STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following eight sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Inquiry that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (c) **EXPEDITED RULE MAKING**-includes the full text of the rule being proposed using the expedited rule-making process. Expedited rule makings are not consistently filed and may not appear in every issue of the register.
- (d) **PERMANENT**-includes the full text of permanently adopted rules.
- (e) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (f) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (g) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (h) **INDEX**-includes a cumulative index of Register Issues 01 through 24.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. Each filing is listed under the agency name and then describes the subject matter, type of filing and the WSR number. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) ~~deleted material is ((lined out between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

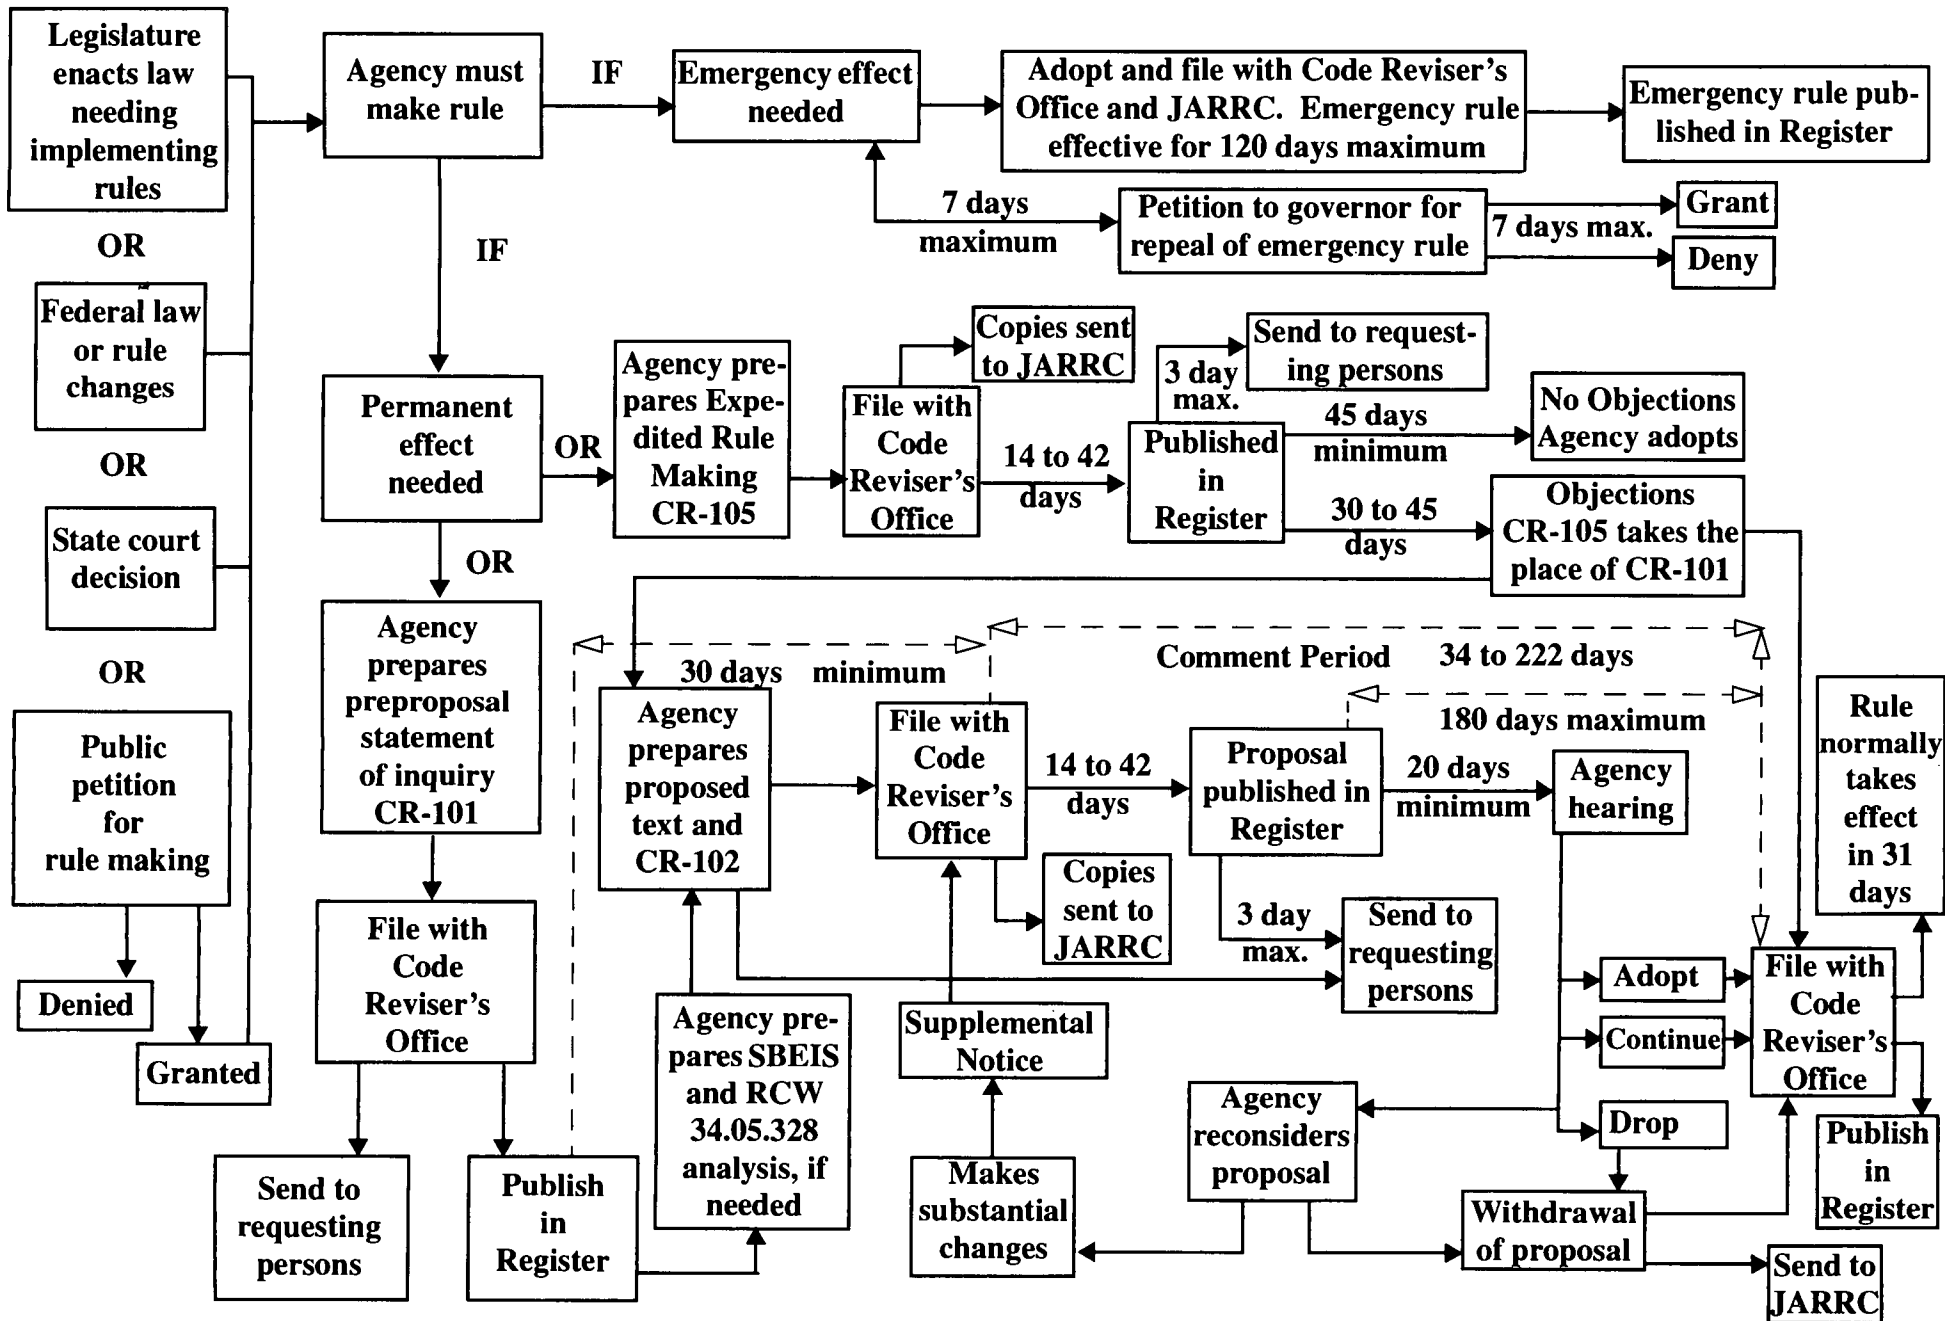

There is less than minor economic impact on business;

The rule REDUCES costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

RULE-MAKING PROCESS

WSR 01-20-009**PREPROPOSAL STATEMENT OF INQUIRY
CENTRALIA COLLEGE**

[Filed September 20, 2001, 9:23 a.m.]

Subject of Possible Rule Making: Amending chapters 132L-25, 132L-26, 132L-108, 132L-117, 132L-120, 132L-136, 132L-140, 132L-276 WAC and WAC 132L-133-020; revoking chapter 132L-280 WAC; and adding new chapter 132L-300 WAC.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 28B.50.140 and chapter 34.05 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The college is in the process of updating its internal policy and procedures consistent with changes in governance structure, campus safety, and federal title VI and title IX requirements.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No coordination needed.

Process for Developing New Rule: Agency study.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Lee D. Lambert, Associate Vice-President for Human Resources and Legal Affairs, Centralia College, 600 West Locust, Centralia, WA 98531-4099, (360) 736-9391 ext. 285, fax (360) 330-7501.

WSR 01-20-035**PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF AGRICULTURE**

[Filed September 26, 2001, 11:31 a.m.]

Subject of Possible Rule Making: Special restrictions to be placed upon pesticides containing the active ingredient clopyralid. Restrictions may be developed for both agricultural and nonagricultural pesticides that contain the active ingredient clopyralid.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Pesticide Control Act, chapter 15.58 RCW and the Pesticide Application Act, chapter 17.21 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Turf clippings and other plant materials are often recycled to composting facilities. There is some evidence that turf clippings from sites treated with clopyralid may contain clopyralid residues when the compost is sold. The clopyralid residues on turf clippings are not breaking down as rapidly as anticipated during the composting process. Consequently, the compost when used around sensitive plants has damaged sensitive plants.

There is some evidence that agricultural plant materials, which have been treated with clopyralid, are being brought into some composting facilities. These plant materials have been determined to have clopyralid residues.

Restrictions are intended to prevent clopyralid residues in compost at levels that may be damaging to plants grown in or around compost.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Environmental Protection Agency (EPA), the EPA regulates the use of pesticides primarily through the pesticide label. EPA has delegated WSDA Pesticide Management Division as the state lead agency for the enforcement of pesticide regulations in Washington state. EPA will be apprised during the entire rule-making process and be offered an opportunity to provide comments.

Department of Ecology (DOE), DOE regulates compost through its solid waste rules. DOE will be apprised during the entire rule-making process and be offered an opportunity to provide comments.

Process for Developing New Rule: A technical advisory committee consisting of key stakeholders will be established as an aid in developing a new rule if necessary.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Cliff Weed, Washington State Department of Agriculture, Pesticide Management Division, P.O. Box 42589, Olympia, WA 98504-2589, (260) 902-2093, or e-mail cweed@agr.wa.gov. Comments must be received by October 31, 2001.

Please note that this CR-101 is similar to the CR-101 mailed in August. This CR-101 has been modified to clarify that agricultural uses of clopyralid may be considered for restrictions. It also extends the comment period until October 31, 2001.

We propose to rewrite and reorganize the rule for clarity, while eliminating unnecessary requirements, outdated terminology, and incorporate requirements to be at least as effective as OSHA.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No other state or federal agencies (other than OSHA) are known that regulate this subject.

Process for Developing New Rule: The department must adopt rules identical to or at least as effective as OSHA rules as required by the OSHA/WISHA state plan agreement. Parties interested in the formulation of these rules for proposal may contact the individuals listed below. The public may also participate by commenting after amendments are pro-

posed by providing written comments or giving oral testimony during the public hearing process.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Jim Hughes, Project Manager, Department of Labor and Industries, WISHA Services Division, P.O. Box 44620, Olympia, WA 98504-4620, phone (360) 902-4504, e-mail hugw235@lni.wa.gov, fax (360) 902-5529.

PREPROPOSAL STATEMENT OF INQUIRY
OFFICE OF THE
INSURANCE COMMISSIONER

[Insurance Commissioner Matter No. R 2001-09—Filed October 3, 2001, 10:08 a.m.]

Subject of Possible Rule Making: Deregulation of commercial property casualty lines of insurance.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 48.02.060, 48.18.100(6), and 48.19.080.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The commissioner will review existing rate filing requirements for large commercial property casualty accounts in WAC 284-24-120 and consider the concept of commercial deregulation. The theory underlying commercial deregulation is that purchasers of large commercial property casualty policies are sophisticated buyers who have the ability to negotiate as equals over the rates and provisions of their policies and to adequately safeguard their interests.

The existing rules include a "sunset" provision and will expire unless amended. The commissioner will review the experience under WAC 284-24-120 since adoption. Among the concepts that will be explored and discussed in the rule making are [is] repealing the "sunset" provision in WAC 284-24-120(7). The commissioner will also consider altering the requirements of WAC 284-24-120 and the existing scheme of deregulation. This subject has been discussed extensively by the NAIC and other states and the commissioner will consider the recommendations of the "Speed to Market" and other appropriate NAIC working groups that address issues of commercial deregulation. The commissioner will review WAC 284-24-120 and other systems of commercial deregulation and determine what, if any, is the most appropriate for Washington.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study; and send written comments by November 16, 2001, to Kacy Scott, P.O. Box 40255, Olympia, WA 98504-0255, fax (360) 664-2782, e-mail Kacyb@oic.wa.gov.

[Filed October 3, 2001, 10:10 a.m.]

Subject of Possible Rule Making: Establishment of regulatory mechanisms, including possible quarantine, relating to the citrus longhorned beetle, a nonnative insect pest detected for the first time in Washington state.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 17.24 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Currently there are no rules in place regarding the citrus longhorned beetle in Washington state. Establishment of this pest would cause significant environmental and economic loss to the state. Rule making may be necessary to prevent its establishment.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: USDA APHIS and USDA Forest Service have the authority to regulate pests on a federal level. However, the federal agencies have not exercised their powers with regard to the citrus longhorned beetle, leaving this issue to the state. There is well established precedent for advising and coordinating with USDA on pest quarantine issues. The Washington State Department of Natural Resources has regulatory authority regarding forest resources, which has a direct relationship to any proposed regulatory mechanisms associated with citrus longhorned beetle in forest environments, and DNR will be extensively consulted during this process.

Process for Developing New Rule: Washington State Department of Agriculture representatives discuss proposed rule with affected stakeholders, including the Washington State Nursery and Landscape Association, representatives of the forestry and hardwoods industries, and other affected government agencies and then publish the rule proposal.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Clinton Campbell, PhD, Washington State Department of Agriculture, Laboratory Services Division, P.O. Subject of Possible Rule Making: To amend chapter 16-462 WAC, Grapevines—Registration and certification.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 15.14 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The grapevine certification program, as it is currently structured in rule, does not offer growers the currently desired varieties. This results in a large influx of certified grapevines from out of state. A change in the certification rules to recognize additional foundation sources would enhance the varieties available through the Washington grapevine certification program. Other changes may be proposed to bring the rule into concurrence with current industry practices and/or clear and readable format.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Washington State Department of Agriculture representatives discuss proposed change with affected stakeholders and then publish the rule proposal.

Subject of Possible Rule Making: To amend chapter 16-325 WAC, Seed potato isolation district.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 15.15 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The seed potato isolation district in Whatcom County is established to protect certified seed potato plantings from virus diseases spread from commercial potato plantings. Because of the increased competition for suitable seed potato ground within the current isolation district, it may be necessary to expand the district boundaries to give growers access to additional ground on which to grow certified seed potatoes. Seed potato growers within an isolation district also pay lower crop insurance premiums

than growers outside of an isolation district. Other changes may be proposed to bring the rule into compliance with clear and readable format and/or current industry practices.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Subject of Possible Rule Making: To amend chapter 16-695 WAC, rules related to ginseng management.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 15.19 RCW, Ginseng.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Current ginseng management fees are not adequate to cover costs of this activity. PROPOSED RULES
DEPARTMENT OF LICENSING

[Filed September 21, 2001, 10:55 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 00-16-071.

Title of Rule: Experience records; this rule describes the experience requirements needed to qualify for a professional engineer and/or structural engineer license. Examinations; this rule describes the examinations that must be taken and passed to become licensed as a professional engineer and/or structural engineer.

Purpose: To amend two rules in chapter 196-12 WAC, Experience records and examinations, to reflect changes made to chapter 18.43 RCW by the regular session of the 2000 legislature that impacts the requirements to become licensed as a structural engineer.

Other Identifying Information: These proposed amendments are to bring chapter 196-12 WAC into compliance with legislative changes made to chapter 18.43 RCW. The legislative change goes into effect on January 30, 2002.

Statutory Authority for Adoption: RCW 18.43.035.

Statute Being Implemented: RCW 18.43.040.

Summary: The regular session of 2000 legislature amended RCW 18.43.040 to change the requirements for becoming licensed as a structural engineer. This change requires that both WAC 196-12-020 and 196-12-030 be amended to be in compliance with RCW 18.43.040 when the law change goes into effect on January 30, 2002.

Reasons Supporting Proposal: The Washington Administrative Code (WAC) must be amended to comply with changes made to RCW 18.43.040 by the regular session of the 2000 legislature.

Name of Agency Personnel Responsible for Drafting: Rick Notestine, 405 Black Lake Boulevard, Olympia, WA, (360) 664-1578; **Implementation and Enforcement:** George Twiss, 405 Black Lake Boulevard, Olympia, WA, (360) 664-1565.

Name of Proponent: Board of Registration for Professional Engineers and Land Surveyors, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Two rules are being amended in chapter 196-12 WAC to make them consistent with RCW 18.43.040. RCW 18.43.040 was amended by the regular session of the 2000 legislature to change the requirements for becoming licensed as a structural engineer. WAC 196-12-020(3) describes the specific experience requirements that an engineer must meet in order to qualify for licensure as a structural engineer. WAC 196-12-030(3) describes the examinations that an engineer must take and pass to become licensed as a structural engineer. The effect will be that the two rules being amended will be consistent with RCW 18.43.040 and engineers and the public will be put on notice of the new requirements for becoming licensed as a structural engineer.

Proposal Changes the Following Existing Rules: WAC 196-12-020 currently requires a minimum of eight years of qualifying structural engineering experience of which a total

of five years can be gained by having appropriate education. The amended rule requires two years of qualifying structural engineering experience in addition to the eight years of engineering experience required to become a professional engineer. This results in a total of ten years of qualifying experience. The sentence about the five years of education is being deleted because engineering education is addressed in another rule.

WAC 196-12-030(3) currently states that the branch of structural engineering requires a more exhaustive principle and practice examination in addition to the stage 1 fundamentals-of-engineering examination. The change in law now requires that an engineer first be licensed as a professional engineer before they can apply for and take the structural engineer exam. So, the rule has been amended to state the examinations that must be taken to become licensed as a structural engineer. In addition to the fundamentals-of-engineering examination that is currently required, the amended rule states that the structural engineer must also take the stage 2 principles and practice of engineering (PE) examination, the take-home law and ethics exam, and the stage 3 examination comprised of examinations in the principles and practice of structural engineering and structural engineering issues important to Washington state.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The two rules proposed for amendment, WAC 196-12-020 and 196-12-030 do not regulate or have an impact on either small or large businesses. The rules provide information for the individual engineer that is interested in becoming licensed as a structural engineer as to what the experience requirements are and what examinations must be taken in order to be licensed.

RCW 34.05.328 does not apply to this rule adoption. Neither the Department of Licensing nor the Board of Registration for Professional Engineers and Land Surveyors are one of the named agencies in this statute.

Hearing Location: Department of Licensing, Business and Professions Division, 405 Black Lake Boulevard, Conference Room No. 1, First Floor, Olympia, WA, on November 8, 2001, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Kim Chipman by November 5, 2001, TDD (360) 586-2788, or (360) 664-1564.

Submit Written Comments to: Rick Notestine, Board of Registration for Professional Engineers and Land Surveyors, P.O. Box 9649, Olympia, WA 98507-9649.

Date of Intended Adoption: November 15, 2001.

AMENDATORY SECTION (Amending WSR 98-12-052, filed 5/29/98, effective 7/1/98)

WAC 196-12-020 Experience records. The law requires eight years of experience in engineering work of a character satisfactory to the board and passing the fundamentals-of-engineering examination to be eligible for the second stage (PE) engineer examination. These eight years must be of broad based, progressive experience to include gaining

knowledge and comprehension of engineering subjects and applying engineering principles. The eight years of experience must be completed sixty days prior to the date of the examination.

The board shall evaluate all experience, which includes education, on a case-by-case basis and approve such experience as appropriate. The board will use the following criteria in evaluating an applicant's experience record:

(1) Education experience will be based on transcripts. Therefore, any transcripts not previously sent to the board's office should be submitted for maximum experience credit. Education may be approved as experience based on the following:

(a) Graduation with a baccalaureate degree in engineering approved by the engineer accreditation commission (EAC) of the accreditation board for engineering and technology (ABET) shall be equivalent to four years of required experience. Satisfactory completion of each year of such an approved engineering curriculum is equivalent to one year of experience.

(b) Graduation with a baccalaureate degree in a program in engineering technology approved by the technology accreditation commission (TAC) of the accreditation board for engineering and technology (ABET) is equivalent to three years of required experience. Satisfactory completion of each year of such an approved program is equivalent to three-fourths of one year of experience.

(c) Graduation in an approved four year non-ABET accredited engineering curriculum will be given a maximum of three years of experience.

(d) A maximum of one year may be granted for post-graduate engineering courses approved by the board for those applicants having earned degrees in accordance with (a), (b) or (c) of this subsection.

(e) A nonengineering bachelor of science program can be given a maximum of two years of experience. If the degree is followed by a master of science in engineering from a school that has an ABET accredited undergraduate program in the same discipline as the master's degree, a maximum of four years of experience may be granted for this combination of education.

(f) Graduation with an associate degree in engineering from an approved curriculum may be equivalent of up to two years of required experience.

(g) Education gained in a piecemeal fashion over time where no degree is conferred will be granted up to a maximum of two years of experience. For the purpose of this subsection, education in a "piecemeal fashion" means: One or two classes taken at a time, often at different schools; seminars; workshops; and classes taken through industry and the military. In order to determine the appropriate amount of experience, this type of education will be compared to college coursework in a baccalaureate of engineering technology degree program.

(h) The board may approve engineering degree programs from other countries.

(i) A number of foreign degree programs are included in mutual recognition agreements entered into by ABET with other accrediting authorities. Applicants with a degree from one of these programs will be evaluated in accordance with

(a) and (b) of this subsection. A list of those approved mutual recognition degree programs is maintained in the board office.

(ii) Applicants having engineering degrees from programs in countries that are not on the mutual recognition list will be required to have their transcripts evaluated by a transcript evaluation service approved by the board. This evaluation will be performed at the applicant's expense, and the applicant will be responsible for submitting all necessary information to the evaluation service. If the evaluation service says that the foreign degree is equivalent to an ABET accredited degree, experience will be granted in accordance with (a) or (b) of this subsection. If the evaluation says that the foreign degree is not equivalent to an ABET accredited degree, then a maximum of three years of experience may be granted in accordance with (c) of this subsection.

(iii) An applicant with an undergraduate foreign degree from a program that is not on the mutual recognition list, can waive the requirement for a degree evaluation if they have a master of science in engineering from a school that has an ABET accredited undergraduate engineering degree program in the same discipline as the master's degree. A maximum of four years of experience can be granted for this combination of education.

(i) Any other education will be taken into account and evaluated on its merits.

(j) Work experience gained between semesters or quarters or during summers while enrolled in an approved curriculum will be considered as part of the educational process. The board grants one year of experience for a year of approved education including any associated work experience within that year.

(2) Work experience will be approved based on a demonstration of competency and progressive responsibility in the analysis, synthesis and evaluation of engineering concepts and data, under the direct supervision of a person authorized by chapter 18.43 RCW or other applicable statute to practice engineering. Under the general guidance and direct supervision of an authorized professional, the applicant must be in a position of making independent judgments and decisions in the following experience areas:

(a) Formulating conclusions and recommendations;

(b) Identifying design and/or project objectives;

(c) Identifying possible alternative methods and concepts;

(d) Defining performance specifications and functional requirements;

(e) Solving engineering problems;

(f) Interacting with professionals from other areas of practice;

(g) Effectively communicating recommendations and conclusions;

(h) Demonstrating an understanding and concern for energy/environmental considerations, and sustainability of resources.

(3) The branch of structural engineering requires specialized work experience to protect the public safety. To be eligible to take the structural (~~(principle and practice)~~) license examination, an applicant must have (~~(eight)~~) at least two years of progressive responsibility in structural engineering

experience. These two years of structural experience are in addition to the eight years of engineering experience required to be registered as a professional engineer and must be documented in the application in accordance with subsection (2) of this section. ((This)) The structural engineering experience must be supervised by a licensed professional engineer in the branch of structural engineering or a licensed professional engineer with significant structural engineering work experience. ((Up to five years of this experience may be gained through education in accordance with subsection (1) of this section. In order to be granted the fifth year, a postgraduate degree in engineering with a concentration of structural courses must be obtained from a school that has an ABET accredited undergraduate program in engineering.))

(4) Engineering teaching character may be considered satisfactory experience up to a maximum of two years.

(5) Applied research is considered satisfactory experience when it meets the following conditions:

(a) The research must be conducted under the guidance or supervision of a licensed engineer. For the purposes of this subsection, guidance or supervision means being cognizant of all applicable aspects of the work and a reviewer of all applicable reporting documentation.

(b) The principle result(s) of the research are in a published report or a recognized engineering journal article in which the applicant is the first author or the work is adequately documented and available to the board upon request.

(6) For military engineering experience to be considered acceptable, it should be similar to engineering experience that would be gained in a nonmilitary environment as defined in subsection (2) of this section, and such experience must be verified.

(7) Any work experience gained without the supervision of a professional engineer authorized to practice under chapter 18.43 RCW or an individual authorized by another statute to practice engineering, or any work experience gained in any other situation which violates the provisions of chapter 18.43 RCW or Title 196 WAC will not be counted toward the statutory experience requirement.

AMENDATORY SECTION (Amending WSR 01-09-016, filed 4/6/01, effective 5/7/01)

WAC 196-12-030 Examinations. (1) Except as provided in WAC 196-12-050, to become licensed as a professional engineer the candidate must pass two stages of examination. The first stage is the fundamentals-of-engineering examination. The second stage examination consists of multiple parts including the principles and practice (branch) examination and law and ethics examination. The law and ethics exam is a take-home examination covering chapter 18.43 RCW and Title 196 WAC. The fundamentals-of-engineering examination must be passed, or waived in accordance with WAC 196-12-050, before taking the second stage examination.

Examinations are given at times and places designated by the board. The schedule of future examinations and examination syllabi may be obtained from the board office. Examinees will not be allowed to view any examination material prior to taking the examination other than syllabi available to

the public or sample examination booklets published by the National Council of Examiners for Engineering and Surveying. If one examination part is failed, only that examination part must be retaken.

PROPOSED RULES

HYDRAULIC APPEALS BOARD

[Filed September 24, 2001, 1:00 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendments to WAC 259-04-010 Membership—Function and jurisdiction of the hydraulic appeals board, 259-04-050 Board administration—Communications with the board, and 259-04-070 Authority.

