#### PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF HEALTH

(Dental Quality Assurance Commission)

[Filed October 12, 2016, 9:08 a.m.]

Subject of Possible Rule Making: WAC 246-817-120  
Examination content, the dental quality assurance commission (commission) is considering amendments to clarify that a complete clinical examination from one organization is required for dentist licensure. Additionally, the commission will consider amendments to restrict the number of attempts to pass an examination.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.32.002, 18.32.0365, and 18.32.040.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The current rule lacks the requirement that a complete clinical examination from one organization is required for dentist licensure. Additionally, the commission has discussed if the number of attempts to pass an examination should be limited. The commission plans to discuss whether applicants for dental licensure should take comprehensive examinations provided in their entirety from the same organization. Completing portions of examinations from multiple examination organizations may not provide a true assessment of minimum dentist licensing standards.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Collaborative rule making.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting the Department of Health, Dental Quality Assurance Commission, Jennifer Santiago, P.O. #### PREPROPOSAL STATEMENT OF INQUIRY OFFICE OF FINANCIAL MANAGEMENT

[Filed October 13, 2016, 10:40 a.m.]

Subject of Possible Rule Making: The subject of this rule making relates to the statewide all-payer health care claims data base (APCD). Specifically, the rule amendment will change the time period in the definition of "historical data."

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 43.371.030(1) and 43.371.070.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Originally, WAC 82-75-060 defined "historical data" as data files for the period of January 1, 2011, through December 31, 2015. This period was developed based on the time period in which it was anticipated that the APCD would be implemented. Due to the delay in implementation, it is necessary to put in place a different and more flexible historical data time period.

Process for Developing New Rule: A collaborative approach will be used. The APCD web site and associated listserv will be used to provide information and seek comments before a draft is filed for hearing.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication. To participate in the rule-making process, you may:
