Date of Intended Adoption: July 16, 2014.

Assistance for Persons with Disabilities: Contact Karen McCall by July 9, 2014, (360) 664-1631.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The responsible vendor program (RVP) is currently only offered to spirits retail licensees. This program offers increased training to employees in the sale of alcohol resulting in more responsible alcohol sales.

Reasons Supporting Proposal: We currently offer the RVP only to spirits retailers. More than sixty-five percent of the spirits retailers have joined the program. Retailers participating in the program produced the highest compliance rates at 94.5 percent. During fiscal year 2013, off-premises beer and wine retailers produced the lowest compliance rates at seventy-nine percent. Extending the RVP to off-premises beer and wine retailers will increase public safety through responsible alcohol sales.

Statutory Authority for Adoption: RCW 66.08.030.

Statute Being Implemented: RCW 66.24.360 and 66.24.371.

To apply for a responsible vendor certificate, the licensee must have no public safety violations within the last two years and must complete and submit a board-provided application form. Board staff will review the application for completeness, and will:

(a) Certify the completed application clearly indicates the licensee has all program standards in place and send a certificate to the licensee; or

If a licensee has a certified responsible vendor program having all program standards in place, the board will impose the standard penalty detailed in WAC 314-29-020 through 314-29-040 for that violation. Any subsequent violation involving spirits within any period of twelve calendar months will be double the standard penalties. Regardless of the type of alcohol sold; beer, wine, or spirits, WAC 314-29-020 through 314-29-040 are applicable.

PROPOSED RULES
BOARD FOR VOLUNTEER
FIREFIGHTERS AND RESERVE OFFICERS

[Filed June 2, 2014, 10:31 a.m.]

Original Notice.

Chapter 491-05 WAC

BILLING PROCEDURES

Preproposal statement of inquiry was filed as WSR 14-05-027.

Title of Rule and Other Identifying Information: Chapter 491-05 WAC, Billing procedures.

Hearing Location(s): 605 11th Avenue S.E., Suite #207, Olympia, WA 98501, on October 10, 2014, at 3:00 p.m.

Date of Intended Adoption: October 10, 2014.

Submit Written Comments to: Brigitte K. Smith, P.O. Box 114, Olympia, WA 98507, or in person at 605 11th Avenue S.E., Suite #112, Olympia, WA 98501, e-mail bridgettes@bvff.wa.gov, fax (360) 586-1987, by September 26, 2014.

Assistance for Persons with Disabilities: Contact Brigitte K. Smith by September 26, 2014, TTY (360) 753-7318 or (877) 753-7518.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: This rule is necessary to lay out a procedure for providers and claimants to receive payment for services and materials provided to participants. These rules will more closely match those rules already adopted by labor and industries, which will make it easier for providers and claimants to understand the process for receiving payment.

Reasons Supporting Proposal: Other agencies that pay claims have WACs or RCWs outlining the procedures for submitting for payment of services and materials provided to participants. By adopting a WAC to closely match the rules already in place for labor and industries, it makes it easier for providers to understand and it makes it easier for our staff to audit, since the tables that we use for auditing claims are only maintained as online reference by labor and industries as required by their WAC.

Statutory Authority for Adoption: RCW 41.24.290(2).

Statute Being Implemented: Chapter 491-04 WAC.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: Board for volunteer firefighters and reserve officers, governmental.

Name of Agency Personnel Responsible for Drafting and Implementation: Brigitte K. Smith, 605 11th Avenue S.E., Suite #112, Olympia, WA 98501, (360) 753-7318; and Enforcement: State Board for Volunteer Firefighters and Reserve Officers, 605 11th Avenue S.E., Suite #112, Olympia, WA 98501, (360) 753-7318.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule will not affect small businesses because they already have to prepare billings and it should save time because it will bring our billing procedures more in line with labor and industries.

A cost-benefit analysis is not required under RCW 34.05.328. The board's proposed WAC is not a significant rule of the specified governmental departments, nor is it a rule that adopts, by incorporation or reference, federal or state statutes or rules from other state agencies. It is a rule that relates to only internal governmental operations that are not subject to violation by a nongovernmental part [party], thus negating the requirement.

Date of Intended Adoption: Not earlier than July 23, 2014.

Submit Written Comments to: DSHS Rules Coordinator, P.O. Box 45850, Olympia, WA 98504, e-mail DSHSRPAURulesCoordinator@dshs.wa.gov, fax (360) 664-6185, by 5 p.m. on July 22, 2014.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The community services division is proposing amendments via the regular rule-making process to the above referenced fourteen WACs. The department is proposing amendments to remove medical references, support the creation of the housing and essential needs (HEN) referral program, and remove references to the Alcohol and Drug Addiction Treatment and Support Act (ADATSA).

Reasons Supporting Proposal: Proposed amendments are currently in effect via emergency adoption (WSR 14-10-042 filed on April 30, 2014). WAC 388-406-0055 and 388-450-0162 that are in effect via the emergency filing, are not included in this rule filing as they are part of other permanent rule filings.

2E2SHB 1738, Laws of 2011, designated the health care authority (HCA) as the single state agency responsible for the administration and supervision of Washington's medical assistance programs. HCA recodified medical assistance program rules to Title 182 WAC. Accordingly, the department must eliminate corresponding rules and medical references under Title 388 WAC. Proposed amendments also support the creation of the new HEN referral program created under SHB 2069 and to remove references related to ADATSA. The legislature did not appropriate funds for ADATSA in the new biennium budget. ADATSA-related medical care services recipients will be medicaid eligible under the Affordable Care Act effective January 1, 2014. Additional amendments spell out the acronym, ABD, identifying it as the aged, blind, or disabled program.

