry could in turn lead to downstream cost impacts or changes in the shape of the benefits. In other words, if the insurance product may be impacted for the seller, those impacts may also affect the purchaser of the insurance prod-

uct. Since the proposed rule impacts all health plans offered by all health carriers regulated by the commissioner, all groups and individuals may potentially be affected. Thus, the indirect impacts could extend to all industries.

Parts of the proposed rule which may impose a cost to business: Currently, unfair discrimination based on sex is prohibited in insurance statutes and statutes regulating the provision of benefits to employees.² The proposed rule restates that it is an unfair practice for any health carrier to restrict, exclude, or reduce coverage or benefits under any health plan on the basis of sex. It cites the application of the concept to the subject of prescription contraceptive coverage as an example of the regulation. It also clarifies the application of cost-sharing agreements. Health plans are not currently allowed to discriminate unfairly based on sex. RCW 48.30.300(1) states this principle "...The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex...."

The proposed rule does not require coverage of prescription contraceptives or of any prescription drugs. The proposed rule only illustrates how treating prescription contraceptives differently than other prescription drugs may be unfair discrimination. The proposed rule allows for cost-sharing to the same extent as other covered prescriptions. Carriers can reshape benefits or change cost-sharing arrangements to account for any costs that may be incurred by treating this coverage in a nondiscriminatory fashion. Purchasers can alter copays, deductibles, and other cost-sharing arrangements to pass along any costs inherent in treating prescription contraceptives (or any other benefit) in a fair manner by treating it in the same fashion as any other covered benefit.

The percentage of the industries in the four-digit standard industrial classification that will be affected by the proposed rule: The proposed rule would affect 100% of the health plans subject to regulation by the insurance commissioner. As noted later in this document, coverage of the subject varies from plan to plan and carrier to carrier. All plans would be required to comply with the rule.

Proportionality of economic burden on small businesses within the four-digit classification: The commissioner does not believe that there will be direct disproportionate economic impacts on smaller carriers or indirect disproportionate impacts on small business purchasers. Existing rules and laws are clarified. The requirement of providing nondiscriminatory coverage is made clearer but carriers, businesses, and individuals can determine the manner of achieving that end result. As noted, cost-sharing can be used to relieve any additional costs if it is used in a nondiscriminatory manner. Potential costs of compliance are further developed later in this report.

The commissioner is committed to keeping costs proportionate and fair for the smaller carriers and for all affected persons and businesses and welcomes any comments and suggestions on how that may be better accomplished.

Mitigation techniques that have been considered and incorporated into the proposed rule to reduce economic impact of the rule on small businesses and still meet the

objectives of the proposed rule: The rules are being proposed with a delayed effective date to enable industry and interested persons additional time to comment on the proposal and to allow time for implementation. As noted earlier, the scope of the proposed rules have been reduced from earlier discussions and are narrower than the existing rules. Thus, the rule making itself is a mitigatory measure. Affected parties will have adequate time to prepare any systemic changes necessary to comply with the proposed rules. Suggested text changes have been included to provide more clarity and focus. The rule drafters will continue to discuss the proposed rules with industry representatives to discuss methods to reduce any potential costs.

The commissioner initiated the rule making to consider issues raised by interested parties. The scope of the proposed rule has been narrowed from the existing rules that were adopted in January of 2000 and the proposed effective date has been delayed from July of 2000 to January 1, 2001. To the extent that the existing rule would have incurred costs, those costs have been already mitigated to some degree.

Discussions with industry and other interested parties have lead to the development of the text as proposed. These have included clarifying language to mitigate economic impacts to the greatest possible extent while achieving the goals of the rule-making.

The commissioner is open to any comments that would achieve the purpose of the rule making and would reduce any economic impacts. Other mitigatory measures available to all businesses, including small businesses are to modify cost-sharing arrangements. Carriers and businesses are allowed to pass along any possible costs inherent in the rule as long as it is done in a fair and equitable manner. The commissioner encourages any suggestions that can accomplish the goals in a more cost-efficient manner and encourages dialogue with all carriers.

Steps the commissioner will take to reduce the costs of the rule on small businesses: The mitigation techniques incorporated above will aid in reducing economic impacts. The rule-drafting process will continue to be open and small businesses and interested parties are invited to comment on the proposed rule and offer any suggestions or alternatives. The rule drafters will continue to discuss the proposed rules with industry representatives and interested parties to discuss methods to reduce any potential costs on smaller carriers and affected businesses. Additionally, the commissioner will provide technical assistance to aid all carriers in understanding and implementing the new rule.

Mitigation techniques considered for incorporation but not included in the proposed rule: It was suggested that the language regarding devices be stricken or defined. This is still under consideration to determine possible impacts.

Reporting, record-keeping, and other compliance requirements of the proposed rule: There are no new reporting or record-keeping requirements. Health plans would be prevented from unfairly discriminating on the basis of sex with regards to the benefits offered and the terms and conditions of coverage.

Professional services that a small business is likely to need in order to comply with the reporting, record-keeping, and other compliance requirements of the proposed rule: It is not apparent that the rules will occasion the need for any additional staffing or professional services for reporting or record keeping. If carriers or small carriers believe that additional staffing or services are needed due to these rules (and not the underlying state or federal statutes), they are encouraged to cite the section that would require the staffing and recommend methods to ameliorate the need if at all possible. Indirectly impacted parties, including small business purchasers, will not have any record-keeping or reporting requirements.

The commissioner will seek to provide whatever technical assistance is necessary to enable any carriers, including the smaller carriers, to understand and implement the rule. The commissioner will take steps to ensure that indirectly impacted businesses and persons understand the rule and existing state and federal laws regarding the subject.

Costs of compliance:

Cost of equipment: There is no anticipated additional cost of equipment.

Cost of supplies: There is no anticipated cost of supplies attributable to the rule.

Cost of labor: It is not anticipated that the rule will be responsible for additional cost of labor. There are always costs associated with reading and comprehending any rule changes but it is believed that these costs are nominal. The OIC does not expect that any additional staff will be required as a result of this rule.

Cost of increased administration: There is no significant anticipated increased cost of administration attributable to the rules. No parallel administrative systems are required to track plans or benefits. While not every plan offered by every carrier that covers prescription drugs also covers prescription contraceptives in the same fashion, many plans do treat the subjects the same. There will be some costs in harmonizing the plans and possibly retailoring the cost-sharing arrangements of a plan.

Cost of prescription contraception: As noted previously, this rule does not require coverage of any type of prescription benefit. It does not "mandate" any benefit. The rule addresses the issue of what is unfair discrimination in health plans. Existing state and federal employment and insurance laws already prohibit unfair discrimination based on sex. A federal regulatory decision and a federal court decision hold that excluding prescription contraceptives from coverage under a prescription benefit or treating it differently in terms of restrictions or limitations is tantamount to unfair discrimination. This rule seeks to clarify the subject and the application of those principles, which will provide more certainty for industry, consumers, and purchasers. While prescription coverage may not be required under this rule, potential cost issues regarding inclusion of prescription contraceptives will be further discussed to provide background for discussion of the subject.

What is Currently Covered: Many of the plans currently offered cover some or all of the available contraceptive methods. A national study found that half " of traditional indem-

nity (fee-for-service) plans do not cover any reversible contraception (Chart A), and only 15% cover all five prescription methods—the pill, IUD, diaphragm, implant and injectable. While 97% cover some form of prescription drugs, only 33% cover the pill."³ The study found that 7% of the health maintenance organizations (HMOs) surveyed cover no prescription contraceptives, and only 39% cover all five.⁴

Often plans cover some form of prescription drug benefit and some permanent forms of contraception but not reversible forms. A Washington State Department of Health report to the legislature⁵ addressed the subject of contraception. The report cited a 1998 Alan Guttmacher Institute study⁶ as finding that "more than two-thirds of typical fee-for-service plans routinely cover abortion, and nine-in-ten cover sterilization, only 15% cover all five of the FDA-approved reversible contraceptive methods - oral contraceptive pills, Norplant, Depo-Provera, IUDs, and diaphragms - and 49% do not cover any reversible contraceptive methods. Thirty-three percent of these plans cover oral contraceptive pills. However, at the same time, over 95% of these same plans cover other prescription drugs and 90% cover other medical devices."⁷ The report continued on to state that "for permanent contraception such as tubal ligation and vasectomy, private-sector insurance companies cover surgical sterilization 85-90% of the time. Private insurance companies cover induced abortion 64-83% of the time when the health care provider considers the abortion medically necessary or appropriate. Routine obstetric care is covered 93-99% of the time.... The lack of access to reversible prescription contraceptives steers women to more invasive, permanent contraception. Surgical sterilization is the most commonly used form of contraception in the United States. In 1995, 36% of all persons using a form of contraception in the United States were protected by sterilization (25.6% by tubal ligation and 10.2% by vasectomy). While sterilization is a safe and effective method of contraception, it has serious disadvantages. It requires surgery and is, as a practical matter, irreversible. Barriers to access to effective forms of reversible contraception help to explain why so many more people in the United States choose sterilization than in any other country."⁸

A 1998 survey⁹ by the insurance commissioner found that half (50%) of all the plans in Washington that were surveyed cover contraception in some form. Thirty percent of all plans covered all five FDA-approved reversible methods of contraception used exclusively by women: Oral contraceptives, IUD, diaphragm, Norplant and Depo-Provera.

The 1998 survey is in the process of being updated but has yet to be released. The preliminary data collected for the updated survey indicates that 61.4% (total of seventy responses) of the one hundred fourteen plans surveyed include a prescription drug benefit (answer Y), and 20.2% (total of twenty-three responses) offer a prescription drug benefit with some form of restrictions (answer R. Often this is higher copays than for other coverage, exclusion of certain drugs or devices, or inclusion only of certain methods. The last often occurs as a rider) for a total of 81.6% (total of ninety-three responses) combined "Yes" or "Yes with some form of restricted benefit."

Of the five, FDA-approved reversible methods of contraception, the following are covered in the plans that are Yes (Y) or Yes with a prescription drug benefit (R):

IUD-

The DOH Sunrise Report went on to note that "according to the Alan Guttmacher/Buck Consultants Report, adding all five approved contraceptive methods will increase an employer's total health care cost by less than 1%. However, according to a 1995 study by Foster Higgins, it costs employers with ten or more employees an average of \$3,810 each year to cover an employee, spouse and dependents. This being the case, the percentage falls to less than one-half of a percent increase in premium. For those plans covering oral contraceptives, but not the other methods, the additional premium would be negligible."¹¹

The above figures are consistent with previous estimates by Health Insurance Association of America presented to the California Assembly Insurance Committee on the cost of oral contraceptive coverage. The Alan Guttmacher Institute report noted that HIAA estimated that the cost of adding contraceptive coverage (for oral contraceptives only) to a drug plan would be \$16.20 per employee per year, or \$1.35 per month per employee.¹² The DOH Sunrise Report noted also that the Utah public employee plan, the medical insurer for Utah state employees estimated the cost of coverage at \$16 per year.¹³ The Virginia state and local benefits health plan provides coverage for approximately 85,000 employees and cites costs of \$16.47 per year.⁴

Again, it must be noted that approximately half of the plans surveyed in Washington in 1998 offered some form of contraceptive services. In the latest survey, that number has risen to about 61%. The approximate \$21 cost per enrollee and approximate \$16 responsibility (assuming 20% enrollee responsibility) is if the plan offers no coverage at all. For a plan that offers oral contraceptives, the addition of all other methods is about \$1 before any enrollee responsibility.