Purpose: The purpose of the amendments is to remove and replace references to statutes that have been repealed and replaced with other statutes. The amendments also correct outdated references to the Department of Fisheries and the Department of Wildlife since those agencies have been combined into one agency, the Department of Fish and Wildlife. Lastly, the proposed amendments simplify the rules to be more reader friendly.

Statutory Authority for Adoption: RCW 77.55.170(3).

Statute Being Implemented: Chapter 77.55 RCW.

Summary: The Hydraulic Appeals Board originally derived its authority from RCW 75.20.130. However, that statute has since been repealed and replaced with RCW 77.55.170 as has much of the remaining hydraulics code. The amendment cleans up the antiquated statutory reference to replace repealed statutes with current law. The amendments also correct outdated references to the Department of Fisheries and the Department of Wildlife since those agencies have been combined into one agency, the Department of Fish and Wildlife. Lastly, the proposed amendments simplify the rules to be more reader friendly.

Reasons Supporting Proposal: The amendments are necessary to avoid confusion since the rule currently references repealed statutes and agencies that do not exist.

Name of Agency Personnel Responsible for Drafting: Deborah L. Mull, Environmental Hearings Office, (360) 459-6327; Implementation and Enforcement: Robert V. Jensen, Environmental Hearings Office, (360) 459-6327.

Name of Proponent: Hydraulic Appeals Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The Hydraulic Appeals Board originally derived its authority from RCW 75.20.130. However, that statute has since been repealed and replaced with RCW 77.55.170 as has much of the hydraulics code. The amendments merely clean up the antiquated statutory references to replace repealed statutes with current law. The amendments also correct outdated references to the Department of Fisheries and the Department of Wildlife since those agencies have been combined into one agency, the Department of Fish and Wildlife. Lastly, the proposed amendments simplify the rules to be more reader friendly. It is anticipated that the changes will avoid future confusion by litigants that appear before the board.

Proposal Changes the Following Existing Rules: The Hydraulic Appeals Board originally derived its authority from RCW 75.20.130. However, that statute has since been repealed and replaced with RCW 77.55.170 as has much of the hydraulics code. The amendment of WAC 259-04-010, 259-04-050, and 259-04-070 cleans up the antiquated statutory reference to replace repealed statutes with current law. The amendments also correct outdated references to the Department of Fisheries and the Department of Wildlife since those agencies have been combined into one agency, the Department of Fish and Wildlife. Lastly, the proposed amendments simplify the rules to be more reader friendly.

PROPOSED RULES
POLLUTION CONTROL
HEARINGS BOARD

[Filed September 24, 2001, 1:05 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendment to WAC 371-08-450 Motions.

Purpose: The purpose is to eliminate the requirement that the parties file a note for hearing when motions are filed.

Statutory Authority for Adoption: RCW 43.21B.170.

Statute Being Implemented: Chapter 43.21B RCW.

Summary: The proposed amendment would remove a procedural requirement related to the filing and processing of motions. The amendment would eliminate the need for the parties to file a formal note for hearing.

Reasons Supporting Proposal: The amendment would provide better efficiency. Given the complexity of the issues considered by the board, it is more efficient for the board to simply advise the parties of any hearing date rather than have the parties themselves make such notice.

Name of Agency Personnel Responsible for Drafting: Deborah L. Mull, Environmental Hearings Office, (360) 459-6327; Implementation and Enforcement: Robert V. Jensen, Environmental Hearings Office, (360) 459-6327.

Name of Proponent: Pollution Control Hearings Office, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed amendment removes the requirement of the parties to notify the other parties of any motion hearing date. Currently, the board sends out notices to all the parties so the requirement is redundant and unnecessary.

Proposal does not change existing rules. The proposal would amend WAC 371-08-450. The proposed amendment would eliminate the need for the parties to file a formal note for hearing.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The preparation of a small economic impact statement is not required for adoption of rules described in RCW 34.05.310(4). The proposed amendment is a rule described in RCW 34.05.310(4). AMENDATORY SECTION (Amending WSR 96-15-003, filed 7/3/96)

WAC 371-08-450 Motions. (1) An application to the board for an order shall be by motion which, unless made during a hearing, shall be in writing, state with particularity the grounds therefor and set forth the relief sought. Each written motion shall have appended to it the order which the motion seeks.

(2) For motions for continuance or for schedule changes, or other motions that are likely to be uncontested, the moving party shall affirmatively seek the stipulation of all parties and present a stipulated order wherever possible.

(3) If the motion is contested, any party may request that the board hold a motion hearing. The presiding officer will decide whether or not a motion hearing will be held and notify the parties accordingly. At a motion hearing, the board will consider the arguments of the parties but will not take evidence. Unless a motion hearing is requested by one or more parties, or the board independently sets a motion hearing date, the board will normally decide the motion exclusively on the parties' written submissions. ~~Where any party requests a motion hearing, that party shall procure from the hearing coordinator an available date for the motion hearing and prepare a note that sets the time, date and location of the motion hearing. The moving party shall note the motion for hearing on a date deemed by the hearing coordinator to be available for that purpose. The motion, order and note for motion hearing shall then be filed and served. If a motion hearing is set by the presiding officer and is to be held by phone~~ Where the hearing coordinator specifies that the motion hearing shall be telephonic, the moving party shall originate the telephonic hearing conference call.

(4) Unless a scheduling letter or order provides otherwise, the following schedule governs all written motions (including any supporting affidavits, memoranda of law, or other documentation):

(a) All responses to any motion shall be filed and served ten days from the date the motion is received. The moving party shall then have seven days from receipt of the response to file and serve a reply.

(b) In cases where the moving party requests a motion hearing, all dispositive motions shall be filed and served not later than twenty-eight days before the motion hearing.

(c) All dispositive motions shall be filed and served not later than forty-five days before the secondary hearing date, or, if no secondary date applies, the primary hearing date, unless the presiding officer by order allows otherwise.

(d) In exigent or exceptional circumstances, a party may at any time request the board to modify the above schedules by requesting a scheduling conference (which may be telephonic) with the presiding officer.

(5) The board will decide a motion on the written record unless the presiding officer orders a motion hearing.

PROPOSED RULES
SHORELINES HEARINGS BOARD

[Filed September 24, 2001, 1:08 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendments to WAC 461-08-355 Service of petitions for review with department and attorney general—Intervention by the department and attorney general.

Purpose: The purpose of this amendment is to clarify who is the proper person or entity that should be served at local government.

Statutory Authority for Adoption: RCW 90.58.175.

Statute Being Implemented: Chapter 90.58 RCW.

Summary: This amendment specifies that service shall be made on the person identified by the local government in the permit decision to receive service, or on the department within local government that made the decision, or pursuant to RCW 4.28.080.

Reasons Supporting Proposal: The law currently does not designate who in local government should be served which has resulted in several challenges to appeals being filed. Clarity in the law provides certainty to all parties so that unnecessary litigation on procedural matters can be avoided.

Name of Agency Personnel Responsible for Drafting: Deborah L. Mull, Environmental Hearings Office, (360) 459-6327; Implementation and Enforcement: Robert V. Jensen, Environmental Hearings Office, (360) 459-6327.

Name of Proponent: Shorelines Hearings Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The amendments provide clarification of who in local government should be served when appealing a shoreline permit decision. The rule provides that service shall be made on the person identified by the local government in the permit decision to receive service, or on the department within local government that made the decision, or pursuant to RCW 4.28.080. The purpose of the rule is to clarify the law so that unnecessary litigation on procedural matters will not occur. It is expected that the proposed clarifications will provide certainty to appellants about whom they should serve. It is also expected that the proposed clarifications will avoid service on local government that is not contemplated to reach the appropriate personnel within that local government.

Proposal Changes the Following Existing Rules: The proposed amendments would change WAC 461-08-355 to clarify who within local government must be served an appeal of a shoreline decision.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The preparation of a small economic impact statement is not required for adoption of rules described in RCW 34.05.310(4). The proposed amendment is a rule described in RCW 34.05.310(4). Specifically, the proposed amendment is an amendment of a rule that adopts, amends or repeals "a procedure, practice, or requirement relating to agency hearings."

RCW 34.05.328 does not apply to this rule adoption. The Shorelines Hearings Board is not an agency specifically listed in RCW 34.05.328.

Hearing Location: Environmental Hearings Office, 4224 6th Avenue S.E., Lacey, WA, on November 30, 2001, at 10:00 a.m.

AMENDATORY SECTION (Amending WSR 99-23-038, filed 11/12/99)

WAC 461-08-355 Service of petitions for review with department and attorney general—Intervention by the department and attorney general. (1) For a petition pertaining to a local government's final decision on a permit, the petitioner shall serve a copy of the petition with the department, the attorney general and that local government within seven days of filing the petition with the board.

(2) Within fifteen days of the date of receipt of the petition for review described in subsection (1) of this section, the department or the attorney general may intervene in the case before the board to protect the public interest and to insure compliance with chapter 90.58 RCW. Nothing in WAC 461-08-345, setting a twenty-one day limit on when the department or the attorney general can directly file a petition for review, limits the right of the department or attorney general to intervene under this section in a board proceeding.

(3) Service on the local government shall be accomplished in one of the following ways:

(a) The petitioner shall serve local government as designated on the permit decision within seven days of filing the petition with the board, or

(b) The petitioner shall serve the department or office within the local government that issued the permit decision within seven days of filing the petition with the board, or

(c) The petitioner shall serve local government pursuant to RCW 4.28.080 within seven days of filing the petition with the board.

(4) ~~(3)~~ When the petitioner is not the permit applicant, the petitioner shall serve the permit applicant with a copy of the petition for review.

(5) For purposes of this rule, service shall be the date of mailing.

(6) The board may dismiss a petition for review where there has not been substantial compliance with the filing and service requirements of RCW 90.58.180 and this rule. Substantial compliance will include actual notice of a petition for review.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

PROPOSED RULES
SHORELINES HEARINGS BOARD

[Filed September 24, 2001, 1:10 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendments to WAC 461-08-500 Scope of review and burden of proof and amendments to WAC 461-08-505 Standard of review.

Purpose: The purpose of these rule amendments is to clarify that the scope of review by the Shorelines Hearings Board is de novo and the standard of review if preponderance of the evidence unless otherwise required by law. These proposed amendments also clarify that the standards referenced in that rule are legal criteria the board will consider in its decision-making process rather than standards of review.

Statutory Authority for Adoption: RCW 90.58.175.

Statute Being Implemented: Chapter 90.58 RCW.

Summary: The purpose of these rule amendments is to clarify that the scope of review by the Shorelines Hearings Board is de novo and the standard of review if preponderance of the evidence unless otherwise required by law. The purpose of the proposed amendments is to also clarify that the standards referenced in that rule are legal criteria the board will consider in its decision-making process rather than standards of review.

Reasons Supporting Proposal: The current rule has improperly labeled a de novo review as a standard of review. This has led to some confusion and needs to be clarified. Clarification would help litigants understand what standard of review is applicable under the law.

Name of Agency Personnel Responsible for Drafting: Deborah L. Mull, Environmental Hearings Office, (360) 459-6327; Implementation and Enforcement: Robert V. Jensen, Environmental Hearings Office, (360) 459-6327.

Name of Proponent: Shorelines Hearings Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The purpose of these rule amendments is to clarify that the scope of review by the Shorelines Hearings Board is de novo and the standard of review if preponderance of the evidence unless otherwise required by law. The purpose of the proposed amendments is to also clarify that the standards referenced in that rule are legal criteria the board will consider in its decision-making process rather than standards of review. The purpose of the rule amendments is to provide guidance to persons who litigate before the Shorelines Hearings Board. It is anticipated that the guidance will help the hearing process be more efficient for the board members and the litigants.

Proposal Changes the Following Existing Rules: The proposed amendment to WAC 461-08-500 clarifies that the scope of review by the Shorelines Hearings Board is de novo and the standard of review is a preponderance of the evidence unless otherwise required by law. The proposed amendment to WAC 461-08-505 clarifies that the standards referenced in

that rule are legal criteria the board will consider in its decision-making process rather than standards of review.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The preparation of a small economic impact statement is not required for adoption of rules described in RCW 34.05.310(4). The proposed amendment is a rule described in RCW 34.05.310(4). Specifically, the proposed amendment is a rule that adopts, amends, repeals "a procedure, practice, or requirement relating to agency hearings." RCW 34.05.301 [34.05.310] (4)(g)(i).

AMENDATORY SECTION (Amending WSR 00-10-016, filed 4/21/00, effective 5/22/00)

WAC 415-02-130 (~~Members~~) Will I receive retirement and account information ((annually))? (1) DRS provides (~~information in an annual~~) statements to all members who are currently employed and are being reported, and to inactive members who provide a mailing address.

(2) If you are a member of Plan 1 or 2, you will receive annual statements. The statements include, but are not limited to, the following information:

- (a) Service credit;
- (b) Contributions; ~~((and))~~
- (c) Interest; and
- (d) Various retirement information.

~~((2) The annual statement is based on information provided to the department by the employer as of a certain date. At the time the department compiles the annual statement, it may not have all the information necessary to make a final computation of any data reported. Information in the annual statement is subject to correction.))~~ (3) For a member of Plan 3, you will receive two types of statements.

(a) The defined benefit portion of your plan will provide an annual statement of your accumulated service credit and various retirement information.

(b) The defined contribution portion of your plan will provide annual and quarterly statements. The statements include, but are not limited to, contributions and account activity.

(4) Statements are based on information provided to the department by your employer and are subject to correction.

AMENDATORY SECTION (Amending WSR 00-22-049, filed 10/27/00, effective 11/27/00)

WAC 415-10-010 Can I purchase service credit after the statutory deadline? RCW 41.50.165 generally allows (~~the member~~) you to purchase service credit that (~~he or she~~) you failed to establish or reestablish within the statutory deadline.

(1) You must pay the actuarial value of the increase to your retirement ((allowance)) benefit. The actuarial value of the increase to (~~the member's~~) your benefit means the cost to the retirement system trust fund of:

(a) Including the additional service credit in (~~the member's~~) your retirement ((allowance)) benefit calculation; and

(b) (~~Commencing the member's~~) Beginning your retirement ((allowance)) benefit at an earlier age, if applicable. This second factor (~~will not apply if the member's retirement system is LEOFF 1, LEOFF 2, PERS 2, or TRS 2, because length of service is not a factor in determining eligibility to retire in those systems~~) applies only to PERS Plan 1 and TRS Plan 1.

(2) The valuation is based upon economic assumptions. The cost to the retirement system trust fund for the increased value to (~~the member's~~) your benefit is calculated based upon interest rate assumptions adopted by the pension funding council and actuarial factors adopted or approved by the state actuary.

AMENDATORY SECTION (Amending WSR 00-22-049, filed 10/27/00, effective 11/27/00)

WAC 415-10-030 Calculation of cost to purchase service credit ((in LEOFF Plan 1, LEOFF Plan 2, PERS Plan 2, TRS Plan 1 or 2, ((LEOFF Plan 2,)) PERS Plan 2 or 3, TRS Plan 2 or 3, ((TRS Plan 3,)) or SERS Plan 2 or ((SERS Plan)) 3, the department will calculate the actuarial value of the service credit you purchase under RCW 41.50.165(2) using the following formula:

$$\text{Average Earnings } (()) \times \text{Service Credit Being Purchased } (()) \times \text{Factor 1} \\ = \text{Cost to purchase service credit}$$

AMENDATORY SECTION (Amending WSR 00-22-049, filed 10/27/00, effective 11/27/00)

WAC 415-10-080 If I purchase service credit under RCW 41.50.165, can I receive a refund of my payments?

(1) You may ((not)) receive a refund ((unless)) only after you separate from service and ((withdraw)) apply for withdrawal of your contributions. (~~Except as provided under subsections (2) and (3) of this section,)) Your payments to purchase service credit under RCW 41.50.165(2) qualify as a part of your accumulated contributions. (~~As with other accumulated contributions, you may not receive a refund of your payments unless you separate from service and withdraw all your contributions.))~~ There are additional restrictions for TRS Plan 1, LEOFF Plan 2 and members of the Plan 3 systems as listed in subsections (2), (3), and (4) of this section.~~

(2) ((Additional)) Restrictions for TRS Plan 1 members. (~~If you are a TRS 1 member,)) At the time of retirement, RCW 41.32.498(2) prohibits you from withdrawing payments made to purchase service credit under RCW 41.50.165(2) (~~at the time of retirement~~)).~~

(3) ((Additional)) Restrictions for LEOFF Plan 2 members. (~~If you are a LEOFF Plan 2 member,)) Payments made to purchase service credit under RCW 41.50.165(2) and interest on those payments (~~may~~) will be refunded at one hundred percent. (~~However, such~~) Those payments (~~may~~) will not be included when calculating the one hundred fifty percent refund of contributions under RCW 41.26.540 (1)(b).~~

(4) Restrictions for Plan 3 members of TRS, SERS and PERS. When you apply for service credit under RCW

41.50.165(2), one-half of the amount due will go into your defined benefit plan and one-half will go into your defined contribution plan. As a member of any Plan 3 system, you may apply for a refund of your contributions from the defined contribution portion of your account upon separation from employment. Your refund will be based on the market value of your contributions, including earnings and losses, at the time you withdraw. The defined benefit portion will be paid when you are eligible to receive benefits.

Example 1 (Market has gains):

Joe restores 5 years of service credit at a total cost of \$10,000.00. One-half, or \$5,000.00, goes into Joe's defined contribution plan member account, and the other \$5,000.00 goes into the pension trust fund for his defined benefit plan. Joe separates two years later and applies for the withdrawal of his defined contribution account. While Joe was in service the market experienced gains. The value of Joe's defined contribution account is now \$6,000.00. Joe receives \$6,000.00 (minus applicable taxes and penalties). The defined benefit portion is not refundable but Joe will receive a one percent defined benefit allowance when he is eligible.

Example 2 (Market has losses):

Joe restores 5 years of service credit at a total cost of \$10,000.00. One-half, or \$5,000.00, goes into Joe's defined contribution plan member account, and the other \$5,000.00 goes into the pension trust fund for his defined benefit plan. Joe separates two years later and applies for the withdrawal of his defined contribution account. While Joe was in service the market suffered a loss. The value of Joe's defined contribution account is now \$4,000.00. Joe receives \$4,000.00 (minus applicable taxes and penalties). The defined benefit portion is not refundable but Joe will receive a one percent defined benefit allowance when he is eligible.

AMENDATORY SECTION (Amending WSR 00-22-049, filed 10/27/00, effective 11/27/00)

WAC 415-10-100 ((Can I purchase TRS Plan 2 credit in TRS Plan 3?)) **Can a Plan 3 member purchase service credit? ((Yes.))** (1) Transferring purchased ((TRS)) Plan 2 credit under RCW 41.50.165(2) into ((TRS)) Plan 3. If you purchase ((TRS)) Plan 2 service credit under this chapter and later ((elect to)) enter ((TRS)) Plan 3, that credit will also transfer to ((TRS)) Plan 3.

(a) Fifty percent of the money you paid to purchase the service credit will be credited to the ((TRS)) Plan 3 defined contribution account ((established under chapter 41.34 RCW)).

(b) The other fifty percent will be credited to the ((TRS)) Plan 3 defined benefit ((portion)) plan established under RCW 41.32.831 for TRS Plan 3, RCW 41.35.600 for SERS Plan 3, and RCW 41.40.780 for PERS Plan 3.

(2) Purchasing ((TRS)) Plan 2 service credit after transferring to ((TRS)) Plan 3. You may purchase service credit initially available under ((TRS)) Plan 2 after you transfer to ((TRS)) Plan 3. The service will be credited in ((TRS)) Plan 3. **If you purchase Plan 2 service credit under this chapter, fifty percent of the money you pay to purchase the service**

credit will be credited to ((the TRS)) your Plan 3 defined contribution account ((established under chapter 41.34 RCW)). The other fifty percent will be credited to the ((TRS)) Plan 3 defined benefit portion established under RCW 41.32.831 for TRS Plan 3, RCW 42.35.600 for SERS Plan 3 and RCW 41.40.780 for PERS Plan 3.

(3) **Not applicable for service earned after transferring to ((TRS)) Plan 3 ((cannot be purchased)).** Service ((earned)) you earn as a Plan 3 member is automatically recredited if ((the member)) you reenter((s)) membership and earn((s)) at least twelve service credit months. Plan 3 does not have any deadlines on establishing optional service. Because there are no deadlines for establishing or reestablishing service credit there is no provision for purchasing service credit earned in Plan 3 under RCW 41.50.165.

John, a member, completes a beneficiary designation form.

In the place on the form reserved for persons, he names his daughter Ann. He checks the box to indicate that Ann is a primary beneficiary.

In the place on the form reserved for trust/organizational beneficiaries, he lists his daughter Barbara personally ((~~i.e.~~) no trust name is provided(~~(3)~~)). ~~((He checks the box labeled "primary beneficiary." John misunderstands the form and rather than provide the names of the trustee or trust administrator, John writes the word "both" in the blank provided.))~~ John checks the corresponding box to indicate a primary beneficiary designation. At John's death, the department learns that John has created no trusts.

Result

~~((At John's death, the department learns that John has created no trusts. Subject to existing statute, if the department receives no notice of competing claims to John's death benefit, the department will distribute the death benefit to Ann.))~~ Because John has created no trust, the designation in the trust/organizational location on the form is void. Subject to existing law, the department will issue the death benefit to Ann unless it receives a notice of a competing claim. If the department receives notice of competing claims, a court resolution may be required.

AMENDATORY SECTION (Amending WSR 99-14-008, filed 6/24/99, effective 7/25/99)

WAC 415-108-324 ~~((Married member's benefit selection—Spousal consent required.))~~ **I am married - do I need my spouse's consent on the retirement option I choose?** (1) ~~((The member,))~~ If married, you must provide ((the)) your spouse's written consent to the option you selected under WAC 415-108-326. If, as a married member ((does)), you do not provide spousal consent, the department will pay ((the retired member)) you as a retiree, a joint and

one-half survivor benefit allowance and record ~~((the member's))~~ your spouse as the survivor in compliance with ((chapter 41.40 RCW and RCW 41.40.660(2))) RCW 41.40.188 (2)(a), 41.40.660 (2)(a), and 41.40.845 (2)(a).

(2) Spousal consent is not needed to enforce a marital dissolution order requiring the department to pay an ex-spouse under RCW 41.50.790.

(3) "Spousal consent" means that ~~((the married member's))~~ your spouse consents to the retirement option you selected ((by the member)). ((The)) Your spouse's notarized signature on a completed retirement application constitutes spousal consent.

AMENDATORY SECTION (Amending WSR 96-03-100, filed 1/19/96, effective 2/19/96)

WAC 415-108-340 Actuarial tables, schedules, and factors. This ~~((chapter))~~ section contains the tables, schedules, and factors ~~((adopted by the director of the department of retirement systems))~~ for calculating optional retirement allowances and postretirement adjustments of members of the Washington state public employees' retirement system (PERS). These tables, schedules, and factors were adopted by the director upon the recommendation of the state actuary ((based on the actuary's)) after investigation into the mortality, service, compensation, and other experience of the PERS members and beneficiaries ((of public employees' retirement system. The tables, schedules, and factors contained in this chapter shall govern the retirement allowances only of members retiring during the period from January 1, 1996, until such time as these tables, schedules, and factors are amended by the director following the next actuarial investigation conducted by the state actuary. The retirement allowances calculated at the time of retirement of members retiring before January 1, 1996, shall continue to be governed by the tables, schedules, and factors in effect when each member retires. Any new tables, schedules, and factors adopted by the director in the future shall govern retirement allowances calculated at the time of retirement only of members retiring after the adoption of such new tables, schedules, and factors)).

(1) These tables, schedules and factors may be amended from time to time, based upon subsequent actuarial investigation.

(2) The department will use the tables, schedules and factors in effect upon the member's retirement to calculate the member's retirement allowance. Accordingly, these values apply to the calculation of retirement allowances for those who retire on or after January 1, 1996 (until subsequent amendment).

(3) The department will use these tables, schedules and factors to calculate postretirement adjustments that become effective on or after January 1, 1996, even though the member's retirement allowance was initially calculated using a prior set of tables, schedules and factors.

WAC 415-108-443 through 415-108-488 codify the department's ~~((existing))~~ interpretation of statutes and ~~((existing))~~ administrative practice regarding classification of payments as compensation earnable in PERS Plan ~~((I and PERS Plan II))~~ 1, 2, or 3. ~~((The department has applied and will apply))~~ These rules will be used to determine the proper characterization of payments occurring prior to and after the effective dates of these sections.

AMENDATORY SECTION (Amending WSR 98-09-059, filed 4/17/98, effective 5/18/98)

WAC 415-108-456 Leave payments earned over time. ~~(1) Sick and annual leave usage. ((Sick leave and annual leave is accumulated over time and paid to a person during a period of excused absence. Leave accrues at a prescribed rate, usually a certain number of hours per month. The employee earns a leave day by rendering service during the month the leave accrued. When the employee uses his or her accrued leave by taking a scheduled work day off with pay, the payment is deferred compensation for services previously rendered. The payment is a salary or wage earned for services rendered and is reportable.))~~

(a) Leave accrues at a prescribed rate, usually a certain number of hours per month.

(b) You earn a leave day by providing service during the month the leave accrued.

(c) Sick leave and annual leave are accumulated over time and paid to you during a period of excused absence.

(d) When you use your accrued leave by taking a scheduled work day off with pay, the payment is deferred compensation for services previously provided.

(e) The payment is a salary or wage earned for services provided and is reportable.

(2) **Annual leave cash outs.** Annual leave cash outs, like payments for leave usage, are deferred compensation earned for services previously ~~((rendered))~~ provided. Whether, and to what extent an annual leave cash out qualifies as reportable compensation depends upon ~~((which))~~ the PERS plan ~~((the member))~~ to which you belong ~~((s-to))~~ and the type of employer.

(a) **Plans 2 and 3:** Annual leave cash outs are not reportable compensation ~~((for PERS Plan II members))~~. Although the payments are for services ~~((rendered))~~ provided, they are excluded from the definition of compensation earnable by statute~~((s))~~. See RCW 41.40.010 (8)(b).

(b) **Plan 1, state government employees:** A cash out of up to thirty days of annual leave for state government employees is reportable compensation ~~((for PERS Plan I,))~~. See RCW 43.01.040. A cash out in excess of thirty days of annual leave:

(i) Qualifies as reportable compensation if ~~((it))~~ the leave is authorized by a letter of necessity under RCW 43.01.040. Annual leave qualifies as authorized under a letter of necessity only if the leave was earned after the letter of necessity was issued;

(ii) Does not qualify as reportable compensation if ~~((it))~~ the leave is earned between the date that ~~((the member))~~ you accrued thirty days of annual leave and ~~((the member's))~~ your anniversary date under RCW 43.01.044.

(c) **Plan 1 employees not covered by (2)(b):** All annual leave cash outs received by PERS Plan ~~((I))~~ 1 members who are not state employees qualify as reportable compensation.

(3) **Sick leave cash outs.** Sick leave cash outs are deferred compensation for services previously ~~((rendered))~~ provided.

(a) Sick leave cash outs are excluded from the definition of compensation earnable for PERS Plan ~~((II))~~ 2 or 3 members by statute~~((s))~~. See RCW 41.40.010 (8)(b).

(b) Sick leave cash outs are reportable compensation for PERS Plan ~~((I))~~ 1 members other than state, school district, and educational service district employees.

(c) Sick leave cash outs are excluded from reportable compensation for:

(i) State employees by RCW 41.04.340;

(ii) School district employees by RCW 28A.400.210; and

(iii) Educational service district employees by RCW 28A.310.490.

See RCW 41.40.010 (8)(a).

