FINAL NOTICE OF CHANGES TO
STATE OF WASHINGTON
NURSING FACILITY MEDICAID PAYMENT
RATE METHODOLOGY

The 2008 state legislature has passed changes to the method for determining facility-specific, per resident day medicaid payment rates for nursing facility care in Washington. Unless otherwise indicated the changes are effective July 1, 2008. This notice includes a justification, description, and estimated rate impact of the changes.

These changes were the subject of a notice published in Issue 08-15 of the Washington state register, distributed on August 6, 2008. No comments were received in response to the notice.

JUSTIFICATION

The changes are mandated by the 2008 Washington state legislature in chapter 255, Laws of 2008; chapter 263, Laws of 2008; and chapter 329, Laws of 2008, the state Operating Budget Supplemental Appropriations Act.

NEW RATES AND PROPOSED CHANGES
TO RATE METHODOLOGY

In combination with a variety of other factors, including changes in the allowed costs of care, the methodological

changes are estimated to result in a statewide average nursing facility medicaid payment rate of \$159.34 per resident day, at a maximum, for state fiscal year 2008, running from July 1, 2007, to June 30, 2008, and \$165.04 for state fiscal year 2009, running from July 1, 2008, to June 30, 2009.

Chapter 255, Laws of 2008, amends the law concerning certificates of capital authorization, or CCAs. A CCA is required for all new or replacement building construction, or for major renovation projects, receiving a Certificate of Need (CoN) or CoN exemption from the state department of health, before the expense of such construction or renovation is reflected in the medicaid rate paid to the nursing facility's contractor. Projects that do not exceed the expenditure minimum set under RCW 70.38.025 - currently, two million dollars - do not require a CoN or CoN exemption, and consequently do not require a CCA. The amendment gives the following priority to CCA applications: First, renovation or replacement of existing facilities that incorporates innovative building designs that create more home-like settings; second, renovations of existing facilities; third, replacements of existing facilities; and fourth, new facilities. Within each of the first three categories, priority shall be given to facilities with the greatest length of time since the last major renovation or construction. Within the priorities listed above, applications that do not receive approval in one state fiscal year because that year's authorization limit has been reached shall have priority the following fiscal year if the applications are resubmitted. Chapter 255 was effective June 12, 2008.

Chapter 263, Laws of 2008, clarifies how the "budget dial" provided by RCW 74.46.421 shall be applied in an instance where a final order or judgment would result in an increase to a nursing facility's payment rate for a prior state fiscal year or years, and where that increase would result in the statewide weighted average payment rate set by the legislature for all facilities for such fiscal year or years being exceeded. In such case, the department shall increase the nursing facility's payment rate to meet the final order or judgment only to the extent that it does not result in the statewide weighted average payment rate for all facilities being exceeded.

Chapter 263 clarifies that, effective July 1, 2007, component rate allocations for direct care shall be based on actual patient days regardless of whether a facility has converted banked beds to active service.

Chapter 263 also clarifies that, in determining the median cost limits for the therapy care, support services, and operations component rates, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted costs per adjusted resident day. The effective date of chapter 263 was June 12, 2008; however, the law contains a statement of legislative intent that it clarifies the enactment of chapter 8, Laws of 2001 1st sp. sess. and is curative, remedial, and retrospectively applicable to July 1, 1998.

Chapter 329, Laws of 2008, the State Operating Budget Supplemental Appropriations Act, amended the statewide average nursing facility medicaid payment rates for state fiscal years 2008 and 2009, as noted above. Additionally, it provided for a low-wage worker add-on to the medicaid nursing facility payment rate, beginning July 1, 2008. The low-

wage worker add-on shall not exceed \$1.57 per resident day per facility, for those facilities electing to receive the add-on.

Prevailing Rate of Wage

As per RCW 39.12.015, 39.12.020 and WAC 296-127-011 and as was published on the internet on August 1, 2008, and were effective August 31, 2008, the industrial statistician has determined the statewide prevailing rates of wage. These prevailing rates of wage are effective for public works projects bid on or after August 31, 2008. On November 14, 2008, the industrial statistician made corrections to these rates. The corrected rates will be effective on December 14, 2008, thirty days from the date of correction.

