**DEPARTMENT OF REVENUE**  
[Filed May 11, 2016, 9:46 a.m.]

**INTERPRETIVE STATEMENT ISSUED**

The department of revenue has issued the following excise tax advisory (ETA):

**ETA 3043.2016 - Low-Density Light and Power Utility Deduction**

The department of revenue has revised ETA 3043. This ETA explains the public utility tax deduction provided by RCW 82.16.053 to qualifying power and light businesses.

RCW 82.16.053 requires that the department determine the state average electric power rate each year and inform taxpayers of this rate. This rate is used by the power and light businesses to compute the amount of the deduction. The revised ETA 3043 updates the information to provide the rate to be used for the period of July 2016 through June 2017.

A copy of this document is available via the internet at Recent Rule and Interpretive Statements, Adoptions, and Repeals.

**ANNOUNCING PHASE I MUNICIPAL STORMWATER PERMIT MODIFICATION**

**Purpose of the Phase I Municipal Stormwater General Permit:** Federal and state water quality laws require a permit for the discharge of stormwater (see Federal Water Pollution Control Act Title 22 United States Code, Section 1251 et seq., state Water Pollution Control Act chapter 90.48 RCW and Washington waste discharge general permit regulation WAC 173-226-130). The Phase I municipal stormwater general permit (permit) regulates the discharges from storm sewer systems owned or operated by Clark, King, Pierce and Snohomish counties; the cities of Seattle and Tacoma; and public entities located in these cities and counties. The permit requires these municipalities and secondary permittees to protect surface water and groundwater quality by developing and implementing a stormwater management program to control stormwater runoff into and from their storm sewer systems.

**Proposed Modifications:** The department of ecology (ecology) issued a modified draft Phase I municipal stormwater general permit for public review and comment on **May 18, 2016**. The permit went into effect on August 1, 2013; an earlier modification went into effect on January 16, 2015.

Ecology is modifying the permit a second time. One of the permit requirements is for Phase I municipalities to adopt a stormwater program that will provide equal or similar protection of receiving waters and pollutant control as compared to Appendix 1 of the permit. This modification will incorporate, in Appendix 10 of the permit, ecology's determination of equivalency for these stormwater programs.

The modification also incorporates a new appendix, Appendix 13, which describes and requires an adaptive management plan for pollutants that discharge from the city of Seattle's municipal separate storm sewer system outfalls to the Lower Duwamish Waterway.

**Applying for a Permit:** Facilities covered under the existing municipal stormwater general permits will continue to be covered under the modified permits. Areas covered by the Phase I stormwater permit are shown here <http://www.ecy.wa.gov/programs/wq/stormwater/municipal/maps.html>.

**Requesting Copies of the Proposed Permit Modifications:** Beginning May 18, 2016, you may download copies of the draft permit and supporting documents online at [www.ecy.wa.gov/programs/wq/stormwater/municipal/permitMod2016.html](http://www.ecy.wa.gov/programs/wq/stormwater/municipal/permitMod2016.html).

**Ecology Contact:** For questions concerning the permit modification contact Abbey Stockwell, Washington State Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, phone (360) 407-7221, e-mail [abbey.stockwell@ecy.wa.gov](mailto:abbey.stockwell@ecy.wa.gov).

**Submitting Written and Oral Comments:** Ecology will accept written and oral comments on the modified draft permit and supporting documents until **11:59 p.m., June 30, 2016**. Ecology prefers comments to be submitted by e-mail [SWPermitComments@ecy.wa.gov](mailto:SWPermitComments@ecy.wa.gov). Comments should reference the specific text when possible.

**Submit written, hard copy comments to Municipal Permit Comments,** Washington State Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600.

Written comments must be postmarked or e-mailed no later than **11:59 p.m., June 30, 2016**.

**Public Hearings and Workshops:** Ecology will hold two workshops and public hearings on the modification. At the workshop, ecology will explain the modification and answer questions. A hearing will immediately follow each workshop. The hearings will provide the opportunity for people to give formal oral testimony and comment on the proposed modified draft permit.