AMENDATORY SECTION (Amending WSR 98-09-059, filed 4/17/98, effective 5/18/98)

WAC 415-108-458 Severance pay earned over time.

(1) ~~((Plan I.))~~ **PERS Plan 1:** Severance pay ~~((must be))~~ earned over time ~~((in the same manner as annual leave or sick leave in order to be deferred compensation for services previously rendered and to be reportable in Plan I))~~ is reportable compensation. Conversely, severance pay ((is)) not earned over time ((if the employment contract(s) or compensation policies in effect at the beginning of a given period of employment specify that a certain amount of severance pay will be earned during that period in consideration for services rendered)) is not reportable compensation (see WAC 415-108-488). This is because severance pay earned over time is deferred compensation for services previously provided.

Severance pay is earned over time if the employment contract(s) or compensation policies in effect at the beginning of a given period of employment specify that a certain amount of severance pay will be earned during that period in consideration for services provided.

Example: Mr. Jones is a PERS Plan ~~((I))~~ 1 member employed as a city manager. Since the beginning of his term of employment with the city, his contract has specified that he will earn one week of severance pay for every year of his employment. The earned severance pay will be paid at the time of his separation. His severance pay is reportable compensation. When Mr. Jones retires, the two weeks severance pay that he earned during his two highest paid years (i.e., one week per year for two years) will be included in his PERS Plan ~~((I))~~ 1 retirement calculation.

To the extent that severance pay qualifies as reportable compensation and is earned within ~~((the member's))~~ your average final compensation period, the severance pay is excess compensation~~((s))~~. See RCW 41.50.150.

(2) **PERS Plans ~~((II))~~ 2 and 3:** All forms of severance pay are excluded from earnable compensation ~~((for Plans II by))~~. See RCW 41.40.010 (8)(b).

~~((3))~~ Severance pay that is not earned over time is not earned for services rendered and is not reportable in Plan I or II, see WAC 415-108-488.)

PROPOSED

AMENDATORY SECTION (Amending WSR 98-09-059, filed 4/17/98, effective 5/18/98)

WAC 415-108-464 Legislative leave. If ~~((a PERS member))~~ You take ~~((s-a))~~ leave without pay from an eligible position to serve in the legislature, ~~((the member))~~ you may ~~((elect))~~ choose to participate in PERS as a legislator.

(1) ~~Plan ((I. The salary the employee would have earned from their employer is reportable compensation if the required member contribution is paid by the member and the required employer contribution is paid by the member or the employer.))~~ **1:** Your reportable compensation is the salary you would have earned from your employer. You must pay employee contributions on this amount. Either you or your employer must pay employer contributions on the amount.

(2) ~~Plan ((H. The employee))~~ **2 or 3:** You may choose ~~((between:~~

~~((The))~~ your reportable compensation ~~((he or she))~~ to be:
(a) The reportable compensation you would have earned ~~((had the member not served in the legislature))~~ from your employer; or

(b) ~~((The))~~ Your actual reportable compensation for your legislative and nonlegislative ~~((public employment and the legislative))~~ service combined.

If ~~((the member selects option))~~ you choose (2)(a) of this subsection ~~((, he or she is responsible for paying the additional employer and employee contributions to the extent the reportable compensation reported is higher than it would have been under (b) of this subsection))~~ and your reportable compensation is higher than it would have been under (2)(b) of this subsection, you must pay both employee and employer contributions on the excess amount.

AMENDATORY SECTION (Amending WSR 98-09-059, filed 4/17/98, effective 5/18/98)

WAC 415-108-465 Is paid leave not earned over time ~~((r))~~ reportable compensation for PERS? ~~((If paid leave is not based upon earned leave accumulated over time, the payment is not a deferred payment for services previously rendered. Further, the member on leave is not currently rendering services in exchange for the payment. However,))~~ RCW 41.40.175 and 41.40.710 identify payments received from the employer while on paid leave as reportable for PERS. Contributions are due on these payments to the extent they meet the following conditions:

(1) The payment is equal to the salary ~~((for the position that the person is on leave from;))~~ that you normally earn in your position; and

(2) The payment is actually from the employer. Payments from an employer that are conditioned upon reimbursement from a third party are payments from the third party. Because the payments are not from the employer, they are not reportable compensation. The only exception is union leave paid by the employer subject to reimbursement from the union under the conditions specified in RCW 41.40.175 (Plan ~~((I))~~ **1**) ~~((and)),~~ RCW 41.40.710 (Plan ~~((H))~~ **2**), RCW 41.40.805 (Plan 3), and WAC 415-108-466.

Example: Joe injures himself off the job and collects labor and industries payments instead of compensation from his employer. Because

the payments are not from his employer, they are not reportable compensation.

AMENDATORY SECTION (Amending WSR 01-01-059, filed 12/12/00, effective 1/12/01)

WAC 415-111-110 Member and employer responsibility. (1) **What am I responsible for as a Plan 3 member?** As a Plan 3 member your responsibilities include, but are not limited to:

- (a) Adhering to ~~((published))~~ time frames;
- (b) Making investment decisions for your defined contribution account;
- (c) Reviewing account information provided on statements, such as quarterly statements, and notifying the correct organization of any errors;
- (d) Filling out the correct form for a requested action;
- (e) Correctly completing the appropriate form for a requested action and submitting the form to the correct organization as directed on each form; and

(f) Monitoring to ensure contributions do not exceed Internal Revenue Code limits (see WAC 415-111-111).

(2) **What can happen if I do not fulfill my Plan 3 responsibilities?** If you do not fulfill your responsibilities, the consequences may include, but are not limited to:

- (a) You may not qualify for certain benefits, such as the transfer payment;
- (b) You may have a delay in the correction of errors on your account;
- (c) You may have a delay in the processing of your request for a defined contribution withdrawal; or
- (d) You may have a delay in the investment of your account as directed.

(3) **What responsibilities do employers have?** Employers' responsibilities include, but are not limited to:

(a) Adhering to Plan 3 administrative requirements, including the respective roles of employers and employees, communicated to employers by the department in written materials and formal training ~~((;))~~;

(b) Maintaining a supply of Plan 3 forms;

(c) ~~((Submitting contributions to the department as soon as possible and at least in accordance with chapter 41.50 RCW;~~

~~((d))~~ Reporting an employee's Plan 3 transfer ~~((election))~~ decision as soon as possible after receipt of the appropriate form from the employee;

~~((e))~~ ~~((d))~~ Submitting to DRS the form on which the member made ~~((their))~~ the Plan 3 transfer ~~((election))~~ decision as soon as possible after receipt of the appropriate form;

~~((f))~~ ~~((e))~~ Reporting an employee's contribution rate ~~((election))~~ decision as soon as possible after receipt of the appropriate form from the employee;

~~((g))~~ ~~((f))~~ Reporting an employee's investment program ~~((election))~~ as soon as possible after receipt of the appropriate form from the employee; ~~((and~~

~~((h))~~ ~~((g))~~ Monitoring to ensure that a member's contributions do not exceed Internal Revenue Code limits (see WAC 415-111-111); and

~~((h))~~ Submitting contributions to the department as soon as reasonable and at least in accordance with RCW 41.50.120.

"reasonableness" will be based on the facts and circumstances.

Example

Assume the following:

- An employer has one payroll system;
- Payroll checks are issued semimonthly;
- At the same time checks are cut, the payroll department produces a data tape of employee contributions that has to be checked for accuracy, and checking the tape takes four days;

- Once the accuracy of the data tape is confirmed, a check for the aggregate amount of employee contributions is sent by the employer to DRS; and

- The entire process, from the cutting of payroll checks to the cutting of the aggregate employee contribution check takes eight days.

In this situation, eight days is a "reasonable" period of time.

(4) What can happen if my employer does not fulfill ~~((their))~~ its responsibilities?

(a) If your employer does not fulfill ~~((their))~~ its responsibilities, the consequences may include, but are not limited to:

~~((a))~~ **(i)** Your employer may have to make your member account whole;

~~((b))~~ **(ii)** Your employer may be subject to penalties assessed by the department; or

~~((c))~~ **(iii)** Your employer may be subject to penalties assessed by the Internal Revenue Service.

(b) If the department determines that an employer has erred in its administrative role, such that an employee incurs an investment loss, the department will determine the amount of loss and bill the employer.

**WSR 01-20-049
PROPOSED RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES**

(Economic Services Administration)

[Filed September 26, 2001, 3:51 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: WAC 388-454-0006, the department makes background checks on adults who are acting in *loco parentis* without court-ordered custody and 388-454-0025. The department notifies a child's parent when we approve assistance and the child is living with someone other than their parent.

Purpose: Require background checks of adults caring for minor children in *loco parentis* without formal court-ordered custody or guardianship and notification to parents of the child's whereabouts.

Statutory Authority for Adoption: RCW 13.32A.080, 13.32A.082, 74.04.050, 74.08.090, 74.12.290, 74.12.450, 74.12.460.

Statute Being Implemented: RCW 13.32A.080, 13.32A.082, 74.04.050, 74.08.090, 74.12.290, 74.12.450, 74.12.460.

Summary: Effective March 1, 2001, children who live with an adult acting in *loco parentis* were eligible for TANF benefits. Unrelated adults are required to have a background check to protect the safety and well being of the child. The department notifies the parent of the child's whereabouts unless there is a credible claim of abuse or neglect.

Reasons Supporting Proposal: DSHS has a responsibility to ensure the safety of the children it serves. Since the child has no blood relationship to the adult and the adult does not have court-ordered custody, DSHS must take additional steps to ensure that children are not put at risk when they live with an unrelated adult. DSHS also has a responsibility to notify parents of the child's whereabouts.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Pam Raymond, 1009 College Street, Lacey, WA 98503, (360) 413-3087.

Name of Proponent: Department of Social and Health Services, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule requires background checks for unrelated adults caring for minor children in *loco parentis* without court-ordered custody or guardianship in order to be eligible for financial and medical assistance for the child. The department also notifies parents of the whereabouts of the child unless there is a credible claim of abuse or neglect. These requirements will help ensure the safety and well being of children served by the department.

Proposal Changes the Following Existing Rules: Adults acting in *loco parentis* for unrelated minor children are now required to have background checks. It adds the requirement to notify parents when a child is living with someone other than a parent, regardless of relationship.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule does not impact small business.

RCW 34.05.328 does not apply to this rule adoption. These rules meet the definition of a "significant legislative rule" but DSHS is exempt from preparing a cost benefit analysis under RCW 34-05-328 [34.05.328] (5)(b)(vii).

Hearing Location: Blake Office Park (behind Goodyear Courtesy Tire), 4500 10th Avenue S.E., Rose Room, Lacey, WA 98503, on November 6, 2001, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Fred Swenson by November 1, 2001, phone (360) 664-6097, TTY (360) 664-6178, e-mail swensFH@dshs.wa.gov.

UG-010522 Attachment A

NEW SECTION

WAC 480-93-240 Annual pipeline safety fee methodology (1) Every gas company and every interstate gas pipeline company subject to inspection or enforcement by the commission will pay an annual pipeline safety fee as established in the methodology set forth in section (2) below.

(2) The fee will be set by general order of the commission entered before July 1 of each year and will be collected in four equal installments payable on the first day of each calendar quarter, beginning July 1, 2001.

(a) The total of pipeline safety fees will be calculated to recover the costs of the legislatively authorized workload represented by current appropriations, less the amount received in federal funds through the Federal Department of Transportation's Natural Gas Pipeline Safety Program base grant. Federal grants, other than the federal base grant, received by the commission for additional activities not included or anticipated in the legislatively directed workload will not be credited against company pipeline safety fees, nor will the work supported by such grants be considered a cost for purposes of calculating such fees.

(b) Total pipeline fees as determined in subsection (a) will be divided between gas companies and interstate gas pipeline companies based on two components:

(i) The first component is direct assignment of average costs associated with a company's standard inspections, including the average number of inspection days per year, which will be determined annually. Standard inspections are conducted to comply with the state's participation requirement under the "Guidelines for States Participating in the Pipeline Safety Program" of the Federal Department of Transportation, Office of Pipeline Safety.

(ii) The second component is an allocation of the remaining program costs that are not directly assigned in (i). Distribution of these costs between gas companies and interstate gas pipeline companies will be based on miles of transmis-

sion lines as defined in WAC 480-93-005(18) and miles of main as defined in WAC 480-93-005(12) operated within Washington state.

(c) The commission general order setting fees pursuant to this rule will detail the allocation of program costs between gas companies and interstate gas pipeline companies, and the specific calculation of each company's pipeline safety fee.

(3) By April 1 of each year every gas company and every interstate gas pipeline company subject to this section must file an annual report as prescribed by the Commission that is necessary to establish the annual pipeline safety fee. By June 1 of each year the commission staff will mail to each company subject to this section an annual invoice showing an estimate of the quarterly amounts.

(4) All funds received by the commission for the pipeline safety program will be deposited to the pipeline safety account. For those companies subject to RCW 80.24.010, the portion of the company's total regulatory fee applicable to pipeline safety will be transferred from the public service revolving fund to the pipeline safety account.

(5) Any company wishing to contest the amount of the fee imposed under this section must pay the fee and, within 6 months of the due date of the fee, file a petition in writing with the commission requesting a refund. The petition must state the name of the petitioner; the date and the amount paid, including a copy of any receipt, if available; the amount of the fee that is contested; and any reasons why the commission may not impose the fee. The commission may grant the petition administratively or may set the petition for adjudication or for brief adjudication.

Reviser's note: The unnecessary underscoring in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

(b) Total pipeline fees as determined in (a) will be divided between intrastate hazardous liquid pipeline compa-

nies and interstate hazardous liquid pipeline companies based on two basic components:

(i) The first component is direct assignment of average costs associated with a company's standard inspections, including the average number of inspection days per year which will be determined annually. Standard inspections are conducted to comply with the state's participation requirement under the "Guidelines for States Participating in the Pipeline Safety Program" of the Federal Department of Transportation, Office of Pipeline Safety.

(ii) The second component is an allocation of the remaining program costs that are not directly assigned in (i). Distribution of these costs between interstate and intrastate hazardous liquid pipeline companies will be based on miles of pipeline operated within Washington state.

(b) The commission general order setting fees pursuant to this rule will detail the allocation of program costs between interstate and intrastate hazardous liquid companies and the specific calculation of each company's pipeline fee.

(3) By April 1 of each year every hazardous liquids pipeline company subject to this section must file an annual report as prescribed by the commission that is necessary to establish the annual pipeline safety fee. WSR 01-20-063
PROPOSED RULES
DEPARTMENT OF
FINANCIAL INSTITUTIONS

[Filed September 28, 2001, 2:04 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 01-12-012.

Title of Rule: Regulations concerning securities involving mortgages, trust deeds or property sales contracts.

Purpose: Revisions to chapter 460-33A WAC to require mortgage broker-dealers to review investor suitability on an annual basis and in relation to the investor's other mortgage paper security holdings; require certain disclosures to investors in the sale of property acquired through foreclosure; raise the face amount of the surety bond required by WAC 460-33A-040 (1)(b); make technical corrections; articulate the fiduciary duty of mortgage broker-dealers; and to require disclosure of the tax assessed value of the property securing the loan.

Other Identifying Information: Chapter 460-33A WAC.
Statutory Authority for Adoption: RCW 21.20.450.

Statute Being Implemented: Chapter 21.20 RCW.

Summary: Proposed revisions to chapter 460-33A WAC will require mortgage broker-dealers review investor suitability on a periodic basis; require specific disclosure to investors in connection with sales of property acquired through foreclosure; raise the face amount of the required surety bond from the amount established in 1986 (\$50,000) to \$100,000; correct references to repealed provisions; articulate the fiduciary duty of mortgage broker-dealers to investors; and require disclosure of the tax assessed value of property securing loans.

Reasons Supporting Proposal: Revisions necessary to address complaints by investors concerning inadequate disclosure in the sale of property acquired through foreclosure, lack of documentation and periodic verification of investor suitability, deflated value of the face amount of required surety bond, correct references to repealed provisions, and provide enhanced disclosure of property value.

Name of Agency Personnel Responsible for Drafting: Faith L. Anderson, 210 11th Avenue S.W., Olympia, WA 98504, (360) 902-8760; Implementation: John L. Bley, 210 11th Avenue S.W., Olympia, WA 98504, (360) 902-8760; and Enforcement: Deborah R. Bortner, 210 11th Avenue S.W., Olympia, WA 98504, (360) 902-8760.

Name of Proponent: Department of Financial Institutions, Securities Division, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Chapter 460-33A WAC, the chapter would be amended to substitute the term "director" for "administrator" consistent with the Securities Act and other chapters in Title 460 WAC. In addition, where included, masculine pronouns would be accompanied by their feminine counterparts or replaced with neutral pronouns.

WAC 460-33A-0015 Definitions, this section would be revised to include a definition of "income-producing properties" as subsection (8). "Income-producing properties" is referred to in WAC 460-33A-035(7) but is not defined. Defining this term would help clarify what types of property are considered "income-producing properties."

WAC 460-33A-025 Contents of general offering circular, this section would be revised to require the general offering circular to include disclosure of the risks to investors of holding a high concentration of their investment portfolio in mortgage paper securities.

WAC 460-33A-031 Minimum investor suitability requirements, subsection (1) of this section would be revised to require the mortgage broker-dealer to consider the potential investor's other mortgage paper security holdings when evaluating the suitability of an investment in mortgage paper securities. This section would further be revised to include a provision as subsection (3) that would require the mortgage broker-dealer to document its determination that an investment in mortgage paper securities is appropriate for each investor in accordance with WAC 460-33A-115 (1)(f). This section would serve to ensure the mortgage broker-dealer evaluates the investor's complete portfolio and documents this determination so that the Securities Division can verify this determination when conducting examinations of the mortgage broker-dealer.

WAC 460-33A-035 Limitations on the use of optional registration of this chapter, this section would be revised to clarify that the limitations set forth in this section shall not be waived unless a specific notation is made on the registrant's permit waiving or modifying a particular provision of this section. This revision is necessary in order to clarify that discussions of possible waivers and modifications either orally or in writing are not granted unless the permit specifically indicates so. In addition, subsection (9) would be revised to prohibit offerings involving loans in which borrowers could be replaced or substituted without the consent of investors holding a majority percentage interest in the loan.

WAC 460-33A-037 Disclosure requirements in the sale of real estate owned property, this new section would require mortgage broker-dealers to provide specific disclosure when recommending the sale of real property by investors who acquired property through an investment in mortgage paper securities and the subsequent foreclosure on the loan in which they invested. This section will serve to ensure adequate disclosure is provided to investors in these circumstances and was drafted in response to several investor complaints the Securities Division received regarding the lack of or inadequacy of disclosure provided in these circumstances. Subsection (1) would require mortgage broker-dealers to provide this disclosure in writing. Subsection (2) would require the mortgage broker-dealer to obtain and include a current appraisal on the property in the disclosure document required by this section, with certain exceptions. The mortgage broker-dealer would not be required to provide this updated appraisal to investors if (a) the mortgage broker-dealer instead obtains a broker's opinion of value pursuant to WAC 460-33A-038; (b) in offering the mortgage paper securities to the current owners, the loan-to-value ratio was established by relying on the tax assessment valuation pursuant to WAC 460-33A-105(6); or (c) investors holding a majority percentage interest in the property consent to the waiver of this requirement. Subsection (3) would stipulate that regardless of whether an appraisal is required or furnished in connection with subsection (2), investors holding a majority percentage interest in the property may direct the mortgage broker-dealer to obtain a current appraisal. The costs associated with obtaining an appraisal shall be the responsibility of the investors unless the mortgage broker-dealer agrees to pay for the appraisal. Subsection (4) would set forth certain items that must be disclosed in the disclosure document required by this

section. Subsection (5) would require additional disclosure if the terms of the purchase and sale agreement include seller financing. Subsection (6) would require the disclosure document required by this section to be sent to investors holding an interest in the property subject to the purchase and sale agreement at least ten days prior to the closing date of the sale. This subsection would serve to ensure that all investors have an adequate period of time to evaluate the purchase and sale agreement before accepting.

WAC 460-33A-038 Real estate broker's opinion of value in the sale of real estate owned property, this new section will provide an alternative to the requirement for the mortgage broker-dealer to obtain a current appraisal in WAC 460-33A-037 when recommending the sale of real property by investors who acquired property through an investment in mortgage paper securities and the subsequent foreclosure on the loan in which they invested. This new section will allow the mortgage broker-dealer to instead obtain an opinion of value from a real estate broker. This section was specifically drafted to address concerns raised by our registered mortgage broker-dealers who felt the requirement to obtain an appraisal may be overly burdensome and desired an alternative to the requirement to obtain an appraisal. Subsection (1) of this section stipulates certain information that must be contained in the real estate broker's opinion of value. Subsection (2) would require the real estate broker's opinion of value be in writing and be signed by the real estate broker. This subsection also stipulates that the mortgage broker-dealer must maintain a copy of the opinion of value in accordance with WAC 460-33A-115 (1)(l). Subsection (3) would require the mortgage broker-dealer to obtain the written consent of any real estate broker having prepared an opinion of value pursuant to this section for its use in connection with an offering of mortgage paper securities. This subsection also stipulates that the mortgage broker-dealer must maintain a copy of the real estate broker's consent in accordance with WAC 460-33A-115 (1)(l).

WAC 460-33A-040 Net worth or bond requirement, this section would be revised to amend the face amount of the surety bond required in subsection (1) from \$50,000 to \$100,000. The current requirement was established in 1986 and the value of the face amount of the surety bond required by section has diminished substantially. The increased face amount of the surety bond is intended to ensure adequate funds would be available to investors in the event of failure of the mortgage broker-dealer.

WAC 460-33A-090 Dishonest and unethical practices—Mortgage broker-dealers, subsection (3) of this section would be revised to replace references to repealed chapters of the Washington Administrative Code with references to the appropriate chapters.

WAC 460-33A-095 Fiduciary duty—Mortgage broker-dealers, this new section articulates the fiduciary duty of mortgage broker-dealers to investors. This section would specifically require mortgage broker-dealers to resolve all conflicts arising in connection with the mortgage broker-dealer acting as an agent for both mortgage borrowers and purchasers of mortgage paper securities, in favor of the purchasers of mortgage paper securities.

WAC 460-33A-105 Appraisals, this section would be revised to include subsection (7) which would require the disclosure of the tax assessed value of the property securing a loan, as well as the loan to value ratio of the loan based on the tax assessed value of the property or the appraised value of the property, if an appraisal was obtained, in the specific offering circular. This subsection would ensure the mortgage broker-dealer discloses the loan to value ratio of the loan as well as the tax assessed value of the property.

WAC 460-33A-115 Books and records, subsection (1) of this section would be revised to require the mortgage broker-dealer to maintain documentation of its determination that an investment in mortgage paper securities is suitable for an individual investor. The revisions would also require the mortgage broker-dealer to verify investor suitability on an annual basis. Further, the revisions to this subsection would allow the mortgage broker-dealer to maintain this documentation in an alternative location to the loan files. These revisions will serve to ensure mortgage broker-dealers assess investor suitability at reasonable intervals and preserve documentation of their assessments for review by the Securities Division during examinations. Permitting the mortgage broker-dealer to maintain this documentation in an alternative location would address the filing problems arising from the increased number of investors participating in loans. This section would be further revised to require the mortgage broker-dealer to maintain copies of all real estate brokers' opinions of value obtained in accordance with WAC 460-33A-038 and their written consent to use their opinions of value in connection with an offering of mortgage paper securities.

Proposal Changes the Following Existing Rules: See Explanation of Rule above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Since the proposal imposes no more than minor costs on mortgage broker-dealers, a small business economic impact statement is not required pursuant to RCW 19.85.030(1). Furthermore, draft copies of the proposed revisions to chapter 460-33A WAC were circulated to all of the mortgage broker-dealers registered to sell mortgage paper securities pursuant to this chapter. Comments were received from three of these companies and, where appropriate, these comments were incorporated into the revised rule. Copies of the further revised revisions to the rule were circulated to those companies that submitted comments and no further comments were received.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The Department of Financial Institutions is not one of the agencies listed in section 201.

Hearing Location: Department of Financial Institutions, Securities Division, Executive Conference Room, 210 11th Avenue S.W., Suite 300, Olympia, WA 98504, on November 6, 2001, at 10:00 a.m.

(3) Offerings involving documents reserving the right to subordinate the position of any investor to any mortgage, trust deed or lien created at or after the sale.

(4) Offerings involving pooling or participations involving more than ten investors may not be sold under the optional registration of the rules of this chapter. However,

(7) Offerings in which the aggregate principal amount of the notes, bonds or obligations sold, together with the unpaid principal amount of any encumbrances upon the real property senior thereto, exceed the following percentages of the current market value (as determined by WAC 460-33A-105) of the real property:

(a) Single-family residences - eighty percent.

(d) Other real property - forty percent.

(8) Offerings involving real estate paper in which a default in any note, bond or obligation will not be a default in all notes, bonds or obligations concerning a specific loan.

(9) Offerings in which the following actions may be taken on behalf of the investors without the consent of investors holding a majority percentage of the unpaid dollar amount of notes, bonds, or obligations (~~cannot~~):

(a) Consenting to the sale or transfer by the borrower of the collateral securing the loan, or the substitution of a new borrower;

(b) Approving any modification to the loan which decreases the rate of interest payable to the investors;

(c) Deferring or forgiving the payment of any principal or interest;

(d) Making any agreements concerning the release, substitution, or exchange of any collateral, or any portion of the collateral, for the loan;

(e) Entering into any agreement to reduce the principal amount of the loan (except for actual payments of principal);

(f) Making any concession with respect to compliance with any material obligations imposed by the instruments evidencing or securing the loan; or

(g) Extending or renewing the loan.

(10) Loans in which investors are required to designate the servicing agent as their attorney-in-fact with respect to documents and instruments, other than those described below, which would otherwise require signing or other action by the investors:

(a) Escrow instructions concerning the closing and collection of the loan;

(b) Instruments necessary to substitute investors; and

(c) Partial or full satisfaction or release of the deed of trust or other security instrument pursuant to the provisions of the deed of trust or security agreement upon receipt of the appropriate payment.

(11) Offerings in which the investors holding a majority percentage of the unpaid dollar amount of any loan may not remove the servicing agent.

(12) A registrant requesting a modification under this section must request it in writing and must provide satisfactory evidence that the interest of the public will be adequately protected.

3. Establish fees for certain types of outdoor burning provided for in state regulations.

4. Expand the No Burn Area Boundary in Spokane County, to ban burning of yard waste where reasonable alternatives to burning exist.

Statutory Authority for Adoption: RCW 70.94.141, 70.94.380(2), 70.94.755, chapter 173-425 WAC.

Statute Being Implemented: RCW 70.94.141, 70.94.743, 70.94.755-70.94.780, chapter 173-425 WAC.

Summary: 1. The amended regulation reflects changes in state regulations.

2. The amended regulation allows the asbestos fees to be waived for Fire Protection Districts demolishing a building for Structural Fire Training exercises if an AHERA Building Inspector conducts a survey to determine the presence of asbestos containing material.

3. The new section added to the fee regulation establishes fees for some types of outdoor burning that require issuance of an outdoor burning permit.

4. The resolution defines the proposed expanded No Burn Area within Spokane County and bans residential yard and garden debris burning in areas where reasonable alternatives to burning are available.

Reasons Supporting Proposal: SCAPCA's Regulation I and No Burn Area boundary is being revised to meet the mandates in chapter 173-425 WAC, amended April 2000.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Crystal Alford, 1101 West College, Room 403, Spokane, WA 99201, (509) 477-4727.

Name of Proponent: Spokane County Air Pollution Control Authority, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: (1) The regulation is being amended to reflect recent changes in state outdoor burning regulations.

(2) The asbestos fee regulation is being amended to waive required asbestos project fees for Fire Protection Districts performing Structural Fire Training exercises, in accordance with RCW 52.12.150(6), if a certified AHERA Building Inspector performs the asbestos survey.

