DEPARTMENT OF
FINANCIAL INSTITUTIONS
 (Securities Division)

[Filed May 13, 2014, 9:57 a.m.]

Notice of Repeal of Securities Act Policy Statement No. 4

As a result of a change in federal law in May 2007 regarding the types of securities that qualify as covered securities under Section 18 (b)(1) of the Securities Act of 1933, the majority of registrations of offerings using Securities and Exchange Commission Form S-3 ("S-3 filings") are no longer required to be registered at the state level. Those S-3 filings that require registration at the state level are subject to relatively low eligibility standards. Based on our review of the three S-3 filings received since the May 2007 change in law, we have determined that full review is appropriate in the interest of investor protection. For example, these offerings provided minimal disclosure to investors, lacked independent directors, and had significant financial concerns.

For these reasons, the department of financial institutions hereby repeals Securities Act Policy Statement No. 4 – Registrations on Form S-3.

Please contact Dan Matthews by phone (360) 902-8785, fax (360) 704-6496, or e-mail dmatthews@dfi.wa.gov with questions.

INTERPRETIVE STATEMENT
DEPARTMENT OF REVENUE

[Filed May 19, 2014, 1:16 p.m.]

INTERPRETIVE STATEMENT ISSUED

The department of revenue has issued the following excise tax advisory (ETA): **ETA 3043.2014 *Low-Density Light and Power Utility Deduction***.

The department of revenue has revised ETA 3043. This ETA explains the public utility tax deduction provided by RCW 82.16.053 to qualifying power and light businesses.

RCW 82.16.053 requires that the department determine the state average electric power rate each year and inform taxpayers of this rate. This rate is used by the power and light businesses to compute the amount of the deduction. The revised ETA 3043 updates the information to provide the rate to be used for the period of July 2014 through June 2015.

DEPARTMENT OF ECOLOGY

[Filed May 21, 2014, 11:18 a.m.]

PUBLIC NOTICE

Announcing Washington State Department of Ecology's Intent to Develop a Winery General Permit

Purpose of the Permit: The department of ecology is proposing to write a general permit for wastewater discharges from wineries. The permit will protect water quality by requiring wineries to implement protective wastewater management practices. Some potential adverse impacts include degradation of groundwater through overapplication of untreated winery wastewater. In addition, for discharges to municipal wastewater treatment plants, the high strength and fluctuating discharge rate of a winery may upset treatment plant operations.

We are requesting comments regarding the appropriateness for ecology to develop a permit for this activity. This comment period ends **July 4, 2014**. Please direct comments to Chelsea Desforges, Washington State Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, phone (360) 407-6435, e-mail Chelsea.desforges@ecy.wa.gov.

Permit Development and Public Notice Process: In the event ecology moves forward with development, ecology is targeting the spring of 2015 as the permit effective date. All persons interested in the permit process may request to be placed on the winery listserv to receive notices of the draft and final permit. To sign up for the listserv visit <http://listserv.wa.gov/cgi-bin/wa?A0=ECY-WINERY-PERMIT>. Please select subscribe or unsubscribe in the right-hand column under options.

If you have questions about the permit, please contact Chelsea Desforges.

NOTICE

Title or Subject: Medicaid State Plan Amendment (SPA) 14-0027 Detox and Residential Treatment Rates.

Effective Date: June 5, 2014.

Description: Washington is submitting medicaid SPA 14-0027 in order to protect access to fee-for-service chemical dependency detoxification and adult residential treatment services. The state has determined that the rates for chemical dependency detoxification and residential services are inadequate to maintain the capacity necessary to provide these critical services. Without this change, the state anticipates that the number of providers will materially decrease and that medicaid clients will not have adequate access to detoxification and residential treatment services. The new rates are to be published with an effective date of June 5, 2014.
