Explanation of selected terms used in these tables:

"CR" stands for code reviser, or code reviser's office. The code reviser's office creates the "CR" forms used by DSHS and all state agencies to notify the public about rule-making actions.

A **"Prepropositional Notice"** is a **CR-101 Prepropositional Statement of Inquiry** filed under RCW 34.05.310. This is a preliminary notice to the public that DSHS is in the planning stages to adopt, amend or repeal rules on a particular subject, and notes the laws authorizing the agency's action. The notice also lets the public know how to participate in the development of the rule, and identifies the department's contact person.

A **"Proposed Rule"** is a **CR-102 Proposed Rule-Making** notice filed under RCW 34.05.320. The notice includes:

- (1) A description of the rules that DSHS proposes to adopt, amend or repeal, and the reasons supporting the proposal;
- (2) The date and location of a **public hearing** or hearings to take formal comments about the proposed rule; the deadline for sending written comments about the rule; and how written comments may be sent;
- (3) The laws authorizing the agency action;
- (4) The complete text of the proposed new or amended rules, or a list of rule sections being repealed;
- (5) The text of a small business economic impact statement, if applicable;
- (6) Information on how to obtain a copy of the preliminary cost-benefit analysis, if applicable; and
- (7) Agency staff that the public may contact about the proposed rules.

An **"Expedited Rule"** is a **CR-105 Expedited Rule-Making** notice, filed under RCW 34.05.353. DSHS may use

this process to notify the public that it intends to adopt, amend or repeal very limited types of rules without accepting public comments or holding a public hearing. After a minimum waiting period, DSHS may adopt the rule as permanent, if no one has objected in writing. If someone does object, the department must file a CR-102 notice, hold a public hearing and accept written comments before adopting the permanent rule.

A **"Permanent Rule"** is a **CR-103 Rule-Making Order**, filed under RCW 34.05.360 and 34.05.380. The CR-103 gives notice that the department is adopting final new, amended or repealed rules, completing the rule-making process. A CR-103 rule-making order includes the complete text of the new or amended rules, or a list of the WAC numbers and caption of rules being repealed, and an explanation of any changes to the rule made after the CR-102 notice. Agencies also may use a CR-103 notice form to adopt temporary *emergency* rules (see below).

An **"Emergency Rule"** is also a **CR-103 Rule-Making Order**, filed under RCW 34.05.350 and 34.05.380. This is a temporary rule used to meet an urgent public health, safety or welfare need, or to meet a deadline set in a law or federal requirement. Emergency rules are effective for one hundred twenty days after the filing date. Emergency rules may be extended in certain circumstances, but they may not become permanent rules unless the agency files a prepropositional notice and/or a proposed rule notice as applicable, and complies with other applicable rule-making statutes. NOTE: Emergency rules listed in these tables are only those in effect at the time this agenda was filed for publication in the Washington state register.

"Rules" as used generally in this document are the Washington Administrative Code, also known as WAC or

state regulations, which are adopted by state agencies according to the Administrative Procedure Act, chapter 34.05 RCW. References to "federal rules" or "federal regulations" are United States government regulations, also known as the Code of Federal Regulations or C.F.R.

State "Statutes" are laws adopted by the Washington state legislature and signed by the governor, or may be initiatives adopted by the state's voters, and are codified as the Revised Code of Washington (RCW), except that laws adopting annual state budgets are not codified. Recent state statutes may also be listed by their session law numbers, such as "chapter 140, Laws of 2003," or by a legislative bill number, such as "ESSB 6387." United States government statutes may be noted by their United States code number, public law number, act title, or congressional bill number.

"WSR" is the Washington state register, the legal publication of state agency rules and other notices, published twice each month by the office of [the] code reviser. Throughout this agenda, the seven-digit number following each WSR is the code reviser's official filing number assigned at the time DSHS files a rule-making notice with the code reviser. The WSR number, plus the date and time of filing, appears on the first page of each "CR" notice as filed. To view facsimiles of DSHS rule-making notices as filed with the code reviser, visit the DSHS public rule-making web site at <http://www1.dshs.wa.gov/msa/rpau/>. All DSHS rule-making notices are available to the public.