Statutory Authority for Adoption: SHB 2069, Laws of 2013; 2E2SHB 1738, chapter 15, Laws of 2011; the 2013 biennial budget and RCW 74.04.005, 74.04.050, 74.04.055, 74.04.057, 74.08.090, 74.08A.100, 74.04.770, 74.62.030, 41.05.021, 74.09.035, and 74.09.530.

Statute Being Implemented: SHB 2069, Laws of 2013; 2E2SHB 1738, chapter 15, Laws of 2011; the 2013 biennial budget.

Rule is not necessitated by federal law, federal or state court decision.

A cost-benefit analysis is not required under RCW 34.05.328. RULES OF STUDENT CONDUCT

NEW SECTION

WAC 132J-126-010 Purpose. (1) Green River Community College, an agency of the state of Washington, provides a variety of educational opportunities for students; namely the opportunities to examine the academic, vocational, technical, cultural, social, and recreational aspects of society. Green River Community College as an institution of society must maintain conditions conducive to the effective performance of its functions. Consequently, Green River Community College has special expectations regarding the conduct of students. Student conduct that detracts from, or interferes with, the accomplishment of college purposes is not acceptable.

(2) The student is a member of the community at large, and as such has the rights and responsibilities of any citizen. In addition, admission to Green River Community College carries with it the presumption that students will conduct

themselves as responsible members of the college community. This includes an expectation that students will obey the law, will comply with rules and regulations of the college, will maintain a high standard of integrity and honesty, and will respect the rights, privileges, and property of other members of the college community.

(3) The following rules regarding the conduct of students are adopted in order to provide students a full understanding of the rules that will enable the college to maintain conditions conducive to the effective performance of the college's functions. Sanctions for violations of the rules of student conduct will be administered by the college in the manner provided by said rules. When violation(s) of laws of the state of Washington and/or the United States are also involved, the college may refer such matters to the appropriate authorities. In cases of minors, this conduct may also be referred to parents or legal guardians.

(4) The office of judicial programs, under the leadership of the vice-president of student affairs, maintains and administers the student code of conduct for Green River Community College. The office of judicial programs and Green River Community College strive to engage our students to become civic minded citizens who positively contribute to society and achieve their educational goals. The office of judicial programs seeks to educate students as to their rights, responsibilities, and expectations as members of Green River Community College while providing a fair and educational process through which alleged violations of the code of conduct are adjudicated.

NEW SECTION

WAC 132J-126-020 Statement of jurisdiction. The student conduct code shall apply to student conduct that occurs on college premises, to conduct that occurs at or in connection with college sponsored activities, or to off-campus conduct that, in the judgment of the college, adversely affects the college community or the pursuit of its objectives. Jurisdiction extends to, but is not limited to, locations in which students are engaged in official college activities including, but not limited to, foreign or domestic travel, activities funded by the associated students, athletic events, training internships, cooperative and distance education, online education, practicums, supervised work experiences or any other college-sanctioned social or club activities. Another person's exact words are quoted;

Another person's idea, opinion or theory is used through paraphrase; and

Facts, statistics, or other illustrative materials are borrowed.

In order to complete academically honest work, students should:

Acknowledge all sources according to the method of citation preferred by the instructor;

Write as much as possible from one's own understanding of the materials and in one's own voice;

Ask an authority on the subject, such as the instructor who assigned the work; and

Seek help from academic student services such as the library and/or writing center.

(2) **Definition of plagiarism.** Plagiarism is defined as using others' original ideas in your written or spoken work without giving proper credit.

Ideas include, but are not limited to:

Facts;

Opinions;

Images;

Statistics;

Equations;

Hypotheses;

Theories.

Plagiarism can occur in two ways: Intentional and unintentional.

Ways that intentional plagiarism occur include, but are not limited to:

Turning in someone else's work as your own;

Copying words or ideas from someone else without giving credit;

Failing to put a quotation in quotation marks;

Giving incorrect information about the source of a quotation;

Changing words but copying the sentence structure of a source without giving credit;

Copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not.

Unintentional plagiarism may occur when a student has tried in good faith to document their academic work but fails to do so accurately and/or thoroughly. Unintentional plagiarism may also occur when a student has not had course work covering plagiarism and documentation and is therefore unprepared for college academic writing or speaking.

(3) **Definition of cheating.** Cheating is defined as intentional deception in producing or creating academic work. Cheating includes, but is not limited to:

Intentional plagiarism;

Selling or giving your own completed work to others who intend to turn it in as their own;

Referring to devices, materials or sources not authorized by the instructor;

Receiving assistance from another person when not authorized by the instructor;

Providing assistance to another person when not authorized by the instructor;

Taking an examination for another person;

Obtaining or attempting to obtain another person to take one's own examination;

Falsifying laboratory results or copying another person's laboratory results; and

Falsifying or attempting to falsify the record of one's grades or evaluation.

(21) **Sexual violence.** The term "sexual violence" incorporates the definition of "sexual harassment" and means a physical sexual act perpetrated without clear, knowing, and voluntary consent, such as committing a sexual act against a person's will, exceeding the scope of consent, or where the

person is incapable of giving consent, including rape, sexual assault, sexual battery, sexual coercion, sexual exploitation, gender- or sex-based stalking. The term further includes acts of dating or domestic violence. A person may be incapable of giving consent by reason of age, threat or intimidation, lack of opportunity to object, disability, drug or alcohol consumption, or other cause.

NEW SECTION

WAC 132J-126-150 Violation of law and college discipline. (1) College disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this student code (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this student code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the vice-president of student affairs or designee. Determinations made or sanctions imposed under this student code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of college rules were dismissed, reduced, or resolved in favor of, or against the criminal law defendant.

(2) When a student is charged by federal, state, or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under the student code, the college may advise off-campus authorities of the existence of the student code and of how such matters are typically handled within the college community. The college will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the college community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

NEW SECTION

If that officer is the subject of a complaint initiated by the respondent, the president shall, upon request and when feasible, designate another person to fulfill any such disciplinary responsibilities relative to the complainant.