Every contractor and subcontractor on every public works project must file a statement of intent to pay prevailing wages and an affidavit of wages paid. Both forms must be filed on every project. The filing of the affidavit of wages paid does not set aside the requirement to also file the statement of intent to pay prevailing wages. The department may fine contractors \$500 for failure to file these forms.

For more information on prevailing wage or a copy of the rates please visit our web site at www.lni.wa.gov/TradesLicensing/PrevailingWage/ or call (360) 902-5335.

The corrected rates are as follows:

Suspension of Marketing Order Rules Pertaining to Assessments for the Washington State Fryer Commission January 1, 2009 through June 30, 2009

The chairman of the Washington fryer commission (WFC), in a letter dated November 24, 2008, requested a suspension of the marketing order rules pertaining to the collection of assessments upon all fryers, roasters and broilers under the age of six months as described in WAC 16-512-040 (1) and (2). I have reviewed the chairman's request, as well as the minutes of the WFC board meeting of October 22, 2008, where the proposed suspension was discussed and voted on by the WFC. Based on this documentation, I have decided to approve the requested suspension.

RCW 15.66.093, in pertinent part, allows the director of the department of agriculture "upon the request of a commodity commission and without compliance with RCW 15.66.070 through 15.66.090, [to] suspend the commission's order or term or provision thereof for a period not to exceed one year, if the director finds that the suspension will tend to effectuate the declared policy of this chapter."

I have determined that suspending the collection of assessments will effectuate a stated policy of chapter 15.66 RCW. **I am, therefore, suspending the collection of assessments by the Washington fryer commission for an additional period of six months, effective January 1, 2009, and ending June 30, 2009. Assessment collections would resume July 1, 2009.**

Even though a public hearing process is not required under RCW 15.66.093, I ask that notice of this action be published in the Washington state register.

Reviser's note: The brackets and enclosed material in the text of the above section occurred in the copy filed by the agency and appear in the Register pursuant to the requirements of RCW 34.08.040.

WHEREAS, extensive flooding in western and central Washington as well as high winds in southern Washington occurred from November 3-12, 2008, threatening citizens and property of Washington State; and

Numerous rivers were at or over flood stage and have caused extensive damage to state and county road systems in Grays Harbor, King, Kittitas, Mason, Pierce, Skagit, Snohomish, Wahkiakum, Whatcom, and Yakima Counties and has resulted in damage from flooding, rockslides, and landslides; the estimated cost to correct the road system damage is over \$16,000,000 and growing, requiring the approval of Washington's Secretary of Transportation to commence work to repair, remove and replace the affected roadways; and emergency conditions may warrant closure of affected roadways and implementation of emergency procurement procedures; and

The Washington State Department of Transportation and county Public Works departments continue to assess the magnitude of this event, and coordinate resources to repair, remove and replace the affected roadways to alleviate the immediate impacts upon the infrastructure; and

The Washington State Military Department continues to monitor the situation through the State Emergency Operations Center in support of the Washington State Department of Transportation, in addition to implemented response procedures, and coordinating resources to support local officials in alleviating the immediate social and economic impacts to people, property, and infrastructure, and assessing the magnitude of the event.

NOW, THEREFORE, I, Christine O. Gregoire, Governor of the State of Washington, as a result of the above noted situation and under Chapters 38.52, and 43.06 RCW, do hereby proclaim that a State of Emergency exists in Grays Harbor, King, Kittitas, Mason, Pierce, Skagit, Snohomish, Wahkiakum, Whatcom, and Yakima Counties and direct the plans and procedures to the *Washington State Comprehensive Emergency Management Plan* be implemented. State agencies and departments are directed to utilize state resources and to do everything reasonably possible to assist affected political subdivisions in an effort to respond to and recover from the event. Additionally, the Washington State Military Department, Emergency Management Division is instructed to coordinate all event-related assistance to the affected areas.

Signed and sealed with the official seal of the state of Washington this 26th day of November, A.D, Two Thousand and Eight at Olympia, Washington.