"CR" means code reviser when referring to rule-making notice forms, such as the CR-101, CR-102, CR-103, and CR-105. The office of the code reviser creates the standard rule-making forms used by all state agencies.

This agenda is for information purposes only. Errors in this rule-making agenda do not alter the content or effect of the DSHS rules and rule-making notices filed with the office of the code reviser and published in the Washington state register.

If you have questions about this rule-making agenda or the DSHS rule-making process, please contact the DSHS Rules Coordinator, P.O. Box 45850, Olympia, WA 98504-5850, by phone at (360) 664-6097. If you would like to receive DSHS rule-making notices by e-mail, please visit the DSHS rules and policies assistance unit (RPAU) web site for available electronic lists, at <http://www1.dshs.wa.gov/msa/rpau/RPAU-Listserv.htm>. If you would like to receive paper-copy notices by postal mail, please contact Stephanie Schiller, RPAU Rules Consultant, at (360) 664-6097, or by e-mail at SchilSE@dshs.wa.gov.

INTERPRETIVE STATEMENT DEPARTMENT OF REVENUE

[Filed February 28, 2007, 2:47 p.m.]

CANCELLATION OF INTERPRETIVE STATEMENTS

The department of revenue has cancelled the following excise tax advisories (ETAs).

ETA 17.04.170 Labor and services of a subcontractor. This document explains that where a taxpayer furnishing

and installing concrete forms and form supports is contractually responsible for the quality of the finished concrete work, the taxpayer is subject to the wholesaling B&O tax as a subcontractor and is not in the business of "furnishing scaffolding." There is no need for this document.

ETA 46.04.170 Joint venture agreement: A prime contract or a subcontract. This document states a series of facts and concludes that a joint venture existed. However, the ETA does not state the criteria for determining if a joint venture exists. Numerous determinations have addressed the criteria to be treated as a joint venture. See, e.g.: Det. No. 87-93, 2 WTD 411, 416 (1987); Det. No. 88-14, 5 WTD 19, 24 (1988); Det. No. 88-155, 5 WTD 179 (1988); Det. No. 90-108, 9 WTD 231 (1990); Det. No. 98-8, 17 WTD 236 (1998); Det. No. 98-214, 19 WTD 201 (2000); and Det. No. 05-0304, 26 WTD 021, (2006).

ETA 82.04.105 Contractor distinguished from an employee. This document addresses whether a contract logger is an employee or a contractor working on a cost plus contract. The ETA cites outdated language from a previous version of WAC 458-20-105 Employees distinguished from persons engaging in business, as the basis for finding that the contract logger was an independent contractor. The information in current WAC 458-20-105 provides more complete guidance for determining whether a person is an independent contractor or employee.

ETA 84.08.190 Capehart construction contracts. This document explains that amounts a taxpayer received from a Capehart construction contract with a private corporation are subject to retail sales tax, noting that this position was affirmed by *Murray v. State*, 62 Wn.2d 619, 384 P.2d 337 (1963). This issue is adequately addressed in Det. 01-129, 21 WTD 031.

ETA 131.04.170 Construction company as agent for owner. This document addresses a situation where a taxpayer was hired to perform all construction work the owner might request over a three-year period. The owner deposited monies into special accounts, from which the taxpayer alone was authorized to make withdrawals to purchase materials and labor. The ETA explains that amounts paid by the owner to the taxpayer were a retail sale under RCW 82.04.050 (definition of "retail sale"), and only those amounts for purchases of materials and subcontract labor in the name of and for the account of the owner were excludable from tax. While the result of the ETA may be correct, it does not recognize or address RCW 82.04.051 ("services in respect to" constructing).