(2) The student conduct officer shall initiate disciplinary action by serving the respondent with written notice directing him or her to attend a disciplinary meeting. The notice shall briefly describe the factual allegations, the provision(s) of the conduct code the respondent is alleged to have violated, the range of possible sanctions for the alleged violation(s), and specify the time and location of the meeting. At the meeting, the student conduct officer will present the allegations to the respondent and the respondent shall be afforded an opportunity to explain what took place. If the respondent fails to attend the meeting the student conduct officer may take disciplinary action based upon the available information.

(3) Within ten days of the initial disciplinary meeting, and after considering the evidence in the case, including any facts or argument presented by the respondent, the student conduct officer shall serve the respondent with a written decision setting forth the facts and conclusions supporting his or her decision, the specific student conduct code provisions found to have been violated, the discipline imposed, if any, and a notice of any appeal rights with an explanation of the consequences of failing to file a timely appeal.

(4) The student conduct officer may take any of the following disciplinary actions:

The respondent may appeal a disciplinary action by filing a written notice of appeal with the conduct review officer within twenty-one days of service of the student conduct officer's decision. Failure to timely file a notice of appeal constitutes a waiver of the right to appeal and the student conduct officer's decision shall be deemed final.

(1) The notice of appeal must include a brief statement explaining why the respondent is seeking review.

(2) The parties to an appeal shall be the respondent and the conduct review officer.

(3) A respondent, who timely appeals a disciplinary action or whose case is referred to the student conduct committee, has a right to a prompt, fair, and impartial hearing as provided for in these procedures.

(4) On appeal, the college bears the burden of establishing the evidentiary facts underlying the imposition of a disciplinary sanction by a preponderance of the evidence.

(5) Imposition of disciplinary action for violation of the student conduct code shall be stayed pending appeal, unless respondent has been summarily suspended.

(6) The student conduct committee shall hear appeals from:

(a) The imposition of disciplinary suspensions in excess of ten instructional days;

(b) Dismissals; and

(c) Discipline cases referred to the committee by the student conduct officer, the conduct review officer, or the president.

(7) Student conduct appeals from the imposition of the following disciplinary sanctions shall be reviewed through a brief adjudicative proceeding:

opportunity to be informed of the agency's view of the matter; and (b) an opportunity to explain the party's view of the matter.

(3) The conduct review officer shall serve an initial decision upon both the parties within ten days of consideration of the appeal. The initial decision shall contain a brief written statement of the reasons for the decision and information about how to seek administrative review of the initial decision. If no request for review is filed within twenty-one days of service of the initial decision, the initial decision shall be deemed the final decision.

(4) If the conduct review officer upon review determines that the respondent's conduct may warrant imposition of a disciplinary suspension of more than ten instructional days or expulsion, the matter shall be referred to the student conduct committee for a disciplinary hearing.

NEW SECTION

WAC 132J-126-210 Brief adjudicative proceedings—Review of an initial decision. (1) An initial decision is subject to review by the president, provided the respondent files a written request for review with the conduct review officer within twenty-one days of service of the initial decision.

(2) The president shall not participate in any case in which he or she is a complainant or witness, or in which they have direct or personal interest, prejudice, or bias, or in which they have acted previously in an advisory capacity.

(3) During the review, the president shall give each party an opportunity to file written responses explaining their view of the matter and shall make any inquiries necessary to ascertain whether the sanctions should be modified or whether the proceedings should be referred to the student conduct committee for a formal adjudicative hearing.

(4) The decision on review must be in writing and must include a brief statement of the reasons for the decision and must be served on the parties within twenty days of the initial decision or of the request for review, whichever is later. The decision on review will contain a notice that judicial review may be available. A request for review may be deemed to have been denied if the president does not make a disposition of the matter within twenty days after the request is submitted.

(5) If the president upon review determines that the respondent's conduct may warrant imposition of a disciplinary suspension of more than ten instructional days or expulsion, the matter shall be referred to the student conduct committee for a disciplinary hearing.

NEW SECTION

- (c) One administrative staff member (other than an administrator serving as a student conduct or conduct review

officer) appointed by the president at the beginning of the academic year.

(2) The administrative staff member shall serve as the chair of the committee and may take action on preliminary hearing matters prior to convening the committee. The chair shall receive annual training on protecting victims and promoting accountability in cases involving allegations of sexual misconduct.

(3) Hearings may be heard by a quorum of three members of the committee so long as one faculty member and one student are included on the hearing panel. Committee action may be taken upon a majority vote of all committee members attending the hearing.

(4) Members of the student conduct committee shall not participate in any case in which they are a party, complainant, or witness, in which they have direct or personal interest, prejudice, or bias, or in which they have acted previously in an advisory capacity. NEW SECTION

WAC 132J-126-230 Appeal—Student conduct committee. (1) Proceedings of the student conduct committee shall be governed by the Administrative Procedure Act, chapter 34.05 RCW, and by the Model Rules of Procedure, chapter 10-08 WAC. To the extent there is a conflict between these rules and chapter 10-08 WAC, these rules shall control.

(2) The student conduct committee chair shall serve all parties with written notice of the hearing not less than seven days in advance of the hearing date, as further specified in RCW 34.05.434 and WAC 10-08-040 and 10-08-045. The chair may shorten this notice period if both parties agree, and also may continue the hearing to a later time for good cause shown.

(3) The committee chair is authorized to conduct prehearing conferences and/or to make prehearing decisions concerning the extent and form of any discovery, issuance of protective decisions, and similar procedural matters.