Costs of Not Providing Contraceptive Coverage: There are potential cost offsets for reducing coverage of unintended pregnancies and pregnancy termination services. In 1993 and 1994, 55% of the pregnancies in Washington were unintended at the time of conception.¹⁵ Women who are not using contraception, are not using contraception regularly, or are using less effective methods of contraception due to costs are more likely to have unintended pregnancies. Over five years, a sexually active women who does not use contraception will have an estimated 4.25 unintended pregnancies.¹⁶ A study by the *American Journal of Public Health* found that if 15% of women who were not using any contraceptive method began to use oral contraceptive pills, the resulting savings in pregnancy care costs would cover the cost of oral contraceptive pills for all the other contraceptive pill users in a particular insurance plan.¹⁷ The *American Journal of Public Health* report found that costs of pregnancy-related care ranged from \$416 for an induced abortion to \$10,638 for a delivery though

Of the ninety-three plans that include a prescription drug benefit, 16.1% (fifteen responses) of those plans exclude contraceptives. 57%, fifty-three responses, do not exclude them. 26.9%, twenty-five responses note a restriction. This restriction is usually that some form of an optional drug benefit must be purchased.

Of the ninety-three plans that include a prescription drug benefit, 41.9% (thirty-nine responses) cover it as a rider; in 52.7% of the plans (forty-nine responses), it is not a rider. 5.4% (five responses) answered with an "R" - covered as a rider but with restrictions.

Costs of Prescription Contraceptive Coverage: The Washington State Department of Health Sunrise Report incorporated costs estimates from a June 1998 study¹⁰ by the Alan Guttmacher Institute. The study was developed by Buck Consultants, an employee actuarial and compensation consulting firm. The study stated that the average estimated cost of adding coverage for the full range of reversible prescription contraceptives to health plans that do not currently cover them would increase total health coverage costs for employees and their dependents by \$21.40 per employee per year. In the study, of that total amount, \$17.12 would be the employer's costs and \$4.28 would be the employee's costs. The premium increase would be of less than 1% of the employers' costs of providing employees with medical coverage. The cited figures do not include the cost savings associated from decreased pregnancy-related medical costs. The major portion of the contraceptive costs, \$16 of the \$21.40, is the cost of adding oral contraceptives. For those plans already providing oral contraceptives, the additional premium would be approximately \$1 per employee per year and broken down as follows:

PROPOSED

a caesarian section.¹⁸ Complications occurring in the birth can raise the costs many times over. *Business and Health*¹⁹ cited an Alan Guttmacher Institute study that found that every public dollar spent on contraceptive services saved \$4.40 in medical and social services to women who would have become pregnant. Of those costs, 75% are medical savings. *Business and Health*²⁰ also noted that while the addition of contraceptives would add about 1% to an employer's total health costs, this did not account for savings through lower medical costs for unintended pregnancies. It also did not account for savings in employee sick time, maternity leave, and costs of replacing the worker.

Summary: Exact costs will vary from plan to plan. Plans that do not offer a prescription drug benefit will not have to offer any additional coverage for prescription contraception. The majority of plans surveyed in Washington do offer some type of prescription drug benefit. That benefit must be offered with coverage for contraception under the same terms and conditions as any other covered benefit. A third of all plans offered all five types of reversible contraceptives. The majority of the plans that cover prescription drugs do cover contraception in some form but not necessarily all types or on the same conditions as other covered prescription benefits. Those plans may need to reform the benefits that are offered to ensure that they are not unfairly discriminating on the basis of sex. Depending on the benefits offered, costs could run from pennies per enrollee per year to approximately \$16 per year. Those costs do not factor in potential cost savings from the reduction in medical costs from reduced unintended pregnancies and the associated costs in employee time and in medical costs. The costs can be further reduced or eliminated by changes in the cost-sharing agreements, which is permitted if applied fairly.

Cost of compliance for small business compared with the cost of compliance for the largest business: Potential direct costs of compliance with the rule should be proportional for all carriers, large and small. The indirect impacts should also be proportional for purchasers large and small. The rule prohibits unfair discrimination based on sex. Unfair discrimination based on sex is currently prohibited by law; the rule clarifies the application of the principle. Most, if not all, of the costs are attributable to the underlying laws, not these rules. Again, adding a prescription benefit is not required by the rule. An offered benefit may not unfairly discriminate. The provision of prescription contraceptive benefits is not dependent on the size of the health carrier or the size of the purchaser. A national survey indicated that about half of the large group plans cover contraceptives.²¹ Those figures are essentially the same as the number of plans of all types that offer contraceptives in Washington.²² In Washington, the type of health plan seems to have a higher correlative effect than size of plan or purchaser. The insurance commissioner's study found that of the list of all five reversible types of prescription contraception, 30% of all plans covered the whole list. The breakdown was as follows: Zero indemnity plans, 6% of preferred provider organization plans, 15% of point of service plans, and 50% of ["gatekeeper"] plans.²³ The rules drafters will consider any suggested alternatives that accomplish the goals of the rules while mitigating the

costs of compliance, particularly those costs incurred by small businesses.

Involvement of affected businesses in development of the rule: The commissioner and staff have engaged in ongoing discussions with directly regulated and indirectly impacted parties since the adoption of the existing rules by the prior administration. Comments were solicited in the CR-101 and a discussion draft was shared with interested parties. The commissioner and staff will continue to discuss the proposed rules with industry representatives and interested parties to ascertain any additional methods to reduce any potential costs.

Informing and involvement of small businesses in the development of the proposed rule: All directly affected parties were notified of the beginning of formal rule making by the CR-101. The CR-101 for this rule was filed on February 21, 2001, for publication in the Washington State Register. The CR-101 was mailed to directly impacted and interested parties in June and posted on the commissioner's website. Comments were solicited in the CR-101 and a discussion draft was shared with interested parties. Staff has engaged in dialogue with directly regulated and indirectly impacted parties during the development of the proposal and will continue those conversations during the rule-making process. The commissioner encourages all interested parties to comment on the rule and engage in dialogue about impacts and any possible mitigation.

NEW SECTION

WAC 284-43-822 Unfair practice relating to health coverage. (1) It is an unfair practice for any health carrier to restrict, exclude, or reduce coverage or benefits under any health plan on the basis of sex. By way of example, a health plan providing generally comprehensive coverage of prescription drugs and prescription devices restricts, excludes, or reduces coverage or benefits on the basis of sex if it fails to provide prescription contraceptive coverage that complies with this regulation.

(2)(a) Health plans providing generally comprehensive coverage of prescription drugs and prescription devices shall not exclude prescription contraceptives or cover prescription contraceptives on a less favorable basis than other covered prescription drugs and prescription devices. Coverage of prescription contraceptives includes coverage for medically necessary services associated with the prescribing, dispensing, delivery, distribution, administration and removal of a prescription contraceptive to the same extent, and on the same terms, as other outpatient services.

(b) Health plans may not impose benefit waiting periods, limitations, or restrictions on prescription contraceptives that are not required or imposed on other covered prescription drugs and prescription devices.

(c) Health plans may require cost sharing, such as copayments or deductibles, for prescription contraceptives and for services associated with the prescribing, dispensing, delivery, distribution, administration, and removal of the prescription contraceptives, to the same extent that such cost sharing is

required for other covered prescription drugs, devices or services.

(d) Health carriers may use, and health plans may limit coverage to, a closed formulary for prescription contraceptives if they otherwise use a closed formulary, but the formulary shall cover each of the types of prescription contraception as defined in (f) of this subsection.

(e) If a health plan excludes coverage for nonprescription drugs and devices except for those required by law, it may also exclude coverage for nonprescription contraceptive drugs and devices.

(f) For purposes of subsections (1) and (2) of this section, "prescription contraceptives" include United States Food and Drug Administration (FDA) approved oral, implant and injectable contraceptive drugs, intrauterine devices, and prescription barrier methods, including contraceptive products declared safe and effective for use as emergency contraception by the FDA.

(g) This section applies prospectively to health plans offered, issued, or renewed by a health carrier on or after January 1, 2002, unless otherwise exempted by law.

Statute Being Implemented: See Statutory Authority above.

Summary: The amendments and new rules include public protection provisions, qualifications to be a licensee, regulation of certified public accountants (CPAs); ownership of CPA firms; assurance that CPAs from Washington state are substantially equivalent with CPAs in other states; assurance that CPAs from other states and countries have met qualifications that are substantially equivalent to the CPA qualifications of this state; and regulation of the activities of persons holding licenses, certificates (including a new inactive certificateholder status), and non-CPA owners of CPA firms.

Reasons Supporting Proposal: E2SSB 5593 that passed through the 2001 legislative session significantly revised the Public Accountancy Act (chapter 18.04 RCW). The Board of Accountancy needs to revise all of its rules for statutory authority and adopt, amend, or repeal rules to implement the revisions to chapter 18.04 RCW.

The Changes to Fees: (1) The board currently has approximately a \$900,000 fund balance. Without a signifi-

cant increase in fees, within the next two years the fund balance will be substantially depleted and the agency will need to begin cutting activities (consumer alerts, investigations). If activities are not cut, by the end of next biennium the agency would have a deficit fund balance position. The board needs to maintain an adequate fund balance to:

- Provide adequate reserves for emergency appropriation requests.
- Pay for extensive or costly investigations and enforcement or defense issues requiring significant attorney general costs.
- Cover unanticipated litigation costs ordered by a court.
- Compensate for an unanticipated or sudden drop in the number of licensees.

(2) The new statute gives the board a two-year exemption to the provisions of Initiative 601 (the fiscal growth factor); however, the fee increases approximate the amount allowable if the board had increased fees annually pursuant to the limit of Initiative 601.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The board's goal with all of its rule proposals is to:

- Promote clarity.
- Ensure effective communication.
- Ensure fairness in interpretation and application of the rules.
- Promote efficiencies through minimizing gray areas.

Specifically:

WAC 4-25-400	Advises the reader of the authority given to the board by the legislature through chapter 18.04 RCW (the Public Accountancy Act). This authority includes the enactment of rules. This rule is a preamble to those rules and lists the general subjects included in chapter 4-25 WAC.
WAC 4-25-410	Defines terms used throughout the board's rules to provide clarity for users.
WAC 4-25-510	Advises the public of: (1) The dates and times the board will hold its regular and annual meetings. (2) The election of officers at the annual meeting. (3) When the newly elected officers will assume their duties. (4) Who has the authority to call meetings of the board. (5) The board's compliance with the Administrative Procedure Act.
WAC 4-25-520	Notifies the public of the records available for inspection and copying for informational purposes.
WAC 4-25-530	RCW 18.04.065 directs the board to "set its fees at a level adequate to pay the costs of administering this chapter" (that is, chapter 18.04 RCW, the Public Accountancy Act).