(3) The new section of the fee regulation establishes a fee program to recover costs associated with administering and enforcing a permit program as provided for in WAC 173-425-060(3).

(4) Burning yard and garden wastes would be further restricted, due to expansion of the No Burn Area boundary, due to the availability of nonburning disposal alternatives.

Proposal Changes the Following Existing Rules: 1. SCAPCA outdoor burning regulations will be at least as stringent as state outdoor burning regulations. In addition, SCAPCA regulations will define exceptions where outdoor burning will be allowed, and whether an outdoor burning permit will be required for the excepted type of burning.

2. Allows Fire Protection Districts to demolish a structure, as part of structural fire training activities, without paying asbestos project fees, if a certified AHERA Building Inspector performs the asbestos survey, prior to demolition.

3. Program costs are not currently recovered for administering and enforcing outdoor burning permit programs.

4. The No Burn Area will be expanded to restrict outdoor burning of yard and garden wastes in areas where reasonable alternatives to burning exist.

PROPOSED RULES TACOMA COMMUNITY COLLEGE

[Filed October 2, 2001, 9:39 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 99-16-107.

Title of Rule: Chapter 132V-120 WAC, Code of student rights and responsibilities.

Purpose: Revisions to existing policy.

BACKGROUND: Chapter 132V-120 WAC defines the rights and responsibilities of students enrolled at Tacoma Community College, establishes disciplinary procedures for student violations of those rights and responsibilities, and defines the grievance process for students who feel their rights have been violated.

Currently, students who allegedly violate the code of student rights and responsibilities, which could result in a suspension or expulsion, are taken through a hearing process before the Student Rights and Responsibilities Committee. The committee, consisting of faculty, administration, staff and student representation, hears the case and makes a recommendation to the college president. A student may appeal the recommendation to the president. The president's decision is final. The proposed change allows for an additional process, especially useful for cases where the situation is straightforward (i.e. all parties agree that a violation has occurred). In such situations, the hearing would be before the chief student services officer with all evidence and witnesses coming forth from both the college and the student who has allegedly violated the code. A decision would be made at the conclusion of the hearing. The student may appeal the decision to the Student Rights and Responsibilities Committee (same composition - faculty, administration, staff, student representation). The decision would become final after the appeal process. For cases that are not straightforward, the case is referred directly to the Student Rights and Responsibilities Committee. Appeals regarding procedural errors would be made to the chief student services officer or designee if there is concern about possible prior knowledge of the case at hand. The decision is final after the appeal process.

The above-described change is being proposed as a result of requests that decisions in some situations be made

PROPOSED

through a quicker process so that students can move forward with their plans. The proposed revision to the process has been reviewed by students, faculty, administration and staff who feel that the changes are positive, particularly for students involved in this type of situation. It allows for two options: A hearing before the chief student services officer which can be done relatively quickly with an appeal option before the Student Rights and Responsibilities Committee; or, in cases that are more involved, a hearing before the committee.

RECOMMENDATION: Modify chapter 132V-120 WAC, Code of student rights and responsibilities, to reflect changes described above.

Statutory Authority for Adoption: RCW 28B.50-140(13).

AMENDATORY SECTION (Amending WSR 93-20-029, filed 9/27/93, effective 10/28/93)

WAC 132V-120-290 Grievance procedures. Internal review and consultative processes have proven to be a desirable means of resolving problems. If a student believes he or she has been unfairly treated by a faculty member, member of

the college staff, or administrator, the student is encouraged to resolve the complaint with the individual toward whom the grievance is directed. The student shall take this action within five instructional days. If the complaint is not resolved, the student is encouraged to seek informal resolution through the appropriate division manager. The student may choose to lodge a formal grievance according to the following procedures:

Step 1: The student may, within ten instructional days following the incident, present his/her complaint in writing to the appropriate division manager. The student shall present a written, signed statement of the nature of the grievance, a summary of actions taken by the student to resolve the grievance up to that point, and any proposed solution to the problem the grievant may wish to offer.

Step 2: Within ten instructional days of receiving the grievance, the appropriate division manager shall hold a meeting to hear the complaint. It shall be at the discretion of the division manager to determine whether he/she will meet with the grievant and the person to whom the complaint has been directed separately or in a joint meeting.

At this step and all subsequent steps in the grievance procedure, the grievant may elect to be represented by an attorney in preparing and presenting the grievance. The grievant shall notify the appropriate division manager at least five instructional days in advance of such action. In such cases, the college may choose to be assisted by an assistant attorney general.

Following the meeting or meetings, and within ten instructional days, the division manager will report his/her findings and the actions, where appropriate, to be implemented to resolve the grievance in writing to the grievant and the person to whom the complaint is directed.

Step 3: If the grievance is not satisfactorily resolved in Step 2, either the grievant or the person to whom the complaint is directed has the right to request a hearing conducted by the appropriate vice-president/dean.

The vice-president/dean will convene a hearing committee no later than ten instructional days from the time of the request. The committee will be chosen and appointed no later than October 15 of each year. The committee shall consist of the following membership: Three student representatives, chosen by the senate of the associated students; two faculty or staff representatives (dependent upon the nature of the grievance), appointed by the vice-president/dean; two administrators, appointed by the president.

Such an appeal shall clearly and specifically set forth the reasons upon which the appeal is based.

Within five instructional days of receiving the appeal request, the college president will review the record of the hearing and the appeal and will provide his/her final decision in writing to both the grievant and the person to whom the complaint is directed. PROPOSED RULES

TACOMA COMMUNITY COLLEGE

[Filed October 2, 2001, 9:41 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 99-16-108.

Title of Rule: Chapter 132V-300 WAC, Grievance procedure—Sexual harassment, sex discrimination and disability discrimination.

Purpose: Revisions to existing policy.

BACKGROUND: Chapter 132V-300 WAC establishes the college's policy and grievance procedure for sexual harassment, sex discrimination and disability discrimination.

The proposed revisions would provide the option of a more informal process to occur when handling a complaint. The current process is very formal and requires a hearing with witnesses and parties being taped through an interview process. It is very invasive and is not sensitive to all individuals involved. This revision would provide an option that would be more responsive to the sensitive nature of these cases. By providing an opportunity to resolve the situation informally, students who have filed the complaint can have greater involvement in how the situation gets resolved. This would maintain a formal process but also give students the option of handling it informally should that be determined as more desirable.

The proposed changes eliminates the process of appealing the findings of the college officer to the president and instead gives the option of appealing procedural concerns to the Student Rights and Responsibilities Hearing Committee.

The proposed revisions will also modify the rule so that it is applicable to students and prospective students of the college only. Grievance procedures for employees have been developed by human resources.

RECOMMENDATION: Modify chapter 132V-300 WAC, Grievance procedure—Sexual harassment, sex discrimination and disability discrimination, to reflect changes described above which would:

- Provide the option of a more informal process to occur when handling a complaint.
- Eliminate the process of appealing the findings of the college officer to the President and instead give the option of appealing procedural concerns to the Student Rights and Responsibilities Hearing Committee.
- Modify the rule so that it is applicable to students and prospective students of the college only.

AMENDATORY SECTION (Amending 93-20-028, filed 9/27/93, effective 10/28/93)

WAC 132V-300-010 Statement of policy. Tacoma Community College is covered by Title IX of the Education Amendments of 1972 prohibiting sex discrimination in education and Section 504 of the Rehabilitation Act of 1973 prohibiting discrimination on the basis of a documented disability. The college is committed to protecting the rights and dig-

nity of each individual in the campus community and so will not tolerate discrimination of any kind, at any level.

~~((Further,))~~ It is the policy of Tacoma Community College to provide an environment in which ~~((employees can work))~~ students and applicants for admission can attend the college free from sexual harassment or sexual intimidation and discrimination on the basis of a documented disability. ~~((Sexual harassment is a form of sex discrimination. As such it is a violation of Title VII of the 1964 Civil Rights Act and Title IX of the 1972 Education Amendments.))~~ Persons found to have engaged in discriminatory acts will be subject to corrective action up to and including termination, suspension or expulsion from the college pursuant to appropriate procedures depending on their status as an employee or a student.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

(1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's ~~((employment or))~~ academic standing; or

(2) Submission to or rejection of such conduct by an individual is used as the basis for ~~((employment or))~~ academic decision affecting such individual; or

(3) Such conduct has the purpose or effect of unreasonably interfering with an individual's ~~((work or))~~ academic performance or creating an intimidating, hostile, or offensive ~~((working or))~~ educational environment.

As an institution of higher education, Tacoma Community College shall ensure that students with documented disabilities are reasonably accommodated with appropriate core services and services necessary to ensure equal success. Such accommodating will be provided in a timely manner.

AMENDATORY SECTION (Amending 93-03-078, filed 1/19/93, effective 2/19/93)

WAC 132V-300-020 Jurisdiction. This chapter shall serve as a Title IX/Section 504 grievance procedure for all ~~((employees of Tacoma Community College including classified staff, faculty, and administrators, applicants for employment, and))~~ enrolled students of and applicants for admission to Tacoma Community College.

AMENDATORY SECTION (Amending WSR 93-20-028, filed 9/27/93, effective 10/28/93)

WAC 132V-300-030 Grievance procedure. Internal review and consultative processes have proven to be a desirable means of resolving problems. Any ~~((employee, applicant for employment,))~~ enrolled student~~(,))~~ or applicant for admission to Tacoma Community College who believes he/she has been discriminated against on the basis of sex or on the basis of a disability is encouraged to resolve the complaint with the individual believed to have committed the discriminatory act. ~~((If the complaint is not resolved, the individual may lodge a formal institutional grievance according to the following procedures))~~ The dean for student services or designee is available to assist in resolving the complaint. At any point in the grievance process where resolution is obtained the process will be stopped. The process could also be stopped if the complainant makes such a request. Flexibil-

ity in the grievance process is important due to the sensitivity of the issues and the individuality of each situation. The following steps are guidelines useful in proceeding with the grievance process:

~~((a))~~ (1) Step 1: ~~((Official hearing.))~~ Filing the complaint with the college official.

~~((i))~~ (a) Sexual discrimination/harassment complaints shall be lodged with the Title IX officer ~~((or the affirmative action officer)).~~ Disability discrimination complaints shall be lodged with the 504 officer ~~((or the affirmative action officer. The complainant shall request a meeting with the designated college officer as the first step in the grievance process)).~~

~~((ii))~~ ~~To request an official hearing,))~~ (b) The complainant shall file a written complaint with the designated college officer describing the specific grievance(s), including dates, times, places, circumstances, and any witnesses. A copy of the written complaint will be provided to the person to whom the grievance is directed, referred to as the respondent.

~~((iii))~~ (2) Step 2: Within ten instructional days of receiving the written ~~((request))~~ complaint, the designated college officer shall arrange a meeting to hear the complaint and initiate an investigation if warranted. It shall be at the discretion of the ~~((complainant))~~ college official to determine whether the officer will meet with the complainant and the ~~((person to whom the complaint has been directed))~~ respondent separately or in a single meeting. ~~((If the complainant requests a single meeting, unless otherwise mutually agreed by the parties, attendance shall be limited to the complainant, the person to whom the complaint is directed, and the college officer, who shall chair the meeting. Either the complainant or the person to whom the complaint is directed may call witnesses at the discretion of the person presiding.))~~ Throughout the investigation, the college official may call witnesses, including those persons identified by the complainant and by the respondent, as well as any other persons who may have information relevant to the investigation.

At this step and all subsequent steps in the grievance procedure, the complainant may elect to be ~~((represented))~~ advised by an attorney or other advocate in preparing and presenting the grievance. The respondent may choose to be represented by his/her union if a member of a recognized union with the college or may be advised by an attorney in preparing and responding to the grievance. The complainant or respondent shall notify the appropriate college officer at least five instructional days in advance ~~((of such action))~~ if he/she is being advised by an attorney. In ~~((such))~~ any case(s), the college may choose to be assisted by an assistant attorney general.

~~((iv))~~ (3) Step 3: Following the ~~((hearing))~~ investigation and within thirty calendar days of receiving the written request, the college officer will report his/her findings, conclusions and any actions taken by the college to resolve the complaint in writing to both the complainant and the ~~((person to whom the complaint has been directed))~~ respondent. This decision is final ~~((absent appeal to the college president)).~~ The complainant or student respondent may, however, appeal concerns to the student rights and responsibilities hearing committee.

~~((v))~~ The affirmative action officer and Title IX officer are to be informed of any sex discrimination/harassment

complaint or 504 complaint lodged, as well as the resolutions of such complaints:

(b) ~~Step 2: Presidential appeal.~~

~~(i) Either the complainant or the person to whom the complaint is directed has a right to present a statement to the college president appealing the findings of the designated college officer.~~

~~(ii) The request must be made in writing within ten days of written notification of the results of the official hearing.~~

~~(iii) Within ten instructional days of receiving the appeal request, the college president or the president's designee will review the record of the hearing and the appeal and report the findings in writing to both the complainant and the person to whom the complaint is directed.~~

~~(iv) The written findings of the presidential appeal will be considered final. No further intra-institutional appeal exists.~~

~~(v) If the findings indicate that the person against whom the complaint is lodged engaged in sexual harassment or other discriminatory acts, disciplinary proceedings may be commenced against the person pursuant to appropriate procedures, depending on whether the person is a student, a member of classified staff, administrative exempt, or faculty.~~

~~If desired, inquiries or appeals beyond the institutional level may be directed to:~~

~~(a) United States Department of Education, Office of Civil Rights, 1915 2nd Avenue, Room 3310, Seattle, Washington 98174-1099.~~

~~(b) United States Equal Opportunity Commission, 2815 2nd Avenue, Suite 500, Seattle, Washington 98121.~~

~~(c) The Washington State Human Rights Commission, 711 South Capitol Way, Suite 402, PO Box 42490, FJ-41, Olympia, Washington 98504-2490.~~

~~(d) City of Tacoma, Human Rights Department, 747 Market Street, Room 808, Tacoma, Washington 98402.))~~

NEW SECTION

(2) Step 2: Within ten calendar days of receiving the appeal request, the student rights and responsibilities hearing committee will review the investigation process and report in writing a recommendation to the college official with a copy to both the complainant and the respondent.

(3) Step 3: Within ten calendar days the college official shall review the recommendation of the student rights and responsibilities hearing committee and make a final determination whether to uphold or reopen the investigation. The decision of the college officer shall be final.

PROPOSED RULES

TACOMA COMMUNITY COLLEGE

[Filed October 2, 2001, 9:42 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 99-16-109.

Title of Rule: Chapter 132V-400 WAC, Loss of eligibility—Student athletic participation.

Purpose: Revisions to existing policy.

BACKGROUND: Chapter 132V-400 WAC establishes grounds for ineligibility of students to participate in intercollegiate sports based on misuse of prescription, or "legend" drugs. It also sets forth the process for ineligibility proceedings and final decision-making authority.

The current WAC provides for the college president to designate a presiding officer for the ineligibility proceedings. It also designates that the president will hear any appeal by the student of the decision by the presiding officer and will be the final decision of the college in the matter.

The proposed changes to the WAC will provide for the chief student services officer to designate a presiding officer over the ineligibility proceedings and will designate the chief student services officer to hear any appeal by the student of the decision by the presiding officer and to be the final decision of the college in the matter.

The proposed changes will also set a timeline of "within ten calendar days" of receiving a request for ineligibility proceedings for the presiding officer to conduct the ineligibility hearing.

AMENDATORY SECTION (Amending WSR 98-08-054, filed 3/27/98, effective 4/27/98)

~~WAC 292-110-010 Use of state resources. ((1)-State officers and state employees are obligated to conserve and protect state resources for the benefit of the public interest, rather than their private interests. When use of state resources supports organizational effectiveness, is reasonable and of negligible cost, and does not violate an ethics law or this rule, such use would not undermine public trust and confidence. Responsibility and accountability for the appropriate use of state resources ultimately rests with the individual state officer and state employee, or with the state officer or state employee who authorizes such use.~~

~~(2) State officers or state employees may not use state resources including any person, money, or property under the officer's or employee's official control or direction or in his or her custody for private benefit or gain of the officer or employee or any other person. This prohibition does not apply to the use of public resources to benefit another person as part of the officer's or employee's official duties.~~

~~(3) Notwithstanding the prohibition in subsection (2) of this section, a state officer or employee may make occasional but limited use of state resources only if:~~

~~(a) There is no cost to the state; and~~

PROPOSED

(b) The use of state resources does not interfere with the performance of the officer's or employee's official duties;

(c) The use is brief in duration and does not disrupt or distract from the conduct of state business due to volume or frequency; and

(d) The use does not compromise the security or integrity of state information or software;

(e) An agency may authorize a use that promotes organizational effectiveness or enhances the job-related skills of a state officer or state employee.

Example 1: An employee makes a local telephone call or sends an e-mail communication to his home to make sure his children have arrived home safely from school. This is not an ethical violation. There is no cost to the state, and because either the call or the e-mail is brief in duration, it does not interfere with the performance of official duties.

Example 2: An employee uses her agency computer to send electronic mail to another employee regarding the agenda for an agency meeting that both will attend. She also wishes the other employee a happy birthday. This is not an ethical violation. The personal message is due minimis and improves organizational effectiveness by allowing informal communication among employees.

Example 3: Every spring a group of employees meets during lunch to organize an agency softball team. The meeting is held in a conference room that is not needed for agency business during the lunch hour. This is not an ethical violation. There is no cost to the state and the meeting does not interfere with the performance of official duties because it is during a lunch hour.

Example 4: An agency determines that an evening class will enhance the job skills of an employee, and allows the employee to use her office computer to do homework. The employee prints her homework using the office printer and her own paper. This is not an ethical violation. The use of the office computer and printer will result in some cost to the state, but the cost is negligible and the employee is using her own paper. Because the class will enhance the employee's job skills, the effectiveness of the organization is improved. Since the activity takes place after working hours, it will not interfere with the performance of the employee's official duties.

(4) Occasional and limited use of state resources does not include the following private uses of state resources:

(a) Any use for the purpose of conducting an outside business;

(b) A use for the purpose of supporting, promoting, or soliciting for an outside organization or group unless provided for by law or authorized by an agency head or designee;

(c) Any campaign or political use;

(d) Commercial uses such as advertising or selling; or

(e) An illegal activity.

Example 5: An employee operates an outside business. Everyday she makes or receives five to ten business calls on her state telephone. All of the calls are local calls. This is an ethical violation. The employee is conducting a private business on state time, which is a cost to the state.

Example 6: After working hours, an employee uses the office computer and printer to prepare client billings for a private business using his own paper. This is an ethical violation. Although use of the office computer and printer may result in a negligible cost to the state, conducting a private business is an inappropriate use of state resources.

Example 7: An employee is active in a local PTA organization that holds fund-raising events to send children to the nation's capital. Although a parental contribution is expected, the more a parent raises, the less his or her contribution. An employee uses agency e-mail to solicit contributions for her child. This is an ethical violation. The employee is using state resources to further a private interest and to promote an outside organization.

(5) Use of state resources pursuant to subsections (3) and (4) of this section is subject to the following qualifications and limitations:

(a) A state officer or employee may not use state resources for the purpose of assisting a campaign for election of a person to an office or for the promotion of or opposition to a ballot proposition. Such a use of state resources is not authorized by this rule and is specifically prohibited by RCW 42.52.180, subject to the exceptions in RCW 42.52.180(2).

(b) A state officer or employee may not make private use of any state property which has been removed from state facilities or other official duty stations, even if there is no cost to the state.

(c) A state officer or employee may not make private use of any state property which is consumable such as paper, envelopes or spare parts, even if the actual cost to the state is due minimis.

(d) A state officer or employee may use computers and electronic mail provided such use conforms to ethical standards under section three of this rule, and the prohibitions contained in section four.

(e) A state officer or employee may not make private use of state computers or other equipment to access computer networks or other data bases including, but not limited to, electronic mail and electronic bulletin boards for personal use unrelated to an official business purpose.

Example 8: Agency equipment includes a video tape player. One night an employee takes the machine home to watch videos of her family vacation. This is an ethical violation. Although there is no cost to the state an employee may not make private use of state equipment removed from state facilities or other official duty station.

Example 9: An employee is assigned to do temporary work in another city away from his or her usual duty station. To perform official duties the

employee takes an agency laptop computer. While away, the employee uses the computer to do tax work for a private client. This is an ethical violation. Although it is permissible for an employee to use the laptop at a temporary duty station, it is not permissible for the employee to perform work related to his or her outside business on the laptop.

Example 10: An employee routinely uses the Internet to manage her personal investment portfolio and communicate information to her broker. This is an ethical violation. Use of the Internet is limited to official state business, and there is a cost to the state for the employee's time while he or she conducts personal business.

(6) In general, a state officer or employee may not make private use of state resources and then reimburse the agency so there is no actual cost to the state. However, the board recognizes that in some limited situations, such as officers or employees working at remote locations, a system of reimbursement may be appropriate. Any system of reimbursement must be established by the agency in advance and must result in no cost to the state. To be valid under this rule a reimbursement system must be approved by the board.

(7) Electronic mail, facsimile transmissions, and voice mail are technologies that may create an electronic record. This is what separates these from other forms of communication such as a telephone conversation. An electronic record is reproducible and is therefore not private. Such records may be subject to disclosure under the public disclosure law, or may be disclosed for audit or legitimate state operational or management purposes.

(8) State agencies are encouraged to adopt policies applying these principles to their unique circumstances. Nothing in this rule is intended to limit the ability of an agency to adopt policies that are more restrictive. However, violation of a more restrictive agency policy by itself will not constitute a violation of RCW 42.52.160, it would constitute a violation of agency policy.) (1) **Stewardship.** The proper stewardship of state resources, including funds, facilities, tools, property, and employees and their time, is a responsibility that all state officers and employees share as trustees for the people of the state. Accordingly, state employees may not use state resources for personal benefit or gain or for the benefit or gain of other individuals or outside organizations. Personal benefit or gain may include a use solely for personal convenience, or a use to avoid personal expense. Responsibility and accountability for the appropriate use of state resources ultimately rests with the individual state officer and state employee, or with the state officer or state employee who authorizes such use.

(2) **Permitted uses.** Use of state resources that are reasonably related to the conduct of official state duties does not violate RCW 42.52.160. In addition, an agency head or designee may authorize a use of state resources that is related to an official state purpose but not directly related to an employee's official duty, for example, conducting an agency combined fund campaign. Such uses shall be specifically authorized in writing and any use shall strictly conform to specific agency guidance.

(3) **Permitted uses - under limited circumstances.** Extensive or repeated personal misuse of state resources, including state time, significantly undermines public trust in state government. Nevertheless, a very limited personal use of state resources that accommodates an urgent personal necessity or supports organizational effectiveness would not undermine public trust and confidence. Employees and officials are cautioned that their own personal use of state resources should never interfere with another state official or employee, or obligate another employee to make a personal use of state resources. In addition, state employees have an affirmative duty to ensure that any personal use of state resources is the most efficient in terms of time and resources. Notwithstanding the prohibition in RCW 42.52.160(1), but subject to subsection (6) of this section, a state officer or employee may make an occasional but limited use of state resources only if each of the following conditions are met:

- (a) There is little or no cost to the state;
- (b) Any use is brief in duration, occurs infrequently, and is the most effective use of time or resources;
- (c) The use is not solely related to personal convenience or avoiding a personal expense;
- (d) The use does not interfere with the performance of the officer's or employee's official duties;
- (e) The use does not disrupt or distract from the conduct of state business due to volume or frequency;
- (f) The use does not disrupt other state employees and does not obligate them to make a personal use of state resources;
- (g) The use does not compromise the security or integrity of state property, information, or software; and
- (h) An agency may authorize a specific use that promotes organizational effectiveness or enhances the job-related skills of a state officer or state employee.

(4) **Permitted use of computers and electronic mail.** A state officer or employee may use state computers and electronic mail provided such use conforms to ethical standards under subsection (3) of this section, and the use is not otherwise prohibited under subsection (6) of this section.

(5) **No expectation of privacy.** Electronic mail, facsimile transmissions, and voice mail are technologies that may create an electronic record. This is what separates these from other forms of communication such as a telephone conversation. An electronic record is reproducible and is therefore not private. Such records may be subject to disclosure under the public disclosure law, or may be disclosed for audit or legitimate state operational or management purposes.

(6) **Prohibited uses.** The state Constitution, state and federal laws, and the Ethics in Public Service Act strictly prohibit certain private activity and certain uses of state resources. Any use of state resources to support such activity clearly undermines public confidence in state government and reflects negatively on state employees generally. This rule explicitly prohibits at all times the following private uses of state resources.

- (a) Any use for the purpose of conducting an outside business or private employment;
- (b) Any use for the purpose of supporting, promoting the interests of, or soliciting for an outside organization or group, including, but not limited to: A private business, a nonprofit

organization, or a political party (unless provided for by law and authorized by an agency head or designee);

(c) Any use for the purpose of assisting a campaign for election of a person to an office or for the promotion of or opposition to a ballot proposition. Such a use of state resources is specifically prohibited by RCW 42.52.180, subject to the exceptions in RCW 42.52.180(2);

(d) Any use for the purpose of participating in or assisting in an effort to lobby the state legislature, or a state agency head. Such a use of state resources is specifically prohibited by RCW 42.17.190, subject to the exceptions in RCW 42.17.190(3);

(e) Any use related to conduct that is prohibited by a federal or state law or rule, or a state agency policy;

(f) Any private use of any state property that has been removed from state facilities or other official duty stations, even if there is no cost to the state;

(g) Any private use of state computers or other equipment to access computer networks or other data bases (e.g., the Internet) including, but not limited to, using a state provided Internet connection to access electronic mail servers, electronic bulletin boards, Internet radio stations, or Internet video servers, for a personal use unrelated to an official business purpose.

(7) Reimbursement for personal use. Establishing a system for reimbursement for private or personal use of state resources undermines the purpose of the Ethics in Public Service Act and imposes significant administrative burdens on state agencies. However, the board recognizes that in some limited situations, such as officers or employees working at remote locations, a system of reimbursement may be appropriate. Any system of reimbursement must be established by the agency in advance and must result in no cost to the state, including administrative costs. To be valid under this rule the board must approve any reimbursement system implemented by an agency.

(8) Agency policies encouraged. State agencies are encouraged to adopt policies applying these principles to their unique circumstances. Nothing in this rule is intended to limit the ability of an agency to adopt policies that are more restrictive. However, violation of a more restrictive agency policy by itself will not constitute a violation of RCW 42.52.160, it would constitute a violation of agency policy.

(9) Frequently asked questions and examples. The board maintains a list of frequently asked questions and examples that provide additional guidance regarding this rule. State officers and employees are encouraged to review this document at the board's website www.wa.gov/ethics or to request a copy of the document through the board's office.

WSR 01-20-089
PROPOSED RULES
HEALTH CARE AUTHORITY
(Basic Health Plan)

[Order 00-01—Filed October 2, 2001, 4:22 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 00-10-101.

Title of Rule: Basic health appeals.

Purpose: The agency is proposing to amend its rules dealing with member appeals in order to streamline the process and incorporate changes prompted by passage of 2SSB 6199, Patients' bill of rights.

Statutory Authority for Adoption: RCW 70.47.050.

Summary: These draft rules will eliminate basic health review of carrier appeal decisions. However, basic health will continue to provide assistance to enrollees and monitor contract compliance. The revised rules for appeals of basic health decisions allow enrollees an opportunity to explain earlier in the process (first level) rather than at the second level appeal.

Reasons Supporting Proposal: 2SSB 6199 required carriers to provide a review of their appeal decisions by an independent review organization (IRO). Since basic health will not be able to overturn an IRO decision, basic health review of that decision would be ineffective. Allowing enrollees to explain their view at the first level for appeals of basic health decisions is expected to resolve appeals more effectively, thereby reducing the number of enrollees who find it necessary to request a review of the first appeal decision.

