Subject: 2011 change to the Washington minimum wage.

Effective Date: November 5, 2010.

As per RCW 39.12.015, 39.12.020 and WAC 296-127-011 and as was published on the internet on August 2, 2010, the industrial statistician has determined the statewide prevailing rates of wage. These prevailing rates of wage are effective for public works projects bid on or after September 1, 2010. On October 15, 2010, the industrial statistician and director of labor and industries made a correction to these rates. The corrected rates become effective in thirty days on November 14, 2010, per WAC 296-127-011.

This wage rate correction affects the trades construction site surveyors in several counties.

Every contractor and subcontractor on every public works project must file a statement of intent to pay prevailing wages and an affidavit of wages paid. Both forms must be filed on every project. The filing of the affidavit of wages paid does not set aside the requirement to also file the statement of intent to pay prevailing wages. The department may fine contractors \$500 for failure to file these forms.

For more information on prevailing wage or a copy of the rates please visit our web site at [www.lni.wa.gov/TradesLicensing/PrevailingWage/](http://www.lni.wa.gov/TradesLicensing/PrevailingWage/) or call (360) 902-5335.

Following are details to this correction.

Washington State Prevailing Wage

The PREVAILING WAGES listed here include both the hourly wage rate and the hourly rate of fringe benefits. On public works projects, worker's wage and benefit rates must add to not less than this total. A brief description of overtime calculation requirements are provided on the benefit code key.

**Wage rates for construction site surveyors (see "surveyors" in the trade list) have been corrected as the result of a wage-and-hour survey in several counties.**

Changes to the journey level wages also impact apprentice wages. Use the apprentice wage rates lookup page.

DEPARTMENT OF ECOLOGY

[Filed November 17, 2010, 9:51 a.m.]

PUBLIC NOTICE

Announcing the Issuance of the New Construction Stormwater General Permit

New Construction Stormwater General Permit Issued: The Washington state department of ecology (ecology) will issue the 2010 construction stormwater general permit (general permit) on December 1, 2010. The Environmental Protection Agency (EPA) delegated authority to ecology for this general permit under the national pollutant discharge elimination system (NPDES) of the Clean Water Act.

Purpose of the construction stormwater general permit: Coverage under the general permit authorizes the discharge of stormwater and certain categories of nonstormwater associated with construction activity. The general permit limits the discharge of pollutants to surface waters under the authority of the Federal Water Pollution Control Act (U.S.C.S. 1251), and limits the discharge of pollutants to surface and ground water under the authority of chapter 90.48 RCW. The general permit covers all areas of Washington state, except for federal and most tribal lands.

Public Notice Process and Comments: Ecology hosted five informational workshops and public hearings and accepted written and oral comments on the draft permit, fact sheet, and notice of intent (application) from July 21, 2010, to September 10, 2010. Ecology also held a second public comment period from October 7 through November 8, 2010, for a draft antidegradation plan, which was in response to public comment on the permit. Ecology's response to comments and other permit documents may be downloaded at http://www.ecy.wa.gov/programs/wq/stormwater/construction/index.html. You may request a copy of any of the documents from Julie Robertson at (360) 407-6575, or e-mail at julie.robertson@ecy.wa.gov.

Your Right to Appeal the Construction Stormwater General Permit: You have a right to appeal the content of the 2010 construction stormwater general permit to the pollution control hearings board (PCHB) within thirty days of the date of receipt of your coverage letter. The appeal process is governed by chapters 43.21B RCW and 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal you must do the following within thirty days of the date of receipt of your coverage letter:

- File your appeal and a copy of the coverage letter with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
• Serve a copy of your appeal and the permit coverage letter on ecology in paper form - by mail or in person. (See addresses below.) E-mail is not accepted.

You must also comply with other applicable requirements in chapters 43.21B RCW and 371-08 WAC.