WAC 4-25-540	Chapter 34.05 RCW (Administrative Procedure Act) allows agencies to adopt brief adjudicative proceedings to resolve some limited administrative issues. The board uses brief adjudicative proceedings to provide a clear process to persons to appeal staff actions denying applications.
WAC 4-25-550	WAC 4-25-550 requires CPAs, CPA firms, and resident nonlicensee firm owners to notify the agency of any change in address. With a current address on file, the agency will be able to contact the CPA, CPA firm, or resident nonlicensee firm owner for regulatory purposes.
WAC 4-25-551	Requires CPAs, CPA firms, and resident nonlicensee firm owners to respond to a board inquiry in writing within twenty days of the date the inquiry is posted in the United States mail. With cooperation from the CPAs, CPA firms, and resident nonlicensee firm owners the board can effectively administer chapter 18.04 RCW.
WAC 4-25-600 Repeal	The rule is too vague to be enforceable therefore this rule is recommended for repeal.
WAC 4-25-610, 4-25-620, 4-25-622, 4-25-630, 4-25-631, and 4-25-650	Advises Washington CPAs of the standards of conduct and when they must comply with these standards. These standards are needed to establish and maintain high standards of competence and ethics to address the need to protect the public.
WAC 4-25-626	In order to protect the public interest, this rule prohibits licensees from being compensated in a manner which tends to bias or give the appearance of tending to bias the results of their attest services. However, to permit Washington CPAs to practice public accounting on a level playing field with other CPAs nationwide, this rule is aligned with the Uniform Accountancy Act (UAA), to follow the national trend of allowing compensation in the form of commissions, referral fees, and contingent fees, and to address the profession's desire to allow commissions and contingent fees with disclosure. In order to ensure the public is sufficiently informed the rule requires all CPAs accepting commissions, referral fees, and contingent fees to disclose in writing and in advance of client acceptance the method of calculating the fee and the CPA's role as the client's advisor.
WAC 4-25-640	Incorporates parts of statute (RCW 18.04.390 and 18.04.405) into the board's rules of professional conduct. The rule prohibits Washington CPAs from disclosing any confidential client information without the consent of the client; clarifies when the rule does not affect a CPA's disclosure of client information, and outlines a CPA's obligations with respect to the records of a client in a clear format. This standard of professional conduct is needed to protect the public by ensuring privacy and record accessibility.
WAC 4-25-660	"Advertising and other forms of solicitation" is a rule of professional conduct necessary to establish and maintain high standards of competence and ethics of certified public accountants (CPAs) to protect the public interest especially in the area of advertising and solicitation.

PROPOSED

PROPOSED

WAC 4-25-661	"Improper firm names" is a rule of professional conduct necessary to govern sole proprietors, partnerships, and corporations practicing public accounting concerning their names to protect the public from being misled.
WAC 4-25-710	Outlines the educational requirements for individuals to qualify to apply for the CPA examination and ultimately the CPA license, including requirements regarding education obtained outside of the United States, accreditation standards, and an alternative to accreditation. Candidates for the CPA exam need clear concise requirements to ensure fair treatment of all candidates. Ensures candidates will have the necessary foundation and obtain acceptable competence in an increasingly complex business environment to eventually become a licensed CPA. This rule continues to be aligned with the Uniform Accountancy Act (UAA) therefore assuring that Washington CPAs are substantially equivalent with CPAs in other states.
WAC 4-25-720	Outlines the requirements for individuals making application for the CPA exam such as how to file an application, the application due date, timing for completion and documentation of the education requirements, when exam admission notices will be mailed, the passing grade, conditional credit, proctoring, and the completion of an ethics exam.
WAC 4-25-721	This rule provides CPA exam candidates with a listing of what the board considers to be cheating, what actions the board may take if cheating is suspected, and what sanctions the board may impose if cheating occurs.
WAC 4-25-730	Licensed CPAs are statutorily given the exclusive right to perform audit, review, and compilation services. In exchange for this valuable right, CPAs are expected to have a certain level of mature expertise prior to offering unsupervised services to the general public. Washington state statute mandates that CPAs demonstrate one year of public accounting experience and meeting competency requirements. The profession and the public expect CPAs to have a focused, relevant and meaningful apprenticeship period to perfect skills and abilities.
WAC 4-25-735	Establishes the requirements for certificateholders to qualify and apply for a license.
WAC 4-25-745	Sets forth the procedures applicants for an initial license must follow in a short clear manner; notifies the applicant of the board's definition of a "complete" application and where the board will send notification when the application is complete; sets the expiration of the license on June 30 of the third calendar year following initial licensure; notifies applicants of the prohibition against using the CPA title by persons not properly licensed.

WAC 4-25-746	Sets the procedures applicants for a Washington CPA license by reciprocity must follow in a short clear manner; notifies the applicant of the board's definition of a "complete" application and where the board will send notification when the application is complete; sets the expiration of the license certificate on June 30 of the third calendar year following licensure in Washington state; restates RCW 18.04.215(6) that allows CPAs licensed in another state to practice in Washington state from the date of filing a "complete" application with the board.
WAC 4-25-750	RCW 18.04.205(3) directs the board to prescribe the procedures to be followed to register and maintain offices established for the practice of public accounting in Washington state. RCW 18.04.195 requires CPA firms to obtain, and renew, licenses to practice public accounting.
WAC 4-25-752 New	Establishes the requirements for resident nonlicensee owner applying to be a registered nonlicensee owner and defined which rules the nonlicensee owner must comply with.
WAC 4-25-755 Repeal	Due to changes in statute incidental practice is no longer permitted making this rule obsolete.
WAC 4-25-756 New	Establishes the requirements for individuals, whose principal place of business is not in Washington, to apply for the privilege to practice in Washington state.
WAC 4-25-781, 4-25-782 and 4-25-783	RCW 18.04.183 directs the board to grant a license as a CPA to a holder of a permit, license, or certificate issued by a foreign country's board, agency or institute. The rule implements the statute listing the qualifications the board will accept before issuing an initial CPA license to an accountant from a foreign country, the requirements for renewal, and the procedures the board will take to investigate and discipline CPAs licensed based in part on a foreign accounting credential.
WAC 4-25-790	Sets the procedures for the renewal of a certificate/license/permit/resident nonlicensee firm owner registration in a short clear manner eliminating confusion; notifies the applicant that the board will send a renewal application in January to the last address the CPA provided to the board; notifies the applicant of the board's definition of a "complete" application and the due date of filing; sets the expiration of the certificate/license/permit/resident nonlicensee firm owner registration to June 30 of the third calendar year following the renewal; notifies the applicant that failure to file a complete application by the due date will result in late fees; notifies the applicant that failure to file a complete application prior to the expiration of their certificate/license/permit/resident nonlicensee firm owner registration will result in the lapse of their certificate/license and loss of the right to use the CPA title or be a owner of a CPA firm.
WAC 4-25-791	Sets the procedures CPAs must follow to return to a previous status as a licensee.
WAC 4-25-792	In a short, clear manner that eliminates confusion, this rule sets the procedures CPAs must follow to apply for the reinstatement of their lapsed license and/or certificate.

WAC 4-25-793 New	Establishes the process for a retiree to "reactivate" their certificate or license.
WAC 4-25-795	Sets the procedures persons or firms whose certificate/license/permit/resident nonlicensee firm owner registration has been revoked or suspended must follow in order to apply for modification of a suspension or revocation order or to apply for reinstatement.
WAC 4-25-820	In order to protect the public from financial information that does not meet set standards, this rule establishes the process of monitoring the attest work of licensees (including CPA firms). CPA firms offering attest (audit, review, or compilation) services must comply with set standards. Every three years the CPA firm must either submit reports to financial statements for board review or demonstrate participation in a board approved peer review program. Set the actions the board may take if it is determined that a report is substandard or seriously questionable with respect to applicable professional standards.
WAC 4-25-830	RCW 18.04.215(5) authorizes the board to set the rules for continuing professional education to maintain or improve the professional competency of licenses, certificateholders, and resident nonlicensee firm owners as a condition to maintaining their certificate/license/permit/resident nonlicensee firm owner registration; accomplishes a heightened awareness of the board's rules, especially as they pertain to ethics, through required continuing professional education.
WAC 4-25-831	Outlines the standards continuing professional education (CPE) courses must meet.
WAC 4-25-832	Outlines how certificateholders/licensee/permitholders/resident nonlicensee firm owners report their completed CPE to the board.
WAC 4-25-833	Notifies certificateholders/licensee/permitholders/resident nonlicensee firm owners that they are responsible for documenting their entitlement of CPE credit claimed and what the board will accept as documentation.
WAC 4-25-910	RCW 18.04.295 and 18.04.305 authorize the board to impose discipline against Washington CPAs, CPA firms, permit holders, or resident nonlicensee firm owners. Using the clear rule-writing technique that eliminates confusion, this rule lists specific examples of prohibited acts that constitute grounds for discipline.

Proposal Changes the Following Existing Rules:

WAC 4-25-400	<ul style="list-style-type: none"> • Adds firm owners to the description of the board's authority. • Adds five bulleted items to the description of the purpose of the act. The additional language paraphrases revisions to the "purpose" section of the statute. • Clarifies the listing of the subject areas addressed by the board's rules to include permits, registration of resident nonlicensee firm owners, etc.
WAC 4-25-410	<ul style="list-style-type: none"> • Adds the definition of "active individual participant." • Adds the definition of "affiliated entity." Having the definition align with (anticipated) national standards will support an understanding of, and compliance with, the board's rule.

	<ul style="list-style-type: none"> • Removes ambiguous language from the definition of "attest" services. • Adds permit holders to the listing of individuals permitted to perform attest services. • Aligns the definition of "certificate" to the new statute. • Adds the definition of "certificateholder" from the new statute. • Adds relationships with firm owners, affiliated entities, and owners of affiliated entities to circumstances creating a "client." • Adds the CPA's firm, CPA firms and firm owners to the criteria defining a "commission." • Includes permit holders in the definition of "CPA" and reworded the definition to clarify that under the new act licensees no longer hold a certificate (they hold just a license). • Adds the notion that CPA firms and firm owners (in addition to CPAs) perform professional services for "enterprises." • Aligns the definition of "firm" with the act. • Establishes the meaning of "firm owner" because that term is used in the rules. • Adds permit holders to the definition of whom may practice public accounting under the definition of "holding out." • Adds the definition of "inactive" from the new statute and added clarifying language that certificateholders cannot hold out. • Adds the definition of "license" (note the definition refers to both an individual and a firm license). • Clarifies that both a natural person and a firm can be a "licensee." • Adds the definition of "manager" because the term is used in the rules. • Adds the abbreviation for National Association of State Boards of Accountancy. • Adds the definition of "natural person" because the term is used in the rules (referring to nonlicensee firm owners). • Adds the definition of "nonlicensee owner" because the term is used in the rules. • Moves the definition of "quality review" to "peer review" to reflect verbiage changes resulting from the new statute. • Adds the definition of "permit," "permit to practice" and "permit holder" because the terms are used in the rule. • Adds the definition of "principal place of business" because the term is used in the rules. • Adds the definition of "representing oneself" because the term is used in the rules. • Adds the definition of "state" because the term is used in the rules.
WAC 4-25- 510	Increased the number of board members to nine to align the rule with changes in the act.
WAC 4-25-520	Due to provisions in the new act, the board will maintain public records on permit holders and registered resident nonlicensee firm owners.
WAC 4-25-530	<ul style="list-style-type: none"> • Adjusts fees to reflect the need to increase agency revenues to cover (a) the agency's increased spending authority resulting from the new statute and (b) the anticipated reduction in revenue from:

PROPOSED

	<ul style="list-style-type: none"> • A reduction in new applicants, particularly from foreign candidates, because the board will no longer be issuing certificates; • A one-time significant reduction during the initial transition period, because new applicants will need to acquire a year of experience prior to licensure of any kind; • An initial reduction in the number of renewals because some certificateholders will elect to allow their certificate to lapse rather than either using the title CPA-Inactive, or obtaining the experience and paying a higher licensing fee; • A reduction in total renewals due to the above. <ul style="list-style-type: none"> • Increases exam fees to reflect the increase in the AICPA's charges for the examination. • Aligns certificateholder, licensee, permit holder and firm owner application and renewal fees so that each CPA and CPA firm owner in Washington state contributes equally to paying for the regulation of public accountancy in Washington state. Additionally, parity among the fees establishes a fair and equitable charge for the cost of regulating accountancy in Washington state. The agency will perform basically the same administrative activities for licensees, certificateholders, permit holders and firm owners. All individuals and within these four regulated groups come under the board's enforcement authority and action. • Reinstatement fee and late fee were both adjusted to reflect the workload involved. • QAR fee adjusted to reflect anticipated increase in number of field reviews performed (increase would cover cost of field review for all firms identified as performing substandard work). • Fees were adjusted to cover an anticipated need for increased funding to cover investigation and enforcement costs because (a) within the last six months the number of investigations has dramatically increased (thirty-three total investigations during 2000; thirty-three investigations to date in 2001) -the trend is expected to continue and (b) the consumer alert/public awareness program that is just beginning is anticipated to trigger a significant increase in complaints and investigations.
WAC 4-25-540	<ul style="list-style-type: none"> • Added the provision that the board's procedures are governed by the uniform procedural rules codified in chapter 10-08 WAC. (Based on the prosecuting attorney general's recommendation.) • Added the new types of applications (resulting from the new act) that will come under the BAP provisions. • Separated the language for certificate applications, renewals, and reinstatements from the language for license applications, renewals, and reinstatements. (Under the old law licensees held both a certificate and a license; under the new law licensees will only hold a license.)
WAC 4-25-550	Added nonlicensees firm owners to the rules requiring notification of address changes. Note: Licensees, certificateholders and permit holders are included in the definition of CPA.