Name of Agency Personnel Responsible for Drafting: Rosanne Reynolds, Lacey, Washington, (360) 923-2948; Implementation and Enforcement: Becky Loomis, Lacey, Washington, (360) 923-2996.

Name of Proponent: Washington State Health Care Authority, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: 2SSB 6199 required carriers to provide a review of their appeal decisions by an independent review organization (IRO). This makes basic health review of that decision redundant, since that is the service it was intended to provide. In addition, basic health would not have the authority to reverse an IRO decision. These draft rules will eliminate basic health review of carrier appeal decisions. However, basic health will continue to provide assistance to enrollees and monitor contract compliance. The revised rules also allow enrollees who are appealing a basic health decision an opportunity to explain earlier in the process rather than at the second level appeal. By allowing enrollees to explain their view at the first level, the appeal can be resolved more effectively at that level, with the intent of reducing the number of enrollees who find it necessary to appeal the first decision.

Proposal Changes the Following Existing Rules: Allows an opportunity for enrollees appealing a basic health decision to explain their view of an appeal at the first level. Enrollees may request a review of the initial decision, but the review decision is based on the record and on any additional docu-

mentation submitted and does not require offering the enrollee an in-person or telephone hearing.

Eliminates basic health review of a carrier's appeal decision. Basic health will still be actively involved in resolving complaints against carriers and monitoring contract compliance, but would not render an appeal decision on a carrier appeal.

Requires signed authorization for anyone other than the enrollee or subscriber on the account to act on behalf of an enrollee in appealing a decision.

Specifies priority handling for appeals regarding loss of coverage for an enrollee with an urgent medical need.

Specifies carriers must comply with requirements of chapter 48.43 RCW and chapter 284-43 WAC.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Not required. There will be little, if any, cost to small businesses.

RCW 34.05.328 does not apply to this rule adoption. RCW 34.05.328 does not apply to Health Care Authority rules unless requested by the Joint Administrative Rules Review Committee or applied voluntarily.

Hearing Location: Health Care Authority, 676 Woodland Square Loop S.E., Building A, Third Floor Conference Room, Lacey, WA, On November 7, 2001, at 1:30 p.m.

Assistance for Persons with Disabilities: Contact Nikki Johnson by October 30, 2001, TDD (888) 923-5622, or (360) 923-2805.

Statute Being Implemented: RCW 74.08.090, 74.04.050.

Summary: The rules describe MAA's therapeutic consultation service (TCS) that provides a process to manage drug therapies for a medical assistance client whose utilization of brand name prescription drugs exceeds an established monthly limit, or whose drug claim is for a nonpreferred drug within therapeutic classes. The rules also clarify terms used in the TCS process by providing definitions.

Reasons Supporting Proposal: It will encourage less costly alternatives to expensive medications, while continuing to make client quality of care the highest priority.

NEW SECTION

WAC 388-530-1260 Therapeutic consultation service. (1) The medical assistance administration (MAA) provides a therapeutic consultation service (TCS) to aid appropriate utilization of prescription drugs, improve quality of care and health care outcomes for medical assistance clients, and promote cost effectiveness.

(2) A TCS occurs when a drug claim:

(a) Exceeds the four brand name prescriptions per calendar month limit; or

(b) Is for a nonpreferred drug within selected therapeutic classes.

(3) Through TCS, MAA:

(a) Provides a complete drug profile review for each client whose claims exceed four brand name prescriptions in a calendar month. MAA excludes the following from the four brand name prescriptions per calendar month limit:

(i) Generic drugs; and

(ii) The following drugs:

(A) Antidepressants;

(B) Antipsychotics;

(C) Chemotherapy;

(D) Contraceptives;

(E) HIV;

(F) Immunosuppressants; and

(G) Hypoglycemia rescue agents.

(b) Publishes a list of preferred drugs within selected therapeutic classes. MAA chooses a drug or drugs from a selected therapeutic class for placement on the preferred list when:

(i) The drugs in the class are essentially equal in terms of safety and efficacy; and

(ii) The selected drug or drugs may be the least costly in the therapeutic class.

(4) When a pharmacy provider submits a claim that exceeds TCS limitations for a client, MAA notifies the pharmacy provider that a TCS is required.

(5) The TCS process includes all of the following:

(a) Pharmacy provider requirements:

(i) The pharmacy provider notifies the prescriber that the prescriber or prescriber designee must call the TCS toll-free telephone number to begin a TCS; and

(ii) If the TCS cannot take place due to the prescriber's or prescriber designee's unavailability, the pharmacy provider has the option to dispense an emergency supply of the requested drug only when:

(A) Given in an emergency;

(B) MAA receives ((adequate)) justification within seventy-two hours of the fill date, excluding weekends and Washington state holidays; and

(C) MAA agrees with the justification and approves the request.

(b) Prescriber requirements:

(i) When the pharmacy provider contacts the client's prescriber as described in subsection (5)(a)(i) of this section, the

prescriber or prescriber designee contacts the MAA designee to begin a TCS;

(ii) After the prescriber or prescriber designee and the MAA-designated clinical pharmacist review the client's drug profile and discuss clinically sound options and cost effective alternative drug(s), the prescriber does one of the following:

(A) Changes the prescription to an alternate drug or preferred drug and contacts the client's pharmacy with the new prescription;

(B) Provides the MAA designee with adequate medical justification for the requested drug and the MAA designee authorizes the drug under the provisions of medical necessity as defined in WAC 388-500-0005; or

(C) Does not agree to prescribe an alternate drug or preferred drug and does not provide adequate medical justification for the requested drug, then:

(I) The MAA designee authorizes only a one-month supply of the requested drug with no refills and sends the initiating prescriber a copy of the client's drug profile and a therapy authorization turnaround form;

(II) The prescriber signs the therapy authorization turnaround form and returns it to the MAA designee; and

(A) Prescriber;

(B) Pharmacy provider; and

(C) MAA for notification to the client.

(iii) Contacts other prescribers identified during the TCS when opportunities to further improve the client's healthcare outcome are discovered.

(6) A client who does not agree with a TCS decision has a right to a fair hearing under chapter 388-02 WAC. After receiving a request for a fair hearing, MAA may request additional information from the client, the prescriber, or the pharmacy provider. After MAA reviews the available information, the result may be:

(a) A reversal of the initial department decision;

(b) Resolution of the client's issue(s); or

(c) A fair hearing conducted per chapter 388-02 WAC.

Reviser's note: The unnecessary strike-through in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

WSR 01-20-110
PROPOSED RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Medical Assistance Administration)
[Filed October 3, 2001, 11:29 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 00-22-083.

Title of Rule: New chapter 388-535A WAC, Orthodontic services and repealing WAC 388-535-1250 Orthodontic coverage for DSHS children.

Purpose: The department originally intended to amend WAC 388-535-1250 Orthodontic coverage for DSHS children in order to clarify and update policy. As amendments to this section were being developed, the department decided to establish a separate chapter for this program so the distinction between the dental program and the orthodontic program will be clear.

Statutory Authority for Adoption: RCW 74.08.090, 74.09.035, 74.09.520, 74.09.500, 42 U.S.C. 1396d(a), C.F.R. 440.100 and 225.

Statute Being Implemented: RCW 74.09.500, 74.09.520, 74.09.415.

Summary: The new chapter clarifies department policy regarding orthodontic services for eligible children. It clearly states who is eligible to receive services, who may provide these services, what services are covered and not covered, and reimbursement policy. While the new chapter makes no significant changes to current department policy, when MAA reviews requests for orthodontic services, the review includes a determination of medical necessity rather than dental necessity. This requirement is common to MAA, and reflects current policy.

Reasons Supporting Proposal: See Purpose above.

Name of Agency Personnel Responsible for Drafting: Ann Myers, P.O. Box 45533, Olympia, WA 98504-5533, (360) 725-1345; Implementation and Enforcement: Sharon Morrison, P.O. Box 45506, Olympia, WA 98504-5531, (360) 725-1671.

Name of Proponent: Department of Social and Health Services, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule clarifies department policy regarding orthodontic services for eligible children.

The purpose is to clearly state current policy for the benefit of providers and clients.

The anticipated effect is to reduce confusion and misunderstanding about this program's policy.

Proposal Changes the Following Existing Rules: WAC 388-535-1250 is proposed for repeal. Proposed chapter 388-535A WAC replaces the repealed rule.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The department analyzed the proposed rules and concluded that the rules will have no more than a minor impact on the small businesses affected by them.

RCW 34.05.328 applies to this rule adoption. The department has analyzed the proposed rules and determined that they meet the definition of a "significant legislative rule." An analysis of the probable costs and probable benefits is available from the person listed above.

Hearing Location: Blake Office Park (behind Goodyear Courtesy Tire), 4500 10th Avenue S.E., Rose Room, Lacey, WA 98503, on November 6, 2001, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Department of Social and Health Services, Rules Coordinator, by November 1, 2001, phone (360) 664-6097, TTY (360) 664-6178, e-mail swensfh@dshs.wa.gov.

(iii) Severe traumatic malocclusion (e.g., loss of a premaxilla segment by burns or by accident, the result of osteomyelitis, or other gross pathology);

(iv) Overjet greater than 9mm with incompetent lips or reverse overjet greater than 3.5mm with reported masticatory and speech difficulties; or

(v) Conditions on the Washington Modified Handicapping Labiolingual Deviation (HLD) Index Score that result in a score of twenty-five or higher.

(2) MAA may cover medically necessary orthodontic treatment for dental malocclusions, other than those listed in subsection (1) of this section, that result in severe dental functional impairment. MAA covers these cases:

(a) On a case-by-case basis;

(b) Based on medical necessity; and

(c) Based on a score of twenty-five or higher on the Washington Modified Handicapping Labiolingual Deviation (HLD) Index.

(3) MAA reviews requests for orthodontic treatment for children who are eligible for services under the EPSDT program according to the provisions of WAC 388-534-0100.

(4) MAA covers orthodontic appliance removal for a client whose appliance was placed by a provider not participating with MAA, or whose payment MAA did not cover.

(5) MAA does not cover lost or broken orthodontic appliances.

NEW SECTION

WAC 388-535A-0050 Authorization, prior authorization, and expedited prior authorization for orthodontic services. (1) When MAA authorizes a service, that authorization indicates only that the specific service is medically necessary; it is not a guarantee of payment. The client must be eligible for the covered service at the time the service is provided.

(2) MAA does not require prior authorization for orthodontic treatment of a client with cleft lip, cleft palate, or craniofacial anomaly when the client is:

(a) Eligible under WAC 388-535A-0020; and

(b) Being treated by a department-recognized cleft palate or craniofacial team.

(3) MAA requires prior authorization for orthodontic treatment of:

(a) Severe handicapping malocclusions;

(b) Dental malocclusions that result in severe dental functional impairment;

(c) Those cases that result in a score less than thirty on the Washington Modified HLD Index Scale; and

(d) Services provided per WAC 388-535A-0030.

(4) MAA allows orthodontists to use expedited prior authorization (EPA) for those cases that score thirty or more on the Washington Modified HLD Index Scale. The EPA process is designed to eliminate the need for telephone prior authorization for selected procedures. The orthodontist must create an authorization number using the process explained in MAA's orthodontic billing instructions. When MAA finds that a provider is using EPA inappropriately, MAA may:

(a) Require the provider to obtain prior authorization from MAA before providing services to any client; or

(b) Take one or more of the actions in WAC 388-502-0230(3).

NEW SECTION

WAC 388-535A-0060 Reimbursement for orthodontic services. (1) MAA considers that a provider who furnishes covered orthodontic services to an eligible client has accepted MAA's rates and fees.

(2) Payment for orthodontic services is based on MAA's schedule of maximum allowances; fees listed in the fee schedule are the maximum allowable fees.

(3) MAA uses state-assigned procedure codes to identify covered orthodontic services.

(4) MAA does not cover out-of-state orthodontic treatment.

(5) Orthodontic providers who are in department-designated border areas must:

(a) Meet the licensure requirements of their state; and

(b) Meet the same criteria for payment as in-state providers, including the requirements to contract with MAA.

(6) MAA reimburses for interceptive orthodontic treatment for cleft palate or craniofacial anomaly per WAC 388-535A-0050.

(7) With the exception of the conditions listed in subsection (6) of this section, MAA reimburses for interceptive orthodontic treatment once per client's lifetime for clients with severe handicapping malocclusions.

(8) MAA reimburses for limited transitional orthodontic treatment for a maximum of one year from original appliance placement. Follow up treatment is allowed in three-month increments, beginning three months after the initial placement.

(9) MAA reimburses for comprehensive full orthodontic treatment up to a maximum of two years from original appliance placement. Six follow up treatments are allowed in three-month increments, beginning six months after the initial placement.

(10) If the client's eligibility for orthodontic treatment under WAC 388-535A-0020 ends before the conclusion of the orthodontic treatment, payment for any remaining treatment is the individual's responsibility; MAA does not reimburse for these services.

(11) The client is responsible for payment of any orthodontic service or treatment received during any period of ineligibility, even if the treatment was started when the client was eligible; MAA does not reimburse for these services.

(12) The client is responsible for paying for services when the client has not disclosed coverage to the provider, per WAC 388-502-0160 and 388-501-0200; MAA does not reimburse in these situations.

Purpose: The department has reviewed these chapters of rules to address exemptions/disenrollments in the healthy options and CHIP programs in order to assure that clients have adequate access to care. The department is changing the competitive process for contracting with managed care organizations and is preparing to expand the primary care case management portion of its managed care program. The department is altering the CHIP program in response to the need to make healthy options and CHIP more alike and more compatible. Part of this change to the CHIP program calls for the elimination of client copays.

Statutory Authority for Adoption: RCW 74.08.090.

Statute Being Implemented: RCW 74.08.510, [74.08.]522, 74.09.450, 1115 Wavier, 42 U.S.C. 1396.

Summary: The proposed revised rules describe client eligibility, provider requirements and billing limitations for the managed care programs of the Medical Assistance Administration, DSHS. This includes both the managed care program and the children's health insurance program (CHIP). The rules have been revised to include clarification of existing policy and policy alterations to achieve the purposes stated above.

Reasons Supporting Proposal: The proposed changes simplify program administration and reduce the administrative burden and costs of those who must comply.

Name of Proponent: Department of Social and Health Services, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed rules clarify existing policy, provide the possibility for expansion of the primary care case man-

agement (PCCM) type of managed care and make the CHIP program more compatible with its parallel program for the Medicaid eligible population, also served by the Medical Assistance Administration. In addition, the contractor requirements are changed to allow broader participation - including noncompetitive contracting.

Proposal Changes the Following Existing Rules: The rules provide for broader contractor participation, they eliminate the copayment requirement for the CHIP program and they clarify existing department policy.

No small business economic impact statement has been prepared under chapter 19.85 RCW. MAA reviewed its proposed rules and determined that the impact of these rules will not place a more than minor economic impact on businesses.

RCW 34.05.328 applies to this rule adoption. The proposed rules meet the definition of a significant legislative rule. However, the new rules impose no additional significant costs to businesses or local governments. A cost-benefit analysis was completed and is available upon request from the person listed above.

PROPOSED RULES

NOXIOUS WEED CONTROL BOARD

[Filed October 3, 2001, 11:41 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 01-12-078.

Title of Rule: WAC 16-750-011 and 16-750-015, state noxious weed list and schedule of monetary penalties.

Purpose: The state Noxious Weed Control Board proposes its annual amendment to the state noxious weed list to delete a species (dwarf snapdragon) from the Class B noxious weed list, to change the designation area for one Class B noxious weed species (rush skeletonweed), and to add four entries to the Class C noxious weed list (yellow flag iris, fragrant water lily, four cultivars of English ivy, and all hawkweeds that are nonnative and not currently listed as Class A or Class B noxious weeds).

PROPOSED

Statutory Authority for Adoption: Chapter 17.10 RCW.
 Statute Being Implemented: Chapter 17.10 RCW.

Summary: The state Noxious Weed Control Board proposes amending the state noxious weed list to delete a species (dwarf snapdragon) from the Class B noxious weed list, to change the designation area for one Class B noxious weed species (rush skeletonweed), and to add four entries to the Class C noxious weed list (yellow flag iris, fragrant water lily, four cultivars of English ivy, and all hawkweeds that are nonnative and not currently listed as Class A or Class B noxious weeds).

Reasons Supporting Proposal: Distribution data indicate one listed species should be deleted and another's designated area should be reduced. Four new entries - two separate species, four varieties out of the many varieties of English ivy, and a taxonomic complex of nonnative hawkweeds have been found to be highly destructive, competitive or difficult to control.

Name of Agency Personnel Responsible for Drafting and Enforcement: Mary Toohey, 1111 Washington Street, Olympia, WA 98504-2560, (360) 902-1907; and Implementation: Ray Fann, Chairman, 1111 Washington Street, Olympia, WA 98504-2560, (360) 902-2053.

Name of Proponent: Washington State Noxious Weed Control Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The state noxious weed list provides the basis for noxious weed control efforts by county noxious weed control boards, weed districts, the state weed control board and the Washington State Department of Agriculture, under authorization of chapter 17.10 RCW. The effect of the state noxious weed list is to prioritize control of noxious weed species statewide, concentrating on prevention and early detection, while still allowing for local program flexibility.

Proposal Changes the Following Existing Rules: The state Noxious Weed Control Board proposes amending the state noxious weed list to delete a species (dwarf snapdragon) from the Class B noxious weed list. Recent evidence indicates that this species is a weak competitor under local conditions, and that it does not appear to meet the criteria for a noxious weed at this time. The board also proposes to change the designation area for one Class B noxious weed species (rush skeletonweed) on the basis of updated distribution information. Finally, the board proposes to add four entries to the Class C noxious weed list (yellow flag iris, fragrant water lily, four of the most invasive cultivars of English ivy, and all hawkweeds that are nonnative and not currently listed as Class A or Class B noxious weeds). These species (or varieties in the case of English ivy) have been found to be highly destructive, competitive, or difficult to control.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Net economic impact of the proposed changes on small businesses should be negligible. Deleting a species from the Class B list should have no or positive economic effect on landowners. The designation area change for rush skeletonweed was requested by the affected county noxious weed control board and reduces the affected area. This change should have no or a positive economic effect on landowners.

Addition of entries to the Class C noxious weed list has no direct regulatory impact on landowners or other producers of plants, as presence on the Class C list does not mandate control or other regulatory actions. In addition, in the case of English ivy, the four cultivars proposed for Class C listing are greatly outnumbered by other, less invasive cultivars that are widely available.

RCW 34.05.328 does not apply to this rule adoption. The Washington State Department of Agriculture is not a listed agency in section 201.

Hearing Location: Spokane County Extension Education Center, Conference Room, 222 North Havana, Spokane, WA 99202, on November 14, 2001, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact DeAnn Wagoner by November 7, 2001, TDD 902-1996, or (360) [902-]1806.

PROPOSED RULES
DEPARTMENT OF HEALTH**

[Filed October 3, 2001, 11:59 a.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Environmental health program fees, WAC 246-290-990 Water system evaluation and project review and approval fees and 246-292-160 Water works certification fees.

Purpose: To revise the fee schedule for the Division of Drinking Water. The proposal includes raising water system plan review and drinking water operator certification fees to levels authorized by section 220(1), chapter 7, Laws of 2001 2nd sp.s. Other fees are raised to the fiscal growth factor for fiscal year 2002, 2.79%.

Statutory Authority for Adoption: RCW 43.70.250.

Statute Being Implemented: RCW 70.119.160.

Summary: Fees support public health activities in the Division of Drinking Water and need to be adjusted to compensate for the inflationary costs of administering the program.

Reasons Supporting Proposal: Fee adjustments are necessary to guarantee sufficient revenue to fulfill the department's public health protection obligations.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Jan Haywood, Tumwater, (360) 236-3011.

Name of Proponent: Department of Health, Environmental Health Programs, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed amendments increase fees by the legislatively approved rate of 5.4% for plan reviews, 17.6% for operator certification (except for late fees, which will remain the same), and by the 2002 fiscal growth factor of 2.79% for monitoring waivers. The increase is necessary to ensure continued protection of public health by enabling the programs

to acquire additional revenue to maintain current service activities and meet program costs.

Proposal Changes the Following Existing Rules: The proposed changes increase existing fees by the legislatively approved rates for WAC 246-292-160 and 246-290-990.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Under RCW 19.85.025(3), rules that set or adjust fees pursuant to legislative standards are exempt from the requirements of the Regulatory Fairness Act.

RCW 34.05.328 does not apply to this rule adoption. Rules that set or adjust fees pursuant to legislative standards are exempt from the requirements of RCW 34.05.328.

Hearing Location: Department of Health, Conference Center, 1101 Eastside Street, Olympia, WA 98504, on November 13, 2001, at 10:00 a.m.

(2) To determine the appropriate fee for a noncommunity system, calculate the service equivalent by taking the average population served each day of operation and dividing by twenty-five for a transient noncommunity (TNC) system and two and one-half for nontransient noncommunity (NTNC) system. Use the number of service equivalents to find out what Group A size category to look under and submit the appropriate fee. (All noncommunity systems are Group A systems as described in WAC 246-290-020.)

(3) Additional review and approval fees may be assessed as follows:

(a) The basic fee covers an evaluation, or the review of an initial submittal and one resubmittal if required. If additional resubmittals are required, an additional twenty-five percent of the original fee will be assessed for each additional resubmittal. For water system plan and SMA plan preparation the basic fee also covers a preplanning conference. When the department is asked to participate in other meetings involving the plan such as community meetings, public hearings, or meetings with elected officials, the department is authorized to charge additional fees at the rate of ~~((eighty-nine))~~ ninety-three dollars per hour;

(b) Fees for department project approval based on local technical review will be determined on a case-by-case basis as outlined in the applicable memorandum of understanding between the department and the respective local agency;

(c) Fees for services which the department determines are not described under subsection (1) of this section, will be calculated based on a rate of ~~((eighty-nine))~~ ninety-three dollars per hour.

Examples of these services include, but are not limited to:

- (i) Review and inspection of water reuse projects;
- (ii) Collection of water quality samples requested by purveyor;
- (iii) Review of alternate technologies requested by purveyor, manufacturer or authorized representative;

(iv) Sanitary surveys, including the time spent as part of the annual on-site inspections for systems under WAC 246-290-690(3) that is in addition to the time necessary to assess watershed control and disinfection treatment;

(v) Well field designations; or

(vi) Transfers of ownership under WAC 246-290-035 or 246-294-060.

(d) Additional fees assessed by the department shall be billed to the purveyor using an itemized invoice.

(4) If the legislature revises the water system operating permit fee under RCW 70.119A.110 to incorporate into it one or more fees for service currently assessed separately under this section, and the purveyor has paid that consolidated fee, the department shall not assess or collect a separate fee under this section for any such service.

(5) All fees required under this section except as noted in subsection (3) of this section, shall be submitted prior to the department's approval. Payment of fees shall be in the form of a check or money order made payable to: The Department of Health. Payment of a fee shall not guarantee approval of the submitted document or evaluation request.

LICENSING REQUIREMENTS FOR CHILD FOSTER HOMES, STAFFED RESIDENTIAL HOMES, GROUP CARE PROGRAMS/FACILITIES, AND AGENCIES

PURPOSE AND DEFINITIONS

NEW SECTION

WAC 388-148-0005 What is the purpose of this chapter? The department issues or denies a license or certification on the basis of compliance with licensing requirements. This chapter defines general and specific licensing requirements for foster homes, staffed residential homes, group facilities, and child-placing agencies. We include licensing requirements for people who operate foster homes, group care programs and facilities, staffed residential homes, and child-placing agencies. In addition, we describe our requirements for specialized services offered in these homes and facilities, including: maternity services, day treatment services, crisis residential centers, services for children with severe developmental disabilities and programs for medically fragile children. Unless noted otherwise, these requirements apply to people who want to be licensed, certified, re-licensed and re-certified.

The department is committed to ensuring that the children who receive care experience health, safety, and well-being. We want these children's experiences to be beneficial to them not only in the short run, but also in the long term. Our licensing requirements reflect our commitment to children.

WAC 308-56A-115 Vehicles from jurisdiction other than Washington. (1) What ownership documents are required to title and license a vehicle not currently titled or licensed in the state of Washington?

(a) If the vehicle was acquired from an agency of the United States government, the original or a copy of the bill of sale issued by the United States government must accompany the application for certificate of ownership. When a bill of sale covers more than one vehicle, a photocopy may be accepted when:

(i) United States federal government already registered and/or titled in Washington with an FED use class, the purchaser needs a bill of sale and the current registration for an NTI or when title is issued in Washington, need title properly released.

PERMANENT

(ii) A secured odometer disclosure completed only by the transferee/buyer if the vehicle falls within the federal odometer criteria.

(b) If a vehicle is titled in another state, the application for certificate of ownership must be accompanied by the most current title issued by that state. The department will accept a copy of the current title when it is being held by the lien holder and is not available.

(c) If a vehicle is titled in another country, the application for certificate of ownership must be accompanied by the most current title or ownership document issued by that jurisdiction. If the country from which the vehicle is imported cancels the vehicle title and/or registration for export, the application for certificate of ownership must be accompanied by documents showing proof of ownership and evidence of the cancellation.

(d) If a member of the United States armed forces owns the vehicle and the vehicle has been registered by the United States government military entity, the application for certificate of ownership shall be accompanied by the registration certificate as proof of ownership. If there is a lien holder, the United States armed forces member must contact the lien holder and obtain a copy of the ownership documents being held.

(2) What ownership documents are required to obtain a certificate of ownership for a vehicle from a jurisdiction that by policy or law does not title or register certain classes of vehicles based on age, type, or other criteria?

(a) If the vehicle is from a jurisdiction that by policy or law does not title a specific vehicle, but does register it, the department will accept the registration as an ownership document. If the applicant is not the owner shown on the registration, a bill of sale or release of interest is also required.

(b) If the vehicle is from a jurisdiction that neither registers nor titles, the department will accept a statement from the applicant certifying when and where they purchased the vehicle, and that the previous jurisdiction does not title or register this type of vehicle. ((If the applicant is not the owner of the vehicle that was)) A bill of sale is required for vehicles brought in from such jurisdiction((, a bill of sale is required, and the)). A statement certifying how the vehicle was acquired must be submitted at the time of application. The Washington certificate of ownership may contain a special notation if issued under these circumstances. If the bill of sale is not available, ownership in doubt procedures from WAC 308-56A-210 apply.

(3) What ownership documents are required to title a vehicle from a titling jurisdiction which has refused to issue a title document for a specific vehicle?

If the jurisdiction has refused to issue title, Washington will require the customer to comply with ownership in doubt procedures from WAC 308-56A-210. In those cases where a title was refused for reasons not applicable to Washington, the department may consider issuing a title with the appropriate documentation.

(4) What additional documentation is required if my vehicle is from a foreign country?

((In addition to the ownership document,)) The application for certificate of ownership must be accompanied by:

(a) An approved United States Department of Treasury Customs Service form properly executed authorizing the vehicle entry into this country. Applications for certificate of ownership for vehicles imported from Puerto Rico need not be accompanied by a customs document;

(b) The Washington state patrol or department of licensing has determined that the fee is not due.

(3) Who is authorized to perform a vehicle inspection? Vehicle inspections may be performed by:

(6) Why are the words "register" and "registered" used in place of "title" and "titled" in chapter 125, Laws of 2001? The words "register" and "registered" are used in place of "title" and "titled" in chapter 125, Laws of 2001 because RCW 46.12.010 requires vehicles registered in this state to also have a certificate of ownership. For the purposes

of section 3, chapter 125, Laws of 2001, the registration process is not complete until it is confirmed that the vehicle is not stolen. Certificate of ownership will not be issued and the license tabs and registration certificate shall be invalid for vehicles which have been confirmed stolen.

