**January 2007 Rules Agenda**

This report details the anticipated rule-making activities for the department of health (DOH) and the state board of health (SBOH). If you have any questions regarding this report or department of health rule-making activities, please contact Andy Fernando at (360) 236-4044. If you have any

questions regarding state board of health rule-making activities please contact Craig McLaughlin at (360) 236-4106.

This agenda is for information purposes, and dates of anticipated rule-making actions in this agenda are estimates. Any errors in this rule-making agenda do not affect the department's actual rules and rule-making notices filed with the office of the code reviser and published in the Washington state register. In addition, there may be additional DOH rule-making activities that cannot be forecasted as the department initiates rule making to implement new state laws, to meet federal requirements, or to meet unforeseen circumstances.

**Prevailing Rate of Wage**

As per RCW 39.12.015, 39.12.020 and WAC 296-127-011 and as was published on the internet on February 1, 2007, the industrial statistician has determined the statewide prevailing rates of wage. These prevailing rates of wage are effective for public works projects bid on or after March 3, 2007.

Every contractor and subcontractor on every public works project must file a statement of intent to pay prevailing wages and an affidavit of wages paid. Both forms must be filed on every project. The filing of the affidavit of wages paid does not set aside the requirement to also file the statement of intent to pay prevailing wages. The department may fine contractors \$500 for failure to file these forms.

For more information on prevailing wage or a copy of the rates please visit our web site at [www.lni.wa.gov/TradesLicensing/PrevailingWage/](http://www.lni.wa.gov/TradesLicensing/PrevailingWage/) or call (360) 902-5335.

**DEPARTMENT OF ECOLOGY**  
 [Filed February 7, 2007, 10:29 a.m.]

**PUBLIC NOTICE**

**Public Workshops and Hearings  
 to Accept Comments on the  
 Revised Industrial Stormwater General Permit**

**Revising and Reissuing the Industrial Stormwater General Permit:** The industrial stormwater NPDES and state waste discharge general permit, issued by the Washington state department of ecology (ecology) on September 20, 2002, will expire on September 20, 2007. Ecology has revised the permit and is proposing to reissue the permit on August 20, 2007. The proposed draft industrial stormwater general permit and fact sheet are available for review and public comment from February 21, 2007, to April 20, 2007. Ecology will host five informational workshops and public hearings on its proposal to reissue the industrial stormwater

general permit. Ecology will accept written or oral comments on the draft permit and fact sheet.

**Purpose of the Industrial Stormwater General Permit:** Under federal and state water quality law (Federal Clean Water Act and State Water Pollution Control Act), the discharge of wastewater, including stormwater, requires a permit. The Code of Federal Regulations Title 40, Part 122.1(b) (40 C.F.R. 122.1(b)) requires permits for the discharge of pollutants from any point source into waters of the United States. 40 CFR 122.26 (b)(14)(i) through (xi) identifies the industries required to apply for coverage under the industrial stormwater general permit. The proposed general permit addresses these legal requirements and controls the discharge of pollutants to protect surface water and ground water quality in Washington state under the authority of RCW 90.48.260. Facilities in the industrial sectors listed on the industrial stormwater general permit web site must either apply for permit coverage or a certification of "no exposure." "No exposure" means that all industrial activities are conducted under cover so that there is no reasonable probability that pollutants from industrial activities will come in contact with stormwater. The draft permit can be accessed at <http://www.ecy.wa.gov/programs/wq/stormwater/industrial/index.html>.

A general permit is like an individual wastewater discharge permit except that it addresses a group of facilities as a whole and implements the Federal Clean Water Act and State Water Pollution Control Act in a single permit. Industrial sites that receive coverage under the general permit are required to implement "best management practices" to protect water quality and comply with the terms and conditions of the permit. Currently, 1,153 industrial facilities are covered under the industrial stormwater general permit.

**Applying for the Industrial Stormwater General Permit:** Facilities covered under the existing industrial stormwater general permit must reapply for coverage using the form sent by ecology on February 2, 2007. New or unpermitted industrial facilities within sectors identified on the web site may obtain coverage under the general permit by submitting a complete permit application to ecology and satisfying all applicable public notice and State Environmental Policy Act (SEPA) requirements (WAC 173-226-200). The permit application is available online at <http://www.ecy.wa.gov/programs/wq/stormwater/industrial/index.html>.

**Requesting Copies of the Permit:** Beginning February 21, 2007, you can request copies of the proposed draft general permit and fact sheet, or you can download copies from the industrial stormwater general permit web site at <http://www.ecy.wa.gov/programs/wq/stormwater/industrial/index.html>. Contact Julie Robertson, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, phone (360) 407-6575, fax (360) 407-6426, e-mail [jrob461@ECY.WA.GOV](mailto:jrob461@ECY.WA.GOV).

**Submitting Written and Oral Comments:** Ecology will accept written and oral comments on the draft industrial stormwater general permit and fact sheet. Comments should reference specific text when possible. Comments may address the following:

- Technical issues,
- Accuracy and completeness of information,
- The scope of facilities proposed for coverage,

- Adequacy of environmental protection and permit conditions, or
- Any other concern that would result from issuance of the revised permit.

Submit written comments to Jim La Spina, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600.

Written comments must be postmarked no later than midnight, April 20, 2007.

Written comments may also be submitted by e-mail to [industrialstormwatercomments@ecy.wa.gov](mailto:industrialstormwatercomments@ecy.wa.gov).

Oral comments can be made by attending and testifying at the public hearings.

**Public Workshops/Hearings:** Public workshops and hearings on the draft general permit will be held in five locations during the public notice period. The purpose of the workshops is to explain the general permit, what has changed from the previous permit, answer questions, and facilitate meaningful testimony during the hearing. The purpose of the hearings is to provide an opportunity for people to give formal oral testimony and comments on the proposed permit.

Ecology will conduct workshops and public hearings at the following five locations. All workshops will begin at 1:30 p.m. Public hearings will begin immediately after the workshops and conclude as soon as public testimony is completed.

**Issuing the Final Industrial Stormwater General Permit:** The final permit will be issued after ecology receives and considers all public comments. If public comments represent a substantial departure from the scope or conditions in the original draft permit, another public notice of draft and public comment period may ensue.

Ecology expects to issue the general permit on August 20, 2007. It will be effective thirty days later. When issued, a copy of the notice of issuance and ecology's responses to the comments will be sent to all persons who submitted written comment or gave public testimony.

If you have special accommodation needs or require a copy of the permit and fact sheet in an alternative format, please contact Julie Robertson at (360) 407-6575. If you are a person with a speech or hearing impairment, call 711 or 800-833-6388 for TTY.

#### AGENDA

#### DEPARTMENT OF REVENUE

[Filed February 7, 2007, 11:32 a.m.]

The department of revenue's rules development agenda identifies rules under development by the department of revenue (department), and those rules for which the department anticipates initiating some rule-making action by June 30, 2007. Rules may be added or deleted as a result of resource allocation, legislation, court decisions, or changes in rule-making priorities.

The department's rule-making agenda can also be found via the department's laws and rules web site at <http://dor.wa.gov/content/laws/RuleMaking/agenda.aspx>. The information provided here will be continually updated as the department files rule-making notices or as it otherwise adds or deletes rules that it anticipates some action over the next six months.

If you would like to receive notification of the department's rule-making actions by e-mail, please visit the department's laws and rules web site at [http://dor.wa.gov/content/laws/rulemaking/participate/laws\\_subscribe.aspx](http://dor.wa.gov/content/laws/rulemaking/participate/laws_subscribe.aspx).