(4) Upon request filed at least five days before the hearing by any party or at the direction of the committee chair, the parties shall exchange, no later than the third day prior to the hearing, lists of potential witnesses and copies of potential exhibits that they reasonably expect to present to the committee. Failure to participate in good faith in such a requested exchange may be cause for exclusion from the hearing of any witness or exhibit not disclosed, absent a showing of good cause for such failure.

(5) The committee chair may provide to the committee members in advance of the hearing copies of (a) the conduct officer's notification of imposition of discipline (or referral to the committee); and (b) the notice of appeal (or any response to referral) by the respondent. If doing so, however, the chair should remind the members that these "pleadings" are not evidence of any facts they may allege.

(6) The parties may agree before the hearing to designate specific exhibits as admissible without objection and, if they do so, whether the committee chair may provide copies of these admissible exhibits to the committee members before the hearing.

(7) The student conduct officer, upon request, shall provide reasonable assistance to the respondent in obtaining relevant and admissible evidence that is within the college's control.

(8) Communications between committee members and other hearing participants regarding any issue in the proceeding, other than procedural communications that are necessary to maintain an orderly process, are generally prohibited without notice and opportunity for all parties to participate, and any improper "ex parte" communication shall be placed on the record, as further provided in RCW 34.05.455.

(9) Each party may be accompanied at the hearing by a nonattorney assistant of his/her choice. A respondent may elect to be represented by an attorney at his or her own cost, but will be deemed to have waived that right unless, at least four business days before the hearing, written notice of the attorney's identity and participation is filed with the committee chair with a copy to the student conduct officer. The committee will ordinarily be advised by an assistant attorney general. If the respondent is represented by an attorney, the student conduct officer may also be represented by a second, appropriately screened assistant attorney general.

(5)(a) The conduct review officer shall conduct a hearing on the summary suspension as soon as practicable after imposition of the summary suspension. The hearing will be conducted as a brief adjudicative proceeding.

(c) The respondent shall be afforded an opportunity to explain why summary suspension should not be continued while disciplinary proceedings are pending or why the summary suspension should be less restrictive in scope.

(d) If the student fails to appear at the designated hearing time, the conduct review officer may order that the summary suspension remain in place pending the conclusion of the disciplinary proceedings.

(e) As soon as practicable following the hearing, the conduct review officer shall issue a written decision which shall include a brief explanation for any decision continuing and/or modifying the summary suspension and notice of any right to appeal.

Both the respondent and the complainant in cases involving allegations of sexual misconduct shall be provided the same procedural rights to participate in student discipline matters, including the right to participate in the initial disciplinary decision-making process and to appeal any disciplinary decision.

Application of the following procedures is limited to student conduct code proceedings involving allegations of sexual misconduct by a student. In such cases, these procedures shall supplement the student disciplinary procedures in WAC 132J-126-180 through 132J-126-270. In the event of conflict between the sexual misconduct procedures and the student disciplinary procedures, the sexual misconduct procedures shall prevail.

NEW SECTION

NEW SECTION

WAC 132J-126-300 Supplemental complaint process. The following supplemental procedures shall apply with respect to complaints or other reports of alleged sexual misconduct by a student:

duct by a student. Investigations will be completed in a timely manner and the results of the investigation shall be referred to the student conduct officer for disciplinary action.

(2) Informal dispute resolution shall not be used to resolve sexual misconduct complaints without written permission from both the complainant and the respondent. If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time. In no event shall mediation be used to resolve complaints involving allegations of sexual violence.

(3) College personnel will honor requests to keep sexual misconduct complaints confidential to the extent this can be done without unreasonably risking the health, safety, and welfare of the complainant or other members of the college community or compromising the college's duty to investigate and process sexual harassment and sexual violence complaints.

(4) The student conduct officer, prior to initiating disciplinary action, will make a reasonable effort to contact the complainant to discuss the results of the investigation and possible disciplinary sanctions and/or conditions, if any, that may be imposed upon the respondent if the allegations of sexual misconduct are found to have merit.

(5) The student conduct officer, on the same date that a disciplinary decision is served on the respondent, will serve a written notice informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including disciplinary suspension or dismissal of the respondent. The notice will also inform the complainant of his or her appeal rights. If protective sanctions and/or conditions are imposed, the student conduct officer shall make a reasonable effort to contact the complainant to ensure that prompt notice of the protective disciplinary sanctions and/or conditions.

NEW SECTION

WAC 132J-126-310 Supplemental appeal rights. (1)

The following actions by the student conduct officer may be appealed by the complainant:

(2) A complainant may appeal a disciplinary decision by filing a notice of appeal with the conduct review officer within twenty-one days of service of the notice of the discipline decision provided for in WAC 132J-126-300. The notice of appeal may include a written statement setting forth the grounds of appeal. Failure to file a timely notice of appeal constitutes a waiver of this right and the disciplinary decision shall be deemed final.

(3) If the respondent timely appeals a decision imposing discipline for a sexual misconduct violation, the college shall notify the complainant of the appeal and provide the complainant an opportunity to intervene as a party to the appeal.

(4) Except as otherwise specified in this supplemental procedure, a complainant who timely appeals a disciplinary

decision or who intervenes as a party to a respondent's appeal of a disciplinary decision shall be afforded the same procedural rights as are afforded the respondent.

(5) An appeal by a complainant from the following disciplinary actions involving allegations of sexual misconduct against a student shall be handled as a brief adjudicative proceeding:

(a) Exoneration and dismissal of the proceedings;
 (b) A disciplinary warning;

(7) In proceedings before the student conduct committee, respondent and complainant shall have the right to be accompanied by a nonattorney assistant of their choosing during the appeal process. The complainant may choose to be represented at the hearing by an attorney at his or her own expense, but will be deemed to have waived that right unless, at least four business days before the hearing, he or she files a written notice of the attorney's identity and participation with the committee chair, and with copies to the respondent and the student conduct officer.

