(Washington Apple Health)  
 [Filed March 6, 2014, 3:53 p.m.]

Subject of Possible Rule Making: New sections in chapter 182-550 WAC, Hospital services, for hospital safety net assessments; and other rules as appropriate.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 41.05.021, chapter 74.60 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The health care authority (HCA) is implementing a safety net assessment on certain Washington hospitals. HCA will use the assessment solely to augment funding from all other sources and thereby obtain additional funds to restore recent reductions and to support additional payments to hospitals for medicaid services. The hospital safety net assessment and hospital safety net assessment fund will allow the state to generate additional federal financial participation for the medicaid program and provide for increased reimbursement to hospitals. During the course of this review, HCA may identify additional changes that are required in order to improve clarity or update policy.

Process for Developing New Rule: HCA welcomes the public to take part in developing this rule. If interested, contact the person identified below to receive an early rule draft to review. After the early review, HCA will send a notice of proposed rule making (CR-102) to everyone receiving this notice and anyone who requests a copy.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Jason Crabbe, P.O. Box 42716, Olympia, WA 98504-2716, phone (360) 725-1346, fax (360) 586-9727, TTY 1-800-848-5429, e-mail jason.crabbe@hca.wa.gov.

Subject of Possible Rule Making: WAC 182-550-2800 Payment methods and limits—Inpatient hospital services for medicaid and SCHIP clients, 182-550-3350 Outlier costs, 182-550-3600 Diagnosis-related group (DRG) payment—Hospital transfers, 182-550-3700 DRG high-cost and low-cost outliers, and new system DRG and per diem high outliers, 182-550-4500 Payment method—Ratio of costs-to-charges (RCC), 182-550-4800 Hospital payment methods—State administered programs, and other rules as appropriate.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 41.05.021, chapter 74.60 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Revising the outlier rules is an integral part of updating inpatient hospital payment rates to reflect changes in hospital industry practices and state medicaid payment policies as requested by the legislature.

The update called "rebasin" is completed by a consultant hired by the state of Washington in coordination with stakeholders including hospitals, the Washington State Hospital Association, office of financial management, legislative staff and others.

During the course of this review, the health care authority (HCA) may identify additional changes that are required in order to improve clarity or update policy.

Process for Developing New Rule: HCA welcomes the public to take part in developing the rules. Anyone interested should contact the staff person identified below. At a later date, HCA will file a notice of proposed rule making (CR-102) with the office of the code reviser. A copy of the proposal will be sent to everyone on the mailing list and to anyone who requests a copy.

##### PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF LICENSING

[Filed March 10, 2014, 9:24 a.m.]

Subject of Possible Rule Making: Motor vehicle dealer rebate advertising.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 46.70.160, 46.70.180.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The Washington state new car vehicle industry has requested a change to the existing rebate advertising rules to prohibit rebate offers from being subtracted from the vehicle offering price, unless generally available to the public. The change is expected to provide the new car buying public a more accurate way of comparing advertising prices between dealers.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Office of attorney general.

Rebate advertising complaints will be reviewed by the department of licensing (DOL) with possible enforcement coordination with the office of the attorney general, consumer protection division.

Process for Developing New Rule: Negotiated rule making, DOL has been working with the office of attorney general, consumer protection division, and Washington State Auto Dealer Association in developing the rule change.

##### PREPROPOSAL STATEMENT OF INQUIRY FOREST PRACTICES BOARD

[Filed March 10, 2014, 3:14 p.m.]

Subject of Possible Rule Making: Forest road maintenance.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 76.09.040.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The forest practices road maintenance rules in chapter 222-24 WAC currently do not address situations where landowners are suddenly faced with a large amount of road maintenance responsibility in a given drainage or road system. This could be due to an unusual storm event, or the acquisition of forest land with extensive road maintenance problems. It could apply to roads with completed road work under existing road maintenance and abandonment plans (RMAP), and to roads that were never covered under an RMAP.