NEW SECTION

WAC 232-12-243 Public safety cougar removals. (1) Definitions:

As used in this section and in the context of public safety cougar removals, the following definitions apply:

(a) "Confirmed" means qualified department staff is led to believe a cougar(s) was at the scene of the incident by interview of the complainant or observation of evidence at the scene.

(b) "Human-cougar safety incident" means aggressive or unusual behavior by a cougar which presents an actual or perceived threat to an individual.

(c) "Livestock or pet depredation" means incidents where livestock and/or pets are killed and/or injured by cougar.

(d) "Marginal cougar habitat" means those areas usually dominated by urban/suburban, developed lands with relatively high human densities.

(e) "Nuisance activity" means incidents associated with property disturbance, property damage, or livestock/pet harassment.

(f) "Preferred cougar habitat" means those areas usually dominated by rural, undeveloped lands with relatively low human densities.

(g) "Public safety need" means there exists a reasonable threat to human safety or property by one or more cougar, as indicated by the level of confirmed human-cougar safety incidents or livestock/pet depredations, and confirmed cougar sightings or nuisance activities.

(h) "Removal" means the act of killing one or more cougar with the aid of dogs.

(i) "Sighting" means a direct observation of one or more cougar, in urban or rural settings, near individuals or residences; typically more than chance observations.

(j) "Human-cougar interaction" means a human-cougar safety incident, livestock or pet depredation, cougar nuisance activity, or cougar sighting event.

(k) "Dog hunter" means a person that owns and hunts with dogs that are capable of detecting, tracking and treeing a cougar.

(2) Public safety cougar removal authorization: The commission authorizes the director to issue public safety cougar removal permits consistent with this rule. Prior to issuing public safety cougar removal permits, the department shall use other practical alternatives to address a public safety need, including livestock or pet depredations. Other practical

alternatives may include, but are not limited to, general cougar hunting seasons, general public information, educational programs, information to recreational hunters, cougar depredation/kill permits, and department capture and relocation/euthanasia of specific cougars.

(3) Public safety cougar removal criteria:

(a) The commission determines that when the above practical alternatives have been utilized within a game management unit, eleven confirmed human-cougar interactions per year, of which at least four must be confirmed human-cougar safety incidents or livestock/pet depredations, therein demonstrating that the practical alternatives have been inadequate to address the public safety need. The director then is authorized by the commission to remove one or more cougar, with the aid of dogs, in a selected area of that game management unit or nearby geographic area suitable for the use of dogs. The commission authorizes the director to remove one cougar per one hundred twenty square kilometers of complaint area in preferred cougar habitat, and one cougar per four hundred thirty square kilometers of complaint area in marginal cougar habitat.

(b) If warranted by conditions of this rule, public safety cougar removal(s) will be conducted annually between December 16th and March 15th in selected areas of game management units designated by the director to address a public safety need presented by one or more cougar.

(c) The department shall not target more than one hundred nine cougar during a public safety cougar removal period unless otherwise authorized by the commission.

(4) Public safety cougar removal permit issuance procedure.

(a) To participate in a public safety cougar removal, individuals must request that his/her name be placed on a list of available participants (participant list) by mailing their request to Washington Department of Fish and Wildlife, Enforcement Program - Public Safety Cougar Removal, 600 Capitol Way North, Olympia, WA 98501-1091. The request must include the individual's name, address, phone number, and game management units being applied for. Individuals may apply for no more than four game management units. An individual's request to be placed on a participant list for a removal period must be postmarked no later than November 1, or be received at the department's Olympia office no later than 5:00 p.m. on November 1, during the year the removal period begins.

(b) To be eligible for a public safety cougar removal permit (permit), the participant must be a dog hunter. The permit holder must use dogs while participating in a public safety cougar removal.

(c) Individuals eligible for participation in a public safety cougar removal will be randomly selected from the participant list. The department will issue a permit to the person whose name is selected from the participant list. Individuals selected will be notified by telephone or mail. Individuals selected must contact the department's enforcement program in Olympia and accept the public safety cougar removal permit within fifteen days of being notified. Failure to contact the department will result in forfeit of the permit and the individual will be placed on the participant list for later selections. Permits may not be sold or reassigned.

(d) Permit holders must complete the department's public safety cougar removal education course prior to participating in a public safety cougar removal.

(5) Public safety cougar removals: Quota system and participation in cougar removal.

(a) The cougar removal period will be based on a quota system, where permit holders may hunt cougar until the allotted numbers of cougar have been removed from each game management unit or March 15, whichever is first.

(b) Permit holders who harvest a cougar before January 15 may continue hunting for a second cougar with dogs. The permit holder must purchase an additional cougar transport tag to hunt and harvest one additional cougar and the permit holder will be issued a second permit. Permit holders who harvest a cougar after January 15 are not eligible to harvest a second cougar with dogs.

(c) To verify if the cougar removal season is open or closed in each game management unit, the permit holders shall notify the department's enforcement program in Olympia at least twenty-four hours prior to exercising a public safety cougar removal permit.

(d) No more than four total individuals may participate per public safety cougar removal, including the permit holder(s). Only the permit holder, whose name appears on the permit, may take a cougar.

(e) Hunters killing a cougar during a public safety cougar removal must notify the department's enforcement program in Olympia within twenty-four hours after harvesting the cougar.

(f) The department reserves the right to accompany permit holders while participating in a public safety cougar removal.

(6) Public safety cougar removal general requirements.

(a) A valid big game hunting license which includes cougar as a species option is required to hunt cougar. One cougar transport tag is included with a big game license that has cougar as a species option. A second cougar transport tag must be purchased to take a second cougar. Individuals may participate in multiple public safety cougar removals, but must purchase a cougar transport tag for each cougar removed. Purchases in excess of two cougar transport tags must be made at department offices.

(b) It is unlawful to kill or possess spotted cougar kittens or adult cougars accompanied by spotted kittens. Individuals selected for a public safety cougar removal permit may take one cougar per permit and must take the first legal cougar available.

(c) Hunters may use any lawful big game modern firearm, archery, or muzzleloader equipment for hunting cougar. The use of dogs to hunt cougar is prohibited except during a public safety cougar removal.

(d) Any person who takes a cougar must notify the department within twenty-four hours of kill (excluding legal state holidays) and provide the hunter's name, date and location of kill, and sex of animal. The raw pelt of a cougar must be sealed by an authorized department employee within seventy-two hours of the notification of kill. PERMANENT RULES

UTILITIES AND TRANSPORTATION

COMMISSION

[Docket No. UG-990294, General Order No. R-488—Filed September 28, 2001, 1:57 p.m.]

In the matter of adopting WAC 480-90-153 relating to disclosure of private information.

1 STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 01-11-148, filed with the code reviser on May 23, 2001. The commission brings this proceeding pursuant to RCW 80.01.040 and 80.04.160.

2 STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 43.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

3 DATE OF ADOPTION: The commission adopts this rule on the date that this order is entered.

4 CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: RCW 34.05.325 requires that the commission prepare and provide to commenters a concise explanatory statement about an adopted rule. The statement must include the identification of the reasons for adopting the rule, a summary of the comments received regarding the proposed rule, and responses reflecting the commission's consideration of the comments.

5 The commission often includes a discussion of those matters in its rule adoption order. In addition, most rule-making proceedings involve extensive work by commission staff that includes summaries in memoranda of stakeholder comments, commission decisions, and staff recommendations in each of those areas.

6 In this docket, to avoid unnecessary duplication, the commission designates the discussion in this order as its concise explanatory statement, supplemented where not inconsistent by the staff memoranda presented at the adoption hearing and at the open meetings where the commission considered whether to begin this rulemaking and whether to adopt the specific language proposed by staff. Together, the documents provide a complete but concise explanation of the agency's actions and the agency's reasons for taking those actions.

7 PREPROPOSAL STATEMENT OF INQUIRY: The commission filed a preproposal statement of inquiry (CR-101) on April 1, 1999, at WSR 99-08-052.

8 ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PREPROPOSAL STATEMENT: The preproposal statement of inquiry advised interested persons that the commission was considering entering a rule making on rules relating to gas companies to review them for content and readability pursuant to Executive Order 97-02, with attention to the rules' need, effectiveness and efficiency, clarity, intent and statutory authority, coordination, cost, and fairness. The review included consideration of whether substantive changes or additions were required.

9 The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3) or who appeared on lists of interested persons in Docket No. UG-990294. Pursuant to the notice, the commission:

- Held four interested person/stakeholder meetings.
- Created interinstitutional discussion and drafting subgroups to prepare initial rule drafts.
- Developed draft rules using the information gathered from stakeholders.
- Circulated three working drafts to stakeholders for comment.
- Updated drafts to incorporate comments received.

10 NOTICE OF PROPOSED RULE MAKING: The commission filed a supplemental notice of proposed rule making (supplemental CR-102) on May 23, 2001, at WSR 01-11-148. The commission originally scheduled this matter for oral comment and adoption under Notice No. WSR 01-11-148 at 9:30 a.m., Wednesday, June 27, 2001, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice provided interested persons an opportunity to submit written comments to the commission. On June 27, 2001, the commission postponed consideration of this matter until July 11, 2001. On July 11, 2001, the commission postponed consideration of this matter until July 25, 2001.

11 MEETINGS OR WORKSHOPS; ORAL COMMENTS: Before filing the notice of proposed rule making, the commission held four workshops at its headquarters in Olympia, Washington. The workshops were held on June 3 and June 24, 1999, October 14-15, 1999, and May 25, 2000. The following persons attended all or some of the workshops: Bruce Folsom, Renee Webb, Dick Winters, Doug Young, Dick McCarthy, and Dave de Felice (all representing Avista Utilities), Lynn Logen, Phil Popoff, Karl Karzmar, Christy Omohundro, John McClain, Rick Adams, Lisa Rasmussen, John Thorne, and Stephanie Kreshel (all representing Puget Sound Energy), Onita King and Lois Douglass (representing Northwest Natural Gas), Matt Steuerwalt and Evan Sheffels (representing the Office of Public Counsel), Carole Rockney, Royal Drager, Robin Cross, Gene Cardon, Lauren Panamen, Jim Moore, and Peggy Duke (representing PacifiCorp), Kathie Barnard, Barbara Groff, Julie Marshall, and Debbie Barry (representing Cascade Natural Gas), Michael Karpp (representing the Energy Project), Ed Finklea (representing

Energy Advocates), Doug Betzold (with Cost Management Services), Liz Klumpp (representing the Energy Office of the Department of Community, Trade, and Economic Development), Mark Dirstine (representing the International Brotherhood of Gas Workers), and Al Rhoades (with the Washington State Building Code Council). During the workshops, attendees provided oral comments about all the sections under review. Most of the discussions focused on consumer related issues, including refusal of service, prior obligation, and disclosure of private information. The commission adopted many of the comments offered by various stakeholders. Other comments were not adopted for the reasons stated below.

12 COMMENTERS (WRITTEN COMMENTS): The commission received written comments from Avista Utilities, Northwest Natural Gas, public counsel, and Puget Sound Energy. The commission adopted many of the recommendations presented in written comments filed by these stakeholders. Other comments were not adopted, for the reasons stated below.

13 SUGGESTIONS FOR CHANGE THAT ARE REJECTED: The following suggested changes were not adopted for the reasons explained below.

WAC 480-90-153 Disclosure of private information.

14 Public counsel expressed concern that the proposed language for WAC 480-90-153 rendered subsection (1) effectively moot and that, as a result of it, gas companies appeared to be precluded from using private information to market services, except their own, energy-related services. Public counsel considered this a loophole and suggested that the commission consider which policy goal it is pursuing: (1) To prevent regulated utilities from capturing a competitive edge in the provision of unregulated services by virtue of their position or, (2) to prohibit them from marketing unregulated, nonenergy products to customers without the customer's consent. The commission intends that this rule prohibit companies from disclosing customer private information to affiliates, subsidiaries, or third parties for the purpose of allowing such entities to market services or products to customers who do not already subscribe to those services or products, without the customer's written permission.

15 Avista Utilities commented that it is not opposed to a rule limiting the disclosure of private information, but Avista believes the proposed rule would lead to outcomes that may not be in utility customers' best interests. In Avista's opinion, subsection (2) of this rule, as proposed in the supplemental CR-102, would prohibit the sharing of specific customer information with affiliates, subsidiaries, or other third parties. Utilities, in partnership with third parties, currently provide several services to regulated customers that they consider to be beneficial to customers. As an example, some energy efficiency programs available to regulated customers are provided through the company's trade partners. This third party involvement spans the spectrum from simple product support to complete marketing responsibility. Avista stated that it would need to obtain a waiver from this rule to allow, for example, winning DSM bidders to implement programs under Avista Utilities' request for proposals. Third parties aid in marketing end-use products and signing up customers prior to build-out to demonstrate cost-effectiveness of such a

project. Avista contends that this rule would prohibit such activities. Avista suggested two possible approaches to modify this proposed rule. One approach would be to add a clarifying section to note exceptions. The other would be to rewrite the rule based on expressed purposes.

16 The commission believes that the customer should have control over how his/her private information is used. The customer should not be marketed to by any company to which the customer has not provided his/her private consumer information, unless the customer has given permission for his/her information to be used in this way. The commission agrees to delete the proposed subsection (1) of the rule and to change the word "share" to "disclose" in subsection (2) to better achieve the proposed objectives of the rule.

17 **RULE-MAKING HEARING:** The rule proposal was considered for adoption, pursuant to proper notice, at a rule-making hearing held during the commission's regularly scheduled open public meeting on July 25, 2001, before Chairwoman Marilyn Showalter, Commissioner Richard Hemstad, and Commissioner Patrick J. Oshie.

18 **COMMISSION ACTION:** After considering all of the information regarding this proposal, the commission adopted the rule as proposed in the supplemental CR-102 at WSR 01-11-148 with the changes described below.

19 **CHANGES FROM PROPOSAL:** The commission adopted the proposal with the following changes from the text noticed at WSR 01-11-148:

WAC 480-90-153 Disclosure of private information.

20 **Subsection (1). Puget Sound Energy (PSE)** stated that the company has no intention to sell information about its customers and that, consequently, it is generally supportive of this rule's intent. The company expressed the concern that, as drafted, the privacy rule is an antimarketing rule, and could have unintended consequences, such as prohibiting PSE from working with Schedule 48 customers to purchase price hedges. PSE suggested revising the rule to focus more specifically on preventing dissemination of information about customers. The company suggested that this could be accomplished by striking the first paragraph of the proposed rules, which would still prevent utilities from disseminating the sensitive information to any other party. Another concern expressed by the company was that subsection (1) focuses on marketing of any product or service. This could have, according to PSE, the unintended consequence of limiting a utility's ability to market commission regulated and approved services, either by the utility itself or using business partners where such strategies would be more effective. Clarifying that this rule applies only to nonregulated service would help avoid these negative, unintended consequences. The commission agrees to delete the proposed subsection (1) of the rule.

21 **Northwest Natural Gas (NW Natural)** opposed the inclusion in this rule of the language proposed under subsection (1). The company stated that, as proposed, the rule would prohibit the utility from using customer information to inform and/or market to its own customers the types of services that, even though they may be unregulated, serve to provide potential benefits to ratepayers generally, such as equipment sales and/or financing services, appliance repair or warranty services, upstream capacity sales services, and

many other similar services. NW Natural stated that it believes this section is unnecessary, and is not in the best interests of the utility or its customers.

22 Although NW Natural agreed that the privacy of the consumer should be protected, and that appropriate measures should be taken to ensure customers are properly protected, the company believes that the consumer's rights to privacy are sufficiently protected under subsection (2). NW Natural suggested eliminating subsection (1) in its entirety or, in the alternative, limiting it to say that a utility may not disclose or permit access to private consumer information to any third party. The commission agrees to delete the proposed subsection (1) of the rule.

23 **Subsection (2). Puget Sound Energy (PSE)** recommended changing the word "share" to "disclose" to provide language consistency with the title of the rule. The commission agrees with the company's suggestion.

24 **STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE:** In reviewing the entire record, the commission determines that WAC 480-90-153 should be adopted to read as set forth in Appendix A, as a rule of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the code reviser.

COMMISSION**

[Docket No. UE-990473, General Order No. R-489—Filed September 28, 2001, 1:59 p.m.]

In the matter of adopting WAC 480-100-153 relating to disclosure of private information.

1 STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 01-11-147, filed with the code reviser on May 23, 2001. The commission brings this proceeding pursuant to RCW 80.01.040 and RCW 80.04.160.

2 STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 43.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

3 DATE OF ADOPTION: The commission adopts this rule on the date that this order is entered.

4 CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: RCW 34.05.325 requires that the commission prepare and provide to commenters a concise explanatory statement about an adopted rule. The statement must include the identification of the reasons for adopting the rule, a summary of the comments received regarding the proposed rule, and responses reflecting the commission's consideration of the comments.

5 The commission often includes a discussion of those matters in its rule adoption order. In addition, most rule-mak-

ing proceedings involve extensive work by commission staff that includes summaries in memoranda of stakeholder comments, commission decisions, and staff recommendations in each of those areas.

6 In this docket, to avoid unnecessary duplication, the commission designates the discussion in this order as its concise explanatory statement, supplemented where not inconsistent by the staff memoranda presented at the adoption hearing and at the open meetings where the commission considered whether to begin this rule making and whether to adopt the specific language proposed by staff. Together, the documents provide a complete but concise explanation of the agency's actions and the agency's reasons for taking those actions.

7 PREPROPOSAL STATEMENT OF INQUIRY: The commission filed a preproposal statement of inquiry (CR-101) on April 7, 1999, at WSR 99-08-105.

8 ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PREPROPOSAL STATEMENT: The preproposal statement of inquiry advised interested persons that the commission was considering entering a rule making on rules relating to electric companies to review them for content and readability pursuant to Executive Order 97-02, with attention to the rules' need, effectiveness and efficiency, clarity, intent and statutory authority, coordination, cost, and fairness. The review included consideration of whether substantive changes or additions were required.

9 The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3) or who appeared on lists of interested persons in Docket No. UE-990473. Pursuant to the notice, the commission:

- Held four interested person/stakeholder meetings.
- Created interinstitutional discussion and drafting subgroups to prepare initial rule drafts.
- Developed draft rules using the information gathered from stakeholders.
- Circulated three working drafts to stakeholders for comment.
- Updated drafts to incorporate comments received.

10 NOTICE OF PROPOSED RULE MAKING: The commission filed a supplemental notice of proposed rule making (supplemental CR-102) on May 23, 2001, at WSR 01-11-147. The commission originally scheduled this matter for oral comment and adoption under Notice No. WSR 01-11-147 at 9:30 a.m., Wednesday, June 27, 2001, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice provided interested persons an opportunity to submit written comments to the commission. On June 27, 2001, the commission postponed consideration of this matter until July 11, 2001. On July 11, 2001, the commission postponed consideration of this matter until July 25, 2001.

11 MEETINGS OR WORKSHOPS; ORAL COMMENTS: Before filing the notice of proposed rule making, the commission held four workshops at its headquarters in Olympia, Washington. The workshops were held on June 3 and June 24, 1999, October 14-15, 1999, and May 25, 2000. The fol-

lowing persons attended all or some of the workshops: Bruce Folsom, Renee Webb, Dick Winters, Doug Young, Dick McCarthy, and Dave de Felice (all representing Avista Utilities), Lynn Logen, Phil Popoff, Karl Karzmar, Christy Omohundro, John McClain, Rick Adams, Lisa Rasmussen, John Thorne, and Stephanie Kreshel (all representing Puget Sound Energy), Onita King and Lois Douglass (representing Northwest Natural Gas), Matt Steuerwalt and Evan Sheffels (representing the Office of Public Counsel), Carole Rockney, Royal Drager, Robin Cross, Gene Cardon, Lauren Panamen, Jim Moore, and Peggy Duke (representing PacifiCorp), Kathie Barnard, Barbara Groff, Julie Marshall, and Debbie Barry (representing Cascade Natural Gas), Michael Karpp (representing the Energy Project), Ed Finklea (representing Energy Advocates), Doug Betzold (with Cost Management Services), Liz Klumpp (representing the Energy Office of the Department of Community, Trade, and Economic Development), Mark Dirstine (representing the International Brotherhood of Electric Workers), and Al Rhoades (with the Washington State Building Code Council). During the workshops, attendees provided oral comments about all the sections under review. Most of the discussions focused on consumer related issues, including refusal of service, prior obligation, and disclosure of private information. The commission adopted many of the comments offered by various stakeholders. Other comments were not adopted for the reasons stated below.

12 COMMENTERS (WRITTEN COMMENTS): The commission received written comments from Avista Utilities, Northwest Natural Gas, public counsel, and Puget Sound Energy. The commission adopted many of the recommendations presented in written comments filed by these stakeholders. Other comments were not adopted, for the reasons stated below.

13 SUGGESTIONS FOR CHANGE THAT ARE REJECTED: The following suggested changes were not adopted for the reasons explained below.

WAC 480-100-153 Disclosure of private information.

14 Public counsel expressed concern that the proposed language for WAC 480-100-153 rendered subsection (1) effectively moot and that, as a result of it, electric companies appeared to be precluded from using private information to market services, except their own, energy-related services. Public counsel considered this a loophole and suggested that the commission consider which policy goal it is pursuing: (1) To prevent regulated utilities from capturing a competitive edge in the provision of unregulated services by virtue of their position or, (2) to prohibit them from marketing unregulated, nonenergy products to customers without the customer's consent. The commission intends that this rule prohibit companies from disclosing customer private information to affiliates, subsidiaries, or third parties for the purpose of allowing such entities to market services or products to customers who do not already subscribe to those services or products, without the customer's written permission.

15 Avista Utilities commented that it is not opposed to a rule limiting the disclosure of private information, but Avista believes the proposed rule would lead to outcomes that may not be in utility customers' best interests. In Avista's opinion, subsection (2) of this rule, as proposed in the supplemental

CR-102, would prohibit the sharing of specific customer information with affiliates, subsidiaries, or other third parties. Utilities, in partnership with third parties, currently provide several services to regulated customers that they consider to be beneficial to customers. As an example, some energy efficiency programs available to regulated customers are provided through the company's trade partners. This third party involvement spans the spectrum from simple product support to complete marketing responsibility. Avista stated that it would need to obtain a waiver from this rule to allow, for example, winning DSM bidders to implement programs under Avista Utilities' request for proposals. Third parties aid in marketing end-use products and signing up customers prior to build-out to demonstrate cost-effectiveness of such a project. Avista contends that this rule would prohibit such activities. Avista suggested two possible approaches to modify this proposed rule. One approach would be to add a clarifying section to note exceptions. The other would be to rewrite the rule based on expressed purposes.

16 The commission believes that the customer should have control over how his/her private information is used. The customer should not be marketed to by any company to which the customer has not provided his/her private consumer information, unless the customer has given permission for his/her information to be used in this way. The commission agrees to delete the proposed subsection (1) of the rule and to change the word "share" to "disclose" in subsection (2) to better achieve the proposed objectives of the rule.

17 RULE-MAKING HEARING: The rule proposal was considered for adoption, pursuant to proper notice, at a rule-making hearing held during the commission's regularly scheduled open public meeting on July 25, 2001, before Chairwoman Marilyn Showalter, Commissioner Richard Hemstad, and Commissioner Patrick J. Oshie.

18 COMMISSION ACTION: After considering all of the information regarding this proposal, the commission adopted the rule as proposed in the supplemental CR-102 at WSR 01-11-147 with the changes described below.

19 CHANGES FROM PROPOSAL: The commission adopted the proposal with the following changes from the text noticed at WSR 01-11-147:

WAC 480-100-153 Disclosure of private information.

20 Subsection (1). Puget Sound Energy (PSE) stated that the company has no intention to sell information about its customers and that, consequently, it is generally supportive of this rule's intent. The company expressed the concern that, as drafted, the privacy rule is an antimarketing rule, and could have unintended consequences, such as prohibiting PSE from working with Schedule 48 customers to purchase price hedges. PSE suggested revising the rule to focus more specifically on preventing dissemination of information about customers. The company suggested that this could be accomplished by striking the first paragraph of the proposed rules, which would still prevent utilities from disseminating the sensitive information to any other party. Another concern expressed by the company was that subsection (1) focuses on marketing of any product or service. This could have, according to PSE, the unintended consequence of limiting a utility's ability to market commission regulated and approved services, either by the utility itself or using business partners

where such strategies would be more effective. Clarifying that this rule applies only to nonregulated service would help avoid these negative, unintended consequences. The commission agrees to delete the proposed subsection (1) of the rule.

21 **Northwest Natural Gas (NW Natural)** opposed the inclusion in this rule of the language proposed under subsection (1). The company stated that, as proposed, the rule would prohibit the utility from using customer information to inform and/or market to its own customers the types of services that, even though they may be unregulated, serve to provide potential benefits to ratepayers generally, such as equipment sales and/or financing services, appliance repair or warranty services, upstream capacity sales services, and many other similar services. NW Natural stated that it believes this section is unnecessary, and is not in the best interests of the utility or its customers.

22 Although NW Natural agreed that the privacy of the consumer should be protected, and that appropriate measures should be taken to ensure customers are properly protected, the company believes that the consumer's rights to privacy are sufficiently protected under subsection (2). NW Natural suggested eliminating subsection (1) in its entirety or, in the alternative, limiting it to say that a utility may not disclose or permit access to private consumer information to any third party. The commission agrees to delete the proposed subsection (1) of the rule.

23 **Subsection (2). Puget Sound Energy (PSE)** recommended changing the word "share" to "disclose" to provide language consistency with the title of the rule. The commission agrees with the company's suggestion.

24 **STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE:** In reviewing the entire record, the commission determines that WAC 480-100-153 should be adopted to read as set forth in Appendix A, as a rule of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the code reviser.

(13) **Master meter system** - a pipeline system for distributing gas to more than one building within, but not limited to, a definable area, such as a mobile home park, housing project, or apartment complex, where the operator purchases metered gas from an outside source for distribution to ultimate consumers other than the system operator's immediate family through a gas distribution pipeline system.

(14) **Maximum operating pressure** - a maximum pressure selected by a gas company for operation of a pipeline or segment of a pipeline, which is equal to or less than the max-

imum allowable operating pressure derived pursuant to 49 CFR, Part 192 on the date specified in WAC 480-93-999.

(15) **Prompt action** - shall consist of dispatching qualified personnel without undue delay for the purpose of evaluating and where necessary abating an existing or probable hazard.

(16) **Reading** - a repeatable deviation on a combustible gas indicator or equivalent instrument expressed in percent L.E.L. or gas-air ratio. Where the reading is in an unvented, confined space, consideration shall be given to the rate of dissipation when the space is ventilated and the rate of accumulation when the space is resealed.

(17) **Service line** - a gas pipeline, not a main, gathering or transmission line, which provides service to one building. Service lines shall include gas pipelines extended from a main to provide service to one building, which traverse a public right of way or an easement immediately adjacent to a public right of way or another easement.

(18) **Transmission line** - a gas pipeline which connects to an existing transmission line without pressure regulation to lower the pressure; which is downstream of the connection of two or more gathering lines; and as defined in 49 CFR, Part 192, section 192.3 on the date specified in WAC 480-93-999.

(19) **Tunnel** - a subsurface passageway large enough for a person to enter and within which gas could accumulate.

(20) Other terms which correspond to those used in 49 CFR, Parts 191, 192 and 199 (Minimum Federal Safety Standards for Gas Pipelines) shall be construed as used therein on the date specified in WAC 480-93-999.