WAC 4-25-551	Added nonlicensee firm owners to the rules requiring a written response to board inquiry. Note: Licensees, permit holders and certificateholders are included in the definition of CPA.

WAC 4-25-630	<ul style="list-style-type: none"> • Adds nonlicensee firm owners to the requirement to be competent. • Clarifies that CPA firms must meet the competency requirement. • To clarify the current requirements, changes the words "shall" to "must."

To clarify the current requirements, changes the words "shall" to "must."
WAC 4-25-661	<ul style="list-style-type: none"> Consistent with changes in statute, eliminates the prohibition against using "& Associates" unless there is more than one CPA at the firm. WAC 4-25-745	<ul style="list-style-type: none"> Eliminated the ability to apply for a certificate. Listed in the rule the requirements for licensure. PROPOSED RULES
UTILITIES AND TRANSPORTATION
COMMISSION

[Filed July 18, 2001, 10:11 a.m.]

Supplemental Notice to WSR 01-02-084.

Preproposal statement of inquiry was filed as WSR 99-08-052.

Title of Rule: WAC 480-90-121 Responsibility for delinquent accounts.

Purpose: The purpose of this proposal is to repeal WAC 480-90-121 Responsibility for delinquent accounts. A new rule WAC 480-90-123, proposed under WSR 01-11-148, will replace WAC 480-90-121.

Other Identifying Information: Commission Docket No. UG-990294.

Statutory Authority for Adoption: RCW 80.01.160 General, 80.04.160 Rules and regulations.

Summary: See Explanation of Rule below.

Reasons Supporting Proposal: The proposed repeal of WAC 480-90-121 would remove this rule because it will be replaced by a new rule, WAC 480-90-123.

Name of Agency Personnel Responsible for Drafting: Jim Russell, Policy Research Specialist, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504, (360) 664-1318; Implementation and Enforcement: Carole J. Washburn, Secretary, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504, (360) 664-1174.

Name of Proponent: Washington Utilities and Transportation Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: WAC 480-90-121 Responsibility for delinquent accounts would be repealed, and replaced with WAC 480-90-123 Refusal of service. As proposed in WSR 01-11-148, WAC 480-90-123 would address circumstances under which a utility may refuse to provide service and rules concerning responsibility for delinquent accounts. WAC 480-90-123 is intended to meet current and foreseeable conditions that affect utilities, customers, and the broader public interest.

Proposal Changes the Following Existing Rules: See Explanation of Rule above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The small business economic impact statement was previously filed with the original CR-102, WSR 01-02-084 on January 2, 2001. This is an administrative procedure, repealing a WAC that was inadvertently omitted from the proposal in WSR 01-11-148. A small business economic impact statement questionnaire was prepared under the proposal in WSR 01-11-148. According to the responses to the questionnaire, there will be no incremental costs that will result from WAC 480-90-123, which will replace the repealer, WAC 480-90-121.

RCW 34.05.328 does not apply to this rule adoption. The commission is not an agency to which RCW 34.005.328 [34.05.328] applies.

Statutory Authority for Adoption: RCW 28A.47.830 and 28A.525.020.

Summary: The State Board of Education appointed an Ad Hoc Facilities Study Committee to study and develop language to implement changes in the methodology of calculating the area cost allowance (ACA) for projects funded in fiscal years 2002 and beyond.

Reasons Supporting Proposal: Office of Financial Management (OFM) inflation factor is set for the fiscal year and is closer to actual cost increases than the monthly or bimonthly Boeckh index.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Larry Davis, State Board of Education, Olympia, (360) 753-6715.

Name of Proponent: State Board of Education, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The area cost allowance (ACA) is used in calculating state financial assistance for construction. It is the maxi-

PROPOSED

mum allowable cost per square foot that the state will match. The purpose of the ACA is to address annually the increase in construction costs by incorporating a construction inflation factor that reflects the increase in construction costs in Washington state. State financial assistance for construction will increase at a rate comparable to actual construction costs in Washington state.

Proposal Changes the Following Existing Rules: SBE adopted at its June 2001 meeting under emergency rule the new method for calculating the ACA for all projects funded in the ensuing fiscal years (FYs 2002 and 2003). The ACA shall be a set annual amount with no monthly increments and will apply to all projects funded in fiscal year 2002 on. The ACA an all associated matched costs will use the ACA at time of funding rather than at time of bid.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Not applicable.

RCW 34.05.328 does not apply to this rule adoption.

Any district may request the superintendent of public instruction to grant preliminary funding status for any project with secured local capital funds and authority to proceed pursuant to WAC 180-26-040. The superintendent of public instruction shall grant such approval if in the judgment of the superintendent of public instruction such project will receive approval pursuant to WAC 180-29-107 within one year.

~~(1) Commencing with the two-month period of July-August, 1984, a two-month area cost allowance is determined as follows: The average building cost index (Boeckh Index) for commercial, factory, and office buildings in six Washington cities and Portland, Oregon as reported by the E. H. Boeckh Company for that two-month period (1,494.99) shall be multiplied by the 1984 area cost allowance (\$74.87). That product shall be divided by the 1984 building cost index (1,494.99).~~

AMENDATORY SECTION (Amending WSR 99-24-127, filed 12/1/99, effective 1/1/00)

WAC 180-27-080 Value engineering studies, constructability reviews, and building commissioning—Requirements and definition. At the appropriate time in the design process for a school facility approved by the state board of education, the district shall prepare a value engineering study, complete a constructability review, and perform building commissioning for all projects greater than fifty thousand square feet. Value engineering studies, constructability reviews, and building commissioning shall be optional for projects larger than fifteen thousand square feet but less than fifty thousand square feet. Any project which includes fifteen thousand square feet or less shall be exempt from this requirement. For the purpose of this section, a value engineering study is defined as a cost control technique which is based on the use of a systematic, creative analysis of the functions of the facility with the objective of identifying unnecessary high costs or functions and/or identifying cost savings that may result in high maintenance and operation costs. The study shall consist of a forty-hour workshop involving a minimum of a five-person team pursuant to WAC 180-29-065. A constructability review is defined as a cost control technique which is based on the review of project documents by mechanical, electrical, structural, construction, and design professionals prior to a request for bids. The purpose of a constructability review is to identify potential claim or problem areas and deficiencies that may occur as a result of errors, ambiguities, omissions, discrepancies, and conflicts in design documents. The study shall consist of a forty-hour workshop involving a minimum of a five-person team pursuant to WAC 180-29-066. Building commissioning is defined as the process of verifying that the installation and performance of

selected building systems meet or exceed the specified design criteria and therefore satisfy the design intent. Building commissioning shall include a physical inspection, functional performance testing, listing of noted deficiencies, and a final commissioning report. Building commissioning shall be performed by a professional agent or authority not contractually or otherwise financially associated with the project design team or contractor. A district shall be eligible for state assistance for a value engineering study, a constructability review, and building commissioning for each qualifying project. The maximum amount of assistance for each component of the study package shall be the state matching percentage multiplied by the greater of the following:

- (1) Two-fifths of one percent of the area cost allowance multiplied by the square foot area (~~at time of bid~~) for the fiscal year funded; or
- (2) Twenty thousand dollars.

AMENDATORY SECTION (Amending WSR 98-19-143, filed 9/23/98, effective 10/24/98)

(1) A matchable allowance for furniture and equipment purchases shall be added to total construction cost of an approved school facilities project. The amount of state assistance for which a district is eligible shall be the eligible square foot area of the project multiplied by the area cost allowance (~~of state support at time of bid~~) for the fiscal year funded and that product multiplied by:

- (a) Two percent for elementary schools;
 - (b) Three percent for middle and junior high schools;
 - (c) Four percent for high schools;
 - (d) Five percent for facilities for students with disabilities;
 - (e) Five percent for interdistrict cooperative occupational skill centers; and
 - (f) Seven percent for interdistrict transportation cooperatives.
- (2) For those projects where the eligible square footage is allocated to grade spans which do not conform to those listed above, the equipment allowance shall be allocated based on eligibility as established in WAC 180-27-035.

AMENDATORY SECTION (Amending WSR 00-09-045, filed 4/14/00, effective 5/15/00)

WAC 180-27-102 Construction management. Prior to commencing with project design the district shall employ or contract personnel to perform professional construction management. Construction management shall be required for all projects greater than fifty thousand square feet and is optional for projects fifty thousand square feet or less. For the purpose of this section construction management is defined as the process of professional management applied to a construction program for the purpose of controlling time, cost, and quality.

The construction manager shall have appropriate and demonstrable experience in the management of construction projects including procurement, contract administration, scheduling, budgets, quality assurance, information management, and health and safety.

The amount of state assistance for which a district shall be eligible for construction management shall be the state matching percentage multiplied by two and one-half percent of the area cost allowance multiplied by the square foot area (~~at the time of bid~~) for the fiscal year funded.

AMENDATORY SECTION (Amending WSR 98-19-143, filed 9/23/98, effective 10/24/98)

WAC 180-27-115 Support level—Additional assistance. State assistance in addition to the amount determined pursuant to WAC 180-27-020 may be allowed for the purposes and in accordance with the requirements set forth in this section: Provided, That in no case shall the state assistance exceed one hundred percent of the amount calculated for matching purposes: In each of the following exceptions, either at the time the project is approved pursuant to WAC 180-25-040 or at any time prior to receiving secured funding status pursuant to WAC 180-29-107, written school district application for additional assistance and state board of education approval is required:

- (1) A school facility subject to abatement and an order to vacate.

A school district required to replace a school facility determined to be hazardous to the safety and health of school children and staff—as evidenced by reports of architects or engineers licensed to practice in the state of Washington, the health agency having jurisdiction, and/or the fire marshal and building official having jurisdiction—shall be eligible for additional assistance if the voters of the school district authorize the issuance of bonds and/or the levying of excess taxes to meet the statutory limits. If the state board of education determines that the voters of the school district have authorized the issuance of bonds to its legal limit, the board shall provide state financial assistance for the remaining cost of the building to a level not exceeding the area cost allowance (~~set forth in WAC 180-27-060~~) for the fiscal year funded: Provided, That at any time thereafter when the state board of education finds that the capital financial position of such district has improved, the amount of the additional allocation provided pursuant to this subsection shall be recovered by deducting an amount equal to all or a portion of such additional allocation from any future state school facility construction funds which might otherwise be provided to such district.

- (2) Interdistrict cooperative centers.