The forest practices board is considering rule making to clarify that the department of natural resources (DNR) may combine the enforcement procedures under chapter 222-46 WAC, with cooperative agreements authorizing landowners to schedule maintenance according to the relative potential for damage to public resources. Such a rule would be in keeping with the policy stated in WAC 222-46-010 to encourage practical, result-oriented resolution of actions needed to prevent damage to public resources, and clarify that DNR may work with landowners to ensure feasible means to accomplish road maintenance necessary to protect public resources.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The forest practices board's rules pertaining to water quality protection must be in agreement with the director of the department of ecology or the director's designee on the board (RCW 76.09.040). Board staff will include one or more designees from the state department of ecology in the rule development process.

Process for Developing New Rule: The board will request input from interested stakeholders to develop rule language.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by mailing, faxing, or e-mailing comments to Patricia Anderson, Forest Practices Board, Rules Coordinator, DNR, Forest Practices Division, 1111 Washington Street S.E., 3rd Floor, P.O. Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 28B.50.2401.

(Securities Division)

[Filed March 13, 2014, 1:08 p.m.]

Subject of Possible Rule Making: The division is commencing the rule-making process to adopt rules for crowdfunding for small business capital as required under ESHB 2023. The public is welcome to submit comments to be considered by the division in the drafting of rules to be proposed at a later date.

Statutes Authorizing the Agency to Adopt Rules on this Subject: ESHB 2023; RCW 21.20.450.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The division is required to adopt rules under ESHB 2023 to establish filing requirements under the new crowdfunding exemption, to establish filing and transaction fees, and to adopt any other rules necessary to implement the bill.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The federal Securities and Exchange Commission regulates the offer and sale of securities under the Securities Act of 1933. The crowdfunding exemption established by ESHB [2023] is designed to coordinate with a federal exemption from securities registration for purely intrastate offers and sales of securities. Thus, the exemption established in the bill already addresses coordination issues.

Process for Developing New Rule: The securities division is soliciting comments from interested persons and will adopt rules only after the consideration of public comments.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Faith Anderson, Esq., Chief of Registration, Department of Financial Institutions, Securities Division, P.O. Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 48.02.060 and 48.43.715.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The Patient Protection and Affordable Care Act (ACA) established federal standards for the EHB that must be offered by nongrandfathered individual and small group health plans. The ACA also prohibits exclusion or limitations on benefits on the basis of a preexisting condition or other discriminatory bases.

Under this rule making, the commissioner will review the waiting period for transplant services, supplies, and treatment currently permitted as an optional limitation under the state's rules implementing the EHB in WAC 284-43-878 to ensure conformance with applicable federal law for plan years on or after January 1, 2015.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None. Subject of Possible Rule Making: 1. Total instructional hour requirements.

2. High school graduation requirements.

3. Private schools approval process.

Statutes Authorizing the Agency to Adopt Rules on this Subject: 1. RCW 28A.305.140.

2. RCW 28A.230.090.

3. RCW 28A.195.010 and 28A.195.040.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: 1. WAC 180-16-200 refers to instructional hour requirements under RCW 28A.150.220(2) which, upon enactment of E2SSB 6552, will need to be amended to reflect current law and provide clarity to school districts on compliance.

2. E2SSB 6552, when signed into law, will require the state board of education (SBE) to adopt rules implementing the twenty-four credit graduation requirement adopted by the board in 2010, and revised in January 2014, and to enact, amend or repeal other provisions as directed or required by this legislation.

3. WAC 180-90-130, 180-90-139, 180-90-145 and 180-90-160, refer to the process and timeline for board approval of private schools. These rules need to be amended to clarify the process and adjust the timeline to assure compliance with RCW 28A.195.010. Alternatively, the board may propose to repeal one or both chapters of the private school rules (chapters 180-55 and 180-90 WAC) and adopt new rules if determined more appropriate after a comprehensive review of these laws.