(8) In proceedings before the student conduct committee, complainant and respondent shall not directly question or cross examine one another. All questions shall be directed to the committee chair, who will act as an intermediary and pose questions on the parties' behalf.

(9) Student conduct hearings involving sexual misconduct allegations shall be closed to the public, unless respondent and complainant both waive this requirement in writing and request that the hearing be open to the public. Complainant, respondent, and their respective nonattorney assistants and/or attorneys may attend portions of the hearing where argument, testimony and/or evidence are presented to the student conduct committee.

(10) The chair of the student conduct committee, on the same date as the initial decision is served on the respondent, will serve a written notice upon the complainant informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including suspension or dismissal of the respondent. The notice will also inform the complainant of his or her appeal rights.

(11) Complainant may appeal the student conduct committee's initial decision to the president subject to the same procedures and deadlines applicable to other parties.

(12) The president, on the same date that the final decision is served upon the respondent, shall serve a written notice informing the complainant of the final decision. [Filed June 4, 2014, 11:20 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 14-07-109.

Title of Rule and Other Identifying Information: Amend-ing WAC 180-16-200 Total instructional hour requirement, 180-51-066 Minimum requirements for high school graduation—Students entering ninth grade on or after July 1, 2009, through June 30, 2012, 180-51-067 Minimum requirements for high school graduation—Students entering ninth grade on or after July 1, 2012, and 180-90-160 (Private schools) Minimum standards and certificate form; and new sections WAC 180-51-068 State subject and credit requirements for high school graduation—Students entering the ninth grade on or after July 1, 2015, and 180-18-100 District waiver from requirement on access to CTE course equivalencies.

Hearing Location(s): Educational Service District 101, 4202 South Regal, Spokane, WA, on July 9, 2014, at 1:00 p.m.

Date of Intended Adoption: July 10, 2014.

Submit Written Comments to: Jack Archer, Old Capitol Building, Room 253, 600 Washington Street S.E., P.O. Box 47206, Olympia, WA 98504, e-mail sbe@sbe.wa.gov, fax (360) 586-2357, by July 3, 2014.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The purpose of the proposed rules is to implement chapter 217, Laws of 2014 (E2SSB 6552). This legislation requires the state board of education (SBE) to adopt rules to implement the high school graduation requirements adopted under board resolution in November 2010 and January 2014, to take effect, with certain specified modifications, with the graduating class of 2019. The SBE must also amend a current rule to implement provisions of chapter 217, Laws of 2014, concerning instructional hour offerings for the minimum program of basic education, and a new rule to implement provisions of the act concerning career and technical education (CTE) course equivalencies.

Reasons Supporting Proposal: The proposal is necessary to implement 2104 [2014] legislation. The SBE is directed by section 202 (1)(d)(i) of E2SSB 6552, 2014 session, to adopt rules to implement the high school graduation requirements adopted by resolution of the board in November 2010 and January 2014, with certain modifications. Section 202 (1)(c) prohibits the SBE from requiring students to complete a culminating project for high school graduation, effective with the graduating class of 2015. To meet these requirements the SBE must both amend prior and existing WACs on high school graduation requirements and adopt a new WAC to implement the new graduation requirements. The SBE has also identified the need for rule making on the provisions of section 202 for district waivers from the new graduation requirements for up to two years, on waivers by districts of up to two credits for individual students on grounds of individual circumstances, on the provision of section 201 changing the instructional hour requirements for basic education in RCW 28A.150.220, and on the provision of sections 103(3) and 104 authorizing certain districts to apply for a waiver from the SBE of the provision of section 103 requiring districts to offer at least one CTE course that is considered equivalent to a mathematics or science course by the office of superintendent of public instruction.

Statutory Authority for Adoption: RCW 28A.305.130, 28A.230.090.

Statute Being Implemented: RCW 28A.230.090 and section 2, chapter 203, Laws of 2011, as amended by chapter 217, Laws of 2014.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: SBE, governmental.

Name of Agency Personnel Responsible for Drafting: Jack Archer, Old Capitol Building, 600 Washington Street S.E., Olympia, WA; and **Implementation and Enforcement:**

(b) Three **mathematics** credits that align with the high school mathematics standards as developed and revised by the office of superintendent of public instruction and satisfy the requirements set forth below:

(B) The student's parent(s)/guardian(s) (or designee for the student if a parent or guardian is unavailable) agree that the third credit of mathematics elected is a more appropriate course selection than algebra 2 or integrated mathematics III because it will better serve the student's education and career goals;

(C) A meeting is held with the student, the parent(s)/guardian(s) (or designee for the student if a parent or guardian is unavailable), and a high school representative for the purpose of discussing the student's high school and beyond plan and advising the student of the requirements for credit bearing two- and four-year college level mathematics courses; and

be defined locally. Assessment shall include the tenth grade Washington assessment of student learning beginning 2010.

(d) Two and one-half **social studies** credits that at minimum align with the state's essential academic learning requirements in civics, economics, geography, history, and social studies skills at grade ten and/or above plus content that is determined by the district. The assessment of achieved competence in this subject area is to be determined by the local district although state law requires districts to have "assessments or other strategies" in social studies at the high school level by 2008-09. In addition, districts shall require students to complete a classroom-based assessment in civics in the eleventh or twelfth grade also by 2008-09. The state superintendent's office has developed classroom-based assessment models for districts to use (RCW 28A.230.095). The social studies requirement shall consist of the following mandatory courses or equivalencies:

(i) One credit shall be required in United States history and government which shall include study of the Constitution of the United States. No other course content may be substituted as an equivalency for this requirement.

(ii) Under the provisions of RCW 28A.230.170 and 28A.230.090, one-half credit shall be required in Washington state history and government which shall include study of the Constitution of the state of Washington and is encouraged to include information on the culture, history, and government of the American Indian people who were the first inhabitants of the state.