In the financing of interdistrict cooperative projects as set forth in chapter 180-31 WAC, the state board of education shall allocate at seventy-five percent of the total approved project cost determined eligible for state matching purposes if the planned school facility meets the following criteria:

- (a) Provides educational opportunities, including vocational skills programs, not otherwise provided; or
 - (b) Avoids unnecessary duplication of specialized or unusually expensive educational programs or facilities.
- (3) School housing emergency.

A school district found by the state board of education to have a school housing emergency requiring an allocation of state moneys in excess of the amount allocable under the statutory formula may be considered for an additional allocation

of moneys: Provided, That the school district must have authorized the issuance of bonds to its legal capacity to meet the statutory and state board of education fiscal requirements for state assistance in providing school facilities.

The total amount of state moneys allocated shall be the total approved project cost determined eligible for state matching purposes multiplied by the districts' regular match rate as calculated pursuant to RCW 28A.525.166 plus twenty percent and not to exceed ninety percent in total: Provided further, That at any time thereafter when the state board of education finds that the capital financial position of such district has improved, the amount of the additional allocation provided pursuant to this subsection shall be recovered by deducting an amount equal to all or a portion of such additional allocation from any future state school facility construction funds which might otherwise be provided to such district.

(4) Improved school district organization.

If two or more school districts reorganize into a single school district and the construction of new school facilities results in the elimination of a small high school with a full-time equivalent enrollment in grades 9-12 of less than four hundred students and/or an elementary school with a full-time equivalent enrollment of less than one hundred students, the state board of education shall match the total approved cost of the project at seventy-five percent.

(5) Racial imbalance.

Any school district that contains a school facility which is racially imbalanced as defined in WAC 180-26-025 shall receive state assistance under this subsection in the amount of an additional ten percentage points above the matching percentage as calculated pursuant to RCW 28A.525.116 (b) and (c) which will not exceed a total of ninety percent of the total approved cost of construction: Provided, School construction projects for racial balance that meet the following conditions shall be provided state assistance at seventy-five percent of the ~~((approved))~~ square foot cost allowance for the fiscal year funded under the provisions of this subsection as they existed prior to the amendment of this subsection in 1993:

(a) Voter approved local matching funds were authorized before December 31, 1992;

(b) The superintendent of public instruction approved a comprehensive desegregation plan with specific construction and modernization projects under additional state assistance criterion in effect at that time, which will be identified on or before September 15, 1993; and

(c) The superintendent of public instruction confirms at the time of project approval pursuant to WAC 180-25-040 the continued existence of racial balance needs.

In the case of a school district which contains a racially imbalanced school facility the district must demonstrate that, as a result of new construction or modernization, the particular school facility will no longer be racially imbalanced, that the combined minority enrollment in the particular school facility will be reduced by more than ten percentage points, and that the above stated results will be obtained as a direct result of increased enrollment of nonminority students in the particular school facility: Provided, That the particular school facility shall remain racially balanced for a period of

at least five years after the date of actual building occupancy: Provided further, That if the state board of education finds that the school facility does not remain racially balanced for five years then the amount of additional state assistance provided pursuant to this subsection shall be recovered by deducting an amount equal to all of the additional allocation from any future state school facility construction funds which might otherwise be provided to such district.

(6) Any project that has received approval for additional state assistance under provisions of this section as they existed prior to the amendment of this section in 1993 shall retain authorization for additional assistance under the provisions in effect at the time of such approval.

AMENDATORY SECTION (Amending Order 15-83, filed 10/17/83)

WAC 180-32-065 Support level—Furniture and equipment allowances. An allowance for furniture and equipment purchases shall be added to the total construction costs of a project determined eligible for state matching assistance. The equipment allowance shall be determined by multiplying the approved square foot area of the project by the ~~((prevailing))~~ area cost allowance of state support ~~((at time of bid))~~ for the fiscal year funded and that product multiplied by seven percent.

AMENDATORY SECTION (Amending WSR 91-12-058, filed 6/5/91, effective 7/6/91)

WAC 180-33-020 Formula for determining the amount of state assistance. State assistance in an approved modernization project shall be derived by applying the percentage of state assistance determined pursuant to provisions of RCW 28A.525.166 and WAC 180-27-025 to the eligible cost which shall be calculated by multiplying the approved square foot area of the modernization project by the area cost allowance ~~((for state support))~~ for the fiscal year funded, less any deductions as set forth in WAC 180-33-023 if applicable, by the factor in WAC 180-33-040 set forth, any cost in excess thereof shall be financed entirely by the school district.

AMENDATORY SECTION (Amending WSR 91-12-058, filed 6/5/91, effective 7/6/91)

WAC 180-33-035 Minimum project—Forty percent of replacement costs. State assistance in modernization of school facilities shall be limited to projects which may include an entire facility or one or more complete buildings within a facility for which the estimated cost of major structural change is not less than forty percent of the estimated cost of replacement. The estimated cost of major structural change shall not include the estimated capital costs associated with restoring building systems or subsystems due to deterioration as determined in the study and survey to be caused by deferred maintenance. The estimated cost of replacement shall be derived from multiplication of the total square foot area of the facility or facilities proposed for modernization by the area cost allowance ~~((of state support at pro-~~

jected time of bid)) for the fiscal year funded as in WAC 180-27-045 set forth.

Name of Proponent: State Board of Education, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The space allocation per student is established in rule (WAC 180-27-035) and is used to determine the amount of building square footage that a district is eligible to build, remodel, or replace schools with state assistance. Currently, the State Board of Education allocates this eligibility in two grade spans: Grade K-8 (with kindergartners at 50%) and 9-12. Space allocations for students with disabilities at all grades spending 100 minutes a day in specially designated facilities are made at a higher level. This rule change doubles the space allocated for kindergarten facilities resulting in an increase in eligibility which may result in an increase in matching funds for school projects which house kindergarten students.

Proposal Changes the Following Existing Rules: The 2001-03 capital budget provided funding in space allocation that the kindergarten student headcount shall not be reduced by 50%.

No small business economic impact statement has been prepared under chapter 19.85 RCW.

RCW 34.05.328 does not apply to this rule adoption.

Hearing Location: Mount Baker School District, 4956 Deming Road, Deming, WA 98244-0095, on August 22, 2001, at 8:00 a.m.

NEW SECTION

WAC 388-533-1000 First Steps childcare program.

The purpose of the First Steps childcare program is to fund childcare for children in order to enable their pregnant or postpregnancy mothers to access prenatal care or other medical assistance administration (MAA)-covered services.

(1) For the purposes of this section, the following terms and definitions apply:

(a) "**Postpregnancy**" or "**postpartum**" means the period of time after the pregnancy ends (includes live birth, still birth, miscarriage or pregnancy termination), through the end of the month that includes the sixtieth day from the end of the pregnancy; and

(b) "**Background check central unit (BCCU)**" means the centralized unit established by the department of social

and health services (DSHS) that performs background checks as directed by the Washington state legislature.

(2) First Steps childcare is available for the children of either a managed care or fee-for-service client. Subject to the restrictions and limitations listed in this section, a client is eligible to receive First Steps childcare for her children if she:

(a) Meets one of the following criteria:

(i) Is pregnant; or

(ii) Is within the postpregnancy period.

(b) Is currently eligible under one of the following programs:

(i) Categorically needy program (CNP);

(ii) CNP - emergency medical only;

(iii) Children's health insurance program (CHIP); or

(iv) Children's health.

(c) Requires one or more of the covered services listed in subsection (4) and (5) of this section;

(d) Demonstrates a need for childcare; and

(e) Shows that no other childcare resources are available.

(3) The following persons are eligible to authorize First Steps childcare, subject to the restrictions and limitations in this chapter and other published WAC:

(a) Maternity support services (MSS) professional/paraprofessional agency staff members. See WAC 388-533-0300 (3) and (7);

(b) Maternity case management (MCM) providers. See WAC 388-533-0350;

(c) Community services office (CSO) social workers or designated staff members; and

(d) Other MAA-designated professional/paraprofessional persons.

(4) First Steps childcare may be authorized for a client's children during the client's pregnancy or postpregnancy period when the client pursues any of the following covered services for herself or her newborn children:

(a) Childbirth education classes;

(b) Delivery/birth (during the mother's hospitalization);

(c) Dental care;

(d) Hospital procedures;

(e) Laboratory tests;

(f) Maternity case management (MCM) visits;

(g) Maternity support services (MSS) visits, including nursing, social work, nutrition, and community health worker visits; and

(h) Medical visits.

(5) First Steps childcare authorized for a client's children for the following special needs requires approval by the MAA First Steps childcare coordinator or designee prior to providing the childcare (see subsection (6) of this section for the prior approval process):

(a) Bedrest for the pregnant client; or

(b) The newborn(s) is in a neonatal intensive care unit (NICU) and the parent(s) is visiting the NICU.

(6) The prior approval process for a request for First Steps childcare for either of the reasons stated in subsection (5) of this section is as follows:

(a) The authorizer completes appropriate sections of the DSHS 14-316(X) form and submits the form to the MAA First Steps childcare coordinator or designee.

(i) If the reason for the request is for bedrest for the pregnant client, the authorizer documents in the client's file that the prenatal caregiver has verified that bedrest is necessary; or

(ii) If the reason for the request is to enable a parent(s) to visit the newborn(s) in a NICU, the authorizer documents in the client's file that hospital staff has verified the parent(s) is visiting the newborn(s) regularly.

(b) The MAA First Steps childcare coordinator or designee:

(i) Approves the special needs request and signs and dates the form in the appropriate section and returns the form to the authorizer; or

(ii) Informs the authorizer in writing if the request is denied and payment will not be made.

(7) MAA reimburses for authorized First Steps childcare when provided by any of the following, subject to the limitations and restrictions listed:

(a) A licensed childcare home, center, facility, or foster home; and

(b) A friend, neighbor, or relative, other than those listed in subsection (8) of this section, who is unlicensed and:

(i) Has qualified based on a background check conducted prior to providing the childcare (see subsection (9) of this section for information on the background check process);

(ii) Is eighteen years of age or older; and

(iii) Has a valid social security number; or

(iv) Is authorized to work in the United States.

(8) The following individuals are not eligible to provide First Steps childcare:

(a) The spouse of the client;

(b) The partner of the client;

(c) The father of the baby, babies, or unborn(s);

(d) An unlicensed childcare provider:

(i) Whose background check is pending; or

(ii) Who was disqualified due to the background check; and

(e) Any person under age eighteen.

(9) Each unlicensed individual childcare provider who a client designates to be a First Steps childcare provider is subject to a background check under RCW 43.20A.710 and 74.15.030. First Steps childcare will not be authorized by the MSS or MCM agency or CSO, or reimbursed by MAA, until MAA's background check has been completed on the unlicensed childcare provider. Each unlicensed First Steps childcare provider is subject to a new background check every two years from the date of the first background check.

(a) MAA's background check process includes all of the following:

(i) The unlicensed childcare provider completes and signs the First Steps childcare background check form and returns it to the MSS or MCM agency or CSO, or sends it directly to the department's background check central unit (BCCU). The childcare provider's signature on the First Steps childcare background check form authorizes the department's BCCU to perform the background check.

(ii) BCCU performs a background check on the individual.

(iii) BCCU provides the appropriate MSS or MCM agency or CSO with the results of the background check.

(iv) For cases needing further review, BCCU notifies MAA and MAA:

(A) Follows the criteria described in this subsection to determine if the individual is approved or disqualified to provide First Steps childcare; and

(B) Notifies the MSS or MCM agency or CSO, in writing, of the decision.

(v) The MSS or MCM agency or CSO notifies the client, in writing, of the results of the designated childcare provider's background check.

