ESD is responsible for initiating rule making to implement new state laws, meet federal requirements, and to meet unforeseen circumstances. Because of this variability, this agenda is prepared for information purposes only and any dates noted herein are planning estimates that are subject to change. Additional rule making can occur in addition to what is listed on the agenda.

This agenda does not constitute a rule or rule-making action. Any errors or omissions in this agenda do not affect the actual rules or rule-making notices filed with the office of the code reviser and published in the Washington State Register.

The rule-making process can appear complex. ESD has outlined the process on its web site to help constituents understand and become involved at <https://www.esd.wa.gov/newsroom/rulemaking-process>. If you have additional questions, please contact the agency rules coordinator, Christina Streuli, at 360-902-9647 or email cstreuli@esd.wa.gov.

NATURAL RESOURCES
 [Filed February 1, 2018, 9:15 a.m.]

Rules Development Agenda
 January to June 2018

WAC CHAPTER OR SECTION	PURPOSE OF RULE BEING DEVELOPED OR AMENDED
332-08	The department of natural resources (DNR) has the discretion to consider rule making changes related to insurance and security requirements; the program is currently evaluating whether or not this is necessary.
332-18-05004	Amending rule governing fines, base penalties schedule in relation to surface mine reclamation.
332-130-145	Creating a new section that provides requirements for the production of topographic maps prepared by a licensed land surveyor.
332-10	The 2017 legislative [legislature] amended portions of RCW 42.56.120 pertaining to fee charges for public record copies. EHB 1595 requires that a rule be in place if an agency needs to use the statutory public records fee schedule, rather than charging for actual costs. DNR lacks sufficient data to use the actual cost method [at] this time. This rule specifies that DNR will utilize the legislature's statutory default fee schedule. DNR has filed a proposed rule making under WSR 17-22-019 for these and other changes to chapter 332-10 WAC.
New WAC	A new rule will be written to implement RCW 78.44.087 (5)(c) developing a standardized performance security formula.
New WAC	RCW 39.04.155 directs state agencies awarding small works contract[s] to have procedures in place to solicit bids and award contracts.