AMENDATORY SECTION (Amending Order R-465, filed 9/24/99, effective 10/25/99)

WAC 480-93-010 Compliance with federal standards. Gas companies' gathering, storage, distribution, and transmission facilities must be designed, constructed, maintained, and operated in compliance with the provisions of Title 49 Code of Federal Regulations (CFR), Parts 191, 192, 193 and 199 in effect on ~~((September 7, 1999))~~ the date specified in WAC 480-93-999. The provisions of this chapter shall govern to the extent that the standards in the state regulations are compatible with the federal standards. ~~((Copies of the above referenced regulations can be viewed at the commission branch of the Washington state library or are available from the Government Printing Office Bookstore, Seattle, Washington.))~~

AMENDATORY SECTION (Amending Order R-375, filed 8/5/92, effective 9/5/92)

WAC 480-93-015 Odorization of gas. All gas being transported by pipeline in this state, and all gas consumed by an end use customer, shall be odorized in accordance with 49 CFR, Part 192.625 in effect on the date specified in WAC 480-93-999, unless waiver is approved in advance of such transportation, in writing, by the commission.

AMENDATORY SECTION (Amending Order R-375, filed 8/5/92, effective 9/5/92)

WAC 480-93-110 Corrosion control. Every gas company must ensure that all of its metallic gas pipelines, except cast iron and ductile iron, are protected by a recognized method or combination of methods of cathodic protection. Every gas company shall record and retain all cathodic protection test readings taken and complete remedial action within ninety days to correct any cathodic protection deficiencies known and indicated by the company's records.

Whenever a gas company finds from investigation as required by 49 CFR, Part 192 in effect on the date specified in WAC 480-93-999, that cathodic protection of gas pipelines is not needed, the company shall submit to the commission a report setting forth good and sufficient reasons why such protection is not required. The report shall include the results of soil tests and other supporting data.

AMENDATORY SECTION (Amending Order R-375, filed 8/5/92, effective 9/5/92)

WAC 480-93-124 Pipeline markers. All buried gas pipelines shall have pipeline markers placed and maintained as close as practical over each main and transmission line as required by 49 CFR, Part 192.707. Off-set pipeline markers may be used only if they indicate the distance from and direction to the pipeline. The pipeline markers shall be double-faced or single-faced signs. Single-faced signs may be used on posts of distinctive color and shall meet the requirements of 49 CFR, Part 192.707(d). Pipeline markers shall be placed at all railroad crossings, road crossings, irrigation and drainage ditch crossings, and at all fence lines where a pipeline crosses private property. Pipeline markers required by 49 CFR, Part 192.707(a), shall be placed approximately five hundred yards apart if practical and at points of deflection of the pipeline. Exceptions to this rule must conform with 49 CFR, Part 192.707(b). Information about 49 CFR regarding the version currently in effect and where to obtain it is set out in WAC 480-93-999.

AMENDATORY SECTION (Amending Order R-375, filed 8/5/92, effective 9/5/92)

WAC 480-93-155 Increasing maximum operating pressure. Notwithstanding the requirements of any other section of this chapter, the commission shall be furnished complete written plans and drawings of each pressure uprating to a maximum operating pressure greater than sixty psig, at least thirty days prior to raising the pressure. The plan shall include a review of the following:

- (1) All affected gas facilities, including pipe, fittings, valves, and other associated equipment, with their manufactured design operating pressure and specifications;
- (2) Original design and construction standards;
- (3) All previous operating pressures and length of time at that pressure;
- (4) All leaks, regardless of cause, and the date and method of repair;
- (5) All upstream and downstream regulators and relief valves; and

(6) All cathodic protection readings on mains for the past three years or three most recent inspections, whichever is longer, and the most recent inspection on each attached service line, which is electrically isolated.

Such plans and procedures, and all subsequent changes and amendments, initiated by the gas company or pursuant to changes in state and federal rules and regulations, shall be promptly filed with the commission, for review and determination as to their adequacy, when properly executed, to achieve an acceptable level of safety. The commission may, after notice and opportunity for hearing, require such plans and procedures to be revised. The plans and procedures required by the commission shall be practicable and designed to meet the needs of safety. In determining the adequacy of such plans and procedures to achieve an acceptable level of safety, the commission shall consider:

(1) Relevant available pipeline safety data;

(2) Whether the plans and procedures are appropriate for the particular type of pipeline operations being performed by the gas company, taking into consideration company size, geographical area of operation, and the public interest;

(3) The reasonableness of the plans and procedures; and

(4) The extent to which the plans and procedures, if properly executed, will contribute to an acceptable level of public safety being achieved by the company.

Furthermore, every gas company shall be responsible for establishing and maintaining such records, making such reports, and providing such information as the commission may reasonably require to enable it to determine whether the gas company has acted and is acting in compliance with these rules and regulations and the standards established thereunder. Every gas company shall, upon request of the commission and its authorized representatives, permit the commission and its authorized representatives to inspect books, papers, records, and documents relevant to determining whether the gas company and its agents have acted and are acting in compliance with these rules and regulations and the standards established thereunder. Such commission inspections shall be conducted at reasonable times, within reasonable limits, and in a reasonable manner, and each inspection shall be commenced and completed with reasonable promptness.

(Minimum Federal Natural Gas Pipeline Safety Standards) in effect on the date specified in WAC 480-93-999 and any rule specifically set forth herein, the former shall govern.

These rules shall take precedence over all orders, heretofore made by the commission, insofar as said orders may be inconsistent with these rules.

These rules shall take precedence over all rules filed or to be filed by gas companies insofar as inconsistent therewith. Rules of the gas companies now on file and inconsistent with the rules herein established shall be properly revised and refiled within sixty days from the effective date of this order.

AMENDATORY SECTION (Amending Order 01-180, filed 8/22/01, effective 9/22/01)

WAC 220-52-040 Commercial crab fishery—Lawful and unlawful gear, methods, and other unlawful acts. (1) **Net fishing boats shall not have crab aboard.** It is unlawful for any vessel geared or equipped with commercial net fishing gear to have aboard any quantity of crab while it is fishing with the net gear or when it has other food fish or shellfish aboard for commercial purposes.

(2) **Area must be open to commercial crabbing.** Unless otherwise provided, it is unlawful to set, maintain, or operate any baited or unbaited shellfish pots or ring nets for taking crabs for commercial purposes in any area or at any time when the location is not opened for taking crabs for commercial purposes by permanent rule or emergency rule of the department: Provided, That following the close of a commercial crab season, permission may be granted by the director or his or her designee on a case-by-case basis for crab fishers to recover shellfish pots that were irretrievable due to extreme weather conditions at the end of the lawful opening. Crab fishers must notify and apply to department enforcement for such permission within twenty-four hours prior to the close of season.

(3) **Crabs must be male and 6-1/4 inches.** It is unlawful for any person acting for commercial purposes to take, possess, deliver, or otherwise control:

(a) Any female Dungeness crabs; or

(b) Any male Dungeness crabs measuring less than 6-1/4 inches, caliper measurement, across the back immediately in front of the tips.

(4) **Each person and each Puget Sound license limited to 100 pots.** It is unlawful for any person to take or fish for crab for commercial purposes in the Puget Sound licensing district using, operating, or controlling any more than an aggregate total of 100 shellfish pots or ring nets. This limit shall apply to each license. However, this shall not preclude a person holding two Puget Sound crab licenses from designating and using the licenses from one vessel as authorized by RCW 77.65.130.

(5) **Additional area gear limits.** The following Marine Fish-Shellfish Management and Catch Reporting Areas are restricted in the number of pots fished, operated, or used by a person or vessel and it is unlawful for any person to use, maintain, operate, or control pots in excess of the following limits:

PERMANENT

(a) 10 pots in Marine Fish-Shellfish Management and Catch Reporting Area 25E.

(b) 10 pots in all waters of Marine Fish-Shellfish Management and Catch Reporting Area 25A south of a line projected true west from Travis Spit on Miller Peninsula.

(c) 20 pots in that portion of Marine Fish-Shellfish Management and Catch Reporting Area 25A west of a line projected from the new Dungeness Light to the mouth of Cooper Creek and east of a line projected from the new Dungeness Light to the outermost end of the abandoned dock at the Three Crabs Restaurant on the southern shore of Dungeness Bay.

(d) 10 pots in that portion of Marine Fish-Shellfish Management and Catch Reporting Area 23D west of a line from the eastern tip of Ediz Hook to the I77 Rayonier Dock.

(6) **Groundline gear is unlawful.** No crab pot or ring net may be attached or connected to other crab pot or ring net by a common groundline or any other means that connects crab pots together.

(7) **Puget Sound crab buoys and pots must be tagged.**

(a) In Puget Sound it is unlawful to place in the water, pull from the water, possess on the water, or transport on the water any crab buoy or crab pot without attached buoy and pot tags that meets the requirements of WAC 220-52-043.

(b) The department will issue one hundred buoy tags to the owner of each Puget Sound commercial crab fishery license upon payment of an annual buoy tag fee of one hundred dollars per license. Additional tags to replace lost tags will only be issued to owners of Puget Sound commercial crab fishery licenses who obtain, complete, and sign a declaration under penalty of perjury in the presence of an authorized department employee. The declaration shall state the number of buoy tags lost, the location and date where lost gear or tags were last observed, and the presumed cause of the loss.

(8) **Puget Sound - No person can possess or use gear with other person's tag.** In Puget Sound no person may possess, use, control, or operate any crab pot not bearing a tag identifying the pot as that person's, or any buoy not bearing tags issued by the department to that person, except that an alternate operator designated on a primary license may possess and operate crab buoys and crab pots bearing the tags of the license holder.

(9) **Cannot tamper with pot tags.** No person shall remove, damage, or otherwise tamper with crab buoy or pot tags except when lawfully applying or removing tags on the person's own buoys and pots.

(10) **Thirty-day period when it is unlawful to buy or land crab from ocean without crab vessel inspection.** It is unlawful for any fisher or wholesale dealer or buyer to land or purchase Dungeness crab taken from Grays Harbor, Willapa Bay, Columbia River, Washington coastal or adjacent waters of the Pacific Ocean during the first thirty days following the opening of a coastal crab season from any vessel which has not been issued a Washington crab vessel inspection certificate. The certificate will be issued to vessels made available for inspection in a Washington coastal port and properly licensed for commercial crab fishing if no Dungeness crabs are aboard. Inspections will be performed by authorized department personnel not earlier than twelve

hours prior to the opening of the coastal crab season and during the following thirty-day period.

(11) **Grays Harbor pot limit of 200.** It is unlawful for any person to take or fish for crab for commercial purposes in Grays Harbor (catch area 60B) with more than 200 shellfish pots in the aggregate. It shall be unlawful for any group of persons using the same vessel to take or fish for crab for commercial purposes in Grays Harbor with more than 200 shellfish pots.

(12) **Coastal crab pot limit.**

(a) It is unlawful for a person to take or fish for Dungeness crab for commercial purposes in Grays Harbor, Willapa Bay, the Columbia River, or waters of the Pacific Ocean adjacent to the state of Washington unless a shellfish pot limit has been assigned to the Dungeness crab-coastal fishery license held by the person, or to the equivalent Oregon or California Dungeness crab fishery license held by the person.

(b) It is unlawful for a person to deploy or fish more shellfish pots than the number of shellfish pots assigned to the license held by that person, and it is unlawful to use any vessel other than the vessel designated on a license to operate or possess shellfish pots assigned to that license.

(c) It is unlawful for a person to take or fish for Dungeness crab or to deploy shellfish pots unless the person is in possession of valid documentation issued by the department that specifies the shellfish pot limit assigned to the license.

(13) **Determination of coastal crab pot limits.**

(a) The number of shellfish pots assigned to a Washington Dungeness crab-coastal fishery license, or to an equivalent Oregon or California Dungeness crab fishery license will be based on documented landings of Dungeness crab taken from waters of the Pacific Ocean south of the United States/Canada border and west of the Bonilla-Tatoosh line, and from coastal estuaries in the states of Washington, Oregon and California. Documented landings may be evidenced only by valid Washington state shellfish receiving tickets, or equivalent valid documents from the states of Oregon and California, that show Dungeness crab were taken between December 1, 1996, and September 16, 1999. Such documents must have been received by the respective states no later than October 15, 1999.

(b) The following criteria shall be used to determine and assign a shellfish pot limit to a Dungeness crab-coastal fishery license, or to an equivalent Oregon or California Dungeness crab fishery license:

(i) The three "qualifying coastal Dungeness crab seasons" are from December 1, 1996, through September 15, 1997, from December 1, 1997, through September 15, 1998, and from December 1, 1998, through September 15, 1999. Of the three qualifying seasons, the one with the most poundage of Dungeness crab landed on a license shall determine the crab pot limit for that license. A crab pot limit of 300 shall be assigned to a license with landings that total from zero to 35,999 pounds and a crab pot limit of 500 shall be assigned to a license with landings that total 36,000 pounds or more.

(ii) Landings of Dungeness crab made in the states of Oregon or California on valid Dungeness crab fisheries licenses during a qualifying season may be used for purposes of assigning a shellfish pot limit to a Dungeness crab fishery license, provided that documentation of the landings is pro-

vided to the department by the Oregon Department of Fish and Wildlife and/or the California Department of Fish and Game. Landings of Dungeness crab made in Washington, Oregon, and California on valid Dungeness crab fishery licenses during a qualifying season may be combined for purposes of assigning a shellfish pot limit, provided that the same vessel was named on the licenses, and the same person held the licenses. A shellfish pot limit assigned as a result of combined landings is invalidated by any subsequent split in ownership of the licenses. No vessel named on a Dungeness crab fishery license shall be assigned more than one shellfish pot limit.

(14) **Appeals of coastal crab pot limits.** An appeal of a shellfish pot limit by a coastal commercial license holder shall be filed with the department on or before ~~((the 30th day following the department's assignment of a shellfish pot limit under subsection (13) of this section))~~ **October 18, 2001**. The shellfish pot limit assigned to a license by the department shall remain in effect until such time as the appeal process is concluded.

(15) **Coastal - Barging of crab pots by undesignated vessels.** It is lawful for a vessel not designated on a Dungeness crab-coastal fishery license to be used to deploy shellfish pot gear provided that:

(a) Such a vessel may not carry aboard more than 150 shellfish pots at any one time.

(b) Such a vessel may deploy shellfish pot gear only during the 64-hour period immediately preceding the season opening date and during the 48-hour period immediately following the season opening date.

(c) The lawful owner of the shellfish pot gear must be aboard the vessel when the gear is being deployed.

(16) **Coastal shellfish pot tags.** It is unlawful for a person to use a shellfish pot in the coastal Dungeness crab fishery unless the pot bears a tag that identifies either the name of the vessel being used to operate the pot or the Dungeness crab fishery license number of the owner of the pot, and the telephone number of a contact person. No person may operate or possess a pot that bears another person's tag, except that a person who is licensed as an alternate operator may operate or possess a pot that bears the tag of the primary license holder. It is unlawful for any person who is not the owner of Dungeness crab pot gear to remove, damage, or otherwise tamper with pot gear tags.

(17) **Coastal - Registration and use of buoy brands and colors.**

(a) It is unlawful for any coastal Dungeness crab fishery license holder to fish for crab unless the license holder has registered the buoy brand and buoy color(s) to be used with the license. A license holder shall be allowed to register with the department only one, unique buoy brand and one buoy color scheme per license. Persons holding more than one license state shall register buoy color(s) for each license that are distinctly different. The buoy color(s) shall be shown in a color photograph.

(b) It is unlawful for a coastal Dungeness crab fishery license holder to fish for crab using any other buoy brand or color(s) than those registered with and assigned to the license by the department.

Rule allows a waiver of fees and assessments, if certain conditions are met. **This correction filing is necessary to correct a typographical error that was inadvertently filed in WSR 01-12-003. As reflected in the minutes, the agency adopted the factor shown in WAC 208-544-039 (1)(d) as .000015134, as it appeared in the proposal. (g) WAC 208-544-030(2) - The fee shall be ~~\$(96.87))~~ 102.43 per hour.

~~((Thereafter, effective July 1, 2000, and again on July 1, 2001, the charges and fees set forth in subsection (1)(e), (d), (e), (f), and (g) of this section shall be increased by the fiscal growth factor as determined by the office of financial management pursuant to RCW 43.135.025.))~~ (a) On July 1, 2002, the rate of charges and fees under subsection (1)(c), (d), (e), (f), and (g) of this section, as increased in the prior fiscal year, will increase by a percentage rate equal to the fiscal growth factor for the then current fiscal year. As used in this section, "fiscal growth factor" has the same meaning as the term is defined in RCW 43.135.025.

(b) The director may round off a rate increase under this subsection. However, no rate increase may exceed the applicable fiscal growth factor.

(c) By June 1 of each year the director will make available a chart of the new rates that will take effect on the immediately following July 1.

(3) The director may ~~((suspend the collection of))~~ waive any or all of the charges and/or fees imposed under this section, in whole or in part, when he or she determines that both of the following factors are present:

(a) The banking ~~((examination fund established in RCW 43.320.110))~~ program fund exceeds the projected acceptable minimum fund balance level approved by the office of financial management (OFM); and

(b) That such course of action would be fiscally prudent.

(4)(a) If the charges and fees assessed under WAC 208-544-020(1) relating to a semiannual asset charge and WAC

208-544-030(1) relating to the hourly examination fee exceed ninety-five percent of the charges and fees applicable for a two-year period of the comparable federal chartering regulator (CFCR) or its successor then the charges and fees paid in excess of such amount shall be rebated to the institution pursuant to (d) of this subsection unless abated by the director as provided in (e) of this subsection.

(b) For purposes of determining rebate entitlement, the total of semiannual asset charges and examination fees will be determined by adding the monthly average semiannual asset charge and the monthly average examination fee for any twenty-four month period beginning on or after July 1, 2000. The monthly average semiannual asset charge is determined by dividing the semiannual asset charges by six and applying the monthly average to the previous six months. The monthly average examination fee is determined by dividing the examination fee for each examination during the averaging period by the number of months between each such examination and the previous examination as determined by the date of the examinations and applying the monthly average to those months. The CFRC charge is determined in the same manner. Under no circumstances will an institution be permitted to calculate a rebate based on a period of time that was included, in whole or in part, in the calculation of another rebate under this section.

(c) The rebate is determined by the difference between the sum of the applicable monthly average state charges and fees for the twenty-four month period minus ninety-five percent of the sum of the applicable monthly average CFRC charges and fees for the same period, as each are determined in (b) of this subsection.

(d) Entitlement of the rebate will occur only upon petition and satisfactory proof to the director.

(e) Rebate abatement. At the discretion of the director, all or part of the rebate determined under (d) of this subsection may be denied if the director determines that:

(i) The institution required a substantially greater than average amount of supervisory time for reasons other than as a result of economic, legal, regulatory, or other conditions beyond the control of competent management;

(ii) The institution required a substantially greater than average amount of examination time for an institution of its size for reasons other than as a result of economic, legal, regulatory, or other conditions beyond the control of competent management;

(iii) Examinations or investigations were performed by third parties under personal services contracts;

(iv) The banking program fund does not exceed the projected acceptable minimum fund balance level approved by OFM or is insufficient to satisfy the rebates under this subsection and still maintain the operations of the department at a fiscally prudent level;

(v) The institution maintained a composite uniform financial institution rating (CAMELS) of 3, 4 or 5 during any time during the rebate period; or

(vi) Such other factors as the director may deem equitable or relevant.

(f) Institutions may become eligible to receive a rebate after June 30, 2002, for amounts paid on or after July 1, 2000.

[Order 01-196—Filed September 19, 2001, 4:25 p.m.]

Date of Adoption: September 14, 2001.

Purpose: Amend hunting rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 232-28-42500A; and amending WAC 232-28-425.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Goose Management Area 2A hunting is changed from November 22 to November 21 to avoid issues on manning goose check stations on Thanksgiving Day; Goose Management Area 4 is reduced two days to conform with federal requirements; brant hunting is adjusted to comply with federal rules on the brant split season. [Order 01-206—Filed September 20, 2001, 4:43 p.m., effective October 1, 2001, 12:01 a.m.]

Date of Adoption: September 20, 2001.

Purpose: Commercial fishing rules.

 Amending WAC 220-22-400, 220-52-046, 220-52-047, and 220-69-240.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The state may not authorize commercial shellfish harvests absent agreed planning or compliance with a process. The provisions of this rule are in conformity with agreed plans with applicable tribes which have been entered as required by court order. There is insufficient time to promulgate permanent rules.

DEPARTMENT OF
FISH AND WILDLIFE

[Order 01-209—Filed September 21, 2001, 3:42 p.m., effective September 24, 2001, 6:00 a.m.]

Date of Adoption: September 21, 2001.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-33-01000D; and amending WAC 220-33-010.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Sets two weeks of non-Indian commercial fishing. Adds additional coho and chinook target fisheries. Run forecasts for key fall chinook stocks have been upgraded and impacts to Upriver Bright fall chinook are available for the non-Indian fishery. Lower River Hatchery fall chinook run size has also been upgraded to over twice the pre-season forecast. Impacts to Oregon listed coho are projected to be within the management guidelines. All fisheries are included in the 2001 fall management agreement and are consistent with the pre-season plans developed during the North of Falcon process. This rule is consistent with actions of the Columbia River compact on September 21, 2001, and is consistent with requirements of the Endangered Species Act. There is insufficient time to promulgate permanent rules.

WSR 01-20-029
EMERGENCY RULES
UNIVERSITY OF WASHINGTON

[Filed September 26, 2001, 8:29 a.m.]

Date of Adoption: September 21, 2001.

Purpose: To amend WAC 478-136-030 Limitations on use, from chapter 478-136 WAC, Use of University of Washington facilities. Subsection (10)(d) is new and provides the university with an additional security measure for public safety at Husky Stadium and other University of Washington facilities where large numbers of people gather for events.

Citation of Existing Rules Affected by this Order: Amending WAC 478-136-030.

Statutory Authority for Adoption: RCW 28B.20.130.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The national events that occurred on September 11, 2001, have shown a need for heightened security measures not only at airports and courtrooms but at all public facilities where large numbers of people congregate. The amendment to WAC 478-136-030 allows the University of Washington to conduct visual bag inspections as an additional security measure for the safety of those attending public events at Husky Stadium and other University of Washington facilities. Visual inspections that do not actually prohibit entry into an event, if the ticket holder is willing to dispose of any prohibited material, are the least restrictive means to protecting the safety of attendees.

AMENDATORY SECTION (Amending WSR 01-11-135, filed 5/23/01, effective 6/23/01)

WAC 478-136-030 Limitations on use. (1) Freedom of expression is a highly valued and indispensable quality of university life. However, university facilities may not be used in ways which obstruct or disrupt university operations, the freedom of movement, or any other lawful activities. Additionally, use of university facilities may be subject to reasonable time, place and manner restrictions.

(2) University facilities may be used for events and forums regarding ballot propositions and/or candidates who have filed for public office so long as the event has received preliminary approval by an administrative or academic unit and final approval by the committee on the use of university facilities. There are, however, certain limitations on the use of university facilities for these political activities.

(a) First priority for the use of campus facilities shall be given to regularly scheduled university activities.

(b) University facilities may be used for political purposes such as events and forums regarding ballot propositions and/or candidates who have filed for public office only when the full rental cost of the facility is paid. However, use of state funds for payment of facility rental costs is prohibited.

(c) Forums or debates may be scheduled at full facility rental rates if all parties to a ballot proposition election or all candidates who have filed for office for a given position, regardless of party affiliation, are given equal access to the use of facilities within a reasonable time.

(d) No person shall solicit contributions on university property for political uses, except in instances where this limitation conflicts with applicable federal law regarding interference with the mails.

(e) Public areas outside university buildings may be used for political purposes such as events and forums regarding ballot propositions and/or candidates who have filed for public office, excluding solicitation of funds, provided the other normal business of the university is not disrupted and entrances to and exits from buildings are not blocked.

(f) University facilities or services may not be used to establish or maintain offices or headquarters for political candidates or partisan political causes.

(3) University facilities may not be used for private or commercial purposes such as sales, advertising, or promotional activities unless such activities serve an educational purpose, as determined by the committee on the use of university facilities.

(4) Nothing in these rules is intended to alter or affect the regular advertising, promotional, or underwriting activities carried on, by, or in the regular university media or publications. Policies concerning advertising, promotional or underwriting activities included in these media or publications are under the jurisdiction of and must be approved by their

EMERGENCY

respective management or, where applicable, advisory committees, in accordance with applicable state and federal laws.

(5) In accordance with WAC 478-136-010, the university will make its facilities available only for purposes related to the educational mission of the university, as determined by the committee on the use of university facilities, including but not limited to instruction, research, public assembly, and student activities. When permission is granted to use university facilities for approved instructional or related purposes, as a condition of approval, the user of university facilities agrees to include in all materials nonendorsement statements in the form approved by the committee on the use of university facilities. "Materials" includes all communications, advertisement, and any other printed, electronic, or broadcast/teletext information related to the user's activities offered in university facilities. The committee will determine the content, size of print and placement of the nonendorsement language. The university will not make its facilities available for instructional or related purposes that compete with courses or programs offered by the university.

(6) Solicitation, or distribution of handbills, pamphlets and similar materials by anyone, whether a member of the university community or of the general public, is not permitted in those areas of campus to which access by the public is restricted or where such solicitation or distribution would significantly impinge upon the primary business being conducted.

(7) Solicitation and distribution of materials in university residence halls are governed by residence hall policies. No solicitation of a commercial nature is permitted in university residence halls. Commercial advertising may be allowed, and is restricted to certain designated areas of each residence hall, when it is related to the university's mission and approved by the department of housing and food services.

(8) Electronic amplification on the grounds of the campus is prohibited with the following exceptions:

(a) The lawn area immediately west of the Husky Union Building will be available for open-air speaking events using directional and volume-controlled speech amplification equipment provided by the university. Use of the Husky Union Building lawn site will be available to registered or official student organizations and faculty or staff groups on a first-come, first-served basis. The amplification system will be issued upon presentation of a currently valid student, faculty or staff identification card at the Husky Union Building Reservation Office.

(b) The committee on the use of university facilities may grant permission, under special circumstances, for the use of other amplification equipment on the lawn site west of the Husky Union Building or in other outdoor locations. Permission should be requested through:

University of Washington
Secretary to the Committee on the
Use of University Facilities
400 Gerberding Hall
Box 351210
Seattle, WA 98195-1210

(or phone: 543-2560), sufficiently in advance of the program to allow timely consideration.

(9)(a) No person may use university facilities to camp, except if permission to do so has been granted in accordance with the provisions of chapters 478-116 and 478-136 WAC or except as provided in (b) of this subsection. "Camp" means to remain overnight, to erect a tent or other shelter, or to use sleeping equipment, a vehicle, or a trailer camper, for the purpose of or in such ways as will permit remaining overnight. Violators are subject to arrest and criminal prosecution under applicable state, county and city laws.

(b) This provision does not prohibit use of the university residence facilities in accordance with chapter 478-156 WAC or the use of facilities where the employee remains overnight to fulfill the responsibilities of his or her position or where a student remains overnight to fulfill the requirements of his or her course of study.

(10) Within the limits of applicable laws, the University of Washington is committed to establishing and maintaining safe conditions for persons attending football games in Husky Stadium or other athletic events or concerts in campus facilities. Accordingly, the rules enumerated below will apply to all such events and be strictly enforced.

(a) The possession or consumption of alcoholic beverages or illegal drugs is prohibited. In addition to having the beverages or drugs confiscated, violators may be subject to university disciplinary action and/or legal proceedings, and removal from the events.

(b) Air horns, glass bottles, cans, picnic baskets, bota bags, ice chests, and thermoses (in excess of two-quart capacity) are prohibited. Individuals possessing such will not be admitted to, or will be removed from, Husky Stadium or other athletic or concert facilities until the items have been stored temporarily at locations provided for that purpose or disposed of in some other manner.

(c) Smoking is prohibited in the seating areas of all athletic stadia. Smoking is permitted on pedestrian concourses.