(b) The department conducts the background check and may include a review of:

(i) Records of criminal convictions and pending criminal charges as listed by the Washington state patrol (WSP);

(ii) Department findings of abuse, neglect, and/or exploitation to children of vulnerable adults; and

(iii) Disciplinary board final decisions.

(c) The department's background check may include a review of law enforcement records of convictions and pending charges in other states or locations when the need for further information is indicated by:

(i) A person's prior residences;

(ii) Reports from credible community sources; or

(iii) An identification number indicating the subject has a record on file with the Federal Bureau of Investigation.

(d) For the purpose of conducting criminal history portions of background checks as required by chapters 43.20A and 74.15 RCW, the department:

(i) Considers only a person's convictions and pending charges; and

(ii) Does not solicit or use as the sole basis for disqualification, information about:

(A) Arrests not resulting in charges; and

(B) Dismissed charges.

(e) The department maintains a listing of offenses which, because of their seriousness, automatically disqualifies prospective childcare providers from being authorized to provide First Steps childcare to children of eligible clients. See chapter 388-06 WAC for categories of offenses or, if jurisdiction is outside of the state of Washington, their equivalents.

(f) If a criminal history check reveals a designated First Steps childcare provider has been charged with or convicted of an offense, or is found to have abused, neglected or exploited children of vulnerable adults, MAA takes the following actions:

(i) If the check reveals charges are pending against the subject for any of the offenses listed in chapter 388-06 WAC, or their equivalents in other jurisdictions, MAA withholds approval to provide First Steps childcare until dismissal or acquittal occurs. Pending charges for other offenses may be grounds for withholding approval to provide childcare;

(ii) If the check reveals the subject has been convicted of any the offenses listed in chapter 388-06 WAC, or their equivalents in other jurisdictions, MAA informs the MSS or MSM agency or CSO that the individual is not approved to provide First Steps childcare;

(iii) If the check reveals the subject has been convicted of an offense not listed in a category in chapter 388-06 WAC, MAA considers such information in determining the character, suitability, and competence of the prospective caretaker

as required by chapter 74.15 RCW. MAA will not use the conviction as the sole basis for not approving the person to provide First Steps childcare unless the conviction is directly related to the authorization being sought. MAA does consider the following factors:

(A) The seriousness and circumstances of the illegal act;

(B) The number of crimes for which the person was convicted;

(C) The amount of time passed since the illegal act was committed;

(D) The age of the person at the time of conviction;

(E) The behavior of the person since the illegal act was committed;

(F) Recommendations of persons closely associated with the person; and

(G) The vulnerability of the persons under care.

(g) MAA keeps confidential any nonconviction background information provided by BCCU. (Conviction history is not confidential.)

(h) The department may provide disqualified individuals with background check findings about themselves at the individual's written request.

(10) A client who does not agree with a department decision regarding First Steps childcare program services has a right to a fair hearing under chapter 388-02 WAC. After receiving a request for a fair hearing, MAA may request additional information from the client or the department. After MAA reviews the available information, the result may be:

(a) A reversal of the initial department decision;

(b) Resolution of the client's issue(s); or

(c) A fair hearing conducted per chapter 388-02 WAC.

(11) To be reimbursed, authorized First Steps childcare providers must submit claims for payment to MAA within ninety calendar days of the first date the childcare is provided. The childcare provider also must provide a W-9 form. The client receives the billing form and W-9 form from the authorizer listed in subsection (3) of this section, and gives the forms to the designated childcare provider.

(a) First Steps childcare billing form DSHS 14-316(X):

(i) Sections IV and V must be completed by the childcare provider and signed and dated (sections I, II, and if applicable, III, are completed by the authorizer).

(ii) The childcare provider mails the original completed form to MAA, or gives it to the client and the client gives the form to the authorizer, who submits it to MAA.

(b) W-9: The childcare provider completes and mails the original W-9 form to MAA, or gives the completed original to the client and the client gives it to the authorizer, who submits it to MAA. (An original W-9 is completed only once for MAA files unless the information changes.)

(12) MAA sets reimbursement for First Steps childcare services at a maximum dollar amount per hour from legislatively appropriated funds. Reimbursement is subject to any exceptions, restrictions, or other limitations listed in this section and other published WAC. MAA pays the childcare provider directly for First Steps childcare services when the client and the client's designated First Steps childcare provider meet all the criteria in this section.

(13) MAA reimburses MSS agencies for the time spent authorizing childcare through the First Steps childcare pro-

gram if the client is not receiving MCM services. MAA reimburses once per client, per pregnancy/postpregnancy period, when childcare is authorized.

PERMANENT RULES

UTILITIES AND TRANSPORTATION
COMMISSION

[Docket No. UT-990146, General Order No. R-480—Filed July 11, 2001,
9:17 a.m.]

In the matter of amending, adopting, and repealing chapter 480-120 WAC, relating to telecommunications - operations.

1 STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 01-03-100, filed with the code reviser on January 19, 2001. The commission brings this proceeding pursuant to RCW 80.04.160 and 80.01.040.

2 STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 43.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

3 DATE OF ADOPTION: The commission adopts this rule the date that this order is entered.

4 CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: RCW 34.05.325 requires that the commission prepare and provide to commenters a concise explanatory statement about an adopted rule. The statement must include the identification of the reasons for adopting the rule, a summary of the comments received regarding the proposed rule, and responses reflecting the commission's consideration of the comments.

5 The commission often includes a discussion of those matters in its rule adoption order. In addition, most rule-making proceedings involve extensive work by commission staff that includes summaries in memoranda of stakeholder com-

ments, commission decisions, and staff recommendations in each of those areas.

6 In this docket, to avoid unnecessary duplication, the commission designates the discussion in this order as its concise explanatory statement, supplemented where not inconsistent by the staff memoranda presented at the adoption hearing and at the open meetings where the commission considered whether to begin a rule making and whether to propose adoption of specific language. Together, the documents provide a complete but concise explanation of the agency actions and its reasons for taking those actions.

7 REFERENCE TO AFFECTED RULES: This rule repeals, amends, or suspends the following sections of the Washington Administrative Code:

WAC 480-120-011 Application of rules, amends rule to state that the chapter is applicable to all telecommunications companies, and adds that the chapter is applicable to customers and applicants for service.

WAC 480-120-015 Exemptions from rules, new section to provide guidelines for evaluating requests for exemptions from rules.

WAC 480-120-016 Additional requirements, amends rule to state that additional or different requirements may be imposed, when lawful, in individual matters.

WAC 480-120-026 Tariffs and price lists, amended to include a cross-reference to chapter 480-80 WAC, Utilities general—Tariffs, price lists, and contracts.

WAC 480-120-028 Registration, new section to cross-reference to chapter 480-121 WAC, Registration, competitive classification and price lists of telecommunications companies.

WAC 480-120-029 Accounting requirements for competitively classified companies, new section to define accounting requirements for competitively classified companies.

WAC 480-120-032 Expenditures for political or legislative activities, amended to clarify which expenditures may not be included in rates.

WAC 480-120-036 Finance—Securities, affiliated interests, transfer of property, repealed, subject addressed in chapter 480-146 WAC.

WAC 480-120-076 Underground, 480-120-091 Farmer lines and 480-120-096 Grounded circuits, repealed, no longer applicable in today's environment.

WAC 480-120-136 Retention and preservation of records and reports and 480-120-530 Emergency services, amended to clarify language.

WAC 480-120-531 Emergency operation, new section to define and clarify industry emergency requirements.

WAC 480-120-545 Severability, new section to provide that if one section of the chapter is held invalid, the remainder of the chapter remains valid.

8 PREPROPOSAL STATEMENT OF INQUIRY AND ACTIONS THEREUNDER: The commission filed a preproposal statement of inquiry (CR-101) on April 15, 1999, as WSR 99-09-027.

9 ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PROPOSAL STATEMENT: The statement advised interested persons that the commission was considering entering a rule making to review rules relating to regulated telephone companies for content and readability pursuant to Executive Order 97-02, with attention to the rules' need, effectiveness and efficiency; clarity, intent, and statutory authority, coordination, cost, and fairness. The statement also advised that the review would include consideration of whether substantive changes or additional rules are required for telecommunications regulation generally, and in concert with the Federal Telecommunications Act of 1996 and potential actions by the Washington legislature during its 1999 session. The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3) and by sending notice to all registered telecom companies and the commission's list of telecommunications attorneys. Pursuant to the notice, the commission held rule-making workshops on March 9, April 11, April 18, and May 15, 2000. These workshops were attended by representatives of a diverse group of telecommunications companies and public counsel.

10 On November 7, 2000, the commission provided notice to interested persons of its intent to consider authorization of a CR-102 at its open meeting scheduled for November 29, 2000. The same notice included a questionnaire necessary for staff to prepare a small business economic impact statement (SBEIS), and the rules to be considered for advancement from draft to proposed rules.

11 Comments were received in November from Qwest, WITA, Public Counsel, Verizon, Sprint, and additional comments from Qwest. As a result of these comments, staff recommended that three rules be removed from the group that had been circulated for comment. The remaining rules were ones for which there was general consensus, and are the rules adopted by this order.

12 At the open meeting of November 29, 2001, only public counsel commented on the rules. Staff agreed to work with public counsel on its specific concerns and the commission authorized filing a CR-102.

13 NOTICE OF PROPOSED RULE MAKING: The commission filed a notice of proposed rule making (CR-102) on January 19, 2001, at WSR 01-03-100. The commission scheduled this matter for oral comment and adoption under Notice No. WSR 01-03-100 at 9:30 a.m., Wednesday, March 14, 2001, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice provided interested persons the opportunity to submit written comments to the commission.

14 MEETINGS OR WORKSHOPS; ORAL COMMENTS: No formal meetings or workshops were held on the proposed rules because there was a consensus on all but one rule. (But see paragraph 16, below.)

15 Written comments were received from WITA and Qwest. As a result of the comments, minor changes were made to the proposed rules.

16 Commission staff discussed with public counsel the concerns it identified at the November 29, 2000, open meet-

ing. As a result of that discussion and the written comments from Qwest referenced above, staff decided not to propose any amendments to WAC 480-120-049 at this time.

17 RULE-MAKING HEARING: The rule proposal was considered for adoption, pursuant to the notice, at a rule-making hearing scheduled during the commission's regularly scheduled open meeting on March 14, 2001, before Chairwoman Marilyn Showalter and Commissioner Richard Hemstad. No comments were made at the adoption hearing.

18 SUGGESTIONS OR CHANGES THAT ARE REJECTED: The commission rejected WITA's suggested change for WAC 480-120-028 because it is inconsistent with RCW 80.36.350. The suggestion, however, did prompt an alteration to proposed WAC 480-120-028 to include a reference to the statutory requirement, this change has an effect similar to what WITA suggested.

19 COMMISSION ACTION: After considering all of the information regarding this proposal, the commission adopted the proposed rules, amendments, and repealers, with the changes described below.

20 CHANGES FROM PROPOSAL: The commission adopted the proposal with the following changes from the text noticed at WSR 01-03-100.

The phrase "price lists" was added to WAC 480-120-026 to provide a "pointer" to chapter 480-80 WAC. The modifier "telecommunications" was removed in several places where it appeared before "company" and "companies" because the rules apply to all telecommunications companies and the modifier was, therefore, redundant.

Proposed WAC 480-120-049 was not adopted.

21 STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE: In reviewing the entire record, the commission determines that WAC 480-120-011, 480-120-015, 480-120-016, 480-120-026, 480-120-028, 480-120-029, 480-120-032, 480-120-033, 480-120-036, 480-120-076, 480-120-091, 480-120-096, 480-120-136, 480-120-530, 480-120-531, and 480-120-545, sections should be either repealed, amended, or adopted to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the code reviser.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 0, Repealed 0.