ETA 141.04.109 Finance reserve credits and gross income of the business. This document explains that amounts a vendor receives from a financial institution for arranging financing in connection with the vendor's sales is subject to service B&O tax. This issue is adequately addressed in Det. No. 90-205, 11 WTD 55 (1990).

ETA 163.04.08.107/247/250 Core deposits and credits - parts returned to wholesalers. This document explains the tax treatment of core deposits and credits involving automobile parts such as starters. This subject is fully addressed in WAC 458-20-272 Tire fee—Core deposits or credits.

ETA 216.08.113 Chemicals and other articles used in purifying water. This document explains that chlorine and

other chemicals added to water and that become a component of the product sold may be purchased without payment of tax, citing RCW 82.04.050 (definition of "retail sale"). It also explains that purchases of filters and screens are subject to sales tax. This document is not needed.

ETA 345.16.180 Agricultural commodities hauling classified within motor transportation business. This document explains that a person transporting agricultural commodities by motor vehicle is subject to the public utility tax (in this case the motor transportation classification). This document is not needed.

ETA 347.16.180 Federal government contractors hauling out-of-state goods. This document explains that income received by persons hauling United States mail between points within the state is subject to the public utility, while income for hauling mail across Washington's state lines is exempt. This information is both not needed and incomplete. There is nothing unique about the taxation of for-hire motor carriers hauling mail versus any other property. WAC 458-20-179 Public utility tax and ETA 2006.16.179 Taxability of air transportation and other activities performed with aircraft, both explain that federal law exempts from state taxation the transportation of mail by air.

ETA 486.04.172 Moving a structure (bridge) as a retail sale. This document states that a bridge is a structure, and charges for moving an existing structure (in this case a bridge) is a retail sale under RCW 82.04.050 (2)(d). This document is not needed.

ETA 488.04.172/105 Conditions under which a contractor-owner relationship exists. This document addresses the situation where a contractor and an owner enter into an agreement to transfer employees from the contractor to the owner during the period of construction, and when the construction was completed transfer the employees back to the contractor. The ETA explains that it is the department's position to examine the conduct of the parties and the agreement between them to determine whether an employer-employee relationship exists. In this case, the department held that the amounts paid to the employees were part of the measure of tax for the construction project. While the conclusion is correct, the ETA doesn't consider the employer-employee relationship criteria of *City of Tacoma v. William Rogers Co.*, 148 Wn.2d 169, 178, 60 P.3d 79 (2002), nor those stated in WAC 458-20-105.

ETA 490.04.170/111 Interest on construction loan taxable as part of contract price. This document explains that amounts [amounts] received by a contractor that are attributable to interest the contractor owes on a construction loan must be included in the measure of tax for the construction activity. The interest expense is a part of the contractor's cost of business. Such amounts are excluded from the measure of tax only if they meet the requirements of WAC 458-20-111 Advances and reimbursements. This document is not needed.

Copies of the cancelled documents are available via the internet at <http://www.dor.wa.gov/content/laws/eta/eta.aspx>, or a request for copies may be directed to Roseanna Hodson, Interpretations and Technical Advice Division, P.O. Box

47453, Olympia, WA 98504-7453, phone (360) 570-6119, fax (360) 586-5543.

Final Multiyear PBT Chemical Action Plan Schedule

The department of ecology's solid waste and financial assistance program is making available the final multiyear PBT [PBT] chemical action plan (CAP) schedule, which was prepared in accordance with the persistent bioaccumulative toxins (PBT) regulation (WAC 173-333-410). The document identifies the PBTs for which ecology will develop CAPs, a rationale for ecology's selections, and the timeline for development through 2010.

A copy of the document can be accessed at <http://www.ecy.wa.gov/programs/eap/pbt/rule/>.

Paper copies, which will be sent by regular mail, can be requested from Mike Gallagher, PBT Coordinator, Solid Waste and Financial Assistance Program, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, phone (360) 407-6868, fax (360) 407-6102, e-mail MGAL461@ecy.wa.gov.