(A) For purposes of the Washington state history and government requirement only, the term "secondary student" shall mean a student who is in one of the grades seven through twelve. If a district offers this course in the seventh or eighth grade, it can still count towards the state history and government graduation requirement. However, the course should only count as a high school credit if the academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors (RCW 28A.230.090 (4)).

(B) The study of the United States and Washington state Constitutions shall not be waived, but may be fulfilled through an alternative learning experience approved by the local school principal under written district policy.

(C) Secondary school students who have completed and passed a state history and government course of study in another state may have the Washington state history and government requirement waived by their principal. The study of the United States and Washington state Constitutions required under RCW 28A.230.170 shall not be waived, but may be fulfilled through an alternative learning experience approved by the school principal under a written district policy.

(D) After completion of the tenth grade and prior to commencement of the eleventh grade, eleventh and twelfth grade students who transfer from another state, and who have or will have earned two credits in social studies at graduation, may have the Washington state history requirement waived

by their principal if without such a waiver they will not be able to graduate with their class.

(iii) One credit shall be required in contemporary world history, geography, and problems. Courses in economics, sociology, civics, political science, international relations, or related courses with emphasis on current problems may be accepted as equivalencies.

(e) Two **health and fitness** credits that at minimum align with current essential academic learning requirements at grade ten and/or above plus content that is determined by the local school district. The assessment of achieved competence in this subject area is to be determined by the local district although state law requires districts to have "assessments or other strategies" in health and fitness at the high school level by 2008-09. The state superintendent's office has developed classroom-based assessment models for districts to use (RCW 28A.230.095).

(i) The fitness portion of the requirement shall be met by course work in fitness education. The content of fitness courses shall be determined locally under WAC 180-51-025. Suggested fitness course outlines shall be developed by the office of the superintendent of public instruction. Students may be excused from the physical portion of the fitness requirement under RCW 28A.230.050. Such excused students shall be required to substitute equivalency credits in accordance with policies of boards of directors of districts, including demonstration of the knowledge portion of the fitness requirement.

(ii) "Directed athletics" shall be interpreted to include community-based organized athletics.

(f) One **arts** credit that at minimum is aligned with current essential academic learning requirements at grade ten and/or above plus content that is determined by the local school district. The assessment of achieved competence in this subject area is to be determined by the local district although state law requires districts to have "assessments or other strategies" in arts at the high school level by 2008-09. The state superintendent's office has developed classroom-based assessment models for districts to use (RCW 28A.230.-095). The essential content in this subject area may be satisfied in the visual or performing arts.

(g) One credit in **occupational education**. "Occupational education" means credits resulting from a series of learning experiences designed to assist the student to acquire and demonstrate competency of skills under student learning goal four and which skills are required for success in current and emerging occupations. At a minimum, these competencies shall align with the definition of an exploratory course as proposed or adopted in the career and technical education program standards of the office of the superintendent of public instruction. The assessment of achieved competence in this subject area is determined at the local district level.

(h) Five and one-half electives: Study in a world language other than English or study in a world culture may satisfy any or all of the required electives. The assessment of achieved competence in these subject areas is determined at the local district level.

(i) Each student entering ninth grade before July 1, 2010, and graduating before 2015 shall complete a culminating project for graduation. The project shall consist of the student

demonstrating both their learning competencies and preparations related to learning goals three and four. Each district shall define the process to implement this graduation requirement, including assessment criteria, in written district policy.

(j) Each student shall have a high school and beyond plan for their high school experience, including what they expect to do the year following graduation.

(k) Each student shall attain a certificate of academic achievement or certificate of individual achievement. The tenth grade Washington assessment of student learning and Washington alternate assessment system shall determine attainment.

(2) State board of education approved private schools under RCW 28A.305.130(5) may, but are not required to, align their curriculums with the state learning goals under RCW 28A.150.210 or the essential academic learning requirements under RCW 28A.655.070.

WAC 314-23-075 What are "family plans" and are they allowed? (1) A "family plan" is a discount plan offered to a retailer by a distributor which allows the retailer to receive a lower price for the distributor's products, but the retailer is required to purchase a specific or minimum quantity or type of a product or products from an industry member including a percentage of their spirits back-bar, well-drinks, wine by the glass or any combination of these in order to receive the discount.

(2) Volume discounts that provide different volume pricing between on-premises licensed retailers and off-premises licensed retailers is allowed as long as there are no sales below cost. This business practice is referred to as "channeling."

NEW SECTION

WAC 314-23-085 What type of discounts are not allowed? The following types of discounts are not allowed. Please note that this list is representative and not inclusive of all practices that are not allowed:

(1) **Volume discounts that violate local, state, or federal laws.**

(2) **Discounts on purchases beyond the day of purchase period.** Prices must be based on the spirits or wine delivered in a single shipment or single invoice.

(3) **Discounts on a combined order that is delivered to multiple licensed sites.** Volume discounts may only be provided based on combined orders by one or more licensees to the "central warehouse" or a single location to which the order is delivered. The delivery of product to multiple sites cannot be used in determining the volume discount for a combined order.

- Manufacturers must not dictate purchasing requirements to distributors, such as quantities and mix of products that must be purchased; and
- Any denial by a manufacturer to sell to a distributor must be detailed and provided in writing to the distributor with a copy provided to the commission.

The distributor representative states in his petition that there are licensed distributors who are unable to purchase bingo and pull-tab products from manufacturers.

Small Business Economic Impact Statement

Rules Package: WAC 230-16-003 Availability of bingo and pull-tab products and equipment.

John Lowmon has petitioned to amend the rule to require licensed manufacturers of bingo and pull-tab products and equipment to make their products and equipment available to all distributors for the same price and terms. Mr. Lowmon states in his petition there are licensed distributors unable to purchase bingo and pull-tab products from manufacturers.