PERMANENT RULES
DEPARTMENT OF
RETIREMENT SYSTEMS**

[Filed July 13, 2001, 9:49 a.m., effective July 26, 2001]

Date of Adoption: July 11, 2001.

Purpose: In the rule adoption, WSR 01-01-059, effective January 12, 2001, the department made an inadvertent omission in the adoption of WAC 415-111-220 affecting the current contribution rates for its Teachers Retirement System (TRS) Plan 3 retirement plans. DRS adopted an emergency rule on March 27, 2001 (WSR 01-08-026) to correct the error and to add a newly approved provision for the School Employees Personnel System (SERS) Plan 3. The permanent rule also covers the Public Employees' Retirement System Plan 3, which begins on March 1, 2002. The department is also making "plain English" changes.

CONCISE EXPLANATORY STATEMENT

REASON FOR ADOPTION: The proposed amended permanent rule is needed to implement the Employee Retirement Benefits Board's contribution rate options for Teachers' Retirement System Plan 3, School Employees' Retirement System Plan 3 and Public Employees' Retirement System Plan 3.

WERE CHANGES MADE SINCE THE RULE WAS PROPOSED?
The text being adopted does not differ from the text of the proposed rule.

SUMMARY OF COMMENTS RECEIVED	THE DEPARTMENT CONSIDERED ALL THE COMMENTS. THE ACTIONS TAKEN IN RESPONSE TO THE COMMENTS, OR THE REASONS NO ACTIONS WERE TAKEN, FOLLOW.
The proposed language refers to completing a "form" but the employer wants to provide a web-based system for the PERS Plan 3 change.	DRS strongly supports a web-based system for Internet administration of the transfer and choice processes. DRS needs to receive the paper form from the member for its records.
The wording appears to require retroactive enrollments.	DRS does not require employers to process retroactive enrollments.
Subsection (5)(b) appears to require a ruling from DRS.	Subsection (5)(b) merely explains the process for correcting reporting errors.

Citation of Existing Rules Affected by this Order: Amending WAC 415-111-220 Defined contribution rate election (now called "How do I choose a defined contribution rate?").

Statutory Authority for Adoption: RCW 41.34.040, 41.50.050(5).

Adopted under notice filed as WSR 01-11-119 on May 22, 2001.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, Amended 0, Repealed 0; Federal Rules or Standards: New 0, Amended 0, Repealed 0; or Recently Enacted State Statutes: New 0, Amended 1, Repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, Amended 0, Repealed 0.

PERMANENT

Number of Sections Adopted on the Agency's Own Initiative: New 0, Amended 1, Repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, Amended 1, Repealed 0.

Number of Sections Adopted Using Negotiated Rule Making: New 0, Amended 0, Repealed 0; Pilot Rule Making: New 0, Amended 0, Repealed 0; or Other Alternative Rule Making: New 0, Amended 0, Repealed 0.

Other Findings Required by Other Provisions of Law as Precondition to Adoption or Effectiveness of Rule: The earlier effective date is necessary to continue the operation of the defined contribution portions of TRS Plan 3 and SERS Plan 3. DRS adopted an almost identical emergency rule on March 27, 2001 (WSR 01-08-026). The permanent rule must be adopted before the emergency rule expires to prevent a lapse in coverage for numerous plan members.

Effective Date of Rule: July 26, 2001.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 01-129—Filed July 5, 2001, 4:13 p.m.]

Date of Adoption: July 5, 2001.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order:

Repealing WAC 220-44-05000E; and amending WAC 220-44-050.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: These rules were adopted by the Pacific Fisheries Management Council, and provide for harvest of available stocks of bottomfish, while reserving brood stock for future fisheries. There is insufficient time to promulgate permanent rules and to provide for a fishery.

NEW SECTION

WAC 220-44-05000F Coastal bottom fish catch limits. Notwithstanding the provisions of WAC 220-44-050, effective immediately until further notice:

(1) It is unlawful to possess, transport through the waters of the state, or land into any Washington port bottom fish taken from Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A-1, 59A-2, 60A-1, 60A-2, 61, 62, or 63 in excess of the amounts or less than the minimum sizes, or in violation of any gear, handling or landing requirement, established by the Pacific Fisheries Management Council and published in the Federal Register, Volume 66, No. 129, published July 5, 2001. Therefore, persons must consult the federal regulations, which are incorporated by reference and made a part of Chapter 220-44 WAC. Where

rules refer to the fishery management area, that area is extended to include Washington State waters coterminous with the Exclusive Economic Zone. A copy of the federal rules may be obtained by contacting Evan Jacoby at (360) 902-2930.

(2) At the time of landing of coastal bottom fish into Washington port, the fish buyer receiving the fish is required to clearly mark on the fish receiving ticket in the space reserved for dealer's use all legally defined trawl gear aboard the vessel at the time of delivery. The three trawl gear types are: midwater trawl, roller trawl and small foot rope trawl (foot rope less than eight inches in diameter). The notation of the gear type(s) aboard the vessel is required prior to the signing of the fish receiving ticket by the vessel representative.

(3) Vessels engaged in chartered research for National Marine Fisheries Service (NMFS) may land and sell bottomfish caught during that research without the catch being counted toward any trip or cumulative limit for the participating vessel. Vessels that have been compensated for research work by NMFS with an Exempted Fishing Permit (EFP) to land fish as payment for such research may land and sell fish authorized under the EFP without the catch being counted toward any trip or cumulative limit for the participating vessel. Any bottomfish landed during authorized NMFS research or under the authority of a compensating EFP for past chartered research work must be reported on a separate fish receiving ticket and not included on any fish receiving ticket reporting bottomfish landed as part of any trip or cumulative limit. Bottomfish landed under the authority of NMFS research work or an EFP compensating research with fish must be clearly marked "NMFS Compensation Trip" on the fish receiving ticket in the space reserved for dealer's use. The NMFS scientist in charge must sign the fish receiving ticket in the area reserved for dealer's use if any bottomfish are landed during authorized NMFS research. If the fish are landed under the authority of an EFP as payment for research work, the EFP number must be listed in the dealer's use space.

[Order 01-130—Filed July 6, 2001, 2:07 p.m., effective July 8, 2001, 6:00 p.m.]

Date of Adoption: July 6, 2001.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-05100N; and amending WAC 220-52-051.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The state's share of spot shrimp in Marine Fish-Shellfish Management and Catch Reporting Areas 25B, 25C, and 25D have been taken. The 2001 state/tribal Puget Sound shrimp harvest management plan requires adoption of the harvest seasons and the prohibition on nighttime fishing contained in this rule. Emergency rapid reporting requirements are necessary as quotas can be far exceeded in one day of fishing. A weekly landing limit for spot shrimp is necessary to reduce risk of overharvest, maintain an orderly fishery, provide the ability to enforce state/tribal plan requirements and to ensure conservation. There is insufficient time to promulgate permanent rules.

- (c) Your situation changes and you are temporarily deferred from continuing with job search (see WAC 388-310-0400); or
- (d) Job search specialists have determined that you need additional skills and/or experience to find a job; or
- (e) You have not found a job at the end of the job search period.

((5)) (6) What happens at the end of job search if I have not found a job?

At the end of each job search period, you will be referred back to your case manager for an employability evaluation if you have not found a job. You and your case manager will also modify your individual responsibility plan.

EMERGENCY RULES

DEPARTMENT OF

FISH AND WILDLIFE

[Order 01-132—Filed July 9, 2001, 4:57 p.m.]

Date of Adoption: July 9, 2001.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-24-02000S; and amending WAC 220-24-020.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The chinook quota is projected to have been taken by 11:59 p.m., July 9, 2001. These rules are adopted at the recommendation of the PFMC, in accordance with preseason fishing plans. These rules are interim until permanent rules take effect.

WSR 01-15-032 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 01-133—Filed July 12, 2001, 11:10 a.m., effective July 15, 2001, 12:01 a.m.]

Date of Adoption: July 11, 2001.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 232-28-61900L; and amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The 2001 forecast for summer chinook to Bonneville and Priest Rapids dams on the Columbia River is 77,200 and 55,000. The summer chinook run for 2001 will provide for all the upper Columbia River hatchery brood stock fish needed. Exceeds the Priest Rapids escapement floor of 15,000 and is more than a 50% increase over the brood. This allows a recreational fishery with a 5% maximum impact. The stock is stable, not listed under ESA, and the proposed fishery is deemed by NMFS, to not likely have negative impacts on listed fish species. There is insufficient time to promulgate permanent rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-05100P; and amending WAC 220-52-051.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The state's share of spot shrimp in Crustacean Management Region 1A is projected to be taken under the reduced landing limits by the closure date. The 2001 state/tribal Puget Sound shrimp harvest management plan requires adoption of the harvest seasons and the prohibition on nighttime fishing contained in this rule. Emergency rapid reporting requirements are necessary as quotas can be far exceeded in one day of fishing. A weekly landing limit for spot shrimp is necessary to reduce risk of overharvest, maintain an orderly fishery, provide the ability to enforce state/tribal plan requirements and to ensure conservation. There is insufficient time to promulgate permanent rules.

(i) For purpose of shrimp pot catch reporting, 23A East is that portion of Marine Fish-Shellfish Management and Catch Reporting Area 23A, east of a line projected 335 degrees true from the Dungeness lighthouse. 23A West is that portion of Marine Fish-Shellfish Management and Catch Reporting Area 23A, west of the line described herein.

(j) For purposes of shrimp pot harvest allocation, fishing season, and catch reporting, that portion of Marine Fish-Shellfish Management and Catch Reporting Area 22A southerly of a line due west from Lime Kiln Point light on San Juan Island, to the international boundary, then south from Lime Kiln Point light on San Juan Island and south of the shores of San Juan Island, then south of a line from Cattle Point to Davis Point, then south of the shores of Lopez Island to Point Colville, shall be considered to be part of Marine Fish-Shellfish Management and Catch Reporting Area 23A.

WSR 01-15-036 EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 01-135—Filed July 12, 2001, 4:48 p.m., effective July 21, 2001, 12:01 a.m.]

Date of Adoption: July 12, 2001.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 232-28-62100C; and amending WAC 232-28-621.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: An estimated 352 chinook remain on the 2,000 chinook quota defined in preseason fishing agreements negotiated in the North of Falcon preseason planning process. Data from the initial chinook retention period, July 1 through July 9, when anglers were permitted to retain up to one chinook per day in their daily limit of 2 salmon, show catches ranging from 108 to 215 on weekday days, and 141 to 357 chinook on weekend days. The addition of one more day of chinook retention on Saturday, July 21 is

consistent with the preseason planned quota of 2,000 and within the level of expected daily catch for a weekend day (up to 357 chinook), as observed so far this season. There is insufficient time to promulgate permanent rules.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Substantial numbers of surplus hatchery chinook from the Wallace River Hatchery are returning to Skykomish River this summer. The numbers of fish are above those needed for future broodstock needs. Sampling indicates that between 50% and 65% of the returning fish have missing adipose fins thus providing an opportunity for a selective hatchery fish only season. Current closure was implemented to ensure enough adult summer run steelhead broodstock for the Puget Sound program. Adequate numbers have been collected to ensure broodstock needs. Reasons for this Finding: The Willapa Spits have readily supported a six week fishery since 1989. Annual reported harvest has averaged about 30,000 pounds. The fishery provides an important supply of crab bait to the local Dungeness crab industry and depending on size and condition of the clams, a fresh market restaurant trade. Based on historical catches and on site inspection, there should be adequate clams to support a six week season. Biotxin levels currently fall below the regulatory threshold. Citation of Existing Rules Affected by this Order: Amending WAC 448-13-040.