**Public Workshops and Hearings:** On June 23, 2016, at 9:00 a.m., in person at SSC Georgetown Campus, 6737 Corson Avenue South, Gene J. Colin Educational Hall, Room 111, Seattle, WA 98108 (parking is available for \$3.00 a day); and on June 29, 2016, at 2:30 p.m., via webinar and in person at the Washington State Department of Ecology, 300 Desmond Drive, Lacey, WA 98503-1274 (for more details about the webinar, please visit <http://www.ecy.wa.gov/programs/wq/stormwater/municipal/permitMod2016.html>).

**Issuing the Final Modified Permit:** After ecology receives and considers all public comments, we will issue the final modified permit and a response to comments. Ecology expects to issue the final modified permit in July 2016. The permit will be effective thirty days later. If ecology receives significant comments on the new Appendix 13, we may delay including Appendix 13 in the initial modification until comments are addressed. We would then issue another modification and supplemental response to comments, relying on the single draft comment period.

**NOTICE**

Title or Subject: Medicaid State Plan Amendment 16-0005 - Supplemental Notice  
Effective Date: July 1, 2016.

Description: The health care authority (the agency) previously published notice WSR 15-24-097 on January 5, 2016, to notify interested persons about the intent to submit medicare state plan amendment (SPA) 16-0005 to add the new ground emergency medical transport (GEMT) program as mandated by HB 2007. That notice contained a start date of January 1, 2016, and inadvertently omitted the estimate for annual aggregate expenditure. The agency now anticipates initiating the GEMT program on or after July 1, 2016, and anticipates an approximate annual aggregate expenditure of \$6,845,000 for state fiscal year 2017.

From WSR 15-24-097: The purpose of the GEMT program is to provide a supplemental payment to qualifying publicly owned or operated ground emergency transportation providers.

Participation in GEMT program is voluntary. To qualify for the supplemental payment, a ground ambulance provider must:

1. Provide GEMT services to medicare fee-for-service (FFS) enrollees or medicare managed care (MC) enrollees; and
2. Be owned or operated by a state, city, or county fire protection district, community services district, health care district, federally recognized Indian tribe, or any unit of government as defined in 42 C.F.R. Sec. 433.50.

For FFS enrollees, the agency will fund the supplemental payments through a certified public expenditures program. The funding for increased MC payments will be provided through intergovernmental transfers program. The supplemental payments, combined with other sources of reimbursement from the agency, will not exceed the actual costs of providing the services.

This SPA is in process; therefore a copy is not yet available. To contact the agency for additional information and a copy of the SPA when it becomes available, please contact Jean Bui, Section Manager, Rates Development, 626 8th Avenue S.E., Olympia, WA 98501, phone (360) 725-1973, TDD/TTY 1-800-848-5429, fax (253) 350-6512, e-mail [jean.bui@hca.wa.gov](mailto:jean.bui@hca.wa.gov), web site <http://www.hca.wa.gov/medicaid>.

[Filed May 18, 2016, 11:46 a.m.]

**NOTICE**

Title or Subject: Medicaid State Plan Amendment (SPA) 16-0019

Effective Date: July 1, 2016.

Description: The health care authority (the agency) intends to submit medicaid SPA 16-0019 to update the following information:

- The methodology for determining payment rates for home health services and private duty nursing services may include legislative action.
- The fee schedule for home health services will be updated to reflect the legislatively approved \$10 per hour rate increase for registered nurses (RNs) and licensed practical nurses (LPNs) providing skilled nursing services in a home setting. The rate change for home health services is an increase of 11.17 percent.
- The effective date of the fee schedule for private duty nursing services. The fee schedule will be updated to reflect the legislatively approved \$10.00 per hour rate increase for RNs and LPNs providing skilled nursing services in a home setting. The rate change for private