The proposed new rule also provides:

- Absent an established line of credit with terms, all bingo and pull-tab products and equipment must be provided on a cash basis; and
- Manufacturers must not dictate purchasing requirements to distributors, such as quantities and mix of products that must be purchased; and
- Any denial by a manufacturer to sell to a distributor must be detailed and provided in writing to the distributor with a copy provided to the commission.

Notification and Involvement of Small Businesses: Licensees impacted by this proposal were notified of the petitioner's proposed changes on March 4, 2014, through the Washington State Register, WSR 14-06-092, direct notification, providing information to publications likely to be

obtained by small businesses, and posting on the agency web site.

Letters were sent to licensed manufacturers and distributors and a trade association asking for feedback and response to five questions:

(1) What kinds of additional professional services will you need to comply with the proposed rule(s)?

(2) Is there an increased cost in equipment, supplies, labor or administrative costs to comply with the proposed rule(s)?

(3) Will complying with the proposed rule(s) cause your business to lose sales or revenues?

(4) Do you have an estimate for the number of jobs created or lost as a result of complying with the rule(s)?

(5) About how many employees do you have?

As of May 30, 2014, commission staff received twenty-three letters or e-mails supporting the proposal (nineteen were form letters), five letters or e-mails opposing the proposal, and one letter from a person who was neutral.

Summary of letters supporting the petition:

- The petitioner, John Lowmon, distributed form letters asking for support for the rule change. The form letter stated:
 1. Major pull-tab manufacturers are intentionally discriminating against Washington state pull-tab distributors by blocking access to their product lines without cause.
 2. This is an intentional and willful attempt to force some distributors out of business.
 3. This is wrong and blocks businesses and nonprofit organizations from access to the variety of products they want for their customers and could ultimately force them to deal with distributors they may not wish to do business with.
 4. Many business owners and nonprofit organizations are directly affected when they cannot get the available product to their customers and members due solely to discriminatory acts by these same manufacturers.
- It is only fair all licensed distributors can buy product licensed by the state because it is a state regulated product. Should be able to buy product just like other distributors. Arrow International has a monopoly on the market, and they decline product to certain manufacturers. The rule will put the market back on a level playing field. All licensed manufacturers should have to sell product to all licensed distributors. It's not a fair market when my competition can get product I can't.
- Arrow International said they would not sell to me because of a credit issue, and they have said this for ten years; it's false and defamatory. Arrow has discriminated and slandered my company for ten years.
- Testified several years ago opposing deregulation of the pull-tab industry and everything I predicted that would happen with deregulation has happened: Number of distributors has been reduced by more than fifty percent; predatory pricing by some distributors occurs regularly; manufacturers have greater control of whom and under what terms they sell product to.

Summary of letters opposing the petition:

- A distributor said he's been licensed since 1972. He was very concerned about potential negative impact and testified in the past in opposition to changing the rules. Nine years later since deregulating the Washington state gambling commission (WSGC) oversight of the credit and pricing rules, his concerns "turned out to be unfounded as I have experienced no negative impact to my business." His company has six employees and in response to the questions about the small business economic impact, he cannot predict what may happen if the rule change is adopted. He has witnessed the "detailed investigation and exhaustive public debate the WSGC has committed to this subject in previous years," and wonders "why we are still being asked to comment on this issue, now for the fourth time in nine years, since the original discussion." Enough time and energy has been spent on this subject and "I would prefer the rules be maintained as they are currently written."
- The proposal is bad business. "What smart businessperson would continue to sell to someone who owes him/her money? What smart businessperson would charge the same price to a customer that buys 10,000 items as he/she charges another person that buys just 1 of the same item?" The proposal will hurt manufacturers, bingo players and the charities, organizations and taverns relying on our products. Will require manufacturer to sue or write-off outstanding debt owed. Manufacturer's reputation and brand value would be seriously hurt because it is the manufacturer's name and logo players see on the product, not the distributor's. A bad distributor can tarnish a manufacturer's name and reputation, and choosing who it does business with, helps prevent that. By working with a select few distributors, a manufacturer can better handle inventory needs for a more efficient and cheaper business operation. Requiring a manufacturer to sell to every distributor in the state will cause more paperwork and administrative costs handling and coordinating returns.
- The proposed rule is a "throw-back to an earlier time, but without the safeguards that existed during that earlier time." Nothing has happened in the past seven years that "would make restrictions on the business relationship between a bingo and/or pull-tab manufacturer and distributor a part of the Commission's core mission." The proposal is similar to previous proposals brought forward in 2006 and 2007 and is unfair and unworkable. There is no rational basis for singling out bingo and pull-tab manufacturers for regulation, but leaving other manufacturers and distributors free to set their own prices and terms. The proposal should be rejected by the commission for all the same reasons the rule was repealed in 2005, and similar proposals were rejected in 2006 and 2007. If the commission adopts the proposal, it must reinstate the rules prohibiting extension of credit between manufacturers and distributors for over sixty days, and allow a manufacturer to refuse to sell to any distributor delinquent on its account.
- Forcing manufacturers to sell to every distributor is beyond the scope of the gambling commission's duties.

Manufacturers and distributors should do whatever legal business practices are required to ensure the viability of their business. WSGC would need additional staff to police the changes, the agency already is facing budget issues, and the agency has reviewed this issue several times and realized they should not regulate commerce.

Commission staff discussed the petitioner's proposal during study sessions in March, April and May 2014. Comments were solicited at the open public meeting(s) of the gambling commission in April and May 2014. About four persons testified to support the proposed rule change at the April and May 2014 commission meetings, and about three persons testified in opposition to the proposal.

May 2014 Commission Meeting:

Persons testifying in support:

- The petitioner, John Lowmon, said as a distributor, he wasn't given access to certain products.
- Another distributor said he wanted to encourage adherence to the spirit of the rule if it passed.