Statutory Authority for Adoption: RCW 46.61.506.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is

necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The courts' interpretation of the administrative code provisions regarding the acceptable range for the simulator temperature has effectively made all breath test results past and present inadmissible in these and other courts. The inability of the state to obtain this important evidence in the serious crime of driving under the influence (DUI) impacts public safety significantly and constitutes an emergency. Some supporting considerations regarding the need for having an admissible test in place are listed below:

a. It allows the subject, if intoxicated, to be removed from the highway, reducing risk of harm to themselves and other road users.

b. It collects objective numerical evidence of the degree of a person's alcohol consumption, which in turn determines the severity of the penalty applied if they are convicted.

c. It assists with ensuring the appropriate finding of guilt or innocence in a charge of DUI and leads to appropriate sanctions, including substance abuse assessment, counseling, and treatment, to deter future offending.

d. It provides an indication to a substance abuse counselor or treatment provider of the extent of alcohol consumption behavior indulged in by the person, which assists with the development of an appropriate assessment and treatment plan.

e. It provides the ability to prove the absence of alcohol in an apparently impaired individual and is critical to the formation of probable cause to invoke the implied consent provision for a blood draw to prove the presence of drugs.

Perceived problems with the WAC that result in the widespread suppression of breath tests significantly harms both the public and the defendant.

The process for adopting the permanent rules is underway. A public hearing was held on June 26, 2001, and the comment received is being considered.

NEW SECTION

WAC 448-13-035 Simulator thermometer certification. The ability of the simulator to provide a reference ethanol vapor concentration is a function of its temperature. The thermometers used in the simulators shall be certified on an annual basis to have an accuracy of within plus or minus 0.1 degree centigrade. Such certification shall be made using a reference thermometer traceable to standards maintained by the National Institute of Standards and Testing (NIST), or its successor.

AMENDATORY SECTION (Amending WSR 99-06-048, filed 3/1/99, effective 4/1/99)

WAC 448-13-040 Administration of breath test on the DataMaster. The following method for performing a breath test is approved by the state toxicologist pursuant to WAC 448-13-130 and includes the following safeguards to be observed by the operator prior to the test being performed. It must be determined that: (1) The person does not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test; and (2) the subject does not have any foreign substances, not to include dental work, fixed or removable, in his or her mouth at the beginning of the fifteen minute observation period. Such determination shall be made by either an examination of the mouth or a denial by the person that he or she has any foreign substances in mouth. A test mouthpiece is not to be considered a foreign substance for purposes of this section. If a subject is wearing jewelry or ornamentation pierced through their tongue, lips, cheek, or other soft tissues in the oral cavity, they will be required to remove this prior to conducting the breath test. If the subject declines, they will be deemed to have a physical limitation rendering them incapable of providing a valid breath sample and will be required to provide a blood sample under the implied consent statute, RCW 46.20.308.

~~((The temperature of the solution in the simulator p))~~
 Prior to the start of the test ~~((must be))~~ the operator must verify that the thermometer, certified per WAC 448-13-035, indicates that the temperature of the simulator solution is thirty-four degrees centigrade plus or minus ((0.2)) 0.3 degrees centigrade. During the test the person will be required to provide at least two valid breath samples. A refusal to provide a valid breath sample at any point during the test will constitute a refusal. The results of the test will be provided in the form of a printout on a breath test document. These results will indicate the grams of alcohol per two hundred ten liters of breath.

01-07-01 Request by Ronda Cahill, Chair, Public Disclosure Commission

1. Do conservation district elections come within the definition of a general or special election? 2. If a conservation district election is a general election or a special election, do individuals who seek election as conservation district supervisors now fall under the definition of candidate because of the 1999 statutory amendment in RCW 89.08.020 eliminating the landowner or occupier requirement (thus making these individuals subject to campaign and/or personal financial affairs disclosure if their districts otherwise meet the criteria specified in RCW 42.17.030 (election campaigns) and/or RCW 42.17.405 (personal financial affairs reporting))? 3. For purposes of filing the annual personal financial affairs statement in RCW 42.17.240, are elected conservation district supervisors "elected officials" who are subject to the requirement if the district has one thousand or more registered voters? 4. If the answer to question 2 is yes, do the supervisors who are appointed to the district boards by the state commission also need to file the personal financial disclosure reports if the district has one thousand or more registered voters?

01-06-07 Request by Honorable Tim Sheldon, Senator, 35th District

1. May a county use revenues derived from the local option sales and use tax program for rural counties, authorized under RCW 82.14.370, to finance any or all of the following costs related to public facilities: (1) Capital facilities costs, including acquisition, construction, rehabilitation, alteration, expansion, or improvements of public facilities; (2) costs of development and improvements for the public facilities; (3) project-specific environmental costs; (4) land use and permitting costs; (5) costs of site planning and analysis; and (6) project design, including feasibility and marketing studies and plans, and debt and revenue impact analysis? 2. Does the requirement in RCW 82.14.370(3) that a public facility must be listed as an item in an officially adopted county overall economic development plan, or the economic development section of a county's comprehensive plan, or the comprehensive plan of a city or town located within the county for those counties planning under the Growth Management Act (GMA) mean that the public facility must have an economic development purpose such as permanent private sector job creation or retention (beyond the jobs created directly in constructing a project)? 3. Is the answer to

question 2 the same for those counties that do not have an adopted overall economic development plan and do not plan under the GMA, where RCW 82.14.370(3) requires that the public facilities must be listed in the county's capital facilities plan or the capital facilities plan of a city or town located within the county? 4. If the answer to question 3 is yes, what is the standard, if any, by which a county must determine whether a public facility has an economic development purpose?

01-05-06 Request by Honorable Gregory Banks, Island County Prosecuting Attorney

Do the judges of the superior court of a county have authority to adopt local court rules that mandate the details of how or when the clerk does her job? For example, do the judges have authority to adopt a court rule that requires the clerk to docket and physically place pleadings, briefs and all other original filed documents in the superior court file folder within three days of when the documents are received and filed with the county clerk? If the superior court has such authority, what sanctions can the superior court impose upon the clerk should she not be in compliance with the rule? This question is based on Skagit Cy local rule 10(d), effective September 1, 2000.

Ecology to Rewrite and Reissue Industrial Stormwater General Permit

The Washington State Department of Ecology (ecology) is beginning a process to update and reissue the NPDES and state waste discharge baseline general permit for stormwater discharges associated with industrial activities known as the "Industrial Stormwater General Permit." A final draft permit is targeted for September 2001.

The current permit was issued on October 4, 2000, and will not expire until November 18, 2005. Ecology issued this permit without any significant revisions but with the stated intent of rewriting and reissuing before the expiration date. An early reissue is necessary to incorporate new provisions that address the Environmental Protection Agency's (EPA's) phase 2 stormwater regulations. Ecology also believes that the rewrite will provide greater clarity on permit requirements and will address issues that were raised during the previous reissue process.

The Industrial Stormwater General Permit provides coverage for discharges of stormwater from industrial facilities. This is a statewide permit providing coverage for a large number of industrial facilities that discharge stormwater to waters of the state. This permit specifically seeks to regulate discharges of stormwater to surface water bodies. In addition to industrial categories listed in the permit, permit coverage can be required of any facility discharging stormwater that ecology determines to be a significant contributor of pollutants to waters of the state. This is typically applied on a case-by-case basis but can also be applied to an industrial sector when reissuing the permit.

The EPA phase 2 regulations include a provision for "no exposure certification." This provision allows qualifying industrial facilities to submit a certificate of no exposure instead of permit coverage. Ecology expects to determine if this permit exemption will be made available in Washington state and if so, how it will be implemented. Those light industry facilities that are not required to apply for coverage under the current permit because they have no exposure would be required to apply for a no exposure certificate.

Industrial facilities that were owned or operated by municipalities with a population of less than 100,000 were previously exempted from the requirement to obtain a stormwater discharge permit. That exemption ends under the EPA phase 2 regulations and these facilities are required to apply for a stormwater permit by March 2003. The revised permit will establish permitting requirements for these facilities in Washington state.

Ecology expects to complete the permit revisions and release the final draft permit for public comment by September 2001. Because the existing permit was appealed, the schedule may be adjusted based on an outcome of the appeal. The following table provides an outline of the proposed schedule.

Industrial Stormwater General Permit	
Release Final Draft of Industrial General Permit for Formal Public Comment	September 2001
Conduct Public Workshops/Hearings on Final Draft Industrial General Permit	October 2001
Reissue Industrial Stormwater General Permit (Exp. Date November 2006)	November 2001

Additional information on the Industrial Stormwater General Permit reissue will be posted on an ecology web page as it becomes available.

Ecology to Develop an NPDES General Permit for Aquatic Pest Control

The Washington State Department of Ecology (ecology) is beginning a process to develop and issue one or more National Pollutant Discharge Elimination System (NPDES) [permit] and state waste discharge general permits for discharges associated with aquatic pest control activities. A final permit is targeted for April 2002.

A recent ruling by the Federal Ninth Circuit Court of Appeals established that discharges of pesticides to waters of the United States are subject to provisions of the Federal Clean Water Act including the requirement to obtain an NPDES permit. The court held that EPA-approved label requirements for the use of a pesticide do not eliminate the need to obtain a point source wastewater discharge permit (*Headwaters, Inc. v. Talent Irrigation District*, March 12, 2001).

An Aquatic Pest Control General Permit will provide coverage for discharges of pesticides to waters of the state of Washington. Ecology intends to provide coverage for a large number of organizations that discharge pesticides to waters of the state as a component of pest control activities. The following pest control activities will be considered during development of one or more general permits:

Aquatic Herbicide Applications:

- Noxious emergent aquatic plant control in estuaries, salt marshes, tideflats, and riparian wetlands
- Noxious submersed aquatic plant control in lakes, ditches, ponds, reservoirs, estuaries, rivers, and wetlands
- Algae control in lakes, ditches, ponds and reservoirs
- Algae and nuisance vegetation control in irrigation water delivery and return systems

Native aquatic plant control in lakes, ditches, ponds and reservoirs

Aquatic Insecticide Applications:

- Mosquito control in lakes, ditches, ponds, reservoirs, estuaries, rivers, and wetlands

Ghost shrimp control on tidelands

Aquatic Pesticide Applications:

Fish control in lakes, ponds and rivers

We expect to complete the draft version of the general permit(s) and release it for public comment by January 2002. However, the Ninth Circuit Court decision is under appeal.

MISC.

Our schedule may be adjusted based on the outcome from this legal process. The following table provides an outline of the proposed schedule. Notification will be provided if there are significant changes to this schedule.

Aquatic Pest Control General Permit	
Release Final Draft of General Permit for Formal Public Comment	January 2002
Conduct Public Workshops/Hearings on Final Draft Industrial General Permit	February 2002
Issue General Permit(s)	April 2002

We intend to form an advisory group to assist in the development of the general permit(s) and ask those interested in participating to contact Kathleen Emmett at (360) 407-6478.

Any interested party may request to be included on a mailing list maintained to inform the public of significant stages in the development of the general permit(s) including notices of final draft permit, public hearings, and issuance of the permit. Information will also be posted on an ecology web page for the Aquatic Pest Control NPDES General Permit at:

THE WASHINGTON STATE REGISTER, published under RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper issue of the Register.

The code reviser's office has established an annual subscription price of \$195 for a Register subscription, and single copies cost \$8.00. Sales tax of 8.0% applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$210.60 (\$195 for state agencies) payable to the code reviser's office.