(d) All persons entering events in Husky Stadium or other athletic events or concerts in campus facilities shall be subject to having all containers, bags, backpacks, coolers, or similar items visually inspected. Security personnel shall first ask permission to visually inspect the item and advise the person that he/she may refuse. Persons who refuse to allow inspection shall be allowed to return the item to a vehicle or otherwise dispose of it, after which admission shall be allowed. Persons who refuse the visual inspection and refuse to dispose of the item shall be denied entry.

(11) Only public service announcements and acknowledgment of sponsors will be allowed on scoreboards at athletic venues.

(a) For purposes of this section, a public service announcement is defined as an announcement which promotes the activities or services of federal, state or local governments, including the University of Washington, or non-profit organizations, or generally contributes to the community's welfare and interests.

(b) In acknowledgment of their sponsorship of the scoreboards or sponsorship of events and programs, sponsors may propose public service announcements for display on the scoreboard during athletic events. The public service announcement may be accompanied by a sponsor's name or logo, but in keeping with university policy may not directly

promote the products or services of the company. The text and graphics of public service announcements must be submitted at least three days in advance to the department of intercollegiate athletics for approval by the university.

(c) In addition to these public service announcements, sponsors also may be acknowledged by the display of corporate logos, trademarks, or other approved messages upon panels located on the scoreboard.

(12) The University of Washington is committed to maintaining a safe and healthful work and educational environment for all faculty, staff, students, and visitors. Accordingly, the University of Washington establishes the following smoking policy to protect nonsmokers from exposure to smoke in their university-associated environments and to protect life and property against fire hazards:

(a) Except as provided in subsections (10)(c) and (12)(b) of this section, smoking is prohibited in all university vehicles, inside all buildings owned or occupied by the university and/or used by the university's faculty, staff or students and at any outside areas or locations that may directly or indirectly affect the air supply of buildings or carry smoke into buildings.

(b) Smoking may be permitted in student rooms in university residence halls and apartments in university student housing in accordance with smoking regulations established for those facilities by the vice-president for student affairs.

(c) The director of environmental health and safety may designate specific outdoor locations as no smoking areas.

(d) Any student, staff, or faculty member who violates the university smoking policy may be subject to disciplinary action. In addition, violations of the university smoking policy may be subject to enforcement by the University of Washington police department.

EMERGENCY RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES

(Economic Services Administration)

[Filed September 26, 2001, 3:53 p.m., effective October 27, 2001]

Date of Adoption: September 25, 2001.

Purpose: This WAC requires background checks for adults applying for public assistance for children who are not related to them. It is essential to the well being and safety of children to keep this WAC in effect until the process of review and comment by stakeholders is completed. WAC 388-454-0006 was adopted as an emergency rule on February 27, 2001, under WSR 01-06-025 and extended on June 29, 2001, under WSR 01-14-058.

Statutory Authority for Adoption: RCW 74.04.050, 74.12.290.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: DSHS has a responsibility to ensure the safety of the children it serves. Effective March 1, 2001, children who live with an unrelated adult acting in place of a parent were eligible for TANF benefits. Since the child has no blood relationship to the adult and the adult does not have court-ordered custody, DSHS must take additional steps to ensure that children are not put at risk when they live with an unrelated adult.

NEW SECTION

WAC 388-454-0006 The department makes background checks on adults who are acting in place of a parent without court-ordered custody. (1) We check your background when you ask for TANF or SFA benefits for a child who:

(a) Is not related to you; and

(b) Lives with you but you do not have a court order that gives you legal custody of the child.

(2) A child who is not related to you cannot receive TANF/SFA benefits while living with you until we have completed a background check and the results of the background check meet the criteria in subsection (3) through (5).

(3) A child who is not related to you cannot receive benefits while living with you if:

(a) You have been convicted of a crime listed in WAC 388-06-0170; or

(b) You have been convicted of a crime listed in WAC 388-06-0180 within the last five years.

(4) We review your background when you have been convicted of a crime listed in WAC 388-06-0180 more than five years ago to determine your character, suitability, and competence to receive benefits for a child not related to you. We consider the following factors:

(a) The amount of time that has passed since you were convicted;

(b) The seriousness of the crime that led to the conviction;

(c) The number and types of convictions in your background; and

(d) Your age at the time of the conviction.

(5) When you have a conviction for a crime other than those listed in WAC 388-06-0170 or 388-006-0180 we review your background as described in subsection (4) above.

(6) Expunged or sealed conviction records do not count against you.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 01-211—Filed September 26, 2001, 4:34 p.m.]

Date of Adoption: September 26, 2001.

Purpose: Commercial fishing rules.

Citation of Existing Rules Affected by this Order:
Amending WAC 220-52-073.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable amounts of green sea urchins exist in the areas described. Prohibition of all diving within two days of scheduled sea urchin openings discourages the practice of fishing on closed days and hiding the unlawful catch underwater until the legal opening. There is insufficient time to promulgate permanent rules.

Reasons for this Finding: Sets additional period of commercial fishing. The steelhead run size for wild Group B index fish has been upgraded and impacts are available to the treaty fishery. Allows commercial sale from platform and hook and line fishery through September 30. Allows sale of fish caught in the Klickitat River to be sold when the Klickitat River is open, through September 30. Opens the Klickitat River to commercial fishing. [Order 01-217—Filed September 27, 2001, 4:25 p.m., effective October 16, 2001, 12:01 p.m.]

Date of Adoption: September 27, 2001.

Purpose: Amend personal use rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-56-36000K; and amending WAC 220-56-360.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Test results show that adequate clams are available for harvest in Razor Clam Areas 1, 2 and those portions of Razor Clam Area 3 opened for harvest. There is insufficient time to promulgate permanent rules.

EMERGENCY RULES

EMPLOYMENT SECURITY DEPARTMENT

[Filed September 28, 2001, 2:46 p.m.]

Date of Adoption: September 25, 2001.

Purpose: Amend the regulations regarding eligibility for unemployment benefits of employees of educational institutions to make them consistent with the law as modified by the 2001 legislature. The rules define terms, clarify how the department will determine if an individual has reasonable assurance of continued employment, and further clarify how reasonable assurance will be determined for instructional, research, or principal administrative staff at community and technical colleges.

Citation of Existing Rules Affected by this Order: Amending WAC 192-210-005 and 192-210-015.

Statutory Authority for Adoption: RCW 50.12.010 and 50.12.040.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: RCW 50.44.053 was amended by the 2001 legislature. These amendments apply to weeks of unemployment that began after March 31, 2001. Rules were adopted on an emergency basis that were consistent with the new law to guide the department in making eligibility decisions during the 2001 summer term or break. Stakeholders have requested additional time to evaluate the impact of these rules on educational employees before the department adopts permanent rules. The emergency rules are extended to continue to provide the department with guidance during school breaks that occur while the permanent rules are reviewed.

AMENDATORY SECTION (Amending WSR 99-18-066, filed 8/31/99, effective 10/1/99)

WAC 192-210-005 Definitions—Educational employees. (1) **Contract.** An agreement that is binding on an educational institution to provide work and on an individual to perform services. ~~Tenure or tenure track status is considered a contract.~~

(2) **Faculty.** A teacher, counselor, librarian, or other position with similar training, experience and level of responsibility.

(3) **Full time employment.** Employment designated as full time for or at the educational institution under a collective bargaining agreement, individual hiring contract, or other agreement (including institutional policies), as provided in RCW 50.04.310(2). For faculty at public institutions, the hiring contract, agreement or institutional policy must be consistent with the provisions of RCW 28A.150.220 (kindergarten through twelfth grade), RCW 28B.50.851 (community and technical colleges), RCW 28B.35.120 (regional universities), or RCW 28B.20.130 (other colleges and universities).

(4) **Under the same terms and conditions of employment.** This includes economic conditions of employment such as wages, duration of contract, hours of work, and general nature of the work. It does not include other conditions and details such as the specific work location, duties, or assignment. The position need not be identical to the previous position to meet this test. A position would be considered to be under the same terms and conditions of employment if it is of similar type or classification, with similar pay, fringe benefits, hours of work, general type of work, and duration of employment.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending WSR 99-18-066, filed 8/31/99, effective 10/1/99)

WAC 192-210-015 How will the department decide if reasonable assurance exists?—RCW 50.44.053. (1) Reasonable assurance is a bona fide offer from an educational institution to assign an individual future work at that institution under the same terms and conditions as the individual's previous employment. It is less than a contract or written agreement, but more than a mere possibility of future employment. The department must find that continued employment for that individual is likely or probable. For instructional, research, or principal administrative staff at a community or technical college, the additional provisions of WAC 192-210-020 will be considered in determining whether the individual has reasonable assurance.

~~(2) Decisions regarding the existence of reasonable assurance will be made on an individual basis, with consideration given to contingencies that may exist in the individual case.~~

~~(3) If there is a disagreement regarding whether an individual has reasonable assurance, the institution must provide the department with documentation in support of its statement that reasonable assurance exists for that individual.~~

~~(4) Following are some, but not all, examples of the types of documentary evidence that may be provided by an institution:~~

~~(a) The terms of any contract or agreement between the individual and the educational institution, including length, contingencies, or provisions for cancellation;~~

~~(b) Whether the employer pays fringe benefits to the individual, such as health care, during periods between academic years or terms;~~

~~(c) The number of comparable positions at the institution;~~

~~(d) Projections of student enrollment, school funding, or program funding contained in the institution's budget;~~

~~(e) Any hiring priorities used by the school, such as precedence given to full-time or tenured staff or the use of seniority lists;~~

~~(f) The individual's employment history;~~

~~(g) Whether the class(es) have been consistently offered by the institution, including whether the class has been canceled due to lack of enrollment.~~

~~(5) The existence of reasonable assurance will be determined by the total weight of the evidence, rather than the existence of any one factor included in subsection (4).~~

Reviser's note: The typographical errors in the above section occurred in the copy filed by the agency and appear in the Register pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 192-210-020 Reasonable assurance for instructional, research, or principal administrative staff at a community or technical college—RCW 50.44.053(3). (1) A person who performs services in an instructional, research, or principal administrative capacity at a community or technical college is presumed not to have reasonable assurance when an offer is conditioned on enrollment, funding, or program changes.

(2) A conditional or contingent offer of employment is any offer other than an agreement that is binding on the college to provide work and on the individual to perform services.

(3) The assertion by the college that an individual has reasonable assurance of continued employment is insufficient to overcome the presumption that a conditional or contingent offer of employment does not constitute reasonable assurance unless supported by documentation explaining why reasonable assurance exists. The college bears the burden of providing the department with this documentation. Primary weight will be given to the contingent nature of the offer of employment.

(4) Whether an individual has reasonable assurance from the college will be determined on a case by case basis by the total weight of evidence, rather than the existence of any single factor.

(5) Examples of the types of evidence the department will consider in deciding whether the college has overcome the presumption that a conditional or contingent offer is not reasonable assurance include, but are not limited to, the following:

(a) The terms of the offer of employment between the individual and the college, with consideration given to any

provisions related to length, contingencies, or reasons for cancellation;

(b) The number of comparable positions at the college;

(c) Any hiring priorities used by the college;

(d) The college's past practices, including the individual's previous experience with similar offers of employment from that college, and whether any classes have been canceled due to lack of enrollment, lack of funding, or program changes.

EMERGENCY RULES

DEPARTMENT OF FISH AND WILDLIFE

[Order 01-220—Filed September 28, 2001, 4:44 p.m.]

Purpose: Amend personal use fishing rules.

Prevailing Rate of Wage

As per RCW 39.12.015, 39.12.020 and WAC 296-127-011 and as was distributed to all state and local agencies, other interested parties, and posted on the Internet on August 1, 2001, the industrial statistician has determined the statewide prevailing rates of wage. These prevailing rates of wage are effective for public works projects bid on or after August 31, 2001.

Every contractor and subcontractor on every public works project must file a Statement of Intent to Pay Prevailing Wages and an Affidavit of Wages Paid. Both forms must be filed on every project. The filing of the Affidavit of Wages Paid does not set aside the requirement to also file the Statement of Intent to Pay Prevailing Wages. The department may fine contractors \$500 for failure to file these forms.

I. Introduction

A. Background

On June 26, 2001, Governor Gary Locke signed into law 3ESSB 6151 (Chapter 12, Laws of 2001, E2). This omnibus legislation addresses four important policy issues related to the control and treatment of sexually violent predators who are civilly committed under Chapter 71.09 RCW to the Special Commitment Center (SCC). The new law:

1. Authorizes the Department of Social and Health Services (DSHS) to establish and operate a 24-bed secure community transition facility on McNeil Island for SCC residents on court-ordered conditional release from total confinement;
2. Reforms the state's sentencing structure for persons who commit serious sexual offenses;
3. Establishes procedures DSHS and local governments must follow to site additional secure community transition facilities in other areas of the state; and
4. Provides limited liability coverage for certified sex offender treatment providers meeting certain requirements.

B. Statutory Directive to DSHS to Publish Policy Guidelines

This document is in fulfillment of Section 201 (6)(b), which requires DSHS "[to consult] with the joint select committee established in section 225 of this act, [to] develop and publish policy guidelines for the siting and operation of secure community transition facilities by October 1, 2001." The law also directs counties and cities to adopt or amend as needed their local procedures and regulations "to provide for the siting of such facilities consistent with statutory requirements applicable to these facilities."

The DSHS policy guidelines are based on the new law's facility siting and operating requirements that address public safety, site security, and general site and program characteristics. In addition to requiring DSHS to publish policy guidelines, the law directs DSHS to work closely with local governments on the siting of future secure community transition facilities (SCTF). The law also requires DSHS to approve selected SCTF sites. When approving future SCTF sites, DSHS will give priority consideration to public safety and security as required by law.

C. DSHS Technical Assistance Available to Local Governments

To assist local jurisdictions in determining potential suitable sites for secure community transition facilities, DSHS is developing a geographic information system (GIS). This system will have the capacity to generate local area maps depicting available data such as:

1. Locations of most existing risk potential activities and facilities;
2. Distances between potential SCTF sites and risk potential sites;
3. The number and location of existing residential facility beds operated by the Department of Corrections or the DSHS Mental Health Division in each jurisdiction;
4. The number of registered level II and level III sex offenders in specific areas (for example, a rate per 1000 population), including those who are listed as homeless (to the extent their locations are available from the counties); and
5. The average law enforcement emergency response time of local areas (to the extent these data are available from the local jurisdictions).

The department welcomes the opportunity to work with local governments throughout this process. DSHS staff are available to provide technical support and consultation to local governments on the DSHS GIS data and the DSHS policy guidelines, and assist local governments in amending, as needed, their local comprehensive plans, development regulations, zoning codes, and conditional use permit procedures. DSHS staff contacts are listed in the appendix of this document.

II. Equitable Distribution of Secure Community Transition Facilities

The legislature requires DSHS to work with and assist local governments to provide for the equitable distribution¹ of secure community transition facilities. In the process of coordinating and deciding upon the siting of these facilities, Section 201(8) requires the counties and cities to give great weight to:

- A. The number and location of existing residential facilities operated by the Department of Corrections and the DSHS Mental Health Division in each jurisdiction in the county; and
- B. The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

III. Minimum Siting Requirements in 3ESSB 6151

In the process of siting secure community transition facilities, the law requires local governments and the DSHS guidelines to address several significant factors relating to public safety, SCTF program components, and site characteristics. The law defines some of these factors as mandatory requirements that must be met when a facility is sited. For others, however, the law allows local governments some flexibility and discretion. Sections 204, 205, and 213 of 3ESSB 6151 direct local governments to consider the DSHS guidelines and establish development regulations, ordinances, plans, laws, and criteria decisions that are consistent with statutory requirements. This section describes the statutorily mandated or minimum siting criteria that are defined and required in the law. Subsequent sections of this document contain DSHS' guidelines intended to assist local governments in the decision-making process.

A. DSHS' Approval of Selected Sites

The law requires DSHS to approve any sites selected.² DSHS will not approve any sites that do not meet all minimum requirements established in the law and included in Section III (this section) of the DSHS guidelines. As stated earlier, in approving sites, DSHS will give priority consideration to public safety and security factors.

B. Local Plans and Regulations May Not Preclude SCTF Siting

Secure community transition facilities are defined as "essential public facilities."³ As such, no local comprehensive plan or development regulation may preclude the siting of an SCTF. The siting requirements of 3ESSB 6151 are rooted in the concept of "fair share." Over time, these facilities need to be sited in all geographic areas of the state. In allowing local governments some discretion in the process of determining where to site SCTFs, the law recognizes that all jurisdictions are not equal. Differences in population density, availability of community and government resources, topography, etc., will make some areas more or less appropriate than others to be SCTF sites.

Therefore, local governments are encouraged to work together to implement comprehensive plans, ordinances, regulations, and permit procedures that meet the public safety and other requirements of the law and do not preclude siting. As stated earlier, DSHS stands ready to be of assistance to local governments.

C. Minimum Facility Size

The minimum size for any secure community transition facility is three beds.⁴

D. Public Safety Minimum Requirements

1. Proximity of SCTF to Risk Potential Activities and Facilities.

The law directs that the DSHS guidelines must not permit the location of a SCTF adjacent to, immediately across a street or parking lot from, or within the line of sight of a risk potential activity or facility in existence at the time a site is listed for consideration.⁵

The law defines "risk potential activity" or "risk potential facility" to mean "an activity or facility that provides a higher incidence of risk to the public from persons conditionally released from the special commitment center." Included in this definition⁶ are the following:

- a. Public and private schools;
- b. School bus stops;
- c. Licensed day care and licensed preschool facilities;
- d. Public parks, publicly dedicated trails, and sports fields;
- e. Recreational and community centers;
- f. Churches, synagogues, temples, and mosques; and
- g. Public libraries

See Part IV for the suggested method for measuring distances between potential SCTF locations and risk potential activities or facilities.

2. Site Security

Security systems for all secure community transition facilities must meet the following minimum qualifications⁷:

- a. The security panel must be a commercial grade panel with tamper-proof switches and a key-lock to prevent unauthorized access.
- b. There must be an emergency electrical supply system that includes a battery back-up system and a generator.
- c. The system must include personal panic devices for all staff.
- d. The security system must be capable of being monitored and signaled either by telephone through either a land or cellular telephone system or by private radio network in the event of a total dial-tone failure or through equivalent technologies.
- e. When on duty, SCTF staff must wear DSHS-issued photo-identification badges at all times.

3. SCTF Program Components

a. Treatment Providers Available

The law requires that appropriate mental health and sex offender treatment providers must be available within a reasonable commute.⁸ DSHS recognizes that the definitions of "available" and "reasonable commute" may vary from one area to another. "Availability" is measured by considering a number of factors including the qualifications of the available providers, their willingness to provide services, commute time and cost, etc.

As a rule of thumb, DSHS considers a one-hour commute time to be reasonable. However, this is an approximation. Actual commute times may vary depending upon travel routes, traffic, weather, and the norms for the area. For example, people who live in rural areas may have to travel more than an hour one-way for doctors' appointments and other services.

b. Program Staffing Requirements

Section 216 provides specific program staffing requirements for secure community transition facilities. Since these requirements do not have a direct effect on the siting of SCTFs, they are included in the appendix of this document.

4. SCTF Site Characteristics

Minimum required site characteristics include:

a. As described in Section III.D.2, a potential SCTF site must have available and reliable security monitoring services and appropriate back-up systems.⁹

b. The site or building must be available for purchase or lease for the anticipated use period.¹⁰

c. Appropriate permitting for a secure community transition facility must be possible under the zoning code of the local jurisdiction.

IV. Measuring the Distance Between Potential SCTF Sites and Existing Risk Potential Sites

The law requires the DSHS guidelines to specify how distance from the potential SCTF site and risk potential sites must be measured, including variations in that method based on the size of the SCTF property.

A. Typical Measurement Method

Distance between potential SCTF sites and existing risk sites typically should be measured "as the crow flies" in a straight line from point to point. Natural or man-made barriers, however, may exist that make this an invalid method of measurement. For example, the SCTF site and a risk potential facility are located on opposite sides of a six-lane fenced freeway. Another example may be a river or large crevasse running between the two sites. In either case, the "as the crow flies" measurement would be an inappropriate method to determine distance. The shortest reasonable distance, for example, may be the distance as measured down the street from one site and across a bridge to the other site.

B. Measurement Method for Larger Properties

It is possible that a potential SCTF site could be located on property that is significantly larger than a typical residential lot. For example, a SCTF may be located within several acres in a semi-rural area. In this case, a risk potential facility that is adjacent to or across the street from the perimeter of the SCTF property does not automatically disqualify the SCTF property from further consideration. The local jurisdiction should measure the distance "as the crow flies" between the risk potential facility and the existing or potential location of the SCTF building. Again, as in the method above, this measurement method may be modified to account for natural or man-made barriers. If the measured distance is such that it is not possible to reasonably visually distinguish and recognize individuals, then the property may be considered further.

V. Identification and Review of Potential SCTF Sites

Section 213 of the law requires DSHS to develop guidelines that "balance the average response time of emergency ser-

vices to the general area of a proposed secure community transition facility against the proximity of the proposed secure community transition facility site to risk potential activities and facilities in existence at the time the site is listed for consideration." As indicated in Part III.D.1, the statute further clarifies that this balance must:

- "Endeavor to achieve" an average law enforcement response time not greater than five minutes; and
- In no case, permit secure community transition facilities to be sited in locations that are adjacent to, immediately across a street or parking lot from, or within the line of sight of a risk potential activity or facility in existence at the time a site is listed for consideration.

To identify suitable sites¹¹ and achieve this balance, Section 204 (2)(a) requires that "counties and the cities with the county must notify each other of siting plans to promote the establishment and equitable distribution of secure community transition facilities." Therefore, it is recommended that each county and the cities within the county collaborate in this identification and review process. Some counties may find it helpful to do the work as a consortium. DSHS provides the following guidance to local jurisdictions for the identification and review process:

A. First Step: Identify Potential SCTF Site(s) and Determine the Average Law Enforcement Response Time of the Local Area(s)

The local jurisdictions should identify potential SCTF site(s) and determine which are in areas with an average law enforcement emergency response time of five minutes or less, and which are in areas with an average response time greater than five minutes. To qualify for the second-step review, sites in areas with average response time greater than five minutes must be in areas that are within a reasonable range of five minutes, or with minimal changes, could be within a reasonable range. Local jurisdictions should document in writing the mitigating circumstances that support consideration of sites in areas with average response times greater than five minutes.

B. Second Step: Perform a Qualitative Review of Potential Sites

Local jurisdictions should use the following questions to perform a qualitative review of the potential sites in areas with reasonable average response time. There may be other factors unique to the local area that local jurisdiction(s) may want to consider. If so, the local jurisdictions should document what those factors are and the justification for their consideration. The following questions are not listed in priority order:

1. Where are the existing risk potential activities or facilities located in relation to the potential SCTF site? The law requires that great weight be given to sites that are located the farthest from any risk potential activity or facility. (Refer to Part IV.B for measuring distance).
2. How many and what type of risk potential facilities exist within an area surrounding a potential SCTF site? The jurisdiction may wish to deter-

MISC.

mine this number within circles of varying distance from the potential SCTF site. For example, one circle may have a radius equal to the time it takes an average person to walk one or two miles. Other circles may be drawn representing fixed distances from the SCTF site.

3. Are there factors that make an existing risk potential facility more vulnerable than others? For example, how frequently is the facility used? Who typically uses the risk potential facility? Do children or other vulnerable persons frequent the location with little or no supervision? Do people typically frequent the site in large groups? In small groups? Individually? Is there site security available at a risk potential facility that makes it less vulnerable than others?
4. What is the topography of the potential SCTF site and/or nearby risk potential sites? Are there natural or man-made barriers (e.g., rivers, crevasses or rugged territory, fences or berms) that exist or could be constructed at reasonable cost?
5. What is the general character of the surrounding area? Is it densely populated with family residential areas nearby? Is it in an area that currently has a mixed use?
6. What are the traffic patterns and access in the surrounding area? Are there reasonably direct routes that law enforcement or other personnel can follow to respond promptly to an emergency?

C. Third Step: Address Final Review Questions

In the second and third steps, local jurisdictions may determine that some of the potential SCTF sites should be eliminated from further consideration. As a final step, local jurisdictions should review the remaining sites against the statutory requirements to balance response time and distance from risk potential facilities, consider equitable distribution factors, the availability of treatment providers, and zoning. DSHS provides the following questions for this review:

1. What is the average response time of the area(s) being reviewed? In comparing potential SCTF sites, the jurisdiction should "endeavor to achieve" a five-minute response time. Therefore, if all other factors are equal, jurisdiction(s) should give great weight to sites within areas that have relatively short response times.
2. If the area response time is greater than five minutes, what is the capacity of the local law enforcement agency to respond and secure the area in order to minimize the potential flight of an SCTF resident?
3. Are there existing correctional or mental health residential facilities in the surrounding area? How many? How many level II and level III sex offenders reside in the area?

4. What is the zoning of the area? What zoning changes, if any, would need to be made to accommodate the SCTF?
5. What is the availability of certified sex offender treatment providers and potential educational and employment opportunities in the surrounding area?

VI. Comparing and Selecting Potential SCTF Sites

DSHS will work with local jurisdictions in the process of comparing and selecting potential SCTF sites. When local jurisdictions have identified potential SCTF sites meeting the requirements, DSHS will review the local jurisdiction(s) recommendations and, as required by the law, make selections after considering the following:

- A. The jurisdiction(s) have satisfactorily addressed the issue of law enforcement emergency response time.
- B. Limited visibility can be achieved and maintained between the SCTF facility and adjacent properties before any persons are placed in the facility.
- C. There are natural barriers that exist or barriers that can be established between the SCTF site and risk potential activities or facilities that are nearby.
- D. If an existing building is to be used for the SCTF, it is suitable as is or can be feasibly modified.
- E. Electronic monitoring services that allow specific monitoring of individual residents are available in the area.
- F. Traffic and access patterns associated with property are acceptable and do not create an undue burden on the neighboring territory.
- G. It is feasible to comply with zoning requirements within the necessary time frame.
- H. The facility has sufficient capacity for at least three residents and appropriate space for staff and program operations.
- I. Contractor(s) are available to install, monitor, and repair the necessary security and alarm systems.
- J. The rental, lease, or sale terms of the SCTF property are reasonable. This includes considering the length of the rental or lease agreement and the option to renew.
- K. There is reasonable proximity to available medical, mental health, sex offender, and chemical dependency treatment providers and facilities.
- L. The location is suitable for programming, staffing, and support.
- M. There is reasonable proximity to employment, educational, vocational, and other treatment plan components.
- N. For purposes of this consideration "availability of qualified treatment providers," takes into account provider qualifications and willingness to provide services, average commute time, and cost of services.

APPENDIX

I. Staffing Requirements

Section 216 requires secure community transition facilities to meet the following minimum staffing requirements:

- A. At any time the census of a facility is six or fewer residents, the facility must maintain a minimum staffing ratio of one staff per resident during normal

waking hours and two awake staff per three residents during normal sleeping hours.

- B. At any time the census of a facility is six or fewer residents, all staff must be classified as residential rehabilitation counselor II or have a classification that indicates a higher level of skill, experience, and training.
- C. Before being assigned to a facility, all staff must have training in sex offender issues, self-defense, and crisis de-escalation skills in addition to departmental orientation and, as appropriate, management training. All staff with resident treatment or care duties must participate in ongoing in-service training.
- D. All staff must pass a DSHS check and the check is not subject to the limitations in chapter 9.96A RCW. A person who has been convicted of a felony, or any sex offense, may not be employed at the secure community transition facility or be approved as an escort for a resident of the facility.

THE WASHINGTON STATE REGISTER, published under RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper issue of the Register.

The code reviser's office has established an annual subscription price of \$195 for a Register subscription, and single copies cost \$8.00. Sales tax of 8.0% applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$210.60 (\$195 for state agencies) payable to the code reviser's office.