Persons testifying in opposition:

- A manufacturer said the commission needed to decide whether it wanted to regulate business practices. Has seen the industry shrink nationwide, not just in Washington. Seems a few distributors are in a bad position and it is a capital intensive business. They've invested in certain distributors and should get to choose who represents their product.

April 2014 Commission Meeting:

Persons testifying in support:

- The petitioner, John Lowmon, said he's concerned about pull-tabs, not as concerned about bingo paper, and the problem is one licensee in Washington. If there is a state ID stamp on the product, then the commission should be involved with this.
- A distributor said his sister owned the company since 1972. He joined the company about two years ago. When Gasperetti's started, they did over \$6 million in business a year. They started being "punished" in July 2012 and they have lost half of their sales since then. If Gasperetti's closes, nineteen employees will lose their jobs and there'll be impacts on several other businesses.
- A distributor said she's been in the industry for thirty-five years. Worked for Mr. Ed's for twenty-five years. She's been dealing with this issue for ten years. She was told at one point they stopped sales due to her credit worthiness. She discussed issues she's had about a bad check and some history related to that. She said she feels the gambling commission, attorney general's office, and Arrow have made this bad debt follow her even though she was not the owner of the company that issued the bad check.

Persons testifying in opposition:

- Manager of a manufacturing plant in Lynnwood said he has been involved in the business since 1983. If distributors will be representing their brand, they should have some say in who does. Doesn't believe these types of

business relationships are part of the commission's business. Doesn't see the harm done.

- A distributor/manufacturer said the rules were taken out because it was a regulatory nightmare for the gambling commission and for distributors.
- Thinks it has been fine without the rules. The commission's role is to make sure that gambling is safe for the public. This rule proposal is not related to this.

1. Describe the reporting, recordkeeping and other compliance requirements of the proposed rule:

(1) Manufacturers shall make all bingo and pull-tab products and equipment available to all distributors for the same price and terms. Credit terms are between the manufacturer [manufacturer] and distributor and are not to be monitored by the commission.

(2) Absent an established line of credit with terms, all bingo and pull tab products and equipment must be provided on a cash basis.

(3) Manufacturers shall not dictate purchasing requirements to distributors; such the quantity of items and product mix to be purchased.

(4) Any denial by a manufacture [manufacturer] to sell to a distributor must be detailed and provided in writing to the distributor with and reported to the commission.

2. Describe the kinds of professional services a small business is likely to need to comply: We do not expect there will be any professional services needed to comply with this rule. We have not received feedback from the industry about needing professional services to comply with the petitioner's proposal from persons supporting and opposing the petition, however, one distributor said additional professional services will not be known until they understand the reporting requirements.

3. Costs of compliance, including costs of equipment, supplies, labor and increased administrative costs: We cannot predict the costs of compliance. We received feedback from two persons in the industry anticipating an increase in costs:

- One manufacturer states there will be an increase in paperwork and administrative work, and "costly and time-consuming litigation" costs associated with collecting on past due amounts for being forced to sell to a distributor with "a large accounts receivable balance." The manufacturer states it will be a "costly and time-consuming process" to deal with returns of product from distributors spread out all over the state, rather than from a select few distributors.
- A distributor anticipates increased costs of product passed on to distributors by the manufacturers.

4. Whether compliance with the rule, based on feedback received from licensees, will cause businesses to lose sales or revenue: We cannot predict whether there will be a loss in sales or revenue.

Most persons in the industry supporting the petition say they expect an increase in sales and revenue. One distributor stated they anticipated a loss in sales and revenues due to price increases.

5. A determination of whether the proposed rule will have a disproportionate impact on small businesses. In

making this determination, the costs of compliance for a small business must be compared with the cost of compliance for ten percent of businesses that are the largest businesses required to comply with the proposed rule using one of the following as a basis for comparing costs:

1. Cost per employee; or
2. Cost per hour of labor; or
3. Cost per \$100 of sales.

There are no disproportionate impacts because there are no costs for compliance for a small business. Many persons in the industry said they anticipated increased sales or revenue because of the proposed rule change. One small business anticipated an increase in the price of the product.

6. List the steps taken to reduce the costs of the rule on small businesses or state the reasonable justification for not doing so. If there is a disproportionate impact on small business (as determined in #5 above), we must, where legal and feasible, reduce the costs on small businesses. We must consider each of the following methods of reducing the impact on small businesses:

1. Reducing, modifying, or eliminating substantive regulatory requirements.
2. Simplifying, reducing, or eliminating recordkeeping and reporting requirements.
3. Reducing the frequency of inspections.
4. Delaying compliance timetables.
5. Reducing or modifying fine schedules for noncompliance.
6. Any other mitigation steps/techniques.

We have not identified a disproportionate impact on small businesses in the costs of compliance.

7. A description of how the gambling commission will involve small businesses in developing the rule: All rules are discussed at study sessions held prior to the start of commission meetings before they are put on the commission's agenda. The purpose of these study sessions is to get input from the industry. Letters were sent to manufacturers, distributors and a trade organization. This rule was discussed at three study sessions. The proposal has been filed for further discussion. The commission took public testimony at the April and May 2014 meetings.

8. A list of industries required to comply with the rule: Gambling industries are identified by a four-digit number, 7132, designated by the North American Industry Classification System, and published by the United States Department of Commerce.

9. An estimate of the number of jobs that will be created or lost as the result of compliance with the proposed rule: We have identified no loss or creation of jobs resulting from compliance from the proposed rule. However, one distributor anticipates one to two jobs may be lost due to operators closing and lower sales and revenues, while three other distributors believe one to two jobs will be created.

A cost-benefit analysis is not required under RCW 34.05.328. WSGC is not an agency that is statutorily required to prepare a cost-benefit analysis under RCW 34.05.328.
